FT. WORTH MAN SHOT IN ATTEMPT EVADE ARREST

S. P. Osborne, 51, of Fort Worth, received a flesh wound in his right hip early Wednesday morning while riding in an automobile with two other men. The trio arrived in Colorado shortly after midnight and because of their actions in driving about the city, Night Patrolman Dick Hickman suspected them of being booze runners. He attempted to stop the car but the driver disregarded the officer's demand to stop and speeding through the street crossed the river west of the city. Hickman called Sheriff Terry and together the officers followed the car and encountered the men just across the river, where they had stopped. As the officers drove up, the car was started and when ordered to halt the driver "stepped" on the gas, speeding toward Colorado. The speeding car was fired upon, a bullet striking Osborne in the hip.

Dr. R. E. Lee, who examined the wounded man Wednesday morning, stated that his injury was only a flesh wound. Osborne was taken from the office of Dr. Lee to the county jail where he is under the care of a physician. The other two occupants of the car, both of whom gave Breckenridge as their home, were released Wednesday following pleas of guilty to charges of drunkenness and paying fines.

FARMER PAINFULLY HURT WHEN TEAM RUNS AWAY

M. D. Dougherty, of a few miles south of Colorado, received painful injuries here Friday when a team of mules he was driving frightened and ran away, dragging Mr. Dougherty at the end of a rope. The team was stopped by a party of men near the passenger station, which fact probably saved Dougherty from serious injury.

1050 MOTOR VEHICLES REGISTERED TUESDAY

Sheriff I. W. Terry stated Tuesday afternoon that all of the available license plates, 1050 in number, furnished Mitchell County by the State had been given out to owners of motor vehicles in this county and additional registrations could not be received until more plates could be shipped to Colorado. During the last few days before January 1 the office of the tax collector was busy issuing receipts for motor vehicle registrations and a part of the time additional clerks were required.

More than 1400 motor vehicles were registered in Mitchell County last year. It is estimated the number will reach 1500 this year.

COMPULSORY ATTENDANCE TO BE RIGIDLY ENFORCED

The compulsory attendance law is to be rigidly enforced in Mitchell county, J. C. Hall, executive county superintendent of public instruction, stated Monday. Hall said that the county board of trustees, of which Dr. P. C. Coleman of Colorado is chairman, met last week and adopted resolutions calling for enforcement of the compulsory school attendance law.

The board appointed an enforcement officer and have formally requested the county officials to cooperate with him in his work. The compulsory attendance will be required on and after Monday, January 8th, and all scholastics eight years of age and up to fourteen are affected. The first offense is punishable by a fine of \$5 and the second by a fine of \$10.

COLORADO SCHOOLS OPEN TUESDAY AFTER HOLIDAYS

The schools of Colorado opened Tuesday after the Christmas holidays. The compulsory attendance law became effective at Colorado on Tuesday and all scholastics between the ages of eight and fourteen, inclusive, within the district will be required to attend school for the next nine months.

FUNDS NEEDED FOR THE MEMORIAL TO OUR BOYS

Between seven thousand and eight thousand dollars are still needed for the American Legion hut fund, which was started here two months ago by the Lions Club. The appeal is made to every citizen of Mitchell County who would have a part in building at Colorado a memorial to the boys of this county who fought in suppressing the Germans.

Below is a list of the contributors to this fund. Amounts subscribed run from \$500 down. Is your name on the list?

Send subscriptions to either bank in Mitchell County, marked "For American Legion hut," to any officer of the post at Colorado, or to the publishers of the Colorado Record. You could not erect a more fitting memorial to your boy or the boys of your community who saw service in the great war than to have a part in this good cause.

PAYMENT 1922 POLL TAX NOT REQUIRED TO VOTE

During the last few days some citizens of Mitchell County have advanced the question as to whether payment of the 1922 poll tax would be required before voting in the election January 27, at which time it will be determined whether bonds in the sum of \$115,000 shall be issued with which to build and equip a new court house.

The question was referred to Judge C. H. Earnest, Thos. R. Smith and Thos. J. Coffee, Colorado attorneys, who stated that the poll tax paid last year would entitle the voter, if qualified in all other respects under the Territorial election law, to vote in the bond election. "The poll tax paid last year guarantees suffrage until the 1922 taxes become delinquent, which is February 1," all of the attorneys stated.

WEST TEXAS TO DEMAND A. & M. OF FIRST RANK

The report that some citizens of West Texas had compromised with President Bizzell of the Agricultural & Mechanical College for a junior college for West Texas was deplored by speakers at a mass meeting of West Texas representatives at a banquet at the Hotel Wright at Sweetwater Friday night. Ringing resolutions demanding a college of the first class, with its own board of regents, as outlined in addresses by Dr. P. C. Coleman of Colorado and R. M. Chitwood of Sweetwater, were unanimously adopted.

The towns of Colorado, Laraine, Roscoe, Sweetwater, Snyder, Blackwell, Sylvester, Post were represented at the meeting. The principal addresses were delivered by Hon. R. M. Chitwood of Sweetwater, member of the legislature, and who will introduce a bill in the Thirty-eighth Legislature seeking to create the college; Dr. P. C. Coleman of Colorado, chairman of the West Texas A. & M. College committee, and Judge M. E. Rosser of Snyder, member of the legislature.

Chitwood outlined the features of the bill which he has prepared to be introduced in the next legislature. It will ask for a co-educational college of the first class, with its own board of regents and not under the jurisdiction of the college at Bryan. The bill will prohibit the offering of a bonus in any amount, on either cash, land site or otherwise.

"I do not know who it was to agree with President Bizzell that the people of West Texas would be satisfied with a junior college," Dr. Coleman said, "but I do know they never consulted me in the matter, and I have been chairman of the West Texas A. & M. College campaign since it was first inaugurated here at Sweetwater six years ago, and I am also chairman of the committee to direct this fight recently appointed by President A. B. Spence of the West Texas Chamber of Commerce." Judge Rosser, also a member of the West Texas Chamber of Commerce, stated that he knew nothing of the compromise with Bizzell.

"You may call it a West Texas Agricultural & Mechanical College, or you may call it the West Texas State College," Dr. Coleman continued, "but we will know what it is when we get it and we will know what to do with it when we do get it. The people of West Texas are entitled to a senior college of the first class and I believe they will never consent to anything short of that."

Dr. Coleman's determination to have a genuine and real, senior college of the highest rank and order, was echoed in every speech that was made. Chitwood is a fighter. He always takes the offensive in parliamentary tiffs on the floor of the house, and he will take the offensive in his effort to get through the West Texas A. & M. bill. Under the terms of the bill which he will introduce the institution is to be known as the West Texas State College.

DUNN GIRL WINS IN STAR-TELEGRAM CONTEST

Miss Lorena Johnston of Dunn was recently announced as the winner of a prize offered by the Fort Worth Star-Telegram for the best solution of a story which has been running in installments in that paper. The prize was \$25. The second prize offered in the contest was awarded to Miss Hallie Slatton of Terral, Okla.

STORES AND BANKS ARE CLOSED NEW YEAR'S DAY

Another holiday was observed at Colorado on Monday out of respect of the New Year in the closing of practically all places of business in the city. The weather was ideal, similar to that of Christmas Monday afternoon a concert was given at the corner of Walnut and S. and streets by the Colorado Booster Band.

PROMINENT COLORADO WOMAN DIES THURSDAY

Mrs. A. J. Coe, wife of Judge A. J. Coe, died Thursday morning at 5:45 o'clock following an illness of ten days from pneumonia. Up until a few days before her death the condition of Mrs. Coe was considered favorable but she began to grow worse Tuesday and gradually sank until the end came.

She is survived by her husband, Judge A. J. Coe and four children: Mrs. Sam L. Majors of Colorado; Mrs. Mary Daniel of El Paso; J. B. Coe of Amarillo and Mrs. R. W. Mitchell of New Orleans, all of whom except Mrs. Mitchell were present when Mrs. Coe died.

Funeral arrangements had not been completed Thursday at noon, pending arrival of Mrs. R. P. Hendricks of DeLeon, a sister of Mrs. Coe, and Mrs. Mitchell, who were expected to reach Colorado Thursday night. The services will probably be held Friday.

Mrs. A. J. Coe was 61 years of age and with her husband had made her home at Colorado for 41 years. She was prominent in church and social affairs of the city and one of the most popular matrons of Colorado. She was a member of the First Christian church and had lived a consistent Christian life many years.

DR. COLEMAN WILL ATTEND MEETING AT FORT WORTH

Dr. P. C. Coleman, chairman of the West Texas A. & M. College committee, stated Wednesday afternoon that he would attend the meeting to be held in Fort Worth Friday of next week to discuss the bill to be introduced in the Thirty-eighth Legislature, seeking to create the college. The meeting was called Tuesday by Mayor Cook of Fort Worth.

Every city and town in West Texas is urged to have representation at the meeting, Dr. Coleman stated, and he will work to the end of having representatives of as many towns as possible at the meeting. Dr. Coleman is directing the campaign for the proposed college and will address the Fort Worth meeting.

Dr. Coleman has one of the best with the determination to give his opinion. Having assurance that he demanded that West Texas be entitled to a senior college of the first class, with its own board of regents, is backed by the people of West Texas. He plans to consent to nothing less than a senior college of the first class, with its own board of regents, to accompany Coleman to Fort Worth.

WOMAN SERIOUSLY BURNED FROM IGNITED CLOTHING

Mrs. Will Nowell of three miles south of Westbrook was seriously burned Friday afternoon when a lighted match ignited her clothing. Mrs. Nowell has struck the match to light a lamp, according to reports, and entering the match to the floor, walked over it. The burning flame from the match ignited her clothing and immediately she was in a mass of flames.

Dr. T. J. Ratliff of Colorado, who attended the injured woman, states that most of her body and limbs are seriously burned. The injured woman is the wife of Will Nowell, farmer of the Westbrook vicinity, and has three children.

BOOSTER CLUB MEETING POSTPONED FOR ONE WEEK

The January meeting of the Colorado Booster Club will not be held Thursday night, January 4th, according to previous announcement, J. H. Greene, president, stated Wednesday. Greene stated that because of the fact so many business men of Colorado were busy taking inventory and closing out the year's business, the meeting would not be held until Thursday of next week.

AMERICAN LEGION MEETING THURSDAY NIGHT AT C. OF C.

Jack Helton, post commander of Oran C. Hooker Post, American Legion, stated Wednesday that an important meeting of the post would be held Thursday night, January 4th, at the Chamber of Commerce. Helton urges that all members of the post be present.

PETROLEUM GAS WELL IS SENSATION FOR THE WEEK

The biggest sensation to be experienced in the Mitchell County field since the Morrison Two came in for a flash production of three hundred barrels several months ago and flowed by heads for a few weeks, came Friday morning when Badgett No. 1 of Bowser & Reed, 12 miles northwest from Colorado, blew in a petroleum gasser. When discovered Friday morning the well was on fire and throwing flames from fifty to seventy-five feet high.

The report that the well had come in as a big gasser was brought to Colorado by S. A. Sloan. Sloan arrived after noon, and going to the dining room where the Lions Club was at luncheon, made the announcement. Col. C. M. Adams, president of the club, immediately lost control of the Lions, who, disregarding all parliamentary rules of the organization, began to ask Sloan questions about the well. When he reported "She is one of the best finds we have seen in the field, is a petroleum gas well and making several million feet," the Lions club was immediately adjourned in disorder.

The well has been on fire most of the time since. Gas pressure was not as strong Thursday morning as earlier in the week, but this was explained to be on account of salt water in the well which has shut out much of the gas. Representatives of several of the old line companies who have visited the well during the week are enthused and have no doubt but that a big gas field will be developed here.

"I could hardly believe my eyes," Jimmie Charlton, field representative for the Texas Company, stated Friday night following a visit to the well. Charlton stated that he believed gas would be found in the field, but not in large quantities as shown by production of the Badgett well.

This is the second sensation to be caused by this well. A few months ago the well blew in a huge non-inflammable gasser and for several days produced ten thousand barrels of salt water and forty million feet of gas, which, according to analysis of Dr. Eldon of the University of Texas, contained 84 per cent nitrogen. This gas gradually receded and during the past few weeks but little water and gas came from the well.

The derrick at Smartt No. 1 of S. A. Sloan and associates, burned to the ground Thursday of last week. Mr. Sloan stated Wednesday that the derrick had been rebuilt and drilling would be resumed just as soon as the tools could be strung. The crew were rigging up Thursday afternoon and hoped to start drilling again Monday. This well is down 1400 feet.

Location for the first test by the Lou-Tex Company, independent operators of Dallas, was announced Wednesday. This company recently entered the field and controls a large block of acreage in the vicinity of Ira. The first well will be drilled about two miles immediately south of Ira in Scurry County and some two and one-half miles north of the Mitchell County boundary line.

Another location was made Thursday in the sector near Westbrook, according to information received by the Chamber of Commerce, but the report could not be verified. Local oil men are optimistic over the outlook and frankly make the prediction that a number of additional wells are to be drilled.

Bill Thomson has resumed drilling at Badgett No. 2 after a shut down of several days. Casing has been set in this well at 590 feet and water, which was causing considerable trouble, shut out. Good reports have been received from all drilling wells in the field, as well as from those completed and placed in the producer class.

Ben Anthony of Dallas visited his parents, Mr. and Mrs. Anthony, New Year's day.

Mrs. Wigley of Windom is visiting her daughter, Mrs. R. P. Price.

OIL DEVELOPMENT IN THIS TERRITORY

From the Big Spring Herald:
 While there is not much news as to oil development this week due to so many workers being off to enjoy a holiday vacation we expect to note an increased activity throughout the field early in the coming year.

The new development scheduled first will be in the vicinity of the Morrison No. 2 of the Underwriters Co., which well has been a steady producer since oil was first encountered. One test is to be drilled east and one test is to be drilled north of this well in the hope of finding a larger pool of oil.

It is stated that two or three other large companies have plans for additional tests in that section. Another big company continues to buy acreage in the field, indicating that they consider it a good bet. The big oil companies have invested too much in leases to back up without this field being given a thorough test and for that reason we believe the big companies will aid and encourage the smaller companies to complete their tests in order to secure a definite line on whether or not there is a big pool somewhere in this section.

The outlook for a continuous drilling program for some time to come looks especially favorable.

A number of officials of the Texas Company have been here this week to make a tour of inspection of oil development in this territory. The Texas Company has fifty thousand acres or more land leased for oil development purposes in Glasscock, Howard, Borden Mitchell and Sterling counties, and is naturally interested in the success of the development work now under way.

In the party visiting here this week were L. E. Barrow, general superintendent, Judge Y. A. Land, head of the legal department of this division; Joe Mert, general superintendent of the gasoline department; J. A. Rees, chief of the land department.

After completing their tour of inspection the officials were taken on a big hunt as the guests of Leo Elzey, who is stationed in Big Spring as representative of the Texas Company. Others who were guests of Mr. Elzey on this hunt were Rupert Ricker, T. C. Cash, Robert T. Piner,

Earl Bryant and W. W. Taliferro. The hunt proved an especially enjoyable one as well as a successful one. One hundred quail and seventy-five wild ducks were killed, and some real game feasts were enjoyed.

It is stated that the California Company have expended approximately \$80,000 for oil leases in Section 27; near Morrison well No. 2, and expect to make a location for a well on this section. The Smartt well No. 1 of Sloan and associates on an adjoining section is considered by oil men to be one of the best bets of the field. This test is now down to a depth of 1500 feet.

The Magnolia Company is drilling below 3350 feet in its Foster well No. 1, four miles south of Iatan.

The Colorado-Texas Consolidated Co. is fishing for tools in their Foster No. 2, just south of Iatan.

Morrison well No. 3 of the Underwriters Company is being rigged up and drilling should be started soon.

Marcus Snyder, owner of a large tract of land, is having a rig erected on Section 39, and expects to make a deep test.

After the six and five-eighth inch casing had been lowered in the Enders-Cushing No. 1 it was found that the water had not been successfully cut off so it will be necessary to pull the casing and make another effort. The work of pulling the casing was started this morning.

The eight inch drill will be used to drill past the point where they attempted to seat the casing in the hope of encountering a harder foundation. It is believed that caving around the shoe or packer made it impossible to cut off the water.

Good showings of oil and gas continue to appear in this test. They are running ten-inch casing in Sparkman No. 1. This casing will be set at 1,000 feet.

Improved 160 acre farm, situated north of Loraine, for sale on easy annual payments. Splendid bargain. For further information see L. B. Elliott, Colorado, Texas.

"THE GOLEM" COMING.

"The Golem," one of the picture sensations of the day in Europe and New York, will be shown at the Palace Theatre for a run of two days, beginning soon. It is said to be a screen masterpiece with settings of a magnitude never before seen on the screen. Paul Wegener, a noted European actor, plays the title role.

IN MEMORIAM

of Brother L. H. Costin, who died on Sunday, November 12, 1922. Whereas, it was the will of the Grand Master of the Supreme Grand Lodge to call Brother L. H. Costin from labor on earth to rest and immortality in the Grand Lodge above, where labor is no more.

BE IT RESOLVED, that we acknowledge His wisdom and are willing to bow in humble submission to his will; yet we mourn with his bereaved family and fiancée his loss to the lodge and his family; he has only preceded us for a time, to the Celestial Lodge on high.

He was a just and upright citizen, a sincere friend, a dutiful son, and a useful citizen, a young man called away in the prime of life;

RESOLVED, that in token of our sincerity, friendship and sympathy in the dark hour of this great affliction and as a pledge of our fidelity to the memory of our deceased brother, we extend to the bereaved family the fraternal right hand of Free and Accepted Masons, with the assurance that the Great Light given of God to man will guide them and us to that spiritual building that house not made with hands, eternal in heaven where the broken crier shall be reunited, never again to be parted, and where we shall dwell together in peaceful happiness forever and ever.

FOSTER PUTS TEAM THROUGH STIFF PRACTICE

Win or bust. That will be the slogan of the Colorado High school basketball team when they go down to Sterling City this week. Coach Foster has the men out every available moment in some form of practice. He is trying to develop a more effective passing combination and has succeeded he thinks in getting a winner. In all the games the team has played this year there has been a lack of quick and accurate passing. But since the team has been at hard work practicing on this one point for the last week, there has been a noticeable improvement in this line. The players as a team have been smarting under the defeat handed them at Loraine and are going to Sterling City with the determination to win. They defeated this team some time ago but are looking for a hard scrap at Sterling City, as that bunch is out for vengeance.

The team has about an even break in number of points scored and have won more than half of their games. This is a very fine average as they have been up against some of the strongest teams in this section, and for this reason they should give a good account of themselves at Sterling City Saturday.

DORN-REEDER

On last Saturday afternoon Mr. Byron Dorn of Colorado and Miss Thelma Reeder of Loraine, motored to Snyder and were quietly married at the Baptist parsonage at that place. They were accompanied by Snyder by Mr. and Mrs. Hall DeGarmo of Colorado, and Misses Neita Thomas and Connie Baird of Loraine and Messrs Landon and Bill Dorn of Colorado.

Immediately after the ceremony the young married couple went to Post City where they spent the night, returning to Loraine Monday afternoon. They will make their home in Colorado.

The groom, who is the son of Mr. and Mrs. Dorn of Colorado, is engaged in the tailoring business at that place and one of the popular young men of that city. The bride is the daughter of Mr. and Mrs. J. F. Reeder of Loraine and one of the popular young ladies of the town. She has many friends here who regret to see her move away, but who wish for her much happiness and prosperity in her new home. Loraine Leader.

Tom Lingham, old timer of the screen villain profession, plays the principal heavy role in "The Fire Eater," the Hoot Gibson stellar vehicle which will be shown under the Universal banner at the Best Theatre next Friday. He appears as a crooked lumber king of the timbered California valleys, who rules his domains with an iron hand.

About Your Battery

Batteries will wear out—nobody can stop that, but in a good many cases the embarrassment would be less if the owner knew his battery had "one foot in the grave," and was apt to die any time. When anything like that happens we feel that we have filled in our effort to get your ear and tell you the facts—the condition of your battery. One of our most important duties is to tell you—whether you own a Willard Threaded Rubber Battery or not—just how that battery stacks up. Come in.

WITH THE CHURCHES

FIRST CHRISTIAN CHURCH.

Our Bible School Sunday was good. Over the 100 mark and a great offering for the close of the year. The service was well attended indeed. At the evening hour almost everyone had something to say. It was an inspiring service. Next Sunday we will celebrate our anniversary. We begin our fifth year on that date. A special sermon and good music will be given. Come and let's start the new year just right. If we continue to grow, we must all work. Come and bring your family and friends.
D. R. Hardison, Pastor.
All Saints' Mission.
(Episcopal)

Reverend F. E. Etelson, priest in charge.
Order of services for First Sunday after Epiphany—January 7, 1923:
Church school 10 a. m.
Morning services 11 a. m.
Evening services 7:30 p. m.

METHODIST CHURCH

Sunday school 9:45 a. m. Let every one be on time. We had a very good number last Sunday for a holiday crowd, but the most of them were late. Come on time. Come with a prepared lesson. Come to stay for the morning public worship. Come and bring a friend. Start with the New Year and come with a purpose. Preaching at 11 a. m. and 7 p. m. Holy Communion at the morning hour. An evangelistic service for the evening.
Epworth League 6:15 p. m.
Regular prayer service Wednesday, 7 p. m.

Let everyone start the New Year 1923 with a glad heart and worthy purpose.

We are all glad to be living. Then let us make the year contribute spiritual blessings to our lives. We cordially welcome all to come and worship with us.
J. F. LAWLIS, Minister.
Junior Missionary.

The Junior Missionary Society of the Methodist church met Monday afternoon at three o'clock with Mrs. H. E. Grantland, the assistant superintendent, and the following officers were elected for the coming year: President, Nelda Garrett; vice president, Virginia Stonerod; recording secretary, Exa King; corresponding secretary, Rosalie Leslie; treasurer, J. C. Garrett. Supt. of mission study, Laura Bell Grantland; Supt. of social service, Alice Blanks; Agent "Young Christian Worker," Margarette Stoneham; press reporter Virginia Webb. There were 16 present. Will meet Friday, January 5, with Mrs. Grantland. All members come at 4:15 and bring your friends who would like to be members.

Family Reunion.

Mr. J. B. Farmer had his annual family reunion Sunday. All of his children were present except one and his family, Mr. Will Farmer of Ralls. Those who sat down to the sumptuous turkey dinner prepared by his daughter, Miss Maud Farmer were Roy, Jack and Jim Farmer, M. and Mrs. John Farmer and five children of Sweetwater, Mr. and Mrs. R. E. Grace of Roscoe and three children: Mr. Barnhill and Mrs. L. H. Weatherly.

PUBLIC UTILITIES IMPROVE FACILITIES AT COLORADO

In the Sunday issue of the Fort Worth Sta-Telegram considerable space was devoted to articles on development in West Texas during the past year. The Fort Worth paper reviewed in an interesting manner progress made in agriculture, oil development, and commercial lines in West Texas for the year. The following article dealing with Colorado and Mitchell County appeared:

The \$100,000 concrete causeway across the Colorado River at Colorado will be completed and ready for traffic within the next 90 days, according to F. F. DuBose, Mitchell County bridge engineer. DuBose said the structure will be one of the longest reinforced concrete bridges in West Texas. It spans the river at the foot of West Second Street, on the route of the Bankhead Highway. Brick work on the new Colorado National Bank building is completed to the top of the second floor and much of the trimming stone has been set. Brick work is completed on the new 10-room ward school building.

The Southwestern Bell Telephone Company has authorized the statement that the telephone system at Colorado will be rebuilt. This will include a new drop battery exchange. The West Texas Electric Company is also to improve and enlarge its plant. Both these public utility concerns are to remove telephone and light and power poles from the streets of the main business district. County commissioners' court passed an order recently calling for an election to be held in Mitchell County January 27 to vote on bonds with which to build a new court house.

Gin receipts at Colorado for the season total 15,000 bales, with a total of 23,000 for the county. There are but few cotton planters of the Colorado territory having cotton yet to pick, as weather conditions throughout the Fall have been ideal. Good rains have fallen over this entire section during the past 30 days and hundreds of acres of land are being broken preparatory for planting next Spring. Contractors have completed laying sewer mains in the city and ditching machines were started Saturday on excavations for water mains, to be extended into every part of the town. Bonds were voted to finance these projects were voted by more than 10 to 1.

No less than 20 boys' and girls' clubs are to be organized in the rural communities of Mitchell County under the personal direction of the county agent and home demonstration agent. This work started Dec. 1 and the organizations are being perfected through co-operation of the rural schools. All prize winning pigs and baby beavers exhibited at the fair last year were entered by members of boys clubs in this county.

According to J. A. Sadler, president of the Mitchell County Fair Association, an expenditure of \$10,000 has been authorized for permanent improvements at the fair grounds. These improvements are to be completed before opening of the 1923 Mitchell County Fair next September. At the annual meeting of the association, held recently, the report of the secretary-treasurer, R. H. Ratliff, showed that the association paid out in full and had a surplus on hand after checking expenses of the fair here last September.

FORD CAR SALES RECORD HAS BEEN AGAIN BROKEN.

According to a statement issued by the Ford Motor Company, deliveries of Ford cars and trucks to retail buyers during the month of November totalled 106,327. This is highest sales record that has ever before been approached by the company at this season of the year and one which stands out in marked contrast to the November 1921 retail delivery figures which totalled slightly over 58,000 car and trucks.

For eight consecutive months, beginning with April 1st of last year retail deliveries have exceeded 100,000 Ford cars and trucks each month the accumulated total for the first eleven months of 1922 being approximately 1,200,000. While the company points out that it is not unusual for Ford retail sales to exceed the 100,000 mark during the spring and early summer months when the demand is at its peak, the manner in which business has held up throughout the balance of the year is without precedent.

Credit for this remarkable showing is attributed by the Ford Motor Company to the many improvements which have lately been made on Ford cars and particularly to the new low level of Ford prices, recently put into effect. These new low prices not only broaden the field of prospective Ford purchasers but go still further in making the Ford car the best value from the standpoint of the retail buyer that it has ever seen.

Although the Ford factories have been operating at capacity for the past eight months, sales have equalled production and judging from the unusual manner in which orders are coming in at this season of the year Ford dealers will be unable to accumulate an adequate stock of cars during the winter months for delivery next spring.

In the opinion of the Ford Motor Company, November sales are an indication that many prospective purchasers, realizing the exceptional value now being offered in Ford cars are beginning to anticipate an unusual spring demand and are therefore placing orders during the fall and will continue to do so throughout the winter to avoid the disappointing delays in delivery later on. While this will relieve the situation to some extent it is pointed out that the steadily increasing demand for Ford cars is nevertheless sure to create an acute shortage as the season advances.

Accordingly, A. J. Herrington, the Ford Sales agent, is urging prospective Ford purchasers to arrange for delivery during the winter months in order that the demand next spring will be relieved as far as possible.

Unless you do, many opportunities will pass you by, for you are overlooking the most logical means of preparing your future.

you shall be your servant." There never was a time when He was not willing to serve and, Am I willing to follow my Master? In my sorrows and disappointments, when I have listened for His voice, I have heard Him say, "My grace is sufficient for thee." I do not understand why all the heartaches but He has promised to some day make all clear and until then I will trust and try to be of greater service in His kingdom and more helpful to those who need help.

A New Year's resolution that does not include self denial and self sacrifice as well as the desire and determination is not worth making. In no other way can it be constructive and if it is not constructive it had better not be made. With the resolution to be a power for good as much as in us lie is as certain to bless the one who makes it. As the ones who are the beneficiaries. Anyone can pull down, the wicked, the ignorant, the depraved and they all seem to be busy. But to be constructive requires effort. To make every thought word and deed constructive is to put your best into life and get the best out of it.

Only the helpful life is a good life, and only the good life is a helpful life. The resolution to do all in our power for good, the coming year includes the little things as well as the great. Just the common ordinary everyday things that seem insignificant are the ones that test our character but are the ones that strengthen it. Every good act is a great act be it large or small. So will you join us in the resolution, "As we have therefore opportunity, let us do good to all men."

RENT PROBLEM SOLVED

In Wallace Reid's New Paramount picture, "Rent Free." You who have had trouble with the landlord over raises in rent or who have found it impossible to rent a house at all, should consider the solution offered by "Rent Free." Wallace Reid's clever new Paramount picture which is to be shown at the Palace Theatre next Monday and Tuesday.

Mr. Reid plays the part of a young artist who is in low financial straits after a break with his father, a lawyer. He takes to the roof when his money gives out and lives and works there in a tent. He meets a girl (Lila Lee) who is in similar financial difficulties and a love affair develops.

Possibly it may be news to some that in New York there are one or two fine bungalows built on the tops of skyscrapers in the heart of the city—but these would command big rentals.

However—a tent ought to come cheaply. Why not try it out next time you are facing a housing problem? The air is fine and the summer days would be cooler "up in the air."

Among the Colorado folks who attended the Shriners banquet at Snyder Monday night were: Rev. and Mrs. M. C. Bishop, C. M. Adams and daughter, Miss Marion; D. R. Hardison and daughter, Miss Louise; Mr. Mrs. A. E. Maddin, Mrs. J. S. Vaughan, Mr. and Mrs. Lucian Maddin, Mr. and Mrs. W. B. Crockett, J. M. Thomas and Miss Mildred Coleman.

We still have a few of those tablets at 40c dozen at Record office.

No, Hortense; those were not lightning-bugs you saw on your way home the other night. Merely our street lights, Hortense.—Abilene Reporter.

You have our sympathy, Hortense, because it is hard for us Coloradans to distinguish between a lightning-bug and the street lights here. With that exception, however, and the bum condition of our streets, the old disgraceful court house, the unsightly appearance about the premises of many of our stores and private homes and a number of other things we might mention, we have a good town here at Colorado. Come over, Hortense, and look our town over for yourself. And while you are here do not fail to visit the big gas well near town. It is really of the petroleum kind and will burn.

Our colored Baptist friend, Rev. E. M. Clements returned home this week from St. Louis, Mo., where he went as a messenger to the Colored National Baptist convention that met there last week. Rev. Clements reports a big convention and that this district reported over \$400 for the convention. Rev. L. K. Williams was elected President, Rev. Williams is a Texan formerly pastor at Fort Worth but is now pastor of the Post Olivet Baptist church of Chicago, with over 3000 members. Rev. Clements, the home pastor here, is very proud of the trip and what his people are doing.

THE HEART OF A TEXAN

King Calhoun, played by Neal Hart, a young ranchman and cattle owner and his help adore him for his worth as a man as well as boss. King had no use for worthless drifters who came from time to time to prey on honest homesteaders and cattlemen.

After the death of old "Dad" Jackson, a neighbor of King's, his wife, whom the boys called "Ma," assumed management of the ranch. It was a man's size job and Ma tried to live up to the part, even to wearing her deceased husband's clothing, his belts, holster and gun. She bravely tried to look the part, even to her long hair being tucked under a big sombrero—but it was a hard matter. However, that motherly soul always revealed itself, and the ranchers and cowboys looked upon her with amusement mingled with a little sadness for the widow.

Pete Miller was her cowpuncher foreman and after Dad Jackson's death, undertook many liberties. He aspired to marry June Jackson, Ma's only child, a sweet girl of seventeen who also tried to help out with the management of the ranch, while Comanche Horse, an Indian whom Dad Jackson had befriended did the work about the house and ranch. Miller, enraged at June's refusal to marry him, vowed all kinds of vengeance especially after June had told Ma and the latter had discharged him.

After Miller left he induced the cowpunchers on the Jackson ranch to join him, and he planned to run all Ma's cattle over into Mexico and agreed to give the men all of the proceeds of the sale of same. Comanche Horse overheard the plan and told King Calhoun about it. The latter starts to round up Miller after assuring Ma and June they would be protected.

King's first meeting with Miller is intensely dramatic, and Miller shows the yellow streak and squirms out of a fight, notwithstanding many of his own men are present.

Miller abides his time, and when he thinks all is set to run the stock off and capture the girl he divides his men, half to attack the ranch house and the other half to round up the cattle, but the best of plans go astray, and Miller meets with the surprise of his life.

From this on, sensational scene follows in rapid succession making one of the fastest and thrilling and stirring western pictures Neal Hart ever appeared in. Vast herds of cattle, daring horsemanship, and stunts are crowded in, in perfect continuity. "The Heart of a Texan" carries the kick hat will please and thrill every mile of the road.

At the Palace Theatre Saturday, January 13th.

TO THE PEOPLE OF MITCHELL COUNTY.

My successor, R. H. Ratlif, took over the County Attorney's office on the first of the month. I wish the people of Mitchell County to know that I appreciate having been permitted to hold the office for the past two years, and I return to the status of "private citizen" with a sincere desire for the good-will of all. In the future, I will devote my entire time to my general law practice, and will continue my office at the same location, over City National Bank, Colorado, Texas. THOS. J. COFFEE.

legue. Alumni of the older institution have requested this, and the West Texans do not care to be sticklers for a name.

Chitwood likely will be chairman of the educational committee of the House of Representatives if Richard Seagler of Palestine is the next speaker. Chitwood was vice chairman of that committee in the last house. If he lands this important chairmanship he will be in a strategic position to push the bill.

Addresses were made by several other citizens attending the meeting and in all of them there was a flare-back against the proposal of Dr. Bizzell that the proposed institution for West Texas shall be a branch of the college at Bryan, and be under the same board of directors. It was made plain that the people of West Texas shall demand that the institution be directed by an entirely different set of officials.

Chitwood believes that the governor will sign the bill this time.

"Governor Neff has learned much about West Texas since he vetoed the bill last year," he said. "I think he is going to make Texas a better governor this year. I believe he realizes that the school is needed in West Texas."

Meetings similar to the one held at Sweetwater Friday night will be held in other towns in West Texas. Lubbock may be the next to stage one. Lubbock is the home of Senator W. H. Bledsoe, who sponsored the bill in the senate. Chitwood said Friday night that the acceptance of the bill in the Senate was due solely to the efforts of Senator Bledsoe.

AMERICAN LEGION HUT IS DISCUSSED AT LIONS CLUB

Discussion of the proposed American Legion hut at Colorado constituted business of the Lions Club Friday noon. Jack Helton, Joe Y. Fraser and Thos. R. Smith, officials of the post, met with the club by invitation and each of the visiting officials delivered addresses.

A committee composed of E. H. Winn, A. B. Blanks and J. A. Sadler was appointed to conduct a campaign to raise the deficit in the fund needed with which to build the hut. Plans are being worked out for carrying the campaign to several of the rural communities of the county.

R. M. Hardison was introduced as a new member of the club, placing the membership at thirty-three.

The house was decorated with Christmas decorations. Mrs. Edgar Majors greeted the guests and introduced them to the receiving line which consisted of the hostess, Mrs. Hurd, the bride elect, Mrs. Ratliff, Mrs. Oscar Majors and Miss Evelyn Lasky. The entertainment was readings by Miss Saling and a contest in which the honoree won the prize. This was an array of gifts presented her from a Christmas tree. The hostess served sandwiches angel food cake and tea.

MARRIED
Last Thursday at the residence of Mr. and Mrs. F. E. McKenzie, Miss Bennie Adams and John Hooks were united in marriage. Rev. J. F. Lawlis officiated. They will live in the Buford community.

1921 Study Club
The 1921 Study Club met last Friday with Mrs. Floyd Quinney. The study topic was Southern Literature, Paul Hamilton Haynes. Mrs. Tom Pritchett gave a discussion, Haynes as a Sonneteer. Mrs. Quinney gave selections of the Sonnets. Mrs. Lambeth gave a discussion of comparison of the two poets, Haynes and Lanier. Mrs. Dobbs gave a reading, Lyric of Action. The guests Mrs. Lucian Maddin and Mrs. W. E. Reid. The hostess served a salad, sandwiches, cake, coffee, fancy candy and salted peanuts. The meeting this week will be with Mrs. C. L. Root.

Colorado Couple Weds.
Mr. Vance Phenix of San Antonio and Miss Ida Richardson of Colorado were married at the First Methodist church in Fort Worth Sunday at 3:30 o'clock p. m. The pastor of the church officiated, using the ring ceremony. The wedding was a very quiet affair as the bride was accompanied by her parents, Mr. and Mrs. Richardson and were met by the groom. They left immediately after the ceremony for San Antonio their future home. The bride wore a coat suit of blue with accessories to match and carried an arm bouquet of Bride's roses and lilies of the

valley. Both the bride and groom were reared in Colorado and were graduates of the high school here. They have many friends who wish for them a happy and prosperous life. He was a student at the State University when he heard his country's call during the world war, volunteered for service and spent nearly two years in France. After returning he again entered the University and completed his course in architecture. He is now with one of the leading firms in the South. The bride was a saleslady for F. M. Burns Dry Goods Co., since her graduation and is known for her lovable disposition. The Record joins their many other friends in wishing them much happiness.

HOME WEDDING
At the residence of the bride's parents, Mr. and Mrs. E. H. Hurd Tuesday evening at 8 o'clock, Miss Ruth Issadoro Hurd and Earl Lister Ratliff were united in marriage. Rev. M. C. Bishop, pastor of bride and groom officiated, using the ring ceremony. The house was beautifully decorated in green and white, a beautiful wedding bell in the front parlor under which the party stood during the ceremony, completed the picture. As the wedding march was played by Miss Louise Hardison, the little ribbon bearers, Mabel Ratliff Majors, and Martha Jane Majors, came from the rear forming an aisle for the party. The bride and groom were preceded by Miss Evelyn Lasky and Gilbert Quinney. After the ceremony refreshments of brick ice cream and cake were served. Mr. and Mrs. Hurd were assisted in entertaining by Dr. and Mrs. Ratliff, Mrs. Sadler, Mrs. Sam Majors, and Mrs. Edgar Majors. The bride's cake was in horseshoe shape and the usual good time had by those who cut a slice to try their fortunes.

The bride's register was presided over by Miss Elsie Lee Majors. The bride wore an afternoon dress of brown Satin back crepe with accessories to match and wore a corsage bouquet of roses. Miss Lasky wore a blue satin frock with blue hat trimmed in gold lace and black ostrich tips. She carried an arm bouquet of white carnations. The bride is the only daughter of Mr. and Mrs. Hurd and while she has lived in Colorado only a few years, yet she is known for her quiet, unassuming and lovable disposition. The groom is the elder son of Dr. and Mrs. T. J. Ratliff and a prominent young photographer here. Al-

though not of age when the world war began, yet he was one of the first to enter the Rainbow Division and was in France until after the Armistice was signed. Mr. and Mrs. Ratliff left on the east bound train for a short honeymoon and will then be at home at the residence of Dr. and Mrs. Ratliff. With their other friends the Record extends best wishes and congratulations.

Missionary Society
The young people's missionary society of the M. E. Church met with Mrs. Appie Baker Tuesday in business session. Nearly fifty dollars was raised on the pledge. The society hopes to raise it to sixty. Plans were completed for the benefit picture show Thursday evening at the Palace Theatre. The hostess served sandwiches, pickles, potato chips, cake and tea. The meeting will be only every two weeks for a while. The next meeting will be with the superintendent, Mrs. Blanks.

Merry Wives
Mrs. Edgar Majors was hostess for the Merry Wives Wednesday. Her guests were Mesdames Williams Oscar Majors, Lupton, J. H. Greene, Barcroft, Jim Johnson, M. C. Ratliff, Ross Dixon and T. J. Ratliff. She served escalloped oysters, crackers, pickles, fruit cake and coffee. The meeting next week will be with Mrs. O. B. Price.

SHEPHERD ITEMS.

Old Santa was real good to all the folks at Shepherd. He made his appearance early, coming on Friday afternoon, December 23, to the school house where he found a tree all bright with shining tinsel and pretty candles. While waiting for the good old man to come the children entertained their parents and friends with a program consisting of readings, songs and a short play.

B. A. Wynne and family visited the former's parents in Shackelford county during the holidays. Mrs. Iglehart and little daughter returned Saturday from Altus, Ok., where she visited her son, Conway, who is in school there. Miss Stattie Iglehart visited her aunt at Westbrook.

Mr. and Mrs. Finly and family of Snyder have just returned home from an extended visit with Mr. and Mrs. Somer. Henry Tidwell of Cuthbert has also been visiting in the same home.

Mrs. R. A. Looney and daughters, Blanche and Pauline, returned Sunday from a week's visit with the former's parents at Troupe, Texas. Miss Kate Dale has gone to Clovis, New Mexico to make her home with her sister.

E. Barber and family are moving to their new home at Knott, Texas, this week. The school resumed work Monday with several absent owing to the holidays and also a decrease in numbers brought about by changes in residences. The teachers are hoping that all will be settled soon so that pupils may have the advantage of going to school every day. The compulsory attendance law is in effect now and parents are urged to see that it is complied with.

Miss Kirkpatrick was a pleasant visitor at the school Monday. She has taught out here the two past years and her boys and girls were glad to see her again.

LONGFELLOW LOCALS

Everybody has had a good Christmas and was ready to start their work with the New Year. School opened Monday after a week of holidays, everyone was ready to make their New Year's resolution, "To do better work." There were several new pupils and several are missing on account of having moved.

Mrs. J. J. Williams and daughter Wilma spent Christmas in the H. A. Pond and F. S. Buckalew homes.

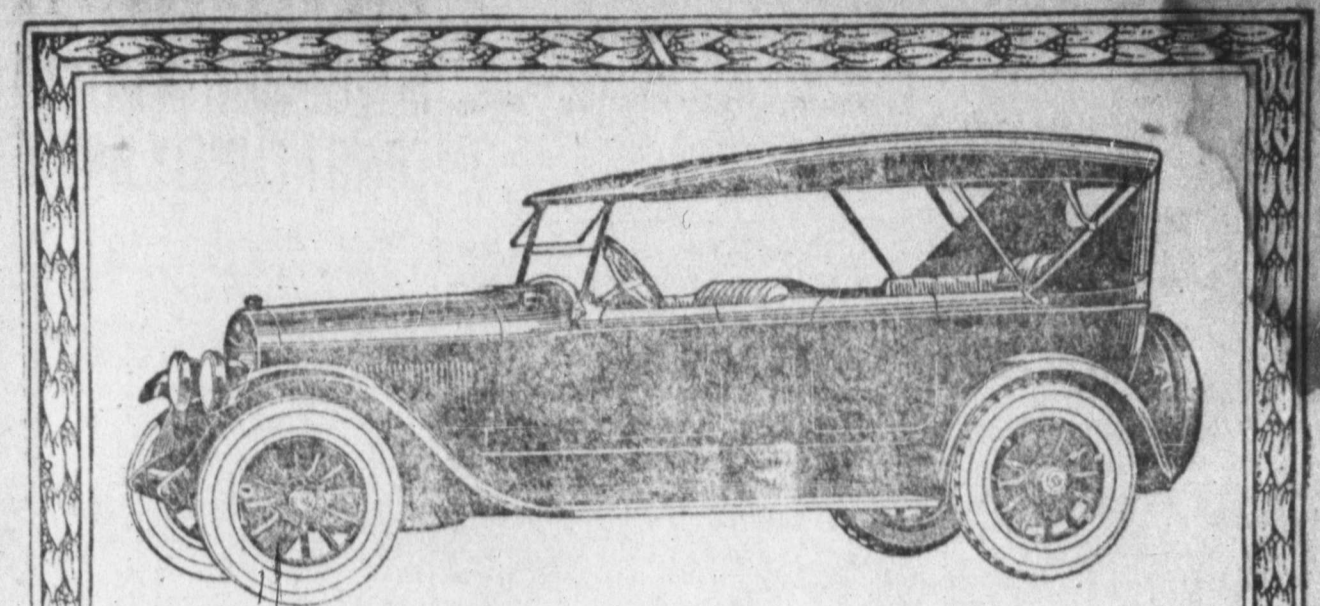

Miss Bennie Adams and Mr. John Hooks decided to make the New Year a success. We all wish them happiness in their new life.

Singing was well attended Sunday evening. We are preparing for the second Sunday which means a singing convention.

Bro. Tatum preached for us Saturday and Sunday night. Bro. Foster preached Sunday morning at eleven o'clock.

Miss Gatie and Esta Westbrook spent the latter part of Christmas week with their grandmother, Mrs. J. M. Dollinson of Cuthbert.

Thurston Smith left Monday night for Abilene where he will continue his studies in school. Mr. and Mrs. D. S. Boeman and family spent Christmas in San Angelo with relatives. Miss Bennie Adams spent Christ-

Mrs. Lister Smith of East Texas spent Christmas with her parents, Mr. and Mrs. E. R. Smith.

Billie Mints has been on the sick list this week.

Forty-two is the talk of the season. Mr. A. K. McCarley gave a 42 party Monday night. After the final game popcorn was brought out and everyone enjoyed popping it more than they did eating it.

From Nov. 29th to Dec. 21st the dining room of the Alamo Hotel had three successive managers. Business was so rushing I had no time nor disposition to say anything through the paper. Things have settled down with Mrs. Henry Moeller manager and, I am happy to say, are running equally as well or a little better than ever. While we all liked the service rendered by Mr. Wright for those many months, I believe it is the unanimous verdict of those who have tried both, that, if any preference should be expressed, it would be in favor of Mrs. Moeller. Meals are 50 cents, or by the day \$1.00.

Give us a trial for one day and make your own decision.

WESTBROOK ITEMS

The holidays being over, every body has resumed their regular routine of work. It was a very quiet Christmas for Westbrook. The Baptist had a Christmas tree on Christmas Eve night in which everybody took part. A nice program was rendered in which old Santa Claus played an important part.

On December 21, Miss Iola May and Mr. Harry M. Ferrell were united in marriage at the home of Rev. A. D. Leach. Miss May has made Westbrook her home for a number of years and has a wide circle of friends here. Mr. Ferrell is a traveling salesman for Hincley & Tandy Leather Co., of Ft. Worth and has made this town for quite a while. They have the heartiest congratulations for a long prosperous life of much happiness.

Mrs. N. O. Nowell met with quite a painful accident Sunday night while lighting a lamp her clothing became ignited from the match in some way, it is not known definitely just how she caught, as she ran from the house her clothing in flames. Her husband caught her and tore her clothing from her. Despite his quick action she was badly burned. Physicians were summoned and have worked faithfully with her. At this writing she is better and hopes of her recovery. Mr. Nowell, while extinguishing the flames burned his right hand badly, and it is feared that he will lose a hand.

C. B. Davis came in Monday night to be at the bedside of his daughter, Mrs. W. O. Nowell.

Miss Robbie Hudson returned to San Marcos Sunday night after spending the holidays at home.

Among those who entertained

during the holidays were: Miss Madolyn McCallum, with forty-two party; Mr. and Mrs. A. W. Brook entertained with a farewell party; Mr. and Mrs. B. A. Donelson entertained, both indoor and outdoor games were indulged in until a late hour. Mr. and Mrs. W. F. Bell entertained with games.

School opened Tuesday with a full attendance. Miss Bentley, teacher of primary department was absent on account of the illness of her sister, which was learned today that she died Sunday. Miss Bentley has the sincerest sympathy of her friends here.

Miss Alta Buchanan spent Sunday with her sister, Mrs. Walter Whipkey, enroute from a visit with her parents in Big Spring to her work in Commerce.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Mitchell, State of Texas, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Mitchell County, for four consecutive weeks previous to the return day hereof, I. C. Little, whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be holden in the County of Mitchell, State of Texas, at the Court House thereof, in Colorado, Texas, on the 5th day of March A. D. 1923, then and there to answer a petition filed in said Court, on the 20th day of November A. D. 1922,

in a suit numbered on the Docket of said Court No. 1385, wherein O. Lambeth is plaintiff and I. C. Little is defendant.

The nature of the plaintiffs demand being as follows, to-wit: Plaintiff alleges as follows: That on or about the 27th day of July A. D. 1922, plaintiff, at the special instance and request of defendant, sold and delivered to defendant, and several times specified in the account attached to "Plaintiff's Original Petition," and marked Exhibit A and made a part of plaintiff's petition, certain goods, wares and merchandise in said account mentioned, in consideration whereof the defendant then and there promised plaintiff to pay him the several sums of money charged therefor in said account specified, amounting to the total sum of Ninety-six and 35-100 (\$96.35) Dollars, at the expiration of thirty days from the date each item was purchased; that said account is past due and unpaid, and defendant, though often requested, has hitherto failed and refused, and still refuses to pay the same, or any part thereof, to plaintiff's damage Ninety six and 35-100 Dollars. Plaintiff prays the court for judgment for his debt, Ninety-six and 35-100 Dollars, interest and costs of suit.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Colorado, Texas, this, the Third day of January, A. D. 1923.

DEVELOPMENT IN MITCHELL COUNTY CLOSELY WATCHED

W. J. Vaughan, president of the Underwriters Finance Corporation of New York City, writes The Record an interesting article on development in Mitchell County. Mr. Vaughan, perhaps better known at Colorado as "Bill," the man to whom much credit is due for discovery of the Mitchell County field, is first vice president of the Underwriters Producing & Refining Company and during the past three years has spent several extended visits here.

Mr. Vaughan, although superintending a metropolitan business in New York City, finds time quite often to write articles for several of the leading petroleum periodicals of the country and these stories are always read with interest by the fraternity, as Mr. Vaughan is recognized as an authority and versatile writer. Articles written by him have appeared in The Record before. The article, which was received Saturday, follows:

I take this means of extending to my many friends in your wonderful little city the compliments of the season and my best wishes for a happy and prosperous New Year. While there are many things in the great city of New York to occupy the mind of busy men, I find a great deal of satisfaction in the time given to reading your valuable paper for through its columns and various other sources, I have been able to keep in constant touch with the progress of affairs in Mitchell County, and I can cheerfully say that "every day in every way your oil field grows bigger and better." Every successful business man in America has confidence in a project which starts in a small way and grows constructively—a business that does not come in with a brass band and goes out overnight, but one that comes in by degrees and continues to grow along intelligent and fundamental lines.

Since the discovery of oil in the Colorado field numerous oil fields have drawn the attention of the public through enormous headlines announcing the bringing in of gushers and some of these have passed into history—a comparison much in favor of the Colorado field, which shows since the first discovery of oil there not only a producing sand which evidently is going to produce oil over a great period of years, but one which holds up production in sufficient commercial quantities to attract the conservative investment of capital. I am firm in my conviction that during the coming year, in fact, most any day, some driller there will bring in a more substantial producer which will encourage additional activity, increase the value of leases and through this system of progression and development the field will work in the course of time into the oil fraternity with unlimited possibilities. Who can say whether or no that the Mitchell County oil field during the year 1923 will become the greatest oil producing field in the country?

The Smith well may prove to be the greatest gas well in that Western country. Of course, it may be a dry hole. That's what makes the oil game interesting. It is the spirit of adventure and business romance found in the mind and make up of the wild-catter which brings about the results now existing in your district. After they take the initial plunge conservative capital comes in, as proven by the extensive investment and operation of the Standard of California. Of course, intermingled with these conservative and very necessary elements you still have the wild-catter who will exploit your borders and assist in the great work of marking the boundaries and limitations of your productive area.

These individuals who, in more ways than one and in more than one line of industry, have been the principals in blazing the trail in this great country, especially in the development of the West, in my opinion, never receive their just dues by way of financial compensation. I certainly trust that these wonderful characters who are now amongst you working and striving to tap your oil pool will be successful in their attempt, not only for their own sake but for the general good of all who have invested money and time in the great Southwest and that the year 1923 will early find the Mitchell County oil field producing several thousand barrels of the Oleaginous Fluid into the pine lines where the hand of commerce instantly converts in into "Liquid Gold."

What a contrast! In the beginning of the year 1922 the little oil in Mitchell County was

brought to the surface and the faith was shaken in the minds and hearts of a great many people as to the possibility of it being secured in commercial quantities. Determination and the drill solved the problems in the Morrison Two, and in seven or eight short months your district has passed from a cotton growing and cattle raising one, to a genuine oil producing district, which has attracted the attention of the oil industry all over the world, as well as the expenditure of many hundreds of thousands of dollars invested within a few minutes rides of your prosperous city. Success is yours—nothing succeeds like success. A happy and prosperous New Year.

BEST THEATRE PRESENTS A SUPER WESTERN DRAMA.

Colorado picture fans will be interested in the announcement made by the management of the Best Theatre that there is being brought to this city for exhibition, the first super western ever made. This idea was recently developed by the Universal people and they at once set to work on the play, which is "Man to Man." Harry Carey is the leading star. He is such a whirlwind of action within himself that this can easily be classed as the biggest western ever made. Next Wednesday and Thursday at the Best Theatre.

COMPULSORY SCHOOL LAW

The County school trustees composed of the following men, Dr. P. C. Coleman, chairman; A. C. Gist, A. L. Scott, J. R. McCullough, and T. H. Halbert met Saturday, Dec. 30th, 1922 and employed Mr. Sam M. Smith at attendance officer for Mitchell county.

They demanded that the Compulsory Attendance Law be rigidly enforced beginning Jan. 8th, 1923.

Chapter X11, Section 294 of the Texas School laws reads as follows: "Every child in this State who is eight years old and not more than fourteen years old shall be required to attend the public schools in the district of its residence, or in some other district to which it may be transferred, as provided by law, for a period of not less than 100 days for the scholastic year 1922-1923; provided that no child shall be required to attend school for a longer period than the maximum term of public school in the district where such child resides.

There is a penalty of \$5.00 for the first offense and \$10.00 for the second offense for failure to attend, which shall be imposed upon the parent or guardian of such child.

The Attendance Officer and the County Attorney have been instructed by the County School Trustees to enforce this law.

They were not the originators or makers of this law, but as Officers it is their duty to enforce it.

We hope and expect every parent and teacher in this county to cooperate with our officers in the enforcement of this law.

Very respectfully yours, J. C. HALL, Ex-officio county superintendent of schools, Mitchell County, Texas. 1-5c

Keeping What You Have

MANY men who spend most of their lives working hard to secure a competence for themselves and families lose sight of the fact that it takes thoughtful planning to keep the money they have saved. An ill-considered speculation or an unwise business venture may wipe out the proceeds of years of labor.

For forty years we have helped people to keep and add to the money they have saved. We specialize in the personal banking service needed by thrifty and thoughtful men and women who wish to secure to themselves and families the benefits of what they have accumulated.

In fact nothing gives us greater satisfaction than the thought that we have helped and are helping thousands to secure a competence and preserve its benefits for themselves and families.

Death of Mrs. H. A. Scott

The entire town was shocked and saddened when the news was received here Friday night about mid-night that Mrs. Novellene Porter Scott had died at a sanatorium in Oklahoma City, after an illness of three weeks. The body accompanied by H. A. Scott, husband; Mrs. Walter Morton of Okmulgee, an aunt, and Mrs. Billie Walker of Dallas, also an aunt of the deceased, arrived in Loraine Sunday night and was taken to the home of Mr. and Mrs. Frank Eiden. The funeral services were held at the Baptist church Monday afternoon at 2:30 by her former pastor, Rev. G. C. Farris of Sweetwater assisted by Rev. Ledbetter, pastor of the Christian church at Roscoe. Mrs. Scott was the oldest daughter of Mr. and Mrs. T. B. Porter of the Champion community. She was born Dec. 27, 1900, at Arzyle, Denton County, Texas, but moved with her parents to Loraine when quite small and has spent most of her life here. After finishing school here in 1918, she attended the Okmulgee high school one year, The William Wood Female college one year and taught one year. At the time of her death she was a student of the University at Norman, Oklahoma. She was married to Mr. Herbert A. Scott of Norman, Oct. 21,

1922. She professed faith in Jesus as her Savior in 1913 and joined the Baptist church of which she was a member till a short time ago when she joined the Christian church with her husband. Not only does Loraine grieve over this irreparable loss but from far and near come the lamentations of those who revered this admirable character. While it seems to us she was called away so young and just when her life's work seemed only begun, we are made to think of the old saying, "The good die young." Part of the class of 1918 of which she was a member, were present and Allen Kuykendall, Worth Bruce, Charlie Thompson, Benton Templeton, Charlie Coffee and Prof. J. S. Rives acted as pall bearers. Many were the floral offerings, silent messages of love from friends here and elsewhere. She leaves a young husband, her parents, one sister and three brothers besides other near and dear relatives and friends to mourn her loss, to whom sympathy of all our little city is extended.

Mrs. Homer Smith and son, Carlos, who have been visiting in the M. F. Hall home returned Sunday to their home at Ft. Worth.

Rev. W. D. Green and wife of Big Spring were Loraine visitors Saturday.

Mrs. Mary Ann Mahon Dies.

Mrs. Mary Ann Mahon who for 14 years has been a resident of this county, died Friday at 12:30 p. m. at the home of her son, J. K. Mahon, who lives several miles north of Loraine. The funeral services were conducted at the Methodist church Saturday afternoon at three o'clock by Rev. Thornton, pastor of the Baptist church. Grandmother Mahon though 91 years old, enjoyed very good health till about two weeks ago when she took ill, growing steadily worse until the end came quietly and gently and she passed peacefully into the great beyond. Mrs. Mahon was born in Tennessee March 15, 1831. She moved with her parents some years later to Louisiana where she was married. She was the mother of seven children, but only two of them survive her, death having claimed the others and their father some years ago. The one son and one daughter who still survive her, J. K. Mahon and Miss Laura Mahon, were with their mother at the time of her death. Mrs. Mahon had lived a useful Christian life, having been a consistent member of the Cumberland Presbyterian church since early in life. The relatives and close friends left to mourn her passing have the sympathy of our entire people in their sorrow.

Married

Saturday afternoon at six thirty o'clock Miss Nola Henderson and Mr. James Bennett were married at the home of the groom's brother, T. R. Bennett, Rev. W. D. Green of Big Spring officiating. Only a few relatives and close friends witnessed the ceremony. Miss Nola is the daughter of Mr. and Mrs. N. L. Henderson, who live north of town and is one of the most popular young ladies of her community. The groom is the son of Mr. and Mrs. J. F. Bennett of Lone Star and is a young man of steady and industrious habits.

They both have a host of warm friends in Loraine as well as in their own communities who wish for them their share of life's joys.

Mr. and Mrs. Bennett will make their home on a farm in the Lone Star community.

Turkey Dinner

Mrs. S. D. Dunnahoo celebrated her husband's 51st birthday anniversary with a big turkey dinner Sunday. Among those who helped Mr. Dunnahoo enjoy the feast and wish for him many happy returns of the day were, Mr. and Mrs. Barna Haney and children of Roscoe; Tom Cowan of Sweetwater; R. A. Edwards and family and Mr. and Mrs. L. W. Rhodes. The hostess is quite famous for her delicious dinners and this one was reported to be no exception to the rule.

Card of Thanks

We appreciate beyond our ability to express the many tokens of kindness and sympathy extended us during the illness and death of our mother and grandmother. You, the friends of her and of us, helped us to bear our sorrow more bravely and to reciprocate we invoke the blessings of God on all of you.

Thompson of Colorado, A. W. Thompson and family and Jeff Collins and family of Coahoma and Mr. and Mrs. J. F. Bennett and son, Virgil of the Lone Star community. The delicious dinner ably proved the culinary art of the hostess and all the guests reported a very enjoyable day.

R. B. Terrell of Colorado was a Loraine visitor Sunday.

Miss Earle Smith who has been visiting her cousin, Mrs. Jarry Walker, returned the latter part of last week to her home at Dexter, N. Mex.

Miss Dorothy Foreacer of Dallas was the guest of Miss Florence Watlington from Saturday till Tuesday.

Prof. J. S. Rives of Sweetwater was shaking hands with his many friends here Sunday and Monday.

Mr. and Mrs. J. T. R. and daughter, Miss Dorcas, and C. C. Reeder and family left Wednesday for Ft. Worth to visit G. C. Reeder and family.

J. F. Hiser and family moved last week from south of town to their new home, which has just been completed in the Lone Star community north of town.

RENT PROBLEM SOLVED IN WALLACE REID'S NEW PARAMOUNT PICTURE

Wallace Reid and Lila Lee in a scene from the Paramount picture "Rent Free"

You who have had trouble with the landlord over raises in rent or who have found it impossible to rent a house at all, should consider the solution offered by "Rent Free," Wallace Reid's clever new Paramount picture which is to be shown at the Palace Theatre next Monday. Mr. Reid plays the part of a young artist who is in low financial straits after a break with his father, a lawyer. He takes to the roof when his money gives out and lives and works there in a tent. He meets a girl (Lila Lee) who is in similar financial difficulties and a love affair develops.

Possibly it may be news to some that in New York there are one or two fine bungalows built on the tops of skyscrapers in the heart of the city—but these would command big rentals.

However—a tent ought to come cheap. Why not try it out next time you are facing a housing problem? The air is fine and the summer breeze would be cooler "up in the air." Edward Higgin directed this picture.

IN MEMORIAM

Brother James H. Vaughan, who died Sunday, October 22, 1922. Whereas, it has been the will of the Great Creator of the Universe to call Brother James H. Vaughan from labor on earth to rest and immortality in the Grand Lodge above, where the Supreme Grand Master resides; therefore,

BE IT RESOLVED, that we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict from the East, yet we mourn the death of our brother, whom we shall never meet again at the altar of Masonry, until we gain admission into the Celestial Lodge on high, where he has preceded us; and we deplore his loss to the fraternity, his family, his friends; He was a just and upright Masonry a useful citizen, a sincere friend and an obliging neighbor, a man who endeavored always to perform every duty to his God, his country, his family, his lodge and himself, honestly, faithfully and well.

Resolved, that in token of our sincerity, friendship and sympathy in the dark hour of this great affliction, and as a pledge of our fidelity to the memory of our deceased brother, we extend to the bereaved family the fraternal right hand of Free and Accepted Masons, and with the assurance that the Great Light given of God to man, will guide them safely to that spiritual building, not made with hands, eternal in the heavens where the broken circle shall be reunited never again to be parted and where we shall all dwell together in peace and happiness forever and ever.

NEW OFFICERS SWORN IN MONDAY MORNING

The three new county officers, Irvin W. Terry, sheriff and tax collector; R. H. Ratliff, county attorney and Roy W. Warren, tax assessor, were sworn in Monday morning and have assumed the duties of their respective offices. Two new county commissioners were also inducted into office Monday. These are John Lane, commissioner of Precinct No. 3, and W. C. McAdams, commissioner of Precinct No. 4.

CHESNEY PLANS RETURN TO QUIET OF STOCKMAN

"I am quite sure that I will return to the quiet of the farm," W. J. Chesney, sheriff of Mitchell County for the past four years, stated Wednesday afternoon when asked as to what his plans for the future may be. Chesney became a private citizen Monday when I. W. Terry was inducted into the office of sheriff and tax collector. The former sheriff will spend a few days at the office, pending final checking of his records by Commissioners' Court. The final report is being compiled this week by Chas. Franklin, office deputy.

During the four years Chesney was sheriff of Mitchell County more than fifty felony indictments were returned by the grand jury of the county. Of the defendants in these cases, only one successfully eluded Chesney and made good his escape. This is a man wanted for an offense committed at Lorraine in 1900. He returned to Colorado Christmas day with a man captured in Henderson County and has another prisoner in jail at Breckenridge.

POINTS THE WAY OUT

The Statement of This Iatan Resident Will Interest Our Readers

Our neighboring town, Iatan, points the way in the words of one of its most respected residents:

W. G. Sweatt, farmer, Iatan, Texas says: "I was troubled considerably with my back, which was caused from bending over a whole lot, especially during harvesting time. I was often in misery from the pains in the small of my back. This trouble caused me to have spells of nervousness and there were times I could hardly write, as I would shake like a leaf. I had to get up three or four times on account of the too free action of my kidneys. A few Doan's Kidney Pills eased the pains and I could get around and bend without any exertion. When I finished one box of Doan's, I was entirely relieved."
