

ENTHUSIASM FOR SUCCESS PERVADES SCHOOL OPENING

The key note sounded in addresses delivered Monday morning during exercises attending opening of the Colorado schools for the ensuing year suggested nothing but enthusiasm over assurances of a wonderfully successful year and the plea for united co-operation as between the patrons and school board and faculty to make it so. It was one of the most impressive programs held in the High school auditorium for years.

Promptly at ten o'clock the large audience which had assembled in the auditorium, adjoining wings and galleries was called to order by Prof. E. Frank King, superintendent of schools. As the crowd was assembling music was rendered by the High school orchestra. Standing the people joined in singing the "Star Spangled Banner," after which the invocation was pronounced by Rev. M. C. Bishop, pastor of the First Baptist church.

The first speaker was Prof. King. He stated that this was the seventh consecutive year for him to attend opening of school in Colorado as superintendent and made the prediction that the ensuing year would be the most successful of all. He made an appeal for patrons to cooperate with the faculty in making the school work successful. King flayed the policy of high school students forming night automobile riding and week-night parties during the school sessions and appealed for a public sentiment against "larking" about at night from 11 o'clock to 2.

"In case your boy or your girl fails to make their grade next spring and cannot be passed for promotion, do not come and get onto me nor any of these teachers about it," King stated. "In the past some of our patrons have become thunderstruck over the fact that their child failed to make his grade at the end of the year. And they were thunderstruck and came running to the superintendent to demand 'why' when as a matter of fact they had been furnished with a statement once each month during the school year showing the progress made by the child. The trouble is entirely too many school patrons never stop to read these report cards and remain in ignorance as to progress being made in the school by their children."

King announced that school opened with an enrollment of 544 white scholars and 42 negroes, placing the total at 586. This is less than the number enrolled at the opening of school last year. The enrollment had reached six hundred before the close of the next day.

The Colorado schools have nineteen affiliated credits, King stated and during the year 1922-23 fifteen graduates of the Colorado High school attended the State University. In addition to this number, there were several young men and women from the Colorado High school matriculating in other colleges and universities of Texas. From 65 to 70 per cent of the High school graduates here enter institutions of higher learning, it was claimed.

Dr. Coleman was introduced as "the father of the schools of Colorado," and launched immediately into a spirited address in behalf of education. Suggesting as a slogan, "This shall be the best year in the history of Colorado schools." Dr. Coleman appealed for united co-operation upon the part of all citizens.

The interest and sinking fund of the district is now out of debt for the first time since the present board assumed charge of the affairs of the schools, H. L. Hutchinson, stated. Hutchinson scored night riding by school pupils.

Others to deliver addresses were Rev. W. M. Elliott, pastor of the First Presbyterian church; Rev. Mr.

(Continued on page 2)

NOTICE TO INVESTORS
I am planning to drill an oil well to off-set the T. & P. No. 4. I would be pleased to confer with any one who desires to take an interest with me.—R. H. LOONEY.

PAVING COMPLETED BY CHRISTMAS, DuBOSE SAYS

"We will have the paving completed by Christmas in case it does not rain every day," was the statement of F. F. DuBose, engineer, when asked as to when he expected the work to be finished. Excavations on Second street were commenced Monday and when the surplus earth is removed the street will be graded and rolled. The earth is being added to fills on either approach to the Colorado river bridge.

When the actual paving is commenced the contractor will pour the concrete base on only one block at a time. After properly setting the bitulithic top will be poured but only one side of the street will be closed at a time during this work.

The curb and gutter, contractor was half through with his work Monday and expected to complete the two districts within two weeks. Five of the standards to be used in connection with the street lighting system have arrived and one of these is to be set up on the street in that the public may know the type to be used.

WEST TEXAS ELECTRIC CO. MOVING LINES TO ALLEY

The West Texas Electric Company has a crew of ten men employed in moving the company's poles and voltage lines from Second street south into the alley between Main and Second. The new line will be practically all new construction and is to extend through the alley a distance of five blocks. Removal of utility poles from Second street was requested by the city several weeks ago at the time plans for paving and lighting the streets were being formulated.

The Southwestern Bell Telephone Company and Western Union Telegraph Company also have utility poles on Second street which are to be removed. Some of these poles, standing in the way of the curb and gutter lines, have been set back.

FIRST METHODIST REVIVAL WILL CLOSE SUNDAY NIGHT

The revival meeting being held at the First Methodist church will close Sunday night, according to announcement made by the pastor, J. F. Lawlis. The services, which continue to be held twice daily, at ten o'clock in the morning and eight at night, are well attended and the pastor is doing some good preaching. This week young people of the church have been conducting special devotional services each afternoon at seven in the church basement.

Monday, Tuesday and Wednesday nights Rev. Mr. Lawlis delivered a series of sermons on the subject: "Whatsoever a man soweth, that shall he also reap." Monday night he discussed this law from the standpoint of the nation, Tuesday night of the community and Wednesday night of the individual.

The evangelistic singer, Raybon Porter, arrived Tuesday morning and took charge of the music. He has a wonderful voice and is making of the song services a most interesting and effective part of the meeting. Tuesday night he sang as a solo: "The Old Rugged Cross," and Wednesday night he and Mrs. John Daniels sang together a beautiful selection. These special songs will continue to feature all the services.

Rev. Mr. Lawlis is delivering a strong appeal for the Christian people of the community to support the revival and he is especially anxious to stir the people of Colorado to the point where the meeting will terminate in an old fashioned demonstration of Christ's saving power.

BANKS, BARBER SHOPS CLOSE FOR LABOR DAY

Labor Day was observed generally in Colorado by the banks and members of organized crafts. The banks and post office were closed for the day and barber shops closed at noon for remainder of the day. Work on the court house was suspended for the day.

RODEO ATTRACTION ADDED MITCHELL FAIR PROGRAM

The large rodeo attraction of Leonard Bloodworth has recently been added to the program for the three days fair to open at Colorado September 20th. The Bloodworth attraction, claimed to be the largest of its kind in West Texas, will include all of the feats usually found with these shows. Broncho riding, goat roping, steer riding and other attractions are included. Prizes aggregating \$600.00 will be offered in these events, R. H. Ratliff, secretary of the fair association, stated Monday.

The first day of the fair, Thursday, September 20, is to be Colorado Day, Westbrook day, Roscoe day, Hermleigh day, American Legion day and Confederate veteran's day. The official program will open at ten o'clock with formation of the decorated automobile parade on Second street. The parade will end at the fair grounds and immediately the address of welcome and response will be delivered. The parade will be headed by the Colorado Booster Band.

Friday, September 21 will be known as Lorraine day, Cuthbert day, Sterling City day, Snyder day, School children's day and County Federation day. Special delegations from these towns are expected to visit the fair on this date and among the attractions is expected to be a parade of Mitchell County school children and special program given under auspices of the county federation of woman's clubs.

The last day of the fair will be Lamesa day, Big Spring day, Sweetwater day, Coahoma day, Lions Club day, Chamber of Commerce day and Farm Bureau day. Lamesa has already pledged to attend the fair with a large delegation, bringing its brass band of sixty four pieces, the largest band in West Texas. The other towns are expected to be well represented.

Ratliff stated Monday that all stores and offices of the city would be requested to close until noon the first day of the fair in that all interests of the city be free to cooperate in making Colorado day a blue ribbon occasion of the fair. Prominent speakers, whose names will probably be announced next week, are scheduled to deliver addresses.

Specimens for the agricultural exhibits are being collected by fair officials and the county and home demonstration agents. Reservations have been made by a number of individuals who will exhibit in one or more of the several departments.

"With the splendid attractions of the Donald-McGregor Shows, the rodeo, the Colorado Booster Band, exhibits in the several departments and other features too numerous to mention, we are indeed free to state that the Second Annual Mitchell County Fair, will be far more advanced than the initial fair held last year," Ratliff stated. "We believe Mitchell County will make a showing and put on an exhibition this year to easily prove among the best in this section of the state."

Ratliff stated that booths were being taken rapidly and urged that those desiring exhibit space confer with fair officials without delay. Merchants and business men of the county are to be well represented, he stated.

THEATRES RUNNING WITH DAILY AFTERNOON SHOWS

Both the Best and Palace Theatres are introducing a novel improvement in the way of catering to the theatre going public. The new innovation is in afternoon matinees starting daily at 2:30 o'clock. Heretofore these afternoon shows were given only on Saturdays.

BEAKLEY NOW OWNER OF COLORADO SPOT CASH GROC.

H. D. Beakley has purchased the interest of his former business associate, J. W. Hill in the Colorado Spot Cash Grocery, and assumed charge Friday. Hill, it was stated Wednesday, had left the city.

MITCHELL COUNTY COTTON OUTLOOK BEST IN 3 YEARS

Mitchell County will harvest the largest cotton production this year since 1920 when a total of 32,000 bales were gathered from the cotton farms of the county, according to claims advanced this week by W. A. Dulin, county farm agent, Chamber of Commerce officials, and others who have made a study of crop conditions in the Colorado territory. Many of the most optimistic observers are advancing the belief that the 1923 crop will prove the largest in the history of farming here, exceeding the record year of 1919 when 32,500 bales were made.

It is known that the general stand of the crop this year is better than last year and then, too, the acreage in cotton is approximately 10,000 acres in excess to the amount planted to the crop in 1922. As an average over the county the crop is carrying more fruit and developing a better quality of staple than last year. With exceptionally favorable conditions during the fall and winter, including a late frost, allowing maturity of a heavy top crop, a yield of 40,000 bales would not be out of the ordinary for this section.

Depredations by leaf worms is reported from several communities in the Colorado territory but up to the present the growers are expressing no anxiety over presence of these pests in their cotton. It is true, however, that the worms will take a toll from the crop, but since they prey largely upon the weed and not the fruit, this toll is not expected to become heavy. The county agent has visited a number of cotton farms wherein the worms have appeared and under his direction measures have been taken to destroy them.

Picking is being delayed by the recent rains and it will yet be several days before the crop begins to move in large quantity. None of the six gin plants at Colorado are running to capacity and the same is true of the other ten gins located in the county.

An article carried by a large daily paper with circulation at Colorado was recently contributed by a correspondent in a town near-by and in estimating cotton production for a number of West Texas counties the writer stated that Mitchell County would probably produce 20,000 bales this season. Several local citizens who took cognizance of the article have been wondering from what source the agricultural statistician obtained his information. Certainly, he was misinformed as to the cotton outlook in Mitchell County, they claim.

With a week or ten days of bright sunshine and no rainfall the crop will be moving rapidly to gin and market here. Hundreds of pickers will be needed by the cotton growers to assist in gathering the crop. Several families are being brought into the county through the Chamber of Commerce and plans for bringing pickers into the county on a large scale will be formulated within the next few days.

SOUTH SIDE RESIDENTS REQUESTS WALK ON BRIDGE

Residents of South Colorado are anxious to have the city construct a foot walk on the South river bridge, R. B. Terrell stated Wednesday afternoon. Terrell recalled that pedestrians, especially school children, are in danger of receiving injury while crossing the bridge in its present condition.

The floor in the bridge is practically worn away and must be replaced and citizens who are forced to use the structure in coming to town or in sending their children to school plan to make strong representations to the city requesting construction of the foot walk in connection with the new flooring.

COMMISSIONERS' COURT TO MEET MONDAY, SEPT. 10TH

Commissioners' Court will be convened Monday morning. Judge Hall stated Wednesday that the tax rolls, as compiled by the assessor, would be audited during this session.

POULTRY INDUSTRY IN MITCHELL GROWS FAST

The interest shown in poultry and the improvement in quality of birds during the past year has been a phenomenal record, according to Miss Myrtle Murry, poultry specialist of A. & M. College, who spent several days of last week in the county. Miss Murry conducted a demonstration at Lorraine Thursday afternoon and visited several poultry farms in the county.

"Since my last visit to this county about one year ago, I find that the people of Mitchell County have made a wonderful improvement in the poultry industry," Miss Murry stated. "I find a number of new flocks over the number noted a year ago and the trend is rapidly going to the elimination of mongrel stock and replacing them with standard bred birds." Miss Murry stated that she believed there was not a county in West Texas making better progress in the industry than Mitchell. In company with Miss Georgia Laceywell, home demonstration agent, the specialist left Friday morning for Sweetwater where she addressed a meeting of Nolan county poultry raisers. Several breeders from this county attended the Sweetwater meeting.

DIRECTORS FAIR ASSN. TO MEET MONDAY AT C. OF C.

Directors and departmental heads of the Mitchell County Fair Association will be convened Monday afternoon at 2 o'clock at the Chamber of Commerce to complete final plans for the Second Annual fair. Every official of the association is urged to attend this meeting.

CITY LEGISLATIVE BODY WILL BE CONVENED MONDAY

Mayor Looney will convene the city council in session Monday for the regular September term. City Secretary L. A. Costin stated Wednesday that no special business of interest was pending.

EVERY RURAL SCHOOL IN MITCHELL CLASSED A-1

Rising from an almost insignificant place among the counties of West Texas as to rural public school facilities to classification as 100 per cent A-1, is the record attained by Mitchell County during the past few years. Ten years ago there was practically no rural school buildings nor equipment in the county but of the most antiquated type. Today a modern building, fully equipped and affording many of the conveniences of the larger schools in the cities and towns is owned by every one of the common school districts, including those under construction.

Friday of last week contracts were awarded for erection of the last three buildings needed in order to place the rural school system of the county in the highest rank of credit. These buildings are being erected in the Dorn, Payne and Hyman districts.

In the Dorn district a modern reinforced concrete building is being erected. The building will contain three class rooms, in addition to cloak and library rooms. The contract was awarded to R. G. Sweeney at a consideration of \$2,989.75. The building under construction at Payne and Hyman are frame structures, containing two class rooms and cloak and book rooms. They will cost \$1,791.00 and \$1,849.00, respectively, and are being built by A. G. Furlow of Lorraine.

Since the rural schools closed for the 1922-23 terms, seven new buildings have been authorized by bond issues, several of them almost unanimously. During the same time seventeen districts have voted to remove the tax levy restriction and thus authorized the levy and collection of the maximum rate of one dollar for school purposes.

Lorraine is erecting a modern High school building and the Colorado Independent district has built a modern ward building and added much to equipment during recent months.

300 BARRELS DAILY MADE BY SLOAN'S MILLER WELL

H. C. Miller No. 1 of the Sloan Oil Company has settled down for a production of 300 barrels daily, full capacity of the pump, without lowering oil in the hole. During special tests the well has made considerably more than this and recently during a twenty-four hour period gauged 450 barrels. Oil men concede the Miller well the best in the field.

Smartt One of the same company was drilled forty-two feet deeper Wednesday and the hole is to be given a nitro shot. Production, which has registered two hundred barrels daily since the well was put under pump several months ago, is expected to be materially increased. This well has been producing from sand that was never shot.

Texas & Pacific Three of the Underwriters Company has an excellent showing from 2970 feet to 3080 feet in the Morrison sand. The well will be shot Friday. Morrison Four of the Underwriters Company is drilling at 2100 feet. At Morrison One of Henry Riley and the Underwriters Company a depth of 2750 feet had been reached Thursday morning.

The California Company was reported to be drilling at 3700 feet at their Morrison No. 1 Thursday and at 2750 feet in their A. L. Miller No. 1. The latter is an offset to Sloan's Smartt No. 1. The Sloan Oil Company was drilling at 2100 feet at O'Neill One.

Bill Thompson has an excellent showing in his Badgett No. 1 at 2960 feet. Good progress is being made at Badgett No. 1 of the Fensland Oil Company. The Gulf Production Unit in the O'Keefe lease is drilling at 3750 feet.

COURT HOUSE STRUCTURAL WORK 45 PER CENT DONE

Concrete and steel structural work on the new court house was approximately forty-five per cent complete Thursday morning. At that time the contractor had finished running materials into the column forms up to the second floor level and was ready to start pouring the second floor slab. Sixteen hundred sacks of Portland cement had been used in the foundation and columns up to that time.

It will require five weeks in the minimum to complete the structural frame work for the building, the construction foreman stated Thursday. He estimated that approximately 1,800 additional sacks of cement would be used in completing this work. Satisfactory progress is being made on the building.

Several laborers formerly employed on this job have recently left to obtain work in the cotton fields, it was stated Wednesday afternoon. The good quality of cotton and the price of one dollar per one hundred pounds offered by the farmers is attracting labor to the farms.

MISSING NEWSPAPER MAN BROTHER LOCAL ENGINEER

Clarence DuBose, United Press staff correspondent, listed Tuesday as among the missing Americans who were known to have been in Tokio during the great disaster, is a brother of F. F. DuBose of Colorado, assistant state bridge engineer in charge of the bridge and paving work here. Mr. DuBose stated Tuesday that the building in Tokio in which his brother maintained headquarters was known to have been destroyed, but no Americans were lost, according to information received from the State Department at Washington. The journalist was reared at Palestine and received his first newspaper training on Texas papers. He was associated with the Dallas News a number of years. His wife, formerly Miss Clarie Ousley, daughter of Clarence Ousley, recently returned to the States from Japan and is now visiting in New York City. Information received here Tuesday was that she was almost prostrated because of worry about her husband.

ENTHUSIASM FOR SUCCESS PERVADES SCHOOL OPENING

(Continued from page one)

Bishop, W. S. Cooper and E. Keathley.

One of the speakers paid a tribute to Dr. Coleman, as the statesman who had pioneered the fight for the Texas Technological College and in describing the scenes attending reception given Dr. Coleman at Lubbock last week, stated:

"With an escort of honor Dr. Coleman was led to the speakers stand in the city auditorium and there introduced as the 'Grand old man of West Texas and the father of the Texas Tech.' The applause by the people following his introduction was greater than that accorded the governor of Texas following his introduction there. The city of Colorado is honored in having such a man as Dr. Coleman numbered among its citizenship." This statement was met with liberal applause.

PICTURE MEN TOO WISE FOR DESERT BUGS

The desert may lack many things but there is no scarcity of bugs. This applies, at least, to the "desert" near Oxnard, California, where Geo. Melford made the scenes for "Burning Sands," featuring Wanda Hawley and Milton Sills, which comes to the Palace Theatre next Thursday and Friday, Sept. 6th and 7th.

The myriads of months fluttering about in the lighted space before the camera always a problem of night "shooting" in warm weather. Several schemes have been devised for getting rid of them. One is a machine with a powerful suction fan which draws the winged pests into a wire cage. Another scheme used by Tom White, production superintendent of the George Melford Company, was to place strong lights immediately over pans of crude oil. The flutterers fall into this and perish. For both of these to be effective it was necessary to turn off, from time to time, all lights except the decoy lights of the traps.

Another plan, used by Paramount on location at Balboa, was to place a powerful "sun-arc" lamp a short distance from the actual shooting site, and throw its beams away from the actors. All other lights were then turned off, and the moths flew to the great beam of light. Then the working lights were turned on and the screen quickly "shot" before the bugs got back.

ABOUT THE HUDSON

"Just as the tang of autumn coolness stirs the blood, so the cool weather of September stimulates anew the purchase of automobiles—and particularly moderate priced enclosed cars," declares O. B. Price, local Hudson-Essex dealer.

"We have had a slumpless summer and now we have the prospect of an autumn which will close 1923 with such a demand as we never before have experienced.

"In our record for the year, we have just about kept pace with the Hudson-Essex organization in general. With its output consisting 75 per cent, or more enclosed cars, the Hudson-Essex factory has run continuously without let-up or restricted production of any sort. Now with the seasons of the year approaching when closed cars are most desired, we have every reason to look forward to a rush of orders."

"It has been the enclosed car at a moderate price which has made this possible," said Mr. Price. The Hudson-Essex organization has a product which has achieved a unique position in the industry. The Models for 1924 have now been announced by several leading lines, and all of them have chosen not to continue with their own distinctive cars, and not to attempt to enter a competitive market with the Hudson and Essex coaches. The Hudson-Essex organization thus retains an exclusive product.

YOU CAN'T TELL

COOLIDGE AND OREGON ASKED TO STATE FAIR

President Calvin Coolidge and President Alvaro Obregon of Mexico were formally invited by the Chamber of Commerce late Friday to meet in Dallas during the State Fair next month.

The invitation was extended following the recognition of Mexico by the United States Government.

Republican leaders, it was said, will urge Coolidge to come here and other efforts will be made to have Obregon pay another visit to the Fair.

Mr. and Mrs. Thomas McGuire of Admiral are the guests of relatives and friends the week.

INTERESTING PICTURE SHOWN AT PALACE THEATRE FRIDAY

"Written in Letters of Fire," is the title of a picture which was shown at the Palace Theatre, Friday night, which was a thrilling portrayal of a business man's loss by fire. Intensely interesting to business men, insurance men, and the public in general.

W. W. Rix, who has this film in charge this week, is showing it in Lubbock, Sweetwater, San Angelo, and Big Spring.

The film is of an educational nature, and shows the construction and fire resisting qualities of the Safe-Cabinet, "the world's safest safe."

"Written in Letters of Fire," was written by members of the Safe-Cabinet force, and played by them, and later was filmed, in order that this message might be gotten before the business world.

WESTBROOK ITEMS

(Delayed from last week)

Mrs. J. R. Oglesby left Tuesday for Goldthwaite to visit relatives.

Mrs. Joe Curtis came in from Madisonville Friday to join her husband who is here with the Rio Grande Oil Co.

Mr. and Mrs. A. M. Bell accompanied by Mesdames Cox and Stubblefield were visiting relatives in Midland Sunday.

Preston Phenix and son Ward of Hamlin are visiting Carl and Homan Phenix this week.

E. P. Gressett and family were visiting in Big Spring Sunday.

The Methodist came to a close Wednesday night of last week. Bro. Watson of Post conducted the services with much success, about thirty conversions were had and fifteen joined the church, much interest in the church was revived and Sunday afternoon an Epworth League was organized with Van Boston president and Miss Robbie Hudson, first vice president. Department superintendents were, Mrs. L. E. Gressett, Miss Burnice Ramsey, Miss Claudia Bell and Miss Burnice McDonald. Mrs. O. T. Bird was elected secretary and treasurer. Hour of service will be at the Methodist church each Sunday at seven o'clock.

We are sorry to report the sad death of Miss Juanita Grist, which occurred at Cisco Tuesday, August 21st. Juanita was the sister of Mrs. E. V. Ellis of this place and had spent the summer here with her sister. She made many little friends while here whose heads are bowed in deep sorrow over the loss of their little friend. She was a sweet lovable child just entering young womanhood. She was sick only a few days, was taken Friday night and her sister rushed her to her home at Cisco on the Sunshine Special Saturday morning. On Tuesday morning the death angel swept down and took her from us her loved ones have the sincerest sympathy of their many friends.

O. Lambeth ginned the first bale of cotton here Monday. Bale belonging to G. C. Moon and was bought by J. E. Skelton at 23 cents. A premium of \$18.50 was raised by the citizens.

Bill Morris who is employed by the Riley Company left Monday for Mexico where he will accept a similar position.

COLORADO NET MEN WIN 2ND MONEY AT LUBBOCK

Representatives of the Colorado Tennis Club who were entered in the tournament at Lubbock defeated all other contesting teams until Amarillo came on the court. The

Amarillo net men won first prize with Colorado coming in for second. The local club was represented by Joe H. Smoot, L. B. Howard, J. L. Bennett and H. P. Ragan.

Col. C. M. Adams, president of the local club and who was elected to the presidency of the newly formed West Texas association at Lubbock last week, stated Tuesday that Colorado demonstrated some unusually good playing in both singles and doubles.

Just one taste convinces

The test of good beans is to try them cold, just as they come from the can. Try White Swan Pork and Beans that way. Compare them with what you have been accustomed to. Cold or hot—they hit the spot.

In the sanitary White Swan kitchens at Fort Worth the best grade of Michigan bean is cooked to a turn in a rich tomato sauce with a flavor all its own, and just enough pork is added to please the most fastidious appetite.

This fine product is one of fifty or more which bear the White Swan mark of unusual quality, which has identified the best in food products for more than fifty years throughout the Southwest. Your grocer has White Swan Pork and Beans—try them today in either the 10c or 15c size.

FOOTE PRAISES COLORADO FOR PROGRESSIVE SPIRIT

The spirit of Colorado, which is something different, according to the speaker, was praised by Rev. Gaston Foote, assistant pastor of the Methodist church Friday in an address delivered at the Lions Club. Rev. Mr. Foote stated that he was soon to leave Colorado, but that the city and its citizenship would never leave the confines of his heart.

"You have here one of the most wonderful people and the best spirit of co-operation I have ever known, and I shall never forget Colorado and its good citizens, no matter where I may go," he stated.

Considerable improvement is being made to the interior arrangement of the Palace Theatre this week. The vestibule will present an entirely different aspect when work now under way is completed.

THIS chart demonstrates that you get more quality for less money when you buy Goodyear Tires. Goodyears sell today for 37% less than in 1920; 36% less than in 1914. And their quality has been steadily improved; their superiority is beyond question. This is a good time to buy Goodyears.

At Goodyear Service Station Dealers we sell and recommend the new Goodyear Tires with the bonded All-Weather Tread and have them up with standard Goodyear.

COLORADO DRUG CO.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "do-no-harm" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. Use Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean, silver, a purified system and big appetite. Eat what you please. No sugar.

Calotabs are sold only in original sealed packages; price thirty-five cents for the regular family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

COMMUNITY FAIR DATES ANNOUNCED HERE MONDAY

Dates for three of the four community fairs to be held in Mitchell County during the month of September were announced here Monday by Miss Laceywell. The first of these fairs, held under auspices of the Pioneer Club of Valley View, was held at Valley View Wednesday of this week and was claimed to have been a big success. Date for the other fairs follow: Thrift Club, at Cuthbert, September 13; Laceywell Club at Loraine, September 15. Date for the fair to be held by the Helpful Helpers Club at Wolfpen Ranch had not been named Monday, but will be held some time before opening of the county fair at Colorado September 20.

At each of these community fairs, specimens for exhibit at the county fair will be selected.

Mrs. H. G. Towle and little daughter Mary Margaret, returned to their home in Snyder Tuesday. They were accompanied by Mrs. Pearl Shannon.

WITH THE CHURCHES
FIRST CHRISTIAN CHURCH

Rev. C. A. Johnson of Pecos will preach at the First Christian church Sunday morning at 11 o'clock and at 8 in the evening. All members of the congregation are urged to attend both these services, as well as visitors, whom are always welcome here.

Sunday school at 10 o'clock, R. P. Price, superintendent. Let's have a full attendance at Sunday school.

SUNDAY WITH THE BAPTISTS

Last Sunday was a very fine day with us. 241 in Sunday school and two fine audiences. Four additions to the church. We started a Bible class for men at the Palace Theatre. If you are a man and want to be in a sure enough Bible class where every fellow is free and has his own say this class will appeal to you. Everyone seemed to enjoy it last last Sunday. A good start. Come and enjoy it with them next Sunday. The pastor teaches it. It is a class for men, by men, and to men. This class meets promptly at 10 o'clock and dismisses 10:45 o'clock, not a minute later. Everything is running lovely in the church. The men's meeting took an advanced step Tuesday evening. Be at church conference next Wednesday night and hear about it.

THE PASTOR

METHODIST CHURCH

Sunday school 9:45. The attendance Sunday was 204. Make it 250 next Sunday. Our Sunday school attendance is entirely too small. Who is to blame?

Remember the revival. Come during the few remaining days for every service. You are missing something if you fail to hear Porter sing. The Leagues at 4:30 and 7:00 p. m. Come to all these services.

PRESBYTERIAN CHURCH

Sunday school at 9:45 J. M. Thomas superintendent. Church services at 11 a. m. No service at 8 p. m. Christian Endeavor at 4:30. Services every night this week at Horn's School House. These meetings are very interesting and the people are coming. They will continue through Sunday. Come and hear the announcements so you will know what to expect. Sunday school at 3:30 Jerold Riordan, is superintendent.

W. M. ELLIOTT, Pastor.

C. OF C. EXECUTIVES TO MEET AT BARCROFT HOTEL

Executive officers of the Chamber of Commerce will be convened Thursday afternoon, September 6, at 6:15, at the Barcroft Hotel. This is to be the regular September business session of the organization and those having business matters for the chamber to consider should file them with the secretary before the session is called to order.

COLORADO CITY MAN SURPRISED AT LUBBOCK

Dr. P. C. Coleman of Colorado, who first suggested a West Texas A. & M. College years ago, and who has been working on the proposition ever since, was here Tuesday, and is said to have made the statement before he came here, not having been in Lubbock for several years, that he did not see why the locating board even considered Lubbock as the location of the school. However, after visiting in Lubbock and looking through her sanitarium and hospital, and after becoming better acquainted with conditions here he remarked the city is far beyond his expectations, and he looks upon Lubbock as the future stronghold for education in West Texas.—Lubbock Avalanche.

PLAINVIEW

We are able to report a considerable rainfall in our neighborhood. These rains cause the farmers some little uneasiness for the leaf worm in small numbers has already made its appearance in many cotton fields. Some picking being done this week.

On last Sunday night Rev. Adams of Abilene gave his farewell sermon to a packed house. Bro. Adams made a vivid word picture of the Master's second advent, the resurrection of the just and their reign with the Savior in the next age.

Much sentiment was manifested upon his departure for other fields.

Uncle Mose Franklin and his son, both of Louisiana are visiting relatives and friends in our community. Uncle Mose, though in his declining years, is full of life and vigor and see's only the sunny side of life. I'm sure all those whom he comes in contact with receive an inspiration and joy that shall prove a blessing.

Uncle Newt Gipson and his son, Harvey, both from Oklahoma are making their home with Mr. Brit Robinson a nephew of Uncle Newt.

Mr. Eual Henderson and his sister Jewell have returned from a week's visit in Brownwood.

Lois and Rena Standefer are back home from their extended visit in Hot Springs, Ark.

They report conditions back in that part of Arkansas pretty blue. Crops poor, worms and weevil ruining cotton there.

WESTBROOK ITEMS

Last Thursday afternoon, August 30, Mrs. Grace Bair passed out of this world into the great beyond. Mrs. Bair had been in bad health for several months but her condition was not thought critical until a few days before her death, it became necessary for an operation, she was carried to the sanitarium at Colorado on Monday and on Thursday she underwent an operation and passed out while on the operating table. Her remains were shipped to Laurel, Indiana, for burial. She leaves two children, Robert, 11 years of age and Margaret, 8 years of age, her husband having passed on some two years ago. Other relatives and a host of friends who were very dear to her, Mrs. Bair and children have been in Westbrook about a year making their home with Mr. and Mrs. P. M.

Rowland. Miss Pauline Van Horn left Saturday night for Dallas where she will attend school.

E. V. Ellis left Wednesday for Cisco where he will spend his vacation.

Miss Ludie King of Colorado spent Wednesday in Westbrook with friends.

Mrs. H. C. Guthrie entertained the young people Monday night, games and music featuring the evening. Quite a number of young were out and all expressed themselves as having a nice time.

Miss Robbie Hudson and brother, Basil, motored over to Colorado Wednesday on business.

Mrs. H. M. Berry and children and

A. Petty returned from Lubbock Tuesday. They report having a great time and seeing plenty of rain.

Mrs. E. L. Meadow and Miss Winnie Lee Sparkman of Altus, Oklahoma, are visiting their sister, Mrs. C. B. Phenix.

Mr. and Mrs. L. C. LeSure left for their home in San Diego, Calif., Sunday. Mrs. LeSure had not been well for some time, and they rushed home thinking that the change would be beneficial.

Rev. A. D. Leach of Colorado, is visiting his children here this week.

B. F. Davis was operated on for appendicitis Monday at the sanitarium in Colorado, he is doing nicely at this writing.

CONNECTING THE BANKHEAD

In order to connect another one hundred mile gap in the Bankhead Highway, crossing the State from Texarkana to El Paso, a public thoroughfare recognized by the State Highway Commission as the most important in Texas and which this commission has designated as State Highway No. 1, the commission has taken the initiative in starting campaigns in Callahan, Taylor and Nolan Counties to hard surface the highway through these counties by offering to put into the road two dollars of state and federal funds for every dollar expended locally.

Should these projects go over, and it is doubtful if the proposed bonds fail to carry in any one of the three counties, Mitchell county will be the only one to put over the entire route across the State, with the exception of a few miles in Hopkins and one or two other North Texas counties. The 100-mile stretch of hard surfaced highway through Howard, Martin, Midland and Ward counties, west of Mitchell is nearing completion.

Last week a reporter for The Record, in returning from Lubbock, stopped a few miles west of Westbrook to change a tire and a tourist, who had been following closely behind, drove up and stopped. "Say, Mister," he stated, "where is that place they call the Iatan Flats? They tell me that it is a bad place and that I should drive around it."

Iatan Flats does constitute a sore eye which is becoming painful to the best interests of Mitchell County. Of course that road over that section of the highway is not nearly so bad as many people would lead tourists to believe, but it is bad enough at the best. No doubt some of those advising tourists to detour Iatan Flats negotiated the place after a heavy rain and if this be true one could not blame them for warning others.

The Mitchell County public road system is getting in a bad way the county over. The highway and other main traveled public roads, with the probable exception of the road leading to Cuthbert, are in worse condition than for some time. The hard surfaced highway, especially from Colorado east to the Nolan County line, is deteriorating rapidly and the investment will be lost almost entirely if something is not done to maintain it to a better standard in the future than has been done during the past several months.

It is true that the road and bridge fund of the county is without funds. The heavy loss from washouts in 1921 and 1922 and the big outlay of funds even during the past year for new bridge construction has been heavy. The State and Federal departments would make the same offer to Mitchell County they have made to the counties east of us. In view of this fact, the fact that outside capital proposes to put into highway construction two dollars to one by us, it looks like good business judgment to take the money.

WHY NOT PAVE OAK?

Wonder why those business interests along Oak street and the county do not get together while these contractors are on the ground and extend the paving from Main to North Third? is the question advanced by several citizens of the city these days. It certainly would be a fine thing for the property owners and the city as a whole if such could be done.

It is especially important that consideration should be given to paving extending up Oak street east of the court house, as this is the principal street used by traffic going to and from the court house. The new county building will be a credit to the citizenship of Mitchell County and they should receive full co-operation from Colorado citizens in making of this public property a place of real civic beauty.

Some of the property owners on Oak street have expressed the wish to have the paving extend on this street as suggested above. They appreciate the fact that nothing of like investment would add more to the real value of the property abutting and the satisfaction of having a paved street from which to do business should appeal to the most conservative citizen directly affected.

By extending the paving these three blocks it is conceded a fact that the city would be interested in extending the white way street lighting system also. There could be nothing of greater value to the entire citizenship just now in this connection than to have the new court house fronting on paved and well lighted streets. You men owning property on Oak street and who are in favor of the paving should discuss the matter with others and see if something cannot be done to put the project over. This would be a mighty fine piece of work for the Lions Club to put over. What do you say, Colonel? The interests on Oak street will demand the paving later. Why not have it now?

A JUST DEMAND

The petition of citizens of South Colorado for construction of a foot walk along one side of the South river bridge is a just one and being such The Record has little doubt but that the city will act favorably upon the matter. At considerable expense such a walk was constructed in connection with the new river bridge recently completed at the foot of West Second street and we are informed that another is to be built onto the new Lone Wolf structure. Such a walk on the south bridge is certainly of more importance at the present than the one over the new river bridge, as large numbers of pedestrians daily cross the bridge going to and from South Colorado, while but few use the other. As to Lone Wolf Creek, if there be any difference in the number of pedestrians crossing the bridge here as compared with the south river bridge it is very probable, if not an established fact, that more pedestrians use the latter daily.

The value of life and limb is too valuable for the petition of the citizens of South Colorado to go unheeded. Of course, an accident there may never occur, but knowledge that safety was provided would do much to relieve anxiety upon the part of parents living across the river who are sending their children across the bridge to attend school.

CITY WITH A FUTURE

With the street paving, new court house, several substantial new business houses, Lone Wolf Creek bridge, American Legion Memorial and several residences, valued in the aggregate at a quarter of a million dollars, under construction and six cotton gins, a cotton oil mill, compress and varied other industries in the city running to capacity this fall, Colorado will present the scene of a most busy place. In addition to these, the stores and shops, factory distributors and like business enterprises will, in the natural trend of affairs, be in the midst of big business, and the banks, whose vaults are already bulging with deposits, will be taking in these funds at a new pace, running the aggregate around two millions of dollars. The whole

array forms a combination denoting nothing but progress and prosperity and Colorado and Mitchell County is certainly enjoying both. Colorado is certainly a city with a future. Its citizenship and the citizenship within its contiguous territory are too progressive as to denote any other outlook. Progressive citizenship, coupled with the enviable natural capital stock possessed in such a wonderful agricultural, livestock and diversified farming county and the oil field have but one course, and that is never to be designated as retrograding.

CO-OPERATIVE MARKETING

That the co-operative marketing of cotton program is sweeping the cotton growing States of the South is indicated by the tremendous increase in new memberships to the twelve State cotton associations affiliated with the American Cotton Growers Exchange, according to C. O. Moser, secretary of the Exchange. "Since January first to August 27th, the various associations not including Alabama, have added 69,275 new members. August 27th started Victory Week, which will continue until September 1st. In reality sign-up week. During this intense week of canvases we are hopeful of adding quite a few additional thousands of members to the co-operative marketing of cotton associations.

"From January 1st to July 1st, 40,264 new members were added to the various associations. On July 1st the 'More Money for Cotton' campaign was started, since which time 29,011 new members have been added. Georgia leads in the number of new contracts since July 1st with 6,826, Texas second with 6,575 and Oklahoma third with 6,082. There is a close race between these three states for honors in the campaign during Victory Week, and it is expected that the final week of intense campaigning will materially increase these figures," he said.

LET'S KEEP IT CLEAN

The Odd Fellows cemetery is now in better condition than for a long time, according to reports from the Cemetery Association. That is as it should be. The citizenship should manifest more interest in their public burial grounds than they apparently do. Let's maintain a record in the future of keeping the cemetery clean and a place of civic beauty the year round.

Colorado is putting on a strong program of paving. West Texas undaunted in the loss of the Tech, are building on a more permanent foundation. Snyder is doing much improvement in way of side walks and macadamized streets. Snyder should pave its square and side streets. Let's go.—Snyder Times.

WHAT IT IS

If Brady is the "heart of Texas" will somebody please tell us what part Lubbock is?—Ballinger Ledger. Well, it might be proper now to call her the universal joint.—Coleman Democrat-Voice.

Nessir, you're wrong. Lubbock's widely advertised municipal designation is "Hub of the Plains." That's what Lubbock it. She isn't the hub of Texas or of West Texas, but is by self-proclamation the hub of the Plains. No use to gripe about this Tech business, however. It's a closed chapter. Stay in there and pitch, Big Boy.—Abilene Reporter.

LEAGUE BULLETIN

Bulletin containing the Interscholastic League constitution and rules for 1923-24 is now off the press, according to announcement of state officials at the University of Texas. Any teacher interested in league work may obtain a copy free of charge.

The bulletin contains 100 pages and is illustrated by sixty cuts showing various contests and contestants in the last State meet. Those in charge of the State office declare that interest is being manifested in league work earlier this year than ever before. Many schools have already sent in membership fees for the ensuing school session and 175 high schools have already signed up for participation in the league plan for determining the State football championship. The final acceptance date for participation in the football championship race is October 1. Schools not accepting by that date will be debarred from the series this season, it is stated.

They are springing up like mushrooms, Senator Oscar W. Underwood of Alabama who may be an able man but whose official record and geographical location are against him, is enjoying a brief bit of spotlight just now. His is a personally conducted pre-convention campaign, and it is not apt to attract any attention outside of Alabama.

SLAT'S DIARY

Slat is home again from his summer vacation and effuses this week: Friday—pa was tawking about when he was a kid today he had a sister he sed & when they went 2 skool all 3 of them had 2 walk 2 miles & carry lunch. I ast him what did he meen by all 3 & he replied & sed ant Mary was a 1/2 sister & so was ant Julie wich added to gether maid 1 sister.

Saturday—My boss wich is the Banker got a lit. the baby at Home wich he is Krazy about it. Today

when I was a sweeping out & he was bizzy writing notes and sich like he moshuned 2 me & when I went 2 his side he sed Dimmy juky water pease. So I suppose his baby has begun 2 tawk already yit.

Sunday—Jake and me decided 2 go a Fishing instead of 2 Sunday skool wich we did. We fiah all a. m. & never ketched a thing. Till we got home.

Monday—Skool started this morning and we was all up there to the hutchinson's skool for the grand blow out by the professor. Finally we was relieved by being started in our wurk. Jake pulled a boner. He is lafable he is so Ignurant. Teecher sed Jake make me a sentence with the word Unaware in it. Jake studied a minet & then he sed My father wares b. v. d. unaware. He tuk his seat. And stayed there after skool.

Tuesday—pa was discussing base ball plares today him and that taller man, Floyd Quinney & pa sed I will betcha anything you want 2 bet mister Quinney reched into his pokket & he pulled out a role of munpey wich looked like 3 dollars worth of lettuce & pa got pail & sed I will bet 2 bits with you.

Wednesday—pa went 2 by a new sute of close today at Burns store and when he lernt the prices he sed 2 ma. Wich shall I get a sute or a Ford ottomobel. He got a sute. So now I will get sum' new close. Out of pa's old ones. He all so got a new pare of false teeth frum doctor Knall and ma lade his old 1's away. But beleeve me I sware I wont ware them things a Tall.

Thursday—I am not on good Terms with J. E. Latley. I had sum Candy in my mouth today & she seen it. She parked her chewing Gum under her desk and rote a note & sed in it Slaty have you got enny thing 2 eat. And I rote back and sed yes but I have et it. bang. hotzikiky.

Somebody out at Mineral Wells supposedly a lady asked State Press of the Dallas News this question: "Why do Baptists and Methodists persist that because we members of the Christian church claim that name only we are Campbellites?"

To which State Press replies: S. P. is peculiar that way. On some subjects s. p. has seen him charge a six-foot buzz saw with nothing but a fountain pen and a blotter. And then again s. p. has seen him tuck his coattails and run like a frightened jackrabbit from the frailest of lady customers who merely wanted him to come out and interfere with a family quarrel between a prize fighter and the wash-woman he had married—the prize fighter had had married, not a s. p. But of course, dear Mineral Wells Subscriber, S. P. gets scads and scads of letters, and can't write pieces about all of them. But, la, la, talking about S. P. isn't ever going to get this question answered for S. P., is it? Let's see, now; the question was—oh, yes. Well, the reasons are many, no doubt, but S. P. sees three. The first of these is that Methodists and Baptists, being human have a good deal of the old Ned in them, the same as St. Paul himself says in seventh Chapter of Romans. And the next reason is probably historical and therefore, perhaps should really be considered first. Alexander Campbell, who was certainly a good and useful man, according to the books, affiliated for a time with the Baptist church, though some say he was originally a Presbyterian.

Along about 1827, it seems, he and his following separated from the Baptist fellowship and designated themselves "The Disciples of Christ" That little word "the" did the business. Under the circumstances, it was natural, even if it wasn't neighborly, for the Baptists to call them Campbellites, just as s. p.'s churchly ancestors were derided as Wesleyans in England and Methodists in this country. For that matter, the

National Gingham Week

Just as School opens comes National Gingham Week. To make this week doubly attractive we have reduced the prices on ALL GINGHAMS and ALL GINGHAM Ready-Made Dresses.

JONES Dry Goods Co.

church that started with Christ started without a title and gained its title through the derision of the people at Antioch. The third reason for calling devout and unoffending members of the Christian church Campbellites is that in early days churchmen of most denominations debated around from place to place, arousing ill feeling in the misguided notion of getting all sheep into one flock. That ill feeling has pretty well disappeared along with the debaters, but some of the marks of it remain to this day. All three of these reasons reminds us that a reason may be a reason without being either a good reason or a justification.

COUNTY COURT TO TRY

JURY CASES NEXT WEEK

County court was convened Monday for the September term but aside from hearing a few non-jury

cases, including probate matters, and setting trial dates, but little business was officially closed. Jury cases will be heard next week and the jury panel has been summoned to appear for service Monday.

MARTIN COUNTY TO SEND 500 BOOSTERS TO FAIR

Martin County will storm Colorado during the second day of the Mitchell County Fair, Friday, Sept. 21, J. N. Falls of Stanton, secretary of the Martin County Luncheon Club announced here Tuesday. Falls came to Colorado to complete arrangements with fair officials for sending the delegation from his town and county. Accompanying the delegation will be a brass band.

Falls stated that an agricultural exhibit from Martin County would be shown here during the fair. Fair officials have designated September 21 as "Martin County Day." The visitors will form in line for a big parade immediately after arriving Friday morning.

Stanton is the second town outside of Mitchell County to pledge definitely to send a delegation and a band to the fair. Lamesa is the other and the delegation from there will be headed by the Lamesa Chamber of Commerce Band of sixty-four pieces. Lamesa is to visit the fair Saturday, September 22 and this day will be known as Lamesa Day.

MISS COSTIN CONTINUES IN LEAD FOR FAIR QUEEN

Standing of candidates for queen of the Second Annual Mitchell County Fair remained unchanged Thursday morning, with the exception of Miss Irene Bledsoe of Westbrook who was posted as running in third place. Last week Miss Bledsoe was fifth in the race. Standing of the candidates were reported as follows:

Miss Hazel Costin of Colorado, 6737; Miss Ruebelle Smartt of Colorado, 6183; Miss Irene Bledsoe of Westbrook, 5640; Miss Connie Baird of Loraine, 5279; Miss Elsie Lee Majors of Colorado, 5216; Miss Isla Dorn of Colorado, 5114; Miss Viola Brown, of Loraine, 5056; Miss Willie Howell of Loraine, 5016.

Gloomy Gus Hutchinson continues to head the campaign for ugly man with a total vote of 5839. Ole Timer Majors and Krazy Kat Greene are crowding each other for second place with Mutt Hurd running in fourth. The vote received by Majors is 5683, Greene 5667 and Hurd 5344.

Mr. and Mrs. J. E. Davidson are visiting in Abilene.

SIMMONS LOAN FUND

ABILENE, Sept. 6.—Some fifty young men and women, students of Simmons College, are enabled each year to complete their school work through the use of the Loan funds available to worthy young people at this institution. The first donation to the Loan funds was made about fifteen years ago by J. B. Ashburn of Jones County, who gave \$500; this was the beginning of several gifts made in memory of loved ones.

Friends of "Charlie" Taylor began a fund a year or so ago in his name, which has already reached about \$1500. The boy evangelist takes an offering in each one of his meetings, donated to the fund.

The greatest interest in the Simmons Loan funds came following the sudden death of Miss Rosabel Breedlove, a famous and much loved campus figure. She was preceptor of Smith Hall for a time, and later head librarian for many years. Her father, a pioneer West Texas lawyer had much to do with the founding of the college. Miss Breedlove was a great friend of poor worthy young people struggling through school. It was found at her sudden death in 1922 that she had made application for a \$25,000 insurance policy dedicated to this purpose, and had already been accepted as a good subject. The first premium had not been paid through a delay on the part of friends who had promised to help her carry the policy. The senior class of that year started a fund with \$1,000 in her memory. Women of the First Baptist church of this city took up the work, and with assistance of churches through the West have kept 12 or 15 girls in school each year. The plan is to make the fund ultimately \$25,000.

HEAVY RAINSTORM VISITS CITY TUESDAY MORNING

A rainstorm which for a few minutes assumed the proportions of a near cloud burst, visited Colorado Tuesday morning, flooding the downtown streets with water. The precipitation only lasted for a few minutes and registered eighty-two hundredths of an inch. The rain extended but a short distance both east and west of town.

The storm temporarily suspended work on the paving, court house, bridge and other projects here. The curb and gutter contractor lost slightly when concrete poured into forms was carried away by the small torrent which rushed along the street.

Miss Inez Butler, first grade.
Miss Ethel Palmer, first grade.
Miss M. C. Irion, third grade.
Miss Esther Lawlis, third grade.

Negro School
Mrs. E. M. Fowler.

ABOUT ELECTRICITY

While no man can say definitely what electricity is, research has given to science a definite knowledge of what it will do. It is on this knowledge that the rules of electric control have been built, says the Texas Public Service Information Bureau.

Electricity comes from dynamos which capture it and it is pushed by electro-motive force, called voltage, along wires to where it is to be used. The wires that carry the electric energy are called conductors. This electric energy is carried on what is called a circuit and tends to go back to its source. An open circuit is one that is interrupted and along which electricity cannot flow.

The pressure which drives a flow of electric current along its conductors is called voltage, and the volt is

the unit of measurement for this pressure. The unit of measurement of electric current flowing over its circuit is called an ampere. It is reckoned by the pressure with which the voltage drives the current along and by the lessening of that voltage by what is called resistance.

Rev. J. F. Lawlis, pastor of the First Methodist church, has received his artificial limb and appeared wearing it for the first time Sunday. "I realize now that first of all I must learn to walk," he said when asked why he negotiated his movements so carefully.

Important Announcement

The PUBLIC MARKET has completed its meat department and is ready to serve you with high grade fresh and cured meats. We are going to make this market a QUALITY market. Nothing but the very best meats will be used in this market. We also put in a special Hussmann Freezer to take care and keep the vegetables in good fresh order. Our Grocery Department still offers:

48 Pounds Gold Medal Flour, the highest on the market, every sack guaranteed, if not satisfied your money back to you \$1.75

Our Prunes went pretty fast. We have another shipment coming and we offer for Saturday 8 pounds of 50-60 size for only \$1.00

Four 10c packages of high grade smoking tobacco for... 25c

40c of Ryzon Baking Powder with 50c cook book free, only 25c

We have some more specials in our store. Come to see us and look us over. We are right across from Fire Station. Our phone number is 295, use it. We deliver all over town.

TEXAS

IN SOCIETY AND AT THE CLUBS

County Federation
The County Federation of women's clubs will meet at the Baptist Sunday school rooms next Tuesday, September 11th at three o'clock. Every club is urged to have representatives as final plans made for the fair.

Auxiliary to Legion
The Auxiliary to the American Legion will meet with Mrs. Tom Hughes promptly at four o'clock Saturday. Every member is urged to be present as the delegate will give a report from the State meeting.

Parent-Teacher Association
The Parent-Teacher Association met at the High school building Tuesday evening with the president Mrs. Smith presiding. Owing to various other meetings in town there were not many present but an interesting meeting was held. The new teachers were nearly all present and expressed a willingness to be of service. The play ground equipment was discussed and a progressive 42 party to be given on several different laws, the proceeds to go toward this undertaking. At the next regular meeting October 2, to change the time of meeting will be voted upon.

Priscilla Club
The Priscilla club met with Mrs. R. E. Dolman last Friday. Besides the pleasant time had in chatting and sewing a contest in drawing created much fun. A potato pig was given as a prize. The hostess served punch and cake.

Business Meeting
The Baptist women met at the church house Monday in business session. Besides the regular business plans were made for an all-day quilting at the church September 25th for the Buckner's Orphan Home box. The different Circles will meet on Monday and prepare the quilts for quilting and on Tuesday evening one interested in helping prepare the box is invited to come part or all the day to quilt. The following officers were elected for the ensuing year: Mrs. A. L. White, president; Mrs. C. H. Lasky, first vice president; Mrs. M. C. Bishop, second vice president; Mrs. T. J. Ratliff, secretary; Mrs. A. L. Whipkey, corresponding secretary and treasurer.

Civic League
The Colorado Civic League met Saturday afternoon at the residence of Mrs. A. L. Whipkey. The mosquito campaign is still being waged by League to find the source of the nuisance. It was reported that the creek had been oiled by city marshal and health officials had declared disposal plant in sanitary condition. Every citizen is urged to co-operate with League by riding his premises of all possible sources.

It was voted to have some entertainment to raise money for queen's contest. The League is sponsoring Miss Elsie Lee Majors. The League will send another box of books and magazines to State Farm, Richmond. It will also co-operate with Miss Laceywell in placing books and magazines in rural homes over county. The local tourist camp was discussed. The League is desirous that the camp be made more attractive and has asked Chamber of Commerce that garbage cans and wire trash containers be placed on grounds. It was reported that work of cleanup was being done. The Colored school was discussed. A committee was appointed to visit school on opening day. The various phases of the county fair were discussed. Mrs. A. H. Dolman was appointed to represent League in tag day work for county federation. The league adjourned to meet Saturday, Oct. 6th.

Needlework Department
Mrs. F. E. McKenzie has accepted the needlework department for the Mitchell County Fair, Sept. 20, 21, and 22. All persons wishing to enter any articles under this head will please see her or phone 138. The co-operation of all needle workers is earnestly desired.

Cemetery Association
The Cemetery Association met with Mrs. Earnest last Friday. A splendid report was given by the workers as the cemetery is in far better condition than in years. Mr. J. H. Greene, who has assisted the organization at a most opportune time was present and discussed the plan of work with those present for the next two years. He was made acting vice president of the association. The following officers were elected: Mrs. P. C. Coleman, president; Mrs. J. G. Merritt, first vice president; Mrs. M. Carter, second vice president; Mrs. G. W. Smith,

recording secretary; Mrs. Earnest, corresponding secretary; Mrs. Shropshire, treasurer. The collectors will be appointed later.

Reception for Teachers
The Parent-Teacher Association will give a reception for the public school teachers at the home of Mrs. Jack Smith Saturday from five to seven o'clock. All friends and patrons are cordially invited to come and meet the teachers.

Informal Reception
An informal reception was given Mrs. E. W. Bounds, state president of the U. D. C. at the home of the local president, Mrs. R. N. Gary Tuesday afternoon. The guests were the members of the chapter, former friends of Mrs. Bounds and ladies eligible. Mrs. Bounds told of the work over the State and praised this chapter for the splendid co-operation given along all lines of work. The local chapter is to be given special honors at the State meeting in Belton this fall by having Elizabeth Terrell, granddaughter of Thos. O. Mullins for whom the Children's chapter was named give a reading on Presidents and Mary Dixon Smith granddaughter of the State president, is to be special page to the President. Ice cream and cake were served by Mrs. Thompson, Mrs. Earnest Pritchett and Miss Ruby McGill granddaughters of the U. D. C.

Bazaar
The young ladies missionary society of the Methodist church will hold a bazaar on the Fair grounds during the fair Sept. 20, 21, 22.

Powell-Carroll
At Colorado, Texas, on Sunday, August 26th, Rev. J. F. Lawlis, pastor of the Methodist church, performed the ceremony which united in marriage Ulnor V. Powell and Miss Bessie Carroll, two of our well-known and highly esteemed young people.

The bride who has been making her home with her sister, Mrs. R. D. Tiner the past year has made her home in Big Spring for ten years or more and is loved and esteemed by all who know her.

The groom has made his home here since childhood, and is one of our young men who can be depended upon anywhere you take him. He is an expert auto mechanic and holds a responsible position with the Hall Tire and Top Co.

We join a host of friends in extending to this popular couple best wishes for a happy wedded life.—Big Spring Herald.

FREE HEALTH CLINIC
The County Federation is sponsoring the child health clinic which is to be held the three days of the fair. Two tents will be placed on the Coe lawn one as a rest room for mothers and children, the other for the weighing and examinations. The state is sending a nurse and Mrs. L. W. Sandusky is chairman of the local committee. All the doctors of the county are asked to help with

this. It is hoped that every baby and child up to seven years who attends the Fair will be given the advantages of these examinations.

The clinic will open at two o'clock Thursday and close at noon Saturday. The committee on arrangements are Mrs. Sandusky, Mrs. Daniels, Miss Laceywell and Mrs. Merritt.

The service committee who are to help with the writing of the children's history, the weighing and measuring of the babies will be announced next week by the chairman.

MRS. J. G. MERRITT,
President County Federation.

Junior Missionary

On last Thursday, August 30, the Juniors met in the basement of the church with Mrs. Garrett as hostess. After a suitable scripture lesson, the time was spent by each one using their thimble and needle in making handkerchiefs and piecing a quilt for the Orphans Home. This they each enjoyed very much, some of our kind friends met with us and assisted in cutting squares. It was decided to have a carnival on the following Thursday night on Mrs. Arnett's lawn. Committees were appointed and they at once set to work. There were 30 present besides our guests. Hostess assisted by her daughter, Nelda Atkins, served iced soda pop and wafers at the social hour.—Reporter.

Miss Hazel Bradshaw has gone to enter school at Aspermont, Texas.

STATE ENGINEER REQUESTS RETURN OF TENTS LOANED

Captain J. D. Fauntleroy, state highway engineer, has requested County Judge J. C. Hall to return to Austin the thirty tents loaned the county following the cyclone in May. Hall stated Monday that since the department had requested return of the tents, they must be collected without delay and shipped to Austin.

COLORADO
MERCANTILE CO.

IMPRESSIONS OF COLORADO BOOSTERS TOLD BY OTHERS

Colorado Band Stops in Snyder.
From Snyder Signal:

The Colorado Band on their way to Lubbock stopped off at Snyder Monday at noon and entertained a good sized crowd for half an hour at the band stand with some splendid selections.

Colorado has a good band and they get a good deal of publicity on the strength of their band, the same as any other town gets and which they deserve. There is no question but what a live band puts "pep" and enthusiasm into a town that nothing else will do.

Mr. Cooper, secretary of the Chamber of Commerce at Colorado made a short talk in which he expressed pleasure of stopping off at Snyder and meeting the folks in this way. He announced that Colorado and Mitchell County would stage her annual county fair on Sept. 20, 21 and 22 and a cordial invitation was extended to the Snyder folks to attend.

Band Gives Concert at Lamesa

From Lamesa Reporter:

The Colorado booster band struck town on Wednesday and the local band had lunch provided for them at Inman's Cafe after which they played a concert in the band stand and the town enjoyed some real band music. This is an old band and Lamesa's of course is not yet in a class with them and it is a great encouragement to our band members to hear this splendid band.

After the concert W. S. Cooper, secretary of the Colorado Chamber of Commerce made an excellent speech which was enjoyed by our people very much. C. T. Watson, our own secretary of Chamber of Commerce replied as is usual in a strain at once pleasing and appropriate.

Colorado Trade Excursion in Snyder

From the Scurry County Times:
Colorado business men were here Monday on their fair advertising excursion. They were accompanied by their splendid band, and after lunch gave a concert from the band stand.

Mr. Cooper, of the Colorado Record, was in charge of the excursion, and after several pieces had been rendered he spoke briefly to the crowd which had assembled and extended a cordial invitation to Scurry county people to attend the Fair at Colorado this fall. Their dates are the latter part of September. Mr. Cooper was introduced by Mayor Fritz R. Smith.

The excursion went on to Slaton, stopping at Post and was present at the Tech rally at Lubbock Tuesday. The trade trippers were limited in numbers on account of the big rains that had taken place in the Colorado country the night before. They expected that 100 business men and citizens of Colorado would accompany the fair boosters, but that number had been greatly curtailed.

The members of the excursion were guests of Snyder Chamber of Commerce at lunch at the Woodrow Hotel.

LUBBOCK C. OF C. THANKS COLORADO FOR COOPERATION.

In a letter received Monday from Curtis A. Keen, secretary of the Lubbock Chamber of Commerce, the citizenship of this city is praised for the splendid spirit shown in helping to make of the Technological Col. at Lubbock last week the big success it was. "Lubbock appreciates the generous representation, including that splendid band, and the wonderful spirit shown by every Colorado man, woman and child here," Keen wrote.

In addition to expressing appreciation for presence of such a large delegation and such a good band from Colorado, Lubbock was also glad to have as its guests for the day, Dr. P. C. Coleman of this city, whom the people there heralded as "The grand old man of West Texas and the father of the Texas Tech." The governor of Texas, who was present, did not receive a more rousing welcome than did Dr. Coleman, as he was escorted to the speakers stand and introduced to deliver an address.

COL. C. M. ADAMS ELECTED PRESIDENT W. T. TENNIS CLUB

From Lubbock Avalanche:

Immediately following the tennis tournament which closed here Aug. 28, a business meeting was called and an organization was formed, to be known as the West Texas Tennis Association. Col. C. M. Adams of Colorado was elected president and Otis J. Felty, of Lubbock was elected secretary-treasurer. Felty, Waters and Single, all of Lubbock were appointed as committee on Constitution and By-Laws, after which the meeting adjourned, the place for the next tournament to be selected at a later date.

All towns in West Texas are expected to form tennis clubs and become affiliated with this organization, which in turn will be affiliated with the National Association. Mr. Adams is very enthusiastic over the prospects for tennis in this section and under his leadership much will be accomplished in tennis for the coming year.

CHRISTIAN PEOPLE KNOW TOO LITTLE ABOUT BIBLE

"It is a tragedy that so many of our church folk know so little about the Holy Bible and are so often confused as they stumble through its pages," was the declaration of Rev. R. A. Stewart of Sweetwater, presiding elder of the Sweetwater district, Methodist church, who filled the pulpit at the local Methodist church Sunday evening. He outlined that the Bible, God's proclamation was indeed the pilot directing the lost to the cross and appealed for Christian people to devote more of their time to Bible study and prayer.

He appealed for personal contact service during the revival. "This church cannot have a genuine revival until some one pays the price," he stated. "God expects something of us and we need not look for an outpouring of his spirit upon us until we come to that place in our Christian experience where we can lay our very lives upon the altar of service."

Rev. Mr. Stewart announced that the fourth and last quarterly conference of the Colorado church would be held October 1, at which time official business for the conference year would be closed. Annual conference is to be convened at Plainview soon thereafter.

PARENTS SHOULD SUPPORT KING, REV. LAWLIS SAYS

Referring to an article contributed to the Record last week by E. Frank King, superintendent of schools, in which King appealed to parents for their co-operation in making the school year just beginning the best in the history of Colorado by causing their children to study more and attend night automobile rides less, Rev. J. F. Lawlis stated during the sermon Friday night "I would to God the people of Colorado would back that man up."

Freshing from the parable of the prodigal son, Rev. Mr. Lawlis drew some effective pictures showing the contrast as between the young man and woman who adhered to the good advice of father and mother and those who, like the young man in the parable, left the parental roof and its good environs for attractions of the world.

"The story of the prodigal son is a modern story," he stated. "In fact, all things taught by the Master are in keeping with this age, the same as the age in which Christ lived.

Week at the label on your Record. All papers will be stopped when time is out. If label reads 13Mar23, it means your time was out first of March, 1923.

Methodist Church

Our S. S. and League and missionary societies are still marching on. We continue to carry the banner of the district in this work. Our fourth quarterly conference convenes at Loraine Saturday night at eight o'clock. Let the officials take notice and be on hand with full reports. Only two months now until annual conference. Let's pay everything in full and lead the district in this way as well as in other lines of work.

H. W. HANKS, Pastor.

E. O. Britton, 52 years of age, died at his home north of Loraine Sunday at 1 o'clock after a lingering illness. Interment at Zion's Rest Monday at 2 o'clock. Rev. W. A. Thornton, pastor of the Baptist church here officiating. Mr. Britton was born in Georgia in 1871. He has been in the west for the past 17 years, being well and favorably known. He had been a member of the Primitive Baptist church for 32 years. He is survived by two brothers L. T. and O. D. Britton, a wife, five sons, and four daughters, all of whom were present at the funeral. Two sons Frank Britton and family from Indio, California, Clarence Britton and family from Yuma, Ariz.

and daughter, Mrs. Rilla Smith and children from Gladson, Arizona, efforts were fruitless to outrace the winged messenger. Death, who snatched the breath of life before they could reach their father's bedside.

James Blanton arrived from Wilcox, Arizona Tuesday and is visiting in the W. A. Jarratt home.

Mrs. Jessie Garrett is now working regular at the post office commencing Tuesday.

Big Price Drop

1924 WILLYS-KNIGHT and OVERLAND Great Improvements-

These new prices and improvements announced last week have electrified the public! People tell us that nothing else compares:

Willys-Knight 5-Pass. Touring	Now \$1175
Willys-Knight 2-Pass. Roadster	Now 1175
Willys-Knight 5-Pass. Coupe-Sedan	Now 1550
Willys-Knight 5-Pass. Country Club	Now 1635
Willys-Knight 5-Pass. Sedan	Now 1795
Willys-Knight 7-Pass. Touring	Now 1435
Willys-Knight 7-Pass. Sedan	Now 1995

Bigger, Much More Powerful New Engine in All Overland Models

Overland Touring with bigger new engine	Now \$525
Overland Roadster with bigger new engine	Now 525
Overland Coupe with bigger new engine	Now 795
Overland Sedan with bigger new engine	Now 860
The Big, Powerful Overland Red Bird	Now 750

Both Willys-Knight and Overland models are improved, refined, better cars than ever before. The greatest sales and largest production in Willys-Overland history have made possible these greater values which, we believe, lead the world by a wide margin.

All Prices F. O. B. Toledo. We reserve the right to change prices and specifications without notice.

**RED CROSS NURSE SHOULD
BE EMPLOYED, OFFICIAL SAYS**
Discussing in detail some of the
outstanding needs of a graduate
nurse to work among children of
Mitchell County, Mrs. J. L. Mitchell,
in charge of the local Red Cross dis-
aster relief office, appealed for the
employment of such a nurse for the
county in an address delivered at
the Lions Club Friday.
The loyalty of Colorado and
Mitchell County citizens in coming
to assistance of storm victims was
praised by the speaker. "I have been
in this work for years," she said,
"and this is the first time in my ex-
perience that the people subscrib-
ed more funds than were really
needed. We have attended the sick
and wounded, supplied needs to the
distressed and then purchased farm
implements, mules and milch cows,
built houses and yet a balance re-
mains in the treasury from the
amount you subscribed and paid for
storm relief here."
After expressing her sincere ap-

preciation for the fine spirit of co-
operation given the Red Cross at
Colorado, Mrs. Mitchell stated, "I
have only two words to say in part-
ing. I am to leave your fair little
city within the next few days. Those
two words are 'good bye'."
**SPECIMENS COUNTY EXHIBIT
STORED AT COLORADO BANK**
Specimens for the Mitchell County
agricultural exhibit at the Dallas
fair are being collected by W. A.
Dulin, county agent, and Miss
Georgia Laceywell, home demonstra-
tion agent, and stored at the Colo-
rado National Bank. Dulin stated
Saturday that the bank had placed
at their disposal a director's room
not now in use by the bank.
Many of the specimens either al-
ready collected or selected in the
fields are excellent, according to
Dulin. "I have some of the best
Indian corn I have ever seen grow
in any section of Texas," Dulin said,
"and the maize, kaffi and cotton
are as good as ever grow."

**LIONS CLUB CONTEST WILL
CLOSE WITH BIG BANQUET**

The contest being staged between
teams selected from among mem-
bership of the Colorado Lions Club
will close Friday, September 28,
with a banquet to be attended by
the entire membership. The occasion
will feature the third "ladies night
jungle roar," and no less than one
hundred Colorado Lions and honés-
ses are expected to attend. Cost of
the banquet is to be paid by the los-
ing team.

The two teams are headed by A.
B. Blanks and E. H. Winn and it
was stated Friday that the Blanks
team was slightly in the lead. Each
of the teams are working hard as
the contest draws to a close and
spirited rivalry is adding much to
interest in the weekly luncheon meet-
ings. Visitors introduced Friday
were Rev. Gaston Foote of Colorado,
Rev. Mr. French of Slaton, J. M.
Morgan and W. W. Rix of Big Spring
and Mrs. J. L. Mitchell, in charge of
the local Red Cross storm relief
work. Each of the visitors delivered
addresses. Rev. Mr. French praised
the spirit of co-operation found in
Colorado as evidenced by the Lions
Club and expressed the wish that
such a spirit existed in his city.

Mrs. Mitchell deplored the pres-
ence of street beggars in Colorado
and declared there was no excuse for
this condition. It is so often the case,
she related, that beggars, who are
unworthy of any consideration at all,
will appear upon the street and ob-
tain liberal alms from the people.
She advocated that all such cases
should be investigated and that
those found worthy be cared for by
some specific organization, as the
American Red Cross.

FORD CAR IMPROVEMENTS
Introduction of a higher radiator,
bringing new and improved body
lines to all types of Ford Cars, is an-
nounced today by the Ford Motor
Company.

The new radiator sets an inch and
a half higher than the former and
has an apron at the bottom which
joins a similar apron effect of the
fender on either side.

Most conspicuous among the new
types is the Ford Coupe which is of
entirely new body design and con-
struction.

From the dash there is a graceful
sweep in the cowl to the radiator
bringing a pleasing effect to the
front. The doors are wide and open
forward making access and exit
easy. The compartment at the rear
has been enlarged to afford increas-
ed carrying capacity. The gasoline
tank is under the seat, with divided
cushions.

Interior fittings are of choice ma-
terial and the arrangement of the
deeply cushioned seat has been ef-
fected so that at the rear there is
a small recess shelf for carrying
parcels. The rear vision window is
much larger and oblong in shape.
Door windows have been equipped
with revolving type window regula-
tors and door locks are provided.
Side windows are equipped with the
lever type window lifters.

Marked too, is the improvement
in the Four Door Sedan. The car
now presents even much better lines
and a sturdier appearance.

This has been brought about by
the installation of an entirely new
cowl with a graceful sweep from
the dash blending into the larger
hood and radiator. The change also
affords an increase in leg room for
occupants of the front seat.

In the open types, the Touring
car and Runabout, the cowl has
been enlarged and flows in a grace-
ful curve to the higher hood.

The effect on the Roadster is like-
wise most appealing, giving it a
more rugged and sturdy appearance.

LONE STAR

It looks as though its going to
rain all fall for it rains almost every
day.

Mrs. Corine Groom returned home
Saturday night from Abilene where
she has been visiting for the past
week.

Frank Brame and family, Moody
Richardson, mother and sisters,
Florence and Gladys left Sunday
for Glen Rose where Florence,
Gladys and Mrs. Brame will be
treated.

Mrs. Joe Richburg and children spent
Monday with Mr. and Mrs. Marvin
Martin of Lorraine, Mrs. Joe Rich-
burg and children staying over for a
few days visit.

**STATE STARTS NEW FISCAL
YEAR DEEP IN DEBT**

AUSTIN, Sept. 6.—Facing a defi-
cit of \$3,000,000 in general revenue,
the State of Texas Saturday started
in on the first of the fiscal year.
This deficit is half a million dollars
less than had been estimated by
State Treasurer Terrell and is due
to two calls for registered warrants
made during the present week which
enabled the liquidation of over \$500,
000 in state warrants.

This deficit with the beginning of
the new fiscal year will continue
to grow until it reaches probably a
maximum of \$5,000,000 on the first
of next year.

The decision of State Superinten-
dent Marrs not to ask for a transfer
of the \$3,500,000 of school funds
which became available Saturday,
has relieved the situation to the ex-

tent that state employes will not
have to wait at least six months be-
fore there is cash with which to pay
their salary warrants. Marrs does not
propose to ask for the \$2,000,000
emergency school appropriation un-
til next March, and the \$1,500,000
for rural aid will be asked for com-
mencing next December, but only
in small installments as needed.

When is a Battery Old?

Some men are young at eighty others are old at forty.

It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rubber Batteries.

Come in and we'll tell you more about them.

WINN & PIDGEON

Willard Batteries

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering is my stomach! I took medicines, but did not get any better. The druggist recommended

Thedford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and causing the terrible pain.

"In two or three weeks, I found I could go back to eating, I only weighed 123. Now I weigh 141—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Thedford's Black-Draught? If not, do so today.

Over 8 million packages sold, a year. At dealers.

LOCAL NOTES

The Colorado Band enroute home from Lubbock where they took part in the Tech celebration and served as Governor Neff's own, stopped over in Big Spring Wednesday afternoon to give a concert. A large crowd gathered at the intersection of Man and Third streets to enjoy the delightful music from 5:30 to 6 p. m.—Big Spring Herald.

Howard, also of Colorado, sang a special number. Wednesday afternoon delegates to the convention were entertained with an outing at the lake near Sweetwater. A Vienna roast was given.

SA NANGELO EXPOSITION BIGGER THAN EVER BEFORE

The Record acknowledges receipt of the San Angelo Fair opens Oct. 8 and runs to the 13th inclusive. Six big busy days.

The San Angelo Fair having long outgrown the "County Fair" class, and ranking in importance with the largest fairs of the Southwest, has earned the title: "The All-West Texas Exposition." In order that the vast territory, the boundless resources and the progressive, forward looking people represented by the San Angelo Fair may be adequately served, the management is intent on making the 1923 Fair the greatest exhibition of the products of West Texas ever shown. It is the purpose of the San Angelo Fair to specialize upon the products that contribute most to West Texas' prosperity.

Increasing the fair to six days, instead of the customary five, was necessitated by the many additions to the program of amusements and sports. Also for the first time there will be night performances at the Fair grounds. In addition to the varied amusements of the carnival, which will be on the grounds, there will be a performance every night before the Grand Stand comprising a series of high class vaudeville acts and other spectacular events.

The speed and sport program is the best ever offered to West Texans. Brilliant running races on the half-mile track and thrilling automobile races on the mile track will be interested with polo games and football. Bleachers seating 4,500 people have been added to the seating capacity of the grand stand to take care of the additional thousands who will visit the fourteenth and greatest San Angelo Fair.

Born Monday to Mr. and Mrs. Dan Lewis, a fine boy.

Ford Weekly Purchase Plan Makes It Easier to Buy

Let the Whole Family Participate

\$5.00 Enrolls You

For as little as \$5.00 you can start toward the ownership of a Ford Car under the terms of the Ford Weekly Purchase Plan. This enables you to become a Ford Owner out of your weekly earnings.

Your money is deposited in the bank and draws interest. What easier way could there be? The whole family can participate.

You'll be surprised how quickly the car will be yours.

Come in! Get full particulars!
