MORRISON NO. 2 FLOWS BY HEADS

CONSTRUCTION WORK ON LAKE COLORADO TO COMMENCE SOON

Water and Sewer Systems to be Extended to Accomodate City of Several Thousand Population—Work to be Rushed to Completion.

BONDS TO BE SOLD UPON APPROVAL BY ATTORNEY

Lake Drainage Area About Fifty Square Miles, Water Shed Twelve Miles Long—Present Water Supply Unfit For Industrial Purposes Account Solids.

Mayor A. J. Coe stated Tuesday that the transcript of the water extension and sewer bonds, received last week from the Colorado Abstract Company, would be submitted to an accredited bonding attorney for approval and that just as soon as this opinion could be had the city would push sale of the bonds in that all preliminaries for advertising for bids on Lake Colorado, the water main extensions and the sewer system be completed at the earliest possible date.

"Every indication now points to an increased population in Colorado within the near future," a city official stated in commenting on these projects, "and the city cannot afford to lose any time in getting these three projects under way." There is, however, no water shortage at Colorado, but the present supply is taken from wells and the water contains a mineral content, the only objectionable feature of which is in the corrosive effect this content has in boilers and pipe lines.

The water from these wells is collected in a surface reservoir having a capacity of around 125,000 gallons and flows from this reservoir to the city by gravity, a pressure of from 35 to 50 pounds being maintained in the business district. In addition to this surface reservoir, there is a steel tank, 100 feet in height, with a capacity of 300,000 gallons, which is directly connected to the pump from one of the wells. In case of fire, the surface reservoir is cut out and the steel tank turned in on the water mains, giving a fire pressure of around 90 pounds in the business section.

Engineers employed by the Chamber of Commerce made surveys on Lone Wolf creek, northeast of the city and located a site for the proposed dam near the eastern city limits. A dam constructed at this point, having a spillway elevation of 2,085 feet, will impound approximately 142,000,000 gallons of water. This lake, at maximum capacity, would hold a supply covering one year's use for a city of 4,000 population.

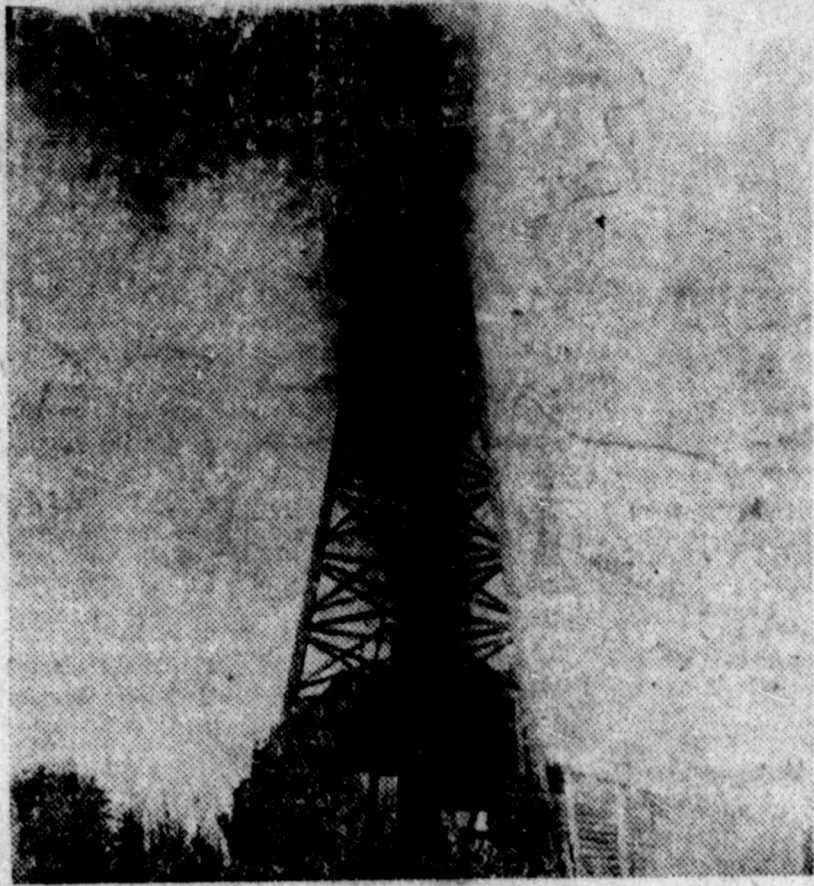

Tentative plans are to locate the pump station immediately below the dam on a rock ledge. From this pump house, it is proposed to lay an 8-inch cast iron main leading to a connection with the present main from the wells to the city. This, however, is only tentative, as stated, and the City Council is said to have reached no definite decision as to the rejection or acceptance of this plan of connecting the lake water with the city mains.

The drainage area of Lone Wolf is approximately 50 square miles, the land over the water shed being of a sandy nature and underlain with sand stone. The distance from the dam to the extreme limits of the drainage area is 12 miles.

The sewer plant to be installed will cover the major portion of the city, extending throughout the business district and as far north as Ninth street. The sewer system was designed with a view of the probable future expansion of the city and the necessary extension of the sewer lines to follow. The sewer mains, should recommendations of the engineers be followed, are to be 10 inches for the main interceptors and 8 inches in diameter. The outlying laterals are to be six inches and it is recommended that none of the lines be smaller than six inches.

The water main extensions were designed to serve practically the entire city, and this extension is to cross the river at the South Colorado bridge and give fire protection and domestic water use to that section of the city.

The bonds for these three projects were adopted almost unanimously, there being only 21 opposing votes polled. The issues are serials and bear interest at the rate of six per cent per annum, the interest maturing semi-annually.

OIL SHOT ABOVE THE DERRICK WHEN WELL CAME IN SATURDAY

Producing Sand Not Yet Penetrated and Efforts Being Made to Drill Well In—No Estimate of Settled Production Made—Offset Wells to be Drilled at Once

TERRITORY PROVEN SATISFACTION OIL INTERESTS

Thousands of Interested Spectators Visit Well—Colorado Thronged With Oil Scouts—Big Companies Active and Leases Trading Very Rapidly.

Morrison No. 2, of the Underwriters Producing & Refining Company, 12 miles west of Colorado, came in late Saturday with a good flow by heads. Within a short time after the well began to flow, oil was shot several feet above the derrick. These heads continued until the well was capped and placed under control.

The well has continued to flow by heads throughout the week and reports received here Thursday morning were that oil had been shot half way up the derrick the afternoon before. The producing sand has not been penetrated and the company is making an attempt to drill deeper. There is no estimate as to what the production will be. Some oil men predict that a gusher of from 1,000 to 5,000 barrels will be brought in there, while others more conservative place their estimate at a few hundred barrels. Much activity in leases, with prices soaring hourly is reported.

COLORADO-TEX COMPANY SHIPS FIRST CAR OF OIL

The first car of oil to be sold from the Mitchell County field was shipped Monday by the Colorado-Tex. Company from their Foster No. 1 at Iatan. The oil was shipped to a refinery at El Paso. According to Horace Cook, a representative of the company, additional shipments are to be made within the next few days. It was stated last week that oil would be sold to an Abilene refinery, but when buyers at El Paso offered a better quotation, the shipment was directed there.

The company recently completed a line from the well to the Texas & Pacific tracks at Iatan where a loading rack has been constructed.

BOILER MOVED BACK BY CREW AT MORRISON NO. 2

Completing arrangements to bring Morrison No. 2 in, the Underwriters Producing & Refining Company moved the boiler back 100 yards from Morrison No. 2 Monday. The steam, water and fuel lines were connected up Tuesday and operations were again resumed, following a shut down Saturday night.

"We expect to commence agitating the well a little this afternoon," M. E. Adams, field superintendent for the Underwriters Company, stated while here Tuesday morning. "And there is certainly going to be something doing out there when we do," he concluded with a look of satisfaction.

HOTELS, RESTAURANTS AND FILLING STATIONS BUSY

The hotels, restaurants and filling stations of Colorado have been experiencing a brisk trade this week because of the large number of visitors in the city. Hundreds of automobiles from various sections of West Texas have been arriving and departing with minute regularity throughout the week.

L. B. Elliott, manager of the Colorado Abstract Company, reported that his office was "swamped" with requests for Mitchell County oil maps and that his supply was sold out early in the week. W. S. Stoneham, who also sells these maps, sold out Monday and wired for a new supply Monday night.

BURRUS NO. 1 SPURRED BY HERMLEIGH OIL & GAS CO.

The Hermleigh Oil & Gas Company has spudded its Burrus No. 1 on the J. W. Burrus farm 18 miles northeast of Colorado. The company is incorporated for \$50,000 and owns 8,000 acres in leases in the vicinity of Hermleigh.

Commissioners' Court is working out plans for closing the gap in the Highway in Western Mitchell County and when this is done, the route

The Morrison well is by far the best well drilled in outside of proven territory and has conclusively proven up this territory, the local oil fraternity state. Development on a large scale is anticipated in the Mitchell County field and already plans are being formulated for additional wells. The Underwriters Company will drill three or four offsets to the Morrison at once, L. W. Sandusky, attorney for the company stated Tuesday morning, and their Zilpha Morrison No. 1, two miles west, will be rushed with a double tower crew.

M. E. Adams, field superintendent for the Underwriters Company, stated Tuesday afternoon that he would not attempt at that time to make an estimate on the production of the Morrison well until a further test was made. "The well may produce three or four hundred barrels, or it may produce five thousand barrels," he said.

The quality of petroleum from this well is of very fine quality, but an analysis to determine the gasoline, kerosene and lubricating content has not been made.

Since the Morrison well blew in and began to flow by heads late Saturday hundreds of interested people from various sections of West Texas have been in Colorado and at the well daily. It is estimated that five hundred automobiles were seen at the well Sunday and the continual coming and going of these cars has since formed an unbroken line. Sunday afternoon as a party of Colorado people were returning from the well, they counted seventy-five cars going west between the West Colorado bridge and Morgan creek, a distance of five miles.

* T. W. Stoneroad, vice president of the City National Bank, states that as he was driving to the well Sunday afternoon, he met 94 automobiles between Westbrook and the well, a distance of two and one-half miles.

Among the visitors here are a number of representatives of big companies of the State and financiers and operators from points in the Mid-Continent field. The familiar small groups of men, crowded about an oil map and interestingly pointing out acreage here and there, to be seen in the Ranger and Mexia fields, are very much in evidence on the streets of Colorado, in the restaurants and hotel lobbies, and at the well. Trading in leases, however, had not become heavy Thursday morning.

A few afternoons ago a representative of the Record was at the well and noticing a party of these men interestingly occupied in the lines and dots of a county map, approached them with the thought in mind of getting "next" to something for a scoop. "Well, boys," one of them remarked, as he turned about and glanced toward the rig over his shell rimmed glasses, "we cannot do anything but admit that this is a

(Continued on page two.)

PALISTINE PAGEANT TO BE SHOWN THIS CITY

The Palistine Pageant, an exposition of life in the Holy Land and description of the liberation of Palistine from the rule of the Turk, will be presented at Colorado during the last week of February, Rev. M. C. Bishop, pastor of the First Baptist church, stated Saturday. The pageant is to be under the personal direction of Rev. Dr. Allen Moore, F. R. G. S., for several years a missionary in the Orient.

Rev. Allen Moore was for seven years a missionary among the Mohammedans and Oriental Jews. His field of labor has been from Morocco through Northern Africa to Egypt and into the Holy Land. As a recognition of his exploration and research work he has been elected to fellowship in the Royal Geographical Society. Dr. Moore is the founder of two missions in Algeria, was special missionary envoy to Morocco during the war and at the time of the bombardment of Casa Blanca he succored thousands of Jewish captives who had been forced into Mohammedanism and slavery.

For five years Dr. Moore had been director of Palistine expositions in the United States under auspices of the Missionary Education Movement and other well known organizations. He directed the Holy Land scenes and tableaux in "The World in Boston," "The World in Baltimore," "The World in Cincinnati," and "The World in Chicago," the greatest expositions ever held in this country. His specialty is teaching the Holy Scriptures by giving a conception of the surroundings and customs of Bible times.

The pageant will be presented by forty characters in native dress of the Holy Land and Eastern music, antiquities and customs are to be featured. Monday night, February 27, will be Masonic night and the lecture and tableaux are to be of special interest to members of the fraternity.

Dr. Moore has stated that no admission charges are to be made but that silver offerings will be taken. The pageant is playing in Big Spring this week and has recently been exhibited at principal towns along the Texas & Pacific from El Paso east. Reports from these places commend the work very highly.

Dr. Moore's pageant was opened in Grand Central Palace, New York City, by Ex-President Woodrow Wilson. It is claimed that 300,000 people witnessed the pageant in Chicago. Dr. Moore was in Colorado Saturday and expects to return here from Big Spring next week to arrange for the pageant.

REPORT OF AUDITOR IS APPROVED AND ACCEPTED

Reports of the John S. Oglesby Auditing Company of Dallas, employed to audit the records of the several county officials of the county, were filed with Commissioners' Court Monday. The reports were approved and accepted.

MORRISON WELL PRAISED BY COMMISSION OFFICIAL

"Morrison No. 2 looks mighty good to me," R. M. Hoffer of San Angelo, representative of the Oil and Gas Department, State Railroad Commission, stated in Colorado Monday. Hoffer spent the day in Colorado and at the well making an official inspection. "This well is by far the best one yet drilled in this section," the official continued and he further advanced the prediction that the Mitchell County field would now experience a big revival in development.

Hoffer stated that he could not make any estimate as to the production of this well, concluding that such an estimate would be nothing but problematic. The well may settle down to a pumper or it may, on the other hand, blow in for from 1,000 to 5,000 barrels.

In speaking of the potash formation found in the T. & P. and Nat Smith wells, Mr. Hoffer stated that in so far as reports reaching his office were concerned, the formation from the Smith well recently analyzed by the University of Texas was richer in the mineral than that from wells in Loving county, fifty miles from Odessa and about which so much publicity has been carried in some of the daily papers recently. "The nearest well to Odessa is in Loving county, fifty miles distance," Hoffer said, "and the potash formation in those wells is deeper than that found here. I think the analysis of the Loving county formation was nine per cent potash, as compared with 11.6 per cent in the well here."

COLORADO RIVER VIADUCT MEANS MUCH TO CITY

The concrete viaduct to be constructed jointly by the county and State Highway Commission across the Colorado river in the western city limits means much to the city not alone from the civic improvement to be added, but in the nature of the permanent fixture in the Bankhead Highway here. All bridges and culverts of recent construction in Mitchell County on the route of the highway are of the reinforced concrete type.

J. A. Rountree, director general of the Bankhead Highway, stated upon the occasion of his last visit to Colorado that the Federal Department at Washington regarded the culvert and bridge construction on the route in Mitchell County very highly. Photographs of some of these structures between Colorado and Lorraine and filed at Washington as examples of accredited construction. Funds with which to build the new viaduct are available, County Judge J. C. Hall states, but nothing is to be done until the arrival of an engineer from the State Highway Commission at Austin.

Commissioners' Court is working out plans for closing the gap in the Highway in Western Mitchell County and when this is done, the route

COLORADO PREPARED TO MEET BUSINESS GROWTH

Colorado is prepared to meet the conditions that are expected to arise here within the near future as the result of oil development and there should be no question in the minds of those who contemplate locating business enterprises in this city as to that, a representative of the Chamber of Commerce stated Tuesday afternoon.

Bonds with which to impound a large lake of water near the city, extend the water mains and install a complete sewer system have been voted by the city and recently were placed on the market. The projects to be built with these bonds will afford ample accommodations for a city much larger than Colorado. Actual construction work on these projects are expected to be under way within the next few months.

The city is well supplied with electricity for power and light and industries considered for Colorado and which would have to employ this service would be well provided for, the representative further stated. The Texas & Pacific Railway Company has recently completed a large freight warehouse here, making these facilities sufficient for a city of ten thousand people. The industrial yards of the railway company at Colorado are large enough as to insure ample accommodations for shippers in car lots.

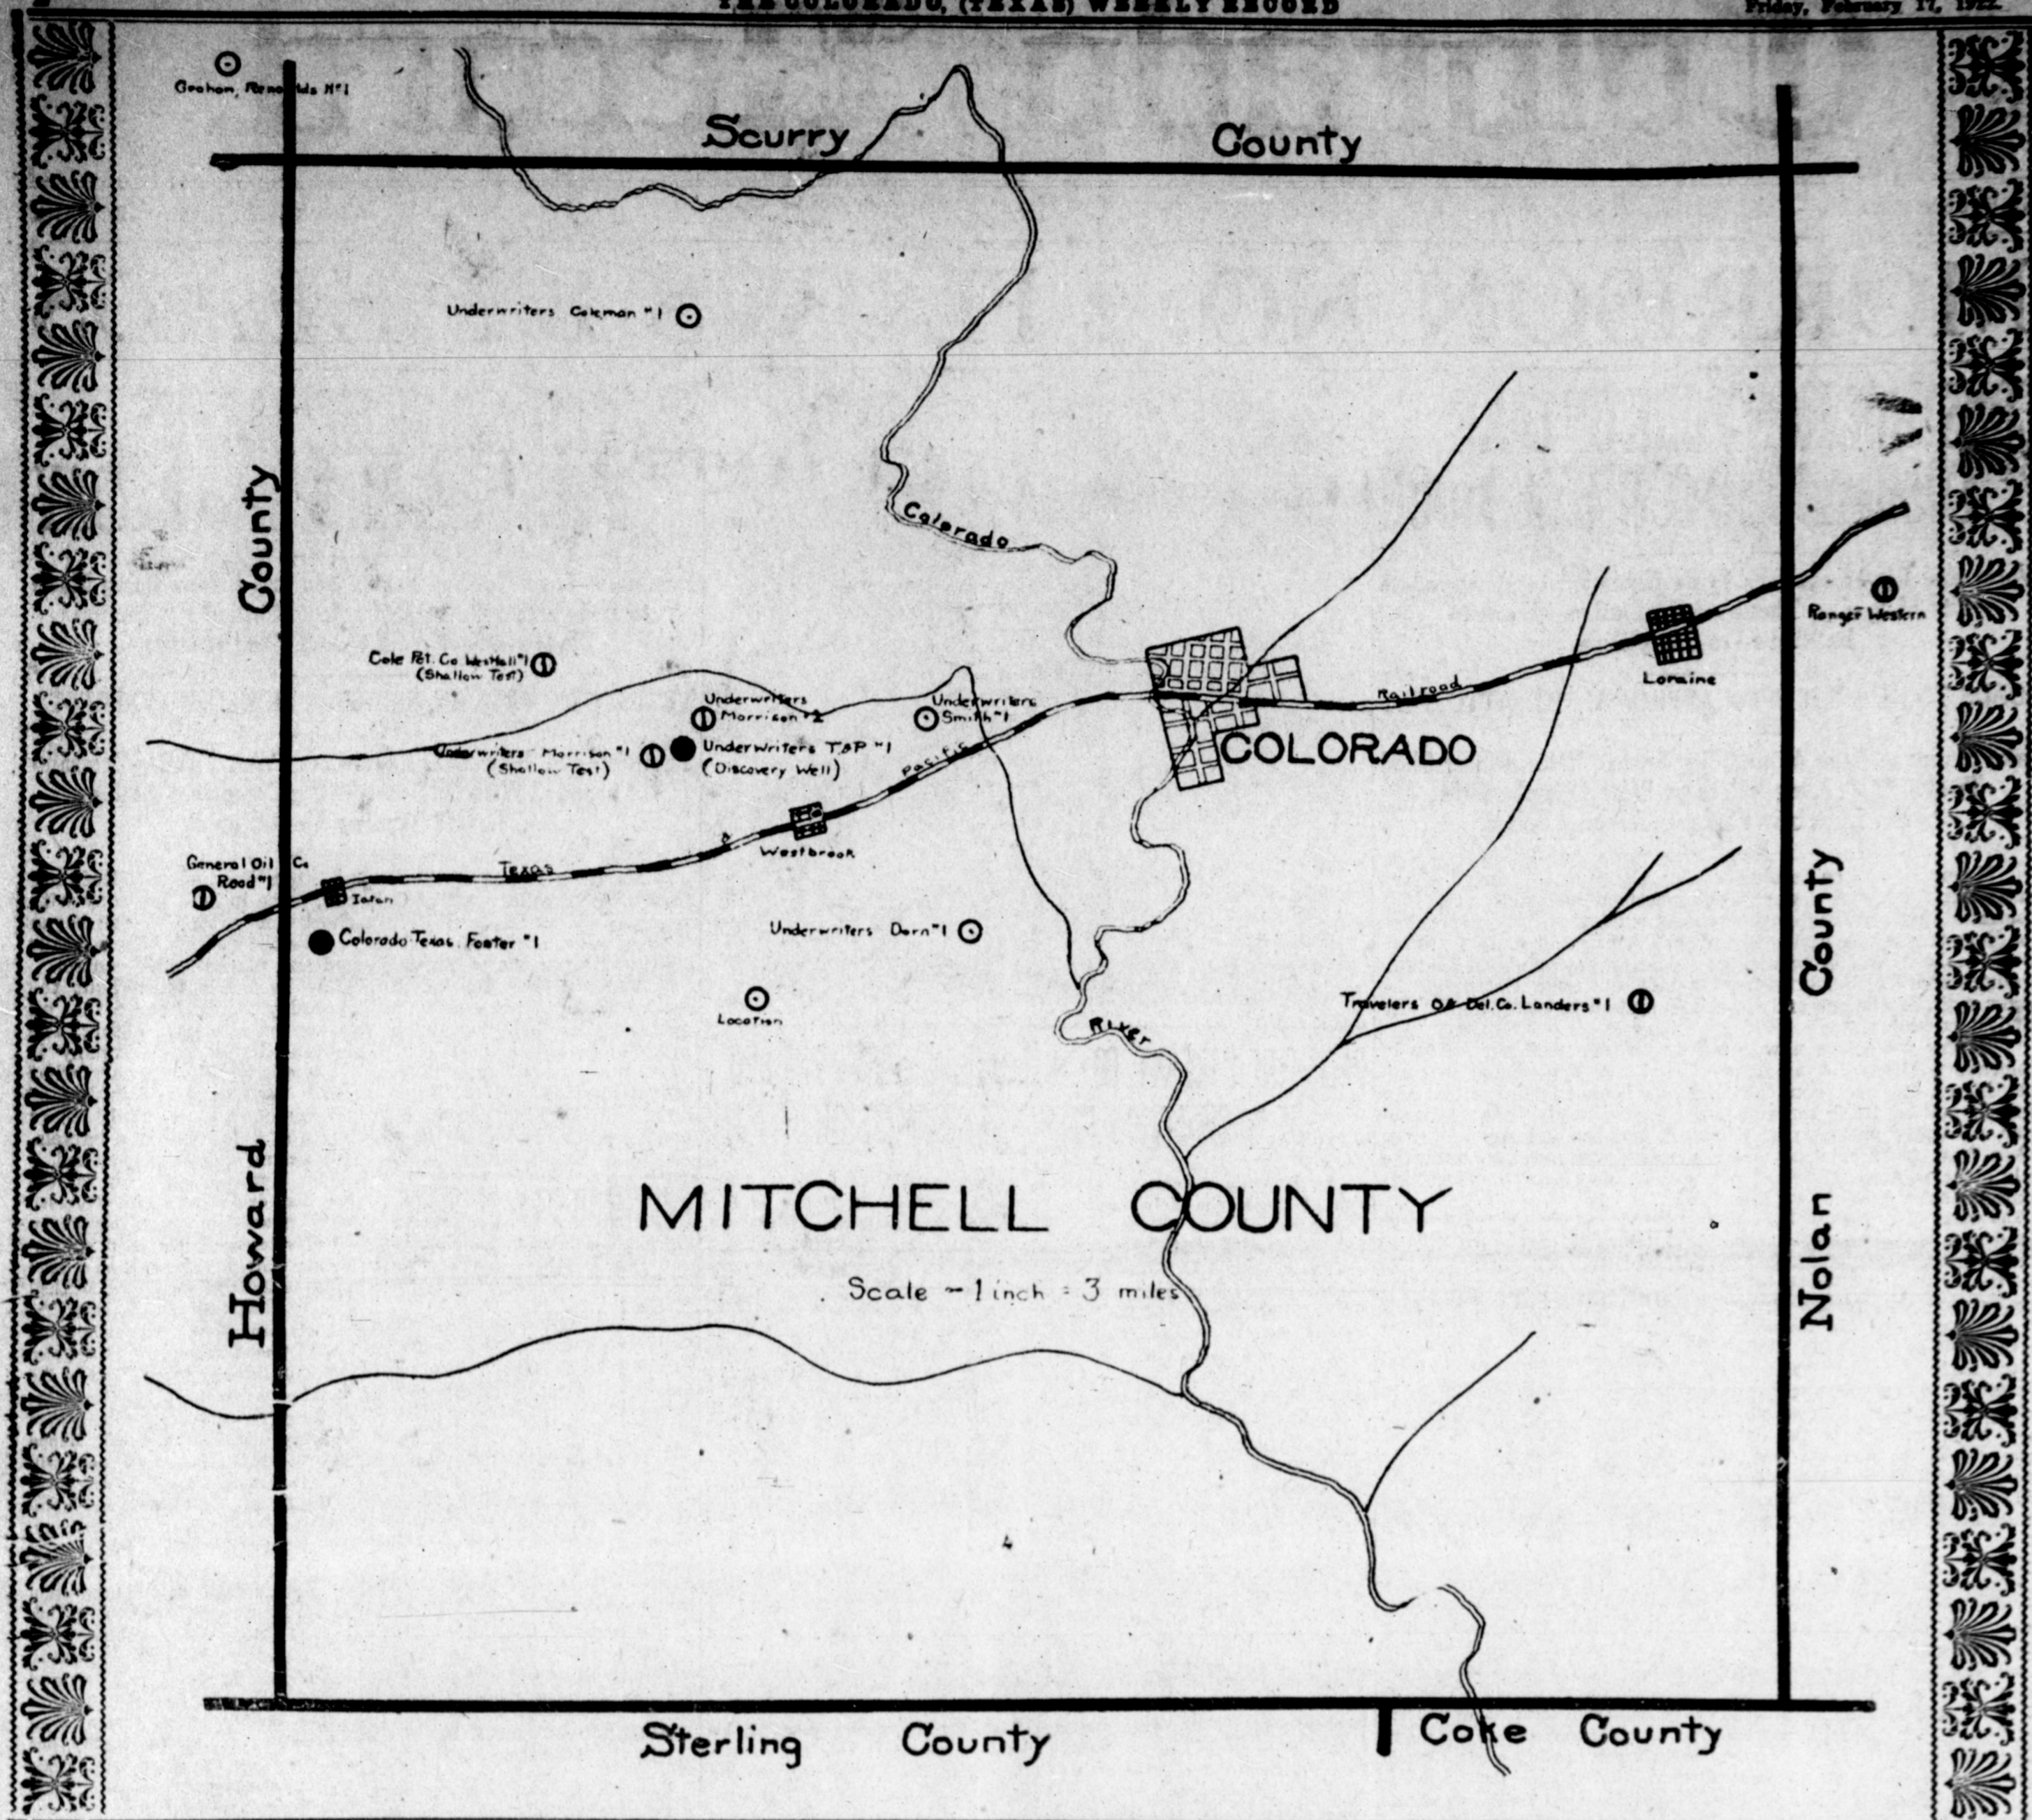

As to sites for new industries, this city is peculiarly situated. At a number of points within the city limits and even beyond along the railway choice yardage and warehouse acreage is available.

In the matter of construction of new buildings, this city is again favorably situated. There is located almost within the city limits one of the largest pits of sand and gravel to be found in this part of the state. This material is being specified by architects at various points along the Texas & Pacific because of its superior quality.

Companies and individuals interested in Colorado and the oil situation here are requested to address the Colorado Chamber of Commerce.

WESTERN UNION BUSINESS SHOWING BIG INCREASE

Local business for the Western Union Telegraph Company has shown a big increase since Saturday night, when the Morrison well began to flow, according to the manager. Messages for transmission to and received from various parts of the United States dealing with information about the oil situation in Mitchell County are being handled in large volume.

MORRISON NUMBER TWO FLOWING BY HEADS
(Continued from page one.)

real oil well and one that stands a showing to blow in at any

time from 2,000 to 5,000 barrels production. The thing to do now is to shoot this dope into headquarters so that the company may be preparing itself for the inevitable, for a good field is going to be

opened here." "Have you sold your farm lease yet?" he asked, turning to the Record representative. "Why-er-no," was the reply. "I have no acreage to sell." With a look of disgust the scout lowered his glasses on his protruding nose and replied: "Well, that is right, I had mistaken you for the farmer I was talking with about some acreage on his place."

"Since I see I have mistaken your identity and drawn you into the conversation, I will go another one and ask you where you are from," the man with the glasses stated. Feeling the embarrassment due him for having "buted in" the paper representative explained that he lived at Colorado and was visiting the well on the lookout for news. "Are you a press reporter?" two of the men asked in unison. When an answer came in the affirmative, the four men in the group assured the Record man they were building aircrafts—"shooting the bull," and of course in so far as the truth was concerned any statements as to the production of the well or the future of the Mitchell County "wild cat" territory was mere guess. Two of them admitted, however, when the question was directly put, that "the well looks pretty good."

Merry Wives.
Mrs. Henry Pond was hostess for the Merry Wives Wednesday. Her guests were Mesdames L. R. Pond, C. R. Elliott, R. P. Price, Wilson, Frank Lupton and Hope Herrington. The score cards were valentines. Mints were served in Cupid baskets. Ice cream topped with cherries and cake were served. On each plate were favors of Jongruls. Mrs. Blanks entertains the club next week as guests of the Harmony club.

THIS MAN DEMANDED "RELIABLE" OIL NEWS

Early Saturday night as the report that Morrison No. 2 had gone over the top began circulating about the city, most of those citizens it reached believed such to be a fact and no doubt at once began in their minds to formulate plans for keeping pace with the anticipated boom. There were others, however, more conservative and not so easily to be fully influenced by the report on the street. "Who has been to the well and seen oil shooting above the derrick?" one of these demanded of a small group on the street corner. "Why, I understand that Judge Earnest, Max Thomas and Joe Smoot have just returned from there and say that it is actually a fact," some one replied.

"Well, I consider those fellows reliable," the conservative gentleman replied, and stated as he walked to a near-by telephone, he would soon know the truth of the whole affair. Judge Earnest stated Monday morning that he appreciated very much the compliment and felt sure that Mr. Thomas and Mr. Smoot would concur. Smoot admitted that he was kept busy at the telephone in his home for some time Saturday night confirming reports about the oil well.

HART & COSTIN, Colorado.

The Record has added more than twenty-five new subscribers to its list this week.

C. OF C. COMMITTEE TO ENDORSE TOURIST CAMP

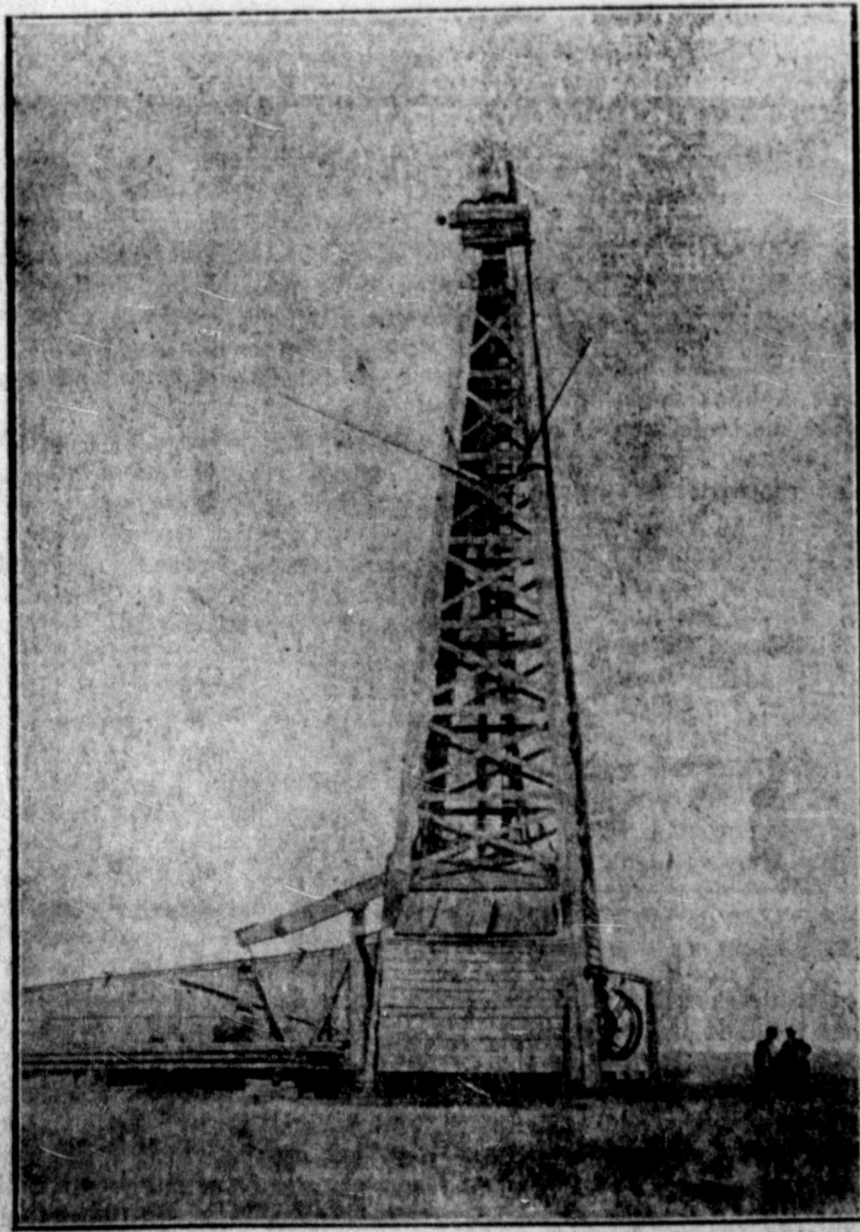

Judge C. H. Earnest, chairman of a committee appointed recently by the Chamber of Commerce to look into the feasibility of establishing an automobile tourist camp at Colorado, stated Saturday that his committee would recommend to the chamber that the proposed undertaking be carried out.

The site selected by the committee is at the east end of Second street, immediately north of the D. H. Snyder home, and is an ideal location for camp grounds, Judge Earnest said. The property is owned by Judge Earnest and he has agreed to furnish use of the grounds free of charge. Others on the committee are R. O. Pearson and S. D. Wood.

SWEETWATER MAN WANTED OPTION ON HOUSE HERE

"Say, Judge, is it a fact that that well over there has come in?" hurriedly asked a Sweetwater man who called Judge C. H. Earnest over the telephone Saturday night at eight o'clock. When informed that the Morrison well was flowing by heads the Sweetwater man continued: "Well, I want an option on that business building of yours in Colorado. Give me an option on the place and I will get in my car and rush over there tonight and close up a lease contract."

The man gave a deep sigh of disappointment when Judge Earnest informed him that his application could not be accepted.
Go to church Sunday.

Colorado Citizens Express Regret Over Attitude of Certain Papers in Curtailing News Reports

The policy of at least two prominent daily papers of the State having large circulation at Colorado in continuing to curtail reports of their Colorado correspondents is resulting in a considerable amount of criticism by local people. The blame for this policy is accredited by some to the correspondents, others the local dealer and still others the publishers. The correspondents, however, are not willing to accept the

blame, and contend that they have "covered" the oil situation here fully. One of these correspondents stated Tuesday afternoon that since Friday at three o'clock p. m. he had made five telegraphic reports and one by mail to his paper, and that not a line of either of them appeared. Dispatches from San Angelo and other places in West Texas relating to the Mitchell county field and other interesting reports, are published with clock regularity, they claim.

As a protest against this policy of regular subscribers of these two papers were threatening to discontinue their subscriptions Tuesday afternoon. One prominent business man, who claimed to have been a regular subscriber of one of the dailies for twenty-five years stated that the people of Colorado should express their indignation because of the fact that from practically every section of the State where development is in progress the paper is continually carrying articles in its news columns, reviewing the progress being made, while Colorado continued to be ignored, even in face of the fact that every consistent aspect would lead the public to believe a good well had been brought in.

In speaking of the potash reports, so prominently featured by one of these papers recently, from a near by West Texas point, a correspondent claimed that analysis of formation from a well near Colorado showed a much larger percentage of the mineral than did the wells from the other town, that the formation here was nearer the surface, and that three lengthy reports had recently been made to his paper covering the situation, but for some reason unknown to him two of these reports were entirely eliminated. Some of the smaller dailies of Central and West Texas, however, have been more liberal with Mitchell county in carrying reports on the oil situation here. The circulation of these is small and they do not cover much territory outside of their immediate section.

The Daily Reporter at Sweetwater, perhaps, has given more publicity to oil news from Mitchell County this week than any other paper reaching here. Good articles were carried by this paper in both the Sunday morning and Tuesday afternoon editions. The article appearing Tuesday afternoon under the caption, "Morrison No. 2 Exploratory Well," as the feature article on the first page follows:

With the news that oil production was threatening near Westbrook some 40 miles west of Sweetwater, in the Morrison No. 2, there was a general exodus of Sweetwater people that direction Sunday, and in some cases late Friday night immediately after news reached here that the well had come in.

"News from the well is not definite," it is securely capped awaiting further news. But from the look of the well it appeared with oil and like-

wise the surrounding prairie, there is some oil there and in paying quantities.

"The well is drilled to 2,944 feet and is at the top edge of the oil sand which is 35 feet thick. Oil began rising in the hole Friday and by Saturday was flowing intermittently by heads, going from 20 to 40 feet over the derrick.

"The Morrison Number 2 is one of three wells drilled by the Underwriter's Producing and Refining Company of which J. M. Thomas, vice president of the Colorado National Bank is one of the stockholders. This company brought in a small well in August, 1920 known at T. & P. No. 1 and which has produced an average of approximately 20 barrels daily ever since. It was drilled to 2,665 feet and has furnished fuel for the Morrison No. 2, which is only three quarters of a mile away.

"Oil men familiar with geological structures, are of the opinion that the Morrison Number 2 is at the extreme north edge of a large oil pool which will extend several miles south on both sides of the railroad track.

"The quality of oil is said to be very good and numerous bottles came back to Sweetwater with some of the tourists from here.

Among those who made the trip were P. T. Quast, H. M. Jueneberger, Mr. and Mrs. T. W. Ferris, Mr. and Mrs. Henry Hill, T. Vard, Woodruff, Dr. Pool, Dr. Stephenson, Geo. Howell, J. M. Charlton, J. D. Tidwell, T. A. Lyon, Popboy Smith, John Hubbard, L. R. McGee, Hubert Toler, C. R. Kendrick and many others.

"So far as is known no one locally is interested in leases near the scene of the well. A. S. Horn, who was formerly in the confectionery business here and who is now in Oklahoma, is said to own leases on several hundred acres of what would be very good location in case the Morrison Number 2 is what folks think it is.

"Colorado, some twelve miles east from the well is very much excited and "oil" was a very common topic of conversation on the streets there as it was in Sweetwater. It is understood numerous drilling projects are being considered near the new well."

EXTRA COPIES RECORD AVAILABLE AT OFFICE

The publishers printed a few hundred extra copies of this edition of The Record, which are available to the public until the supply is exhausted. The oil news carried this week should be of interest to the public and those desiring to mail the paper to people elsewhere should call at the office of publication and make their requisitions at once. Copies of this edition were mailed to a long list of interested correspondents and others, furnished by the Chamber of Commerce.

A complete stock of water pipe and fittings at R. b. Terrell's.

OPPORTUNITY TO ACQUIRE GOOD RETAIL BUSINESS

The opportunity for a progressive dry goods merchant to secure a business at Colorado, getting in before any unusual rush comes from the anticipated oil rush, is no doubt offered in the stock of Charles M. Adams, one of the largest dry goods merchants of the city. Mr. Adams recently advertised that he would retire from business and is closing out his stock here.

Not only is the \$80,000 stock of dry goods, clothing, dress goods, shoes, etc., offered for sale at a great reduction, but fixtures, which are modern throughout, are also offered.

Robert D. Kennedy Dead.
Our entire city was made sad, indeed, when the news came from Albuquerque, New Mexico, that Robert D. Kennedy had died Sunday morning, February 12th at 2:20. He had been a patient sufferer for some four or five years, having gone to Colorado Springs for his health over a year ago, but had been in New Mexico a few weeks previous to his death. Floyd Kennedy, brother of deceased, went to Clovis, N. M. Sunday to meet Mrs. Kennedy, who was bringing the remains of her husband to Loraine for burial.

The funeral was held at the Zion Rest church, north of town, Wednesday afternoon at three o'clock. Rev. Richardson, pastor of the Baptist church here conducting the services.

Robert D. Kennedy was born in Ellis county but has lived here off and on for the past sixteen years. He was 28 years old. Some several years ago he professed faith in Jesus as his savior and joined the Baptist church of which he was a member until death. He leaves a wife, a father, one sister, three brothers and a host of friends, to mourn his passing. They have the sympathy of our entire people in their great sorrow.

The little daughter of Mr. and Mrs. W. P. Hollis is on the sick list this week.

Miss Myrtle Newton spent Saturday and Sunday with her brother, Horace Newton and wife at Midland.

Sunrise Breakfast.
On Saturday morning, Mrs. A. E. Walker and Misses Thelda Black, Nita Thomas, Beatrice McGee, Mattie Thompson, Jewell, Gladys and Foy Spikes, Adine and Willie Howell, Thelma Reeder, Annie Spurgers, Lois Coon and Arma Braswell motored out to the J. R. Coon farm, six miles south of town, for a sunrise breakfast, and enjoyed a good feast. Greasy hands and faces served only to make the spread more appetizing and it is unnecessary to state that the breakfast was thoroughly enjoyed, both the cooking and the eating.

Birthday Party.
Mr. and Mrs. R. C. Dale very graciously threw open the doors of their hospitable home Monday afternoon, February 13th, to a number of young girls honoring the 13th birthday of their daughter, Pearl. The honoree was the recipient of several nice gifts. Mrs. Dale served a delicious six o'clock dinner to the following: Margaret Belle Riden, Lola Coffee, Vera and Etta Taylor, Alma Ohlenbusch, Ethry Dean, Edith Wilkerson, Garnett Thornton, Alma and Helen Ruth Ritchey, Mesdames F. Seger and A. J. Ritchey and Mr. and Mrs. J. J. Riden. After dinner games and Edison music were diversions throughout the evening.

H. E. Hicks of Snyder visited friends in Loraine Tuesday.

It is needless to say that everyone was very much excited when the news reached Loraine Saturday night that the Morrison No. 2 oil well, two miles north of Westbrook, had come in. Among those who visited the well Sunday from here were C. L. Duren, J. T. Ledbetter, Harold Morton, J. D. Norman, Will and Clarence Rowland and a number of others whose names we failed to get.

Quite a crowd of the Loraine folks attended the basket ball game Friday between Loraine and Roscoe on the latter's court. They reported an unusually interesting game. The score was 13 to 14 in favor of Loraine.

T. O. Cowan of Sweetwater visited his sister, Mrs. S. D. Dunnahoo Sunday.

Miss Roxie McGowan who is teaching a music class at Big Spring, spent from Friday till Tuesday with the home folks. She had as her guest her cousin, Miss Alline McGowan of Big Spring.

Barna Haney and family of Roscoe spent Sunday in the Roy Edwards home.

Miss Myrtle Hutchins was home from Simmons College for the weekend.

Rev. A. J. F. Meier left Saturday morning for Sagerton, San Angelo and other points to hold his regular monthly appointments at these places.

Mrs. E. P. Kuck visited her parents, Mr. and Mrs. Wemken at Hermleigh the last of the week.

Rev. A. L. Fain of Roby will hold services at the Presbyterian church both morning and evening next Sunday. Everyone is most cordially invited to attend these services.

T. R. Bennett, Rev. S. H. Young, Harry Hall and Roy Edwards went to Westbrook Monday to see the oil well which came in Saturday night.

Mrs. Edd Atwell went to Ft Worth Monday night to visit relatives.

Adam and Eve Had no Trouble

They are less fortunate in that they must wear clothes, but they are more fortunate owing to the fact that we are located in the near vicinity, have the equipment and the ambition, and are ready at all times to clean and press the clothes of the residents of this community.

No matter how badly your clothes may look—there's a reason for them getting all cleaned up—and we are it.

TOM HUGHES

EXPERT TAILOR

Ramsey's Austin Nursery

AUSTIN, TEXAS.

M. E. Church Notes.
The attendance was good at Sunday school Sunday, there being 181 present. However, we would be glad to make it still better. Parents can help by being an example to their children. We invite you to come to Sunday school and church every Sunday. All the officers and teachers were in their respective places Sunday expect Mrs. Dickenson, who is sick. We hope she will be able to be with us again soon. Mrs. Hutchins taught her class. The collection was good. Rev. Young preached two fine sermons Sunday.

The adult M. S. met at the John Marr S. S. rooms Monday. The lesson was led by the president, Mrs. T. A. Martin.

The Y. P. M. S. met with Miss Lucy Norman Tuesday afternoon.

C. M. Black and W. A. Pendergrass made a business trip to Westbrook Tuesday afternoon.

E. C. King of Wichita Falls was a business visitor to Loraine Monday and Tuesday. While here he was a guest in the home of his cousin, Will Mahor.

Mr. and Mrs. E. P. Kuck spent Monday in the Henry Coldewey home at China Grove.

Mrs. W. E. Dickerson was on the sick list first of the week.

Mr. and Mrs. Malcolm Blackley and daughter, Miss Jaunice of Abilene visited Mrs. Blakeley's parents, Mr. and Mrs. R. B. Pratt, from Sunday to Tuesday.

Mr. and Mrs. L. B. Elliott and children of Colorado spent Saturday and Sunday in the Arlie Martin home.

Mr. and Mrs. M. K. Stevenson and baby of Sweetwater visited his parents, Mr. and Mrs. O. E. Stevenson, Sunday.

Messrs S. E. Brown and W. D. McCorley made a business trip to San Angelo Monday.

Mrs. T. A. McGee and Miss Jewell Spikes were shopping in Colorado.

Mrs. S. E. Clement spent the week-end with relatives at Baird.

Miss Anna Belle Allen of China Grove has accepted a position as bookkeeper at the Richard's Hardware store. She began work Saturday.

Mrs. W. L. Edmonson was on the sick list the first of the week.

Mr. and Mrs. John Coffee and little son visited in the W. F. James home at Baird from Saturday until Monday.

Mr. and Mrs. Emmett Richardson were Sweetwater visitors Monday.

MEBANE COTTON ASSN. MAY BE FORMED HERE
Sixteen Mitchell County cotton growers pledged to devote their cotton acreage exclusively to pure bred Mebane, following a mass meeting at the court house Saturday afternoon at which the merits of such a plan were discussed by Ed O'Kelley and Ed Day of Balinger and local citizens. The plan was fostered by directors of the Farmers Gin Company, who sought to induce a sufficient number of farmers to plant pure bred Mebane exclusively as to warrant them in using one of their gin plants exclusively for that cotton.

Several of the farmers present endorsed seed for planting this year, some of them taking but a few bushels and others ordering seed enough to plant their entire cotton acreage. A total of 1,002 bushels of the seed were bought.

A committee was appointed to call on the farmers of the Colorado territory and attempt to induce others to plant the Mebane seed. This committee is composed of George Plaster, J. T. Johnson, George Goodwin, E. M. West, Jim Bodine, Fred McKinzie.

Why Not Own It? The Price Makes it Easy

Closed cars have cost too much for most buyers. The Essex open model sells at \$1095, the five-passenger Coach is \$1345.

It has open car performance, its speed, ability to negotiate rough country roads, its carrying capacity and its economy. It has its sturdiness and reliability. For all seasons, for all business and family uses it is ideal. And it has distinctive beauty.

It is the latest creation of Hudson Super-Six body engineers, men who set the style in many types of closed cars. Hudson also builds the Essex.

Come in—See it—Compare it

Price Auto Co.

Best of 10 Cars

My Essex is the best of 10 cars I have owned. In one year I have driven 22,950 miles, averaging 16 to 22 miles on gasoline, total service costs \$22.50

Hubert Toler of Sweetwater was in Colorado Saturday.

See the Gold fountain pen at the Record office.

Resolutions of Respect.

Unanimously adopted February 11th, 1922 in Mitchell Lodge 563, A. F. & A. M.:

In memory of Brother J. M. Helton, who departed this life February 4th, A. D. 1922.

Whereas, it has been the will of Almighty God to call our esteemed brother, J. M. Helton from labor on earth to rest and immortality in the Grand Lodge above, where the Supreme Grand Master presides.

Therefore, be it resolved, that we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict; yet we mourn the loss on earth of our worthy brother as one who shall never more meet us at the altar of Masonry until we gain admission into the Celestial Lodge on High, where he has preceded us; we deplore the loss to the fraternity, his family and his friends.

He was a just and upright Mason, a kind and forgiving father and a faithful and affectionate husband, a man who endeavored to perform every duty to his friends, his country, his family and to his God, well and most honestly.

Be it further resolved, that in token of our sincere friendship and sympathy for his bereaved family in this dark hour of afflictions and a pledge of our fidelity to the memory of our deceased brother, we extended to them the fraternal right hand of Free and Accepted Masons with the assurance that the great light given of God to man will guide them and us safely to that Spiritual Building not made with hands—Eternal in the Heavens, where the broken circle will be re-united, never again to be parted and where we shall dwell together in peaceful happiness.

Be it further resolved that a copy of these Resolutions be furnished to the bereaved family, a copy furnished to the Colorado Record for publication and a copy spread upon the

POLES

"THOU ART A JEWEL"

The adage, spoken long ago, "consistency, thou art a jewel," was true then has remained true ever since and is true today.

Under the caption, "Shipment Goes Out From Iatan Well," the Big Spring correspondent of the Fort Worth Star-Telegram reports that the first "local" shipment of oil from Foster No. 1, at Iatan, in Howard County, was shipped Monday.

Perhaps those correspondents were among the thousands who have visited the Morrison well this week and became overwhelmed with the excitement so evident among the people because of the discovery, and could not refrain from eliminating a sense of equitance as the telegrams to their papers were written.

"Consistency, thou are a jewel."

TRUTH IN ADVERTISING

We are confident that the general public of Mitchell County are appreciating more and more the conservative policy adhered to by the Colorado Chamber of Commerce and The Record in taking the initiative in demanding that publicity originating from either about the oil situation here be not contrary to the actual conditions.

DeGarmo & Son City Garage OPEN DAY AND NIGHT Beginning at once our Garage will be open night and day. Mr. H. C. McFarland now has charge of the repair department and a trial is all we ask. All work GUARANTEED. Sunoco Motor Oils PHONE—day or night—224

sale, and that commodity is advertising space. It is but natural that we would, to some extent in the least, reciprocate with those who patronized us, if we were in the publisher's shoes.

FRANK, BUT TRUE.

Editor Bill Kent of the Stanton Reporter, one of our good Baptist friends, says some rather frank, though true things about religious differences, which very unfortunately exist in some towns.

"Denominational prejudice in religious affairs in Stanton is a disgrace to the God we profess to serve. If we really have the love of God in our hearts our attitude towards our fellow man should be different.

"Mush room" booms and boomerangs have not been invited, nor even desired by the people of Colorado as they watched from week to week the continued story represented in reports of oil development in this county.

A SOLUTION OFFERED.

The complaint heard so frequently in Colorado this week that the two prominent daily papers circulating here were carrying but little publicity from Mitchell County is, to some extent at least, justifiable.

The business and professional interests of Colorado are supporting the Chamber of Commerce for the purpose of rendering service to interested people. The Record is one of those supporting members and as such invites you to communicate with the organization if interested in any way in Colorado or Mitchell County.

The City National Bank makes an opening oil-boom announcement this week in their pages. This is one of the strongest banks in the west and announces they are ready to take care of all oil, cattle and farming or business interests that may come their way.

Even though a big boom should come as the sequel to the oil discovery here, such would by no means warrant owners and agents to place exorbitant rental prices on business and residential property in Colorado.

Ear marks of a typical oil town are already visible at Colorado. A number of drunks are reported to have been noticed on the streets Saturday night and hi-jackers apparently are getting in on the ground floor.

Harmony Club

Mrs. E. A. Barcroft entertained the Harmony club on Tuesday, this week instead of Wednesday, the regular meeting day.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets.

WITH THE CHURCHES

BAPTIST NOTES.

With over 200 in the Sunday school and a fine audience at the morning service looked good to the pastor as well as to others last Sunday.

For next Sunday we want to have something entirely new and helpful. We want every member of this church present with all the entire family and occupy seats together at the morning service.

SNYDER MAN TARRED AND ORDERED TO LEAVE

Earnest Baker, a resident of Snyder, was seized on the streets there Saturday by a party of unmasked men and taken to a point near town where he was administered a whipping and coat of tar and feathers. Following this he was escorted back to town and compelled to march through some of the business streets of town. Baker, it is said, was ordered to leave Snyder, for good, and promised to do so not later than Tuesday of this week. Baker formerly lived in Mitchell County near Loraine and left this county upon information from county authorities that he had better move, it is said. People here who know him will have no sympathy for him because of his treatment at Snyder, it was stated Monday.

ROGERS ITEMS.

Rev. Cooper will hold both morning and evening services here next Sunday.

The advisability of changing the time of our Sunday school from the morning to the evening will be taken up. Everyone is requested to be present.

The school patrons met at the school house Friday afternoon in a get-together meeting. Several most excellent talks were made and the needs and demands of our school children were discussed. Such meetings bring the school and its patrons in close contact and can not but be beneficial.

The literature for debate and spelling prepared by the interscholastic league has arrived and the boys and girls are hard at work in order that their lamps may, like those of the wise virgins, be brightly trimmed when the track meet comes. We want the championship and we will make a strong fight for it.

The school boys and girls received a red heart on St. Valentine's day, Tuesday 14, requesting their presence at the home of Mr. W. M. Green on Tuesday night. By eight o'clock the rooms were filled with eager boys and girls who, in spite of the cold weather, testified to the fact that they knew how to play as well as work. Various games were enjoyed until a late hour when the hostess served hot chocolate, sandwiches and cake.

Valentine day always demands a Valentine box and the school box on last Tuesday evening was filled with many and varied Valentines all bearing their messages of love. Without such occasions as Easter and St. Valentine's day, it is very doubtful if civilization would mean so much, after all, for it is upon these occasions that all the beauty and love and unselfishness of our hearts are brought to the surface.

G. A. Adams is a visitor in the home of his daughter, Mrs. T. J. Powell.

REPORTER.

It is now the Pritchett Grocery. Mr. Tom Pritchett having bought out his partner, Mr. Thrailkill. Mr. Pritchett will continue to sell the best groceries at the lowest prices. We did not learn what Mr. Thrailkill intends doing.

PROBATE NOTICE.

THE STATE OF TEXAS
To the sheriff or any Constable of Mitchell County—Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of J. M. Helton, deceased, J. A. Buchanan has filed in the County Court of Mitchell County, an application for the Probate of the last Will and Testament of said J. M. Helton, deceased, filed with said application, and for Letters Testamentary which will be heard at the next term of said Court, commencing on the first Monday in March A. D. 1922 the same being the Sixth day of March A. D. 1922 at the Court House thereof, in Colorado, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this 15th day of February, 1922.

W. S. STONEHAM,
Clerk County Court Mitchell County, Texas. 2-24c

DIRECT ROUTE TO WELL MAY BE ESTABLISHED

The request was made to Commissioners' Court Tuesday to put cattle guards where needed and otherwise improve a proposed new road leading from an intersection with the highway one mile north of Westbrook direct to the vicinity of the Morrison well. Such a road would shorten the distance from Colorado to the wells at Westbrook by approximately two miles. Judge Hall stated late Wednesday just before court adjourned for the session that no official action had been taken in the matter, but promised to take the subject up with H. A. Lasseter, commissioner of the Westbrook precinct, for further consideration. Mr. Lasseter was not present at court Wednesday afternoon and it was not known what his views in the premises would be.

Joe Byrd, who controls the property over which the proposed new road would pass, is represented as having given his approval of the plan. Mr. Byrd, however, would consent for the road to pass over his property on condition that cattle guards and other improvements sufficient to protect his interests be placed where needed.

There will be a joint meeting of Oran C. Hooker Post, American Legion, and the Women of the Legion on Thursday, February 23 at 8 p. m. at Legion Hall. Very important and every ex-service man and member of Women of Legion are requested to attend.

THOS. R. SMITH,
Post Commander.

WESTBROOK

The Literary Society met Friday afternoon and rendered an interesting program. A very interesting feature of the program was a debate. The subject was: "Resolved that all immigration to the United States should be prohibited for a period of two years." The affirmative won. A number of visitors were present. Come again and bring someone with you.

The basket ball teams played the Vincent teams Friday afternoon. We were the losers by a small margin, the score standing 12 to 10 in favor of the Vincent girls and 6 to 2 in favor of the Vincent boys.

On Feb. 22 the Westbrook school will present a four act comedy, entitled: "An Arizona Cowboy" at the Loraine theatre. Shall we see you there?

A small group of young people were invited to the home of Mrs. W. E. Donelson last Saturday evening. On arriving the guests almost decided Old St. Valentine himself had returned. The house was artistically decorated with red and white hearts and several cupid were stationed about with their darts ready to pierce some one's heart. A pleasant half hour was spent listening to the music played by the Victrola. When the record "Bubbles" was put on the hostess appeared with a bowl of sparkling suds and suggested the fortune telling game of "Bubbles."

Each guest was given a small pipe and his fortune was told by blowing bubbles through one of the three large hearts suspended from the ceiling. Over the first heart was the placard with the jingle: "Blow your bubble right thru here and you'll be married before a year." No. 2 said: "If perhaps its this you seek you'll be engaged before a week." Few bubbles were blown toward No. 3 for the warning was: "A sad and awful fate awaits the one whose bubble is flown here for he or she a bachelor or spinster must surely be." When each guest's fortune had been told, the hostess announced a drawing contest. In turn each contestant was blindfolded and given a pencil. He or she was lead to a board and requested to draw a heart and write his or her name through the center. Mr. Phenix was awarded the prize of a big candy heart for being the best artist. Miss Roney received the boob prize of a big balloon. Next came the heart and dart contest. A large red heart was pinned on the wall and each guest was given six darts. The one who threw a dart nearest the center was given a beautiful Valentine. Miss Jackson was the lucky person. Miss Coffee getting farthest from the center, received the boob prize. Other similar games were played, after which Valentines were matched for partner for supper. They were ushered into the dining room where they were served punch and white heart shaped cakes. At a late hour the guests departed declaring that they had the best time ever.

A concert will be given Friday night, Feb. 24th, at the Baptist church, by two ladies from Blackwell. Readings and vocal numbers will be rendered. Admission 25c and 35c. Under auspices of ladies auxiliary of Baptist church.

MEXICAN SLUGGED AND ROBBED BY HI-JACKERS

A Mexican man was found in an unconscious condition by the road side a short distance beyond the West Colorado river bridge early Sunday morning by W. J. Thompson and his son, Bob Thompson, as they were leaving the city for Westbrook. They placed the man in their car and brought him to the office of Dr. C. L. Root, where he later regained consciousness and claimed to have been slugged and robbed the night before by two white men, whose identity he did not know.

Dr. Root stated that the man had received a blow on his head from some blunt instrument, inflicting a dangerous wound. His skull was fractured.

Wednesday evening the Sunshine workers met at the home of Miss Johnnie Chesney. There were eleven present. The president read "the first Psalm." Elizabeth Browning, Beulah Ratliff and Loree Dorn were appointed to take magazines to the jail. We decided to send provisions such as clothes, magazines, etc., to the Mexicans. We also decided to make scrap books and send to Miss Connie Fagan to use in her primary work. Ham sandwiches, pickles, doughnuts and coffee were served. Adjourned to meet again the 16th of March at the home of Mrs. Arnett with Miss Frances Payne.

For Indigestion and Constipation.

"The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets," writes Melard F. Craig, Middle Grove, N. Y. They work like a charm and do not gripe or leave any unpleasant effect.

For results advertise.

The Record prints 1000 copies extra this week. Most of them have been sold to the oil people. Come and get these papers and mail to your friends. Only 5c copy wrapped ready to mail. Give the old town and county publicity by mailing out these papers.

Sit steady—don't rock the boat—don't get excited—Remember Cisco, Eastland and Ranger.

OUT BUFORD WAY.

Three cheers for the kind hearted gentleman that recently said that weather conditions are exactly like they were in '89, and predicts for us a good year agriculturally speaking. At any rate he's not trying to take all the joy out of life.

Maybe this wind will bring us good cheer as did the miraculous east wind that wrought so well for the ancients, when it piled up the waters of the Red Sea.

Mr. Igleheart had a costly accident to happen to his farm last week. His horses were running and playing at night and his most valuable animal ran into a snag or sharp plank puncturing the abdominal walls, leaving a rupture as large as a baseball, from which all his small intestines came out. The horse in his misery, literally pulling them out as he ran about the lot. He was dead the next morning. No one knew he was hurt till then.

Well we rather think most all of the remaining porkers will be killed for meat this spell. Everybody has sausage, spare ribs and "pig knuckles" to spare.

Bro. Walton filled his regular appointment Sunday morning after S. S. Mrs. Walton and little son came with him. They took Sunday dinner with Mr. and Mrs. Owen Powell.

Through some confusion of dates, some of the folks expected Elder Kimmel from town and a number of folks from Dunn and Colorado, but after a good crowd assembled and sung a while it was learned that there was a mistake and we are to look for Rev. Kimmel and the folks from the other points next Sunday evening at 2:30. Third Sunday we are to have a singsong, then a short talk by the Colorado pastor, then some more singing, this being the program suggested by Rev. Kimmel. Everybody invited. Let's make it a good day.

Last Friday evening the girls B. B. team from Colorado came out after school and played the home team of girls. The score was very close, 11 to 14 in favor of the Coloradoians. We still think we would have won had it not been for the fact that three girls that played were really sick and one should have been in bed. Of course we admire her spunk and nerve. Come again Colorado we'll show you where "Tony hit the wedge."

Miss Richburg and Miss Porter spent the week-end at their respective homes. Miss Elva Hagler is visiting relatives in Big Spring.

CHAMBER OF COMMERCE DESIRES WELL LOCATION

Announcement from Big Spring that there was an oil well in Howard County designated at "Foster No. 1," and also that there was represented to be a station on the railway in that county by the name of Iatan, has aroused interest of the Colorado Chamber of Commerce, as the following telegram, sent by Dr. P. C. Coleman, president of the Chamber, to the Fort Worth Star-Telegram, denotes. The telegram was sent by Dr. Coleman Thursday morning: Fort Worth Star-Telegram, Fort Worth, Texas.

Under headline from Big Spring on page six your paper February sixteenth you state that first shipment of oil was shipped from Foster number one from Iatan, Howard County, Texas. Please advise us the exact location of both Iatan and Foster number one referred to it being our information that there is no such station or well by that name in that county. Please answer by wire collect.

P. C. COLEMAN,
President Colorado Chamber of Commerce.

A. L. Clark of Honey Grove is here looking after his oil interest as he owns a tract of land near the Morrison wells. He is a brother-in-law of O. B. Price.

Read the classified department.

Several cases of flu in a mild form in the community especially in the Miller and Hamilton homes.

Well there'll be so much oil news this week we'll leave off our good roads discussion. But about the oil, until some reliable company comes up north of town and east of the river, we'll never have a real oil field. Just wait and see, 'dog-gonnet.'

KINDNESS.

A little spring had its way
Among the grass and fern;
A passing stranger scooped a well,
Where weary men might turn.
He walled it in and hung with care
A ladle at its brink—
He thought not of the deed he did,
But judged that toil might drink.

He passed again, and lo! the well,
By summers never dried,
Had cooled ten thousand parching
tongues
And saved a life beside.
—Lord Toughton.

Mrs. Edd Atwell went to Ft Worth Monday night to visit relatives.

T. & P. No. 1 of the Underwriters Producing & Refining Company, the discovery well. This well has been under the pump continuously since August, 1920, following a nitro shot and has supplied fuel for drilling operations at Morrison No. 1, Morrison No. 2, Conoway No. 1, Coleman No. 1 and Zilpha Morrison No. 1. The crude from this well tests 31 per cent gasoline.

RECORD OFFICE

IN SOCIETY AND AT THE CLUBS

The Junior Missionary met in the basement of the church February 3rd with Mrs. W. G. Garrett hostess. Meeting called to order by the president, Nelda Garrett, and the regular business disposed of. The program was carried out by the members. Visitors and members present 30. Refreshments of sandwiches, tea and cake were served.

Dime Shower.

The Junior Missionary society will meet Friday afternoon at 4 o'clock with Mrs. Stoneham Beal. Mission study program. All the mothers and members come and bring your dimes.

MARRIED AT DALLAS.

Cards announcing the marriage of Max Berman of Colorado to Miss Sydell Brodsky of Dallas, at the Southland Hotel in Dallas Sunday, February 5, have been received here. Mr. and Mrs. Berman are now registered at the Texas Hotel, Ft. Worth. They will be at home in Colorado after March 1.

Mr. Berman is assistant manager of the Colorado Bargain House here. L. Landau, manager of the concern, was in Dallas for the wedding.

Legion Auxiliary.

The regular monthly meeting of the woman's auxiliary was held in the Legion rooms Saturday. The treasurer's yearly report showed over \$400 taken in during the year and almost \$700 now in hand. A committee was appointed to confer with the legion men regarding the erection of a shack of their own. The women believe more will be interested if this work is undertaken. They pledge themselves to aid financially. This was the time for the annual election of officers. Mrs. Merritt was made president. Mrs. Hooker, vice president; Mrs. Hughes recording secretary; Mrs. Jim Dobbs, corresponding secretary; Mrs. Jim Dobbs, treasurer. Committees will be appointed on membership, entertainment, etc., next meeting.

Standard.

Mrs. Smoot was hostess for the Standard. The study hour began with a roll call of current events. Mrs. Smoot led the lesson in In Memoriam and Mrs. Riordan conducted the one in Civics. At the social hour the hostess served hot fried oysters, celery, hot biscuits, coffee and fruit cake with whipped cream.

Hesperian.

Mrs. Jim Johnson was hostess for the Hesperian club. The committee that visited Shepherd told of the needs of the school and pupils and arrangements were made to meet these needs. Another visit of all the club members to meet the mothers was also discussed. The committee to confer about the Clara Smith Hamon picture reported that Mr. Taylor would not show the picture. Mrs. S. G. Wulfjen resigned from the club since they have located in Fort Worth. The following officers were elected for the ensuing year.

President, Mrs. James T. Johnson; vice president, Mrs. A. L. Whipkey; second vice president, Mrs. E. H. Wynn; recording secretary, Mrs. Sam Majors; corresponding secretary, Mrs. J. G. Merritt; treasurer, Mrs. Lee Jones. Delegate to district meeting at Ranger, Mrs. Lee Jones; alternate, Mrs. W. L. Doss. Mrs. Merritt led the lesson on Marmion. Mrs.

Johnson gave a paper: "Is There Loss or Gain in Condensing the Poem?" The hostess, her mother, Mrs. Ruddick and sister, Mrs. Shannon, served sandwiches, cake coffee and marshmallow pudding. The meeting this week is with Mrs. Shropshire.

1921 Study.

The 1921 Study met with Mrs. Ed Jones. The lesson on Literary Boston was led by Miss Baker. The roll call was a name in American literature associated with Boston. The old ironides was read by Miss Vaughan. Miss Ewell Gary gave Paul Revere's ride. The long path was read by Mrs. Jones. Mrs. Dolman gave names of noted literary names associated with Boston and Cambridge. Mrs. Hutchinson, Mrs. Gaskin and Mrs. Bert Robertson were guests. The hostess served Osgood and pineapple pie, whipped cream and coffee. The meeting this week is with Mrs. Stewart Cooper.

Bayview.

Miss Margaret McComas was hostess for the Bayview at Mrs. Prude's. Mrs. J. L. Bennett conducted the lesson in the Bayview magazine and Merchant of Venice. After the study hour the members were invited in the dining room where a lovely two course luncheon was served. The meeting this week is with Mrs. R. O. Pearson.

U. D. C. Meeting

The R. E. Lee Chapter U. D. C. will meet at 3:30 p. m. Feb. 21, with Mrs. J. M. Thomas, with this program:

Ritual. Lord's Prayer. Minutes. Business. Roll call, Southern Generals.

Song—My Old Kentucky Home.

Paper—Historical Southern Homes.

Mrs. Merritt.

Music—Miss Ewell Gary.

Tribute to M. F. Maury—Mrs. Frank Lupton.

Reading—Jefferson Davis' Tribute to the Women of the Confederacy—Mrs. Jack Smith.

Poem—"I Hear de Voices Callin'" Mrs. G. W. Smith.

Music—Miss Eleanor Thomas.

Social Hour.

Honoring Bride Elect

Miss Mabel Smith entertained with a dinner Thursday evening honoring the bride-to-be of the week, Miss Jeanette Earnest. Covers were laid for eight. The place cards were heart shaped valentines on which each guest was asked to write a toast to the honoree. The guests were Misses Jeanette Earnest, Ruby McGill, Ewell Gary, Mildred Coleman, Caroline Chambers, Mrs. Stewart Cooper and Mrs. Chas. Reames Earnest. Following the dinner, music, games and contests were the form of entertainment.

Married.

Sunday Miss Catherine Richardson and W. B. Crockett motored to Abilene and were married, Rev. Mr. Pierce performing the ceremony. Mr. and Mrs. Crockett will be at home at the residence of Mr. and Mrs. J. L. Pidgeon. Both are well and favorably known in Colorado and have the best wishes of all their friends for a long, happy and prosperous life.

Honoring Miss Earnest.

On Tuesday afternoon of last week Misses Caroline Chambers and Mildred Coleman entertained with a tea at the home of Miss Coleman, honoring Miss Jeanette Earnest. About twenty young ladies were

present, special friends of the honoree. After a time of pleasant conversation, Little Miss Mabel Earnest Cooper, niece of Miss Earnest, announced the marriage of Miss Jeanette Earnest to Mr. Charles Lock Porter, February 14th, the marriage to be in Dallas. After best wishes by all present the hostess served salad, sandwiches, cake and tea.

Daughters of the King.

The Daughters of the King met with Mrs. Merrell last Thursday. There were twenty four present. After the devotional, the rural needs were discussed and it was decided to help in any way possible to better the conditions. Also the advisability of a health center was discussed. The annual party was planned for this will be in the home of Mrs. Chambers Feb. 16, at which time all the women of the church are invited. Mrs. F. A. Winn, Mrs. Crawford and Miss Sallie Herrington were guests. Refreshments were served at the social hour. The next meeting will be with Mrs. Marvin Dorn.

Central Circle.

The Central Circle of the M. E. Missionary Society met with Mrs. W. L. Doss Monday afternoon. A committee was appointed to confer with the trustees of the church about having an outside entrance to the basement. It was decided that each member should phone the hostess in case she could not be present. Ten dollars and fifty cents were secured as dues and 25 cents on the flower fund. It was voted to send \$8.00 to the Scarlett training school. Mrs. Jeff Dobbs was received as a new member. The hostess served a salad sandwiches and coffee.

Social Meeting.

Circle No. 1 of the Baptist Auxiliary entertained the other women of the church Monday afternoon at the home of Mrs. W. R. Morgan with a delightful social meeting. The members assisted by the president of the auxiliary, made all feel at home in such a manner that each guest felt at ease in taking any part on the informal program. An oratorical contest was held with Mrs. Brown, Mrs. W. E. Reid and Mrs. J. K. Sheppard as judges. The subjects given were: Lazarus at the Rich Man's Gate, Peter The Fisherman and Jonah and The Whale. Each one was given two minutes to make the speech. The judges announced Mrs. G. W. Smith, Mrs. Gustine and Mrs. A. L. Whipkey, the orators of the minuet. Miss Mattie Conaway gave a musical reading and responded with a catchy encore. Mrs. Guitar favored with a vocal selection. The members of the circle gave a playlet, "When Aunt Polly Joined the Missionary Society" which was full of fun and also had some good lessons. Mrs. Lasky, Mrs. Jones, Mrs. L. R. Pond, Mrs. J. C. Hall and Mrs. Morgan were the characters. Valentines were passed with corresponding numbers and the partners were to do the things called for on the valentines. The guests were tested in jest and song. Refreshments of sandwiches, cake and coffee were served.

Christmas Gift to all our readers! As Tiny Tim would say, "God bless us all." And we wish for you a successful 1922.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded to summon F. W. Hilliard, W. J. Flesher and W. H. Irvin (whose given name and initials are unknown) composing and doing business under the co-partnership name of the Hilliard Drilling Company, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be no newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District court of Mitchell County, to be held at the Court House thereof, in the City of Colorado, on the Fourth Monday in April, A. D. 1922, the same being the 24th day of April, 1922, then and there to answer a petition filed in said Court on the 2nd day of July, A. D. 1921 in a suit numbered on the docket of said Court No. 3036 wherein Floyd C. Dodson is plaintiff, and David R. Wolven is defendant and said petition alleging that during the month of February, 1921 the plaintiff, Floyd C. Dodson and R. Pettymann were doing a partnership business under the firm name of Texas Consulting Company, at Big Spring, Texas; that plaintiff and said R. Pettymann, under said firm name, conducted the business of examining and making geological reports on oil and mining properties and making sub-surface reports on such properties; that on February 2, 1921, the defendant, David R. Wolven, began negotiations with said Texas Consulting Company with respect to entering into a contract with said Texas Consulting Company whereby the said Texas Consulting Company should be employed to make a geological report on what is known as the Camps & Lucas Ranch, an 8000 acre tract of land lying partly in Howard and partly in Mitchell County, Texas, said report to show the exact location to drill; that shortly after February 2nd, 1921, the said R. Pettymann retired from said partnership, and plaintiff entered into a contract with said Texas Consulting Company, and became the owner of all of the accounts and assets of said company; that thereafter, during the month of February and first of March, plaintiff continued the negotiations with defendant with reference to said contract, and during said time said contract was entered into and agreed upon by and between plaintiff and defendant; that under the terms of said contract plaintiff agreed to make a geological report upon said 8000 acre tract of land known as the "Camps & Lucas Ranch" and show the exact location to drill, and defendant agreed that he would pay plaintiff for his services the sum of Three Hundred Dollars cash and would give the plaintiff in addition the customary "set" of from 10 to 40 acres, dependent upon the distance of the acreage agreed upon from the point fixed as the location to drill; on the 27th day of March, 1921, plaintiff forwarded to defendant a full report according to the terms of said contract, which said report showed the exact location to drill in all things performing the obligations imposed upon him by the terms of said contract; that defendant has paid plaintiff a total of \$50.00 of the cash consideration, which by the terms of said contract he agreed and became obligated to pay plaintiff, but still owes plaintiff the balance of \$250.00 of the cash consideration; that plaintiff fixed the location to drill in the Northeastern part of the Southwest One-Fourth of the Northeast One-Fourth of Survey 20th Block 29, Township 1 North, Texas & Pacific Ry. Co. Survey, said section 20 being a part of the 8000 acre tract upon which defendant agreed that he would pay plaintiff in and to all of said 8000 acre tract of land with the exception of the Southeast One-Fourth of Survey Number 21, Block 29, Township 1 North, Texas & Pacific Ry. Co. Survey, which said 180 acres lies in Mitchell County, Texas; that said S. E. 1/4 of Survey 21 is approximately one mile distant from the location fixed to drill, and the "off-set" which defendant agreed to give plaintiff, should under the custom prevailing at the time the contract between plaintiff and defendant was made have been given nearer than a mile to the location fixed to drill, and that plaintiff is therefore justly entitled to all of the S. W. 1/4 of said S. E. 1/4 of said survey 21, or, in the alternative, to an undivided one-fourth interest in and to all of said S. E. 1/4 of said Survey Number 21. Plaintiff prays the court that he have Judgment for his debt, \$250.00, for 29.00 attorney's fees, and that he have Judgment that defendant specifically perform the said contract or covenant entered into with plaintiff as aforesaid, relative to assignment of a 10 to 40 acre "off-set" or leasehold interest adjacent to said location to drill, and that he have Judgment that defendant make a good and sufficient title to the N. W. 1/4 of said S. E. 1/4 of said Survey No. 21, or to such part of said S. E. 1/4 of said Survey No. 21 as hereof for judgment for the amount due with costs, interest, etc.

Herein fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Colorado, this 27th day of January, A. D. 1922. W. S. STONEHAM Clerk County Court Mitchell Co., Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Mitchell if there be no newspaper published therein, but if not, then in any newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, G. W. McFann and W. H. Irvin composing and doing business under the partnership name of the Crescent Drilling Company, whose residence is unknown, to be and appear before the Hon. Court at the next regular term thereof, to be held in the county of Mitchell, at the court house thereof in Colorado, on the 1st Monday in March, A. D. 1922, the same being the 6th day of March 1922, then and there to answer a petition filed in said court on the 27th day of January, A. D. 1922, in a suit numbered on the docket of said court No. 1294, wherein G. E. Womack is plaintiff and G. W. McFann and W. H. Irvin composing and doing business under the partnership name of the Crescent Drilling Company, are defendants. The nature of the defendant's demand being as follows, to-wit:

Plaintiff alleges that he is a resident of Mitchell County, Texas, and that the residence of defendants are unknown; that on or about the 1st day of November, A. D. 1921 to the 31st day of December, A. D. 1921, plaintiff at the special instance and request of defendants sold and delivered to defendants goods, wares and services as shown in plaintiff's itemized account filed with plaintiff's petition and made a part thereof whereby defendants became owing and liable to pay and promise to pay plaintiff the several sums of money in said account specified amounting to the sum of \$248.70; that defendants, though often requested, have failed and refused to pay plaintiff said sums or any part thereof to plaintiff's damage in the sum of \$248.70 and plaintiff asks for citation and on a hearing hereof for judgment for the amount due with costs, interest, etc.

Herein fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Colorado, this 27th day of January, A. D. 1922. W. S. STONEHAM Clerk County Court Mitchell Co., Texas.

To Our Imitators.

They copied all they could follow, But they could not copy my mind; And I left them sweating and stealing A year and a half behind.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded to summon David R. Wolven by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be no newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District court of Mitchell County, to be held at the Court House thereof, in the City of Colorado, on the Fourth Monday in April, A. D. 1922, the same being the 24th day of April, 1922, then and there to answer a petition filed in said Court on the 2nd day of July, A. D. 1921 in a suit numbered on the docket of said Court No. 3036 wherein Floyd C. Dodson is plaintiff, and David R. Wolven is defendant and said petition alleging that during the month of February, 1921 the plaintiff, Floyd C. Dodson and R. Pettymann were doing a partnership business under the firm name of Texas Consulting Company, at Big Spring, Texas; that plaintiff and said R. Pettymann, under said firm name, conducted the business of examining and making geological reports on oil and mining properties and making sub-surface reports on such properties; that on February 2, 1921, the defendant, David R. Wolven, began negotiations with said Texas Consulting Company with respect to entering into a contract with said Texas Consulting Company whereby the said Texas Consulting Company should be employed to make a geological report on what is known as the Camps & Lucas Ranch, an 8000 acre tract of land lying partly in Howard and partly in Mitchell County, Texas, said report to show the exact location to drill; that shortly after February 2nd, 1921, the said R. Pettymann retired from said partnership, and plaintiff entered into a contract with said Texas Consulting Company, and became the owner of all of the accounts and assets of said company; that thereafter, during the month of February and first of March, plaintiff continued the negotiations with defendant with reference to said contract, and during said time said contract was entered into and agreed upon by and between plaintiff and defendant; that under the terms of said contract plaintiff agreed to make a geological report upon said 8000 acre tract of land known as the "Camps & Lucas Ranch" and show the exact location to drill, and defendant agreed that he would pay plaintiff for his services the sum of Three Hundred Dollars cash and would give the plaintiff in addition the customary "set" of from 10 to 40 acres, dependent upon the distance of the acreage agreed upon from the point fixed as the location to drill; on the 27th day of March, 1921, plaintiff forwarded to defendant a full report according to the terms of said contract, which said report showed the exact location to drill in all things performing the obligations imposed upon him by the terms of said contract; that defendant has paid plaintiff a total of \$50.00 of the cash consideration, which by the terms of said contract he agreed and became obligated to pay plaintiff, but still owes plaintiff the balance of \$250.00 of the cash consideration; that plaintiff fixed the location to drill in the Northeastern part of the Southwest One-Fourth of the Northeast One-Fourth of Survey 20th Block 29, Township 1 North, Texas & Pacific Ry. Co. Survey, said section 20 being a part of the 8000 acre tract upon which defendant agreed that he would pay plaintiff in and to all of said 8000 acre tract of land with the exception of the Southeast One-Fourth of Survey Number 21, Block 29, Township 1 North, Texas & Pacific Ry. Co. Survey, which said 180 acres lies in Mitchell County, Texas; that said S. E. 1/4 of Survey 21 is approximately one mile distant from the location fixed to drill, and the "off-set" which defendant agreed to give plaintiff, should under the custom prevailing at the time the contract between plaintiff and defendant was made have been given nearer than a mile to the location fixed to drill, and that plaintiff is therefore justly entitled to all of the S. W. 1/4 of said S. E. 1/4 of said survey 21, or, in the alternative, to an undivided one-fourth interest in and to all of said S. E. 1/4 of said Survey Number 21. Plaintiff prays the court that he have Judgment for his debt, \$250.00, for 29.00 attorney's fees, and that he have Judgment that defendant specifically perform the said contract or covenant entered into with plaintiff as aforesaid, relative to assignment of a 10 to 40 acre "off-set" or leasehold interest adjacent to said location to drill, and that he have Judgment that defendant make a good and sufficient title to the N. W. 1/4 of said S. E. 1/4 of said Survey No. 21, or to such part of said S. E. 1/4 of said Survey No. 21 as hereof for judgment for the amount due with costs, interest, etc.

Herein fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Colorado, this 27th day of January, A. D. 1922. W. S. STONEHAM Clerk County Court Mitchell Co., Texas.
