

# Colorado Record

NINETEENTH YEAR—NO. 42

COLORADO, TEXAS, FRIDAY, JULY 6, 1923.

WHIPKEY PRINTING COMPANY

## MITCHELL FAIR CATALOG FROM PRESS NEXT WEEK

The second annual edition of the Mitchell County Fair premium list and catalog will be issued from the office of the Whipkey Printing Co., next week, according to information received from R. H. Ratliff, secretary of the fair association. The catalogue will be larger than the initial number issued last year and is to contain a large increase in prize awards. Finances for the prize funds of the several different exhibit departments are already much larger than the totals received last year, according to Ratliff.

The fair management is promising a number of unusual attractions this fall, including the shows of the Donald-McGregor Company, one of the largest attraction concessionists on the road. Contract to bring this company to Colorado during the fair was effected several months ago.

The fair will be held on the grounds east of the court house and Union Tabernacle will again be used for exhibits in one of the departments. This building, however, will not by any means afford display space to be required and plans are being worked out for additional buildings. Third street on the south and Oak street on the west of the block will be closed to traffic during the fair, as a means of obtaining more room and eliminating danger from congested traffic.

More than two hundred boys and girls of the county, comprising membership in rural clubs organized by W. A. Dulin, county agent, and Miss Georgia Lactwell, home demonstration agent, are already making elaborate plans for exhibits during the fair. Several prizes awarded here last year went to these youngsters and they plan taking a heavier toll in awards this fall.

Women associated with the various federated clubs are also very much interested in making of the Domestic Arts, Fine Arts and other departments excel by far the showing made here last fall when the exhibits in these departments were declared by experts to be among the best ever seen in West Texas. Clubs of the rural districts are to have just as much in making these departments of the fair successful, as are those clubs organized in town.

A recent communication from John Simpson, animal husbandman of A. & M. College, who did the stock judging here during the initial fair last year, indicates that he is still very much interested in the quality of blooded pigs and baby beavers produced by Mitchell County boys. In the letter, Simpson advances the belief that even better specimens of these animals, for which Mitchell County is already noted, will be shown here in September. Col. C. C. French, of the Fort Worth Stock Yards Company, and one of the leading authorities in the Southwest on cattle and hogs, has been a frequent visitor to Colorado during the past several years, and, according to his opinion, among the best are found here.

The number of display booths to be maintained by Mitchell County dealers is expected to show a big increase over last year. The merchants participating in this popular advertising plan at the first fair were unanimous to express their appreciation for the co-operation extended by the management and the material results in a business way received from the general public.

## MASONIC OFFICERS WILL BE INSTALLED FRIDAY NIGHT

Newly elected officers of the Colorado lodge, A. F. & A. M., are to be installed Friday night at the Masonic hall. W. S. Stoneham, secretary of the lodge, stated Tuesday that an installation officer had not been named but probably would be done before the meeting convenes.

Mr. and Mrs. W. E. Shields and children have returned from a trip to points in East Texas, where they spent vacation.

## JUNE RAINFALL TOTALS OVER THREE INCHES

Rainfall at Colorado during June totaled 3.13 inches, E. Keathley, local weather observer, reported Monday. This was the heaviest rainfall for June since 1921, when 4.99 inches fell. In June, 1920, rainfall totaled 5.66 inches and during that month in the preceding year, 1919, the rain reached 6.81, the largest in June during the twenty years in which the station has been maintained at Colorado. Last year 2.65 inches fell during the month.

Up to July 1 rainfall for the year had totaled 16.44, 3.63 inches more than was registered during the entire year of 1921. Last year Keathley reported a total rainfall of 25.07 inches. The year 1919 recorded a total of 36.28 inches, the heaviest during the twenty years. It was in 1919 that the largest acre yield in crops were made in this county, the cotton production reaching the peak of 32,500 bales, the market value of which was equivalent to \$700 for every man, woman and child in the county.

Crops over the Colorado territory are in excellent condition and from no section has been received reports that rain was needed. Most of the farmers have their crops well worked out and in condition for growing off to good advantage.

## CAPITOL LAND SUIT NOT TO BE APPEALED

Austin, Texas.—It has been learned that the Capitol Syndicate has advised the Attorney General that it will not appeal its land suit to the United States Supreme Court, but will accept the affirmation by the Texas Supreme Court, which awarded 59,289 acres of land to the State out of the original grant of 3,000,000 acres in payment for the Capitol Building in Austin.

Under the agreement with the Attorney General the Capitol Syndicate will provide an area or two areas to the amount of 59,289 acres and offer same in settlement of the judgment. The Attorney General will cause same to be inspected, and if found of the same average value as the remaining unsold land, it will be accepted in satisfaction. There is unsold about 600,000 acres.

An original commission of three members was appointed by the District Court when judgment was awarded to parcel the land. The expense of survey and division by the commission will be saved if the lands to be offered are acceptable. The commission would pass on the matter and make its recommendation following the Attorney General's acceptance. This commission consists of William Balfour of Vega, Frank M. Tatum of Dalhart and Capt. S. S. Dod of Alpine.

## Hiram Johnson to Return London

London.—Senator Hiram Johnson who has been studying the political and economic situation in Europe for several weeks, will sail for home from Cherbourg on the Leviathan on July 17.

## Executive Offices Refurnished

Austin, Texas.—Following the adjournment of the Legislature, work was started on renewing and refurnishing the executive offices, which have long been neglected and which had some time ago assumed a shabby appearance. Few furniture and new draperies, in addition to new paintings, are being installed. Hand some furniture and furnishings have been bought for the offices by the Board of Control.

Joe W. Earnest, who recently completed a course in law at the State University, has become associated with his father, Judge C. H. Earnest, in the practice of law at Colorado. The firm have offices over the Colorado National Bank building.

## NEW CONSTRUCTION NEARS QUARTER MILLION DOLLARS

New construction represented by contracts awarded here Tuesday of last week for the new Mitchell County court house, addition onto Lone Wolf bridge and the nine blocks of paving, together with those for the five bricks to be built by John L. Doss at Walnut and Third, the brick to be built by Judge C. H. Earnest at Chestnut and Second, the American Legion Memorial, corner Chestnut and Third, and the new residences in the city, represent an investment in new property in Colorado nearing one quarter of a million dollars.

The contracts for construction of the court house, paving and bridge call for an expenditure approximating \$222,000, and the date on which these contracts were let was the banner day in the history of Colorado in point of consummation of deals for new construction. It is claimed by the Chamber of Commerce that few, if any cities in West Texas have claim to such a record.

Excavations for the Earnest building were begun last week by the contractor, J. M. Morgan & Company. This building, to be fifty by fifty feet in size, will be occupied by the Cooper Chevrolet Company, J. E. Pond, contractor for the Doss Buildings, began razing the old wooden structure formerly occupied by H. C. Doss Monday and stated that plans called for going ahead with construction of the new buildings without interruption. H. C. Doss has moved his implement business across the street in the Herrington building.

Brick work on the Legion Memorial was commenced Friday, and Tuesday afternoon approximately ten thousand brick had been laid. P. K. Williams, construction foreman, stated Tuesday that it would be ten days before the outside walls were completed.

The Brown-Abbott Company expect to commence work on Lone Wolf Creek bridge within two weeks. F. F. Dubose, engineer, stated Tuesday. DuBose stated it would be several days before the West Texas Construction Company began excavations for paving. J. H. Reddick, contractor receiving the general court house award, has filed the required bond with Commissioners' Court. It could not be learned just when this work is to be commenced. The building is to be completed by February 1st, 1924.

## EDDLEMAN-LOU-TEX CASE SETTLED BY ARBITRATION

After being heard before Hon. W. P. Leslie in the Mitchell County District Court for three days, the case of M. E. Eddleman vs the Lou-Tex Corporation, involving the Moore No. 1, well drilled by Eddleman on the corporation's lease in Scurry County, the case was finally settled out of court last week. The compromise was effected by L. W. Sandusky, attorney for the plaintiff, and the president of the defendant corporation.

Sandusky did not make terms of the settlement public but stated that all parties to the suit were satisfied. The corporation was given control of the well and it is understood they will test the sand, drilled through at 1806 feet, for production.

J. Wright Moor was here Tuesday from his ranch home near Snyder and spent several hours in the city on business and greeting friends. Mr. Moor is one of the pioneer settlers at Colorado and some of the first buildings here were constructed by him.

## CITY COUNCIL TO MEET MONDAY NIGHT, JULY 9

The City Council will be convened in regular session at the City Hall Monday by Mayor R. H. Looney. Among matters pending are ordinances affecting paving, contract for which was awarded June 26th. Representatives of the West Texas Construction Company, awarded the paving contract, are expected to meet with the council.

## CONFISCATED BOOZE STOCK ENRICHED BY 100 GALLONS

Sheriff I. W. Terry enriched his stock of confiscated booze by 100 gallons early Monday morning when a Chalmers touring car in which the contraband was being transported caught fire near the home of E. B. Smith, a short distance from the jail. The booze, supposed by officers to have been in transit from El Paso to Fort Worth, is grain alcohol and in five gallon containers.

It was shortly after daylight Monday morning that the car, a large Chalmers touring, turned the street corner opposite the Smith home and burst into a mass of flames emerging from underneath the hood. There were two men in the machine, one of whom departed immediately. The other man, who was driving the car, remained and by the assistance of Mr. Smith and his son Lucian succeeded in putting out the flames.

By that time a considerable crowd had gathered around the car and the driver after expressing his appreciation for assistance in putting out the fire, took a small hand bag from the car remarked: "Well, I guess I had better go and see a garage man and have him come drag the old boat in and fix her up." He was not seen in Colorado again until returned Monday afternoon by Sheriff Terry from Sweetwater.

The man, who gave his name as John Jackson of Fort Worth, had not been gone but a few minutes until one of the bystanders detected odors of alcohol emerging from the car. Investigation disclosed a full cargo of the booze stored behind the front seat. In the meantime Jackson was hurrying on foot toward Loraine, ten miles east of Colorado, where he arrived just in time to board an east bound freight.

The freight passed through Colorado about two hours after the booze was found and Terry, suspecting the men had effected their escape on the train, called Sheriff Jack Yarbrough at Sweetwater. The freight pulled into Sweetwater at 10 o'clock and one of the men was taken off and locked up. Terry and Lucian Smith went to Sweetwater and the latter positively identified Jackson as one of the men with the booze car.

Climbing onto an empty coal car, Yarbrough detected a man huddled into one corner. "Where are you going?" the officer asked. "To Baird," came the reply. "In much of a hurry?" "No." "Well, then you come and go with me," the officer concluded, as he placed the man under arrest. The other man had not been apprehended up to Tuesday afternoon.

Jackson was given a preliminary hearing before Judge J. C. Hall Wednesday and allowed bond in the sum of \$3,000, pending appearance before the grand jury.

## COLORADO C. OF C. OFFICIALS TO MEET THURSDAY EVENING

The regular July session of officers and directors, Colorado Chamber of Commerce, will be convened Thursday afternoon, July 5th, at 6:15 by Dr. P. C. Colman, president. At the time the new board was organized four weeks ago it was determined to hold meetings regularly once each month, the first Thursday of the month being named as the date. The executives will meet in the Barcroft private dining room.

Dr. Coleman stated Tuesday that detailed reports from the secretary, covering activities for the fiscal year recently ending and each of the committee directors would be heard. There are fourteen on the board and each is expected to attend.

Rev. D. R. Hardison, pastor of the First Christian church left Wednesday morning for his old home in Tennessee to spend a month recuperating. Rev. Mr. Hardison recently suffered a relaxation of his physical strength and is making the trip for benefit of his health. The pastor has many warm friends in Colorado who wish him well.

## COLORADO OBSERVES 4TH WITH BARBECUES

Two barbecues and several smaller attractions in the way of picnic and outing parties constituted the program for celebration of the 4th by people of Colorado and vicinity. Several citizens spent the day at Abilene to witness the automobile races, and attending celebrations at Big Spring Snyder and Sweetwater.

One of the barbecues was given on the Alnders ranch several miles southeast of Colorado in honor of the Booster Band. A beef, the gift of Earl Morrison, was barbecued and together with the basket lunch prepared by ladies, formed the menu. Music was furnished by the band. More than one hundred people attended this celebration.

Wednesday afternoon members of the First Baptist church enjoyed an outing on the river at the new bridge. Barbecue was served and a most enjoyable afternoon was spent.

## 3 UNIVERSITY REGENTS HAVE BEEN NAMED

Austin, Texas.—Three new University regents have been named by Gov. Neff, being Marshall Hicks of San Antonio, Dr. Joe S. Wooten of Austin and Cliff Caldwell of Abilene, all three intimate friends of the executive. They displaced Louis J. Wortham of Fort Worth, W. H. Poltz, Austin, and E. H. Kelley, El Paso, whose terms expired last January. Under the new personnel no member resides at El Paso, where the school of mines and metallurgy is situated, it being a branch of the University.

In 1921 Gov. Neff named Mrs. H. J. O'Hair of Coleman, Sam P. Cochran of Dallas and Frank C. Jones of Houston as regents. The other three are Fred Cook of San Antonio, H. A. Wroe of Austin and H. J. L. Stark of Orange.

With recent appointments the rumor is revived that the Governor may be elected president of the University. The regents' next meeting is scheduled for July 10, a time when the Governor will be absent on the West Indian cruise.

Walter Lacy of Waco and P. L. Downs Jr. of Temple were named as members of the board of directors of the A. & M. College. The terms of F. M. Law and J. P. Dickson of Houston were members of the board whose terms expired. Sam Sparks of Austin and Fred Martin of Fort Worth were named as members of the board of regents for the State Teacher Colleges, or Normals, as they formerly were called.

## Crops Better Than Was Expected

Valley View, Texas.—A busy season is on in this section, threshing is well under way and the grain is producing above expectations. Wheat is making from 20 to 25 bushels, while some oats have made as high as 62 bushels. Cotton is in the best of condition, while corn is flourishing.

## Governor Neff Off for Cruise

Austin, Texas.—Gov. Neff has gone to New Orleans, to sail on the West Indian trip, returning July 17. Lieut. Gov. T. W. Davidson is expected at once and will be acting Governor. A number of additional appointments were made by the Governor, but will not be announced for a few days. Among them are the three members of the board to codify the laws. The State Textbook Commission was not among them.

## SMALL DAMAGE DONE BY WIND AT COLORADO

Small damage from the windstorm which swept a large number of sections of West Texas late Saturday was done at Colorado. A typical West Texas sand storm, lasting some 30 minutes, constituted the storm's proportions here. Several citizens of Colorado report damage to trees from broken limbs. No rain or hail fell here.

Max Elser of Cisco arrived Saturday to spend a week or ten days at Colorado on business. Mr. Elser is very much interested in possibilities for successful potash mining in Mitchell County.

## ANOTHER LOCATION MADE NEAR SLOAN'S SMARTT 1

Another location was made this week by S. A. Sloan on the lease controlled by him and associates near the Smartt No. 1, largest producer in the field. This newest test, to be known as O'Neal No. 1, will be drilled in Section No. 21, one-half mile west of the company's Miller No. 1. Derrick materials have been moved to the location.

Henry Riley is rigging up to spud the Riley-Underwriters Morrison No. 1 in Section 29, one-half mile north of the discovery well. The Pensland Oil Company are drilling at 500 feet at their Badgett No. 1 Badgett No. 2, being drilled by W. L. Thomson, is down 1215 feet.

The Moore No. 1 of the Lou-Tex Corporation continues to attract much interest this week, and oil men here are of the belief that a good well, extending the field several miles to the north, will be developed there. After standing several days, pending settlement of litigation, the well is reported to have thrown oil above the crown block this week when the bailer was lowered. The well is 1806 feet in depth.

Dan Lewis resumed drilling at Sloan's H. C. Miller No. 1 Thursday afternoon at 1500 feet following a temporary shut down for repairs. Lewis stated Thursday morning that the well continued to gas heavily. The gas and water, however, are under control. A. L. Miller No. 1 of the California Company is reported to be underdraining at 420 feet.

Good progress was reported from the three drilling wells of the Underwriters Producing & Refining Co. At Morrison No. 4, south of the Smartt well, the crew is down 400 feet. T. & P. No. 3 is drilling at 1350 feet and T. & P. No. 4 at 2125 feet.

## JUNIOR BAND ORGANIZED WITH THIRTY MEMBERS

The Colorado Junior Booster Band was organized at the band room over the F. M. Burns Dry Goods Company Saturday night with a membership of thirty. M. S. Goldman, director, stated Tuesday that he desired to have sixty boys in this band and issued an invitation for those interested to meet at the band room Thursday night.

Work of completing the organization and ordering instruments and music is being handled this week by Mr. Goldman and his assistant, Raymond Jones. "The Colorado Junior Band already promises to become one of the best junior bands in West Texas," was the comment of the director Tuesday afternoon.

## OLD OFFICERS NAMED FOR RE-ELECTION BY LIONS

The committee to nominate officers of the Colorado Lions for the ensuing year recommended re-election of the entire official family in a report submitted at the meeting Friday of last week. Objection on the part of some of the officials arose, they contending that the officers should be passed in rotation. The membership, however, voted to accept the report and the matter was passed until Friday of this week when the club will go into election of officers.

Col. C. M. Adams, president, the secretary and other officers evidently have not yet abandoned their desire to share official honor with other members of the club and judging from expressions made by them this week the attempt will be made again Friday to affect a change. An interesting debate is anticipated over the question.

Mr. and Mrs. George Morgan returned to Colorado Saturday afternoon from San Antonio where they spent several days on a wedding trip. Mr. and Mrs. Morgan were married at Brady by Rev. C. L. Browning on the evening of June 12th. Before her marriage Mrs. Morgan was Miss Sallie Herrington, daughter of Mr. and Mrs. A. J. Herrington of this city. Mr. Morgan is associated with Mr. Herrington at the local Ford agency.

### "THE PRIDE OF PALOMAR" TO HAVE FINE SHOWING HERE

The Cosmopolitan production for Paramount, "The Pride of Palomar," promises to have an auspicious opening at the Palace Theatre next Thursday where it will be shown for two days. Manager Whipkey promises a feature bill of the finest character to his patrons.

The fame of Peter B. Kyne's novel of the same name, from which the picture was adapted, is widespread, and this doubtless will win the picture fans. The picture was directed by Frank Borzage, the man who created "Humoresque," "The Valley of Silent Men" and other noted films for Cosmopolitan Productions, and the cast featuring Forrest Stanley and Marjorie Daw, is of all-star caliber. James Barrow, Joseph Dowling and Warner Iland are some of the other players.

California is the scene of the action, which deals with the struggle of a young World War veteran against powerful interests controlling his ancestral estate. Making a tense situation is the fact that in the bitter fight he wages he is arrayed against the father of the girl he loves.

"There is little, if anything, to be desired in the picture," said Manager Whipkey. "The author, story, director and cast are of a class such as to assure a big and worthy production."

### COLORADO POST OFFICE RECEIPTS SHOW INCREASE

Receipts for the local post office for the quarter ending June 30, 1923, were largest for that quarter than for any similar preceding quarter.

Receipts for 1923 are running about 25 per cent higher than for 1922 which was the largest year in the history of the local office.

Over 5000 packages were insured during the year ending June 30, which is about 40 per cent greater than for any preceding year. The percentage of loss in government insured packages is less than one tenth of one per cent and lately has instituted the practice of placing all parcel post packages in iron lock packs. The post office insures packages against damage, loss of any kind and theft.

Sales of money orders ran over \$100,000.00. This is caused to a large extent by the C. O. D. feature of the parcel post. Over three hundred packages were sent C. O. D. from the local office during the year without a single loss.

Receipts for June were 10 per cent greater than for June one year ago.

Preparations are being made to handle a larger business next year than the year just closed. There being no vacant lock boxes in the office for over a year. A large parcel post window will be installed in the rear of the office in order to relieve congestion at the front windows. More boxes will also be installed or the convenience of patrons.

More parcel post shelving will be built in order to facilitate handling of parcels. All these improvements have been requested and a post office inspector has been detailed to visit the office for the purpose of investigating the needs with a view of better serving the public.

Beginning July 1, signature upon receipt will be required in all special letter and parcel deliveries a feature of this service not required in the past.

### A VACATION

After visiting our son Stansil and other relatives and friends at Dallas for a week, we drove over to Marshall on a visit to our daughter, Mrs. T. R. Moody. Mr. Moody is superintendent of the Marshall Daily Messenger. They are splendidly located in a pleasant part of town on a paved boulevard. The lawn is full of large native trees and flowers of all kinds Marshall is a much better town than we had expected. They have population of 10,000. Has fine court house fine school buildings, city hall, hotels colleges, etc. Some beautiful and costly homes, all of which are set in large lawns filled with native trees and ornamental and flowering shrubs. The T. & P. shops are here, which are the largest in the entire southwest. The monthly pay roll is more than \$300,000. They are now building box and cattle cars, turning out eight complete ones every day or one each working hour. They build locomotives here complete and repair old ones and all work on rolling stock for the T. & P. line from St. Louis and New Orleans to El Paso is done here.

Besides ample public schools Marshall has a white Baptist college and two negro colleges all of which have elegant buildings and equipment. Many of the streets are paved and

all are graded and surfaced. A number of fine roads pass thru here, perhaps the best is the one from Tyler to Shreveport, La., which is an Asphalt pavement all the way. Marshall has all modern city conveniences, such as water works, lights, gas, street railway, etc. She is a member of East Texas league in base ball, has a nice park and many fans attend the games. We saw three games played with Paris. They were first class. We drove over to Shreveport one evening, 43 miles from here. This is quite a city and very wealthy town. It is said to contain a great number of millionaires but we did not have time to meet any of them. The paved road runs thru timber most of the way, however big plantations were frequently seen. This is a splendid scenic drive and this road is literally full of cars all the time. We drove home in the cool of the evening stopping under some big trees by a babbling brook for a lunch. All kinds of timber is grown here. Black and white oak, ash, pecan, walnut, pine and a little further east cypress forests. Have seen several sawmills all running to capacity. Farms in this county look very small to a West Texan, but crops are tolerably good as reported here. Cotton and corn are the main crops in this section, although some fruit melons and berries are shipped from here. The farming is nearly all done by negroes and many of them own their own homes. The population is about two-thirds colored.

Last week a fishing party in our honor was had at Caddo Lake, about 30 miles east of Marshall on the La. and Texas line. This lake is 40 to 50 miles long and from 10 to 25 miles wide, with miles of lagoons and bays. The government channel through the lake has been dredged out and cleaned of timber and is from 40 to 50 feet deep. The greater part of the bottom of this lake is covered with a submerged forest. In the shallow portions many old snags and stumps can be seen above the water and occasionally a giant cypress tree all alone in this watery waste. There are many islands in the lake all of them thickly wooded and many groves of cypress trees growing thickly in the shallow places.

The fishing party was made up of Mr. and Mrs. Frank Green and daughter, Messrs Lon and Will Green Mrs. Ross Motley, (formerly Miss Doss of Colorado) with her two children; Mr. and Mrs. T. R. Moody and daughter; Mr. and Mrs. A. L. Whipkey and son Robert and John Jameson (colored) who drove the motor boat, told us where to fish. John has been raised on this lake and knows it from one end to the other. Only three of us fished the first morning but we came in at noon with plenty for the entire party of 15. They were white perch, gaspero goggle-eyes and black bass. Caught only one cat fish and he got away. Through the kindness of Mr. and Mrs. Robt. Motley we had the use of their club house and large motor boat, and the Green "boys" furnished the row

boats, tackle, etc. We had lots to eat, not only fish but everything good and every one enjoyed the trip.

One evening we drove out to Wood Lawn and spent a short time with Dr. Blalock. The Doctor is a typical Southern gentleman, hospitable to a great degree and a friend to everybody in that part of the country. He has over 4000 acres of land at Wood Lawn and has about 500 in cotton. He has about 50 tenant farmers, owns the store, gin, warehouses, etc. He has just equipped his new gin with electricity throughout. He has a private fishing lake and offered us the keys any time we want to come out.

We are returning to Dallas for the Glorious Fourth and after a few side trips will get in home.

We are having a great time but will enjoy Colorado more than ever when we return.

### City Meat Market

your meat from our large variety of juicy roasts, tender steaks, full flavored chops, or plump poultry. You will never experience a disappointing dinner if you market here. We carry only the most desirable meats. And the prices we charge prove that a superior table can be maintained on a modest allowance.

With the ratification of the national campaign plan by the twelve State Cotton Co-operative Marketing Associations, all is in readiness for the launching of the South-wide drive to double the membership. Enthusiasm prevails in all the Southern States, and the officials feel assured that the goal will be attained.

### COTTON ASSOCIATION DRIVE FOR MEMBERS WILL START

The Texas Farm Bureau Association, having endorsed the national plan, will launch campaigns in thirty five of the heaviest cotton producing counties of the State.

A feature of the South-wide campaign is that there will be unity of action in every State. At the same time, on the same day, the same type of meetings will be held, the same type of drives carried on, with the same objective. Practically all of the Governors are to issue proclamations calling attention to the economic importance of this move and urging co-operation. County, State and National committees are being formed of leading bankers, farmers, business men and newspaper editors. Meetings to enlist support of the cotton co-operative movement are to be held in every community.

Newspaper publicity and advertising will be employed. News service for all papers over the South is to be established at the Dallas headquarters, with L. F. McKay, director of information of the American Cotton Grower's Exchange, in charge.

Mr. and Mrs. Gray Dean Foster in company with Mrs. J. B. Holt are off in their flivver on a tour of Oklahoma and may visit at Hope, Ark. The first stop at Canyon to visit Mr. Foster's parents.

### TEXTILE MILLS PLANNED FOR 31 TEXAS CITIES

Thirty-one Texas cities and towns have organized textile committees, which are compiling data and information relative to the industry with a view to the organization of cotton textile mill companies and eventual building mills, Burt C. Blanton, of Dallas, manager of the industrial department of the Texas Chamber of Commerce, said Saturday.

"Such State-wide interest in the expansion of the industry in Texas is the result of the initial move by the Texas Chamber of Commerce, when plans were formulated approximately three months ago," said Mr. Blanton.

"Cities in the State where capital has already been raised, in whole or in part and where mills are practically assured are Breckenridge, Mexia, El Paso, Fort Worth, Houston Waco and Dallas. This does not indicate that construction will begin very soon, but that the citizens of the respective communities have

formulated plans with a view to erecting mills within one to two years.

"With twenty cotton mills now operating in Texas, it is almost assured that this number will be augmented, and possibly doubled, within five years."

The cities and towns which have textile committees now are Amarillo, Austin, Beaumont, Breckenridge, Corpus Christi, Dallas, Dublin, El Paso, Fort Worth, Greenville, Henrietta, Houston, Longview, Marble Falls, Marshall, McKinney, Mexia, New Braunfels, Paris, Ranger, Rockdale, San Angelo, San Antonio, Seguin, Temple, Terrell, Texarkana, Tyler, Waco, Waxahachie and Wichita Falls.

They say the sun's heat received by the earth is 4 per cent less than last year. Wonder if our iceman believes that?

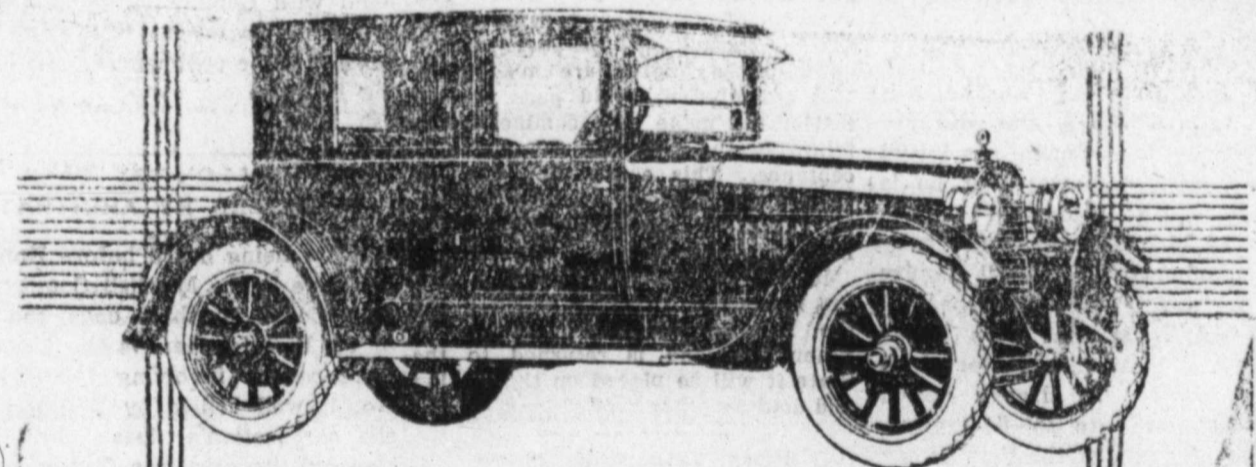

Possibly Mr. Ford's calm in regard to the White House is because as things are, he never has to bother with Borah or Jim Reed.

## Sounds Like A Fairy Tale

to say that nowhere else can you obtain such great values in Groceries for so little money. But it is a fact nevertheless. To prove it will be easy if you will pay us a visit. The keener judge of Groceries you are the more evident will be the truth of our claim when you examine and price the Groceries at this store.

# Great Shows Coming! PALACE THEATRE

has contracted to show you a series of those wonderful Paramount Pictures

THERE'S some good motion picture news today. It costs real money to be able to give you this news, because the best photoplays, like the best of anything, don't come cheap.

But we figure that the best is what you want, and we intend that no theatre in this country shall show better pictures than are shown right here.

New York itself has nothing better than Paramount Pictures and from this time on you are going to see a whole series of them, the photoplays that are the talk of the country from the largest cities to the smallest hamlets.

Here are portraits of just a few

of the Paramount stars, players and directors.

Back of Paramount is the largest motion picture organization on earth, and the reason it's the largest is because millions who want better pictures made it so.

There's a saying that if it's a Paramount Picture it's the best show in town, and that well may be true because when any new talent of any kind arises, naturally the chance to play to the whole world in Paramount Pictures is a prize that pulls.

And so, in stars, shows, directors, casts and settings, Paramount leads the world.

Come see the best!

Enjoy these wonderful pictures in a cool and clean theatre

If it's a Paramount Picture it's the best show in town

LIST OF LANDS AND LOTS DELINQUENT on March 31, 1921, for the Taxes of 1922, in Mitchell County reported in compliance with provisions of chapter Fifteen, Revised Civil Statutes of 1911.

CERTIFICATE OF COMMISSIONERS' COURT-The State of Texas, County of Mitchell. We certify that we have examined the following 27 pages of Collector's report of lands and town lots assessed on the Tax Rolls of Mitchell County, for the year 1922, which are delinquent for the taxes of 1922, and find the same correct, and that I. W. Terry, Tax Collector, is entitled to credit for the taxes shown thereon, as follows, to-wit:

Given in open court his 14th day of May, A.D. 1923.-J. C. HALL, County Judge; U. D. WULFJEN, H. A. LASSETER, JNO. D. LANE, W. D. McADAMS, County Commissioners of said County. Attest: W. S. STONEHAM, County Clerk.

Table with columns: OWNER, Abstract No., Certificate No., Survey No., Original Grantee, City or Town-Lot, Block No., Total Taxes. Lists various owners and their associated land parcels.

Main table listing delinquent lands and lots. Columns include: OWNER, Abstract No., Certificate No., Survey No., Original Grantee, City or Town-Lot, Block No., Total Taxes. Contains a large volume of data for various land parcels.

Vertical text on the far left edge of the page, likely a page number or column indicator.

**Comfort**

That is about the most we get out of life; Comfort, Satisfaction.

There is no greater comfort than that which comes from good health and the full command of our senses.

And good vision probably furnishes more comfort than any other factor.

There is much satisfaction in reading as much as you want to; of undertaking any task without fear of eye strain. Let us examine your eyes and determine their condition.

**WE FIT GLASSES RIGHT**

**J. P. Majors**  
Registered Optometrist

**Come In!**

We want you to come in as soon as you can because we believe we can tell you as we have told a good many other car owners—how to make your battery last longer and serve better.

When you do come in, why not stay until you have pumped us dry of every bit of battery information that may help you to get MORE MILES of uninterrupted service PER DOLLAR.

We'll tell you why rubber had to be made porous before it could be used for battery insulation and how the threads turn the trick.

**WINN & PIDGEON**

**Willard Batteries**

**CATARRHAL DEAFNESS**

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

**HALL'S CATARRH MEDICINE** will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. **HALL'S CATARRH MEDICINE** has been successful in the treatment of Catarrh for over Forty Years.

Sold by all druggists.  
F. J. Cheney & Co., Toledo, O.

**NOTICE**

This is to inform the public that I have moved my office to the warehouse. There will be someone there at all times to wait on you. Phone 333, your order will be appreciated whether large or small. Will deliver to you no matter where you live. Use nothing but **TEXACO** products, the best on the market. Every ounce guaranteed. Give me your next order.

**R. D. HART, AGENT**

If you want a well any kind, any depth see

**W. C. MORROW**

**WITH THE CHURCHES**

**SUNDAY WITH THE BAPTIST**

No joke about it, last Sunday was a fine-day with us. The music is simply fine. There are some very fine voices in the choir, then we have a ful choir. Everyone likes music. We are proud of the choir. The orchestra is good. Some few are playing off but they will be back when the weather gets cooler. Every thing is running in high. No knocks or friction. Everybody happy and smiling. Of course there are some who just cant get to church for various reasons. We tried to help the folks at both hours Sunday. Some people are fooling with God and treating Him as if He were a step father. Why will folks live for the devil when they know he never did them one good deed? We appeal to you to help us in the Lord's work. We will do you all the good and as little harm as possible.

Evening services 8:30. B. Y. P. U. 7:00. The Seniors will meet at 6:30 to organize. Prayer meeting 8:30. Choir practice 8:00 on Friday.

**M. C. BISHOP.**

**PRESBYTERIAN CHURCH**

Sunday school at 9:45 J. M. Thomas, superintendent. We had a good attendance at Sunday school last Sunday. Were you there? If not why not? Don't do that way, it hurts the cause. We need each other's help. Get yourself there. Get your family there. Get your neighbor there and all stay for church and if you and your neighbor have no car we will take you home.

Worship and sermon at 11 a. m. and 8:30 p. m.

Christian Endeavor at 4:30 p. m. Miss Mildred Coleman superintendent.

Sunday school at Horn's school house at 3:30 p. m. Go there and get into that auto race it is very interesting.

**W. M. ELLIOTT.**

**EPISCOPAL CHURCH**

Order of services for July 8th: Church school, 9:45 a. m. Morning prayer 11 a. m. This will be said by lay reader, T. R. Smith. There will be no evening services.

**FIRST CHRISTIAN CHURCH**

The pastor was voted a month's vacation Sunday, but the Bible school will run on as usual. Also the men's class at the Palace until the return of the pastor, D. R. Hardison.

Dr. Root, L. W. Sandusky, perhaps others will lead the class in the absence of Bro. Hardison.

**Methodist Church**

9:45 a. m., 11 a. m., 7 p. m. and 8:15 p. m. These are the hours of service for Sunday. Be at the first and you will get the others. We shall therefore, expect you at the first.

**J. F. LAWLIS, Pastor.**  
**GASTON FOOTE, Asst.**

**Installation**

Installation of officers of the Intermediate Epworth League Sunday at 5:30.

**BRIEFS BY CABLE, WIRE, WIRELESS**

**DOMESTIC**

More corn is raised in this country than any other, with Argentina's production next in size, but only one-tenth of the yield of the United States.

A divorce was granted to Mrs. Olga Van Vleet, 23, Sauk County, Wis., by the Dane County Circuit Court when the young wife testified that her husband, Fred, had once offered her for sale at a price fixed at \$15.

The Chicago hearing of the Armour-Morris packer merger case, growing out of charges made by Secretary of Agriculture Wallace, has adjourned until the second Monday in September, to be resumed either in Chicago or Washington.

Richard Susans, of Superior, Wis., trapper and farmer, narrowly escaped from a female bear. The bear attacked Susans as he was about to remove her cub from a trap. He ran two miles to his home and slammed the door in the face of brute. The cub is in captivity.

Mrs. M. Pearlman of Palestine, Texas, has received a letter from a relative in Russia which required \$7,000 Russian rubles in stamps to bring it. The envelope is 8x12 inches, and both sides were covered with stamps, except a small space for writing the address.

Abraham S. Baylinton, secretary of the Society of Independent Artists, has been convicted of exhibiting a picture that outraged public decency in the much criticised painting, "Father, Forgive Them," depicting dirty advocates raiding Christ as he turned water into wine at the wedding feast.

Fourteen armored cars, each carrying six armed men and a machine gun, passed through the streets of New York in pairs recently, with \$200,000,000 in securities and cash which was being moved from the Bowers Savings Bank to its new branch in Forty-second street, opposite the Grand Central Terminal.

John Duffy, who was prominent in horse racing circles when the sport flourished in St. Louis, celebrated the 103rd anniversary of his birth at his home in St. Louis recently. The centenarian, who is hale and hearty, ascribed his longevity to an abundance of exercise, a careful diet and no worry.

Attractions of Old Mexico are too much for thousands of California boys and girls who are trying to cross the border alone, contrary to customs regulations, which require they be accompanied by parents or guardians. In the past six months 1,479 boys and 889 girls have been turned back from the border at Tinajas, customs officials announced recently.

With orders for almost enough cattle to fill a boat, O. E. Reed, professor of dairy husbandry at the Michigan Agricultural college, is leaving for Scotland and the Jersey and Guernsey Islands. His tour is to buy registered cattle for owners of herds in Michigan. In addition to the two breeds named by the islands he visits, he also will procure a large number of Ayrshires.

**56-POUND FISH CAUGHT BY COLORADO ANGLERS**

Ed S. Jones and family and V. V. Shripshire returned last week from a fishing trip on the San Saba river near Menard. They report having landed a yellow channel cat weighing 56 pounds and to substantiate the claim brought back to Colorado the head of the fish.

**COMMISSIONERS' COURT TO BE CONVENED MONDAY**

The July term of the Commissioners' Court will be convened Monday morning. Aside from the usual routine no business of unusual importance is pending.

Another reason why Warren Gamallem loves to keep down strife is because it always wilts down his collar.

**DR. GILBERT USES FERRASAL.**

I am using Ferrasal for indigestion and acid stomach and it is the best remedy I have ever taken. I also recommend it in my practice for pyorrhea and acid condition of the mouth and am getting excellent results. I know others will appreciate Ferrasal as much as I do if you will bring it to their attention.—Dr. J. M. Gilbert, 1413 1/2 Elm Street, Dallas, Texas. 50c per box at Colorado Drug Co.

**WOLK AND SON**

Wolks has the best and clothing and shoes in town, and we appreciate your business and will make the price right. We want you to come in and look around and we know we can sell you something from our big stock. We buy for cash and sell for cash and you get the best goods at real cheap prices. We have the best and largest stock in town and know we have such small expense that we can sell cheaper than any body in Colorado. Come and get em. most complete line of work

**WOLK AND SON**

**WASHINGTON**

The Coal Commission is rushing to completion its report on wages, profits and costs in anthracite mining, in order that its findings may be brought to bear in a labor situation of increasing intensity now arising in the industry. Miners' wage contracts expire Aug. 31 and a strike is threatened unless negotiations for replacement are successful.

Two Wise county state banks and one Jack county state bank will become national banks. Comptroller of Currency Dawes having approved applications for conversions. The Bridgeport State Bank becomes the Bridgeport National Bank, the Paradise State Bank becomes the First National Bank of Paradise and the First State Bank of Perrin becomes the First National Bank. Each of the institutions will have a capital of \$25,000.

A general conscription which would call into the service of the United States Army and Navy the services of every man and woman in the Nation was predicted by Secretary of War John W. Weeks during his recent speeches. The War Secretary went a step further in his predictions by saying that in the event of war during his term of office, which he declared was improbable, he would request such conscription as a means of shortening the war.

Survey of an air route around the world has been authorized by Secretary Weeks preliminary to a decision as to whether an attempt will be made by the army air service to circumnavigating the globe.

One more woman physician has won distinction by being appointed to furnish professional services to Coast Guardsmen at Hatteras, N. C., according to an announcement by the Public Health Service. She is Dr. Blanche N. Epler.

Egyptian exports of raw wool increased from 490 metric tons in 1921 to 588 metric tons in 1922. Imports of wool manufactures into Egypt in 1922 were valued at \$6,925,955, compared with \$5,957,987 in 1921, Consul Lester Maynard, Alexandria, reports.

Another veterans' organization joined the campaign for an adequate American navy when the United Spanish War Veterans demanded armament "on absolute parity with the navy of the British empire and the ratio of 5-3 to the navy of Japan."

Comptroller General McCarl, whose authority in the disbursement of public funds has been challenged several times by cabinet members and other officials, has informed President Harding that he regards his decisions as final, and repealable only by congress.

The International Association of Civitan Clubs in session in Washington adopted resolutions favoring the promotion of a nation-wide campaign for education in international affairs and the teaching of American citizenship as a separate course in the public schools.

There is a rush of livestock to market revealed by statements of the railroad car movement and loadings furnished by the American Railway Association. For the first week of June the livestock loading amounted to 32,723 cars, an increase of 3,324 cars over the previous week. This also was an increase of 3,170 cars over the same week last year and 3,752 cars more than the same week in 1921.

The character and density of road traffic has been changing so rapidly that experts are yet unable to speak authoritatively as to the best methods and types of road construction, according to Henry C. Wallace, Secretary of Agriculture, in an address before the American Automobile Association. Experts are working on the problem, however, a solution of which will revolutionize road building in the country.

Flying may be a young man's game but Major General Mason M. Patrick, chief of the Army Air Service, won his pilot's wings recently. General Patrick, now in his 60th year, the age when most men are retiring to quiet old age, climbed in the cockpit of an army training plane at Bolling Field, looped, spiraled and dived before the examining board. He has been taking flying lessons for several months.

The packers and stockyards act regulations have been amended by the secretary of agriculture, to provide that after September 1 all individuals and firms engaged in the livestock commission business must be bonded, so as to secure to the owner or consignee of livestock faithful and prompt accounting for and payment of the proceeds of sales. Bonds of \$5,000 to \$50,000 are required, according to the volume of business done.

**LOOKING FOR WARD**

Perhaps you are one of the few who did not begin saving last year for a Summer Vacation. If so, why not start right now to save for next summer, and then when Vacation time arrives you will be able to come here and draw out a snug sum for a trip or to spend in anyway you like.

Any sum you may wish to deposit will start you in this convenient method of saving, and we help by adding Interest every three months on the total amount of your account.

**WHAT THE HIGHWAY AMENDMENT MEANS**

Waco, Texas.—W. V. Crawford, president of the Texas Highway Association, issued today a statement outlining the provisions of the proposed highway amendment to the State Constitution to be voted on by the people on July 28.

"In spite of all the discussion in the press," he said, "there seems to be a widespread misunderstanding of the proposed amendment. The many inquiries we have received indicate that a great many people do not know what it provides. It occurs to me, therefore, that a simple statement of its provisions is very necessary.

"The amendment proposes to add the following provisions to the State Constitution:  
"The Legislature is authorized and

directed to provide for the creation, establishment, construction, maintenance and repair of a system of improved highways throughout the State, to be under the control of the State, and in order that the State may provide the means, revenues and instrumentalities for the establishment and maintenance of such system of highways, the Legislature is empowered to levy and cause to be collected specific excise and ad valorem taxes, in addition to those permitted for other purposes in the Constitution, but such ad valorem taxes shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereinafter in this section.

"When said system shall have been designated and taken over for the State as provided in Section A hereof the Legislature is authorized to make provision for the equitable compensation to such counties for the value of such improvements as have been theretofore constructed by the counties in the State.

"Provided, also that, save for the State highway system, in all other respects, counties shall have the right to build, construct and maintain roads, turnpikes and bridges within their respective boundaries, and the constitutional provisions relating thereto are not qualified or repealed by reason hereof."

"Then there is a section authorizing and directing the Legislature to enact legislation to put these provisions into effect.

"First of all it should be said that the provision which refers to ad valorem taxes can be ignored, for the section which would have authorized the issuance of bonds was stricken out by the Senate. It was intended

to strike out also the reference to ad valorem taxes, but in the rush of the closing hours of the regular session this was overlooked. But it is inoperative and the same as though it had been stricken out. For it applies only to the section which was stricken out, and no ad valorem taxes could be levied if the amendment is adopted.

"If that point is kept in mind there should be no difficulty in understanding the amendment. It provides for the creation of a state highway system and for the levying of 'specific excise taxes' for the establishment and maintenance of such a system.

"If the amendment is adopted the designated state highways will be taken over by the state and the counties will be relieved of the duty and expense of constructing and maintaining such highways in the future.

"The excise taxes it authorizes does not increase the power of the state to raise revenue. The state can levy excise taxes now, only they are called occupation taxes. But one-fourth of all occupation taxes must go to the school fund, and this amendment would make possible the levying of such a tax for road purposes only. The gasoline tax is an instance of this. Gasoline can not be taxed for roads without also taxing it for schools under the present constitution. Under the amendment it could be taxed for roads alone.

"And finally the amendment provides that counties shall retain all their present powers and revenues with respect to roads. This will relieve the counties from constructing and maintaining state highways and leave them all their present revenue for purely county roads. The provision for compensating counties for roads taken over is a matter for the future and will require further action of the Legislature.

"The system which this amendment would inaugurate in Texas is the same as that in operation in all the other states in the Union with the exception of two or three. A Federal law requires that every state must have such a system within the next three years or forfeit any further Federal aid in building highways."

Tyler, Texas.—More direct benefit will accrue to the farmers of the State through the adoption of the highway amendment to be voted on July 28 than to any other class of citizens, in the opinion of Judge R. W. Simpson of Tyler.

"In too many counties under the present system," said Judge Simpson, "the funds available for road building and road maintenance are devoted almost entirely to the cardinal roads. The traffic over such roads comes quite as much from out-

side the county as from inside, but the county taxpayers pay for the building and maintaining these roads. In consequence the other roads of the county are neglected and frequently the farmer finds himself taxed to maintain a fine road from the county seat to the county line and which he uses only occasionally, while the road passing his farm, and the roads passing the farms of his neighbors are neglected to such an extent as to become impassable with the least bad weather. The adoption of the highway amendment will change this, because it will place these cardinal highways under State control where they belong, and leave the counties free to devote all their revenue to the county and rural roads which are of greatest use to the farmers. As long as the present system continues the rural roads are going to be neglected. That's why the farmers should help to get a full vote out for the amendment on July 28."

**THE SERVICE OF A FAILURE**

BY J. H. PUELICHER  
President American Bankers Association

J. H. Puelicher

When Governor Walton of Oklahoma signed recently the repeal of the bank deposit guaranty law in that state, he performed an economic service to the whole country. I might even say that Oklahoma in passing that law, enduring its evil consequences for fifteen years and then frankly casting it aside as a failure, has performed an economic service to the nation. There could be no more convincing argument against the passage of similar laws in other states than Oklahoma's disastrous experiment.

The Oklahoma guaranty law was the first of its kind. It was enacted in response to the panic of 1907. But experience has only proved again that there is no substitute for sound banking. Relying on the fancied security of the guaranty law, people entrusted their banking to many who were unfit for the trust. Bank failures have been so many that the fund, supposed to guarantee deposits, created by assessments on banks, was long ago depleted. It is estimated that with total liabilities created under the law in the form of warrants and sums owing to depositors amounting to \$12,000,000, there are in the hands of the Banking Board uncertain assets of nominally \$15,000,000, ranging in value from zero to only thirty or forty cents on the dollar, resulting in a deficit of many million dollars. Sound, well-managed banks have been heavily taxed by assessments to the fund, and the maximum amount that could be assessed on solvent banks is insufficient to cover the deficit.

**WANTED**—Plain and fancy sewing wanted, can handle anything and guarantee first class service and prompt delivery. See Laura Williams, at old Morrison Home Place. 1tp

## IMMIGRANTS KNOCKING AT AMERICAN PORTS

New York.—America's pantry door swung open an inch or two at Ellis Island and 1,600 lucky European children of toil squeezed in breathlessly to clutch at her shelves.

Another 14,000, racing shoreward in swift liners, or sweating in the steerage at the piers, or palpitant in the immigrant pens, prayed in alternate hope and despair that the door would not be slammed in their faces.

Several thousand prayed in vain. Already, as they still stared with strained smiles at their first American sunset, adding unneeded glamour to Manhattan's sky line, the dreaded and little understood quota law had operated to make them losers in the 1923 race for the square meal which they sought in the melting pot.

Twelve steamers in all crossed the finish line and were anchored in the harbor's calm with 5,971 steerage passengers aboard and 5,511 in their second and first cabins. On five of these ships were 2,074 steerage immigrants who knew that they, due to the superior skill of their vessel's captain and speed of her turbines, would be the first to enter on the first day under the new year's quota.

These five winners in the dramatic trans-Atlantic race of the immigrant armada were the President Wilson, carrying 439; the Washington, with 51; the Canada, 707; the Polonia, 503, and the King Alexander, 815.

As the descendants of Eric the Red in Iceland might tell the Saga of the Viking's discovery of America, so no doubt will hundreds of these passengers some day describe the midnight sprint across the three-mile line which made them Americans while their colleagues were forced to sail back to their motherlands.

## WILL SEEK TO AID WHEAT MARKETING

Chicago, Ill.—An approximate balance between domestic wheat production and consumption will be the object of efforts of the wheat council of the United States, according to Congressman Sydney Anderson of Minnesota, one of the directors of the council, in connection with the announcement that permanent headquarters will be opened at once in the new temple building here.

The council will not give its attention to wheat alone, he said, but will co-operate in all sound economic movements to promote the general welfare of the farmer.

The wheat council, he said, will work "to bring the control of the American wheat market from Liverpool to a point in the United States."

Congressman Anderson was chairman of the recent wheat conference at which the wheat council was organized.

**American-Turkish Treaty Near Lausanne.**—The American and Turkish delegates have appointed a drafting committee, which is compiling the final text of the clauses of the new treaty already agreed upon. The exchange of views continued on the clauses not settled. Angora advices have caused the greatest satisfaction in Turkish circles, as they show that the Kemal candidates are in a large majority in the new national assembly.

**Van Aistyne Prospects**  
Van Aistyne, Texas.—Prospects for a large cotton crop in this section are extra good. The cotton is beginning to bloom. There are very few signs of boll weevils at present. Several old-time farmers declared that they have never seen a better prospect for a good cotton crop.

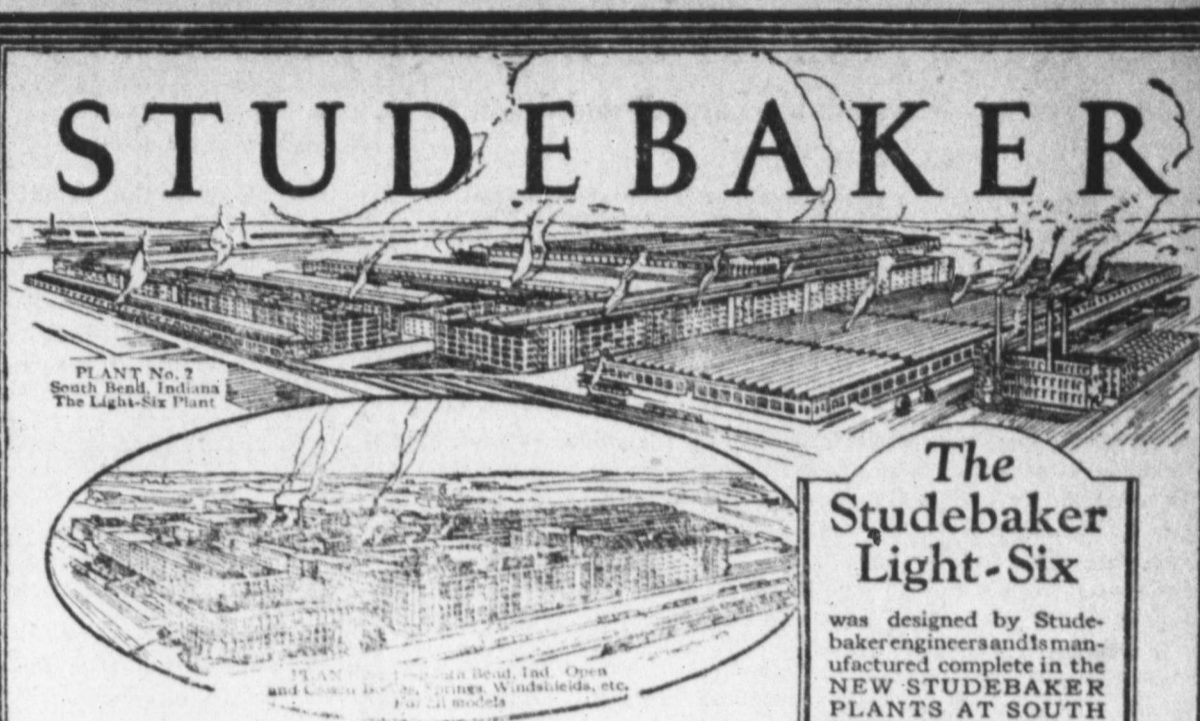

**Kill Man and Wound Wife**  
Springfield, Ill.—Two masked bandits

**FOR SALE**—90-foot lot and small bungalow on Second street in district to be paved. Price very reasonable. Write Mrs. H. A. Cooper, 107 Kaufman Street, Waxahachie, Texas or consult R. T. Manuel. 1tp

**STRAYED, Walked Off or Gone**—During the time the storm sufferers were at the Baptist church some one by mistake took the wrong oil stove from the kitchen department. Also someone borrowed the step ladder. From the church and has failed to return same. Please bring these two articles back.

**FOR SALE**—A bargain in a quarter of block (3 lots) 150x150 feet south front, three blocks from schools, high elevation, graded street, water main and sewer to property. Ideal place to build residence. Would sell half. Owner moved away, must sell. See A. L. Whipkey at Record office

**ONE of the best farms in this county** for sale. 160 acre farm, located north of Colorado, this farm can be bought right, the owner says sell it. If you want to learn about the price, we will be glad you would come to the office.—CANADA & COOK, Colorado, Texas. 1tp

PLANT No. 7 South Bend, Indiana The Light-Six Plant  
Plants 3, 4, and 5, Detroit, Michigan The Six, the Special-Six and Service Parts are each shown in this illustration

## Vast Resources Make Possible High Value at Low Price in Studebaker Light-Six

Studebaker's vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.

The Corporation's resources, consisting of \$85,000,000 of actual net assets, including \$45,000,000 of plants, make it possible for Studebaker to offer a six-cylinder car, at less than \$1,000, that is emphatically superior in design, construction, performance, comfort and dependability, to any car within hundreds of dollars of its price.

By complete manufacture, Studebaker not only guards the quality of each part, but saves the middlemen's profits, with the result that no other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six.

Evidence of its mechanical superiority is found in its practical freedom from vibration. This is accomplished by the perfect balance of the motor. Perfect balance is obtained largely through the complete machining of all surfaces of the crankshaft and connecting rods. This requires 61 precision operations.

This method is followed exclusively by Studebaker on cars at this price. In fact, very few other cars have this feature, and their prices are from three to ten times as great as that of the Light-Six.

It is significant, therefore, that the sale of more than 80,000 Studebaker cars during the first six months of this year broke all records.

Buyers are justified in expecting more for their money in a Studebaker than in any other car.

**Wheat Making 20 Bushels**  
Denton, Texas.—Wheat in the southwest part of Denton County is averaging twenty bushels to the acre as a rule and one place made as high as thirty-two bushels on bottom land. The row crops in that part of the county are reported promising.

**\$100,000 Award for Peace Plan**  
New York.—The American peace award, amounting to \$100,000 and created by Edward W. Bok of Philadelphia to be given in its entirety to the American who presents the best practical plan by which the United States may cooperate with other nations for the achievement and preservation of world peace, has been announced by the policy committee which has just been organized to administer the award.

**CARD OF THANKS**  
We, the husband, brothers, sisters and relatives of the late Mrs. M. C. Witten desire to thank and take this first opportunity to express our sincere and heartfelt thanks to the many friends and relatives for their kind loving and willing assistance and help in the illness and death of the beloved wife and sister, Mrs. M. C. Witten. Especially do we thank Dr. Hester the attending physician who did all he could with his untiring efforts and medical skill. The floral offering by her many friends was profuse and greatly appreciated by the living relatives. Mrs. Witten after a lingering illness of two years met her death on the 27th from a dreaded cancer. Travel, specialists and every human agency was used to alleviate her suffering but to no

avail. This is the saddest and loneliest hours of our life and we come with sad and broken hearts to in a feeble way, express our appreciation to one and all for sympathetic words and kind help. May God in His infinite mercy help us all to so live as to meet Mrs. Witten in Paradise, the bliss of which it hath not entered into the heart of man to understand.

—M. C. Witten, husband; Henderson John and George Witten and families; Mr. and Mrs. A. G. Bartlett, Mr. and Mrs. A. M. Angel, Mr. and Mrs. J. T. Lee, Mr. and Mrs. H. F. Rankin, Mr. and Mrs. C. L. Rankin, Mr. and Mrs. Argus Mullen, Mr. and Mrs. Emmon Mullen, Mr. and Mrs. T. L. Redman, Mr. and Mrs. J. C. Riden, Mr. and Mrs. C. L. Lee.

**FOR SALE BY R. T. MANUEL**  
Small house edge town for \$560. You can pay for this place \$20 per month. Have a client who will pay about forty dollars per month for the right kind of a residence and lease during school term.

Have a place located in suburbs of Colorado for two thousand dollars that I consider the best buy in Colorado residence property to be obtained at the present time. Six rooms and bath electric lights, about 15 acres of finest kind of land, fine young orchard, thirty stands of Italian bees, well constructed out building, beautiful trees, bermuda lawns etc. This place is in a splendid state of repair. It's a hummer. You could not put the improvements on this place for less than three or four thousand dollars. Owner has to have at least one-half cash, balance easy. 3040 acres of Terry county land to trade for Mitchell county land. What have you to trade for this?  
—R. T. Manuel, Land Agent, Colorado, Texas. 1tp

Christian church is well attended especially at night services and will continue this week. Elder O. M. Reynolds of Plainview is preaching and his sermons are well received judging by current comment. Bro. M. L. Baze, superintendent of the Roscoe school is conducting the singing. Many visitors expected and every one welcome.

Rev. A. J. F. Miers and wife are expected in from St. Louis last of the week where they have been visiting their parents.

Rev. W. H. Hanks and wife returned from Dallas Friday, where he has been for the past two weeks on special theology work.

L. W. Rhodes and family and Dr. Hester and family left Sunday for Llano, fishing to be gone a week.

Miss Elizabeth Kennedy returned from her visit at Italy last of the week.

Jim Johnson and family, Mrs. Will Rowland and children are leaving this week for Plainview to visit their parents, Mr. and Mrs. G. Miller. Mr. and Mrs. Johnson go on to Stratford and Dalhart to visit Mrs. Johnson's brothers.

Mrs. Page Henderson and children of Strawn are here visiting her daughter, Mrs. Earl Hallmark and other relatives and friends.

J. H. Neil's son Floyd, from Prairie Grove, Ark is visiting him this week.

Mr. and Mrs. D. K. Nelson are expecting their daughter, Mrs. Frank S. Wertz of Elgin, Iowa in to visit them by the 15th of this month.

Mr. and Mrs. Harry Cranfill left Monday afternoon to join their relatives in a reunion in Palo Pinto County.

Messrs. Henry and Archie Aten, of Post City, old time friends of D. K. Nelson and family spent Friday night in their home here, leaving Saturday for Paint Rock.

Dennis and Velma Cranfill accompanied their grandparents, Mr. and Mrs. J. C. Hooker to Waco Friday.

Mrs. H. F. Williamson and son of Big Spring visited her Aunt, Mrs. I. J. Pierce and other relatives from Thursday till Tuesday.

Judge Earnes and wife and daughter, Mrs. Porter and baby all of Colorado were Sunday afternoon visitors in the R. E. Bennett home.

W. L. Davis and daughter, Edna Mae, returned from Lubbock Saturday where they visited for two weeks among friends and relatives. They visited relatives here leaving Monday for Abilene.

Miss Lillie Nelson is out of the Post office for a while and Mrs. Phillips has taken her place.

J. W. Pendergrass who was called to Fort Payne, Ala., on account of his father's illness returned to Loraine Saturday visiting with friends and relatives for a few hours leaving for her home at Hagerman, N. M.

The Misses Spikes are expecting their cousin Miss Gertrude Spikes of Cjburne to visit them this week.

Mr. and Mrs. J. F. Bennett, Jr., Virgil Bennett and Mrs. Page Henderson visited in Coahoma Sunday.

Mr. and Mrs. John Marshall, Mrs. Ruby Robertson and sons left here Monday for the Colorado fishing. Others are expected to join them from Colorado.

Miss Gertrude Chambers and sister Miss Caroline of Colorado were week-end visitors in the R. E. Bennett home.

The many friends of Mrs. R. E. Bennett will be glad to know she is now able to be up and about the house.

Mr. and Mrs. George Goodwin of Mission friends of Mr. and Mrs. R. E. Bennett spent the week-end in their home and had many interesting things to say of the valley.

Wylie Carter and daughter, Mrs. Stella Bailey of Grand Saline, came in Monday morning to visit his daughter, Mrs. J. M. Hudgins and family north of town.

Mrs. R. R. Anders and daughter, Mrs. Fannie Melton who have been here visiting for several weeks are leaving Thursday for their home at Grand Saline.

Mr. and Mrs. J. T. Ledbetter spent Sunday in Sweetwater in the Homer Bullock home.

Mr. and Mrs. A. E. Walker, Mrs. Ledbetter, Misses Neita Thomas and Nila Pearl Celement are planning to spend the Fourth at Abilene.

Miss Wanda Altman came in Monday night from Arlington to spend a week with relatives here.

Mr. and Mrs. W. E. Preston and Mr. and Mrs. Wade Preston of Lone Star were in Tuesday afternoon shopping.

M. D. Caswell and family and Mr. and Mrs. Frank Johnson and family returned from San Angelo Saturday where they visited and fished last week.

Miss Little Nelson, is suffering from a very bad eye, this week supposed to be the effects of neuralgia.

The intermediate B. Y. P. U. of the Loraine Baptist church met Sunday afternoon, July 1, at 2 o'clock for the purpose of reorganizing and electing new officers. As the present leader, Mrs. S. C. Harris resigned the question of a new leader was the greatest of importance. Mrs. Earl Williams was elected as leader. The following officers were elected and installed into office:

President, Claude Willis; secretary Bessie Marie Duren; vice president, Lorena Thornton; group captains, Edith Wilkerson, Ivey Crutcher; Pianist, Lornea Thornton; choister, Vera Adams. There being no other business we adjourned to meet July 8, at 5:00 p. m. when Group No. 2 will render a program.

A large crowd attended a special program rendered at the Baptist church by the Junior B. Y. P. U. and Sunbeams, Sunday evening, July 1, at 8:30. The program was enjoyed by all and was a great success.

The Methodist meeting commenced at Zellnar Sunday night, Rev. H. W. Hanks is doing the preaching, Oscar Bruce is conducting the singing.

The small son of Mr. and Mrs. A. C. Caswell who has scarlet fever is reported as doing nicely.

Misses Connie Baird, Willie and Adine Howell and Jewell Spikes were Colorado visitors Sunday afternoon.

Mrs. Daisy Post and sister, Miss Gladis Holloway of Toyah are visiting their sister, Mrs. E. A. Stevens south of town.

Mr. and Mrs. R. D. Luttrell are leaving Saturday for Jayton to visit Mrs. Luttrell's parents, Mr. and Mrs. C. L. Hagar.

## MINERS CONVENTION STAGES NEAR RIOT

Scranton, Pa.—After wild scenes had resulted from the demand of International President John L. Lewis that four alleged organizers of the Communist party should leave the hall, with two of the number being handed a beating as they rushed for their hotel, the tri-district anthracite convention ratified the new wage demands as recommended by the scale committee, and then adjourned.

Scranton, Pa.—The anthracite mine workers in convention unanimously adopted a set of demands to be presented to the coal operators in the coming negotiations for a new wage contract. They follow generally those adopted at the convention in Shamrock, Pa., in January, 1922, and for which the miners fought for five and a half months, the men finally returning to work without an increase in wages, but maintaining the scale under which they had quit. The present agreement, which was entered into last September, expires Aug. 31, and it was announced the new demands will be presented to the operators as soon as possible.

The convention took no action on a question of suspension in the event the negotiations run beyond Aug. 31. John L. Lewis, International President of the United Mine Workers, who presided, told the delegates that it was a matter that could be left to the sagacity and good judgment of the officers.

The morning session was marked by a disturbance due to the presence in the balcony of the hall of Joseph Manley, son-in-law of William Z. Foster and identified with the Trades Union Educational League, and J. P. McCarthy, representing the Labor Defense Council, who were bitterly denounced as enemies of the United Mine Workers and other trades unions and ordered to "remove their carcasses from the hall." McCarthy was accompanied by his wife.

Amid wild jeers and hoots the three left the place, while a number of delegates held back angry men in the rear of the hall. A half block from the hall Manley and McCarthy were attacked by a number of women and in the melee McCarthy was hurt. Mrs. McCarthy was not assailed, although for a time she pitched in and helped defend her husband with an umbrella.

The men were accused of being back of a plot of the Communist party in the United States to set up a dual organization in the coal fields of the country for the purpose of wrecking the mine workers' union and eventually other trade union organizations.

Newspaper publishers and printers should take notice of these corporations that endeavor to concentrate all their purchases in some large city. These corporations depend upon the small places as feeders but some of them are of a grasping nature and for the sake of squeezing a few more cents profit they pass up the small place on patronage that rightfully belongs there and take it to some large city for investment. The Southwestern Bell Telephone Company is doing this in the printing of its telephone directories. True there are some print shops not equipped for giving a uniform directory but there are hundreds of shops in Texas that have just as good equipment for this class of work as does Dallas. Then too, the local manager can supervise

the work and save errors that are often made by long distance shops. In our opinion a corporation that makes money out of a town should have the same concern for the welfare of that town as the home business man. A printing establishment employs more people for its investment than perhaps any other concern. Its enterprise in installing modern equipment and doing good work should be rewarded by the giving of the patronage that rightfully belongs to it. Many advertisers would refrain from advertising in any publication that was not printed in their home town. Many newspapers would not feel like publishing news items concerning a business that apparently had no interest in the welfare of a home enterprise. A corporation that expects to thrive only by the support it gets from its investments in outside places should give in return its own patronage to those places when it can do so. Certainly a more friendly feeling would be created toward that organization that

pursued this policy.—Uvalde Leader. The above from the Uvalde Leader was reproduced by the Pecos Times and nearly every county seat paper in the West has had quite a lot of adverse criticism about the directories being printed out of each town. This company tried to make good with the Record by promising to advertise in the paper more dollars than there was profit in publishing the directory, but so far no ads have appeared.

Several of the advertisers in the directory are not pleased because it was sent out of town and say they would not have placed the ads had they known the local printer would not have had a chance at the printing. The only way the telephone company can make good with the West Texas newspapers is to put on an advertising campaign in at least each county seat paper where a directory was printed.

State Road Maintenance a Burden On the County Taxpayers

Tyler, Texas.—More direct benefit will accrue to the farmers of the State through the adoption of the highway amendment to be voted on July 23 than to any other class of citizens. In the opinion of Judge R. W. Simpson of Tyler...

AMENDMENT INVOLVES A THREEFOLD DUTY

Wortham Says Highway Measure is Interest of County, State and Nation

Fort Worth, Texas.—It is to the interest of the county, of the State and of the Nation that the proposed highway amendment to the Constitution should be adopted at the election on July 23, according to Louis J. Wortham of this city, vice president of the Texas Highway Association.

ward, chairman of the State Highway Commission. "An amendment to the Federal aid act," he says, "requires the State to provide a State fund to match the Federal money and to take over the construction and maintenance of the State system. The authority now in the counties will have to be given to the State, as far as the State roads are concerned. This can only be done by amending the Constitution. The amount allotted to Texas to date is approximately \$31,000,000 and the allotments in the future will be many millions more. The adoption of the amendment means that we will be assured a connected State system of roads."

HOUSE JOINT RESOLUTION NO. 16. Proposing an amendment to Article 8, of the Constitution of the State of Texas, which relates to taxation and revenues, by adding thereto a new section to be known as Section 6, directing the Legislature to provide for the construction, operation and maintenance, under State control, of a State system of public highways; providing for an election for the ratification or rejection of amendment herein proposed, and making an appropriation to defray the expenses of said election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That there be submitted to the people of Texas, for ratification or rejection at a special election provided for herein an amendment to Article 8, of the Constitution of the State of Texas, amending said Article 8, of the Constitution of the State of Texas, adding thereto a new section to be known as Section 6, which shall read as follows:

Section 6. The Legislature is authorized and directed to provide for the creation, establishment, construction, maintenance and repair of a system of improved highways throughout the State to be under the control of the State; and in order that the State may provide the means, revenues and instrumentalities for the establishment and maintenance of highways, the Legislature is empowered to levy and cause to be collected specific excise and ad valorem taxes in addition to those permitted for other purposes in the Constitution of the State of Texas, and a tax shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereunder in this Section.

When said system shall have been designated and taken over for the State as provided in Section 4 hereof, the Legislature is authorized to make provision for the equitable compensation to such counties for the value of improvements as have been heretofore constructed by the counties in the State. Provided, also that save for the State highway system, in all other respects, counties shall have the right to build, construct and maintain turnpikes, bridges within their respective boundaries and the Constitutional provisions relating thereto are not qualified or repealed by reason hereof.

NOTICE IN PROBATE

THE STATE OF TEXAS, County of Mitchell

In the County Court of Mitchell County, Texas, July term, 1923.

To the Hon. J. C. Hall, Judge of said court; Now comes Bertie L. Standefer, who resides in Mitchell County, Texas, and shows to the Court that Murriel Celma Standefer is a boy of about 12 years of age, Nervo Beatrice Standefer, is a girl of about 10 years of age, and Dimple Elna Standefer, is a girl of about two years of age, who reside in Mitchell County, Texas, and is without lawful guardian of their person estate. That said minors are entitled to an estate of an estimated value of \$25.00. That the father of said minors is now deceased and that their petitioner is the mother of said minors and that she is in no way disqualified and is a proper person to act as guardian of the person and estate of said minors.

Wherefore, she prays that notice of this application be given as required by law and that she be appointed guardian of the person and estate of said minors.

L. W. SANDUSKY, 7.6-p. Attorney for applicant.

NOTICE

I am still in the monument business. I thank you for past favors and solicit a liberal share of your patronage in the future. Promising you the best of material, up to date workmanship and courteous treatment.

E. M. McCRELESS, Representing the Continental Marble and Granite Co., of Canton, Ga.

AMENDMENT INSURES FEDERAL AID

Austin, Texas.—It will be necessary for Texas to adopt the highway amendment to the Constitution on July 23 to insure the continuance of Federal aid, according to E. M. Hub-

**ONE GALLUS FARMER WRITES ANOTHER LETTER**

Great minds differ. In reply to the piece, "Why Can't Colorado Celebrate the 4th," by One Gallus Farmer in last week's Record. It was not the intention of the writer to criticize or sling mud. We farmers are with Colorado for every thing good. I was only stating facts. Don't see how the Record knows "the flame is not worth the candle," as it hasn't been tried in Colorado for years. Now as to the 4th celebration costing such an enormous sum of \$2000 or \$3000 and so much hard work. I beg to differ with the Record there. Everything that is worth while costs something. We get out of a thing what we put in it. If other towns are able to pull off a picnic the 4th it surely does not bankrupt a place. Why even our colored population celebrate their independence day I still believe it could be made self supporting and a benefit to town and country. As to the farmers being hard to please and more or less dissatisfaction among them, as to the way it would be pulled off. Why, bless your time Bro. you are off there. Most of us farmers have been in the field six days a week a long time and any kind of a little to-do would please them. Yes Colorado did contribute gallantly to the storm relief and it was right that she should. The town gets its support from the farmers mostly. That was proven in 1917 and 1918.

The town needs the farmers and the farmers need the town. I think the Record does the farmers an injustice when it says that only a small part was put up by the farmer for the storm sufferers. What we gave was given freely. Most of the wealthy citizens of the county live in town and their donations was a great deal more than the former. But it was only "casting bread upon the waters." Let the farmers fail to produce and we know what follows. Yes, the County fair is coming and we all are going to try to make a good one out of it.

Can't see how it will cost Colorado \$3000 to put it on, as it is to be held the same place as last year. I understand the fair already has \$700 or \$800, why didn't you say Amen to the statement? I am in favor of obtaining grounds close to Colorado where we could have picnics, fairs, etc., for all and start to improve same soon. I still believe a 4th of July celebration carried on right would be a paying investment.

We should not lie just for the dollar, we get out of a thing. If the majority of the people can get pleasure out of a 4th of July celebration lets have one some time. Nuf sed.

One Gallus Farmer.

**COLORADO BLIND BOY IN DALLAS MUSICAL RECITAL**

The many friends of Hubert Rhodes, son of Mr. and Mrs. H. J. Rhodes of three miles west of Colorado, will be glad to learn that he is making creditable progress as a musical student in Dallas. Hubert lost his eye sight in an accident here a few years ago.

The following article concerning the musical debut of Hubert, given in Dallas Tuesday, is taken from the Dallas Dispatch:

Invitations have been issued to an evening of music by Mrs. Anna M. Green and her son, Carl D. Green, at their home, 2716 S. Ervay street Tuesday, July 3, when Hubert J. Rhodes, a talented blind youth, will be presented in a program of violin music, assisted by Miss Nantey Kurley, pianist.

Hubert J. Rhodes who is the 23-year-old son of Mr. and Mrs. H. J. Rhodes of Colorado, Texas, lost his sight thru an accident. A bullet grazed his optic nerves. Barred from entrance into the State Academy for the Blind, he became a special pupil of Carl Green and has made great progress in 11 months' of study.

In order to instruct him, it became necessary for his violin teacher to dictate the notes of a composition, which were then written down by young Rhodes in the York point system. He memorizes quickly and has mastered an extensive repertoire, as indicated by the following program:

- Piano Duet, Madri Gras Quadrille—Miss Kurley, Mrs. Green.
- Piano Solo, "Second Valse"—Miss Kurley.
- Violin Duet, "Blue Bells of Scotland."—Messrs. Rhodes and Green
- Violin Solo, "Humoresque"—Hubert Rhodes.
- Piano Solo, "First Vales"—Miss Kurley.
- Violin Solo, "Third and Fourth Movements"—Carl Green.
- Violin Solo, "Under the Double Eagle"—Hubert Rhodes.
- Piano Solo, "Le Golondrina"—Miss Kurley.
- Violin Duet, "Alpine Dream,"—

**SINGERS TO MEET AT PLEASANT VALLEY JULY 8**

Our regular quarterly convention meets at Pleasant Valley Sunday, July 8th. Everybody is urged to come with open hearts ready to sing and full baskets ready to eat.

We have had more singing schools taught in Mitchell county this year than ever before. Come on, people, stay in the harness, and let us make this the best year for singing Mitchell county has ever had. I feel this is to be the best convention the county has ever had. Come and help make it so.

W. R. MILES, President.

**ROBY ELECTRIC RAILROAD**  
Final papers for the electric railway were drawn up Wednesday be-

tween Roby and the West Texas Utilities Company, Abilene. It is understood that all the money has not been subscribed to the project, but a major part has been taken, which practically cinches the rest of the amount of money needed. Actual work on the road will begin about July 5, according to Mr. Frye, manager at Abilene. Information is to the effect that several car loads of ties have been ordered to replace the old ones. It is understood that the depot will be built where the present ice house is located and the old depot will not be used.—Roby Star-Record

**BONDS ARE APPROVED**  
The water works and street paving bonds for Roscoe have been approved by the Attorney General of Texas. Advertising for bids will start soon, but it will be something like two or three months before actual work will begin. It is understood that the city council intends to lay the water mains first and then pave the streets.—Roscoe Times.

People who can't are always willing to criticize those who can.

**J. B. SNEED SHOT AT PADUCAH, TEX.**

Paducah, Cottle Co., Texas.—John Beal Sneed was shot and dangerously wounded on the streets of Paducah, soon after he had stepped from an automobile and was standing in front of a motion picture theatre here.

C. B. Berry surrendered to the Sheriff of Cottle County following the shooting. It is said an automatic shotgun, loaded with buckshot, was used.

John Beal Sneed had been charged with shooting Berry about two months ago.

Berry left Paducah after that affair and it was not known that he was in Paducah at this time.

Sneed was taken to a sanitarium at Quanah, where physicians said he had a "fighting chance to live."

John Davis of Paducah was driving his automobile a block away during the shooting. One of the shots whizzed by his head and broke the windshield of his car.

**WIND, RAIN AND HAIL DOES HEAVY DAMAGE IN NOLAN**

In describing the storm at Sweetwater and vicinity Saturday afternoon, the Sweetwater Reporter says:

Damage from hail in portions of Fisher County appeared to be the most serious result of the storm which struck this vicinity Saturday afternoon about 6 o'clock and which leveled many trees, made outhouses look like the morning after Halloween and played various other pranks. It was a straight wind, however, and did not come out of the southwest from where most cyclones seem to originate. There was sufficient velocity, though, to have caused some interesting moments, if it had begun the spiral twist of the true cyclone variety.

The roof was very neatly removed from the new South Ward school building, and the frame work for the new Magnolia Company filling station flattened out. The band stand near the Hotel Wright had a pre-volstead slant and plate glass windows in the Prim's store in the Aycock building will have to be replaced.

One of the heaviest sufferers appeared to be the Sweetwater Refinery where total damage was estimated by H. M. Shade at \$300. A receiving house and run down lines, were blown down and a 100 barrel galvanized tank took out over the hill for parts unknown.

The Southwestern Bell Telephone Company had several lines out of commission and so did the West Texas Electric Company. Several poles were blown down.

The disturbance did not reach as far north as Hamlin, but Roby, Rotan, and Sylvester reported heavy rains, with heavy hail and wild wind. Damage from hail is expected to be rather heavy in the wake of the storm.

A heavy rain was reported east of Sweetwater, and especially in the White Flat district. Several automobiles were reported late Saturday as being stuck in the mud in this section.

High winds and subsequent sand storms were reported as far northwest as Lubbock, but there was no rain at Snyder, Post City or Slaton. Conditions west of Big Spring were about the same as in Sweetwater, but without much if any, damage from wind in any of the intervening cities. Big Spring reported hail. Telegraph wires on the Texas & Pacific both east and west were out of commission Saturday night.

Ablene reported a light shower with a heavier rain at Trent but without wind. Blackwell and Bronte reported much the same conditions as prevailed here with a heavy shower at Lake Trammell. The telephone circuits south of Bronte to San Angelo were out of commission.

Much damage of a minor nature was reported at various points about the city, especially to shade trees. W. R. Hope is reported to have had a wind mill disintegrated and several barns wrecked.

A two-room house in the Orient addition was blown off the posts that formed its foundation.

Many chimneys were blown off and barns and other out buildings were wrecked or overturned. Among these was a frame warehouse belonging to the Robertson Grocery Co. east of town. No damage was reported on the rural lines out of Sweetwater.

W. C. Calvert of south of Sweetwater reported a very heavy wind in that community. The flue was blown off of one house and there was other slight damage.

Reports from the Walter Boothe ranch stated that there was a heavy shower there, but no damage was done by the wind. There was also a good shower at Lake Trammell. No damage from wind.

**The real reason for buying Columbias —they last longer**

The largest laboratory, devoted to dry cell research, experiments continuously to make them "last longer." Columbia Hot Shot or Columbia Ignitors are "right" for your needs. That's why people have the habit of asking for Columbias.

Columbia Dry Batteries for all purposes are sold by hardware and general stores, electrical and auto supply shops, garages and implement dealers.

**IN SOCIETY AND AT THE CLUBS**

**Honoring Mrs. C. E. Pritchett**

One of the season's most delightful entertainments was the morning party given in honor of the recent bride, Mrs. Earnest Pritchett, by Mrs. H. P. Ragan. The guests were received by Mrs. Ragan, the honor guest, Mrs. Thomas Pritchett and Mrs. Jones. After several exciting games of 42 Miss Dunlavy held high score and was presented with a beautiful recipe book, while the honoree was given a Madero embroidered set. The decorations were Shasta daisies and their colors were carried out in the score cards and the lovely salad plate that was served.

The Missionary society of the First Christian church met in regular session Monday afternoon with Mrs. Venable. Mrs. Jones leader for the lesson. Mrs. Harness led the devotional lesson. Mrs. Harness told of the work for the coming year. Mrs. Jones gave a report from the State convention which met in Ft. Worth

Bro. Hardison gave a general report of the convention. At the social hour the hostess served ice cream and cake.

Mrs. Oscar Majors was hostess for the Harmony Club this week. Her guests were Mesdames J. T. Johnson, Pearl Shannon, J. H. Greene, Royal Smith, C. T. Harness, Tom Stonerod, W. L. Doss, Ross Dixon, W. R. Mitchell, J. L. Pidgeon, H. B. Smoot, D. H. Snyder, E. F. King, Edgar Majors, H. C. Doss, Jack Carter, Abe Dolman, J. A. Sadler, Frank Lupton, Sam Majors, M. C. Ratliff, Lockhart and Morris Coughran. After several games of 42, the hostess served apricot ice and white cake. The meeting next week will be with Mrs. A. E. Barcroft.

Dr. C. M. McMillan was called to the Itan neighborhood to officiate at the birth of a girl at the home of Ben F. Ellett also a boy at the home of Tom A. Ellett. These are brothers living in the same community and it is unusual that a birth should be in the two homes at the same time.

The farther into Alaska President Harding may penetrate the more people he will meet who hadn't heard of him before.

**THE ANIMAL INDUSTRY RECEIVES OVER \$92,000**

This Appropriation is Exclusive Of \$45,000 To Be Used For Tick Eradication

Fort Worth, Texas.—Appropriations totaling \$92,250 for the work of the Bureau of Animal Industry in Texas have been made by the Department of Agriculture, according to notice received here by Dr. Harry Grafke, inspector in charge of Texas for the bureau. The appropriations cover the entire fiscal year of July 1, 1923, to June 30, 1924, on all the phases of work except tick eradication.

The full appropriation is divided as follows: \$15,000 for Federal indemnities tuberculosis eradication; \$8,000 for expenses in tuberculosis eradication; \$45,000 for tick eradication from July 1 to Oct. 31; \$22,000 for sheep and cattle scabies eradication work; \$10,000 for interstate transportation inspection, stock yard work for the bureau and enforcement of the twenty-eight-hour law, and \$7,000 for hog cholera control work. The final item, that for hog cholera, is reduced from last year and necessitates a reduction in the work. Three veterinarians have been assigned to this work, but in the future only Dr. G. F. Flaharty of Fort Worth and Fred J. Wolms of San Antonio will handle this work.

Stowaways Are Suffocated

New Orleans, La.—Two Chinese have gained admission to the United States, but not in the same manner that they expected to when they sailed from Marseilles on the French steamship C. I. P., concealed in the hold of the vessel. Sing Chong Hop, 25, and Wong Hom, 28, got in, but as dead men. Both were killed when the vessel was fumigated at the quarantine station, from suffocation.

Tillie Clinger says the reason she is quitting her present boarding-house is because they want her to room with a girl who buys hair and borrows hairpins.

"Wear your own face," Flo Ziegfeld tells the women. But they rarely have the face to.

**AMENDMENT ENDORSED BY COUNTY OFFICIALS ASSN.**

Concluding a heated debate from the convention floor, the County Judges and County Commissioners Association of Texas, in session at Dallas Friday and Saturday, adopted a resolution supporting the proposed highway amendment to be voted upon Saturday, July 28. Fight for adoption was led by Judge J. C. Hall of Colorado. The opposition was led by Judge N. S. Kilgore of Knox County and Judge K. F. Kirby of Limestone County.

In his address Judge Kirby, according to press reports of the meeting carried in the Dallas Evening Journal, launched into an attack on the State Highway Commission, declaring that, "If the centralization movement keeps up, it won't be many years until if a man wants to kiss his wife he will have to get permission from that swivel chair gang

**THE PRIDE OF PALOMAR HAS THEME OF INTEREST**

Here's a thrilling motion picture story. A young American returns from the war expecting to be welcomed to the family ranch in California only to find that it has fallen into unscrupulous hands. What would you have done in his place? What did he do? Well, he had Irish blood in him, so you can undoubtedly imagine that he made things mighty interesting for those who opposed him. Perhaps you've read of it. You have if you've read "The Pride of Palomar" Peter B. Kyne's great story, which appeared serially in the Cosmopolitan magazine. Now it has been adapted to the screen by the Cosmopolitan Productions for Paramount. Forrest Stanley and Marjorie Daw are the featured players in this big production, which is coming to the Palace Theatre Thursday and Friday, July 12 and 13, next. Frank Borzage, creator of "Humoresque" directed.

**Newspaper Man Dead.**

W. H. Morris, aged 60 years, died at his home at Ralls, Texas, Sunday and the funeral was held Monday, with burial in the cemetery of that place. Mr. Morris had been in the newspaper business for 35 years, having once edited the Stephenville Tribune, and later publisher of a paper at McCaulley, this county. He edited a paper at Jayton at one time and had been editor of the Ralls Banner since the town started.—Rotan Advance.

Miss Ruth Buchanan visited friends in Abilene this week.

Hill Low for most any kind of trade.

Mr. and Mrs. Jay Ingraham motored over from Sweetwater and spent the 4th here the guests of Mr. and Mrs. Oscar Price.

**ROBS CALOMEL OF NAUSEA AND DANGER**

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotaba."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotaba." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotaba at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotaba.—(Adv.)

**PROMINENT TEXAS BANKER USES FERRASAL**

One of the most widely known financiers in Texas is Mr. T. J. Cole, of Waxahachie and Dallas, who writes:

"I am pleased to say that I have used Ferrasal for indigestion and acid stomach and I believe it is the best remedy I have ever tried for stomach troubles. I know of no better remedy for indigestion, constipation and kidney trouble where due to acidity. Yours truly, (signed) T. J. Cole." 50c per box at Colorado Drug Co.

Mrs. H. M. Smith and son, Guy, of Alpine are visiting her daughter and family, Mr. and Mrs. R. H. Ratliff.

R. W. Wortham of Paris, was in Colorado this week on business in connection with the Dodge estate of which he is administrator.

A. H. Dolman left Thursday night for Paris. From there he expects to go to Excelsior Springs, Mo., to spend an extended visit.

Have your old shoes made like new at Herrington Bros.

Mr. and Mrs. W. M. Green and daughter, Miss Ruby of Meridian, are on a visit to relatives here.

**NOTICE**

We wish to give this as public information concerning our position with reference to our work and the meaning of the recent amendment to the Medical Law.

The new law, the same as the old, expressly exempts Masseurs in their particular sphere of labor, who publicly represent themselves as such; therefore, we will continue our work as Masseurs, confining our practice to that of Masseurs, and will in no way violate the law pertaining to the practice of medicine.
