

VOTERS TO HOLD RALLY AT COURT HOUSE MONDAY

A pre-election rally of Mitchell County democrats has been called to convene Monday night at the district court room, at which every democrat of the county is urged to be present. The invitation, however, is not confined to members of the democratic party, F. M. Burns of Colorado and one of those arranging for the meeting, stated Wednesday. Mr. Burns stated that the rally had been called by Dr. P. C. Coleman of Colorado at the request of local citizens. Prominent speakers from out of the city are to be present to deliver addresses. It was stated Wednesday afternoon. Issues confronting the people of Texas are among the most crucial for many years, local democrats arranging for the rally declare and voters should attend this meeting without fail.

Ladies of Colorado and Mitchell county are especially invited to attend the rally. In case the district court room should prove too small to comfortably seat the crowd, the meeting will be moved to Union Tabernacle, weather conditions permitting.

A mass meeting of citizens interested in the fair for another year has also been called to convene at the court house at the same time, but arrangements will be made that the two meetings do not conflict. R. H. Ratliff, secretary of the fair association, stated Wednesday afternoon that the latter meeting would probably not require more than thirty to forty-five minutes and could be convened immediately following adjournment of the rally. The rally will be called to order at 7:30.

In the absence of the pastor last Sunday evening the Junior and Senior B. Y. P. U. gave an interesting and helpful program. It consisted of Bible readings, talks, songs, solos and instrumental music. All who heard it feel proud of the splendid manner in which the program was rendered.

PEDDY SCHEDULED FOR ADDRESS HERE FRIDAY

George E. B. Peddy of Houston, fusion candidate for the United States Senate, is scheduled to deliver an address in Colorado Friday night at 8 o'clock at Union Tabernacle. Arrangements for Peddy to speak here were completed Wednesday morning by Major L. E. McGee of Dallas, who was here in the interest of Peddy's candidacy.

Major McGee, formerly police commissioner of the city of Dallas, is taking an active part in the Peddy campaign. He came from Sweetwater to Colorado Tuesday night and spent all of Wednesday morning here, leaving in the afternoon for Big Spring. While in the city Major McGee was a guest of Judge C. H. Earnest.

ELECTION RETURNS WILL BE POSTED ON BULLETIN

It was announced from the office of the Chamber of Commerce Wednesday morning that returns from the senatorial race between Mayfield and Peddy would be posted on a bulletin board in Colorado Tuesday night. Arrangements have been made to have returns relayed by wire from Abilene as fast as they are compiled by the Texas Election Bureau at Dallas.

The bulletin will be placed over the awning in front of the Best Theatre. Returns sufficient to show result of the election are expected to be received not later than 10 p. m.

AUTOMOBILE DAMAGED IN SMASH-UP ON STREET

The touring car belonging to W. E. Shields was considerably damaged Wednesday morning when the machine collided with a truck being driven by Charles Reams Earnest. The smash-up occurred at corner of Second and Elm.

Shields, who is carrying mail on one of the rural routes out of Colorado, was leaving the city for his daily run when the accident happened. He ran into the truck from the rear.

GEORGE PEDDY

Fusion Candidate for United States Senate, Who will speak at Union Tabernacle Friday Night.

FORMER COLORADO MAN FACES MURDER CHARGE

Ceph Gray of Roscoe was released Saturday at Sweetwater under \$10,000 bond on charges of murder in connection with the fatal stabbing of Charles Tomlin, farmer of near Roscoe Friday morning. The difficulty came up on the streets of Roscoe and is said to have resulted from an argument concerning meat which Tomlin had brought to Roscoe for market.

According to press reports of the affair, Tomlin struck Gray a blow, knocking him down. Gray charged Tomlin with a knife, stabbing him in the back and stomach. The injured man was carried to a sanitarium at Abilene Friday and died there that night.

Gray formerly lived at Colorado. He came to Colorado Saturday afternoon following his release at Sweetwater.

SIXTY PEOPLE ATTEND CANNING DEMONSTRATION

Not less than sixty people, many of them from Colorado, spent Thursday at the U. D. Wulfjen ranch, 11 miles south of Colorado, attending the canning demonstration arranged by Miss Laceywell, home demonstration agent. Two hundred tins of beef and pork products, including steak rolls, steak, roast, stew, soup stock, veal loaf, chili, mince meat, pork chops, pork roast, liver sausage, spare ribs, ham, pork loaf, were processed by use of a 17-quart steam pressure cooker.

It was one of the most successful demonstrations Miss Laceywell ever conducted, she stated Friday. Both the women and men who attended were full of interest in watching the various processes from the time the carcasses were slaughtered until finally bealed in the tins. This was the first canning demonstration held by Miss Laceywell in Mitchell County. Other demonstrations to be held in this month are to be at the farm homes of R. Y. Haggerman, Joe Johnson, Dan Beeman and Brown.

The visitors were served lunch in the chuck wagon style at noon, the menu consisting of stew, bread and coffee. The demonstrations were completed at 5:30 Thursday afternoon. Bones from which the meat had been taken were preserved under direction of the demonstrator. Employing the use of a crusher, the bones were ground up for chicken feed.

LIONS PLEDGE CO-OPERATION TO MITCHELL FAIR ASSN.

Members of the Colorado Lions Club pledged their co-operation to President J. A. Sadler of the Mitchell County Fair Association Wednesday and fifteen of the gentlemen promised to attend the mass meeting to be held Monday night at the court house and assist in working out preliminary plans for the fair another year.

BADGETT SALT GUSHER CLASSIFIED "AIR WELL"

The non-inflammable gas from Badgett No. 1 of Bower & Reed is coming from a sub-terranean air pocket, according to analysis recently made of the gas. The Chamber of Commerce announced last week that a number of tests had been made of the gas, all of which had disclosed the presence of nitrogen. A compilation of these reports shows an average of 84 per cent nitrogen.

R. M. Hoffer of San Angelo, representative of the oil and gas division of the Railroad Commission, spent Friday and Saturday at Colorado and in the field on official business. Mr. Hoffer stated Saturday that the well was making approximately 12,000,000 feet of gas pressure, as compared with 40,000,000 three weeks ago. The production of salt water has reduced to less than two hundred barrels per day, he stated.

"Some of those drillers are going to bring in a big oil gusher in this field one of these days," Hoffer stated in commenting upon the potentialities of the Mitchell County field. "I have never seen it to fail yet and I have been closely associated with the oil business for a great many years. There are too many tests out there, scattered over a wide territory that are being drilled in as producers for me to believe otherwise. There is no doubt about oil being in this vicinity and further drilling will most assuredly find it."

GREENE RETURNS FROM COTTON COMMISSION TRIP

J. H. Greene, member of the executive board Colorado Chamber of Commerce and who accompanied the West Texas commission to Greenville, South Carolina recently in the endeavor to interest capital in locating cotton mills in West Texas, returned to Colorado last week. Other members of the commission were Roscoe Aday, industrial commissioner of the Fort Worth Chamber of Commerce; Herbert Jones, manager of the Pastex Mills at Post, and Ray B. Leach, secretary of the Breckenridge Chamber of Commerce.

The commission was entertained in a number of cities visited en route to Greenville. At Greenville they attended the Southern Textile Exposition and held a number of conferences with representatives of the textile industry in the South and East. That the commission interested mill men in West Texas is indicated by reports brought back by Mr. Greene and other members. One of the direct results of the trip will be the probable location of a mill at Fort Worth.

COMMISSIONERS' COURT IN SESSION THURSDAY, LAST

Commissioners' Court was convened in special session Thursday of last week by Judge J. C. Hall, the purpose of the meeting being to accept the new steel bridge across Morgan Creek in the Dorn community from the contractor, The Brown-Abbott Company.

Representatives of the Booster Club met with the court to discuss proposed road work in the vicinity of Colorado, among which was repairs to the road leading by the salt works west of town and into Colorado over the South river bridge.

MITCHELL FARMER MAKES BUMPER CROPS THIS YEAR

B. H. Lynam of Lone Mountain community visited The Record office Saturday afternoon and left with his compliments some specimens of the sweet potato crop grown on his farm this year. The potatoes were among the best he has seen in this county for many years.

Mr. Lynam stated that he had 85 acres to cotton this year and would make forty bales from the crop, an average of almost one-half bale per acre. His potatoes harvested fifty bushels to the acre and other crops on the farm were equally as good.

BRICK WORK STARTED ON COLORADO NAT'L. BUILDING

Brick work on the Colorado National Bank building was commenced Monday and by Wednesday much of the outside walls up to the window level had been completed.

BOOSTERS WILL BANQUET AT BARCROFT THURSDAY

The November banquet of the Colorado Booster Club will be held at Thursday evening, November 2, at the Barcroft dining room, J. H. Greene, president of the organization, stated Tuesday of this week. Roy Farmer, member of the membership committee, stated Wednesday afternoon that thirty-seven reservations for the banquet had been made and he expected to have all available plates placed by Thursday noon. The banquet will be limited to sixty people.

Reports of committees appointed at the October meeting to confer with Commissioners' Court relative to road maintenance in the vicinity of Colorado and to inaugurate a campaign to vote bonds with which to construct a new court house at Colorado, will constitute much of the business session Thursday night. The entertainment program includes orchestra music under direction of M. S. Goldman.

Blue prints of the proposed new court house were submitted by County Judge J. C. Hall Wednesday at the Lions Club. The plan, as suggested in drawings made by Dallas architects, call for a building two stories in height with basement and to contain the several office suites, district, county and commissioners' court rooms, grand jury rooms, large auditorium and furnace room.

Hall stated that the proposed building could be built with a bond issue which would not increase the present tax rate one cent. This is possible because of the fact that the old court house bonds are being retired this year. Hall stated that complete plans and specifications, together with an estimate of the cost of the proposed new building, would be available by Thursday night and these will be produced at the Booster Club.

BAPTIST PAY \$10,000 ON 75-MILLION FUND

Colorado Baptists have paid more than \$10,000 in pledges to the Seventy-Five Million Campaign during the past two years, J. H. Greene, chairman of the board of deacons, stated Sunday afternoon. Several hundred dollars for this fund were collected Sunday morning.

The pastor, Rev. M. C. Bishop, is representing the Baptist general board in this section in a drive to collect pledges. He spoke at Loraine Sunday night.

Under the pastorate of Rev. Mr. Bishop, the First Baptist church of Colorado has made commendable progress during the past year. During recent months the Sunday school of this church has been the largest in Colorado.

EMPLOYEE RIVER VIADUCT PAINFULLY INJURED FRIDAY

Oscar Johnson, 39, sustained painful injuries Friday of last week when he fell from the top of the old bridge across the river at the west end of Second street and fell to the river bottom, a distance of thirty feet. He fell on a large stone, breaking his hip and jaw. The injured man was carried to the Colorado sanitarium for treatment.

Johnson was working with other men in demolishing the old bridge to give place for the new structure when in some manner he lost his balance and fell.

NO SCHOOL SESSIONS TO BE HELD HERE NEXT WEEK

The schools of Colorado, together with all schools of the county that have opened for the 1922-23 term, will be closed all of next week on account of teachers institute, which will be convened at the Colorado High school auditorium Monday morning by Judge J. C. Hall for a session of one week.

Mrs. Lee and daughter, Mrs. Cox, until recently of Windom, have returned to Colorado and will again make their home in this city. Mrs. Lee has purchased the Chas. Mann home.

2. Program at Tabernacle, 2:30 p. m.
Star Spangled Banner—Band.
Invocation—Legion Chaplain, W. S. Cooper.
"America" sung by audience.
Leader Mr. Dawes.
Opening address—Hon. L. W. Sandusky.
Selection—Band.
Address—Col C. M. Adams.
Selection—Band.
Address—Rev. M. C. Bishop.
Address—Rev. C. L. Browning.
Special music.
Legion Address—Thomas R. Smith.
Selection—Band.
Special Address—Rev. D. R. Harrison.
Selection—Band.
Benediction—Chaplain.

All ex-service men in the county are urged to be present and take part in the parade and services. Special seats will be reserved for the buddies and your presence will help us to put this over as the greatest Armistice day since the original. If you can still squeeze into the O. D. or Blues, wear 'em, but if not, come in civvies.

Everybody, remembers Nov. 11, 1918. Come out next Monday, Nov. 13th and help the boys make a success of this.—American Legion Program Committee.

I AM

The graft of the modern age. I prey upon the just and the unjust, the rich and the poor alike. I am as devoid of a conscience as any mummy of clay. My once good name is as black as the burning hell itself. I defraud and embezzle the best friends I ever had. I belie myself of all the honest traits that a real man should have. I am an enemy to any part of the world which stands for good. I persecute the good through my vile and wicked schemes to cheat the man who would accommodate me. I am the filthiest scum that ever filtered from the pool of life. Under God's creation. I am the most useless and unneeded, for object known to intelligent people. I am a parasite on society, community and business. I am the man who gives COLD checks.

**RECORD ATTENDANCE AT
LIONS CLUB WEDNESDAY**

What is claimed to have been the largest attendance at a meeting of the Colorado-Lions Club since the club was organized three months ago is reported from the weekly luncheon at the Barcroft Wednesday noon. A total of twenty-seven men were present and all of them were possessed with the usual lion spirit.

Another precedent was established at this meeting, and that was in the fact that the president, Col. C. M. Adams, was not present when the time arrived for calling the session to order. I. L. Tilden, first vice president, took the chair, and within a few minutes the president arrived, to be summarily fined for his negligence.

Visitors announced Wednesday were John L. Doss, B. F. Amery and Rev. W. M. Elliott of Colorado and Major L. E. McGee of Dallas. Addresses were delivered by each of these gentlemen.

Plans for the pageant to be held at Colorado on Monday, November 13, were discussed by L. B. Elliott, chairman of the American Legion hut committee. All members of the club who had pledged financial assistance to this fund were asked to endorse demand notes for the amount given by them.

The entertainment program, in charge of S. L. Cooper, proved an interesting diversion. Quoting advertised trade marks of varied manufactured articles, Cooper would ask the lions in rotation to name the article represented. But few of the members were able to give correct answers. A musical program was rendered under direction of M. S. Goldman.

J. H. Greene described in an interesting manner his recent trip with the West Texas textile commission to Greenville, South Carolina. The Commission was entertained with a banquet at the Texas-Hotel in Fort Worth, and he and other members of the commission who were Lions were entertained by the Lions Clubs of Memphis and Atlanta.

"At Memphis a prominent guest of the club, introduced as the representative for a large Tennessee civic organization, claimed his organization to be the largest of its kind in the world," Greene said. "I corrected him, of course, and informed those Lions at Memphis that I was a representative of the West Texas Chamber of Commerce, with a membership of 6800 and the largest commercial or civic organization in the world." The Tennessee organization claimed to have 1600 members, Greene stated.

"In Greenville the same thing came up, when the governor of the Southern Textile Association, declared it to be the largest organization in the world, in point of membership. I had to set him right, too, and told those people there of West Texas and the West Texas Chamber of Commerce.

"We found capital interested in West Texas," Greene said, "and we are of the belief that textile mills can be brought to West Texas, on condition that those towns and cities interested will furnish fifty per cent of the capital stock. No small mills will be considered, however," he continued. "Those interests would not consider any plant costing less than one million dollars."

**MILLIONS OF FRANCS RAISED
IN EUROPE FIGHT U. S. PROS**

PARIS, Nov. 2.—A large fund reaching many millions of francs has been pledged by the wine interests of Europe to make a "merciless" campaign against prohibition in the United States and other countries. The fight will be waged through the newly organized international league against prohibition with headquarters here.

Count Bertrand De Mun, president of the new anti-prohibition international organization, is president of one of the largest champagne companies in France, and was formerly an extensive exporter to the United States.

The American campaign will be carried on in co-operation with the liquor forces of the United States, it was learned today.

To Aid U. S. Wets.
Organizers of the league say their chief concern is to give every possible assistance to American wets. Officers in the new organization will communicate with the anti-dry leaders of America to offer the full support of their organization.

"We are not going to America to ask the United States to overthrow prohibition," said Jean Couppi, one of the French delegates to the Brussels convention, which organized the league. "We would probably be politely but firmly ejected if we did, and rightly so. However, we believe our cause is as legitimate as that of the prohibitionists. American supporters of prohibition have taken the

liberty of sending their apostles to Europe. We believe we have at least the right to offer our wholehearted support American wets, if they will accept. They will find our organization amply backed financially."

Before you send your order off for a cook stove or range bring your catalogue and figure with us.—H. L. Hutchinson & Company.

CITATION BY PUBLICATION

THE STATE OF TEXAS
County of Mitchell.
To the Sheriff or any Constable of Mitchell County—Greeting.
You are hereby commanded to summon L. D. Burton, M. E. Eakin and Rotary Oil and Gas Company, by making publication of this citation once in each week for four consecutive weeks, previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Mitchell County Texas, to be holden at the Court house thereof in Colorado, Texas, on the 20th day of November, A. D. 1922, then and there to answer a petition filed in said court on the 19th day of October, A. D. 1922, in a suit numbered on the docket of said court, No. 1325, wherein Jay Powell is plaintiff and L. D. Burton, M. E. Eakin and Rotary Oil and Gas Company are defendants, said petition alleging that heretofore to wit, On or about the 18th day of September, A. D. 1919, plaintiff made, executed and delivered unto defendants, L. D. Burton and M. E. Eakin, an oil and gas lease, covering the following described lands in the counties of Coke and Sterling, in the State of Texas, Sections 4, 7, 8, 9, 10, 30, 31, and 34, all in block 2, H. & T. C. Ry. Co. surveys; and sections 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, all in block 27, of Texas & Pacific Ry. Co. surveys, altogether in Mitchell County, 4500 acres, and making altogether in Sterling, Coke and Mitchell Counties, 11,000 acres.

Plaintiff alleges that said lease contract provided either for the drilling of a well on said lands, within one year, from date of lease, or all rights under said lease should cease and terminate, provided however that should have the right to continue lease in force from year to year, until a well should be drilled thereon, by paying an annual rental, the rentals to be deposited to the credit of plaintiff in the Colorado National Bank, Colorado, Texas. Plaintiff alleges that no well for oil or gas has been drilled on any of said lands, or under said contract, and no rental was paid under said contract, in lieu of drilling, within one year from 18th day of September, A. D. 1921, nor was said rental deposited to credit of plaintiff in the Colorado National Bank within the period of one year from the 18th day of September, 1921.

Defendant Rotary Oil and Gas Company is setting up some sort of claim to a portion of said lands, by assignment from defendants Burton and Eakin, but plaintiff says that this defendant, Rotary Oil & Gas Company, have likewise defaulted in complying with the terms of said oil and gas lease contract.

Wherefore plaintiff prays for judgment cancelling said lease contract as against all of said defendants and removing cloud from title to said lands.
Herein full notice has been given before said court on said first day of next term thereof, this writ with your return thereon, showing how you have executed the same.
Given under my hand and seal of said court, this 9th day of October, A. D. 1922.
W. S. STONEHAM,
Clerk, District Court, Mitchell County, Texas.
Issued this 9th day of October, A. D. 1922.
W. S. STONEHAM, Clerk

All that we ask is that you bring your catalogue and we will either that we will be able to sell you either a cook stove or range.—H. L. Hutchinson & Company.

Watch the little folks speed home for Kellogg's Corn Flakes

"Mudder, I always wins the race when I carry home Kellogg's Corn Flakes. I can't hardly wait till I have some quick, mudder!"

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these joyous oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the delicious kind of Corn Flakes in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, the originator of Toasted Corn Flakes.

FORMER COLORADO MAN DIED AT PHEONIX, ARIZ.

Notice of the death of J. H. Vaughn at his late home in Pheonix, Ariz., has been received in Colorado. Mr. Vaughn was a brother of J. S. Vaughn of Colorado who died some months ago. At one time the two brothers were associated in business here.

The following notice of the death of the deceased appeared in a recent number of a paper published at Pheonix:

J. H. Vaughn of 862 Greene street died at his home last night at 9:10 o'clock.

The end came as a surprise to many of his friends who were unaware of the seriousness of his condition. For nearly a month he had been confined to his home but the seriousness of his condition manifested itself only in the last few days. Many of his friends were notified last evening that the end was approaching, and all during the evening there were numbers of loving friends present to do all in human power to help those who watched over his bed side.

Mr. Vaughn was one of the old time inhabitants of the city and in his life time he has made a host of sincere and loyal friends, all of whom mourn his loss. He was a Christian man of the genuine type, true to the cause he loved.

He was actively connected with the work of the Baptist church in his city. He was among the most loyal members in the support of every phase of the work through that church. For eighteen years he served in the capacity of deacon, and for a part of that period served as chairman of the board. Last spring he felt that advancing years made it compulsory that he resign his position in favor of some one who was more active. The church refused to accept that resignation and instead elected him deacon emeritus, and asked him to 'act in an advisory capacity. He died in harness in the work of his church, for he was a member of the pulpit committee of the church which is now on the lookout for a pastor for the church. Mr. Vaughn was a member of the Masonic and Woodmen bodies.

He is survived by wife and daughter, Mrs. Harry G. Caldwell and several brothers and sisters in Texas. The funeral service will be held Tuesday afternoon at the Baptist church at 4 o'clock, Ed C. Porter, in charge of the burial.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these disease in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

EIGHT PRODUCING WELLS IN COLORADO OIL FIELD

From Abilene Reporter:

With Murphey No. 1 of the Henry Riley interests being placed in the producing class this week, following a heavy shot, there are now a total of eight commercial wells in the Mitchell County field. The Murphey well, which was drilled to a depth of 3200 feet, was plugged back to the 2200 foot level and shot. The hole bridged but is now clean and flush production is estimated at 100 barrels.

Texas & Pacific No. 2 of the Underwriters Producing & Refining Co. was given the second light shot Wednesday and is now standing 1500 feet in oil. Tubing is being run for a pump test. The well does not seem to be making any water and it is expected that it will pump 100 barrels. This well offsets Morrison No. 2, the largest producer in the field.

Drilling has been resumed at Coleman No. 1 since new water line to Colorado river was laid and repairs to boiler completed. A depth of 2,500 feet had been reached in this well Friday.

Badgett No. 1, the sensational salt gusher, continues to gas heavily, although pressure has been gradually receding during the past two weeks. The derrick, which recently collapsed because of the tons of weight carried from deposits of salt left by the spray from the well, will be rebuilt. Bowser & Reed, owners of the well, announce their intentions to complete this test at the earliest possible date. The crew is clearing away debris left by the demolished derrick and will attempt to mud off the flow of water.

Drilling at Smith No. 1, which has been delayed for some weeks on account of a fishing job, is expected to be resumed within the next two weeks. Straight reaming is progressing satisfactorily and the 8-inch hole should reach the tools next week.

Winn & Pidgeon

The last of the six-inch casing has been successfully drawn from the well. Two new derricks are up in the field this week, making a total of eighteen. These are those of Kelsey-Badgett No. 1 and Sloan No. 1. Crews are rigging up preparatory to spud at each of these tests. The Sloan interests have recently taken over Zilpha Morrison No. 1 and will drill this well deeper for production. This well has been producing steadily from 2500 horizon, but the new owners are of the belief that better production will be found by lowering the test.

Practically all of the wells in the Iatan vicinity are shut down on account of water shortage. Rains fell over the entire field last week, but did not run any water into surface tanks. The Jones well, owned by Maxwell & Johnson Brothers of Ft. Worth, is the only well in that part of the field that is now drilling.

Foster No. 1 of the Magnolia Petroleum company, three miles south of Iatan are setting 8-inch casing at 2000 feet. Formation in this well is running high and the test is attracting considerable attention from the oil fraternity. The company is running water by pipe line five and one-half miles for this test.

DIED AT CUTHBERT

Marguerite, 12, daughter of Mrs. R. L. Womack of the Cuthbert community, died Wednesday of last week and the remains were interred in the Cuthbert cemetery.

CARD OF THANKS

We desire to express our thanks to those who ministered unto us in the illness and death of our darling Marguerite. Especially do we thank those who were so thoughtful to send little tokens of remembrance to help in a measure to send rays of sunshine into the little shut-in-life and for the floral offering. May God's richest blessings abide with you all and may you have such friends should like trouble come to you.

Mrs. R. L. Womack
And Horace
Mr. and Mrs. G. W. Womack
and family.

COTTON GROWERS TO GET CERTIFIED SEED

LOCKHART, Texas, Oct 28—What is said to be the most beneficial move in the manner of distributing Mebane Pedigreed Planting Seed has been worked out here and will be the policy of the sale of the seed in the future.

A. D. Mebane began improving his cotton some twenty years ago and has by diligent work increased the lint outturn from a third to as much as 42 per cent. With the cotton showing such remarkable lint increase it was not at all surprising that others would take advantage of the same and impose upon the farmers of Texas. This unscrupulous work got so bad that it was almost an impossibility to know just who were selling pure seed and who were not.

It was at this time that the plan was worked out by associates of Mr. Mebane who have adopted a registered trademark for the Pedigreed seed and a selling agency with offices in Lockhart which will sell none but the Pedigreed registered seed. Arthur E. Carter, for many years head of a large insurance firm here has been selected as manager of the agency and an up-to-date office will be opened on San Antonio Street the first of August. A score or more clerks and salesmen have been employed.

Mr. Carter states that an exhibit of this cotton will be arranged and sent to the State Fair at Dallas.

As this seed will be sold direct to the farmer it will exclude the system of shipping into Lockhart seed grown

in other sections and resacked and shipped out as Mebane seed.

Mr. Mebane will confine his labors to lengthening the staple which is now better than an inch and in some cotton marketed here lately an inch and an eighth or better has been found. This cotton brings a premium over the short staple cotton and is much sought by foreign buyers.

See the advertisement in this issue and see the seed at Lambeth's.

"DEAD SOLDIER" FOUND IN RIVER AT COLORADO

Considerable interest was attached to the vicinity of the South Colorado river bridge Tuesday morning following report that a coffin was reported floating in the river there. Investigation disclosed the fact that the coffin contained a "dead soldier" evidently prepared for burial by an unknown undertaker.

The coffin, which showed evidence of damage from fire, was hauled to the bank of the river and opened. It was found to contain an empty whiskey bottle.

OUT BUFORD, WAY
Who said it couldn't rain in West Texas? Kaffir corn, maize and grass seed are sprouting and the crust of the fields are in an upheaval.
The trustees of our school have thought best to postpone the opening of school till Monday, Nov. 13th, giving the patrons time to get out the rest of their cotton or most of it.
Because of the recent showers some of the sandy land cotton will not open up till 1st of December or

perhaps later.
The box supper at the school house last Friday night, was no the success that was hoped for, not but a few of the patrons being present hence not enough money to purchase the necessary play ground apparatus. Those feeling guilty should see Mr. Hooks at once.
We had a good day in Sunday school Sunday morning, 86 present and an annual interest. It was decided to have a Christmas program for the kiddies and the whole com-

munity is invited to help make the program worth while and really portray the real Christmas spirit.

WESTBROOK ITEMS

Westbrook has been very quite this week, nothing doing in the business way only the same old routine. Most all of the oil operators have closed down on account of water, the gins have been closed down most of the week on account of the bad weather preventing the farmers gathering their cotton.

The Big Spring Baptist Association held their Fifth Sunday meeting with the Baptist church here, beginning Thursday morning and continuing over Sunday. Our little town was filled with Ministers and messengers from the various churches in the Association, besides the regular business meetings some very fine and inspiring sermons were delivered which were very much appreciated by the people here.
Among those who played an important part in the social world this week were, the ghosts, witches, spirit of darkness, horned devils, black cats and toads, which held their annual meeting at the homes of Mesdames H. F. Snyder and Van Boston. Mrs. Snyder entertained with a masquerade ball, the house was darkened, lighted with Japanese lanterns which cast a weird appearance over the room. The guests arrived about 9:30 each wearing Domino masques and dressed in various costumes, they danced until 12:00 o'clock then the masks were removed and refreshments of sandwiches and coffee were served.
Mrs. Boston and Mrs. Mildred Griffith entertained honoring the intermediate Sunday school of the Baptist church, of which Mrs. Griffith is teacher, various games in keeping with Hallowe'en and music were the diversions of the evening. Refreshments were served the young people were highly entertained and expressed themselves as having a great time even though they were afraid of ghosts.
The B. Y. P. U. and Sunday school will give a special entertainment at the Baptist church November 17th, at 7 o'clock honoring Bro. and Mrs. A. D. Leach. Everybody is cordially invited to attend, no admission.
John Hodges of Big Spring was down to see his uncle, T. E. Hodges Tuesday.
Jack Barnes has opened up a new Cafe on the south side of the Berry Barber Shop. He has everything nicely arranged and ready to serve regular meals or short orders.
Mrs. John Garlind had as her

PURINA COW CHOW

La vacca è una fattoria di latte e dà il latte secondo il nutrimento che riceve. Se l'alimento della vostra vacca manca di quanto è necessario per far latte, ciò vuol dire che essa darà meno latte, ed ogni litro vi costerà molto nella produzione.

Dato **PURINA COW CHOW** alla vostra vacca e questa avrà tutto quanto necessita per aumentare la misura del latte nella vostra scabbia. Cow Chow come alimento non vi costerà quanto un altro nutrimento perché vi porterà più latte.

Risparmiate e vendete il vostro latte col dare ai vostri vitelli **PURINA CALF CHOW**. Prende il posto del latte, costa meno ed è facile a darsi per nutrimento. Tutti e due questi alimenti sono in sacchi a scacchiera.

LOST Or strayed—Small Collie female dog, white tip on tail and feet, and white neck and breast, but the white does not go all around neck. Finder please phone 45. Dog answers to name Norel Peggy. 11-3

Good Farming Land Cheap--Easy Terms
Sold by Hart-Costin Realty Company

This section is known as the Sudan country in the shallow water district of the Plains, and is on the line of Lamb and Bailey Counties. The town of Sudan is located on the main line of the Santa Fe Railroad, northwest of Lubbock and is southwest of Plainview. It is a new, growing town with all facilities necessary for the incoming settler, including a good cotton gin.

The Sudan lands range from the tighter to the mixed sandy, catclaw land, being very heavy red sandy loam with an extremely thick red clay subsoil. This red clay subsoil is very thick, which makes this land practically sub-irrigated. When once wet, the moisture keeps rising, hence will make crops with almost no rainfall. No white blow sand or shinnery. No breaks, rocks or grubbing. This high grade red sandy land has been farmed here for eight or more years and has never as yet failed to make crops. It is very easily cultivated. An inexhaustible supply of good water. There is a school house on this land and the Texas State Highway now being completed is almost to this land and is expected to cross it.

A large number of farms have already been developed, and more families moving in all the time. While many of these farmers are from Kansas, Central Texas and elsewhere, the majority are from other plains counties, counties along the Ft. Worth and Denver railroad, Southwestern Oklahoma, and counties East of the Cap. These being a class of farmers that know land and selected these lands as the safest and best for farming, they having had practical farming experience in the West. Various crops do well here, including cotton. Corn is an especially safe crop.

These lands being about 6 1-2 miles from town, and we are selling it at the same price land adjoining sold for several years ago. We are selling this in tracts of about 177 acres, and price is only \$30 an acre, including school debt. \$3 to \$5 an acre cash, ten years time on balance if desired. A part of the purchase price is school debt, which runs 17 years yet. All notes, including the school part, can be paid off at any interest paying period.

If you want to build a barn and live in it awhile, you will have lots of neighbors doing likewise, or if you want to develop your farm to a high state at once, you will have plenty of neighbors doing this.

See this community. This is the place to become a farm owner through one or two crops. You owe it to your children to locate in this rich section where they will have more opportunities for advancement. Do not confuse this close in land with land twenty to forty miles from the Railroad.

Just think, nothing to pay but interest for ten years. If you have a little money and wish to begin paying out a little home now is the time to start. Stop and think, there is being no more land made, but the population of the world is increasing every day.

If you wish to look this land over call on us at our office in City Hall, we will reserve you a seat, we will make a trip once a week.

W. S. COOPER, Local and City Editor.

SUBSCRIPTION RATES: One Year (Out of County) \$2.00, One Year (In the County) \$1.50, Six Months (Straight) \$1.00, Four Months (Straight) \$.75.

No want or classified ads taken over the phone. These are cash when inserted.

WHY CHANGE THE DATE?

The Record has been wondering why the Armistice Day celebration at Colorado has been set for Monday, November 13th, rather than on the date of Armistice, November 11th.

The fact remains, however, that Armistice Day is one of the most cherished of all the National holidays observed by the American people.

SUPPORT THE FAIR

The future success of the Mitchell County Fair depends, not so much upon the determination of the president, J. A. Sadler, and his assistants, but rather upon the extent of cooperation given them by the citizenship of Mitchell County.

Members of the federated clubs of the county and other ladies have expressed an interest in this meeting and are pledging themselves to either attend the meeting or have representation there.

YOU AND GOD.

"Inasmuch as ye have done it unto the least of these, ye have done it unto me." There is no man or woman who reads these lines who would pass by a hungry, cold, frightened, abandoned child in the street and say, "Oh, I can't be bothered."

Five hundred thousand women and children and men; more babies than grown-ups, more women than men raise their arms and send a pitiful cry across the sea to us—to you and to you and to you—for help.

ious and prosperous and happy and safe and secure West—our West, our United States, and ask for aid.

The President of the United States has asked your aid. The Red Cross stretches out eager hands for your dollars, to use in aid. Your own chubby-baby, healthy child, strong and well young son or daughter, is an appeal to you, that you pass these suffering ones of the near East not by; that you do not say, "I can't be bothered," but that you put your ten pennies, or ten dollars, or whatever you can afford, in an envelope and send it to the nearest Red Cross headquarters, marked "For Near East Relief."

There should be no reason for interest in the "Colorado Booster Club" to subside. This is an organization that has, perhaps, done more for Colorado during the past two years than any other civic and commercial body in the city.

"FATHER AND SON WEEK"

"Father and Son" week is to have special observance throughout the country November 12 to 19. The purpose is to get fathers to renew their interest in their paternal obligations, to lead their sons to deeper appreciation and respect for their parents and homes and, to lead both fathers and sons to regard the church and Sunday school as necessary to the finest development of their spiritual lives, and to obtain their co-operation in the work and support of the church.

A special lesson has been assigned for each day. Sunday will be Church day, followed by Home day, school-boy day, Employed Boys' day, Fathers' day, Banquet day and Recreation day.

A story is told in the "North American" of a prosperous man who gave to his son as a Christmas present a promise of one hour of his time and attention each week-day and two hours each Sunday, "to be used as you want it without interference of any kind whatever."

He did this after meeting a human derelict and finding him to be the son of a man who stood high in the world's estimation. "I have often heard my father was a fine man," said the boy. "All his friends have said so. I never knew him. He was so much occupied with his business and his associations that I only saw him occasionally at meals. I never knew him."

GUMP SUPPORTERS CLAIM STRONG FOLLOWING HERE

Admirers of Andrew Gump, "the peoples' candidate" for congress, have been taking an active interest in the candidacy of this fusion aspirant during the past few weeks, and are suggesting to the voters of Colorado that they support Gump for the Senate in preference to either Pedy or Mayfield.

They admit, however, that there is opportunity for considerable confusion in launching a campaign at this late hour in the campaign to divert their candidate from the congressional berth to that of senatorial on the ticket, but explain this away by the contention that neither Pedy nor Mayfield is acceptable to them.

"We are facing one of the most critical times in American history," a local politician and among the strong supporters of Gump stated Thursday, "and should support the candidacy of a man who has come before the people wearing no man's collar" and who would go to the Senate of the United States unshackled by any political or factional ties.

J. E. Pond, operated upon two weeks ago at the Colorado Sanitarium, is reported as recovering rapidly to face the West, the great and glor-

MR. MERCHANT You Need the Newspaper. The newspaper of today is the most powerful medium of advertising on earth. In the old days the merchant may have thought he was a benefactor and that he was contributing his bit "as a public-spirited citizen" when he carried a two-inch space in the village paper every week in the year and generally without change of copy.

CALENDAR FOR WEEK. Thursday, Nov. 2, 8 p. m. Booster Club banquet at Barcroft. Friday, Nov. 3, George E. B. Pedy, candidate for the Senate, speaks at Union Tabernacle. Saturday, Nov. 4, 500 farmers and cattlemen from Colorado territory here to buy supplies. Sunday, Nov 5, Everybody attend Sunday school and church. Monday, Nov 6, 7:30 p. m. Democratic rally and county fair mass meeting at court house. Tuesday, Nov. 7, General election. Returns Senatorial race from bulletin board in front Best Theatre Tuesday night. Wednesday, Nov. 8, 12 M., Lions Club luncheon at Barcroft.

AT THE CATHOLIC CHURCH. The Rev. J. A. Campbell, of Sweetwater a Catholic priest will be in Colorado, weather permitting, on Sunday, Nov. 12th, at 2:00 p. m. He invites all fair-minded people to come in front of the little church on that day and hour and hear what he has to say in regard to Mrs. R. M. Barrett's lecture. There will be no mud slinging, no personal aspersions. He says he can open the way to find out the truth about Catholicism. Come one and all.

BUFORD SCHOOL OPENING POSTPONED TWO WEEKS. Opening of the school at Buford has been postponed two weeks, until after teachers institute. The school there was to have opened Monday but following announcement of Judge Hall that the institute would be convened Monday of next week, patrons of the school endorsed setting the opening ahead two weeks.

No Absentee Voting. Absentee voting as provided under the Texas law applies to primaries and not to general elections and therefore no provision will be made for absentees to cast a ballot in the November election.

Sweet and Sour pickles in bulk and fine. City Market. J. C. Beakley, Dunn business man, was in Colorado Tuesday en route home from Abilene where he had gone on business.

J. M. Morgan left Wednesday night for Big Spring to spend two or three days with his family.

COLORADO CHURCH FOLK SHOW NEED OF SHEPHERD

That the many statements of the Master concerning the need of a shepherd to lead the sheep are as true to nature today as in the times of Christ, was demonstrated Wednesday night by two of the largest congregations of the city. The Baptist and Methodist pastors were both out of the city and apparently because of the absence of these leaders the parishioners seemingly forgot about the mid-week prayer services.

At any rate, when the hour for commencing services at the Baptist and Methodist churches arrived, each of the buildings presented the scene of a deserted and forgotten place. Two or three summed up the congregation at each place. One of the Baptist parishioners, however, offered a solution, and suggested a union service. Soon the "congregations" from each church were together and services well under way.

I have the agency for the celebrated Kasch Improved Pedigreed Cotton seed. A drought resister, fewer acres, more cotton. I am booking a car for January 1st shipment. Ask your neighbor about Kasch seed. Write or call to see me about these seed. Any information given freely and gladly.—W. T. DICKERSON Agent, 11-24p

NEW SCIENCE TEACHER IS EMPLOYED BY BOARD

Mrs. Lula Dillworth Tisdale of Eddy has been employed by the school board to fill the vacancy caused by the resignation of L. E. Randall, science teacher. Randall, who recently tendered his resignation, left for Dallas Wednesday night. Mrs. Tisdale has a B. A. degree from the University of Texas.

REPUBLICAN SPEAKER TO ADDRESS VOTERS FRIDAY

Hon. W. T. Pace will deliver an address in Colorado Friday in behalf of the Republican ticket, according to information furnished The Record Wednesday by Ben S. Van Tuyl. It was not stated in letter received by Van Tuyl from Dallas Republican headquarters just what hour the speaker expected to arrive here.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

Willing Workers Entertain

The Willing Workers met at the home of Laundry Smith Tuesday evening with a Halloween entertainment for Harry Ratliff's class. The home was beautifully decorated with the colors, black and yellow, with mother witches, black cats, moon and stars pinned in various places on the walls and draperies. In the dark hall ways ghosts and Jack O'Lanterns played their part. On the front lawn stood a ghost holding a candle, pointing the way to the house, while two ghosts each carrying candles met the guests at the front pillars leading them to the door where they were taken in charge by Mother Witch, a gipsy and a masked Willing Worker. Various Halloween games and contests were played. Dale Hall being winner in the first contest and Elizabeth Sorrels winner in the second. Refreshments of hot chocolate and cakes were served.

At the hour of eleven each one expressing their sentiments of a grand and glorious evening, and with their chaperones, started out to join the other spooks of the town.

That New Schilling Typewriter Standard Keyboard--Absolutely The Best and Newest Machine. 1. Takes 11 inch sheet of paper in regular standard length carriage. 2. Has double rack ball bearing carriage—adjustable. 3. Tabulator, very fast and built extra strong and rigid. 4. Line lock positive and absolutely accurate. Tabulator key releases line lock. 5. Metal rolls in paper fingers instead of rubber—last longer. 6. Basket shifting, faster and lighter than all others. 7. Shift lock can be locked and released on same side. 8. Steel extension on back of type prevents type from being battered or defaced. 9. Two color ribbon indicator in face of machine—does not mix colors. 10. Ribbon reverses automatically at each end—width standard half inch. 11. Stencil device throws off ribbon action without removing ribbon. 12. Ball bearing sub-lever giving high free action. 13. Back spacer on side of machine, cannot be forced two spaces. 14. Ribbon feed faster than others—using less ribbons and giving better impression. 15. Ribbon very easy to change—ribbon spools nickle-plated. 16. Standard key-board having two more keys giving more characters, allowing for writing medical signs, Spanish, Polish or Slavish languages without eliminating other important characters, also has degree and caret. 17. Card device for cards and envelopes without moving paper fingers. 18. Has nine individual paper feed rollers and metal paper finger rolls making it the best typewriter for writing labels, cards and shipping tags. 19. Writes on the extreme top and bottom edge of the paper. 20. Entirely visible, very simple and easy to operate. 21. Entire type section removable—exclusive feature of the new Shilling Bros. Typewriter—most important and valuable improvement brought out in years for the following reasons: You can keep the machine perfectly clean eliminating the wear, lost motion in bearings, bad alignment, preventing the type bars from sticking, and the machine to operate slow and heavy by keeping out the eraser, grit and gummy oil. 22. When type basket is removed a new main spring can be put in without removing other parts, requiring only about 5 minutes. 23. The new Shilling Bros. typewriter having 500 less parts than other standard key-board machine requires less adjusting and repairs and will last much longer. 24. Each machine furnished with enameled carrying case with sheet metal base. 25. WRITTEN GUARANTEE WITH EACH MACHINE. See That New Shilling Typewriter and a Demonstration at The Record Office WHIPKEY PRINTING COMPANY

Lawrence Simpson spent Saturday and Sunday at Lees with his family.

For one week only the greatest bargain in talking machines at the Colorado Drug Co.

Buy your cow feed from Oliver & Bell, both loose and sacked hulls.

Steam vulcanizing, casings and tubes vulcanized.—A. J. Herrington.

How to wash with the Automatic.

Put the water and dirty clothes in the washer, turn the switch and go ahead with the house work until the clothes are clean. When they are clean run them through the electric wringer into the rinse water, then through the bluing water, and they are ready for the line—almost dry enough to iron when they come out of the wringer. Washes any thing from babys clothes to quilts and overalls. A child can operate them. No rubbing—no wringing.

West Texas Electric Company, Colorado, Texas

Special Sale

FREE TRIAL IN YOUR HOME

You may try one of these machines your next washday—No obligation on your part, just let us know a day in advance so we can get them out on time. We have a special demonstrator who will show you how to operate them. You wont dread washday if you have an Automatic.

SUCCESSFUL YEAR CLOSED BY COLORADO METHODISTS

Special services featuring closing of the conference year were held at the First Methodist church Sunday night. A feature of the service was a memorial to the memory of members of the church who had died during the year. The pastor reported a total of twelve of these deaths and beautiful tributes were paid to the deceased by both Rev. Mr. Browning and members of the congregation.

The sermon delivered by the pastor was largely a resume of the work of the church during the past year. For the two years he had been pastor here, the church was shown to have more than doubled in membership, there having been a total of 307 additions to the church during that time.

A summary report of finances for the year was made by the treasurer, Ocie Green, which showed that receipts for the year totaled \$10,957.00. Of this amount, \$2,853.00 had been paid into the church treasury by tithers during the last four months of the year, Green stated. Disbursements for the year were placed at \$8,136.00, leaving a cash balance of \$1,921.00 on hand. A tabulated report of disbursements as submitted by Mr. Green follows:

Pastor's salary, \$2,500; salary presiding elder, \$400; local benevolent work, \$379; conference collections,

\$517; orphans home, \$200; Sunday school, \$500; incidentals, \$250; woman's missionary society, \$965; insurance, \$50; repairs and furnishings \$150; evangelistic campaigns, \$700; charity, \$100; superannuate fund, \$520; cemetery fund, \$180; educational fund, \$600; missions, \$125.

The above does not include item for installation of heating plant, costing \$800, contract for which was recently awarded.

How Not to Take Cold.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

AUTO TOPS
And Side Curtains—Roberts Top Co., We make em. Opposite Burton-Lingo Co.

We Back The FARMER

Good farming permits of no delay at this season of the year, With the harvest at hand and the busy days before you, we wish to assure you that the City National Bank desires to be of every service possible to save you time, trouble and inconvenience.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago . . . I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI

The Woman's Tonic

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, . . . when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.

At all druggists' and dealers'.

For every man, woman & child who has writing to do

IN SOCIETY AND AT THE CLUBS

Birthdays Party.
Little Mable Earnest Cooper celebrated her fifth birthday last Saturday afternoon by having her Sunday school class and a few other friends come play with her after games the birthday cake with its candles was admired then eaten with ice cream.

Standard.
The Standard had a most enjoyable meeting with one of the new members, Mrs. W. M. Elliott. The lesson from Carilianus was led by Mrs. Smoot. The hostess' mother, Mrs. Merrivether and Mrs. Miller were guests. Delicious refreshments were served at the social hour.

Bay View.
Mrs. Jerold Riordan was hostess for the Bay View. Mrs. Harness conducted the lesson from Antony and Cleopatra and Poe's Gold Bug. The hostess served a salad course and pineapple coupe.

Hesperian.
Mrs. Jim Johnson was hostess for the Hesperian. Mrs. T. J. Ratliff led the lesson from Carilianus. Special work was given by Mrs. W. P. Leslie. The club decided to create a public library. A committee was appointed to confer with other clubs and organizations about the matter. The meeting this week will be with Mrs. Sam Wulfjen at Mrs. J. D. Wulfjens

1921 Study.
The 1921 Study met with Mrs. C. R. Earnest at Mrs. C. H. Earnest's. The lesson was on Literature of the South. Antebellum Minor Potes. The story of the Star Spangled Banner was given by Mrs. C. L. Root. A discussion with reading, Land of the South, was given by Mrs. Tom Pritchett. Mrs. Jones gave most famous elegy in our literature, Bivonae of the Dead. At the business period plans were completed for the reception for the teachers at Mrs. Jones' Saturday. Misses Coleman, Chambers and Mrs. Browning of Kansas City were guests. The hostess served cherry pineapple sundaes and macaroons.

Church Social.
The social given at the Sunday school rooms Monday afternoon by Circles No. 2 and No. 3 was an enjoyable affair. The entertainment was progressive. The guests were greeted by Mrs. T. J. Ratliff and Mrs. Seal received the cups and placed them where they could be seen. More than three dozen were added to the dishes, the circles already possess. After the guests had all arrived an observation contest was given in the South room that created much interest and merriment Mrs. Harry Ratliff had the keenest observation and was presented a little Hallowe'en souvenir. The guests then followed Mrs. Smoot to the basement where the program was continued. Mrs. Harry Ratliff favored with piano selections, Miss Delma Bishop gave a Hallowe'en reading. Under the direction of Mrs. Davis five little tots, Elvry Sorrell, Julia May Root, Mary Frances Dupree, Madge Lou and Mary Agness Davis represented Hallowe'en fairies in a very entertaining manner. After a

few impromptu games that carried all back to childhood days Mrs. Lasky led the march up to the Junior room where refreshments were served. The tables were decorated with fruit, autumn and Hallowe'en emblems. Pie, cheese and hot coffee with whipped cream were served to more than thirty-five persons.

Poppy Sale.
The Auxiliary to the American Legion will sell poppies on Armistice Day. Of course everyone will buy poppies. Watch for the girls or see the ladies at the stores but buy poppies.

Forty-Two Party.
Mrs. W. L. Doss entertained a few friends with 42 Monday evening celebrating her husband's birthday. A touch of Hallowe'en was seen in the favors and score cards. White and black cake and ice cream were served.

Birthday Party.
Mrs. Ford Morris entertained a crowd of little folks Monday afternoon honoring the sixth birthday of her little daughter, Maurine. The birthday cake with its six candles marked a read letter day in the lives of the little tots. Refreshments were served.

Surprise Party.
Mrs. A. L. Whipkey and daughters entertained a few friends Wednesday afternoon honoring Mrs. F. B. Whipkey's birthday. It was the more enjoyable because it was a sure enough surprise to "Aunt Rose" The daughters served sandwiches and tea.

Mr. and Mrs. L. R. Pond Entertain.
Mr. and Mrs. L. R. Pond made quite a number of their friends lay dull care aside and have a hearty laugh Tuesday evening when they invited them to visit with witches, spooks and fairies. An unusually good time was had by all present. Coffee and sandwiches concluded the happy evening.

Class Party.
Mrs. J. A. Sadler and Mrs. A. L. White entertained their Sunday school classes of girls and boys in the basement of the Baptist Sunday school rooms Hallowe'en. All report a good time.

Sunday School Party.
The Intermediate class of the Baptist Sunday school entertained the Intermediate boys with a Hallowe'en party at the home of Miss Laundry Smith Tuesday evening. A good time was had with the spooks, goblins and all such fairies that assist youngsters to have a good time. Hot chocolate and cake were served.

Announce Engagement.
One of the prettiest affairs of the week was the party given by Mrs. H. P. Ragan at the home of Mrs. W. B. Crockett Tuesday evening. The invitations were sent for a Hallowe'en party but everyone thought a surprise of some kind was in store as well as an introduction to the goblins and spooks, so a doubly good time was anticipated. Many of the guests were in costume that puzzled their most intimate friends as to their identity. The decorations were black and orange, the color scheme being carried out in the refreshments of orange ice and chocolate cookies. After a time spent in games and contests suitable to the day the coming event was announced in a unique way. With the refreshments a card with a home of a new architectural design was given each guest which announced the engagement of Miss Ida Richardson and Vance Phenix. The happy event to be consummated some time during the Christmas holidays.

MARRIED.
At the Christian parsonage, Oct. 31st, at 7:15, Mr. John Pendergrass to Miss Ruby Templeton, Bro. Hardison, performed the ceremony. Quite a number of good friends were present to witness the vows and wish them all the good things of life. They left on the night train for points west.

Good Health.
If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.

When you shoe your car get the best—Hood casings—get 'em at Price Auto Co.

B. Y. P. U. Program for Nov. 5th.
Topic—Personal Service.
Leader—Miss Winnie Sikes.
1. Personal service appeals to Baptists—Sterling Keathley.
2. Social service or community service—Ara Bohannon.
3. Community service not enough—Edith Simpson.
Music—James Logan and Claude Cook.

4. The world needs the person! touch—Richard Pearson.
5. Personal obligation in religion—Miss Anna Dean Smith.
6. Mass movements miss many—

Robert Whipkey.
7. No service without personal consecration—Arthur Wilson.
7. We need personal service—Miss Tella Cook.

Big Democratic Rally
Court House Monday Night
A pre-election rally of Mitchell County Democrats has been called to convene Monday night at the district court room, at which every democrat of the county is urged to be present. The invitation, however, is not confined to members of the democratic party, F. M. Burns of Colorado and one of those arranging for the meeting, stated Wednesday. Mr. Burns stated that the rally had been called by Dr. P. C. Coleman of Colorado at the request of local citizens prominent speakers from out of the city are to be present to deliver addresses, it was stated Wednesday afternoon. Issues confronting the people of Texas are among the most crucial for many years, local democrats arranging for the rally declare and voters should attend this meeting without fail.
Ladies of Colorado and Mitchell County are especially invited to attend the rally. In case the district court room should prove too small to comfortably seat the crowd, the meeting will be moved to Union Tabernacle, weather conditions permitting.
A mass meeting of citizens interested in the fair for another year has also been called to convene at the court house at the same time, but arrangements will be made that the two meetings do not conflict. R. H. Ratliff, secretary of the fair association, stated Wednesday afternoon that the latter meeting would probably not require more than 30 or 40 minutes and could be convened immediately following adjournment of the rally. The rally will be called to order at 7:30.

WEST TEXAS WINS EASILY AT TEXAS COTTON PALACE

STAMFORD, Texas, Oct. 28.—West Texas won easily hands-down in the inter-sectional agricultural exhibit contest at the Texas Cotton Palace at Waco, according to a telegram received today from B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, who arranged the All-West Texas Exhibit. Out of a possible score of 1000 the West Texas exhibit received recognition on 990 points, making it shy only 10 points of being perfect. Mr. Whitaker advised the general offices here that his exhibit carried the full score card requirements. In addition to the sweepstakes the West Texas exhibit also received 33 blue and 33 red ribbons on individual products. A total of \$100 in cash was the award on this magnificent display, said by agricultural connoisseurs to have been the most complete and elaborate ever assembled in the Southwest. Profuse praise for the design and perfect arrangements of the articles of the exhibit to bring out beauty, symmetry and attractiveness of the general exhibit came from every corner. R. M. Whitaker, exhibit manager, for the second time within a year proved nicely his competency to arrange agricultural exhibits to the very best advantage in drawing prizes. At the Fort Worth exposition in the Spring his exhibit drew first prize. The exhibit was said to have been the best ever arranged in Texas. But judging from reports received here regarding the Waco exhibit the Fort Worth exposition exhibit lacked much in being its equal.

OIL DEVELOPMENT NEWS STERLING CITY RECORD

Drilling at the Cushing well was held up for two days this week on account of the failure of a car of fuel oil to arrive on time. The fuel was expected to arrive last night. This well is now drilling below 4150 feet, and one of the drillers told the writer yesterday that every inch of progress made in the well, the material got richer in oil. The showing keeps the operators in fine spirits and the work is going forward with enthusiasm that shows that these people have great confidence in what they are doing. H. H. Enders, head of the association that is drilling the Cushing, Sparkman and Geo. McEntire wells, returned from Boston this week, and probably will remain here until the Cushing well is finished. Everything is ready to resume drilling in Durham well No. 1, 1 1/2 miles south of town. Most of the casing is on the ground, and a car of fuel oil is on the track here. K. K. Biglow received a telegram yesterday from Paul S. Odward, head of the Chicago-Texas Oil & Gas Syndicate, stating that he would arrive here next Monday or Tuesday and to be ready to begin drilling the Durham well by November 1st. Bill Redmon, contractor on the Brennan well received a message from George Murray, head of the Sterling Petroleum Company, stating that he would arrive here tomorrow and make arrangements to drill the Brennan well deeper. Mr. Redmon was preparing to move his tools from the rig, but upon the receipt of the message he ceased the work of dismantling and will await the arrival of Mr. Murray.

Drilling continues on the Sparkman well between 800 and 900 feet. Everything is going smoothly at this prospect.

Jerry Brown reports that nearly all the parties have signed a lease contract for a test well on the Divide. Brown feels sure that the deal will go through and that operations in that territory will begin soon.

W. L. Foster, accompanied by Miss Ethel Foster, Mr. and Mrs. E. B. Butler and J. T. Davis, visited Foster well No. 1, of the Magnolia Company southwest of Itan yesterday, and report that this well has reached a depth of 2035 feet and that everything is going nicely. The log of this well indicates that the pay sand will be reached at a much shallower depth than in Foster No. 1 of the Colorado-Texas Company, at Itan. Lack of water is hampering development in the Itan field.

Chamberlain's Tablets Have Done Her a World of Good.

"Chamberlain's Tablets have done me a world of good," writes Mrs. Ella L. Button, Kirkville, N. Y. "I have recommended them to a number of my friends and all who have used them praise them highly." When troubled with indigestion or constipation, give them a trial and realize for yourself what an excellent medicine it is.

LIONS CLUB PRAISED BY METHODIST PASTOR

Ideals championed by the Lions International were praised by Rev. C. L. Browning, pastor of the Methodist church, in the course of his sermon Sunday morning. The pastor stated that at a recent

meeting of the club at which he had been invited as a guest, the code of ethics of the organization was read. The ideas set out in those he stated, are most commendable and to be endorsed by all good men and women.

We Serve You

SERVICE!

We like to put it in capitals that way because we believe it is the most important thing in the battery business.

Of course we can't make a new battery out of an old one, or a good battery out of a poor one, or a long-lived battery out of a short-lived one. There are limits even to battery service.

But we can make any battery last longer and serve better if you give us a chance. We can make the Willard Threaded Rubber Battery do both—and it already holds records for long life and reliability.

We can always do more with a battery if we get a chance right at the start, although we are ready to help anytime. Come in!

You'll say, too, that we give—SERVICE!

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor.

Mrs. S. A. Cox, Cypress St., Colorado, says: "I suffered with kidney trouble. I was so bad, at times, that when I stooped, the pains caught me so I couldn't straighten without help. When I got to bed, I couldn't rest, the pains were so sharp. I had terrible headaches and was almost a nervous wreck. The action of my kidneys was irregular, and my back felt so sore I couldn't do any work. My feet and hands were swollen. I was told to use Doan's Kidney Pills and after finishing two boxes, I could feel great benefit. This medicine completely cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

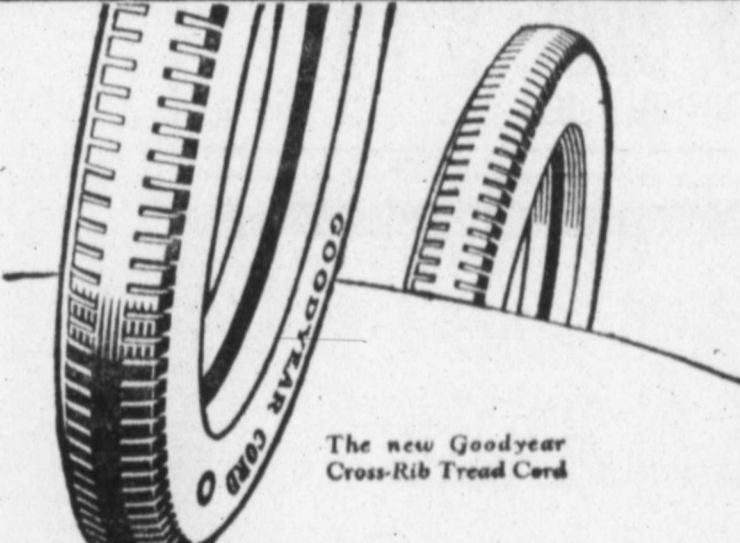

PROGRAM.

Program of the Mitchell County Baptist Worker's Institute to be held with Plainview church November 5, and 6, 1922:

SUNDAY THE 5TH
7:30 p. m.—Special program to be rendered by the Loraine B. Y. P. U.

MONDAY, THE 6TH
10:00—Song and devotional service. Leader selected by pastor.

Adjournment.
Everybody talk up the meeting. Come, bring some one.

Have your tires been giving you trouble? Has your Ford been using so much gas? Then why don't you purchase a set of Star of Ford tires and do away with the rattle at least.—Womack Garage will put them on for you.

The new Goodyear
Cross-Rib Tread Cord

Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord. Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can. You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth.

The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction.

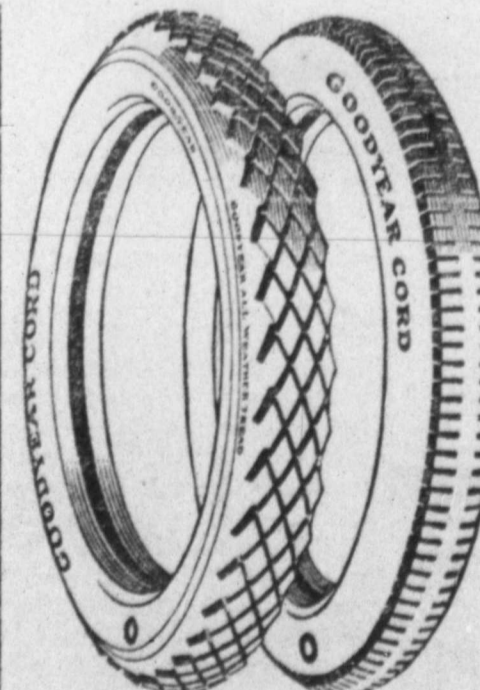

In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation. It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

| | | | | | |
|----------------------------|---------|----------------------------|---------|----------------------------|---------|
| 30 x 3 1/2 Clincher..... | \$12.50 | 32 x 4 Straight Side.. | \$24.50 | 33 x 4 1/2 Straight Side.. | \$32.15 |
| 30 x 3 1/2 Straight Side.. | 13.50 | 33 x 4 Straight Side.. | 25.25 | 34 x 4 1/2 Straight Side.. | 32.95 |
| 32 x 3 1/2 Straight Side.. | 19.25 | 34 x 4 Straight Side.. | 25.90 | 33 x 5 Straight Side.. | 39.10 |
| 31 x 4 Straight Side.. | 22.20 | 32 x 4 1/2 Straight Side.. | 31.45 | 35 x 5 Straight Side.. | 41.05 |

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

For you information just notice the cars that have Goodyear tires. We claim that more people ride on Goodyear Tires than any other kind and it is a fact. Let us tell you that story and show you why it is to your advantage to buy Goodyear Tires for your car. Our stock is complete. We have your size.

Goblin Party.
Miss Jewell Spikes, entertained with a Hallowe'en party Tuesday evening at her home in West Loraine. The invitations which read, "A big black witch and a little red devil are planning a regular Hallowe'en revel, come at 8 o'clock up my dark walk, wear costume and don't dare talk." were sent out last week to over a hundred friends, so of course the house and yard were full of spooks of all kinds. Large bon fires were built in the yard and there were fortune teller's tents and all the attractions of "Spookland." Two or three old witches served coffee from a large black pot. Both the house and yard were decorated with grinning Jack-O'Lanterns, black cats, witches, etc. The party was declared a success by all who attended and the spooks parted at a late hour to meet again next year at their Hallowe'en frolic.

Sunday School Rally.
At ten o'clock last Sunday the Methodist Sunday school, assembled in regular session with the others Sunday schools of the town and the Champion Methodist school as visitors. A nice program was rendered and talks were made by the pastors and S. S. superintendents of all the churches. At 12:00 o'clock a bounteous repast consisting of barbecued beef and pork and all the other things which go to make up a good dinner, was spread at the church, and the large crowd partook of it with pleasure and delight. There was plenty left to feed the crowd at supper, but owing to the sand storm which blew up the crowd dispersed about five o'clock. The visitors were loud in their praise of the hospitality of the Methodist folks and are hoping they will have another such meeting some time.

Thomas Jefferson Wallington.
Sunday afternoon at 1:30 o'clock the death angel visited Loraine and took away the spirit of Thomas J. Wallington. Funeral services were held at the home of his sister, Mrs. Sallie Looby, Monday afternoon at 3 o'clock, Rev. M. F. Richardson, officiating. Interment was made in the Loraine cemetery.

Mr. Wallington was born at New Boston in 1878 where he spent most of his childhood and young manhood. Later he moved to Texarkana, where he lived for some fifteen years.

Deceased had been a faithful member of the Presbyterian church since a child till four years ago when he joined the Methodist church. His sterling character and honest business dealings had won for him a host of friends wherever he went. Mr. Wallington had been in ill health for some time but the direct cause of his death was a cancer of the mouth from which he had suffered for eighteen months.

Ten weeks ago he came to Loraine to make his home with his sister, Mrs. Looby. Two sisters, Mrs. Sally Looby of this place and Mrs. J. W. Fairboirn of Eastland and one brother, Bracken Wallington of New Boston and a cousin, E. Watlington and family, who live in the Longfellow community, together with a large host of friends are left to mourn his passing. We extend the sympathy and condolence of the community to the bereaved relatives.

Mr. and Mrs. J. A. Pickens and children of Colorado were Loraine visitors Sunday.

We are sorry to report the little daughter of Mr. and Mrs. Arlie Martin as quite sick this week.

Miss Victoria Lawless spent the week-end at her home at Colorado.

Mrs. T. R. Bennett's Sunday school class of young ladies surprised her with a handkerchief shower Monday evening at their regular class meeting in token of their love and appreciation of her as friend and teacher. After the shower the young ladies had quite an interesting hour of Bible study, Mrs. W. R. Martin was leader. They meet each Monday evening at the home of Mrs. Bennett. Miss Elon McDonald will be leader next week.

Misses Fanny and Opal Jarrett were shopping in Colorado Tuesday afternoon.

Mrs. S. A. Farris and children of Sweetwater spent Sunday in the S. M. Hallmark home.

F. C. Sloan made a business trip to Midland Wednesday.

Mr. and Mrs. Hall DeGarmo spent Sunday in the J. F. Reeder home.

Ruck Standefer of Roscoe was a Loraine visitor Tuesday.

Mr. and Mrs. J. W. Fairboirn returned to their home at Eastland Tuesday morning. Mrs. Sally Looby and son, Mike and daughter, Richard, accompanied them home for a week's visit.

Mrs. M. M. Page of Lorenzo came in last week to visit her mother, Mr. S. A. Clement.

E. W. Watlington and family of the Longfellow community attended the funeral of T. J. Watlington Monday afternoon.

Lee Jones and H. E. Green of Colorado visited L. W. Rhodes Tuesday.

Mr. and Mrs. Emmett Richardson of Colorado spent Saturday night and Sunday with her parents, Mr. and Mrs. John Martin.

A. C. Caswell returned Sunday morning from a prospecting trip to California.

Miss Elon McDonald spent the week-end at her home at Westbrook.

J. H. Neil was an Abilene visitor Sunday.

Frank Crawford of Sweetwater was a business visitor to Loraine Tuesday.

R. A. Edwards and family spent Sunday in the Barna Haney home at Roscoe.

Mr. and Mrs. Ollie Bruton and Mr. and Mrs. J. T. Ledbetter were Snyder visitors Sunday.

Miss Neita Thomas accompanied her grandparents, Mr. and Mrs. W. H. Bodine of Colorado, to Roby Thursday where they visited relatives till Sunday.

Mr. and Mrs. Will White of Snyder spent Sunday with his mother, Mrs. W. L. White.

The Foundation of a Bank

does not depend so much on the building materials as on the solidity of its resources and the ability of the management. Both of these are fully demonstrated in the conduct of this bank.

Its financial solidity is beyond question, as the last statement will show. It is managed in a conservatively progressive manner which offers every courtesy to its customers consistent with the safety of its deposits.

COLORADO NATIONAL BANK

OF COLORADO, TEXAS

WITH THE CHURCHES
SUNDAY WITH THE BAPTISTS

Sure enough had a good day last Sunday, 208 in Sunday school. Good audience started the collection for the Campaign raised about \$900.00, with lots more coming in. The brethren are rejoicing over the fact we are progressing along all lines. Our work has never been in better condition that at present.

Some brother at Sweetwater took exception to some words written about Mrs. Barrett's statements while in Colorado. One thing we notice that every person who has lived under the doctrines Mrs. Barrett spoke of and has been converted to Christ tells exactly the same story. Also those who go to Mexico or Europe and study conditions as to the prevailing religion tell the same story. Recently we had President J. D. Sandefer of Abilene speak here on "Catholicism in Europe." He went to Europe and studied it first hand

Those who heard him thought Mrs. Barrett was mild in her remarks. We invite you to be present next Sunday at both services. The Junior and Senior Unions rendered a very fine program at the evening services last Sunday. We are proud of our young people. They are doing a fine work.

AT PRESBYTERIAN CHURCH
Sunday school at 9:45 a. m., J. M. Thomas, superintendent. There is a place for you in our school. Preaching at 11 a. m. and 7:30 p. m. by the pastor. Preaching at Horns school house Sunday afternoon at 4 o'clock. Sunday school at 3 o'clock. Everybody invited to all these services.
W. M. ELLIOTT, Pastor.

AT THE METHODIST CHURCH
The pastor left Tuesday morning for Quanah to attend the annual meeting of the Northwest Texas Conference, which convened Wednesday morning. He announced that services would be conducted at the church here Sunday as usual. Sunday morning Rev. C. L. Brogning, Jr., of Sweetwater will fill the pulpit and at 7:30 p. m. an address will be delivered by W. S. Cooper.

Sunday school convenes at 9:45 o'clock. Last Sunday morning, out of the total attendance, only forty persons were in the main auditorium when Sunday school opened. A good way to start the new year right would be to be at Sunday school on time.

Members of the Epworth League will visit the Christian Endeavor Society at the First Christian church Sunday at 6 p. m.

FIRST CHRISTIAN CHURCH
Next Sunday our Bible school will open at 10:00. There are quite a number of young people who are always prompt and punctual at the

business hour, right on time at the show or entertainment, but late at Bible school and church. Let's get here on time. Services at 11:00 a. m. and 7:30 p. m. You will always find a sincere welcome at church. Come and bring your family and friends.

EPISCOPAL CHURCH.
All Saint's Mission.
Reverend F. B. Eteson, priest in charge.

Order of services for twenty-first Sunday after Trinity, November 5: Church school 10 a. m.

This is Reverend Eteson's regular appointment with this mission, being the first Sunday in the month, but as Bishop Temple of North Texas Diocese, will visit Big Spring, he will be there to present a class for confirmation to the Bishop in the morning. If the weather and Roads permit motoring, Bishop Temple and Reverend Eteson will hold evening services at All Saints' November 5. Reverend Eteson requests a good attendance at the Bishop's visitation.

See the Gold fountain pen at the Record office.

180,000 MILES OF IMPROVED HIGHWAY IN BIG PROGRAM

WASHINGTON, Nov. 2.—A program for good roads construction during the next fifteen to twenty years which will make the road transportation facilities of the United States far exceed those of any other nation, in the world, past or present, is the aim of the federal government. The highways of Rome, even, whose fame has come down through centuries, will pale by comparison, officials declare. Under the program, there will be built, during the period, 180,000 miles of improved highways, which will constitute the federal-aid highway system, and an equal or greater mileage of state and local roads.

Details of this vast program will be placed before the conference of the highway education board, meeting here from October 26 to 28, by state highway engineers and officials of the Bureau of Public Roads, of the United States Department of Agriculture, to whom has been entrusted the work of planning and supervising the construction of the federal aid highways.

The plan will be presented especially to enable the board to proceed authoritatively with its work of devising aids for schools and colleges to which the road-builders of the country are turning for competent highway engineers.

Officials of the bureau place the aggregate cost of the federal aid program alone at about \$3,000,000,000, spread over the period. They base their estimate on an average cost of \$17,000 per mile. The average cost, in turn, takes into consideration all classes of improved highways from the cheapest to the most expensive. Approximately one-third of the proposed system, or 60,000 miles of improved highways, already are either built or building.

The program is a new one. Up to comparatively recent years, the bureau declares, road building in the United States has been conducted without special regard to a national system. Highways had been constructed where needed without considering whether they would link up in the most effective fashion with the whole network of roads projected to spread over the entire country. Engineers had sought more to meet immediate and local demands than the broader requirements of the states and the nation.

The federal aid program, officials said, will contemplate the construction of only such roads as fit into the national program and contribute to the national system. At the same time the roads will be so selected as to serve the most important local requirements. With marked modifications the system adopted in building the railways of the country will be borne in mind in the construction of the nation's new highways. There will be main lines of highway communication between centers and thousands of miles of feeder roads reaching back into the more sparsely settled regions and into the rich agricultural sections, to tap areas whose population and product will flow over the new system.

New roads will be built thousands of miles of them where they will fit in most advantageously with the entire program. The bureau at present is engaged in research work in the most efficient methods of road building, including the character and wearing power of materials and resisting qualities of various substances and has already amassed a great store of valuable information which will be available to the engineers of tomorrow.

DEVOE

PAINT AND VARNISH PRODUCTS

The "Magic Coat" That Brings Wealth and Beauty To Your Home

At its touch unsuspected charm is revealed; dinginess vanishes; useless things become valuable; old things become new.

A "magic coat" is this coat of paint or varnish.

Think of it! Every article or surface finished with paint or varnish immediately makes the home more beautiful; increases the pride we have in it; the pleasure we get from it.

Every quart used increases the value of the surface or article, ten, twenty or thirty dollars—and the better the paint the greater the return. Therefore, when you buy paint and varnish products buy only the best.

Devoe products are time-tested and proven, backed by the 168 years' experience of the oldest paint manufacturing concern in the U. S. Founded 1754.

COLORADO MER. CO.

Develop the Beauty of the Home by Using:

After Nov. 1st, Pickens Grocery will not charge anything. Make no tickets—Dont ask it, you'll be refused.

Reduce cost of living. Pickens on cash basis November 1st will save you money.

WHY NOT LET THE FOURTH OF THE CROP PAY FOR YOUR OWN FARM?

Mitchell County land is still cheap. It will not stay so. Right now a land buying movement is starting that will carry the price to the highest point yet reached. Cotton is high. It will stay high until several big crops are grown. If you continue to farm you are going to pay for somebody's farm with a fourth of your next three crops. Why not own that farm yourself after paying for it. I will sell you land in a way and at a price that you can KNOW you can do this. I have land in this county to sell you at from ten to twenty dollars. My best land is as good as the best in the county. It is land that will not blow away, nor wash away, nor wear out in your lifetime. It is not in sight of the Colorado Court house, but it will grow just as much cotton as any land there is, and that cotton will sell for just as much per bale. The land is on the HS Ranch, and is the best land on that ranch. It is out of Southern Pacific Block 17. This Southern Pacific land was located long before any other land in the County. It was located at a time when all the land in this part of Texas was public land, open to lo-

cation. It is certain that the man who located it did not do so because they thought it was not as good as the best land here. They located it because they considered it the best land here, the best grass land, and the best watered land. Conditions as to water and rainfall have not changed. In selling I will convey full mineral rights, or I will reserve part and make substantial cut in price. Will sell for cash payment of three dollars per acre, a Federal Land Bank loan for part, balance on or before 10 years, or for part of crop until land is paid for if you prefer that method. If you cannot make three dollar payment and improve land, will sell on contract for one dollar, deed to be executed when you have moved to land, fenced it, and started clearing. If you are interested in getting a home I will be glad to explain the proposition to you fully. Boiled down to a few words, it is a proposition where you can, for a few dollars, a long time 5 1/2 per cent loan, and a share of crops for few years, own a good farm. There is not another such proposition in Texas open to you.

HARRY HYMAN,
Barcroft Hotel, Colorado, Texas

L. H. Chivers of Rogers was in Colorado Wednesday and while here called at the Record office to subscribe for the paper. Mr. Chivers stated that he had about one more bale of cotton yet to gather.

For Oil Well Supplies see Colorado Supply Co., phone 280.
