

## Largest Stock of Dry Goods in Mitchell County

Mr. Landau, of the Colorado Bargain House, has just returned from the Eastern markets where he spent more than six weeks picking out goods for his firm. He states that he studied the markets very carefully and he thinks that cotton will bring a good price therefore, he bought very heavy in all departments. Their house is packed full of merchandise of all descriptions. Ladies now is your chance to get dressed up. If you are not in the need of merchandise at present, you should visit them and see what they have. Their prices are much lower than any other firm we know. It pays to visit THE COLORADO BARGAIN HOUSE before making your fall purchases. They have the goods and

**THE PRICES ARE RIGHT**

## BUSINESS FUTURE LOOKS PROMISING AT COLORADO

The business outlook at Colorado continues to look promising, in spite of the continued dry weather, in the opinion of bankers and business men of Colorado, who are supporting the belief that cotton will sell at a fairly good price throughout the fall. The cotton crop, however, will be shorter than that of a year ago, but some of the local citizens do not believe this reduction will be large. According to Alvin Bell, local business man, the cotton crop over the area south of the Texas & Pacific railroad is better this year than at the same time a year ago. The amount of acreage in cotton this year is larger than last year.

The outlook for a record cotton crop in Mitchell County was most promising sixty days ago. The acreage, which according to estimates compiled by the Chamber of Commerce will reach seventy five thousand acres and during the planting and early growing seasons an abundance of rainfall was registered.

Cattlemen report range cattle fat and while the grass is very dry, there is, in most instances, a good growth on the range. Some of the cattlemen report a scarcity of water, but in no cases reported are cattle suffering.

The agricultural and livestock industries here are being greatly augmented by the oil industry, which now extends over most of the western half of the county. Thousands of acres of land have been leased by developers and in numerous cases the price paid was large.

### COLORADO AND COUNTY ARTICLES IN SPECIAL

Articles dealing with conditions in the city and county are to appear in the special West Texas edition of the Abilene Morning Reporter, which will be issued a few days before the opening of the West Texas Fair at Abilene. The edition will carry about one hundred pages and be representative of progress being made in this section of the State.

That the articles would appear in the Reporter special edition was assured Monday by a representative of the Colorado Chamber of Commerce who spent Friday in Abilene on business.

## COLORADO LIONS DEMAND REDUCTION LIGHT RATES

Charges that patrons of the West Texas Electric Company at Colorado were paying exorbitant prices for both light and power service, were made Wednesday noon by speakers at the Lions Club luncheon at the First Baptist Church. One or two specific instances of alleged inflated charges were referred to and it was charged that the public in general would sustain action of the club in demanding relief.

A comparison of the rate charged Colorado patrons of the light and power company with rates in force in other towns and cities of Texas were made. "In spite of the fact that a reduction of one cent per kilowatt, from eighteen to seventeen cents, was announced a few months ago by the West Texas Electric Co., our light and power bills today are more than they were a year ago," one of the lions declared.

Reference to a similar condition arising at Lubbock was introduced and those speaking on this matter stated that Lubbock had solved the light and power problem by building a municipal plant. The rate in Lubbock is now several cents below that in effect in Colorado, it was stated. Some of the Lions suggested that if relief could not be obtained otherwise that encouragement be given a campaign to build a municipal plant here.

A committee representing the Lions Club was appointed to take up the matter with the council and ascertain whether relief could not be obtained. This committee was directed to request the city council to "demand of West Texas Electric Company to show cause why light and power rates at Colorado could not be reduced."

The Lions also went on record in expressing disapproval of the service rendered the public at Colorado by the Southwestern Bell Telephone Company and extended to C. L. Stewart of Abilene, district manager, an invitation to meet with the club to discuss this question. The secretary of the club was in Abilene Friday and discussed this question with Mr. Stewart, who, it is stated, expressed a desire to co-operate with the Lions Club in improving the telephone service here.

That either approach to Lone Wolf bridge on Second Street, was in bad condition, was stated by some of the Lions, and on motion, a committee was appointed and instructed to request of the county judge that needed repairs be made. It was pointed out that the county had taken over Second street, as a part of the Bankhead Highway, and it was, therefore, the duty of Commissioners Court to make repairs at the bridge.

That the club will continue to foster the campaign to build an American Legion hut at Colorado was stated by speakers addressing the club on that subject. Thos. Dawes, chairman of the hut committee, stated that plans for building the proposed hut were being worked out.

Several members of the club were absent from the luncheon Wednesday, some of them being out of the city and others detained at home because of sickness. A total of twenty members were present. The Rev. C. L. Browning, pastor of the First Methodist Church, had been invited to attend the luncheon as a special guest, but he was absent from the city. Rev. W. M. Elliott, pastor of the First Presbyterian Church, has been invited to attend the luncheon next week.

### COUNTY COURT CONVENE MONDAY BY JUDGE HALL

County Court was convened Monday morning by Judge J. C. Hall and the first day of the term was devoted to preliminaries and setting trial dates for a number of cases pending. During the week the probate docket has been heard, together with a few cases on the civil docket in which a trial by jury was not demanded. The jury panel has been summoned to appear Monday. Hall expects to have a busy session of the court all of next week, as a number of cases are pending for the term

## BADGETT NO. TWO WILL BE SPUDDED IN MONTH

Badgett No. 2 to be drilled by Messrs. Lockhart, owners of the Rio Grand Oil Company refineries at El Paso, will be spudded within thirty days, according to C. E. Lockhart, field manager for the company and who has been in the Mitchell County field during the past several months. The well will be drilled in the northwest corner of the southeast quarter of section No. 2, Block No. 28, T. & P. Ry. Co. survey, two and one-half miles south from Coleman No. 1.

"We plan to drill this test in record time," Mr. Lockhart stated Wednesday morning, "as our contract specifies that a well three thousand feet in depth be completed by November 25th. A bonus will be paid both the day and night crews at the test for making new hole in record time."

Materials for the test are in transit from Ranger and should arrive at Colorado the latter part of this week, Mr. Lockhart stated. Every item of material needed for completion of the well will be placed on the ground by the time the test is spudded, including all casing. The test will be started with a fifteen inch hole. A complete string of tools to be used at this well is now in the field and will be moved to the location within the next few days.

Mr. Lockhart stated Wednesday that the log of Coleman No. 1 was showing up favorably, which coupled with the fact that findings of geologists in that section of the field have been most optimistic, will cause much interest to be centered about the test. Several geological surveys have recently been made over the territory extending from Badgett No. 1 west to the Howard county boundary all of which have been reported favorable. Badgett No. 2 has been located near the center of this territory.

The Lockhart Brothers have been associated with the Mitchell county field several months, constructing the first pipe line in the field. This line extends from loading racks at Westbrook a distance of three miles into the heart of production in the Underwriters Block. Announcement a few days ago that the company would enter the field as developers was the first intimation given the public that they would drill here.

### OFFICIAL COUNTY CHANGES RESULT COUNTY ELECTION

J. A. Buchanan, chairman of the Mitchell County Democratic Executive Committee, convened the committee Saturday to make an official canvass of returns from the ten voting boxes in Mitchell county. The result of this canvass, as announced by Buchanan Monday, shows a slight change in the result of the election from that published in the Record last week.

Unofficial returns compiled by telephone by the Record last week gave I. W. Terry a majority of 31 votes over J. B. Holt for sheriff and tax collector, while the official count Saturday placed Terry's lead at 29 votes. Unofficial returns last week gave Warren a lead of 166 votes over Kennedy for tax assessor, and the official count increased this lead to 167.

The votes received by these four candidates, as shown by official returns, follows:  
For Sheriff and Tax Collector—Terry, 897; Holt, 868.  
For Tax Assessor—Warren, 966; Kennedy, 899.

### AUGUST RAINFALL TOTALS 31 HUNDREDTHS INCH.

Rainfall at Colorado during August of this year was the lightest in the history of the local weather bureau, established eighteen years ago, with the exception of two years E. Keathley, local observer, reports 31 hundredths of inch for August, 1922. In 1907 the rainfall was 15 hundredths of an inch, and 1913 it was 16 hundredths. Rainfall during the spring season was heavy at Colorado, the precipitation during April being 12.28 hundredths inches the heaviest for that month during the eighteen years.

## BOOSTER CLUB BANQUET BARCROFT DINING ROOM

The September meeting of the Colorado Booster Club will be held Thursday night, September 7th, in the dining room of the Barcroft Hotel, W. W. Whipkey, vice president of the club, stated Wednesday. J. H. Greene, president of the Club, left Tuesday night for Dallas and arrangements for the banquet are being directed by Whipkey.

Meetings of the club have heretofore been held at Union Tabernacle and at the Ford Agency building of A. J. Herrington. That the meeting this week would be held at the Barcroft and feature a banquet was announced following a meeting of the board of directors last week.

An entertainment program will be rendered, and included in this will be special orchestra music under direction of M. S. Goldman, director of the Booster Band. Goldman is promising something well worth while to those who appreciate good orchestra music. Col. C. M. Adams will act as toastmaster.

"Matters of vital interest to Colorado and Mitchell County are to be introduced at the banquet Thursday night," an officer of the Booster Club stated Wednesday afternoon. It is understood that one of the subjects to be introduced will be that of a proposed new Mitchell County court house, which came up for consideration of the Booster Club one month ago. A committee was appointed at that time to look into the merits of the suggestion and report their findings at the meeting Thursday night.

The Club will be called to order at 8:30 o'clock.

### ABILENE FAIR OFFICIALS SEEKING MITCHELL EXHIBIT

Grady Kinsolving, secretary of the West Texas Fair Association at Abilene, stated Friday that he had taken up with officials of the Mitchell County Fair Association, the matter of sending an exhibit from Mitchell County to the West Texas Fair at Abilene. "Mitchell is one of the leading agricultural counties of West Texas," Kinsolving stated, "and we are anxious that this county be represented among the many exhibits to be shown at Abilene."

### CITY COUNCIL TO MEET MONDAY OF NEXT WEEK

The City Council will be convened Monday by Mayor R. H. Looney for the regular September session. While no intimation has been made public that such would be done, it is conceded by a number of citizens that the parking ordinance passed a few weeks ago will be annulled by the council. The penalty clause of the act was repealed by the council within a few days after its passage and only three arrests were made for violation of the ordinance.

### BANKS AND POSTOFFICE OBSERVE LABOR DAY

The two national banks and the postoffice at Colorado were closed Monday out of recognition of Labor Day. The day passed quietly here without demonstration or parades of any kind. The Record force observed the day by working just a little harder than usual.

### SEVEN WELLS FARMER IS HOST TO RECORD FORCE

A. L. Scott, one of the leading farmers of Seven Wells, visited the Record office one day last week and left seven excellent Sweetheart melons, with his compliments. The melons, which were very luscious, were enjoyed by the force. Thank you, Mr. Scott, we country printers wish there were more of your kind in the Colorado territory.

### UNIFORMS BOOSTER BAND RECEIVED LAST WEEK

The Colorado Booster Band is now in the "dressed up" class, as the uniforms recently ordered for members of the band were received in Colorado last week. The band will appear before the public in a concert to be announced later.

## LESURE WELL WILL BE SHOT SATURDAY, REPORT

LeSure No. 1 of Cal Daniels, near Westbrook, will be given a light nitro shot Saturday, according to information given the Record Thursday morning. The well has been drilled several feet into the pay, encountered last week at 3009 feet and is said to be standing 1000 feet in oil today.

A number of geologists are working the field this week and it is being predicted that several prominent operators are about to enter the field. Scarcity of crude is causing local oil men to look for an advance in price, which would augment new drilling contracts in the Mitchell county field. Local operators are expressing the belief that this field will show a forward movement when wells are drilled to a depth of from 3600 to 3800 feet.

The joint of collapsed casing, which during the past three weeks has tied up drilling at Coleman No. 1, was recovered from the well Tuesday afternoon. The entire joint was flattened from one end to the other and said by oil men who viewed it to have been a precedent. It is frequent that casing will collapse, according to members of the crew at the well, but for an entire joint, twenty feet in length, to be flattened as if passed through a rolling mill, is out of the ordinary.

Attempts to lift the bit which was lost in the well below the collapsed joint of casing was commenced Tuesday afternoon but up to Wednesday morning the attempt had proven unsuccessful. A special grappling tool was moved from Etta Brennan No. 1 Wednesday morning to be used in fishing for the lost bit.

G. E. Renier, contractor drilling this test, was in Colorado Wednesday and stated that he did not anticipate but little further delay, as he expected to recover the bit and set casing within a short time, and resume drilling.

The field report, compiled for the Record Thursday morning, follows:

The Western Petroleum Operators Company is drilling at 3300 feet at Etta Brennan No. 1. Henry Riley, on the Murphy land, is drilling at about 3300 feet. Stewart No. 1 of the Istan Oil Company is drilling at 2930 feet. Jones No. 1 of Maxwell & Johnston Brothers is drilling at 1655. Guy Reed and C. C. Bowser are drilling at about 600 feet at Badgett No. 1. Fensland Oil Company test is drilling at 2110 feet. Foster No. 1 of the Magnolia Petroleum Company is drilling at 865 feet. Foster No. 2 and Coleman No. 1 continue fishing jobs.

All wells in the field which have been completed and placed in the producer class are pumping regularly.

### 3 BROTHERS-IN-LAW HAVE ANNIVERSARY TOGETHER

Mr. and Mrs. L. B. Elliott entertained a number of relatives Sunday in honor of the anniversary of Mr. Elliott, C. C. Wilson and Marvin Martin, each of whom was born on September 1. The three are also brothers-in-law.

Guests in the Elliott home for the celebration were Mr. and Mrs. H. B. Wilson, Mr. and Mrs. T. C. Wilson, Mr. and Mrs. E. M. Bruce and Mr. and Mrs. Marvin Martin of Lorraine and Mr. and Mrs. D. T. Butler of near Colorado.

### FIVE GINS AT COLORADO RUNNING FOR THE SEASON

A total of 788 bales of cotton had been received at the five gins at Colorado up to noon Thursday and the staple is just now commencing to move on a large scale. The daily receipts are gradually increasing each day and within the next week the five plants will probably be running night and day. Gin receipts Wednesday were 134 bales, while during the day Thursday it is estimated that 182 bales were received.

Prices paid for the staple during week have ranged from 19 1-2 cents to 21 cents. Seed is selling at the gins at \$25 per ton. The seed cotton is unusually clean, as no rain has fallen on the crop since it began to open.

## Two Great Tire Values for the Light Car Owner

WHEN you note the prices quoted below on 30 x 3 1/2 inch ROYAL CORD and USCO Tires—bear in mind that while the price has been going down, the quality has been going up.

The New and Better USCO is bigger, with thicker tread and sidewalls, more rubber, better traction, greater mileage.

The ROYAL CORD is more than ever confirmed in its leadership as the measure of automobile tire values.

SIZES	ROYAL CORD		FABRIC		Plain
	Usco	Nobby	Chain	Usco	
30 x 3 CL		\$12.55	\$11.40	\$9.75	\$9.25
30 x 3 1/2	\$14.65	15.60	13.00	10.65	
31 x 4		23.00	21.35	18.65	
30 x 3 1/2 SS	14.65				
32 x 3 1/2	22.95	20.45	16.90	15.70	
31 x 4	26.45				
32 x 4	29.15	24.35	22.45	20.85	
33 x 4	30.25	25.55	23.65	21.95	
34 x 4	30.85	26.05	24.15	22.40	
32 x 4 1/2	37.70	31.95	30.05		
33 x 4 1/2	38.55	33.00	31.05		
34 x 4 1/2	39.50	34.00	32.05

### PECOS BOOSTING FOR STATE PARK IN DAVIS MOUNTAINS

Interest in the Davis Mountain State Park should not be allowed to lag. El Pasoans who do not talk Davis Mountain Park as well as work for it need not come to Pecos on a campaign to secure business as is proposed. This is a day and time sensible people look to the good of their people and country. While the Mescalero Park is all right and would be a good thing if created, yet Texas should pull for the Davis Mountain State Park first, last and all the time. It is the logical thing to do because there is no other place in Texas or New Mexico which would serve our people better or furnish more pleasant surroundings or more beautiful scenery. That Prof. Leonard Powers of Port Arthur, and representing the University of Texas is a booster for the Davis Mountain Park may be judged by the following taken from the El Paso Herald:

"I find El Pasoans apparently more interested in the proposed Mescalero national park than in the proposed Davis Mountain State park said Prof. Power.

"They should be not less interested in the Mescalero park, but more interested in the Davis Mountain State Park," he declared. "I consider the Davis Mountains one of the finest park sites in the southwest. It looks now as if it would become a reality."

Gov. Pat M. Neff is interested in the Davis Mountains Park, according to Mr. Powers. The fact that the Baptists of the state have a permanent encampment site in the vicinity makes Gov. Neff more interested in it, Mr. Powers said, as the governor is a Baptist.

J. T. Robinson, commissioner of the general land office of the state, is interested in the park, also, Mr. Powers said.

### BOQUETS

The Colorado Record has got the "big head" now. It has a few headings picturing the oil fields, agricultural and stockmen's interests of Mitchell County, one of the finest counties in the State—when it rains. The Record has done much for Colorado and adjoining counties and it deserves even more than it is getting, which is the biggest business in that part of this great State.—Christoval Observer.

The Colorado Record has blossomed out with a regular sporting page head since that town has developed into an oil center. The Whipkey Brothers' trade mark—a whip and a key—enclosed within a double circle in which appears the legend "Whipkey Printing Co., Colorado, Texas" is an innovation in newspaperdom. The head is otherwise decorated with oil derricks, farmsteads and cattle. Personally we like the old head best but everybody to his taste and the Record is such a good newspaper that we are perfectly willing to overlook its "decorated up" head.—Amarillo Plainsman.

It is only fair to recall that Los Angeles was named before Hollywood moved there.

An Ohio man died and left \$100,000 to a girl who had refused to marry him, showing that gratitude is not a lost virtue.

### NOTICE BY PUBLICATION THE STATE OF TEXAS

To all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Mitchell for taxes, to-wit: Lot Number 6 in Block Number 7 in the White Business Addition to the town of Lorraine, Texas; \$2.37 for State taxes, and \$3.02 for County taxes, said taxes having been legally levied, assessed and rendered against said land and lots, and the same being a lawful charge and constituting a prior lien against the same in favor of the State of Texas and County of Mitchell, to secure the payment thereof; and you are hereby notified that suit has been brought by the State for the collection of said taxes; and you are hereby commanded to be and appear before the Honorable District Court of Mitchell County, Texas, at the November term, 1922, thereof, to be held at the Courthouse of said County, in the city of Colorado, on the third Monday in November, A. D. 1922, then and there to show cause why judgment should not be rendered condemning the said land (or lots) and ordering sale and foreclosure thereof for said taxes, interest penalties and costs, and all court costs; all of which, together with other and further relief, general and special, being fully set out and prayed for in plaintiff's original petition filed in said court on the 10th day of July, A. D. 1922, and appearing on the docket thereof as suit No. 4195, wherein the State of Texas is plaintiff and W. T. White and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said County, at office in the City of Colorado, in the County of Mitchell, this 24th day of August, A. D. 1922.

Lightning fired the grass in one of the pastures of the Spade ranch Saturday night, and more than three hundred acres was burned over before the fire was gotten under control.

### Catches Big Fish

G. H. Mann, J. M. Bruce, Oma Sanders, Roy McPherson, Geo. L. McGee, Dutch Sanders and a Mr. Bozewin composed a fishing party to the Colorado river first of the week. They came in Tuesday evening with a cat fish which weighed 15 1/2 pounds. Dutch Sanders has the honor of landing the premium cat—with the timely assistance of G. H. Mann and others of the party. This is the largest fish that has been shown in Lorraine this season.—Lorraine Leader.

Green, violet, red, blue and black ink at the Record office.

### J. PHILLIP SNEED IS DEAD OF INJURIES

Georgetown, Texas, Sept. 4.—J. Phillip Sneed, wealthy young planter of Georgetown, died here last night from injuries received Saturday night when he was found by the side of his automobile near Cameron. He was the youngest son of late J. T. Sneed and a brother of J. Beal Sneed. The funeral will be held Tuesday. He is survived by his wife and baby and his mother, Mrs. Lillian B. Sneed of Georgetown.

The Snyders here are distantly related to the Snyeds and Monday Hiram Snyder received a telegram about the death of Phillip Sneed.

A financial item says that many Wall Street men are going back to the farm. They ought to be especially proficient when it comes to watering the stock.

Get office supplies at Record office.

### TO COLONIZE 50,000 ACRES OF WEST TEXAS LAND

Harry Hyman, owner of the H S ranch, located in Mitchell, Howard and Sterling counties, is to place 80 sections of this ranch on the market to be sold in small tracts for colonization purposes. This ranch contains about 67,000 acres and the 50,000 acres to be placed on the market is mostly fine, tilable land. Mr. Hyman is now in this section to get everything shaped up to begin on the sale of this land.—Big Spring Herald.

See a good entertainment any night next week at Best Theatre. The Best Theatre will be open every night.

### A COLORADO BOY GETS RESPONSIBLE POSITION

Stusel E. Whipkey, son of Mr. and Mrs. A. L. Whipkey, who was practically raised in Colorado, and who has for the past year held the position as assistant manager of the Convention department, Dallas Chamber of Commerce, writes that he has resigned this position and has accepted the responsible place as manager of the third floor (Misses Department) in the establishment of Neiman-Marcus Co., at Dallas.

I am still in the fuel business. plenty wood and coal.—R. L. Spalding. Phone 149.

Cedar pencils 25c dozen Record

### SWEETWATER CITIZENS TO SEEK BOARD ABOLISHMENT

Abolishment of the Board of City Development is demanded in petitions recently filed with the city commission of Sweetwater, according to the Reporter. The petitioners ask that an election be ordered to determine whether that section of the charter setting aside two mills out each dollar in taxes collected to support the board be abolished.

Demands that the Board of City Development be abolished, grew out of charges that the board did not cooperate satisfactorily with the base ball club, according to the Reporter.

The Board of City Development is maintained for the same purpose as Chambers of Commerce, the only material difference being that it is supported by taxation and the sixteen directors are appointed by the mayor. These boards are provided in charters awarded Plainview, Amarillo, San Angelo and a few other municipalities of Texas.

Cedar Chests at about one-fourth off the regular price. Let us show you.—H. L. Hutchinson & Co.

### CHILD'S HIP BROKEN

Muriel Marie Haynes, 4 year old daughter of Mr. and Mrs. Lannas Haynes of Sweetwater, will be confined in the sanitarium for the minimum time of eight weeks with a possibility of twelve, according to a message received from Mrs. Haynes from San Angelo.

The child was injured several days ago when the car in which Mrs. Haynes and the children were riding was struck by a Santa Fe passenger train near Ballinger, killing a brother and injuring Mrs. Haynes and the girl. Ballinger physicians examined the child's hip and reported no fracture, according to Mr. Haynes. Investigation by several physicians at San Angelo resulted after the child failed to improve and the hip joint was found to have been broken, which will necessitate the wearing of a plaster cast for a period of from eight to twelve weeks.

Mrs. Haynes had planned to come to her home in Sweetwater today, but the doctor's announcement destroyed all plans.—Sweetwater Reporter.

### The Ideal Purgative.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.

1922 COTTON CROP WILL BE LARGER, IS BELIEF

The cotton crop in Mitchell county will exceed that of last year in the number of bales produced, is the opinion of Marvin Dorn, who was in Colorado Monday from his farm six miles west of town.

The average production per acre will not be as large as that a year ago, Dorn stated, but the acreage in cotton is considerably larger than

last year. There are scores of farmers south of Colorado and of Westbrook who have better cotton this year than they grew last year, he said.

Have your tires been giving you trouble? Has your Ford been using too much gas? Then why don't you purchase a set of Star Ender braces and do away with the rattle at least.—Womack Garage will put them on for you.

Joe H. Booth, cattleman and banker of Sweetwater, spent several hours in Colorado Tuesday on business.

BOOSTER BAND CONCERT AT TABERNACLE MONDAY

The Colorado Booster Band will appear in concert at Union Tabernacle next Monday evening, M. S. Goldman, director, stated Wednesday.

The program will consist of both classical and popular music, Mr. Goldman stated. He urges that the general public attend the concert, as by so doing the band boys would be encouraged in their work to give to the city one of the best bands of West Texas.

In speaking of the progress being made by the Booster Band, Goldman stated that he had never directed a band before in which such notable progress was made by the members.

Standard Mattress Company Before you buy a mattress see our pure Staple Cotton Beds. Mattress or beds made any size. Make any kind of cotton pads or cushions.

WESTBROOK ITEMS. It is reported that the LeSurre well in Section 40 is standing 2000 feet in oil and promises to be a real oil well in the near future which we hope is true.

Mr. Thompson is expecting the rig in daily for the location on Mr. Badgett's farm north of Westbrook and is now having tools moved to same.

Work has been resumed on the Phelan and we are told that this well will be drilled to a depth of 4000 feet or get the pay. Mr. Oliver is in charge of this well and we feel sure that he will soon bring in a gusher and then Mitchell county will come into her own.

We are told that several wells near Iatan are shut down on account of shortage of water. A real good rain at this time would be a great help to all operators here.

Guy W. May. We regret very much to report the death of one of our very useful and valuable citizens, Guy W. May who has been one of our leading business men for a number of years.

Miss Ida Petty, of Merkel, is the guest of Mrs. M. Van Horn this week. V. E. Ellis new residence in north town is near completion.

T. E. Hodges moved into his new residence located in north town the last of the week.

Mr. and Mrs. Tip Carlton of Cisco spent the week end in Westbrook. R. P. McQuerry left Saturday for Little Rock, Ark., to be gone for several days.

Miss Willie Perkins, of Bedias, is visiting her sister, Mrs. Fannie McDonald.

The competent Chiropractor confines his work to the spinal column only, as that is the only place where a nerve can be impinged (pinched) or where the cause of an affection can exist. See your Chiropractor. Spinal analysis free.

Judge C. H. Earnest left the Colorado Sanitarium Sunday and returned to his home in the city. The Judge is recovering rapidly from an operation for appendicitis.

We can save you \$7.50 on a Sealy mattress if you buy today.—H. L. Hutchinson & Co.

DALLAS OPERATORS WILL DRILL NORTH OF COLORADO

The Lou-Tex Oil Company, with general offices at Dallas, will drill a test twenty miles northwest from Colorado across the river in Scurry County, should plans for blocking acreage being worked out materialize.

The mass meeting was called to order by Horace Holley, county judge of Scurry County. Approximately fifty citizens of Scurry and Mitchell counties, who are interested in having a well drilled in that vicinity, were present.

"The drilling of an oil well in this community would be one of the best projects you people could support," Dr. Coleman stated. "From \$50,000 to \$75,000 would be expended here by the drillers, and this money will find its way into your banks, and into the hands of the merchants, farmers and the citizenship in general, whether the hole be a dry well or a commercial well."

Attention Mr. Farmer. As agent for the Taylor Estate am offering for sale, at a reasonable price, and good terms, a body of the best agricultural land in Mitchell county, Texas.

O. F. Jones, manager of the Spade ranch, returned from Fort Worth Friday night where he had gone to attend the funeral services of Mrs. Jones' mother, Mrs. Mattie Bartlett, who died Wednesday of last week.

**COLORADO RECORD HUNDREDS ATTEND WEST SIDE SINGING JUBILEE**

Attendance at the West Side Singing Convention at Cuthbert Sunday was large and by the time the Convention was opened Sunday morning George Goodwin, President said the Cuthbert church, in which the sessions were held, was filled to overflowing and scores of people were turned away from the building.

All singing classes from the West Side were represented at the Convention and scores of class leaders from other sections of Mitchell County and some from adjoining counties were present. Several special vocal numbers were rendered during the afternoon.

At noon a basket dinner was spread under an arbor near the church. There was plenty of dinner for the visitors and the day was pleasantly spent by all those attending. Arrangements for the convention were in charge of Mr. Goodwin and Hon. D. T. Bozeman, mayor of Cuthbert.

**DON'T LAUGH.**  
Don't laugh at the man with the "crazy idea."  
Forty-five years ago Thomas A. Edison laughed at himself, because he had a "crazy idea." But he kept on, and to-day in millions of homes the phonograph plays.

Less than a score of years ago Langley was laughed to death because of his "crazy idea" that man could fly. The greatest mathematician of this country, Newcomb, demonstrated "conclusively" that a heavier-than-air flying machine couldn't fly.

The world has been laughing for a hundred years at the "crazy idea" that women could, should, or would vote.

It was a "crazy idea" that two great nations, with a boundary line between them three thousand miles

**Willard Batteries**

Sometimes, when we get started on the Willard Threaded Rubber Battery, we get over-enthusiastic. Can you blame us?

The one thing that excuses us is that Threaded Rubber Battery users are just as enthusiastic as we are.

You'll need a battery some day. Don't forget Willard Threaded Rubber!

**Winn & Pidgeon Willard Batteries**

Wireless was a "crazy idea." So was Bell's telephone, and Morse's telegraph, and Whitney's cotton gin. Many have thought Jesus Christ had "crazy ideas."

Don't laugh at the man with the idea which seems "crazy" just because it's new. If there had never been any new ideas we would still jail lunatics and debtors, burn men for witchcraft, and use pine knots for illumination. Its not so long since a Republic was a "crazy idea" in government.

**OUT BUFORD WAY!**

The last month of summer has swiftly passed into history, autumn is here, and in the busy harvest time, this season soon passes, and just so with the years as they roll on, no one of us really stop and think, how time flies, and yet some of us waste our substance in riotous living hopping to gain it back on the morrow, and to-morrow never comes. Folks let's think more.

Mr. Biggs and family of Snyder, visited in the Powell home last week. Miss Jessie Stell, Miss Ila, Mr. Phelan Dorn were guests in the McGuire home. All the folks attended the meeting while in the community and we appreciate their presence and help.

We had a number of visitors Sunday, most too numerous to mention, but among them were Mr. and Mrs. B. B. McGuire, Mr. and Mrs. Roy McCreeles, Miss Irene Felts, Mr. Melvin Westbrook, Miss Ola Westbrook spent the week in the community. Come back folks you are always welcome.

Bro. B. H. Terrell conducted the services throughout the meeting. The pastor, Bro. Walton led the singing. There were ten conversions and four candidates for membership in the Baptist and Methodist churches. We are going to strive very hard to keep steadily "in the way," and not let our interest die down, and we expect to organize a prayer meeting that will meet on the Sunday night that we do not have church.

Mr. A. P. Tims has gone to Abilene on business this week. We are sorry to learn that these good people are contemplating moving out of the community.

Mr. and Mrs. Pruitt of Snyder, spent the week-end with Mr. and Mrs. W. C. Hooks. Mrs. Pruitt and Mrs. Hooks are both Methodist ministers daughters and were girlhood friends.

Mr. W. H. Key and family are moving from town to the C. S. Key home place. Homer warns all the neighbors to watch their chickens.

Mr. and Mrs. Claud Cosper and son, Russell, have just returned from a visit across country to Robert Lee, Fort Chadbourne and Bryant, seeing friends and relatives! They report a pleasant trip and are now back on the job with renewed vigor.

I have fed you for 35 years, now I want you to sleep with me 35 years. Try my beds. First door north of Barrcroft Hotel across the street from Burns Store. —Jake.

# HS Ranch To Be Colonized

## Located In Mitchell, Howard and Sterling Counties

### An Opportunity of A Life Time To Get A Good Home on Easy Terms

**T**HE H S Ranch, in Mitchell, Howard and Sterling Counties, in addition to being one of the best ranches in Texas, is over two thirds good farming land. It has been in one family for thirty-five years. Its present owners are not cattlemen. For twenty years it has been leased to cattlemen at grazing prices. Values and taxes have reached a point where this cannot continue except at a heavy loss each year. The land must go into the hands of farmers; of men who want and need homes of their own, and who will put the land to work raising crops.

#### OWN YOUR OWN HOME

In many ways this is not a good time to offer land for sale. Money is scarce and hard to get. Conditions are disturbed, and it is hard to see what the immediate future may bring forth. Men who want land, and who ought to buy land, will hesitate to make obligations unless they can be shown clearly how those obligations are to be met. No thinking man, however, seriously doubts the ultimate future of America. All thinking men know, too, that in the long run, good land, bought at a cheap price, is the best and safest of all investments. It is the one investment of all others for a farmer, and especially for a homeless farmer; and just so long as you continue to rent land you are a homeless farmer. I have worked out a plan for the sale of this land which the land itself, in the hands of a worker, WILL ALWAYS MEET. If you are a farmer without a home of your own, it will pay you to learn this plan, and to figure for yourself exactly what it means to you.

#### A GOOD TIME TO BUY.

It is an especially bad time to sell land in Mitchell County, but not a bad time to buy land there. The reason for this is that it appears certain that a real oil field is going to be developed somewhere in that county. The best of it may be on this ranch. It seems reasonable to believe that some of it will be on this ranch. The ranch is Northeast of the McDowell well, the first well to find oil in this country. It is Southwest of the Morrison well, the best well in Texas west of Eastland and Stephens County; and it is due South of the Foster well and other wells at Iatan. None of these wells are fifteen miles from this ranch, and all oil men agree that the big pool which is somewhere in this country, has not yet been located. The man who sells land here now may see the time in less than a year when it would lease for many times the price he sold it for. This is a big ranch, over fifty thousand acres, and we are not going to sell all, nor nearly all of it at this time. If an oil field is developed near it, or on it, we will have plenty left. We will begin by putting twelve sections, about eight thousand acres, on the market; and the land offered first is about the middle of the ranch, is in practically a solid body, and is the best body of farming land on the entire ranch. It is over 90 per cent good, level, fertile farming land. It consists of Sections 7, 8, South half 9, all of 10, 11, North half of 12, all of 26, 27, 28, 46, 47, and 48 of the Southern Pacific Block 17, and Section 91 of the Waco & Northwestern Block 29. It is about ten miles South of Iatan, about fifteen miles Southwest of Westbrook, about twenty-five miles Southwest of Colorado.

#### TRACTS OF 80 ACRES, UP.

In order that any man who wants to buy land may have a chance to buy we will offer this land in tracts of 80 acres up. We will sell in tracts of 80 acres, 160 acres, 320 acres, 640 acres, etc. We would prefer that every sale be made to a farmer, because we want the sale and development of this land to increase the value of the land which we will have left. We do not expect to sell more than 640 acres to any one man, and would prefer that no man buy more land than he and his force can properly work, together, of course, with a reasonable amount for pasture. Other bodies of this ranch will be put on the market from year to year.

#### EXCEPTIONAL TERMS.

We offer the land at Twenty Dollars per acre, one-fourth cash, balance ten notes for equal amounts, with interest at 8 per cent, payable on or before one to ten years from date of execution. This price of twenty dollars includes everything the land contains, the surface and all that underlies it. The land undoubtedly has an oil lease value at this time. It is about seven miles South of the Maguolia well, now drilling, and land two miles south of that well has recently leased to one of the largest oil companies for \$10.00 an acre, with 50 cents annual rental. Other land, seven miles Northeast of this land, has also leased to the same company for \$5.00 per acre. I believe I could, at this time, lease this land for about \$2.50 or \$3.00 an acre, with 25 cents rental, and believing this, I am going to give every man who buys a tract of the land from me the privilege of making me a lease at this figure. I will, if the buyer wishes, take back such a lease, giving the buyer credit on his first maturing notes for the amount. I will give \$2.50 per acre for the lease, and 25 cents annual rental, and will, if the buyer prefers take back a five year paid up lease, giving him credit for \$3.75, which would take up his first two maturing notes, and half of the third one, leaving him with only interest to pay for the first two years. This would make the land actually cost you \$16.25 an acre. You are as good a judge as I am of what the lease is worth, or whether it would be to your advantage to give it, and you are the man who decides whether or not to give it. A year from now the lease may be worth \$50.00 or more per acre. On the other hand it may not be worth 50 cents.

#### THE BEST LAND FIRST

I have already stated that we are offering the best land first. A trip over the ranch will show the correctness of this statement. We want this land settled and developed as fast as possible. We know what a good farming settlement in the middle of this ranch will mean to the balance of the land. We are willing to give those who buy first the choice of the land. We are also willing to give them other special benefits. To encourage those who buy from us between now and January first, to promptly settle and develop the land we will contract that for every acre that is fenced and put into a good state of cultivation in time for next year's crop, say before April 1st, 1923, we will give the buyer a credit of \$2.50 on his earliest maturing notes. This would mean that if you buy the land, pay me the \$5.00 an acre cash, give me a five year paid up oil lease on the land, then move to the land and fence it and put it all into a good state of cultivation before April 1st next, the land would cost you \$13.75 an acre, and you would owe me \$8.75 an acre on the land, payable on or before 5, 6, 7, 8, 9, and 10 years. Of course if you give me an oil lease you reserve to yourself the customary one-eighth royalty. Of course, hardly any man who buys land will put it all in cultivation, but I figure that most men who buy will put over half of it in.

#### A FURTHER PROPOSITION.

This proposition, if it stopped right here, presents the best chance in Texas for a man of limited means to buy, and pay for a home, and I know it. But it does not stop here. There is a way to make it still safer and easier for you, and I will point out that way, and offer you the benefit of it. To begin with, I am going to show you a way to get even easier terms and a lower interest rate for all or a part of the balance that you will owe on this land that I could give you. I will allow every man who buys a tract of this land, then qualifies for a Federal Land Bank loan by moving to the land and improving it, to place such a loan on the land, paying me the proceeds of such loan, and for any balance which may still be coming to me I will take a second lien, secured by your last maturing notes. The Federal Land Bank, as you probably know, was organized and is operated for the purpose of helping men who do

not own farms to buy and pay for farms. It lends money on long time, very easy payments, and 5 per cent interest. On a debt due this bank the payments each year, principal and interest combined, is only \$65.00 on the \$1000.00 of debt. These payments continued for a certain number of years, retire the debt, both principal and interest. The man who owes a debt to this bank NEVER has a big payment mature. He pays each year a smaller amount than the interest alone on an ordinary land debt, and this payment is gradually paying off the principal, as well as keeping up the payment of interest. If you should owe me \$1000.00 say, at 8 per cent interest you would pay me as interest alone each year \$80.00. To this bank you would pay only the sum of \$65.00 each year, and this would be of interest and principal combined. It is to the interest of every man who owes money on land to get just as much of that debt into a Land Bank loan, just as quickly as possible. As stated, we will allow our purchasers pay us the proceeds, and for any balance due we would take a second lien. All credits which I have shown you are open to you, whether for an oil lease, a bonus for promptly improving your land, or from a Federal Land Bank loan, will be given on your earliest maturing notes. The chances are that after making the Land Bank loan you would not owe me anything. If you do, I have shown that I will take a second lien for it. Some men will be afraid, however, of a deal against which there is outstanding both a first and a second lien, on which annual payments will have to be made. To make these men feel and be perfectly safe, I will enter into a binding contract agreeing that so long as they stay with the land and work it, or have it worked, I will, for the payment of this second lien, take a part of the cotton crop grown on the land, a fourth, or a third or a half, or whatever we agree upon, instead of a fixed money payment. In this way, if you had a total failure of cotton you would not have to pay me anything that year. I would have to wait until the land made the cotton before I could collect. If you made a small crop, I would get a small payment. If you made a big crop I would get a big payment, and this would continue until the share of the crop agreed upon between us at the time of making the deal paid out the second lien in full, when that lien would be released, and the land would be clear, except for the Land Bank loan. The money would be used first to paying any interest due, received from the sale of cotton coming to me and the balance to retiring the principal. You would not pay me any of the feed or other crops grown on the land.

#### ADVANTAGE TO BUY EARLY

This last proposition is open only to those who buy land from me, move to it, improve it and put a Land Bank loan on it, and it is open only to those who buy between now and January 1st, 1923. It is, however, open to all who do this, whether they give me back an oil lease or not. Of course there would have to be an agreement that a certain amount of the land would be put into cultivation, and a certain amount of the cultivated land planted to cotton if this cotton contract is made. I would agree to any reasonable plan as to this. It is up to the buyer to decide, at the time he makes his purchase, which one of the plans for payment he decides to take; and, because of the fact that I have done everything I could to try to make this proposition dead safe and very easy for him, I will expect every man with whom I make a deal to carry out the terms of that deal when it is once made.

#### PROVISION FOR SCHOOL.

There is one reasonable objection at this time to making your home on this land, and just one. It is in the middle of a big ranch, with no school nor church nor neighborhood conveniences. I will remove this objection by contracting that out of every dollar taken in as a cash payment on this land I will deposit one tenth in one of the banks at Colorado, Texas, to be used as a fund to build a school. When this fund amounts to \$1000.00 these deposits will

stop, and the money will be used, under proper direction, to build a school on the South half of Section 12 of Southern Pacific Block 17. This is a central point for a school, about the middle of this ranch, and near the middle of the block now offered for sale. None of the land for sale is over four miles from this location, and most of it is less than 2 miles. Five or ten acres will be deeded for a school site, and the school house built on it. As practically all the land now offered for sale is good farming land, and as most of it is easily cleared, and as it will in all likelihood be sold to the heads of 25 to 40 families, most of whom will, because of the special inducements offered move to their land in less than a year from the time they buy it, there should be no difficulty in getting a school district organized there within the next year. I fully expect to see a good little country town grow up there in the next few years, with school churches, stores, gins, etc.; and as the land is almost on a direct line between Sterling City to which the Santa Fe now runs, and Iatan, at which it looks like a big oil field will be developed, it is not at all certain that there will not be a railroad through this block of land in the next year or so.

#### TITLE IS GOOD.

Title to the land is good, and abstract showing this will be furnished for examination.

A deposit of \$1.00 an acre will hold a tract of this land until as late as December 15th, when deeds can be passed, notes given, and the balance of the cash payment made. This is for the benefit of those who may want to buy, but who will have to depend on this year's crop for the full cash payment.

The land offered will, with good farming, on a ten year average, make as good crops as any land in Texas. One man and one team can raise more crops here than on the high priced black lands of North Texas, and ten acres here will cost you about the same amount of money as one acre there.

#### 25c FOR COTTON.

Finally, for the benefit of those who want to buy a home from me, and who may be in deadly earnest about wanting to get it paid for as soon as possible, I will say that if you take the plan of payment I have outlined above for a part of the crop, I will agree at the time we make that contract, to take all the cotton coming to me out of next year's crop at 25 cents a pound, middling basis. That is what I think of the price of next year's cotton crop.

#### ANY GOOD FARMER CAN DO IT.

I have tried to work out here a plan for land payment that anyone who can make the start, and who will work, can meet. I believe I have succeeded in doing this. If you cannot see in it the chance that you have been looking for to get your home and pay for it, I don't know any way to make you see it. I cannot offer better terms. If you cannot meet these you are not in shape to start to buy a home. If you can make the start, but are not willing to undergo some hardship which you will have at the start in making a new home, you have not the hardihood of the generation which made such counties as Ellis and Collin and Grayson and Hunt what they are today, and you had better let the land go to men who have. The men who built those counties, and who saw land prices advance from \$10.00 to \$250.00 an acre in the last 40 years went through ten times the hardships that the settler on new land today faces. If you can pay \$5.00 an acre on a tract of this land, anywhere from 80 acres up, and will then go to that land and work, and make that land work, you can own it clear of debt five years from today, under the plan that I have offered. I cannot take any trade, anywhere, at any price, on this land.

#### FURTHER INFORMATION.

If there is anything further that you want to know about the land or the deal, I will be at the Barcroft Hotel at Colorado for the next few weeks, to answer any questions you may wish to ask, and to show you the land if you want to see it.

Harry Hyman, - - Barcroft Hotel, - - Colorado, Texas

### LORAINNE NEWS

Local and Personal News About Loraine and Vicinity.

—MISS PEARL TEMPLETON—

Miss Templeton is also authorized receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Walsley Printing Company in Loraine and Vicinity. See her and take your County Paper.

The Rev. W. Schroeder from Concordia Seminary St. Louis, Mo., just arrived in Loraine to visit a few days with Rev. A. J. F. Meier and family. Rev. Schroeder and Rev. Meier were neighbors near Cole Camp, Mo., as well as former college friends. On Saturday morning they expect to leave for Sagerton, Texas, where Rev. Schroeder will be installed next Sunday as pastor of the Lutheran Church at that place. This will relieve Rev. Meier of the several mission places he has served to the east and south-east of Loraine. Pastor Meier states that he expects this to enable him to do more effective work at Loraine and places west.

#### M. E. Church Notes.

Attendance at the Sunday school Sunday morning was very good considering the fact that so many of the members were out of town. There were 165 present with all the teachers in their respective places. The collection was good also. There was no service at the 11 o'clock hour but a special piece by the orchestra, led by Marion Mahon was very much enjoyed. Little Miss Edna Edmondson recited the ten commandments. Rev. Gregg of Waco was here in the interest of the Mulkey Orphans Home at Waco and spoke to a good crowd Sunday evening. The local circle met with Mrs. J. D. Norman Monday afternoon. After the lesson and devotional, a social hour of contests, games and music was enjoyed. Mrs. W. F. Altman of Arlington, a former member, was an out of town guest. Refreshments of ice cream and cake were served.

#### Hart-Smith.

Miss Leona Hart was married to Mr. Clyde Smith on Tuesday afternoon, Sept. 5th, at four o'clock, Rev.

S. H. Young, pastor of the Methodist church, officiating. The ceremony was performed at the Methodist church in the presence of the relatives and a few close friends of the two families. The bride wore navy blue canton crepe with accessories to match. After the ceremony the guests returned to the brides home, where refreshments were served, after which the wedding party were entertained at the home of Mr. and Mrs. A. J. Compton. Miss Leona is the daughter of Mr. and Mrs. S. H. Hart and was reared in the Valley View community, where her many friends testify to the wisdom of Mr. Smith's choice of a life partner. The groom has spent his boyhood and young manhood here where his quiet, sterling nature has won for him a sure foundation in the hearts of his fellow townspeople. Mr. and Mrs. Smith will make their home in the John Compton home where they have obtained rooms. In behalf of the entire town we extend them heartiest welcome and congratulations.

#### Shower for Bride.

On Monday afternoon at four o'clock Mrs. Hugh Cole entertained with a miscellaneous shower, honoring Miss Leona Hart. A large crowd responded to the invitation bringing many gifts in token of their love and appreciation of the honoree. Music and progressive conversation furnished entertainment throughout the evening. A guest book of recipes and autographs was presented to Miss Hart, after refreshments of ice cream and cake had been served. Mrs. G. A. Hutchins and daughter, Miss Myrtle of Loraine were present.

#### A Trip.

Mrs. J. T. Chambers and daughter

Misses Gertrude and Caroline, formerly of Loraine, now of Colorado, have returned from an extended visit in New Mexico. On June 16th they arrived in El Paso where they visited friends. They also made a trip over to Jaurez which proved quite interesting. Their next stop was Albuquerque, where they were met by their son and brother, James T. Chambers, who gave them quite a surprise by introducing them to his bride. Accompanied by friends they viewed the different places of interest in the city. They then motored over to Mr. Chamber's home in Cuba, N. M., where they spent the greater part of the summer. The wonderful climate and beautiful scenery of the mountains added much to their delightful vacation. On their return they stopped over in Clovis where they spent several days visiting their daughter and sister, Mrs. E. H. Carlton. They were met at Sweetwater Friday of last week by their brother and uncle, R. E. Bennett of this place, in whose home they spent the week end. Miss Caroline is primary teacher and also Supt. of the Colorado grammar school. Miss Gertrude, who has been teaching in the Dallas schools the past two years, will have soon to resume her work there.

Mr. and Mrs. J. F. Bennett Sr., who live in the Lone Star community entertained with a dinner Sunday, honoring their son, J. F. J's birthday. All of their children, including T. R., J. F. Jr., and Joe and their families of Loraine and an old friend, Mrs. Mattie Cosby of Carlton, were present to help enjoy the feast and wish for the honoree many happy returns of the day.

Mrs. W. F. Altman and daughter Ouida, of Arlington, arrived Sunday to visit in the C. M. Thompson and T. R. Bennett homes. Mr. Altman came in Tuesday to look after business interests.

Mrs. Ada Pierce and son I. J. returned Thursday from a trip to Baird Santo and Arlington.

Homer Richardson went to El Paso Sunday where he underwent another medical examination. He returned Tuesday morning. The doctors there reported his condition as somewhat improved.

Mrs. Marion Rogers and children of South Texas, who have been visiting Mrs. S. E. Clement, left Monday morning for Baird, where they will visit relatives before returning to their home. Miss Nila Pearl Clement accompanied them to Baird.

Henry Olenbusch has accepted a position as engineer of the Inadale Gin near Wastella. He began work there this week.

Miss Gladys Dyson of Dallas is the guest of her cousins Misses Roxie and Claudia McGowan, this week.

Pat Fordtran of Industry, arrived Friday and will remain here during the ginning season. He has employment at the Hallmark gin.

Mr. and Mrs. Wylie Walker moved to town Monday from a farm south of here. They have rooms in the W. J. Bennett home.

W. J. Johnson and family visited in the Noah Caldwell home at Valley View Saturday and Sunday.

Mr. and Mrs. Claud Muns of Roscoe spent Sunday in the J. S. Muns home.

Miss Beatrice McGee went to Hillsboro Monday night to visit her aunt Mrs. Rose Sweeney.

Grady Brown of Brownfield came in Saturday for a visit with relatives. He reports crops in that district cut short on account of the continued dry weather.

Mrs. Mattie Cosby and daughter Miss Lillie, of Carlton, arrived last week to visit in the C. M. Thompson home.

Mr. and Mrs. Chas. Coffee and little son Wayne, and Mrs. W. H. Hurd visited Mr. Hurd at Cisco from Saturday to Monday.

Andrew Copeland of Brownfield spent several hours with friends in Loraine Sunday. Mr. Copeland was en route to Sweetwater to attend a Banker's Convention Monday.

Otis Muns returned from Snyder Saturday where he has been working for the past several months. He now has employment at the cotton yard with R. S. Baird.

Mr. J. E. Hollman of Sweetwater spent Sunday in the Dr. Hester home.

Mr. and Mrs. Alonzo Phillips spent the week end with relatives at Stamford.

Mr. and Mrs. W. L. Hester had their house repaired last week and a new barn erected.

Mrs. W. R. Warren is visiting her son at Pecos this week.

B. L. Black of Crowell came in the latter part of last week to assist Mr. C. M. Black in the seed hauling business. He will be here all the fall.

Raymond and Homer Ballard of Hermleigh visited their sister Mrs. John Coffee, Monday.

Mr. and Mrs. L. W. Rhodes and baby and Misses Thelda Black, Jewel Spikes and Viola and Irene Brown motored to Lake Trammel, south of Sweetwater Sunday afternoon where they enjoyed an outing.

We are sorry to report Grandma Hall who has been quite ill for some time, as unimproved. She is at the home of her son Roland, in the Baumman community.

W. P. Hollis and family spent the day with relatives at Abilene Sunday.

Grandpa Wood, who has been in ill health for some time went to Abilene Monday to consult a specialist.

The Plant of Simmons College has had a most valuable addition made to it for the coming year. The Fine Arts Building, construction of which was begun about 20 months ago, will be completed and open for use. It will be devoted to the Fine Arts: Piano-forte, Voice, Expression, Public Speaking and Painting. The building is one of the most beautiful in design, finish and in appointment in connection with any college in the southwest.

#### WEEK OF SENSATIONS AT BEST THEATRE

Following the thrilling picture "The Trap" Wednesday and Thursday at the Best Theatre, will be one of those old favorites by James Oliver Curwood, "Jan of the Big Snows" This vividly portrays the hard code of life in the far north and cannot fail to please everyone. After this is a day of almost the opposite atmosphere. Saturday night it is "Boomerang Justice," a picture of the Mexican Border. Monday and Tuesday brings another—"Born the Ground" Western, entitled "Desert Law." The special of the week is Wednesday and Thursday—the brilliant play "Silent Years." This is directed by the famous Gasnier and is bound to be a gem.

# Studebaker

SPECIAL-SIX  
TOURING

WHEREVER you look, you will find protection against hard wear built into the Studebaker Special Six and this quality of construction is just as exacting down under the surface as it is where you can see every detail.

The skillful workmanship and the fine materials of these hidden values are largely responsible for its long-lived dependable service.

Two important elements that make the Special-Six notable for fine performance and comparative freedom from repair, are the four-bearing crankshaft and the seven-inch frame with its five cross-members and sub-frame supports

ing the motor and the separate transmission.

The new price, \$1275, is the lowest for which the Special-Six Touring Car ever sold—and the quality is better than ever.

Price does not always determine value, but in the case of Studebaker it establishes the finest values in the market. The name Studebaker on your car insures satisfaction.

Come in or phone and let us give you a demonstration in the Special-Six. Drive it yourself. A ride will help you make up your mind. In public confidence and respect, the name Studebaker stands higher than ever.

Rain-proof, one-piece windshield; cow lights; cow ventilator; massive head lamps; tonneau light with long extension cord; windshield wiper; eight-day clock; tire-proof transmission lock, tool compartment in left front door, gauges and inside door handles.

### LARGE CROWD HEARS POULTRY SPECIALIST

A large crowd gathered last Saturday afternoon in front of the Edmondson building to hear Miss Myrtle Murry, superintendent poultry division, extension department, A. & M. College, speak in the interest of the poultry industry.

Miss Murry spoke at length and to a very interested audience on the advantage of raising pure bred poultry and the best methods of handling them. She also gave a demonstration in the culling out of non-layers from your flocks, showing how this could be done in such a simple way, that any one who paid attention could go home from her lecture, and call their flock intelligently, and greatly improve it by doing so.

Miss Murry worked over Mitchell county last week in conjunction with Mr. Dulin, the county demonstrator in the organization of poultry clubs. Poultry raising is one of the principle industries of Mitchell county and we feel sure that the poultry raisers of this section have been greatly benefited by the help Miss Murry has given.—Lorraine Leader.

### SURE NUFF.

Ten thousand miles to one gallon of gas is to many miles but it's not too many miles for a Pennsylvania Vacuum Cup Casing and tube Womacks Garage has a good stock of them to sell.

### AVALANCHE COMPOSITOR VISITED IN COLORADO SUN.

Jesse Holt, the efficient ad compositor of the Avalanche, motored over to Colorado City, Texas, last Sunday to visit his sister, Mrs. O. B. Robinson. He returned Monday and is now at his regular place in the office. The trip was an enjoyable one, and he said the activity of the oil field adjacent to Colorado looks mighty good to him. Mr. Holt made the trip by automobile, and found that part of the country, like this, in great need of rain.—Lubbock Avalanche.

### The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund, well fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

When the drouth is on, when oil prospects are dull,  
When the strike is on, when the wrong man wins, and  
When it is too hot for comfort;  
Don't hunt after trouble, but  
look for success,  
You'll find what you look for, don't  
look for distress;  
If you see but your shadow, re-  
member, I pray,  
That the sun is still shining, but  
you're in the way;  
Don't grumble, don't bluster, don't  
dream and don't shirk,  
Don't think of your worries, but  
think of your work.  
The worries will vanish the work will  
be done,  
No man sees his shadow who faces  
the sun.—Contributed.

Misses Ethel and Amy Atwood have returned to their home in Ft. Worth after a visit with Miss Ewell Gary.

The Best Theatre is playing a line of pictures that have recently been in the large cities of the United States.

### THE PECULIARITIES OF A COUNTRY NEWSPAPER MAN

Normally, he is strictly democratic, but every once and a while he will fly the coop, and violate the ethics of the craft—but bye me bye, he will come back to the beaten path. One can walk into a crowded hotel lobby or down a thoroughfare jammed with human beings, and you can pick him out at a glance. The regulation apparel of the craft—just ordinary hand me down stuff, pants usually bagged at the knees, a bundle of newspapers under his arm, with a kind of an absent far away look, and all men look alike to him. He would walk up to the President of the United States and slap him on the shoulders and say hello, Warren, old top, how are you, how is the strike situation and what in the devil and Tom Walker are you going to do with the Bonus Bill, and how about the tariff on the South's raw products? And vice versa, if he was over in London Town and met the King of the British Empire, he would shake his paw and say, good morning George—kindest regards to Mary, and how does your crown fit in this democratic age? O, yes, he is purely democratic, royal robes and thrones spell nothing to him—it's only brains and brawn, guts and gumption that get his attention. Yes, the man that can chain two oceans together with the cold steel, build an empire, shoot a hole through a mountain, general an army, orates like an angel, gets a prize pole under the lazy multitude and starts a landslide into the democratic columns, that's the kind of stuff that starts his brain mill to work. As a rule, he's a poor financier, his mind does not grovel nor run after dirty dollars. It's only church and state, scientific and industrial problems that tickle his brain cells, and put him on his metal and kindles the fires of opposition in the divine temple of thought. He's the last of the old clan which has always been the prop and stay of the things that are eternal—It's true, he has progressed—but he has not discarded the things that are vital—new wine in old bottles, new clothes on principles divine—with the frame work undisturbed, yes, he's a peculiar animal, in a class by himself.—Richard H. McCarty in Albany News.

### WEST TEXAS A. & M. COLLEGE.

Col. Louis J. Wortham, editor of the Fort Worth Star-Telegram, continues the demand through the editorial section of his paper that a West Texas A. & M. College be located. In the Star-Telegram for Tuesday, Col. Wortham says:

The resolution adopted by the district convention of Representative Chitwood's district at Sweetwater, calling upon the next session of the Legislature to create a West Texas Agricultural and Mechanical College of "the first class," is timely and well taken.

Since the creation of such an institution was first proposed sentiment in favor of it has grown throughout the State, other sections coming more and more to recognize the justice and equity of the West Texas demand for it, and today it is stronger than ever. Twice the Legislature has passed a bill providing for an agricultural and mechanical col-

"Mother, quick, look what Billy has gone and spilled—a whole big box of Kellogg's Corn Flakes. I'll say he likes them a lot!"

## Tomorrow morning— by all means try Kellogg's Corn Flakes

Tomorrow morning—set KELLOGG'S Corn Flakes before the family! A feast for the eye and a feast for keen appetites! For, Kellogg's are as extra-delicious as they look—all sunny brown and wonderfully crispy, crunchy! My, but how they delight everybody!

Kellogg's Corn Flakes are not only distinctly superior to any imitation, but are the most fascinating cereal you ever ate! Kellogg's appeal to every age! Little folks and old folks find in them the same joyous pleasure! For Kellogg's have a wonderful flavor—and Kellogg's are never tough or leathery or hard to eat!

Insist upon KELLOGG'S—the original Corn Flakes in the RED and GREEN package! It bears the signature of W. K. Kellogg, originator of Kellogg's Corn Flakes. NONE ARE GENUINE WITHOUT IT!

# Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLEES and KELLOGG'S BRAN, cooked and branched.

lege in West Texas, but each time it has been sidetracked, the first because of a controversy over the locating of the college and the second through a veto of the Governor. But a question of this sort is never settled until it is settled right, and it will come before the next Legislature with stronger support than ever. The bill should be passed and this time we expect the Governor to sign it.

The resolution, which was written by W. S. Cooper of Colorado, had been previously passed by the county convention at Colorado. Dr. P. C. Coleman of Colorado, as chairman of the West Texas Chamber of Commerce A. & M. committee, is laying well the plans for advancing this demand.

### No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.

Typewriters, office supplies and school supplies at Record office.

### HOME DEMONSTRATOR.

The new county demonstrator, Miss Georgia Laceywell is making headway with her work. She has visited several communities and at every one has met with hearty cooperation. Monday she spent the day at Geo. Goodwin's where more than a dozen ladies met to can corn, tomatoes and soup mixtures and all were well pleased with the day's work. On Friday and Saturday of last week Miss Murry, the poultry expert went with her to give demonstrations in poultry culling. They, with the county agent, Mr. Dulin, visited Buford, and Looney Friday and in the evening Miss Murry made a talk at the Chamber of Commerce. Saturday the day was begun by a sunrise breakfast at Seven Wells. The members of this party were Mr. and Mrs. Dulin, Mr. Cooper and his mother, Mr. E. M. Baldwin and Misses Murry and Laceywell. The rest of the day was spent at Loraine where Miss Murry and Miss Laceywell talked to more than two hundred people in regard to home demonstration work. Besides going to several communities this week Miss Laceywell was a special guest of the Lions Club luncheon, giving the men a clever story demonstrating how millinery bills might be lessened.

## The Foundation of a Bank

does not depend so much on the building materials as on the solidity of its resources and the ability of the management. Both of these are fully demonstrated in the conduct of this bank.

Its financial solidity is beyond question, as the last statement will show. It is managed in a conservatively progressive manner which offers every courtesy to its customers consistent with the safety of its deposits.

### COLORADO NATIONAL BANK

OF COLORADO, TEXAS

**IN SOCIETY AND AT THE CLUBS**

**Election of Officers.**  
The Cemetery Association met with Mrs. Gustine last Thursday for the purpose of electing officers for the coming year. The following were elected:

- Mrs. Gustine, President.
- Mrs. Earnest, 1st V-President.
- and Corresponding Secretary.
- Mrs. Arnett, 2nd V-President.
- Mrs. Callan, 3rd V-President.
- Mrs. Smoot, Recording Sec.
- Mrs. Coleman, Treasurer.

Mrs. Gustine had several of her neighbors as guests. She served pineapple pudding, whipped cream and white loaf cake. The September meeting will be with Mrs. Smoot.

**CIVIC LEAGUE**

The Colorado Civic League met Saturday Sept. 2 in regular session. The treasurer reported ice cream supper in connection with band concert netted \$20.55 and a check for that amount had been sent to the band to be applied on uniforms. Three dollars was reported from sale

of trees. The total in bank was reported to be \$12.10.

The president, Mrs. A. L. Whipkey, reported that the county demonstrator, Miss Lacewell, was being made welcome on her visits over the county. The League was instrumental in securing the demonstrator. Plans for a Womans Department at the Fair were discussed. It was thought possibly a style show might be staged by local merchants. The League adjourned to meet Oct. 7th.

**Auxiliary Will Meet.**

The Womans Auxiliary of the American Legion will meet in the Baptist Sunday school rooms next Saturday at 4 o'clock. There is business of importance and every member is urged to be there.

**Business Meeting.**

The Baptist Auxiliary met in business session Monday at the church. Besides the regular business it was decided to send a box to Buckner Orphans Home the last Monday in September. The appeal has been made for clothing for children between the ages of ten and fifteen, especially girls. The friends of the orphans will be given an opportunity to help in this offering. Anyone

wishing to have a part will please notify the committee, Mrs. T. J. Ratliff, Mrs. L. R. Pond or Mrs. W. R. Morgan, and the things will be called for. New material, new or good second hand clothing will be appreciated.

The following officers were elected. Mrs. C. H. Lasky, President; Mrs. M. C. Bishop, 1st V-President; Mrs. Robt. Terrell, 2nd V-President; Mrs. T. J. Ratliff Recording Secretary; Mrs. A. L. Whipkey, Cor. Sec. Treasurer.

All departments of the Woman's work of the M. E. Church was represented at the all day district meeting at Hamlin Wednesday. Little Alice Blanks represented the Juvenile Department. Mrs. Boyd Dozier and Mrs. Hope Herrington, the Young Peoples Work. Mesdames E. H. Winn, J. W. Shepperd and A. B. Blanks the Woman's Work. All report a splendid meeting. This is the third of these all day meetings held monthly in various parts of the district and each meeting grows in interest and attendance.

**Young Peoples' Meeting.**

The Young Peoples Missionary Society of the Methodist church met with Miss Sallie Herrington Tuesday. The program was on the family life in the coal fields. Mrs. A. B. Blanks was chosen Superintendent instead of Mrs. Barcroft who recently resigned. Mrs. Barcroft was elected an honorary member. Misses Jessie Stell and Lena May Herrington were appointed to greet the strangers at the church. Miss Cribb Mrs. Frank Herrington and Miss Jo Newbern of San Angelo were guests. The hostess served sandwiches and tea. The next meeting will be with Mrs. Aubry Herrington.

The Junior Missionary Society of the Methodist church met at the home of Mrs. Horace Cook last Friday afternoon. There were 25 children present, and three visitors. A good program was carried out; also the box for our Christmas gift to our missionary in Korea, was packed. Also our scrap books are finished for our Wesley House at Thurber. Watermelons were served at the social hour.—Reporter.

Three story brick. Three east porches. Thirty-five outside rooms. Toilet on each floor. Hot and cold bath.

**A Pronounced Success**

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.

**Hupmobile Sales Keep Pace With Growing Knowledge of Values**

It is interesting to note how closely the steadily ascending line of Hupmobile sales has followed the increase in general knowledge of, and insistence upon motor car value. Ever since the public turned from loose spending to close buying, this Hupmobile sales line has shot upward with astounding rapidity. This increase in demand for the Hupmobile, after more than a year and a half of steady acceleration, today shows no sign of diminishing. Instead, the

shattering of new sales records, both here and throughout the country, is a matter of monthly record. The constantly growing demand for the Hupmobile goes straight back to the fact that the car is a remarkably good value for the price you pay, and a greater value in its saving in cost of upkeep and of operation. The final saving, which the Hupmobile owner realizes because of his car's high re-sale value, is further evidence of the soundness of the Hupmobile as an investment.

**Colorado Garage**

G. E. WOMACK, Prop.

**Hupmobile**

**REV. BISHOP'S AUTO CATCHES FIRE ON ROAD**

Rev. M. C. Bishop, pastor of the First Baptist Church, came near losing his automobile Friday afternoon on the public road near Loraine, while returning from a trip to Post City. The engine over heated and ignited the oil about the outside of the engine and for a time it appeared that the car would be burned. Assisted by his wife and daughter, Mr. Bishop employed the use of sand and after several minutes work succeeded in smothering the flames. "The flames were coming up through those cracks in the foot boards and all over the engine," he said Monday in discussing the matter, "and it looked as if that Ford would burn in spite of all I could do." He and family had gone to Post with his daughter, Miss Coral Bishop, who was en route to Roaring Springs where she will teach in the schools. At Post the party was met by Charles Cishop, superintendent of the schools at Roaring Springs

**Attention Mr. Farmer.**  
As agent for the Taylor Estate an offering for sale, at a reasonable price, and good terms, a body of the best agricultural land in Mitchell county, Texas. This land is subdivided into tracts of one-fourth section and up. Terms, one-third cash, balance in notes 1, 2, 3, 4, 5 years at 6 per cent interest payable annually. 9-29c

J. D. PIERCE

Judge W. P. Leslie and family returned last week from an extended trip to the old home in Missouri. Judge Leslie stated Saturday that the trip, which was made in an automobile, was without mishap and that a most enjoyable vacation was spent. They spent one month with relatives in Missouri. Conditions in that State are generally good, the Judge stated.

Hill Low is now selling Overland cars. See him for real bargains in new cars, Fords or Overlands. Will also buy, sell or trade used cars.

L. H. Gaskins stated Monday that the little daughter of he and Mrs. Gaskins, who a few days ago underwent an operation at the Colorado Sanitarium for appendicitis, was doing nicely and would probably be removed to the family home the latter part of this week.

McClarty is the best plumber Colorado has and his prices are reasonable. Phone him at R. B. Terrell for any kind of plumbing work.

W. W. Rix of Big Spring was in Colorado Sunday visiting the families of L. W. Sandusky and C. M. Adams. Rix is president of the Big Spring Chamber of Commerce and one of the leading business men of that town.

Stop that thirst on these hot dusty days. Visit our Sanitary fountain, where we serve drinks to please.—W. L. Doss, the Rexall Store.

J. C. Hooker has returned from a business trip to South Texas near Brownsville. Mr. Hooker stated that he found conditions excellent in those sections of South Texas where farming and truck raising is done by irrigation.

The City Market has been highly praised by the State Inspector for its cleanliness and sanitary conditions. Phone 179.

W. M. Green shipped his household goods to Stephenville this week and he and Mrs. Green and their daughter, Miss Ruby, will leave probably today or Saturday for Stephenville where they will make their home.

Professor Thomas Dawes, teacher of voice, piano and harmony, also choral director. The Choral Club will be held Monday evenings at 8:00 o'clock, commencing Monday next, Sept. 11.—Phone 340. 922p

Mrs. Edward Dupree was called to her mother, who is in bad health, in Huntsville Sunday. She will be home in time to open her music class when school opens.

Come in and buy your wife a New Perfection Oil Stove and quit fussing about the cooking.—H. L. Hutchinson & Co.

Mr. and Mrs. Walter Whipkey have moved into their new home on Hickory street.

Wash Messaline and Natnaok Princess Slips with hip-hem.—C. M. Adams.

Mrs. John Farmer and the children of Sweetwater visited relatives here this week.

A sanitary fountain, drinks of quality, a mecca for the tired and thirsty, visit our fountain. W. L. Doss, the Rexall store.

Several new homes in Colorado are nearing completion and for the most part these new residences are modern and will add much to the substantial growth of the city. Among these are the W. W. Whipkey, J. A. Buchanan, Mike Ratliff, John Brown, F. E. McKenzie, W. S. Stoneham, Thos R. Smith, and Dr. P. C. Coleman homes.

There is no trouble in starting cars when you use that Good Gulf gasoline. Call for it when buying gasoline.

Rankin Dow of Lubbock was in Colorado the first of this week visiting relatives. Rankin is a son of J. L. Dow, editor and publisher of the Lubbock Avalanche, one of the best newspapers in West Texas. The Dow family lived in Colorado several years in the long ago.

Hoosier Kitchen Cabinets save miles of steps for tired feet. We have one for you.—H. L. Hutchinson & Company.

J. H. Greene left Wednesday for Dallas to buy fall and winter clothing and gents furnishing goods for the J. H. Greene & Company store. Mr. Greene stated that he expected to announce a number of special purchases upon his return home.

Home killed meats—best quality, Phone 179.

Expert storage battery repairing.—A. J. Herrington.

Mrs. W. A. Dozier had as her guests the past week, her sister Mrs. W. E. Dodge and niece, Miss Dodge, her nephew and wife, Mr. and Mrs. C. E. Dodge and Miss Ethel Rogers, all of Albany.

If it is coal or wood see me.—R. L. Spaulding.

For Oil Well Supplies see Colorado Supply Co., phone 280.

Call me for good coal oil, in fifty gallon lots or less.—J. A. Sadler.

Miss Mattie Givens, recently of Plainview, has accepted a position in the Jones Dry Goods store.

Buy a good tire—The Hood at Price Auto Co.

Mrs. Robert Emmett of Amarillo visited her parents, Mr. and Mrs. A. E. Maddin, last week.

We are now selling the fine Essex car delivered in Colorado for \$1275.

Miss Maud Farmer visited her sister, Mrs. R. E. Gracy in Roscoe Monday.

Mae Murry in "Peacock Alley" is coming soon.

Born last Saturday to Mr. and Mrs. Tom Henderson in South Colorado, a fine boy.

Hood tires the best there is at Price Auto Co.

J. H. Greene made a business trip to Abilene Thursday afternoon of last week.

"His Nibs" is great.

Rev. W. M. Elliott, pastor of the First Presbyterian church, stated Thursday that he would leave Monday for Barstow to attend the sessions of the El Paso Presbytery, which will convene Tuesday. Rev. Mr. Elliott stated that Dr. P. C. Coleman would also attend the meeting.

Beginning Monday the admission at The Best Theatre will be 25c for adults and 10c for children.

See "His Nibs"

Ward Timlin, district court reporter, returned Monday from Freeport where he had been several days on business. Mr. Timlin stated that he had resigned his official position and would move to Freeport within the near future.

We have one very fine living room suit reduced from \$500 to \$300.—H. L. Hutchinson & Co.

Standard 30x3 1/2 casing and tube \$11.24.—A. J. Herrington.

Don't forget the new price of admission to the Best Theatre—25c for adults and 10c for children.

See Jno. L. Doss Pharmacy for toilet articles, drugs, etc., at pre-war prices.

Now is the time to have your windmill repaired. Phone 280.

Mrs. Griffith and daughter Miss Thelma of Mincola are visiting her sister, Mrs. J. R. Sheppard.

Mrs. Chambers and daughters have returned from their vacation spent in New Mexico.

Moving all large size tires, special prices for a limited time.—A. J. Herrington.

Eversharp pencils and leads at Record office.

Mr. and Mrs. L. W. Sandusky and daughter, Miss Margurete, spent Saturday in Abilene.

This is to announce that we have bought the feed business of Vaughan & Son and will appreciate your business in the future.—Oliver & Bell.

In 1932 the daily press will say Jim Ferguson "also ran" for the U. S. Senate.

FAIRVIEW ITEMS

Here we come again and we are still on the map.

Cotton picking is the order of the day.

The Baptist revival has closed. Had a glorious meeting—14 additions to the church, six by baptism. The Rev. W. H. Hodges of Merkel, did the preaching.

Mrs. Jim Fuller was suddenly called away to the bedside of her father who is very ill. He lives at Sulphur Springs, Texas.

Mr. Adeock has returned from a visit down east.

The Rev. V. W. Tatum of Abilene made a visit to his cousin, Mrs. J. E. Davidson.

Quite a few of Fairview young people went to Ira to a party. They report an enjoyable time.

Mr. Alva Jackson has returned from Oklahoma where he went after his bride. His mother, Mrs. Buren Jackson went also.

Mr. Frank Adams' family of Comanche, are visiting in the home of his brother, Mr. Joe Adams.

I will close with this little verse as it expresses my thoughts of West Texas:

In the West where the horizon Rolls purple in the sun, In the West the glad, the glorious, In the West where all are on A Reporter.

Link sausage always fresh at City Market.

Just received advanced showing of the New Fall Coat Suits also Poirer Twill and Canton Crepe Dresses. Come and see them.—C. M. Adams.

IMPROVEMENTS MADE AT BEST THEATRE

Chas. Taylor, proprietor of the Best Theatre, is making extensive improvements to the building this week. The entire front is being newly decorated and the interior is to be overhauled, repainted and repaired. Charley says he is going to have a nice clean picture house, as well as comfortable and attractive.

After Monday the admission price at The Best Theatre will be 25c for adults and 10c for children.
