

KANSAS OPERATORS COMING TO COLORADO FIELD, REPORT

It was reported on good authority Wednesday afternoon that Kansas operators have acquired a lease in section 45, block 29, near the Iatan well in Mitchell county, and plan drilling on the lease just as soon as rig can be shipped to the field and strung. It is known that these interests have been negotiating for holdings in this field. A representative of the syndicate who was in Colorado the first of this week stated they considered property in Western Mitchell County exceptionally well located as to oil possibilities of this section and expressed most favorable comment on prospects for large commercial development in this county.

At Coleman No. 1 the Hilliard Drilling Company had attained a depth of 600 feet Wednesday and were making good progress. Reynolds No. 1 of the Vincennes Oil Company was drilling at 2700 feet with excellent prospects of reaching the sand within the next 100 to 200 feet.

Unconfirmed report received late Wednesday stated that water in the Iatan well had been cut off and crew was then pumping water from the ole. This well was lost shortly after going into the pay sand last fall by an unfortunate shot, but it is believed it will now be restored and become a producer again within a very short time.

Conoway No. 1, first well of the Renotex Oil & Land Corporation on the Conoway Ranch holdings, is spudded this week. This well will be drilled by D. J. Lewis, who drilled in T. & P. No. 1 of the Underwriters Company, the discovery well.

The Travellers well was showing a much stronger gas pressure Wednesday morning at about 3500 feet. This well will be drilled to 4000 feet if necessary.

Indications are favorable for drilling the Nat Smith well at once, according to reports circulated at Colorado this week.

This well would open up a large territory for development.

Many rumors are afloat concerning drilling contracts in different parts of the field but it is impossible at this time to make any report on these locations for lack of definite information. According to those in close touch with contemplative activities it is said that we may expect many new wells to be spudded during the next few months.

Visitors to the Colorado field from New York, Oklahoma, Kansas, California, New Mexico and El Paso, with whom the writer has talked, expressed themselves as being optimistic as to the ultimate results of drilling in this county. Some of these visitors bought leases while here.

Oil, Pens, Paste, Fountain Pens, 100 other things used in the tool room, now in stock at the record office.

UNUSUAL ATTRACTION COMES TO OPERA HOUSE FRIDAY.

"An Evening of Music and Humor" is an apt description of the entertainment to be given by the American Duo at the Opera House Thursday, April 21st, 8 p. m. under the auspices of the American Legion.

The music consists of the violin and piano, not long, tedious numbers, but those that have a popular appeal—the shorter classics, descriptive pieces, folk songs, and the best of popular selections. Ted Myres, violinist, has taken care to select only such numbers as will be thoroughly enjoyed by the average listener. His playing is marked by dash, vivacity and deep feeling. Eckle Cartwright offers among his numbers two of his own compositions, "Reverie" and "Niggerjig." He is an artist of unusual ability, and his work always pleases.

Of Mr. Myres' performance, the Dallas News says: "The player revealed an exceptionally high touch, accurate fingering, and marked interpretative ability. Many qualities of the virtuoso were displayed."

Reviewing Mr. Cartwright's appearance in Sweetwater, the Sweetwater Daily Reporter said: "Mr. Cartwright is a pianist endowed with much natural ability, to which he adds intelligent and serious work."

The humor consists in two impersonations, that of Earle Chatterton, proverbial Englishman, and Hiram Scaggs, rustic philosopher. This part of the program is full of laughs from start to finish. Chatterton speaks about baseball and politics. Scaggs gives us some inside information about Gusiz, Autoz and Babyz.

Your presence assures you of one of the most enjoyable evenings of the season. It also assures your active co-operation with and help for the American Legion.

SAND AND GRAVEL SALES AT COLORADO INCREASING.

O. O. Shurtleff, local contractor loading out sand and gravel from pits in Colorado river near the city, stated Saturday afternoon that his pay roll for labor had increased to \$800 per week. "Colorado sand and gravel" is now being specified in many of the larger masonry projects of West Texas and business of the local loading contractors, of which there are two, continue to increase from one month to another.

Shipments of sand from Colorado are especially becoming large. The Colorado sand is of excellent quality. This material is pure, sharp siliceous formation and from both the consistency of quality and quantity can not be excelled anywhere in the State. This material was furnished for paving contracts at Ranger and Cisco and some of the large lake projects now in process of completion along the Texas & Pacific railroad from Midland to Ranger, and as far north as Stamford.

Consulting Engineer Here On Colorado Lake Project

E. F. Myers of Dallas, representing Myers & Noys of Dallas, arrived in Colorado Thursday morning and is making a preliminary survey of the site of the proposed lake to be impounded by damming Lone Wolf creek above the city. In company with Mayor Coe and representatives of the Chamber of Commerce, Mr. Myers went over the proposed loca-

tion Thursday morning. He returned to Dallas Thursday night.

Reports being received by the Chamber of Commerce from day to day indicate that public sentiment in favor of the proposed project is increasing and but small opposition to a bond issue would develop, it is now believed.

HAMILTON WRIGHT, PUBLICITY EXPERT, HERE LAST FRIDAY.

W. Hamilton Wright of Stamford, formerly publicity manager for the West Texas Chamber of Commerce, spent the day in Colorado Friday collecting data for feature stories to be carried in the Fort Worth Record, the Ranger Times and The Wichita Falls Record-News. Wright is staff representative for these daily papers and is on a tour of West Texas writing stories on the development and resources of the country.

The Fort Worth Record, the larger of the three papers, is rapidly building up its circulation throughout West Texas, Wright stated. At least ten thousand new subscribers were added during March and the Record Company, publishers, have recently inaugurated a campaign to carry the Record to every section of West Texas.

"The Fort Worth Record is co-operating with the progressive citizenry of West Texas in developing this vast empire" Wright stated. "We long ago recognized the fact that the interests of Fort Worth and the West are mutual and we are therefore, working with you for a greater and better West Texas." Wright came to Colorado from Sweetwater where he "covered" the West Texas mass meeting held Tuesday night of last week at the Hotel Wright. He left here Friday night for Abilene.

NEGRO DEMOLISHES CAR WHILE RACING ON PIKE

Jim Taylor, negro employee at the residence of Dr. R. E. Lee, demolished the Essex roadster belonging to the physician late Sunday afternoon while racing on the pike six miles east of Colorado. The car was not totally wrecked, but the top was reduced to wreckage, the radiator demolished, one of the axles broken and the car was otherwise damaged.

Taylor had two other negroes in the car with him when the machine swerved and turned turtle. He was driving at an estimated speed of sixty miles an hour according to a party of Colorado citizens who saw him just before the accident happened. How Taylor and his companions escaped with their lives is miraculous. They suffered only minor injuries.

Dr. Lee stated Monday that he had just returned to his residence from a professional call when the negro came to him and requested use of the automobile to drive down town, promising to return in ten minutes. Instead of this, the negro drove to Loraine and was returning to Colorado when the machine was wrecked.

COUPLE ELOPES ON APRIL 1; WHEREABOUTS UNKNOWN.

Victor Terry, son of Mr. and Mrs. J. M. Terry, and Miss Mattie Paris, recently of Sweetwater, eloped from Colorado on the night of April 1st to be married, according to information received by the Record Tuesday. They left Colorado on the midnight train for the West and no word has been received from them as to their whereabouts.

500 RABBITS SLAUGHTERED IN CO-OPERATIVE DRIVES.

800 rabbits were slaughtered in two big drives started near Colorado Friday and Monday. The first drive was made in the Buford community and during the day a total of about 400 of the animals were killed. The drive Monday was started at Lone Wolf Creek near Colorado and extended east from the city for a distance of several miles. 400 rabbits were killed in this drive.

A sumptuous dinner was spread at noon by ladies and on each day all those participating in the drives enjoyed an unusual feast of those good things to eat. Several Colorado people joined in the drives.

EQUIPMENT BOUGHT FOR FARMERS GIN CO. PLANT.

T. L. Sailors, manager of the Farmers Gin Company, returned Thursday from Dallas where he purchased machinery for the new gin plant to be operated at Colorado by his company. The new gin will be the improved Munger type.

Sailors stated that work of remodeling the building at the old Watson gin, where the new plant is to be located, would be commenced Monday. This building will be practically rebuilt. The engine and boiler of the old gin will be repaired and used, but most of the other equipment will be new. The new equipment bought at Dallas represents an expenditure of \$8,000, and will be shipped June 1.

WACO COTTON FACTORS AGAINST LARGE ACREAGE.

W. H. Fairchild, representing the Wilson, Nabors & Pape Company, cotton factors of Waco, spent Wednesday in Colorado on business for his company. Fairchild stated that his company was co-operating with the State Farm Bureau in the program to reduce the cotton acreage, believing such a policy to be the only practical thing for the South to do.

"We do not expect cotton to advance to a profitable price on the market for some time," Fairchild stated. "The staple may reach a price of twelve cents within the next few months, but we are not predicting this very strongly." He believes that cotton acreage in Texas will not be reduced over 20 per cent this year.

Fairchild is an old friend of the Messrs. Whipkey, publishers of The Record, and while in the city made his headquarters at this office. He left Colorado for Big Spring.

FROST AGAIN SLIGHTLY NIPS COLORADO GARDENS.

Colorado gardens were but slightly damaged by a moderate frost Sunday night, according to reports received by The Record Monday. The fruit and harder crops that had escaped the heavy frost two weeks previous remained unhurt.

Tender plants in the lower places of the county were nipped, it was said. The frost was general over the Southwest, according to Associated Press reports carried in the daily papers Tuesday. At Dallas the frost is reported to have been heavy. At Abilene a light frost and 35-degree temperature were registered. In several of the Northern and Middle Atlantic states snow was reported Sunday night.

At Crystal Falls the final blow came to fruit and pecan crops, according to these reports. The frost there was heavy, killing all buds and tender plants. The majority of gardens there were ruined.

STARKE REVIVAL AT M. E. CHURCH OPENS TUESDAY.

The series of revival meetings conducted by Dr. Lee Starke of New York City began Tuesday night at the First Methodist church and from the very outset interest has been manifested in the services. Preaching services are being held twice daily, at 10 o'clock in the morning and at 7:30 at night.

Dr. Starke spoke on the subject of "Faith" at the opening service and Wednesday morning he used as his subject the importance of prayer. Wednesday night he discussed viewpoints of "A Citizen of Heaven." A special service for the Sunday school will be held Sunday afternoon, definite announcement of which will be made from the pulpit later during the week.

Dr. Starke stated at the outset of his sermon Tuesday night that this community would experience a great revival meeting before the series of meetings, which are to continue three weeks are closed. "God promised me that we were going to have a great outpouring of the Spirit at Colorado, even before I arrived here last night," he stated, "and I always take God at His word."

In his appeal for a more universal faith in God, the speaker said: "If you mothers had faith in God as a grain of mustard seed, you would pray to God to save your husband, and it should be so; if you fathers had faith in God as a mustard seed, you would pray to God for the salvation of your wives, and it should be so." He made the same application of the parents praying for their children and the Christian people of Colorado praying for the unsaved of the community. "We can never have a glorious revival in Colorado unless God does it," he continued, "and God does not propose to come into this community and do those things for you unless you desire them."

The pastor, Rev. C. L. Browning, stated Wednesday morning that he had every reason to believe the coming of Dr. Starke to Colorado for these series of meetings would mark an epoch in the community for better Christian living. The meetings are for everybody, he stated, and a cordial invitation is extended the public to attend and participate in the services.

Bank Consolidation Plans Are Practically Complete

Plans for consolidating the First State and Colorado National Banks were practically completed Thursday afternoon, J. M. Thomas, active vice-president of the Colorado National Bank, stated when seen by a representative of the Record. Negotiations for consummating the consolidation were begun last week. Mr. Thomas stated that he believed the transfer would be completed by Monday, after which business formerly handled by the First State Bank will pass to the Colorado National. This will give Colorado two of the strongest banks in this section of the

country, the Colorado National Bank and the City National Bank. The latter institution has been co-operating with both the Colorado National and the State Bank in arranging details for the consolidation.

Through this consolidation the Colorado National Bank becomes the depository for the county and school funds, which were formerly held by the First State Bank.

There will be no change in the personnel of officers and directors, at least for the present it was stated Thursday.

OUT BUFORD WAY.

"We told you so," when the month of March went by without the usual windstorms, we knew they were coming in April. We don't like it much, but we are trying to be cheerful.

Last Friday morning in response to the clarion call, sent far and wide, the folk began to gather for a big campaign against the common foe, Mr. Rabbit.

About sixty men and boys were in the first drive, and most of them had shotguns. We rounded up in the Grobel sections, and after the first count, we had 118 rabbits, besides a rattlesnake and a skunk. Because of the time spent in organizing this big drive it took most of the morning, and everybody was told to make for the tank in Mr. Hammond's pasture. On our arrival there we found Uncle Tom and Mr. Lindsay arguing over the question as to whether the crowd could drink 10 gallons or 16 gallons of coffee. Uncle Tom had his way, and a large wash pot was full and bubbling over with hot coffee. There were about 30 women, girls and children, and such a dinner! Well, our Buford mothers and girls prepared it, so "nuff sed." Anyway there were cakes, pies, salads, and platters of chicken and ham went begging. It wasn't the fault of the following named gentlemen though: Dr. Lee, Charlie Taylor, Mr. Hastings, Rube Hart, Mr. Womack, Mr. Keck, and a number of others from town. Quite a few visitors from Dunn and other communities. Mrs. Taylor took several pictures of the feast. We take this means of thanking the good ladies for preparing this splendid dinner, and also thank the good people who came and helped us "eat rabbits and kill dinner."

Bro. Leach filled his regular appointment Saturday night, Sunday at 11, and Sunday night. Because of the very disagreeable weather only a few heard him Saturday night, but good crowds at both the other services.

Mr. James Bodine and family left last week for an extended visit to relatives in Ranger, Mineral Wells, Weatherford and other places. They drove through in their car. We missed them at Sunday school Sunday, as they are both teachers.

Our Sunday school visits the Christian Sunday school next Sunday. As per schedule we leave Buford in cars at nine o'clock to be in the opening exercises at 9:45 at the church. Everyone in the school is urged to go.

Mrs. Webb expected to leave on the morning train to visit her children in Desdemona, but missed the train Tuesday morning by five minutes.

Monday morning we gathered at Lone Wolf Bridge on the Dunn road to complete the job of thinning out the rabbits. We drove north, and on both sides of the road for seven miles

but we had hardly got started good, when we began to smell good coffee brewing, in the wash pot in Mrs. Hunter's yard, and found again a large crowd of ladies, each with a well filled dinner box. It was spread on the spacious porch of the Hunter home and some 75 folks tried to eat most of it but almost half of it had to be packed and carried home. Everyone enjoyed the dinner, the good fellowship that prevailed and the hospitality of the Hunter home were especially enjoyed and appreciated. We thank you good folks.

Uncle Clint Mann and family, Mr. and Mrs. Raiborn, Mrs. Hurd, Mrs. Murphy and family, Mr. and Mrs. Chas. Taylor. Mr. Hastings, the Dorn boys and many from town, and round about.

We killed a few over 400 rabbits this drive, making over 800 in the two drives.

We will get some more some time later, for we are all tired out now, and want to save some sport for after a while.

Takes Sail Behind Halibut.

Uncle George Butler of Ellsworth, Me., now in his eightieth year, hooked a halibut while fishing off Sisters Ledge, and casting off his anchor rope, which he had fastened with a toggle, he enjoyed a sail about the bay, with the halibut for power. After a while the halibut got tired and Uncle George hauled it in. It weighed 200 pounds.

Ancient Perfume.

It seems strange to us today to read of saffron as a perfume; one of the romances about it lies in the story by Hakluyt of a pilgrim smuggling, at the risk of his life, from the Levant a head of saffron in a hollow made in his staff.

IN LAST 14 YEARS THEY HAVE ADDED OVER MILLION MEMBERS IN SOUTH.
WILL MEET IN CHATTANOOGA
Many Matters Related to Future Work Will Come Up for Consideration at the Annual Convention May 12 to 18.

DR. E. Y. MULLINS
President Southern Baptist Theological Seminary, Who is Touring South.

Following the close of the second year of the Baptist 75 Million Campaign April 30, several thousand messengers from the local churches are expected to assemble at Chattanooga, Tenn., for the seventy-sixth annual session of the Southern Baptist Convention. The Convention met in Chattanooga last in May, 1906, and during the interim there has been a marked growth in every department of the Convention's activities and in the numbers and work of the local churches as well. The total number of Baptists reported to the Convention in 1906 was 1,855,784, while last May, fourteen years later, when the body met in Washington, the total membership of the local churches as reported was 2,961,348, or a gain of 1,105,564. The returns for this year are not yet available, but inasmuch as it is known there were practically 175,000 additions to the local churches last year by baptism alone, there is every reason to believe the showing for 1921 will be even larger.

Growth Shown in All Lines.
At the same time there has been a marked increase in the membership of the churches, there has been a distinct advance in all departments of local and denominational work. It is set out. The total number of local churches has grown from 20,129 in 1906 to 25,303 in 1920; the total number of Sunday Schools from 11,332 to 17,686; and the number of Sunday School pupils from 857,244 to 1,835,936, an increase of more than 100 per cent. The value of local church property has mounted from 4,501,122 in 1906 to \$7,273,728 in 1920, an increase of more than 1600 per cent, while contributions to missions and benevolences in 1906 were \$1,501,396.67, as compared to \$7,331,266.55 in 1920, an advance of practically 500 per cent. Fourteen years ago the contributions to all purposes in a year were \$5,941,283.44, as against \$21,327,446.67 for 1920.

Next Meeting Important.
The approaching session of the Convention is regarded as vitally important to the future of the denomination's work. It is hoped that by the Convention two-fifths of all subscriptions to the 75 Million Campaign will have been paid in cash and that the program for the completion of the remainder of the campaign task can be formulated at this time. Dr. J. B. Gambrell, president of the Convention, and Dr. E. Y. Mullins, who recently completed a tour of Europe, where they carried fraternal greetings to the Baptists of that continent, will give their impressions of Baptist opportunity in that country, while Dr. George W. Truett and Dr. J. F. Love, who represented the Foreign Mission Board at the London Conference last summer when the mission fields of Europe were considered, will tell of the new territory of Spain, Jugo-Slavia, Hungary, Roumania and Southern Russia, which Southern Baptists are asked to occupy. This territory is as large as the Southern States and has a population of 128,000,000.
All the boards of the Convention will report the largest year's accomplishments in their history, the Home Mission Board being scheduled to report the completion of its million dollar loan fund for church building. In addition to the aiding of a thousand churches during the year with gifts and loans for the erection of new houses of worship. The Sunday School Board will report more than \$1,000,000 sales for the year and with collections as well as sales better than at any previous time in its history.

THE VEILED EXCUSE.

The Record is in receipt of a letter from Governor Neff, in which he devotes considerable space to discussion to his reasons for vetoing the West Texas A. & M. College Bill. The first excuse he has to offer is "The advisability of establishing at this time a West Texas Agricultural & Mechanical College was passed on by the State Democratic Convention at Fort Worth last September. A resolution recommending that this college be established by the present legislature was rejected by the platform committee and later voted down by the convention." The Hon. M. E. Rosser of Snyder, who represented that committee on the floor of the convention, and who is a member of the present legislature, stated emphatically at Sweetwater last week, in addressing the mass meeting of West Texas, that the Democratic convention deemed it the better policy to leave the West Texas A. & M. College question open for the Legislature to act as they deemed best. "And had the question ever been put before that convention," Rosser stated, "I believe it would have been adopted by a vote of two to one." Governor Pat has constructed a flimsy and veiled excuse for his action in the attempt to hide behind the Democratic convention. If he was so anxious to confine his actions within recommendations of the convention, why did he agitate so strenuously abolition of the Board of Pardons? The Fort Worth convention had nothing to say about that question. The Fort Worth convention was silent on the suggestion that the Governor should be given authority to remove certain peace officers, yet Governor Neff was insistent in his demands that the legislature pass such legislation. Neither did the Fort Worth convention demand of the Governor that he veto the rural school appropriation bill accruing to the children of the country schools of Texas educational facilities to which they should be entitled, if a sense of equity and right is to be evidenced. "Aside from party instructions, this is not the time to lay foundation for new institutions," the Governor continues in attempting to adjust the blunder he made. This may be true, but he did not hesitate to approve bills carrying appropriations aggregating \$40,000 for the erection of monuments. Of course, The Record does not disapprove action of the State in commemorating their dead. We cannot commemorate their noble deeds high enough,

but quoting one of the speakers at Sweetwater: "Could not the dead wait two years more, rather than permit the youth of the State to continue to be denied institutions of higher learning?" If the State could not afford both now, would not it have been more in keeping with the policy of a conservative administration to "Give flowers to the living, rather than the dead?" The Record has nothing personal against the Governor for his gross action in vetoing this sorely needed institution for West Texas. We supported Mr. Neff from the time he first announced as a gubernatorial candidate until the polls closed in the run-off primary, and since that time have frequently referred to him as giving promise of making Texas one of the best governed States ever had. We were simply fooled in the capacity of the man. The citizenship of Colorado and Mitchell county, while disappointed, do not hold a personal grievance against the Governor. His friends everywhere throughout West Texas were like The Record simply fooled in his capacity as a public official. They are too broad and liberal to make of political issues a personal matter and will fight out this matter with all the chivalry of a former knight. The Record will have no further support for the present administration at Austin until Governor Neff has shown a reasonable excuse for vetoing the A. & M. College bill, and such excuse he most certainly has so far failed to establish. The people of West Texas are above petty things and child play in dealing with an issue of such importance to the State as the West Texas College would have been, and will be, and will have no quarter to give in this fight when reason for denying us the rights that we are through justice entitled to are explained through the veiled excuse of the present governor.

Waterworks engineers are on the ground and those "effervescent" stories about "Lake Colorado" will be soon supported by the physical fact. We are going to put over the issue and do the job.

The Record agrees with R. M. Chitwood of Sweetwater, representative from this district in the Legislature, that "The State of Texas has grown too large for the capacity of some of its public officials."

Perhaps the Governor is desirous of affiliating with the Texas Farm Bureau organization, and while they are reducing the cotton acreage, he is reducing the educational facilities of the State.

Governor Neff's veto of the rural school appropriation bill was not only a blow to education in West Texas, but every country child in the great Lone Star State was affected when the chief executive ran a blue pencil through the bill.

Our idea of a knocker is the fellow who will use his vote and influence against the proposed bond issue for damming Lone Wolf, extending the water mains and putting in a sewer system, when the cost to him would represent no more than the price of a cigar on each \$100 of taxable property within the corporate limits of Colorado.

There are several things sorely needed by the citizenship of Mitchell County, but one of the most impressive of these needs is the construction of a court house. Thirty years ago, the present court house at Colorado was a good one, among the best perhaps, in West Texas. The old building now, however, stands portraying all the characteristics of an old, ram-shackle tumble-down sore eye, and the progressive citizenship of this county should demand that some improvement be made.

of shoes: Read this from the Marshall Morning News: "After the transportation companies had taken out their charges and the hide dealers had taken out their profit a Harrison county man received a check the other day for 39 cents as the net proceeds from the hide of a four year old steer. It was a perfectly beautiful check, all engraved and ornamental and written out in a bold, brave hand. It seems to the News that more bold brave hands than one must have had a part in the transaction. The Harrison county farmer is worrying now as to how he shall spend the money. All of which is very funny—yet the longer we consider the matter the harder it is to find the funny part. We suppose, that when our Harrison county farmer pays \$6 for a pair of work shoes made from a small part of the hide of that same steer it will be the time to laugh—not for him, nor for us—but for the tanners and the hide dealers and the transportation companies that get the difference. Ordinarily only the steer has a kick coming—but it seems that in a cast like this somebody, besides the steer, has got skinned."

Some FACTS About

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,606
MARCH	61,886	87,221
TOTAL PRODUCTION	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembling plants combined calls for only 90,000.

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

FOSTER HAS NOT TAKEN CHARGE OF IATAN WELL.

G. A. Reese, manager at the Foster No. 1 well at Iatan, was in Colorado Saturday afternoon and stated that the report carried in The Record last week assuming that this well had been taken over by W. L. Foster was erroneous. Such has not been done, nor is it being contemplated, Mr. Reese stated.

Reese stated that the crew was busy bailing salt water from the well and would probably be ready to give the well a thorough test under pump this week. The salt water, he stated, is not in quantity sufficient as to cause any damage to the well. All the pump equipment is assembled at the location.

"The report that Mr. Foster had taken over the well is absolutely unwarranted," Mr. Reese stated. "The fact is, we have recently acquired an additional lease from Mr. Foster."

TWO MEN ARRESTED HERE BY SHERIFF W. J. CHESNEY.

Two men wanted in other counties of Texas were arrested at Colorado last week by Sheriff W. J. Chesney. One of these, Floyd Thompson, a youth 14 years of age, was placed under arrest on charges of burglary, alleged to have been committed at Goldsboro, Coleman county, recently. Sheriff W. R. Thompson of Coleman was here Thursday and returned with the prisoner to Coleman county.

The other was B. H. Smith, charged with indictment returned by the Wood county grand jury with swindling. Chesney apprehended him here recently and turned the prisoner over to J. A. Jolly sheriff of Wood county, who arrived in Colorado Saturday for the man.

Plaintiff alleges that during the time he and Defendant lived together, as aforesaid, he and the children were to furnish the B's. WITH THE CHURCHES

FIRST CHRISTIAN CHURCH.

Bible school Sunday will be of usual interest on account of the visit of the Buford Bible school. Let all go to Bible school Sunday and break a new record. Services Sunday at 11:00 a. m. No evening services on account of revival at the M. E. church.

REVIVAL AT THE M. E. CHURCH.

Dr. Lee Starke came in Tuesday morning and took charge of the meeting Tuesday night. A good congregation greeted him the first service and his sermon on the Power of Faith was strong and well received. The singing is done by a well organized choir, and this will be added to as the meeting progresses. Dr. Starke has been holding some wonderful meetings in Texas and Oklahoma during the past several months and the outlook for this campaign is very encouraging.

The services are held twice a day—at 10 in the morning, closing very prompt at 11, and at 7:30 in the evening—and will be continued so till further announcement.

Sunday there will be held three services as follows: At 11 a. m. the evangelist will have for his subject, "A Clean Heart." At 3 p. m. is a rally service for the children and the young people, the subject being "Our Children." At the evening hour, Dr. Starke will discuss the Power of the Holy Spirit.

All Christians are asked to join in this campaign for a better town and county. A revival means better homes, better schools, better churches, better citizens. If you can sing, help us to make the music great.

BAPTIST MEN'S BIBLE CLASS.

If you are not identified with a bible class already, you are urged to worship with us April 17th. J. R. Sheppard will teach the lesson. We ought to organize our class and really wake up to our possibilities. Bring some one with you and urge all to at least be present at eleven o'clock to hear Bro. L. L. Lusk of San Marcus preach for us.

BAPTIST CHURCH.

Sunday school at 10 a. m. Rev. L. L. Lusk of San Marcos will preach for us at 11 o'clock. Everybody invited to attend. Special music. No night services account of the Methodist meeting.

MARRIED.

McCall L. Gory and Miss Mabel M. Moss of Big Spring were united in marriage Sunday at the M. E. parsonage, Rev. C. L. Browning officiating.

PRESBYTERIAN.

Two new members were received into the church Sunday morning. Miss Isla Tilley sang a solo. The story telling was varied with a B-Hive. Miss Nellie Riordan drew a bee hive and the children were to furnish the B's. Many of them were "Be Courteous," "Be Kind," "Be True," "Be Prompt," "Be Patient," etc.

BAPTIST.

The Sunday school had an increase of several last Sunday. The Young Mens Bible class was noticeably large and much interest was manifested. Mr. Turner, teacher of the intermediate boys, reported a picnic at Seven Wells. Mr. Sadler is to entertain the young men's bible class in the near future. Mr. Chester Thomas is bringing things to pass with the Junior Choir. They plan an outing this week.

NOTHING FOR NOTHING

"I WAS feeling bad this afternoon, and Mrs. Pollywog heard about it and brought me over some chicken broth," announced the landlady. "I thought it was very kind of her. Such considerate actions convince us that human nature is all right."

Mrs. Pollywog will be over tomorrow to borrow your fountain pen or your tortoiseshell comb, or perhaps she will come visiting for a few days, and the cost of entertaining her would buy several barrels of chicken broth.

"I hate to have anybody do me a kindness, knowing I'll be expected to return the favor with interest in one way or another. When I was a mere boy my eyes were opened to the fact that kind actions are a delusion and a snare. Next door to us there lived an old dame named Mrs. Crimp. One day she came over to our house with a pair of woolen socks she had knitted for me. I suppose an equally good pair could have been bought at the trade palace for fifteen cents, and I wasn't overwhelmed with joy. My mother, who, with all her splendid qualities, was an easy mark, and inclined to find good in everything and everybody, was enthusiastic over Mrs. Crimp's generosity.

"But even in my infant years I was gifted with the wisdom of the serpent, and I felt from the first that there was some malevolent scheme in the background.

"The scheme was soon developed. Mrs. Crimp had many chores to do, and she hated to do them herself. There was wood to be carried into the house, and the cow to be taken care of, and a hundred other unprofitable tasks. Every time I'd meet her she'd say, "Well, my sweet little boy, with your golden ringlets and sunny smile, how do you like the socks I made you? If you only knew how I worked, so you would have the best socks in town! And that reminds me of a little errand I wish you would do for me. Go to Mr. Jinks, who lives seven miles north, and ask him to let you have his saw, so you can cut some kindling for me tomorrow."

"First and last, Mrs. Jiggers, I put in \$1,000 worth of manual labor for that woman and my youth was poisoned and my manhood embittered by it. I might have forgiven everything had the socks been good ones, but they were atrocious. The heels always worked around in my insteps and the tops worked down over my shoes.

"It has been that way all my life. When a man insists upon doing me a kindness I look upon him with suspicion. When I was laid up in my room with a broken leg two or three years ago, I had an excellent time. The leg hurt only at intervals, and I had plenty of novels to read, and nothing to worry over, and I would have enjoyed myself splendidly but for tiresome philanthropists who were determined to sit by my bedside and cheer me up. I didn't need any cheering up, and I tried to convince them that their visits had the opposite effect, but they wouldn't take a hint. They sat by my couch of suffering and told idiotic stories, and bored me almost to death.

"Jim Higginbottom was an especial nuisance. That man simply wouldn't go away as long as there was an excuse for staying. He said his conscience wouldn't allow him to forsake the bedside of a suffering friend. At that time I carried some accident insurance, and when my check came Jim borrowed half of it, and after he got the money he never worried over my leg any more. And he never returned any of the money. I don't blame him for that, for I make it a rule never to return borrowed money, but I can't easily forgive him for boring me so many hours, when I wanted to be reading."

COMMISSIONERS CONVENE IN SESSION THIS WEEK.

County Commissioners Court was convened Monday in the regular session for April and aside from the routine business no orders of interest were passed. The court recessed on Wednesday afternoon to meet in an adjourned meeting Monday morning.

DISTRICT COURT CONVENE AT COLORADO APRIL 25TH.

The district court of Mitchell county will be convened at Colorado Monday, April 25th. The first work to be taken up by the court will be to charge and empanel the grand jury and it is expected that the deliberations of this body will be continued over at least the first week of court.

The dockets are heavy for the term, as compared with an average for former sessions of district court here. The major portion of the cases pending trial are civil suits. A few criminal cases are pending, however, but these probably will not be set for trial during the first week of court.

Hon. W. P. Leslie, district judge, had an unusual heavy docket at Sweetwater during the term closing there last week. This session of district court of Nolan County was convened several weeks ago.

THOROUGHbred STALLION IS RECEIVED FROM GOVERNMENT

A thoroughbred stallion was received at Colorado last week from Reno, Nevada, by D. H. Snyder and will be taken to the Snyder ranch ten miles south of Colorado. The stallion, furnished by the Federal Government, is said by local judges of horses, to be one of the best animals ever brought to Colorado. He is of the strain now being bred by the government to produce cavalry horses for the army.

This stallion has been recently entered in several races on tracks at Reno and became the favorite of a number of enthusiasts at the track meet. An army officer accompanied the stallion from Reno to Colorado.

CITY COUNCIL MEETING POSTPONED MONDAY NIGHT.

The regular meeting of the City Council, to have been held on Monday night at the City Hall, was postponed on account of a quorum not being present. City Secretary L. A. Costin stated Tuesday morning that R. O. Pearson and Logan Spaulding, both members of the council, were absent from the city. Pearson was in Houston attending the Lumberman's convention and Spaulding was in Big Spring to attend a meeting of the Eastern Star.

The council will meet later this week, in case either of these gentlemen returns to Colorado. Mr. Costin stated. This will be the last meeting of the old administration and among the canvass returns of the city election held Tuesday of last week and certify the names of those elected on the council and as mayor.

Little Miss Mary Ellen Buford is home again after a pleasant visit with Mrs. McMasters of Colorado.

Miss Elan McDaniel entertained her sixth grade pupils Saturday night—a camp fire was built, it being a cold night, and they all enjoyed sitting around it, playing games, telling campfire stories and toasting marshmallows.

Another enjoyable event of the week was a school entertainment, the pupils were divided into two factions, the "Wolves" and "Foxes" for the purpose of raising funds for a school library. At the close of the contest, the side raising the most money were to be entertained by the losing side. The Foxes came out winner and were royally entertained by the Wolves on Friday night at the school auditorium when a negro minstrel, special music on the new piano were the diversions of the evening. These were followed by refreshments.

Bridal Shower.

One of the most delightful social functions of the season was held Saturday afternoon at the home of Mrs. W. H. Hurd, when her daughter, Mrs. Charlie Coffee entertained with a miscellaneous shower for Mrs. Will Martin (nee Mrs. Dorris Mullen) of New York City. Blue birds were the most conspicuous decorations in the rooms and the famous blue bird story was carried out in the entertainment. As the guests arrived each wrote a recipe in a daintily decorated booklet. After all the guests numbering about sixty had arrived, the bride was sent for and on arriving was

very much surprised. When she had taken her seat of honor, she spied two little fairies, Princess Martin and Winnidell Rowland, daintily gowned in tulle and silver bearing toward her a huge bird cage. Little Princess presented it with these words: "We have been out in the woods and found this blue bird for you and it may change its color if left in the cage, so you better take it out at once," whereupon the bride with many exclamations of delight removed the contents which proved to be useful and lovely gifts.

The second event of the afternoon came when Miss Henthorne sang several beautiful selections from Italian, and French opera, as well as some simple American songs that we all love. After refreshments were served a toast to the bride was given by Mrs. Will Rowland, the bride responded in her original manner, Mrs. A. C. Pratt toasted the groom, Mrs. Clarence Rowland offered a word of consolation to the girls left behind. Then the talented bride in her most charming way, sang "A Perfect Day" which was indeed a fitting finale.

IMPROVEMENTS.

We notice many improvements in and about town. Martin Drug Co. have enlarged their sidewalk and added a gallery to their store. Higginbotham-Bartlett are tearing down their old wooden office building and will build a nice brick one in its place. J. H. Baker has added a new coat of paint to his residence.

Will Roland is re-papering and remodeling his residence.

W. M. S. Sr. Notes.

Plans for the Armenian Relief work and also for lighting the parsonage were laid. Two places have been selected for collecting the Armenian Relief supplies. They are Higginbotham-Bartlett Co. and J. F. Reedcr's Store.

Philomath Club.

Miss Marie Coffee was hostess for the Philomath Club on Friday afternoon. The usual number of members were present and the lesson enjoyed.

UNION HAPPENINGS.

For a month in the past since my last writing, Mr. J. M. Dorn has moved to town for reasons best known to himself. We gave him up reluctantly, and welcome him into our midst once more.

Rev. Halbert takes his place as Sunday school superintendent, making a brilliant start, much to the satisfaction of all concerned. We think

now we have a Sunday school at Union second to none, and it continues to grow both in numbers and interest. A live Sunday school means a live church. Another Easter occasion has come and gone. This writer had the pleasure of attending two Easter egg hunts. First one given by Mr. and Mrs. B. B. McGuire, which was largely attended and it seemed to be an enjoyable occasion. It was wound up with refreshments served as dainties for the children, and this writer never refused as Daniel did from the King's dainties. The next day (Sunday) at Buford, which carried the signal of success.

The farming interest in our community is at a high pitch, despite all discouraging features. An old adage is the darkest time of the night is just before day, so let us look for a new dawn. The season for planting is fine, and a good yield promised. The full majority of our farmers have enlisted with the Farm Bureau, hoping to encourage the dawn of that day above mentioned.

In conclusion, the general health of this section is good, but the condition of our public highways are bad and much neglected.

Oil news is scarce but verily we believe we are living over a real oil pool.

VALLEY VIEW BREEZES.

The young folks of this community attended the singing convention at Looney Sunday.

Prof. Doss of North Champion, spent Monday night in the May home. Ruby and Pearl Beight are visiting their sister, Mrs. W. R. McAfee of Wichita Falls, but we expect them home soon.

The entire country was shocked when they received the news Tuesday morning that Mr. J. H. Haggerson, had passed to the Great Beyond. Mr. Haggerson has lived near our community for many years, and had won a warm place in our hearts. He was a man who loved, cherished and helped all he met, and tried to make the pathway brighter for those who were weary. A vacant chair is in that home which never can be re-filled. But we all hope to meet him some day in Heaven, where there will be no parting.

Miss Leany Baker of Loraine spent part of last week with Barbara and Lela May.

L. L. Myers and family were shopping in Colorado Saturday.

Perry T. Brown spent the week end with his sister, Mrs. Smith of Snyder.

Mr. John Moore left Thursday for a short visit to Rotan.

Lela May was the guest of Ola Corbell Wednesday night.

Mrs. Bettie Almond of Colorado spent Thursday with home folks.

Barbara May has been on the sick list this week.

Mr. and Mrs. L. L. Myers visited relatives at Longfellow Sunday.

Lois and Iris Drake spent Friday night in the Garvin Drake home at Loraine.

Little Nellie Jewel Corbell has been very ill the past week.

Mr. and Mrs. S. H. Corbell spent Sunday evening in the Smith home.

Mr. Tisdale, who has been visiting in the S. K. Turnbow home, returned to his home in Eastland last week.

CUTHBERT.

Good attendance at Sunday school Sunday but not as good as we could have had.

Rev. Duff preached an excellent sermon immediately after Sunday school. His text was John 3:16, and he did not discuss anything except his text.

N. T. Womack and wife passed through Cuthbert Monday on their way to and from Snyder.

J. C. Womack horsebacked it to Snyder Monday. He shipped the horse to Fort Sumner, N. M., returning with his father.

Mesdames G. W. and G. E. Womack and Mrs. C. L. Caruthers are in Snyder visiting friends.

C. H. Womack and Miss Viola Bozeman made a flying trip to the Reynolds ranch Sunday evening.

Corely Bozeman who is now working in the post office at Colorado, Sundayed with his home folks.

We do not insinuate that it is suspicious but it is a fact that J. A. Wilson makes most of his trips to Colorado between sundown and sunup. We leave other folks to do the commenting.

We will have preaching Saturday night, Sunday and Sunday night. Everybody within reach will do well to hear it.

The young folks enjoyed the entertainment at Mr. Crabtree's Saturday night.

D. Burrus and Mell King went to Mr. Alexander's Friday night to a fruit supper. They report a reg-

ular jubilee. Frank Womack is again loose. For a while he has been under the observation of his father. But somehow he has been at Cuthbert for several days.

R. J. Smith was puny Sunday. The cause is not definitely known, it has been rumored that he had to come home from Colorado so early Saturday that it caused him to "catch" cold, not being used to leaving town so early. It is definitely known that Mrs. Smith went to town with him Saturday.

Lovell Webb visited his sister, Mrs. E. T. Crabtree several days this last week.

J. A. Hester and C. L. Wiggins motored over to Snyder Monday.

If you are hungry, or if your appetite is not with you, or if you want a snappy meal patronize the Hotel Womack. We specialize on mulligan.

The fishermen that we reported last week as going to Sterling City, tell many things concerning their trip. But the best one is on Mr. G. E. Goodwin. He was so familiar with the way that he was leading. When they had got out of sight of Colorado they found a short stretch of pretty fair road. Mr. Goodwin enjoyed the easy riding so well that the other car was soon left away behind. But thinking that the other folks would follow him he drove at high speed for quite a while. Every time they got on a hill they would look back for their company, but all in vain, for the hind car never could be seen. Finally, Mr. Goodwin decided that the folks surely had had a break down. So he turned around and drove nearly back to Colorado. But still he did not see them. Just before he reached town a car passed them. The car was stopped. "Have you seen a car of fishermen around here?" asked Mr. Goodwin. The answer was "I saw a car of fishermen early in the day near to Sterling City."

Mr. Goodwin got to camp before all of the supper was gone.

Work continues at both oil wells.

For a Severe Cold

"Chamberlain's Cough Remedy cured my daughter Anna of a severe cold and cough a few years ago and ever since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot speak too highly in praise of it," writes Mrs. D. J. Shelley, Earlsville, N. Y. Chamberlain's Cough Remedy contains no narcotic and may be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it.

Best carbon paper made, for pencil or typewriter. Also have it in large sheets.

TO THE COTTON GROWERS OF MITCHELL CO.

You must reduce your acreage, cut cost of production, and grow a staple of cotton that will sell, if your 1921 crop is to show a profit.

There is an enormous carry-over, most of this is low grades and short staple.

The man who produces that kind of cotton this year will find little or no demand for it next Fall; but there is always a strong demand for strong and uniform staple of 1 1-16, to 1 1-8 of an inch and such cotton will be taken first next fall at top prices.

You must produce the cotton at the lowest cost, the one factor which will make the largest showing for the least outlay is **GOOD SEED.**

This Bank has secured a limited amount of the Lone Star Variety of Seed, which has been tested in this section of the country, and is the best seed adapted, for heavy yield in wet years as well as dry ones.

JUNIORS VISIT PRISONERS AND MEXICAN QUARTERS.

Members of the Junior Missionary Society met at the home of the president, Mrs. W. H. Garrett, Sunday afternoon at 4 o'clock and assisted in the preparation of one hundred bouquets, after which the children went in a body to the county jail, leaving a bouquet and a word of cheer with each of the prisoners.

From the jail the children went to the Mexican quarters in Southwest Colorado and paid a visit to each of the sixteen huts there, singing songs in chorus and leaving a bouquet in the hand of each Mexican adult and child. Here the Juniors found a most appreciated welcome, especially from the Mexican women, who, though not commanding the English language and being unable to speak appreciation in words, did so in action and gesture.

In the Mexican huts, two little tots were found quite sick and on the following day the Juniors made another visit there in order to carry another message of cheer to them and to present them with nourishing foods, very much needed by their little bodies.

The children of the Junior Missionary Society are putting into practice those things advocated by the society and the visits of these children, with faces beaming with happiness, and their little hands carrying flowers, to the jail and those Mexicans will have results.

THE OLD "PASTURE."

A letter from Bro. Nichols, pastor Baptist church at El Reno, Oklahoma, among other things, says: "I am holding my morning services now in the Derry Theatre, one of the largest auditoriums in the State. We have the use of the \$10,000 pipe organ, piano, dressing rooms, etc. Yesterday morning we had the building full and last night by using the "Queen City Juvenile Concert Co." as an attraction, we had to turn scores of people away for lack of room. The Nicholases are all hale, hearty, and happy. With love to all the Whipkeys, I am,

THE MODEL GUEST

"MY COUSIN James is coming to spend a week," announced the landlady, "and I can't say I'm overjoyed. He's the most unsatisfactory visitor I ever saw. You can hardly get a word out of him. He isn't a bit like his brother Jeremiah, who is full of fun, and the best company imaginable."

"Your remarks show how little true greatness is appreciated in a moral family boarding house, where the damages are collected in advance," observed the starboarder. "In my opinion, James is the model visitor. If I had my own household, with a charming bride to pour the imitation coffee, and a vine and figtree in a jardiniere, I'd send a special delivery letter to James, asking him to come and stay for ten years or more."

"There's something restful and soothing about that gifted man. He never bothers anybody. No one has to waste precious moments entertaining him. It isn't necessary to discuss the weather predictions, or dig up a lot of statistics about the crops. You don't have to show him the old push photograph album, and describe the ancestry of the melancholy effigies whose pictures appear therein. Nearly all visitors are bores, my dear Mrs. Jiggers, because they have to be entertained. Somebody has to sit up with them and thrash out last year's gossip. They have no initiative or referendum. They have no resources of their own. In order to have a pleasant visit, they need help."

"Your cousin James is a man after my own heart. I remember his last visit quite well. He came in the evening, and after supper he took a chair on the porch. Knowing he was a guest, I felt it my duty to entertain him in the conventional way. I dragged my chair close up to his and remarked that it was a pleasant evening, but the presence of a cloud bank in the northwest almost convinced me that there would be rain within twelve hours, in which case, I proceeded, there would be much jubilation among the honest old farmers, whose crops were suffering for moisture."

"James listened to my remarks and then looked at me, in a sad, reproachful way, as though he thought it a shameful thing that imbeciles should be at large, and then he took his chair to the opposite end of the porch without having said a word. I must confess that I felt like a counterfeit kopeck for a few minutes, but the more I considered the matter, the more I admired and respected that remarkable man."

"He used to go downtown every morning and buy a paper backed novel, or a fiction magazine, and then he'd read it all day, and when he was done with his literature he left it where the boarders could get it. I didn't hear him say ten words during his visit, yet you say, Mrs. Jiggers, that he is an unsatisfactory guest. Elderly landladies, whose intellects have been warped by long years of parsimony, are hard to please."

"Jeremiah, whom you describe as jolly and agreeable, should be suppressed. He has collected all the old cheese stories ever manufactured, and insists upon telling them. He has a horrible habit of making puns, and considers himself a humorist, because of it. You couldn't bribe him to sit down with a book or magazine and behave himself. He has to be entertained every minute of his time, and the only way you can entertain him is by letting him do the entertaining."

"He is a genial old freak who thinks he is a privileged character, and everybody's pet. The last time he was here he went into my sumptuous apartment and used my razor to shave the southeast quarter section of his countenance. His whiskers are full of barbed wire, and the razor was ruined. When I spoke to him about it he thought it funny. Yet you refer to such a man as an agreeable visitor. I blush for you, Mrs. Jiggers."

In Moderation. "Would you advise a candidate to stay on his front porch?"

"Yes," answered Senator Sorghum; "but only part of the time; just long enough to take care of his voice and get together a good bunch of speeches for delivery on tour."

Just it. "I thought you said you had a fine ending to your automobile trip." "So I had." "Your chauffeur told me you were arrested for speeding." "Well, wouldn't you call a wadup in the police court a fine ending?"

Weighted With a Watch. The watch of Charles V, which was one of the earliest of these time-pieces, weighed twenty-seven pounds. It was a good deal like a clock of the present day.

OIL CITY.

News comes from Mr. Jess C. Nance, the promoter of the townsite known as "Oil City" and located four miles east of the Iatan station, that he has been detained on very important business, but as soon as he has settled a little matter of a \$22,000 claim and \$50,000 damage suit, both against banks, that he will again be on the job in Oil City.

Mr. Nance also sends word that he has good news for Western Mitchell county from New York. He sends his regrets to the citizens of this county that the work on Oil City has been delayed, but we can easily see the reason for this delay.

CITATION BY PUBLICATION

THE STATE OF TEXAS: To the Sheriff or any Constable of Mitchell County, Texas: You are hereby commanded to summon Minnie Theresa Rudy by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the 1st Monday in April, A. D. 1921, the same being the 25th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of March, A. D. 1921 in a suit numbered on the docket of said Court, No. 3918, wherein John Samuel Rudy is Plaintiff and Minnie Theresa Rudy is Defendant and said petition alleging that Plaintiff is and has been for a period of twelve months prior to exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in the said County of Mitchell for at least six months next preceding the filing of this suit; that on or about September the 17th, 1916, in Saskatchewan, Canada, Plaintiff was lawfully married to Defendant, then a single woman, and that they continued to live together as husband and wife until on or about the 7th day of July, 1919, when by reason of the cruel and harsh treatment and improper conduct of Defendant toward Plaintiff he was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife. Plaintiff alleges that during the time he and Defendant lived together as aforesaid he was kind and affectionate to her and always provided for her support and maintenance, but Defendant unkindly of the duties and obligations of her marital vows and about one year prior to the time of their separation began a course of unkind, harsh and tyrannical treatment toward Plaintiff, which continued until Plaintiff was forced and compelled to abandon Defendant as aforesaid; that during said time and within one year prior to said separation, this Plaintiff was working in Winnipeg, Canada, where said separation occurred, and on going home would find his wife away and would remain away from home on many such occasions the entire night and on many of such occasions she would return to their home at unreasonable hours during the night, and with divers and different men, who were unknown to this Plaintiff, and when this Plaintiff would remonstrate with her on account of her conduct she would fly into a fit of anger and abuse him in a way that was unbearable, that this continued night after night until the same became so obnoxious and painful to this Plaintiff he was on the aforesaid date forced and compelled to abandoned her because their further living together as husband and wife on account of said conduct was absolutely insupportable. Wherefore, Plaintiff prays the Court that Defendant be cited by publication to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to. Hereto fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness W. S. Stoneham, Clerk of the District Court of Mitchell County, Given under my hand and the Seal of said Court, at office in Colorado, Texas, this 23rd day of March, A. D. 1921. W. S. STONEHAM, Clerk District Court, Mitchell County. The above is a true copy I certify. W. J. CHESNEY, 4-15-c Sheriff Mitchell County By C. E. Franklin, Deputy.

In Our Grandparents Time--

Picture taking meant long sittings in uncomfortable, strained attitudes—with success always more or less in doubt.

There was excuse in those days for not having pictures taken frequently.

The photographs today, with modern equipment, make the experience a pleasure. You owe this satisfaction to yourself and your friends.

The only thing you can give your friends that they cannot buy is—YOUR PHOTOGRAPHS.

Come to the Studio today and let us show you our samples.
