

# PERMANENT IMPROVEMENT MUST BE MADE TO MITCHELL HIGHWAYS

### CHAMBER OF COMMERCE AND COUNTY OFFICIALS FAVOR BOND ISSUE TO ARREST DETERIORATION OF PUBLIC ROAD SYSTEM.

"With counties to the west and east of us building permanent hard-surfaced roads over the route of the Bankhead Highway, Mitchell County must do something to this highway also," was the statement of Dr. P. C. Coleman, president of the Colorado Chamber of Commerce in speaking before a meeting of county and Chamber of Commerce officials Saturday afternoon. The meeting had been called by the Chamber of Commerce to discuss plans for making adequate repairs tolatan Flat.

In addition to the local Chamber of Commerce officials, County Judge J. C. Hall and Commissioners J. E. Lasseter and W. B. McAdams and F. F. DuBose, assistant bridge engineer, attended the conference. County Judge Jas. T. Brooks of Howard county and W. W. Rix, president of the Chamber of Commerce of Big Spring, were also present.

The visitors from Big Spring were invited to meet with local officials because of the fact that Howard county has recently financed an extensive road building program, building two designated highways across the county. The Bankhead highway, extending across the county from east to west, a distance of thirty miles, is considered one of the best in West Texas. Judge Brooks and Mr. Rix gave valuable information as to methods of construction, etc. Officials from Nolan county had been invited to attend the conference, but failed to reach Colorado.

While the local county and Chamber of Commerce officials made no definite suggestions as to what Mitchell County should do to make repairs to some sections of the Bankhead highway, the road extending north and south across the county and some of the most important cardinal roads, it was agreed that the only solution was offered in a bond issue. County Judge Hall stated that he believed the State and Federal departments would contribute \$2 for every \$1 expended locally for rebuilding the designated highway.

Under this quota, an issue of one

hundred thousand dollars in road bonds would give to the county a total of \$300,000, a fund estimated to be sufficient to place these highways in good conditions. Figures submitted showed that a bond issue of that amount, bearing five per cent, would cost the property owner rendering \$2,000 for taxes \$2.20 per year. To work out a road building program whereby every community of the county would receive its quota of road improvement, it was believed a bond issue would carry easily.

The representatives of Mitchell County Commissioners' Court in attendance at the conference were unanimous in pledging their support to any practical road building program for the county. Commissioner McAdams of the Loraine precinct stated that the highway and other roads in his part of the county were deteriorating and badly in need of repairs and desired to go on record as being in favor of good roads. Commissioner Lasseter of Westbrook has the biggest problem of any other commissioner in trying to maintain Iatan Flat and he, too, is anxious that some permanent improvement be made to the roads in that section. In speaking for himself, Judge Hall urged that a campaign be inaugurated to raise funds with which to build and maintain the roads in Mitchell County.

"Mitchell County will build her roads within the next two or three years," one of the officials stated, "and this being true, we cannot see why we should not build them now. With permanent road bed on the Bankhead highway across the state everywhere except in Mitchell County, we would be made the goat, and this we cannot afford. Callahan County has recently voted bonds overwhelmingly and elections are to be held in Nolan County October 20 and in Taylor County October 16. The issues in these counties are sufficiently large to finance the expense of paving the designated highways and build good roads over the cardinal routes.

## REGIONAL FAIR MAY BE ORGANIZED HERE SOON

Tentative plans for organization of a regional fair, to embrace several West Texas counties in this section were discussed by Mitchell County fair association officials and representatives of other counties here last week. J. A. Sadler, president of the local organization, stated Friday that he had found scores of visitors to the fair to be in favor of going into permanent organization of such a fair association, with headquarters at Colorado.

The strongest supporter of the proposed regional fair outside of Colorado, Sadler stated, was found among the delegation from Martin County here during the day Friday. Judge Odom, in charge of the Martin County booth, and J. M. Carroll, president of the Martin County Luncheon Club, together with a number of other leading citizens of that town and county, expressed themselves as heartily endorsing such a move.

As to whether organization of a regional fair will be inaugurated, however, remains yet to be determined. This question is expected to be introduced for discussion at the annual meeting of fair association officials and directors, scheduled to be held later during the year.

Several Colorado people have visited the West Texas Fair at Abilene during the week. They report the fair coming up to all expectations.

## FAMILY FEUD ENDS IN SHOOTING AFFRAY HERE

Culminating a family feud between two men who are brothers-in-law, Drew McIver of Stanton drew a revolver and fired one shot at Decker Tate of Haskell here Friday night. The shooting occurred on the fair grounds while hundreds of people were attending the exposition. McIver was disarmed before he had time to fire more than the first shot, which went wild of its mark.

Both parties to the altercation were placed under arrest and McIver was given a preliminary hearing that night before County Judge J. C. Hall. He was released on bond in the sum of \$500 on charges of assault with intent to murder. Tate paid a fine for fighting.

Trouble between the two men is said to have started several months ago. McIver's wife is a sister of Tate. Tate is said to have been unarmed.

## LIONS CLUB WILL MEET AT PULLMAN CAFE FRIDAY

C. M. Adams, president of the Lions Club, stated Wednesday that the regular luncheon of the club, held at noon Friday of each week, would meet at the Pullman Cafe, at least for the present. The first meeting at the new place is scheduled for today.

Mr. and Mrs. O. B. Price and Mr. and Mrs. Jay Ingram of Sweetwater attended the Abilene fair Wednesday.

## MARTIN COUNTY BOOSTERS HERE FRIDAY 325 STRONG

Traveling in a caravan of 65 automobiles and bringing their chuck wagon and Booster Band of 25 pieces the Martin County delegation to the fair arrived early Friday morning from Stanton and formed in line at the Colorado river bridge for a parade through the city and to the fair grounds. It was the largest and most enthusiastic delegation ever to visit Colorado from any one town or county. There were 325 people in the party.

Every automobile in the caravan carried attractive banners advertising Martin County or the Mitchell County Fair. Among these messages were noted the following:

"Mitchell County, we are glad to be with you."  
"Shake, Mitchell County, we are with you."

"Pete and Joe are making the dough in Martin County."  
"It's a poor home where the hen crows louder than the rooster. They can't do this in Martin County."

The delegation was in charge of M. J. Carroll, president of the Martin County Luncheon Club at Stanton, an organization with membership held by both farmers of the county and business men of the town. The Martin County club is claimed to be one of the best in West Texas.

Martin County brought an agricultural exhibit to the fair and this booth attracted much attention. In addition to showing excellent specimens of grain and forage crops, the booth contained a large selection of fruits, melons and vegetables which would have been a credit to any West Texas County. First prize in the general county exhibit division was awarded Martin County.

The wonderful spirit of co-operation by these visitors in making of the fair a success was praised by J. A. Sadler, president, and other fair officials. "The presence of these live wires in Colorado today has added more than any other one thing to ward putting the second day of the fair over in fine shape," Sadler stated. They are demonstrating a type of co-operation which would be well for all other counties of West Texas to follow. Our interests are mutual and much more could be accomplished if we could all work together better than we do in developing this great domain of West Texas.

Mr. Carroll and Dr. Bristow, the latter a member of Martin County's steering committee, were guests of the Lions Club Friday noon. Following their introduction, they were greeted with a round of applause from the membership. In replying to addresses of the two gentlemen, in which they expressed appreciation for being here for the fair, Col. M. Adams, president, introduced a representative of the club to respond, who praised Martin County for the type of citizenship it possessed and for the spirit demonstrated at Colorado during the day.

## CLEANING UP AFTER FAIR PRESENTED UNUSUAL TASK

The work of cleaning up rubbish, clearing away the booths and removing them, together with parts of many of the specimens from the tabernacle presented a big task for fair officials this week. Many of the exhibitors commenced removing their property from the building Saturday afternoon and this work was not completed until late Tuesday.

Covering the fair grounds and streets of the city were several truck loads of rubbish of almost every character collected during the fair and this, too, had to be removed. The task of cleaning the streets fell upon the city and several truck loads of rubbish were collected and hauled away to the dumping grounds.

Removing the booths and rubbish from the tabernacle was not all that remained for the fair association to do after the fair closed. The benches had to be returned to the building and placed in their proper places again before the job could be claimed as being finished.

## RIG MATERIALS MOVING TO NEW SLOAN OIL CO TEST

The Sloan Oil Company made another test location this week and rig materials were moving to the site Thursday. This test, offsetting the H. C. Miller No. 1 of S. A. Sloan et al in Section 22, will be drilled on the Smartt lease in Section 21. Other locations have been tentatively made, it was learned Thursday, but definite announcement as to exact location and number of tests contemplated could not be confirmed. The test will be known as Smartt No. 2 of the Sloan Oil Company.

Bill Thomson is bringing in a good well at his Badgett No. 1 in Section 4. At 3058 feet the crew topped the Morrison soft sand and after drilling only two feet into the pay oil rose up 1800 feet in the hole during an hour's time. The crew were swabbing Thursday morning. This well will definitely extend the field over three miles to the northeast. Between this well and Sloan's Miller No. 1 is a territory yet untouched and a number of wells are to be located there, according to information in oil circles.

H. C. Miller One of S. A. Sloan et al is making an average of 280 barrels daily and Smartt One 235 barrels of pipe run oil. Producers of the Underwriters Producing & Refining Company are holding well the records maintained in the past as pumps.

The California Company is running tubing in the A. L. Miller No. 1 in Section 22. This well, offsetting Smartt One, was drilled in several days ago and is showing up well.

Reports from drilling tests in the field indicate that favorable progress is being made. Some of these tests, among them O'Neal No. 1, is nearing the pay and expected to be drilled in within the next few days.

## EXHIBIT FOR DALLAS FAIR TO BE SHIPPED OCT. 10TH

The agricultural exhibit from Mitchell County to be shown at the State Fair of Texas, which opens at Dallas Saturday, October 13th, will be shipped from Colorado October 10th. A large per cent of the products to be included in the exhibit have been collected and packing of the specimens for expressing to Dallas has already been started. Other products yet to be collected have been located on farms of the county and will be brought into the city during the remaining few days.

The Mitchell County exhibit will be in charge of Miss Georgia Lacey, home demonstration agent, and W. A. Dulin, county agent. One of these agents will accompany the exhibit to Dallas and remain the first week of the fair and the other will go to Dallas for the second week. Expenses of showing the exhibit are being paid by the Chamber of Commerce.

## \$3,600 BOOZE HAUL MADE BY DEPUTY SHERIFF DALE

The most valuable collection of high grade whiskey ever taken by the authorities at Colorado since the Eighteenth Amendment became effective was captured Thursday morning by Deputy Sheriff R. C. Dale on the highway two miles east of town. The collection, 240 quarts of Scotch, Cognac and other high priced bonded whiskeys, together with a high powered Buick automobile in which the contraband was being transported, was confiscated.

The driver, giving the name of L. W. Foreman of Tulsa, was locked up. Foreman stated he was en route from the Mexican border to Tulsa with the cargo. At retail bootleggers price of \$15 per quart the capture has a value of \$3,600.

## COTTON PICKERS CONTINUE TO ARRIVE ALMOST DAILY

Hardly a day passes now but that an additional quota of cotton pickers arrive to assist in gathering the cotton crop in Mitchell County. The laborers are being imported from East Texas and the Mexican border. A large number arrived from the east Tuesday morning.

# 2ND ANNUAL MITCHELL COUNTY FAIR PROCLAIMED BIG SUCCESS

### ATTENDANCE RECORDS AND QUALITY OF EXHIBITS SHOWN SET NEW RECORD FOR ANNUAL EVENT - CASH PRIZES ARE ANNOUNCED.

The Mitchell County Fair is growing at such a pace as to soon become one of the largest in West Texas. This sums up the opinion of J. A. Sadler, president, and other officials of the Mitchell County Fair Association. The Second Annual Fair, which closed Saturday night after three days, was bigger and better in every respect than the fair a year ago. The fair is destined to such a growth, if properly supported as to soon become too large and important as to be confined to a county organization, Sadler stated. He looks for organization of a regional fair association, embracing several counties surrounding Mitchell, within the next one or two years.

Representatives of A. & M. College who were in attendance at the fair were profuse in their praise of the success of the exposition in every division. Among these were John M. Simpson and Miss Mable Marsh of the extension department, and Miss Helen M. Swift, in charge of home demonstration work for the district of West Texas. B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce also attended the fair all three days and each of these experts stated that exhibits shown were among the best they had ever seen in the State.

In the agricultural department, booths of the six rural women's clubs and individual farmers perhaps attracted more attention than the others. They were artistically decorated and filled with products of high quality. In the judging the Pioneer club was awarded first prize, Thrift club second and Buford, third. Mrs. S. D. Donahoe won first place in the individual farm exhibits, R. A. Hood, second and W. C. Berry, third.

Program officially opening the fair, scheduled for Thursday morning, was postponed until Friday morning, when it was learned that some members of the Colorado Booster Band could not participate in the concert at the time previously named. The decorated automobile and school children's parades, planned to have been staged separately, were placed together Friday morning. Under original program, the decorated automobile parade was scheduled for Thursday morning and the school parade Friday morning. Schools of the city were dismissed for the day and it is estimated six or seven hundred youngsters formed in the line of march.

The decorated cars constituted one of the outstanding features of the fair. Many of the machines were profusely decorated and presented an aspect of unusual beauty. Some of

the most attractive cars in the parade were decorated by club women of the city. The parade formed at the court house and followed the line of march as outlined in The Record last week, ending at the place of beginning, opposite the fair grounds.

In the school parade, the seniors apparently attracted more attention than any other division. This department of the parade was led by a company of young men and young ladies dressed in typical negro attire and wearing a thick coat of burnt cork. The Lamesa parade, one of the best ever witnessed in Colorado, followed closely upon the heels of the school parade. Music for this pageant was furnished by the Colorado and Stanton bands.

In point of attendance Friday was the largest day of the three, with Saturday a close second. More people were in Colorado Saturday than on the day previous, but did not frequent the fair grounds in such large numbers. Attendance during the opening day was small. But few accidents were reported but none of them were of a serious nature. Traffic was directed by members of the local Boy scouts organization.

The number of exhibitors in the agricultural and industrial divisions were largely increased over the initial fair last year and the quality of products shown was much improved. The booth of girls' demonstration work and also that of the boys, together with some five rural federated clubs of the county, was an addition over last year. The art and textile divisions were much improved as to both quality and quantity of products shown.

In the industrial division, automobile distributors were more generally represented than any other one class. Many of the Colorado merchants maintained attractive booths, however, and at some of them souvenirs were distributed. Throughout the day Friday and Saturday aisles in the building were jammed with visitors who passed through to inspect the exhibits.

The open air dance pavilion on the fair grounds, operated by the American Legion, attracted a large number of young people each evening. It was here the coronation ceremonies attending crowning of Miss Costin as queen of the Second Annual Mitchell County Fair were held Saturday evening. Music was furnished by the "Hot Peppers" an orchestra obtained from San Angelo.

(Continued on page seven)

## NORTH AND SOUTH ROUTE SHOULD BE DESIGNATED

The Colorado Chamber of Commerce will seek to have the 75 miles of road extending from an intersection with Highway No. 8 at Snyder south through Colorado to Sterling City to intersect State Highway No. 6 designated as a permanent highway by the State Highway Commission, it was learned Tuesday. Officials of the chamber were in conference with County Judge J. C. Hall for some time and during the conference it was definitely determined that the matter would be placed before the commission.

This route, as a short detour from the northwest to San Antonio and other points on State Highway No. 6, and vice versa would soon become an important part of the network of designated highways in Texas, it was pointed out. The roadbed over much of the distance is in good condition.

In addition to developing direct benefit to Colorado, Snyder and Sterling City from the increased

## FORD COUPE DEMOLISHED IN COLLISION WITH LARGE CAR

A Ford coupe, belonging to Miss Nell Guest and driven by Bennett Scott was demolished Wednesday afternoon in a collision with a Franklin touring car belonging to C. E. Way and driven by Miss Way. The accident occurred at corner of Fourth and Elm streets, opposite the W. A. Crowder home. Scott was driving south on Elm and Miss Way west on Fourth, when the two machines collided at the street intersection. Injury to the Way machine was slight. Neither of the occupants were seriously injured.

### BODY OF I. H. MARTIN BURIED HERE MONDAY

The body of I. H. Martin, 40, which was found in a brush of high weeds immediately north of the ball park at Sweetwater Sunday afternoon where a large posse had surrounded the man, was brought to

Colorado Monday morning by J. I. Payne, Sweetwater undertaker. Funeral services were conducted at the residence at four o'clock Monday afternoon, followed by burial in I. O. O. F. cemetery, east of the city. Religious rites were conducted by Rev. M. C. Bishop, pastor of the First Baptist church.

### IN SOCIETY AND AT THE CLUBS

greeted by Mrs. Blanks and Mrs. T. W. Stonerod and other members helped to make them feel at home. A musical program was given by Mrs. O. B. Price, Mrs. L. B. Howard Mrs. W. R. Martin of Loraine, Miss Jane Bounds and Raymond Jones that was very much appreciated. Punch and little cakes were served by Mrs. F. B. Whipkey and Mrs. Shepperd.

### Prize Winning Cars.

Of all the beautiful decorated cars in the Fair parade last Friday, the Civic League car won first prize. The Woman's Auxiliary to the American Legion, second and the J. P. Majors car third. Several others deserve mention. The Parent-Teacher Association's was very attractive. The Wesley class of the Methodist Sunday school beautiful and the County Federation car was very pretty and artistic. It was decorated in the form of a rainbow at the foot was the pot of gold. Representing the faithful work of the organized women and the County Fair as the pot of gold attained through their efforts. Mrs. W. R. Martin, secretary and Miss Brown, treasurer, both of Loraine, rode in this car. The Auxiliary car was covered in red, white and blue. Little Jimmie Lou Coughran, represented Miss Columbia and Tom Hughes, Jr. Uncle Sam. The president, Mrs. Merritt, Mrs. Hughes and Mrs. Goldman were in the car. The Civic League car was an Essex Coach covered in white, representing purity, festooned with green, symbol of worth and gold, prosperity. The wheels were laced with green and white around hubs of gold. On top of the car was Master Marvin Majors clad in white holding the lines of gold to the goddess of prosperity. This was represented by little Mary Frances Dupree clad in an airy dress of gold with a gold crown upon her head, riding upon the hood. In the car were happy little children gifts that make all things worth while, on white. They were little Mabel Earnest Cooper, Billie Berry, Catherine Maul and Baby Nancy Elizabeth Price. The car was driven by Mrs. Boyd Dozier, treasurer and seated beside her was the president of the League, both in white.

**Joint Meeting**  
There was a joint meeting of the Merry Wives and Harmony Clubs Tuesday with Mrs. Pearl Shannon and Mrs. Jim Johnson, hostesses. A salad course, iced tea and cake were served. The Merry Wives will meet with Mrs. Wulfjen next Wednesday at 3:30 o'clock. Members note the change of time.

**Needle Work Articles**  
Mrs. McKenzie has in her charge several articles that were not called for after the Fair. Owners will please see Mrs. McKenzie about same Phone 138.

**Parent-Teacher**  
The Parent-Teacher Association will meet at the High school auditorium next Tuesday evening, Oct. 2nd at 7:30 o'clock. There is important business to come up and all members are urged to be present.

**Missionary Meeting**  
The regular monthly business meeting of the Methodist missionary society was held at the church Monday afternoon. The Bible lesson was the seventh chapter of John. Good reports were given from all departments. Mrs. Hooker and Mrs. Schroeder were elected delegates to the all-day meeting to be held at Rotan, Wednesday. The course of study will be selected next Monday.

**Annual Tag Day**  
The County Federation of Womens Clubs were so well pleased with the results of "Tag Day" at the County Fair that it has been decided to observe it annually, and those who worked in it take this method of thanking their friends for the liberal response.

**The Delphian Society**  
The Colorado chapter of the Delphian society will meet Thursday, October 4th, at 3:30 o'clock in Judge Leslie's office at the court house. The program will be led by Mrs. Barcroft. All members are urged to be present.

**Won the Trip to Dallas**  
The girls and boys winning the trips to the Dallas Fair are: All round exhibit, Mallie Cornett, Cuthbert; best canning exhibit, Lottie Mills; best sewing, Erin Hallman; best poultry exhibit for girls, Eva Crabtree; best poultry exhibit for boys, Bruce Hart.

**Rewarded for Faithfulness**  
At the Horn's Chapel Sunday school certificates were awarded to three members who had not missed a Sunday since the school was organized three years ago. They were T. J. Geiger, Wesley Gross, and Clyde Fay Henderson.

**Informal Reception**  
The County Federation of Womens Clubs entertained the visiting ladies to the fair last Friday with an informal reception on Mrs. J. R. Shepperd's lawn. The guests were

Attended District Meeting.  
Mrs. W. M. Elliott, Mrs. Y. D. McMurry, Mrs. R. E. Dolman and Mrs. Jerold Riordan attended the District meeting of the Presbyterian church at Coahoma last Thursday. Besides the good local program. The president, Mrs. Tarley of El Paso brought a splendid Synodical report and helped plan the work for the coming year. The ladies of Coahoma served a bounteous lunch at the noon hour, at the church.

### WE VISITED QUITMAN

Tom P. Cooper, of the Lirsdale News, spent a short time in Quitman last Sunday. Mr. Cooper was accompanied by his wife, sons, Ray B. and Tom P., Jr., two daughters, Mrs. Gahland Nibblack of Tyler and Miss Lucile Cooper, and W. F. Weeks the latter of Kansas City. The party stopped with the Democrat family for a while, and with our family we joined them and went out to the grave of Grandmother Cooper, known as the "lone grave" on what is now the Mangrum place five miles out from Winstboro on the Quitman pike.  
Mr. Cooper says to the best of his recollection his grandmother was buried there in 1870. Tom P. was born on the old place on which his grandmother was buried.—Wood County Democrat.

### POPULAR CAR AGENCY GOES TO CONTROL OF E. H. WINN

E. H. Winn, senior member of the firm of Winn & Pidgeon, has taken over the exclusive agency for this territory of the Overland, Willys-Knight and Studebaker automobiles and will in the future devote his entire attention to sales of these popular cars.

Andy Gump and Uncle Bim will have a party in Colorado soon. Watch for date.

### Eat More Bread

Always have a plentiful supply of good wholesome Hurd's Bread on the table—and you will have the basis upon which you can serve a meal both appetizing and nutritious. No matter how large your family—it costs less to buy Bread than to bake it.

### THE FILM STORY TOLD IN PICTURE AT THE PALACE

The Palace Theatre announcement that the big Eastman film, "A Trip Through Filmland," will appear on its program October 8th and 9th, is of special interest to Colorado citizens.

The film story introduces every step in the process of film making from the cotton as it comes from the cotton fields and the silver from the refineries, to the tiny strips of ribbon on which the picture itself is shown.

The theme of the picture is of direct interest to every movie fan whose knowledge of the motion picture world has heretofore been more or less confined to stars and producers. With the names and habits of these he is tolerably familiar, but comparatively little has he been told of the way the film itself, without which movies could not exist, is made.

The picture seeks to remedy this defect in popular knowledge by showing how the cotton is made into the film base; how the silver is mixed with the potassium bromide and gelatine to form the light sensitive emulsion with which the film is coated; how the coating is done, the sheets of film slit into strips of standard width, perforated, reeled and packed ready for the producer's studio, and the taking of the fan's favorite star.

The industrial aspects of the picture are relieved by delightful comedy drawings from the pen of that clever film cartoonist, Paul M. Felton which makes the picture as entertaining as it is instructive.

Rev. J. F. Lawlis, pastor of the First Methodist church, preached at Longfellow Sunday afternoon at 4 o'clock. He announced that preaching services would be conducted once each month by him there in the future.

# COAL

When the Cold Hand of Winter hovers over your home will you be ready to protect your family from the cold with a well heated house. You will if you let us put your Coal supply in for you now. And you will save money, too, for prices are less than in the winter.

All those in position to know say Coal will be hard to get in the winter. Let us fill your bin now. REMEMBER we handle the best coal ever mined.

# FEED

Good Feed is the best foundation on which to raise the finest cattle or horses, and good feed and nothing else is what you get at Lambeths where the best corn, oats, meal, bran, hay, etc., are always at the command of cattle feeders.

## LORAINNE NEWS

Local and Personal News About Lorainne and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Lorainne and vicinity. See her and take your County paper

Look at the label on your Record. All papers will be stopped when time is out. If our label reads March 25, it means your time was out First of March, 1923.

The Epworth League will give a social Saturday night on the vacant lots near the Bankhead Garage. The purpose being to raise funds to carry on the work of the organization. A variety of good eats will be for sale, music will be furnished by Lorainne Band. Every one is cordially invited to come, showing by their presence encouragement to the young people in their work.

The Lorainne Bargain House closed Thursday. The management, Mr. and Mrs. Shower left Wednesday evening for Sweetwater to celebrate Thursday, Sept. 18, as the Jewish New Year's day.

J. I. Chron and family of Hermleigh attended church here Sunday and dined with Mr. and Mrs. J. S. Muns

The plan submitted by the R. R. company to be converted into an express and baggage room. The office into a waiting room for negroes and present waiting room be used for an office, a 20 foot extension added on east for white waiting room, all to be properly heated, lighted and furnished. Such accommodation it is understood must be provided within 60 days. Through the efforts of the Chamber of Commerce at depot hearing August 15 an order for drain-

age was discussed and has been made possible, plans ordered by commission to be submitted in 30 days. Order for drainage at foot of Main street on west side of gutter line a spillway four feet wide and two feet deep. On east gutter line a spillway six feet wide and three feet deep. The present drainage to be maintained. Then east of the old drainage another spillway six feet wide and three feet deep, all of which are to be made out of concrete and will be it is thought, adequate to carry all water from the town Lightfoot St. east.

Walter Neely, real estate man of Winters, visited with D. K. Nelson Monday morning. Mr. Neely was on his way home from Dunn, where he visited relatives.

Little Miss Ethlyn Furlow spent the weekend with Mr. and Mrs. Wimberly Butler of Colorado and attended the fair.

Mr. and Mrs. John Almsworth who have been here visiting J. L. Hock and family for the past two weeks, left Monday morning for their home at Cisco.

Mr. and Mrs. W. E. Dickerson, A. H. Nelson and family, Mrs. C. H. Manley and Miss Lillie Nelson visited the Fair at Colorado Friday afternoon as also did many others from Thursday till Saturday.

Mr. and Mrs. L. Landau, Mr. and Mrs. Max Berman and Mr. and Mrs. I. Collichman all of Colorado were visitors in the S. A. Shower home Sunday evening.

Rev. and Mrs. H. W. Hanks visited Mr. and Mrs. S. B. Slater near Nolan Sunday, returning Monday.

Rev. H. H. Binkley of Roby filled his regular appointment here at the Presbyterian church Sunday, and Sunday night. A very good crowd was present especially at the morning services.

The past week has unearthed hints of considerable development work in Lorainne during the coming months. Although things seem to be moving very quietly and without any heating of tom-toms the outlook for Lorainne at present is full of promise. Building prospects are the best the town has ever had.

Mr. J. M. Compton and son, R. N. Made a business trip to Colorado Monday.

Mr. and Mrs. G. O. Lee of near Bethel were in on business Monday.

Mr. M. A. Richburg and sons who have been here gathering Mrs. Joe Richburg's crop made a visit to see home folks near Lubbock Saturday night returning here Monday.

The chicken dinner served Saturday by the Parent-Teachers club, was a success. The table amply loaded with every thing that lovers of first class home cooking could ask for, comfortable seated, the throngs which crowded the Edmondson sidewalk from 11 to 1 o'clock. The receipts totaled \$32.00 net. Dinner will be served by the club at the same place next Saturday.

Mr. and Mrs. Harry Cranfill and daughter, Velma, left Monday evening to attend the West Texas Fair which opened Monday at Abilene.

Mr. and Mrs. Marvin Hawkins of Douglas, Arizona, are here visiting with Mrs. Hawkins' parents, Mr. and Mrs. S. D. Vowell of Lone Star.

Mr. and Mrs. Joe Bennett and children visited Mr. and Mrs. Wimberly Butler of Colorado Sunday afternoon.

Mr. and Mrs. J. L. Anders of Baumann, left Saturday for Grand Saline.

Grandmother Copeland left last week for Trent to visit for some time.

Mr. and Mrs. Jeff Davis and family of Buford spent Wednesday here en route to Madisonville where they go in the interest of business and to visit relatives. Mr. Davis purchased a new Overland from the City Garage making the trip in same.

Mr. and Mrs. W. E. Dickenson, visited in the Charlie Hobe home south of town Sunday afternoon.

Mr. J. A. Holt of Colorado was a Lorainne visitor Monday.

W. E. Clopton of Paint Rock is here visiting his daughter, Mrs. W. L. Wimberly.

Oma Wagley of Moran spent Saturday here visiting relatives.

Mr. and Mrs. A. H. Nelson and children Wilma and Ollie Manley visited in the Landers community Sunday afternoon.

Mr. A. H. Peach and daughter, Mrs. Pitts and children arrived here Sunday from Douglas, Arizona making a short stay with friends leaving for Palo Pinto county to visit friends and relatives. Mr. Pitts came as far as Dalhart in search of a location, having sold out at Douglas, Arizona.

A light shower of rain fell here Tuesday evening.

Mrs. I. B. Baird and son and Mr. and Mrs. Roy Baird and son spent Sunday in Nolan with relatives.

Mrs. Jeff Manley, sister of Mr. Phil Horton, arrived this week from Shiro, to be with Mrs. Phil Horton, who was operated on at Colorado, Sunday afternoon. It is reported at this writing that Mrs. Horton is recovering nicely.

F. R. Seger who underwent an operation for appendicitis at Colorado Friday is reported as doing nicely.

Mr. and Mrs. C. E. Green and son visited out of town friends north of town Sunday.

Will Jennings, who has been in Abilene past two weeks attending the bedside of his father whose condition is critical, returned home Sunday to visit the home folks for a short time only, returning this week.

Miss Mary Davis, sister of Mrs. Hoke Smith is expected in from Dallas Wednesday after a few days visit Miss Davis and sister will visit their parents at Sterling City.

Miss Fannie Jarratt assisted in waiting on the trade Saturday at the F. A. McGee store.

H. A. Foy, who has been assisting in waiting on the trade at the Lorainne Bargain House past two weeks, has accepted a position with them for the fall.

Mrs. W. E. Dickenson and mother Mrs. D. K. Nelson returned from Glen Rose Wednesday night.

Mr. and Mrs. C. E. Green expect to attend the West Texas Fair Wednesday.

Orders were placed for two new Dodge cars at City Garage this week.

Mrs. A. S. Hallmark who suffered a stroke of paralysis a few days ago is reported at this writing as being some better.

Mr. and Mrs. J. F. Hiser went to Sweetwater Sunday afternoon where they left for Temple where Mrs. Hiser goes in the interest of her health.

Mr. and Mrs. Dewey Winstead were here from Snyder last of the week visiting relatives.

Sheriff I. W. Terry was down from Colorado Saturday night.

Mr. and Mrs. R. A. Edwards visited in Roscoe Sunday.

Misses Nila Pearl Clement and Neita Thomas left for Abilene Sunday night. Miss Clement being Lorainne sponsor and Miss Thomas, maid of honor to the West Texas Fair.

O. L. Willis, who has been visiting his children at Fort. Worth past month, returned home Sunday night His son Clifford, and Mr. Bob McCormick accompanied Mr. Willis home.

Mr. and Mrs. Clarence Breeding of Sweetwater and father P. B. Breeding of Denton, visited in the E. F. Riden, home Thursday.

E. F. Riden and son, Alton, left Monday morning for Cisco on business.

J. F. MORRIS IMPROVING CITY MARKET BUILDING

J. F. Morris, proprietor of the City Market, is adding considerable improvement to the building. The front is being newly painted and on the interior an effective decorative scheme is being carried out.

Andy Gump, Chester, Min and Uncle Bim will be here in October watch for special announcement.

## GROCERY SPECIALS FOR THIS WEEK

At the prices we are selling it will pay every family in Colorado and vicinity to lay in a supply for fall and winter. Quality Goods at way below market prices.

C. C. BARNETT

## We are pretty safe

in asserting that you never saw a finer showing of Groceries than we are making. At any rate we are so confident of it that we invite you to call and if you can, criticise either the quality or prices of the Groceries. The keener your judgment the more we invite it.

MAKING US THE GOAT

The charge that Mitchell County will be made the goat, in case those counties to the east vote the large bond issues now pending and make permanent improvement to the Bankhead Highway, leaving the thoroughfare across this county the only gap of any consequence in the State between Texarkana and El Paso, is true.

Garages and other tourist information bureaus extending east and west for several hundred miles have the true information as to condition of Istan Flat in the west end of this county and they cannot be censured for advising tourists to detour this section of State Highway No. 1 when asked for reliable road information.

There is only one solution of the public road system in this county, and that is offered through issuance of bonds in sufficient sum to finance the building of permanent road beds on the routes of our principal highways and building good clay and gravel roads on the diverging cardinal roads which traverse into the rural communities.

January 1, the State Highway Commission will assume charge of maintenance on all designated highways in the State. The commission is making it plain, however, that it cannot, because of lack of finances, enter into any improvement or building programs in connection with the maintenance.

On the same basis as the departments are participating in proposed highway road construction in Nolan, Taylor and Callahan counties, a bond issue of \$100,000 in Mitchell county would mean that we would have available \$300,000, based on the ratio of two to one.

"Mitchell County will build her roads at some time within the next few years; why not now?" was the expression made by one of the county officials attending the conference Saturday. The most conclusive

reason of all, that the roads should be built now, lies in the fact that the State and Federal governments have the funds available to put with our money in building these roads. The law may be changed after a while, removing this outside help. If by voting bonds, we can obtain two for one for every dollar spent, would it not be business—and good business at that—to take the money?

GOING AFTER THE PRIZE

Visitors to the State Fair of Texas, which opens in Dallas, Saturday, October 13, will find an interesting exhibit at the Mitchell County booth. Since the Colorado Chamber of Commerce made an appropriation several weeks ago to defray expenses of carrying an exhibit from this county to the State fair, R. P. Price, director of the agricultural division of the chamber, and others working with him, have demanded that the specimens collected for exhibit shall be creditable, or else the exhibit will not be made.

Inspection of the specimens already collected for this exhibit are conclusive that the wishes of the Chamber of Commerce and the agents of the extension department, A. & M. College, who are working with them, have been fully met. The products reflect with credit upon the outstanding qualities of Mitchell County as a leader in the many staple crops produced in West Texas, and the determination of farmers here to grow only the best varieties.

Mitchell County will go to Dallas after a prize—a prize if not ranking at the top, will not be far down the list of awards. Last year the first ten prize awards in county exhibits went to West Texas counties and the Record has it that Mitchell is 45 good as the best and has crops in keeping with any produced in this part of the State.

Mrs. Mallie Curry Blackburn

A clipping from the Hamilton Herald-Record says:

Many are the friends in south Hamilton county who will be grieved to learn of the death of Mrs. Sherman Blackburn whose death occurred in Colorado City August 28, 1923. Mrs. Blackburn with her two little children, Norman, 8 years, and Lois 5 years, have made their home in Colorado since the death of her husband who preceded her some two years ago.

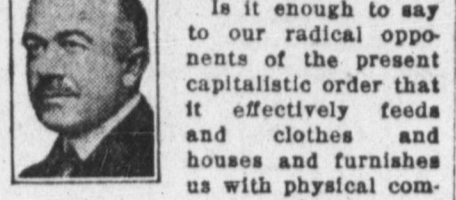

Mr. Blackburn was a laborer in the oil fields at the time of his death, where he took typhoid fever and died in the hospital at Wichita Falls. He was brought home to the Murphree cemetery near Evant and buried in the family lot. Mrs. Blackburn died of blood poisoning after suffering agony for two weeks and was buried in the Colorado cemetery. We are told that she fought grim death as long as she had strength, realizing what it meant to leave her two little children to face the wiles and woes of this unfriendly world without father and mother.

Farewell, dear ones, yet not farewell, Where I have gone you too may dwell, A little time, a little space, And you again shall see my face. The frail body my soul has quit, The earthly garment would not fit, When you come where I have slept, Then you will wonder why you wept.—A Friend.

THE ETHICAL SERVICE BUSINESS RENDERERS

BY J. H. PUELICHER, President of the American Bankers Association

I sometimes think we lay too much stress on the technical efficiency of our business instrumentalities and too little on their moral services.

Is it enough to say to our radical opponents of the present capitalistic order that it effectively feeds and clothes and furnishes us with physical comforts and pleasures and therefore it is good? That is not enough.

Do we not find in the direct effect of our business upon the individual much to improve his ethical standards? To toughen his moral fiber? Is it not good for the personal character of the race to do business as we are now doing it?

Let us take the business of banking, for example. Is it a mere mechanism or is it a vital moral force? Does it do more than, by facilitating production, raise the physical standard of living, or is there anything inherent in the manner and methods of banking that raises the moral standard of living as well?

Nine-tenths of our business is done by means of credit. The great bulk of that credit is obtained from the banks. It is obtained from the banks because men have character, because they are honest, because they keep faith, because they can be trusted.

If they did not have these qualities they could not do business with credit, they could not do business at the banks. We say banks deal in credit. That is but a way of saying they deal in honor and honesty.

The part banking plays in our business life is growing. That means that the faith of men in each other is growing. The more men who come to the banks with characters that entitle them to credit—the more men who realize that to gain credit at the banks, they must possess themselves with characters that win them unquestioned trust, the higher becomes the ethical standards of the nation.

Of Interest to Pioneers: There is the greatest interest to pioneers at the State Fair of Texas, in the lessons of accomplishment that the State Fair teaches. In these latter days, the developments of even ten or twenty years are frequently marvelous, and all such developments are shown at the State Fair.

It is not reported that the movement for shorter hours has affected mother's labors any.

The girls with pretty arms have so far manifested no fear of getting cold in sleeveless dresses.

Notice of Sheriff's Sale Under Execution THE STATE OF TEXAS County of Mitchell

By virtue of an execution issued out of the honorable County Court of Mitchell County, Texas, on the 26th day of September, A. D. 1923, by W. S. Stoneham, Clerk of said court, in the case of L. D. Ladd vs. the Mitchell County Oil Corporation, Garnishee, and to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales on the 9th day of October, A. D. 1923, at the court house door of Mitchell County, in Colorado, Texas, the following described property, to-wit: Forty-nine (49) shares of stock, of the par value of Two Hundred Dollars per share in the Mitchell County Oil Corporation, levied on as the property of Guy C. Reed, or as many of said shares of stock in said corporation as may be necessary to satisfy a judgment amounting to \$306.00, with 6 per cent interest from July 3rd, 1923, together with the sum of \$18.50 costs, in favor of L. D. Ladd, and all costs of suit herein.

Given under my hand, this 26th day of September, A. D. 1923. I. W. TERRY, 10-5c Sheriff, Mitchell County, Tex.

### MITCHELL POULTRY AMONG BEST FOUND IN THE WEST

The poultry division of the fair last week proved to be the outstanding attraction to Miss Mabel Marsh, of the extension department, A. & M. College, who superintended judging entries in this department. Only a few of the leading breeders of standard poultry participated in the show but the entries were acclaimed by the expert as being among the best birds she had ever seen in this section of the State.

"I learn that you have recently, within the last one or two years, begun to replace your flocks of mixed or mongrel chickens with standard bred strains of poultry, but the rapid development of the industry in Mitchell County is indeed commendable," she stated in discussing the fine qualities of the birds on exhibition at the fair.

"There can, in my belief, be no more important industry developed on the farm than that of poultry. The standard breeds will prove a source of profit, as well as pride to those who grow them."

The findings of Miss Marsh were in keeping with those of Miss Myrtle Murry, poultry specialist of A. & M. College, who spent several days in

the county a few weeks ago, making a personal inspection of the poultry industry here. Miss Murry reported having found some birds here which are capable of rating with the best in the State. She, too, gave her endorsement to the poultry industry and urged that the venture, now being taken up by so many citizens of the rural districts, be given the encouragement of the entire citizenship.

### DISTRICT COURT TO CONVENE AT SWEETWATER MONDAY

District Judge W. P. Leslie of Colorado will convene the October term of Nolan County district court at Sweetwater Monday, according to the Sweetwater Reporter both the civil and criminal dockets are heavy. The Wm. Meador murder case transferred from Barstow to Sweetwater on change of venue, is among the criminal cases pending.

The people who drive automobiles with one hand, may have to hobble on one foot for some time thereafter.

The sons of the men who used to burn midnight oil in their studies are now burning midnight gasolins on the automobile roads.

### MITCHELL PRODUCTS ARE SHIPPED TO AUSTIN FAIR

A large collection of Mitchell county agricultural and culinary products were shipped Monday to B. M. Whitaker at Austin to be placed on exhibit at the Texas State Exposition, which opens at Austin Monday. Whitaker, who is exhibit manager of the West Texas Chamber of Commerce, is collecting an all-West Texas exhibit for this exposition and while here last week visiting the Mitchell County Fair found a number of products which, he stated, were about the best he had seen in this country.

Whitaker arrived Wednesday afternoon and remained here until Saturday when he left for Stamford. During the time he spent several hours on visits to farms in the county making a personal inspection of crops. The official was greatly impressed and made the request of the Colorado Chamber of Commerce that specimens of Mitchell County products be included in his exhibits at Austin.

"You have in Mitchell County some of the best crops I have found in West Texas this year, and the showing made at your fair is a marvel," he said. "This county is making better progress toward the goal of growing standardized crops than I had believed," Whitaker gave much credit for this condition to the work of the county farm and home demonstration agents.

The booths of the girls and boys clubs at the fair was one of the leading attractions for Whitaker. "It is the best investment possible for the people to make," he said in commenting upon the importance of teaching the boys and girls the science of producing better field crops, baby beaves, pigs, etc., and the art of sewing, culinary and canning as suggested by approved methods. Exhibits of rural womens clubs were also praised by Whitaker.

If some folks spent a little less time growling about high prices, and a little more reading the advertisements in the Colorado Record announcing special values, they would come out better

### MAE MURRAY'S NEXT IS "JAZZMANIA"

Mae Murray has succumbed to the popular vogue of costume photoplays and in her latest, "Jazzmania," presented by Robert Z. Leonard, the charming Metro star adds another to the rapidly increasing number of spectacular costume plays. "Jazzmania," is announced for presentation on Monday and Tuesday, Oct. 1st and 2nd, at the Palace Theatre.

The successor in popular favor to the star's "Broadway Rose," is, from advance reports, totally different from anything she has hitherto attempted. As a matter of fact, it is a combination of the star's most appealing bits; for in it she dances as splendidly as ever, wears kowns as brilliant and awe-inspiring as is her custom, and has lavish and luxury settings for the background of the action.

"Jazzmania" is a novel combination of the real and the make believe. The story concerns Queen Ninon, a ruler in a Balkan kingdom, who escapes to America to avoid a revolution in her country, caused by her enemies. The delightful Queen is an enthusiast about jazz; and in her apartment in New York she performs for a small, chosen ciele. However, when she learns of the desperate plight of the women and children in her country, she returns in time to defeat a huge conspiracy against its people. Once again she is restored to popular favor; and her kingdom becomes the Republic of Jazzmania, with a loud, tuneful accent on the jazz.

The role of Queen Ninon affords Miss Murray her best opportunity in a long time to display her remarkable versatility. She is at times a delightful comedienne, a skillful dancer, and an emotional actress. To each of these she is fully able to do more than complete justice.

Supporting Miss Murray is a cast of genuine excellence. Rod La Rocque is excellent as Jerry Langdon, Ninon's American lover; Robt. Fazer, too, does fine work as Captain Valmar, one of Ninon's loyal subjects. Others seen prominently are Jean Hersholt, Edward Burns, Lionel Belmore, Wilfred Lucas and Herbert "Jazzmania" was written by Edmund Goulding. It was made by the Tiffany Productions, Inc., of which Robert E. Leonard is director

### CONTRACT WARNS AGAINST BURNING TRASH IN STREET

R. W. Lackey, foreman in charge of street paving, warns the public against burning of any trash or making fires for any purpose along the curbing in the district to be paved, or adjoining concrete sidewalks anywhere, as for that matter. Lackey stated Tuesday that he recently noticed a pile of paper being burned beside the curb in front of one of the stores on Second street.

Such practice will destroy the curb or the sidewalk, and do so in a short time, Lackey stated. "Concrete is a material which will not stand up under the heat of fire and when property owners permit the burning of trash in front of their premises along the curb, they are consenting to the destruction of property which costs no little amount to put in."

The boys are giving careful thought on the proper way to hold a golf club, but they do not show much interest in the correct manner of holding a hoe.

### LEAGUE PROGRAM

- Song service.
- Bible lesson, The Great Physician—Mrs. Merritt.
- Reading in the Home—Esther Lawlis.

Reduce the Skidding Danger!

BUICK Four-wheel Brakes

BUICK four-wheel brakes reduce to a minimum the skidding danger every driver encounters on wet pavements.

The action of the simple yet positive Buick brakes not only slows down the car safely but keeps it steady, preventing skidding to either side.

Buick four-wheel brakes operate with slight pressure on the service brake pedal, are of the Buick-proved external contracting type and function independently of the emergency brake.

Buick has taken this advanced step of designing four-wheel brakes on its 1924 cars in conformance with its well-known policy of providing owners with the safest and most dependable transportation.

We will be pleased to give you a demonstration and let you prove the effectiveness of Buick four-wheel brakes yourself.

JACK CARTER

Local Distributor

LONE STAR

Bro. Hanks filled his regular appointment here Sunday afternoon.

Helen Hamilton was brought home from the sanitarium Thursday.

Mr. and Mrs. Hardey Mearse and family were guests of Narvil Richburg and wife Sunday.

Quite a few from here attended the fair at Colorado Saturday.

Mrs. A. S. Hallmark had a stroke of paralysis last Wednesday and was in a very critical condition for several hours. They have a trained nurse for her although she is some better.

Miss Exa Ware entertained a few friends at her home Saturday night with a birthday party.

Luther Mearse is on the sick list this week.

Mr. and Mrs. Thomas Faulkenberry were guests of her parents, Mr.

and Mrs. John Richburg Saturday night and Sunday.

Pearl Rentz and Exa Ware were dinner guests of Theima Blair Sunday.

Florence and Gladys Richardson and sister, Mrs. F. P. Brame and son who went to Glen Rose some few weeks ago for treatment are reported to be rapidly improving and are expected home soon.

Carnie Grooms now drives a new Ford.

Oliver O'dell of Moran came in Saturday to pick cotton.

Milton Hamilton and family and Carnie Grooms spent Sunday in the S. Y. Hamilton home.

Kirk Ratliff left Tuesday night for Dallas where he is a student in Baylor dental college.

STATE WILL MAINTAIN HIGHWAYS ENGINEER SAYS

The Record has received the following from Captain J. D. Fauntleroy, state highway engineer:

In accord with the regular session of the Thirty-Eighth Legislature, the State Highway Commission expects, on January 1st, 1924, to take over the maintenance of all the designated state highways.

For your further information we wish to advise that the state highway commission considers maintenance to mean keeping a road in as good condition as it may be at the time that it is taken over. No extensive improvements, either in quality or type, will be made upon any road by the maintenance organization, for the reason that the funds provided are insufficient to make such improvements a part of maintenance, and still have sufficient funds to continue assisting those progressive counties that have voted bond issues, in building their roads.

There is reason to believe that in a number of counties, the Commissioners' Courts are not expending their respective portions of the motor vehicle fees in maintaining the designated state highways, but are neglecting the maintenance of such highways in anticipation that the State Highway Commission will, on January 1st, do the necessary maintenance work which the Commissioners' Courts have failed so far to do.

If, in these counties, roads are allowed to get in bad condition for lack of maintenance, the Highway Commission, as stated before, will only maintain these roads in as good condition as they may be in when taken over January 1st, 1924, and the citizens of these counties will have only their respective Commissioners' Courts to blame for this condition.

If funds were available, the Highway Commission would gladly improve and maintain all the roads on the system for the benefit of the state as a whole, but as a matter of fairness and justice to the counties who have bonded themselves for the purpose of building good roads, the Commission must keep in a position to assist them. The law directs the counties to use their registration fees until January 1st, 1924, in maintaining the designated state highways. Many of the counties of the state are doing this and it would be an injustice to these counties for the Highway Department to improve the roads of other counties that have failed to do their duty under the law.

It is therefore hoped that the Commissioners' Courts of the different counties will make every effort to keep the designated highways not only in the best of condition possible, but to improve them as far as their funds will permit in order that they can be turned over to the Highway Department in good condition and be kept this way by our maintenance organization. We know that many counties are loyally trying to do this and we hope that all of them will realize the importance of such action.

PIDGEON ASSUMES CONTROL BRICK GARAGE BUSINESS

J. L. Pidgeon, for some time associated with E. H. Winn in the garage and automobile distributing business at Colorado, has recently assumed full control of the repair and gas and oil sales department of the business. This department under the new ownership will be continued at the same location.

QUEEN AND UGLY MAN'S CONTESTS NET \$611.11

The American Legion has added \$611.11 to its memorial building fund, as the result of the queen's and ugly man's contests staged here in connection with the Second Annual Mitchell County Fair, according to P. K. Williams, director of the contests. This fund was realized from the sale of ballots at one penny each cast for contestants for each of the two places. The greater per cent of the revenue was received in the voting for queen.

Crowning of the queen, Miss Hazel Costin, at the fair grounds Saturday evening, proved one of the outstanding attractions of the three days. C. Hall acted as prime minister during the coronation ceremonies. Miss Irene Bledsoe of Westbrook, winning second place in the contest for queen was named as lady-in-waiting. The queen was accompanied by an array of prominent personages, represented by young people of Colorado, Sweetwater and Big Spring, and the dowager queen, Miss Lottie Pritchett of Colorado, queen of the fair last year.

E. H. (Mutt) Hurd, successful candidate in the ugly man's contest, was crowned as court jester. Concluding an impressive ceremony, in which the duties of the office were emphasized, the prime minister crowned the jester, who hovered on bended knees, with a pumpkin rind. The act elicited much merriment among the hundreds of spectators witnessing the ceremonies.

After the coronation ceremonies had been concluded the annual queen's ball was started, Miss Costin being leading lady for the evening. The merriment lasted well into the night when the crowd broke up and the Mitchell County Fair ended.

TAHOKA, LYNN COUNTY, TEXAS \$265,000.00 LAND DEAL

One of the largest land transactions of recent years was made known today by the filing of deeds from E. B. McKillip of Oklahoma City, conveying to W. McCarty Moore of Dallas, Texas, 12,000 acres of land lying six to twelve miles west of O'Donnell, Lynn County, Texas.

Mr. Moore has also recently bought of H. B. Herd of Ft. Worth Texas, 5440 acres lying between the McKillip lands and O'Donnell. The two tracts aggregating 17,440 acres, are said to have involved a consideration of \$265,000.00.

The sale of the McKillip and Herd lands to Mr. Moore will mark the passing of one of the most widely known ranches on the South Plains, as it is understood, Mr. Moore has plans under way for the immediate opening of these lands; which are among the best undeveloped agricultural lands on the South Plains, to settlement—subdividing into sections and quarter sections and improving. It is said Mr. Moore will himself prepare for the planting of some 3000 acres in cotton for 1924, on his own account.

The sale of the remainder of the Moore lands will be handled by the Newman Land & Development Company of Dallas and O'Donnell. Newmans are on the ground and actively engaged in subdividing the lands and laying out roads through them, and expect to have same ready for marketing in ten days.

The location of the State Tech College at Lubbock, thirty miles north, was to an extent responsible for this sale, but the high price of cotton and the wonderful yield Lynn county has made for the past years, and now promises, more especially is responsible. Lynn County has jumped from a population of seventeen people in 1900, to a present population of over 10,000, which are mostly farmers and stock farmers—and very prosperous.

There are 91,248 acres planted to cotton in Lynn county this year, and 53,476 acres in feeds, and its cotton crop is conservatively estimated at 30,000 bales or more. Lynn county will be at the Dallas fair in force and with an ocular proof of her agricultural claims. Itc

AUSTIN, Sept. 26.—Until the attorney general's department rules on the question of whether school districts have authority to purchase text books if the state cannot furnish such, no further steps will be taken by the state department to solve the text book problem now confronting the schools, State Superintendent Marrs announced today.

If it is held that the districts have not authority to purchase fill-in texts Marrs said school officials will be notified to furnish complete lists of surplus books as a means of distributing texts to needed points. Further than this, Marrs has no plan for meeting a prospective shortage of books, he said.

RECORD DISPLAY PROVES INTERESTING TO VISITORS

One of the most popular booths at the fair was that of the Whipkey Printing Company, publishers of The Record, maintained in the general exhibits building. One of the platen job presses from the office was set up in the booth and equipped with a Miller automatic feeder, was kept running steadily during the three days turning out counter checks for the Colorado National and City National Banks.

The intricate mechanism of the machine, which with human skill could feed the press and make delivery with exact preciseness, caused hundreds of visitors to the fair to stop and watch the press as check after check was delivered into the receiving apron. It was the first time many of these people had witnessed the machine in operation.

The Miller automatic press feeder is considered one of the marvels of recent inventions. It is so equipped that the press is automatically thrown out of gear when anything goes wrong with the machine, or when the feeders fail occasionally to pick up a piece of paper for delivery onto the platen. A signal bell, to attract attention of the pressman, is rung every time something goes wrong. The machine is a part of the regular equipment at The Record office and is run steadily every day turning out printed matter of various kinds.

ARRANGE PLANS FOR WORK ON RECLAMATION

AUSTIN, Sept. 26.—Details and plans for carrying to completion the state topographic provided for by the \$600,000 appropriated by the last legislature for reclamation and flood control work were arranged at a conference between federal officials and John A. Norris, chairman of the state board of water engineers. Norris announced on his return today from Washington.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangers and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

STATE OF TEXAS, COUNTY OF MITCHELL:  
I, J. C. Pritchett, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.  
J. C. PRITCHETT, Cashier.

Subscribed and sworn to before me this 21st day of September, 1923.  
THOS. B. SMITH, Notary Public.

was registered on either side. This established a new record, especially for recent months when absentees have averaged from ten to fifteen weekly. The contest which continues to be close, will close today and the losing team is to become host to the club and invited guests for the banquet to be held Friday evening, October 5th.

Several visitors were introduced to the club Friday. They were Miss Helen M. Swift of the Extension Department, A. & M. College, in charge of home demonstration work for the district of West Texas; J. P. Majors, of Sweetwater; Dr. Reeves Coleman of St. Louis; Mr. Lackey of Abilene; Dr. Bristow and J. M. Carroll of Stanton; Mr. Collins of Sweetwater and R. H. Ratliff of Colorado.

The wonderful spirit of co-operation among Colorado business men, as reflected at the Lions Club, was praised by several of the speakers. Success of the Second Annual Fair also received mention and some of the visitors praised the citizenship of Colorado and Mitchell County for putting over so successfully this asset to the county. Dr. Coleman stated that present quarters were entirely too small and that future success of the fair would demand larger quarters.

**UNION ITEMS**

We are neither dead or dying in the Union community, but are wide awake trying to get a sufficient amount of cotton pickers to save the crop, which is opening up very fast, and we feel persuaded that we are going to get a fair yield. Our feed crop I believe will be sufficient for another year's supply, letting economy be our constant slogan.

The general health is good. E. M. McCreless a few days ago had the misfortune of getting a fall while working on his house. One of his hands was pretty badly torn up, but is getting along nicely at present. I guess he had better be more careful for if young men like him fall what may the old men expect. (take warning).

**ELI**

**COLORADO HIGH GRADUATE WINS MILLER SCHOLARSHIP**

The department of journalism of Baylor University at Waco, which will be an integral part of the new school of commerce and business administration to be opened in October on the Waco campus, has just issued the announcement of a \$300 prize in the nature of a University scholarship has been won by Dixon Wector, formerly of Colorado and a graduate of the Colorado High school, who recently completed his sophomore year at Baylor. Miller Cotton Mills of Waco contributed the entire \$300.

Young Wector has written more feature articles for the Baylor weekly, the Lariat, than all other students in the University combined. The story, "The Life History of a Boll of Cotton," was published in full in the Waco News-Tribune.

**METHODISTS TO HOLD 4TH BUSINESS SESSION MONDAY**

The fourth quarterly conference of the Methodist church at Colorado will be held Monday evening at 7:30 at the church by Rev. R. A. Stewart, of Sweetwater, presiding elder of Sweetwater district. This will be the last business session of the church during the fiscal year. The board of stewards, Sunday school superintendent and other officials are to be elected.

**HUDSON AND ESSEX CARS NOW LOWEST PRICED**

"Hudson Super-Six prices are now at the lowest point in the history of this famous car. And many more super-sixes are being made every day than ever before," said O. B. Price, local Hudson-Essex dealer. "A volume of super-sixes is being manufactured now such as would have been considered entirely impossible a few seasons ago."

"The Hudson super-six was first brought out in 1915. In the eight years since then numerous refinements have been made in its manufacture, and it is in every way a superior article. We all know of course that costs on material and labor have simply soared."

"Yet the first Super-six phaeton was priced at \$1375—which is \$80 more than the list price of the present Hudson speedster at \$1295."

"That is particularly gratifying to us, because Hudson-Essex is now specializing on enclosed cars—the Coaches and the Hudson Sedan—and we are able to deliver promptly to the public the comforts of an enclosed car at the cost of an open one."

**Mother Had Left When Boy Arrived**

He had worked hard for three weeks picking cotton so that he would have enough money to go to his mother. He had written her that he was coming. His little heart was glad. He hadn't seen her for a long time. But when he arrived at the place where he expected his mother's arms to welcome him, she was gone. And he was penniless.

This is the pathetic story of a small boy, 11 years old, with a sob in his voice, told the Fort Worth Relief association, who took care of him while in the city.

He had left Bonham, Texas, a few days ago, where he had been staying with his sister. He was going to his mother at Loraine, Texas, but he found no mother. He couldn't understand why she had gone away, he told the association.—Fort Worth Record.

**COLORADO DAY AT WEST TEXAS FAIR, ABILENE**

Today, Friday, is "Colorado Day" at the West Texas Fair at Abilene, but no special delegation from this city will attend, it was stated Wednesday. The general public is overwhelmed in the rush of last week during our own fair, the cotton season and the large building program under way in the city, and could not possibly find time to send a large delegation to Abilene, as much as the courtesy of the fair management there is appreciated.

**Pleating and Hemstitching**

Send your pleating to Galbraith's at Sweetwater. We do knife, box and accordion pleating all sizes. Hemstitching too. Cleaning, pressing and dyeing. Prompt service. GALBRAITH'S

Est. 1913. East Side Square, Sweetwater, Texas.

**Where Trouble Starts**

When your engine is not running properly, lacks power or will not start as it should—bring it in and let us look it over. We get right into it and find the start or the cause of the trouble, and then fix it in a thorough manner. The ultimate cost to you is much less, and your satisfaction greater.

Drive into our Filling Station and get real service Day or Night.

### WITH THE CHURCHES

#### SUNDAY WITH THE BAPTISTS

Last Sunday was pretty fine considering the stress and strain of the preceding days of Fair and other things that went with it. Of course things were off a little but the folks were too. The Men's class at the Palace was pretty good but will be better next Sunday. Next Sunday will be promotion day and we want you to be promoted. Let every parent see that his child is present next Sunday, even if you have to come with them. Suppose you really do the nice thing and bring your children to Sunday school next Sunday and stay for preaching with them.

The Senior B. Y. P. U. will render a program Sunday evening at the regular 7:30 hour. We want to see the parents and especially the entire church membership be present and encourage these fine young people.

#### Senior B. Y. P. U. Program

Sept. 30, 6:30 p. m.  
Subject—Missionary Meeting.  
Leader—Mildred Sanderson.  
Song—Seeking the Lost.  
Song—By Union—Witnesses for Jesus.  
Prayer.  
Song—I Want to Be a Worker.

Song—Carry Your Bible—Juniors  
Presenting of Certificates—By Pastor.  
A cordial invitation is extended to all.

#### PRESBYTERIAN CHURCH

Sunday school at 9:45 a. m. J. M. Thomas, superintendent. Classes for all ages.  
Church services at 11 a. m. and 7:30 p. m. Notice change of time for evening service.  
Sunday school at Horn's school house every Sunday afternoon at 3:30. Jerold Riordan, superintendent  
Rally day will be observed Sunday, October 7th, in Sunday school and church services. All the members are urged to be present at all these services on that day. Don't forget.  
W. M. ELLIOTT, Pastor.

Mrs. A. B. Blanks left Saturday night for an extended visit in Dallas.

#### MITCHELL COUNTY BOOTH IS REGISTERED AT STATE FAIR

The report in the Fort Worth Record Wednesday morning under Dallas date line stating that Mitchell was one of the few counties in Texas which had not yet confirmed reservations for agricultural exhibits at the State Fair, which opens at Dallas October 13, was erroneous, as to this county. Contract for the booth to be used by Mitchell County was signed and mailed to W. H. Stratton, secretary of the fair association, on August 18th.

In a telephone conversation with the secretary of the local Chamber of Commerce Wednesday morning, Mr. Stratton denied responsibility for the article and stated that the West Texas Chamber of Commerce had given the misleading information to the Fort Worth paper. "We received the contract from Mitchell County in due time and most certainly have a booth reserved for your exhibit," Stratton stated.

Leonard Withington, editor of the Record, was requested by wire to correct the misleading report.

#### WHY SHOULD PEOPLE BE RELIGIOUS?

1. Many people think about joining the Church but fail to realize the need of having a new nature given them by the Divine Spirit. No man is fit to be in the church until he has a new nature. Jesus said, ye must be born again from above. The church needs every saved person in it to help carry on the work of the Lord. No one should ever think of joining the church until first he joins the Lord.

2. People should be religious for the sake of their influence. Many fathers and mothers are leading such lives as to lead their children and friends away from the church and God. We must all meet our influence now and at the judgment bar of God. Influence in what we really are and reputation is what the other fellow may think of us. There is lots of difference.

3. We should be religious because of the future. This life is not all of it. There is a big hereafter. We are living the time end of life now but after death we begin on the eternity end of life. God says: "Prepare to meet thy God." There are but two places for folks to land after death—one is heaven and the other is hell. The place we land will depend upon what we have been during this life. If we have lived for God and embraced Him as our Lord and Savior in this life we may expect to live with Him after awhile. The profane, vulgar, foul mouth whiskey drinker, Sabbath desecrator, immoral, covetous, unbeliever will never be able to gain entrance into that land of bliss but will be turned away from the beautiful gate because he did not want to live with and for God in this life.

4. We should live for God because of His punishment on sin. We have become so accustomed to thinking of the mercy of God that we have lost sight of his justice. He has always punished sin. Take Aimelek. God blotted him out because he tried to thwart God's plans. See how God set Saul aside because he would not obey God fully. See what he did for David's house when David did wrong. God demands obedience. Come out to the Baptist church next Sunday and hear the pastor tell about it.  
—Contributed.

The Record received this week a copy of the Lindale News, owned, edited and published by the erst-while Tom P. Cooper of Colorado. From this issue we clip the following:

"The entire News force, consisting of the editor and Ray B. Cooper, Mrs. Tom P. Cooper, Miss Lucile Cooper and Tom P. Jr. put in full time on the issue."

#### WOLK AND SON

At the Lasky corner in the fine town of Colorado are here to serve you and we make the price on the goods so you will buy. What would you be paying for Dry Goods, Shoes, Hats and Furnishings if it wasn't for us? You would still be paying war profiteering prices if we had not put in a store here. Come here and get the goods. We want your business and will sacrifice profits to get it. We want to turn our money fast. We buy for cash and sell for cash. Have all new goods and the best money can buy. You're the doctor, come ahead and take your choice.

They're  
**Wonderful!**

Beauties from Michigan—nestling in rich tomato sauce—with just the right amount of pork. Cooked in our sanitary kitchens at Fort Worth, they have a tempting flavor all their own.

Taste them cold as they come from the can. That's the test that tells. Served cold or hot, White Swan hits the spot. Like fifty other White Swan food products—these beans are "better than the law requires."

When it costs no more, why not enjoy the best you can get? Ask your grocer for White Swan Pork and Beans in the 10c or 15c size.

WAPLES-PLATTER GROCER COMPANY
