

PETITIONS ASK ELECTION ON 15¢ SPECIAL ROAD TAX

Petitions, requesting Commissioner's Court to order an election to determine whether a majority of the property tax voters of Mitchell County favor a special road tax of fifteen cents on the one hundred dollars of property valuation is being circulated this week in the county. A committee composed of S. A. Sloan, J. Riordan and J. F. Morris, to foster circulation of the petitions was appointed by the Lions Club Friday.

In speaking of the needs for additional finances in this fund, Commissioners' Wulfjen and Lane, who addressed the club membership, stated that it was the purpose of the court to eliminate the levy of fifteen cents to maintain the jury fund, since there was now a surplus of several thousand dollars in that fund. They also stated that Commissioners Court would reduce the public improvement fund from twenty-five cents to twenty cents. This would reduce the tax rate in the county five cents below that of one year ago, in case the proposed special road tax should carry.

Heretofore it has been the policy of Commissioners Court to transfer funds from the jury fund into the road and bridge funds, but a recent ruling of the attorney general makes that unlawful in the future. Since the law permits the levy of not more than fifteen cents to maintain this fund, the revenue to be received will be wholly inadequate to keep the public roads of Mitchell County in repair unless additional revenue become available through the special tax, as proposed.

In meeting the heavy expense of making necessary repairs to roads and bridges during the past few months, the road and bridge fund has become involved to a considerable extent and the taxes to be received for credit to these funds for the present year are already pledged in contract work. The county sustained a heavy loss to its roads and bridges from the heavy rains and washouts a few months ago, making imperative a large expenditure for repairs.

EVERY DIME RELIEF FUND WILL BE SPENT LOCALLY

Every dime of the funds being received for relief work in Mitchell County will be spent in actual relief and rehabilitation work among the storm sufferers of this county. J. H. Greene, chairman of the Mitchell County Red Cross chapter, stated Tuesday afternoon. Greene issued this statement for publication when a rumor reached him that a part of the funds might be transferred out of the county.

"There is not a dime received for this fund, it mattering not whether it came direct to the Red Cross, some other organization or individual, but that has been placed on deposit in one of the three banks in the county and in paying it out, it will all go to the purpose for which it was contributed in Mitchell County," he said.

BANKHEAD HIGHWAY NOW MARKED THROUGH COUNTY

Curtis Hancock of Dallas, who a few weeks ago contracted with the Chamber of Commerce to mark the Bankhead Highway through Mitchell County, has completed this work, it was learned Wednesday. Hancock is marking the entire route of the highway from Texarkana to El Paso using a uniform identification signal throughout.

The cost of making the highway through Mitchell County was \$217.

WORK ON LORAIN HIGH SCHOOL TO BEGIN SOON

Actual construction work on the new forty thousand dollar high school building at Loraine is to be commenced within the near future, S. C. Harris, superintendent of the schools there, stated while in Colorado Monday. Harris stated that the old building would be razed and the new one erected on the same ground.

RED CROSS OFFICES BEE HIVE OF INDUSTRY

Offices of the American Red Cross in the Hutchinson building, from which the disaster relief work in Mitchell County is being directed, is a regular bee-hive of industry and no doubt the corps of office attendants are turning out more work than any other office in the city. With the exception of one small office, the organization has taken over the entire second floor of the building. Here it is that all requisitions for purchases of any nature are made out and much of the clothing stores are being distributed from one section of the building.

Wednesday at noon a total of 120 cases had been filed in this office, and each of these cases represent a different family to whom the relief work is being extended. The task of rehabilitation is just in the beginning and it will require several days and even weeks of hard work by the entire organization to bring the situation well up to a satisfactory basis.

"Just as soon as the rush here in the office is over, we shall make another personal inspection from one end of the storm path to other," one of the Red Cross officials stated Wednesday afternoon, "in order to satisfy ourselves that every family and individual needing assistance be looked after. It is the plan of those in charge of the relief work to do the most possible for every victim of the storm with the funds available."

COLORADO BANKS OBSERVE MEMORIAL DAY BY CLOSING

The City National and Colorado National Banks were closed throughout the day Wednesday out of respect of Memorial Day. Some of the officials and employees spent the day fishing and outing at pleasure resorts in the country while others motored to Sweetwater to take part in a golf tournament Wednesday afternoon.

COLORADO RIVER BRIDGE OPEN WITHIN THIRTY DAYS

The new Colorado river bridge should be open for traffic within the next thirty days, according to a statement made by U. D. Wulfjen, county commissioner, at the Lions Club Friday. Mr. Wulfjen stated that work on the project was practically completed at that time.

CROPS IN STORM PATH 85 PER CENT PLANTED

Crops destroyed in the path of the Mitchell County tornado May 14th were well over eighty-five per cent replanted Wednesday afternoon, according to figures made public by relief committee workers who have supervised this part of the rehabilitation program. C. E. Danner of Westbrook reported that every acre of land within the devastated territory in the Westbrook vicinity, with the exception of fourteen acres had been covered by the force of men and teams working out of Westbrook.

Working under the direction of a committee composed of citizens of Colorado, Loraine and Westbrook, no less than one hundred men, equipped with teams and implements, have been donating work free of cost in the fields of the storm victims during much of the past two weeks. Most of this work was done last week, starting Monday morning. Seed for planting was furnished by the relief association in all cases where needed and much of these supplies were rushed to Colorado by express and truck, as the gift of citizens and dealers elsewhere.

As Mitchell County farmers who were not damaged by the storm are completing the task of assisting those not so fortunate in planting their crops, farmers in the path of the storm are setting up their homes again and are being supplied with farm implements, feed and other needs and will be ready to carry the work on themselves by the time the young crops are up and in need of cultivation.

COURT HOUSE BIDS SOUGHT BY COMMISSIONERS COURT

An order was passed by Commissioners' Court Monday morning directing the county judge to advertise for bids on construction of the new Mitchell County court house. The bids are to be opened by the court on Tuesday, June 26 and it is expected that actual construction will be commenced within sixty days after that date.

Plans and specifications of the projected building were completed recently by David S. Castle of Abilene and were approved by the court Saturday when presented by Mr. Castle. General plans and specifications of the building were approved two months ago. Castle stated Saturday that the new court house for Mitchell County would be among the best in this section of the State.

The new building is to be three stories in height, with basement and is to be constructed of fire proof materials throughout. The same structural specifications as used in the Colorado National Bank building will be followed to a large degree in the new building, in that the structural materials are to be of concrete and steel. Face brick will be used for the outside walls, with Leuders stone trim.

Floors in corridors on the first floor are to be of tile, while the stairways and floors of corridors on second and third floors are to be of composition. Wainscoting on first floor is to be of marble. With the exception of a few office suites, the entire third floor is to be taken up in the district court room. In furnishing and equipment throughout, the building is to be modern in every respect. Cost of the building and equipment is placed at approximately \$110,000.

CHAMBER OF COMMERCE ASKS PROTECTION A. & M. WORKERS

In a telegram sent to Representative R. M. Chitwood and Senator Joe Burkett Thursday morning, the Colorado Chamber of Commerce made the appeal for support of educational appropriations, in view of the fact that it became apparent that further trimming of these appropriations would materially affect work of the Extension Department, A. & M. College. A telegram from T. O. Walton, director of extension work at College Station Thursday morning indicated that a crisis was facing the whole program of this important department of the college.

Mitchell County is co-operating with the Extension Department in the employment of both a county and home demonstration agent, and the services rendered rural citizens by these employees are most valuable.

AGED CHAMPION CITIZEN SUCUMB TO PARALYSIS

B. S. Hanks, 70, of the Champion community, died suddenly late Thursday at the home of Mrs. J. S. Skinner in East Colorado from a stroke of paralysis. Mr. Hanks had been to Colorado and was just leaving the city on his return home when attacked near the Skinner home. The remains were brought to the Greene Morgue and forwarded Saturday morning to Sweetwater for burial. Funeral services were conducted at Sweetwater by Rev. L. G. Moroney, pastor of the First Baptist church there.

Hanks had lived in this section of the State for about forty years.

LESSEES COLORADO NAT'L OFFICES IN NEW QUARTERS

Several of the business and professional corporations and individuals to occupy offices in the new Colorado National Bank building are moving into their new quarters this week. Some of the offices are being equipped with new fixtures throughout. Among those who have offices in the building are:

Judge C. H. Earnest, L. W. Sandusky, S. A. Sloan, The Underwriters Producing & Refining Co., R. H. Ratliff and Mitchell County Abstract

MITCHELL CO. OPERATORS ANNOUNCE NEW LOCATIONS

S. A. Sloan and Henry Riley, independent operators identified with development in the Mitchell County oil field for some time, announced definite locations for additional tests this week. The location made by Mr. Sloan is in Section 22, Block 28 and the test will be known as H. C. Hiller No. 1. The Riley location, in Section 29 of the Morrison survey, is to be an offset to LeSare No. 1, to be drilled 330 feet west of the LeSare well.

The Underwriters Producing and Refining Company, is landing twelve and one-half inch casing at 480 feet in their T. & P. No. 4, in Section 41. At Smith No. 1, J. F. Carey is drilling below 3,000 feet in lime and shale formation after having passed through another excellent showing at 2990. The Underwriters Company has rig up at their new test in Section 28 and tools will be moving to the location within the next few days.

The California Company is rigging up to spud their A. L. Miller No. 1, in Section 22, offsetting Smartt No. 1 of S. A. Sloan, et al. This is the second test for this company in proven territory in the Westbrook area. The company is drilling at about 2700 feet at their Morrison No. 1 in Section 27.

T. & P. No. 1 of Looney, et al., in Section 39, is cleaning out following a heavy nitro shot at about 3000 feet. Morrison Three of the Underwriters is going on the pump today with the most favorable indications of developing into a good commercial well.

The Gulf Production Co., is drilling at 300 feet at their O'Keefe No. 1 in the O'Keefe Sub-division. At Moore No. 1 of the Lou-Tex Co., a depth of about 1800 feet had been reached Thursday morning.

Chal Daniel, who drilled the LeSare well and is associated with the Rowe-Daniel corporation in ownership of valuable lease property in Mitchell County, is to drill another test here within the immediate future, according to information from Smecker. Daniel and Rowe have just completed another big well on their holdings in the Arkansas field. Daniel spent several days here two weeks ago and stated at that time that his company had plans in the preliminary for drilling their Mitchell County holdings.

WHIPKEYS HOSTS OF FIRST PRESS ASSOCIATION IN 1891

In the Dallas News for Sunday was carried an interesting article on the first Texas Press Association meeting, held at Corsicana in 1891, and in the article it is recited that Messrs. F. B. and A. L. Whipkey, publishers of the Colorado Record, were hosts to the newspaper men of Texas at that time when they gathered to form organization of the association. The Whipkeys were at that time publishers of the Corsicana Light.

A large oval picture of delegates to that initial convention of Texas editors is reproduced in connection with the article, and among the journalists shown are the Whipkeys, including "Aunt Rose," wife of F. B. Whipkey. It is interesting to note that both F. B. and A. L. wore a heavy mustache at that time. This initial convention was held thirty-two years ago and Aunt Rose has never slackened her interest in the press to this date.

DEATH TOLL FROM STORM REACHES 25 AT COLORADO

Maria Lopez, Mexican woman, died Friday from injuries in the Mitchell County tornado, placing the death toll at twenty-five. The body was prepared for burial at Greene's morgue.

DISTRICT COURT ADJOURNS FOR TERM AFTER 5 WEEKS

District court was adjourned for the term Saturday by Hon. W. P. Leslie, judge of the district. This completed a term of five weeks.

CHAMBER OF COMMERCE MEMBERSHIP OVER 200

The Colorado Chamber of Commerce now has the largest membership roster and the largest budget subscription by far in its history, an official of the organization stated Tuesday. A report from the secretary's office shows a total of 210 members, each of whom are actively supporting the organization in a financial and moral way. This is an increase of eighty-five over the number of members in the organization for last year.

Subscriptions to the annual budget for the ensuing year approximate \$2400 over the amount subscribed last year. A member of the newly elected directorate stated Monday that there could be no better evidence of confidence from the public than that expressed by the kind of support the public is giving the organization. With rare exception, every business industry in the city is represented on the membership roster.

EQUALIZATION BOARD TO CONVENE MONDAY, JUNE 11

Commissioners' Court will be convened in session as a board of equalization Monday, June 11, to audit assessments of property rendered to the tax assessor for 1923. W. S. Stoneham, county clerk, stated Tuesday morning that a number of property owners in the county were being cited to appear and show cause why their rendition should not be raised. Property renditions made by a few property owners were lowered, it was stated.

The commissioners were in session last week and Monday of this week and made a comparison of renditions made to the assessor. Because of the large increase in acreage under cultivation and advanced values of lands in the oil fields, a material increase in assessed valuation of property in the county for the present year is anticipated.

LITTLE PROPERTY REMAINS UNRENDERED FOR 1923 TAXES

Roy E. Warren, tax assessor, stated Tuesday that he had about completed taking assessments on property for taxation for the current year. Warren has completed a systematic canvass of the county but occasionally failed to obtain property renditions on account of the absence from the community or county of the owner or agent.

ENGINEER TO AUSTIN WITH PAVING PLANS

F. F. DuBose, resident engineer of the State Highway Department, left Monday for Austin to submit to the commission plans and specifications for the street paving here. All preliminaries at Colorado have been completed, DuBose stated, and the only work now to be done is to obtain approval of the commission before advertising for construction bids. Reason for obtaining approval of the State department is based upon the fact that the commission is to participate in the project on Second street, because that State Highway No. 1 passes over that street.

DuBose stated that five different types of paving would be submitted to the commission and that in case they were all approved, construction bids, specifying the five different types, would be requested. The type to be used will be determined later by the city commission and engineer. The five types as outlined by DuBose follow:

Concrete bitulithic, Uvalde rock asphalt, vertice fibre brick and Amiesite asphalt.

It is the plan of the city to advertise for bids on the paving and rebuilding of Lone Wolf Creek bridge at the same time, according to DuBose. He stated the work will be rushed to completion before the cotton season opens in the fall.

The first project will specify nine blocks of paving. Seven blocks are to be on Second street and two on Walnut, extending from the Texas & Pacific station north to Third street.

1,000 DONORS RAISE RELIEF FUND \$46,259.48

A total of \$46,259.48, received from 1,080 contributors, had been received by the Red Cross disaster relief organization at the time the office was closed Tuesday night. Since the banks were closed Wednesday on account of a holiday, no record of receipts after Tuesday were available Thursday morning. It was estimated that the relief fund would reach approximately fifty thousand dollars by the end of the week.

The amount designated does not include the hundreds of dollars represented in donations of clothing, medical stores, planting seed and other articles sent to Colorado from various parts of the country. These contributions total a value of several hundred dollars.

Among the list of donors is represented men and women from every walk of life, and every section of Texas has had a part in supplying a quota to the fund. Scores and scores of the larger manufacturers and jobbers with general offices in the North and East, but who have distributors here, are among the contributors. Red Cross Chapters, civic organizations and daily newspapers over the State have had an important part in raising the fund.

J. H. Greene, chairman of the local Red Cross chapter, stated Wednesday that it would be next to an impossibility to acknowledge by personal letter receipt of each of these more than one thousand contributions, at least at the present, while every minute of the entire relief and rehabilitation forces are required at other tasks. The Red Cross however, is issuing its official receipt to these donors.

A list of the donors was received at the Record office Thursday morning too late for publication this week.

JUNIOR BAND WILL BE ORGANIZED BY GOLDMAN

Colorado is to have a "Booster Junior Band." Such was the information given The Record Tuesday by M. S. Goldman, director of the Booster band. Mr. Goldman stated that Raymond Jones, members of the present band, would assist him in organization of the new band, which is to be composed of juniors of Colorado and vicinity.

Mr. Goldman stated that membership in the new band would be open to any junior desiring to take up the work. Those interested should confer with either Goldman or his assistant at once.

"I plan to advance members of the junior band just as fast as their merits will permit," Goldman stated, "and it will be my plan to allow members of the new organization to play in the other band when they qualify themselves to do so." Mr. Goldman stated a few days before the San Angelo convention that Colorado had the material for making a wonderfully good junior band and that he intended to perfect such an organization at an early date.

\$20,000 DAMAGES ASKED FOR DEATH OF HUSBAND

Suit for \$20,000 damages against J. C. Gray of Roscoe has been filed in District Court at Sweetwater by attorneys representing Mrs. Eva A. Tomlin also of Roscoe. Mrs. Tomlin is the widow of Charles Tomlin who died in an Abilene Sanitarium last September from knife wounds sustained in an affray.

Gray was tried on a charge of murder at the March term of District Court at Sweetwater in connection with Tomlin's death and received a two-year sentence in the penitentiary which has been appealed.

Mrs. Tomlin asks \$15,000 damages for her child and \$5,000 personal damages.

The suit will be tried at the October term of District Court. Gray formerly lived in Colorado and is well known here.

THEATRE STRUCTURE WILL BE CLASSY AFFAIR

Construction details of the new home of the Best Theatre have not been completed as yet but the general outline indicate that it is to be a classy affair. The building now occupied by the Colorado National Bank will be remodeled into one of the finest theatre buildings in West Texas. The main floor and balcony will accommodate comfortably about three hundred and fifty people. New seats will be installed as soon as they can be obtained. Rugs and carpets will be permanently placed on the floors and stairways, and the walls will be decorated with beautiful hand paintings. Added features on the walls will be the perfume containers and blue colored lights for the aisles and exits. Large auditorium lights will also be a feature.

The big style "O" Wurlitzer will be one of the main attractions. Many big theatres in large cities prefer this double piano with piped and drum attachments to the straight pipe organs. The ventilation will be taken care of by a six foot "Typhoon" blower to be installed at the rear of the house and assuring a permanent supply of fresh air.

The front of the Theatre will itself attract the attention of the most critical. There will be a ten or eleven foot lobby with tile floor and plaster walls. The box office is to be made of white marble with a black base and plate glass over the marble. It will be set out from the wall about two feet and in dimensions will be four feet square. At the entrance will be French mirrored doors with brass push rods and kick plates. Columns at the front will be surrounded with mirrors also. The electric sign containing about a hundred vari-colored lights displaying the name of the picture, the stars name and the date to be played will be placed over the sidewalk at a height to be visible for several blocks.

SINGER AT AZTEC CONTINUES TO DRAW CAPACITY HOUSES

From Eagle Pass News: Mr. Hampstead Bentley, the A. G. Field Minstrel tenor who is filling a week's engagement at the Aztec Theatre, continues to prove a big drawing card at that popular playhouse.

That Bentley is an entertainer of the finished type is evidenced by the applause that greets every number of a song program that has a range from the light operatic selections to the latest Broadway song hits. His manner of selling his wares to his audiences, show all the earmarks of "big time" and he and his very capable pianist are fairly singing themselves into the hearts of local movie fans. As an added feature they are introducing the "Melody Songs," featuring the latest song hits beautifully illustrated, a novelty that they are the first to introduce here.

These clever entertainers are appearing only in theatres that show the Paramount-Attercraft picture program, and their route takes them into eleven of the Southern states.

They are showing mighty good judgment in offering their program without the least suggestion of "smut," all of which will go a long way toward making them favorites here.

Mr. Bentley stated today that he is receiving so many special requests for special songs that it will be necessary to sing these songs in the order received at the box office, where the requests should be placed. Eagle Pass has had her share of good, bad and indifferent singers, but the unstinted appreciation shown these artists in applause, is most richly deserved. Without a doubt, they offer the cleverest fifteen minutes of entertainment that has been seen here in many moons. For the headline number Saturday, they will feature "If I Am Not at the Roll Call, Kiss Mother Goodbye For Me," a beautiful ballad written around the late war, and depicting the actual activities of our boys in France. This song is beautifully illustrated in motion picture film, and is said to be the only film of its kind ever released for public showing. The actual scenes were taken along the front line trenches, and together with the mother sentiment of the song, it has a strong appeal that will go straight to the hearts of those hearing it. Mr. Bentley stated that this song is proving the most popular in his entire repertoire.

BEST THEATRE FILM GRIPS SPECTATORS

Patrons at Best Theatre tonight will be amazed at the daring rides and stunts pulled by Dustin Farnum in "The Buster." Farnum is the foreman of a large western ranch and has a special job on his hands to tame a highly temperamental and wilful niece. A bunch of bandits capture the girl and take her far up into the mountains to a lonely cabin. Farnum starts out to rescue her and enlists the whole countryside to help drive the bandits back. Daring rides, leaps and shooting takes place but the girl is finally safe thru the aid of a traitor in the bandit gang. This will be at Best Theatre both Friday and Saturday.

Now is the time to get your base burner coal cheap.—R. L. Spalding Phone 149.

FORD'S HOSPITAL

Disabled world war veterans of Michigan have welcomed the offer recently made by the Henry Ford Hospital and already more than fifty are undergoing treatment at the big institution.

All of the veterans are admitted in the same manner as private patients and are treated on exactly the same basis. They are entitled to and receive the same quality of service and are distributed in the various units in the hospital according to the availability of rooms.

Arrangements for opening the hospital service free of any charge to all disabled veterans of Michigan needing treatment were made a few weeks ago at a meeting between Alvin M. Owsley, national commander of the American Legion, Henry Ford, Edsel B. Ford, president of the Ford Motor Company, and Dr. Harkness, State commander of the American Legion.

The ex-service men are admitted following recommendation by the Welfare Office of the American Legion in Detroit.

Another arrangement also has been effected between the Legion and the Henry Ford Hospital whereby in extreme cases of destitute families of former service men their children needing hospitalization will be treated when designated by the Legion office.

HEMPSTEAD BENTLEY DELIGHTS AUDIENCE

From Galveston News: Hempstead Bentley, late of the A. G. Field's minstrels, who bills himself as the "Southland's Sweetest Tenor," a good deal more than lived up to his title last night when he opened his week's engagement at the Princess Theatre. That Bentley can sing and sing well was evidenced by the storm of applause that greeted each number offered. His opening song, "That's How I Believe In You" was sung in a way so typical of minstrel tenors, while his second number, something about "Cow Bells" was a positive riot.

He sang about every sort of song imaginable during the program, and closed with "Three O'clock in The Morning," which was beautifully illustrated. He carries his own pianist and the two offer about the cleverest 15 minutes of entertainment that has been seen here in many moons. Victoria has had her share of good, bad and indifferent singers, but the unstinted applause given these clever entertainers last night was most richly deserved.

They show good judgment in offering a program that has not the least suggestion of smut, all of which will go a long way in making them favorites here. They are on a tour of the better class exclusive picture theatres in the state, and are routed by an eastern agency. They were brought here direct from Dallas, where they have just concluded a six week's engagement.

ROOTER FOR BLOOMERS

SWEETWATER, May 30.—The Western Bloomer Girls had an enthusiastic rooter during the game here yesterday afternoon with Sweetwater. The enthusiast for the girls was F. B. Whipkey, editor of the Colorado Record, who occupied a seat in the grand stand and let himself be known every time the visitors appeared on the diamond.

DID YOU LOSE A PICTURE IN THE RECENT STORM?

Mrs. B. B. McGuire brought to The Record office Monday a group

WOLK AND SON

We are making a specialty of good standard Shoes, and have the largest stock of shoes in Colorado. We make the price cheap and do a bigger business in Shoes than any store in town. Come in. All good brands and latest styles. We can also save you money on Dry Goods and other furnishings for the whole family. Wolk's at the Laskey corner is the place where you can buy at your own figures and save big money.

WOLK AND SON
Colorado, Texas

Turner of near Sylvester, and since some gin tickets issued by a local gin were found near by on the same farm Mrs. McGuire is lead to believe the picture is the property of some family in the path of the recent tornado. There is no mark of identification on the picture. Is of a man, a woman and two small children, a boy and a girl. If you lost a picture meeting this meagre description call at this office and see if it is yours.

A few days ago a canceled check, issued by a member of the Reese family on the Colorado National Bank, was found on a farm near Hamlin. Hamlin is not far from the town of Sylvester.

SHROPSHIRE AND WIFE PRAISED BY BAND BOYS

Members of the Colorado Booster Band are profuse in their praise of Mr. and Mrs. V. V. Shropshire, who were in charge of the camp maintained for members of the band and their families at San Angelo during the convention last week. Mr. and Mrs. Shropshire went to San Angelo before the convention opened and had every comfort and convenience possible provided for their guests by the time they began to arrive Sunday afternoon.

"Members of the band appreciate deeply the many courtesies extended them and members of their families while in camp at San Angelo and too much cannot be said in expressing our praise of Mr. and Mrs. Shropshire for the most unselfish manner in which they entertained

us," J. Lee Jones, manager of the band, stated Saturday.

The band delegation was camped in the second story of a building formerly used as a club house and had every convenience it was possible to provide. In the building were several large rooms or compartments one section of which was occupied by the men and the other by the ladies and children. Shropshire carried two chefs with him from Colorado and the table service was all that could be wished for.

AMERICAN YEOMEN WILL BE REORGANIZED HERE

Dr. C. M. McMillan announced Tuesday that Mrs. Nellie C. McCall of Dallas, district deputy representing the American Yeomen, would be in Colorado next week for the purpose of reorganizing this society here.

COLORADO SCHOOLS TO CLOSE JUNE THE 15TH

The 1922-23 session of the Colorado public schools will close on June 15th. Many handicaps have been encountered during the present term, constructing a new building, six grades on half day session during the greater part of the term, epidemic of Flu, change of several teachers, disastrous results of a cyclone, and hot weather during the last few weeks of the school year; but notwithstanding all these things, the year has been wonderfully successful. As a whole, the student body has done fine work, we have had a strong corps of teachers who have exerted themselves to raise the standard in every way, and they have been unusually successful.

The school has reached during the present term the greatest enrollment of its history, the enrollment at the present time being nine hundred and fifteen (915). There is no question but that the enrollment would have gone beyond the thousand mark if people who desired to move to Colorado to get the benefit of its schools could have found houses to rent or buy. We have good reason to believe that more than a hundred children would have been brought into the school had homes been available. It would seem that those citizens who have the money to build houses would see to it that the town increases its housing capacity.

The school will graduate the largest class of its history this year, there being twenty four candidates for graduation, eleven girls and thirteen boys. His class should have had thirty-five members and would have had if the school had offered industrial courses which some students who have dropped out wanted to take. We wish to direct attention to the fact that this graduating class, contains a larger number of boys than girls. It seems to the writer that that fact speaks well for the school. We make it our business to try to hold the boy in school through the course, we believe that he should have an equal start with the girl.

The class have unanimously invited Rev. D. R. Hardison to preach the baccalaureate sermon on the evening of June 10, at the Methodist church. Rev. Hardison has consented to preach the sermon.

Very little regular classroom work will be done during the last week, only one day, Monday will be devoted to regular work. The rest of the week will be devoted to examinations and teachers making reports, and commencement exercises. The commencement exercises for the grammar school class will be held on Thursday night of June 14, at the high school auditorium, and that of the high school class on Friday night, June 15th.

We hope that each patron will see to it that his child attends school until the last day. Please do not ask that a child be promoted before school closes, it is embarrassing to have to refuse such requests. School will not close until June 15th.

E. FRANK KING.
Dempter self oiling windmills—Colorado Supply Co.

STATEMENT CONTEST MGR MEETS WITH DENIAL HERE

The statement of George A. Bond of San Angelo, manager of the band contest during the West Texas Chamber of Commerce convention last week that the protest filed by the Colorado band was not considered inasmuch as it was not filed until after the contest had been commenced, met with vigorous denial here Friday at the Colorado Lions Club. An article appearing in the Fort Worth Star-Telegram Friday quoted Bond as having announced the official awards would stand, "inasmuch as the protest was not filed prior to beginning of the contest."

The statement from the manager grew out of a protest filed Wednesday afternoon at San Angelo by director and manager of the Colorado Booster band. The protests, which was supported by an affidavit, outlined that the Brady band, a contestant in Class B, the same class in which Colorado entered, used Harry Boynton of Hamilton in the contest. This, according to printed rules of the contest committee, was not permissible, as under regulations governing the contest only resident members were allowed to be entered by the competing bands. One paragraph of this clause stated "Each member must have been a resident of the town or county represented for a period of sixty days prior to contest."

Boynton was recognized as a citizen of Hamilton by one of the Colorado delegation and when approached on the matter, admitted that he did live in Hamilton and under the rules had no right to participate in the contest as a member of the Brady band.

In the article Mr. Bond is quoted as stating the protest was not filed until after the contest. It is true no written protest was filed, but a verbal protest was filed at eight o'clock Tuesday morning, before the contest was scheduled to begin that afternoon. Bond was told that Brady had a professional musician in its band and requested to require every band master entering the contest to file affidavit to the effect that he was complying with all requirements governing the same. This Bond declined to do. Just before the convention was opened Tuesday morning A. B. Spencer, president of the West Texas Chamber of Commerce, was notified verbally that Colorado was ready to file with either the West Texas Chamber of Commerce or the band contest committee an affidavit setting forth that the band from here was complying with every feature of the regulations.

Speakers in discussing the consideration given the Colorado Band at San Angelo praised the band as having been one of the most popular visiting the convention and early in the session won its way into unusual popularity among the fifteen thousand people there.

"After the contest was over, directors of the bands against which we were in competition came to me and conceded Colorado was an easy winner," Sam Goldman, director, stated. Mr. Goldman regretted very much that the committee had cast aside its printed form of rules governing the contest, allowing Brady to take a prize, when its band had of its own initiative violated a stipulated condition to the contract by playing the band man from Hamilton. Goldman also stated that printed rules required all bands to be registered not later than six o'clock Monday afternoon, but that the Band from Fort Worth, given first place, never arrived at the convention until about eleven o'clock the following day.

According to information brought back to Colorado by delegates to the convention, the policy of the convention committee in forcing the competing bands to put up the prize money met with universal disapproval by the bands affected. Each of the competing bands were required to register, paying a fee of \$2.50 per member, before entering the contest.

"We furnished entertainment for visitors to San Angelo throughout the convention," one of the band directors stated, "and it certainly does look hard for us to be required to pay San Angelo for the privilege of entertaining their guests for them." Protests against payment of the entrance fees were filed by most of the bands entering the contest. Fee required of Colorado, amounting to \$67.50, was paid by the Colorado Chamber of Commerce. Col. C. M. Adams, president of the Lions Club, spoke in unmistakable terms of his disapproval of the treatment received by the Colorado band at the hands of the contest committee. "There is no use to cry over

spilled milk," he commented, "but I believe we should show to the world the place where the wet spot is."

SERVICE

SERVICE is rather a small word, but it's really one of the biggest things in the world.

There is honest, sincere SERVICE back of every success, every friendship, every important movement.

We pride ourselves upon the excellent BANKING SERVICE we can render. SERVICE is what makes our bank the best bank for YOU. If you want prompt, reliable, modern banking service we offer it to you.

We would like for you to investigate, try us out, and we assure you we will not disappoint you.

Colorado National Bank
CAPITAL AND SURPLUS \$225,000.00

TO OUR PATRONS!

Realizing that GOOD SERVICE is ESSENTIAL in the ice business, we would call your attention to a few of the many ways in which you can help us to maintain that standard of efficiency.

It may seem a small thing for a driver to wait a few minutes upon you, but a number of such delays will seriously affect the service of the route.

Suppose that through these delays YOU WERE NOT TAKEN CARE OF, you would at once blame either the driver or the company, whereas the REAL OFFENDERS would be the CUSTOMERS who had caused such delay.

The following suggestions will aid and insure prompt and efficient service:

PUT YOUR CARD UP EARLY.
See that number agrees with quantity required. TAKE YOUR CARD DOWN WHEN SERVED. Have ice box ready when driver comes. Have coupon or cash ready when ice is put in. Call office if wagon is unusually late.

NOTIFY OFFICE IF SERVED AFTER CALLING, you may save an extra trip.
Insist on having ice weighed if you think you are getting short weight.
Do not fail to see that your card correctly shows the quantity you require. You will save the driver unnecessary labor and loss of time.

DO NOT ASK DRIVER TO LEAVE ICE WITHOUT COUPON OR CASH.
Do not censure the driver if you forget to put up your card and are missed. Be fair with him and you will find him willing and anxious to accommodate you.
Do not ask the driver to clean out your ice box or do your porter work.
Do not expect the wagon as early on a very warm day as you would on a cool day.
Do not expect good service unless you use your card, as your regular driver may be sick, and a new man working in his place.
If you feel that you have cause for dissatisfaction in regard to weight, service or courtesy, we will consider it a favor if you will call, telephone or write us about it. It will receive immediate attention.

Tuning in on City Ball Park

By Ret Tedgar

BIG SLUGFEST HELD AT THE BALL PARK

A very exciting game was played at the ball park last Friday afternoon by Winn's and Stoneroad's S. S. Classes. The final score, 13 to 12 at the end of five innings tells something of the mighty swatting indulged in by both teams. Winn's bunch opened the bombardment in the first inning by scoring five runs on good solid hits. Stoneroad's gang started out the same way in their half but got only two runs across the pan. Ed Majors, playing second for Winn, opened the second inning with a long three bagger over Counts' head. Jake Richardson then scored him with a single to center. Millard Smith connected for the only home run of the game scoring Rich ahead of him. Key Hooks got on first and scored a moment later on Bob Brennand's triple to right. Bob tried to stretch it into a home run but was caught between third and home. The Stoneroads couldn't do anything in their half of the second but made three in the third, four on the fourth and three in the fifth, many of these being on errors by Winn's class. The Winns added two in the third and one in the fourth and fifth to win the game 13 to 12. Key Hooks made a nice catch of a long fly in left field in the fourth inning. Ray Womack had the better of the pitching argument over Floyd Quinney, although Floyd batted and fielded well. Frank Lupton umpired.

BATTERIES
Winn—Womack and Brennand
Stoneroad—Quinney and Wulfjen

THE SCORE
Winn 5 4 2 1 1—13
Stoneroad 2 0 3 4 3—12

LINE-UP

WINN		STONEROAD	
J. Richardson	Shortstop	Coughran	Shortstop
Millard Smith	Center field	Miller	Center field
Key Hooks	Left field	Bill Counts	Left field
Bob Brennand	Right field	S. Wulfjen	Right field
Ray Womack	Pitcher	F. Quinney	Pitcher
Ray Clements	Third base	Brazill	Third base
Ted Garrett	First base	Rube Hart	First base
J. Helton	Second base	F. Laceywell	Second base
Ed Majors	Center field	Bud Osborn	Center field

Triple Play Features Tuesday Game
A hotly contested game was played at the ball park Tuesday afternoon by the Winn and Stoneroad aggregations. In the fifth inning with the score tied 7 to 7. Brazill took a hot liner off Hooks' bat, caught Garrett off third unassisted, and threw to first to catch Merritt napping and retired the side. It was a great play. In the sixth inning, Merritt first up got on first and Hooks knocked the first pitched ball into far left field for a homer to win the game for

Building a name is like putting money in the bank. Now is the time for every plumber to build a name that will stand for the best in everything associated with plumbing. The public is alive to the value of sanitation. It expects the plumber to know. It is more and more looking to him for leadership in the prevention of disease. So then, the plumber must make his name stand for sanitary knowledge and for leadership in the science of better health.

REMEMBER ME

COLORADO PLUMBING & HEATING CO.

Winn's class 9 to 7. T. A. Richardson also got a homer into right field in the first inning. Foster and Quinney made several fine stops of ground balls for Stoneroad's gang. The Stoneroadites made six runs in the first inning and didn't score but one run in the remaining five innings. Ray Womack again had the edge in pitching and bore down on class No. 4 mighty hard in the pinches. Both sides made several fine plays in fielding.

STANDING
Winn 2 1 .666
Stoneroad 1 2 .333

These two teams will meet again on Thursday of this week and will play one or more games every week following. The contest is growing hot and every game is a battle from start to finish. Full reports will be made in The Record.

The American Legion is backing up a town ball team that has already been out at practice at the ball park and they expect to go out every day until suitable playing material can be selected. Since there is no position that anyone has a cinch on, the aspiring athletes around town have an opportunity to make the team. A game is promised soon, maybe next week and a regular contest will be pulled off in big league fashion.

The following effusion was handed in by Uncle J. D. Wulfjen and published for what it is worth. It has been publicly said that we will pave the streets. To walk on with our golden feet. While the cost will be high we will enjoy it like pie. For the bumps in the streets are high. The money we will spend will never have an end until we all die. Then let us be mindful of those that were kindful. Their memory to preserve. And not let the grass so green grow upon the scene. Nor the weeds that are knee high. Then let us remember the dead in that city two miles east. And cleanup its streets as a feast. Then go visit that city. After the work has been done you will be glad you were one. For the day may come when you too may be there. In that city of the dead. And would you not rejoice. To know that those left back would give the grass and weeds a whack. And cleanup the streets. And kill the weeds and grass. On the lot under which you are packed. You let the good women of the cemetery association raise their mighty indignation. And wield their rolling pin on the heads of the men. Until this work is done. To their satisfaction.

CANCELED CHECK BLOWN 90 MILES BY FURIOUS GALE
HAMLIN, May 1.—An echo of the blast which wrecked the home of E. M. Reese four miles from Colorado last Monday morning when a canceled check reached terra firma in the cotton field of George Elder. The slip of paper was a check on the City National Bank of Colorado and was signed Oother Reese. It bears the date of Dec. 12, 1920, and is for the sum of \$3.75 in payment for picking cotton. Kay Elder, son of George, saw the check high in the air and watched it come trickling down to earth more than 90 miles from the place where the winds destroyed the home

RED CROSS DIRECTOR IS BUSY MAN THESE DAYS

Henry M. Baker, of St. Louis, director disaster relief for the American Red Cross, is perhaps one of the busiest men in this part of the country. Baker returned Saturday from McLean where he is directing relief work among storm sufferers and in addition to his duties as director of this work in Mitchell County, is supervising by telegraph, telephone and letter, varied activities of his department throughout the country.

"Tell me, what is the day of the week," Baker interrogated Monday morning as he rushed from the City National Bank to relief headquarters in the Hutchinson building. "I have been so busy during the past few days I have actually lost control of my mental calendar." Holding his hat in one hand and brushing perspiration from his brow with the other, the director hurried along the street, with a network of plans suggesting the best methods for solving the seemingly unending program for the day revolving in his mind. Mitchell County is certainly learning to recognize more forcibly than ever the fact that the American Red Cross is "the Best Mother of Them All."

JONES DRY GOODS COMPANY

Incorporated

ANNOUNCEMENT

New stores are being opened this week in Mineral Wells and Crosbyton. This brings our total to eleven stores.

By serving the people better in every way, selling them GOOD clean merchandise as cheaply as good merchandise can be sold for, we have been able in five years to build from one store to eleven busy stores.

Mr. Rutherford has been made manager of our new store at Crosbyton, and the Colorado store is in charge of L. B. Howard, formerly of Merkel and Brownfield. Mr. Howard is an experienced dry goods man and is located permanently in Colorado. He will appreciate a liberal share of your patronage.

The Jones Dry Goods Company, Inc., buys in large quantities, sells strictly for cash, operates on small overhead expense and a narrow margin of profit.

This is a West Texas institution, run by West Texas men for West Texas people. We are striving to please you. If we fail in any way tell us.

C. E. Jones, President

Jones Dry Goods Company

Incorporated

Baird, Brownfield, Colorado, Crosbyton, Gainsville, Goree, Hamlin, Mineral Wells, O'Donnell, Slaton and Tahoka.

IN SOCIETY AND AT THE CLUBS

Delphian Society
The Delphian Society will meet in the Barcroft parlor Tuesday, June 5th, at 4 o'clock. All members are urged to be present. Since the last meeting the following have enrolled. Mrs. Eugene Pond, Mrs. H. F. Slagel, Mrs. Jack Carter, Mrs. J. C.

Piles

CURED in 6 to 14 Days
All Druggists are authorized to refund money if PAZO OINTMENT fails to cure any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days. PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application. 60c.

R. G. PEACH

Hall. The new auxiliary members are: Mrs. Landers, Mrs. Carter, Misses Juanita and Eloise Pond and Dale Hall.

1921 Study Club
The 1921 Study Club met with Mrs. E. P. Price. The lesson on Antony and Cleopatra was led by Mrs. Floyd Quinsey. Papers were given by Mrs. Harry Ratliff and Mrs. Stewart Cooper.

Missionary Society
The regular meeting of the Methodist missionary society was held at the church Monday. Besides the regular business Mrs. Lawless was elected to attend the all-day district meeting at Big Spring June 8th. The program on Korea was led by Mrs. Tom Stenerod.

Young People Meet
The Young People's Missionary Society of the Methodist church met with Mrs. A. J. Herrington Tuesday afternoon. After a business session, Mrs. Jim Dobbs led the lesson from India on The March. Mrs. Frank

Herrington, Mrs. Monroe Herrington and Miss Isla Tilly were guests. Mesdames Grantland, W. P. Leslie and W. R. Morgan were guests at the social hour. The hostess served a salad, pickles, crackers, potato chips and tea. At the social hour Miss Jessie Stell read in rhyme the announcement of the approaching marriage of one of their members Miss Sallie Herrington, to Mr. Geo. Morgan. The event is to be June 12th. The next meeting will be with Mrs. Lucian Maddin.

Harmony Club
The Harmony Club met with Mrs. Landers Tuesday. Her invited guests were Mesdames O. B. Price, D. H. Snyder, M. Carter, John Daniel, Charlie Porter, Roland Buchard, Ross Dixon, Jim Johnson and Pearl Shannon. The hostess served veal loaf, sandwiches, potato chips, banana salad, date loaf and iced tea. The next meeting will be with Mrs. Coleman.

Benefit Picture
The 1921 Study Club wishes to announce to their friends that on June 7th and 8th Mae Murray in "Fascination" will be shown for their benefit at the Palace Theatre. This is a picture of gorgeous gowns and brilliant dancing features with a special setting. It is a brilliant drama of a girl who danced with danger. Spanish fire and Yankee "pep" are a strong combination. It explains why Dolores went through a series of vivid adventures which almost ended tragically for her. In addition the following program will be rendered Thursday night:

High school orchestra.
Solo—Mr. P. K. Williams
Violin Solo—Miss Steadham.
Scottish Song and dance.
Friday Night
Jazz orchestra.
Solo—Mrs. Ross Dixon.
Violin Solo.
Song—Mr. and Mrs. Willie Dorn.
Come friends on June 7th and 8th and see and hear your friends and also Mae Murray in "Fascination."

Memorial Service
Memorial Day services will be held at the Methodist church Sunday, June 3rd, at four o'clock. The program will be given by the American Legion, Auxiliary to the American Legion and the Daughters of the Confederacy.
Music—High school orchestra.

Invocation—Rev. Shuford.
America—Audience
Male Quartet—American Legion
Violin Duet—Miss Steadham and Jack Norris.

Address—Thomas R. Smith.
Solo—Mrs. John Daniels.
Children of the Confederacy—Delma Bishop.

Benediction—Rev. Lawlis.
The procession will go from the church to the cemetery where evergreen wreaths will be placed on all soldiers graves. Those who have cars are asked to use them to carry Veterans and friends to the cemetery.

Help Make Wreaths
All members of the U. D. C. and the Auxiliary to the American Legion and friends are asked to meet at Mrs. R. N. Gary's Saturday afternoon to help make wreaths for memorial Day services.

Married
Miss Beatrice Peach and Ed Lane of Abilene were married at Methodist parsonage Monday, May 28th. The pastor, Rev. Lawlis performed the ceremony. Mr. and Mrs. Lane have rooms with Mrs. M. E. Lindley.

LIONS DIST. GOVERNOR COMING AUGUST 29TH

Col. Louis C. Perry, president and founder of the Texas Military College of Terrell, elected district governor of Lions Clubs, will visit the Colorado club on Wednesday, August 29th, according to a communication received this week from Col. Perry by C. M. Adams, president of the Colorado club.

The district governor is to leave Terrell July 17 for a visit to the leading clubs of Texas and New Mexico.

Band Contest

Bands, with total of pieces and names of directors entered in the contest, follow:

- Plainview Chamber of Commerce Plainview, 31, F. Ihlefeldt.
- Memphis Chamber of Commerce, 25, P. A. James.
- Ballinger Band, 24, H. H. Carsey Weatherford Municipal Band, 37, E. King.
- Fort Worth High School Cadet Band, 40, W. C. Wylie.
- Stamford Firemen's Band, 25, Joe T. Ward.
- Junior Rotary Band, Mineral Wells, 23, W. W. Woodward.
- Jayton Concert Band, 28, C. C. Collum.
- Paint Rock Booster's Band, 20, Roy L. Hill.
- Simmons College Cowboy Band, Abilene, 33, Dewey O. Wylie.
- Lorenza Chamber of Commerce, 30, Monte Bowron.
- John Tarleton Agricultural College Military Band, Stephenville, 29, D. G. Hunewell.

- Brady Municipal Band, 35, T. L. Calloway.
- Lamesa Chamber of Commerce, 64, G. Ward Moody.
- Benjamin Concert Band, 25, W. J. Morris.

OF LOCAL INTEREST

Some People We Know and We Will Profit by Hearing About Them.
This is a purely local event. It took place in Colorado. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence than one you know nothing about, endorsed by unknown people.

C. D. Daggett, retired stockman, Colorado, says: "Several years ago I was troubled with my bladder, which caused me to get up often during the night. I can gladly say that Doan's Kidney Pills helped me a whole lot and I take pleasure in recommending them to anybody suffering with their kidneys or bladder." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Daggett had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

EGGS

To introduce our heavy laying strain of English White Leghorns will sell eggs to Boys and Girls Clubs at \$1.00 per 15; to others \$1.50—Leadale Farm and Poultry Yards, Lawrence Simpson, Manager G. C. Route, Big Spring Texas. 4-20-c

New York's Juvenile Musicians. The pupils of a New York kindergarten have formed an orchestra in which every player is under five years of age.

ERROR THAT WAS PITIFUL

Little Wife Meant Well, but Dyed Hair Almost Meant Death of Her Husband's Love.

He had gray hair and his wife was a little blonde, bobbed-hair person who looked scarcely more than a child. Again and again they were taken for father and daughter.

She let her hair grow and then she had it dyed gray.

Her husband was horrified. Somehow his love seemed to have grown less.

"I always used to think it hurt him awfully when I was taken for his daughter," the little woman told the Woman. "But it seems he loved feeling that this young thing was the woman who had fallen for him. I'm going to do all I can about having the dye bleached out. You see, I've bobbed my hair again—and as the new yellow hairs grow in his love seems to be coming back again. It's so hard to tell," she ended. "I felt I was doing something so wonderful for him and it almost broke his heart!"—New York Sun.

GOT THE MESSAGE TWISTED

Carelessness of Telegraph Operator Made a Mixup of a Somewhat Amusing Character.

An inspector of railway property whose duties had taken him to Bridgeport, Conn., discovered that the foundation under the local freighthouse needed repairs. Without delay he filed this dispatch to the New York office: "Foundation under freighthouse at Bridgeport unsafe—rush men at once."

In sending the message the operator on the New York wire apparently did not space the letters properly in the word "foundation" and also pressed too long to form the letter "r"; for this was the message received in New York: "Found a lion under freighthouse at Bridgeport unsafe—rush men at once."

The inspector was astonished a few hours later to see a special work train come into the yard with a flat car containing a large animal cage and also ten men expecting to have an exciting time catching a lion that they supposed had escaped from some passing circus.—Youth's Companion.

Reader Has One Guess.

Uncle John was an ardent supporter of the local football club. As a respected follower of the team he had his own private niche. Aunt Martha, long puzzled at his regular absence from home on Saturday afternoons, decided to investigate.

On the following Saturday Uncle John did not turn up in the stand alone. Aunt Martha was with him. "John," she asked, soon after the game started, "what are those eleven fools in white doing?"

"They are trying to put that bit of leather between those two posts there, my dear," he replied.

There was a short silence.

"And what are those eleven other fools in red doing?" was her next question.

"They are trying to prevent the other fellows from putting the ball between the posts, my dear."

Another silence.

"And what are these other 20,000 fools doing?" was her next question.

"They are all enjoying themselves except one, dear."—London Answers.

Mission House Made Memorial.

The mission house at Kettering, Northamptonshire, England, where William Carey on October 2, 1792, founded the first missionary society which is recognized as the basis of the modern missionary enterprise, was put up for sale, the owner having died and the estate thus having become purchasable for the first time since that memorable occasion. The purchase was made on behalf of the Baptist Laymen's Missionary Movement of England. The property will not only be retained for the denomination as a historic memorial, but will probably be used as a hostel for returned missionaries.

More Students Take to Classics.

An increase in the study of the classics this year has been announced by New York university. There were 100 students of Latin a year ago, as compared with 128 this fall. The number of Greek students increased from 28 to 48. There has been an even more pronounced increase in the number of students of the romance languages, amounting to nearly 75 per cent in French, or from 434 in 1921 to 757 in 1922.

Necessary Garden Equipment.

The wisdom of Socrates, the strength of Hercules, the endurance of Atlas, the conquering power of Napoleon, the versatility of Leonardo da Vinci, the patience of Job, the optimism of Pollyanna—and the courage in the autumn to say, "Well, never mind, next year it will be a garden."—From Life.

Concerning Plants.

Plants with sweet-smelling flowers are more common in dry than in moist climates. Thyme, sage, and lavender, for instance, bloom profusely on dry uplands and fill the air with their scent, but the wild flowers of low or swampy ground are seldom highly scented, and if they are their odors are unpleasant.

New York's Juvenile Musicians. The pupils of a New York kindergarten have formed an orchestra in which every player is under five years of age.

WRINKLES

Wrinkles are not always the penalty of advancing years. The muscular strain and fatigue resulting from defective vision are worse offenders in this respect than Father Time.

No amount of cosmetic treatment or massaging will eradicate these wrinkles. The only effective way to erase them is to restore the proper balance of the features by corrective glasses.

And today the gold worker's best skill and imagination are devoted to the task of making eyeglasses personal ornaments of real beauty.

WHY SUFFE RWITH EYE-STRAIN? Our Optometrists can relieve it with properly fitted glasses.

Yours for satisfactory Glasses.

MITCHELL WILL CARRY ON

Though as yet working under the shadows of the disastrous storm, which took in its toll twenty-five lives, eighty-six farm homes and hundreds of thousands in property damage, the citizenship of Mitchell County are not stopping their cooperative support in carrying on the several industrial and commercial arteries affected. Out of the chivalry of their very nature, men and women, who were caused to suffer, in heart ache, physical pain and financial disaster, because of having been in the path of the tornado, are not souring on the world, nor are they looking behind them, but are working in colleague with their fortunate neighbors, not alone in Mitchell County but from over the State, in the task of rehabilitation. Of course, it presents a pitiable aspect when one looks discerningly upon the destruction wrought by the storm, but that was a condition over which no earthly power had control and for which no one was to blame. In keeping with the undaunted spirit of the West Texas Anglo Saxon, sorrows will be soothed, broken hearts mended and new homes spring up on the site of property devastation. Mitchell County will continue to carry on.

The task of even relieving human suffering, however, would have presented itself in the form of a Hercules task, even for the entire resources of the country, had not Texans everywhere, and red blooded Americans outside of the Lone Star State, recognized the command that they were their brothers' keeper, and immediately came under the load with strong arms to help local relief measures in helping the storm sufferers help themselves. Such a spirit of chivalry and example of Christian duty to mankind was perhaps never more strikingly illustrated. Financial assistance, clothing, food, shelter, planting seed and other items to be included in the necessities catalogued by the relief program, came rushing into Colorado from a thousand different sources and from every point of the compass. Accompanying these came messages of sympathy to the maimed and homeless.

And these unfortunate people have not neglected to acknowledge their profound gratitude for the assistance given them by the people of other sections of the country. Even in death some of them forgot the anguish of their maimed bodies long enough to raise a frail hand in silent benediction to their human benefactors, and scores and scores

of them—in fact all of them listed among the survivors—are speaking their praise of those who succored them in disaster and distress. The catastrophe, though awful in its scope, has served to mould more closely the ties binding Texans into one great brotherhood. Out of the debris will spring up tomorrow a greater Mitchell County in material things and a greater citizenry to blend its influence with other Texans in carrying the Lone Star State to that point of eminence in democracy, education, society, religion and wealth set as the goal by our leading thinkers of today.

PROPOSED SPECIAL TAX

The proposed special road tax of fifteen cents on the one dollar valuation of property is imperative of adoption at the hands of the citizenship of Mitchell County, if they are to furnish Commissioners' Court with any means for road maintenance in the future. The official statement is given from Commissioners' Court that the proposed special tax will not in any manner increase the present rate of taxation, because they will drop the 15 cent levy for maintenance of the jury fund, now carrying a surplus of some ten thousand dollars. Under a ruling of the attorney general, funds collected through taxation for one specific fund cannot no longer be transferred to other funds or expended for any purpose than that for which it was assessed and collected. Out of the road and bridge tax of fifteen cents for the current year, some ten thousand dollars accrued. The county states that in meeting emergency repairs to roads and bridges over the county this fund has already become depleted. Unless a special tax is authorized, the deficit can never be overcome, since ten thousand dollars per annum is wholly inadequate to carry out any worthwhile road and bridge maintenance work in this county. Prior to this year, the court has had access to the surplus collecting in the jury fund and have used it as a supplement to the regular fund for financing road work. The attorney general, however, has stopped this.

FEDERAL AID AT STAKE

The vital interests of highway construction in this state are at stake, in so far as continuation of Federal aid in financing bridge and highway construction is concerned. In July a constitutional amendment affecting public road construction is to be this state one penny, now or hereafter, for their adoption or rejection. To adopt the amendment will not increase the taxes of any citizen in this state one penny, now nor hereafter. To defeat the proposed amendment, simply means that the financial aid, heretofore extended this state in road and bridge construction, will be withdrawn. There should be no occasion for argument in support of the amendment, as it appears that every citizen should accept it upon its merits. And there most assuredly can be no consistent argument against its adoption.

The present State laws provide that a first class public road shall be at least thirty feet in width and that all stumps shall be cut to within eleven inches of the ground. To vote against the amendment simply

means the building of that type of public road in the future. To vote for it means the opposite. In dollars and cents, there is not one thin dime difference in cost to the taxpayer. Study the matter well and go to the polls and do your duty to yourself, your fellow citizens and our God.

ANOTHER MEMORIAL

Colorado did not officially observe Memorial Day Wednesday in the usual way in which cities and towns the United States over are wont to do, but the citizenship here passed through the day quietly and for the most part following the daily routine of having a part in the relief and rehabilitation work in the path of the storm. The American Legion, the Civic League and other organizations, which under normal circumstances would have fostered an elaborate program in commemoration of the American soldier dead, were too busy at other tasks and could not well enter into the carrying out of a fitting Memorial Day program. For the most part, the business men and merchants of the city felt it their duty to remain open during the day in order to be ready at a moment's notice to supply some need or render some service to the work of rebuilding on the site of the storm devastated waste.

Colorado did not outwardly celebrate with any splendor the occasion, but at heart the entire citizenry remembered Memorial Day and quietly observed within their hearts its most sincere meaning as they busied themselves at the numberless tasks they are doing. The day had a dual meaning here. In addition to renewing with illuminated effect the devotion of memory of those for whom the occasion was fostered, victims of the Mitchell County tornado also were given a big place in the affections of the general public.

CLIP AND COMMENT

It may be a sorry old world, full of grouches, non-progressive and other undesirable folks. But just let something like the Mitchell County cyclone hit and watch results.

Watch the way these Coloradoians rose to that emergency, organized rescue squads, first aid squads, etc., doing everything that was needful in caring for the storm victims. Observe the reaction from Big Spring where they chartered a special train. Or did the T. & P. donate it? Anyway, Big Spring was there and as was Snyder, Sweetwater was a little late—the word did not reach here as soon. But our fire department broke all records getting there when they heard they were needed. So did our doctors and nurses and everyone who thought they could be of any assistance. It is very doubtful if ever a sum of money was raised so quickly in Sweetwater for any purpose as the money that is coming in for Mitchell county relief. Watch the reaction in other towns, where money and relief is coming in rapidly.

Does it not restore your faith in human nature?—Sweetwater Daily Reporter.

It certainly gives one a new vision of West Texas people. The way Colorado people rose to the emergency was a test of the real worth of those people. The way West Texas towns, her neighbors responded to her call of want was a beautiful picture of loyalty to suffering humanity. This is just the common course and trend of human nature. For awhile virtue becomes lost beneath the weight of human selfishness, but when calamity comes we see virtue rise and is again seated upon the throne she so justly deserves. This characteristic of the American people has followed them ever since they landed upon the pilgrim shores of America. Calamity brings people together and brings out the best that is in them. During great world calamities, wars and disturbances our greatest heroes have arisen, men of the highest type have sprung up and become great

among their fellows. It takes reverse and calamities, it would seem, to develop the best that is in us.—Scurry County Times.

CONVENTION HIGH LIGHTS

Perhaps the committee in charge of the band contest at San Angelo considered there was something in the statement of Solomon that a wise man is he who changes his mind. Monday morning the information was given out that all bands entering the contest must be registered before six that afternoon paying entrance fee of \$2.50 for each member. The Colorado band was immediately registered and by six that afternoon six other bands had been registered. At eleven o'clock, however, the next morning, the Fort Worth band arrived for the convention and was escorted to registration headquarters to be registered. The information was given out that the "Fort Worth band registered on the train." First prize was given to Fort Worth in the contest in Class B, the class in which Colorado was entered.

Mrs. Con Cunningham and a number of young ladies of San Angelo working with her were indeed very generous to Colorado during the convention. These ladies dismissed their plans for taking in the convention and worked unselfishly at a Red Cross booth maintained during the three days of the convention to raise funds for Mitchell County storm sufferers.

One requirement of eligibility in the band contest at San Angelo specifically stated that all members of each competing band, in either of the three classes, must have been residents of the town or county from which the band was entered for a period of sixty days prior to contest. The Body Chamber of Commerce Band defeating Colorado for second place in the class B contest, played Harry Boynton, director of the Hamilton band. Boynton was born and reared in Hamilton and is engaged in the motion picture business there, and was gracious enough to admit that his home was in Hamilton when confronted with a delegate from Colorado who had known him for a number of years. This fact was presented to the band contest committee, supported by affidavit. The committee, however, according to press reports, declined to interfere with original award of judges.

President A. B. Spencer, Clifford B. Jones of Spar, former president, Porter A. Whaley, and other West Texas officials were very much interested in doing everything possible to relieve suffering among storm sufferers. They fostered the Red Cross booth and worked in many ways to continually keep before the ten thousand visitors the need of funds for relief work. Tuesday night they caused a most fitting truck to be driven in the West Texas Pageant, witnessed by ten thousand people. This truck, carrying a Red Cross nurse on one end and a figure representing death on the other, showed a large screen depicting destruction of home and life by the tornado, and the inscription, "Undaunted by disaster, Mitchell County will carry on." President Spencer referred to the disaster and of the need for funds at more than one of the convention meetings.

The spectacular beauty of the sponsors parade on the afternoon of the last day of the convention had one outstanding and striking diversion. It was represented in the automobile in which Miss Lottie Pritchett, Colorado sponsor rode. With cars, decorated more beautifully and gorgeously than even the poet might be able to describe, sponsor after sponsor rode through Chadbourne street to receive cheers from ten thousand throats. Toward the end of the long line came the Colorado sponsor, herself wearing mourning and riding in a car draped

in mourning, to memorialize those who lost their lives in the Mitchell County disaster. As the Colorado car passed through the street, the men would remove their hats and stand with women and children in paying respect to the memory of these storm victims. Many of the other decorated cars received applause for their beauty, but none received more praise than the one representing the sorrow of West Texas because of the great disaster.

We do not blame the home town paper for becoming chesty over the fact that Hamilton possesses among her citizens one of the best bands in the country and one who is capable to play a big part in leading the Brady band into the limelight, "with colors flying." Mr. Boynton is a good band man, or else such bands as "The Old Grey Mare Band" and the "Brady Chamber of Commerce Band" would not go out of their way to obtain his services. Boynton was a member of the 142nd. Infantry Band, winning the Gold Medal prize at Plainview one year ago. The Colorado band was offered the services of professional band men for the contest at San Angelo, but because of the contest denied the manager that privilege, he refused to accept their services. Had Colorado acted as Brady, however, she might, as the Hamilton Herald relates about Brady, left the convention "with colors flying." In the eyes of the visitors to the convention, the Colorado band did fly its colors at San Angelo, in spite of the fact that for some yet unexplained reason the band contest committee could not see it that way. Perhaps George A. Bond, manager of the contest, and the other members of the committee are color blind.

P. K. Williams, drum major for the Colorado band, might have resembled "an admiral in the Swiss Navy," as many suggested, in his striking uniform, but he worked his

way into the very life of the convention, and soon became a favorite. It was he whom the program committee selected as the drum major to direct all programs in which the combined bands appeared, and "P. K." certainly did justice to the task. Like the Colorado Booster Band, its drum major, was one of the best in San Angelo.

Easy Way to Kill Flies.

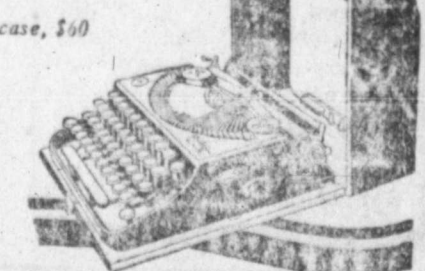

Of the many methods used to kill flies none is more effective than the cylindrical wire screen trap with conical entrance. Such a trap can easily be made at home from a few square feet of screen wire, three keg hoops, four short pieces of lath, and a keg head, and a few small nails and tacks. Cut off a piece of the screen eighteen inches wide and long enough to encircle the keg head. Roll this wire tightly around two of the hoops, one at each end. Tack four strips of lath from one hoop to the other and have the ends extend over one inch to serve as feet. Fit the keg head in the end opposite the feet, tacking the wire securely over it. Adjust the third hoop to fit inside the bottom hoop of the cylinder. Remove this hoop and fashion a wire cone over it folding the edges so as to make a tight seam. Tack the wire over the hoop, cut it so as to leave enough to turn under, then tack this neatly inside the hoop. Cut a half-inch hole in the apex of the cone so that flies can enter. Push the cone in at the bottom of the cylinder, where it should be held by friction when one hoop covers the other. The trap is then complete. Set it somewhere near the kitchen door and place under it a saucer filled fermenting fruit, syrup, milk, or other substance attractive to flies. When disturbed, the flies around the saucer will fly upward through the cone, enter the trap, and thereafter be unable to find the small opening which affords the means of escape. The flies may be killed by scalding

Remington Portable

THE Remington Portable is the outstanding success among portable typewriters. Everybody needs a portable machine and the Remington Portable exactly and completely supplies this universal need.

Compact—fits in a case only four inches high. Convenient—can be used anywhere—even on your lap. Complete—has the standard keyboard, with four rows of keys and no shifting for figures—has the automatic ribbon reverse—has every feature to which you are accustomed on the big machines.

JONES DRY GOODS STORE UNDER NEW MANAGEMENT

L. B. Howard, until recently of Brownfield, assumed the management of the Jones Dry Goods, Inc., store at Colorado Monday morning, succeeding R. W. Rutherford, who had been in charge of the business during the past few months.

Federated Clubs Send Clothing

Besides having a part in the \$430 sent from Corpus Christi to the Red Cross here for the storm sufferers, the Federated Clubs, under the leadership of Mrs. G. R. Scott, a life long friend of Mrs. P. C. Coleman, sent to Dr. and Mrs. Coleman 150 pounds of good clothing for them to distribute as they saw fit to the needy.

PRE-HISTORIC RACE ONCE DOMINATED HERE, IS BELIEVED

According to the belief of Byron Utecht, Fort Worth archaeologist, a pre-historic race, probably ancestors of the Egyptians, at one time dominated what is now known as Mitchell County. Utecht bases his belief of this theory upon discoveries made on Morgan Creek, west of Colorado, wherein a perfectly fashioned stone idol, an antiquated stone grist mill and probably other relics of other peoples and other days were found.

ANOTHER EXTRA SESSION LEGISLATURE IS LIKELY

Both branches of the legislature adjourned at Austin Wednesday night in anticipation of the governor's veto Thursday morning of all appropriation measures before him. This fact was made sure when the house refused to adopt the joint "steering" committee report Wednesday afternoon. The report was ruled out of order in the senate when it came up for discussion. The point was raised by Senator Darwin, who stated the report had failed of adoption in the house and was therefore out of order in the senate.

A long fight is expected when the appropriation measures again come before the legislature. The main fight will be centered on the school appropriations. The house favors leaving the rural aid as it now stands but the senate opposes the measure and will amend any rural aid bill the house passes. Through the failure of the legislature to adopt the ways and means committee report, all hopes of ending the present session were shattered. Many members now declare this will necessitate a fourth called session.

COLORADO BANKER RETURNS FROM VISIT TO AUSTIN

J. M. Thomas, active vice president of the Colorado National Bank, returned Sunday from Austin where he spent an extended visit with his family. Mrs. Thomas is keeping a house in Austin to be with her two children, Maxwell and Eleanor, who are attending school there. Mr. Thomas stated Monday Mrs. Thomas' health was improving satisfactorily. She became ill in delicate health several months ago and the change in climate is proving beneficial.

Joe Frazier, the other Joe, and W. B. Ralph, were in Sweetwater Tuesday to see the Western Bloomers play the local ball team. The score was about 47 to 6, favoring the local team.

Spring poetry may be all right, but a little spring poetry in the gardens after the weeds start would be more useful.

There is a movement to have Armistice Day made a national legal holiday, and if this is done the American people will no doubt consent to commemorate it by attending the football games.

WITH THE CHURCHES

PRESBYTERIAN CHURCH
 Sunday school at 9:45, J. M. Thomas, superintendent. Classes for all. You are invited to attend the Sunday school and remain for the morning services at 11 o'clock and then come back for the evening service at 8 o'clock. We feel sure you will enjoy worshipping with us. The Sunday school at Horns school house is well attended and is very encouraging to those who have charge and teach. Preaching at 4:30 p. m. The community is invited, Jerold Riordan superintendent.
 W. M. ELLIOTT, Pastor.

LAWLIS, Pastor. **Lost in The Storm** The Methodist church lost in the big storm 47 Sunday school pupils. If anyone finds same please return to Methodist church and in the judgment you will receive a reward. Any information leading to same will be appreciated by the whole church.

SUNDAY WITH THE BAPTISTS
 We have been somewhat upset for two weeks on account of the great disaster which befell our neighbors. Our church house has been in use serving the hurt but the Red Cross assures us that we can have the house for next Sunday. We are taking this method of asking all those who have been interested in the caring for these sufferers to come and enjoy the day with us in worship and service. We are to have a rare treat at the evening service in the way of some special music by a specialist. If you enjoy music come and hear this singer. We ask all our workers and members to work a little harder this week to encourage all to be present next Sunday. Come feeling grateful for the many blessings of life and give the glad hand of fellowship to those that might be discouraged. Our church fellowship is fine and getting better all the time and we want you to come and help make it all that you want to be. So this is our invitation to you. Boost for the Sunday school. Make it 100 percent next Sunday.

 A. M. BELL

COLORADO NATIONAL TO MOVE NEW HOME JUNE 16

The Colorado National Bank will be in its new home by June 16th, Joe H. Smoot, cashier, stated Monday. Mr. Smoot stated that the work of moving into the new building would probably be commenced this week, but at least two weeks would expire before the bank would be ready to change its business from the old to the new building.

The moving of the Colorado National into its new home will mark one of the outstanding epochs in the continued successful history of the institution. Founded in the infancy of Colorado, more than forty years ago, the bank has developed with the section of West Texas and the city it has served until now the Colorado National Bank is one of the strongest financial institutions in West Texas. In the new home, the institution will be better prepared to meet the growing patronage received from the public.

In speaking of the Colorado National Bank building, a prominent Fort Worth newspaper man, who recently visited Colorado, stated: "This is the best building I have seen in West Texas. As far as it goes, it is as good as our own F. & M. National Bank building in Fort Worth."

"The building is indeed a credit to the city of Colorado," an official of the Chamber of Commerce stated Monday, "and its completion marks the dawn of a greater industrial and commercial center for Colorado."

For Windmills and Windmill repairs and pipe fittings phone 280.

Rowe-Daniel Gets Smackover Well.

EL DORADO, Ark., May 26.—The Rowe-Daniel Petroleum Company completed their second producer in the Smackover field yesterday with the bringing in of a good producer on their twenty-acre lease in section 7-16-15 with an initial flow of 2,000 barrels.

According to present plans another well will be started immediately on this lease and another well started on choice acreage in the Colorado field in Mitchell County, Texas.

The bringing in of this latest producer makes the eighth producing well for this corporation with large lease-holdings checker boarded over most of the producing areas of Arkansas and Texas. At the present time Chal Daniel, in charge of active operation for the company, is spending some time in the Corsicana field, where he has several deals pending on acreage in the vicinity of the bringing-in of the two big producers of the J. K. Hughes Development Company, and expects to announce a drilling campaign in this field very shortly.—Texas Oil World.

FATHER KISSES SON AFTER HE CUTS OWN THROAT

BRONTE, May 30.—Bob Payne, 40, is reported to have killed himself Monday morning by cutting his throat with a razor at his home three miles from Robert Lee. His little son went into the room just after the deed was committed and the dying man asked the child to kiss him. His son refused and the father forcibly kissed him. No cause for the act is known.

FACTS VS. SCIENTISTS

The food that miraculously appeared in the desert to save the Children of Israel, famishing on their wanderings from Egypt to Canaan has been discovered anew by a party of British explorers in the wilderness of Sinai. Scientists are interested in the account of the miraculous food as being the edible pellets from the tamarisk tree, which in the morning when the dew that lay was gone up, upon the face of the wilderness lay, a small round thing as small as the hoar frost upon the ground." The sickness and delirium which followed the eating of the manna by the Israelites was duplicated in the experiences of two of the explorer's party, who made the tamarisk pellets their diet for several days.—Star-Telegram.

To which Ben Smith of Snyder ads the following preachment:

This is but another propergander of the modernist or the man that claims we sprung from the lower creation. Having discovered the pot of manna they will next lay claim to Aaron's rod that budded. Modernism is undertaking to prove their theory on flimsy grounds. They are endeavoring to prove that the world evolved from nothing and will return to nothing, that there is a reason for these things which they claim just sorter happened. Modern scientists are cutting some queer capers in their efforts to tear down the Bible and destroy man's hope of Eternal salvation. The Bible has survived all its critics and will continue to live after these modernists and their infidelity has passed from the face of the earth. Christ said when here on earth, that "Heaven and earth will pass away but my words will live forever." We are not alarmed over the claims of aesthiests and infidels. The Christian's Bible will be preserved to future gener-

ations, and will continue to be a guide book from Time to Eternity. When the solemn hour of death overtakes the Modernist he will then lay aside his infidelity and acknowledge that God is and that He is a rewarder of them that seek him. There has never lived an infidel, who, when his feet touched the chilly waters of the Jordan of Death but that he admitted his mistake. One great reason for the infidel's practice and belief is that he undertakes to reason out these matters, and failing he turns his back on the Bible and denies the whole story of creation. Great many modern infidels are dishonest with themselves. They do not really believe what they teach. They are lying to their own souls. When Robert Ingersoll stood by the grave of his brother he said: "Faith sees a star

and hope hears the resting of wings." What was this statement but an admission that there was a life beyond the grave? No, dear people, the manna that fed the Children of Israel in the wilderness does not exist today. It was miraculously sent down from Heaven, and has returned from whence it came.

Bad windy or rainy weather should not interfere. I have a good drying room.—Klasy Kleaner. Phone 133.

Loraine, Texas. My bathing pool is now ready, 5 to 8 feet of fresh well water. My pleasure is to offer to the Colorado people a free plunge next Tuesday from 4 p. m. till 8 p. m. Come and have a good time.
 W. L. EDMONDSON.

LINCOLN
 Get Behind the Wheel

Lincoln motor cars are produced by the world's greatest automobile manufacturing institution in accordance with the highest standards of manufacture known to the industry. Quality and character will persistently stand foremost.

The Four-Passenger Sedan
\$4600
 F. O. B. Detroit
 Ten Body Types

It is the avowed purpose of the Ford Motor Company that each Lincoln purchaser shall receive the finest and most satisfying motor car which it is possible to produce. To that end the development of the Lincoln, its manufacture, its distribution and its service will be carried to the highest degree of perfection by placing behind it the vast resources of the Ford Motor Company.

SNYDER COMES TO THE RELIEF OF COLORADO

The Snyder citizens last Saturday subscribed, paid in and sent to the Colorado tornado sufferers \$1,068. The draft was mailed last Saturday afternoon to the Colorado National Bank, treasury for the Relief Fund, by Rev. C. E. Jameson, who was active in soliciting the money. This draft of \$1,068 is in addition

to the \$100 sent by the Snyder Red Cross, and donations by private individuals. The Snyder Commandry will send donation as soon as meeting is held.

The three banks of Snyder headed the list for Colorado tornado sufferers with \$100 each.—Scurry Co. Times.

See the service cushion tube at Colorado Supply Co.

LAMBETH INSTALLING NEW GIN PLANT AT COLORADO

O. Lambeth, owner of the Brick gin here and one of the gin plants at Westbrook, announced recently that he would install the second gin at Colorado and have the plant ready for operation at the opening of the fall season. The new plant, to be installed in the old gin building owned by Mr. Lambeth one block north of the Brick gin, will be a five eighty-saw Munger Special, duplicating his other gins here and at Westbrook.

Complete equipment for the new gin has been purchased and is now in transit from the factory, it was stated Tuesday. The building is now being rebuilt and painted. The new gin will place the total of these plants in Colorado at six.

PROGRAM

Sweetwater Baptist Association workers conference region three, to be held with Longfellow Church on Monday, June 4th, 1923.

Topics for discussion:
10:00—Finding and doing God's will—G. C. Farris or W. S. Taylor.
10:25—The need of Christian Leadership in America—Judge Hall of Colorado.
10:55—Enemies to Christian Leadership in America—M. C. Bishop.

11:25—Our Religious schools and Christian Leadership in America—H. L. Knight of Sweetwater.
12:15—Lunch at the church, and social hour.

1:30—Raising Community standards—J. B. Adams.
2:00—Reinforcing our country churches—W. A. Thornton.
2:30—Baptists, their principals and work, A. D. Leach.
3:00—Blessings received from this conference—Open discussion.
3:30—Business and Adjournment.

DULIN ELECTED DIRECTOR SOUTHWEST POULTRY ASSN.

W. A. Dulin, county agent of Mitchell County, was elected on the board of directors of the Southwestern Poultry Association, organized at Sweetwater Tuesday. Dulin was tendered the presidency of the organization, but declined because he did not have sufficient time to devote to the office.

It was brought out at the meeting that the Association now had 160,000 hens under contract.

Notice, Advertisement

Sealed proposals for carrying the United States Mails including parcel post, on route 250711, between the Post Office at Colorado, Texas, and the Texas & Pacific Ry. route No. 111800, each way, and as often as required will be received by the Postmaster until June 8th, 1923.

For blank proposals and requirements of successful bidder, see notices posted in lobby of the post office at Colorado, Texas, or consult postmaster.

R. S. BRENNAN, Postmaster.

ALLEGED CAR THIEF JAILED IN MEXICO

W. H. Murrell, employee of the Coca Cola Bottling Company, charged with theft of an automobile and same forty dollars in money from the company here Monday, May 21, was arrested by Mexican officers just across the Texas border from Del Rio Friday and is being held in jail there, according to information reaching the sheriff's office at Colorado Sunday. The car alleged to have been stolen is reported located in Del Rio.

According to information from the sheriff's office, Murrell is alleged to have been employed by the Coca Cola Bottling Company as driver of a delivery truck. The delivery used was a new Ford roadster and on the date he is alleged to have absconded with the car and funds belonging to the company, Murrell made a number of local deliveries from the bottling works and collected the bills. When he failed to return to the office a search of the city failed to locate him. Officers were called and traced Murrell to Coahoma and from there to Sterling City. At Sterling City the trail was lost until the car reached Del Rio.

Sheriff Terry left here Sunday night for Del Rio. It was not known whether Murrell would fight extradition to Texas to face the charge against him. Officers state Murrell is married and left his wife in Colorado at the time he made his getaway.

C. OF C. EXECUTIVES TO CONVENE FOR ORGANIZATION

Dr. P. C. Coleman, president of the Chamber of Commerce, stated Tuesday that he would convene the new executive board of the chamber in session early next week for organization. The executive board elected at the annual business meeting Tuesday, May 8, for the ensuing year, is composed of the following:

J. H. Greene, R. O. Pearson, R. P. Price, H. L. Hutchinson, Joe H. Smoot, G. B. Slaton, T. W. Stone-road, A. B. Blanks, J. Riordan, O. Lambeth, J. C. Pritchett and L. B. Elliott.

In perfecting organization, the board will elect a vice president and treasurer from among its number. Several department head chairmen will also be elected. Coleman had planned convening the board on May 15, but because of the storm the meeting was of necessity postponed.

BOWIE COUNTY CITIZEN DIES AT SEVEN WELLS

E. E. York, 66 years of age, died at the home of his daughter, Mrs. J. G. Grissom of the Seven Wells community Friday and the remains were buried Saturday afternoon at Odd Fellows cemetery. Funeral services were conducted Saturday afternoon at three o'clock at Greene's Chapel by Rev. W. M. Elliott.

Mr. York, a native of Alabama, came to Texas forty years ago and settled in Bowie County. He was on a visit to his daughter and family, Mr. and Mrs. J. G. Grissom, when he died. Eight children survive.

Circles Meet.

Circles number One and Three held their regular meetings Monday afternoon for the systematic study of the bride. Circle number One met with Mrs. Lee Jones and circle number Three met with Mrs. T. J. Ratliff.

COLORADO DELEGATION TO SAN ANGELO IS SMALL

The delegation from Colorado to the convention at San Angelo last week did not number more than one hundred people, including personnel of the band, according to estimate made by the Chamber of Commerce. The small delegation to the convention was attributed to the fact that the city and county was still overshadowed with the great sorrow because of devastation and death in the tornado May 14. Prior to the storm it had been planned to send a delegation of three hundred people to the convention. Among these delegates were to have been included a number of original stunt captains, who had their teams well organized. J. H. Greene, convention chairman, had his plans well made for pushing into the background even such famous street shows as Grady Kinsolving's medicine show, and everybody attending the last two conventions recognized the big success of this big hit given under auspices of the Abilene Chamber of Commerce secretary.

BOYNTON PLAYED IN BRADY BAND. NEWSPAPER ASSERTS

The Hamilton Record-Herald, for Friday, has the following interesting article concerning Harry Boynton, whom members of the Colorado Band claimed played in the Brady band during the contest at San Angelo last week:

"Harry Boynton, manager of the Royal Theatre and a musician of considerable note, was a member of the Brady band playing at San Angelo this week during the great meet of the West Texas Chamber of Commerce. The Brady band came out with colors flying although they did not win first prize. Harry played with the Brownwood band last year at the convention in Plainview. The Weatherford band won first honors this year. The convention will meet in Brownwood next year."

COUNTY JUDGE TO AUSTIN ON LONE WOLF PROJECT

County Judge J. C. Hall left Monday for Austin on business with the State Highway Commission in connection with the new bridge to be built across Lone Wolf Creek on Second street. Hall stated that he would be absent from Colorado several days.

Married By Judge

J. A. Cupp and Miss Alma Crook, both of Colorado, were married by Judge Mauzey Monday.—Sweetwater Reporter.

Dental Notice

Dr. J. L. RICE, Dentist
Office with Dr. Martin
at Martin Drug Store,
Loraine, Texas

The Loraine committee working with the Red Cross in this district are progressing nicely with the relief work and all is being done to see that all will be cared for to the extent of all the funds. They have in the treasury sent in from different parts of the State, as well as home donations from Loraine, Colorado and Westbrook. There being three committeemen from each place

It may appear that the distribution is a little slow but there are 80 families to consider first as an emergency call, second as a distribution of the remaining funds and necessarily such proceedings are slow. It is the purpose of this committee and agreement with the American Red Cross that every penny of the donation is to be used for these storm sufferers. If anyone has been overlooked who were damaged to any extent by the storm, they will please report to one of the committeemen and they will at once be seen after. The committeemen for Loraine are G. W. Hendrick, W. L. Edmondson and J.T.Ledbetter.

Mr. C. M. Jackson of Loraine was elected as one of the directors of the West Texas Chamber of Commerce at San Angelo last week.

Methodist Church

Sunday was a great day with us. The S. S. was well attended. The house was full at the preaching hour. The pastor preached on "The Glories of the Ministry as a Life Work." At the close of the service two young men surrendered their lives to the ministry and four young ladies volunteered for life service. The league was well attended and an excellent program was rendered.

H. W. HANKS.

Messrs Homer Richards and I. J. Pierce were Sweetwater business visitors Monday.

Bro. H. H. Binkley filled his regular appointment at the Presbyterian church Sunday and will preach next Sunday also as his appointment here are 4th and 1st Sundays.

Mr. and Mrs. Kirk Taylor were Colorado visitors Sunday afternoon.

Mr. and Mrs. B. L. Templeton are visiting in the G. A. Hutchins home this week.

Mr. Otis Muns of Snyder spent Sunday here with home folks.

Mr. and Mrs. I. Collichman and family of Colorado were Sunday visitors in the S. A. Showfer home.

Mrs. Horace Newton and twin babies of Midland are here visiting relatives and friends arriving Sunday night.

Paul Terrill visited his parents at Colorado Sunday.

Messrs C. M. Smith and E. C. Green made a business trip to Hermleigh Monday.

C. OF C. HEAD EXPRESSES GRATITUDE FOR STORM AID

Dr. P. C. Coleman, president of the Chamber of Commerce, addressed the following communication to The Record Tuesday:

"To our friends in all parts of Texas who have sent funds for relief work in Mitchell County:

"Please regard this as a personal letter addressed to you, as it has been impossible to answer each communication received. The physicians of Colorado have been so busily engaged in attending the injured that we have had no time for correspondence or for giving to our private patients the attention they needed. Many letters, enclosing generous contributions, have come to me as president of the Chamber of Commerce and personally from all parts

of Texas. Not only so, but from Old Mexico. Profoundly grateful for the material help and sympathy from these sources, please accept this, each and all, as a personal letter.

"P. C. COLEMAN,
President Colorado Chamber of Commerce."

She is one of Colorado's girls and as a matter of course all her friends will help her in this race. She will be back in a few days and call on those she was unable to see while here.

CANCELED CHECK BLOWN 90 MILES BY FURIOUS GALE

HAMLIN, May 1.—An echo of the blast which wrecked the home of E. M. Reese four miles from Colorado last Monday morning when a coveled check reached terra firma in the cotton field of George Elder. The slip of paper was a check on the City National Bank of Colorado and was signed Oother Reese. It bears the date of Dec. 12, 1920, and is for the sum of \$3.75 in payment for picking cotton.

Kay Elder, son of George, saw the check high in the air and watched it come trickling down to earth more than 90 miles from the place where the winds destroyed the home

Some one asks why "berries" is used as a slang word for dollars, instead of "bucks" or "bones" as formerly? Probably because in these high price times, dollars look about the size of huckleberries.

While the colleges are preparing to graduate this month a lot of captains of industry, statesmen, and authors, what the country needs just now is more diggers, ploughmen, and dishwashers.

It is denied that the present generation has no musical ability, as they can all adjust a phonograph needle and set it going.

The Osage Railway Company in operation from Foker to Shidler, Ok., a distance of eleven miles in the Osage Nation, has filed an application with the Interstate Commerce Commission for authority to extend in a northwesterly direction for a distance of twelve miles, to accommodate the new development in that field.

As a result of the recent discovery of oil upon the San Juan Navajo Indian reservation in San Juan County, New Mexico, by the Midwest Refining Company, which had the only approved lease in the neighborhood, oil and mineral rights on the reservation in both New Mexico and Arizona will be sold at public auction by the Interior Department.

Charles B. Warren and John Barton Payne, American Commissioners appointed to negotiate with Mexican representatives for hastening the restoration of friendly relations between the Washington and Obregon Government, will leave Washington at once for New Orleans and will sail from there for Mexico on the first available steamer.

The Chicago, Rock Island & Pacific Railroad notified the Interstate Commerce Commission of its desire to abandon a thirty-four-mile stretch running from Guthrie to Chandler, in Oklahoma. All of the points touched by the line, the petition said, are served by other railroads and the Rock Island has encountered regularly recurring annual losses amounting to \$101,000 in 1921 alone, in attempting to keep its line open.

FOREIGN

The French charge d'affaires has warned the Turkish Nationalist Government in Angora against the concentration of Turkish troops on the Syrian frontier.

"Big Jim" Larkin, the Irish agitator who was expelled from the United States by the Department of Justice, was given a great ovation when he arrived in Dublin.

The condition of Premier Nikolai Lenin has taken a change for the better, according to a bulletin issued by the Communist Government. The bulletin states that the catarrhal symptoms in his lungs show continued improvement.

Sarah Bernhardt's books, pictures and furniture, the things she loved, are soon to be sold at public auction. She had gathered many art works in her remarkably furnished home and her library was particularly attractive.

Germany lost 1,846,293 dead in the World War, according to official statistics just brought up to date. The number of dependents left by those who lost their lives is fixed at 1,945,000. Of the dead, 56,133 were officers and officials, 212,669 noncommissioned and warrant officers, 1,572,523 enlisted men and 5,568 men whose ranks were not reported.

The Soviet Legation in Riga reports that Bishop Edgar Blank of Chicago, Bishop of the American Methodist Episcopal Church of Southern Europe, has made the declaration in Moscow that the Most Rev. Dr. Tikhon has adopted an absolutely wrong attitude against the Soviet Government, has "lost his game" and must take the consequences.

The death is announced of former Grand Duke Wilhelm Ernst of Saxe-Weimar at Heinrichsan, Silesia.

The American Consul at Torreon has advised the American Embassy in Mexico City that Oliver W. Krull, the mining engineer who was kidnapped by the bandit leader, Juan Galindo, from the Trinidad Mine, Durango, on April 6, has arrived in Torreon. The consul gave no details.

Ford
SEDAN
Even More In Demand
The Ford Sedan is accepted everywhere as the car for the family. A convenient car to drive, comfortable to ride in and it affords so much pleasure at such low cost that its use is practically universal.
Finer upholstery, adjustable window regulators and refinements in chassis construction have built up quality and yet the price has never been so low.
The demands for this car are so great that delay may prevent your getting delivery. List your order now. A small down payment—the balance on easy terms.

For every man, woman & child who has writing to do
Remington Portable
THE Remington Portable is a capable, companionable, individual typewriter, built for the use of the man in his business or profession, the woman in her home, the child attending school—in fact for every man, woman and child who writes.
It is the most compact of all writing machines. Fits in a case only four inches high. Like every Remington, it is strong, speedy, durable and turns out beautiful work.
—and mark this: It has the Standard Writing Keyboard with which you are familiar—no shifting for fingers. Small as it is, the operation of a Remington Portable is exactly like writing on a Standard machine. Just as easy, just as swift, just as simple.
Price, complete with case, \$60
Whipkey Printing Co.
