

MITCHELL COUNTY GIN RECEIPTS PASS 22,000 BALES THURSDAY

1923 CROP ESTIMATED AT 30,000 BALES WITH VALUE OF \$4,500,000; STAPLE SELLING AT 33.5 CENTS AND SEED AT \$40 PER TON

Mitchell County gin receipts for the present season were placed at 22,443 bales, counting round bales as half bales, Thursday at noon and figures compiled by the Chamber of Commerce estimated that the total for the season would reach 30,000 bales, an increase of 6,500 bales over last year, when a total of 23,500 bales were ginned in the county. But few farmers have finished gathering the crop, it was stated, and large numbers have from a few to twelve and fifteen bales yet in their fields.

The estimate as to gin receipts was compiled from figures furnished by the fourteen gins at Colorado, Lorraine, Westbrook and Buford. Colorado was leading with a total of 10,343 bales. The exact amount received at Lorraine could not be ascertained, but receipts there were estimated at 8,000 bales. Westbrook receipts had reached 2,500 bales and Buford 1,600, making a grand total of 22,443.

Seed were selling at the gins in Colorado at \$40 per ton and but few growers are hauling this product back home to hold for anticipated higher prices. Thursday at noon cotton was selling at \$32.50 per hundred, middling basis, and quotations on round bale cotton were given at one dollar higher. O. Lambeth reported a total of 1,420 round bales delivered to that date.

The Colorado cotton oil mill was reported as running to full capacity with a large seed stock in warehouse awaiting to be crushed. The press also continues to present a busy scene, with its wharves crowded with cotton awaiting compression. The latter plant is expected to

set a new record this season in the number of bales handled. The weather has been ideal for gathering cotton during the past week, a fact that has caused farmers to feel much relieved. The cotton harvest was delayed some two weeks during the heavy rains in October and for several days it was impossible for farmers to get into their farms because of the ground being boggy. With continuation of favorable weather the crop should be out before January 1st.

Computing present gin receipts at \$150 per bale, the crop already harvested represents a market value of \$3,366,450, considerably in excess of the value of the 1922 cotton crop. At the same ratio, the estimated production in the county for the season of 30,000 bales would be worth \$4,500,000, climbing to figures only surpassed by the crop of 1919, when a total of 32,000 bales were made and a price of around forty cents per pound was obtained.

According to statements from local bankers and merchants, general conditions are today in better shape than at any previous time in the history of farming in Mitchell County. Deposits in the two banks at Colorado are hovering around \$2,500,000, a record not attained in local banking circles since the early cattle boom days of the early eighties.

The Farm Bureau continues to take a good quota of cotton on consignment from Mitchell County members of the Cotton Association, according to W. W. Porter, local secretary. The organization has already received more cotton this year than total receipts for the entire crop of 1922, Porter claims.

THREE NEW WELLS SOON BE ADDED TO PRODUCERS

Three additional wells are to be added to the producers in the field as soon as they can be completed and placed under pump, was the statement of one of the local operators Thursday afternoon. These are Morrison No. 4 of the Underwriters Producing & Refining Company, O'Neal No. One of S. A. Sloan et al., and Badgett No. One of Bill Thompson.

The two former wells were shot during the week and plans were about complete Thursday at noon for shooting the Badgett well. The Morrison Four was shot with 170 quarts Tuesday at from 2940 feet to 3050 feet. The O'Neal well was shot Wednesday with 260 quarts at from 2969 to 3112 feet. Crews at both wells are cleaning out. Showing was reported as being good at both these wells. Thursday the Morrison well was standing 1,000 feet in oil.

The Sloan Oil Company have spudded their Smartt No. 2. Location for new tests, one of which is to be on acreage north of Colorado, is expected to be definitely announced within the next few days.

SUBSCRIBERS BETTER TAKE NOTICE

Since our notice last week about paying for your paper about 150 have paid up. Remember on January 1st we go on a cash basis and will not be off the list every name that is not paid in advance. We mean this, so you had better get busy and pay for your paper. It only takes five pounds of cotton to pay for the paper for one year.

BERRY-FEE LUMBER CO. LOCATES AT COLORADO

Construction of sheds and office building for the Berry-Fee Lumber Company, newest industrial concern to be added to the commercial interests of Colorado, was begun Tuesday on property recently purchased by the concern from W. W. Porter on Oak Street, near Main. Several carloads of lumber and other building material have already arrived for the company and are being unloaded on the site.

The new firm is financed by Cisco interests and according to R. F. Fee, recently of Cisco and who will be in active charge of the business, the Berry-Fee Lumber Company has come to Colorado to stay. Fee stated Tuesday that he would acquire a home here and make this city his permanent residence. Tom Johnson of Cisco is temporarily in charge of the company business here.

ALCOVE CONFECTIONERY TO ADD NEW FEATURES

To keep up with its ever increasing popularity, the Alcove Confectionery will soon install new features in its place of business. To be able to handle hot luncheonettes, chili, and fillings for hot sandwiches, the proprietors have ordered steam tables, and they also intend to have extra cases for keeping both bulk and boxed candies. The specialties now are luncheonettes, home made pies, all sorts of drinks, sandwiches, waffles, and hot chocolate and coffee. The Alcove caters to furnish refreshments for any sort of social gathering, and women will find that it saves a lot of trouble by sending the children there for refreshments after "that picture show party."

DATE LIONS CLUB MEETING CHANGED TO NOVEMBER 23

Date for the banquet to be given at Hotel Wright at Sweetwater by the Lions Clubs of Colorado and Abilene was definitely named as Friday, November 23, by committees representing the two clubs which met at Sweetwater recently to arrange program for the banquet. The change from November 16 to one week later was made when it was learned that Col. Louis C. Perry of Terrell, district governor of Lions Clubs, could not reach Sweetwater on that date because of an appointment previously made for Cameron. Col. Perry is to deliver the principal address.

Members of the committees who are directing program for the joint meeting of these clubs are Dr. Maddox and Guy McCarty of Abilene and M. S. Goldman and W. S. Cooper of Colorado. Joe H. Boothe, mayor, and John McCurdy, secretary Board of City Development of Sweetwater, are assisting the committee in arranging details of the program.

In addition to membership of the two Lions Clubs, forty representative citizens of Sweetwater and a few citizens of Snyder are to attend as guests. The forty guests to attend from Sweetwater are to be selected by Messrs. Booth and McCurdy. R. D. Green of Abilene, deputy district governor, will preside as toastmaster.

The program will start promptly at 8 o'clock on the evening of the date designated and is to be largely of a business nature, featuring addresses emphasizing the importance of the four towns represented to become more closely associated together in their varied programs of social and economic affairs. The Sweetwater mayor was perhaps the strongest advocate of any of the other gentlemen in stressing importance of a closer relation between the towns of this immediate section when the representatives met to outline program for evening.

COLORADO CITIZENS WILL ATTEND SCOUT MEETING

Local members of the Boy Scout district organization committee are to attend a meeting at the Hotel Wright in Sweetwater Thursday evening, it was stated Tuesday by Dr. P. C. Coleman, a member of the committee. Other members of the local committee are Rev. W. M. Elliott, W. B. Crockett, Joe H. Smoot, and W. S. Cooper.

Representatives of the four other counties interested in the recently organized scout district are also to attend. The other counties are Nolan, Fisher, Scurry and Howard.

TWO MEMBERS ADDED TO LIONS CLUB FRIDAY

Election of John Geer, manager West Texas Electric Company, and E. J. Jackson, proprietor of the shoe repairing concern bearing his name, as members of the Colorado Lions Club, was announced Friday by the president, Col. C. M. Adams. The addition placed total membership at forty.

THANKSGIVING SERVICES TO BE HELD AT M. E. CHURCH

In observance of the custom followed in Colorado for a number of years, union services are to feature the religious recognition of Thanksgiving again this year. The services are to be held at the Methodist church and Rev. M. C. Bishop, pastor First Baptist church, will deliver the sermon. Young people from the several churches of the city have in charge arrangement of the program.

WEST TEXAS ELECTRIC CO. HAS ATTRACTIVE OFFICE

The office of the West Texas Electric Company on Oak street is one of the most attractive places in the city. The entire building was recently remodeled and new fixtures and furnishings added. A complete stock of electrical supplies is on display in the office.

MITCHELL GRAIN WINS FIRST PRIZE AT WACO

An entry of grains and seeds, entered in the individual exhibits department at the Waco Cotton Palace by the Colorado Chamber of Commerce, was awarded first place, according to a communication received Wednesday from S. N. Mayfield, secretary of the exposition. The exhibit included several specimens of the grain sorghums and were placed on exhibit at Waco through courtesies of the West Texas Chamber of Commerce.

In addition to the exhibit in this department, Mitchell county products figured largely in the all West Texas exhibit shown at the Cotton Palace by the West Texas Chamber of Commerce. The quality of products produced here this season were praised by B. M. Whitaker, exhibit manager, of the organization, who visited Colorado during the fair in September.

RED CROSS NURSE MAY BE EMPLOYED IN COUNTY

Employment of a graduate Red Cross nurse for Mitchell County is the goal set by the Mitchell County chapter in launching the Seventh Annual membership drive, which opens Sunday to continue two weeks. J. H. Greene, county chairman, made an appeal to the citizenship of Lorraine to support the coming membership drive in an address delivered by him Wednesday afternoon before the Lorraine Chamber of Commerce.

"We need not enter into any discussion as to the merits of this great organization," Greene said, "as we of Mitchell County have recently had a thorough demonstration of what the Red Cross really is. Right now Mr. Baker is in Oklahoma City directing relief work among the flood sufferers. I appeal to you people to respond liberally when the solicitors call on you." Greene urged that the merchants be requested to take out a sustaining membership of \$5 each. By this, the chapter is allowed to retain \$4.50 of the amount and remit only fifty cents to the general office. In the case of one dollar memberships, one-half of the amount must be forwarded to headquarters.

732 AUTOMOBILES PASS THROUGH COLORADO DAILY

Recently a count of automobiles passing through Colorado was made and it was found that between suns a total of 732 cars drove through the city, the number going east and west being closely divided. Of the number registered 312 carried out of state number plates and thirty states in the union were represented. The remaining 420 cars carried Texas number plates.

If this count is to be taken as an index to the average it means that 21,960 cars are passing through Colorado every month and for a period of one year the figures reach the large total of 263,520. It is safe to estimate that one-half of these passing automobiles are carrying tourists, many of whom stop in the city to purchase gas, groceries, automobile accessories and other supplies.

In speaking of the value such an enormous automobile traffic is to the towns of Lorraine, Colorado and Westbrook, a local automobile dealer stated it would be impossible to place any conservative estimate upon the amount of patronage the varied business interests in these towns are annually receiving.

SPECIAL SERVICES FOR LEGION AT 1ST BAPTIST

Rev. M. C. Bishop, pastor of the First Baptist church, stated Monday that special services honoring former service men were to be observed at this church Sunday evening. The program will include special music and an address by the pastor.

The pastor and members of his congregation are extending a cordial invitation to former service men and the general public to attend the services.

MILLION DOLLAR ROAD BOND ISSUE ENDORSED BY CITIZENS LORAIN

COLORADO AND LORAIN CHAMBERS OF COMMERCE FAVOR PAVING BANKHEAD HIGHWAY AND IMPROVING CARDINAL ROADS

That an issue of one million dollars was the only practical solution of the public road question in Mitchell County was declared Wednesday afternoon by citizens of Colorado and Lorraine who met at the Lorraine Chamber of Commerce to discuss the sore need for road repairs and to outline the best method of financing the same. Only two propositions were discussed. One was the suggestion to vote \$300,000 in bonds to pave the Bankhead highway, and the other an issue of \$1,000,000 to pave the highway and build good surfaces on the principal cardinal roads of the county. The latter was enthusiastically endorsed.

Following a call to order by the president of the Lorraine Chamber of Commerce, J. H. Greene, chairman of committee representing the Colorado Chamber of Commerce outlined the dire need for road repairs in the county and stated that Colorado had no definite program to offer, but had sent its representatives to Lorraine to ascertain what citizens in that end of the county would prefer. Every gentleman of Lorraine present, with one exception, expressed the belief that the only practical thing to do would be to inaugurate a campaign to vote one million dollars in five per cent bonds, an issue large enough to pave the Bankhead and make repairs to all principal cardinal roads.

One of the strongest advocates of the million dollar issue was County Commissioner McAdams of the Lorraine precinct. McAdams explained the difficulties under which Commissioners' Court is laboring to maintain the public roads of the county, trying to overcome the handicap of insufficient funds. "I am for good roads, men," the commissioner said. "I would like to see better roads all over the county, but it is impossible for your Commissioners' Court to make them in the absence of funds. I am in favor of voting the million dollar bonds, paving the highway east and west and using the remainder on the cardinal roads of the county."

Figures as compiled by F. F. DuBose, assistant State bridge engineer, and County Judge J. C. Hall, estimating that a concrete paved surface over the Bankhead would cost approximately \$900,000 were submitted. It was stated that the State and Federal departments would advance aid at the ratio of two for one on this designated highway, leaving only \$300,000 of the amount to be paid by Mitchell County. This would leave \$700,000 to be expended on the cardinal roads.

Distribution of the \$700,000 would rest with Commissioners' Court, under agreement with representatives of the four Commissioners' precincts, should suggestions agreed upon at the Lorraine meeting be carried into effect. Committees representing the four precincts are to meet at the Colorado Chamber of Commerce Friday afternoon at three o'clock to

MITCHELL COUNTY HOLDS LEAD IN GIN RECEIPTS

According to report of the Department of Commerce at Washington, Mitchell County is leading other counties in this immediate section in gin receipts, with Scurry County in second place. The report, received in Colorado Tuesday morning, gave ginning receipts prior to October 18 and shows receipts in this county to have been 17,016 bales, and Scurry County 14,023 bales. Nolan County receipts are placed at 12,071 bales; Howard at 8,157, and Dawson at 7,417. No report was given on Sterling County receipts.

Total gin receipts in the State were

work out a mutual plan for distribution of this fund. Jim Ledbetter and Arlie Martin were named as representatives from Lorraine.

In order that every community of the county have a voice in the proposed bond campaign, it was determined Wednesday that a general county-wide mass meeting should be held in Colorado Friday afternoon at the Chamber of Commerce. Representative citizens of Lorraine, Westbrook, Spade, Buford, Cuthbert, Iatan, Lonfellow, Lone Star and other communities are requested to attend this meeting and come prepared to express themselves as the representatives of the voters of their community. It is the determination of the Lorraine and Colorado Chambers of Commerce to make the issue a county-wide one and they invite every citizen to express himself before the petitions are presented to Commissioners' Court Monday.

Speakers were strong in the recommendation that the citizens of Mitchell County must do something to remove the stigma of Iatan Flats. Since every other county along the route of the Bankhead Highway from El Paso to Texarkana has either improved the highway or voted bonds for the same, it is imperative that Mitchell County take adequate measures to improve her highways, or else become the goat.

J. H. Greene told of being in Raton, New Mexico a few months ago on the return trip from Colorado State and was advised by a garage proprietor by all means to detour by way of Amarillo in order to avoid Iatan Flats in Mitchell County. This advice was given Greene when he made enquiry as to the best route to take in coming to Colorado. He stated that while in Fort Worth a few months ago, he overheard the tourist traffic manager of the Fort Worth Chamber of Commerce direct a party of out-of-State tourists to detour north of the Bankhead Highway at Roscoe in order to avoid Iatan Flats.

Speakers were just as much enthused over making adequate repairs to cardinal roads traversing the principal communities of the county as they were in supporting the demand that the Bankhead Highway be paved. Should the proposed election be called, and it was generally believed Wednesday afternoon that such would be done, citizens attending the Lorraine meeting expressed the belief that the voters would authorize the issue by an overwhelming majority.

Before going to the people with the issue, a complete outline as to expenditure of the bond money will be compiled, in that every citizen may know exactly what benefit the issue would be to him directly.

Those attending the meeting from Colorado were J. H. Greene, R. P. Price, A. B. Blanks, W. W. Whipkey, H. P. Ragan and W. S. Cooper, as representatives of the Chamber of Commerce and Lions Club.

HEAVY DOCKET FEATURES OPENING COUNTY COURT

County Court was opened for the November term Monday with the heaviest docket in five years, according to J. C. Hall, judge. During this and next week non-jury cases are to be heard. During the week of November 19th jury cases are to be called and the jury panel has been summoned to appear on that date.

MARVELOUS LYCEUM PROGRAM AT HIGH SCHOOL MONDAY P. M.

The most marvelous of all programs upon the Lyceum platform is that presented under the title: "Wonders of Electricity," by Lois Williams. Mr. Williams carries with him an elaborate equipment of dynamos, generators, motors and electrical and chemical apparatus which have cost him thousands of dollars. By this means he gives a series of beautiful and wonderful experiments, illustrating what electricity has accomplished and what it may do in the future.

A few of these demonstrations are as follows:

Chemical action—As a source of electricity, with a number of beautiful chemical experiments in illustration.

Magnetism—As a source of electricity. Experiments with powerful electro magnets.

The Static Machine—Some curi-

ous experiments.

Wireless Telegraphy—Besides sending messages across the hall a number of applications will be made such as the firing of a mine and blowing up a miniature battleship at a distance. A pendulum will be connected with the transmitter and a dial with the receiver to show how a pendulum swinging in New York may work a clock in San Francisco.

Tesla's Wonderful Apparatus—Experiments with currents of high potential and high frequency. E-Ray, Ultraviolet Ray, Miniature Lightning Spectacular discharges from terminals. A ladder of fire. "Horn" lightning arrester illustrated. Luminous wires illustrating the possibility of illumination without heat. Luminous discs and the "phantom streaks" Lighting vacuum tubes without making metallic connection to show presence of waves through space. Lighting an incandescent lamp with the current passing through a glass plate.

Taking a discharge of hundreds of

thousands of volts through the body. Lighting a 16 c. p. 110 volt lamp with current passing through the body.

Radium—Many other demonstrations that are little short of the miraculous.

At the High School auditorium November 12, at 8 o'clock. Price 50c and 25c.

On Tuesday of this week at the Bob McGuire home in the Dorn community was spread a family reunion dinner consisting of turkey with all the side issues. Quite a number of distinguished guests were present nearly all kinsfolks and quite a few of them over 70 years old, and school-mates back in old Alabama. Among those present were Presiding Elder Griswold of Clarendon, Mrs. Strickland, Mrs. Moore and daughter Nell from Alabama. Mrs. Nash, Mrs. McCall and Mrs. Tom Pritchett as special hostess.

SHERIFF'S SALE.

THE STATE OF TEXAS. County of Mitchell.

In the District Court of Mitchell County, Texas, A. D. Bracy, plaintiff, vs. Henry Riley, defendant. By virtue of an execution for costs issued out of the Honorable District Court of Mitchell County, on the 4th day of October, 1923, by the Clerk thereof, in the case of A. D. Bracy, plaintiff, versus Henry Riley, defendant, as against plaintiff, A. D. Bracy, said case being numbered No. 4388 and to me, as Sheriff, directed and delivered, I did on the 7th day of November, A. D. 1923 levy upon the following described oil and gas leasehold interests in and upon the following described land, situated in Mitchell County, Texas, to-wit:

An undivided one-third (1/3rd) interest in and to a certain oil and gas mining lease, on the South one-half of the East one-half of the Northwest one-fourth of Section No. Twenty-four (S. 1/2 of E. 1/2 of N. W. 1/4 of 24) in Block No. Twenty-nine (29), Township 1 North, T. & P. Ry. Co. Surveys, said Mitchell County; the oil and gas leasehold mining interests being fully described in oil and gas lease executed by F. P. Murphy and wife to P. C. Coleman of date 27th March, 1919, said lease being of record in the Deed Records of Mitchell County, Texas; levied on as the property of the said A. D. Bracy, to satisfy a judgment for costs against said A. D. Bracy; and on the 4th day of December, A. D. 1923, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the Court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of said A. D. Bracy in and to said property. Given under my hand, this 7th day of November, 1923.

SUL ROSS PRESIDENT IS BOOSTER FOR WEST TEXAS

In an address delivered before the Lions Club Friday of last week, Dr. H. W. Moreland, president of Sul Ross State Teachers' Normal College, pled for the citizenship of this city to blend their influences with other West Texans in selling their wonderful country to themselves, first, and then to the outside world. West Texas is not to be surpassed in natural wealth, citizenship, beautiful scenery, progressive ideals or in other ways by the famed California and other States so attractive to tourists, he declared.

The educational facilities of West Texas are just as attractive as those to be found anywhere in America, he stated, and the habit so many people have formed of sending their sons and daughters to some institution in the East or to the Pacific Coast to acquire an academic training is uncalled for. In speaking of the college of which he is the head, Dr. Morelock said: "Every teacher in Sul Ross has a degree of at least A. M. from the leading universities of America, including Chicago, Harvard, Texas, University of California and others. The faculty of Sul Ross has an academic qualification rating thirty per cent higher than the boasted University of California."

"I am proud of the fact that I am a West Texan," the speaker said, "because the people of West Texas are notably the people who do things and are not to be given the classification as those who are quitters in carrying into successful culmination any worthwhile undertakings." He spoke of the material advantage to any town or city of civic organizations, such as the Lions Clubs and gave credit for much of the progress being made everywhere in West Texas to the co-operative work of its citizens.

Dr. Morelock came to Colorado to address the four-county teachers' institute, convened at the High school auditorium last week. He spoke Friday on the value of education, giving special emphasis to the claim that the time has come when the public schools of Texas, together with our institutions of higher education, must take more capital stock in the practical training thought. "We may teach the boy or girl to solve a problem in arithmetic, to understand the different languages included in our curriculum, but if we fail in the most important part of building their academic training upon a foundation of practical things, not all by any means has been accomplished for that boy or girl that our duty as teachers demands."

"One of the outstanding difficulties in the schools of Texas today lies in the fact that the teacher and patron do not understand each other as they should. Their paths in everyday life have in the past led them entirely too far separated, one from the other, as to make possible their mutual co-operation in properly equipping the student for the problems of life. The school teacher should take more interest—active interest—in the varied affairs of the economic and social programs of the community and thus to some extent at least change the routine of centering her every thought and endeavor about the school room entirely."

The State teachers' normal colleges are fast developing into the leading institutions of Texas in which teachers are receiving academic training for taking up their work in the school room, Dr. Morelock stated. These institutions certificated five hundred men and women last year, and attendance at all of the colleges aggregated 16,000, more than the total enrollment of the State University and A. & M. College combined.

Dr. Morelock left Colorado Sunday morning for Big Spring after spending two busy days here. He is an enthusiastic supporter of the proposed State park in Davis mountains near Alpine. "Texas must have more play grounds, and the place to locate them is in West Texas, where are to be found some of the most beautiful natural parks in America" he said.

Pecan Trees Pay Well.

The native pecan tree of Central West Texas is one of the most ornamental shade trees to be found anywhere and that, coupled with its nut-bearing value, makes the pecan one of the most useful of trees.

The wonder is that all the yards in Coleman are not set to pecan trees instead of to other varieties of trees that are useful only as providing shade. The nuts from the budded tree are especially choice and the public can profit from the lesson it affords. As a measure of conservation we

should give more attention to the transplanting and culture of the natural nut-bearing tree which nature has provided for us. The pecan tree is of slower growth perhaps, than other shade trees but its intrinsic worth and natural grace and beauty is an additional reward for the small outlay of money and labor incurred. CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Mitchell, State of Texas, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, Barbara Hughes, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Mitchell at the Court House thereof, in Colorado, Texas, on the 11th Monday after the first Monday in September, 1923, same being the 19th day of November, A. D. 1923, then and there to answer a petition filed in said Court, on the 17th day of October, A. D. 1923, in a suit numbered on the Docket of said Court No. 4441, wherein T. E. Hughes is plaintiff and Barbara Hughes is defendant, the nature of the plaintiff's demand being as follows, to-wit:

That on or about September 1st, 1921, at Fort Smith, Arkansas, plaintiff was lawfully married to defendant, then a single woman, and that they continued to live together as husband and wife until about the 10th day of February, 1922, when by reason of the cruel harsh and improper conduct of defendant toward plaintiff, he was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife.

Plaintiff alleges that during the time he and defendant lived together as aforesaid, he was kind and affectionate to her and always provided for her support and maintenance, but defendant unmindful of the duties and obligations of her marital vows, within a few days after their marriage began a course of unkind, cruel and tyrannical treatment toward plaintiff, which continued until plaintiff was forced and compelled to abandon defendant as afore said; that defendant considered herself of much better blood than plaintiff and on various occasions would curse and abuse plaintiff without any cause whatever; said that she was a fool for marrying him, and she had no love for him, which conduct grew worse until she refused to have anything to do with him, refusing to perform the duties of a wife to a husband, stating that she hated him and would rather die than live with him, which conduct grew to be of such nature as to impair the health of plaintiff, wherefore as aforesaid, he was forced to separate himself from her.

Wherefore, plaintiff prays the Court that defendant be cited by publication to appear and answer herein and for judgment dissolving said marriage, for costs of suit and for such other and further relief, special and general, in law and equity, to which he may show himself entitled.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado this 17th day of October, A. D. 1923. (LS) W. S. STONEHAM, Clerk District Court, Mitchell County, Texas. 11-9c

D. 1923, in a suit numbered on the Docket of said Court No. 4442, wherein Laura Williams is plaintiff and W. M. Williams is defendant, the nature of the plaintiff's demand being as follows, to-wit:

That on or about the 14th day of October, 1918, in the town of Atoka, State of Oklahoma, plaintiff was lawfully married to defendant and continued to live with him as his wife until the 26th day of September 1922, for the reason hereinafter stated she was compelled to, and did separate from defendant, since which time she has live separate and apart from him.

That during all the time plaintiff lived with the defendant, she managed the household affairs of her said husband with prudence and economy, and at all times treated him with kindness and forbearance, but that defendant disregarded the solemnity of his marriage vows within a short time after said marriage, commenced a course of unkind, harsh and mean conduct toward her, and on many occasions would whip and beat this plaintiff, and that finally some time during the summer of 1922 he began living in adultery with a woman whose name will be given on trial hereof, and so lived in adultery with said woman at their home where plaintiff and defendant were living, which conduct was of such nature as to render plaintiff's and defendant's living together insupportable, whereof she separated from defendant as aforesaid.

Whereof plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, and that said marriage between plaintiff and defendant be dissolved and declared null and void, for costs of suit and for such other and further relief, special and general, in law and equity as in the premises she may be justly entitled.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

EDUCATIONAL CAMPAIGN IS ENDORSED BY DR. COLEMAN

The campaign recently inaugurated by Southern Presbyterians to raise the sum of \$1,350,000 for educational purposes in this State, has found a staunch supporter in Dr. P. C. Coleman, prominent churchman of this city and one of the leaders among the laity of the Presbyterian church. Especially is Dr. Coleman pleased to note that Austin College is scheduled to receive a liberal endowment from the proposed fund. He has been a member of the board of regents of Austin College for many years.

In giving his views on the educational campaign, Dr. Coleman gave out the following Monday for publication:

"I have read with considerable interest the announcement in the press that the Southern Presbyterians in this State have launched a campaign for \$1,350,000 for their educational institutions. The announcement is particularly pleasing to the former students of Austin College at Sherman, one of the beneficiaries. I understand that Austin College will receive at least \$300,000 for endowment and equipment in addition to a sum sufficient to pay all indebtedness.

"Austin College has a wonderful history. It is one of the oldest institutions of learning in Texas and next year it will celebrate its Diamond Jubilee. It was founded at a time when the Presbyterians were very weak in Texas. There were less than 1,000 members and yet with widows and courage the pioneers of the Lone Star State decided that the great need of Texas was a Christian College. It has turned out leaders in the State and Nation, Christian leaders not only among the Presbyterians in other denominations. All Texas is proud of Austin College and all who are interested in Christian education should support this great campaign regardless of denomination."

MITCHELL COUNTY COTTON ATTRACTS BUYERS TO

That Mitchell County cotton an enviable distinction in trade markets may be discerned in that among the large number of local cotton brokers are of Sweetwater, from widely separated states Texas Electric came to Colorado solely for Colorado Wednesday of buying on the street connection with this season. One of the buyers, M. Mitchell of Aberdeen, Miss., the other is Jim Allen of Los Angeles, California.

Allen was introduced as a guest of the Lions Club Friday and expressed his delight to be among the citizens of this city again. Both Allen and Mitchell formerly lived here. "The Colorado people are among the best people on earth," Allen stated, "and I am glad of the opportunity to be among them again."

In introducing the speaker, Col. Adams, president, stated that Allen, a former citizen of Colorado, had been forced to travel all the way from California to Colorado in order to find some good cotton to buy.

Other guests of the club Friday were Rev. J. F. Lawlis, pastor of the First Methodist church; E. Frank King, superintendent of the Colorado schools; and Dr. H. W. Morelock of Alpine; president Sul Ross State Teachers' Normal College.

Dr. P. C. Coleman returned Thursday morning from a business trip to Fort Worth.

that plaintiff and defendant continued to live together as husband and wife until on or about April 1st, 1923, when, by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, plaintiff was forced and compelled to permanently abandon defendant, since which time they have not lived together as husband and wife. Plaintiff specifically alleges that about October 1st, 1920, defendant cursed and abused and applied opprobrious epithets to plaintiff, and that such conduct continued until April 1st, 1923, at which time plaintiff left defendant. Plaintiff alleges that said marriage relations between plaintiff and defendant still exist and that defendant's actions and conduct toward plaintiff generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered. Plaintiff prays for judgment dissolving said marriage relations, costs of suit;

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

All Day Program

The women and children of the Methodist church observed the week of prayer and self denial with an all-day program Monday. At ten o'clock the women began the program. The Bible lesson was the measure of love taken from the story of the "Good Samaritan." The objects for special study, offering and prayer were: The Laura Haywood school in China and the Negro Bethlehem school at Nashville. Mrs. Garrett spoke on the needs of the negro in our own town.

In the afternoon the young people had charge of the program. Their program was in the form of a dialogue from Bethlehem school. Mrs. A. P. Baker, Miss Tommie Smith and Miss Bertie Womack led in this program. Later the juveniles had charge of the program and gave a pageant, the Spirit of Education. Nelda Garrett represented the spirit of education. Marie Mall, the spirit of Laura Haygood and Marguerette Stoneham the spirit of the council. The offering was \$20.00 and will be increased as the whole week is to be one of self denial. The ladies served sandwiches and tea in the basement at the conclusion of the program.

WITH THE CHURCHES

PRESBYTERIAN CHURCH

Sunday school at 9:45 a. m. J. M. Thomas, superintendent. Come and bring a friend. We had a fine school last Sunday. Our Sunday school at Horn's school house was fine last Sunday and it is growing. The special program was fine. Preaching by the pastor at 11 a. m. and 7:30 p. m. You are invited to come not only to these services but also the Christian Endeavor at 4:30, Miss Mildred Coleman superintendent.

Prayer meeting every Wednesday evening at 7:30.

SUNDAY WITH THE BAPTISTS

Last Sunday was another fine day with us. Two good sized audiences. A good S. S. The B. Y. P. U. was well attended, too. We are proud of the effort these young people are putting forth in their work. It will mean trained leaders after awhile. The ladies are getting new life in their work. The Bible Class for the younger men is putting on a program of enlistment which we hope to see do wonders for the class. W. R. Morgan and J. C. Hall are the "promoters." They will probably see every man in town who is not already in a class somewhere. We want you men to come and attend a sure enough Bible class with life and power in it. Ask your neighbor about it. Nothing like it in town. It will be the talk of the town as soon as the program is completed. Dont wait to enter as you will miss some of the "juice" of the movement. Ocie Lambeth is president and Charley Moesser is secretary-treasurer.

Next Sunday night at the seven o'clock service we have invited the American Legion boys to be present. That will be Armistice Day. We want to see the people of Colorado give some consideration to the occasion of Armistice Day. We have invited the High school orchestra to furnish music and will invite other musical talent to help. The pastor will try to bring a message that will encourage all who may come. We invite the town to do honor to the occasion and help show some appreciation of the sacrifice the boys made while "Over There" for us. We trust these boys themselves will show some appreciation of the occasion by coming en masse. Why not do honor to this great occasion of Armistice Day? Many times we let occasions die for lack of support. We all know how our hearts felt on that morning when the news came that bloodshed was to end that day. Come and help put this event over in great fashion.

**COLORADO WILL OBSERVE
ARMISTICE DAY MONDAY**

Armistice day, November 11, on which date firing along the front lines of the German and Allied armies ceased five years ago, ending the World War, is to be observed in Colorado Monday, the day following this now international event. Armistice Day falls on Sunday this year and the varied business and professional interests of this city, desiring to express to former service men their sense of appreciation for what they did in the war readily accepted the suggestion of Post Commander Jack Helton that Monday be declared a memorial holiday and will close their places of business accordingly. Helton stated Tuesday afternoon that every place in the city would close for the day.

Mrs. J. G. Merritt, president of the Woman's Auxiliary, to Oran C. Hooker Post, is co-operating with Commander Helton in completing details of the memorial program to be observed. Helton stated late Tuesday that because of the fact that one of the speakers, Judge James Brooks of Big Spring, could not attend the services Monday, the program at the church would probably be observed Sunday.

"We sincerely appreciate the spirit shown by the general citizenship of Colorado in giving us their unselfish support to fittingly commemorate Armistice Day," Helton said. "Evidence of such a spirit and renewed allegiance of such patriotism among the people of Colorado can only inspire the former service men of the city and county to better fill their places as citizens in the community; Helton issued a statement to the general public Monday in which some of the principles of the American Legion were recited. The statement follows:

"On this memorable day; touched with the passion for love of our country, our fellow man, our God, we Legionnaires march on. Conscious of our strength, assured of the righteousness of our cause, invoking the blessings of the God of our fathers issuing forth from the throne of His infinite grace, we men of the American Legion renew undying pledge to our country's future in perfect confidence that having helped her materially, America will be spiritually redeemed.

"We will not break faith with that body of great white souls which represents those that gave their life that America might live in peace."

Helton stated Wednesday that the program would be observed Sunday afternoon at three o'clock at the First Methodist church and extended an invitation to the general public to attend the services. The following program will be carried out:

- Overture—Junior High school orchestra.
- Song—"America" directed by Thos. Dawes.
- Bible reading—Rev. M. C. Bishop.
- Invocation—Rev. W. M. Elliott.
- Violin Solo—Mr. Jack Norris.
- Address—"Americanism"—Miss Nash.
- Vocal Solo—Mrs. Martin.
- Selection—Orchestra.
- Song—"Stand Up, Stand Up, for Jesus."
- Benediction—Rev. J. F. Lawlis.

Junior Missionary
The Juniors met at Mrs. Earnest Smith on last Friday afternoon. Although the weather was bad the children came and we had a fine meeting. There were 25 present. One new name placed on the roll, all business was dispensed with except our program, which we rendered at the church on Monday afternoon. Quite a nice collection of little Christmas gifts were brought in for the box but there is room for more. So don't forget to bring them in. Our next meeting is to be with Mrs. Hutchinson. Hostess served cream, cones and little cakes at the social hour.—Reporter.

TO ADD NEW FEATURES**

To keep up with its ever increasing popularity, the Alcove Confectionery will soon install new features in its place of business. To be able to handle hot luncheonettes, chili, and fillings for hot sandwiches, the proprietors have ordered steam tables, and they also intend to have extra cases for keeping both bulk and boxed candies. The specialties now are luncheonettes, home made pies, all sorts of drinks, sandwiches, waffles, and hot chocolate and coffee. The Alcove caters to furnish refreshments for any sort of social gathering, and women will find that it saves a lot of trouble by sending the children there for refreshments after "that picture show party."

**MORE THAN HALF RURAL
SCHOOLS YET TO OPEN**

Because of the delay in harvesting the large cotton crop, more than fifty per cent of the rural schools of Mitchell County are yet to open for the 1923-24 sessions. The larger per cent of these schools, however, will open within the next two weeks.

Nine rural schools were opened Monday, as follows:
Longfellow, Lone Star, Iatan, Cuthbert, Buford, Seven Wells, Shepherd, Valley View and Conoway. Among the schools to open next Monday are Spade, Dorn and Looney. The Dorn school would have opened last Monday but was delayed on account of the new building not being completed.

THE TOURIST PARK.

Hon. J. A. Roundtree, director general of the Bankhead Highway, tasted while in Colorado Tuesday that he was in Albuquerque, New Mexico

Continuing Mr. Roundtree stated that the citizenship of this New Mexico city were capitalizing in these parks and had invested thousands of dollars in the program to induce automobile tourists to make stops there.

A few months ago the tourist park question was discussed by the Colorado Chamber of Commerce and a committee named to work out preliminaries for improving the present facilities offered the tourist in Colorado.

The Record sincerely trusts the Chamber of Commerce and Lions Club, as representatives of the entire business and professional interests of Colorado will consider, and consider with all seriousness, the importance of attracting tourists to Colorado.

AMERICAN OPPORTUNITY The world of science mourns the death of Charles Proteus Steinmetz, the electrical wizard, whose labors in science, engineering, physics, education, and the art of living have so lightened the world.

His material conquests it is necessary to speak; of his far, his prophecies which came his uncanny ability to find the solution of difficult problems, every knows. These, his works, will after him, but long after they

United States with five million members and assets of more than two and one-half billion dollars.

OPPORTUNE TIME

The approving of the bond issues by the citizens of Taylor and Nolan Counties two weeks ago leaves Mitchell County the only county in a stretch of 1,000 miles covered by the Bankhead Highway that does not have permanent roads or have not taken steps to secure same.

Dr. Steinmetz, although an educated man, did not speak English when he landed from Breslau, Germany, in New York in 1889.

He would have been an able man anywhere, but it was through American opportunity he became truly great.

LAST WEEK'S RECORD WAS BRIM FULL OF LIVE NEWS

That the average country editor—a few of them at least—is not what he is generally supposed to be in the matter of nosing around for interesting news stories, and reporting them in the most attractive manner, was very audibly demonstrated last week when the current number of the Record came out with more than the ordinary amount of peppy news stories in its columns.

SUPPORT THE RED CROSS

J. H. Greene, chairman of the Mitchell County chapter, American Red Cross, who is directing final plans for the membership drive to open on Armistice day, may feel assured that the people of this county will raise the quota assigned to them and do the task in the spirit of meeting the conditions of a sacred duty.

LOAN ASSOCIATIONS

The Big Spring Herald last week had some interesting things to say concerning the importance of local building loan associations. Conditions recited by the Herald as existing in Big Spring correlate identically with those in Colorado.

It is difficult to understand why we cannot have a Building and Loan Association in Big Spring. Its quite evident that our town cannot do much more expanding until we erect more homes.

There are nearly nine thousand building and loan associations in the United States with five million members and assets of more than two and one-half billion dollars.

There is no law to compel a farmer to place his product with the association, but whenever he has done so it is right that he should live up to his agreement.

SEVENTH RED CROSS ROLL CALL TO OPEN

J. H. Greene, chairman, Mitchell County chapter, American Red Cross, announced Thursday afternoon that he had practically completed organization of forces to launch the 7th annual membership drive, which is to open Armistice day and continue two weeks. An active campaign is to be conducted and so extended as to embrace every citizen of the county.

Greene is entering the drive with optimism, believing that the people of Mitchell County will put the county quota over within a few days. He is basing this belief upon the universal recognition of the work of the organization that exists among the citizenship of the county because of the commendable manner in which the disaster relief division at St. Louis rallied to the task of relief and rehabilitation among the storm sufferers here last spring.

The chairman is insisting that the business and professional men especially, subscribe for at least a sustaining membership of five dollars. By making these subscriptions the local chapter is allowed to retain \$4.50 of the amount in its treasury. Fifty cents out of every membership subscribed is forwarded to headquarters of the organization to be placed in a general fund maintained for support of all general programs. For instance, according to Greene, all expenses of conducting the relief work here were paid out of this fund, allowing every dollar subscribed for relief work to be expended in Mitchell County.

MAN TAKES OWN LIFE RESULT OF SERIOUS CHARGE

WACC. — T. E. Parnell, convicted in the district court here on October 5th and given the maximum penalty of ten years on a statutory charge, cut his throat with a safety razor blade in his cell early this morning and had been dead two hours when officers were notified by another prisoner.

The complaining witness at the trial was Parnell's daughter. Parnell was without a lawyer and conducted his own trial.

Aids 200,000 Veterans and Their Families—27,000 Disabled Still in Hospitals.

SPENDS \$5,866,255 IN YEAR

Individual Attention Assured to All Physically Ailing or in Distress.

Washington. — War service five years after the armistice, which on November 11 the American Red Cross marks with the opening of the annual membership canvass, shows that during the past year assistance was extended by the Red Cross to some 200,000 ex-service men or their families. To 130 hospitals throughout the country approximately 75,000 ex-service men were admitted for treatment, and to 63,296 of these men definite and specialized service was extended, the Red Cross annual report discloses. In all hospitals under government operation a total of nearly 27,000 disabled veterans were reported by the Surgeon General of the Army.

These facts of the aftermath of physical and mental disability five years after the World War, and the burden resting upon the relatives and dependents of the ex-service men, show conclusively the great need of the Red Cross to act as a supplementary arm of the government in service to these many thousands of men who wore the uniform of the United States. It should be emphasized that government assistance is necessarily standardized along specified lines affecting them as a whole. The Red Cross service is to the individual man and the solution of his problems. This the Red Cross designates "home service" for its aims to give the loving care and interest of the home to these men undergoing physical reconstruction far from their actual home influences.

Year's Expenditures \$5,866,255 In the year ended last June 30 the Red Cross reports \$3,920,000 spent by its Chapters in extending individual attention to the ex-service men and \$1,946,255 spent by National Headquarters of the Red Cross, a total of \$5,866,255, in behalf of the men called to duty in the World War the Red Cross since July 1, 1917, has spent nearly \$164,000,000. Today there are 2,608 Chapters in as many localities carrying on this work, aiding the individual veteran, assisting his family, furnishing creature comforts and funds to tide over troublesome periods.

The strong connecting link between the Red Cross and the United States Veterans' Bureau takes the complications out of difficult cases of claims. The Red Cross in this work requiring personal representation of the ex-service man has acted in appeal cases, insurance matters, personal and family problems, camp and hospital activities, and in cases of death. This service handled nearly 12,000 compensation and insurance claims, and 2,225 allotment and other claims.

Solves Serious Problem The financial problem of the ex-service man when traveling to and from hospitals is a serious one, and in meeting this constant demand, the Red Cross expended \$133,334.17 during the year. For extra recreational equipment in Veterans' Bureau training centers \$14,306 was spent, and for the blinded veterans in the government school funds were supplied to enable some of these unfortunate men to enter business as storekeepers and poultry raisers.

In Veterans' Bureau hospitals the record of a single month illustrates the large service rendered by the Red Cross. For example, 15,594 new cases required attention, and a total of 25,007 cases were acted upon; 49,263 letters and 1,862 telegraph messages written, and more than 1,600 entertainments given in recreation houses for the benefit of the patients.

Authorities declare that the present is a critical time in the lives of many of the disabled ex-service men who during the five years since the armistice have developed misgivings of recovery.

Work Among the "Regulars" Service to the enlisted men of the Army, Navy and Marine Corps is a charter obligation of the Red Cross, which in the last year recorded over 200,000 cases of assistance extended and 834,420 visits to the sick and disabled. Inquiries by the Red Cross at the request of Government authorities into the home conditions of soldiers, sailors and marines aggregated 17,714, and there were nearly 6,000 instances where the Red Cross located men for their families.

All these activities constituting a single responsibility of the American Red Cross demonstrated during the year that its "war service" in behalf of the veteran and the man enlisted in the nation's defensive arms must go forward unflinchingly and without stint of funds. The work of the last five years has welded a close bond of regard between the men who sacrificed and the Red Cross, whose efforts are praised and indorsed by the veterans' organizations. To do all that can be done to soften the consequences of the hard blows of war is the supreme duty of the Red Cross, to which it is giving its best work and most liberal service.

Sunday School Rally

The Horn's Chapel Sunday school observed rally day last Sunday. There was a big crowd present and the house was decorated for the occasion and much spirit put into the program. Mr. Jerold Riordan and some other faithful workers of the Presbyterian church have helped to make this school what it is today. This program was carried out: Welcome song—Six Little Girls. Scripture lesson and prayer. Sunbeam song—Mrs. Riordan's class.

Bible verses—Miss Frances Riordan's class. Mixed quartet. Solo—Eula Gross. Memory verses—Mrs. Riordan's class. Song—School. Missionary pageant—Miss Nellie Riordan's class.

Male quartet—Harvey Humphrey, Truman Humphrey, Eskin Gross and Howard Gross.

A talk on Citizenship—Rev. W. M. Elliott.

Certificates were awarded the following: Jewell Greger, Clita Fay Henderson, Eleanor Henderson, Rhena Whitten, Lela Gross, Offie Tate, Lucile Tate, F. J. Greger, Wesley Gross, Jack Humphrey.

Another instance showing the profitability of truck farming in Mitchell County is recited in The Record today by the Loraine correspondent in telling of the large financial returns to one Mr. Bennett,

farmer of near Loraine, from a few acres planted to vegetables. What Mr. Bennett is doing can be done by others. The truck patch, the hen, the sow and the cow are destined to assume important places in the future development of this county, that Mitchell County poultry is among the best in Texas as indicated in the fact that a Mitchell County club girl won two first award ribbons on a pen of poultry at the Dallas fair recently.

The Snyder Signal last week republished some items that were published 25 years ago and among them was this:

The Coming West last week received a few locks of a very fine cotton raised this year by Dr. J. W. Pearson at Colorado. The staple is not long but the lint the finest we have ever seen. The introduction of this cotton among our farmers would soon stock the country with a grade of lint that would catch the highest market price. Our farmers should obtain a start in these seeds.

Mr. and Mrs. J. S. Vaughan of Colorado came up last Monday and stopped over night, the guests of Mr. and Mrs. J. O. Nelson. They were en route to Plainview where they go to visit relatives. They were joined here by Mrs. Billie Wilkes, and the party left Tuesday morning north ward and will be absent a couple of weeks.

NEW SURE WAY TO END BILIOUSNESS

Torpid Liver Fills Body With Poisons—Pepsinated Calomel Guaranteed to Relieve Between Sundown and Sunup—No Nausea.

Calomel is the only medicine that will actually reach the liver, but ordinary calomel is so drastic that many have derived themselves of its fine effects because of its harshness. This objection has been overcome in Pepsinated Calomel. Many who formerly could not take calomel are finding a most acceptable remedy in Pepsinated Calomel because it is English Calomel (which doctors recognize as the standard of purity), treated with pepsin and other soothing ingredients that not only stimulate the liver to normal action, but sweeten the stomach and aid digestion. Many report that the use of Pepsinated Calomel unclogs their systems of poisonous waste, brings back appetite, causes dullness to disappear and makes them "feel like new!"

Colorado Drug Co., and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—see guarantee you'll feel better tomorrow. (Adv.)

BANKHEAD OFFICIALS ARE ENTHUSED OVER PROGRESS

Hon. J. A. Roundtree of Birmingham, Ala., director general U. S. good roads and the Bankhead National Highway, spent several hours in Colorado Tuesday in the interest of the Bankhead in Mitchell County. The director was accompanied by Judge J. M. DeArmond of Midland, director of the Bankhead Highway Association for the district of Texas, Oklahoma and New Mexico. The visitors were in conference with County Judge Hall, Chamber of Commerce officials and other citizens as to immediate plans for "selling" the Bankhead to American tourists.

Each of the visitors were much enthused over recent developments along the route in Texas in which a number of counties have voted large bond issues to finance permanent im-

HON. J. A. ROUNDTREE

provement. The information that citizens of Colorado and Loraine were at the time working out preliminaries for a bond issue to build a concrete surface over the route across Mitchell County was received with more than usual interest.

"It is only a matter of a few years until the Bankhead National Highway, which starts in Washington City and crosses the continent to San Diego, California, a distance of 3,690 miles, will be a paved road all of the way," Roundtree stated, "and there is none of us, perhaps, even among the most enthusiastic supporter of good roads, who is able to measure the full benefit every town and city traversed by this great international route is to receive from tourist traffic along it. It will be one of the most outstanding accomplishments known to twentieth century progress."

"Mitchell was one of the first counties of the state to build a type of hard-surfaced road on the Bankhead Highway, and there is no doubt in my mind but that your citizenship, among the most progressive I have ever known, will support your proposed bond issue and build this concrete road of which you mention. This will give to Mitchell County one of the very best sections of improved highways in the State."

Mr. Roundtree expressed surprise to note the improvement in Colorado since his last visit here three years ago. In company with Judge C. H. Earnest, the director was taken for a drive over the city and had some of the recently constructed buildings pointed out. He was also told of the new bridges, the new court house, the street paving and other general improvement programs instituted here during the past few months. Roundtree recalled that final routing of the Bankhead Highway thru this section of Texas was due in a large measure to the unending support given to himself and the late Senator Bankhead in routing the highway through Texas. Strong influences were brought in attempt to carry the main route through Oklahoma and the fight was not abandoned for some time, he stated. "I shall never forget the fighting blood exhibited by Judge C. H. Earnest and J. H. Greene on the floor of some of those early conventions at which certain interests attempted to take this highway away from Texas," he said.

The visitors left Tuesday night for Sweetwater where they met with local citizens Wednesday. They are covering the entire route from El Paso to Texarkana, making stops at all principal towns and cities traversed by the Bankhead.

Harmony Club

Mrs. J. H. Guitart was hostess for the Harmony club Tuesday. Her guests were Mesdames L. W. Sandusky, McKenzie, J. F. Carey, F. B. Whipkey, and Mrs. Jerold Riordan. The hostess served veal loaf, vegetables, cream potatoes, hot rolls, cake and coffee. The meeting next week will be with Mrs. Jim Johnson.

duction of the Ford Motor Company is significant, continuing as it does through this period of the year when winter months are at hand and when car deliveries as a rule begin to show decline. It reflects a generally prosperous condition in the country in which Ford products seem to be enjoying a large share.

The Fordson plant turned out 1,836 tractors during the week. At the Lincoln division of the company production moved up to a new record for the week ending Tuesday with an output of 223 cars, six more than the previous week with its record of 217.

Hallowe'en Shower.

One of the events of Hallowe'en season was the miscellaneous shower given by Mrs. Tom Hughes, Mrs. A. P. Baker and Mrs. J. B. Dobbs at the home of Mrs. Dobbs last Monday week for Mrs. Robert Linscott, (nee Miss Jessie Coughran). The house was tastefully decorated with the emblems of the season, cats, bats, owls, and witches. After the guests had arrived and wished the honoree a life of happiness a witch appeared with a pack on her broomstick and after greeting all present asked Mrs. Linscott to remove the pack. As she did so it dawned upon her it was a shower for her for up to this time she thought the old time friends and neighbors had called for a visit. Mrs. Hughes then toasted the bride, Mrs. Baker the groom and Miss Hazel Costin the girls left behind. After all had seen and admired the dainty and pretty gifts the hostesses served a salad, wafers, potato chips and coffee. The honoree is a daughter of Mr. Coughran, a former sheriff of Mitchell county. She was born here and has many friends who wish her a life of happiness.—A guest.

Merry Wives.

The Merry Wives met with Mrs. Jack Carter Wednesday. The invited guests were Mesdames Lupton, Clay Smith, Compton Pritchett, Coleman Smith, Dan Lewis, and Miss Annie Mary Mann. The hostess served sandwiches, potato chips, olives, salted almonds and hot chocolate. The meeting next week will be with Mrs. P. K. Williams.

Mrs. Frank Lupton has returned from a visit with her daughter, Miss Annie Mary who is a junior in State University.

LIONS TO ROAR.

Dr. Maddox, president of the Abilene Lions Club and Guy McCarty of

Abilene, with Sam Goldman and W. S. Cooper of Colorado Lions Club have set Nov. 23 as the date for the joint meeting of the Abilene Colorado Lions Club which will be held at the Hotel Wright in Sweetwater. There will be 12 or 15 men present from Snyder and about 40 Sweetwater men will be invited as guests of these Kings of the Jungle when the session is held here. Plans for the meeting were made at a recent committee meeting in Sweetwater.

The speaker of the evening will be Col. Louis G. Perry, president of the Texas Military College of Terrell. Col. Perry is governor of the Lions Clubs of Texas and New Mexico. R. D. Green, superintendent of the Abilene schools, will be toastmaster. He is deputy district governor.—Sweetwater Reporter.

FORD NEWS.

DETROIT, Mich. Nov.—Under the constantly growing demand for Ford products, domestic assembly plants of the Ford Motor Company, working at capacity in order to meet these increasing requirements, established a new production record for the week ending Tuesday, Oct. 30th, the Ford News announces.

Daily output during the six day period averaged in excess of 7,000 and brought a total of 42,271 cars and trucks for the week, exceeding by 502 the previous high mark set up during the week ending Sept. 25. The lowest day's production of the last week was 6,890 and the highest 7,123.

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Loraine and vicinity. See her and take your County paper

Look at the label on your Record. All papers will be stopped when time is out. If your label reads 12Mar28, it means your time was out First of March, 1928.

The Loraine school opened Monday morning with a most flattering attendance of visitors, parents and board members. The increased interest in the welfare of the school was plainly shown by the attendance of school patrons who assembled long before nine o'clock. A few remarks were made by Supt. S. C. Harris, followed by the singing of the national anthem. An invocation by Rev. W. A. Thornton. The enrollment of pupils numbering 320 concluded the day's program.

The new home of education for Loraine is complete, a building 66 by 168 feet containing thirteen rooms and large auditorium. The arrangement is convenient, the lower grade rooms on the west end of building, grammar school down the center and high school occupying the east part. The building facing north, running east and west the long way. All class rooms, library and laboratory are on the ground floor only the auditorium being on second level, which saves time and also energy as no stairs must be ascended to any of the class rooms and there will be no noise above any class room caused by moving classes. The rooms are all large desks facing the inside of each room, ample light is afforded through numerous windows. Each class room is equipped with book racks and wardrobe. A hallway 12 feet in width runs through the building the long way, also two short hallways from the front center of the building affording four means of entrance and exit. Two stairways lead to the audi-

torium which is equipped with a large stage and dressing room on either side. Heating is by steam, boiler being located in a basement room which is large enough to hold good supply of coal. All rooms are plastered and calcemined, doors and all facing finished in rose, the color best adapted to resting eyes tired from study. The structure is located on the hill in south part of town, overlooking the city and should ever be a meeting place where the problems and pleasure of the community may be solved and enjoyed.

DIST. SUPERVISOR PRAISES WORK OF MISS LACEWELL

In a communication recently received from Miss Helen M. Swift, district home demonstration agent for West Texas, the work of Miss Georgia Lacewell, home demonstration agent in Mitchell County is commented upon at length as being entitled to special mention of credit.

"The report on work in Mitchell County is excellent," Miss Swift wrote, "I am especially pleased with the community work and the fair work. Your woman's exhibit at the fair was a remarkable tribute to the executive ability of Miss Lacewell and to the cooperation she is getting from the women and the Chamber of Commerce."

The Palace Theatre, owned and operated during the past several months by W. W. Whipkey, was purchased Thursday of last week by Ross Dixon of Colorado and Mr. Dixon assumed management of the business immediately. Since acquiring ownership of this popular theatre, Whipkey has spared no expense in making the Palace one of the most attractive places of amusement in this section of West Texas.

Dixon stated soon after acquiring the Palace that the theatre would be continued upon the same high plane as under the former management. Mr. Dixon was formerly associated with the Cooper Chevrolet Company.

110 Disasters In Year Enlist Red Cross Aid

For its preparedness to render relief through effective and generous aid to the sufferers from disaster the American Red Cross is universally regarded as the one organization from which response to appeal for help is immediate. In the last year, according to the annual report of the Red Cross, its disaster relief operations were carried out in 110 localities in the United States. This work, with activities carried over from the previous year, required the expenditure in the United States of \$397,463.04 by the American Red Cross, its Chapters and Branches. In the emergency following the defeat of the Greek forces in Turkey and the burning of the city of Smyrna, which entailed the relief of nearly 900,000 men, women and children, Red Cross National Headquarters expended \$2,905,596.09. The food distributed in Greece aggregated 25,000 tons; garments, 809,000; blankets, 48,550; new shoes, 5,000 pairs; medical, hospital and sanitary supplies, 304 tons. In the feeding of the refugees there was listed upwards of 22,000 children under three years of age.

The disasters in the United States during the past year reported 240 persons killed, 991 injured, 12,691 rendered homeless. The total property loss was estimated at \$20,710,000.

Relief of suffering caused by disasters of such magnitude as to overwhelm the resources of the communities in which they occur is fundamental to the charter of the American Red Cross. In addition to making appropriations from its treasury and assigning trained personnel to relief work, the Red Cross in disaster centralizes and makes more effective relief funds and supplies contributed by the country at large.

Since 1881 the Red Cross has administered more than \$20,000,000 for the single purpose of disaster relief. That it may continue to accept the responsibilities which grave emergencies place upon the American Red Cross appeal is made for a nationwide renewal of membership during the annual roll call, which opens on Armistice Day, November 11, and closes on Thanksgiving Day, November 29.

Life Saving Work Of Red Cross Corps Wars on Drownings

The insignia of the American Red Cross Life Saving Corps on the bathing apparel of men, women and youths is seen everywhere at favorite bathing places along the coasts, rivers, lakes and ponds. In its unrelenting campaign to reduce loss of life by drowning the Red Cross is making constant headway. The demands for instruction from organizations in all parts of the country were so numerous the past year that it was necessary to more than double the staff of Red Cross instructors. This work of training for water life-saving showed an enrollment of over 30,000 volunteers enlisted for duty on patrol, for rescue and resuscitation, all competent to instruct others in the standard water-safety methods. The Red Cross by request of the War Department gives water first aid training at the United States Military and Naval Academies and in the military training camps for reserve officers and civilians. The four cash prizes awarded by the Red Cross last year for heroic rescues were conferred upon two girls, a boy and a man, indicating that the youths of the country stand well at the top in conserving life along our water courses.

Red Cross Field Of Action Covers All the World

Represented by 93,663 members, the American Red Cross penetrates to nearly every part of the world. The insular and foreign roll call statistics for the past year are a most conclusive manifestation of the Red Cross spirit carried into the most remote lands. In Europe there are 4,938 members; in Turkey, 3,545. China has an enrollment of 2,252; Africa, 134; India, 224; and Australia, 29. Even Vladivostok, in frigid Siberia, has a live chapter with 100 members. The Philippine Islands can mobilize 58,747 under the Red Cross banner and Hawaii 7,863. The total funds raised through foreign and insular membership enrollment and sent to national headquarters in Washington amounted to \$60,218.54, while an additional \$33,350 was forwarded for the endowment fund of the American Red Cross. The high seas roll call in 1922 was an inspiring success. The Navy signed on 4,331 for the Red Cross and the merchant ships 4,141. Of the total membership outside the United States 83,990 are registered with chapters in foreign lands, the insular possessions and dependencies.

"I want to; therefore I can!" is the spirit that spurs the Red Cross worker in well-doing.

A boy never really likes his new fall suit until he has rolled with it in the dirt at least three times.

TEACHERS ENDORSE SYSTEM ADVOCATED BY MUSSLEMAN

That the change advocated in the present tax system, especially as to support of the public school system of the State, as fostered by Dr. H. T. Mussleman of Dallas was endorsed by teachers attending the institute here last week is shown in resolutions endorsed during the closing hours of the session. Article of the general resolutions unanimously adopted by the teachers Friday just before the session closed provides:

"That we go on record as favoring a law requiring that a severance tax be levied for school purposes upon oil, coal, sulphur, lumber and other natural resources of the State, and a law providing for an inheritance tax for school purposes, said taxation to supplement and relieve the present tax on land and personal property and at the same time to furnish funds for an adequate school system in Texas."

In an address delivered here last week by Dr. Mussleman he advocated strongly just such a change in the present system of taxation. Such a plan has been adopted in California and New York and proven its worth from the very start.

Resolutions adopted by the institute follow:

"1. That we extend our thanks and express our appreciation to the Parent-Teachers' Association, the Civic League, those who have assisted in the rendering of musical numbers, and to all who have assisted in any way in the entertainment of the visiting teachers.

"2nd. That we extend our thanks to the members of the school board of the Colorado Independent District for their kindness in permitting us to use their building.

"3rd. That we realize our indebtedness to the following speakers for the success of our institute: Dr. H. T. Mussleman, editor of Texas School Journal; R. T. Ellis, secretary Texas State Teachers Association; Dr. H. W. Morelock, president Sul Ross Teachers College; Mrs. Phoebe K. Warner, Claude, Texas; H. Bloodworth, State Department of Education; Roy Bedichek, Texas University, Intercollegiate League; Roy McKeown, dean McMurry College; Dr. J. D. Sandefur, president Simmons College; H. E. Speck, dean Abilene Christian College.

"4th. That we the teachers of Mitchell, Howard and Borden counties go on record as favoring the adoption of a Texas institute law requiring that the State be divided into districts for the purpose of holding institutes. The size of said districts to be determined by the number of teachers employed in the counties composing same.

"5th. That we go on record as favoring the adoption of: A law requiring that a severance tax be levied for school purposes upon oil, coal, sulphur, lumber and other natural resources of the State.

A law providing for an inheritance tax for school purposes. Said taxation to supplement and relieve the present tax on land and personal property and at the same time to furnish sufficient funds for an adequate school system in Texas.

"6th. That we endorse the work of the Interscholastic League and insist on 100 per cent membership for each county.

"7th. That we urge that the rural school teachers so familiarize themselves with and so correlate their own work with the work of the city schools that rural school pupils may have no difficulty in going from rural schools to city schools.

"8th. That a copy of these resolutions be sent to S. M. N. Marra, R. T. Ellis, Dr. H. T. Mussleman, and to the editor of the Colorado Record"

WHY GIRLS LEAVE HOME, IS SUBJECT OF ADDRESS

One of the outstanding addresses delivered before the four-county teachers institute here last week was that of Miss Georgia Laceywell, home demonstration agent, who spoke at the High School auditorium Friday afternoon on the subject, "Why do girls leave home?"

Answering the question and describing in detail many of the drawbacks met by the average girl of today, Miss Laceywell stated that girls are leaving the home because modern mothers and fathers are not devoting enough of their thought and attention to home making. The practical things of life, around which the home circle should be constructed are substituted for the technical things of life, which in real value have little influence upon the life and character of the boy or girl after they have attained their maturity, was the conclusion drawn by the speaker.

Miss Laceywell strongly advocates a change in the present program of training the young women and girls for places in life. Instead of all grammar, history and rhetoric, the girl should have training in the practical things of home making, including the various branches of the domestic and social sciences.

The Sweetwater Reporter reports 10.11 inches of rainfall there during the month of October, placing the total for the year at 34.25 inches. Rainfall at Colorado during October was 5.25 inches and for the year up that date, 25.24 inches.

Our Store Will Be Closed All Day Monday, November the 12th What We Will Celebrate

Armistice Day, November 11th, is the American symbol of liberty saved, just as Independence Day, July 4th, is the symbol of liberty secured. This year marks the fifth anniversary of our triumph over the dictatorship and despotism of Germany and the Central Powers, the greatest plot ever devised to subdue a world for the aggrandizement of a family—the Hohenzollerns and Hapsburgs. While Armistice Day this year, as ever, cannot but remind us of our debt of reverence to our departed comrades, the day offers primarily an opportunity for rejoicing, of thanksgiving for the success which their sacrifice helped us and our gallant Allies to attain. The Colorado Bargain House on November 12th—the 11th is on Sunday—will be observing the fifth birthday of a new freedom and the fifth anniversary of a mighty and righteous victory.

Christmas Cards
 are always in good taste and you will be sure to need some. Your friends will remember you with a nice message and you will want to remember them. Don't fool yourself into thinking you will not need Christmas cards this year. A wonderful line to choose from. Prices are very reasonable. Whipkey Ptg. Co.

Civic League
 The Civic League met with Mrs. A. L. Whipkey Saturday. A report was given on the progress of the ticket selling for the lyceum course

being put on by the public schools and the League. The League adopted the Negro school again this year, also committees were appointed to sell tickets for the picture show benefit to be given by the Palace Theatre Thursday and Friday, 8th and 9th, featuring Rodolph Valentino in The Young Rajah. The following officers were elected: Mrs. J. G. Merritt, president; Mrs. Roy Dozier, vice president; Mrs. A. P. Baker, secretary; Mrs. Jerald Riordan, corresponding secretary; Mrs. Boyd Dozier, treasurer; Mrs. Thomas Daves, Mrs. Jerald Riordan and Mrs. Roy Dozier were appointed delegates to the county federation. The League hopes to start a tree planting campaign next month.

Delphian Chapter.
 The Colorado Delphian chapter

met last Thursday at Judge Leslie's office. The lesson was on Religion and Art of Egypt led by Mrs. J. A. Buchanan. Special topics were given by Mrs. Jack Carter, Mrs. Eugene Pond, Miss Eloise Pond, Mrs. Hart, Mrs. Merritt and Mrs. Cramer. The chapter adopted three rural school New Hope, Dorn and Iatan and the aim is to give books, magazines, pictures, to visit and help in every way possible to raise the standard of the schools. Mrs. Haynes was made chairman of New Hope, Mrs. Hart, Dorn and Mrs. Barcroft, Iatan. The next meeting will be Nov. 15th.

1921 Study Club
 The 1921 Study Club met with Mrs. O. Lambeth, Mrs. Floyd Quinney led the lesson on Thomas Bailey Aldrich. Mrs. C. C. Thompson very effectively gave the story of "Majorie Daw" and papers bearing on the characteristics and nature of Aldrich's stories and poems were read by Mrs. C. E. Pritchett, Mrs. Quinney and Mrs. Dobbis. Mrs. Hooks gave an interesting paper on the "Novel of Letters" in English and American fiction.

The committee on American citizenship had charge of the special program for the day. Miss Stella Nash was a guest and gave an inspiring talk on Americanization, laying special emphasis on the fact that Mitchell county has a large number of illiterates, who should be taught the meaning of American citizenship. In keeping with nature of the program the house was decorated with American flags and small flags were given for favors. The hostess served a salad course.

Standard.
 The Standard met with Mrs. W. M. Elliott, the lesson on Antony and Cleopatra was led by Mrs. G. W. Smith. Mrs. Elliott read a paper on Egypt and its monuments Mr. and Mrs. E. F. King and Dr. Morelock of Sul Ross Normal were guests at the social hour. The hostess served a salad course and coffee. The meeting this week will be with Mrs. Y. D. McMurry.

Hesperian
 After a business session of the Hesperian club following the lecture on Shakespeare's plays by Dr. Morelock, Miss Laceywell and Mrs. Merritt invited the club to the Alcove for the social hour. A salad, sandwiches cream puffs, cocoa and nabisco

wafers were served. Mrs. Jones will be hostess this week at Mrs. Shropshire's. The program will be in keeping with Armistice Day.

A DOUBLE WEDDING.
 On last Saturday afternoon at 5:30 o'clock at the Baptist parsonage Rev. M. C. Bishop performed a double ceremony that united in marriage Mr. Roy Howell and Miss Willie Church and Mr. Leonard Henderson and Miss Gladys Howell all of the plainview community. There about 30 friends and relatives attended the ceremony. The Howells are brother and sister, hence the double ceremony. These happy young couples left immediately for Snyder to spend the night. They carry with them the congratulations of the entire community as well as all who know them. They are all of the leading families of this fine and prosperous community.

On Friday night before this double wedding occasion the pastor married at the parsonage, Mr. Sam Scott and Miss Irene Felts of the Longfellow community. Those who know these two feel they were lucky in securing each other as traveling mates thru life. They will live in the Longfellow community. The two former couples will make their homes in the Plainview community.

The Shakespeare
 The Shakespeare club with the other literature clubs met at the new school building Friday, to hear a lecture on Shakespeare's plays by Dr. Morelock of Sul Ross Normal and after a business session Mrs. T. W. Stonerod carried the club to the Alcove for refreshments.

Cook Books
 The Baptist women still have some of their famous cook books for sale. They would make nice gifts at a very small cost. Any member will be glad to see that you get one. Price 50c

Aid Society
 The Christian aid society met with Mrs. Hodges last week. The usual business was transacted, one new member was received. The hostess served a salad, sandwiches and coffee

Business Meeting.
 The Baptist women met at the church in business session Monday The new president, Mrs. A. L. White, had an inspiring devotional program, impressing on the individual, "it is up to you" to see that the message was given to her neighbor, her country and the uttermost part of the earth. Besides the regular business those present had an enjoyable time telling how she made the fifty cents, for district and associational dues. Mrs. Keathley and Mrs. Bishop were elected messengers to the State Convention which meets in Galveston this month. Mrs. Whipkey told of Miss Myrtle offering herself for a missionary and who is a senior at Simmons this year. The women decided to have part in helping her through school and each circle will take this up at next meeting. The year book committee made a partial report on the coming year's work and it promises to be full of good things. Next week will be circle meetings.

County Federation.

The Mitchell County Federation of Women's clubs will meet at the Methodist Sunday school rooms Tuesday, Nov. 13th at three o'clock. All clubs are urged to have representatives.

Worker's Council.

Supt. J. H. Greene of the Baptist Sunday school called his teachers, officers and workers together at the church Tuesday evening and get-together meeting. Nearly all responded and quite a helpful hour was spent together. Plans were made and committees appointed for a program and Christmas tree. Mrs. White and Miss Laundry Smith are to have charge of the program. A religious census was planned for in the near future. G. B. Sleton is to have some new things soon for increasing the membership. R. H. Ratliff is to have charge of the transportation for those desiring to attend school and unable to walk.

The evening was so profitably and pleasantly spent that it was decided to meet each Tuesday in similar meetings.

Parent-Teachers Association

The regular monthly meeting of the Parent-Teachers Association was held at the high school auditorium Tuesday afternoon with the vice president, Mrs. R. B. Terrell presiding. Before the business period the second grade gave a very interesting program of songs and readings. This was not only interesting to the parents but showed what the teachers were giving besides text book work in the way of music, memory work and patriotism. The playground equipment committee reported three grant strides, and two group swings. Those who could not be there will be asked to help pay for these, so please give a smile with your donation. Arranged by the committee on education of the 1921 Study club. All children five years of age and over are invited to come to the story hour at 3 o'clock each Saturday afternoon at Mrs. O. Lambeth's residence.

C. W. B. M. Meeting

The C. W. B. M. meeting for November was held with Mrs. R. W. Mitchell. The subject for the hour was India led by Mrs. C. L. Root. Mrs. Venable had a paper on In the Step of Faith, Mrs. Mitchell read one on The Joy of an Expanded Work. The round table discussion was current news from World Call. Mrs. Hancock was received as a new member. The hostess served sandwiches cake and coffee.
