

BLIZZARD WEATHER HOLDS COLORADO SEVERAL DAYS

The worst blizzard by odds to grip the Colorado section arrived Friday night of last week and lasted until Tuesday. The cold snap was heralded by a brisk "norther" which arrived here shortly after midnight Friday and the temperature continued to register a gradual drop until Sunday morning when the thermometer stood within 13 degrees above zero. By 10 o'clock Sunday morning the temperature registered 18 degrees above.

Sunday night and throughout most of the day Monday one of the heaviest snows recorded here in several years fell at Colorado and over the entire Colorado section. The precipitation at Colorado is estimated to have been four inches. At 10 o'clock Monday morning the snow began to melt away but snow flurries at frequent intervals continued to cover the ground until almost nightfall. With a gradual moderation in temperature, however, the snow gradually melted and by Tuesday night but little remained.

Farmers from almost every community of the county were in Colorado during the day Tuesday and they report their farms in excellent condition as a result of the recent rains, the freeze and snow. A bottom season is in the ground, they state, and prospects for a good crop year in 1923 are flattering. W. A. Dulin, county farm agent, stated Monday that more than the usual amount of rain had fallen over Mitchell County during the month of January.

The rain extending over much of West Texas Thursday night of last week was light at Colorado, the precipitation being 20 hundredths of an inch. At Lorraine, however, the rain was much heavier. Almost two inches fell at Sweetwater and surface tanks in the vicinity of Sweetwater and Roscoe were reported to be running over Friday.

The farms of Mitchell County were never in better condition for early spring plowing, according to Dulin, who called attention to the fact that the freeze would serve to minutely pulverize the ground. He is of the opinion that a large acreage will be planted to early sorghums and other feed crops this year.

BLIZZARD WEATHER IS HANDICAP TO DEVELOPMENT

Drilling at practically every test in the field was delayed during the past week because of the blizzard weather. Water lines at several tests were burst from freezing and in other instances the water supply was hard to furnish on account of the cold.

Drilling at Smartt No. 1 of S. A. Sloan and associates, was among the tests delayed because of the general freeze-up. Sloan stated Monday that practically all his water lines had been placed out of commission. With the return of warmer weather after the first of the week, however, drilling is being resumed.

GREENE IMPROVING LOCAL UNDERTAKING EQUIPMENT

J. H. Greene, proprietor of Greene's undertaking business at Colorado, returned Friday from Tyler where he purchased additional equipment for his undertaking business at Colorado. Among the new equipment is a Cadillac hearse.

Mr. Greene will occupy the new brick building being constructed by Greene & Johnson on Walnut street as the home of his undertaking business. Plans of the building show that it is to be one of the most attractive business structures of the city. A large room in the building is to be equipped as a chapel for the use of patrons.

1518 MOTOR VEHICLE LICENSE ISSUED IN COUNTY

A total of 1518 motor vehicle license number plates have been issued in Mitchell County, I. W. Terry, tax collector stated Tuesday.

100 MEMBERS IS GOAL SET BY SCOUT MASTER

Putting into practice his slogan to "Build Men of Our Boys," Rev. W. M. Elliott, Colorado Scout Master, has set as his goal 100 members for the local organization. Rev. Mr. Elliott and his assistant in this work, W. B. Crockett, are devoting much of their time to the scout movement at Colorado and are extending the appeal to every civic organization of the city to lend co-operation in the campaign to reach the boy.

The Colorado Lions Club, representing practically every business enterprise of the city, has pledged its moral and financial support to the scout master in this work. An initial fund for the scout treasury was subscribed by the Lions at a recent luncheon and from the club was sent out the request that the entire citizenship of the city follow this initiative. In speaking of this matter Monday evening at the Lions banquet, C. M. Adams expressed the hope that Colorado would do its full duty in giving support to the movement.

On Friday evening, February 16th the scout leaders and members of the boy scouts at Colorado are to be guests of the Lions Club at a banquet at the Barcroft. At this meeting definite plans for success of the campaign will be worked out.

One of the principal addresses delivered Monday evening at the Lions banquet was by Rev. Mr. Elliott, in which he outlined some of the disadvantages confronting the boy of today and offered solutions for overcoming them. "After the average boy attains the age of twelve years," he said, "he passes out from the influence of his mother and looks to his father or some other man as his ideal. If his father or the other man whom that boy seeks to pattern after is not the true type of citizen he should be, the boy is doomed to misfortune unless some intervening mediator is brought into his life. We want to become the companions of these boys and place them in that attitude to cause them to pattern after the best there is in citizenship."

The statement of Rev. Mr. Elliott that when a community stopped to take within its confidence a struggling boy and placed him in that atmosphere which would make of him the man he ought to be, caused a generous round of applause. "When you see a boy doing something wrong, do not report him to the officers, but report his delinquency to me. It is our mission to help him grow into a man."

SWEETWATER AND COLORADO BANDS APPEAR IN CONCERT

A popular program of concert music was rendered by the Sweetwater and Colorado bands Sunday afternoon at three o'clock at the Methodist church. The program had been announced for the week, but because of the bitter cold the church was used instead.

With the thermometer several degrees below freezing and the church auditorium uncomfortably cold because of the absence of the janitor, a large and appreciative crowd sat throughout the program of one hour. The band received much applause.

WEST TEXAS COMMERCIAL SCHOOL MAKING PROGRESS

Alton H. Perry, president of the West Texas Commercial College, stated Wednesday that the school was doing excellent work. Perry expressed the belief that additional students would be enrolled before the first of March, and he is already outlining plans for a full enrollment during the summer.

Perry opened a school at Lamesa last week with an initial enrollment of thirty-two students.

Located in Fort Worth

The friends of Mrs. J. W. Nunn will be interested to learn that she has settled in Fort Worth. She bought the rooming house from Mrs. Obie Avery and now has charge of it. Her many friends here wish her success. Robert is in business school in Ft. Worth.

LIONS ENTERTAIN WITH BANQUET AT BARCROFT

Lions, lionesses and their guests, numbering almost one hundred, gathered at the Barcroft Hotel Monday evening for the "Second Jungle Roar," of the Colorado Lions Club. The program consisted of addresses, music, readings, comedy features and concert programs received over the radio. Among the out-of-town guests were John McCurdy, secretary of the Board of City Development, Sweetwater, and Miss Mabel Spann, home demonstration agent of Nolan County each of whom delivered addresses. Others to speak were:

L. W. Sandusky, using the subject: "Yesterday, Today and Tomorrow"; "Building of Men out of Boys," Rev. W. M. Elliott; "Possibilities of Usefulness in a Lions Club," Rev. D. R. Hardison; "Material Possibilities of Colorado and Its Citizenship," Rev. M. C. Bishop. The lions code of ethics, the pre-amble and other interesting features characterizing a Lion were given in readings by J. M. Thomas, T. W. Stoner and Col. C. M. Adams.

The musical program, which was conceded as one of the best ever rendered in the city, was given by Misses Louise Hardison and Gladys Steadham, Thos. Dawes, Raymond Jones and M. S. Goldman. Mr. Dawes in a piano solo, gave a selection of his own composition, "Three Piano Minutines," which was only a few months ago pronounced by a prominent critic of London to be a masterpiece. The Dawes composition is now being published in London.

In delivering an address in response to the address of welcome, Mr. McCurdy praised the citizenship of Colorado for the enviable distinction they hold as being a forward looking, progressive people. "I remember having heard my father speak of Colorado as a city of refinement and the center of all that was good in the way of education, society and good citizenship," he said. He praised the progressive spirit of the city, as shown by the manner in which programs for a better Colorado are supported here.

Miss Spann told of some of the conditions to be met by a home demonstration agent and pled for the people of Colorado and Mitchell County to co-operate with Miss Laceywell in her work here. "The agent who comes into her county as the representative of the Extension Department, A. & M. College, cannot accomplish all that she would like to accomplish, nor all that the college desires her to accomplish, unless she is given full co-operation by the people she is striving to serve."

Each of the local speakers delivered interesting addresses and these were interspersed with anecdotes and interesting readings by the president. The Barcroft service was never a more pronounced success than the dinner served. Many of the Lions declared that the occasion surpassed even the initial ladies night banquet, which was acclaimed to have been the most successful social event in Colorado for years.

WHIPKEY TO DALLAS FOR NEW THEATRE EQUIPMENT

W. W. Whipkey, owner of the Palace Theatre, left Thursday night for Dallas to purchase a new projecting machine and other equipment for the theatre. The interior of the building is being newly decorated and the management has announced that no expense is to be spared in making the Palace one of the best motion picture houses in this section of the State.

TATOM PAYS FINE OF \$100 ON CHECK RAISING CHARGE

A. G. Tatom, oil field worker, paid a fine of \$100 and costs in Judge Hall's court Monday after a plea of guilty to charges of raising a check. The check, made out for \$4.50, was given Tatom by a local citizen. He was charged with having raised the check to \$40.50.

COLORADO IDEAL LOCATION FOR MILL, VISITOR SAYS

Colorado offers unusual advantages for the successful operation of cotton mills, according to M. E. Waters, Dallas financier, who spent several hours here Saturday. Waters was on a trip of inspection of the leading towns in the cotton producing area of Central West Texas and declared that he had not visited a place in this part of the State in which all the requirements of the mill operator were so nearly met as at Colorado.

"The policy we of Texas have been following in the past of shipping our raw cotton to the Atlantic Coast and New England to be manufactured into mill products and then returned to the place where it was produced for consumption is contrary to every condition of practical methods," he stated. "The only trouble with us Texas people is, as I see it, we are some two or three generations behind other parts of America in our manufacturing program."

Waters expressed the belief that it would be the matter of only a few years when cotton mills would be in operation throughout this State, especially in those sections where the production of the staple is large. "Mill men and capitalists in other lines of manufacture have their eyes on Texas and soon they will begin bringing their capital here to help themselves by helping us keep Texas money in Texas."

Texas is producing one-fifth of the cotton of the United States, according to Waters, and yet the State is insignificant in importance in the light of its mill industries. "Carolina, a State less than one-fifth the size of the Lone Star State, has more than three hundred cotton mills and statistics show they are operating successfully. Mills are now being built at some points in this State, but rather than building them one at a time, we should build them by the hundred."

"There is not a conservative business man who will deny the fact that these industrial mills are a big success. You have a mill at Post and this mill has proven a financial success from the day it was opened, although it is small and for a time was operated in a section of Texas bordering on the Western edge of cotton production."

When asked some of the reasons leading him to believe Colorado an ideal location for cotton mills, Waters stated that the first consideration was in the fact that Mitchell and surrounding counties were dependable as cotton producers, from year to year. The record of cotton production in this county during the past four years was cited as proof of the statement, in so far as Mitchell County was concerned. Promise of cheap fuel from the adjacent oil field the climatic conditions and water supply were other favorable conditions cited.

ALABAMA MINSTRELS WILL BE PLAYED AT COLORADO

"The Alabama Minstrels" is the title of the bill to be played here by the Oran C. Hooker Post, American Legion within the next few weeks, according to announcement of Jack Helton, post commander. Helton stated that the minstrel would be given at the High School auditorium and that proceeds derived from ticket sales would go to the Memorial Hut fund.

Included in the character cast are such well known comedians as Joe Pond, Sam Sloan and Alvin Myhre. Fourteen characters will appear in the cast. Sam Goldman will direct an orchestra to furnish music.

DIRT BROKEN FOR BRICK AND CONCRETE BUILDING

Dirt was broken Thursday of last week for the Greene & Johnson building, on Walnut street. The building, to be twenty-five by eighty feet, will join the Whipkey building on the south. Construction is being superintended by J. E. Pond, local contractor.

COURT HOUSE BONDS TO BE SOLD FEBRUARY 15

Bids for the purchase of the Mitchell County court house bonds are to be opened Wednesday of next week by Commissioners' Court, J. C. Hall, county judge, stated Wednesday of this week. Hall stated that bond brokers in various parts of the county were negotiating purchase of the issue. The bonds, which are serials and bearing five per cent interest, were voted by almost two to one on January 27th. The issue is for \$115,000.

On the following day, Thursday, February 15th, the commissioners will employ an architect to superintend construction of the new building. It was learned Wednesday that several architects would seek to receive contract from Commissioners' Court to direct this work. At a meeting of the Boosters Club held a few weeks ago, the resolution requesting Commissioners' Court to give Colorado architects an opportunity to do this work was passed. Transcript of the bonds is being prepared by Dallas attorneys and should be ready for presentation to the attorney general within the next week.

COLORADO BAND WILL GO TO SAN ANGELO MEETING

The Colorado Booster Band will be on hand for the Fifth Annual Convention of the West Texas Chamber of Commerce convention at San Angelo, May 21, 22 and 23, and will be given the moral and financial support of this city in entering the band contest there, according to the tone of addresses made by members of the Colorado Lions Club Friday. The band was described as one of the very best in West Texas and an asset worth much to Colorado.

The president was directed to name a committee to represent the club in completing arrangements for making the trip to the convention. Col. Adams, president of the club, announced that the committee would be named later.

PAVING PETITION MEETS SMALL OPPOSITION IN CITY

"It will hit me hard in a financial way, but I consider it a good investment," was the statement of O. Lambeth, one of the largest property owners in the business district, when presented with the petition asking the city council to order an election to determine whether the General Paving Laws shall be adopted here. Practically all of the property owners to be directly affected are viewing the proposed paving "with the same spirit, it is claimed."

Mr. Lambeth owns more than a block of frontage on West Second street, included in preliminary plans for the initial paving contract, should the paving be done.

DR. WHITE TO SPEAK ON CONDITIONS IN HOLY LAND

Dr. J. W. White, field worker for the Texas Division, Near East Relief, will deliver an address at the First Methodist church Sunday evening at 7:15. The address of Dr. White will deal with conditions in the Holy land today, with special reference to suffering and privation to which the people in the Near East are being subjected as the result of devastation coming to them during the recent war.

The picture, "Seeing is Believing" photographed in the Holy Land, will be shown at the Palace Theatre Sunday afternoon at three o'clock. No admission charges will be made. The address of Dr. White, together with the picture had been advertised for last Sunday but on account of illness in his family, he left Colorado Saturday for his home at Paris.

We yield to none in reverence for the Bible. We believe it is God's greatest Book ever written. We believe it gives a correct account of creation, in spite of the highbrow evolutionists and revolutionists in all the world, ancient and modern, but we oppose any law to compel teachers to read the Sacred Scriptures in the Texas Public Schools.

INCREASED DEVELOPMENT EXPECTED AT EARLY DATE

Operators in the field are slowly completing repairs to bursted water lines following the general freeze-up during the blizzard lasting several days of this and last week and it was stated Thursday that drilling would be resumed at a majority of the tests by Saturday. The drilling wells were not alone in being tied up because of the severe cold. Reports from the field show that the pumpers have been idle much of the time since Saturday.

With the tests of the California Company, in Section 27, Block 28, and the Gulf Production Company in Block 14 of the G. A. O'Keefe subdivision spudding, drilling about ready to start up at a number of tests and Smartt No. 1 of S. A. Sloan, et al., in section 21, block 28, and Smith No. 1, being drilled by J. F. Carey et al., in the Nat Smith survey nearing the Morrison pay, with excellent prospects of good commercial wells, optimism is prevalent among the local oil men.

That several new locations are to be made in the field within the next ninety days is credited with authenticity by some of the larger operators in the county. Among the new tests now practically assured is one to be drilled on acreage being blocked near Lorraine.

MUNICIPAL LIGHT AND POWER PLANT SUGGESTED

That a municipally owned light and power plant would prove a success from the start, was stated by Rev. D. R. Hardison in an address before the Lions Club Friday at the Barcroft. Rev. Mr. Hardison was secretary of the Chamber of Commerce at Brady when such a plant was built there and gave an interesting outline as to how the plant was built and of its subsequent success.

The club has taken no action in this matter, however, although addresses advocating that a municipal plant be erected at Colorado have been delivered before the organization from time to time. A representative of the Fairbanks-Morse Company was here last week to negotiate sale of a plant to the city, but it is problematical to suggest what will be done in the premises.

THE PASSON PLAY WILL BE SHOWN AT THE PALACE

W. W. Whipkey, manager of the Palace Theatre, stated Thursday that The Passon Play, the religious pageant given once in every ten years at Oberammergau, Germany, would be shown on the screen at the Palace Thursday night of next week.

The first Passon Play of which there is any record was in the Fourth Century, A. D., among the Greeks. During the Middle Ages dramas of this nature were portrayed, chiefly by religious orders. The play was first staged in Oberammergau in 1633, following a terrible plague.

CATTLE NOT INJURED BY SNOW AND COLD WEATHER

Jack Smith of the south end of the county telephoned The Record Tuesday afternoon that the rain there totaled one and one-half inches Thursday night. Snow covered the ground a depth of three inches in his community. Livestock in that section of the county were not injured by the blizzard, Smith stated. He was killing hogs Tuesday and stated that one of the animals dressed 840 pounds.

ALLEGED SWINDLER MAKES BOND AND IS RELEASED

T. W. Fowler, arrested recently by the sheriff's department on information filed by A. C. Gist on a charge of swindling, was released from custody Monday, following a preliminary hearing before Judge J. C. Hall. Fowler, who claimed Naples as his home, is charged with having swindled the prosecuting witness out of the sum of \$250.00. He furnished bond in the sum of \$200 pending appearance before the grand jury.

PALACE THEATRE

Thursday, February 8th

SPLENDID PROGRAM FEATURE COMBINED BAND CONCERT

WITH THE CHURCHES

SUNDAY WITH THE BAPTISTS.

Last Sunday was a "freezer." The men all "froze up." We hope however, that next Sunday will be better that is, more men will come to church.

9:45, Sunday school.
11:00, Preaching.
2:30, Junior B. Y. P. U.
6:00, Senior B. Y. P. U.
7:00, Preaching.

You are invited to be present.
M. C. BISHOP.

AT THE METHODIST CHURCH

Last Sunday was an off day with us, largely on account of the severe cold. Only sixty-five were out to Sunday school and the little congregation remaining for church services numbered thirty-nine. No services were attempted Sunday evening.

We are striving to get out of the habit of being late for Sunday school. We want 200 to be present promptly at 9:45 next Sunday morning when school opens.

Rev. M. L. Moody will preach at 11 o'clock. Come and hear him. At 7:15 the pulpit will be filled by Dr. J. W. White, field worker for the Near East Relief. The League will meet at 6:15.

J. F. LAWLIS.

CHURCH OF CHRIST

Elder M. L. Vaughan of Abilene will hold services at the Church of Christ on Saturday night, Sunday and Sunday night. Hear him.

AT PRESBYTERIAN CHURCH

Sunday school at 9:45 a. m. J. M. Thomas, superintendent. Classes for all ages and grades.

Sermon and worship at 11 a. m. Union service at Methodist church Sunday night in the interest of the "Near East Relief."

Sunday school at Horns school house at 3:30 Jerold Riordan, superintendent.

W. M. ELLIOTT, Pastor.

Facing a blizzardly north wind that had the thermometer playing peek-a-boo with the zero mark, with heavy elements which made the day dark and extremely cold, the Colorado Booster Band and members from the local Booster Band went to the First Methodist church in Colorado Sunday afternoon shortly after 3 o'clock and rendered possibly one of the best band concerts ever undertaken in that city. The band was in splendid form and each musician exhibited rare ability in rendering the higher class overtures. Other difficult compositions were ably executed.

Following the conclusion of each selection, the band was greeted with a warm and hearty applause, of which the coming professionals received with deep appreciation.

The main auditorium of the church was well filled, there being many more in attendance than was expected, owing to the extremely cold weather preventing hundreds from being present who had made arrangements to attend this occasion the day before.

Among the ladies attending from Sweetwater by auto were Mrs. M. C. Manroe and her mother, Mrs. Henderson. A number of other Sweetwater people were in Colorado for the concert.—Sweetwater Reporter.

What was her last payment, after spending her life in frivolity? See Pola Negri in "The Last Payment" at the Palace Theatre Friday, Feb. 9, and one of the most dramatic finales ever seen in any motion picture will give you not one, but a dozen thrills.

EVERY WEDNESDAY AND THURSDAY IN FEBRUARY

Beginning next Wednesday, and Thursday, February 14 and 15, the Best Theatre will inaugurate a system which many large cities such as St. Louis, Kansas City, Chicago and Dallas have started by admitting to one performance a whole family for fifty cents. Many of their patrons have already announced their intentions to take advantage of this privilege and a special section will be reserved for any who desire same.

WESTBROOK ITEMS

J. B. McKinney and family were called to Longworth to attend the bedside of their sister, who later was reported dead. We have not learned when and where they will bury her.

O. N. Wallace who has been employed by Mr. Riley rigging up at the California Company location on the old Hasting section left for Ranger to spend a few days with the home folks.

Messrs. Sloan, Carey and Owens were in Westbrook Wednesday looking after their interest in the Westbrook oil field.

Bro. A. D. Leach is moving to Colorado and the people of Westbrook regret very much to see him leave however, if he can better himself they will be glad for him as he is certainly a man who well deserves

BEST THEATRE

BROADDUS & SON

Conway vs. Westbrook.
Last Friday, February 3, Conway ball team motored to Westbrook for a game of basket ball. The game started at 3 o'clock with the following line-up. Murphy Byrd center jumper and a good one too. Robert Locke and Dennis Conway guards. These did their duty also, Frank Montgomery and Claud Caloway tossed goal and we know what good tosses they make. At the end of the first half the score was 4 to 3 in favor of Westbrook. The second half the Conway boys made 7 scores but the Westbrook players were "tired" out and didn't even score. The final score standing 10 to 4 in favor of Conway.—Reporter.

Potash Deposits in West Texas
Representative Baldwin having become convinced that University lands in West Texas contain vast quantities of potash, offering a source of wealth in excess of the value of the land itself, has recommended that the bill providing for the sale of the University lands be killed.

Mr. Baldwin was author of the bill to authorize the sale of these lands.

Potash has been found in several tests in the Big Spring section and measures leading to a thorough test for potash in this section are now assured. We expect to have an important announcement in reference to potash development before a very great while.—Big Spring Herald.

W. O. Kent, editor of the Stanton Reporter was a business visitor here Monday. Mr. Kent states that the recent bond election for a new \$40,000 school building carried by a vote of two to one so they are assured a fine school building by next September. Much of the brick in the old school building can be used in constructing the new building.—Big Spring Herald.

the best in this life and we feel that he will be of great value in any town he may make his home.

There is a number of cases of la grippe in town and surrounding country but most of them are reported improving and we hope they will all soon be up and well again.

Van Boston is riding in a new Ford coupe. Seems as though every one is prosperous in this section of the county and we are glad for them.

G. T. Warner is sporting a new Ford.

Owing to the bad cold weather the progress in the oil field has been checked up for several days but things are beginning to move again now with a renewed energy and we look for big things in the next few months. Prospects are very good.

Mrs. J. E. Lasseter and her little granddaughter, Mary Florence Van Horn, have been on the sick list for several days but we are glad to report both of them improving rapidly now.

L. Hazelwood had his arm broken not long since while cranking his truck.

Albert Young has been quite busy fencing his land he bought south of town.

Keeping What You Have

MANY men who spend most of their lives working hard to secure a competence for themselves and families lose sight of the fact that it takes thoughtful planning to keep the money they have saved. An ill-considered speculation or an unwise business venture may wipe out the proceeds of years of labor.

For forty years we have helped people to keep and add to the money they have saved. We specialize in the personal banking service needed by thrifty and thoughtful men and women who wish to secure to themselves and families the benefits of what they have accumulated.

In fact nothing gives us greater satisfaction than the thought that we have helped and are helping thousands to secure a competence and preserve its benefits for themselves and families.

GENUINE "BULL" DURHAM TOBACCO

D. W. GRIFFITH PRESENTS "ORPHANS OF THE STORM"

The management of the Best Theatre announces that it has made special arrangements with Mr. David Wark Griffith, the greatest producer of modern times, to present in Colorado on March 5, 6, 7, his latest and biggest success, "Orphans of the Storm." It will be remembered that the Best Theatre was practically the first playhouse in the whole State of Texas to engage Mr. Griffith's recent domestic comedy special "Way Down East" and was also among the first to show the great war picture, "Birth of a Nation." For this reason, Mr. Griffith, through the proper representatives, has made special concessions in presenting this drama to the people of Colorado and surrounding community. The story itself is based on actual historical fact of the French Revolutionary Period and the producer has lifted the lid off the expense account in gathering these facts. Three of the present world historians were engaged for over a year in collecting data and subject matter for this wonderful play, "Orphans of the Storm."

Amarillo's New High School Building

Amarillo's new \$160,000 high school building, just completed at Twelfth and Polk streets, by the F. Bone Constuction Company of Amarillo, will be ready for occupancy Wednesday, Superintendent W. A. McIntosh said Saturday. Some of the new furniture and fixtures have not been placed, and for that reason the building will not be ready to receive its entire student body for several days.

The new building, said to be one of the finest school structures in the entire Southwest, is of graceful and attractive architecture, modern in every detail and well built throughout. Every convenience incident to a school plant of its character has been provided, and the school officials are well pleased with the result.

GARZA COUNTY TO BUILD COURT HOUSE COSTING \$80,000

POST, Texas, Feb. 5.—Contract for the Garza County court house was awarded to Fred Bone Constuction company of Amarillo. The heating contract was awarded to R. G. Smith & Company of Fort Worth, plumbing to James Sampson of Post, face brick to the Acme Brick company of Fort worth.

All bids for jail equipment were rejected. The approximate cost of the court house will be \$80,000, including heating and plumbing.

A party of young people, comprising membership of the Epworth League of the First Methodist church went to Seven Wells Friday afternoon for a picnic. Lunch was served on the rocks near the springs. The outing was arranged by Miss Sallie Herrington, president of the League.

NEAR EAST PROGRAM IS NOT HELD SUNDAY NIGHT

Rev. J. W. White, representative of the Near East relief work in Texas, returned to his home at Paris Saturday to be with Mrs. White, who was reported to be seriously ill. His absence from the city cancelled the Near East programs previously announced for the Palace Sunday afternoon and the Methodist church Sunday evening.

Rev. Mr. White stated that he would return to Colorado as soon as he could leave his family and carry out the program as arranged for last Sunday.

METHODIST PASTOR IMPROVES

Rev. J. F. Lawlis, pastor of the First Methodist church, who has been confined to his bed for several weeks from an attack of rheumatism in his right knee, is gradually improving. During the past few days, the minister has been able to sit up and he expects to be out again within the next few days.

KU KLUX KLAN CONDEMNED BY WELL KNOWN AUTHOR

Thomas Dixon, author of "The Klansman," upon which "The Birth of a Nation," was based, vigorously condemned the modern Ku Klux Klan in an address recently in New York, and declared it had stolen the livery of the original order. His writings have presented a frindly view of the original klan. He was one of the several speakers at a meeting called by the American Unity League to discuss ways and means for combating the hooded organization.

Mr. Dixon said that when the modern klan was organized a few years ago, he declined an invitation to join, warning the organizers that "if they dared to use the disguise in a secret oath-bound order today, with the courts of law working under a civilized government, the end was sure riot, anarchy, bloodshed and martial law."

"We have already reached the riot and bloodshed," he said, "and unless the thing is throttled promptly, we are in sight of martial law."

The original klan was founded as a weapon against a corrupt and intolerable tyranny by the bravest and noblest men of the South, he said, but the proscription of the negro races by modern klan is inhuman.

The klan assault upon foreigners is the acme of stupidity and inhumanity, he said. "We are all foreigners except a few Indians we haven't killed."

"Our fathers blazed the way through the wilderness for the trembling feet of liberty. They built a beacon on these shores, flashing its rays to hopes to all the oppressed of the earth. Shall we, their sons, meet the humble immigrant of today with a mask and dagger and push him back into hell? If this is 100 per cent Americanism, I for one spit on it."

Plainview Adopts Slogan.

The city of Plainview recently put on a contest for a slogan for the town and from among the several thousand submitted the following was selected: "Plainview, The Rainbow's End." This will make an excellent slogan for the hustling South Plains city and will be used on all of the official stationery.

FORDSON

You Will Want Your Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has ever existed.

Never before has the demand been so great.

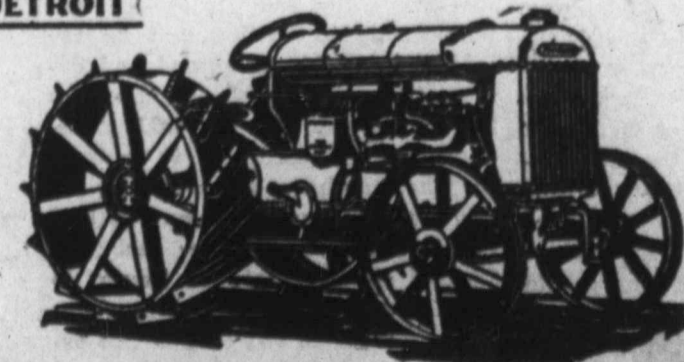

You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it. You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early.

There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve. It must be a case of "first come, first served" and the only way in which you can protect yourself is to list your order with a Ford Dealer immediately.

By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.

BILL FOR THE PROPOSED TEXAS "TECH" COLLEGE

We publish below the West Texas A. & M. bill as passed by both houses of the legislature. Read and see exactly what West Texas gets in the way of a College:

Section 1. There shall be established in this State a college for white students to be known as the Texas Technological College, said college to be located North of the 29th parallel and West of the 98th meridian and shall be a co-educational college giving thorough instruction in technology and textile engineering from which a student may reach the highest degree of education along the lines of manufacturing cotton, wool, leather and other raw materials produced in Texas, including all branches of textile engineering, the chemistry of materials, the technique of weaving, dyeing, tanning and the doing of any and all other things necessary for the manufacturing of raw materials into finished products; and said college shall also have complete courses in the arts of sciences, physical, social, political, pure and applied, such as are taught in college of the first class leading to the degrees of Bachelor of Science, Bachelor of Arts, Bachelor of Literature, Bachelor of Technology and any and all other degrees given by colleges of the first class; said college being designed to elevate the ideals, enrich the lives and increase the capacity of the people for democratic government and particularly to give instruction in agricultural pursuits and domestic husbandry and home economics so that the boys and girls of this State may attain their highest usefulness and greatest happiness and in so doing may prepare themselves for producing from the State its greatest possible wealth.

Section 2. The government control and direction of the policies of said Technological College shall be vested in a Board of Nine (9) Directors to be appointed by the Governor who shall hold office for a period of six years, said Board of Nine Directors to be so divided that the terms of three directors shall expire every two years, and it shall be the duty of the Governor in making the appointment of the first Board of Directors, to indicate in his appointment the name of the Director whose term shall expire in two years, the name of the director whose term shall expire in four years, and the name of the director whose term shall expire in six years; all of said directors to hold office until their successors are qualified, unless a removal is made by the Governor for inefficiency or inattention to their duties, as members of such Board.

The Board of Directors of the Texas Technological College shall provide a president thereof who shall devote his entire time to the executive management of said school and who shall be directly accountable to the Board of Directors for the conduct thereof.

Section 3. In addition to the courses provided in technology and textile, engineering the said Texas Technological College shall offer the usual college courses given in standard senior colleges of the first class and shall be empowered to confer appropriate degrees to be determined by the Board of Directors and shall offer four year courses, two year courses, or short term courses in farm and ranch husbandry and economics and the chemistry of soils and the adaption of farm crops to the peculiar soil, climate and condition of that portion of the state in which the college is located and such other courses and degrees as the Board of Directors may see fit to provide as a means of supplying the

educational facilities necessary for this section of the State, and it shall be the duty of the Board of Directors to furnish such assistance to the faculty and students of said college as will enable them to do original research work and to apply the latest and most approved methods of manufacturing and, in general, to afford the facilities of the college for the purpose of originating, developing, supporting and maintaining all of these agencies, (physical, mental and moral) for the development of the physical, mental and moral welfare of the students who attend the college and for the further purpose of developing the material resources of the State to their highest point of value and usefulness by teaching the arts of commerce, and manufacturing. All male students attending this college shall be required to receive such instruction in military science and tactics as the Board of Directors may prescribe which shall, at all times, comply in full with the requirements of the United States Government now given as a prerequisite to any aid now extended or hereafter to be extended by the Government of the United States to state institutions of this character and all such white male students shall during their attendance at such college, be subject to such military discipline and control as the Board of Directors may prescribe.

Section 4. The chairman of the State Board of Control and the State Superintendent of Public Instruction, the President of the University of Texas, the President of the College of Industrial Arts of Texas, and President of the Agricultural College of Texas, shall constitute a Board charged with the responsibility for the location of the Texas Technological College, a majority of whom shall be authorized to act under the terms of this bill in the location of said school, said Board being restricted in the choice of the location to the area mentioned in Section 1 of this act and as soon after as practical, said locating board the passage and approval of this act shall make careful investigation of proposed sites for the said institution. Consideration shall be given to climatic conditions, supply of water, accessibility and such other matters as appropriately enter into the selection of the desirable location of an institution of this kind. It is further provided that the said locating board shall not be influenced to any degree in the determination of its selection of a location by offers and promises of bonuses and gifts, directly or indirectly to the State of Texas, as a consideration for the location of said college at any particular place, but a primary consideration which shall outweigh all others in the minds of the members of the locating board, shall be to locate this college where it can, in the future, render the greatest service to the State, and to the section of the United States for which it is especially intended; but this is not to be interpreted to mean that the Board of Directors shall not have authority to accept gifts of land money for student's loans, permanent improvements or any other objects of value when tendered for the purpose of more completely carrying out the purpose of this act; said gifts to be made after said school is located and established and if a suitable location for said college is offered by any city or community.

Section 5. The said locating Board shall have authority to select approximately two thousand acres of land for the site of said college and agree with the owner or owners thereof upon the price to be paid therefor, which said agreement shall be reduced to writing and by the said locating board, signed and delivered to the board of directors herein provided for, who shall thereupon have full authority to contract for the purchase of said land for said purpose, and upon approval of the title thereto by the Attorney General of the State of Texas, to pay for said land and any improvements thereon in any sum not to exceed one hundred and fifty thousand (\$150,000.00) Dollars.

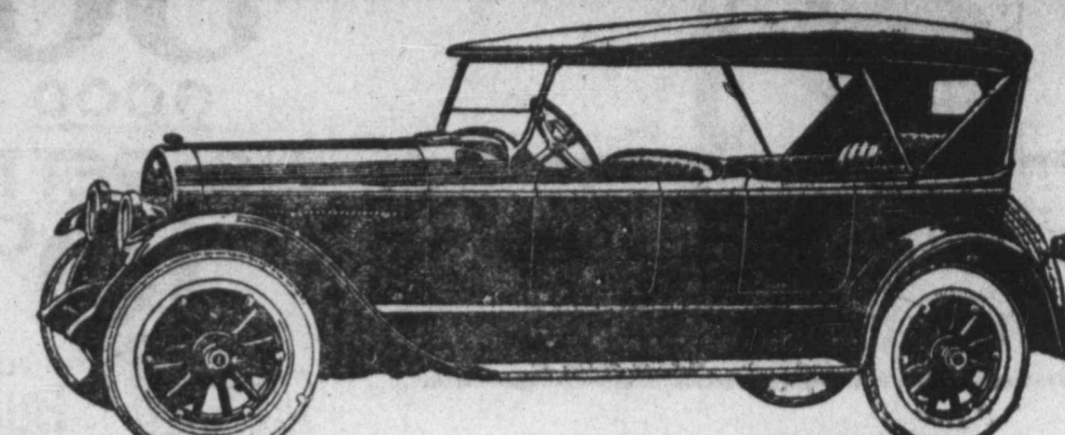

Section 6. It is further provided that, when said locating Board has selected a site for said college, it shall be the duty of the said Board

to make a full and complete report of all details connected with the selection of the site for the said college to the Governor of the State of Texas. The filling of this report with the Secretary of State shall legally constitute the establishing of the college.

Section 7. The Board of Directors of the said Texas Technological College is hereby vested with the power of eminent domain to acquire for the use of said college such land as may be necessary for the purpose of carrying out its purpose, by condemning proceedings such as are now provided for railroad companies under the laws of the State of Texas.

Section 8. There is hereby appropriated from the general revenues of this State, not otherwise appropriated the following sums, or so much thereof, as may be necessary:

1. Twenty-five hundred (\$2,500) Dollars of the available revenue of the State, or so much thereof as may be necessary to become available upon the passage and approval of this act, for the purpose of paying the expense of the locating board in determining the location of said institution.
2. One hundred fifty thousand (\$150,000) Dollars of the available revenues of this State, or so much thereof as may be necessary to become available September 1, 1923, for the purchase of the necessary lands for the location and establishment of said school.
3. Five hundred thousand (\$500,000) Dollars for the fiscal year ending August 31, 1924, for the purpose of providing necessary utilities, machinery, permanent improvements, equipment and buildings for said college.
4. Three hundred fifty thousand (\$350,000) Dollars for the fiscal year ending August 31, 1925, for the purpose of providing necessary utilities, machinery, permanent improvements, equipment and buildings for said College; and;
5. In the event any portion of the sums hereby appropriated should not be used for and during the year for which they are hereby appropriated, such sums shall become available for the succeeding year, for the purposes herein provided, and for no other.

LINCOLN
 Get Behind the Wheel

A ride in a Lincoln is one continuous trip of comfort and enjoyment. Changes in road conditions bring scarcely any perceptible difference in the smoothness with which your car travels.

Rear springs shackled at both ends; final drive through a torque tube; combined with superior control of the motor power itself, afford a master sense of security in any driving emergency.

We Serve You

SERVICE!
 We like to put it in capitals that way because we believe it is the most important thing in the battery business.

Of course we can't make a new battery out of an old one, or a good battery out of a poor one, or a long-lived battery out of a short-lived one. There are limits even to battery service.

But we can make any battery last longer and serve better if you give us a chance. We can make the Willard Threaded Rubber Battery do both—and it already holds records for long life and reliability.

We can always do more with a battery if we get a chance right at the start, although we are ready to help anytime. Come in!

You'll say, too, that we give—
SERVICE!

IN SOCIETY AND AT THE CLUBS

Thrift Club.
The Thrift Club met at Cuthbert Thursday, Feb. 1st, with 17 members present, four new members and three visitors. Business was attended to, music by Miss Ola Westbrook. Mrs. Jenkins had finished twelve of the programs and expects to have the rest finished by the next meeting. The subject: "Food for the Family," was brought up and discussed by all. The coming contest for best equipped kitchen was discussed but it was not decided who would enter the contest. Miss Lacqwell was not with us on account of sickness. The club decided to have their pictures made at the next meeting, everybody come.

Program for next meeting is as follows:
Minutes
Roll Call—Poem sketches or Scripture verses.
Leader—Mrs. Pink Fuller.
Subject—The house dress.
Reading—Mrs. Bertha Simpson.
Illustrated—The house dress.
Club Reporter.

Hesperian
The Hesperian met with Mrs. A. L. Whipkey. The lesson on the life and writings of William Cullen Bryant was led by Mrs. Sam Majors. At the business period the club discussed the Students loan fund which is now one hundred dollars and the club hopes to add to it continually. This is to be loaned to Colorado boys and girls who have finished the high school work here and desire higher learning, at four per cent. The subject of caps and gowns for the public school graduates and the club voted against it as not being economical or practical. At the social hour the hostess' daughters, Mrs. O. B. Price and Mrs. T. R. Moody served a salad course and coffee. The meeting this week is with Mrs. W. L. Doss, Jr.

Harmony Club.
Mrs. Barcroft was hostess for the Harmony Club Tuesday. Her invited guests were Mesdames Broadus, E. F. King, Edna Coughran, Tom Stonerod, H. C. Doss and J. L. Vaughan. She served chicken a la king, celery, sandwiches, cranberry jelly and tea. Mrs. Blanks entertains the Merry Wives and Harmony next week with a Valentine party.

Honoring Bride to Be.
For the past week all the social events have been honoring Miss Byrd Adams one of Colorado's accomplished and charming young ladies, who is to marry Mr. Roy Buchanan February 13th. Last Wednesday afternoon Mrs. B. S. Van Tuyl gave an informal tea at her home. Thursday afternoon Misses Ruth and Katherine Buchanan, sisters of the groom, entertained with a bridge party, a salad and an ice

course were served. Carnations were given as favors. Thursday evening Miss Mildred Coleman entertained. She served ice cream and cake. Mr. and Mrs. T. Dawes entertained with bridge Friday evening. Two courses were served to twenty ladies and gentlemen. Mrs. Joe H. Smoot entertained with an informal tea Tuesday afternoon. The guests were the young lady and special friends and relatives of the honoree. A salad course was served. On Wednesday afternoon Miss Earnest entertained with bridge. There were four tables. The score cards were Dutch scenes, carrying out the idea of the country where the honoree is to make her home—Dutch Guiana. The scheme was also carried out in the refreshments, little individual candies were served in tulip cups. A salad course and tea was also served.

Standard.
The Standard met with Mrs. H. B. Smoot. The Modern Drama, Transcendia, Dr. Ramini, by D'Annunzio was studied. Mrs. Sherwin was leader. Mrs. Smoot gave a paper on the life of D'Annunzio. The social hour was enjoyed with the Bay View, which met with Mrs. Joe Smoot.

Bay View
Mrs. Joe H. Smoot was hostess for the Bay View. The time was spent studying Antony and Cleopatra. At the social hour chicken sandwiches, salad, olives, raspberry pie and coffee were served. The Standard club which met with Mrs. Smoot joined them for the social hour. The meeting this week is with Mrs. Tom Stonerod.

1921 Study Club
The 1921 Study Club met with Mrs. Stewart Cooper. The program was on Thomas Nelson Page. Mrs. Ed Jones gave a sketch of his life. Mrs. Tom Pritchett gave a discussion of Red Rock. Mrs. Charlie Reams Earnest gave a reading from "Ole Virginia." The hostess served a salad course and coffee. The meeting this week is with Mrs. Henry Pond.

Merry Wives
Mrs. J. A. Sadler was hostess for the Merry Wives Wednesday. Her invited guests were Mesdames Lindley, Charlie Farris, C. L. Root, Oscar Majors, W. P. Leslie and Dick Jones. Shrimp salad, crackers, olives potato chips, chocolate pie and coffee were served. Mrs. Blanks entertains next week.

County Federation will Meet.
The Mitchell County Federation of Women's Clubs will meet in Lorraine next Tuesday at 3 o'clock. The Philomath club will be hostess. Every club in the county is urged to have representatives as it is the time for the annual election of officers.

Colorado Club
News comes from Ft. Worth that the women who formerly lived in Colorado have organized a Colorado club. Miss Dry is spending the winter there and finds herself at home with old friends. Among them are Mrs. O'Keefe, Mrs. H. C. Beal, Mrs. C. A. Arbohnol, Mrs. Lem Van Tuyl and Mrs. C. C. Blandford.

Birthday Surprise.
The neighbors and a few special friends of "Mama" Martin gave her a pleasant surprise Tuesday by all going to call on her and taking her love tokens of the day. Her daughter Miss Dallas, served delicious home made cake and coffee.

BUY AT HOME.
When you have money to spend—spend it here. Buy from our own merchants. The money you spend with them supports our community and makes all of us that much better off. The money you send to far off places does not support your community and makes all of us poorer. When you spend a dollar to buy things away from home, that you can get right here in our own stores no part of that dollar will ever come back to you. You take it from local circulation—and every one of us, yourself included, is just that much poorer. Support your own doctors, your own clergymen, your own merchants, your own banks, your own institutions, and your own newspaper.—Slaton Slatonite.

Sealing wax, all colors, for fancy work at Record office.

FOR SALE By R. T. Manuel, a good as new bungalow house, two lots, cistern and city water. Price \$1850, \$500.00 cash, balance one to three years. Best place in town for the money.—R. T. Manuel. 1te

FOR SALE By R. T. Manuel, bargains in North Colorado lots. I am offering some well located lots, 3 blocks north of the high school for only \$150.00. \$20.00 down and \$10 per month on the balance.—R. T. Manuel.

LIONS PROTEST STATE INCOME BILLS PROPOSED

That passage of either House Bill No. 74, by Bryant or House Bill No. 303 by Dinkle, by the Texas Legislature would be nothing less than confiscatory legislation, affecting the small property owner as well as the large ones, was declared in addresses made Friday by members of the Colorado Lions Club. The matter was introduced by J. M. Thomas and spoken to by T. W. Stonerod and others.

One of the speakers outlined that provisions of the bills provided that an income tax should be paid on any amount equaling the difference between the purchase of actual value of property and the amount for which the same property might be listed for taxes.

"Under this bill," he stated, in case you had purchased a piece of property for \$5,000 and later listed it for taxes at \$3,000, no matter what the actual depreciation in value might be, you would be compelled to pay an income tax on the \$2,000 represented in the difference between the amount you paid for the property and its assessed valuation for taxes."

Resolutions condemning the proposed bills and requesting that members of the legislature use their influence against their proposed passage, were unanimously passed. The following telegram was ordered sent to Representative Chitwood and Senator Bledsoe, leaders in the two houses of the legislature for the West Texas members:

"Colorado Lions Club, representing practically every business enterprise of Colorado, passed resolutions

today condemning H. B. Seventy-four by Bryant and H. B. Three Hundred Three by Dinkle and requests that you use your influence against these bills, should they be offered in either the lower house or the Senate. We believe these bills would prove an unwarranted injustice to the citizenship of Texas who are property owners, whether they be small or large."

The proposed bills had been directed to attention of the Colorado Chamber of Commerce earlier in the week and it was stated Friday that the Chamber had already taken action against their passage.

CARD OF THANKS.

Mrs. R. E. Dolman and children want to thank the friends and neighbors for their kindness and sympathy when husband and father passed away. The tribute of beautiful flowers helped relieve their sorrow. The Lord remembers those who minister and His blessing is upon you.

GOLD FISH

They are here and will be given away Saturday morning at 9 o'clock. The Rexall Drug Store, W. L. Doss.

TAXES

New ways of raising taxes, instead of ways of lowering them, is the slogan down there in Travis County.—Abilene Reporter.

Well, West Texas wants a big college; other sections want this and that and the population as a whole wants the state to give them more or less. It takes money to pay the fiddler, so you had just as well prepare to dig up.—Denton Record-Chronicle.

LORAINE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipkey Printing Company in Loraine and vicinity. See her and take your County paper

From the reports that we have received it seems that the good rain that fell here has extended over a wide section of West Texas, and will be of much benefit to the farmers of this great section.

This rain with what has already fallen puts a good season in the ground in Mitchell County, and with one or two more small rains will insure a bountiful crop for another year.

A great deal of land has already been put up and much more will be put in shape for planting, following this rain. We firmly believe that the year 1923 will mark a new era in the development of Mitchell county. There are several thousands of acres of new land going into cultivation this year in the Loraine territory. New homes are

being built, and new people moving into the country. This all means more people here and more business for the town, if the business man will wake up to their opportunity and go after it.

As for Loraine, they have just recently voted a forty-thousand dollar school bond issue, and will soon have a new school building and equipment. And will quickly expand in a business way as the occasion demands it. When hunting a new location come to Mitchell county and locate in or near Loraine. You cannot make a mistake by doing so.—Loraine Leader.

Methodist Church

Sunday school at ten o'clock, preaching at eleven a. m. and seven fifteen p. m. League service at six

p. m. Subject of sermon at the morning hour, "Prayer as Petition." Subject for evening hour, "Every Life a Divine Plan." Let everybody pray that the power of the spirit may be upon the pastor and congregation. Let everyone come.

H. W. HANKS, Pastor.

The quiet marriage of J. H. Neill, and Mrs. Kate Howell, both of Loraine, was solemnized at 7 o'clock Thursday evening, Feb. 1st, at the Methodist parsonage here, Rev. H. W. Hanks officiating. They were accompanied by Mr. and Mrs. Henry Cook. They will make their home here and have many friends who will join in wishing for them all that life can give of its blessings.

W. A. Sloan of Roscoe visited friends and relatives here Sunday.

Alton Robertson, who is attending National Business College at Abilene, visited home folks here latter part of last week returning to Abilene Tuesday night.

We are sorry to report Evelyn, the small daughter of Mr. and Mrs. Archie Kemp real sick of flu.

Luther Anlers of Bauman was in Loraine on business Tuesday.

W. A. Farrar has recently added improvements to the interior of his Auto Supply Station.

Will Rowland and family who live south of town, spent Saturday night and Sunday visiting Mr. and Mrs. J. M. Baker.

Miss Elon McDonald spent Saturday and Sunday among relatives and friends at her home in Westbrook.

Loraine was visited with a good snow Sunday night.

Mrs. Emmett Richardson who has been on the sick list here, has returned to her home at Colorado.

Mesdames Hall DeGarmo and B. W. Dorn of Colorado spent yesterday in the home of their parents, Mr. and Mrs. J. F. Reeder, and family of Loraine.

Mrs. J. R. Burrus came home Sunday night from Abilene, where she has been visiting her daughter, Mrs. Donas Dunlap and family.

Horace Cook passed through here Sunday morning on his way home from Trinidad, Colo., where he has been for the past two weeks on business.

Mr. and Mrs. Wylie Walker have moved to their new home south of town known as the Ohlenbush place. Mr. Turnbow of the valley View community purchased the other one-fourth of the place and they have also moved.

Clarence Rowland and Archie Kemp have recently rented the Highway Garage assuming charge of the same February 1st.

Mrs. M. A. Sanders of the Longfellow community is visiting her daughter, Mrs. Homer Wilson for a few days.

Mr. and Mrs. W. M. Cardwell, Mrs. W. D. Thweatt and A. A. Cardwell, visited L. O. Cardwell and family at Roscoe Thursday.

Loraine is to have a test for oil within the near future if plans now on foot work out. Acreage has been secured to assure a test and it is said that work will be started at an early date.

John Yarbrough left Sunday for Grand Saline.

Miss Bernice Clements left Sunday for San Angelo for a few days visit with friends.

Bill Crownover of Iatan spent the week-end here with home folks.

Monday afternoon while at school Gustell McGee slipped upon the frozen ground, suffering the misfortune of breaking her right shoulder. Dr. Martin was summoned, medical aid given and she is doing nicely at this writing.

Mr. and Mrs. Chas. Hamilton are the proud parents of a new boy who arrived Saturday.

J. M. Templeton and family left last week for Dublin, Texas, where they will make their future home. Mr. Templeton and family are old settlers of Loraine having lived here about sixteen years. They have many friends here who regret very much to see them leave.

Mrs. Pearl Bennett has moved into her new home near town recently purchased from Homer Richards.

Born to Mr. and Mrs. Howard Miles, a girl, Friday, Feb. 2.

Rev. A. J. F. Meier of Loraine will fill his regular appointments at Big Spring and Soash Sunday.

Mrs. Horace Cook and daughter, Miss Floyd, of Colorado were in Loraine Friday. Mrs. Henry Cook accompanied them home.

Joe Armstrong has opened a new restaurant in the W. J. Coon grocery in the restaurant business here and will be glad to greet his old customers at his new stand.

Misses Gladys Spikes and Beatrice McGee were in from the Landers school for the week-end and stayed over Monday discontinuing school till Tuesday on account of weather conditions.

Edna Edmonson who was stricken with rheumatism has been confined to her bed since Saturday. She is improving at this writing.

The sixth number of the Lyceum course for Loraine was rendered Saturday night at the Crystal Theatre by Mr. and Mrs. Emerson Winters. This was a musical number very interesting and enjoyable. The cold weather however, forbid a full attendance. Mr. and Mrs. Winters left here Saturday night for Sweetwater where they rendered another program.

S. D. Dunnahoo, who has been under treatment at the Snyder Sanitarium at Glen Rose came home Friday.

L. E. Crutcher and Miss Opal Jackson arranged with the Bauman trustees to have no school Monday, on account of bad weather. They will teach Saturday instead.

A. L. McJarley and family of Longfellow community visited Homer Wilson and family Friday.

C. A. Hildebrand of the Valley View community was in Loraine Saturday.

J. C. Preston and family of Pride came in Thursday to spend a few days visit with friends and relatives here.

Rev. M. L. Moody was a dinner guest Sunday in the home of Rev. and Mrs. H. W. Hanks.

Mr. and Mrs. J. W. Wemken of Hermleigh visited their daughter, Mrs. E. P. Kuck Thursday.

T. R. Bennett left for Dallas Monday where he has gone in the interest of the Loraine Mercantile Co.

Rev. M. L. Moody, former pastor of the Methodist church here, has accepted work with W. L. Edmonson & Co.

D. A. Forbus who has been sick for some time is reported as unimproved at this writing.

Thomas Hall left Friday night for El Paso. Mr. and Mrs. Otha Thompson will accompany him home.

Mrs. Creed Coffee of Big Spring came in Friday night to spend the week-end with her sister, Mrs. G. A. Hutchins and family.

Mr. and Mrs. Otha Thompson arrived home from El Paso Tuesday morning where Mr. Thompson has been under treatment at the Homan sanitarium. Their many friends will be glad to learn of Mr. Thompson's much improved condition.

Mr. and Mrs. Sloan and Mrs. Alonzo Phillips are numebred with the flu victims but are better at this writing.

Roy Edwards is fencing and adding improvements to his new home recently purchased from A. C. Pratt.

H. V. Richards and family moved to the Grandma Copeland place Thursday recently vacated by Mack Smiley, who moved to his mothers home.

Chancel Gunn was a business visitor to Colorado Friday.

J. M. Templeton has purchased a farm near Dublin and moved his family there last week. Mr. Templeton went on several weeks ago and Mrs. Templeton and children left to join him Thursday night of last week. This estimable family has made their home in Loraine for the past fifteen years and we are sorry to lose them from our midst, however, we wish them much happiness and prosperity in their new home.

William Martin and family will occupy the place vacated by Mr. Templeton and family.

The flu epidemic is receding fewer cases and the malady is light form.

L. L. Bedford of Longfellow community was in town Tuesday and subscribed for his county paper.

Mesdames H. Reeves and F. M. Reeves of China Grove community were in Loraine Tuesday.

Mrs. C. E. Green received a message Thursday afternoon stating her mother who lives at Brooksmith, was very sick. Mrs. Green left at once to be at her bed side. Mr. Green accompanied she and children as far as Ballinger where she caught a train for Brooksmith. Mr. Green returned home next day.

The Loraine basket ball boys met the Rotan team on the Sweetwater court Friday afternoon to play for the district championship. After a very interesting and exciting game, the score stood 32 to 17 for Rotan. Trucks were provided for the high school pupils and L. H. S. was well represented. Other Loraineites also witnessed the game. The home team did some excellent playing despite their defeat and we are sure will do even better next time.

BANKER-FARMER CONFERENCE WILL MEET AGAIN AT A. & M.

COLLEGE STATION, Feb. 6.—The third annual Banker-Farmer Conference will be held at the A. & M. College of Texas on March 19 and 20. Dean E. J. Kyle of the School of Agriculture announced plans and dates of the conference on his return from Houston last week where the final decision for the conference was made between a committee representing the A. & M. College and the Texas Bankers' Association.

A program of addresses and discussions by representative bankers and farmers of the State will be arranged and it is expected that several hundred from the ranks of bankers and farmers will attend.

Pola Negri in Strong Picture
One of the best known screen actresses in the world is Pola Negri, who will be seen at the Palace Theatre Friday in "The Last Payment," a great Paramount picture screened in Europe. The scenes of the story are laid in Paris and in South America and there are many thrilling situations that hold one's attention as by a spell.

Wofford Hardy and Miss Ruth Johnson were married last June but their secret was not made known until this morning when Mrs. Hardy left for Nashville, Ten., to join her husband, who is taking a course in dentistry at Vanderbilt University.

The contracting parties are two of our best known and popular young people both graduates of the Big Spring High school class of '22. The bride is the daughter of Mr. and Mrs. Pete Johnson and is loved and esteemed by young and old. The groom is the son of Rev. and Mrs. Ben Hardy and is a young man of sterling worth.—Big Spring Herald.

GOLD FISH
W. L. Doss is going to give away some Gold Fish. Watch for the date.

DR. MINOR DISCUSSES KU KLUX KLAN HERE

Declaring that the attacks which have been made on the Ku Klux Klan as a result of the Mer Rouge, La., investigation have fallen flat, and making a strong defense of the Klan, Dr. G. C. Minor, lecturer for the Ku Klux Klan, spoke at the DeGarmo Garage on Thursday night of last week.

The restriction of immigration was argued in an emphatic way, and the speaker declared that no other foreigners should be let into this country until those already here had been made Americans.

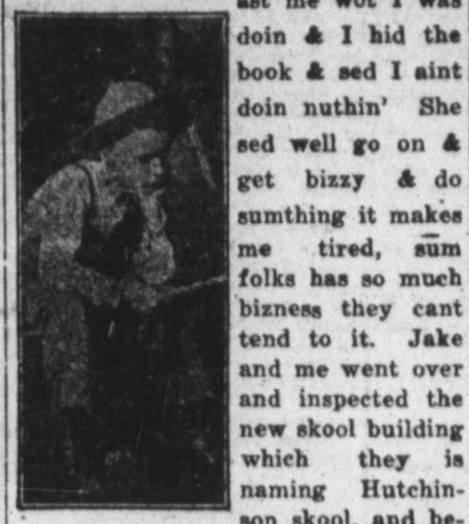

The principles of "America for Americans" was brought out forcibly by the speaker. He concluded his talk by reading the last two paragraphs of the obligation which was administered to each member of the Klan and declared that a man had to be 100 per cent American before he could take the oath. He said further that not all "100 per cent Americans" were members of the Klan but that all members of the Klan, were "100 per cent Americans."

MARRIED
Wofford Hardy and Miss Ruth Johnson were married last June but their secret was not made known until this morning when Mrs. Hardy left for Nashville, Ten., to join her husband, who is taking a course in dentistry at Vanderbilt University.

GOLD FISH

SLAT'S DIARY

Friday—I had my Gograffy up in front of me & was reading of Eddy Rikkenbokker bringing the Huns down & Miss Steadham slept up & I hid the book & sed I aint doin nuthin' She sed well go on & get bizzy & do sumthing it makes me tired, sum folks has so much bizness they cant tend to it. Jake and me went over and inspected the new skool building which they is naming Hutchin-son skool, and believe me she is a right good sized building if it is settin on top of the Hi skool. Wen they git it finished me and Jake will be forced to stay in skool all day instead of havin a half holiday each and every skool day.

Saturday—pa and ma and me all went 2 a trile today in Judg Halls court today & ma was a witness & wen Judge Hall ats her did she understand the nachur of a Oath she looked at pa & with a Smile on her mouth she sed I'll say I do. Pa didnt smile enny.

Sunday—pa & bro. Hardison is gitting pritty frendly now. Today pa give him a founpen for a present and Mr. Hardison sed much a bliged mebbe I can rite better Sermons now and pa sed I hope you can & ma kicked pa on the front of his Shin & he sed Ouch & the preecher looked funny & I had 2 laff out loud. Wen we got home pa balled me out for laffing & ma jawed him for his Ignorants & he was mad at her for kickin him. I ducked.

Monday—Jake's ma was offal sick today & Jake got 2 stay out of skool. They cudent get Doctor Ratliff & she got allrite agen. Also pa was sick this week and it seemed that the Doc could not get anything to do him eny good until he subscribed a alcoholic medicine which is reckermeded for colds and then pa got better, but the bottle is gettin nerly empty and pas already complainin.

Jake and me has decided not 2 run off eny more since they commene thrashin them out most rapid like at the skool house. Pa was reedin a novel of fixion tonite & wen he got threw with it ma ast him did it end up happy & he replied no they got married. I went to bed & did not see the finish.

The heavy snow... Tye, west of Abilene. New rails have been strewn along the right of way west to Colorado and a contract for the grading west will be let in a short time. Completion of the grading and the heavier steel will permit a faster schedule between Ft. Worth and Sweetwater.

OIL NEWS IN PECOS FIELD GIVEN BY PECOS ENTERPRISE

The Enterprise was unable this week to get very much news from the office of the Bell people. The well is down to about 4000 feet and evidently they have something or think they have. From the office this afternoon the Enterprise was given the information that they were "baling out the water which was put in the hole to hold down the gas and oil which was or might be in the hole for the purpose of finding out just what they have." This is not much news after all but it is proof enough or gives a party leeway for thought. It is surmised that since they put water in the hole to hold down the "gas or oil" that there must have been considerable quantity of one or the other or both which made it appear necessary to place the water in the hole. There has been considerable street talk about this well all the week but apparently the head of the concern is not giving out much nor is much coming from those in charge of the work. As stated before, when they are sure they have the real thing they will divulge the fact and the Enterprise will appraise its readers.

C. H. Willoughby, president of the Willoughby Petroleum Company has returned from a trip to the land of his birth, the sunny land of Kansas. A direct appeal was made to old friends for the loan of sufficient funds to buy a string of tools and equipment of sufficient capacity to drill to any desired depth on the Willoughby No. 1 well.

This loan which runs far into the thousands of dollars was negotiated through old friends and as a personal loan to Mr. Willoughby. This shows once more the character of our determined operator. Shows his own faith in the oil possibilities of Reeves county and to quote Mr. Willoughby he said: "Like a homesteader, I have staked my claim and shall develop it. With the proper drilling tools nothing can prevent the completion of a well and it shall be completed."

The Tatum well of the Tatum Lease Syndicate is now waiting a string of casing and a car of coal which have been ordered shipped and the crew is busy making necessary arrangements and repairs to continue the drilling to a depth of 2000 feet as F. M. Robinson of Detroit, C. W. Waddington and J. F. Lawney, the three directors of the Syndicate have returned from El Paso where necessary arrangements have been made with the Kent-Homer Company for additional acreage and other concessions that will justify drilling the well to that depth if oil is not found before. That syndicate has bought a 40 acre lease in the Moran shallow field and are drilling an offset to the Rio Grande Oil Company's well there and on completion of this well, which should be within another week they will start two more offsets. The idea of the management is to get production for the syndicate and pay a dividend to the unit holders as soon as possible. This is what the management says, "Every day in every way we are getting closer and closer to a dividend pay."

The Wesner well on the Sayles ranch is drilling at 2775 and have a string of five and three-sixteenths inch casing on the road. Production is expected at around 3000 feet.

The Frances No. 1 of the Rodebaugh-O'Connell interests of Omaha is making satisfactory progress but the formation is very hard and drilling is slow.

Word comes to us from Frances No. 1 that they have gone through the hard slanting rock that has been holding them down to careful drilling as Superintendent Jack Reynolds says she must go down straight or not at all and as Jack is one of the kind of men who puts them over straight or not at all you can figure that this is one of the holes that you can put your casing in and take it out again.

L. J. Blake who has spent the greater part of his life in the oil game with the big companies is a new addition to the Frances crew. Electric lights have been installed for the night work and from now on Reynolds says we will sure romp on her.

Cass Allison, a Wyoming driller, will work the second shift and as Mr. Allison knows this hard lime formation we sure have every reason to believe this will be one of the first wells in as Mr. Frank O'Connell manager and brother of the financier states that they hope not to lose an hour from now till oil shows up as they are striking just what Rodebaugh, the geologist, had told them they would find which shows that Mr. Rodebaugh sure knows "His Berries." While in California recently C. M. Houghton took advantage of the

visit to his family to investigate and look into the completion of the River well just below Barstow and which is located on his land. It will be remembered that the Arthur Pitts Company, which were the last to operate there abandoned the works when this well was apparently about ready to be brought in. A monkey wrench had been dropped in the hole and for some time this had occasioned a fishing job which was never completed owing to the fact that the cable was practically worn out and would break with every hard strain it was put to and to carry on the work it was necessary to secure a new cable. This well had every indication of coming in a producer at a very short distance deeper.

Mr. Houghton laid the matter before this oil firm in California as said above and they were elated over the prospects and promised as soon as the president of the corporation could be interviewed to take the matter of completing the well up with him.

The Enterprise yesterday approached Jim Wheat for a report on his operation and he informed the editor that he would come around this morning with a report. He is a man of his word but evidently forgot his engagement or had other business which called him away.

All the old rig from the Lower well has been removed to the site and they are now about ready to begin the erection of the derrick. It is expected that they will be ready to go at an early date if something unforeseen does not prevent.

Mr. Ramsey says arrangements have been made to complete the Ramsey No. 2. but nothing definite could be given out.

Operations have not abated and operators say they will not relent until the Trans-Pecos region is a real oil field.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Colorado. No Colorado resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. H. Cooper, proprietor of blacksmith shop, Sixth and Oak streets, says: "I have used Doan's Kidney Pills several times in the past for trouble with my back. From the results I obtained, I think they are a good, reliable remedy. I purchased this medicine at Doss' Drug Store and I gladly recommend it to anyone suffering with their kidneys."

Over three years later Mr. Cooper said: "I can still recommend Doan's Kidney Pills as highly as I did when I endorsed them before. Doan's certainly benefitted me a great deal."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Jones Dry Goods Inc.

Honoring Mr. and Mrs. George Goodwin.

Mr. and Mrs. Will Berry entertained the Thrift Club and their husbands Thursday night honoring Mr. and Mrs. George Goodwin, who are leaving this week to make their home in South Texas. Their lovely home was beautifully decorated with hearts and cherry trees with little hatchets in keeping with the month. After music, cards were passed for an interesting contest in which Miss Lillie Mae Shepherd won the prize. The next was guessing at a jar of cherries. Mr. Bristow received this prize. The hostess served delicious home made grape juice and light wine with cake. At a late hour the party expressed themselves as having had a most enjoyable time and are looking forward to Mrs. Berry entertaining again.—Reporter.

K. D. Hancock is out again after a severe attack of pneumonia.

Call or see me for good kerosene. Phone 434, C. R. Earnest.

When your windmill needs repairing Phone 280.

As the days go by it is becoming more and more apparent that Lake Eastland is one of the greatest assets that this city has. Industrial plants locating here do not have to bother about the question of water, there is an assured supply already at hand and ready for use. Many wells are being drilled in this territory with water from Lake Eastland and the gasoline plants are largely drawing their water supply from the same source. No doubt its proximity to an abundant water supply was a big point in favor of the location decided on for the Trinity Products Company's plant to be built west of town.—Eastland Oil Belt News.

SHERIFF'S SALE.

THE STATE OF TEXAS

County of Mitchell
Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, of the first day of February, 1923, by W. S. Stoneham, Clerk of said District Court aforesaid, for the sum of Fourteen Hundred Twenty-four and 50-100 Dollars with interest thereon from December 2, 1922 at 10 per cent and costs of suit, under a judgment in favor of the Colorado National Bank of Colorado, Texas, in a certain cause in said Court No. 4360 and styled The Colorado National Bank vs. Travellers Oil & Development Company, said judgment having been duly assigned and transferred to Frank E. Baker, placed in my hands for service, I, I. W. Terry, as sheriff of Mitchell County, Texas, did on the seventh day of February, 1923, levy on certain personal property and Real Estate situated in Mitchell County, Texas, described as follows, to-wit:

Being an undivided one-third interest in and to a certain oil and gas lease on the West 203 1/2 acres of Section No. 62, Block 97 of the H. & T. C. Ry. Company surveys in Mitchell County, Texas, which lease is of record in Book 53 at page 36 of the Deed Records of Mitchell County, Texas; also the following described personal property: An undivided one-half interest in and to One Boiler, One Engine, all of the 15, 12 1/2, 10, 80 3/4, 6 5-8 and 4 7-8 inch casing, bits, stems, trailer, tank, rig, rig-irons, and in fact all tools, casing, and equipment of every character whatsoever obtained by the Mitchell County Oil Corporation from the Travellers Oil and Development Company, which said property is now situated in Mitchell County, Texas, in the possession of the Mitchell County Oil Corporation (said lease-hold being located about 8 1/2 miles northwest of the county seat and being what is commonly known as the W. H. Badgett farm); and levied on as the property of the Travellers Oil and Development Company and that on the first Tuesday in March, 1923, the same being the sixth day of said month, at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said judgment and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Travellers Oil and Development Company.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 7th day of February, 1923.

I. W. TERRY,
Sheriff Mitchell County, Texas.

Preparing for Stock Show COLLEGE STATION, Feb. 6.—The A. & M. College of Texas is preparing two student judging teams for livestock work to represent the College in the students' livestock judging contests which are held annually in connection with the Southwestern Exposition and Livestock Show at Fort Worth in March. A team will judge the four classes of livestock, horses, sheep, cattle, and hogs, and another will judge the dairy cattle.

Darnell, professor of Dairy Husbandry, and men to compose the team which will compete in the first dairy cattle judging contest at the Fat Stock Show are now being selected by him. The team will compete for honors against similar teams from other institutions, and it is anticipated that competition will be strong for the team prizes offered by the Fat Stock Show management and various cattle clubs and creameries.

W. L. Stangel, professor of Animal Husbandry, will be in charge of the livestock judging team, which will compete against other colleges for the new trophy which will be up for award given by Swift and Company. Of four cups given away in the years that the contests have been held, Texas A. & M. has permanent possession of three and Oklahoma A. & M. the fourth.
