DEPLORABLE TRAGEDY OCCURS HERE MONDAY MORNING

Glenn, little son of Mr. and Mrs. Claud Womack, died Tuesday morning at 1:30 o'clock from the effect of burns sustained Monday morning when his clothing ignited from a lighted oil stove in the Womack home in North Colorado.

Funeral services were conducted at Cuthbert cemetery Tuesday afternoon at 4 o'clock by Rev. C. L. Browning, pastor of the First Methodist church of Colorado, and Rev. B. H. Terrell, pastor of the Methodist church at Cuthbert. Several friends of the family accompanied the remains from Colorado and floral offerings were very beautiful.

The accident happened shortly before 9 o'clock Monday morning Glenn was alone in the home at the time, his mother having just stepped into the yard. The child came into the kitchen where a fire was burning in the stove and in some manner ignited his clothing. His screams attracted the mother who hastened to the rescue of her child, but he was

so badly burned before she reached him and tore the burning clothing from his body that all efforts to save his life proved futile.

This tragedy was the sad sequel to the death of the first child born to Mr. and Mrs. Womack. A little more than three years ago, just at the time little Glenn was born, their first child was lost. And on Tuesday night, following only a few hours after that the remains of Glenn were buried at Cuthbert Tuesday afternoon, a fine 10-pound girl was born into the home.

BROTHER COLORADO DOCTOR DIES AT EL PASO MONDAY.

A. J. Root, of El Paso, brother of Dr. C. L. Root, physician and surgeon of this city, died at El Paso last Monday and the remains were shipped to Burnett for burial. J. E. Root, Sr., of Killeen, also brother of the deceased, was in El Paso at the time.

Dr. Root is in Burnett to attend the funeral, having joined his brother and the remains en route at Colorado.

Foster No. 1 Responds, Following Light Nitro Shot--Progress at Other Locations

Foster No. 1 at Iatan was given a light shot of 20 quarts of nitro Saturday afternoon and when put under the pump Monday afternoon responded with an estimated production of 100 barrels. The well flowed in heads during a part of Monday and Tuesday and prospects for coming in a good commercial producer were very good. Reports from the well Thursday morning were to the effect that the crew was cleaning the hole and that nothing but water was being baled out.

The quality of oil taken from this well is very good, testing 40 per cent gasoline and 10 per cent paraffine. Vincennes well on the Reynolds ranch in Borden County is about 3150 feet deep, and has opened up another outlet for the Gulf of Mexico. Manager Keck says that he will underream and cut this water off, so that next week we may report an oil well out there. He has had showings of oil in this well, and his company will drill to 3500 feet it is said.

Dan Lewis is making a hole on the Conaway lease with good success and hopes to get out of the big hole within a few days. This well is attracting much attention from the oil men and is considered a most favorable location for oil.

Coleman No. 1 is drilling today; having been obliged to shut down for water a few days ago. Their water

line has arrived and should be connected up by the time we go to press. Mr. Hilliard is a fast driller and will soon make up for lost time. Present depth 625 feet.

The Travellers well on Lander's ranch is underreaming at about 3600 feet. They will go to 4000 feet if necessary, it is reported.

So far as can be determined very few if any leases have been allowed to lapse for non-payment of rentals. This clearly indicates the faith in this field, and leads us to believe that eventually we shall have an oil field if the oil is here.

The great desire on the part of the lease owners is that we may have more of the experienced practical men in this field to do the actual drilling, for it is quite evident that a good oil well may be lost through unskillful management, and thus deter other operators from entering the field. We expect all contracts, which have been contemplated, to become active within the next thirty days, and probably other deals which are now pending may be ready to be announced through these columns.

Considering the dull condition of all lines in all parts of the country we should console ourselves with the fact that we are in better condition than most semi-proven fields as far as development at this time is concerned.

STARKE REVIVAL CLOSES SUNDAY AT TABERNACLE.

The Starke revival closed Sunday night after a campaign extending almost three weeks, and the evangelist left Colorado Monday morning for Mena, Ark., where he commenced a series of meetings Tuesday night. A total of 150 conversions and recommitments were reported to have resulted from the revival. 86 additions resulted to the Methodist church and it was not known Wednesday how many additions the other evangelical churches of the city had received.

Attendance became so large that the place of holding the services was changed Saturday from the First Methodist church to the tabernacle. Saturday night and Sunday morning and night the large tabernacle was practically filled with people who came from almost every community of the county to hear the evangelist.

Dr. Starke's lecture, "Who Is Your Sweetheart?" delivered Saturday night, was a review of many of the social evils of present day pleasures. He denounced as the most hurtful of all the modern dance, asserting that more than sixty per cent of the fallen women of America attributed the source of their career of sin to the dance.

Sunday afternoon at 3 o'clock Dr. Starke spoke to men only from the subject, "Man Wreckers." At the closing service Sunday night the evangelist preached from the subject "The Second Coming of Christ."

He expressed his appreciation for the many courtesies awarded him during his stay in Colorado, making special reference to co-operation given by the various pastors of the city and The Record in giving liberally of space in which to advertise the meeting.

NO EXTENSIVE STREET WORK IS CONTEMPLATED.

No extensive street improvement work in the city is contemplated for the immediate future, Mayor A. J. Coe stated Monday afternoon. The city government is, however, causing a few needed repairs to be made in some sections of the city. This work is mostly represented in reconstruction of conduits for draining the business district.

"We cannot make any material improvements to the streets during the remainder of the year," the Mayor said, in commenting on the matter. "This is because of the fact that we do not have available the necessary funds with which to meet the expense of this work. For the remaining months of 1921 the city will have less than \$200 per month to expend on its streets."

Hon. Royall G. Smith, formerly an attorney of Colorado, but now of El Paso, was a business visitor here this week, spending the time at the home of his mother.

FOURTEEN IN CLASS OF '21 COLORADO HIGH SCHOOL.

A class of fourteen will be graduated at the Colorado High School this year. Commencement exercises are to be held on Friday, May 20, at 8:30 p. m., at the High School auditorium. Those composing the graduating class follow:

Annie Mary Lupton, Robert Brennan, Isla Dorn, Mell Beck, Mary Terrell, Robert Nann, Hazel Cook, Conrad Ausley, Jessie Schroeder-Baker, Jack Helton, Lillian Dorn, Brooks Bell, James Adams, Dixon Wecker.

The class motto is "Upward and Upward;" the class flower, the white rose; the class colors, Green and White.

ARMY DESERTER ARRESTED BY MARSHAL HICKMAN.

Leroy F. Smith, alleged to be a deserter from his command, the 7th Cavalry at Fort Bliss, was apprehended at Colorado Sunday night at 9 o'clock by City Marshal Hickman and locked up in the county jail pending arrival of officers to return the man to Fort Bliss.

Smith confessed that he was the man wanted, according to information given The Record by Hickman. He was wearing civilian clothes when placed under arrest.

BON TROMP.

Bon Tromp is a registered thoroughbred stallion, foaled in 1915 and has been racing since a two year old. His last race was in February of this year, when he was purchased by the Remount Service. He is a horse of proven speed and endurance; his last races being at the distance of a mile.

Bon Tromp is royally bred. His sire is Von Tromp who was sired by the famous Ben Brush, and it is the Ben Brush blood that is producing winners today. On his dam's side his great grand sires are St. Himon and Hindo. St. Himon blood will probably never be equaled and Hindo carries the blood of Virgil, Vandal and Lexington.

Bon Tromp will probably breed speed, but he will also breed the more important quality of substance. He is 15 hands, two inches in height, of an excellent type and resembles Ben Brush.

Bon Tromp should sire colts of very great ability for any purpose, having substance, courage and stamina.

Bon Tromp will be handled this season by Mr. D. H. Snyder at the Bell ranch, Colorado, Texas, and a few additional mares may be served by application to Mr. Snyder.

I have had this horse at my residence now for several days and find him with abundance of quality, and am of the opinion there is no better bred horse in the Southwest. He belongs to the U. S. government. 5-20 D. H. SNYDER, JR.

NOTE—Owing to cost of production and ironbound contracts, "Way Down East" will never be presented anywhere except at First-Class Theatre Prices.

Rich in its settings, perfect in its construction, loved by one and all; the women for its heart throbs, the men for its happy humor that recalls the old folks back home and the merry days of childhood. "Way Down East" will bring back the days when you harmonized by moonlight "In the Gloaming Oh My Darling" to the sunbonnet girl of your choice. It will stir the heart strings when you live it all over again in that marvel of screen craft brought back to you so poignantly by the wizard of the film world, David Wark Griffith. When he gave us that heart rending wonder picture, "The Birth of a Nation" we thought the zenith of the cinema had been reached. But now he gives us "Way Down East," a gem in a marvelous setting all its own and leaves us thrilled to the core of our being with soul satisfying beauty, heart aches, laughter, love longings and thrills. Nothing more can be desired.

D. W. Griffith has taken a gem of the rarest kind and given it the setting of an artist so that "Way Down East" becomes a marvel of beauty and a joy forever.

The baccalaureate sermon for the twenty-seventh commencement of the Colorado high school will be preached by Rev. Guy B. Duff, pastor of the Presbyterian church at the Methodist church on the evening of Sunday, May 15th, at 8:00 o'clock.

The class address will be given this year by Rev. C. L. Browning, pastor of the Methodist church. High school commencement exercises will be held at the high school on the evening of Friday, May 20th, at 8:00 o'clock.

CITY PLANS TO IMPROVE DESIRABLE PARK GROUNDS

Plans for improving the 20-acre tract in North Colorado, donated to the city some time ago by the Brown estate for park purposes, are being worked out. Judge A. J. Coe, mayor, stated Wednesday. This tract is close in, and with improvements would be most desirable as a park.

MITCHELL COUNTY BANKERS ENDORSE COTTON STORAGE

Plans of farmers and business men of Mitchell County to build a large fire proof cotton warehouse at Colorado were endorsed at a conference of bankers convened Wednesday afternoon at the City National Bank, this city. Those to attend were S. E. Brown, president of the First State Bank, Lorraine; J. M. Thomas, active vice president, Colorado National Bank, and T. W. Stoneroad, cashier of the City National Bank. W. A. Dulin, county farm agent; E. M. Baldwin, Secretary of the Mitchell County Farm Bureau, and W. S. Cooper, Secretary of the Chamber of Commerce, who also attended the conference. These bankers were convened to investigate the various phases to be met in handling cotton paper through the farm bureau.

Water and Sewer Project for Colorado Fast Assuming Status of Mature Nature

Reports given at the third monthly meeting of the Colorado Booster Club Tuesday night by Thos. R. Smith, C. M. Adams and Dr. P. C. Coleman chairman of committees appointed recently to complete details for a bond election for damming Lone Wolf Creek, laying sewer mains and an extension to the water mains of the city, indicated that the project is fast assuming concrete form and the election will probably be ordered within the next few days.

According to Mr. Smith, a bond issue of \$120,000.00 would necessitate a tax of 60 cents on the \$100 valuation of property, increasing the city taxes from 96 cents, the present rate, to \$1.56.

According to Mr. Adams, the proposed site of the lake, comprising approximately 160 acres of land, would cost about \$10,000.

Mr. Noyse, representing Myers & Noyse, engineers employed to make surveys for these three projects, stated he estimated the dam would cost \$32,000. An 8-inch main from the dam to an intersection with the present main in East Colorado would cost \$15,000, he said. Estimates on cost of a sewer, covering most of the city as far north as Ninth Street, were placed at \$40,000. Cost of pumping station and extension of water mains to Ninth Street in North Colorado and across the Colorado River into South Colorado would approximate \$33,000, making a total

of \$120,000 as the estimated cost for the three projects. These estimates were approximate, as the engineers did not have sufficient time in which to complete blue prints of the projects.

130 citizens were present at the meeting and when the question was put every one of them voted as desiring to go on record as favoring a bond issue with which to finance the proposed projects. It was advocated by some that the election be ordered immediately, but Judge A. J. Coe, mayor, pleaded for more time in that exact figures as to the cost of the lake, sewer, disposal plant, main extensions, etc., might be available to assist the council in determining the amount in which the bonds should be issued.

Out of town guests to address the club were James Spiller, attorney of Sweetwater, W. W. Rix, president of the Chamber of Commerce at Big Spring, R. M. Chitwood of Sweetwater, representative in the Legislature. Music was furnished by the Colorado Booster Band and refreshments were served by ladies composing the Woman's Auxiliary, American Legion, of which Mrs. J. G. Merritt is president.

The next meeting of the club, to be held Tuesday night, May 24, is to be an open meeting, at which the ladies are to be guests of the membership.

AN UNUSUAL EXPERIENCE.
"I am going home," she said with a clear and determined look in her eye. She followed up the statement with the further information that she was seeking employment to facilitate the trip.
"You see, Mr. Harris, like others

of my kind, I come from a small town in Wisconsin, where those who had admired my work in amateur theatricals, had insisted that the big city was waiting for me and my talents. I arrived here about three weeks ago, and with but meager funds. Have had the battle every self-respecting young girl has had to endure when she tries to catapult herself into the big affairs of this man's town. I have been refused all kinds of employment wherever I have sought it. My eyes have been opened as to the trials and tribulations necessary to win success in New York. I know deep down in my heart that alone as I am, I am unequal to it, and I am frank enough to say it is not a question of foolish pride, or questionable grit, but rather a long thought out conclusion, which has brought me face to face with the fact that I belong home instead of endeavoring to put up with the strife. Frankly, I am seeking employment as a singer, pianist, or stenographer, in order to earn money to take me to my home town, where I have a loving mother and hosts of friends, who will believe me when I explain to them the conditions necessary to a career in New York. Thank you, sir, I do not care to accept the money without repaying you, and the only way that I can do this is in the form of a promise. I really did not believe there was one human being in this big cold city, where eyes are bold and hearts are cold. I certainly will, and you will hear from me in a week or so."

A few weeks passed and Chas. K. Harris received a letter. The letter told of the girl's reception at her home. Her immediate re-employment as cashier in the General store, and that she would send one dollar weekly, so as to pay back the ten

she borrowed in order to get home to her work, her contentment and mother, and from this simple human story Mr. Harris has written his latest ballad entitled "I'm Going Home" which was inspired by the sight of a young girl, hungry for the love of her mother, and honest enough to admit defeat in her one-sided struggle.

"I'm Going Home has its appeal, and the appeal is in the heart, where the young girl first felt the twinge of loneliness and insecurity, and remedied it by being brave enough to face the truth.

The ballad follows:
My heart is weary, mother dear,
I have tried to hide its pain.
But 'tis no use, I am longing still,
To see you all again.
The big, cold city is so hard
For one wee girl alone,
And no one cares just how you live
That is why I am coming home.

CHORUS.
I'm going home, no more I'll roam.
I'm going back where the flowers bloom,
To sweetest charms, my mother's arms,
And where the birds sing their sweet tunes.
No more I'll stray the Great White Way,
Where eyes are bold, and where hearts are cold,
I want to feel, one kiss that's real,
I'm going home, I'm going home.

I've wandered o'er the city streets,
All tired and forlorn.
And many times I've often pray'd
That I ne'er had been born.
Sweet mem'ries steal o'er me to-night,
I see the shady lane,
My heart is set, my eyes are wet,
I'm going home again.

COTTON CONTRACTS RIGID.
The Texas Farm Bureau Cotton Growers Co-operative Marketing Association could not be financed without an enforceable contract that can be taken into courts and get the cotton. Aaron Sapiro, noted California marketing attorney says, "One California association, similar to the Texas cotton association, has gone into court 17 times within the last year. In each case we have found the court sustained the contract. We don't go after damages. We get damages incidentally, but we want the product. Our contracts have teeth in them. One of the fundamentals in enforcing the contract is for the farmers to agree to support the association with their products. Don't get the impression that the co-operative association gets along simply because it has a legal hold on its growers. It gets along because it represents a real advanced step.

Not only is it a social good, but it is a wonderful help to agriculture; all the time it is dealing with human beings it is dealing with a few weaklings in every hundred humans who might be tempted to break their contracts by those who wish to break up the association."

LOVING WORDS.
Oh my friend it would be better,
If to those we love we gave
Tender words while they were with us,
Than to say them o'er their grave.
Loving words will cost so little,
As along through life we go,
Let us, then make others happy—
If you love them, tell them so.

WITH THE CHURCHES

FIRST CHRISTIAN CHURCH.
Next Sunday is Mother's Day, May 8th. Both Bible school and church will observe this day.
Bible school at the usual hour, 10. Services of the church begin promptly at 11:00. Junior Endeavor at 5:45 and evening services at 8:00.
Special music and program will be given at the morning hour. Let every mother go. You will find a sincere welcome.
D. R. Hardison, Pastor.

METHODIST SUNDAY SCHOOL.
Sunday was a day of unusual accomplishments for the Sunday school of the First Methodist church. The attendance record was again broken, there being a total of 362 registered in all departments, and the spirit of team work among officers, teachers and pupils for making the Sunday school still bigger and better was in evidence everywhere.

The recitation period was given over to the public reception of a class of seventy-five into the church. The greater per cent of these new recruits for the church were from the ranks of the children and the impressive baptismal services left its impression on every one who crowded the auditorium of the church.
Officers and teachers of this school have set as their goal during the next three months an average attendance of 350 every Sunday.

PRESBYTERIAN CHURCH.
All the regular services at the Presbyterian church next Sunday.
Sunday school at 9:45. Let every member be present and on time. Let us make our Sunday school attendance equal to our church enrollment, 73. Every church member ought to be in the Sunday school.
Preaching by the pastor at 11 a. m. and 8 p. m. Christian Endeavor of 3:30 p. m.
Strangers and visitors will receive a most cordial welcome.
Eight new members were received into the communion of the church last Sunday; there are others to receive next Sunday.

Baptist.
The Baptist Sunday school is on the increase in interest, membership and offerings. There were 225 present last Sunday. The young men's class showed the greatest increase, forty-five being present. It has outgrown its quarters and will be moved into another room Sunday. For the present the Juniors will go over to the parsonage to make room for this splendid class of young men.

AT THE PRESBYTERIAN SUNDAY SCHOOL.
Last Sunday was a banner day for the Presbyterian Sunday school, the attendance being larger than usual and evidences of revived interest being manifested by the officers, the teachers and the pupils. During this service eight were received into the church. There was no preaching at either the 11 o'clock hour or at night the pastor and his congregation going to the tabernacle for the Starke

SOUR STOMACH INDIGESTION
Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.— The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.
"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."
Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes — valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.
Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. R. M.

MITCHELL COUNTY SINGING ASSN. HERE NEXT SUNDAY.

The annual convention of the Mitchell County Singing Association will be convened at Colorado Sunday morning at 10 o'clock, according to W. L. Doss, president of the association. The convention will be called to order at the tabernacle at 10 Sunday morning and following a song, "The Star Spangled Banner," invocation will be offered by the chaplain. The annual address of the president will be given at 10:30 o'clock, after which appointment of committees will be made and preliminaries for the class singing in the afternoon completed. "Sing Aload Unto God Our Strength," is the subject of an address to be delivered at 11:30 by W. S. Cooper.

Mr. Doss states that a record attendance is expected throughout the day. There are several good classes in the association, he stated, and all of these will have representation at the convention. A basket dinner will be spread at noon.

The Griffith attention to detail is brought forth vividly in the presentation of the huge motion picture production of "Way Down East," to be shown at the Best Theatre, beginning Friday, May 5.

Lillian Gish as Anna in D.W. Griffith's "Way Down East"

It is not alone in the great ice-break and snow storm scenes that the Griffith art is best emphasized. The scene wherein a kitten rolls over fast asleep along with the human idlers in front of the village store is a work of real art. This required much patient effort to record it on the motion picture screen.

The engagement here is for two nights, Friday and Saturday; and Saturday matinee at 2:15. All seats are reserved. Mail orders and phone reservations filled promptly. Get seats early and avoid the rush.

About Digestion.

It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of the greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.

COLORADO TAKES ALL GAMES PLAYED DURING THE WEEK.

The Colorado Boosters have taken each of the two games played during the week and Manager W. R. Charters stated this morning that his team would carry off the laurels in the battle at Hermleigh that was being staged at the time The Record was going to press Thursday afternoon. This is a return game to redeem the Boosters from their experience on Wednesday of last week when they lost to Hermleigh by the close score of 9 to 8 at the local ball park.

In the game played at Snyder Friday the Boosters managed to get the Bears by the hide early in the game and won by scoring a shut-out. The game was discontinued after the sixth inning as the score card registered 8 to 0 in favor of Colorado.

Tuesday the Boosters played the Roscoe Giants at the local park, the final score being 8 to 1, Colorado's favor.

Colorado took still another game Friday afternoon in an unevenly matched game at Colorado between the Big Spring Hi and Colorado Hi. The High School boys took down the winning cards at the rate of 9 to 3.

NEW REALART STAR TO BE SEEN HERE.

Realart Pictures announces Justine Johnstone has been widely heralded as the most beautiful girl in America. She is of Swedish extraction and is twenty years old. Born in Englewood, N. J., and after leaving public school attended the Manor School at Larchmont, N. Y. Miss Johnstone later took the full course at the Emma Willard school at Troy, N. Y. She evinced a predilection for dramatics at a very early age and while at the Emma Willard school was president of the dramatic society. She was a member of the Follies of 1915 and again in 1916. In the 1916 edition she appeared as a principal. While a member of the 1915 Follies the war was in its early stages and patriotism ran high. Miss Johnstone had the part of Columbia and appeared draped in an American flag, her beauty having won the honor for her. During intervals she supported the Castles at the New Amsterdam with Ed Wynn in Over The Top.

Justine Johnstones first starring feature for Realart will be "Blackbirds," adapted from the stage play by the late Harry James Smith. Mr. Smith was also the author of A Tailor-Made Man, in which Grant Mitchell appeared and Mrs. Bumpstead-Leight in which Mrs. Fiske was starred for several seasons. Blackbirds appeared at the Henry Miller Theatre several years ago with Laura Hope Crews as the star.

"Blackbirds," showing Miss Johnstone and a strong supporting cast, comes to the Opera House Theatre in this city on Friday and Saturday. Jack Dillon who directed Mary Pickford in "Suds" performed the same office for this Realart production.

114 T. & P. Employees Let Out.

One hundred and fourteen employees at the railway shops of the Texas & Pacific railway company in this city were out of employment Monday morning as a result of the order issued Tuesday, April 19th ordering the closing of the back shops here as well as at other points on the system.

The company kept only a sufficient number of men to keep temporary repairs made on the locomotives in service. Approximately one hundred and twenty-four men were retained to do the work necessary at the Big Spring shops.

Just how long the shops are going to remain closed is a question no one is prepared to answer. No doubt the settlement of the wage question and the return of normal conditions are factors which will have a bearing on the question.

The fact that there is to be no dispute between the employees and the receivers as to the wage question, but the entire matter to be left to the Labor Board, is good news.—Big Spring Herald.

CARD OF THANKS.

The many acts of kindness and words of comfort that were brought to us during the great tragedy of our lives, the death of our little son, Glenn, served to greatly alleviate the sorrow that came into our lives. We are very grateful to the people of Colorado and Cuthbert and elsewhere who thus came to our relief. Mr. and Mrs. Claud Womack.

Members of the Legislature shall receive from the public treasury such compensation for their services as may, from time to time, be provided by law, not exceeding Ten (\$10.00) Dollars per day for each regular session of one hundred and twenty days; and not exceeding Five (\$5.00) Dollars per day for the remainder of such session; and provided, further, that members of the Legislature shall receive not to exceed Ten (\$10.00) Dollars per day for each special session of the Legislature that may be called from time to time by the Governor. In addition to the compensation above provided for the members of each House shall be entitled to mileage in going to and returning from the seat of Government which mileage shall be ten cents per mile, the distance to be computed by the nearest and most direct travel by land regardless of railroads and water routes; and the Comptroller of the state shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by such table the mileage of each Member shall be paid; but no member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Section 2. The Governor is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1921, at which election these amendments shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held

under and in accordance with the general election laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words:

"Official Ballot:" "For the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas providing for compensation of executive officers." "Against the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers."

"Official Ballot:" "For the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas." "Against the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas."

Those voters who favor such amendments shall erase by marking a line through the words "against the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers." Those who oppose such amendments shall erase by marking a line through the words "for the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers." The result of the election shall be published and declared according to the majority of the votes cast in such election; and

ment relating to mileage and per diem of members of the Legislature shall erase by marking through the words "Against the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of the members of the Legislature of the State of Texas." Those who oppose such amendment relating to mileage and per diem of members of the Legislature shall erase by marking through the words "for the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of the members of the Legislature of the State of Texas." And the result of the election shall be published and declared according to the majority of the votes cast at such election.

Section 3. If a majority of the votes cast in the election herein provided for should be in favor of the amendments proposed, the maximum sum named here-in shall become effective and be the compensation thereafter to be received by the officials named therein on and after the first day of January, 1923, and so remain until otherwise provided by law, and the compensation so allowed shall be paid out of any money in the State Treasury not otherwise appropriated.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of these amendments and the election to be held hereunder.

THE INJUSTICE OF IT.

"Mitchell County paid into the State school fund last year \$6,000 more than was apportioned back to it for school purposes." Hon. R. M. Chitwood of Sweetwater stated in an address at the Booster meeting here Tuesday night. "Nolan county paid into this fund a total of \$30,000 in school taxes and received back through apportionment only \$17,000, or \$13,000 less than she paid in. Hopkins county paid into this fund last year a total of \$42,000 and thru apportionment received from the State \$86,000, or more than twice the amount she paid in. There is a farm in Hopkins county for which the owner recently refused \$200 per acre for, but this same land is listed at \$10 per acre on the tax rolls of the county. In this country we are paying taxes on our land on a basis of something like one third of its actual selling value." These and other startling statements made by Mr. Chitwood gave more convicting evidence to the charges made by West Texas that we're not getting a square deal from the balance of the State. This is one of the gross indiscriminations that must be removed. If Mitchell County pays into the State fund \$20,000 in taxes, the children of this county should be entitled to \$20,000 in apportionments. Chitwood further showed that those counties of East and South Texas that are getting the cream of the State school fund are composed of a large negro population while in those counties of West Texas, where the people are being discriminated against, the population is 90 per cent white American born. Wonder why P. Neff did not mention this subject while enumerating the many things that had come to West Texas. That speech he made at Corpus Christi was certainly a humdinger.

SUPPORT IT.

Colorado has the distinction of having the best all round amateur base ball team in West Texas. They have won almost every game played except where they went up against the league teams with salaried players. These boys are giving their time and energies "free gratis for nothing" and it is up to the citizens of our town to patronize the games that are played on the home grounds. It is good clean amusement, and a good attendance will encourage the boys to do their best, and we can put Colorado on the base ball map without belonging to the league. Mr. Charters the popular manager, says he is going to match some big games a little later on, and with a few more practice games, the Colorado boys can go up against the best of 'em. Every time a game is announced, lay down your business for an hour, and go see it. It will do you good.

YOUR DUTY TO THE CHURCH.

Your duty to the church is a vitally important part of your duty to the community in which you live. As a citizen, it is your moral obligation to support every movement which contributes to the general good—the church safeguards the commu-

ny, makes it a good place for you and your family to live in. If only upon the basis of good citizenship therefore, you owe the church your financial and moral support.

But the church has higher and more personal claims. It is the greatest force for good, not only in community life, but in the deeper personal life of the individual. It strengthens and inspires whomever it sincerely accepts its truths.

Every man and woman in Colorado should make public acknowledgement of the church's benefits by attending its services regularly, and contributing to its financial support.

The plea of the church for a personal acknowledgement of the stewardship of life and material blessing which God has conferred, should find ready response in the pledge of a definite portion of your time and income to the work of the church.

Freely ye have received, freely give.

Your life will be broader, your influence more lasting, your power to meet difficulties will be greater, if you recognize and accept this combined duty and privilege.

The church invites you. Her welcome is extended to all; her ministrations are for all.

Go to church Sunday.

DOES IT PAY TO ADVERTISE?

Last week W. S. Stoneham ran the following classified advertisement in The Record: "FOR SALE—One dozen hens and one rooster, full blood rose comb Anconas. The reason I want to sell them is because they are troubles to keep up. Price for these, together with another hen and four full blood Aneona chicks, \$25.00. W. S. Stoneham."

Within two hours after the city edition of The Record had gone into the mails, Stoneham sold the chickens to a local citizen who called him by telephone. Similar instances of sure and satisfactory results from advertising in the columns of this paper come to attention of the management every day. We publish an account of this one in answer to the question? "Does it pay to advertise?"

WE'RE GOING TO GET IT.

According to Governor Neff, West Texas already has its share of the state institutions and does not merit the West Texas A. & M. College. In his speech at San Antonio, he pointed out that we had a state normal school at Alpine, one at Canyon and the School of Mines at El Paso. In addition to these, the state has established a tuberculosis sanitarium at Carlsbad, an epileptic colony at Abilene, and a lunatic asylum at Wichita Falls. For the three educational institutions, we are truly thankful, but it looks like the governor is rubbing it in on us when he boasts of the state's generosity in making West Texas the dumping ground for the sick and crazy people of the other parts of the state. The people of West Texas are neither sick nor crazy, and accepted the institutions as a matter of charity and generosity and because of the healthful locations.

The Abilene Reporter in commenting on our squib last week on the subject of difficulties says:

"The public is not always aware of the difficulties that beset the getting out of a newspaper, particularly the daily paper. And, of course, the weekly paper has its difficulties, hard luck, etc., etc., as well. The Reporter is not vain nor is it boasting when it is stated that the removal of its plant from the old building to the new decently was done with a minimum amount of confusion. We started moving out of the old building on a Saturday night and by Monday morning bright and early everything was ready to go, and there was worlds of machinery and paraphernalia to be moved at that. The mechanical force of The Re-

porter showed that they were quite proficient in the art of tearing down and erecting a vast amount of machinery within an exceedingly short time. The fact that the Record shop had so much job work it was not possible to give much time to the issuance of the paper, and the further fact that there was a nice run of ads in the edition, when they did get out, no doubt was a considerable consolation to Editor Whipkey, for there's where the money comes from."

Announcements of exercises of commencement, issued this week by the graduating class of Colorado High School, represent perfection in typographical art, according to expressions made by some of the young people composing the class. And, by the way, these announcements were issued from The Record office, where the best product known to the best artist is merely the routine of accomplishments. When you desire good printing at commensurate prices, give The Record a chance at the job.

The Reporter, published at Glen Rose, former home of Judge C. D. Spann, who until recently was a citizen of Westbrook, states the following in its issue of April 22:

"Hon. C. D. Spann, former district attorney, was in the city the first of the week seeing after the interests of his clients in district court. His numerous friends in the county will be glad to learn that he has moved to Fort Worth where he is doing a lucrative practice.

WORRY.

When your troubles get the best of you and you feel the whole world going wrong, remember that we used to sing about such things as that "What's the use of worrying, it never was worth while; so pack up your troubles in your old kit bag and smile, smile, smile!"

That song takes away a lot of troubles that are not really there; the troubles that have grown out of our own imagination because we let ourselves worry.

It has been said, "Many a man strays away from a common sense view of things because he overworks his imagination," and they're about right. A fellow can work himself into a pretty bad condition by the use of that wonderful faculty of imagination, or he can make it work for him and make himself happy and contented.

If you've got troubles, separate them; line 'em up and count 'em off.

"And you won't marry me?" "No, a thousand times, no." "You needn't say no a thousand times. I only asked you once."

Think over your troubles in order to fight the thing out, and then get rid of the whole thing, is quite different from worrying over it. Make the best of what you have. Will power (the driving force of man) some one has said was given to us for just such occasions, and if it's trained to do what it ought to do, and was intended to do, our troubles won't last long. Our will power will drive them out and away.

Give it a trial, and if your will power is not in good working order, it's because you haven't used it frequently enough. Use it regularly, conscientiously, purposely. Use it, because it's worth using, and you'll feel better.

It is impossible to attain success at a single bound.

Heaven, Hell, or Los Angeles.

A colored trooper of Camp Kearney, California, wanted to visit his sweetheart in Ios Angeles, but as he couldn't get a furlough, he decided to go A. W. O. L.

The guard stopped him at the gate and demanded to see the trooper's pass.

The black man pulled out a razor. "Brudder," he warned, "mah mudder's dead and am in Heaven. Mah fuddah's dead and am in Hell, but mah gal am alive and in Los Angeles. And ah's gwine to see one of dem three tonight."

HIGHER IDEALS OF LIFE.

Time is like the mighty Billows As the bell swings to and fro, Passing, passing, swiftly passing Like the downward waters flow. As we see the world grow wiser, And the years come and go, Something seems to stoop and whisper You should not be worried so. Life is sweet and fascinating, We should do the best we can To prepare ourselves for something That will make us greater men. If we have a little courage And a little self control, If we only keep on trying, We will surely reach the goal. We must have a full determination If we want to make success, Good enough will lead to failure. To succeed requires the best. DIVISION MAY BE PERTINENT ISSUE, SAYS WACO PAPER.

Waco, May 15.—Hon. Geo. Robinson, editor and publisher of the Waco Times-Herald is a native Texan. The Jack Garner interview suggesting that Texas be divided into five states and The Record's map of the five states is responsible largely for the following editorial comment on the division proposition, penned by the gifted Waco editor:

"That matter of creating new states out of this Texas of ours is still under discussion; the majority sentiment however seems to be against disturbing the present arrangement. It is an open question as to where the initiative for division rests, the joint resolution for annexing Texas to the United States saying that 'new states of convenient size not exceeding four in number, in addition to said state of Texas, and having sufficient population, may hereafter, by the consent of the state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution.'

"Read that over again, and tell us where you think the initiative for creating the new states properly belongs—is it with the congress at Washington or does it rest with us here in Texas? A map has been drawn and printed that introduces us to Panhandle Texas, to North Texas, to East Texas, to South Texas, and to West Texas, making the five states in all.

"Panhandle Texas comes east so as to embrace Callahan, Shackelford, Throckmorton, Baylor and Wilbarger counties, and the south line is an extension of the south line of New Mexico.

"North Texas embraces the territory east of Panhandle Texas clear to the Louisiana line, the south line zigzagging a bit and including Bosque, Hill and Navarro counties.

"East Texas embraces the counties of Brown, Mills, San Saba and Gillespie and runs from there to the Louisiana line, the south line giving it Fayette, Bradford, and Galveston counties.

"McLennan is placed in East Texas, and is divided into two parts.

"South Texas runs as far west as Keff county embracing the lands with almost a straight line to the Rio Grande, and includes of course, the cities of San Antonio, Corpus Christi, Laredo and Brownsville, at it.

"West Texas includes the counties of Coleman, McCulloch, Mason, Kinney, Edwards and Kinney for ease of this, and takes all the territory south of Panhandle Texas clear out to the Rio Grande, and has a little of the fulfillment of this dream on the part of some of the brethren, if there were no dream you know there would be no talk along this line."

"But political considerations may one day force the question squarely to the front. And what are these? Why, the tariff question might loom large enough to influence the congress to look to Texas for additional votes in the senate, and never can tell.

"And it is barely possible that this would be a Republican move; does that startle you? Why South Texas and West Texas and Panhandle Texas are today clamoring for protection as to cattle and sheep, to hides and wool. The question of division will likely die down. It could become acute. Fort Worth Record.

POSTMASTER PERSONS MAY NOT GO TO CALIFORNIA

Postmaster Jno. W. Persons, who returned Monday morning from a trip to East Texas, stated that it was now probable that he and his family would abandon their former plan to move to California. Mrs. Persons and their daughter have been in California during the past several weeks and at the time they left Colorado it was the intention of the family to move to the Golden State early in the summer.

Mr. Persons stated Monday that they were now considering moving to California to make their home. "We'd rather live in Colorado than any place in the country," Persons said, "but the altitude here is too high for my wife."

OUT BURFORD WAY.

The Mothers Club met with Mrs. James Bodine last Thursday afternoon. Quite a crowd of mothers, and young ladies were present, and enjoyed the hospitality of the Bodine home. Ice cream and cake were served by the hostess at the social hour.

The Farm Bureau met Saturday evening and Mr. Galey, Mr. Lindsay and Mrs. Ewell McGuire were urged to go hear Mr. Sapiro at Abilene. Others may go. We hope to have a full report from these, our leading farmers, because there is much to be gained and nothing lost.

Sunday school Sunday morning was a beautiful service, we had 84 in the Sunday school, and five or six visitors and outside of that they came to school. We have set our pegs for 115 next Sunday, May 28th. And every one is urged to be there on time. We just must keep pace with other Sunday schools in the great Sunday school campaign that is now raging over our state and nation. It takes minds are busy studying the Bible, and about our Lord's business, we will think less about the hard times, and financial troubles, that prevail everywhere. And we will be more cheerful and companionable to our neighbors.

Bro. Walton, the Methodist pastor, came Sunday evening and preached to a house full of folks. Bro. Walton is a young man, and has just begun preaching, but his courage is undaunted and the ministry holds no fears for him. He is improving every Sunday, and we predict for him a wonderful career as a minister of the Gospel. There was some good singing after preaching, to the glory of God.

We surely can testify to the fact that there was a mighty sick Friday our Buford way all day Sunday. We hoped to depart fully recovered by next Sunday, but we think we shall still follow Big Bro. Leach's advice, and keep in bed a few more weeks.

At the Dummit with the ability and driving away Monday morning had gotten that the cement that was set to cut off the \$52 section sand, and the flow of water in the well was down 450 feet last Friday, when the cable broke at the hitch on top of stem, and they lost a whole string of tools. They were fishing last Monday morning, and from the way the tower on a cable grounded and trembled occasionally, it would be long till they have those tools out on the ground.

Mr. Harris himself had his sleeves rolled up, and was chief engineer. His faith is unshakable, and he is putting his all in the Dummit field. The driver informed us he had gone to Amarillo and bought a standard rig and it was on its way to Snyder to be unloaded for future service in the Scurry county oil fields. Here's hoping his faith is well founded.

Everybody come to church next Saturday night at 7:30. Bro. Leach will have something for everyone, old and young, wise and foolish, big and little. All come and hear the good teacher as at usual every week.

SUNDAY SCHOOL

God has wonderfully blessed you all these years
On Him we may depend and have no fear

The Bible is full of practical business truths,
One if we could only realize its true worth & thoroughly pursue

Sunday Schools are the best means of learning
Useful things from God's work we are yearning.
New things we can always find therein
Dethroning continually the pitfalls of sin

A great movement is now being planned and started
Your assistance is needed that these plans be not thwarted.

Scores of folks are now realizing the need of God's work
Come join us and make the Devil's work abominably absurd
Hear and heed our appeal for you at this time
Out to Sunday School next Sunday, forty-five past nine
Over the top at last we expect to go at last
Learning more of the truths which God would have us know.

**SUNDAY SCHOOLS UNITE
IN MEMBERSHIP DRIVE.**

The Baptist, Methodist, Christian and Presbyterian Sunday schools are co-operating in a drive for new members and during the past two weeks have run a large display advertisement in The Record, urging the people of this community not already affiliated with some Sunday school of the city to join the one of their choice. In the advertising carried last week, it was stated that 1800 people in Colorado do not attend Sunday school at all.

Attendance at these four Sunday schools last Sunday totaled 737, an increase of 13 over the previous Sunday. Average attendance during the four months of the present year has approximated 600.

The largest growth to be experienced by any individual class since this drive was commenced is accredited to the Young Men's Bible Class at the First Baptist church. Attendance in this class last Sunday was 46. Lee Jones is president of this class and W. R. Morgan is teacher.

How far would you walk for a dollar? You only have to walk around the corner to Beans grocery store if you want to make dollars on your next grocery bill.

Presented to the public for the first time on September 3 at the Forty-fourth Street Theatre, in New York, D. W. Griffith's motion picture masterpiece "Way Down East," to be seen at the Best Theatre, beginning Friday, May 6th, is now being shown in Boston, Philadelphia, Chicago, San Francisco, Los Angeles and elsewhere. There seems to be no abatement in the interest aroused in these communities. In New York seat reservations are being made for showings far into next year.

**EPWORTH LEAGUE TO HOLD
BUSINESS SESSION FRIDAY.**

To all members and all who should be members of the M. E. church Epworth League, Colorado:

There is to be a special business meeting of the local chapter next Friday evening at 7:45 p. m. in the basement of the church. I am expecting you there, for we have lots to talk about and lots of business to attend to.

The main issue of the evening will be, "Our Written Policy For the Year."

And say, folks: Our district secretary, Miss Jewell Watts of Snyder, has promised to be with us, and let's all be there, full of pep and enthusiasm, or spizzierintum, showing the best in Sweetwater district. And too, let's show her she has our hearty co-operation as a league of her district, to make this the ribbon winning district of the State. How can we do all this? First, be at church Friday night, and ready to learn.

There's another special notice I want to give you Leaguers right now. Did you know that the district E. L. quarterly conference is going to meet with us, here, May 21st and 22nd? It surely is, and that's something else we have got to prepare for. Come on out and let's get together on the plans. Miss Watts will tell us what she expects us to do, at the meeting next Friday night, and she expects you to be there.

For our program next Sunday we will have the installation of officers. Leader, Bro. Browning.

Song; Responsive reading 67th Psalm; prayer by leader; Song 'Come Thou Almighty King'; Scripture readings, Romans 7: 1-8, Ewell Gary; Matt. 25: 14-27, Jesse Stell; Song, 'I Love Thy Kingdom, Lord'; prayer, League member; Song, "Lead on Oh King Eternal"; Finishing with the regular form of installation by the pastor, all officers memorizing their parts. Announcements and the benediction.

The Facts About Rheumatism.
More than nine out of ten cases of rheumatism are either chronic or muscular rheumatism, neither of which require any internal treatment. All that is required is to massage the parts freely with Chamberlain's Liniment. You will be surprised at the relief which it affords.

THE ENGAGEMENT OF MISS JEWELL WATTS OF SNYDER TO MR. E. L. GARY OF SWEETWATER, CO.

The engagement here is for two nights, today and tomorrow; and a Saturday matinee at 2:15. Nights, 8:15. All seats are reserved. Mail orders and phone reservations filled promptly. Get seats early and avoid the rush.

COLORADO GIRL HONORED.

Miss Gardner, formerly of Sweetwater, but now residing in Austin, Texas, was elected a member of Phi Beta Kappa at the University of Texas.

This is the most coveted honor at the University, and is the highest distinction a student can attain. Phi Beta Kappa, the national honorary academic fraternity, was founded at William and Mary College in 1776.

and is the oldest of all fraternities. Its members are chosen from the senior academic class, or from those graduates who have received the Ph. D. degree or have attained unusual distinction since graduation. At the State University, the graduates this year who were elected number about eighteen, representing all parts of the country, from New York City to Mexico City. Austin claims five, and Dallas, three of them.

Because of more advanced courses, the extra large classes and the stiff system of grading, membership in Phi Beta Kappa at Texas University is a greater distinction than at any other Texas schools. The requirements of a senior are that the student must have a "B" average with at least fifteen "free" A's, and that no more than twelve per cent of the graduating class may be elected. Oftentimes at the University a person may have the required grades but is barred by the twelve per cent restriction. When such is the case only those with the highest grades are elected. Miss Gardner, besides having the required "B" average, already has 32 "free" A's to her credit. She is majoring in Latin and minoring in Greek, and is to receive her Bachelor of Arts degree in June. This year Miss Gardner has also completed three courses towards her Master of Arts degree.

The Sterling City Record says: "Our old time friend Lay Powell, of Colorado, was shaking hands with his many friends here last Monday. Mr. Powell owns large ranch interests in the north part of this county. "The boys who shot up the town last week came in last Monday, pleaded guilty in justice Davis' court to shooting and speeding, and paid their fines. The shooter got \$25, and the speeders got \$5 each with court trimmin's. These parties are at Colorado.

Say what you may about dividing the state, but we must either have bigger governors or smaller states. The state is too big for anything but big, broad men to rule it.

Now I wake me up to work;
I pray the Lord I may not shirk;
If I should die before the night,
I pray the Lord my work is al-
right. Amen.

TEXAS & PACIFIC WILL REBUILD WOODEN DEPOT.

A. E. Pistole of Big Spring, divisional superintendent of the Texas & Pacific Railway Co., spent a short time in Colorado Tuesday. Mr. Pistole stated that plans for the freight depot to be erected at Colorado, replacing the structure destroyed by fire several months ago, had been approved at the general offices at Dallas and materials for the building would be shipped to Colorado within the near future.

Pistole stated that the Texas & Pacific would not build a structure of fire proof material, as had been demanded by the Chamber of Commerce. He stated that it was not the intention of the railway officials to ignore the merits of this city in the matter, but because of the fact that finances were very stringent the company would be compelled to practice strict economy in all expenditures.

While in Colorado, Pistole conferred with Mayor Coe to ascertain whether the city administration contemplated an extension of the present limits of the fire zone so as to include the railroad property south of First Street, thus forcing the company, by ordinance, to construct a depot of fire proof material. It is understood that the administration does not intend such a policy, at least for the present.

The secretary of the Chamber of Commerce was in conference with Mr. Pistole almost an hour while the railway official was here, and pressed the demands of the business and professional men of the city for an adequate freight station. Pistole sought to obtain from the Chamber of Commerce the assurance that pressure would not be brought upon the city administration to have the fire limit extended to include their industrial property, or that legal action would not be instituted to force the company to construct a fireproof building here. This assurance was unconditionally denied and if the people of Colorado will cooperate in this matter, the Chamber of Commerce has every reason to believe that this city shall soon have the kind of freight station that through sheer merit Colorado is entitled to.

Bean's new grocery store is "just around the corner" in the Simpson Building next to Keathleys Hotel.

Wednesday evening at the Baptist church the Rev. Mr. Bishop, pastor of the Anson Baptist church, preached a splendid sermon. The house was very well filled, which was a good audience considering the lack of sufficient notice of Mr. Bishop's arrival. The speaker is a man of commanding appearance, has a splendid voice, and his delivery and style of speaking is very fine. Mr. Bishop has been pastor at Anson for more than four years, and the people there think much of him. All those who heard him last Wednesday night, enjoyed his talk.

The court house is one block north of Beans new grocery store.

Dr. D. R. Hardison, pastor of the First Christian church, preached the baccalaureate sermon for the graduating class, Roscoe High school, last Sunday morning. He reports an unusually large crowd present for the services.

TRACTOR ASSIGNED MITCHELL COUNTY DELIVERED SOON.

The 10-ton Holt tractor, assigned to Mitchell county recently by the State Highway Department, has been shipped from Clifton, Ohio, to San Angelo, according to information received by Judge Hall from Rollen J. Windom, State Highway Engineer at Austin, and the machine will be ready for delivery within the next few weeks.

This tractor will be added to the road building and maintenance equipment of the county and will probably be used for motive power in drawing one of the large road grading machines.

GRAND JURY RECESSES TO MONDAY, MAY 26TH

The Mitchell County Grand Jury, convened Monday last week by District Judge W. P. Leslie, was recessed Friday afternoon until Monday, May 26th, when the body will reconvene to complete its deliberations for the present term of court.

WESTBROOK ITEMS.

John C. D. Spann, former district attorney was in the city the first of the week, seeing after the interest of his clients in district court. His numerous friends in the county will be glad to learn that he has moved to Fort Worth, where he is doing a lucrative practice. Judge Spann was a resident of Westbrook for several months, having moved to Fort Worth a short time since. During his short stay here, he and his estimable family made scores of friends. They were live wires in every enterprise that was upbuilding to our little town.

CHAMPION TENNIS DUO LEAVES FOR AUSTIN MEET.

Robert Brennand and Brooks Bell, who are representing the Colorado High School and this district in the State athletic meet which convenes at Austin Wednesday, left Colorado Tuesday morning for Austin. These boys were awarded the championship prize in tennis duo entries at the district meet at Abilene recently, the honor carrying with it a silver loving cup. This cup is treasured by the high school, requiring as it did, three consecutive years' championship to be awarded permanently.

Brennand stated Tuesday afternoon that he and his colleague would put the Colorado High athletic team on the map while at Austin.
