

### COLORADO BOOSTERS TO BANQUET AT BARCROFT

Colorado Boosters will meet at the Barcroft Thursday evening, Oct. 12, at 8:30 for the October banquet and business meeting. J. H. Greene, president, stated Wednesday. Business of much importance to the city and county is pending, it is stated, and a representative attendance is urged. Included on the social program is orchestra music directed by M. S. Goldman.

Reservations at the banquet are limited to sixty plates and those desiring to attend should see the secretary or Mr. Greene at once, as no extra plates may be provided. Every citizen who is really interested in promoting the best interests of Colorado and Mitchell County and who appreciates attending a good banquet, should not fail to be present.

### COUNTY MAKES REPAIRS ON SECOND STREET

The Lone Wolf hill, which during the past several months has been almost impassable because of the numerous chug holes, has been newly graveled and otherwise improved. This work, which was done by the county, extends from the east end of the street at the D. H. Snyder home, west to the DeGarmo garage. Second Street is a section of the Bankhead National Highway and the expense of maintenance thus falls on the county.

The value of "Colorado Day" and the Mitchell County exhibit at the West Texas Fair at Abilene recently will probably never be realized by a larger number of citizens. Communications are being received every day from interested parties in various sections of West Texas, who received their first good impression of this county through the showing we made at the fair.

Emmett McCallum of Westbrook was in Colorado Wednesday.

### DENATURED GAS FROM BADGETT MAY BE HELIUM

That the 40,000,000 to 50,000,000 cubic feet of denatured gas being produced by Badgett Number One of the Mitchell County Oil Corporation may be helium is claimed by a number of authorities who have recently investigated the big salt gusher. Samples of the gas were recently taken for analysis but up to this time no report of findings of chemists to whom the samples were submitted are available.

Among the authorities to suggest that the well is producing helium, is George Kelley, oil editor of the Fort Worth Star-Telegram, and one of the leading oil journalists of the Southwest. In his paper last Sunday, Kelly ran an article on the Badgett well in the feature story on the first page of the oil section, and consented to the supporting claims of other authorities that a huge helium gusher had probably been found here.

Kelly described the Badgett well as one of two outstanding attractions for the week in oil circles in the Southwest. The other was a big gusher recently brought in in the Mexia field. Of the two wells, however, the journalist stated that probably the Mitchell County gusher was the most important in point of interest attracted.

### JUDGE HALL MAYFIELD TO ELIMINATE

County Judge J. C. Hall was served with a citation Monday, enjoining him to allow the name of Earl B. Mayfield to appear on the ballot to be used in the general election to be held Tuesday, November 7. The writ was issued out of the district court of Navarro County and set out the various pleas as to reason assigned for granting the petition.

Hall also received certified copy of the official ballot Monday from the Secretary of State, and the name of Mayfield as a candidate for United States Senator, has been eliminated from the list. The name of Mayfield was originally printed on the ballot, but had been erased with ink.

### BIG SPRING MAN IS SHOT IN ALTERCATION AT IATAN

Jack Hodges, manager of the J. M. Radford Grocer Company at Big Spring, is in a Big Spring sanitarium recovering from the effects of four bullet wounds and A. C. Sullivan and his son, Pat Sullivan, Howard county cattlemen, are facing charges of assault with intent to murder, as the result of a shooting affray at the store at Iatan, 18 miles west of Colorado, Tuesday afternoon.

The shooting is said to have been done by A. C. Sullivan, who used a pistol, firing five shots, four of which took effect in Hodges' hand, arm and shoulder. Pat Sullivan was with his father, according to reports of the affair, but took no part in the shooting. Hodges had been at Iatan only a short time when the trouble came up, and was stopping at the store on business.

Sheriff W. J. Chesney made an investigation of the case Wednesday. Particulars leading up to the trouble are meagre, but it is understood that family trouble will be claimed as the cause. Hodges' wounds are said to be not serious.

### NEW MEXICO CITIZENS SUPPORT LOCAL PROJECTS

Mr. and Mrs. G. F. Crawford and their daughter of Santa Fe, New Mexico, were registered at the Barcroft the first of the week, they being here on business in connection with the properties owned in Mitchell county by Mr. and Mrs. Crawford.

While here Mr. Crawford expressed the desire that he and his family have a part in financing the Mitchell County Fair again next year and has already pledged a liberal cash contribution to be awarded in certain entries. He also expressed his appreciation of the drive inaugurated by former service men of Colorado to build a hut here and authorized his local agent, J. A. Buchanan, to contribute \$100.00 to that fund.

The first funds received to be applied on cash awards at the recent fair at Colorado came as a donation from these people.

### F. M. BURNS DRY GOODS CO. TO REMODEL STORE

What promises to be one of the most attractive stores in the city will be the F. M. Burns Dry Goods Company building, when improvements already contracted for are made. The entire front of the building is to be rebuilt into a modern plate glass effect. The Burns building, erected in 1884, is one of the landmarks of Colorado. F. M. Burns, senior member of the firm, has been with the business here continuously since that early date.

### FIRST FROST OF THE SEASON NOTED MONDAY MORNING

Sunday night was registered as the coldest snap of the fall season and Monday morning fires were kindled in many homes of the city. Frost was reported in several sections of Colorado, especially in the low places. This was the first frost to be noted this fall.

### I. W. TERRY GOES UNDER THE KNIFE AT SANITARIUM

Irvin W. Terry, sheriff and tax collector-elect, was attacked with appendicitis Wednesday morning while employed at the Farmers' Gin and later in the day was operated upon at the Colorado Sanitarium. He was reported as doing satisfactorily Thursday morning.

### MIDLAND IS TO HAVE HERE. FORD AUCTION OCT. 25TH

MIDLAND, Oct. 9.—Five hundred head of select Hereford steers and heifer calves will be sold under the hammer of the auctioneer here Oct. 25 to 26 by the Midland Hereford Breeders Association.

The banks of Colorado were closed Thursday out of recognition of Columbus Day.

### SAN ANGELO FAIR NAMES OCT 18 "COLORADO DAY"

The second important West Texas exposition to officially recognize Colorado by designating one day of the fair as "Colorado Day" is the San Angelo Fair association. The West Texas Fair association designated one day of the West Texas Fair at Abilene as Colorado Day, which proved to be the best day of the entire week through which the fair continued. It was the record day in point of attendance and attractions, and Colorado was there three hundred strong and with one of the best bands in West Texas.

"We want you to help in securing a big attendance which the San Angelo Fair deserves upon its own merits," Walter E. Yaggy, secretary of the San Angelo Fair, writes in a letter to the Colorado Chamber of Commerce. "The fair won't be the success it should be unless we have a strong representation from Colorado. Can we count on some of you being here all of the five days, and all of you being here on Wednesday, Oct. 18, which has been designated as Colorado Day."

The day designated as Colorado Day at the San Angelo Fair promises to be the best day of the exposition, according to Mr. Yaggy. In addition to the racing events, polo, roping, etc., a wedding is scheduled in front of the grand stand and the annual flower show will be held. The management claims that the best livestock, poultry, and agricultural show and race meet in all the West will feature the fair this year. The fair opens October 17 and closes October 21.

### FIFTY BEEVES WILL BE CANNED BY DEMONSTRATOR

Introducing methods of preserving fresh meats as approved by the extension department, A. & M. College, Miss Georgia Lacey, home demonstration agent, plans to personally supervise the canning of several hundred tins of beef between now and January 1. Miss Lacey stated last week that approximately fifty beefs would be canned in the rural homes of the county during this campaign.

Under the approved process it is claimed that fresh meats may be tinned and kept in excellent condition for an indefinite period. The plan will be to tin the meat now and store it for home use during the spring and summer months of next year.

### COUNTY OFFICIALS LEAVE FOR CONVENTION AT DALLAS

County Judge J. C. Hall, and County Commissioners U. D. Wolfen and J. E. Lasseter and Commissioner-elect W. D. McAdams of Lorraine, together with F. F. DuBose, bridge engineer, left for Dallas to attend the County Judges and Commissioners convention, which was in session Thursday and Friday of this week. This convention is held once each year and regularly attended by several hundred county officials of Texas.

### TWO RURAL SCHOOL BOND ISSUES REPORTED APPROVED

Approval of bond issues of one thousand dollars each, recently voted in the Lone Star and Valley View rural school districts, was received Monday by the county judge in a telegram from the attorney general's office. The issues were voted with which to construct an additional classroom onto the school buildings. This will make each of these schools among the best rural schools in the county.

### COMMISSIONERS COURT IN SESSION FOR SHORT TIME

County Commissioners' Court was convened Monday for the October term and all pending business was practically passed by the time court adjourned Monday afternoon. The usual routine work of auditing and allowing accounts constituted the principal business coming before the court.

### COTTON 75 PER CENT HARVESTED, DULIN SAYS

W. A. Dulin, county agent, made the estimate Tuesday that the cotton crop of Mitchell County was seventy five per cent harvested, and that with continued favorable weather the cotton would all be out of the fields within the next few weeks. This fall has been unusual, even for West Texas, in that not any rain at all has fallen on the cotton since the crop began to open.

The crop for this year, will fall short of that in 1921, according to Dulin, in spite of the fact that acreage to the crop this year is considerably larger. 22,000 bales were ginned in Mitchell County last season, while the estimate of the county agent for the present year is placed at 18,000.

Some farmers in practically every community of the county are still in need of pickers, Dulin said. During the past week he has been conducting an employment bureau at Colorado, through which those farmers having no further use for cotton pickers are supplying those in need of this labor. The number of imported laborers here this season was not as large as last year, and many of those brought here early in the fall have returned to their homes.

### FAIR OFFICIALS CALL FOR MASS MEETING NOVEMBER 6

The call for a mass meeting of citizens of Mitchell County who are interested in the Mitchell County Fair for 1923 was issued Saturday by J. A. Sadler, president of the fair association, following adjournment of a meeting of the board of directors held at the Chamber of Commerce. The mass meeting was called for the purpose of discussing plans for the fair another year.

A committee was appointed Saturday to represent the fair association in selecting proposed grounds for the fair. This committee will report at the meeting to be held Nov. 6th.

### COLORADO PRESBYTERIANS ATTENDING TEXAS SYNOD

Dr. P. C. Coleman and Rev. W. M. Elliott left Tuesday morning for Marlin to attend the Sixty-seventh annual session of the Synod of Texas of the Presbyterian church, U. S., and also the Eightieth annual meeting of the Texas Synodical Auxiliary the latter being the woman's branch, which opened Tuesday night and will continue through Friday night. They are attending the Synod as delegates from the First Presbyterian church of Colorado.

A sermon by Dr. T. W. Currie of Austin Theological Seminary, the retiring moderator, featured the opening session Tuesday night. Synod sessions are being presided over by Dr. Currie. The Rev. J. D. Leslie of Dallas is state clerk and Rev. S. J. McMurry, pastor at McGregor, is permanent clerk.

Dr. Coleman and Rev. Mr. Elliott are expected to return to Colorado Friday night or Saturday.

### \$2,595 SUBSCRIBED TO FUND FOR LEGION HUT

L. B. Elliott, chairman of the American Legion hut committee, reported at the Lions Club Wednesday that a total of \$2,595 had been subscribed to the fund and that the committee would push the campaign, trusting to raise the full amount needed, \$12,700, within the next few weeks. The Lions Club took the initiative in supporting this campaign and at the luncheon last week subscribed a total of \$1,930 to the fund.

Plans recently announced are to commence actual construction of the proposed hut January 1. The building is to contain a main auditorium and several smaller rooms to be used as library, office, pool room, etc.

### COLORADO MAN PASSES OPTOMETRIST EXAMINATION

O. H. Majors of Colorado, passed successfully the recent examination held at Sweetwater under direction of the State and was awarded a diploma as a graduate optometrist.

### BADGETT GAS VALUABLE, OFFICIAL REPORT SAYS

The non-inflammable gas from Badgett No. 1 of the Mitchell County Oil Corporation is a rare product and claimed to be very valuable as a commercial asset, according to an official report filed by R. M. Hoffer of San Angelo, representative of the oil and gas division of the Railroad Commission, who visited the well recently. The report of Hoffer which was made public at Austin Monday, was filed in the official records of the commission.

"After making a careful conservative estimate and getting the opinion of experienced oil men we believe the well to be making some 40,000,000 cubic feet of air or non-inflammable gas and 12,000 to 15,000 barrels of salt water every 24 hours," said Hoffer in his report. He also reported that there was no showing of oil or petroleum gas.

"The well presents a display of underground forces of nature the like of which has probably never been witnessed before in Texas or perhaps elsewhere," continued Hoffer. "This non-inflammable gas is a rare product and is said to be very valuable."

Hoffer dismissed the suggestion that the well might be brought under control as impractical. "The pressure is too strong as to warrant the hazardous undertaking of attempting to cap the Badgett well now," he said. "The danger of injury from falling timbers torn from the derrick serves to make any effort to control the gusher dangerous." Hoffer added that he expected the pressure to go off within the next thirty days and the well will then be placed under control.

Lay Powell, one of the committee-men superintending construction of the dam near the well to impound the salt water and keep it from polluting the river, stated Wednesday that much of the earth fill had been moved into place. He estimated that the dam would be completed early next week. About seven feet of salt water from the well was standing in the lake Wednesday afternoon, it was learned.

### LIONS CLUB ENDORSES SENDING C. OF C. DELEGATE

The suggestion of Porter A. Whaley, manager of the West Texas Chamber of Commerce, that Colorado have representative on a special West Texas commission, to visit the cotton mill centers of Carolina and the East, was endorsed Wednesday by members of the Lions Club in session at the Barcroft. The club merely expressed approval of the plan, and passed the matter on to the Chamber of Commerce for action.

The commission, which is scheduled to leave Fort Worth Monday, will visit the various cotton mill centers with the view of interesting capital in investigating the merits of West Texas as being practical location for new mills, which it is understood will be erected in Texas.

### BARCROFT HOTEL ANNEX IS COMPLETED THIS WEEK

The interior work of the Barcroft Hotel annex was completed this week adding twenty additional bed rooms to the capacity of the hotel. The annex was commenced last summer and constitutes an extension onto the main building on the east. Other improvements made to the hotel recently were the construction of wide brick and concrete porches, with concrete floors for the first and second floors. A private dining room has also been fitted up on the second floor.

### ARMISTICE DAY TO BE OBSERVED AT COLORADO

Celebrating Armistice Day, November 11, will be featured in an elaborate program to be given at Colorado on that date, according to information received from officials of the Oran C. Hooker Post. The drive to raise funds with which to build a hut here will be closed on that day, it was stated.

—MISS PEARL TEMPLETON—

Miss Templeton is also authorized receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipkey Printing Company in Loraine and Vicinity. See her and take your County Paper.

Mrs. W. H. Swafford received the sad intelligence that her mother, Mrs. Frazier, had been killed in an accident at Childress Tuesday afternoon of last week. Mrs. Frazier jumped from a wagon while the team was running and fell under the wheels, crushing her body and head. Mrs. Swafford left immediately for Childress. Mrs. Frazier for a number of years lived several miles north of Loraine and will be remembered by many. She was 57 years old and a true Christian character. She leaves five children, 3 daughters and 2 sons, to mourn her passing. She was making her home with her youngest daughter, Mrs. J. B. Foster at Childress. Mrs. Swafford returned Sunday.

Miss Viola Brown was hostess to the Philomath club Friday afternoon, this was the first meeting for the 1922-1923 club year. Most all the old members and several new ones answered to roll call. After a business meeting quite an interesting program was rendered from the Literary Digest which the club has decided to use as their study course this year. They will also take Parliamentary law after adjournment the hostess served refreshments of sandwiches, potato chips, olives and iced tea. Mrs. Willis Brown was a visitor. The time of meeting has been changed from Friday to Thursday afternoon. Mrs. T. J. Coffee is hostess this week.

Mrs. Will Harris who has been visiting her son, Prof. S. C. Harris, returned to her home at Merietta Saturday morning.

Edd and Ellie Plunkett and sister, Miss Katie of Roscoe visited in the W. A. Jarrett home Tuesday.

Otho Thompson who has been ill for some time went to El Paso Tuesday night where he will enter a sanitarium for treatment. Mrs. Otho Thompson and Homer Richards accompanied him.

Mr. and Mrs. J. H. Lee of Lamesa spent the week-end with her parents, Mr. and Mrs. John Griffin. They joined a party of Lamesa folks Sunday night who passed through here enroute to Dallas to attend the fair.

Miss Oma Ruth Damm of Sweetwater visited Mrs. Joe Bennett and Mrs. Roy S. Baird Thursday.

Mr. and Mrs. Harry Hall and little daughter Elva Laura of Lubbock visited his parents, Mr. and Mrs. M. F. Hall from Sunday till Thursday.

G. A. Hutchins is a visitor of the state fair at Dallas this week.

Mrs. E. E. Garrett who for the past six months has been with her daughter, Mrs. T. A. McGee, left Saturday night for Farmersville, where she will visit another daughter before going on to Corpus Christi, where she will spend the winter.

Connell, the little four year old son of Mr. and Mrs. Willis Taylor happened to a very painful accident Saturday, when he fell and stuck a pair of scissors down his throat. Medical aid was summoned at once and the little sufferer is reported to be doing very nicely at this writing but will probably have quite a sore throat for several days.

J. F. Reeder is numbered with the sick this week.

L. B. Elliott of Colorado was a Loraine visitor Tuesday.

Miss Nell Norman spent Sunday with friends at Abilene.

W. A. White is spending several days at Breckenridge on business this week.

Mr. and Mrs. J. E. Seymour after an extended visit with her sister, Mrs. J. P. White of the China Grove Community and nephew, W. A. White of this place, have returned to their home at Fort Worth.

Grandma Mahoney of Hermleigh who has been ill at the home of her son, Will Mahoney of this place, is reported as some what improved at this writing.

Mrs. John Coffee and baby and Miss Ruby Templeton visited friends and relatives at Ft. Worth and also attended the fair from Sunday till Tuesday.

Dewey Winstead of Snyder spent Sunday with his parents, Mr. and Mrs. J. M. Winstead.

Mr. and Mrs. Erven Jones left Wednesday for Slaton where will make their future home. Mr. Oscar Jones and family will occupy the house vacated by Mr. and Mrs. Erven Jones.

Mr. and Mrs. Marvin Martin moved Tuesday to the W. S. Wimberly residence where they have secured rooms. S. A. Compton and family moved this week to his farm south of town. William Martin and family will occupy the place vacated by them.

Mesdames A. C. Pratt and Clarence Rowland attended a County Federation meeting of women's clubs at Colorado Tuesday afternoon.

Mr. and Mrs. McMurphy who make their home with their daughter, Mrs. A. C. Pratt, went to Dallas Friday where they will visit relatives for a month or more.

Mrs. Joe Armstrong is on the sick list this week.

Mrs. Edward Smith and baby spent the week-end in the Earnest Smith home.

News comes from Miss Bess Longley who is in a sanitarium at Temple that she is recovering so rapidly from her operation that she will be home in a few days.

Mrs. Hall De Garmo returned Saturday morning to her home at Colorado after several weeks visit with her parents, Mr. and Mrs. J. F. Reeder.

The Studebaker Light - Six Roadster and Coupe - Roadster were primarily built for business use.

Each is built for hard usage, day in and day out. And as they are completely Studebaker built— you know they will stand up under hard going.

The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample

luggage space is provided under the rear decks.

There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration.

Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

The Studebaker Light-Six Coupe-Roadster seats two passengers; has side coach lamps; rain vane and windshield wiper; eight-day clock.

The three-passenger Roadster has coil springs; storm curtains opening with the door; large plate-glass window in rear curtain; and inside and outside door handles.

Both models are upholstered in genuine leather; have ample space under the rear deck for luggage; ignition and theft-proof transmission locks; and cow ventilation.

Table with 3 columns: LIGHT-SIX, SPECIAL-SIX, BIG-SIX. Rows include Touring, Roadster, Coupe-Roadster, Sedan with prices.

THIS IS A STUDEBAKER YEAR

ESTIMATED THAT 10,000 ATTENDED SCURRY FAIR

It is estimated that 10,000 people saw the exhibits during Friday and Saturday of Scurry County's Second Annual Fair.

and that her people are commencing to more fully realize the results to be obtained from friendly competition in the showing of the products of ranch and farm.

which indicates a healthy growth and prospects for a splendid showing for the future of the fair.

Scurry County is hitting her stride and the success of the 1922 Fair is one of the results. Let us get ready for 1923 with a firm resolution, that come what may, the third annual fair will fully represent every line of industry in Scurry County.

The cattle and hog displays this year were exceptionally good, especially the Hereford cattle which so pleased the Judge that he remarked it was the best exhibit of Herefords ever shown at a County Fair.

Mitchell county has a well the like of which was never before seen in the world, according to state oil and gas experts.

ARMY APPEALS GO OVER BIG IN SEVERAL CITIES

DALLAS, Tex.—Reports received at divisional headquarters of the Salvation Army show that the cities that already have put on the annual home service financial appeal have either oversubscribed their quotas or in most instances will do so before the appeals close.

Dallas showed the way to the entire division, obtaining \$19,000 of its \$25,000 quota on the first day of the appeal, and coming back with \$4,900 on the second day. The entire quota was subscribed in short order.

Texarkana also reports favorable progress, with little doubt that the quota will be oversubscribed. Fort Worth started with a bang and the appeal committeemen in that city are confident of rolling up the necessary dollars for the Army's work.

Reports from Austin and Mexia indicate that a smashing appeal will be put on, for in both of those cities advance gifts from the larger donor point to the manner in which the actual drives will go over the top.

Mrs. B. O. Farrel of Salix, Iowa, is among the new subscribers to The Record this week. Mrs. Farrel owns a tract of land near Iatan and writes she is interested in oil development in the Mitchell County field.

NOTICE IN PROBATE THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to be posted for ten days, exclusive of the day of posting, before the return day hereof, in three of the most public places in your county, one of which shall be at the Court House door, and no two of which shall be in the same city or town, copies of the notice here below; and shall also cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in said Mitchell county, a copy of notice here below, to-wit:

THE STATE OF TEXAS

To all persons interested in the person and estate of Charles Comma Stevens, a minor, T. A. Stevens has filed in the County Court of Mitchell County, an application for Letters of Guardianship of the person and estate of said Charles Comma Stevens, a minor, which will be heard at the next term of said court, commencing on the 6th day of November A. D. 1922, at the Court House thereof, in Colorado, Texas, at which time all persons interested in said minor, may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Colorado, Texas, this 3rd day of October, A. D. A. D. 1922.

W. S. STONEHAM, Clerk County Court Mitchell County, Tex. Issued this 3rd day of October 1922.

W. S. STONEHAM, Clerk.

NOTICE BY PUBLICATION OF FINAL ACCOUNT, NO. 372. THE STATE OF TEXAS.

To the Sheriff or any Constable of Mitchell County—Greeting:

R. H. Looney, executor of the estate of Mrs. Neppie Branch Crockett, deceased having filed in our County Court his final account of the condition of the estate of said Mrs. Neppie Branch Crockett, deceased, together with application to be discharged from said administration.

You are hereby commanded, that by making publication of this writ twenty days in the Colorado Record, a newspaper regularly published in the county of Mitchell, you give due notice to all persons interested in the Account for Final Settlement of said Estate to file their objections thereto, if any they have, on or before the November term, 1922, of said County Court, commencing and to be held at the Court House of said County, in the town of Colorado, on the First Monday in November, A. D. 1922, when said Account and application will be considered by said Court.

Witness W. S. Stoneham, Clerk, County Court of Mitchell County.

Given under my hand and seal of said court at office in the town of Colorado this 27th day of September, 1922.

W. S. STONEHAM, Clerk County Court, Mitchell, Coun.

All kinds of office supplies at the Record office, also typewriters and draftsman's supplies.

H. B. Broadus & Son has just received a car load of Queen of the Pantry Flour, the best made.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, That you summon, by making publication of this Citation in some newspaper published in the County of Mitchell if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, Vester Wilson whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Mitchell at the Court house thereof, in Colorado on the 11th Monday after the first Monday in September, 1922, same being the 20th of November, 1922 then and there to answer a petition filed in said Court, on the 11th day of October A. D. 1922, in a suit numbered on the docket of said Court No. —wherein W. T. Wilson is plaintiff and Vester Wilson is defendant, the nature of the plaintiff's demand being as follows, to-wit: That on or about the 18th day of October, A. D. 1914, in Mitchell County, Texas, plaintiff was lawfully married to defendant, then a single woman by the name of Vester Robinson; that they continued to live together as husband and wife until on or about the 15th day of March, A. D. 1919, when the defendant without any cause whatever on the part of the plaintiff, left voluntarily the bed and board of the plaintiff, since which time they have not lived together as husband and wife; that the defendant voluntarily left the plaintiff more than three years ago, with the intention to abandon the said plaintiff; that the said defendant filed a petition for a divorce in Howard County, Texas, in the September Term of the District Court of that county in the year A. D. 1920. Plaintiff alleges that during the time he and defendant lived together as aforesaid, he was kind and affectionate to her, and always provided for her support and maintenance, but defendant unlawful of her marital vows, duties and obligations voluntarily left the plaintiff as above stated. Plaintiff alleges that defendant's actions and conduct toward him generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered; Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relation, and for such other and further relief, special and general in law and equity that he may be justly entitled to, etc.

Herein fail not and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court at office in Colorado this the 11th day of October A. D. 1922. W. S. STONEHAM, Clerk District Court Mitchell, County Texas. 11-3c

Herein fail not and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Colorado this the 11th day of October A. D. 1922. W. S. STONEHAM, Clerk District Court Mitchell, County Texas. 11-3c

LONE STAR.

Well, from the looks of the cotton this morning it looks as though Jack Frost made a visit last night.

Several in this community have enrolled in the Loraine school this term.

Bro. Young filled his regular appointment Sunday afternoon. He preached a very helpful sermon.

W. U. Harris, wife and son, Homer, visited their daughter and sister, Mrs. W. M. Martin Sunday. Joe Richburg and wife spent Sunday afternoon in the George Taylor home.

Allie Hallmark was a dinner guest of Lizzie and Bessie Porter Sunday.

N. T. Henderson and wife gave the young folks a party Saturday night.

Milton Hamilton made a business trip to Hermleick Thursday.

Eustace Harris, Willie Richburg, and Thomas Faulkenberry were dinner guests in the John Richburg home Sunday.

Little Gwendola Mearse is on the sick list this week.

Mr. Oscar Moore and family of Sweetwater spent Sunday in the home of Mrs. Moore's mother, Mrs. G. H. Richardson.

Luther Mearse and family spent Saturday night and Sunday with his brother, J. B. Mearse.

Milton Hamilton and family and Narvil Richburg and wife spent Sunday in the W. H. Long home.

Nannie Lou and Willie Taylor and Pearl Richardson were dinner guests of Gray Taylor and wife Sunday.

A few from here went to see the salt well Sunday.

IT PAYS TO PAY CASH.

**COLORADO RIVER IRRIGATION PLAN IS BIGGEST YET**

ROBERT LEE, Texas, Oct. 9.—The Colorado Valley Irrigation Project of Western Texas, declared to be one of the most gigantic industrial projects of the south, is materializing, according to engineers in charge. Col. C. M. Stanley of Dallas planned the work.

The work has progressed under an organization, the Colorado Valley Irrigation Association, through little more than a year's time, directed by Stuart L. Williams, secretary-manager of the association.

The geological survey, the greatest initial task, was completed within twelve months after the association was organized. Funds amounting to \$25,000 were raised for the purpose of carrying on this preliminary work. The state water engineers and the United States geological survey contributed \$20,000, and \$5,000, was given by the towns to be benefited.

The engineers of the United States Geological Service, who have been at work on the maps of the project since February 1 of this year, have submitted proof sheets to the department for correction, which are now in the hands of the state board of water engineers, city and county engineers of Coke, Tom Green and Runnels counties.

Upon completion of the work of the checking up and correcting the maps, they will be returned to Washington, where final sheets will be prepared in colors. Based upon these maps, the lands along the Colorado valley irrigable by gravity will be indicated, and the state water engineers will recommend that such lands be included in the irrigation district.

From the rapid progress which is being made with the work, it is very likely that the present year will witness the starting of the formation of the irrigation district, engineers agree. The district will be a separate political entity, maintaining its own tax assessor, collector, board of supervisors, engineers and other officers.

**A Huge Project.** This huge irrigation project, it is declared, will be exceeded in size by one or two similar propositions in the world, and both of these irrigations systems are outside of the United States.

The immense dam planned to be located two miles west of Bronte, Coke county, will have the following dimensions: 2,000 feet in length, 100 feet high, and backing water up in the Colorado river for a distance of about 24 miles, the reservoir being of sufficient size to impound enough water to irrigate at least 200,000 acres, and indirectly resulting in sufficient water to irrigate 500,000 acres in the area traversed by tributaries such as the Conchos and other rivers flowing into the Colorado.

The counties directly benefited will be Coke, Runnels and Concho, while Tom Green, Sterling Nolan and other counties will be in line for irrigation, and as has been mentioned in the meetings, the project when completed will benefit all of West Texas.

Cotton being the principal agricultural product of West Texas, each of the counties make an average of from 10,000 to 15,000 bales a year during semi-dry years. The irrigation of this vast acreage will insure the average number of bales for each county to be four-fold what the production is now, or, between 50,000 and 100,000 for each county.

It is believed that the additional crop harvested in a single year, or at the most two years, will pay the total expense of putting the proposition over. In addition to insured crops each year, land now selling at from \$10 to 50 an acre will sell at around \$500 an acre. All other agricultural products, such as melons, feedstuffs, all kinds of garden truck, will grow luxuriantly in proportion to cotton.

While Col. Stanley was the first to become intensely interested in the Colorado River Valley irrigation project, the early history of the proposition, dated back to 1898, during which year that area was first surveyed by an English syndicate under Pearson, who later built the famous Medina Dam, the local project was at that time declared to be perfectly feasible and practicable, but the Medina site was chosen as best suited for their particular purposes.

An abortive attempt to survey the project was next made by Ballinger and Paint Rock parties, which attempt fell through for lack of finances. Have your tires been giving you trouble? Has your Ford been using too much gas? Then why don't you purchase a set of Star & Funder braces and do away with the rattle at least.—Womack Garage will put them on for you.

PUTTING THINGS OVER

Opportunity may stand at the threshold of a city and county almost continuously and propose that various programs outlined for constructive advancement be taken advantage of, but so long as that city or county does not accept the proffer, no gain is to result.

There were three outstanding features of Colorado Day at the fair which made a fine impression upon the city of Abilene and the thousands of visitors at the fair.

The other two principal attractions carried to the fair by Colorado were the Booster Band and the large delegation of boosters who stormed the city and the fair grounds for the day.

The Best Theatre--

Presents the costliest production ever made. It is absolutely in a class by itself and Eric Von Struheim, the man you will love to hate, has the leading role. The play is TWELVE reels long and keeps you on the jump from start to finish.

"Foolish Wives"

WITH ERIC VON STOEHEIM

Wednesday and Thursday

John D. Rockefeller

attributes his success to the fact that he always made the other fellow put his proposition down in Black and White.

That's what the merchants of this town are doing for you. Their advertisements speak for themselves in black and white. And what they put down in black and white they stand back of.

They want your business. Their advertisements are an invitation to do business with them. That's why they advertise, and the wise housekeeper never does her shopping nowadays until she has read the advertisements and posted herself on prices.

Is there an easier or better way of saving money? It only requires a few minutes of your time to scan the advertisements.

The Boy Scout's motto is "Be Prepared." That's what every housewife should be when she goes out to market.

Read the advertisements and you will not alone save many times the cost of the subscription to this paper, but you will save many dollars to add to your bank account.

Reading advertisements in this paper is profitable reading. Try it for a month and check up the pennies you will save. That's another Rockefeller maxim: "Save your pennies and the dollars will take care of themselves."

There are hundreds of pennies to be saved by reading the advertisements in this paper every issue.

were held in Chicago and the same number in Milwaukee. But the Los Angeles accident list was nearly three times that of Chicago, next city, and the injuries were nearly four times the Windy city's record.

Here is work for the public authorities, for the civic organizations, for the insurance companies, and for the automobile manufacturers and dealers whose business is cast under a shadow not at all their fault. Carelessness is undoubtedly the chief contributing cause of motor accidents, incompetent driving is another bad traffic regulation a third. Liquor is a factor, too.

Not one of those causes but can be easily removed. Education and strict traffic control will do much to cure the first licensing of drivers only after practical examination will cut down the menace of the second. Scientific study and a shifting of the guiding policy of traffic control from hard and fast speed limits to careful driving will help on the third. The authorities know how to control the fourth.

If human life is worth anything it is worth the cost of these measures. It is to the personal interest of the public to charge our staggering record of motor death and destruction. It is to the financial interest of the persons and institutions named to cut down the death rate. Now let us have action.

"Jake" Chesney, sheriff and tax collector of Mitchell County during the past four years, will soon retire to private life, leaving a record as a public official of which The Record believes he may well be proud. Of course there was never a public official, especially a peace officer, but who created some political enemies while discharging the duties of his office, and in this Chesney is no exception to the rule.

The Record is not attempting to play any political game in commending this retiring public official. He has, in so far as our information goes, made good, and as such is entitled to some commendation. As tax collector his records have always been found correct when submitted to an auditor, and as a peace officer he has steered clear of those things which would have given cause to the accusation of favoring class.

As to personal liberty, we understand that a man passed through this country from the Denison section, bound for Old Mexico, the land of many revolutions, where, if they are dissatisfied with the election of their Senators, they forthwith start a fight where the sojourner claims there exists personal liberty. He said that he was out of work in the Denison country, and the Ku Klux took him out and gave him a whipping and told him to go to work. The next day he got a job scabbing in the railway shops, and the next night the union men took him out and whipped him out of him. He says he was bound for Old Mexico, where there was some personal liberty.—Lockney Beach.

Standard tires on sale, 1 week buy now.—A. J. Herrington.

Supremacy in Value Giving

The Keynote of our Campaign For Greater Volume IN OCTOBER

Every day brings a fresh demonstration of our ability to give customers supreme values in worthy merchandise. Our merchandising advertisements are refilled with news of prices that establish new low records. This is the result of close buying, and a narrow margin of profits on a large volume of sales—and this explains the object of our present sales campaign, which is to increase our output of merchandise and thereby lower the cost of selling.

In order that you may grasp the fullest advantage of our present campaign, watch our weekly advertising.

We especially call the attention of the mail order house patrons. Since we started our campaign against the mail order houses, we have gained many new customers. We have been proving to them that we have the merchandise they want at much lower prices than they can send off and get it for.

At Last the People are Realizing THE FACTS

That we are giving better values than the mail order house. WE FILLED TWENTY-FIVE MAIL ORDER HOUSE ORDERS that were made out to various concerns and before mailing were brought to our store for comparison of prices. Each one of the orders were filled by us and we were found to be

Cheaper in Price --Better in Values

Than the mail order houses were. You will help out your home town as well as yourself by trading at home. Why should you send off your money and pay more, when you can do better at home?

We invite you to visit us and get our prices, see our merchandise, without any obligations to yourself.

### WESTBROOK NEWS

From Westbrook aBnner:

O. R. Rich, living in the Conoway community brought his nineteenth bale of cotton to the gin Tuesday and says he has eight or nine more to pick.

A pair of mules going down Main street Tuesday afternoon hitched to a wagon caused some excitement in Westbrook. They did not go very far until the wagon tipped over on its side and left the team hitched to the front wheels. The driver hit the ground on his feet and held onto the lines and soon stopped the mules.

Mr. and Mrs. Joe Gingrich and children and T. E. Hodges and Miss Margaret Lasseter attended the show given by Brunk's Comedians at Colorado Monday night.

Mrs. E. S. Hudson suffered an attack of dengue fever Saturday and has been quite ill several days, but is improving.

A. T. Spaulding of Colorado was here Tuesday looking after his oil interest in the Westbrook field.

Mr. and Mrs. Hugh Callan were here Monday from their home five miles north.

The fourth and last quarterly conference for the Westbrook circuit will convene on Saturday before the fourth Sunday at Union church. Rev. R. A. Stewart will preside.

Miss Thelma Hudson came in Tuesday morning from Canyon where she was attending school having been called home on account of the serious illness of her father.

A. F. King returned Sunday morning from Abilene where he attended Federal court as a juror.

Fred Lee, son-in-law of Mrs. Slaton, came in from Paris Friday night. He says the boll weevil damaged the cotton crop in that section of the state severely. He had 40 acres in cotton and says he got three bales.

"It is every man's duty to own a home for the sake of his children if for nothing else. Everyone of us who looks back on his childhood realizes that it means much to us to have been reared in a home, and a man who owns his own home is aiding his children to become better men and women."—E. Gordon Perry of Dallas.

A very delightful moonlight picnic supper was enjoyed at the McKinney well Friday night by the following young people of our town: Misses, Petty, Bently, Sheridan, Bledsoe, Mrs. Millie Griffith and Mrs. Van Horn, Messrs. Oscar Lewis, Orbra Oglesby, Basil Hudson, Key Hooks, Mr. Draper and Mr. Brown. The supper consisted of toasted marshmallows and toasted weinerwurst.

John Longley, Mrs. Hoover and Mrs. Chancellor, who were on a visit to their parents, Mr. and Mrs. John Longley, left Saturday night for their homes at Dallas.

Commissioner H. A. Lasseter left Tuesday for Colorado where he will be joined by the other Commissioners of Mitchell county, and all went to Dallas to attend the convention of County Judges and Commissioners.

Mr. and Mrs. G. D. Lewis and children left Friday night for Abilene where they will make their home. Mr. Lewis will enter Simmons College to prepare himself for the ministry and his many Westbrook friends wish for him a successful career.

J. W. Dorn was in Monday after lumber to build an addition to his residence on his farm four miles northeast of town.

### THE PENCIL for THE MILLIONS

The pencil for you: to slip in your pocket, to fasten onto your watch chain. Sold complete with enough lead to write 250,000 words. Extra leads 15c the box. Mechanically perfect. Many styles. Gold, silver and enamel. A wide range of prices.

Dr. Barber and daughter of Colorado were visitors in Westbrook Monday.

Mrs. Millie Van Horn has purchased the dwelling occupied by R. C. Dale.

Suppose that you should become the unfortunate victim of circumstantial evidence and your liberty depended upon establishing when and where you were born—could it be done—Dr. H. F. Thompson in Fort Worth Record.

There is a law in this state requiring births to be registered. If that is complied with there will be no trouble about proving the birth of anyone in the future.

### OIL NEWS.

Drilling is being delayed at the Smith well four miles northeast of here, on account of lost tools and the casing is being taken out and when the tools are recovered drilling will be resumed.

The well on the J. S. Jones ranch near Vincent, has been shut down over two weeks on account of the scarcity of water.

A new well is to be put down on the Badgett place, section 22, and will be near Badgett No. 1. The slush pit has been dug and the rig is now on the ground and the well will be spudded in as soon as the derrick can be erected.

Bill Thompson will be in charge of the drilling on Badgett No. 2, and is putting in a camp out there.

Queen of Pantry Flour, a full car load. None better.—Broaddus & Son

### SCHOOL OPENED MONDAY ATTENDANCE GOOD

The Westbrook High School opened Monday, the second, with approximately one-half of the scholastics in attendance. The different grades from the first to the ninth were represented, there being 79 present. The tenth and eleventh are to be represented later. Miss Margaret Berdaly has charge of the first and second grades, Miss Irene Bledsoe the third and fourth, Miss Ida Petty the fifth and sixth, while Miss Millicent Sheridan will assist Prof. Brown with the higher grades.

As is generally the case, in a cotton country a goodly number are absent pending the gathering of the cotton crop. Still as it now appears the gathering season will be short and those thus delayed should diligently pursue their studies and strive to get the most out of the remainder of the term.

Let each of us be proud of the start thus made and try to encourage and cheer Prof. Brown and his assistants to the end that the best results may follow and that any regrets will come as a result of the closing at the end of the term.

### Trees Strong.

Trees and plants display a wonderful strength at times. Some of them will lift a heavy stone which blocks their way or even split a rock but there is one thing which they cannot withstand and that is the strangle-hold of another plant which encircles them. A honeysuckle will soon kill a tree which it takes hold of and in the tropical forests there are many creepers which kill the trees they climb and save themselves by reaching out to neighboring trees.

Mr. and Mrs. Sam Majors attended the State Fair Saturday and Sunday.

We are now selling the fine Essex car delivered in Colorado for \$1195.

Queen of Pantry Flour, a full car load. None better.—Broaddus & Son

Westbrook is the coming oil town of West Texas because we have more oil now than any other West Texas field, and oil men all agree that the Westbrook field is bound to be a great field and that development will prove it. Now is the time to get a foothold here while property is cheap if you intend to come.

### Some Day You'll Need a New Battery

You'll step on your starter button and not even get a murmur. You'll wonder if some of those wires could have worked loose somehow— You'll blame yourself for not having noticed that your battery's health was failing— You'll make up your mind that you'll never get caught like that again— forty miles from nowhere with a dead battery. But it will be too late then to do anything about it! The time to avoid chance of battery trouble is RIGHT NOW, when your battery is in perfect, bouncing health. There are a lot of things we can tell you about batteries, battery life, battery cost, battery care and so on if you'll come in. You're welcome anytime!

## Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a tremble feeling is often a sign that the stomach is out of order. For this I took *Theford's Black-Draught*, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

If it isn't

Liver Medicine.

### IN SOCIETY AND AT THE CLUBS

**Central Circle.**  
The Central Circle of the M. E. Church met with Mrs. Pidgeon Monday afternoon with the new chairman, Mrs. A. B. Blanks, presiding. Besides the routine business some plans were made for enlarging the Circle. Dues of more than nine dollars were received. The hostess, assisted by Mrs. Lucian Maddin, served a salad course.

**Allathian Class.**  
Mrs. J. M. Green was hostess for the Allathian class of the Baptist Sunday school last Thursday with the president, Mrs. M. C. Ratliff, presiding. The bible lesson, the seventh chapter of Mark, was conducted by Mrs. Meeks. The regular business was transacted. Mrs. Whipkey told of the W. M. U. meeting held at Roscoe. The hostess served sandwiches cake and tea. The next meeting will be with Mrs. R. O. Pearson.

**Bay View.**  
The Literary clubs all began work last Friday with a good attendance at each and all anxious to begin study. The Bay View met with Mrs. J. L. Bennett with Mrs. Brennan conducting the lesson in Antony and Cleopatra and English Short stories. At the social hour the hostess served salad, cake and coffee. The next meeting this week will be with Mrs. Thomas R. Smith.

**1921 Study.**  
The 1921 Study met with Mrs. Stewart Cooper. The program was round table discussion. My Aim For the Club. The retiring president's

address, Mrs. Cooper. Incoming president's greetings, Mrs. Tom Pritchett. A diversion arranged by Mrs. Dolman and Mrs. Jones on advertising proved very interesting. Next week the club will begin the study of Southern Literature. The meeting will be held with Mrs. Dobbs. The hostess served punch and cake.

**Standard.**  
The Standard had a full meeting with Mrs. Smoot and work was begun on Coriolanus. Mrs. Y. D. McMurry and Mrs. W. M. Elliott were received as new members. The hostess served a salad course and an ice course.

**Hesperian.**  
The Hesperian held its first meeting with Mrs. A. L. Whipkey. After a business session a roll call of "My Club Resolution" brought out many interesting thoughts. The outgoing president's message reviewed the last year's work and expressed pleasure for the co-operation of the members in the work. The incoming president outlined the work she hoped to see accomplished the coming year. The yearbook committee had prepared a pleasant diversion in the way of an observation contest that added much to the social hour. Miss Georgia Laceywell, Mrs. O. B. Price, Mrs. Milwee and Mrs. T. R. Moody were guests. The hostess served orange ice and meat sandwiches. The Study of Coriolanus will begin this week.

**A Joint Meeting.**  
All the circles of the Baptist Auxiliary met in a joint meeting with the president, Mrs. C. H. Lasky Monday afternoon for the purpose of planning for the next year's work and hearing reports from the Association which recently met in Roscoe.

After a devotional period led by Mrs. Jones, the president invited the circles in different rooms for their business meetings at which time they elected officers. Mrs. L. R. Pond was elected chairman of Circle No. 1 and Mrs. Leo Jones secretary-treasurer. Mrs. Smoot, chairman of Circle No. 2 and Mrs. Keathley, secretary-treasurer. Mrs. A. L. Whipkey chairman of Circle No. 3 and Mrs. R. O. Pearson, secretary-treasurer. It was decided that visiting of strangers be done through circles. The president urged that more attention be paid to visiting the sick, strangers and shut-ins. Circles Nos. 2 and 3 will be hostess to the entire membership of the women of the church the fifth Monday, October, 30th at the Sunday school rooms. Mrs. Hunter, Mrs. Pond, Mrs. Keathley, Mrs. Miller and Mrs. Whipkey, spoke of a few of the good things of the recent association at Roscoe. The hostess served cake and punch. Next Monday is the regular missionary meeting.

**Auxiliary to C. W. B. M.**  
An interesting meeting of the Auxiliary to the C. W. B. M. was held with Mrs. Broadus last Thursday. The subject for study was India led by Mrs. Pond. The Bible study was the great commission. The pastor, Rev. D. R. Hardison, gave a talk on the intellectual capacity and educational advantages. Mrs. R. U. Beah read a paper on the Gospel for the great unrest. Mrs. Broadus gave the picture lesson. The hostess served a salad course and ice tea.

**U. D. C.**  
The regular meeting will be held at the residence of Mrs. Lupton, Oct. 17 at 3:30 o'clock with the following program:  
Business.  
Roll call—Great events happening in October.  
Reading—Miss Dry.  
A Pathetic Flag of Truce—Read by Mrs. Tom Hughes.  
Reading—Mrs. Davis.  
Adjourn to social hour.

**Civic League.**  
The Colorado Civic League met in regular session Saturday afternoon. The treasurer reported \$12.10 in bank. It was voted to pay State Federation dues of \$5.00. Miss Dry read an interesting outline for programs. A committee was appointed to interview Mayor and ask that he call a clean-up of city.  
The serving of hot school lunches was discussed. It was thought probably some Red Cross health money might be secured for this work. A committee was appointed to visit colored school and talk to teacher about colored auxiliary to League. The League adjourned to meet Saturday, November.

**County Federation**  
The monthly meeting of the Mitchell County Federation of Women's clubs was held at the Baptist Sunday school rooms Tuesday afternoon. A round table discussion of current events was both interesting and educational. The president spoke of the success of the recent county fair and urged that the women begin now to make the next year's fair even a greater success. Miss Laceywell announced that Mrs. Barnes, from the extension department of A. & M. would be in the county for two days in October, 19 and 20 to give a short course in millinery. The meeting will be at Loraine and is entirely free to all. Every woman or girl interested is urged to be there with her scissors, needle and material for the kind of hat she wishes to make. Also bring any faded flowers she wishes retouched. The meeting will begin at ten a. m. and continue throughout the day, so bring your lunch. Miss Laceywell gave a demonstration of hat making from a yard of silk which made the ladies want to know how to make hats. Mrs. Whipkey made a talk on Americanization urging the clubs to keep that topic before them. The next meeting will be in the basement of the Methodist church.

320 acres, with 225 acres in cultivation; two sets of improvements; two wells and windmills; seven miles south of Colorado City; price \$35.00 per acre—COOK & CANADA, Colorado, Texas.

**To Gain a Good Reputation.**  
The way to gain a good reputation is to endeavor to be what you appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturer has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take.

EDCAT IN CAL.
San Jose (California) Mercury-Herald contains the following regarding the killing of a large bobcat by George Cary in the mountains near that city:

Cary spent his younger days as a cowboy on the Bush & Tiller ranch in Mitchell county and is remembered by many citizens of this county.

The articles from the California paper follows:

"Deer hunting is too tame a sport for me. Don't know whether I'd shoot one if I saw it," was George Cary's remark to an admiring crowd in front of the Commercial club yesterday afternoon.

"When there's game like this to be had why should one go looking for deer?" asked Cary referring to the source of interest.

Tied to the running board of his car was a six-foot, 135-pound mountain lion. According to Cary, who is an old-time mountaineer and foreman on the Morrow ranch, Hall's valley, near Mount Hamilton, his prize was obtained at an early hour yesterday morning while he was out hunting with his two dogs and a 22-calibre revolver. The "kill" was obtained in the hills east of Madrone when Cary spotted the huge cat perched in a tree about 40 feet from the ground. Cary's first shot brought the animal down to earth almost on top of the hunter who shot a second time. According to Cary he believed he killed the lion with his first shot but took no chances on having it leap on him in its death struggle.

The mountaineer brought the large animal to San Jose to receive the \$20 bounty offered by the state authorities and to have his prize mounted.

HELPING BOYS PLAN CAREERS

Educators feel that a lot of ill success is caused because young people do not enter occupations for which they are fitted. Consequently many schools are trying to help their pupils get into kinds of work in which they are apparently fitted to do well. There is usually some line of effort for which a person is specially qualified, and if he enters that calling, his success will be greater than if he takes the first thing that comes along.

The plan is carried out in some places of taking high school boys around to various industrial plants, so that they can observe the work of each, and form an idea as to which appeals to them most. Excursions of that kind might resolve the doubts that most young people feel as to a choice of calling. If they would help them to get into the right occupation, they would do a world of good.—Taylor County Times.

MILLINERY SCHOOL WILL BE CONDUCTED AT LORRAINE

An event of unusual importance to the women and girls of Mitchell County will be the millinery school, to be conducted at Lorraine Thursday and Friday of next week, October 19-20, by Mrs. Dora E. Barnes, clothing expert of the extension department, A. & M. College. The sessions will open at 10 o'clock each morning and continue throughout the day.

Arrangements for conducting the school in this county were made by Miss Georgia Laceywell, home demonstration agent, and Mrs. J. G. Merritt, president of Mitchell County federated clubs. Every woman and girl of the county is invited to attend the school, it mattering not whether they are members of clubs or not.

Women attending the club are requested to bring their own needle, thread, thimble and scissors, and also such materials they may desire to have made into a hat. The school was arranged as a part of the program outlined by Miss Laceywell to carry practical demonstrations in millinery, dress making, cooking, canning, etc., to every interested housewife and girl of Mitchell County.

In addition to demonstrations teaching approved methods for making attractive hats, for women and girls, the expert will conduct classes interested in making flowers. Interested ladies are requested to bring velvet and silk scraps, which have been pressed ready for materials to be used in the making of the artificial flowers.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

WIDE INTEREST SHOWN IN S. A. FUNDS DRIVE

District Chairman Appointed Throughout Texas and Louisiana.

Interest in the forthcoming annual home service appeal of the Salvation Army, which will be held in most parts of Texas and Louisiana during the week of Oct. 16 to 23, is increasing daily.

Prominent men and women in increasing numbers are identifying themselves with the movement which has for its object the raising of funds with which the Salvation Army will conduct its work in the Southwestern division for another year.

Judge W. F. Ramsey, divisional finance chairman of the appeal, has received scores of letters from leading citizens assuring him of their wholehearted support and offering to serve in any capacity in which they can be of service during the appeal.

The appointments of several men as district chairmen also have been announced by Judge Ramsey. These district chairmen are men who are leaders among their own people, are busily engrossed with their daily affairs, but who find time to devote to the humanitarian effort of the Army. Among those who are serving as district chairmen are Frank Kell, financier of Wichita Falls; Rev. W. S. Garnett, Victoria, Texas; Nat Washburn, president of Washer Brothers, San Antonio; Judge R. W. Statton, Corpus Christi, Texas; Judge E. M. Overshiner, Abilene, Texas; Chester Harrison, banker of Brownwood, Texas; Sam Sparks, banker of Austin, Texas; Judge J. D. Cline, Lake Charles, La.; Judge Al Hundley, Alexandria, La.

These men realize that the Salvation Army cannot function without funds, and that these funds must come from those more fortunate than the persons to whom the Army is rendering service every hour of every day in all parts of the world. They realize the necessity for funds with which the Salvation Army maintains its 16 major activities in the Southwestern division. These activities are:

Relief of the poor, rescue and maternity homes, young women's boarding homes, industrial homes, workmen's hotels, fresh air camps, Christmas dinners, free employment bureaus, prison work, juvenile industrial and agricultural schools, boy's friend bureaus, missing friends bureaus, anti-suicide bureaus, work among service men, field and evangelistic work, and emergency departments.

TEXAS SHOULD SUPPORT S. A. DRIVE SAYS NEFF

Austin, Texas.—Gov. Pat M. Neff, in a letter to Judge W. F. Ramsey, chairman of the board of directors of the Federal Reserve bank, and divisional finance chairman of the Salvation Army, has endorsed the "magnificent accomplishments of the Salvation Army," and urges "all Texans to assist as best they can this unselfish service."

The Governor's letter follows: "I take great pleasure in most heartily endorsing the work of the Salvation Army. This organization is one that not only ministers to the needs of suffering humanity during the stress of war, but continues its work of a Good Samaritan in times of peace, especially in localities stricken by fire, flood, or other disasters. The broken hearted, those needing friendly counsel and a lifting hand, the destitute, all are received with compassion and helped and strengthened for their further journey along life's highway. The magnificent accomplishments of the Salvation Army during the recent World War cannot soon be forgotten. It warmed and fed thousands, extending its hands across the sea to No Man's Land. The shrieking, death-dealing shells of the enemy did not strike fear into the hearts of the Salvation Army workers; undaunted they went to the very firing line, ministering to our boys fighting on the fields of Flanders and in France. The lavish praise our returned heroes have accorded the work of the Salvation Army among our soldiery makes us debtor in the coin of sincerest gratitude, and should imbue us with a desire to aid in every possible way the noble work that it is now doing. May I urge all Texans to assist as best they can this unselfish service. The Salvation Army draws no lines of sect or creed, but shows mercy in a healthy human way, having no favorite but favoring all. The funds being raised by this organization will be used to carry out their motto: "A man may be down but he is never out."

Wishing you all success in your appeal for funds, and with appreciation of what the Salvation Army is doing for the people of Texas, I am, Yours most sincerely, (Signed) PAT M. NEFF, Governor.

HARVESTER KING'S SON HEADS CHICAGO APPEAL

CHICAGO.—Cyrus H. McCormick Jr., son of the Harvester King, has accepted the chairmanship of the Salvation Army home service appeal in Chicago. He succeeds Francis S. Peabody, nationally known philanthropist and business man, who died a month ago.

BIGGEST HIGHWAY JOB IN HISTORY

National Road System to Be 160,000 Miles. To Include Texas.

Waco, Texas.—The highway construction program of the Federal Government is the biggest project of its kind in history, much bigger than the project to build the Panama Canal, according to a statement issued by the Texas Highway Association here.

"The tentative program of the Government contemplates the construction of a national system of highways, composed of the various State systems, comprising seven per cent of the total post road mileage of the United States," says the statement. "It will include about 160,000 miles of improved highways, 12,000 of which would be in Texas. It will cost approximately \$3,000,000,000 and will probably require fifteen years to complete."

The Federal Government proposes to pay half of the cost of constructing this system, requiring that the State shall pay the other half in each case, and that the State shall maintain the roads after they are built.

In Texas the State has no authority to build and maintain highways, and temporarily this requirement has been suspended so far as Texas is concerned, in order to give the people the opportunity to change the laws so as to empower the State Government to build and maintain roads. So far the Federal Government has appropriated \$500,000,000 for road construction in the States, and about \$30,000,000 of this has been allotted to Texas. This money, however, is being spent only in counties which vote bonds to meet the Federal aid. The Federal law requires that this system shall be established and that the State system shall be constructed by the State Government as a connected and continuous system covering the entire State.

The Texas Highway Association is conducting a campaign to awaken the people to the necessity of passing the proper legislation to meet the requirements of the Federal Government and thus insure that Texas will have a State highway system as part of the national system. The Democratic platform, adopted at San Antonio, urges upon the Legislature the necessity of passing such legislation.

TEXAS IS PLEDGED TO ROAD SYSTEM

Democratic Resolution Declares Acceptance of Federal Aid Pledge to Nation.

Waco, Tex.—In addition to placing in the platform a plank declaring in favor of such legislation as may be necessary to empower the State Government to cooperate with the Federal Government in constructing a State system of highways in Texas, the Democratic convention at San Antonio adopted a long separate resolution emphasizing this matter. Attention is being called to this fact by the Texas Highway Association, which has headquarters here. One of these resolutions particularly emphasizes the fact that in accepting Federal aid in the past, and in continuing to accept it, Texas has pledged itself to construct and maintain such a system. For Federal aid is allotted to the States on a basis which assures that a State "system" of highways, comprising seven per cent of the total post road mileage of the State, will be constructed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal co-operation in highway construction through allotments of Federal funds, as a pledge to the Nation for the construction and maintenance of a system of highways primarily serviceable as a State system, responsive to the needs of the citizens of the State, and secondarily providing the basis for a system of highways extending from State to State."

Texas has so far received and will continue to receive a larger share of Federal highway funds than any State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other States are applying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, the Texas Highway Association points out, makes the responsibility of Texas all the greater.

Most of the States in the Union have complied fully with the Federal requirements and are building State systems. Texas is one of a few States which have not complied with these requirements and the action of the Democratic convention was a pledge to the people that the Democratic nominees for the Legislature who will be voted on in November will pass the necessary legislation.

ONE COUNTY COULD DO IT.

A single county in Texas could bring about a situation in which all Federal aid for highway building in this State would be shut off, and the State Government would be powerless to prevent it. The Texas Highway Association is authority for this statement, and the Federal law is cited in support of it. The association will ask the next Legislature to make necessary changes in our laws to cure this situation.

Typewriters, office supplies and Adding machine paper at the Record office. See the Gold fountain pen at the school supplies at Record office. ord office Record office.

Mr. and Mrs. Reader

Did you ever stop to think that this newspaper is YOUR newspaper? Well, it is!

The editor and all his force are working for YOU.

They want to build the kind of a paper that YOU want.

Why not help them?

What kind of news do YOU like?

What feature in the paper interests YOU most?

What features don't YOU like?

These are simple questions, but they are BIG questions with the editor.

He is spending his time and money every day and every week to make this newspaper the kind of a paper that YOU want in your home.

Why not co-operate?

If something in the paper pleases YOU, tell the editor.

If there are articles that don't interest YOU, tell him, too, and tell him why.

No two communities are alike. The editor is all the time studying his town and his people.

A word from YOU now and then would help wonderfully.

If YOU have any suggestions send them in.

This is YOUR paper. Let's make it the best paper of any community in the State.

### FISH DYING IN COLORADO.

SAN ANGELO, Oct. 9.—T. H. Murray, back Wednesday from Mitchell County bring a story of the fish being killed in the Colorado river by reason of the heavy flow of salt water from the Badgett No. 1 oil well which came in two weeks ago

throwing from three to ten thousand barrels of salt water over the derrick each day. The well's roar can be heard from six to nine miles away.

Hill Low is now selling Overland cars. See him for real bargains in new cars, Fords or Overlands. Will also buy, sell or trade used cars.

### WITH THE CHURCHES

Presbyterian Church Sunday.  
Sunday school at 9:45 a. m., Mr. J. M. Thomas Supt. Classes for all ages. Come next Sunday. All parents of the school are urged to be present and remain for church. This is parents day in our Sunday school. Installation at the 11 a. m. hoer Rev. L. O. Cunningham of Lovington N. M., Moderator of the El Paso Presbytery, will preach the sermon and propound the constitutional questions. Rev. Mr. Tenney of Barstow, Stated Clerk of El Paso Presbytery, will deliver the charge to the pastor. Mr. Kelley of Big Spring (an Elder) will deliver the charge to the congregation. Every member of the church should be present at this service. Rev. Mr. Tenney will preach at 7:30 p. m.  
W. M. ELLIOTT, Pastor.

Notes From Missionary Auxiliary.  
The Woman's Auxiliary to the Sweetwater Baptist Association met at Roscoe last Wednesday. The meeting was called to order by the president, Mrs. R. J. Ellis. Mrs. J. C. Burkett conducted the devotional and brought an inspiration to the meeting that lasted throughout the day. As the first meeting after organization was held at Roscoe eighteen years ago, the president in her message called attention to a few items of growth.

The financial report that year was eight hundred dollars, and this year more than thirty-four thousand. Members and interest had increased in proportion. There were two present who were in the organization. One was Mrs. Ensminger and the other Mrs. J. E. Hooper, formerly of Colorado, but now of Abilene. Mrs. Ensminger gave a heart talk to the women that will tell for good to all who heard her. All the reports were good. The big undertaking for the next few years, aside from the 75 million campaign will be the Rosabell Breedlove Student Loan Fund for Simmons College.

Last year the goal of \$1,000 was reached, when it was called the Simmons College Student Loan Fund, but since the home going of Miss Breedlove, who had been connected

## Proof of Its Sounder Value Found In the Years Behind It

It is not strange that the Hupmobile this year should be shattering all of its previous high sales records. Buyers today are scrupulously seeking out value—known value—particularly among motor cars.

For nearly 14 years people everywhere have been saying good things about the Hupmobile. It has made a brilliant name for economy and reliability and long life.

People who have never owned it, regard it almost as highly as those who drive it every day.

So it was inevitable that in times like these, such a reputation and such a record should stand out sharp and clear, and attract new buyers by the hundreds and the thousands.

The years of owner-satisfaction back of the Hupmobile are founded on the good qualities which it is proving every day all over the world—real economy, in low upkeep and infrequent repairs; clock-like reliability; surpassing performance; length of life and high resale value that are decidedly unusual. They foretell what the new owner can count upon when he buys a Hupmobile.

The mark of superior motor car service

with the College for years, the name was changed and a larger aim set.

The First Church at Sweetwater will hold the banner this year for having the greatest number of their women present.

At night the Association was organized with our own pastor, Rev. M. C. Bishop moderator. Rev. W. H. Simms of the College Heights Church of Abilene preached the annual sermon on "The Mathematics of Religion" using for his text 2 Peter, 1, 5, 6 and 7.

The women of Roscoe served a bounteous dinner and supper to about three hundred people and still there was food to spare.

The next Association will be held at Colorado. The women attending from Colorado were Mesdames Hunter, Lasky, Keathley, Miller, Kolb, L. R. Pond, C. E. Franklin and A. L. Whipkey.

### SUNDAY WITH THE BAPTISTS

We had another good day last Sunday. Good S. S. too. Everybody mighty tired but they still come to church and S. S. We are to have a very rare treat next Sunday. Nothing like it has ever been in Colorado before. We cannot describe it so we will invite you to see and hear for yourself. Tell your neighbors not to miss this treat of a life time. We know you will be tired but you will be in good practice in going so you cannot afford to miss this wonderful treat that's coming to the Baptist church Sunday. It will be as interesting as any performance at Brunks Theatre, as inspiring as the audience will permit. Nothing like it. All Free.

Evening services 7:30  
Jr. B. Y. P. U. 5:50; Sr. B. Y. P. U. 6:30.

M. C. BISHOP.  
First Christian Church.  
The attendance, attention and interest at Bible school and church Sunday were all very good. All the teachers were on duty. That is good for any growing body of students. The music at both morning and evening services was above the average. The special by Mrs. Daniel was appreciated by everyone. Also the musical numbers by Messrs Palmer and Goldman were above the average specials given in our churches. Next Sunday our Bible School will begin promptly at 10 o'clock; the morning worship at 11 and the evening praise and sermon at 7:30. Note the change in the time for the evening service and come on time. You and your friend will enjoy a welcome.  
D. R. Hardison.

### B. Y. P. U. PROGRAM

October 15, 1922.
