LONE WOLF CREEK BRIDGE IS REBUILT BETWEEN SUNS

In order that traffic over the Bankhead Highway, especially farmers of this section who haul their cotton to gin and market at Colorado over the highway from the east be not handicapped, the Colorado Chamber of Commerce and Commissioners' Court co-operated in tearing out the temporary bridge on the Lone Wolf Creek detour and rebuilding the structure, raising the floor level four feet. This work was done between suns Saturday night.

The Chamber of Commerce was in executive session Thursday evening when complaint that the steep approaches on either side of the bridge were a handicap to traffic and when it was shown that the bank on the west side of the stream was especially steep and hard for farmers hauling cotton to negotiate, the chamber determined that the crossing be improved at once. This was a few minutes after eight o'clock and within fifteen minutes a committee of Chamber of Commerce officials, headed by Dr. Coleman, president, had left the Barcroft Hotel, where the meeting had been in session, to consult with the county judge and a bridge contractor. Judge Hall was called from a local lodge hall and gave his endorsement to the program to raise the bridge and the committee then drove to the home of R. G. Sweeney, local bridge contractor, and before leaving him that night contracted for the work.

Materials and workmen were assembled during the day Friday and Saturday and late Saturday afternoon a force was started to work in tearing out the old temporary bridge. The crew worked almost the night through and when they left the site just before dawn Sunday morning, a new bridge, four feet higher than the one torn away had been built and the crossing is now in good condition.

When his attention was directed to the fact Thursday night that the crossing in its present condition was really dangerous, in that frequently farmers at times had difficulty in negotiating the steep incline with a bale of seed cotton, Dr. Coleman exclaimed that something must be done, and done at once. "I am going to name a committee to do something about this matter tonight, and I am going to include myself on that committee," he said. "We must make this crossing safe to traffic and in such condition that farmers can easily cross there and bring their cotton to gin and market." The executive session was adjourned and Coleman and other members of the committee were soon off to consult the county judge and bridge contractor.

In authorizing the contract, the county was represented by County Judge Hall and U. D. Wulffjen, commissioner of the Colorado precinct. Like Chamber of Commerce officials the county officials recognized that the crossing was in its present condition a handicap to the public and should be improved at once. In addition to furnishing without cost bridge materials already on hand, the county agreed to bear half the expense of purchasing new materials needed and also bear half the expense to the contractor. Hall stated Monday that the bridge would cost approximately \$400.

LIONS CONTINUE SUPPORT AMERICAN LEGION HUT FUND

Declaring that it would never do for the American Legion Memorial here to lack support because of inactivity of any member of the Lions Club, Col. C. M. Adams, president, named a committee Friday to confer with the Legion building committee to ascertain what services, if any, the organization may render. The committee is composed of O. Lambeth, J. Riordan and R. P. Price.

NOTICE TO INVESTORS
I am planning to drill an oil well to off-set the T. & F. No. 4. I would be pleased to confer with anyone who desires to take an interest with me.—R. H. LOONEY.

TWO COMMUNITY FAIRS SCHEDULED THIS WEEK

Additional community fairs are to be held this week at Cuthbert by the Thrift club and at Loraine by the Lacewell club, Miss Georgia Lacewell, home demonstration agent, stated Monday. The Cuthbert fair will be held Thursday, September 13 and the Loraine fair Saturday, September 15th. The first of these fairs was held Wednesday of last week at Valley View by the Pioneer Club.

In speaking of these community fairs, Miss Lacewell stated that the one at Valley View last week was one of the most successful she ever attended. The exhibits prepared by the ladies of the community, the boys and girls who are members of club work, and others, were indeed a credit to the entire citizenship. Among the most attractive exhibits shown were those entered by the boys and girls and specimens of some of these, including fancy packed vegetables put up by club girls at Valley View, were brought to Colorado by the home demonstration agent and will be shown at the county fair.

The fair at Cuthbert will be held at the school building. At Loraine the fair headquarters will be located at the First State Bank building. Both of these fairs are expected to prove wonderfully successful and attract a large number of people. The fourth and last of these community fairs is to be held at Wulfjen Ranch next week.

TEXAS & PACIFIC TO ENLARGE INDUSTRIAL TRACKAGE HERE

Yardage facilities are to be extended and a switching crew detailed for service in the yards of the Texas & Pacific at Colorado, according to information received Wednesday. A. B. Waldron, of Fort Worth, general agent for the Texas & Pacific and party of officials spent Tuesday and Wednesday here studying the needs for this improvement. Other rail officials in the party were F. J. Roe of Big Spring, train master; R. Davis of Big Spring, service supervisor; J. L. Cone of Big Spring, special agent and W. A. Gavin of Big Spring, auditor. F. Ward of Dallas, member of the Western Weighing and Inspection Bureau, was here with the rail officials.

To meet the heavy increase in freight tonnage into Colorado and the outgoing consignments of cotton during the fall season these officials recognize the fact that yardage and switching facilities must be enlarged and improved. It is understood that the program as tentatively outlined by the officials will include a switching crew for the local yards.

CHAMBER OF COMMERCE APPRECIATES RED CROSS

Resolution expressing appreciation for services rendered to Mitchell County storm sufferers was passed by executive officers of the Colorado Chamber of Commerce Thursday evening. That the work of relief and rehabilitation had been done well and was entitled to full commendation was declared without a dissenting vote among the thirteen executives present at the meeting. A committee of R. O. Pearson and W. S. Cooper was named and instructed to convey a copy of the resolution to Red Cross officials who were identified with the work here.

H. L. Baker of St. Louis, director of disaster relief for the Southwestern division, stated while visiting in the city recently that the citizenship of Mitchell County had subscribed the largest per capita amount to the relief fund raised here he had ever known. Baker stated the disaster in Mitchell County was the sixty-second coming under his jurisdiction.

WEST TEXAS ELECTRIC CO. TO REMODEL LOCAL OFFICE

The office building of the West Texas Electric Company will be remodeled throughout, John Geer, local manager stated Monday. Geer stated that the outside walls of the building would be finished in stucco effect and the interior is to be remodeled and newly decorated.

PLANS NEAR COMPLETION FOR SECOND ANNUAL FAIR

Detailed plans for the opening of Second Annual Mitchell County Fair here Thursday morning of next week are, practically complete, J. A. Sadler, president of the fair association, announced Monday afternoon following adjournment of a meeting of the directors and departmental superintendents at the Chamber of Commerce. Sadler stated that a force of laborers and carpenters would be started to work Monday cleaning the grounds, building booths in the main building, stalls and pens for livestock and swine, etc.

The fair will be officially opened by Hon. R. M. Chitwood of Sweetwater at 10 o'clock Thursday morning at the fair grounds. At 9:45 the decorated automobile parade, headed by the Colorado Booster Band, will form at the court house and form a line of, march south to Second street, east then to Chestnut and up Chestnut to Third and thence west over Third street to the fair grounds. The fair association has announced prizes as follows for the best decorated cars in this parade: First, \$15; second, \$10; third, \$5.

The agricultural and industrial exhibits are to be in the tabernacle and the livestock and poultry will be exhibited at the county barns, on southwest corner of court house block. Departmental superintendents, named by the fair association, are as follows:

Cattle, Lay Powell; horses, A. E. Maddin; swine, James Bodine; agriculture, W. C. Berry; poultry J. L. Kuykendall; boys club work, W. A. Dulin; woman's department, Mrs. A. L. Whipkey; painting, Mrs. F. E. McKenzie; culinary, Mrs. Harry Landers, Sr.; needlework and art, Mrs. Jas. T. Johnson; babies conference, Mrs. J. G. Merritt; girls club work Miss Georgia Lacewell. Each of these superintendents will have control of the department assigned to them and exhibitors should confer with them direct.

The better babies conference, to be held under auspices of the State department, promises to prove an interesting feature of the three days. All interested mothers are requested to bring their children up to the age of seven years to the conference tent, which will be located on the southeast corner of the fair grounds. A ladies rest room will be maintained at this department.

The first day of the fair has been designated Colorado day and all business and professional men of the city will be requested to close until noon in order to put the day over with credit. Stanton Day will be observed Friday, the second day of the fair, and a strong delegation from that town, headed by a band, is expected to attend.

The second day is also designated as School Children's Day and hundreds of children of the county will form for a parade through the streets at 10 o'clock. Ratliff stated Wednesday that the Colorado schools would be closed Friday morning in that pupils have a part in this parade. Every school child in the county is urged to have a part in this parade.

The queen and ugly man contest are to close Wednesday night at 9 o'clock. Balloting boxes at Loraine and Westbrook are to close at 6 o'clock on the same date but will not be opened until the same time the boxes at Colorado are opened. This will be done in fairness to all contestants.

The Donald-McGregor shows are promising to give visitors to the fair one of the best carnival attractions ever coming to this section of the State. The company played at Lubbock during the recent Technological celebration. In addition to the carnival there will be the Bloodworth rodeo, one of the largest in Texas, base ball games and other attractions. Champion riders and ropers from over West Texas are entering for the rodeo event to compete for the \$600 in prizes offered by the management.

COLORADO GIN RECEIPTS 736 BALES FOR SEASON

Counting round bales as half bales receipts at the six gins in Colorado Thursday at noon was 736 bales. The round bale press at Lambeth's Brick Gin had turned out 305 packages. Seed were selling at \$43 a ton at the gin, a price which had remained unchanged throughout the week. Cotton was selling on the street at from 26 cents to 27 cents, middling basis, an offering remaining practically unchanged during the week.

Pickers are being brought into the county daily from various parts of Texas and not less than 1000 of these laborers will be on the cotton farms by the end of this week. With continuation of favorable weather cotton will be moving in a large way within ten days.

POLL TAX AND PROPERTY ASSESSMENTS SHOW GAIN

Assessed property valuation of Mitchell County is \$6,621,726 for 1923, according to tabulation of the tax rolls submitted by R. E. Warren, county assessor, to Commissioners' Court for audit. The rolls were accepted as being correct by the court.

This shows an increase of \$292,086 over last year when the assessed valuation in the county was \$6,329,640. The larger per cent in property increase is shown to have been within the city limits of Colorado and the territory adjacent to the oil field near Westbrook. The non-resident roll shows a decrease since last year.

Poll tax assessments in the county for the present year show an increase of 335 over last year. In 1922 the number of these assessments totaled 2,668. The assessor's rolls account for 3,003 poll tax assessments for the present year.

COUNTY REQUESTS CITY TO EMPLOY HEALTH OFFICER

The request of Commissioners' Court was renewed again Monday, asking that the city employ a health officer to attend to sick and indigent persons within the city limits. In speaking of the matter Tuesday County Judge Hall stated that in the past all such cases developing within the city limits had been referred to the county authorities and intimated that the county had drawn the line as to recognizing these matters in the future.

An order entered on the minutes of Commissioners' Court Monday, a copy of which was mailed to the city secretary under order of the court, corroborates the statement of the county judge. In fact the order specifies that such cases in the future will be referred back to the city for consideration. The official notice furnished the city follows: "The County Commissioners' Court of Mitchell County, Texas, in regular session at the September, 1923, term, directed the clerk to request you to appoint a city health officer and have him care for the sick and unfortunate indigent people who may become subjects of charity within the city limits. This burden has fallen upon the county long enough and in the future the county commissioners will refer all such matters to the city authorities for their consideration."

The communication was addressed to the mayor and members of the city council. It was not known Tuesday what action the city would take in the matter.

MATERIAL ON GROUND FOR ANOTHER BRICK BUILDING

Material is on the ground for a small brick structure adjoining the old Colorado National Bank building on the south. The building is being erected jointly by Maxwell & Earnest, owners of the property, and Chas. Taylor.

Hugh Smart is now head salesman at the Riordan store, taking the place of Bob Brennand, who leaves shortly for school. Mr. Riordan returned home last week from the markets and reports having bought an extra large fall stock.

POURING CONCRETE TO BE STARTED THURSDAY

The large concrete mixer and roller to be used by West Texas Construction Company in making concrete for paving base arrived Monday and has been got up on the E. M. Baldwin lots of Oak street. Sand and gravel materials are being assembled at the location and the contractor was completing preliminaries for starting actual paving Thursday afternoon.

The first car of cement for this work arrived Thursday and one additional car is scheduled to arrive every other day until 1000 barrels are on the ground. Excavations and grade work on Second street, from Lambeth's Brick gin west, were completed the first of the week.

In laying the concrete base one block will be closed at a time. All of the concrete will be mixed at present location of machine and delivered to the street in a fleet of five trucks equipped with special dump bodies. The large mixing machine will be operated with steam power.

After the concrete base is poured and allowed to properly set, the street will be opened to traffic until the crew starts over again to lay the bitulithic top. During this finishing work only one side of the street will be closed to traffic. The construction company has opened offices here in the Colorado National Bank building.

DATE TAYLOR PRELIMINARY HEARING YET TO BE SET

Date for preliminary hearing of George Taylor, negro charged with murdering in connection with the shooting to death of Tom Morrison here last May had not been set Thursday morning by County Judge J. C. Hall, pending arrival of District Attorney E. I. Hill, who is busy in district court at Big Spring.

The negro was placed under arrest Wednesday of last week at Italy by Tom Morrison, Sr., father of the slain man, and brought to Colorado and jailed. Taylor is alleged to have confessed to the killing. George Menfield, another negro, was locked up Saturday in connection with the Morrison killing. Taylor was indicted by the Mitchell county grand jury at the last term of district court here on charge of murder, and had made good his escape until apprehended by Mr. Morrison.

TEXAS & PACIFIC SAFE AT WESTBROOK CRACKED

Effecting entrance into the office at the Texas & Pacific depot at Westbrook Monday night, burglars cracked the safe and obtained loot of \$50 in cash and a few time checks which had been issued by the railroad company to employees. Office of Burton Lingo Lumber Co. at Westbrook was also entered but no damage or loss resulted there.

The burglars forced the safe through use of a sledge hammer and steel drill.

PLENTY LABORERS TO BE OBTAINED FROM EL PASO

W. A. Dulin stated Monday that he had made arrangements with an employment agency in El Paso to furnish all the cotton pickers needed for gathering the crop in Mitchell County. More laborers are available from El Paso than at any period in ten years, according to Dulin and there should be no shortage of help to gather the cotton crop here.

Farmers interested in obtaining this labor should consult with Mr. Dulin at once. He maintains an office at the Chamber of Commerce.

SMALL TOP COTTON CROP, IS PREDICTION OF DULIN

The county farm agent stated Monday that there would be a small top cotton crop this fall on account of depredations being made by worms. The pests are appearing in large number in many localities in the county, Dulin stated.

The agent estimated the cotton crop this year at 25,000 bales in Mitchell County. Acreage planted to the crop will approximate 95,000 acres, he stated.

SLOAN'S MILLER NO. ONE PUMPING 340 BARRELS

Miller No. 1 of S. A. Sloan et al is making a new record for production since being put on the pump several days ago, a fact which is causing a great deal of interest to be centered about the well by local operators. Through two-inch tubing the well is gauging 340 barrels.

Two wells were shot during the week and crews at each are cleaning out. One of these, Texas & Pacific Three of the Underwriters Producing and Refining Company, will add another producer to the field. This well was shot with 130 quarts at from 2960 to 3065 feet Friday and the showing is excellent. The other well to be given a nitro shot was Smart No. 1 of the Sloan Oil Company, a producer which had been a consistent pumper for 200 barrels daily since being brought in some time ago. The well was recently drilled a few feet deeper and shot in the Morrison sand Monday afternoon at from 2965 to 3035 feet with 130 quarts. The well should be good for at least 100 barrel increase.

O'Neal No. 1 of S. A. Sloan, et al, a test drilling just west and northwest of the Miller and Smart producers, was down 2400 feet Thursday at noon. Oil men will watch this well closely. It is generally conceded in local oil circles that producing wells this side of the O'Neal are on the eastern slope of the main pool and that wells offsetting the defined line of producers to the west will show material increase in production.

It was reported here at noon Thursday that the California Company has an excellent showing in their Miller No. 1 well at around 3000 feet. The crew moved boiler back at this test Sunday and drilling has penetrated several feet into the Morrison sand. This well is an offset to the Smart well.

Morrison No. 1 of Henry Riley and the Underwriters Company is in the Morrison sand at 2920 feet with a showing that is most encouraging. W. J. Thomson is drilling in the Morrison sand at 3012 feet in his Badgett No. 1. Morrison No. 4 of the Underwriters Company is drilling at 2500 feet.

SOLVING FINANCE PROBLEM JOB FOR COMMISSIONERS

Solving the finance problem of Mitchell County is presenting a huge task to Commissioners' Court at the present and much of the business discussed during the opening hours of the September term of court Monday morning was given to this matter. That Mitchell County must practice strict economy in every department of its affairs was stressed by members of the court.

Reason for the county treasury facing a deficit is attributed to the fact that during the past two years the road and bridge fund has suffered losses totaling several thousand dollars from damage to roads and bridges during heavy rain storms. In several instances bridges costing from a few hundred to a few thousand dollars were carried away by flood waters. This emergency had to be met with funds out of the regular fund, which heretofore had been used exclusively for maintenance and new road and bridge construction in a small way.

During a period of one year the county estimated that this damage to road and bridge property totaled \$40,000. In addition to meeting this emergency the county has financed its proportional share of the expense in constructing the new bridge across the Colorado river and Lone Wolf Creek without issuance of any bonds.

COUNTY REQUESTS CITY TO CONSTRUCT WALK ON BRIDGE

Commissioners' Court will replace the floor in the South Colorado bridge, according to provisions of an order passed Monday. The work, however, will probably not be done until later in the year when there is not such heavy traffic in moving the cotton crop. Judge Hall stated Tuesday morning.

In speaking of the request of Southside citizens for a foot walk on this bridge, Hall stated that the county would request the city to construct this proposed improvement. R. B. Terrell and other citizens of South Colorado have petitioned that the walk be built, citing the fact that the crossing in its present condition is dangerous to pedestrians, especially school children.

The request of these citizens was also presented to the city council Monday afternoon and the city directed F. F. Dubose, engineer, to investigate the matter and file estimate of cost. The city, however, is understood as desiring to co-operate with the county in building the proposed walk, the council, according to the city secretary, assuming the position that the work should be financed by the county.

Commissioners' Court, which was convened Monday morning, completed its routine work for the term and was recessed indefinitely pending arrival of David S. Castle, architect, who is at the present drafting plans for furnishing the court house. The commissioners will reconvene and confer with Castle upon call of the county judge.

ADVICE TO ELOPERS

If you must elope, don't lose your marriage license! That is the predicament in which T. Roy Barnes and Lila Lee find themselves in the new Paramount comedy, "Is Matrimony a Failure?" which is to be shown at the Palace Theatre September 20th and 21st. After successfully eluding their pursuers and making their way to a mountain resort to spend a blissful honeymoon, the lovers are refused admittance by the Puritanical proprietor, who has been wired by a disappointed rival that the couple are not married. The bride searches for the marriage license, but it has been lost en route. This leads up to a series of laugh-provoking situations, which are enacted by a cast of notables. James Cruze was the megaphone artist.

COTTON PICKERS AVAILABLE THROUGH FT. WORTH OFFICE

Information comes to the Chamber of Commerce that Mr. C. W. Woodman, superintendent of the U. S. Farm Labor Bureau, with headquarters in Fort Worth, feels sure there will be 2500 to 3000 cotton pickers, now working within a radius of 125 miles of Fort Worth, who will be available for West Texas within two to three weeks.

Further information is given that fully 1500 more will be available for this same section within three to four weeks.

Mr. Woodman is anxious to have information as to what price per 100 pounds will be paid cotton pickers, whether transportation would be advanced, approximately how many families will be needed, and also arrangements to take care of as many single hands as possible. Other information will be helpful as to whether single hands or families are desired and provisions for taking care of either class.

Interested parties are requested to communicate directly with Mr. Woodman's office in the Chamber of Commerce building, Fort Worth.

We have made arrangements for an educational picture each Wednesday night, and will do our best to furnish a class of entertainment on that occasion which will be especially beneficial and entertaining to the school children.

To all school children let us suggest that you devote all the time necessary to master your studies before giving the Picture Show or any other amusement any consideration whatever. Make the most of this school year. Show your parents and teachers how you appreciate their sacrifice and effort on your behalf by being diligent to the work you have undertaken. Personally I do not want or expect your patronage at our show when it interferes with your school work. At all other times you will be most welcome.

FIRST NEWS FROM DuBOSE IS RECEIVED HERE SUNDAY

The first news of Clarence DuBose, United Press staff correspondent at Tokio, Japan, brother of F. F. DuBose, of Colorado, was received here Sunday in the form of a press dispatch from Tokio Saturday. Mr. DuBose was reported missing following the earthquake and a

few days his brother here was uneasy as to his safety. The dispatch, dated at Tokio Saturday, follows:

The earthquake last Saturday was a dying convulsion of the volcano Oshima, lying off the coast of Japan, near Yokohama.

The volcano, simultaneously with the earthquake, erupted, spreading destruction over the picturesque slopes of the Yokohama vicinity.

From the spot where the volcano stood, after it had erupted and sank into the sea, carrying the inhabitants of the slopes with it, a great tidal wave rushed upon the Japanese coast southward from Tokio to Yokohama and the great industrial region of all Japan was devastated.

The damaged territory extends a hundred miles south of this city. Broken communication facilities make it impossible to determine as yet the full extent of damage in these regions.

ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

HUDSON-ESSEX ORGANIZATION HOLDS ENDURANCE RECORDS

All leading records for climbing Pikes Peak are now held by the Hudson-Essex organization. The fastest time ever made over the historic course was scored by a Hudson Super Six in 1916, and Hudson-Essex latest victory was just accomplished by an Essex Special driven by Glenn Shultz. A report on these records has just been received from the factory by O. B. Price, local Hudson-Essex distributor.

WITH THE CHURCHES

SUNDAY WITH THE BAPTISTS

You are invited to come and worship with us next Sunday.
THE PASTOR.

Why You Should Attend At the Baptist Church

We offer you the following reasons why we think you should attend this church:

1. The pastor and all the members who attend, want you there every Sunday.
2. There is always a warm, soulful, happy welcome awaiting all who are with us.
3. The music is soulful and can be enjoyed by all. Special music by experts. We believe if you come once and listen to the music you will want to come again. We have as good a soloist as you will find in all this section.
4. The spiritual atmosphere is helpful to those who needed help in spiritual matters. The soul does need food and here is the place to come for help.
5. The membership is charitable and liberal toward all who are distressed in any way. If you are seeking comfort come and be with us.
6. We need your presence to inspire us in the work. Your presence always helps the pastor and those who are trying to do things for God and folks.
7. The pastor does the best preaching he can and wants your presence to encourage him to do better preaching.
8. We are struggling to build a church that will reach the people as they come to our town and we want you to get the habit of attending so you can help the others to get it, too.
9. The Bible demands that you forsake not the assembling of your selves together as the manner of some. That means you should at least take our church into consideration and come and give us a chance at you.
10. We stand for a high order of living and are against that which hurts the moral side of life. So come next Sunday and worship with us.

THE PASTOR.

Methodist Church

Our meeting did good and we have some new members to receive. This we will attend to Sunday.

Our Sunday school promptly at 9:45 a. m. Be on time. Be prepared to take part in all the work. We will begin our second Training class the first Sunday in October. This is to be a live one. We are going to try for one hundred per cent efficiency. The first Sunday in October is to be our rally day.

Preaching at 11 a. m. and 7:45 p. m. Sunday morning I shall preach on Man's Incompleteness and how and where he is to be made complete. What is your notion of completeness? Hear this next Sunday and see if you agree.

Sunday evening I will speak on Three of the most notorious bad bargains known to us in history. Hear this one and see if you are making bad bargains out of your life's opportunity. All are most cordially invited to our services. Come, Come, Come.

SPOT CASH GROCERY ANNOUNCES BIG GROCERY SALE

Something unique and a little out of the ordinary is announced this week in The Record by the Colorado Spot Cash Grocery. This concern announces a real grocery sale, which is commemorating the second anniversary of their business in Colorado. The anniversary sale put on by this popular store last year was a huge success, but H. D. Beakley, the manager, states that the present sale will outstrip the former one in the offering of real grocery values and coming at the beginning of the rush season, he believes that many people will buy an entire fall's supply at these prices.

Community Fairs

The different communities over the county are holding their fairs preparatory to a booth at the county fair September 20, 21 and 22.

The Pioneer Club was the first and the exhibit was a credit to any community. The agricultural products were simply fine, the needle work beautiful and the canned goods not only pleasing to the eye but will be to the taste of hungry school youngsters later on. The girls exhibit of canned goods and clothing would have done credit to larger and more experienced girls. The boys are aspiring to a club next year and at the rate of improvement made in this community the past year it will be a good one. The articles were displayed at the Valley View school house and the citizens made an all-day affair of it. There were about twenty men present besides the women and children. One leading citizen said it would be a pleasure this year to have part in the exhibit whereas last year it was mostly left with the women. They will have a fine booth.

After dinner Miss Laceywell, county home demonstration agent, Mr. Dulin, county agent, Mrs. A. L. Whipkey, county chairman of women's work for the fair and Mr. Mahon made talks.

The other communities are having their exhibits as rapidly as Mr. Dulin and Miss Laceywell can assist them.

Misses Gertrude and Caroline Chambers left Saturday night for Dallas where they will teach in the public school.

Mrs. D. L. Phillips has returned from her visit with her mother, Mrs. Gray in California.

"LET'S MAKE IT A BIG FAIR."

"Let's make it a big fair," is the slogan of the fair association in advertising the Second Annual Mitchell County Fair, to open here Thursday for three days. And this slogan has been taken up by people from every part of Mitchell County as their slogan. Business men, farmers and others in every town and community of the county are working in a co-operative way to make the whole show a credit to themselves and truly an index of the progressive thought so prevalent among the people.

The fair will be a big fair and a successful fair. Material improvement has been made in every department since last year. The showings in the agricultural, livestock, swine, culinary, fine arts and other departments will far surpass those of a year ago and the entertainment program is the largest and best ever billed for any event in this county. People of Mitchell County, it is up to you to boost attendance and interest to the highest point possible. "Let's make it a big fair."

FLOWERS FOR THE LIVING

The American Red Cross has completed its task at disaster relief and rehabilitation work among the storm sufferers in Mitchell county and Henry M. Baker, director, disaster relief work, and Ms. J. L. Mitchell, in charge of the local office, together with their corps of assistants have left the city. Much praise has been expressed for the work these people did here and we know they merited every good word spoken in their behalf.

However, officials of the Ameri-

can Red Cross who came to Colorado under orders of the Southwestern offices at Saint Louis are not entitled to all the praise. There are a number of citizens of Mitchell County who worked hard and long in company with these officials in the determination to relieve suffering and restore the devastated country to its former state. Among these might be mentioned J. H. Greene, chairman of the county chapter, who placed at the disposal of the Red Cross officials his automobile for service at all times, and Greene paid the gas and upkeep bills out of his own pocket, receiving in turn not one penny. Judge R. H. Looney, the local physicians and scores of business men and farmers are also entitled to special mention for the unselfish spirit shown during the whole program. The list of these benefactors would be too lengthy to publish, but the citizenship of the city and county know them and appreciate every good act they did.

COTTON FIELDS CALLING LABORERS FROM COLORADO

The lure of the cotton field as one of the best places to roll up attractive wage earnings is having its effect on building contractors in Colorado. Especially is this condition true in its effect upon J. H. Reddick, contractor building the court house, and the West Texas Electric Company. Each of these contractors have posted increases in wage scales, but to apparently no good effect, as laborers are leaving the city every day to find employment in the country.

The cotton is unusually good and farmers are offering a price of \$1 per hundred for picking. This combination, which is indeed attractive to labor, is further augmented by favorable weather conditions which have prevailed during the past several days.

The foreman on the court house job stated Monday that he only had three laborers on the job and that during the last few days of last week was forced to use carpenters in running concrete into the forms. The local manager, West Texas Electric Company walked the streets Monday and Tuesday in quest of laborers but to no avail. He stated Tuesday that he was offering a wage scale of 45 cents per hour for six men for a job lasting six weeks.

"O, THEM GOOD OLD DAYS"

Bill Kellis of the Sterling City News-Record has a hard time. Quite a number of the citizens voted against the school bond and each week Bill gives them a dig. Last week he had the following:

O, them good old times. Don't you wish you could call back them good old days before some gink invented screen doors and windows? In them goo old ays we fit flies in the daytime and mosquitoes at night and when we didn't have chills, we were trying to wear out a spell of slow fever.

In them good old times when a fellow had cramp colic, they called it cramp colic, and not appendicitis, and instead of spending a lot of money on these new fangled doctors to cut on him with a knife, we saved all that money for funeral expenses.

In them good old days we measured a man's wisdom by the length of his whiskers and a preacher by the length of his sermon. Them were the days that made life worth living. We doted on our one-eyed mules and scooter plows and cut our grain with cradles and went to church on Sunday in an ox wagon. O, but we had a time when we switched on the light of the tallow candle and cut the pidgeon wing at Christmas and went home with the girls in the morning.

O, friend Whiskers, don't you remember when our taxes were low and the preacher preached for nothing? In them days, there were no road taxes to pay, no school taxes to bother, no telephone tolls to dig up, no Fords to pester with no daily papers to spend our nickles for, no phonographs to fool with, no movies to soak up our bank accounts and the men who told of seeing ice in

summer was a monumental liar. Yes, friend Whiskers, didn't we have glorious schools in them good old days? Don't you remember, Whiskers, the log house on the dirt floor, the gourd dipper and the old oaken barrel, the iron bound barrel, the dirt covered barrel that stood in the sun? Wasn't them glorious days Whiskers, when school began just after fodder pullin' time and ended at tater diggin' time? When we walked thru three miles of ticks to get there and the teacher licked us because we were late?

In them good old days, Whiskers, there wasn't any of these new fangled school houses with their fine-haired desks, blackboards, maps, charts, globes, laboratories and all this fol de rol. No sir, our school house was built of logs and our floors were of dirt. Our sats were made of split logs and we warmed by the fire in the fireplace—two of us at a time. We didn't spend money in them good old times for sanitary drinking fountains like they do now, but we all drank out of the same gourd. And then friend Whiskers, when we got as far as "Baker" in the Blue Back spelling book, we were dicknailing good spellers and when we finished in the

"double rule of three" we were graduates. Those were wonderful times, Whiskers, but them good old times is gone forever. Whiskers, sometimes I get to wondering if them good old times were not the cause of you and I being so darned ignorant and so cussid trifling that we don't want anybody else to know any more than we learned in them good old times.

O, them good old times! They are gone forever!

Darkness dense enough to make lights necessary for the continuation of the stores accompanied the eclipse of the sun here Monday. The eclipse as viewed from here was not total. Some with keen eyesights were able to view the planet venus during the eclipse. Best views were obtained however through smoked glasses, large enough to cover both eyes, and many were seen on the streets and at their homes viewing the eclipse which passed over on schedule time.

The young peoples' missionary society held their district meeting at Hamlin, Friday those attending from here were Rev. and Mrs. H. W. Reagan County Oil News.

The first off-set to the discovery well will not be cored for potash tests, according to Carl G. Cromwell, driller for the Texon Oil & Land Company, who was here yesterday. It is now down around 1400 feet, Mr. Cromwell stated.

Both boilers are in shape now and it is expected to go down at a rapid pace from now on.

The third well, 800 feet due north of the Santa Rita, has not been spudded yet, but is expected to commence about the middle of next week.—Big Lake News.

Mau Killed by Lightning.

During the showers and electrical storm last Friday evening a Mexican man was killed by lightning near latan. The family was in a wagon drawn by three burros hitched abreast when a bolt of lightning struck the middle burro, killing it instantly, then jumping to the wagon killed the man who was seated in the rear of the wagon. A woman and several children who were also in the wagon escaped injury.—Big Spring Herald.

ADVISORY COMMITTEE THANKS RED CROSS FOR WORK DONE

At the final meeting of the advisory committee of the Mitchell County Disaster Relief Area of the American Red Cross, the following resolution was unanimously adopted:

Be it resolved by the advisory committee of the Mitchell County Disaster Relief Area of the American Red Cross, that, in behalf of the citizens of Mitchell County, Texas, that the heartfelt thanks of the people of Mitchell County are hereby extended to the American Red Cross for the relief and assistance extended by the Red Cross to our people after the disaster of May 14th, 1923, for their efficient manner in handling the relief work, which was done in a manner satisfactory to all, and which could not have been handled by our own people without the assistance of the Red Cross.

Be it further resolved that the Committee further express its thanks and appreciation for the untiring efforts, skill, efficiency, sympathy and understanding displayed in the handling of the cases by the relief workers of the American Red Cross, particularly Mr. Baker, the director, Mrs. Ellis and Mrs. Mitchell the case workers, Miss Kennedy, the superintendent of nursing and Mr. Richmond, the accountant, all of whom combined to aid in the labor of relief and reconstruction, and for whose efforts in our behalf and in that of the sufferers in the disaster, we are deeply grateful.

Be it further resolved that the committee specially express to Mrs. J. L. Mitchell, the relief worker who worked with us to the end of the relief work here, our appreciation for her untiring patience, unflinching good-humor, kindness and deep understanding and sympathy for and with the sufferers, and state that it has been a pleasure on the part of the committee to be associated with Mrs. Mitchell and that she will always be gratefully remembered by the people of Mitchell County for her work in their behalf, and by the members of the committee for her counsel and assistance in the difficult task of equitably handling this work.

Be it further resolved, that a copy of this resolution be printed in the Colorado Record, a copy be furnished to the Southwestern Division of the American Red Cross, and that a copy be spread upon the minutes of this committee.

Howard County District Court.

District Judge W. P. Leslie and District Attorney E. I. Hill were here Monday to open the regular term of District Court.

The grand jury was impaneled with W. G. Taylor of Coahoma, as foreman, and after the charge delivered by Judge Leslie they immediately began upon their duties. That they are working faithfully and diligently is evidenced by the fact that they returned twelve indictments for felonies Tuesday and have been meeting regularly each day this week, and will continue in session indefinitely.—Big Spring Herald.

NOTICE TO SCHOOL PATRONS

I have opened a lunch and confectionery stand on the Reid block adjoining the school grounds and am prepared to serve your children with nice hot lunches and sandwiches during the day. Everything strictly sanitary and clean and prepared in the best of sanitary manner. I invite each member of the faculty to inspect these lunches and ask that the members of the parent-teachers association support this effort to provide hot lunches and sanitary food for the kiddies at a very reasonable price. I will serve only foods that are best for children and will keep a nice line of candies, fruits and confections, as well as a few groceries and school supplies. Open at all hours. Why not give the children a dime or 15c to buy a nice hot lunch instead of bringing a cold one from home. Also have the children to avoid the danger of going to town and buy their needs here. I am here to serve them, especially.—H. J. REVEL.

PORTER ENTERTAINS LIONS WITH HUMOROUS SELECTIONS

Raybon Porter of Dallas, evangelistic singer here last week for the Methodist revival, entertained members of the Lions Club Friday with a program of humorous vocal selections. The Lions appreciated the renditions so well that the singer was called back for the third time.

Other guests introduced Friday were Oscar Majors and Rev. W. M. Elliott of Colorado and Jimmie Charlton of Sweetwater, each of whom addressed the meeting. In introducing Mr. Majors, Col. C. M. Adams, president, stated he trusted the guest would soon become affiliated with the club.

A burst of laughter was occasioned when a sharp tilt arose between Col. Adams and J. H. Greene, tall twister, over the constitutionality of assessment and collection of fines. Greene appealed to First Vice President E. H. Winn for recognition and failing to obtain the floor finally withdrew at demand of the president. Greene charged that since the constitution gave authority to no one except the tall twister to assess and collect fines, the president had gone beyond his authority on the Friday previous when he tacked a fine of \$4.00 each on Joe H. Smoot and Chas. Farris for alleged insubordination.

Interest continues in the contest between teams selected from among the membership. The contest will close Friday, September 28 and the losing sides to entertain the club and their wives and lady friends with a banquet. The team headed by A. B. Blanks is slightly in the lead.

OFF TO COLLEGE

About twenty-five of Colorado's young people have left, or will soon be leaving for various colleges over the country. Texas University will claim seven of them, while Texas A. & M. ranks second with four. Over half of the number will be freshmen this year.

Douglas McMurry will leave the latter part of the month for Vanderbilt University, Nashville, Tennessee, where he will complete his work in dentistry.

Miss Alma Phillips will attend state University where she is majoring in Home Economics.

Miss Emily Dulaney is to be a student at Simmons for the coming session.

Marion Elliott will be a junior at Park College, Kansas City.

Edgar Holt will leave Saturday to study textile engineering at Texas A. & M.

Miss Virgie Powell is to be the only Colorado co-ed at Texas Christian University, Ft. Worth.

Lee Jones, Jr., will leave Saturday for Stephenville where he is a junior this year at John Tarleton.

Jake Richardson is visiting in Dallas for several days before going to Texas U. at Austin.

Richard Pearson, last year's honor graduate of Colorado High school, is to be a student at Texas A. & M.

Miss Scottie Mae Hines will again attend Texas University.

Blandford Harness, while living in Polytechnic, will study at Texas Christian University at Ft. Worth.

Miss Lillie Maud Morrow has registered in Abilene at the National Business College.

Charles Bishop, who formerly attended Simmons, will this year enter the law school at Texas University.

Elma Cook will have the experience this winter of being a "fish" at Texas A. & M.

Miss Annie Mary Lupton will leave soon for rush week at Texas University. She will be a junior at that institution.

Paul Lewis will attend Southwestern University.

Ed Jones, Jr., left Tuesday night for T. C. U., Ft. Worth.

Miss Lillian Dorn will study art at S. M. U., Dallas, next session.

Maxwell Thomas has completed his pre-medical course at Texas U., and will go to the medical branch at Galveston this year.

Robert Brennan will leave Saturday for Texas A. & M.

Lynton Gaskins, a last year's graduate of Colorado High school and also salutatorian, will start pre-medical work at Texas U.

Miss Thelma Mann will again attend the Denton Normal.

Miss Fannie Bess Earnest matriculated Tuesday at Texas Woman's College, Ft. Worth, where she will be a freshman.

Miss Teila Cook will be a student at Simmons College this session.

Landon Dorn will return to John Tarleton.

Juanita Cook will go to Simmons.

Clara Shumaker will attend Simmons College this year also.

Dick Delaney will be at Texas A. & M.

500 COTTON PICKERS ARRIVE AT COLORADO

W. A. Dulin, county farm agent, stated Thursday morning that 500 cotton pickers had arrived here during the past few days and that others were to arrive the first of next week. "We expect to have no shortage in this labor here," Dulin stated.

Most of the pickers are being brought from El Paso and are Mexican. The Texas & Pacific railway is co-operating in bringing pickers into counties along its lines, Dulin stated.

WESTBROOK ITEMS

E. C. Airheart and brother B. F. Airheart were called to Clifton, Arizona Friday to the bedside of their brother, Edgar, who is quite ill and will have to undergo an operation.

Maurice Branson left Monday for El Paso on a visit to his sister, Mrs. J. D. Young.

Monday night burglars entered the T. & P. station and with the use of a sledge hammer and drill gained entrance to the safe and took \$50 in money and several checks. On the same night they broke into Burton-Lingo Co. office and tampered with the safe but failed to get in. In H. H. Armstrong shop they took the sledge hammer and drill bit. In Ramsey & Leach's store they broke the glass from the windows but on account of iron bars across the windows they failed to get in. Westbrook is small and it surely hurts to be stepped on so hard.

Johnie Gressett has been quite sick for several days we hope to hear of his recovery soon.

Cotton is beginning to come in steady now, and both gins will soon be running both day and night. To date the Lambeth gin has ginned 80 bales and the Guita gin 27. Total 107.

C. G. Gressett, one of Westbrook's great base ball players, came in from Marlin Sunday, his League having disbanded for the season. Mr. Gressett will spend the winter here.

Mr. and Mrs. M. B. King of Mullin are visiting their brother, A. F. King and wife this week.

E. V. Ellis left last week for Cisco to spend his vacation. Mr. Tate of Snyder is relieving him.

Mrs. J. M. Mitchell returned from Weatherford Monday, where she had been visiting her children who are attending school there.

R. L. Stegers left the last of the week for Sweetwater where he has accepted a position in a meat market. Mrs. Stegers will follow later.

Milt McDaniel and Nephew, Fowler, were in Wednesday from the McDaniel ranch attending to business and looking for cotton pickers.

LONGFELLOW

Everybody seems to be enjoying these hot days as nearly everyone is drawing a cotton sack.

We surely are growing in our Sunday school. Have changed the time from morning until 3:00 o'clock in the afternoon. Don't forget the time. Last Sunday new officers and teachers were elected. J. H. Westbrook, superintendent, C. H. Hudson, assistant and Miss Annye Scott secretary and treasurer. Teachers were appointed and voted on by each class individually.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter. . . consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain. "In two or three weeks, I found I could go back to eating, I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer. Have you tried Theford's Black-Draught? If not, do so today. Over 8 million packages sold, a year. All dealers."

Longfellow is preparing to fill a large booth at the fair next week, every one seems to be interested and wants to make it better than it was last year.

Miss Onida Swan of China Grove was visiting Miss Eva Smith Saturday night and Sunday.

Miss Wilma Williams returned to her home at Lamesa Friday. She came down here to have her tonsils removed and has been under treatment by Doctor Root for several weeks.

Miss Gladys Bradham spent Sunday with Miss Connie Felt.

Miss Dottie Burman returned from San Angelo Saturday where she has been visiting relatives and friends.

T. H. Westbrook entertained the young folks with a play party Saturday night.

Paul Burman and Miss Ola Westbrook motored to Sweetwater last Wednesday night to attend the carnival.

Mr. Hinton from East Texas is visiting his son and daughter-in-law, Mr. and Mrs. Lelan Hinton.

We are planning on having a large literary school this winter and expect to start it a little earlier than usual. Mrs. Bennett of Lorraine is principal and Miss Myrtle Newton also of Lorraine assistant.

FAVORITES AT PALACE

Lila Lee and Lois Wilson, two of the most prominent screen leading women, again do excellent team work in the cast of "Is Matrimony a Failure?" a new Paramount special comedy directed by James Cruze, showing next Thursday and Friday at the Palace Theatre. Misses Lee and Wilson have each played many notable leads, opposite Paramount stars, such as Wallace Reid, Thomas Meighan, Jack Holt and others, and have appeared to advantage in several all-star productions of Cecil B. DeMille, William de Mille and other producers. This is not the first time that the two leading women have worked together in the same picture. They will be recalled as the two wives in William de Mille's production, "Midsummer Madness."

"Fatty" Heirs in Comedy.

Walter Heirs, the fat character comedian, who has been seen in Realart Pictures for several months, playing leads with Wanda Hawley, Bebe Daniels and other stars, is again to be seen in a Paramount Picture. Mr. Heirs plays the part of

Jack Hoyt in "Is Matrimony a Failure?" which will be presented at the Palace Theatre next Thursday and Friday and adds greatly to the mirth therein distributed by the all-star cast of sixteen well-known players. This new picture is a Paramount special comedy.

IN SOCIETY AND AT THE CLUBS

The Pioneers
The Pioneers and the girls club met at Valley View school house on September 5th for their community exhibit. It was in every way, a great success. There was one very noticeable difference in the exhibit of last year and the exhibit of this year.

Last year not one man attended the exhibit unless he did so accidentally and I'm not sure he did so even in that way. This year, many of the men, the heads of families together with their wives, daughters and sons came and several of them brought fine specimens of their agricultural products. This last is another thing in which they failed a year ago. The girls club had eight complete exhibits. This included both sewing and canned products. This work was done under the supervision of Miss Laceywell and it showed both painstaking care and serious thought. One woman was heard to say, she was glad she didn't have to compete with the girls in sewing. A picnic dinner at noon showed the ladies had not put all they had raised into tin cans. In the afternoon talks were made by Miss Laceywell, Mr. Dulin, Hermon Mahon and Mrs. Whipkey. The house was crowded and it was warm still the very best of attention was given these talks which were both interesting and instructive. After listening to the speakers "The Pioneers" decided if it were not for the Thrift Club, The Helpful Helpers and the Laceywell, they would be sure to win a prize when they go to Colorado for the fair.—Reporter.

Auxiliary to Legion
The Auxiliary to the American Legion met with Mrs. Tom Hughes last Saturday. Besides the usual business plans were made to have a decorated car in the parade at the fair. Mrs. Hughes, Mrs. Lister Ratliff, Mrs. Goldman and Mrs. Chas. Pritchett were asked to decorate the car. Six dollars was reported from the "Tacky party" given at Mrs. Chester Jones' recently. This will be applied on the Queen's contest. Miss Hazel Costin is the one selected from the Auxiliary. Splendid reports were given by those who attended the convention at Galveston. Mrs. Jim Dobbs told of the convention, Mrs. Roy Dozier told of the work and needs at Kerrville. The auxiliary will undertake to send some layettes, bed linen and clothing as the needs of those who served us are great. Mrs. Hughes told of her impressions at the convention. Mrs. Dobbs was chosen district representative of this district at the Galveston meeting. Mrs. Dozier was elected a delegate to the National Convention which meets in San Francisco in November. The hostess served a salad, potato chips, olives, sandwiches and iced tea. The next meeting will be with Mrs. Schroeder.

Colorado Honored
At the all-day meeting of the M. E. young people held at Hamlin last Thursday Colorado was well represented. Those attending were Mesdames J. G. Merritt, Boyd Dozier, J. B. Dobbs, A. P. Baker and Miss Byrdie Womack. Mrs. Dozier was elected vice president and Mrs. Dobbs superintendent of supplies for the district. Mrs. Merritt talked to the young people on social service.

Auxiliary to C. W. B. M.
Mrs. Ed Jones was hostess for the Auxiliary to C. W. B. M. Monday afternoon. Mrs. Broaddus led the program on prayer. Mrs. Venable gave a paper on "The Privilege of Prayer. Mrs. Carey one on Prayer in the Work of the Church."
Mrs. U. G. Hardison was received as a new member. Mrs. Sparks was a guest. The hostess served veal loaf, hot rolls, angel food cake and iced tea. The next meeting will be with Mrs. Carey.

Progressive 42
The Parent Teacher Association will give a progressive 42 party on the lawn of Mr. and Mrs. R. N. Gary Friday evening from 8 to 10:30 o'clock. Everybody is most cordially invited. The price for the evening will be thirty-five cents. All the proceeds will go on the play ground equipment fund. Refreshments will be served.

Reception for Teachers
"Twas a beautiful spirit of loyalty, hospitality and co-operation expressed by the Parent-Teacher Association when a reception was given for the teachers of the public schools last Saturday afternoon on the lawn of Mr. and Mrs. Jack Smith. Mrs. Smith, president of the association introduced the guests to the teachers and members of the association helped to see that all had a

pleasant time. An informal program of readings and vocal solos were given by Misses Mary Broaddus, Mary Lee Crowder and Mrs. Will Dorn, members of the senior class. A dance, the recognition of Mexico was given by little Miss Allene Carcy in costume. Iced punch was served by the young ladies of the Senior class to more than seventy five guests.

Missionary Society
The Young People's Missionary Society met last Tuesday with Miss Hazel Costin. The lesson was from the Missionary Voice led by Mrs. Jim Dobbs. Miss Bertie gave an interesting report of her trip to Hamlin last Friday. The hostess served sandwiches, olives, cake and iced tea. The next meeting will be with Miss Jewell Chesney.

Will Pack a Box
The Baptist women will pack a box for Buckner Orphans Home next Monday afternoon. The box will be held open till Tuesday so that all may be accommodated. Either new or old garments will be appreciated. The friends of the home are solicited to have a part in this good work.

Monday and Tuesday afternoons the women met at the church and quilted seven nice new warm quilts. Mrs. C. H. Earnest and Mrs. Maule gave valuable assistance. Mrs. M. C. Ratliff, Mrs. W. R. Morgan and Mrs. O. C. Lambeth were unable to attend but sent ice cold Chero-Cola and little cakes which were very much appreciated.

Central Circle Meets
The Central Circle of the Methodist church met in the basement of the church Monday with Mrs. Sam Wulfjen hostess. After the usual business the following officers were elected: Mrs. Sam Wulfjen, chairman; Mrs. Tom Stonerod, vice chairman; Mrs. W. P. Leslie, secretary; Mrs. Boyd Dozier, treasurer. The hostess assisted by her sister, Mrs. Lem Shelton, served ice cream and cake. The next meeting will be with Mrs. Arnett.

County Federation
The Mitchell County Federation of Women's Clubs met at the Baptist church Tuesday afternoon. The time was spent discussing and planning for the Fair which meets the 20, 21 and 22 of this month.

Nearly all of the rural clubs are planning for a booth at the Fair. One new club was admitted, the Laceywell club of Lorraine and will have its community Fair Saturday and have a booth at the county fair. Plans were perfected for the Health clinic which will be held at the court house during the fair. Mrs. L. W. Sandusky is chairman of this committee and is planning to be of service to the people all over the county. All children from six months to seven years are eligible and it is entirely free.

The Federation will give a reception to the visiting women on the lawn of Mr. and Mrs. J. R. Shepperd on Friday from four to six o'clock.

The hostess for that occasion will be Mrs. F. E. Whipkey, chairman; Mesdames Broaddus, Tom Stonerod, A. B. Blanks, Ross Dixon, F. F. DuBose, D. N. Arnett, U. D. Wulfjen, W. M. Elliott, Charlie Thompson, Miss Dry, Mrs. W. R. Martin, Mrs. T. R. Bennett and Miss Brown of Lorraine and Mrs. W. W. Simpson of Cuthbert.

Mrs. Arnett was appointed to have charge of the Model Kitchen to be shown at the Fair. In order to increase the exchequer of the organization it was decided to make the first day of the fair "tag day." The committee in charge of that is Mesdames Ed Jones, Boyd Dozier, A. H. Dolman, Jeff Dobbs, H. P. Slagel, Ross Dixon, Charles Pritchett, Lister Ratliff, Jule Henderson, Harrell, Clyde Smith and Howard Rogers.

A plea is made to the friends of the federation that they feel it an honor to wear a "tag" of the federation and respond with a silver offering if they do all the clouds of the future for the organization will wear a silver lining. Please respond to this entreaty.

The next meeting will be held at the Methodist Sunday school rooms October 9th, at which the new officers will take charge.

U. D. C. Meeting.
The regular meeting of the U. D. C. will be at the residence of the president, Mrs. Gary, on Tuesday, Sept. 18, at 4 o'clock. All members be present as officers will be elected for the coming year.

Priscilla Club
Mrs. Barcroft entertained the Priscilla Club last week. After a time spent with the needle and pleasant conversation a musical treat was given. Mr. Raben Porter gave vocal solos accompanied by Mr. Dawes. The hostess served tea, and ice box pudding with whipped cream.

WOMEN TO COMPETE WITH MEN AT FIRST METHODIST

Announcement of a membership drive for the First Methodist Sunday school was announced Sunday morning. The drive will last two weeks. The first Sunday during the drive men will have charge of every department of the Sunday school, doing all the official work, singing, etc. The following Sunday entire operation of the school will be directed by the ladies.

The fact that not more than fifty per cent of the church membership is attending Sunday school regularly was deplored in an address delivered Sunday by the pastor. Beginning next Sunday and continuing for several weeks, special vocal and musical programs are to be rendered during the Sunday school period by classes. Sunday a quartet selected from the young people's class taught by E. H. Winn, will sing.

PLAINVIEW NEWS.

Since Plainview's citizenship is of the highest type its moral and religious atmosphere second to none, we

take pleasure in reminding readers of the Record that we are still on the map.

A people among whom any one would like to live and among whom the blessing of social equality can be enjoyed.

The worms are feasting on our cotton but we are not complaining. There are so many good things coming our way. We expect some of life's road to be rocky anyway.

There is more cotton open than we can get help to gather. We'll just be patient, help will come our way by and by.

Mr. W. H. Franklin a pillar in Plainview's social and religious circles, is on the puny list this week.

Mrs. John Daugherty and wife, have just returned from Midland where they visited relatives and friends. They report crops in that vicinity good.

Rev. M. E. Davis and family of Hot Springs, Ark., are in our community.

Rev. Davis is a minister of many years experience and is a representative of the Christian church. Those

interested and needing his services may address him at Colorado.

L. J. Howell a prosperous farmer in our vicinity is installing a pumping plant on his farm. This pump will lift the water from two adjacent wells. This water will be piped to a concrete tank of sufficient dimensions for a swimming and bathing pool.

Mr. Howell says it will furnish an excellent baptismal fount. A convenience which is very much needed in our neighborhood.

Leonard Henderson who is a leader in our social circles, especially in our musical exercises, was seen passing a neighbor's house the other day. The general opinion was that he was on his way to Mr. Howell's. We don't know.

Miss Howell gave the young folks an entertainment the other night. The attendance was heavy, the time spent in both vocal and instrumental music. Those present report having enjoyed themselves to the fullest extent.

Sunday school every Sunday at 10:30 a. m. B. Y. P. U. at 7:30 p. m. Preaching 2nd Sunday in each month.—Cor.

NOLAN CITIZENS PETITION GOOD ROAD BOND ELECTION

Voting unanimously in favor of adopting the report of road engineers calling for a bond issue of \$600,000, to be matched by an appropriation of \$800,000 from the state and federal governments for the purpose of hard surfacing 75 miles of Nolan County highways, which in turn will release all of the county money for building lateral roads, more than 75 men from all parts of the county met at the Hotel Wright Monday night and formed a petition to the Commissioners' Court to call a special election as soon as possible.

Precinct chairman were then appointed to canvass the entire county to secure siners to the petition to the Commissioners' Court. These petitions are returnable Monday, September 17.—Sweetwater Reporter.

Mrs. E. W. Bounds returned to her home at Ft. Worth Sunday after a visit with her daughter, Mrs. Jack Smith. Her daughter, Miss Jane, who was with her, has accepted a position as chemistry teacher in the public school here.

STATE ENGINEERING DEPT. TO SEND MAN TO SNYDER

A man from the State Engineering department at Austin will be in Snyder soon, according to E. J. Anderson, secretary of the Chamber of Commerce.

The engineering department will send this man for the purpose of going over the Colorado irrigation project with a view of determining whether or not an irrigation project would be possible at this point on the Colorado river.

If we remember correctly it was three or four years ago when a corps of engineers went over this point on the Colorado river and pronounced it an exceptional place for an irrigation project.—Snyder Signal.

TRANSCONTINENTAL HIKER HERE FROM ATLANTA

Eddie Castle of Miami, Fla., transcontinental hiker representing the Atlanta Chamber of Commerce, spent Tuesday night in Colorado. Castle stated that cotton crop conditions in the States of Alabama and Mississippi were very poor on account of depredations by leaf worm. The best roads found on the trip are in Texas, he said. Castle left Wednesday morning for El Paso. From there he will continue his hike to the Pacific Coast.

REV. FOOTE LEAVES TO ENTER S. M. U. AT DALLAS

Rev. Gaston Foote, assistant pastor of the First Methodist church during the past three months, left Monday for Dallas to resume his studies in the school of theology, Southern Methodist University. Rev. Mr. Foote will complete his B. D. degree at the university this year. He delivered his farewell sermon here Sunday evening.

LONE STAR

Cotton picking is now the order of the day.

Bro. Hanks filled his regular appointment here Sunday afternoon.

Floy Linder returned Monday from Gorman where she has been visiting her brother's Shelby and Farley, for the past week.

Otha Pylant has returned home from Chalk Mountain and Glen Rose.

CHEVROLET REDUCES

The substantial reduction in Chevrolet prices announced September 1st, caused a great surprise in the automobile world, in view of the common opinion that good grounds existed for expecting higher prices.

The Cooper Chevrolet Co., local Chevrolet dealers state that they had no intimation that a reduction was coming, as they knew that for more than six months the Chevrolet Company has been unable to fill half the volume of orders received. Three new assembly plants at Janesville, Wis., Buffalo, N. Y. and Cincinnati, Ohio, and six new body plants adjoining assembly plants are rapidly building up production so that it is believed the Company will shortly be in position to fill a much larger proportion of its orders, as it is the fixed policy of the Chevrolet Motor Company to price its products as low as production costs permit.

There is no change in the models. See the advertisement of Cooper Chevrolet Co. in this issue for the new prices.

Ruby Thomas who has been visiting her uncle, A. C. Taylor for the past week, returned to her home at Post City Sunday morning.

Eddie and Alice Richburg spent Saturday night and Sunday in the home of their brother and cousin, Naryl Richburg and wife.

REAL APACHE HAUNTS SHOWN IN PICTURE AT PALACE

The haunts of the Parisian Apaches are reproduced in Betty Compson's latest Paramount picture, "The Green Temptation," showing next Monday and Tuesday at the Palace Theatre.

This is somewhat of a triumph in motion picture architecture, as these dens have never before been exactly duplicated, for tourists are seldom admitted to these underground resorts in the old Roman catacombs of this mysterious group of Parisian secret societies.

The replicas were made possible, however, by the co-operation of Prof. Sigurd Russell, for twenty years a resident of Paris and now a French instructor, and Theodore Kosloff, screen player, who plays the villain role of the chief Apache in the new picture.

The "Cafe des Apaches," setting was constructed from sketches submitted by Professor Russell. When in Paris, Mr. Kosloff was invited by Madame Efroosi to give an Apache dance at a big function. To provide an exact interpretation of the dance Mr. Kosloff visited the Apache haunts with a member of the order. There he observed the habits and customs to the Apaches, which he has helped bring to the screen in "The Green Temptation."

This picture, said to be a masterly production was adapted by Monte M. Katterjohn and Julia Crawford Ivers, from the magazine story, "The Noose," by Constance Lindsay Skinner. Others in the cast besides those mentioned, are Mahlon Hamilton, Neely Edwards, Edward Burns, Lyman Lynnard and Mary Thursman.
