THE FAMOUS GUMP FAMILY

IN SOCIETY AND AT THE CLUBS

Joint Meeting

The Merry Wives and the Harmony club met in a joint meeting Tuesday with Mrs. Dixon hostess for the Merry Wives and Mrs. McKenzie for the Harmony at the home of Mrs. McKenzie. After the usual number of enjoyable games the hostess served chicken a la king, hot rolls, cheese straws, potato chips, pickles and ice tea. On each plate were favors of white and lavender cosmos tied with lavender ribbon.

Business Meeting

The Baptist Auxiliary met in business session at the church Monday. Besides the regular business plans were made for entertaining the Sweetwater Association which meets here Oct. 10-13. The pastor and his assistants are working to make this the best in the history of the Association. During the sessions there will be interesting reports from visitors to Baptist World Alliance which met in Stockholm in July. The women will have an all-day meeting Wednesday. Dinner and supper will be served in the Sunday school rooms all the days. Every woman is urged to have a share in this display of hospitality. Call Mrs. M. C. Ratliff or Mrs. Lasky and tell them what you will do.

PRESIDENTS ENTERTAIN.

Mrs. Lasky the outgoing, and Mrs. A. L. White, the incoming president of the Baptist Auxiliary, entertained the women of the church last Friday at the home of Mrs. Lasky. The entertainment was in the form of last day of school exercises, and those on the program were dressed as little girls. Mrs. McKenzie was the teacher, and had only two classes—the A B C class and the graduating class. Mrs. R. O. Pearson, Mrs. Sheppard and Mrs. Compton Pritchett were the Board of Trustees and made speeches fitting the occasion. Recitations and spelling matches were given by the "pupils" to the delight of the guests. Everyone present had a good time. Home made cake and ice cream were served.

MISSIONARY MEETING

The Methodist Missionary Society met with Mrs. Garrett Monday. There was a large crowd present and splendid reports given by all departments. The Juniors had the banner report. Mrs. Schroeder, Mrs. Hooker, Mrs. Garrett gave reports from the all day meeting at Rotan. The program was on China, what had been accomplished through schools, hospitals and the preached word. A freewill offering was taken for the support of the two West Texas Conference Missionaries, who are in Africa. Also plans were made to help support the Canyon worker, who works with the normal students. It was decided to study a foreign mission book on Japan and the books were ordered. The Bible Study along with the book will be the life and letters of Paul.

Auxiliary to C. W. B. M.

The Auxiliary to the C. W. B. M. met with Mrs. Carey Monday. The program was on the negro. Here and there led by Mrs. Eugene Pond. Mrs. C. L. Root had a paper on the negro in North America; Mrs. Pond one on The Negro in Africa and Jamaica. The round table discussion was: World Call and Missionary Review. The hostess served a salad course, little cakes and tea.

1921 Study Club Meets

The 1921 Study Club began the years work last Friday with a full attendance. The meeting was held with Mrs. Jim Dobbs. After the retiring president, Mrs. J. T. Pritchett address and greetings by the new president, Mrs. Ed Jones, the real work began. The subject, the history and meaning of the short story was led by Mrs. C. C. Thompson. Papers were given by Mrs. C. R. Earnest on The Short Story and the novel; by Miss McGill on the short story and the drama; by Mrs. J. T. Pritchett on essential limitations of the short story. One of the honorary members, Mrs. J. G. Merritt was a guest at the social hour. The hostess served a salad course, ice cream and cake.

Junior Missionary

Juniors met with Mrs. J. G. Merritt as hostess Sept. 13, they had very fine reports from each officer, showing that the work still grows. A vote of thanks was extended every one that helped them in any way during their doughnut sale.

On last-Friday afternoon Sept. 29, the Juniors had their quarterly mite box opening at the residence of Mrs. Brennand. There were 25 present; 1 visitor. Two names enroll.

ed. The children were all happy and we all enjoyed the meeting. More than \$18.00 was brought in on our dues and pledges. At the social hour the hostess served two kinds of cake with lemonade.

Missionary Meeting

The young people's missionary society met last Tuesday with Mrs. Boyd Dozier. After the regular business meeting an interesting missionary program was given Mrs. Arlie Taylor and Mrs. Rogers were visitors. The hostess served sandwiches, pickles, wafers and iced tea. The next meeting will be with Mrs. L. B. Elliott.

Regular Meeting

The regular meeting of the Thos. O. Mullin chapter of the Children of the Confederacy will meet at the home of Mrs. Jack Smith Thursday, Oct. 11th from 4:15 to 5:15 o'clock. Sybil Dobbs and Juliana Smith, hostesses. Song, Dixie; drill on pledge to Confederacy; election of delegates to Belton convention Oct. 23-25; social hour. Elizabeth Terrell, Historian.

AUSTIN COLLEGE

The fact that Austin College at Sherman is to receive \$300,000 out of the \$1,350,000 now being raised by the Presbyterians of Texas for educational purposes is arousing interest not only among the Presbyterians but among other denominations. Austin College is now 75 years old and will celebrate its diamond jubilee next June. Attention has been called to the fact that the institution has educated a long list of distinguished Texans without regard to church affiliation.

According to the local church leaders, Presbyterian education may be said to have begun with the foundation of Austin College in 1849. At that time there were only 10 ministers, 17 churches and 344 Presbyterians in Texas. Their total gifts that year to all benevolent causes amounted to \$600.

It is planned to divide the \$300,000 to be received from the campaign, giving \$200,000 to a perma-

nent endowment fund and \$100,000 for much needed equipment. Letters have been received from alumni and from students pledging their support to the work.

Negro Famished After Long Hike.

Harry Simpson, 18-year-old negro boy, was picked up in a famished condition by police on Commerce street Monday night. Simpson had been without food for the past four days so he told the police during which time he had walked from Colorado City, Texas, to Fort Worth. He was taken to the City-County hospital where it is said his condition is serious but it is expected that he will live.—Fort Worth Record.

CONTINUITY IN ADVERTISING

Some eastern railway executives are publishing financial statistics over their names as railroad presidents. Public utilities advertise more intelligently and more continuously and as a result people buy their securities and the values of gas, electric light, power and traction properties are becoming prosperous.

There must be continuity in publicity. Keeping the public informed is a continuous job, as many move away or die and new ones take their places. In dealing with the public use language the public can understand.

Railroads and public utilities cannot expect to advertise in flush times and live on the memory of it when they are hard up. They can't expect to advertise when they are in trouble or about to kick the bucket and expect to get anything in that direction.

PROSPERITY ON EVERY HAND

This is a story of prosperity, of a million dollar crop of West Texas as found by Homer D. Wade.

"Prosperity is general throughout West Texas and by the end of the year the farmers will be in better financial shape than they have ever been before," declared Homer D. Wade, assistant manager of the West Texas Chamber of Commerce, upon his return from Amarillo and a tour of the Panhandle.

"The cotton crop is much larger than was anticipated and the generally satisfactory prices it is bringing will add millions of dollars to the wealth of West Texas. A conservative estimate places the cotton crop of West Texas at 1,000,000 bales this season. At present prices the crop will bring \$150,000,000 in round numbers, counting the value of the seed. The cotton crop has gone further north and northwest than it ever has before.

P.T. ASSOCIATION MET IN REGULAR SESSION TUESDAY

The regular monthly meeting of the Parent-Teacher Association was held at the High school auditorium on Tuesday evening, and the largest attendance since the organization of the Association was recorded. About seventy persons other than school children were present.

The meeting was called to order promptly at 7:30 by the President, Mrs. Jack Smith, who announced that a short program would be given by the sixth grade, after which the regular business session would be held. The sixth grade, under the direction of their teachers, rendered a most enjoyable program, which was appreciated by all.

After this program, Dr. P. C. Coleman was asked to address the meeting, which he did in a very happy and appropriate manner. Dr. Coleman is thoroughly in harmony with the other members of the association in their efforts to place adequate playground equipment on the school yards. He closed his address by contributing \$10.00 to this fund.

The secretary's minutes show that there is a paid up membership of about forty, and other members to the number of fifty, which makes a total membership of ninety. A committee of five has been appointed by the president to solicit members and they will make a campaign for members within the next few days.

The association instructed a committee to immediately purchase three giant strides and one swing group to be placed on the grounds. This will be done within the next few days. This will only be a small portion of the apparatus that the Association plans placing on the school grounds—the plan is to place at least a thousand dollars worth of this playground equipment on the grounds this year.

The sixth grade won the half holiday offered the grade who would secure the best attendance at the meeting of persons who are not connected with the school.

This association bids fair to have a membership of two hundred within the next few months, and that is as it should be. Every man and woman in Colorado should be a paid-up member.

MRS. LEE JONES, Secretary.

COTTON CROP 49.5 PER CENT NORMAL

WASHINGTON, Oct. 2.—The condition of the cotton crop on Sept. 25 was 49.5 per cent normal as compared with 64.1 on August 25 and 57.5 per cent, the average condition for Sept. 25 for the past ten years, according to figures given out today by the U. S. Bureau of the Census.

This condition forecasts a yield of 137.1 pounds per acre with a total of about 11,015,000 bales. The final yield may be larger or smaller according to the conditions prevailing in the cotton states for the remainder of the season, whether or not they compare with those of other average years.

The crop last year amounted to 9,761,817 bales. The average production for the years 1915 to 1918 was 11,481,084 bales.

Mr. and Mrs. Hayes and children visited Mr. and Mrs. Broadus a few days this week en route from California to their home in Ft. Worth.

Andy Gump and Uncle Bim will have a party in Colorado soon. Watch for date.

Notice of Sheriff's Sale Under Execution THE STATE OF TEXAS County of Mitchell

By virtue of an execution issued out of the honorable County Court of Mitchell County, Texas, on the 26th day of September, A. D. 1923, by W. S. Stoneham, Clerk of said court, in the case of L. D. Ladd vs. the Mitchell County Oil Corporation, Garnishee, and to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales on the 9th day of October, A. D. 1923, at the court house door of Mitchell County, in Colorado, Texas, the following described property, to-wit: Forty-nine (49) shares of stock, of the par value of Two Hundred Dollars per share in the Mitchell County Oil Corporation, levied on as the property of Guy C. Reed, or as many of said shares of stock in said corporation as may be necessary to satisfy a judgment amounting to \$306.00, with 6 per cent interest from July 3rd, 1923, together with the sum of \$18.50 costs, in favor of L. D. Ladd, and all costs of suit herein.

Given under my hand, this 26th day of September, A. D. 1923. L. W. TERRY, 10-5c Sheriff, Mitchell County, Tex.

No less than 10,000 persons were present daily at the National Baptist Convention (colored) which met at Los Angeles Sept. 24, 1923, and the financial returns show that more than twice the usual collection was raised this year. Much of the credit for these pleasing results is given to the untiring efforts of the new president, Rev. L. K. Williams, D. D., pastor of the largest evangelical church in the world, Olivet Baptist of Chicago, and the convention evidenced its appreciation of his wise leadership and rare executive ability by unanimously re-electing Dr. Williams.—Baptist Standard.

Rev. E. M. Clemmons, pastor of the colored Baptist church in Colorado attended this convention and represented this western district. He reports a great convention and a splendid trip.

11,051,000 BALES IS U. S. COTTON ESTIMATE NOW

NEW YORK, Oct. 2.—The Government crop condition report, indicating a total yield of 11,051,000 bales, was a surprise as many private reports had led the cotton trade to look for crop of about 10,500,000.

From a state of pronounced strength, the market instantly changed to one of great weakness the maximum decline being equivalent to approximately \$100,000,000.

December contracts, probably the most active of the 12 months trading closed at 28.37 cents a pound. Because of strong Liverpool cotton cables, a bullish ginning report and expectation of a bullish Government condition report, the market opened some 20 points higher and continued to advance during the first hour until December touched 29.37 or 100 points above the previous close. Then after the crop report was issued prices were precipitated 177 points to 27.60 per pound for December, while there was a subsequent slight rally to about 28 cents a pound for December, the market was sensitive to selling orders from any quarter.

With the present outlook for 11,000,000 bales of new crop cotton and a supply of about 2,500,000 left over from last year the total supply of cotton for the world during the 1923-24 crop year is about 13,500,000 bales.

Meanwhile the present crop is late and the frost has yet to be reckoned with. An early frost this year, in the opinion of some cotton brokers, could easily cut the yield 1,000,000 bales while an open Fall could just as easily increase the crop half as much. The weather of the next 30 days will have much to do with determining the price at the mills. Should the consumption of American cotton this year be 12,000,000 bales as is now indicated in some quarters, the surplus of about 1,500,000 bales that would be the smallest in many years.

COTTON BUREAU CONTRACT HELD VALID BY COURT

AUSTIN, Oct. 3.—The Supreme Court today finally upheld validity of cooperative marketing contracts when it overruled a motion for rehearing in the case of the Texas Farm Bureau Cotton Association against J. C. Stoval of Ellis County. The case was a test suit of the association's authority to enforce its agreements to market cotton cooperatively.

The court also overruled motion of the Houston National Exchange Bank in its case against the State Prison Commission involving notes for an oil mill.

The Studio is now under new management. These new men come from Henrietta recommended very highly as Studio artists. They have put in new equipment and are prepared to do enlarging and color work, outdoor scenes, landscapes, etc. They will make kodak finishing a specialty giving a one day service in this line. It is their intention to build up the studio into the first class and ask that you visit the studio and inspect their work as they claim their work is their best advertisement. They expect to remodel the interior of the studio so as to get the best possible light and conveniences in dressing room, parlor and reception room and make it a first class picture shop.

COTTON

H. Kempner at Galveston sends out this statement:

From the recent Government estimate the indicated yield this year will be 10,788,000 bales. Adding to this indicated crop the carry over from last season of 2,573,000 bales, there is a prospective supply this season of only 13,361,000 bales. Granting that the consumption will not be any larger than it was last season, when it was 12,631,000 bales the carryover at the end of this season will only be 730,000 bales. Even without any improvement in trade conditions abroad, this year's crop is going to prove inadequate for the world's needs.

24 SCHOOL DISTRICTS TO REQUEST \$19,250 AID

Twenty-two common and two independent school districts of the county are to file application for State aid aggregating a total of \$19,250. Application presented by the twenty-four districts have been filed at the office of J. C. Hall, county superintendent, and will by him be presented to the State Department of Education.

This will be the largest amount requested from the department since the state aid act became effective a few years ago. Last year the schools of Mitchell County applied for \$14,500 and received from the state \$11,500. Hall will go to Austin to personally support the application for this financial assistance.

ROSS AND GOODE TAKEN TO DALLAS COUNTY JAIL

The Dallas County jail will be used as a place of confinement for Milt Goode and Tom Ross, Seminole County cattlemen, convicted at Lubbock and Abilene for killing H. L. Roberson and W. D. Allison, inspectors for the Texas and Southwestern Cattle Raisers Association, at Seminole April 1. Dayton Moses, attorney for the association, said Tuesday.

Ross and Goode were taken from Abilene Tuesday to Dallas. Both have been in jail at Lubbock and Abilene since the killing last April, as bond was denied them.

Motion for rehearing of the case of Milt Goode, convicted at Abilene Sept. 20 of killing H. L. Roberson, was denied Monday by District Judge Ely, Moses said. Attorneys for defense gave notice of appeal. Defense has 90 days in which to perfect an appeal to the Court of Criminal Appeals.

Ross was sentenced to 35 years at Lubbock for killing Allison and at Abilene was given 20 years for killing Roberson. Goode was sentenced to 26 years at Lubbock for killing Allison and was given 25 years at Abilene for slaying Roberson.

COM. TERRELL SAYS COST OF PRODUCING COTTON 24c LB.

An itemized statement shows the total cost of cultivating and gathering 112 acres of cotton in Bexar county to be \$3,410.25. The cost items include all labor in cultivating, picking and cost of hauling, ginning, wrapping depreciation of soil, and

interest on the investment. Allowing one-fourth bale to the acre, there would be 28 bales, aggregating 14,000 lbs of lint cotton. This estimate shows the cost per pound of the lint would be 24.35 cents per pound.

The above is sent out by Commissioner Geo. B. Terrell. There is not a farmer in Mitchell county who believes it costs 24c to raise cotton.

SIX DAY EXPOSITION WITH ELABORATE PAGEANT

A mammoth parade will open the San Angelo Fair with a blaze of glory at 11:30 Monday morning October 8. The great six day program of entertainment, education and amusement which will follow during the All-West-Texas Exposition will be fittingly ushered in by a variety of floats, decorated cars, equestrians and exhibitions that will forecast the many events to come.

The San Angelo Fair Association offers prizes of \$60 for first place, \$40 for second place and \$20 for third in the main body of the parade; and \$10 for the best comedy entry in the comedy section. The prizes in the main sections will be awarded on the following score basis: beauty entry 50 per cent; originality 30 per cent; portrayal of idea, 20 per cent. There will be no restrictions or iron clad rules as to the nature of ornamentation or exhibits shown in awarding prizes. Either a decorated car or a float may be entered.

An individual, organization, club, business firm, community, city or county may enter a car and the car or float may be decorated in any way or in any material that is suitable to the occasion. All will be eligible to compete for the prizes on the awarding basis mentioned.

In addition to the competitive entries there will be two bands, a drum corps, an old timer's section, a national Guard section, a Boy Scout section, a cowboy section, the city fire department and many other entries in addition to the comedy brigade.

J. Culbertson Deal is chairman of the parade committee and Harry Stinson will be the grand marshal.

Faulkenberry surprised their many friends by motoring to Colorado Saturday afternoon and getting married. Judge Hall tying the nuptial knot. Eldie Richburg accompanied them. We wish them all the joy and happiness that might be theirs. Mrs. A. S. Hallmark who had a stroke of paralysis two weeks ago was carried to Sweetwater Sunday to be treated. Mr. and Mrs. Milton Hamilton are the proud parents of a baby boy who made his appearance Sept. 26th. Sanford Fraser and family spent the week-end visiting relatives at Abilene and Buffalo Gap. O. L. Willis has returned home from Fort Worth where he has been

visiting his children for the past month. Little Sam Faulkenberry has pneumonia but is reported to be some better at this writing. A singing was enjoyed at the Petty home Sunday night. Eldie Richburg spent Sunday in the Buford community. E. A. Ware and family spent Sunday visiting relatives at Inadale. Mrs. F. P. Brame and sisters, Florence and Gladys Richardson, who have been at Glen Rose taking treatment for the past several weeks returned home Monday very much improved. Mr. and Mrs. Thomas Faulkenberry spent Sunday afternoon in the Mrs. Joe Richburg home.

INCREASES TREND TO NORTH Interest in the semi-wildcat oil producing area in Mitchell County section of West Texas continues to

center on the north end of the territory proven for oil, and indications are that the field's trend of production lies to the north. The most recent completion made in the county is S. A. Sloan and associates' H. C. Miller 1, which gauged an initial production of slightly more than 400 barrels when swabbed after shooting the line pay at 2915-3005 feet with 180 quarts several weeks ago, and is now making about 300 barrels daily. This well is located in section 22, block 28, T. & P. railroad survey, and about half a mile north of the 200 barrel natural producer completed early this summer by S. A. Sloan and associates on the San Sam farm. Mitchell County's daily average production now ranges close to 625 barrels, and the bulk of this oil is being sold to the Rio Grande Oil Company, which ships it to refineries at El Paso and Tucson, Ariz.—Oil Weekly.

WITH THE CHURCHES SUNDAY WITH THE BAPTISTS

If you missed last Sunday you missed some rare treats. The children rendered a fine program at the close of the Sunday school and the Senior B. Y. P. U. at the evening services did credit to themselves. The folks liked the program so well they are asking for more like it.

Next Sunday morning we are going to speak to the children. We might say something about the grown up folks. We want a great day next Sunday. We had two fine audiences last Sunday and hope to have two even larger ones next Sunday. Everything seems to be running fine. We aim to preach a sermon right soon on a very interesting subject that all the folks will want to hear.

Next week the Sweetwater Association meets with us. On Wednesday there will be rendered a mighty fine program. We want all the parents to be present next Sunday morning for the children's services. Make arrangements for your children to be present.

Sunday we will observe Promotion Day and announce the teachers for the year. Let every body be at Sunday school and on time.

We will preach Sunday morning on the Permanency of the Holy Scriptures. If for any reason, either modern scholarship, so called, or criticism of the rebellious, stubborn sinful soul, or from any other source your faith has been shaken or you have no faith to begin with, come and hear this discourse.

Sunday evening we will preach on the Office of the Cross. Will there ever come a time when the Cross ceases to offend? Can the Christian Religion be made attractive and easy

going so that saint and sinner alike will delight in the cross? Why is that people do not go to church? I shall discuss these points and I would like for every one to read, "The Younger Generation and Religion." "They are not Godless, but they want to go to church and why," by John Farrar, in Ladies Home Journal, October number. There is so much of this Cheap John stuff and most all of it runs counter to the plain teachings of the Scriptures that many of the people who rarely ever read the Bible are having their heads filled with the most vague notions and I feel that we should speak out and spare not because human destinies are at stake. Everyone cordially invited. J. F. LAWLIS, Pastor.

UNSHAKEN TESTIMONY Time is the test of truth. And Doan's Kidney Pills have stood the test in Colorado. No Colorado resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. H. Cooper, proprietor of blacksmith shop, Sixth and Oak streets, says: "I have used Doan's Kidney Pills several times in the past for trouble with my back. From the results I obtained, I think they are a good, reliable remedy. I purchased this medicine at Doss' Drug Store and I gladly recommend it to anyone suffering with their kidneys."

Over three years later Mr. Cooper said: "I can still recommend Doan's Kidney Pills as highly as I did when I endorsed them before, Doan's certainly benefitted me a great deal."

DALLAS MAN RECOVERS FROM PARALYSIS

"I was stricken with general paralysis followed by impact bowels on April 16th. Hiccoughs set up, which continued for seven days. I tried every remedy suggested to me without results. I started taking FERRASAL and the first dose stopped the hiccoughs for two hours. I repeated the doses and the hiccoughs had entirely stopped by morning and I have not had them since. I kept taking FERRASAL night and morning and was able to be up in two weeks and had regained the use of all my faculties in one month. I have had no trouble with my stomach or bowels since and my general health is improving daily." D. HARIDIE COX, R. 8, Box 640, Dallas, Texas. Acid Stomach and Constipation caused Mr. Cox's trouble. ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangers and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger. Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

BALE ADVANCE INCREASED TO \$70 BY COTTON ASSN.

With cotton at its present level, the Texas Farm Bureau Cotton Association has been enabled to increase the per bale advance to their members from \$60 to \$70 on all shipments averaging 500 pounds or more and on shipments averaging less than 500 pounds per bale an advance on the rate of 14 cents a pound. This action was taken last Thursday by the executive committee of the Association and was possible through adjusted arrangements with those interests financing the coop-

erative marketing of the Texas cotton crop, it was announced. Commenting upon the increased advance, W. W. Porter, secretary of the Mitchell County Farm Bureau, stated: "We know this information will be happily received not only by the members themselves who will participate in this increased distribution, but by the business interests generally."

"In this connection with the Association activities, we ask the fullest co-operation of the membership," Mr. Porter said. "The Association is ever watchful of an opportunity to be of service to the membership and

their interests consistent with the operation of the co-operative marketing program as a whole, and with these thoughts in mind announce the increased per bale advance."

The following letter has been distributed to the banks of Texas concerning the increased advance, which is self-explanatory:

Effective at once, the authorized advance against member growers' unclassified bale cotton consigned to the Texas Farm Bureau Cotton Association is \$70 on all individual shipments averaging 500 pounds and more and 14 cents a pound on all bale cotton weighing less than 500

pounds. To illustrate: The member grower ships two bales of cotton weighing 540 pounds and 460 pounds respectively. In this case the Association will advance \$70 a bale. Should he, however, ship one bale weighing only 395 pounds, his draft should be made out at the rate of 14 cents a pound.

"Please be advised that drafts in excess of this amount will not be paid except upon specific authority of the officers of the Association at Dallas and all such drafts should be accompanied by such authority or bear reference to same.

"We will appreciate your co-operation in advising our members regarding this advance in order that they may avoid any inconvenience."

FORD MOTOR NEWS

From a daily output of 5,860 yards in Oct. 1920, to the manufacture of from 30,000 to 50,000 yards of artificial leather a day at present after two years effort, is one of the interesting achievements of the Ford Motor Company's plant in Highland Park.

Five grades of leather, each suited to a different purpose, are produced and with these the company is able to supply, wholly or in large part, its own side curtains, side quarters, back curtains, cushions, cushion facings, tops, sedan roof covering. The artificial leather manufacture, which was first begun as an experiment in 1918, has reached a high state of perfection and now proceeds on the continuous production system.

The principal cloths used are drill, twill, moleskin, sateen and Ford cloth, which is woven at Highland Park. The average length of strip of any of these is 300 to 400 yards, with widths from 36 to 52 inches and weights running between 200 and 500 pounds per roll.

As soon as a roll of cloth enters the manufacturing section of the department it is placed on a re-rolling device and carefully inspected for any possible defect. Next it is weighed and started through the coating ovens where the coating proceeds on a continuous system. As the cloth passes the first station or section, the coating mixture flows onto one side of it and is evenly distributed by a spreading knife. After the coat is applied the cloth passes into a drying chamber which is heated by

steam to 210 degrees Fahrenheit. By the time it emerges from the drying chamber it is ready for the next coat and so the process is repeated until the desired surface covering is secured, when the cloth leaves the oven.

AT McDOWELL NO. 4

So much hard luck has been the portion of the workers at McDowell No. 4 that a change is due shortly. While lowering the tools to ascertain whether or not casing could be safely landed below the tools in the well, the brake on the bull wheel gave way and the tools went to the bottom of the well. As the hole has plenty of water in same it is thought there will not be any damage to the tools. The biggest damage was to the bull-wheel and it was necessary to replace this with one formerly used at the Roberts well.—Big Spring Herald.

E. K. SMITH CHARGED WITH ASSAULT INTENT TO MURDER.

The following article, concerning an altercation involving E. K. Smith of Snyder, was published in the Sweetwater Reporter Sunday:

"E. K. Smith, proprietor of a local rooming house, is under a charge of assault with intent to murder as the result of an affray Saturday night with Mr. and Mrs. R. J. Howry, lodgers.

During the course of the argument a shotgun alleged to have been in the hands of Smith was discharged into a bedroom adjoining the scene of operations. Another lodger, in bed and asleep at the time is reported to have departed hurriedly via the window, taking the screen right along with him in his flight.

Mr. and Mrs. Howry came to Sweetwater last week from Wichita Falls, where Mr. Howry owned a barber shop. He is employed at the Santa Fe barber shop here.

"It was said to have been a very warm fight while it lasted. Smith is reported to have told authorities, after the scene of operations was transferred to the courthouse, "That woman slapped the God out of me."

COMPLETE FIRST STORY

The brick work for the first story of the Baptist Church has been completed up to the second story and next week will come the laying of the foundation settings for the big piers. The water and sewer lines will also be laid this week.

Another car of lumber and flooring arrived during the week.

Two more stories will be added from the present height of the walls, of the completed structure can be so some idea of the imposing nature gained from that. The floor of the auditorium will be even with the present walls.

It is planned to have everything in readiness for the laying of the corner stone October 21.—Sweetwater Reporter.

SCHOOL BUILDING

NEARING COMPLETION

During the last week or so work has been going on rapidly on the school building and it is beginning to take on a finished appearance. It seems that the work has been very slow and school will be delayed some in opening. The secretary of the school board made the statement Wednesday that it was impossible to set any definite time just now, but that the plans were to get school started by the fifteenth of October. Work is to be rushed to completion on the lower story of the building, where all class-rooms are located, so that it can be used by that time. The finishing of the auditorium and the grounds can then be completed after school starts.—Lorraine Leader.

SAVED BY BULL DOG.

Tuesday night about 8:30 o'clock at the Clear Fork bridge near Sylvester, Mr. Carter, living west of town was halted in attempt of robbery by two highwaymen. The men jumped on the running board of the car, and when a bull dog in the rear of the car growled pretty loud it frightened one of the men and he got off the car. The other one caught hold of the steering wheel and demanded that Mr. Carter stop, but instead of stopping Mr. Carter caught the supposed highwayman with a right hook under the ear, and down he went.—Roby Star Record.

**OVER ONE CAR AN HOUR
BUILT AT MARSHALL SOPS**

The Texas & Pacific freight car shops at Marshall have broken another record for output of the shops in one month's time. During September the shops have been in operation and have worked 192 hours, have built new from the rails up 126 standard cars, rebuilt 81 cars on which as much as \$350 or more was spent, making a total of 207 cars which is over one car an hour. This is the highest record the freight car shops here has ever made and one

that probably tops the list of production in the United States, officials believe. The force was 170 men.

**BABY SHOW AT BEST THEATRE
ON MONDAY-TUESDAY, OCT. 8-9**

If Colorado's younger generation is receiving a few extra touches during this week it is a quite natural thing. They are being groomed for the baby show at the Best Theatre, Monday and Tuesday, October 8th and 9th.

Mr. Hawkins who is in charge of the contest will endeavor to call on every one in the city and photograph the baby of the family free of charge. These will be shown on the screen at the Best on the above mentioned nights, in prize contest. There are \$25.00 in prizes being awarded by some of the leading merchants of the city.

Great interest is being shown in the contest by Colorado mothers, all of whom, of course, think their little precious an easy winner.

A special motion picture program has been arranged for the occasion. A big Warner Bros. special "Parted Curtains," starring Henry B. Waltball and Mary Alden. BIG IRRIGATION PROJECT

Snyder, Sept. 30.—One of the big irrigation projects of West Texas, which will soon be visited and reported upon by the State Board of Water Engineers lies in the southwest part of Scurry County in the Colorado River Valley about 16 miles from Snyder.

Several preliminary surveys of this project have been made, but from lack of proper legislation it has been deemed unwise to attempt the project.

At a point where the protruding rock embankments on either side of the river are only separated by a gorge some 1,500 feet in width, is found an ideal damsite and which will require the installation of a dam rising about 1000 feet above the Colorado River bed. Stretching back from this point and covering something like 100 square miles, is a natural storage reservoir capable of impounding 200,000 acre-feet of water. Above this point and reaching to the headwaters of the Colorado on the lower South Plains is an area of more than 2,000 square miles which drains through this territory and capable of filling the reservoir several times during any normal year. Near the damsite and draining back into the river is a natural spillway that will take care of all surplus floodwaters for any projects below this one.

The reservoir site is now part of several big ranches, and little farming property will have to be disturbed in the project.

Below the damsite are many thousands of acres of rich land already in cultivation, reaching thru the southern portion of Scurry County and into Mitchell. The project calls for two main canals, one on either side of the river widening gradually for many miles and reaching a class of land singularly suited for fruit and truck growing, in addition to the other staple crops grown throughout this section.

The annual runoff from the Colorado through this territory totals many hundred thousand acre-feet draining as it does the major portion of several counties, and there is no reason to believe but that when this project is completed that there will be ample water to take care of considerable more acreage than now contemplated.

**BAPTIST ASSOCIATION TO
MEET AT COLORADO**

The regular annual meeting of the Sweetwater Baptist Association will convene at Colorado, this year, on Oct. 10 to 13, at the Baptist Church. This Association is composed of the Baptist churches of Mitchell, Nolan and Taylor counties. Some of the strongest men of West Texas will be present and a big time is expected.

The public in general is cordially invited to attend any or all these services, as many questions will be discussed and spoken on that are of vital interest to every one.

Wednesday, Oct. 10, will be the Pastors and Laymen's Conference, and the program will be as follows:

10 a. m., Devotional Dr. J. C. Burkett. 10:20—Our Baptist Heritage, Jeff Davis, and at 11 o'clock President J. D. Sandefer of Simmons College, Abilene, will speak on "Education as Related to Service."

At 2 p. m. "The Baptist World Alliance: Its Meaning and Message," by Dr. M. A. Jenkins.

At 3 p. m. "Our Church Government," by G. W. Parks.

4 p. m., Address, Dr. L. G. Morony. All services will be interspersed with splendid music, which will be directed by Mr. Embry of Sweetwater.

The ladies department of the Association will hold their meeting at the same time the men are in the above meeting.

The Association meets at 7:30 p. m. Dr. L. G. Moroney, of Sweetwater will preach the Introductory sermon.

Last Sunday's Star-Telegram had a front page picture and display article about a Dalhart dancing genius. Here is the article:

DALHART, Sept. 29.—Mary Frances Blatherwick, 10, daughter of Mr. and Mrs. Ray Blatherwick of Dalhart, has accepted an engagement with the Mission Theater at Amarillo to dance there during the Amarillo Tri-State Exposition, Sept. 25. Although only 10 years old, Miss Mary has won notice from Eastern vaudeville managers and play producers by her unusual grace and ability as a dancer. Born in Dalhart, she has been trained in acrobatics since childhood by her father. Seemingly endowed with a natural desire to dance, she has created some of the dances which she does, and it is this unusual feature in her dancing that has opened up for her several channels to stardom.

Miss Mary has been received with great acclaim and enthusiasm by many audiences in the Southwest. At the close of her engagement at the Amarillo Tri-State Fair she will go to New York for review by a prominent playwright.

The accompanying photograph shows Miss Mary in one of the many difficult poses which she easily attains during her dancing.

Mary Frances is a grand-niece of Mrs. F. B. Whipkey, (Aunt Rose) and her mother was raised in Williamson county, the parents and grand parents coming from the Blue Grass ridges of Kentucky.

FRANK NORFLEET LANDS 6TH MEMBER OF GANG CON MEN

SALT LAKE CITY, Utah, Oct. 2.—J. Frank Norfleet of Hale Center, Texas, who for the last four years has devoted practically his entire time to the seeking out of the men who fleeced him out of \$40,000 in Fort Worth in November, 1919, slept soundly and peaceably in Salt Lake City last night, his chase said to be over and the last of the bunco men reported in the toils of the law.

M. P. Hunt, a salesman of this city just at present, but formerly known as W. B. Spencer of Texas, is the man identified by Norfleet as the last of the bunco men. He is held here by the government on three narcotic charges and will have to stand trial on these charges. "Hunt, or Spencer, had quite a chat with

Norfleet and admitted he was one of the men who 'got the \$40,000,' according to a statement made by George Chase, superintendent of the identification bureau here.

Indictments charging the breaking of the narcotic laws caused the arrest of M. P. Hunt on September 20th. While Hunt was in custody, Mr. Chase comparing Hunt with a picture and an identification card sent out by Norfleet, decided that Hunt and Spencer were the same man and notified Norfleet of his discovery.

Norfleet arrived here yesterday and immediately identified Hunt.

The United States government, according to detectives, has refused to give Spencer up until he is tried on the narcotic charges. Norfleet will remain in Salt Lake

City two or three days before going to his home in Texas.

Of the six who are accused of staging the fake stock game by which he was fleeced, the Hale county ranchman says that two are now in the penitentiary, one was acquitted one committed suicide, one died of an illness, and the sixth is now in prison.

Mr. Norfleet has considerable land holdings in Hale county which is located on the South Plains of Texas. He has at various times served as deputy sheriff in that region.

Norfleet has at times taken assumed names and traveled in disguise when nearing neighborhoods where he believed some of his quarry were hiding. He has been on their trail far into Mexico, in many parts of Canada, in every state in the Union save one, and in Cuba.

1923 TAXES NOW DUE

Monday, October, 1st, the 1923 taxes on all personal and real property became due and payable. According to C. E. Franklin, deputy in the office of Collector I. W. Terry, few payments are being made at this time. Only two receipts were issued Monday, the first day the taxes became due, by Terry's office. A. C. Caswell of Loraine was the first man in the county to pay his 1923 taxes. The second receipt on county and state taxes was issued to W. E. Reid of Colorado, the first poll tax receipt being issued to him, with Mrs. Reid number two. Reid was also the first to pay taxes into the treasury of the Colorado Independent School district for this year. City Collector Costin reports that only one receipt has been issued by his office for the 1923 city taxes, this being issued to W. E. Reid.

ATTENTION!

To the singers of Mitchell County. The East Side Singing Convention will be held at Buford about six miles north of Colorado, Oct. 14th (second Sunday).

Everybody is cordially invited to come. We want you present whether you sing or not. You can help in some way. If in no other but help spread the dinner. So come, everybody and bring well-filled baskets. We will have some few new 1924 books—"His Voice of Love." We are growing stronger musically every day. Stay with it, folks, and boost.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them

went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.
