

### MEMORIAL SERVICES HELD SUNDAY AT M. E. CHURCH

Under direction of the Daughters of the Confederacy, a beautiful program in commemoration of the heroic dead of the Civil, Spanish-American and World Wars was held Sunday afternoon in the auditorium of the First Methodist church.

Concert music—Colorado Booster Band.

Invocation—Rev. J. M. Shufford. America—Led by band. Vocal Solo—P. K. Williams.

Mr. Smith touched on the policy of the city in the past to apparently heed the importance of Memorial and Armistice Days with small significance.

Smith made the announcement that the dream of boys composing the membership of Oran C. Hooker Post, American Legion, for a memorial hut at Colorado, was soon to be realized.

Miss Delma Bishop paid a tribute to Thos. Q. Mullin, for whom the Children of the Confederacy have christened their organization.

The special numbers by the band, Mesdames Daniels and Martin and Mr. Williams were appreciated by the large audience present for the program.

The address delivered by Mr. Smith follows: My friends, Veterans of the Civil War and buddies of the American Legion: I have been chosen on behalf of the American Legion to make this little talk.

In the first place, Memorial Day is a peculiarly American institution, for we are the first, and so far as I know, the only nation to set aside a day on our National calendar on which to do honor to the memory of our heroic dead.

### BOY SCOUTS ENTERTAIN MEMBERS LIONS CLUB

Headed by Scout Master W. M. Elliott, the two troops of Colorado Boy Scouts marched to Rivercrest Hill near the Colorado Sanitarium Friday afternoon with full hiking equipment and after setting up camp prepared luncheon on camp fires to be served members of the Colorado Lions Club.

The menu consisted of baked beans, broiled beef steak, bread and coffee, with an apple to each guest for desert.

### STORM CELLARS BEING DUG IN STORM'S PATH

One of the outstanding sequels to the tornado is to be noted in the large number of newly made storm cellars, denoted by rounded earthen mounds along the path of the storm.

During the past two weeks several threatening clouds have appeared on the horizon, causing many people heretofore unconcerned about storm clouds to seek refuge in their storm cellars—or those of neighbors.

### CHRISTIAN JUBILEE IS PRONOUNCED BIG SUCCESS

The Fiftieth Jubilee, celebrating the half century anniversary of Texas Christian College at Fort Worth last week, was wonderfully successful.

Rev. Mr. Hardison received appointment on a number of important committees during the jubilee.

### CITY PROPERTY VALUATION WILL REACH TWO MILLIONS

Property values within the corporate limits of Colorado for the current year will reach \$2,000,000, an increase of \$150,000 over the valuations of one year ago.

Both the county and city equalization boards are to be convened Monday.

### MITCHELL COUNTY PRAISED BY RED CROSS DIRECTOR

The chivalry of the citizenship of Mitchell County was praised in an address delivered Friday before the Lions Club by Henry M. Baker of St. Louis, director disaster relief, who has charge of relief and rehabilitation work here.

"Since I have been in charge of the disaster relief work of the American Red Cross, I have personally supervised relief programs in the path of storm, flood and fire disasters, numbering sixty-two, but I have never found a citizenship as loyal as your people here.

Baker expressed regret because of the circulation of reports about the city that the Red Cross was practicing discrimination in directing purchases.

R. A. Richmond, treasurer of the disaster relief fund, was also a guest of the club and delivered an address in which some of the plans used by the organization were explained.

The visitors stated that every penny received for credit to the relief fund would be expended for relief measures in Mitchell County.

Baker returned Thursday from McLean where he is also directing relief work among storm sufferers there.

Rev. W. M. Elliott, another guest of the club, spoke of plans of the Boy Scouts to entertain the Lions with an outing on the hill south of the city that evening and extended an invitation to the entire membership to be present.

Roll call showed a total of 16 members absent Friday.

Elder W. A. Bentley of Abilene will preach at the Church of Christ Sunday at 11 a. m. and 8:15 p. m.

### COLORADO RIVER BRIDGE TO BE OPENED JUNE 25

The formal opening of the new bridge across the Colorado river at the foot of West Second street is to be observed with fitting ceremonies, according to F. F. DuBoise, resident engineer in charge of construction work since the bridge was started several months ago.

DuBoise stated Monday that several state officials, including Capt. J. D. Fauntleroy, highway engineer; G. G. Wickline, state bridge engineer, and D. E. H. Manigault, divisional road and bridge engineer, had promised to attend the ceremonies.

Actual construction work on the structure was completed last week by the contractors, The Brown-Abbott Company.

### PAVING PLANS APPROVED BY HIGHWAY COMMISSION

The five types of paving from which to select materials to be used in the first paving project at Colorado, as submitted by the engineer, have been approved by the State Highway Commission and the City Council will advertise for construction bids specifying each of the types.

Bids on construction of the paving and the \$20,000 addition to Lone Wolf Creek bridge are to be opened June 26.

### FARMERS GIN COMPANY BUILDING GIN AT BUFORD

Gin plant No. 3 of the Farmers Gin Company of Colorado, is to be completed by July 15, T. L. Sailors, manager, stated Tuesday.

The Farmers Gin Company, a local corporation capitalized at \$50,000, was organized only a few years ago and has grown into one of the most successful ginning concerns in this section of the State.

### C. OF C. EXECUTIVES TO MEET TUESDAY NIGHT

Dr. P. C. Coleman, president of the Chamber of Commerce, announced Wednesday morning that the newly elected board of directors of the organization would be convened on the following Thursday night at the Chamber of Commerce for organization.

The May rainfall registers 3.64. Last May it was 4.98. On June 1st last year the total was 19.43 and June 1st this year it is 13.31.

### 2 ADDITIONAL DEATHS TAKEN IN STORM TOLL

The toll of dead from injuries in the Mitchell County tornado reached twenty-seven Wednesday morning when Tommie Shelton, 14, son of S. W. Shelton of near Westbrook, succumbed to injuries received when the Shelton home was destroyed.

Little Mavis Gilliam, daughter of Mr. and Mrs. Luther Gilliam, also of the Westbrook section, died Sunday morning at the improvised hospital at the Baptist church and the remains were buried at Westbrook that afternoon.

### MURRELL HELD FOR TRIAL BY MEXICAN AUTHORITIES

W. H. Murrell, charged with theft of an automobile at Colorado May 21, is facing charges in Old Mexico and will be tried there before delivery to Mitchell County authorities.

Learning that Murrell had been apprehended in Mexico, Terry left Colorado May 27 in the hope of returning the prisoner to this city.

### LIONS CLUB ENDORSES PETITION SPECIAL TAX

One of the petitions requesting Commissioners' Court to order an election to determine whether a special road tax of fifteen cents shall be authorized was presented at the Lions Club Friday by J. Riordan and every member of the club affixed his signature.

### BATHING PAVILLION WILL BE BUILT AT COLORADO

That plans for construction of a modern bathing pavilion in the city are assuming definite proportions was indicated by P. K. Williams, of the J. M. Morgan Construction Company Tuesday.

Williams, who is an architect, submitted drawings of a proposed bathing pavilion for Colorado to a number of local interested citizens some time ago.

### PERSONNEL JUNIOR BAND MUST BE REGISTERED

Applicants for membership in the Junior Booster Band, being organized by M. S. Goldman, should be filed with Mr. Goldman not later than June 15, Mr. Goldman stated Thursday.

### HURD ADDS ADDITIONAL EQUIPMENT TO BAKERY

E. H. Hurd, proprietor of Hurd's Bakery, has added a specially built delivery car to the service end of his bakery business here and will in the future make regular delivery trips to adjacent towns.

### LOU-TEX WELL EXTENDS FIELD FURTHER NORTH

A new shallow sand was discovered in the field Wednesday of this week when the Lou-Tex Company encountered an excellent oil bearing stratum at 1771 feet in their Moore No. 1, a few miles north of the Coleman well.

S. A. Sloan is spudding his H. C. Miller No. 1, in northwest one-fourth of Section 22. The California Company has resumed drilling at their Morrison No. 1 in Section 27 at 2855, after cleaning hole.

The Underwriters are rigging up their Texas & Pacific No. 3, in southwest quarter Section No. 29 and will be spudding within the next few days.

The crew to drill Morrison 4, offsetting the Smartt well of S. A. Sloan are rigging up to spud Henry Riley and the Underwriters Company have made a new location jointly in the southeast quarter of Section No. 29, and are moving rig timbers in.

### CAMP SPRINGS OIL & GAS COMPANY GET SHOWING

E. J. Miller, president of the Camp Springs Oil and Refining Co., accompanied by Dr. J. M. Kerns, vice president of the company, called at the Times office Wednesday morning, and brought some splendid reports as to the progress of the test in the Camp Springs field.

Two more test wells are to be under way according to the report of Mr. Miller. Material is on the ground for the derricks, and just as soon as the machinery can be hauled from the railroad work on the second and third test will be started.

Every indication point to successful development in the Camp Springs field and no time nor expense will be spared in making the test thorough.

### T. & P. MAKES SETTLEMENT

Mrs. Libbie Price made a settlement with the Texas & Pacific railway relative to the death of her husband, Wm. Price, due to an accident wherigin he was killed when the engine jumped the track and rolled down an embankment at Colorado, some two months ago.

Mr. and Mrs. R. W. Mitchell and little son, Bob, arrived from New Orleans Wednesday night and are spending a visit with relatives in the city.

**Stoneroads Take Game Tuesday**  
Winn's gang, winner of three consecutive games went down in defeat Tuesday afternoon in the face of hard hitting and good pitching. The Stoneroads started off with a bang getting three runs across in the first inning. One of them was a homer by Floyd Quinney who scored Miller ahead of him. The Wiggs started a comeback but only one man was able to score in their half. In the second inning Class No. 4 scored five more runs and had the game sewed up from this point on but also added two runs in the fifth. Wiggs buch managed to put two runs across in the fourth. Stoneroads gang had the hitting power when hits meant runs and this coupled with some loose infield work won the game for them. Floyd Quinney pitched for Stoneroad and it was the best exhibition of box work in the whole series. He was never in serious trouble except in the third inning when Winn had the bases full with nobody out. A fast double play, Osborn to Wulfjen to Brazill helped him out of the hole. Bob Brennand started for Winn but retired in favor of Ray Womack after the second inning. Ray did some good work but it was too late to save the game for Winn. Sam Wulfjen had his hand hurt in the fourth inning and retired in favor of Bill Counts who caught the rest of the game for Stoneroad. Umpire in chief, P. K. Williams. Base umpire, Harry Ratliff.

The teams will play on Thursday of this week and the Winn aggregation is threatening a hot comeback to avenge their defeat Tuesday. They played loose ball and a lost game ought to bring them back to their senses enough to stage a great fight for the next game. A large crowd was out at the park Tuesday and many more will be out if the teams get to work and play such great ball as they played last week.

**THEATRE FIRE HAZARD TO BE ELIMINATED ENTIRELY**

One of the main features of the new home of the Best Theatre to be constructed at the site of the present Colorado National Bank is to be the fire proof projection room. To make it more clear, if a fire should happen to start in the projection room it absolutely cannot spread to any other portion of the theatre. The room is to be ten by eleven feet constructed at the rear of the balcony. The walls are to be one inch plaster on heavy metal lath all over one half inch asbestos cover. The floor will be made of concrete six inches thick with a linoleum or other covering, making a very sturdy base for the protection machines. The doors and portholes will be automatically closed in case of fire and probably no-one in the theatre will ever be aware of a fire until it is all over. The real danger to the public however lies not in the damage from fire or heat but from panic. For instance, Mr. Bonehead is sitting way down in front and happens to catch a wisp of smoke or flame from the projection room. He at once jumps up hollering like a wild man and begins trampling on women and little children and putting everybody's life in danger. What he should have done would be to just sit camly and only if necessary get up and walk out quietly as probably the show would go on in a few minutes and nobody would ever know the difference.

There are always some people who will heartily support a home ball team if they are given free admission to the games.

Great pleasure to hear the birds sing in the tree tops, especially when in these days of high cost of living they sing "cheep, cheep."

**RAILWAY RATES NOT AFFECTED BY VALUATION**

DALLAS, June 6.—Declaring that the importance of the concentrated attempt being made by certain groups of politicians and agitators to induce the Interstate Commerce Commission to render a valuation of the railways far below their actual value, can hardly be exaggerated, since its outcome will determine the future of railroad transportation in this country for at least a quarter of a century, and possibly for all time to come, J. L. Lancaster, receiver for the Texas & Pacific, today issued the following statement in connection with the recent Conference on Railway Valuation, held in Chicago by the so-called "progressive bloc" in Congress.

"Many people believe, and radical leaders and politicians diligently encourage the belief, that the valuation finally placed on the roads will have a very important effect on the total rates they will be allowed to charge. This is not true. The railways at present are paying out in operating expenses and taxes, 85 per cent of all the earnings they derive from the rates they charge. This means that so long as present operating expenses and taxes prevail, they will have to continue to collect from the public at least 85 per cent of the present rates, to pay operating expenses and taxes alone—absolutely regardless of what valuation is placed upon their properties. The valuation finally made will affect only that part of rates and earnings which constitute the net return of the railroads, and from which they must pay interest charges and dividends, and directly or indirectly make all enlargements and improvement of their properties. An increase or a reduction of billion dollars, in the valuation now tentatively placed upon the properties by the Interstate Commerce Commission would affect the total passenger and freight rates they are allowed to charge by less than one percent. A change of five billion dollars, upwards or downwards, in the total valuation would affect the total rates the roads are allowed to charge by only about four percent."

According to Mr. Lancaster, however, while it is true this final valuation will have relatively little effect on the total rates the railways will be allowed to charge, it will have to most important effect upon the net return the railways will be allowed to earn, and, therefore, on the interest and dividends they will be able to pay, and the additions and improvements in their properties they will be able to make; and that, regardless of the technicalities of the subject, it is comparatively easy to estimate the amount of net returns the roads must earn in future, if they are to provide adequate and satisfactory transportation service.

"The Interstate Commerce Commission has placed on the railways a tentative valuation of \$19,300,000,000, and has held that a fair return upon this valuation would be 5 3/4 per cent annually," he declared. "This would be, roughly, equal to 5 1/2 percent on the investment in property shown by the railway companies' books. Now, in the ten years before this country entered the war, there were five years in which the roads earned an average of about 5 1/2 percent on their property investment, and the earning of this net return resulted in an average annual investment of about \$700,000,000 in new railroad facilities. During the other five years of that period, the roads earned an average of about 4 1/2 percent on their property investment, and made an average annual investment in new facilities of only about \$400,000,000. In other words, whether the railways earned an average of 5 1/2 percent or 4 1/2 percent annually on their property investment made a difference of over 40 percent in the average investment made by them annually in new facilities with which to render more and better transportation service. And there is no reason to doubt the same cause would produce the same effects in future."

According to Mr. Lancaster, it was estimated by the Joint Commission of Agricultural Inquiry of Congress, in the report on "Transportation" made by it in 1921, that "at least \$750,000,000 per annum" in new investment should be made by the railways for several years, in order to remedy the great and increasing shortage of transportation.

"Other authorities," he declared, "have estimated that the annual new investment made in railroads should be over a billion dollars a year. It is by no means certain that if the roads are allowed to earn in future an average return of 1/2 3-4 percent on valuation equivalent to that now placed upon them by the Commission, they will be able to raise all the new capital required to adequately increase their facilities; but it is cer-

**THRILLING TEN INNING GAME GOES TO WINNS 4 TO 3**

Baseball rose to some of its greatest heights during the game last Thursday at the ball park between Wiggs and Stoneroad's Sunday school classes. Brilliant fielding was in order, double plays were common, and the outfielders made the longest flies look like pop ups. The infield of both teams did excellent work and two unassisted double plays were made, one by Brazill and the other by Garrett. Each side had men on bases in every inning but good pitching in the pinches backed up by superb fielding kept the score low. Winn's gang was held scoreless until the seventh when they tied the count with three runs on solid hits by Brennand, Womack and Hooks. In the tenth, Smith crossed the pan with the winning tally. The Stoneroads made their runs in the first, second and fifth innings.

Floyd Quinney was pitted against Bob Brennand in the pitchers box and for nine full innings they battled every inch of the way. Ray Womack had reported with a sore arm but

came back in the last half of the tenth to turn Stoneroads bunch down without a hit. Sam Wulfjen was the usual pepper box behind the plate for Stoneroad and Womack caught a good game for Winn. Ed Majors umpire.

The people are urged to rise and strike off their shackles, but it would probably be more useful to rise and go out in the back yard and hit the chopping block.

**ACCESSORY THIEVES TAKE CURTAINS AND CASINGS**

Automobile accessory thieves were in evidence at both Colorado and Westbrook Monday night, appropriating casings, curtains and other car accessories from at least three different places. H. D. Beakley reported Tuesday morning that the curtains and radiator cap, also spare casing and rim, had been stolen the night before from his car, the thieves affecting entrance into his private garage. Will Erwin lost two casings and a set of curtains from his car, which was parked at his home at the Dolman Apartments.

A. M. Bell was the Westbrook victim of the thieves. Bell stated Tuesday morning that his car, a new flyover, was parked in the yard of his home and within a few feet of the window of his bed-room. A casing was lost by him to the visitors.

**WEST TEXAS C. OF C. BOARD TO MEET AT SWEETWATER**

The first executive session of the newly elected directorate, West Texas Chamber of Commerce, named during the recent convention at San Angelo, is to convene at Sweetwater Saturday, June 16th, at 10 a. m., according to information received Tuesday by W. S. Cooper, member of the executive board, from Hon. A. B. Spencer of Crosbyton, president. Dr. P. C. Coleman is one of the vice presidents of the chamber and an ex-officio member of the directorate. Both will attend the meeting at Sweetwater.

Among the matters to come before the meeting will be the freight rate situation, the tax question, and budget for the ensuing year.

**WHITE WAY SUGGESTED FOR SECOND STREET**

The suggestion that provisions be made for lighting several blocks on Second street, with an attractive white way system is meeting with practically unanimous support among the business men of the city, it was learned Tuesday. It was not known at that time, however, just what attitude the city would assume in the matter.

In speaking of the proposed street lighting, in connection with the paving project already authorized, an official of the chamber of commerce urged that special efforts be used in inducing the city government to at least investigate seriously the feasibility of the plan. The cost to the city would be small, he outlined, and there is no estimate of the actual value a white way would be to the city.

It is understood that the Colorado Civic League will support the claims for lighting Second street, largely because of the value in a civic way a modern lighting system would be to Colorado.

**TELEPHONE OFFICIALS IN CITY MONDAY; OPTIMISTIC**

"Business conditions with the Southwestern Bell Telephone Company in the Abilene district are excellent and the future is viewed with optimism," was the statement of C. L. Stewart of Abilene, district manager for the telephone company, when seen in Colorado Monday. Stewart was accompanied by W. F. Parker, Fort Worth, divisional engineer, and A. L. Higginbotham, of Abilene, district plant chief. The officials spent the day in the city.

The telephone officials were here on business with the city council. Negotiations with the Southwestern Bell Telephone Company, West Texas Electric Company and the Western Union have been pending for several weeks seeking removal of utility poles from Second street for a distance of five blocks through the business district before the street paving is commenced. The city expects to award paving contract June 26th and is especially anxious to witness removal of these poles from the street before the paving is started.

It will be imperative that a few of these poles be moved, a city official stated Saturday, since the engineer has found some of the poles to be out of line and standing in the way of construction of curb along the property lines. The telephone officials are to return Monday to meet with the city council.

**NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION.**

Sealed proposals addressed to Hon. J. C. Hall, for the improvement of certain highways in Mitchell County, will be received at the office of the County Judge at Colorado, Texas, until 10 o'clock, a. m., 1923, and then publicly opened and read.

Description of work to be done: Constructing a paved road, 20-feet wide and 2760-feet long with one of the following materials: Two inch Warrenite Bitulithic; Two inch Uvalde Rock Asphalt; Three inch Vertical Fibre Brick wearing surface on five inch concrete base and seven inch one course concrete pavement; all pavement to have a five year maintenance bond. Blue prints of the project will be furnished for the actual cost of printing upon application to the Highway Department.

Detail plans and specifications of the work may be seen for examination and information may be obtained at the office of Frank F. DuBose, Resident Engineer, at Colorado, Texas, and at the office of the State Highway Department, State Office Building, Austin, Texas.

A certified, or cashier's check for Fifteen Hundred Dollars (\$1,500.00) made payable without recourse to the order of J. C. Hall, County Judge of Mitchell County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked, "Bids for the Construction of the portion of Bankhead Highway road in Mitchell County."

All bids received will be retained by the Department and will not be returned to the bidders.

**TO OUR PATRONS!**

Realizing that GOOD SERVICE is ESSENTIAL in the ice business, we would call your attention to a few of the many ways in which you can help us to maintain that standard of efficiency.

It may seem a small thing for a driver to wait a few minutes upon you, but a number of such delays will seriously affect the service of the route.

Suppose that through these delays YOU WERE NOT TAKEN CARE OF, you would at once blame either the driver or the company, whereas the REAL OFFENDERS would be the CUSTOMERS who had caused such delay.

The following suggestions will aid and insure prompt and efficient service:

**PUT YOUR CARD UP EARLY.**

See that number agrees with quantity required. TAKE YOUR CARD DOWN WHEN SERVED. Have ice box ready when driver comes. Have coupon or cash ready when ice is put in. Call office if wagon is unusually late.

**NOTIFY OFFICE IF SERVED AFTER CALLING,** you may save an extra trip. Insist on having ice weighed if you think you are getting short weight. Do not fail to see that your card correctly shows the quantity you require. You will save the driver unnecessary labor and loss of time.

**DO NOT ASK DRIVER TO LEAVE ICE WITHOUT COUPON OR CASH.**

Do not censure the driver if you forget to put up your card and are missed. Be fair with him and you will find him willing and anxious to accommodate you.

Do not ask the driver to clean out your ice box or do your porter work.

Do not expect the wagon as early on a very warm day as you would on a cool day.

Do not expect good service unless you use your card, as your regular driver may be sick, and a new man working in his place.

If you feel that you have cause for dissatisfaction in regard to weight, service or courtesy, we will consider it a favor if you will call, telephone or write us about it. It will receive immediate attention.

**THREE DISTINCT CONDITIONS BAND CONTEST VIOLATED**

Action of the band contest committee at San Angelo during the West Texas Chamber of Commerce convention recently in disregarding printed rules governing the contest, which had been distributed by the committee to all competing bands, continues to constitute the subject of considerable discussion at Colorado. That delegates to the convention from other sections of Texas are also interested in action of the committee is shown in letters being received here.

The first condition specifically stated in the "Rules and Regulations" sheet furnished by the committee, reads as follows: "No entrance fees shall be charged." This condition the committee saw fit to change after the bands had been assembled and demanded the payment of an entrance fee of \$2.50 per member. The \$2,000.00, "Donated by the citizens of San Angelo and The West Texas Chamber of Commerce," as claimed in literature concerning the contest, was in fact put up by the competing bands. The committee made of the affair a sweeps stake each band putting up so much, with a chance to take down so much, depending upon awards of the judges.

The bands personnel were the only class of visitors to the convention required to pay a registration fee. Other visitors could register or leave it alone. In registering, however, the delegate was allowed passage to the various attractions without ticket. Those who did not register could visit any particular attraction by paying the gate fee. The bands could receive no official notice until they had been registered and a fee of \$2.50 per member paid at registration headquarters. Section 2 of the "rules and regulations" specifies: "Each member of every competing band must be registered at convention headquarters prior to 6 p. m. Monday, May 21, 1923." The Fort Worth Cadet Band, entered in the contest, arrived in the convention city about noon Tuesday and was declared duly entitled to register and enter the contest.

Section 3 reads as follows: "The musicians in each band must have been members of the band and residents of the competing town, or the country in which said town is located, for sixty days next preceding May 21st, 1923." The band entered from Brady entered Harry Boynton, professional musician of Hamilton in the contest and the committee allowed Boynton to play and refused to consider protest filed by Colorado, in spite of the fact that a part of Section 5 of the Rules and Regulations, says: "Failure to comply with these rules will forfeit right to participate."

**COUNTY JUDGE SPENDS BUSY VISIT AT AUSTIN**

County Judge J. C. Hall spent a strenuous visit at Austin last week, according to the report of Frank F. DuBose, bridge engineer, who accompanied him on the trip. "During the time we were in Austin Judge Hall negotiated at least two thousand hand shakes and made about twenty speeches," DuBose stated.

A new delight to the eye! A new thrill to drive! A joy to ride in! A revelation in economy! Reflecting unmistakably the vast experience and resourcefulness of the great Willys-Overland organization.

A creation in rich, gleaming Mandalay Maroon, topped in khaki.

A larger, more powerful engine. A much longer wheelbase, a roomier body, and the fleet lines of a revenue cutter. Glistening nicked radiator, head-lamp rims, windshield stanchions, scuff plates, door handles and back curtain frame. First quality Fisk cord tires. A windshield wiper, bumpers both front and rear—everything!

**AUTO TRADE PICKING UP**

Mr. O. B. Price, manager of the Price Auto Co., says that his business is fast improving and that this summer and fall he expects to sell all the cars he can get. He sold and delivered four last week as follows:

Haney Tolbert, a prominent merchant of Midland bought a Hudson Coach.

Byron Bryant, a ranchman, took a Hudson Super-six.

Jim Davis of our city bought a five passenger Essex.

A. L. Whipkey took the little Essex Coach.

He had several calls for special cars that could not be obtained except from the factory.

Mr. Price left Monday for Dallas to make arrangements with the distributors to furnish him all the cars he can sell. The Hudson and Essex are very popular here and we predict for the Price Auto Co., unprecedented business this year.

Auxiliary Meeting The regular meeting of the auxiliary to the American Legion will be held with Mrs. Jim Dobbs at 4:30 o'clock Saturday. All members are expected to be there.

Parent-Teachers The Parent-Teachers association met in business session at the high school auditorium Tuesday evening. A trio was given by Misses Mildred and Jessie Cook and Irma Womack, which was very much appreciated. After hearing the report of the advisory committee it was decided to take for the first work the playground equipment. At the close of the school the trustees are going to grade the school ground and have it ready for another year's session. The executive board together with the

entertainment committee and the Plan and Work committee are to plan for a public entertainment to be given at the opening of the new West bridge across the Colorado river, June 25th and 26th. The only meetings to be held during the summer months will be called meetings at the wish of the president.

Harmony Club The Harmony Club met with Mrs. P. C. Coleman. Her invited guests were Mesdames W. M. Elliott, Marcus Snyder, A. H. Dolman, R. O. Pearson, R. P. Price, Griffith of Corpus Christi and Misses Riordan. Messages of love were written by each member to Mrs. Chambers, a member who is in Dallas in a hospital. The hostess served a salad course and iced tea.

Class Party The Sophomore class of the Colorado High school entertained the Junior class with a lawn party at the home of Miss Marcelle Price Wednesday evening. The lawn was brilliantly lighted and an evening of games and contest was enjoyed by both classes. Punch and cake were served.

MILLINERY ONE-HALF PRICE—MRS. MEDA ROBINSON.

Study Course The Methodist women met at the church Monday afternoon for the study of "The Trend of the Races." The fourth chapter on the contribution of the negro to the Stars and Stripes was studied. Mrs. J. A. Buchanan conducted the lesson. The book will be completed at the next meeting.

Miss Georgia Laceywell, county home demonstrator, is doing double duty, since her absence on account of sickness, assisting her classes in the clothing contest, cooking, canning and the various other phases of her work. She is a real help to the homes all over the county and our County Commissioners are to be congratulated in having such an efficient agent.

Business Meeting The Baptist women met in business session at the home of Mrs. T. J. Ratliff Monday. Besides the regular business good reports were given from the Personal service department. Stress was placed on visiting the sick, strangers and new members to help get the work back to normal after being disorganized so long on account of the church being used as a hospital. The apportionment of three dollars was voted to be paid on the Baylor endowment fund. All circles are urged to hold their regular meetings next Monday.

Honoring Bride-To-Be Mrs. A. E. Barcroft and Mrs. A. B. Blanks entertained with a miscellaneous shower in the Barcroft parlors last Saturday afternoon, honoring Miss Sallie Herrington, who is to wed George Morgan June the twelfth. The decorations were pink and white roses and the color scheme of pink and white was carried out in refreshments of the pink and white brick ice cream and angel food cake. After a musical program by Mrs. John Daniels, Mrs. Ross Dixon, Mrs. Oscar Majors and Mrs. J. H. Guitar a pink and white box was brought in and Mrs. Blanks told the story of Pandora. The lid of the box opened and out stepped little Jimmie Lou Coughran clad in pink and white and gave the beautiful things in the box to the honoree. She then led her to the center of the room where a pink and white umbrella showered more dainty gifts upon her. Toasts were given, Mrs. Barcroft to the bride, Mrs. Blanks to the groom, Mrs. Jim Dobbs to the mothers, Miss Jessie Stell to the girls left behind and Mrs. Harry Ratliff to the young people's missionary society, of which honoree is a faithful member.

Delphian Meeting The first meeting of the Colorado Chapter of the Delphian Society was held in the Barcroft parlors Tuesday afternoon. After an interesting talk on the meaning of Delphian by the president, Mrs. Carey, a program on Pre-Historic periods was conducted by Mrs. L. W. Sandusky. This was followed by current topics on drama, art, science and invention and interior decoration. The time of meeting was changed from the first and third Tuesdays to the first and third Thursdays of each month. Several new members were reported since the last meeting. The chapter will be held open until after the next meeting.

Sunday School Picnic A truck load of the Intermediate girls and boys of the Baptist Sunday school went on a moonlight picnic at Seven Wells, last Thursday evening. They were chaperoned by Mrs. Meda Robinson, teacher of the girls. After games, contests, music, a bounteous lunch was prepared.
