

COLORADO BOOSTERS WILL MEET THURSDAY NIGHT

The Booster Club will hold the regular August meeting at Union Tabernacle Thursday night, August 3rd, instead of at the Herrington Ford Agency, on West Second street, according to announcement made Tuesday afternoon following adjournment of a meeting of executives of the club. The change was made in order to insure ample seating capacity for those expected to attend.

"Refreshments will be served at the conclusion of the business session of the club Thursday night," J. H. Greene, president, stated Tuesday. "And in this, we wish it understood that every man and woman of Colorado who is a booster is not only invited but rather urged to attend. Matters of grave importance to the citizenship of Colorado are to be introduced for consideration of the boosters, and it is the purpose of the Colorado Booster Club to represent the public of this city in any matter affecting them."

The usual entertainment program will be carried out, Greene stated, Sam Goldman will be there with his Booster Band and addresses will be delivered by local orators. The refreshments will be served by the Woman's Auxiliary, American Legion.

An attendance of 246 boosters was registered at the last meeting held in July at the tabernacle. Officers and directors of the club are hoping that the attendance Thursday night will be boosted to 300. Mr. Greene and other officers of the club are anxious that the general public of Colorado realize the fact that the Booster Club was organized for them and they are expected to become a member and take part in the meetings.

The program starts promptly at 8.30 o'clock. Carry out the slogan "Be a Booster," and be in your place at Union Tabernacle Thursday evening, August 3rd, at that hour.

J. E. Stowe Abilene, J. M. Green, and P. T. Quast of Sweetwater were in Colorado Thursday morning and left after spending a short time in the city for the oil fields. Mr. Quast made a business trip to Big Spring before returning to Sweetwater.

Contract to construct the new Grammar school building and repair the old building was awarded Wednesday afternoon by the school board to J. M. Morgan, Big Spring, consideration of \$42,800. Five bids were submitted, ranging from \$42,800 upward to \$47,200.

Morgan stated Thursday morning before returning to Sweetwater that he would commence work on the two projects at once, just as soon as materials could be shipped to Colorado and placed on the ground. Repairs to the old Grammar school building will be made first, he stated. The repairs to this building will consist of a new modern roof, new kalsomine on the interior walls and repainting of the woodwork, both inside and out. New flues are also to be built in the building.

The new school building, which is to be two stories and contain ten class rooms, will be modern and fire proof throughout.

COLORADO METHODISTS ORGANIZE TO TITHE

The Methodist church at Colorado was organized into a tithing church Sunday, Rev. O. F. Zimmerman, tithing evangelist, stated Sunday night just before leaving for his home at Naples. Rev. Mr. Zimmerman spent one week in Colorado delivering a series of tithing sermons at the Methodist church.

At a business meeting of the church Sunday afternoon a tithing council was organized, with G. D. Foster elected as general tithing director. Under the store house tithing plan, as adopted here, all offerings are to go through the church treasury and be disbursed by the council.

"The board of stewards are to not solicit any more funds from members of the church for any purpose," Zimmerman stated. "Under this plan the church members are to bring their tithes into the storehouse and all expenses of the church, including the pastor's salary, are to be assumed by the council."

The evangelist stated that the Colorado Methodist church was the sixtieth in Texas to be organized by him to tithing during the past six years. Two other churches in this vicinity recently organized into tithing churches are those at Sweetwater and Snyder.

COLORADO MAN HAS DISAPPEARED REPORTS DECLARE

The following was carried by the Associated press in Sunday papers as dispatch from Colorado:

The dispatch reads: C. N. Lankford left Colorado July 18, presumably for Caddo on business, stating to Mrs. Lankford that he would return to Colorado within a few days. When Lankford did not return a few days ago, Mrs. Lankford became uneasy about him and upon communication with friends at Caddo found that he had never reached his destination. Continuous search has been made since that time, but no trace of the missing man after he left Loraine, ten miles east of Colorado, can be found. Lankford is a former service man and saw service in France. He was gassed and since returning to America has experienced considerable trouble from his heart. Relatives here fear that he might have succumbed to heart trouble while en route from here to Caddo.

The missing man is a traveling salesman by profession, having sold both grocery and hardware lines.

INTEREST GROWS IN FIELD DURING PAST FEW DAYS

The Western Petroleum Company drilled into a promising sand at 3170 feet early Thursday morning and at ten o'clock Thursday had drilled four feet into the sand. Geo. Oliver, field superintendent for the company, returned from the well Thursday morning and stated that indications were most promising and that should the sand just encountered prove up as thick as that in Morrison Number Two, he had every reason to believe a good producer would be brought in. The lower sand in the Morrison well is seventy feet thick.

Mitchell County has continued to attract scores of the oil fraternity during the past week. Many operators from the Pioneer, Mexia and other fields have been at Colorado and in the field throughout the week, some of them representing interests desiring to obtain acreage here. The heaviest play is in Western Mitchell county where practically all the major and active independent companies own acreage, the properties ranging in size from twenty to several thousand acres.

The Gulf Production Company was the heaviest buyer of leases during the week, according to available information, and are now rated as third in the amount of acreage controlled in the field. Activity has begun to spread to adjoining counties and it now appears that the terraces of the Marathon fold for many miles north and south will shortly be under lease.

The California Company are waiting arrival of materials for derrick for their first test to be drilled on the Richardson tract, five miles southwest from Colorado. Building materials for a camp house on their lease southwest from town have been hauled out.

Considerable interest is being centered about three wells in the field, which are nearing the production level. These are the Coleman No. 1, on the ranch of Dr. P. C. Coleman, 17 miles northwest from Colorado, which is drilling at approximately 2325 feet; Foster No. 1 of the Colorado-Texas Company, drilling at 2450 feet in lime, and LeSue No. 1 of Chal Daniel, drilling at 2400 feet. The two latter expect to pick up the shallow pay within the next 100 feet. These wells are on the outside of production and either of them would extend the field.

Favorable progress is being made at all of the several wells drilling and the producing wells are holding up satisfactorily to the operators.

JULY HOTTEST MONTH IN MANY YEARS, IS CLAIM

July was the hottest month recorded at Colorado for many years, according to old settlers here. There has never been a year but that very hot days were noted during July, but the maximum temperature has never before lasted all of the thirty one days of July.

At one time during the month a temperature of 111 degrees was registered and on several days the thermometer was boosted to 110 in the afternoon. The nights during the month recently closing have been unusually warm for this section.

Reason for the continued hot weather is attributed to the lack of rainfall. Only two light showers fell at Colorado during the month.

COUNTY OFFICIALS TAKE ANNUAL SUMMER VACATION

Several county officials are absent this week on vacation and official business is practically at a standstill in all of the various offices at the court house except that of the County and District Clerk W. S. Stoneham. Stoneham stated Tuesday that business was so rushing with him that he did not have the opportunity of catching up, much less taking a week or ten days off for vacation.

Sheriff W. J. Chesney and family left last week for an extended automobile trip through East and South Texas. Mr. Chesney stated they would visit Fort Worth, Dallas, Terrell, Athens, Tyler, Waco, Houston and some of the larger cities of South Texas before returning home. They planned to be absent from the city two weeks.

J. C. Hall and family are spending their vacation in New Mexico, having left Colorado Tuesday morning by automobile. County Attorney and Mrs. Thos. J. Coffee left Wednesday for San Saba to spend a visit with relatives and also to fish and otherwise enjoy an outing.

Still another "official" is out of the city on his annual vacation. This is Walter Mitchell, janitor at the court house, and ex-officio assistant county judge. Walter left Tuesday night for Louisiana to spend a visit at the old plantation home.

The question will be affirmed by W. S. Cooper and G. D. Foster and denied by C. L. Browning, Jr., and Earl Clements.

Tuesday evening of next week the Epworth League will be hosts to the young people of the city at a social on the lawn at the home of Mr. and Mrs. D. N. Arnett. The days when they followed the Stars and Bars in the war between the States are being recalled this week at Christoval, on the South Concho river, twenty-one miles south of San Angelo, where the Mountain State Veterans, is holding its annual Remnant brigade, United Confederate reunion.

Between seventy-five and one hundred former wearers of the gray are being feted by the people of Christoval and the San Angelo concert band is furnishing music. An old-time fiddlers' contest will feature the three days' session, which closes today.

ARRANGEMENTS FOR FAIR AT COLORADO BEING MADE

The Mitchell County Fair Association is making good progress in arranging for the first annual fair to be held at Colorado September 22-23. R. H. Ratliff, secretary of the association, stated Thursday morning. The American Legion post at Colorado has secured the entire concession privilege on the grounds and the post also has charge of attractions to be billed for the two days. Sam Goldman has been placed in charge of the work of bringing attractions here for the two days.

The fair will be held on a site near the Williams & Miller gin, and the Farmers Union Warehouse, on West Second street, Ratliff stated. It is planned to show the agricultural exhibits at Union Tabernacle.

Prizes are to be offered for exhibits of livestock, agricultural products and many other classifications according to the secretary. Members of the Mitchell County pig club will exhibit pure bred pigs, now fed under direction of W. A. Dulin, county farm agent.

A big dance will be staged each night of the two days. Contract for a big rodeo event for the two days was closed this week and this feature of the fair is to be made of more than ordinary importance, in that some of the best riders and rodeo stunt performers of Texas are billed to appear.

The American Legion recently inaugurated a campaign to build a hut at Colorado and all profits realized to the post through concessions at the fair will be applied to a fund for that purpose.

Ratliff stated Thursday that it was probable that at least a part of the prize winning exhibits would be carried to the West Texas Fair at Abilene and the State Fair of Texas at Dallas.

Porter A. Whaley, manager of the West Texas Chamber of Commerce has promised to either attend the fair or have a personal representative here. Col. C. C. French, of Fort Worth, expert in pig and calf judging, has also promised to attend.

EIGHTIETH BIRTHDAY On July 25th Mrs. Riordan and daughters were at home to the members of the Standard Club and a few other friends honoring the eightieth birthday of Mrs. Sherwin, sister of Mrs. Riordan. No one would have guessed the honoree to have reached her four score years by her keen interest in all life's affairs. Long has she lived in Colorado, more than half her life having been spent here and always alive to all things that pertained to good of humanity. She was a charter member of the Presbyterian church and always at her post of duty to all its wide opportunities for service. Also a charter member of the Standard club and vitally interested in all its undertakings. The afternoon was a joyful one to all present. The honoree was showered with good wishes and dainty gifts. Among the ones was a handsome Cameo brooch, given by the Standard club. This was presented by Mrs. P. C. Coleman, also a charter member and first president of the club. In a most gracious manner did she present it and in doing so reviewed the many pleasant associations with the one with whose presence they had been honored so long. Mrs. J. C. Prude read the following original poem dedicated to Mrs. Sherwin: My lady's birthday, she is eighty we are told Our long time friend with her word of gold, So gayly down the years she fled, time with his crutch; Could never catch up her spirit to touch. And he never could pencil a hue on her face, That her bright smile did not straightway erase. And worked and laughed at the passing years. She plucked the flowers where she found them growing. 'Twas "never mind the weather" sunshine or snowing, Of all things beautiful a constant lover, A star at even' was a joy forever, The flight of a bird across the dark evening sky Was a masterpiece or a poem on high, In my lady's garden all things lovely grew, Larkspurs and daisies play and roses too. Fair and frail and sweet she loved them unto life, And naught they knew of nature's constant strife. In my lady's club her scintillating

wit, And wonderful imagery entwined it. Who so prompt at work and who so prompt at play, Such a good excuse for another happy day. And always the path of righteousness she trod, And kept in mind her duty and her God. Each Sunday morning found my lady in her pew Quick to respond, when there was work to do. When the years forever roll on

and unfold. Eighty years are but as a "tale that is told." A sigh lost in the darkness of night Or a smile that was born and died ere it took flight. Surely youth is immortal when the sun is cold And time is done, my lady will not be old. The hostess served pineapple sherbert and home made cake. Hot cooked meats every day at the City Market.

Let's Have the Joint Debates.

Earle B. Mayfield is a candidate for the Democratic nomination for Senator from the State of Texas.

James E. Ferguson is a candidate for the Democratic nomination for Senator from the State of Texas.

The place to which each aspires is now held by Charles A. Culberson, who was a candidate for re-election until eliminated in the primary election of July 22.

The people are entitled to know what Messrs. Mayfield and Ferguson do not agree, as for example, why did either oppose the further continuance of Mr. Culberson in the place he seeks?

The only way to bring the matters at issue squarely before the people is for these gentlemen to hold a series of joint debates.

One day Mayfield would open and close the debate; the next day, Ferguson would open and close the debate, and so on to the close of the series.

That would enable each one to make the best possible showing for the principles and policies which he advocates.

Let's have the joint debates, gentlemen; the political atmosphere needs clarifying and here's the opportunity.—Waco Times-Herald.

EDITOR GETS IN BAD An Oklahoma editor just about to go to press "pied" a couple of articles, one concerning a public sale, and the other a writeup of a wedding. He asked the office devil to get the two articles together—and he did—but here is how he put the two together, and the mixture was not known to the editor until an angry preacher and the mother of the bride appeared on the scene:

"William Smith and Miss Lucy Anderson were disposed of at public auction at my barn one mile east of a beautiful cluster of roses on her breast and two white calves before a background of farm implements too numerous to mention in the presence of about seventy guests including two milk cows, six mules, and one bob sled. Rev. Jackson tied the nuptial knot with 200 feet of hay rope and the bridal couple left on one John Deere gang plow for an extended trip with terms to suit purchasers. They will be at home to their friends with one good baby buggy and a few kitchen utensils after ten months from date of sale to responsible parties and some 50 chickens."—Upshur County (Tex) Echo.

8,000 HIKING CLUBS IN GREATER NEW YORK

They Swing Along Highways and Through Woods in Groups of Varying Size.

New York.—One must walk nowadays to be in the swim. Statistics gleaned from the out-door departments of the newspapers, from the Boy Scout and Campfire Girls' organizations, from the Y. M. C. A. branches and kindred bodies, from scores of amateur athletic clubs and from the leading dealers in sporting goods, indicate that

"Best Walkers Make Best Citizens," Says Mayor of New York.

today there are no less than 8,000 hiking clubs in Greater New York, with a total membership of more than a quarter of a million men and women, who are keeping themselves in the pink of condition and experiencing the real joy of living by getting regularly out into the open country with no other means of locomotion than their God-given legs.

The city of New York has taken official notice of the movement. On three occasions recently Mayor Hylan has congratulated the boys and girls of the public schools upon their enthusiasm in taking up the new sport of hiking. In his dedication of the great new public playground in the Bronx the other day Mayor Hylan extolled the athletic tendencies of the boys and girls and impressed upon them that there was no better or more profitable way in which they could pass their vacations and utilize their holidays than by the excursions into field and forest of their walking clubs. He gave the same message to the Amateur Athletic Union of Brooklyn a few days later, and when a club of East Side boys and girls visited him at city hall preparatory to a hike to the tomb of Roosevelt at Oyster Bay he assured them that the best walkers among them would make the best citizens.

Walk and Be Well No less enthusiastic a champion of the walking game is Dr. Royal S. Copeland, city health commissioner. "The benefit to health and the safeguard to morals to be found in long walks," said Dr. Copeland in an interview, "are too apparent to speak of them. If one takes long walks alone it is well, for he walks the road of health, but if he takes long walks in company it is better for he adds the tonic of companionship to his exercise. Walking is the one form of exercise in which there is the minimum risk of overdoing it. In short, I consider walking the most beneficial of all exercises and it is never out of season."

"Never in my life-time," said Edward R. Wilbur, manager of a nationally known sporting goods store, "have I known such a demand as now for outdoor garments and shoes and stockings and appliances for the tourist's luncheon box. The rapid spread and tremendous popularity of the walking-club idea has no parallel in our experience."

"The hiker can make his requisite just what he feels like spending. Really, there are only two or three articles indispensable to hiking—thick walking shoes that allow lots of room, thick woolen socks and clothing that will give freedom of limb. He should have a canvas or leather musette bag, such as the soldiers used in France."

The Cow in the Knapsack "To get the real benefit and joy out of hiking luncheon should be carried and prepared and eaten in the open. Bread and cheese, a few slices of bacon, some coffee, a can of condensed milk, and a cake of chocolate furnish high-powered fuel for the hiker and are readily and happily assimilated even by those who in their pre-hiking days were afflicted with digestive apparatus so feeble as to balk at crackers and milk. Fortunately for the hiker, he can replenish his simple larder at any cross-roads store and provide himself with the most nutritious and appetizing food in a form that can be conveniently carried.

HAVE PITY.

One of the local candidates in talking to the Record this week said we should all pity the candidate. Poor devil, he's harassed, goaded, interrogated, bulldozed, intimidated, cussed and held up.

The dear public which he professes to love with such an unbounded love, kicks him and cuffs him, sneers at him and beguiles him. If he's licked, he's jeered for a day and forgotten. If he's elected, he's cheered for a day—then jeered for the rest of the time.

If he makes campaign promises they say he won't keep them. If he doesn't make promises, they say he's got no backbone. If he does not spend any money on the race they say he doesn't deserve to be elected, and if he does spend it they say he's backed by special interests.

Once upon a time a candidate could venture forth with a coat lapel unadorned, and without membership cards in his pocket. Verily now, not so. He's got to be a "joiner" and woe to him if he doesn't join right. If he is a member of good in a certain kind of church, it is said that he's a hypocrite. If he doesn't belong to a certain kind of church he's said to be an infidel. If his church affiliations doesn't suit the majority of his constituents, he's damned anyway.

inside of a bootlegger's bottle he's catalogued as a confirmed durnard. He's generally accepted as being no good, for "the biggest men won't run for public office."

Common terms for the candidate are—grafter, parasite, petty politician, demagogue, tool.

Pity the candidate, poor devil, he deserves it.

"THE CALL OF HOME" AT THE BEST THEATRE

The program offered at the Best Theatre for the week following is exceptional in its wide variety. Wednesday and Thursday a play by Geo. A. Chamberlain, "The Call of Home" leads the bill. It is one of the most interesting attractions ever made by Robertson-Cole. The picture was directed by the famous Frenchman, Gasnier, and it was through his acute sense of realism that the recent big floods over the United States were made the big scenes of the picture. In the cast are Irene Rich, Ramsey Wallace, Norma Nickols, Leon Barry and others.

Monday and Tuesday offers a special feature entitled "Taking Chances" and is a very popular picture. People are being turned away every where this has shown even at advanced prices.

For Friday night and Saturday Matinee Martin Johnson's "Jungle

Adventures" in the South Seas and Borneo will give an added diversion. The picture was taken while on a jaunt into the haunts of the Malay pirates and the many fierce tribes of Borneo. Doubtless the "Wild Woman" will play a big part. Thrill after Thrill is caught when the wanderers punch around in a country where a vicious death lurks around every corner.

"The Masked Avenger" is a new adventure in westerns adorning the program Saturday night and will doubtless prove a thrilling affair with Lester Cuneo and Mrs. Wallace Reid as the stars.

KEEP ON GRINDING.

Lost the election, did you? Well, it never pays to cry over spilt milk.

When two or more candidates run for office, one or more will go down in defeat. Only one candidate can win.

Your favorite got snowed under, eh? Well, take it philosophically and bide your time. Maybe next election he'll run like a scared antelope.

It never pays, fellow citizens, to tear your shirt and muss up your hair over a political scrap. It is the most unprofitable thing in the world to get all het up over a contest of that kind.

The other fellow isn't always wrong. There is a possibility—a very faint one, of course—that you might be wrong occasionally. Might as well admit it.

No matter who's elected, the stars will continue their orderly march across the sky, the sun will stay on the job untroubled, the moon will continue to wax and wane, the crops will keep on growing, the earth will not vary one jot or tittle from its accustomed orbit, taxes will continue, death will be in the offing as usual, rain will fall, boll weevils operate, nations war with nations, Mother Nature will remain prolific, heaven will abide and hell do business at the same old stand.

Buck up. Don't take yourself too seriously. What's a measly little old election compared to the Scheme of Things?

Stay in there, old man, and grin right out loud at the world.—Abilene Reporter.

To Secretaries of Local Organizations

Why not let this newspaper save you labor?

Labor-saving devices are the modern methods.

They spell efficiency.

Why stay in the old rut?

This is what you have been doing for years—wasting your time and energy in sending out separate notices of meetings regarding your lodge to each member. This means that you have to address from 50 to 100 postal cards or envelopes in addition to preparing the notices for mailing out.

Why not put your notice in an advertisement under "Lodge Notices" in this paper? You could do it for \$1.25 and save all that labor.

It's the modern way. It's the way most lodges are doing in the up-to-date communities.

What would be more interesting in this paper than a column or two of such notices? Your members would look for this feature in every issue. And then, think of the labor it would save you.

Just write out one notice and bring it to us. That's all. Simple, isn't it? You bet. Try it and you won't do it any other way.

We are here to serve you and ready to make suggestions.

Too much protracted meetings, no letter last week. But we had a wonderful meeting some splendid sermons were preached by the pastor, Bro. Leach, and his helper and our friend, Bro. Louis from Westbrook. Bro. Louis is a young preacher just beginning to be a "fisherman of men" but he's humble, and studious and is making up his own sermons direct from the Bible and many of us will take thru life with us some of the beautiful lessons we learned last week and in that his work will live on in our lives and the life of the community was where the meeting helped most. Services closed after the baptizing Sunday evening. We had dinner under our new harbor at the noon hour

and plenty for everybody. Among those that visited sometime or was with us during the meeting, were Bro. and Sister Bishop, Mr. Chester Thomas and Miss Coral Bishop, Mr. and Mrs. Jimmie Dorn and family all from Colorado. Mr. and Mrs. Westbrook and family were also visitors. Miss Ola played the piano for us throughout the meeting. Mr. Judson and Edward Phelps. The two Misses Phelps, Mr. Scott and a number of other young people from Longfellow; Mr. Hull from Snyder. We invite all of you good people to see us again. The Moline Row Binder has no side draft. He has since been moved to the home of Mr. and Mrs. Oscar Hammond but is not yet out of danger and doesn't rest but very little. We hope to inform his many friends that he is much better in our next letter. How The Master Driver Became Master Tire Builder

IN 1903, driving the "999" racing car, Barney Oldfield started his career of victories that later earned him the title of "Master Driver of The World." To overcome the tire weaknesses that made racing difficult and dangerous, he studied tires—specified materials—supervised construction. American tires that have ever taken first place in the French Grand Prix. They have won for three consecutive years in the 500-mile Indianapolis Sweepstakes. So far in 1922, Oldfields have lowered four World's Records and seven track records. The Wichita Test Run gave evidence of Oldfield superiority in touring—when a set of four Cords covered 34,525 miles over rutted, frozen, winter roads—a performance attested by the Mayor of Wichita. Today, Barney Oldfield is known as the "Master Tire Builder." Starting with the crude tires which carried the "999" one mile in sixty seconds, Oldfield gradually developed his famous Cords—a set of which covered 500 miles at eighty-eight miles an hour without a change. In three years Oldfield tires have won every important race on American speedways. They are the only

"CHICKENS" You get the coin said uncle's will. Provided you become a farmer. To Deems it was a bitter pill. Until he met a certain charmer. A country lass, who helped him buy A barnyard full of fancy chickens. The fowls were poisoned on the sky. Who did it? Ah! The mystery thickens! His chickens gone, poor Deems lost all, Including sleep; a hectic nightmare Of murdered roosters six feet tall.

Made Deems leap up and at the sight stare. But, aided by the girl, he found The gink who did the paris green-ing. And troubles vanished. Your's are bound To do the same; just see our screening At Tent Theatre Friday and Saturday nights. Adding machine paper at the Record office.

The "USCO" You Buy To-day is a New—a Better—a Heavier "USCO" at the \$10.90 Price with No Tax added

AST Fall at the \$10.90 price it seemed to motorists as if the 30 x 3 1/2 USCO had reached the peak of tire value. Yet the makers of USCO have now produced a still better USCO—a longer wearing tire with—Thicker tread—thicker side walls. Better traction, longer service, more mileage. And the tax is absorbed by the manufacturer. The new and better USCO is a tire money's worth that was impossible a year ago. It is possible today only in USCO.

FERGUSON IS ON OLD DEMOCRATIC PLANKS, HE SAYS

TEMPLE, Texas, July 28.—"We are ready for the second blessing," says James E. Ferguson, who will be in the run-off with Earle B. Mayfield for the senatorial nomination. "I am in favor of the enforcement

of the prohibition law as much as anybody, and nobody can say that I bought five cents' worth of intoxicating liquor in violation of law, and I am going to insist in this campaign that the people demand of all the candidates a frank question of whether they have bought liquor illegally in the last three years.

"Any man who will preach prohibition and then go out and buy liquor from a bootlegger or from anybody not authorized by law to sell it, is a contemptible, low-down, pusillanimous hypocrite. No candidate should be allowed to raise the question of prohibition and ask the people to elect him until he can show that he has set a good example in enforcing the law which he espouses.

Right of Religious Liberty.

"Above and beyond all questions, however, confronting the American people, and especially the people of Texas, is the right of religious liberty. If the Ku Klux Klan has its way and is permitted to banish the Catholics and the Jews because of their religion, then, intoxicated with that power, they will in turn banish the Methodists and Presbyterians, and then us poor sinners who do not belong to any church, will be bound hand and foot and cast into outer darkness, where there is weeping and wailing and gnashing of teeth."

"When this condition arises, of course, no government can exist. It will be immaterial then how any of us stand on financial legislation, organized labor or prohibition, because there will be no government that can put into force any law representing the views of any part of the people. The rule of the people will be destroyed, and therefore we must all be willing to lay aside for a time the discussion of our views on all questions until we banish from this country the idea that anybody

can here establish an empire or an imperial palace, ruled by any kind of a king, wizard or prince.

Crown Prince of Klan.

"The Honorable Earle B. Mayfield is now the crown prince of the Ku Klux Klan, and is meeting with them secretly in different parts of the State, and he has pledged himself to carry out their plans and purposes; and I challenge him, if I am not correct, to deny that he is a member of the Ku Klux Klan, and if he is not a member of the Klan, then let him denounce their purposes to secretly gain control of all the offices in this country under the cloak of a mask and the guise of fraternalism.

"Connected with this movement to elect this crown prince are the big corporations of this country having for their purpose to crush the laboring masses, and to rob the public with high railroad rates and turn this Nation over to the most denounceable set of political hijackers that ever cursed a free country.

Open Port Law "Infamous."

"There may be good people in the Ku Klux Klan, but if there is, let them take off their masks and let us see their faces, and when they have done that, they will have to leave the Ku Klux Klan. I issue a challenge and hurl defiance to this crowd, who, if left alone will bring on the greatest internal revolution this Nation ever saw, and will plunge us into a condition far worse than Russia itself.

"Let the people be not deceived. Ten days ago I predicted that just as soon as this election was over, Pat Neff would send his adjutant general department, honeycombed with the Ku Kluxism, into certain parts in Texas and declare martial law, and under the provisions of the decision of some crack-brained judge and the infamous open port law, will begin to shoot down workmen in order to satisfy the railroad corporations of this country in their determined design to exploit the consuming public with high freight rates and rob their own employees of a living wage. My prediction has come true, and the Ku Klux Klan of Texas is now in the field with bayonet and gun and the peaceful and prosperous condition of the last few years is now turned into one of turmoil and strife, because of the greed of the corporations and the fanaticism of those who lust for power.

Challenge to Mayfield.

"I call to arms all those who stand for the supremacy of the American people and for the freedom of political and religious conscience. The time has come when either we must banish corporate greed and fanatical power or our Nation will fall.

"Almost without pause or script, I have, through the devotion of my friends, fought my way to a place in this run-off, and I appeal to all others who agree with these great principles, to give me their support for the good of the country. Pitted against me is a candidate who has sat upon the Railroad Commission for ten years, and in a public speech in this campaign he has admitted that the Texas Railroad Commission is a rubber stamp; and I think he told the truth. But nobody has charged that it has been a rubber stamp for the people, and therefore it must have been a rubber stamp for the railroad. I challenge him to show where, as railroad commissioner, he has done anything on the side of the people. It is remarkably strange that all the big railroad corporations and all the big oil companies are supporting him in this campaign."

TEXAS POLITICS AS DOPED OUT BY NORTHERN PAPERS

WASHINGTON, July 29.—The August Democratic primary in Texas has reached the stage of presidential politics. The question was discussed by both democratic and republican leaders.

Democrats were wondering what effect the election of Mayfield, if Mayfield were elected, would have in northern states in 1924. When democrats, if they are to come back, must cut heavily into the foreign vote.

Democrats feared that the republicans would raise the cry of the 'South is in the saddle' and add that the Ku Klux succeeded in electing a senator in the biggest democratic State of all.

It seemed certain that an investigation into the eligibility of Mayfield would be raised should he succeed in defeating Ferguson and that a contest of his seat might ensue.

The Philadelphia Public Ledger editorially asserted that there was grave doubt that Mayfield would be seated in case of victory.

The Public Ledger asserted that "Senator Culberson, representing what is left of decency and sanity has been defeated, Mayfield leaving

hind. The rest of the country had thought better of Texas and the the old and valuable senator far benevolent that the state has fallen so completely into hands of the basest form of ignorance, stupidity and unreasoning hate yet known has shocked the country."

The editorial continues that "it would be a national shame and disgrace if any one representing the Klan were to take his seat among real Americans in the proudest legislative body in the world the election of Mayfield would be an affront to the people of the United States. Texas has one chance to redeem herself in the eyes of the rest of the country and that is to come to her senses before the run-off primary next month if she does not, and Mayfield wins, Texas must surely know that he will have a hard time getting into the senate.

The committee on privileges and elections will most certainly insist on knowing whether he is a member of the Klan or not, and how far he is affiliated with it and he will have to stand aside until it finds out.

The senate cannot afford to have a Ku Klux member and it can bar him even if he is not an executive member, it is the sole judge of the qualifications of its members. Even such a man as S. Reed Smoot had to stand aside until the senate had investigated his record as a Mormon. "For the present at least Texas sits in disgrace among her forty-seven sisters. In many elections one State or another has run off the track and amazed the nation by voting for something mad. But never had any stage gone to such depths as these.

The Baltimore American asserted that "Texas is between the devil and the deep blue sea. It would have been more cheerful if Culberson had run second in Ferguson's place whether or not James E. Ferguson was fairly treated in the impeachment proceedings by which he was ousted from the governorship it hurts public confidence for the state to have to turn to a man with a black mark on his record for rescue. Mr. Ferguson espouses the principle that the individual shall live his own life without unreasonable dictation from neighbors.

"It is a pity, we repeat, that a man who proposes to campaign in advocacy of this idea should be handicapped by a black mark on his personal record whether or not that mark is deserved, but he is this time fighting for a good cause and it will be ill for Texas, if he loses."

Notice of Bankrupt's Petition for Discharge.

In the District Court of the United States for the Northern District of Texas, in the matter of T. C. Donnell & Son, a firm composed of T. C. Donnell and D. H. Donnell, as a firm and individually, bankrupt, No. 883 in bankruptcy.

Office of Referee, Abilene, Texas, July 29th, 1922; notice is hereby given that T. C. Donnell & Son, as aforesaid, of the County of Mitchell, and district aforesaid, did, on the 29th day of May, 1922, file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are exempted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 1st day of Sept. 1922, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

D. M. OLDFHAM, Jr., Referee in Bankruptcy.

Same Old Story But a Good One.

Mr. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."

THOMAS AND OUSLEY WONT STATE WHO WILL BACK

DALLAS, July 31.—Cullen Thomas of Dallas, one of the defeated candidates for the democratic nomination for United States senator, said Friday:

"Looking backward on the election results I am reminded of the epitaph on an infant's tombstone: 'Since I was so soon done for, just what was I begun for?'

"In the fine words of Franklin K. Lane, as he fronted the inevitable 'I accept.' Nor do I rail at fate. I wave goodbye to yesterday without a murmur and greet tomorrow with a smile.

"I was walking up the track toward Washington when the Ku Klux train came along and everybody knows what happened.

"The intrusion of the klan question literally cut what would have been my vote half in two. I did not

precipitate the issue. The announcement of my attitude swept away the support of neighbors, friends, communities and whole counties through out the State. I fought on, undismayed, against overwhelming odds, hoping to the last to overcome insuperable difficulties.

"Therefore, the election results do not measure the normal strength either personal or political of the respective candidates. What is here-in said is explanation, rather than lamentation."

Cause of Appendicitis.

When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive.

Men employed in our mechanical and car departments have been on strike since July 1st against the decision of the United States Railroad Labor Board. The officers and loyal employes of this company are doing all in their power to keep trains operating. If we can have that protection for life and property which the law guarantees, we will succeed. The strikers and their sympathizers, on the other hand, are doing their best, through a campaign of lawlessness, intimidation and terrorism, to prevent our operating trains. The welfare and prosperity of the communities we serve depend upon who wins. The law will be enforced if the public demands it. If the law is enforced, the railway can and will continue to operate trains and give that service so vitally necessary if crops are to be moved and producers and consumers alike spared the suffering and financial loss involved in a tie-up of the transportation industry.

PLENTY OF MILK

Cows on Pasture Need Grain

Large extra summer profits may easily be obtained from cows on pasture. Two pounds of PURINA COW CHOW FEED on pasture will increase the flow of a good producer at least 6 pounds of milk per day, usually more.

At \$2.00 per cwt. the extra milk will bring 12 cents per cow at an extra feed cost of only 7 cents per cow. This means 5 cents extra profit per cow per day or \$1.50 a month. On a herd of 20 cows it would mean an extra profit of \$30.00 per month. These figures are conservative. Make a test. Order PURINA COW CHOW FEED today and start tomorrow.

BORAH AND LA FOLLETTE FORSHADOW DEFEAT G. O. P.

Of course, it was to be expected that progressive Republican Senators like Borah and LaFollette would speak their minds freely on this bill, as Senator Norris of Nebraska already has done. In his speech opposing cloture Senator Borah denounced the "exorbitant and unconscionable government expenditures," which "are not being diminished to any appreciable extent," and said:

"The Republican party is now in power. Others may vote with the party to lay on these increased taxes and burdens, but the responsibility is fixed and inescapable; it is with the party to whom has been entrusted the reins of authority. For the sake of our common country, for the sake of peace and happiness among the millions who must bear the awful load, who can not pass it on, will not the old party of so many noble victories rise to meet the occasion and stop once and for all this orgy of extravagance, this saturnalia of expenditure, until the people can redeem our country from discontent and strife and bring it back to prosperity and power?"

Senator LaFollette minced no word—he never does. He said:

"It would seem, sir, that the men responsible for this Republican administration, in the light of this history, would, with the return of the Republican party to power, frame a tariff bill with at least some show of decent regard for meeting the undoubted will and desire of the vast majority of the people. But it seems that the same interests which foisted the Dingley tariff and the even worse Payne-Aldrich tariff upon a long-suffering public are strong enough to write into the statutes of this country the far worse tariff provisions contained in the pending bill. I do not understand, sir, how men charged with the duty of upholding and preserving the principles of the Republican party, even if they felt no responsibility to the people who elected them, can deliberately force through legislation which they must know means the defeat, if not the utter ruin of the party. If the elections of 1910 and 1914 and 1916 mean nothing to them, then let them look to the Republican primaries held in Indiana, in Iowa, in North Dakota and other States within the last few months. Powerful, indeed, must be the influences which can bludgeon through this legislation when the political leaders responsible for it know that it means the defeat of their party and the end of the political lives of most of the leaders responsible for this bill."

In the county convention at Abilene last Saturday the following resolution was introduced:

"Be it resolved by this convention that our candidate for the Legislature be instructed to introduce and support a joint resolution or such other legislation as may be necessary to provide for the setting aside, cancelling and annulling, of all of the penalties imposed by the Senate of Texas in the judgment of impeachment heretofore rendered against ex-Governor James E. Ferguson to the end that he may be restored to

all of the rights of citizenship in Texas, now enjoyed by other citizens of the State."

After a scrap of about two hours, the resolution was finally voted down.

Those speaking for the adoption of the resolution contended that it was not to be considered as an endorsement of Mr. Ferguson for the United States Senate, but as recognition of an injustice done him when the Senate sought to take away his citizenship. It was further stated that Mr. Ferguson would never have been impeached had it not been for his voting for Abilene for the location of the West Texas A. & M. College and that he offered up his political life for Abilene.

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.
