MEMORIAL SERVICES WILL BE HELD AT COLORADO.

An elaborate program commemorating Memorial Day is being arranged by the American Legion post, the Woman's Auxiliary and the United Daughters of the Confederacy, W. W. Jeffress, adjutant of Oran C. Hooker Post, stated Saturday afternoon. The services are to be held at the First Methodist church at 3:00 o'clock Sunday afternoon, May 29th, and at 4 o'clock the march will be made to the I. O. O. F. cemetery where graves of former soldiers will be decorated.

All members of the American Legion are to meet at the Chamber of Commerce at 3 o'clock and march in a body to the church. At the church seats are to be reserved for members of the Legion, Woman's Auxiliary, Civil War veterans and members of the U. D. C.

Mr. Jeffress has requested the organizations arranging this program be given cooperation of the public in furnishing automobiles to carry the old Civil War veterans, U. D. C.'s and ladies of the Woman's Auxiliary from the church to the cemetery. All those who will furnish their car for this purpose are requested to register with H. P. Ragan, at the F. M. Burns Store.

A detailed program of the Memorial Day exercises had not been worked out Wednesday and it will probably be next week before this program is published.

WINDSTORM DEMOLISHES TOP AUTOMOBILE LATE FRIDAY.

The top of the Chalmers touring car belonging to R. P. Price was demolished during the wind storm late Friday afternoon. In company with Dr. Hardison Mr. Price had driven to Jatan late Friday afternoon and had just left on the return to Westbrook where Dr. Hardison was to make an address Friday night, when the storm struck them.

"That was one of the most severe winds I have ever seen in this country," Dr. Hardison stated Saturday in telling something of the experiences of himself and Mr. Price, "And it literally reduced the top of our car to shreds."

COUNTY JUDGE LEAVES TO RECEIVE TRACTOR.

County Judge J. C. Hall left Tuesday afternoon for San Angelo to receive a 10-ton Holt tractor, recently assigned to Mitchell county by the State Highway department. The machine will be used for motive power on the public road building and the maintenance equipment.

Hall stated that he would probably be absent from the city until the latter part of the week, since the tractor is to be driven overland from San Angelo and makes slow progress on the road.

BANKERS PLEDGE SUPPORT TO FARM BUREAU MOVEMENT.

J. M. Thomas, active vice president of the Colorado National Bank, returned Saturday from San Antonio, where he attended the State Bankers Convention, which was convened in the Alamo City last week. Mr. Thomas stated that the bankers were unanimous in pledging support to the farmers and livestock men in the Farm Bureau movement and that details of a plan of cooperation between these interests is now being worked out.

After hearing reports from banking circles in various sections of the State, Thomas returned to Colorado optimistic because of the financial conditions of this section, as compared with those in many other parts of the State, especially in East Texas. "Of course finances are stringent everywhere," Thomas stated, "but we are in better condition here than in some of our East Texas towns."

S. E. Brown, president of the First State Bank at Lorraine, also attended the San Antonio convention. T. W. Stonerod, cashier of the City National Bank of this city, had planned to attend the convention, but he could not do so on account of the absence of J. C. Pritchett, assistant cashier, who was in Abilene to serve as a grand juror on Federal court. Each of these banks have also pledged their endorsement of the Farm Bureau Federation.

EIGHT MEMBERS FACULTY HAVE BEEN RE-ELECTED.

Eight members of the faculty of the Colorado schools have been re-elected by the school board for another year, E. Frank King, superintendent of the schools, stated Monday afternoon. This includes Mr. King, who was re-elected several weeks ago with a material increase in salary. The others follow:

J. D. Foster, principal high school; Miss Georgia Kennedy, Latin; Miss Mabel Smith, Spanish and history; Miss Caroline Chambers, first grade; Miss Alma Phillips, third grade; Miss Beulah DeFman, fourth grade; Miss Ethel Pritchett, second grade; Miss Winnie Vaughan, second and third grades. Miss Dulaney was also re-elected on the faculty but declined because of her plans to attend school.

GRAND JURY RETURNS 16 BILLS OF INDICTMENT MONDAY.

The Mitchell County grand jury, which recessed Friday, April 29, was reconvened Monday morning and it made a final report to Judge W. P. Leslie late Monday afternoon. In this report the grand jurors specified that a total of 16 bills of indictment had been voted during the day Monday. Of these 3 were for felony charges and 13 for misdemeanors.

In its report submitted to the court on April 29 the grand jury noted that seven felony and three misdemeanors bills of indictment had been voted. This makes a total of twenty-six bills returned during the term.

The grand jury was discharged for the term late Monday.

DISTRICT EPWORTH LEAGUE CONVENES HERE SATURDAY.

The Sweetwater District League Convention will convene at the First Methodist church in Colorado Saturday morning at 10 o'clock for a session of two days. These meetings will be presided over by Miss Watts of Snyder, district secretary.

Fifty delegates are expected to be in attendance during the two days of the convention, E. W. Cartwright, president of the League at Colorado stated Sunday. Arrangements have been made to entertain that number in private homes of the city.

Saturday afternoon the visitors are to be guests for an outing at Seven Wells, beauty spot seven miles to the south from this city. It is planned to leave Colorado at 3 o'clock Saturday afternoon and spend the afternoon at this resort picknicking. Luncheon will be spread near one of the water holes at the wells.

ONLY ROUTINE WORK DONE BY COUNCIL MONDAY P. M.

The City Council met in regular session Monday afternoon, but no orders aside from the regular routine were passed. L. A. Costin, city secretary, stated Tuesday.

SCHOOL BOND ELECTION THURSDAY OF NEXT WEEK.

An election recently ordered by the school board, Colorado Independent School District, to determine whether bonds in the sum of \$30,000 shall be issued for erecting and equipping a six-room modern school building, will be held in Colorado Thursday of next week. There is but small opposition to the issue and enthusiasts of the interests of the public schools of the city are predicting that the bond issue will be adopted almost unanimously.

The scholastic enrollment of the district shows a material increase over that of last year, and since the classroom facilities at both the High School and Grammar School were overcrowded throughout the session ending this week, the school board faced the inevitable of providing additional class rooms, and, acting in compliance with a petition filed with them, ordered an election to determine whether the bonds shall be issued.

The success of the 1920-21 session of the Colorado schools, closing today has been marked, especially so during the commencement days of the institutions, when a large class of young ladies and young men were graduated with honors. The public schools of this city are an asset to the community of which every progressive citizen may pardonably feel proud, and in which he should manifest more than passive interest and concern. When we have done our best for the public schools, our endeavors for the boys and girls have fallen short of what they ought to be, we cannot do enough for the splendid young folks of this community who are to become the men and women of tomorrow.

CAN WOMEN VOTE IN THE SCHOOL BOND ELECTION?

The question has been asked, "Can women who have paid their poll tax but have paid no property tax vote in the school bond election?"

The Attorney General of Texas has ruled on this question and states that a wife whose husband has paid a property tax on community property located in the district where the bond election is to be held, and who has paid her poll tax before the first day of February, 1921, can vote in said tax election notwithstanding the record does not show that any property tax has been paid by the wife personally, the husband having paid the property tax. An unmarried woman who has paid a poll tax but has paid no property tax can not vote in said election. Neither can a man, under the same conditions.

To be a property tax paying voter, it is only necessary to pay an amount of tax on property. If one only pays five cents or one cent on property, he is a property tax paying voter under the law.

According to the Attorney General's ruling, every woman in Colorado Independent School District who has paid her poll tax and whose husband has paid tax on property located in this district, if said property be community property, that is, acquired since marriage, is entitled to vote in the coming election. Also, any unmarried woman who has paid her poll tax within the time fixed by law and who has paid any amount of tax on property, can vote.

COLORADO BOOSTERS WILL ENTERTAIN AT TABERNACLE

The fourth monthly meeting of the Colorado Booster Club will be convened Tuesday night of next week at the tabernacle, W. W. Porter, president of the club, announced Tuesday. This meeting of the Boosters is to be "open house," at which the wives, sweethearts and other immediate lady relatives of the individual members are to be the guests of honor.

Arrangements are being made to entertain three hundred at this meeting, W. R. Charters, chairman of this feature of the program stated. He estimates that more than three hundred Boosters will be there "with bells on" and that the lady guests will approximate one hundred and seventy-five.

"The age limit for those ladies to be guests of the Colorado Booster Club next Tuesday night is from 18 to 81," Porter stated, "and the only requirement to become eligible as a 'guest' is to be the wife, sister, mother, daughter or sweetheart of a booster who attends the meeting. Members of the Booster Club comprise the most select aggregation of men in this section of the State and we desire to show the ladies of the city our mettle on Tuesday night."

An elaborate program, consisting of addresses, special music and vocal numbers, band concerts, etc., will be rendered, J. Lee Jones, director of the Colorado Booster Band, informed The Record Wednesday afternoon, following the entertainment program a short business session will be held and last to come will be the serving of refreshments, a usual feature of Booster meetings.

At the business session reports from committees superintending preliminary work on a project to dam Lone Wolf Creek, to lay sewerage mains and an extension of water mains in the city, will be heard. Dr. P. C. Coleman, chairman of one of these committees, has recently made two trips to Dallas and stated Saturday that he expected to furnish complete data as to an estimated cost of these projects.

The club will be called to order promptly at 8:50 o'clock.

STATE SECRETARY WRITES APPRECIATION TO HESPERIANS

Mrs. J. G. Merritt, corresponding secretary for the Hesperian Club, is in receipt of a letter from O. M. Lowery of Dallas, state secretary of the Near East Relief work in Texas, in which Mr. Lowery expresses his gratitude for the response given appeals for aid by the club.

"You cannot imagine the extent of our gratitude and appreciation over the wonderful work that you have done in Mitchell county for the destitute little children and refugees of the Near East," he wrote. "The demand for old clothing is truly great and if other counties will respond as you have made your territory respond we will be able to save thousands and thousands from death."

ANSON MINISTER ACCEPTS COLORADO PASTORATE.

Rev. M. C. Bishop of Anson has accepted the pastorate of the First Baptist Church of this city, effective June 5th, it was announced Wednesday morning.

Rev. M. C. Bishop and family, of Anson, arrived in the city on Tuesday and the Rev. preached at the Baptist church in the evening to a large audience. A short time ago the church extended to him a unanimous call and he had not notified the church his decision, as he was waiting to confer with them. On Tuesday morning, after talking the matter over with the committee, Mr. Bishop will come to Colorado and bring his family, to begin his work June 1st.

Rev. Bishop is a West Texas man, and has all of the qualities that make a man good. He is progressive, a hard-worker, broad-minded and he is very much given to hospitality.

Besides being well-recommended, the Reverend is well known by a number of our leading people, who know him to be an all around man. Of course, no pastor, be he ever such a faithful man, can carry on the work without the co-operation of the entire church. Having a good man will have much to do with having good members, but will they measure up to it? There is work for everyone. Let everyone work.

The Record believes the church made a wise choice in selecting a pastor, and bespeaks for him the co-operation and sympathy of the members and the public in general.

The address to the graduates will be delivered by Rev. C. L. Browning, pastor of the First Methodist church. Commencement exercises for the seventh grade pupils was celebrated Thursday night at the auditorium.

The baccalaureate sermon to the graduates was delivered on Sunday night at the First Methodist church by Rev. Guy B. Duff, pastor of the First Presbyterian church. From the text in Micah, "When I fall, I shall arise," Rev. Duff delivered a strong appeal to the young ladies and the young men composing the graduating class, to never abandon their ideals for greater and greater accomplishments in life, no matter if adversity does come at many points along the pathway of life.

High school pupils filled the choir, which was directed by Thos. Dawes. Rev. C. L. Browning and Rev. D. R. Hardison assisted in the services.

BON TROMP.

Bon Tromp is a registered thoroughbred stallion, foaled in 1915 and has been racing since a two year old. His last race was in February of this year, when he was purchased by the Remount Service. He is a horse of proven speed and endurance; his last races being at the distance of a mile.

Bon Tromp is royally bred. His sire is Von Tromp who was sired by the famous Ben Brush, and it is the Ben Brush blood that is producing winners today. On his dam's side his great grand sires are St. Himon and Hindo. St. Himon blood will probably never be equalled and Hindo carries the blood of Virgil, Vandal and Lexington.

Bon Tromp will probably breed speed, but he will also breed the more important quality of substance. He is 15 hands, two inches in height, of an excellent type and resembles Ben Brush.

Bon Tromp should sire colts of very great ability for any purpose, having substance, courage and stamina.

Bon Tromp will be handled this season by Mr. D. H. Snyder at the Bell ranch, Colorado, Texas, and a few additional mares may be served by application to Mr. Snyder.

I have had this horse at my residence now for several days and find him with abundance of quality, and am of the opinion there is no better bred horse in the Southwest. He belongs to the U. S. government. 5-20 D. H. SNYDER, JR.

HESPERIAN CLUB REPORT GIVEN AT ABILENE MEETING

The following report was given before the Sixth District meeting at Abilene by Mrs. W. P. Leslie of Colorado.

Madame President and Delegates of the Sixth District: It is my pleasure to bring to you the report of the Hesperian Club of Colorado. Our work for the past year

has been both pleasant and profitable. The course of study was Shakespeare's "Julius Caesar," Scott's "Lady of the Lake," Modern American Writers and Parliamentary law. Special programs were given upon art, music, and child welfare. An enjoyable feature was the Victory Thanksgiving program, which was given in the evening and to which the husbands and friends of the club members were invited.

The Hesperian Club has taken an active part in every movement for the betterment of our town and community. She led in the protest against objectionable shows and lent her influence in beautifying and cleaning up the town.

Three of the members of the club served as officers of the organization that purchased the grand piano for the public school.

When the County Teachers institute met in our city, the club was represented on its program by two of the members who gave talks.

The club has gathered hundreds of magazines and distributed them to the various country schools. She presented a copy of Corot's painting "Spring" to one of these schools and two of the club members gave talks at their Friday evening entertainment and assisted in the organization of a Mother's club in that community.

She brought to our town the Art Collection sent out by Mrs. Sandifer, chairman of art, and exhibited this beautiful collection of pictures at the home of one of the members where tea was served and to which everyone was invited. All next day the pictures were on exhibit at the High School where the children of the different grades had an opportunity of enjoying them.

The superintendent of the school was very appreciative of the club bringing the beautiful works of art to the school and requesting each of the children to write a theme upon the picture he liked best.

At Christmas time, as is the club custom, those in our community who otherwise might be overlooked were remembered with gifts and cards expressing good cheer.

Our chairman of home economics met with the high school girls and offered a prize of five dollars for the prettiest and most inexpensive graduation dress made at home. This proposition was heartily accepted by the girls and endorsed by the club.

It has been a real pleasure to give our endorsement to two new federated clubs in our city. The Civic League and the 1921 Study Club. The president of the Civic League is a Hesperian and it was a Hesperian who was invited by the young women of the 1921 Study Club to help them organize and start right in the federated work.

Our corresponding secretary has answered all communications pertaining to club matters. She presented the program on forestry and wrote our congressman urging his support of the Sheppard Towner bill.

Our club was honored in having as guests at one of its meetings Mrs. Scott of Corpus Christi and Mrs. Robbins, state inspector of food and drugs, and both officers in the state federation.

Near Christmas time, when the appeal came to us from Mrs. Pennybacker and Mrs. Flores for Near East Relief, the club unanimously voted to feed one Armenian orphan for a year. The plan was to send five dollars each month, but the campaign to raise the money had barely started

GRAHAM CUSTOMER PLEASSED WITH WHIPKEY SERVICE.

"Just received last shipment of directories and wish to state they are o. k. I congratulate you upon the usual Whipkey service," writes Lawrence Simpson, manager of the Star Printing Co. at Graham, for whom the Whipkey Printing Co. recently printed a directory job, the work containing 102 pages.

"Our customers are certainly well pleased with the excellent quality of the work," Simpson continues. Am working on telephone directory job now and will send this to you soon."

That is what they all say. We have many more such letters on file in this office. The Whipkey Printing Company have the equipment and expert printers and the satisfaction of knowing how to do that kind of commercial printing that is sure to please.

UNION HAPPENINGS.

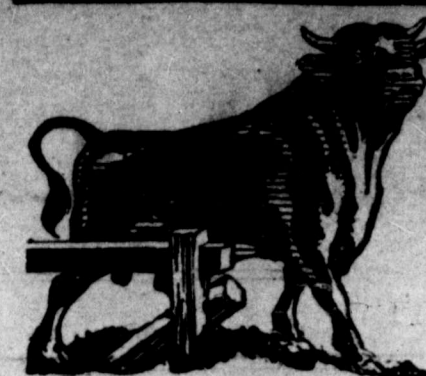

Today, Sunday, was our regular preaching day but Rev. H. B. Terrell our pastor, for some unknown reason, failed to show up. So we had to content ourselves with a good service in our Sunday school. We had a very good crowd, considering the inclemency of the weather. Several of our nice neighbors and friends from Colorado were in attendance, and heartily welcomed in our midst. And we kind of think that if more of our town people would visit in the country, there might be some benefit derived therefrom, especially for our town folks. Try it and see if we won't pay the visit back.

A general good feeling began to spread in this section of the county last Friday night, when the much needed rain fell. Then last night the downfall set-in again, then another to

when the full amount for a year (sixty dollars) was provided and sent to headquarters.

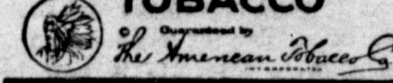

Encouraged and enthused by this success the club almost immediately inaugurated an old clothes campaign for the Near East Relief, and under the leadership of our chairman of thrift, each town, community and school in the county was canvassed for clothes. This met with so hearty and enthusiastic response that as this report is being written, boxes, bags and packages of nice warm clothing from all parts of the county are now pouring in. It is the desire and expectation to have, when all is packed and ready for shipment, a carload or 20,000 pounds of clothing.

In looking back over the club year and bringing to mind the various activities of the year, nothing has brought to the hearts of its members such a satisfying consciousness of having done work that is worth while as this effort to relieve the cold and starving people of the Near East.

A big ice and cold storage plant will be one of the first industries to be erected at Colorado when "Lake Colorado" is completed.

The Record would be pleased to see some good, aggressive West Texan from the west end of the 28th senatorial district enter the campaign for State Senator. There is no time to lose, as the special election will be held June 5th.

Do you read the Sunday school ads run in this paper? Look at the ad this week and get the total attendance and then see how many should attend. Are you one of those who are laying out? If you are a member of any church, you should attend that Sunday school. It is your duty.

The Farm Bureau federation is receiving the endorsement of bankers, financiers, business men, professional men, and other interests throughout the country. The Record has every reason to believe the silver lining will soon begin to loom up across the depressed agricultural horizon.

The people of Colorado are learning that the family garden goes a long way in giving a knock out to old man H C L, as evidenced by the scores of these gardens to be seen in every part of the city. The freeze and frost took our fruit and early berries but we are going strong on the family truck patch.

We are just rearing to take our fishin' tackle and a can of angle worms and hie out to "Lake Colorado," and spend the entire afternoon Kimrodding. "Shake a leg," Colorado Boosters, and pat the bond election over, build the dam and then wait for the big rain and the fish, so that these pipe dreams may become a realization.

Two very important bond elections are scheduled at Colorado within the next few weeks, one of which has already been ordered. The Record recognizes the importance of the success of each of the proposed projects for the city and doubts not but that each of them will be adopted by the progressive citizenry of which Colorado and contiguous territory prides itself.

The fine rains that have fallen over the Colorado territory during the past week have brought much optimism to the farmer, cattleman and the business and professional man. After all, the fact remains, and will continue to remain, that we are dependent to a large extent for our success upon the success of those who produce the wealth and the commodities of the nation, as well as the necessities and luxuries of life.

The Oran C. Hooker Post and the Womens Auxiliary to the American Legion, the U. D. C. and other organizations arranging for the Memorial Day program at Colorado on Sunday afternoon, May 29, should be entitled to the hearty cooperation of the entire citizenship. Such an occasion is for the purpose of paying tribute to

the memory of the soldier dead and we cannot adequately commemorate their noble deeds, no matter how elaborate and impressive the ceremonies may be. All honor be due to their memory.

Colorado Record: The Record office was closed Wednesday while the ball game was being played at the local ball field. The Record is practicing what it preaches in urging the business and professional men of Colorado to get behind the Boosters. We have the best amateur team in the country, and these boys are certainly entitled to the moral and financial support of the city. Form the habit of closing the store and the office for an hour and thirty minutes and let's all see the game next time.

No baseball team can be a success unless it has the backing of the home town, and the Colorado team is getting just that, therefore it is a success and a good boost for the town. While it may not be possible for the business men of Abilene to close their doors each day the Eagles are home they can lend their support, moral and financial. C. & C. does not doubt but that the Eagles are going to get good support from the people of Abilene; the business men showed that they were behind the team last season, and they are showing it this season. The fact that there is to be no Sunday baseball here is a step in the right direction, in view of the fact that the opposition to playing the game here Sunday is general and now that the directors of the local club have decided the matter, the team is expected to get the undivided support of everyone.—Abilene Reporter.

First Christian Church.

Next Sunday at 10 our Bible school has an interesting topic for discussion. Come out and study the Book. The pastor made a report last Sunday of the State Convention work, which met at Wichita Falls on the 9th Inst. It was a great meeting of the men of state and national fame.

Regular services Sunday at 11:00 and 8:00. Both the Endeavor Societies will meet at their regular hours, 6:00 and 7:00 p. m.

CHRISTIAN CHURCH BOARD

HOLDS ENTHUSIASTIC MEET.
 W. W. Porter, secretary of the board, First Christian church, reports that a most enthusiastic meeting was held on Monday evening at the home of Mr. and Mrs. T. A. Dickinson. At this meeting plans for the revival to be held in June and other work of the church for the ensuing months were discussed.

Pupils Programs.

The program given by Miss Wasson's expression pupils at the High School auditorium last Saturday evening was well attended and every number on the program was well given. Miss Wasson is a busy teacher in the public school but finds time to devote to training her class in expression.

Composition Books and Practice Paper, plenty of it, at Record office.

WITH THE CHURCHES

Harry K. Shields
 Who will conduct chorus during the Christian revival.

REVIVAL SERVICES

The revival will begin June 5th at the city Tabernacle, Harry K. Shields will lead the song services. Shields is now in New York singing for more graphophone records. He is one of the best singing evangelists in his work.

The preaching will be done by the Pastor of the First Christian church.

We extend a most sincere invitation to the pastors of the city and surrounding communities and to all the members and friends of their churches to take an active part in any services. We pray that these services may be a great blessing to the community.

Baptist Sunday School.

There was 210 present at the Baptist Sunday school last Sunday. A sextet from the Junior choir which showed both interest and training along musical lines. Mrs. Ratliff and Miss Denman also sang a duet. The work on the basement is progressing and it is hoped it will be completed and ready for use by the time the new pastor comes June 1st.

METHODIST CHURCH

Sunday school convened promptly at 9:45. In the absence of the superintendent, the assistant will preside. Teachers and officers as well as the pupils are urged to be on time, as the services begin promptly on the hour advertised.

At 11:00 o'clock a special Epworth League sermon will be preached by the pastor.

Rev. G. S. Hardy of Sweetwater, presiding elder, will fill the pulpit Sunday night at 8:00 o'clock. The public is cordially invited to attend all of these services.

WOMAN'S AUXILIARY

The Auxiliary to the Oran C. Hooker Post, American Legion, held its regular meeting on last Saturday, with quite an enthusiastic meeting. Besides the routine business, the membership campaign is to be continued. It is the ambition of the Auxiliary to have every eligible woman in the county a member of the Auxiliary. It was also decided at this meeting to help the Legion furnish the rooms they have rented temporarily, and to give an "at home" on rooms. A committee was appointed to send news to the "Legionaire" on each month.

Best carbon paper made, for pencil or typewriter. Also have it in large sheets.

THANK YOU.

We wish to most heartily thank every one in Mitchell county who so generously assisted us to make our clothing campaign a success. We have just shipped 56 bags weighing 2350 pounds to the Near East Relief stations in New York City. So you see everybody helped.

We are especially grateful to the ladies and merchants of Lorraine who sent such a quantity of nice garments; to the teachers and parents of Westbrook who responded so generously, sending so many new good garments; every school in the county who sent bundles and packages; people of Colorado who donated so liberally, and the merchants who all went over their stocks and gave so many and good articles.

We thank Mayor Coe for the use of his building as a store room and his help and kindness to us in packing; we thank every business man who gave us space for a box, and who so kindly took care of the garments for us; we thank the women (not club members) who canvassed the streets for us and brought the bundles to the store rooms; we thank the quilt committee for their good work and for the number of quilts obtained. It is because of your help that we were enabled to get up the county's quota of garments and we know that you are glad as we are,

that our part of the twenty-five carloads of old clothing asked for from Texas has gone to keep some of the ragged unclothed sufferers warm.

OUT BUFORD WAY.

The community and especially friends and relatives of Albert Buford, were saddened by the news of his death after a long illness in the sanitarium at Big Spring. We learned that Albert had opened to a very serious accident while handling some wild geese, and was taken to the hospital, to never leave it in this life. He fought hard to regain his health, and it seemed on the Sunday before his death that there was some hope, but in his weakened condition the odds were all against him. He leaves five brothers and a sister, Miss Client Feaster. The entire community suffers with the bereaved ones in their loss, and extend to them our love and sympathy in this dark hour.

Bro. Leach conducted the burial service, and in his own kind way, comforted his loved ones, and made us all to know and realize more clearly that the death angel might knock at our door at any time.

We had a good day Sunday at the little church in the vale. Despite the threatening weather, every teacher and officer of the S. S. was on the job. Mr. Owens from Oklahoma talked several minutes on the importance of S. S. work, and Bible study. Everyone enjoyed it and we invite him back to be with us again. Our day to visit the Methodist Sunday school was to be Sunday the 22nd, but we learn from Bro. C. L. Brown that the district Epworth League, conference; also quarterly conference will be in session then, they are expecting about 70 guests. And it was decided best to postpone our visit till another date.

So everybody out Buford way are especially urged to be on time at Sunday school Sunday morning. Let's have a record attendance.

We really appreciate these nice showers, and cool, refreshing air,

as God intended that we should and if it is His will, we would like a little bit more.

Quite a few of the farmers are still planting, most all of them have some cotton, feedstuffs, and corn up. It was the writer's good fortune to spend a few hours in the Longfellow community Tuesday evening. We found those folks that we talked with as cheerful as could be expected considering the financial cloud that is seemingly hanging over us.

Mr. C. A. Gillis was driving four to a planter. Said he "hoped his cotton would come up," but did not know that it would. We found that he had almost been our own neighbor up in Scurry county. Along came Mr. Bassinger, and we knew him in Ellis County twenty years ago. He showed us a new calf, and a litter of speckled, spotted and striped pigs that had made their initial appearance the day before. We found Mr. A. L. Scott and Mr. Tims just coming in from the tater patch, had put out 11,000 plants. Mr. Tims showed us a fine heifer calf that had been bred down from an A. & M. cow. Of course we did not know for sure, but it might have been that we had milked her grand parent while attending A. & M. some time between 1908 and 1912. Mr. D. P. Smith has gone to the trouble and expense of grading up a good road through the field up to his house, and it adds much to the appearance of his farm. He was watering his potato sets.

Mr. Carpenter, who lives at the E. H. Winn farm, we found knifing some of the best looking young feed we have seen this year, and he was cleaning it too. He was driving a mighty good team of horses. Mr. Ed Glover was sand-furrowing in his 35 acre patch of cotton, and it was almost ready to chop. He said he had 60 head of pigs and brood sows that took a good deal of his time to attend to. Says he swaps pork for groceries.

In other words, he is using "swappingship." All told we found some fine folks over there, and we are going visiting again, some time. Maybe so they'll come over Buford way some time also.

U. D. C. Meeting.

The U. D. C. chapter held its regular monthly meeting with Mrs. J. B. Reese Tuesday afternoon. Plans were completed for Memorial Day exercises. The program was on Memorial Day. The hostess served fried chicken, hot buttered biscuits, creamed potatoes, beets and coffee.

Capt. Watlington Dead.

News reached here this week of the death of Capt. R. H. Watlington, which occurred at his home in Hooks. His son Eugene Watlington, who resides north of town, did not get the message in time to reach there for the funeral. Captain Watlington made his home here with his niece Mrs. Looby for several years and served as justice of the peace and notary public. He was well known both in town and county, and was much loved and esteemed as a gentleman of the true Southern type. He had reached his 81st birthday and had been in fairly good health and had recently finished writing a book which has been published. His death came as a shock to both relatives and friends. Sympathy is extended to his son and to his two nieces, Mesdames Fairbairn and Looby, and the other relatives in Eastern Texas.

The reporter visited in Sweetwater Sunday and attended the Baccalaureate service to the class of 1921, who number thirty-five and among them being Russell Wimberly, a former Loraine boy. The following program was rendered:

- Processional, Orchestra.

- Prayer, Rev. T. Y. Adams.
- Hymn, 78.
- Scripture Lesson.
- Gloria Patri.
- Announcements.
- Anthem, "Praise ye the Lord." F. M. Patterson, choir.
- Orchestra Offertory.
- Solo, "Ave Maria," H. Millard.

A. L. WHIPKEY LANDING BIG CATCHES ON CONCHO

A. L. Whipkey, who left Colorado Thursday of last week for a fishing trip on the Concho near Ballinger, writes the office that he is having a fine time and making some good catches. Writing from Ballinger on Tuesday, Mr. Whipkey stated: "Having a fine time on fishing trip at the club house on the Concho. Landed a whale that actually laughed in my face, broke a large silk line with ease and then swam leisurely away. Brought 25 pounds of fish home with us and had fish to burn in camp."

He wrote that excellent rains had fallen over that section of the state. He will leave Ballinger probably today for Dallas to visit his son Stansel Whipkey, who is attending Metropolitan Business College, and also to attend to some business affairs. Mr. Whipkey will return to Colorado the first part of next week.

BALED MUSIC

"THERE'S going to be a great concert at the opera house tonight," said the retired merchant, "and if you'll go along with me, I'll pay your way and buy you five cents' worth of peanuts. I'm sure nothing could be more liberal than that."

"You'll break yourself up in business if you go around wasting your substance in that fashion," replied the hotel keeper. But you will have to hunt up another victim. Since I bought a phonograph and a bunch of records I have quit going to concerts. There's nothing but vanity and vexation of spirit about an entertainment of that kind. It's advertised to start at a certain hour, say eight o'clock, and you are credulous enough to think that the specifications will be lived up to. You break a hame strap to get there in time, and when you arrive, at ten minutes to eight, you find you're the first one there. You sit around, waiting for an hour or two, and people walk on your feet and sit down on your hat and make things unpleasant as possible.

"By the time the curtain goes up, you are wishing you had possessed sense enough to stay at home. But, being there, and having paid for the privilege, you determine to hold her nozzle against the bank, as it were.

"The entertainment usually is opened by a talker. The man who makes a few remarks always looms up at such entertainments, and should be taken to jail for obtaining money under false pretenses. When he has said all that he can think of, the artists begin to dish up the music. It may be elegant music—it usually is. But you can't enjoy it in comfort, for the gentleman with the large splay foot, in the seat directly behind you, persists in beating time with that organ until he drives you frantic. If you turn around and dot him in the eye, you will be ejected from the building.

"Then you will find that the woman with a shrill, carrying voice, who has heard better singers, sits right in front of you, and she keeps on talking in a maddening way. The last concert I attended had a fine contralto who sang some stem-winding songs of the kind we all like. But the woman with the shrill voice was right in front of me, and I could hear her saying: 'Really, you should hear Margaret Keyes or Christine Miller sing that selection; this woman is impossible as a vocalist.'

"Then a man with a hectic voice and a name that he imported without paying duty on it, stood up and whined like a doggone zebra, and we were expected to believe that he was singing a Neapolitan song. I never heard anything that filed my nerves the way that voice did. It recalled the halcyon days when my father used to sharpen a bucksaw with a rasp. Well, when he finished his first number, the applause was frantic, and he reared up and did it all over again. Then the applause was louder than ever, and he whined something else. They kept that blamed pirate there for half an hour, and I don't know when I suffered so much.

"The hall was overheated, and I was jammed in the middle of a row of seats so I couldn't get out without climbing over a number of ladies and gentlemen. We were kept there for three hours, and when I got out I swore by my Sunday hat I'd never go to another public concert.

"Next day I bought a phonograph and a lot of records of the kind I like, and now I enjoy my music. I start it when I get ready, and quit when I am tired. No punk singers are encored. No Windy Jims introduce the singers with a few pertinent remarks. If a singer displeases me, I stop the machine and throw the record into the alley. You'd better tear up your concert ticket and come and hear my music mill."

Hard Hit.

"What's wrong, old man? You look blue."

"Had a scrap with my wife this morning."

"Oh, don't let a little thing like that worry you. A thunderstorm clears the atmosphere, you know."

"Yes, but that doesn't help a man who's been struck by lightning." — Boston Transcript.

Of Course.

"You made a big howl that you were out for civic betterment."

"We did."

"Yet your program consists solely of getting your crowd into office."

"Well, ain't that civic betterment?"

New Rich.

"Well, what's on the tapis today?" asked the social secretary breezily in. "I hadn't noticed," answered Maw Hoptoad. "Maria, did you spill anything on the tapis?"

COOK COUNTY QUARREL SEES MOVE TO DIVIDE ILLINOIS.

Springfield, Ill.—May 7.—Creation of a new state of Northern Illinois was advocated today by Senator John T. Denver from Chicago, who introduced a resolution in the senate calling upon Congress to divorce Cook county, (Chicago) and seven other neighboring counties from the other 94 counties in the state.

Surely if they divide Illinois, Texas should be divided. Cairo, Ill., has nothing in common with Chicago, and yet they are not half as far apart as Brownsville and Dalhart.

Do you remember when you were a youngster and played beanbag? Beans must have been a whole lot cheaper then than now, to be tossed around carelessly that way.

We'd hate to scoot around the old town in a costly motor car, and have folks saying with a frown on corners near and far, "Just watch that geek and how he goes; he's raising quite a fuss, but if he paid up what he owes he'd go on foot like us."

Bring Them In

Suffer little children, and forbid them not, to come unto me—for of such is the kingdom of heaven—Matt 19, 14

You may say that the primary mission of the Sunday school is for children, which is correct in a sense, for every child should have the influence of the Sunday school—Statistics show that the child reared in Sunday School seldom ever goes astray, and NEVER forgets the impression left on their tender young lives—But the children are not the only ones that should have the influence of the Sunday school—It is equally important that the

Grown-ups

Should accompany the children—The Colorado Sunday Schools are pleading for your presence—Wont you come? The opportunity is yours as it has ever been, but you are probably needed now more than you have ever been—The Go-To-Sunday School Movement is on—

MITCHELL COUNTY FARMERS SIGNING COTTON CONTRACTS.

The farmers of Mitchell County are signing the cotton commodity contracts almost 100 per cent, E. M. Baldwin, secretary of the Mitchell County organization stated Tuesday afternoon. These contracts pledge to the federation cotton produced by the farmer members during a period of five years, the federation to act as selling agent in superintending the pools and negotiating between producer and the market.

Monday night a community organization of the county bureau was perfected at Spade. Tuesday night one was organized at Lone Star and on Wednesday night another was organized at China Grove. These community units of the farm bureau are being organized by Mr. Baldwin, W. A. Dulin, county farm agent and others interested in putting the drive over in this county. Thursday night

a meeting was scheduled to be held at Champion and tonight the organizers will go to McKenzie.

Mr. Baldwin is optimistic over the outlook for signing up the Mitchell county quota in the cotton pool drive for 1921. He reports that in every community visited so far the farmers have given the Farm Bureau cooperative marketing plan, as well as other features of the federation their enthusiastic support.

Baldwin considers that action of the bankers of the county, in conference at Colorado, in pledging to the producers of farm commodities and to the federation their support in the campaign to better conditions for the farmer has done more perhaps than any other agency to bring about the favorable reception accorded representatives of the organization at each community in the county to be visited. The Chamber of Commerce has also endorsed the farm bureau movement and pledged its moral support

to officers and members of the Mitchell county unit.

Considerable discussion as to the needs of increased cotton warehouse facilities at Colorado is being heard and it is now considered very probable that such a project may be consummated before the next cotton season. The banks of the county and the Chamber of Commerce will also cooperate in this undertaking, if inaugurated, The Record is informed.

About Digestion.

It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of the greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.

ESCAPED CONVICT PASSED THROUGH COLORADO SAT'DY.

Mark Wheeler, among the prisoners to escape from the State penitentiary during the fire within the walls Monday of last week, passed through Colorado Saturday shortly after 3 o'clock, it was learned Saturday. Wheeler was traveling in a high powered automobile stolen at Houston.

Saturday Sheriff W. J. Chesney received a telegram from the penitentiary authorities giving a description of the automobile and requesting that he look out for the fugitive, who it was believed was headed this way. Upon inquiry at Womacks garage, the sheriff learned that Wheeler had passed through the city only two hours previous.

Wheeler was later apprehended at Van Horn, and stated that he was trying to make his way into Mexico.

BON TROMP

BON TROMP is a Registered Thoroughbred Stallion, foaled in 1915 and has been racing since a two year old. His last race was in February of this year, when he was purchased by the Remount Service. He is a horse of proven speed and endurance; his last race being at the distance of a mile.

BON TROMP is royally bred. His sire is VON TOMP who was sired by the famous BEN BRUSH, and it is the Ben Brush blood that is producing winners today. On his dam's side his great grand sires were ST. HIMON and HINDO. St. Himon blood will probably never be equalled and Hindo carries the blood of VIRGIL, VANDAL and LEXINGTON.

BON TROMP will probably breed speed, but he will also breed the more important quality of substance. He is 15 hands, 2 inches in height, of an excellent type and resembles Ben Brush.

BON TROMP should sire colts of great ability for any purpose, having substance, courage and stamina.

BON TROMP will be handled this season by Mr. D. H. SNYDER at the BELL RANCH at COLORADO, TEXAS, and a few additional mares may be served by application to Mr. Snyder.

I have had this horse at my residence now for several days and find him with abundance of quality, and am of the opinion there is no better bred horse in the Southwest. He belongs to the U. S. Government.

M. E. CHURCH FORCES ARE ORGANIZED FOR CAMPAIGN.

The First Methodist church is fully organized for the Christian educational campaign commencing May 28 and ending June 5, Rev. C. L. Browning, the pastor, stated Sunday. The director, four minute speakers and team captains have all been designated and are already actively pushing the campaign here. The first conference of these workers since organization was held Tuesday night at the church.

Sunday morning Rev. Browning preached from the subject, "Why the Educational Campaign?" Sunday night was also devoted to a sermon dealing with the drive soon to be on. With the exception of the sermon to be delivered Sunday morning at 11, when the pastor will preach a special Epworth League sermon before the district convention of Leaguers of the Sweetwater district, the church services are all to feature the subject of Christian education until the campaign closes June 5th.

An interesting address was delivered by T. W. Stoneroad Sunday morning on the subject of Christian education. He quoted statistics as showing that only one per cent of the American people were college graduates, but yet out of that small per cent came more than fifty per cent of the statesmen, leading laymen and preachers of the nation. Stoneroad stated that quota assigned the local church would approximate \$2.50 per capita membership each year of the five in which the pledges are to be collected.

Judge W. P. Leslie, chairman of local work, announced his captains to carry on the work and called a meeting of them Thursday at eight p. m. They are D. N. Arnett, Mrs. E. A. Barcroft, Mrs. C. L. Browning, Mrs. Blanks, W. S. Cooper, W. B. Crockett, Mrs. Marvin Dorn, L. B. Elliott, Mrs. E. Gary, L. H. Gaskins, W. H. Garrett, Mrs. W. H. Garrett, J. C. Hooker, A. J. Herrington, W. C. The quota for the church for a period of five years will be about \$5,500.

WESTBROOK ITEMS.

Another successful term of the Westbrook school came to a close Friday, May 13th.

Commencement exercises were held at the school auditorium May 14th. Only two graduated this term, Miss Ira Bledsoe and Miss Betty McDonald. Rev. D. R. Hardison of Colorado delivered the address and Prof. A. F. King of New Mexico presented the diplomas. The faculty, Miss Cleo Pritchett as principal, Miss Mettie Phillips and Miss Elon McDonald are highly praised by the patrons for efficient work here and are heartily recommended to any position that they might aspire to.

Miss Cleo Pritchett entertained the Senior class at the home of Mr. and Mrs. Joe Gingerich on Tuesday night of last week. The rooms were artistically draped in green and white representing class colors.

Forty-two, flinch and Bunco were indulged in until a late hour, while Mrs. Gingerich honored them with a number of selections on the piano.

Refreshments of Angel food cake and ice cream were served. After expressing themselves as having a nice time, "good nights" were said.

Services were conducted at the cemetery by Rev. J. W. McGaha. His body now sleeps beside those gone before in the beautiful cemetery at Snyder, where the sun when it sinks with all its glory in the west, casts its last rays of myriads lights as a mantle of sorrow.

He leaves to mourn his passing four sons, Rev. A. J. Leach, Rome, Rev. A. D. Leach, Westbrook; A. L. Leach, Big Spring; and J. A. Leach of Amarillo; and three daughters, Mrs. M. C.
