

### LAMBETH WILL BUILD ICE AND COLD STORAGE PLANT

Positive assurance that he would construct a modern ice plant at Colorado and have the plan in operation by the next season, on condition that the enterprise be given support of the people in this city, was made Saturday by O. Lambeth to representatives of the Chamber of Commerce and Lions Club, who conferred with him on the matter. Lambeth stated that he had never abandoned the plan to build such a plant here since purchasing the Radford building some three years ago.

The conference with Mr. Lambeth was arranged by Dr. P. C. Coleman, president of the Chamber of Commerce, following a visit of D. E. Hawkins of Houston and R. C. Fain of Cisco, who spent Friday and Saturday here looking over the field as the prospective location for an ice and cold storage plant. These men informed the Chamber of Commerce that in case Lambeth did not care to build such a plant here, they would do so and were ready to begin construction within the near future.

During the conference with Mr. Lambeth it developed that he had previously entered negotiations for the purchase of equipment for the plant and expected to have the factory in operation another season. He already has the power and building available in the Radford building, a part of which is housing the Brick Gin and stated he was thus in position to install and operate an ice factory here with less investment than would be possible to do otherwise.

Mr. Lambeth gave positive assurance to the representatives attending the conference that he would build the factory, on condition that the citizenship of the city assure him of their support, this support to be based upon retelling of a better quality of ice than that sold at the present and at a price considerably cheaper than that now charged. As to the retail prices to obtain, Lambeth gave assurance that a price of sixty cents per hundred pounds would obtain in wagon deliveries of fifty pounds and up, and that sales to consumers in smaller quantities would graduate from that scale. Prices to wholesale users, including the meat markets and other extensive users of ice, are to be below sixty cents.

Building of the plant here, construction of which is scheduled to commence about December 1, is not definitely assured, however, pending outcome of the present ginning season and the attitude assumed toward the proposed enterprise by the citizens of the city. "I have no stock proposition," Lambeth stated, "and am not asking that anybody come into the business with me. The only thing interesting me just now is to know whether the proposed plant would receive the backing of the people of Colorado, on condition that I gave them a good product at prices meeting the competition of other towns in this section of the State wherein factories are operated."

Assurance was given by the Chamber of Commerce and Lions Club that the proposed plant would receive the support of Colorado, on condition the quality of the product and the price were in keeping with the terms as outlined. Lambeth stated that if for any reason he should later find that it would be impracticable to erect the plant this fall, he would still adhere to the guarantee to retail at prices agreed upon, centering around a basis of sixty cents per one hundred pounds.

### COLORADO TENNIS CHAMPS ENTER LUBBOCK TOURNAMENT

Lynn Bennett, L. E. Howard and E. P. Ragan, Colorado racquet champions, have been entered for both singles and doubles in the tournament at Lubbock Monday and Tuesday of next week. The trio will leave Sunday for Lubbock.

The tennis tournament is being arranged in connection with the Technological College celebration at Lubbock Tuesday of next week.

### METHODIST REVIVAL TO OPEN SUNDAY, AUG. 26

All preliminaries for opening the revival at the First Methodist church have been completed and the series of meetings, to be held twice daily for a period of two weeks, will begin Sunday morning with the eleven o'clock service. The pastor, Rev. J. F. Lawlis, will do the preaching and Raybon Porter, evangelistic singer, will direct the choir and orchestra.

The pastor has spoken of the coming revival in his sermons delivered at the church during the past several weeks, admonishing members of the Methodist congregation to prepare themselves for a great achievement of personal service. In speaking of the revival Sunday he predicted that a good meeting was to be held and gave as his conclusion a large number of conversions and reclamations should be expected.

The pastor has extended an invitation to the other ministers of Colorado and their congregations to join with the Methodists in the meeting. Especially are those who are members of other church choirs and who are personal workers urged to take a place in the revival. The services are to be held at the church. On Sundays the morning services are to be held at 11 o'clock. During the week days these services are scheduled for 10 o'clock. Evening services are announced for 8 o'clock.

Rev. Mr. Lawlis is in Dallas this week to have an artificial limb fitted. The Methodist Sunday school made an offering Sunday to a fund to defray this expense. Learning that the Methodist pastor was leaving for Dallas to procure a limb, friends of the minister in the First Baptist church expressed the wish to have a part in the fund for procuring the limb and supplemented the offering.

### BAPTIST MAKE OFFERING TO BUCKNER ORPHANAGE

In response to the appeal for an offering of \$200 for Buckner Orphan Home, members of the Colorado Baptist church raised the sum of \$225 Sunday and the same has been forwarded to the home.

### BOOSTER BAND INVITED TO BROADCAST CONCERT

G. C. Arnoux, radio editor, Fort Star-Telegram broadcasting station has invited the Colorado Booster Band to broadcast a concert program at a date to be selected by the band. The invitation was received in a letter to M. S. Goldman, director of the band, from Mr. Arnoux Tuesday. Recently Mr. Goldman broadcast a concert solo over the Star-Telegram station and this number was liberally applauded by radio fans throughout the country.

In the letter Mr. Arnoux praises the Colorado band as being one of the best in Texas and an organization such as would be appreciated in concert by the radio world. J. H. Greene, director of the band entertainment department, Colorado Chamber of Commerce, stated that the chamber would probably co-operate with the band in making the trip to Fort Worth.

### FIRST CONCRETE POURED FOR LONE WOLF BRIDGE

The concrete mixing machine was started up Monday afternoon at the new Lone Wolf Creek bridge, East Second street. The contractors, The Brown-Abbott Company, are rushing work on this job and expect to have the structure completed before the end of the year.

Stone is in place for about eighty per cent of the retaining wall, on the south side of the west approach to the bridge. This wall is being constructed to prevent washouts to the eastern fill in the approach. Stone for the wall is being quarried in the hills along the river breaks west of the City.

### NOTICE TO INVESTORS

I am planning to drill an oil well to off-set the T. & P. No. 4. I would be pleased to confer with any one who desires to take an interest with me.—R. H. LOONEY.

### HOME CANNING GROWS BY LEAPS THE COUNTY OVER

One of the most rapidly developing industries in Mitchell County is that of tinning fruits, vegetables and fresh meats by the farmers themselves for home consumption, an official of the Chamber of Commerce stated Wednesday. Both of the agents working in Mitchell County under direction of the Extension Department, A. & M. College, maintain offices at the chamber and through the organization not less than ninety per cent of the cans and canning equipment being used is furnished, making it an easy matter for the organization to keep reliable statistics as to the volume of home canning being done.

During the past few weeks an unusually large number of cans have been supplied to the farm homes of the county. These have been used in canning hundreds of tins of fresh corn and garden vegetables of large variety. Under the process as recommended by the extension department and personally demonstrated by the home demonstration agent the percentage of loss is incomparably small. Orders for cans are now being made for tinning beef and pork products during the fall and winter months.

Tuesday a farmer who during the past six months has purchased 800 cans to be filled with home grown products came to Colorado and obtained an additional 400 of the containers for putting up late vegetables and fresh meat products. He stated he and family were eating beef steak regularly from stock canned last December and that the meat was as fresh and juicy as if coming directly from the market.

Miss Laceywell, home demonstration agent, stated Wednesday that approximately 20,000 tins of vegetables, fruits and meat products had been put up since she inaugurated the work here last fall. From 5,000 to 10,000 tins of pork and beef products will be put up over the county within the next few weeks, she stated.

### FACULTY OF 22 TEACHERS COMPLETED BY THE BOARD

With employment of Guy Allen of Comanche as science teacher this week, the board of trustees filled the faculty of twenty-two teachers for the Colorado schools for the year to open September 3rd.

The schools will open this year with the best plant and one of the best corps of teachers in the history of Colorado, E. F. King, superintendent, stated Wednesday. King urges that patrons co-operate with him in making of the opening date a new record as to enrollment. Less than seven hundred scholars were enrolled at the opening last year.

### RAINFALL REGISTERS INCH AT COLORADO FOR WEEK

During the past week an even inch of rainfall has been registered at Colorado by the local government observatory station. Friday the precipitation totaled thirty-six hundredths; Monday seventeen hundredths fell and the last rain to fall, Wednesday morning, totaled forty-seven hundredths, placing the total at one inch.

The first two rains were considerably heavier over much of the country than at Colorado. Especially was this true south of town.

### HOFFER CONTINUES PRAISE FOR MITCHELL OIL FIELD

John M. Hoffer of San Angelo, district representative Oil and Gas Division, State Railroad Commission, spent Saturday in the oil field on official business. Hoffer continues over optimistic as to the Mitchell County field and was especially interested in the extensions, both south and north, made by the Texas & Pacific Four and H. C. Miller One.

"I have not changed my belief that we are to yet witness some big natural producers in Mitchell County," the official stated.

### SPECTACULAR PARADE WILL OPEN MITCHELL CO. FAIR

The most elaborate parade ever attempted in Colorado will feature the formal opening ceremonies of the Second Mitchell County Fair September 20th. Co-operating with fair officials are a number of federated and civic organizations in perfecting details of the parade which according to the fair secretary, will be a mile in length. The parade, which is to form on Second street and pass through the principal streets of the city is to be made up largely of decorated automobiles. The Colorado Booster Band will lead the line of march from the start to the fair grounds.

Secretary Ratliff stated Wednesday that substantial prizes were to be offered entrants in this parade, details of which will be announced as soon as worked out. The fair was opened last year by mammoth parade arranged under auspices of Colorado club women. The fair queen and court jester are to ride in the parade in automobiles especially decorated in keeping with the position they are to fill. There will be no entrance fees and the general public is requested to co-operate with the fair officials in making the parade the big success they hope it to be. A number of booths in the automobile and merchants divisions have already been taken. This department will be housed in Union Tabernacle and the long array of booths promise to be one of the leading attractions. Automobile dealers and merchants will vie with each other in making this department attractive.

The county mule barns will house a section of the livestock division and temporary quarters additional to these buildings are to be obtained. According to W. A. Dulin, county farm agent, some of the best baby beaves and pigs ever seen in Mitchell County will be on exhibition in this department. Dulin is devoting much of his time directing preparation of animals for exhibition. "John M. Simpson, of the Extension Department, A. & M. College, who judged in this department last year, expressed surprise in finding such excellent livestock specimens in Mitchell County," Dulin stated, "and we are going to have another surprise for him this fall." Simpson will judge entries in this division again.

The girls of the county did not have the opportunity to demonstrate what they are capable of doing at the fair last year, because their clubs had not been organized long enough. Miss Laceywell, home demonstration agent, stated recently. She promises, however, that the 115 girls comprising membership in rural clubs over the county this year will bring some of the very best exhibits to be shown. Interest in the fair among both the girls and boys is being greatly augmented by the substantial cash awards offered and the trip to Dallas for a visit there during the State Fair. Seven of these youngsters are to be given trips to the Dallas Fair by the Mitchell County Fair Association.

Attractions will be numerous and varied. A large carnival company is coming to play the three days and baseball games will be observed each afternoon. Concert music will be furnished by the Colorado Band and several prominent speakers are to visit the fair and deliver addresses.

Catalogues are ready for distribution and those desiring a copy may obtain one upon application at the office of the secretary.

### CONTESTANTS FAIR QUEEN INTRODUCED TO THE PUBLIC

Four contestants for election as queen of the Second Mitchell County Fair were formally presented to the public during a program given on Second street Friday evening under auspices of the American Legion. These were Misses Ruebelle Smartt, Hazel Costin and Elsie Lee Majors of Loraine, Misses Isla Dorn of Colorado, Irene Bledsoe of Westbrook and Connie Baird and Willie How.

(Continued on page 2)

### COLORADO RECEIVES 1ST BALE OF NEW COTTON

The first bale of cotton from the crop of 1923 to be received at Colorado was brought in and ginned Monday morning by J. S. Howard of ten miles south of town. The bale, which was ginned by Williams & Miller, weighed 428 pounds and was sold to them at 25 cents, netting \$107.25. The seed was also sold to Williams & Miller at \$30 per ton, netting \$10.04, making the total for the lint and seed \$117.29.

Through the Chamber of Commerce the various business interests of the city paid to Mr. Howard a premium of \$88.70, including the ginners fee.

The first bale for last year was received August 28 and sold to the Colorado National Bank at 22½ cents per pound. The bale was grown by Ross Dixon on the McKenzie ranch and weighed 368 pounds. A premium of \$75.00 was paid Mr. Dixon.

A comparison of the prices at which the Colorado cotton market opened this season and last shows an increase of 2½ cents per pound this season. The premium paid this year was also larger. The seed-market has also opened at higher quotations this season.

### COLORADO BAND MEN TO PLAY IN SAN FRANCISCO

M. S. Goldman, director, and P. K. Williams, drum major, respectively of the Colorado Booster Band, have accepted the invitation from Wright Armstrong, director of the "Old Gray Mare" band at Brownwood to accompany the band to San Francisco in October. The Brownwood band has been named as the official Texas band for the National American Legion Convention in the California city. Williams as drum major, will lead the band in the convention city. Goldman and Williams have also received invitations to accompany the Brownwood band to Galveston for the State convention, American Legion, August 28, but because of the Lubbock celebration on the same date will be unable to do so.

### RECORD ATTENDANCE IS EXPECTED DURING FAIR

Attendance at the Second Mitchell County Fair will exceed all estimates previously made by fair officials, is the belief of R. H. Ratliff, secretary of the fair who returned this week from a visit to several towns in this section of West Texas. Ratliff visited these communities in the interest of the fair, distributing advertising matter and discussing the coming exposition, and reports having found much interest at every point visited.

Catalogues and premium lists were distributed this week through the secretary's office. Several hundred copies were mailed to interested exhibitors in West Texas. The secretary states that the long list of prize awards being offered this year will attract an array of exhibitors much larger than those showing here last year.

Under supervision of the State Health Department, a child welfare conference will be held during the fair. A large tent will be provided for this conference and examinations and consultations will be done by experts. The tent will be located on the lawn adjoining the Coe Hotel.

### CONFIRMATION MITCHELL COUNTY BOOTH RECEIVED

Confirmation of allotment of booth in the Agricultural building, for showing an exhibit from Mitchell County during the State Fair of Texas was received Saturday by the Chamber of Commerce from W. H. Stratton, of Dallas, secretary of the State Fair association.

Mr. Stratton expressed his appreciation for the interest manifested in the fair by the Colorado Chamber of Commerce and predicted that the exposition this year would be the largest ever held in the South-west. The first ten cash awards offered in the county exhibits class last year went to counties of West Texas.

### MATERIALS WILL MOVE TO NEW LOCATIONS IN WEEK

Location for a number of new tests will be definitely announced within the next week, S. A. Sloan, president of the Sloan Oil Company, stated Thursday morning, and rig materials will be moving into the field. Sloan is of the opinion that the largest number of new tests in the history of the field to be spudded at the same time is scheduled for the immediate future. Tentative location for several of these wells, most of them offsetting producers recently brought in, have been made.

The two new producers, Texas & Pacific Four of the Underwriters Producing & Refining Company, on the south end of the defined field, and Miller One of the Sloan Oil Company, on the north end each is developing much better showings than the companies drilling them in anticipated even one week ago. The Underwriters well is making better than 200 barrels daily. Following a nitro shot a few days ago the company estimated the well might be good for 200 barrels. The Miller well has definitely proven up to be good for 300 barrels and is making this record under the difficulty of producing through a bridge near the bottom of the hole. Wednesday the well gauged three hundred barrels and the following morning the hole was standing full of oil and flowing. The crew is still cleaning out.

"The Miller is absolutely the best well yet drilled in the field," S. A. Sloan stated Thursday morning, "and basing my judgment upon the excellent performance the well is now holding, producing 300 barrels before cleaning out, it is problematical to estimate what it will do when properly conditioned and tubed." Mr. Sloan is optimistic over the prospect of bringing in another good well at his O'Neill No. 1, about one-half mile west of the Miller.

Two more new producers are expected in before the end of another week. These are Texas & Pacific Three of the Underwriters and Henry Riley, and Badgett One of W. J. Thompson. Each of the tests were drilling around 2900 feet Thursday and should pick up the Morrison pay within the next day or two.

### MITCHELL OIL FIELD IS ASSET TO SWEETWATER

The oil fields of Mitchell County are one of the best inducements Sweetwater has to offer Eastern capital in attempting to interest cotton mill promoters to locate in that town, according to S. D. Myers of El Paso. Myers formerly lived in Sweetwater and writing in the Reporter recently says:

"The cotton mill proposition would be great, and certainly Sweetwater can and doubtless will, make a strong impression on those who have made the enquiry. Its location, climate, water, plus its accessibility to the oil fields of Mitchell County which will appeal strongly to any manufacturer as fuel is one of the first great essentials."

### ABILENE TRADE TRIPPERS ARRIVE COLORADO TODAY

The special train, carrying 125 Abilene boosters and a band is scheduled to arrive in Colorado Friday morning at 9:25 and will make a stop of thirty minutes in the city. The trade trippers are making a visit to a number of West Texas towns to advertise the West Texas Fair at Abilene, which is to open September 24th for one week.

"We do not want you to go to any trouble in entertaining us, as time will be limited and we are merely coming to tell you how-do and invite you to visit the West Texas Fair," Grady Kinsolving, secretary of the Abilene Chamber of Commerce, wrote in a letter received by the Colorado Chamber of Commerce Saturday.

Mr. and Mrs. F. E. Wulfjen of Dallas, Mrs. Robert Brennand and little daughter, Mary Bell, and H. C. Doas, Jr., left Tuesday by automobile to visit relatives in El Paso.

## SPECTACULAR PARADE WILL OPEN MITCHELL CO. FAIR

(Continued from page 1)

ell of Loraine, other young ladies in the contest, were not present. Following introduction of the young ladies an address was delivered in which an appeal was made to the citizenship of Mitchell County to select the young lady of their choice and support them liberally in the campaign. Every penny received in the contest is to be applied to the fund for completing construction and furnishing the American Legion Memorial here, it was stated.

It had been planned to introduce contestants for election as court jester to the queen, but because of the inclement weather several nominated for this place were not present. The first qualification for nomination in this campaign is to be recognized as being unusually ugly. The speaker stated that the eight or ten men in the contest had been selected by competent judges after considering all of the ugly men of the county. Votes in either of the contests are to be sold at a penny each and balloting may be done at drug stores in Colorado and Loraine. Concert music was furnished by the Booster Band, and in spite of the fact that the streets were wet from rain falling a few hours before and the weather was at the time threatening, a large crowd congregated for the program. It was announced that presentation of the ugly men would be featured in another program to be given within the next few days.

### MISS RUEBELLE SMARTT IS LEADING FOR FAIR QUEEN

Bulletin boards posted in Colorado drug stores showed that Miss Ruebelle Smartt of Colorado was leading in the fair Queen contest Thursday at noon with a total of 5,627 votes. Miss Hazel Costin also of Colorado, was running in second place with 5,516 votes. The standing of other candidates was given as follows: Miss Isla Dorn of Colorado, 5,114; Miss Viola Brown of Loraine, 5,043; Miss Connie Baird of Loraine, 5,077; Miss Willie Howell of Loraine, 5,093; Miss Irene Bledsoe of Westbrook, 5,021; Miss Elsie Lee Majors of Colorado, 5,163.

### "DARK HORSE" CANDIDATE ENTERS UGLY MAN CONTEST

Confirmation of the candidacy of Gloomy Gus Hutchinson as an aspirant for election in the ugly man contest, being staged in connection with the Mitchell County queen contest, was made Tuesday morning by admirers of the "dark horse" who entered the campaign as a non-partisan filibuster and is waging his campaign without party affiliation. Supporters of the new candidate literally swamped the balloting boxes at the drug stores and within a few hours he was posted as leading the race, placing Ole Timer Majors, who had headed the ticket, in second place.

A count of the ballots posted Thursday showed the new candidate to be still leading his nearest competitor, Ole Timer Majors, by a plurality of 82 votes. Mutt Hurd was running in third place and Powerful Katrinka Cooper in fourth. Up until a few days ago Powerful Katrinka held sway as the foremost candidate in the running, but his support dwindled under the heavy campaign fire of Ole Timer and Mutt.

There are a total of eighteen candidates in the campaign and the vote received by each candidate is as follows:

- Walt Winn, 5025; Avery Blanks, 5026; Cedrick Sloan, 5003; Abie the Agent Farris, 5009; Jiggs Sandusky, 5015; Mutt Hurd, 5262; Barney Google Farmer, 5110; Boob McNut Broadus, 5027; Powerful Katrinka Cooper, 5115; Lester de Pester Thomas, 5007; Skeezix Price, 5007; Crazy Kat Greene, 5004; Chester Gump Goldman, 5026; Uncle Bim Lane, 5006; Ole Timer Majors, 5670; Spark Plug DuBose, 5004; Andy Gump Hall, 5006; Gloomy Gus Hutchinson, 5752.

#### Card of Thanks

It is with heart-felt gratitude that we thank the many kind friends for their attention and service during the last sickness and the death of our mother, Mrs. M. J. Lowrie, who passed away on Monday, August 20th, 1923. May the blessings of God be yours in your time of sorrow, which is sure to come to all. Respectfully submitted,

Mr. and Mrs. W. R. Lowrie  
Mr. and Mrs. J. B. Cade  
Mr. and Mrs. E. M. Dumas  
Tom Hudson and family  
Antony Hudson  
Jim Hudson.

## WITH THE CHURCHES

### SUNDAY WITH THE BAPTISTS

We are home again for the fall full of "Pep" and hoping to see every one at Church next Sunday. We have had a fine summer in meetings and come home with renewed determination to do more than ever. This is to invite your fullest co-operation and helpfulness in the work. We want to help you and we want you to help us. The hot season is probably over so it will not be so trying on the nerves to do one's duty. We want to see the B. Y. P. U. grow. The prayer meetings can be made very fine. We want you to get it into your system it is your duty as well as our pleasure to attend Sunday night services at the Baptist church at 8:15 o'clock. Come and enjoy life.

Commencing Monday the Best Theatre will begin a new policy in showing day and night and hopes its many patrons will take advantage of this fact and see the many beautiful plays being presented for the new season.

### SWEETWATER TO VOTE ON \$100,000 STREET BONDS

Mayor Goe Boothe of Sweetwater made the announcement last week at a luncheon in Sweetwater that a bond issue for \$100,000 for street improvement will be submitted to the voters of that town within the near future.

Speaking before the same luncheon, County Judge A. S. Mauzey appealed for support in building and maintaining the public road system in Nolan County.

Colorado is solving both the street and road problem. We voted a special road tax and the contractors are now commencing the work of paving the streets.

See no evil, speak no evil, hear no evil and you will never be evil.

### BOYS' BAND OF PLAINVIEW TO GO TO LUBBOCK

PLAINVIEW, Aug. 21.—The Plainview boys' band will be the official West Texas Chamber of Commerce band at the Texas Technological College celebration at Lubbock, Aug. 28, according to an announcement of Manager Porter A. Whaley today.

The Weatherford concert band which won first place in the contest at the San Angelo convention and thereby became the official band of the organization for the year will not be able to attend the celebration. The Plainview band took second place in the contest and is accordingly the alternate band. A big delegation from Plainview will accompany the band to Lubbock.

If your guests are comfortable they are half entertained. With a G-E Fan to serve cool comfort your afternoons "at home" will be the most popular in town. You will get an electric fan eventually—why not let us send you one NOW for this summer's heat?

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and vicinity. See her and take your County paper

Look at the label on your Record. All papers will be stopped when time is out. If the label reads 18Mar23, it means your time was out First of March, 1923.

The little infant daughter of Mr. and Mrs. K. C. McAdams who live south of town, died Saturday morning and was brought here for burial. Funeral services were conducted by Rev. W. A. Thornton. Friends here extended sympathy to Mr. and Mrs. McAdams in their bereavement.

Mr. and Mrs. A. C. Pratt and son Carl arrived from Abilene Tuesday afternoon to spend a short visit with their parents, Mr. and Mrs. R. E. Pratt.

Miss Helen Altman leaves Wednesday for a short visit with relatives at Roscoe before returning to her home at Arlington.

News has been received of Mr. E. O. Britton, who is at Temple under treatment, that he is not yet able to return home.

Connie Britton arrived from Indio, California Tuesday.

Miss Velma Thompson of Hamilton is visiting Miss Lela Hogan this week.

Mr. and Mrs. Roy Edwards and Mr. and Mrs. T. R. Bennett were dinner guests Sunday of Mr. and Mrs. Marion Mahon at their country home east of town.

Howard Spikes made a business trip to Roscoe Tuesday.

Mrs. J. T. Ledbetter visited in Colorado Tuesday afternoon.

Mr. and Mrs. R. B. Pratt returned from Fluvanna Monday where they visited Mr. and Mrs. J. H. Hargroves.

L. E. Crutcher and sons, William and Leon, D. K. Nelson and grandson, Owen Harrold, returned Saturday morning from the Concho, where they spent a few days fishing. Report few fish as the river is lower than has been for several years.

S. M. Smith of Colorado and Miss Grace Burrus were united in marriage at Sweetwater Wednesday. Mr. and Mrs. Smith leave Monday for Andrews county where they will teach this winter. Best wishes of their many friends follow them.

Several from here attended the Primitive Baptist Association held at Snyder Friday, Saturday and Sunday.

Miss Tempa Harris of Oplin, is visiting her sister, Mrs. Ben Smith.

Mr. and Mrs. J. R. Coon are moving back to town this week from their farm home south of town.

Mrs. T. R. Bennett, Miss Helen Altman and Mrs. Homer Richards visited out of town Monday in the home of Mr. and Mrs. Thomas Hall.

Mrs. R. C. Hendrick of Denison, Mrs. L. R. Jennings and children of Dallas, Mr. and Mrs. C. C. Hendrick of Parks are here visiting relatives in the G. W. Hendrick home this week.

Mr. and Mrs. Homer Richards are spending the week in Hermleigh.

Many from here have attended the Christian meeting which is being conducted by Elder Barnhill at Valley View this week. The meeting is still in progress and will continue over Sunday.

Miss Bernice Clement left Monday for Swenson to spend a week with friends.

Mr. and Mrs. S. M. Hallmark and son, Edwin, visited Hugh Hallmark and family Sunday.

Messrs Jack Templeton and Bill Thompson, made a business trip to Trent first of the week.

T. A. McGee and family attended church at Valley View Sunday being dinner guest in the home of Mr. and Mrs. J. B. Derryberry.

Miss Vada Curtis, Mr. and Mrs. Thomas Hall and daughter visited at South Champion Saturday night the guest of Mr. and Mrs. Bill Evans.

Mr. and Mrs. Dewey Winstead were down from Snyder spending the week-end with relatives here.

Beatrice McGee returned home Monday evening from Abilene where she has finished Summer work at A. C. C. Jinks McGee of Abilene accompanied Miss Beatrice home and is visiting the T. A. McGee and Mrs. Zora Dean homes.

A. H. Nelson and family were Sunday visitors in the J. M. Winstead home.

G. W. Pratt and granddaughter, Little Miss Geraldine Grantham of Ellenville, who have been visiting his brother, R. B. Pratt, left Friday for Slaton.

Mr. and Mrs. Otha Thompson were visitors Tuesday in the home of Mrs. T. R. Bennett.

H. Ohlenbusch spent Monday and Tuesday of last week at Karnes City on business.

Mr. and Mrs. Ray Harrington of Lubbock, Messrs W. S. Harris and J. M. Warren of Oplin left Sunday for their homes after a visit with Mr. and Mrs. Ben Smith.

Mrs. E. D. Dunlap of Abilene is visiting her mother, Mrs. J. R. Burrus this week.

Mr. and Mrs. H. K. Sadler from Henrietta and sister, Miss Curtis of Rising Star, left for their homes Tuesday after a few days visit with relatives here.

Mr. and Mrs. Virgil Walker moved Thursday to the Ben Smith home East of town. Mr. and Mrs. Estes Smith have rooms with them and expect to move in this week.

Mr. and Mrs. F. A. Gilley and daughter of Whitney visited his sister, Mrs. C. F. Glass and family Sunday night, leaving Monday for Tahoka for a week's visit.

Morgan Garrett who lives south of Champion was in with a fine load of fryers Tuesday.

E. G. Brazwell of Brownlee was in on business Tuesday.

George L. and Beatrice McGee left Wednesday for Sterling City. They will visit at the Reed ranch indefinitely.

James Clepper who lives near Burns ranch was a business visitor first of the week.

Dock Adams of South Champion was in on business first of the week.

The East Loraine gin ginned the first two bales of the season Friday the 17th. Mr. C. M. Thompson's was the first to the gin with S. W. Givens following immediately. The citizens felt that it would be justice to divide the premium. All the gins are in operation now. Seven bales were ginned Tuesday of this week.

Jim Guitar of Colorado was in on business Tuesday afternoon.

Born to Mr. and Mrs. S. A. Showler, a fine boy, Sunday, the 19th.

Born to Mr. and Mrs. W. A. Pendergrass a fine girl Friday, Aug. 17th.

It is reported that a good rain fell in the Lone Star community Monday night.

A Catholic Church house is being erected this week in West Loraine.

Mrs. Jess Moore and daughter returned from a month's visit with relatives at Thurber, Thursday night.

Miss Opal Hart of Valley View spent the week-end visiting here.

Dr. Hester is improving the value of his home by having a well drilled.

Elbert Britton and wife of Sweetwater visited L. L. Britton and family Sunday.

Mr. and Mrs. J. J. Land are moving this week to the Andrew McGee place in South Loraine.

The drought was broken here when a good shower fell Friday night, light showers having followed.

Frank Seger was here from Crowell visiting his family from Wednesday till Sunday.

When angry just take a look at yourself in a mirror that doesn't lie.

Observe and profit by your observations.

## Bain Wagons

I now have the FAMOUS BAIN WAGONS in stock. Two sizes, three inch and 3 1-4 inch, with or without cotton frames. Every wagon fully Guaranteed.

TERMS—Until Nov. 1st without interest—See these wagons

## E. V. BELL

Westbrook, Texas

### SIMMONS COLLEGE

ABILENE, Aug. 23.—At the recent meeting of the Board of Trustees of Simmons College, the building committee was authorized to proceed with the new hall for men. The contract was let to R. C. Lewis and work will start immediately on the structure which will be the eighth building on the College campus.

The new dormitory, to be erected at a cost of \$125,000 aside from the furnishings, will be located on the west side of the campus, the first building on the left as one enters the circular driveway, and to the west of the stone entrance columns. It will face directly Mary-Frances Hall, the girls' dormitory across the campus.

and will be south of the old Cowden Hall site, the men's dormitory which was burned.

It is to be constructed according to architect's design accepted some time ago, following the private entrance plan. Entrances will be named for the chief donors to the building. The men's hall will probably be opened for students in the fall of 1924.

I. N. Standifer of three miles south of Colorado was in the city Tuesday and reported an inch of rain over that community. The cotton crop in that section will be better than farmers now generally believe, is the opinion of Mr. Standifer.

Colorado, Texas

**SON OF W. H. GARRETT IS INJURED BY AUTOMOBILE**

Charles, seven, son of Mr. and Mrs. W. H. Garrett, was painfully injured Wednesday afternoon when run down by an automobile near the Garrett home on East Second street. The child sustained lacerations to his right hand and face. His injuries are not considered serious.

Arkansas fields continue to broaden.

**Willard Batteries**

Sometimes, when we get started on the Willard Threaded Rubber Battery, we get over-enthusiastic. Can you blame us?

The one thing that excites us is that Threaded Rubber Battery users are just as enthusiastic as we are.

You'll need a battery some day. Don't forget Willard Threaded Rubber!

**WINN & PIDGEON**

**Willard Batteries**

**UTILITY POLES BEING MOVED FROM SECOND ST.**

Poles of the West Texas Electric Company and Southwestern Bell Telephone Company are being moved on Second street to clear the right of way for the paving, excavations for which was started last week. The Western Union has one pole, corner Walnut and Second, standing directly in the way of the curb line, but up to Wednesday morning the company had made no visible move to clear the same, although official notice has been given the company by the city to the effect that the pole must be moved.

J. L. Geer of Sweetwater, manager of the West Texas Electric Company, was in Colorado Tuesday directing the work of a crew of linemen in moving the company's poles along the district to be paved.

**TEXAS AND PACIFIC POSTS RATES TO TECH CELEBRATION**

A rate of one and one-half fare for round trip to Lubbock for the Technological College celebration August 28 was posted here Wednesday by the Texas & Pacific. The rate applies for trains leaving August 26 and 27 and arriving in Lubbock on the morning of August 28. Return is limited to August 30.

**MERCHANTS, MAKE YOUR RESERVATIONS FOR BOOTH**

Merchants and automobile dealers of Mitchell County, who have not made reservations for booth at Fair September 20, 21 and 22, should see J. H. Greene at once before choice places are all taken. Greene is chairman of the department allotting the booths.

If we dont please we wont no money. Quinney's Tailor Shop Phone 35.

**HOUSTON MAN IMPRESSED WITH CITY AND COUNTRY**

D. E. Hawkins of Houston spent Friday and Saturday in Colorado on business matters and expressed himself as being greatly surprised at finding such a progressive little city here and such a well developed farming country surrounding the city. Colorado is one of the very best towns of its size in the State. Hawkins stated.

"I have known of Colorado in an indirect way for several years," Hawkins stated. "In fact, I knew that you had a good town out here and further that you were developing a splendid oil field near-by, but I had no idea that Colorado was the commercial center I have found it to be. The deposits carried in your banks and the volume of business being done by the several interests of the city is above the per capita average, as I find conditions over the State. There is no question in my mind but that the city and adjacent oil field has a wonderful future."

Hawkins was here in company with R. C. Fain, business man of Cisco. Fain is a brother-in-law of H. E. Grantland, assistant cashier of the Colorado National Bank, and has visited Colorado several times. It was through him that the Houston man was induced to visit the city with the prospective view of establishing and industrial enterprise here.

The visitors praised the spirit of Colorado and Mitchell County citizens for building such a beautiful memorial here in honor of the boys who enlisted for service in the recent World War from Mitchell County. "The memorial Colorado is to have would be a credit to a city many times larger than yours," Hawkins stated, "and along with the new business houses, the court house, street paving, white way and other new projects, is an excellent index to the progressive spirit of the citizenship here."

In company with Chamber of Commerce officials the visitors were taken for an automobile tour of the oil field Saturday afternoon, visiting practically all producing and drilling wells, as well as the source of water supply controlled by the Sloan Oil Company. They were very much impressed and each made the statement that the field was really more advanced and of larger proportions than they had anticipated.

Hawkins came to Colorado as the representative of Houston capital with the tentative idea of establishing an ice and cold storage plant here. Learning that a local citizen however planned such a plant, he abandoned the proposed project, but announced before leaving the city that he was very much interested in a power and light plant here and would take this matter up with his associates upon returning to Houston.

"I have found Colorado a mighty good town and the Colorado territory a mighty good one," he stated, and we are certainly going to keep our eyes on Colorado and may yet become identified with the city. There is no boom here, but a steady permanent growth, meaning conclusively that the best days for Colorado are in the future."

The visitors left Saturday afternoon for Abilene where they spent the night en route to Cisco. Hawkins drove through from Houston in his automobile and stated that crops in this section were among the best he had seen anywhere.

Mr. L. Standifer, a prosperous farmer three miles south of Colorado was in town Wednesday. He reports good rains in his neighborhood and says it is going to be a wonderful help in maturing early feed and cotton. Mrs. Standifer and three of the children are spending the summer at Hot Springs, Ark., their old home, where they will visit relatives and

**FARM LAND FOR SALE.**

I have several sections of fine farm land for sale, around the new town between Lamesa and Big Spring. Prices and terms right; fine water and plenty of it. Write or see R. L. Cook, Big Spring, Tex. 480 acres of fine farm land for sale; 300 acres in cultivation, the best of improvements, three houses, good well and windmill. This is the kind of land that grows the stuff. You should see the crop that is on the land now. This place is located ten miles northwest of Big Spring. Write for prices and terms. R. L. Cook, Big Spring, Texas.

Dawson County lands, in quarter sections or halves, two and three miles of school. This is the red cat-claw sand. Priced to sell. R. L. Cook, Big Spring, Texas.

**Shirts That Prove Their Worth**

There is more than the usual satisfaction in wearing an Ide Shirt.

In addition to being a perfect fit, it is tailored from materials that will prove its worth in the service it gives.

New designs in fast colors.

**J. H. GREENE & COMPANY**

**RAIN BRIGHTENS CROP PROSPECTS IN MITCHELL**

Rain once more visited this territory with a precipitation amounting to one inch total for the week puts this country in perhaps the best shape it has known since 1920 in so far as cotton and feed crops are concerned. Water holes were filled and a good stand of grass and weeds for fall pasture materially aided.

The rain was light at Big Spring and did not seem to extend far beyond that point but Roscoe reported one inch and one-half inch at Westbrook and Coahoma.

The Roscoe, Snyder & Pacific railroad reported a good rain over its entire system with a good rain at Snyder and at Lubbock. Roby, Rotan and Hamlin all reported good rains and Knox City reported a "young flood."

Neither Merkel nor Abilene reported rain, but Eskota had a very heavy rain and so did Blackwell and

Maryneal. Bronte, however, failed to receive any nor did San Angelo. The territory around San Angelo however, received a good rain Monday afternoon.

The total rain in Colorado for the week is exactly one inch, which brings the total for the year up to 17.56.

**THE BEST WAY**

Failure to get the Tech College is not going to injure any of the other 35 unsuccessful bidders. West Texas is growing by leaps and bounds. It will continue to grow that way.—Abilene Reporter.

Another evidence that West Texas is going to back the new technological college. Instead of crying over spilled milk, so far as we have seen the towns that didn't get the college are going ahead about their business and boosting their sections of the state. Which is as it should be and the only sensible thing to do. —Denton Record-Chronicle.

**"COULD NOT EAT OR SLEEP"**

"I had stomach trouble so bad I couldn't eat or sleep. Tried everything without results and got worse instead of better. The only way I could rest was sitting up. The second night after taking FERRASAL, I had my first night's rest in two weeks. FERRASAL has done wonders for me and I keep it in the house all the time. I cannot say too much for this wonderful preparation."

MRS. J. P. GUINN

1029 Cameron Ave., Dallas, Tex. Ninety per cent of the health troubles are caused by excess acid. It causes indigestion, chronic bowel disorders, ulcers, bloating, constipation, kidney trouble, rheumatism and chronic catarrh. FERRASAL gets at the source of the trouble—the stomach—and neutralizes the excess acid expelling it from the system. TAKE FERRASAL NOW. It will help you or your druggist will refund your money.

**Old Reliable PETER SCHUTTLE**

Made in Chicago Since 1843

Saves Money Time and Trouble

It will pay you to investigate before buying

Come in and inspect the SCHUTTLE

**Cheapest in the Long Run**

The cheapest priced wagon is the one which will save you the most money—and there is far more than the first cost to be taken into consideration with most wagons. But with "The Old Reliable Peter Schuttler" it's different. With it, the first cost is practically the only cost. It's built right and stays right. It saves repair bills; it avoids break-downs; it reduces the after purchase expense—and it wears longer than any other wagon built.

And with all its cost-reducing, time and trouble-saving features, the first cost of the "Peter Schuttler Wagon" is only slightly more than the first cost of the inferior makes. And every cent of the extra cost goes into extra quality. There's no more profit on a "Peter Schuttler Wagon" than on the so-called other standard makes. The difference in price is due entirely to the difference in material and the difference in the way this material is put together. It is this difference which makes the "Peter Schuttler" by far the cheapest priced of all wagons in the long run.

**They Are Here**

Received this week a full car load of Peter Schuttler Wagons. Both wide and narrow tread.

**OLIVER & BELL**

**Mr. Landau of the Colorado Bargain House returns from Markets**

Our Mr. Landau returned from the Eastern Markets Monday and states that Colorado looks good to him. After covering the biggest part of the United States and the most important markets of the country, he thinks cotton will bring a much better price than he expected. He also states that he was lucky to be in the Eastern Markets at the time when the cotton market broke and that gave him a chance to buy cotton goods at the very lowest figures. Cotton has advanced over \$18.00 per bale since he made those purchases.

Mr. Landau also states that we are not going to take advantage of the advances on cotton goods, but will give all these benefits to our customers, as our business has grown so much in the past few years by giving better values for less money.

Thousands of dollars worth of new goods are now on display at our store. We welcome you to come and let us show you the new apparel for Fall.

- Ladies' Coats, Ladies' Dresses
- Children's Coats
- Children's Dresses

**WELCOME ABILENE**

Colorado should extend to her visitors today the typical chivalrous western welcome upon arrival of the special train carrying the 125 Abilene business men, who have included this city in an itinerary taking them to a score of the leading towns of West Texas. Abilene is sending this delegation to her neighbors to invite them to attend the fair this fall and the kind of welcome accorded them in our city will do much in forming a lasting impression.

Abilene has spoken many times of her sincere appreciation of the big part Colorado had in making of the fair their last year a success. Even before the fair, the fair management appreciated Colorado to such an extent that the best day of the week was designated as "Colorado Day" and on that day this city sent three hundred boosters and a brass band to mingle with West Texas in the big affair. Abilene fair officials, as well as Mayor Dallas Scarborough of the city, were preface in their praise of the Colorado Band and declared it one of the best bands ever visiting Abilene. Let's impress them again Friday that we of Colorado are still among the real live citizens of West Texas.

A report is being circulated to the effect that Abilene citizens sent a message to the governor of New Mexico congratulating that state on winning the Texas Tech when the announcement was made that the school had been located at Lubbock, and a glance at the map will convince any one that the furthest point in New Mexico and Oklahoma is nearer the site of the new college than the center of Texas is. Every time we size up this State we wonder

why the ma. makers made it so large. But there is sentiment which prohibits a division.—Ballinger Ledger.

Abilene citizens deny that they sent the N. M. governor congratulations on securing the Tech school. The Record has it from New Mexico source that such a wire was sent, but of course was meant for a joke.

**WHY RAVE.**

Abilene wanted the Texas Tech and made an honest effort to get it. It failed, and the plum went to Lubbock. Abilene would as soon see it go to Lubbock as any other place outside Abilene. Abilene believes, and is convinced beyond the shadow of a doubt, that Abilene submitted the best offer, from every standpoint, for the college—considering the welfare of the college itself and the territory to be served. Abilene KNOWS that. The people of Abilene however, are good losers, and will hasten to extend congratulations to Lubbock, and express the belief that inside of fifty years, or possibly less the college at Lubbock will be able to attain a position which it would have had in five years had it been placed in Abilene.—Abilene Reporter.

Snyder, people too, are good losers and are willing to close the incident. However we are not willing to go as far as Abilene and predict that it will take the school at Lubbock 50 years to become as great as it would have at Abilene in five years. We will make this qualified statement: It will take the Lubbock section and the Plains country 50 years to reach the point where the school will be as badly needed there as it is needed now in the under-crop country. The statement is made in view of the present and future estimate population and the vast area to be served under the cap as compared to the territory above.—Scurry County Times (Snyder)

**OUR ATTITUDE**

The Reporter has tried to make it clear that while Abilene as well as other West Texas communities were sorely disappointed because the Tech college was placed on the Plains, there is no object to be gained in seeking to set aside the board's decision.

At least one newspaper man on whose shoulders the mantle of Horace Greeley must have descended accuses the Reporter of trying to "soft soap" and sidestep on the issue. Nothing of the kind. The Re-

porter does not believe anything is to be gained by continually agitating this question, although the Reporter was as keenly disappointed when the college went to the Plains as any other newspaper was. That we believe is the attitude of a majority of the newspapers in the territory included in the bill, as well as the attitude of a majority of the competing towns.

The Baird Star is willing to let well enough alone. It concludes an editorial on the Tech as follows:

The Legislature should change the name of the college and call it the Panhandle or Plains College, which it is. No, we do not want the Legislature to repeal the law, as it did six years ago, when Abilene won the location, but we do think the words "Texas" should be eliminated from the name of the college, as the Locating Board has located the college so far north of the center of the population of West Texas.

Just why the Locating Board should not consider a great school town like Abilene or a famous, hustling, typical West Texas town like San Angelo seems strange to us. We have spent fifty years in West Texas and we know that no two towns in West Texas are more typical of West Texas sentiment and the get up and hustle than the two towns named. Then there are other towns, Cisco, Brownwood, Coleman, Clyde, Sweetwater, that are more centrally located as to population intended to be served by the college than Lubbock.

**GROWTH OF FREEMASONRY**

Freemasonry is the oldest of all the fraternities. The origins of the Craft are lost in the mist of the ages. Students of history differ widely as to its beginnings, some tracing modern speculative Masonry back through operative Masonry to the guilds who built the magnificent cathedrals of the middle ages. Other historians find the sources of Masonry in the Comacine masters, and beyond them to the mystery religions of Egypt, Greece and Persia.

Modern Masonry begins its history in the formation of the Grand Lodge of England in 1717. During the intervening 200 years the Craft has spread through the world. The growth of the fraternity during the last ten years has been most astonishing especially when it is remembered that by the very nature of the organization membership campaigns are impossible. According to the canons of the Craft, solicitation for membership is positively forbidden under all circumstances. Despite this inhibition, or maybe to some extent because of it, no fewer than 179 lodges have been opened in London alone since 1913, bringing the total number of London lodges up to 908. In the English provinces the lodges have increased in number, during the same period from 1749 to 2508, which, including 662 overseas under the jurisdiction of the United Grand Lodges of England, makes a grand total of 3878.

The progress in England can be matched by virtually every Grand Lodge in the world. In the United

States several hundred new lodges have been formed and the increase in membership in recent years has been astounding bringing the total number of Masons in this country to approximately 3,000,000.

The State of New York may be taken as an illustration: Between the years 1910 and 1922 membership of the lodges in that state increased by nearly 110,000. In 1922 there were 272,634 Masons in New York State.

There are in excess of four and a half millions of Masons in the World.

Although Freemasonry has an electric constitution and accepts into membership the adherents of all creeds and religions, it is interesting to note that clergymen of the most conservative Christian denominations are active leaders in its work. An arch-bishop rules over the destinies of the craft in Western Australia. Eleven bishops and twenty-two other dignitaries of the Church of England have their names inscribed on the registers of Grand Officers of the United Grand Lodge of England. Under the shadow of Westminster Abbey there meets regularly a lodge whose membership is confined to communicants of the established church, principally clergy men.

In America many of the most prominent bishops of the Protestant Episcopal and Methodist Episcopal denominations are active Mason, and at a recent national convention of the Methodist church it was found that by far the great majority of the ministers present were members of the Craft.

**West Texas a Safe Bet.**

About fourteen years ago two friends came to Texas to engage in farming, one man having a capital of \$1,300 came to the Big Spring country, while the other, with twice as much cash, went to South Texas. The latter recently sold out and is now worth less than \$10,000. The one who has made his home in the Big Spring section would not turn loose his holdings for \$30,000. Remember that we have had some unfavorable years during the time between 1909 and 1923.

This goes to prove that a man who is a hustler and who will get up and "hit the ball" can do as well, if not better in the Big Spring section than in any portion of Texas.

The man who located in South Texas was a visitor here recently and berated his friend for not advising him as to what a wonderful country we had. His reason was that West Texas is not the place for a man who is easily discouraged, but for the fellow who will stick in spite of sand storms or dry spells, and he is sure to make good.—Big Spring Herald.

The above story is by far more applicable to Colorado and Mitchell County. We have quite a number of instances where the Mitchell County farmer grew rich while his East Texas partner went broke.

The Abilene Reporter in writing up the convention of colored Baptist held there last week says:

"At 8:30 p. m. prayer service was conducted. J. T. Miles and Mrs. Ada Butler, the gospel singer, and their choir furnished the singing. The Rev. E. M. Clemmons, pastor of the First Baptist church, colored, of Colorado was introduced and preached a sermon on "The Incarnated Christ."

**LAND SALE**

Small tracts just out of City limits for sale on good terms. See me at City Secretary's office.—J. L. HART, Agent.

**ACID STOMACH CAUSES ULCERS**

"I believe I had as bad a case of acid stomach as anyone ever had. I was in such condition that my food would no longer assimilate or digest and sores developed in my mouth even. My stomach was so sore from ulcers that the pressure of my clothes hurt me. I used FERRASAL and it completely cured me. I will recommend it to anyone as the greatest remedy for acid stomach, constipation and indigestion."

HENRY G. DANNELLY, 5663 Goodwin St., Dallas, Tex. Acid stomach is a seemingly harmless condition in itself. If not corrected it may result in ulcers of the stomach and then cancer. Don't neglect it. Buy a 50c box of FERRASAL from your druggist. We guarantee relief or your money refunded.

**Citation on Application for Letters of Administration**  
THE STATE OF TEXAS  
To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:  
THE STATE OF TEXAS

To all persons interested in the persons of Muriel Celma Standifer, Nevo Beatrice Standifer and Dimple Elna Standifer, minors; W. L. Doss has filed in the County Court of Mitchell County, an application for Letters of Guardianship upon the persons of said Muriel Celma Standifer, Nevo Beatrice Standifer and Dimple Elna Standifer, minors, which will be heard at the next term of said Court, commencing on the First Monday in September A. D. 1923, the same being the 3rd day of September A. D. 1923 at the Court House thereof, in Colorado, at which time all persons interested in said minors may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this 23rd day of August, A. D. 1923.

W. S. STONEHAM,  
Clerk County Court, Mitchell County, Texas. 8-31c

**FOR SALE OR TRADE**—A Sampson one ton truck good condition for sale cheap or will trade. See the truck at Robinsons Dodge service station.—Q. D. HALL. 9-14p

**TELLS FAIR OFFICIALS HORSE RACING AIDS IN NATION'S DEFENSE**

Interesting Comment in Connection With State Fair Race Meet at Dallas, Oct. 13-23

That horse racing contributes to the nation's defense, is a statement contained in a letter making some interesting comment on the State Fair of Texas race meet, at Dallas, Oct. 13-23 next, and written by R. H. Williams, Jr., president of the American Re-mount Association with a Mr. Williams' letter was addressed to directors of the State Fair, and states the writer's interest in learning racing was to be revived in Texas.

"Racing has made the thoroughbred horse, and is essential to perpetuation and improvement of the breeds," Mr. Williams declares. "Properly conducted, so that breeders derive a pecuniary benefit and are given encouragement, racing has an important bearing on the national defense in that it establishes and maintains the best possible strain of blood for string horses of a type suitable for general utility and for use of the army."

It is pointed out that just as many horses were required during the world war as in the war of the sixties, despite the latter-day use of motor power, and that there was a distinct scarcity of horses for use by the American forces in France. "The American Remount Association," the letter says, "comprises the larger portion of horse breeders and fanciers of the nation, and is thoroughly in favor of racing when properly legalized and conducted. Riding horses in war are as essential as ever, and in order that the nation, should the emergency arise, may not again be confronted with the scarcity of proper mounts, this association, with other interested associations, has given and is giving all possible aid to the breeding of thoroughbred horses."

Mr. Williams' letter also contains a quotation from a letter written by Secretary of War Weeks, in which the cabinet officer points out that France went so far as to keep up its racing behind closed gates, during the world war, so that its thoroughbred stock would not depreciate.

There will be seven days of running races, six races a day, at the State Fair this year, Oct. 13 to Oct. 20 inclusive, with the exception of Sunday, Oct. 14.

**COTTON IS DETERIORATING GOVERNMENT REPORTS**

WASHINGTON, Aug. 22.—The weekly weather and crop review issued today by the Department of Agriculture, contains the following on Southern crops:

"The week was generally warm throughout the cotton growing states particularly in Georgia, Oklahoma, Arkansas and much of Texas. Showers were general from the lower Mississippi valley eastward, though mostly of moderate amount, and there was local rain in Texas, but in other districts of the western portion of the belt little or no moisture was received.

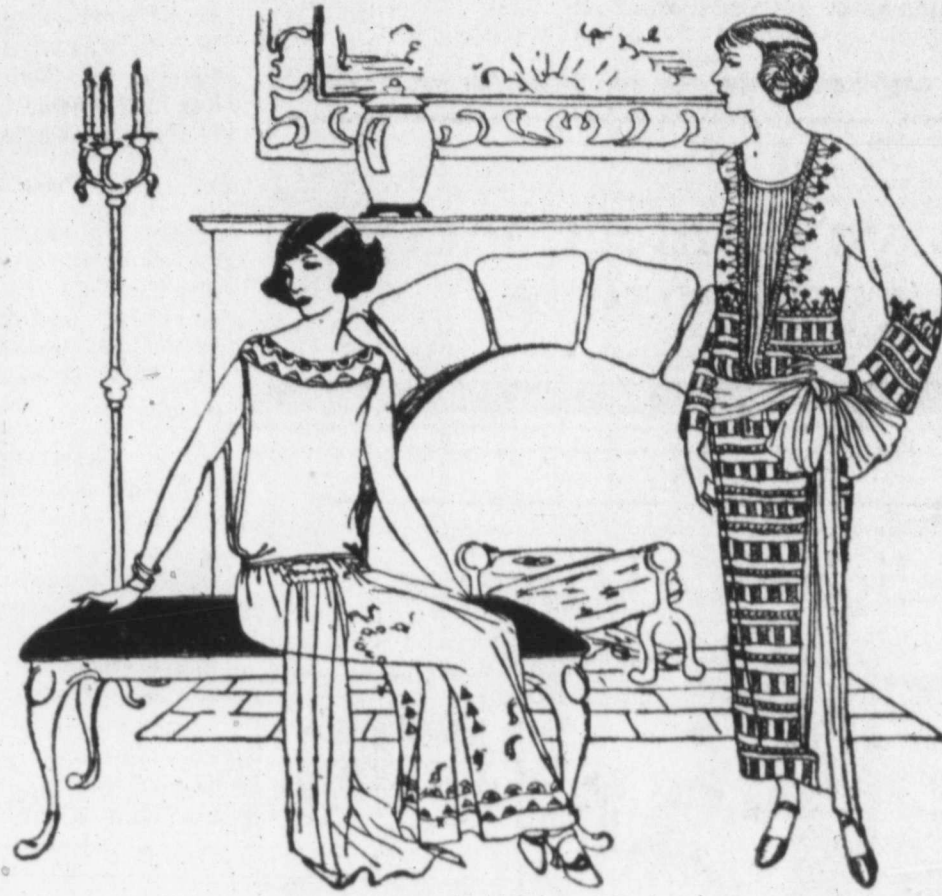

Cotton continued to deteriorate generally in Texas, although the plant was relieved locally by showers and the general condition of the crop was mostly poor to only fair. Complaints of shedding and premature opening from the dry sections, but insects were inactive and damage from this cause was generally light. The weather continued hot and dry with excessive sunshine in Oklahoma where the drought has become very severe and destructive. Cotton was reported as wilting and shedding with bolls opening prematurely and is general condition as ranging from very poor to only fair.

"Most of the week was fairly favorable for cotton growth in much of Arkansas, but army and leaf worms were doing much damage. While it continued too wet in southern Louisiana, showers were beneficial elsewhere and cotton made fair progress as a rule, but worms and weevils are reported as damaging in the northeastern portion. But little change was reported in condition of cotton in Mississippi and Alabama, where progress was most unfavorable. Scattered showers occurred daily in Alabama where weevils are numerous and very damaging in many sections.

"Warm weather and irregularly distributed showers were favorable for growth in Georgia, but there was considerable complaint of shedding in the northern division and weevils were increasing daily. The weather was favorable for picking in Florida, but cotton deteriorated further. While the crop needed fair weather in Tennessee, fair to very good progress was reported. Progress and condition were fair to very good also in northern and western North Carolina. Plants were blooming and fruiting freely in South Carolina, where progress and condition continued fairly good. Cotton continued in excellent condition in California but rainfall in Arizona caused shedding."

It would be a mighty fine thing if there was a glue manufactured strong enough to hold some people's lips closed.

**New Effects in Dresses For Fall**

With their charming simplicity of style, their rich beauty of fabric and their superior tailoring, these Dresses bring to you

an opportunity to purchase your Fall Wardrobe from a display of the favored styles, at a cost less than you can buy the materials and

make the garments you will need. An ample range of sizes at each price permits you to suit your allowance for Fall

Clothes in Poret Twills, Charmeen, Crepe Satins, Cantons, Crepes and Satins.

Prices \$10.75 to \$69.50

**F. M. Burns Dry Goods Co.**

**Entertained Class**

Mr. and Mrs. Winn entertained his Sunday school class of young ladies and men of the Methodist Sunday school with a lawn party at the home of Mr. and Mrs. R. L. McMurry last Thursday evening. A "Kangaroo Court" was the main feature of entertainment. Punch and cake were served.

Mrs. Frank Gelespi of Dallas is the guest of Mrs. A. L. Whipkey. She brought Mrs. Whipkey's little niece, Edwina McDonald out for a visit with her aunt.

Don't forget the "tacky party" at the home of Mrs. Chester Jones Friday night. All fines go to the Auxiliary of the American Legion. You are invited.

Mrs. R. M. Hammock is visiting friends here en route to her new home in El Paso. Dr. Hammock was pastor of the Presbyterian church here for several years.

A new refinery with a capacity of 3000 gallons will be built near Sasper, Wyo. by the White Eagle Oil and Refining Co., it was recently announced.

Watch out for the fellow who is so anxious to sell, he'll almost give the stuff away.

**ROBS. CALOMEL OF NAUSEA AND DANGER**

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.) 9-21c

**PROMINENT TEXAS BANKER USES FERRASAL**

One of the most widely known financiers in Texas is Mr. T. J. Cole, of Waxahachie and Dallas, who writes:

"I am pleased to say that I have used Ferrasal for indigestion and

acid stomach and I believe it is the best remedy I have ever tried for stomach troubles. I know of no better remedy for indigestion, constipation and kidney trouble where due to acidity. Yours truly, (signed) T. J. Cole." 50c per box at Colorado Drug Co.

### MISSIONARY MEETING

The Baptist Women met at the church Monday for the regular monthly missionary program. Besides the regular attendants several others were present and a very interesting program on Evangelism led by Mrs. C. H. Lasky. Mrs. G. W. Smith gave an excellent paper on Evangelism in the home land. The Bible lesson was on Christian fruitfulness.

### Priscilla Club

Mrs. Guitar was hostess for the Priscilla club last Friday. Besides the members she had several of her neighbors and friends as guests. When tasks were finished she served two kinds of home made cake and punch.

### SMITH-BURRUS

In the shade of the elm trees at the Methodist parsonage of Sweetwater, Miss Grace Burrus of the Brownlee community and Sam Smith of Colorado, were united in marriage, Rev. Doak officiating. Miss Lillian Goodnight accompanied them and witnessed the ceremony. Mrs. Smith is greatly admired for her sweet character and personal charms. She is an active school worker and has been elected primary teacher of the Andrews school for the coming term. Mr. Smith is a popular young man of Colorado and has been employed in the office of the County Superintendent at that place for about a year. He was elected principal of the Andrews High school and he and Mrs. Smith will be at home at Andrews after September 1st to start their school work.—Roscoe Times.

### Harmony Club

Mrs. Sam Goldman entertained the Harmony club Tuesday. There were quite a number of invited guests in honor of her mother, Mrs. J. P. Majors of Sweetwater and sisters, Mrs. M. J. Vaughan of Sweetwater and Mrs. Floyd Bowen of Lubbock. Miss Thelma Grissett of Mineola was an out of town guest. The hostess served banana ice cream topped with cherries and angel food cake. The favors were little rose baskets filled with mints. Mrs. Dulaney will be hostess next week.

### Merry Wives

Mrs. Dan Lewis was hostess for the Merry Wives at the home of her sister, Mrs. Shropshire Wednesday. Her guests were: Mrs. Coleman-Smith, Mrs. S. T. Shropshire and Mrs. H. C. Howard of Houston. After games the hostess served ice cream and two kinds of home made cake. Mrs. B. F. Dulaney entertains complimentary next Tuesday at four o'clock.

### Epworth League Program

How shall they hear without a preacher?  
Scripture, Romans 10:11-15—Jewel Chesney.  
1. Ambitious Youth — Tommie Smith.  
Violin Solo—Phelan Dorn.  
2. Chance, Responsibilities—Lyn-ton Gaskins.  
3. Uncertain impressions—Mary Lawlis.  
Duet—Ruebelle Smart and Isla Dorn.  
4. A desire to serve—Johnny Chesney.  
5. A choice is made—Mr. Cooper. Benediction.

### IRA REVIVAL WAS BEST HELD IN SEVERAL YEARS

"The revival closing at Ira Sunday night was said to have been the most successful held in that community for years," was the comment of the Rev. M. C. Bishop, pastor of the First Baptist church of Colorado, who did the preaching. Thirteen additions to the Baptist church at Ira resulted from the revival.

### Jim Ferguson Says

That 90 per cent of the Baptist and 60 per cent of the Methodist preachers in Texas were klansmen, the Baptist being the bulwark and the Methodist preachers the black snake of the klan, according to him. The Dallas klan contained 350 boot-leggers, he said, and he had information that whereas the Dallas klan formerly had 15,000 paying members it now had 5,500 and a membership of 5,600 in Fort Worth had dwindled to 900. He pleaded with the good citizens now in the klan to drop it as the mask was responsible for many murders in Texas.

His plan to aid education in Texas embraced slashing appropriations for the State university and A. and M. college 50 per cent, which would give rural schools \$7,000,000 additional every two years.

### BAPTIST ASSOCIATION TO CONVENE HERE OCT. 10TH

Date of the Sweetwater Baptist Association has been changed from September 5th to October 10, Rev. M. C. Bishop of Colorado and moderator of the association, stated Tuesday. The association will be convened at the First Baptist church in Colorado for a session of three days.

The Sweetwater Association includes jurisdiction over Baptist churches in Mitchell, Nolan and Taylor counties. A number of prominent churchmen, both ministerial and lay are scheduled to attend the association and deliver addresses.

### TECH LOCATION

Mr. Hamilton Wright, staff correspondent of the Fort Worth Record, is authority for the report that at least three West Texas towns, dissatisfied with the action of the Texas Tech locating board in choosing Lubbock, will take action to have the board's decision set aside.

This is probably no idle rumor. Mr. Wright is a careful and conscientious purveyor of news, and evidently his statement has a credible foundation.

But for the peace of mind and continued prosperity of West Texas, the Reporter hopes this rumor never becomes anything more than rumor.

It was the same sort of irresponsible agitation that stole the college away from Abilene when it had been "fairly and squarely" located here. If Abilene enters no protest against the selection of Lubbock, then certainly the other losers ought to be satisfied.

The Reporter has very grave doubts about the wisdom of putting the college at Lubbock. These doubts are based on many good and sufficient reasons. But Lubbock has the college, and there is no way in the world to take it away from—at least not without tearing West Texas asunder.

Let Lubbock alone and help her develop the college into one of the best institutions in the state, should be the watchword. This in spite of the widespread and unshakable belief in the minds of many West Texans that the college was placed at Lubbock primarily to protect the other state schools—three of which are headed by members of the locating commission.

The college is located, wisely or unwisely. Its relocation could not be brought about without months and years of unprofitable agitation. If politics located the school at Lubbock what difference does it make whether the board's mind was made up before it ever started on its tour of inspection? The other competing towns which spent thousands and thousands of dollars preparing for the coming of the board on its inspection trip did not lose anything thereby.

Mr. Wright says some of the dissatisfied towns will not send delegations to the Lubbock celebration on the 28th of this month. Abilene hoped to have its trade trippers there when the celebration is staged, but

the date for the jubilee was changed and the trippers will visit Lubbock several days in advance of the 28th. However, the Reporter hopes Abilene is well represented at the jubilee. As the Reporter sees it, nothing is to be gained by raising a row

over the college's location. If time proves the unwisdom of the board in selecting Lubbock, it will be time enough then for the rest of West Texas to go before the legislature and demand recognition.—Abilene Reporter.

#### SNYDER WOMAN "SPRAYS" LANDLORD WITH BIRDSHOT

Trouble which had been brewing for some time over the question of tenant's rights between Mrs. Ross Pate and Jess Bradley of Snyder culminated Thursday when Mrs. Pate opened fire on Bradley with a shotgun, spraying the victim with a number of small shot.

According to a report of the affair in the papers Friday, the Pate family are renters in a house owned by the Bradleys and for some time matters between the two families have not been very amicable. In a statement credited to Mrs. Pate she claims that Bradley went beyond the ethics of propriety and "listened in" on a conversation between herself and a neighbor the day before the

shooting. When Bradley appeared at the Pate home the following day, Mrs. Pate branded him as an eavesdropper and opened fire.

#### Electric Plant Capacity Doubled

The work of installing the big 225-horsepower Deisel engine at the power plant of the West Texas Electric Company in this city has been completed. The engine has been installed and has been given several try outs and only a few minor adjustments are necessary to be made before the big engine will be ready for regular service. The addition of this engine practically doubles the capacity of the plant—making it the biggest power plant between Sweetwater and El Paso.—Big Spring Herald.

#### REDUCTION IN PRICES BY WILLIS OVERLAND

TOLEDO, Ohio, Aug. 22.—John N. Willys, president of the Willys-Overland Company, Toledo, today caused a furore in automobile circles by his announcement of immediate price reductions and great improvements in the 1924 Willys-Overland lines.

This action embracing a drop in price on the Willys-Knight touring car and roadster models from \$1235 to \$1175, f. o. b. factory, and on the Willys-Knight-Coupe-Sedan from \$1595 to \$1550, came as a distinct surprise to the automobile industry and motoring public in view of the advance in price made by not a few manufacturers in announcing their 1924 models.

The new values in Willys-Knight and Overland cars are the direct result of the wonderful sales and production records made by the Willys-Overland Company this year, eclipsing any previous period in its history, which determined the officials of the company to share with the public the appreciable saving in costs made possible by an enormous increase in business.

Mr. Willys added that in every detail all the advantages of the Willys-Knight car have been retained, while improvements have been added, making this car, powered with the famous Willys-Knight sleeve-valve motor, a bigger value than ever before.

This announcement has great significance because it marks a new valuation record for automotive products in the face of a generally rising market in raw materials.

## Itching PILES

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application.

All druggists are authorized to refund money if PAZO OINTMENT fails to Cure any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days. 60c.

#### FIGHT ON TECH LOCATION IS RUMORED POSSIBILITY

SAN SABA, Aug. 20.—At least three West Texas towns, which were in the recent contest for the location of the Texas Technological College, will seek to set aside the decision of the board, it was intimated here today by spokesmen of towns displeased with the award.

Just what action will be taken in the matter was not vouchsafed, but that such action was contemplated was stated by the spokesman of a town in the contest that is not satisfied with the decision.

It was alleged that the board had settled upon Lubbock prior to its tour of the West to pick a location.

Rumor has it that one member of the board intimated that only three towns would be considered in the final deliberation, these being Sweetwater, Snyder and Lubbock.

A prominent citizen of one of the towns dissatisfied with the award but promising to support the towns that will become recalcitrant to the board's decision said that the citizens of his town have it down in black and white that such statement was made.

Another member of the board is said to have favored a certain Central West Texas town.

It made known that several towns in this section displeased with the award will send no delegations to the Tech jubilee at Lubbock, Aug. 22.

#### Buy Good Farm

Herbert Lees on the first of the week, purchased of C. A. Merrick his 160-acre farm three miles north of Big Spring, consideration \$50 per acre, which includes this year's crop.—Big Spring Herald.

#### Mrs. N. J. Lowrie Dies

Mrs. N. J. Lowrie, 73, died at the home of her son, W. R. Lowrie of six miles northeast of Colorado Monday evening of paralysis. Burial was had in the Champion cemetery Tuesday afternoon.

The citizens of Lubbock who held out those 80 acres for \$60,000 are said to be very popular up there.—Sweetwater Daily Reporter.

He may be quite popular all right but what kind of popularity the Reporter does not say.

#### EX-TEXAS RANGERS ASS'N. MEETS AT MENARD SEPT. 7-8

The following call for next meeting of the Ex-Texas Rangers Association has been issued by Major Green:

Attention Comrade:  
On September 7th and 8th, the annual meeting of the Ex-Texas Rangers Association will be held in the city of Menard, Texas. You are earnestly requested to be present on this occasion.

In addition to regular order of business, the citizenship of Menard under the direction of the mayor and Chamber of Commerce, will leave nothing undone to make your visit both pleasant and enjoyable. So come.

Roll call promptly at 10:30 o'clock a. m. Friday, September 7th, 1923. Cordially yours,

W. M. GREEN,

Major Commanding.

Major Green formerly lived here and yet claims Colorado as his home.

Personally we know there is at least one fool born every day and also two hogs.

Remember there is never less than two sides to every question.

**OVERLAND RED BIRD  
UPHOLDS REPUTATION**

When the owner of an Overland Red Bird in San Antonio, Texas, casually made the remark that his car could make thirty miles on one gallon of gasoline, fifty cold iron men were called into action by a dealer selling another car in the same class as the Overland to tell the owner of the Red Bird that it simply couldn't be done.

Then the argument started and these same fifty green backs fresh from the Government Mint went to work for sweet charity and the jealous dealer is now wondering why in an idle moment he invited such a catastrophe to sit upon his troubled brow. By bringing on the Red Bird the competitive dealer not only brought the laugh on himself but also brought the whole population of San Antonio to a realization of just what the Red Bird can do and admit that this new model from the Willys-Overland factories at Toledo, Ohio, has the proverbial bird's appetite when it comes to flying on short rations.

A contest was arranged by a well known newspaper man of San Antonio and a report of the Red Bird's performance was published in the papers of that city. There is a famous run for motor cars in San Antonio called the "Scenic Loop" that includes many steep grades, taking in a nine mile hill on the Fredericksburg Road, the climb to the top of Kremshaw, Inspiration Point and many other elevations that test the powers of any car.

Despite the difficulties encountered the Overland Red Bird, carrying two people made the circuit and averaged more than 32 miles to the gallon, while the general opinion prevailed that if the trial had been made on a level run, the mileage obtained would have been considerably greater. All through the run an average speed of twenty-five miles was maintained and at the finish the speedometer showed a total mileage of 47 miles. Before the Red Bird started it had made a return trip to Dallas, and the tank was emptied of gasoline and a gallon and one-half of fuel was put in for the demonstration. At the end of the run fully half a pint of gas was left in the tank. The Red Bird was accompanied on the run by five other cars that checked up on the performing qualities of the Red Bird throughout the trip, and reported that it was a marvelous exhibition of economical performance.

This demonstration is only typical of what may be expected from the Red Bird and other models of the Overland family that have made an international reputation for themselves by similar conquests in Mexico, Australia, England and Canada. See this car at Winn & Pidgeon's garage.

I hereby certify that the above is a true and correct statement of contributions received for American Red Cross Mitchell County disaster relief, as per receipts numbers 1 thru 1314 at the close of business August 11, 1923:

H. A. RICHMOND,  
Disaster Relief Accountant.

**LONGFELLOW**

The long drouth is broken at last with a delightful rain. Crops looking fine. Some talk of worms eating cotton up.

Our revival meeting closed. Had a very good meeting. Had our pastor with us, Rev. W. A. Foster and Bro. Carl Harrison of Ft. Worth did the preaching. Such soul stirring sermons as all know that have heard him.

Sam Smith and Miss Grace Burrus were quietly married Wednesday. Homer Smith and Clint Sharp are visiting in Abilene this week.

The stork visited the home of Mr. and Mrs. Pendergrass and left a fine babe.

Roy Smith and Miss Annie Scott and Mr. Sam Scott and Miss Eva Smith were Sunday dinner guests of Mr. and Mrs. Spaulding of Colorado.

Some of our singing class visited Payne singing class Sunday.

We have changed our Sunday school from morning to three o'clock Sunday afternoon, also all the singing classes of the surrounding communities are cordially invited to meet at Longfellow Sunday afternoon, so please come out and enjoy a good time.

Guy Turner of Aspermont, Texas, has returned home after a pleasant visit in the home of Mr. and Mrs.

**Big!**

The new Overland Red Bird is a big car with big seating capacity and big power! So much automobile for so little money has amazed and won America.

The wheelbase is longer. The body is roomier. The bigger engine is more powerful. The finish of Mandalay maroon, and the khaki top and gleaming nicked trimmings are more beautiful. The Red Bird stops your eye on the street!

At \$750 f. o. b. Toledo, getting 20 miles and more from a gallon of gasoline, the big new Overland Red Bird is, in our estimation, the biggest automobile buy today. We shall have only a few. Act quickly!

Touring \$525, Roadster \$525, Coupe \$795, Sedan \$860; f. o. b. Toledo. We reserve the right to change prices and specifications without notice.

Send your children here for all school supplies at a big saving in price.—Whipkey Printing Co.

**SPENCER UPHOLDS ACTION  
OF TECH LOCATING BOARD**

"It was with much incredulous surprise that I saw an announcement in The Record today that three towns in the West were contemplating injunctions against the locating of the Technological College," said A. B. Spencer, president of the West Texas Chamber of Commerce in an interview published in the Fort Worth Record Friday. "I am inclined to believe that even if such action is seriously contemplated, sober second thought will lead anyone planning such action to reconsider."

"Personally, I was much disappointed that my home town of Crosbyton was not selected, for I naturally felt that it was the logical place to locate the college and the arguments advanced by the committee preparing our brief appeared conclusive, but the locating committee saw fit to select another location and the citizens of our town are satisfied to accept their decision as final."

"The statement that the committee was predisposed toward certain locations before starting upon its tour is undoubtedly a fact, for the filing of briefs was doubtless required by the committee for the purpose of forming an opinion as to the

proper location and the visits of inspection merely made to check up the facts as submitted and confirm conclusions reached from a study of the briefs.

"All cities of West Texas should realize that there was but one college which has taken years of hard work to secure, and that while doubtless there may be technical points upon which the validity of its location could be attacked, such an attack would merely result in the complete abandonment of the school and would leave West Texas in a decidedly worse position than it ever was, for I believe any legislature would decline (and properly so), to listen to any man or body of men asking for an appropriation a third time when we had twice been unable to agree upon a location."

"The West Texas college idea has many enemies who would get much comfort in seeing this school killed and West Texans are too big-minded

to allow their individual disappointment to wreck the results of several years' hard work by hundreds of citizens who are earnestly trying to build up a country which has so long been neglected, and only noticed for exploitation."

## The Whipkey Printing Co., Colorado, Texas

**RECORD CHOSEN TO ADVERTISE BIG PICTURE DEMONSTRATION**

The Colorado Record has been chosen as the best medium in this part of the country to carry the big announcement of Famous Players-Lasky Corporation of New York for the National Demonstration for Better Pictures.

This demonstration will enlist the support of more than 17,000 picture theatres in the United States, more than a thousand of which are in Texas and Oklahoma. During the week of September 1st they will exhibit only those pictures which represent the conscientious efforts of motion picture producers to improve the artistic, intellectual and moral level of the screen.

Adolph Zukor, president of Famous Players-Lasky Corporation, has been conducting this campaign for the last six years, but during the season of 1922-23 he has made what has been termed "the greatest stride in the history of the industry."

In June of this year he summoned the members of the Author's League of America, as well as representative authors from Europe to the First International Congress on the Motion Picture Art. Henry W. Taft, brother of chief justice and himself a noted essayist, was presiding officer. Among the delegates were El-

lis Parker Butler, Fannie Hurst, Rex Beach, Basil King, George Barr Baker, Thomas Dixon, and almost every other author of note.

As a result, a \$10,000 award was posted for the best story written next year, many other resolutions were passed to improve certain phases of the screen.

Mr. Zukor said that one of the greatest evils of the motion picture industry was the fact that producers were striving for quantity instead of quality. He took the leadership in announcing that the production of Paramount pictures would be decreased from more than a hundred a year to fifty-two, or one-a-week, so that each production might have the attention and care it deserves.

As an example of the improvement of pictures, Mr. Zukor points to "The Covered Wagon," the great epic of the "Winning of the West" which has been termed "The Great American Picture at Last."

Another is "Hollywood" an amusing comedy of film life in which more than one hundred stars have important parts in the story. Other pictures promised the public for the new season are "Bluebeard's Eighth Wife" with Gloria Swanson, "Ruggles of Red Gap," Harry Leon Wilson's famous novel, "To the Last Man," a Zane Gray picture supervised by the author himself; "Wo-

man-Proof," which the famous Geo. Ade wrote for Thomas Meighan; "The Cheat," with Pola Negri; and next Spring will see Cecil B. DeMille's famous modern exposition of the decalogue, "The Ten Commandments," one of the most monumental and lavish works ever filmed.

Among actors and actresses who have survived the test, and who are to be seen next season are Gloria Swanson, Thomas Meighan, Pola Negri, William S. Hart, Leatrice Joy, Lila Lee, Antonio Moreno, Lois Wilson, Richard Dix, Huntly Gordon, Mary Astor, Theodore Roberts, Robert Agnew, Jack Holt, Riccardo Cortez, Walter Heirs, George Fawcett and Earnest Torrence.

Among the directors will be Cecil B. DeMille, William DeMille, James Cruze, Sam Wood, Al Green and others.

**FORD CAR SALES**

DETROIT, Aug. 22.—July brot two new sales records to the Ford Motor Company. In addition to bringing retail deliveries of Ford cars and trucks into the mid-summer season with a new high record for the month, July also carried the sales figures for the year past the million mark.

Increasing popularity of the Ford is most strikingly illustrated in the figures just announced which show that from Jan. 1st to August 1st of this year, sales of cars and trucks by the Ford Motor Company totaled 1,050,986 in the United States alone. And the rapidity of the increase in demand is further emphasized by the fact that sales for the first seven months of the year, during which the million mark was passed, were 391,795 greater than for the same period last year when they totaled 659,190.

July sales mounted to 156,908, an increase of 36,821 over the same month a year ago.

For sixteen consecutive months now, Ford sales have been well over 100,000 each month.

Production, which, by the way, is set at a higher schedule for August than for any month so far, apparently continues to be the only factor limiting sales of Ford Cars and Trucks.

If we look long enough we shall eventually find what we are looking for.

**COMMISSIONER TERRELL SAYS COTTON WORTH 30 CENTS LB.**

"The cotton crop of the South is the business barometer measuring very largely the value of other products and the volume of business in all lines. It means prosperity or adversity according to the price received," said Commissioner Terrell in a communication from Austin this week.

"The U. S. Government report for July 25th estimates a crop of 11,500,000 bales for the South and a crop of 4,075,000 for Texas. Estimates by the State Department of Agriculture given out on August 3 indicate a crop of 3,500,000 bales for Texas which will reduce the crop of the South to 11,000,000 bales or one million bales less than domestic consumption and exports of American cotton.

"Cotton has materially deteriorated from drought and insect pests during the past two weeks and it is unreasonable to believe that the crop will be as large as estimated, and it may be much smaller. The price has advanced nearly \$15 per bale since my report of the Texas crop was given out on August 3rd, showing a half million bales less for Texas than estimated by the U. S. Government. The statistical position of cotton is very strong, and every indication points to 30 cent cotton.

"In August 1922 I estimated that the Texas crop would not exceed 3,000,000 bales and that the entire crop of the South would not exceed 10,000,000 bales and stated that the price would reach 30 cents and these statements were verified by the facts. I appeal to the farmers and business interests at that time to market the crop slowly and reap the benefit of increasing prices, but my appeal fell upon deaf ears, and the people of the State lost about \$100,000,000 on the cotton crop. Conditions are very similar now, as the carry-over is very small, and the world's consumption is greater than the production.

"The Federal Reserve Bank at Dallas recently sent out a statement agreeing to accept notes secured by mortgage on cotton or warehouse receipts in order that the local banker may extend further credit to farmers to enable them to market the crop slowly, and thereby receive any advance in price. This is a sen-

sible system and should be followed. "If the banks will finance this crop in the hands of the farmers, and sell only about one million bales per month of the entire crop, the price will reach 30 cents before the close of the cotton year, unless a financial panic or world war should intervene. Consider the facts be-

fore sacrificing the crop. Give the farmer the cost of production and a reasonable profit on his labor and investment, and it will benefit all business and save the South."

The best way to get rid of a grouch is to smile, laugh, whistle and sing. No grouch can stand the shock.

# COAL

When the Cold Hand of Winter hovers over your home will you be ready to protect your family from the cold with a well heated house. You will if you let us put your Coal supply in for you now. And you will save money, too, for prices are less than in the winter.
