AMERICA STANDS WITHOUT A PEER, MINISTERS SAY

"As a nation of religious purity, wealth, intellect and power, America stands today without a peer among the nations of earth, and should let her light shine out across the sea and lead the peoples of Europe into the same light in which we are walking," Rev. M. C. Bishop, pastor of the First Baptist church, declared during the Thanksgiving address delivered Thursday evening at the First Methodist church. Rev. J. F. Lewis, host pastor, also spoke of the outstanding leadership of America and declared that this people, above all others, should be thankful unto Almighty God for the unusual blessings bestowed upon us.

"I regret that we do not have a copy of the President's proclamation to read," Rev. Mr. Lawlis stated. Our president recently issued a most beautiful proclamation, calling upon the American people to assemble in their places of worship on this day and give thanks unto God for the blessings received. We have suffered no serious national disasters, as other nations have done, and we have prospered far in excess of any other people. God has hedged about us and showered blessing after blessing upon us, giving to the world the knowledge we are His chosen people."

The services were participated in by the different churches of the city. Rev. Mr. Lawlis, presiding. Song services were directed by Thos. Dawes. Rev. W. M. Elliott, pastor of First Presbyterian church, pronounced the invocation, after which the 137th Psalm was read responsively. A New Testament scripture was read by Rev. Mr. Lawlis, after which Rev. Mr. Bishop delivered the Thanksgiving sermon, reading as his text the quotation, "Thanks be unto God for His unspeakable gift."

In drawing a picture of the rapid growth of Christianity in Texas, Rev. Mr. Bishop stated that 85 years ago there were not a dozen Baptists nor a dozen Methodists and possibly not one Presbyterian in the entire State of Texas, but today these and other protestant denominations are flourishing and working co-operatively to such an extent that Christianity now flourishes in Texas to a larger degree of purity than anywhere else in America or in the earth. This condition, he stated, had resulted from the demand of the people of America to perpetuate the principles of Democracy and in this Texas stood out as leader among other states of the republic.

"We are living in a republic in which every boy has the opportunity of becoming president and where there are no kings to lord over us. Every man and every woman is free born and endowed with equal opportunity as his neighbor." Bishop cited the chivalry of American people in rushing to aid of those in distress and want, as in the case of the San Francisco earthquake, the Galveston and Corpus Christi floods and the Mitchell County cyclone.

The speaker declared that prayer was one of the corner stones upon which the principles of Americanism stood. "This nation will go on the rocks when people forget to pray. The earnest prayers of our forefathers are still having effect upon the generation of today, although they were offered to God many decades ago." He cited the success and reversals of Israel in battle, declaring that when those people remembered to pray and fought as God wanted them to fight, they were victorious, but when they forgot to pray and followed after their own lusts, they went down in defeat.

The services were interrupted for a few minutes on account of the clanging of the fire bell. Bishop had reached the climax of his address when suddenly the fire alarm sounded and immediately there was a stir of unrest throughout the congregation. Several left the building and the minister did not resume his discourse until obtaining the information that the fire was on the outskirts of the city.

TWO DRAW PEN TEMRS ON LIQUOR CHARGE

J. A. Jackson, whose residence evidently was not clearly established, and R. J. (Dick) Pitts of Scurry county, drew penitentiary sentences by the jury trying them on bootlegging charges in District Court here this week. The Pitts case, the first criminal case to be called Monday morning, resulted in a conviction and a sentence of two years in the pen. Jackson was arraigned Tuesday morning and the jury brought in a verdict of guilty that afternoon within a short time after receiving the case. Jackson was given three years.

Jackson was arrested on a freight train at Sweetwater July 2nd by Sheriff Jack Yarbrough of Nolan County after he and a companion named Bedichek had abandoned an automobile on the street here in which was found 100 gallons of alcohol. The car caught on fire near the home of E. B. Smith. Bedichek fled the scene immediately but Jackson remained and assisted in extinguishing the flames. He then disappeared and a few hours later was apprehended at Sweetwater.

Pitts was arrested at Colorado several months ago by Deputy Sheriff R. C. Dale on suspicion of selling booze and following an examining trial was remanded for probing by the grand jury. Both of the defendants were indicted in this county by the grand jury.

MATERIALS FOR STREET TOPPING UNLOADED HERE

Materials for the Warrenite bituminous topping on Walnut and Second streets have been unloaded here by the contractors, The West Texas Construction Company. The machine for mixing and heating this material is to be shipped from Wichita Falls Saturday and should arrive in Colorado next week. It is to be set up at Main and Oak streets.

T. W. Lackie of Abilene, construction foreman for the company, arrived in Colorado Tuesday and is spending a few days here on business. Lackie stated Tuesday afternoon that in case the weather continued favorable work on the street would be resumed Friday. The next block to receive the concrete base will be Second street, between Walnut and Elm.

JUDGE W. C. BLANKS TAKES OATH AND ASSUMES OFFICE

Judge W. C. Blanks of San Angelo brother of A. B. Blanks of Colorado, was sworn in as a member of the commission of appeals at Austin Saturday by Chief Justice C. M. Cureton of Meridian. Judge Blanks was recently appointed to a place on the commission by Governor Neff.

GEORGE TAYLOR CASE CONTINUED NEXT TERM

The George Taylor case when called in District Court Thursday morning was continued to the next term of court on joint motion of the State and defense. Taylor was indicted by grand jury a few days ago on charges of murder growing out of the slaying of Tom Morrison in South Colorado a few months ago.

J. C. Babb, attorney of Sweetwater, acted as counsel for the defense. The State was represented by District Attorney James T. Brooks. The case is expected to require several days for trial.

After Morrison was shot and killed here last spring, the negro, George Taylor, implicated as the man responsible for the fatal shooting, disappeared and no trace of him was found until he was placed under arrest in Hill County some time afterward by Tom Morrison, Sr., father of the slain man, and returned to Colorado. Bringing the prisoner to Colorado, Mr. Morrison delivered him to the authorities who remanded him to jail.

Misses Lula May, Eleanor and Emily Dulaney, teachers at Stanton, Lorraine and student at Simmons spent the week-end with their parents, Dr. and Mrs. B. F. Dulaney.

SCHOOL PATRONS WARNED AS TO ATTENDANCE LAWS

Charging that there are children within the Colorado Independent school district of scholastic age who are not enrolled in school, as the law directs, and further that some of the scholastics are being employed in violation of law, E. Frank King, superintendent of the Colorado schools, issued the warning Wednesday that this practice would be stopped.

Children between the ages of eight and fourteen years are required under provisions of the compulsory attendance law to attend school for at least one hundred consecutive days, and the date at which this law was to become effective in the Colorado schools, as designated by the school board, has passed. The warning issued by King, is to be the last, he stated, and parents or guardians of children within the ages above designated will be liable to prosecution should the conditions, as outlined by the superintendent, continue.

A statement outlining the charges and policy to be followed by the local school authorities, as issued by Mr. King, follows:

"All children over eight years of age and under fourteen years of age are required to attend school one hundred consecutive days, at least, under the compulsory school attendance law.

"There are a number of children in the Colorado district, white, negro, and Mexicans, that are not in school, yet the law applies in their case.

"This law is to be enforced, and this is the last public notice that will be given.

"There are some children within this age who are being employed by certain persons to do work. This is a violation of the law, and this will serve as a notice to such persons not to continue to so employ said children.

"The School Board has instructed the Superintendent to enforce the law."

"E. FRANK KING,
Attendance Officer."

SPECIAL HOLIDAY EDITION RECORD FRIDAY, DEC. 14

The Record will be issued in special holiday edition Friday of next week. The edition will appear in a beautiful lithographed cover and carry several pages additional over the usual number printed regularly. Several hundred extra copies of this number will be printed for distribution, a part of which are to be distributed by the publishers among citizens of the county who are not subscribers.

Advertising for this number should be contracted for at an early date, as the more time allotted to the mechanical department to get your advertising copy into type means more attention to it by us and a better and more attractive advertisement. This edition will cover Mitchell County thoroughly and advertisers are invited to avail themselves of this unusual opportunity to reach the trade. There is to be no advance in advertising rates.

The edition will carry the usual news stories of Colorado and the county and in addition a number of feature articles are to be run. We shall endeavor to make of the edition the best ever issued in Colorado and can do this with co-operation of the business and professional interests of the city.

MITCHELL CO. TAXPAYERS HELPING OTHER COUNTIES

The property taxpayers of Mitchell County are contributing their proportionate share in State and Federal taxes to the huge fund being allotted other counties of the State by the State Highway Department for highway construction. Such has been true since the present law, authorizing this aid for highway construction became effective, because the only source the Federal and State governments have of financing these programs or any other act of the government is through taxation of the people. This fact was discussed here Saturday by a committee of citizens and members of the Commissioners Court.

The further fact was emphasized that in case Mitchell County declined to meet the conditions under which aid is available for highway construction, the people of this county can never hope to receive in return from the State and Federal government any funds in return, in so far as our proportionate share of the road tax is concerned. Millions of dollars are allotted annually for highway construction over the State, but only to those counties wherein a part of the construction expense is provided by the people themselves.

Four counties traversed by the Bankhead Highway between Colorado and Fort Worth have within recent months voted bond issues for permanent road construction in order to become eligible for an allotment from the government. These are Palo Pinto, Callahan, Taylor and Nolan. In each of these four counties the highway is to cost the local taxpayers only thirty three and one-third per cent of its contract price, the Highway Department having allotted aid at the ratio of two to one.

In Palo Pinto a brick paved highway, at a cost of \$35,000 per mile, is being built. This highway will cost Palo Pinto taxpayers \$11,666.66 per mile. Voters of Callahan County recently voted \$300,000 for building a permanent highway across that county to cost \$900,000. The State Highway Department has allotted two thirds of the cost. The same is true in Taylor and Nolan Counties, wherein bond issues were recently voted.

The maximum amount of aid allotted to Mitchell County is \$800,000, but since the county has in the past received a total of \$114,000 in allotments from the Highway Department, the amount available is reduced to \$686,000. The department has given positive assurance to Commissioners' Court that aid at the ratio of two to one will be allotted this county for improving the Bankhead Highway, on condition that the citizens authorize a bond issue sufficiently large to build a permanent type of surface. The assistant bridge engineer, F. F. DuBose, has estimated that the Bankhead Highway can be paved with concrete across the county, including the necessary drainage structures, at a cost of \$900,000. If this be true, the county would furnish \$300,000 of the cost and the State and Federal governments \$600,000 in order to be absolutely sure that sufficient amount be voted for improving the Bankhead, the citizens committee drafting the petitions asking for election, specified that \$325,000, or so much thereof as may be necessary, shall be set aside for the highway. Any unexpended balance is to be diverted to the fund for lateral road construction in the four Commissioners' precincts.

The petition and order of Commissioners' Court ordering the election is plain in the designation of the proposed bond funds. Both specify that at least \$325,000 of the issue shall be proportioned in the four Commissioners' precincts.

Absence of E. M. Baldwin from the city during the past several days was accounted for Wednesday afternoon. Mr. Baldwin reported that he was busily employed in making improvements on his ranch several miles southeast of Colorado.

ONLY HALF PROPOSED BONDS FOR BANKHEAD

The sum of \$325,000, just one-half of the proposed bond issue of \$650,000.00 for road improvement and maintenance in the county, is the limit which may be expended on the Bankhead Highway by the county, and not one penny from the remainder of \$325,000 designated for lateral road improvement can be diverted to the highway.

This declaration was made clear in a statement issued by Judge W. H. Smith of Dallas, attorney representing the county in all legal matters to develop during the election, sale of bonds and subsequent road improvement. Judge Smith declared that since the petition filed by voters of the county requesting that \$325,000 be set aside for lateral road improvement and that further the order of Commissioners' Court calling for election specifically outlined that such would be done, in case the bonds were authorized, there could be no change by the present Commissioners' Court, or their successors, in so far as distribution of the bond funds are concerned.

It is true, the attorney stated, that in case the designated \$325,000 is not all used on the Bankhead Highway, the remainder may be added to the lateral road fund. This is authorized in the petition and also the election order.

In that the citizenship of the county might not be misled in this matter, Commissioners' Court, in session here Saturday, with every member present and voting, unanimously accepted the whole program, as above set out and an order covering the same was entered upon the minutes of the court.

"If your Commissioners' Court should attempt to divert any part of the bond funds to any other purpose than that specified, any citizen of the county could institute injunction proceedings and invalidate the issue," Judge Smith stated. "When the citizens petition for an election to vote bonds for a specific purpose, there is no way of getting around it."

CHAMBER OF COMMERCE EXECUTIVES TO MEET

The regular business meeting of officers and directors of the Colorado Chamber of Commerce was to be convened Thursday evening at six o'clock at the Pullman Cafe, according to information from the office of the Chamber Wednesday afternoon. Every member of the official board is urged to attend.

S. S. Owen, vice president and general manager of the Underwriters Producing and Refining Co., returned from Tulsa Sunday night.

ADVISORY COMMITTEE TO BE HONORED BY COURT

An advisory committee, consisting of two citizens from each Commissioners' Precincts, was named at Colorado Saturday by representatives of the Lorraine, Westbrook and Colorado Chambers of Commerce. Each of these committees were accepted by the commissioner of his precinct and an order passed by the court declaring the court and individual member thereof would confer with the committee in all matters pertaining to road improvement and maintenance, should the proposed bond issue carry.

The committee is composed of the following gentlemen:

Precinct No. 1—A. B. Blanks, J. S. Curry.

Precinct No. 2—G. W. Womack and J. C. Costin.

Precinct No. 3—G. W. Plaster and O. F. Jones.

Precinct No. 4—W. D. McCarley and A. S. Marjin.

This committee will be requested to co-operate with the commissioner in proper distribution of the proportionate share of the bond money set aside for lateral road improvement, and is accepted as a guarantee that the citizenship of each precinct will receive a fair distribution of the benefits to come from the proposed road improvement program in the county.

TWO NEW PRODUCERS AND FOUR NEW RIGS IN FIELD

Rigs at location of three new tests to be drilled in the Mitchell County field are nearing completion and material for the fourth is on the ground. During the week two new producers, good for 200 barrels each, have been put on the pump and production taken over by the Rio Grande Pipe Line Company.

Three of the new tests for which rigs are being erected will be drilled by the California Company. One of these will be the first well to be drilled on the Butler lease, immediately east of the Miller and Smart leases, on which are located some of the largest wells in the field. The second California test is to be known as Miller No. 2, on the A. L. Miller lease, offsetting Sloan Oil Company's Smart No. 2. The other test by this company, their Morrison No. 2, is in Section 27, offsetting Morrison Four of the Underwriters Producing & Refining Company. The fourth test will be drilled by Fred Carey et al to offset T. & P. Four of the Underwriters Company.

The new producers are O'Neal No. 1 of S. A. Sloan et al, on the O'Neal lease adjoining the Smart acreage to the west, and Underwriters Morrison Four, in the Underwriters block. Each of these wells are gauging 200 barrels.

The Rio Grande Pipe Line Company is replacing all pipe lines in the field with four inch lines. Formerly two inch lines were used, but production has increased to such an extent that the smaller lines would not carry production capacity. Loading rack and storage facilities at Westbrook are also being enlarged and improved.

The California Company has completed cementing in their Morrison One in Section 27 and are waiting arrival of casing to set. The Sloan Oil Company is drilling at 2200 feet at their Smart No. 2, in Section 21.

Announcement of several additional tests to the north east of the Smart and Miller leases are expected within the next two weeks. With the excellent showing of Bill Thomson's Badgett No. 1, in Section 4, three miles northeast of Sloan's Miller No. 1, development is expected to go in that direction.

FORMER COLORADO MAN IS DEAD AT OKLAHOMA CITY

James Wilkins, 64 years of age, died at Oklahoma City last week. Wilkins was at one time a citizen of Colorado and for a few years was assistant cashier of the Colorado National Bank. This was some thirty years ago.

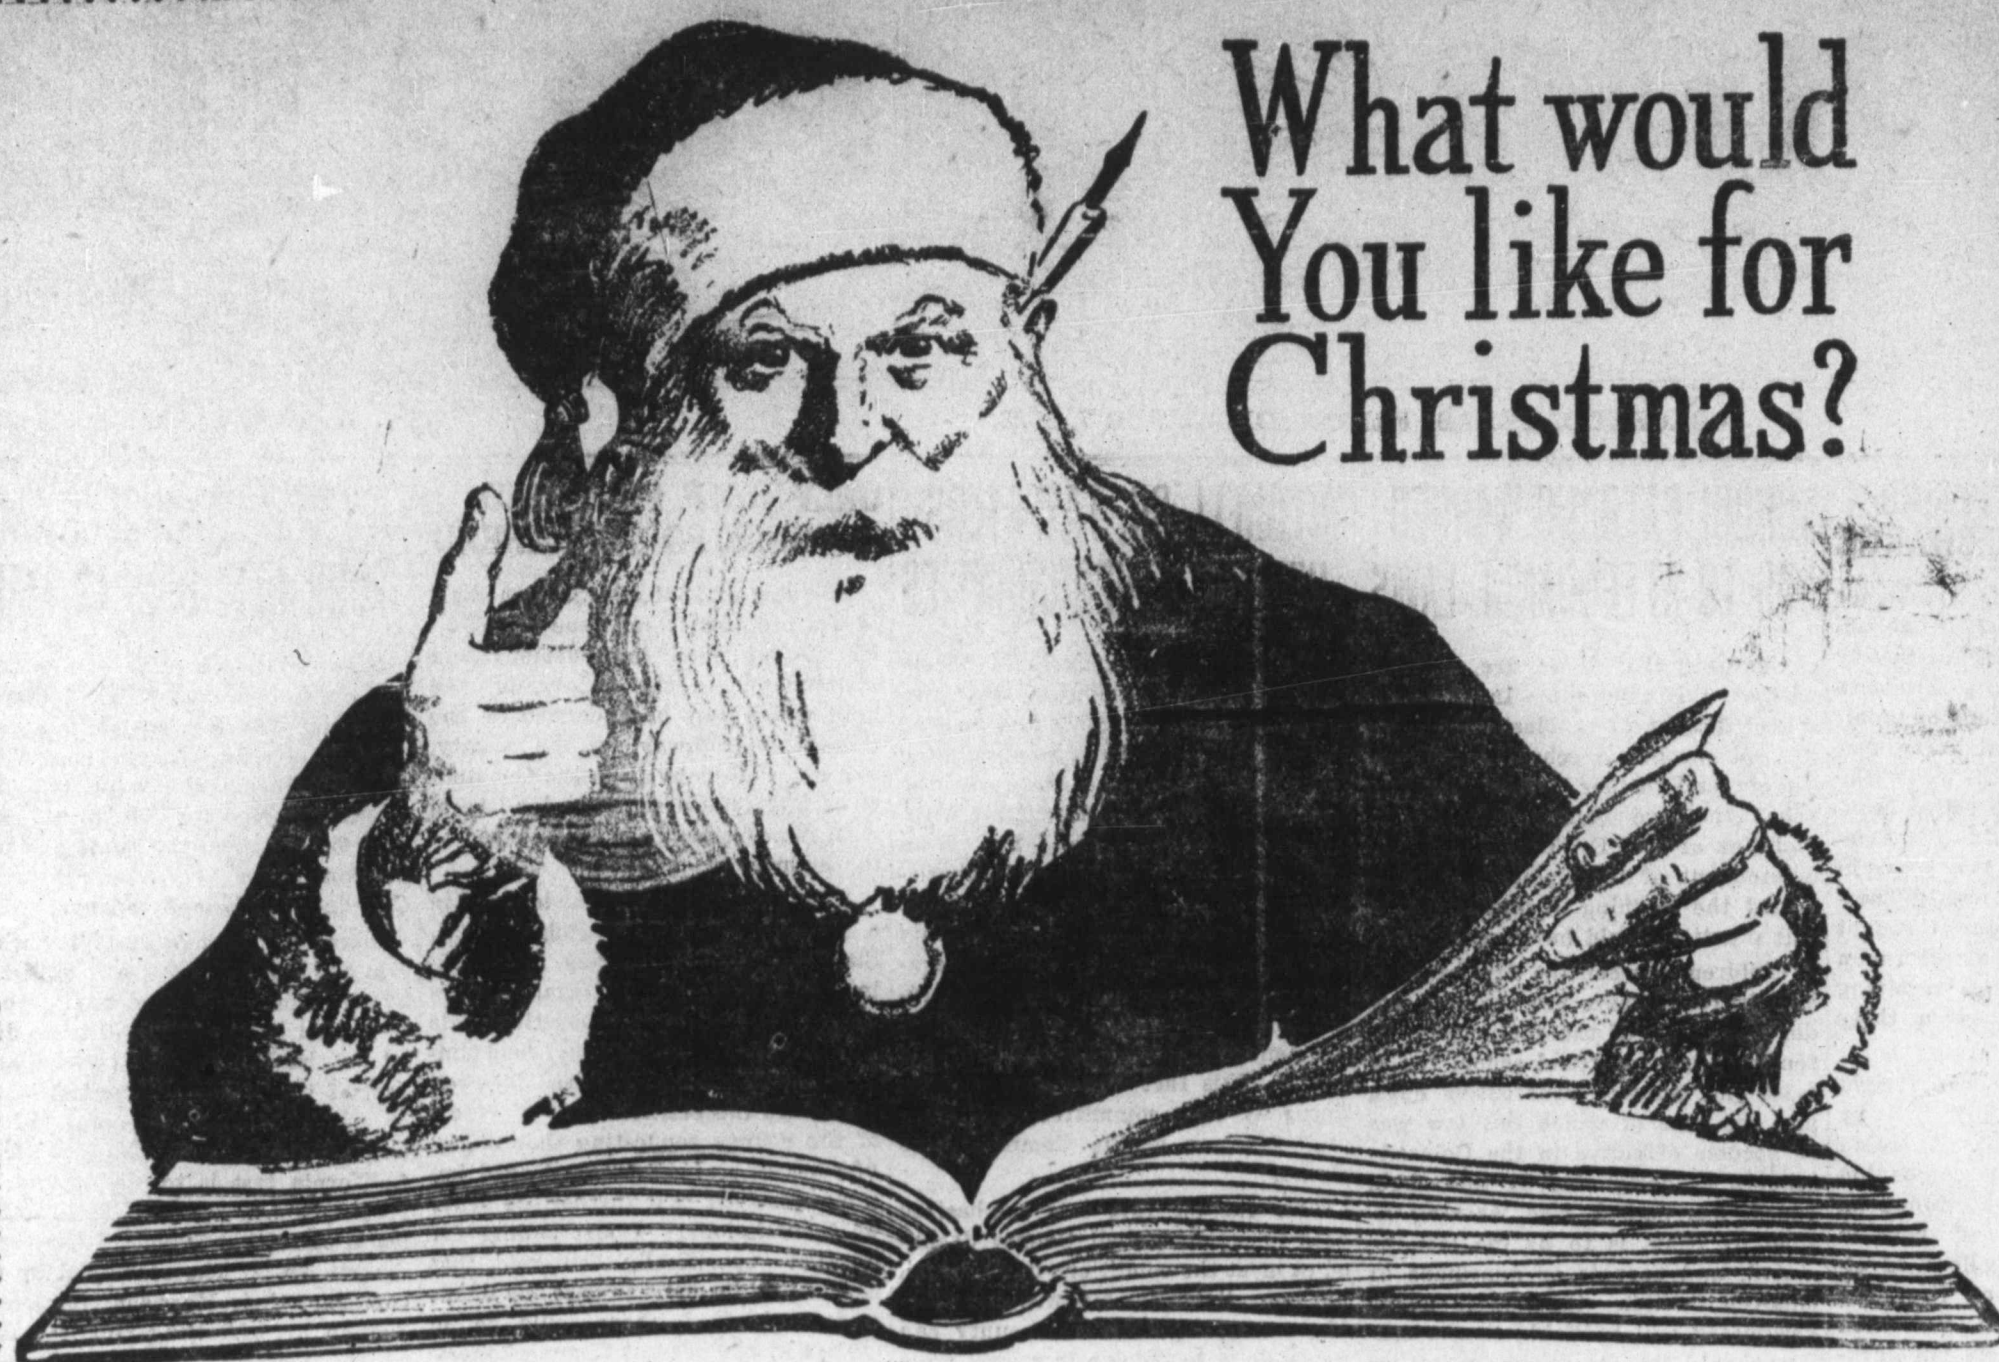

METHODIST HOLD FIRST CONFERENCE SUNDAY P. M.

The first quarterly conference of the local Methodist church was convened Sunday afternoon by Rev. R. A. Stewart of Sweetwater, presiding elder. The elder expressed keen satisfaction in reports filed at the conference and predicted that another successful year's work would be consummated by Colorado Methodists.

TAX RATE FIVE CENTS LESS THAN IN 1922

In spite of the fact that property taxpaying citizens of Mitchell County are making a payment on the new court house and also paying for the 15 cent special road tax this fall when they call at the office of the tax collector to settle off their tax accounts for 1923, the county rate is five cents less than it was last year. In 1922 the rate was ninety-five cents on the one hundred dollars valuation of property. This year the rate is ninety cents.

It will be remembered that one of the guarantees made the people by Commissioners' Court during the campaign to vote bonds to build the court house was that the rate would be lowered this year, even if the bonds were authorized. The taxpayers are bearing out the assurance that this promise was fulfilled.

METHODISTS RAISE SALARY OF PASTOR TO \$3,000.00 YEAR

An increase in the pastor's salary of from \$2,500 to \$3,000 for the conference year was authorized by the board of stewards, First Methodist church, at a meeting held last week. This places the Colorado church on the same basis as the church at Sweetwater, which heretofore has held the distinction of paying the largest pastor's salary in the district.

MEXICAN COLONY WILL LOCATE N. W. COLORADO

Joe Chemali, Colorado merchant, has purchased forty eight acres of land adjoining the Colorado town-site on the northwest as the site of proposed Mexican colony. Surveyors began Thursday morning to lay the tract off in streets, alleys and lots and material for the first building was unloaded also Thursday. A well to furnish water supply will be drilled at once, it was stated.

According to information obtained at this office, the plat is to surround a public square in which will be located the community church and probably a school. Purchasers of property within the district are to be governed by restrictions as to building permits, it is claimed, in that

nothing but desirable buildings be constructed.

Mr. Chemali has been working for some time on plans to obtain a desirable plat of ground on which the local Mexican residents might locate.

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS, County of Mitchell:

To the resident property taxing voters of Mitchell County, Texas:

Take notice that an election will be held on the 18th day of December 1923, within Mitchell County, Texas, to determine if said county shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners' Court, on the 17th day of November, 1923, which is as follows:

Be it remembered that on this the 17th day of November, 1923, the Commissioners' Court of Mitchell County, Texas, convened in regular session at the regular meeting place thereof, in the courthouse in Colorado, Texas, all members of the court, to-wit:

J. C. Hall, county judge; U. D. Wulfjen, commissioner of precinct No. 1; H. A. Lasseter, commissioner of precinct No. 2; Jno. D. Lane, commissioner of precinct No. 3; W. D. McAdams, commissioner of precinct No. 4 being present came on to be considered the petition of P. C. Coleman and 241 other persons, praying that bonds be issued by said Mitchell County, Texas, in the sum of Six Hundred and Fifty Thousand Dollars, (\$650,000.00) bearing interest at the rate of not exceeding Five and one-half per cent (5 1/2%) per annum payable semi-annually, and the principal of said bonds to mature at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty (30) years from date thereof, for the purpose of constructing and operating graveled or concrete paved roads and turn-pikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds; and to provide a sinking fund for the redemption thereof at maturity; provided, if said bonds are issued there shall be expended the sum of Three Hundred Twenty-Five Thousand Dollars (\$325,000.00) or as much thereof as may be necessary, in the construction of concrete paved highway running through said county from Mitchell-Nolan county line to Mitchell-Howard county line, and now known as Bankhead Highway,

and any unexpended balance, together with the remaining Three Hundred Twenty-Five Thousand Dollars (\$325,000.00) of said issue shall be set aside for construction of graveled roads and lateral highways in the four Commissioners' precincts of said county; provided further, that said remaining amount of money and the said sum of Three Hundred Twenty-Five Thousand Dollars, (\$325,000.00) of said bonds, shall be proportioned among said precincts in proportion that the taxable values based on the tax rolls of 1923 rendition in each precinct bear to the assessed values according to said rolls of the county as a whole.

And it appearing to the court that said petition is signed by more than fifty (50) of the resident property taxing voters of said Mitchell County, Texas; and:

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the excess valuation of the real property of said Mitchell County, Texas;

It is therefore considered and ordered by the court, that an election be held in said County, on the 18th day of December, 1923, which is not less than thirty (30) days from date of this order, to determine whether or not the bonds of said county shall be issued in the amount of Six Hundred and Fifty Thousand Dollars, (\$650,000.00), bearing interest at the rate of not exceeding Five and One-Half per cent (5 1/2%) per annum payable semi-annually and the principal of said bonds to mature at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty (30) years from the date thereof, for the purpose of constructing, maintaining and operating graveled or concrete paved roads and turn-pikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said county, subject to taxation for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity; provided if said bonds are issued, there shall be expended the sum of Three Hundred and Twenty-Five Thousand Dollars (\$325,000.00), or so much thereof as may be necessary in the construction of concrete paved highway running through said County

from Mitchell-Nolan County line to Mitchell-Howard county line and now known as Bankhead Highway, and any unexpended balance, together with the remaining Three Hundred and Twenty-Five Thousand Dollars (\$325,000.00) of said issue shall be set aside for the construction of graveled roads and lateral highways in the four Commissioners' Precincts of said county. Provided further, that said remaining amount of money, and the said sum of Three Hundred and Twenty-Five Thousand Dollars (\$325,000.00) of said bonds, shall be proportioned among said Precincts in proportion that the taxable values based on the tax rolls of 1923 rendition in each precinct bear to the assessed values according to said rolls of the county as a whole.

The said election shall be held under the provisions of Articles 627, to 641 inclusive, of Chapter 2, Title 18, Revised Statutes 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State, and of this county, and who are resident property taxpayers in this county, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds, shall have printed or written on their ballots, the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed, shall have written or printed on their ballots, the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively, as follows:

For voting precinct No. 1, held at Colorado, Texas, in the Courthouse thereof, in the County of Mitchell, A. A. Dorn, presiding judge.

For voting precinct No. 2, held at the Methodist church in the town of Westbrook, J. C. Costin, presiding judge.

For voting precinct No. 3, held at the school house at Spade, R. A. Hood presiding judge.

For voting precinct No. 4, held at the Landers school house, W. E. Wimberly, presiding judge.

For voting precinct No. 5, held at Bozeman's store in Cuthbert, W. C. Berry, presiding judge.

For voting precinct No. 6, held at the Carr school house, G. W. Sweatt, presiding judge.

For voting precinct No. 7, held at J. J. Riden's office in the town of Lorraine, J. L. Pratt, presiding judge.

For voting precinct No. 8, held at the storehouse in Iatan, E. B. Gregson, presiding judge.

For voting precinct No. 9, held at the McKenzie school house, G. A. Brown, presiding judge.

For voting precinct No. 10, held at the Buford school house, I. K. Gailley presiding judge.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes referred to.

Notice of said election shall be given by publication of a copy of this order in the Colorado Record and the Lorraine Leader newspapers published in the County, for four consecutive weeks before the date of said election, and in addition thereto, there shall be posted other copies of this order at three public places in the County, one of which shall be at the Courthouse door, for three weeks prior to said election.

The county judge is hereby directed to cause such notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers, and received by this Court.

MISS LACEWELL PRAISED FOR EFFICIENCY IN WORK

Speakers at an informal luncheon at the First Baptist church Sunday school rooms Saturday at noon were profuse in their praise of the work done by Miss Georgia Lacewell, home demonstration agent in Mitchell County during the past sixteen months. The luncheon was served by women of the Mitchell County Federation, with Mrs. A. L. Whipkey, president, presiding as hostess. Members of Commissioners' Court, Judge J. C. Hall, H. Olenbusch of Lorraine, Dr. P. C. Coleman, president and other officials of the Colorado Chamber of Commerce, and F. F. DuBose, assistant State bridge engineer, were guests.

Mrs. Whipkey was the first to address the meeting and in an interesting manner reviewed the developments leading up to employment of Miss Lacewell and of the subsequent commendable work done in the county under personal direction of the agent. In behalf of the Federated Club and all other women and girls of the county, Mrs. Whipkey expressed appreciation to members of Commissioners' Court, Chamber of Commerce officials and others who had cooperated with them in putting the work in this county.

County Judge J. C. Hall was next introduced and in speaking for Commissioners' Court expressed keen satisfaction in the work Miss Lacewell had done in the county and stated that he had been more than glad to have a part in carrying on the educational campaign conducted through this representative of the Extension Department, A. & M. College.

Following the address of Judge Hall Miss Lacewell gave a report covering her work for the past year. In the outset of report, Miss Lacewell announced that she was being transferred from Mitchell County but gave assurance that her successor here was a woman capable in every way of continuing the work in Mitchell County. The report of Miss Lacewell, showed that her services had meant the actual saving of several thousand dollars to the people of the county.

Dr. P. C. Coleman spoke at length upon the value of home demonstration work and praised Miss Lacewell for the wonderfully effective manner in which she had conducted a campaign for better home conditions among the housewives and girls of the county. He claimed that he had visited in many homes during his life as a practicing physician where there were children being dwarfed and cheated out of physical development because of inferior nourishment. This condition is being fast arrested in this county through the services of Miss Lacewell, he stated.

In speaking of the services of the demonstration agent, J. H. Greene stated that one thing about her work which had impressed him most was in the fact that she was teaching the girls of the county to become good women and good mothers. "We too often stop at the question as to whether a boy will make a good husband for my daughter," Greene stated. "It should be equally as important to know whether the girls will make 'My son a good wife.'" The speaker declared that under the program as being fostered throughout the county by Miss Lacewell, the girl was being not only taught as to the practical things of life, but was being tutored by a most unusual leader and character to better understand and respect the principles of Americanism.

Each of the speakers praised Miss Lacewell for her work here and gave her the assurance that she would long be remembered among the people of Mitchell County. Miss Lacewell left Colorado Sunday morning for her home at Hamilton where she will

be remembered to cause such notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers, and received by this Court.

Given under my hand with the seal of the Commissioners' Court affixed this the 17th day of November, 1923.
J. C. HALL,
County Judge, Mitchell County, Tex.

take a long needed rest.

Miss Irma Sealy, at present home demonstration agent in Bee County, will be assigned to Mitchell County, according to a telegram received from Miss Helen H. Swift, district agent, by the Colorado Chamber of Commerce. Miss Sealy is expected to arrive in Colorado the first of next week.

HONORED AT C. I. A.

Miss Louise Wulfjen formerly of Colorado, member of the senior class at the College of Industrial Arts, Denton, was recently honored by the student body in forming organization of a scholarship society. Miss Wulfjen was elected to membership in the society, which, under rules governing the organization, is restricted.

The society has as its object the recognition and promotion of scholarships among the under graduates in Texas colleges. Similar societies have recently been formed at

the University of Texas and a few other leading educational institutions of the State.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved--Dangers and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity--purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water--that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger. Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with "Calotabs." (Adv.)

MITCHELL COUNTY 62ND IN COTTON PRODUCTION

Mitchell County is placed sixty-second place out of 175 counties in Texas in a report issued by the Department of Commerce showing gin receipts for the season of 1923 up to November 14th. The report shows this county to be leading 113 counties of the State in the number of bales ginned. In a report issued by the department at the close of the season of 1922, this county was cited as one of the ten leading counties of West Texas in cotton production.

The only two counties in this section of the State to show larger gin receipts than Mitchell are Fisher and Taylor, and Fisher county is leading by less than 3,000 bales. Ellis county continues to lead the State with a total of 108,551 bales. Williamson county is a close second with 105,756 bales. Report of these two counties remained practically unchanged from listing reported two weeks previous.

According to the report gin receipts in Mitchell County had reached 23,369 bales up to November 14. Reports of other counties in this section of the State were: Howard county, 12,567 bales; Kent county, 4,326 bales; Lynn county, 11,516 bales; Nolan county, 14,595 bales; Scurry county, 17,325 bales; Tom Green county, 4,469 bales; Crosby county, 8,495 bales; Dawson county, 12,343 bales; Dickens county, 5,918 bales.

Gin receipts in the State were placed at 3,700,714 bales as compared with 2,961,544 bales at the same time last year.

POINTS THE WAY OUT

The Statement of This Iatan Resident Will Interest Our Readers Our neighboring town, Iatan, points the way in the words of one of its most respected residents:

W. G. Sweat, farmer, Iatan, Texas says: "I was troubled considerably with my back, which was caused from bending over a whole lot, especially during harvesting time. I was often in misery from the pains in the small of my back. This trouble caused me to have spells of nervousness and there were times I could hardly write, as I would shake like a leaf. I had to get up three or four times on account of the too free action of my kidneys. A few Doan's Kidney Pills eased the pains and I could get around and bend without any exertion. When I finished one box of Doan's, I was entirely relieved."

WORK OF DEMONSTRATOR IS COMMENDED BY PRESS

Report of Miss Georgia Laceywell, until recently home demonstration agent of Mitchell County, are finding their way into the editorial and news columns of a number of leading daily papers and trade journals of the State. The achievement of Miss Laceywell in this county in so short a time is considered without a peer in the State and the success she has accomplished among the rural and city women and girls of this county is cited as an example of what other communities might do.

MODELL HOWELL.

AN APPEAL

Patrons and friends of the Colorado school district, the Parent-Teacher Association needs your loyal support. If you are not a member of this association, then why not? My work, your work, our work, as mapped out for this school year is to place "play ground apparatus" of durability and low maintenance cost to last through years of strenuous use. Unless wholesome recreation is provided, unwholesome will be. Take away from the child the opportunity of wholesome play and the child must find his own recreation. The morals of the next generation depend upon how children of today play, for play they will, either wholesome or otherwise. Every community must face the problem of child welfare. Health demands spontaneous play in the open air. Vigorous exercise that gives the young body a chance to develop. The child finds its salvation in the play ground and this movement is growing so fast that soon the community without adequate playground facilities will be considered as an unsafe place within which to live. Play grounds do not grow spontaneously. There is no magic "open season" to call them into being. Establishing play ground calls for enthusiasm and work. Think parents and friends what it will mean to have a part in this work. For years to come we may point with pride to the worthwhile improvements made on our school ground. I say again, if you are not a member of this Parent-Teacher Association organized for the good and uplift of the boy and girl of the Colorado public school district, then why not.

We urge you to join and come to the meetings held on the first Tuesday in each month at the High school auditorium at 3 p. m. Splendid programs are given at these meetings. Yours in the work--Mrs. J. G. Smith, president P. T. Assn.

IN SOCIETY AND AT THE CLUBS

1921 Study Club

The 1921 Study Club met with Mrs. Floyd Quinney. Mrs. R. H. Ratliff led the lesson on Thomas Hardy. The roll call was a Thanksgiving thought. Mrs. Tom Pritchett told the story of Three Strangers and Nature in Hardy's novels and tales. Mrs. Roy Dozier told of Hardy's Peasants. Mrs. Hardison told of Hardy's attitude to life. Mrs. C. R. Earnest discussed Hardy's style. Mrs. Bill Broaddus and Mrs. Bill Simpson were received as new members. The hostess served a salad course. There will be no meeting this week on account of the home talent play the club is giving.

Parent-Teacher Association

The splendid program given by the third grade pupils under the direction of their teacher, Miss Lawlis and Miss Irion Tuesday was an inspiration for the business meeting of the Parent-Teacher Association that fol-

lowed. The program consisted of songs, drills, recitations and a violin solo by little Lois Levinson. The parents of those pupils are to be congratulated for having such efficient teachers for their pupils. Not only do the teachers teach the required text books but are ever ready to help in other good work. We make our bow to these teachers and these dear little children. At the business meeting the Association decided to join the Texas Federation of Women's clubs instead of the Congress of Mothers, and Mrs. H. B. Broaddus, district chairman, of club extension, was asked to prepare application blanks. The 1921 Study club and the Hesperians offered to sponsor this organization for membership in the Federation. The association also voted to take a page of advertising in the high school annual showing that teachers and parents are standing together on all lines of school work. Mr. King reported playground equipment bought but not ready to install. He said he had had faith enough to believe the money would be ready to pay for it when it arrived. The treasurer reported \$318.00 in treasury. The receipts from the Home talent play given last

week were \$110.50 - and from the "ads" on the curtain were \$217.50, the other amount coming from dues and donations. The membership campaign has not yet closed and quite a nice sum will be reported next meeting on that. A rising vote of thanks was given Mrs. J. H. Guitar for her splendid work in directing the home talent play. The next meeting will be January 1st, 1924.

Merry Wives

The Merry Wives met last week with Mrs. Ed Jones. Her guests were Mesdames. H. L. Hutchinson, L. H. Gaskins, M. C. Kinney, F. E. McKenzie, R. P. Price, Sam Majors, R. W. Mitchell, C. L. Root, H. B. Broaddus, Hardison, A. L. Whipkey, Bert Robertson, Charles Reams Earnest, Throupe. The club adjourned till after the Christmas holidays. The hostess served turkey sandwiches, pickles potato chips, marshmallow pudding and coffee.

County Federation to Meet

The Mitchell County Federation of Women's clubs will meet Tuesday, December 11th, at the Methodist Sunday school rooms. Every club is urged to have a representative as important business matters are to be attended to at this time.—Mrs. A. L. Whipkey, president.

Regular Meeting

The regular meeting of the Auxiliary to the American Legion will meet with Mrs. J. G. Merritt Saturday at 4 p. m.

Auxiliary to C. W. B. M. Meeting.

The December meeting of the Auxiliary to the C. W. B. M. was held at the church Monday afternoon. After the devotional period led by Mrs. Broaddus, Mrs. R. P. Price led the lesson on North American Frontier. A paper on Oriental Americans was read by Mrs. Ed Jones. An interesting round table discussion on thoughts brought out in the lesson, conducted by the leader, Mrs. McKenzie was a guest.

Civic League

Besides the regular business of the Civic League Saturday it was decided to wage a tree planting campaign the next three months, and the slogan every one plant a tree, will be used. Mr. Jack Smith has agreed to order trees for all who wish and also keep a record of all who will report to him the number planted. This is a small matter for you but it will help to know just how many trees are planted in the town and county. Please report to Mr. Smith. The League also voted to give the pecan tree to be planted by the Sixth District at the school grounds. A seed and flower exchange will also be started by the League. Mrs. F. B.

Whipkey, Mrs. J. M. Green and Mrs. Roy Dozier are this committee. The plan is for every one to save seeds, plants and bulbs and exchange with some one or give to some one who will help to make the town beautiful. Now is the time to plan for next summer's flowers. Give either of these ladies a list of the things you have to spare.

Hesperian

The Hesperian met with Mrs. T. J. Ratliff. The lesson on Othello was led by Mrs. Edgar Majors. Mrs. Whipkey Mrs. Merritt, Mrs. Barcroft, Mrs. Doss and Mrs. Wulfjen gave special topics comparing Desdemona to other of Shakespeare's women. The club decided to send Christmas cheer to shut-ins, aged and the sick. Mrs. Harriman, Mrs. F. B. Whipkey and Mrs. Lister Ratliff were guests at the social hour. Little Alice and Baby Harriman entertained with songs, folk dances and readings. The hostess served turkey, salad, peas in potato nests, stuffed olives, hot biscuits, cake and coffee. On each plate were Chrysanthemums. The meeting this week is with Mrs. Edgar Majors.

The Shakespeare

The Shakespeare club met with Miss McComas. The lesson on current history and Caroleanus was led by Mrs. Lupton. At the social hour the hostess served a turkey dinner. The meeting this week is with Mrs. R. O. Pearson.

Standard.

The Standard club met with Mrs. Sherwin. Mrs. Prude led the lesson from Antony and Cleopatra. At the social hour the refreshments were the delicious aftermath of a Thanksgiving dinner.

MARRIED

At the Baptist parsonage Saturday, Dec. 1st, by Rev. M. C. Bishop, Mr. Steve Benton Church and Miss Lois Standifer of the Plainview community.

Thanksgiving Luncheon

The County Federation of Women's clubs gave a Thanksgiving luncheon Saturday at the Baptist Sunday school rooms honoring the County Commissioners for giving to the women of the county, a little more than a year ago their request for a County Home Demonstrator, so they took this occasion to express their thanks by serving a luncheon of Mitchell County products and by Miss Laewell giving her annual report. Nearly every article served was grown and canned by the women of the Pioneer club. The menu consisted of cream of tomato soup, canned roast, corn, green peas, beans, hot biscuits, salad, cherry pie a la mode and coffee. The president of the Federation presided and was assisted by

Mrs. Ed Jones, president of the 1921 Study Club, Mrs. Merritt, president of the Civic League, Mrs. Harrell and Mrs. Joe Johnson of the Pioneer club. The guests were County Judge J. C. Hall, Commissioners Urdie Wulfjen, McAdams, Lane, Lasseter, Dr. P. C. Coleman, J. H. Greene, chairman of Mitchell County Red Cross chapter, F. F. DuRose, J. W. Bird, W. S. Cooper editor Colorado Record. The ladies felt more than repaid for the time it took to prepare this meal by the good things said about Home Demonstration work by the guests and their splendid sympathy and hearty cooperation of the work in Mitchell county. In behalf of the other clubs the president said they could have prepared such a luncheon had they been solicited.

LYCEUM.

The second number of the lyceum course under the auspices of the Civic League and high school students will be Wednesday evening, Dec. 12th at the High school auditorium. This promises to be a very entertaining number. It is the Floyds, magic and mystery. There are three in this company, all artists well known and popular in America, Canada and Mexico. An evening with this company combines every possible point of excellence. Elaborate stage settings, beautiful costumes, expensive paraphernalia and a real gift for entertaining. Dont miss it.

PLANT A TREE

Now is the time to plant a tree. Co-operate with the Civic League by planting a tree. There is a fine season in the ground now for tree planting. Have Mr. J. G. Smith order you some trees.

SCHOOL NOTES

Several of the teachers of the Colorado schools attended the State Teachers' Association at Fort Worth last week. They report the greatest attendance at this meeting that the association has ever enjoyed. About ten thousand teachers were in attendance. There are about seventeen thousand teachers who are members of this organization.

Mr. Bynum came in last week and spent the week with his wife, Mrs. Clara D. Bynum who is teaching here.

The enlarged and newly painted stage curtain in the high school adds very materially to the appearance of the auditorium, and gives considerably more room on stage.

The home talent play put on last by Mrs. J. H. Guitar and her assistant helpers was highly enjoyed by a large audience, but owing to the fact that it was raining hard all evening many who wished to see the play did not come. One hundred and ten dollars was the amount received

for admissions. Many requests have been made for a repetition of this play, but Mrs. Guitar thinks best not to repeat it. Mrs. Guitar and all who helped her deserve great credit for the success of this play.

The playground equipment that was ordered several weeks ago has arrived and will be installed within the next few days. This will add much to the enjoyment of school life for the children, as well as assist in their physical development.

The Parent-Teacher Association held its regular monthly meeting at the high school Tuesday afternoon from three until five o'clock. The third grade children rendered a very interesting program at the beginning of this meeting. The treasurer reported about five hundred and fifty dollars in the treasury and a paid-up membership of about one hundred and twenty. This was certainly a fine report, and we believe that there is not another parent-teacher association in the State that has made a better showing within the same

length of time. This organization is considerably less than a year old but it is functioning like a mature association and is certainly doing things for the school. Mrs. Jack Smith, the president, and all her committees are greatly interested and untiring in their efforts.

The annual staff have sold about one hundred annuals up to date. They plan to issue two hundred and fifty, and say that this year's product is to be even better than that of last year.

Mr. Jim Watson newly elected trustee, visited the school this week. Welcome, Mr. Watson, bring others with you next time.

TWO NEW FORD NAMES

DETROIT, Dec. 6.—There's been a double christening in the Ford car family.

When the newest member, a smart sedan with two doors, arrived on the scene, announcement of which is just made, there came with it the question of a name.

For several days the folks just couldn't decide what to call the baby of the family until, from quite an unexpected source, there came the suggestion:

"Call it the Tudor."

And Tudor it was christened, a name quite in keeping with the aristocratic appearance of the new car.

"How about re-naming the other sedan?" some one asked and then came this reply:

"We might call it the four-door Ford or—Ah, that's it! Ford-or-Fordor. Simple and expressive, isn't it?"

So we have Ford cars with brand new names, the Tudor and the Fordor

POUR OUT LIQUOR

Alcohol, whiskey, bitters and other contraband liquors seized during various raids conducted by Sheriff Yarbrough and his deputies and which had accumulated in the vault at the Court House has been emptied down the sewer. This action was taken pursuant to orders issued by District Judge Leslie.

There was about 25 gallons in all picked up during various raids by the authorities.—Sweetwater Reporter.

NOTICE TO SUBSCRIBERS

The bargain days rate is now on The Star Telegram, daily with Sunday \$7.45. Daily without Sunday, \$5.95. One year by mail only. Leave your subscription with your home town agent.—Roy L. Farmer. 12-7c

New York.—It's a happy Thanksgiving for the South, especially the cotton growing belt. After crossing 36c a pound for cotton the New York market in a pre-holiday session carried prices still further forward.

The market fairly boiled with activity as the December option touched 37c and July crossed 36c under an enormous volume of fresh trade, professional and speculative buying. Other options scored substantial gains, all positions recording new highs for the season and the highest marks since the summer of 1920.

There was little news to account for the rather sensational forward movement, outside of steadiness in stocks and doubts as to what would happen in Liverpool Thursday. The market there will be open, while the local exchange is closed.

Worth street advices report good cloth business with prices firm and advancing. The mills are reluctant to sell ahead.

The upward bulge in the market, due primarily to the indicated short cotton crop and local cotton houses expect the market to go still higher.

J. S. Bache & Co. says that "if England comes back, and it appears now on the way, and if the foreign growths continue to indicate a scant supply compared with last year, there will be an eventual point before the new crop is available where the mills that have not had the foresight to procure their requirements will have to shut down."

"We do not believe that the price has yet reached a point where mills which have modern machinery and intelligent and industrious management will stop spinning and weaving. We therefore look for much higher prices, but continue to caution speculative operators to have their commitments extravagantly margined."

ANTI-KU KLUX BILL PASSED BY SENATE

Oklahoma Act Makes Wearing of Masks Unlawful in That State

Oklahoma City, Ok.—The unmasking of the Ku Klux Klan in Oklahoma is the prevailing feature of the bill on the subject passed by the Senate by a vote of 30 to 8.

The passage of the bill came after several days devoted to speech-making and amending the bill as it was originally introduced by a joint committee of the Senate and House. The measure finally passed scarcely resembles the original bill.

The features of the bill as it will go to the House for consideration are: The wearing of masks or hoods on public streets, in parades which

Anyone wearing the mask and assaulting another is subject to prosecution. No society or organization whose by-laws or constitution requires a person to take an oath in conflict with or repugnant to the Constitution of the United States, or the State of Oklahoma, shall be allowed to function, nor anyone who owes allegiance to any foreign Government, King or power, shall be eligible to hold an office. Any County Attorney or public official having to do with the enforcement of the laws falling to do his duty shall be subject to removal from office under the laws as now provided.

All efforts to provide for the making of rolls of membership of the Klan, officers or members, so they could be examined, or brought into court, failed.

Fake War Savings Stamps
St. Paul, Minn.—Secret Service operatives are trailing an alleged \$2,000,000 counterfeiting ring which is flooding the Nation with fake war saving stamps. The counterfeit stamps are all of the \$5 denomination and are payable Jan. 1, 1924.

Turkeys Drop to 10c.
Smithville, Texas.—While only a few turkeys were brought to town on Thanksgiving eve, 10c a pound was all that was offered. With the continuation of the bad weather, eggs jumped to 35c a dozen and are scarce at that price. Many are taking advantage of the cold spell to kill hogs.

FOREIGN

The police of Moscow have arrested leaders of a secret organization plotting to overthrow the Soviet Government. A number of university professors were among those taken.

The calling off of the hunger strike among the political prisoners of the Irish free state came too late to save Andrew O'Sullivan of County Cavan, interned in Mount Joy prison. He died in a hospital after a fast of 40 days.

At a Cabinet Council in Rome it was unanimously decided that the full powers of government now exercised by Premier Mussolini should be extended. The Ministers also approved the organization of "a supreme commission for national defense." It is generally understood the dictatorship will extend for another year.

The Republican central committee of the Philippines adopted resolutions asking Congress to take action by resolution providing that the preamble to the Jones law (the organic act of the islands) be nullified and that the law be amended to the effect that the sovereignty of the United States be permanently and effectively established.

American officials in Berlin have received no reply from the German police to inquiries concerning the charges to be made against Max Bernstein, who has been under arrest in Berlin for a week, and whose friends say he has an American passport. The discovery that Communists in Berlin were in possession of revolvers, which the police allege were shipped by Bernstein was the basis for his arrest.

Trips to Manila by municipal officials from the provinces at Government expense have been ordered eliminated. Only when such officials are expressly called to the capital on important official business are they to be permitted.

An official protest against the mistreatment and the plundering which Jewish citizens of Poland, together with other Jews, suffered during the recent disorders in Berlin has been lodged by the Polish Ambassador with the Chancellor.

Auto Plunges 35 Feet.
Philadelphia, Pa.—Five persons, three men, a woman and a young girl, were killed when their motor car plunged through a guard rail near the Pennsylvania avenue ed-

trance to Fairmount Park and dropped 35 feet to the Reading Railroad tracks below, the machine landed directly in front of a moving freight train, which mangled some of the victims almost beyond recognition. It is believed the driver of the automobile was unfamiliar with the neighborhood.

Coming to Sweetwater Dr. Mellenthin

SPECIALIST

in Internal Medicine for the past twelve years

DOES NOT OPERATE

Will be at WRIGHT HOTEL Friday and Saturday, Dec. 14 and 15 Office Hours: 10 a. m. to 4 p. m.

TWO DAYS ONLY

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Texas.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measurements rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's

BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating, I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

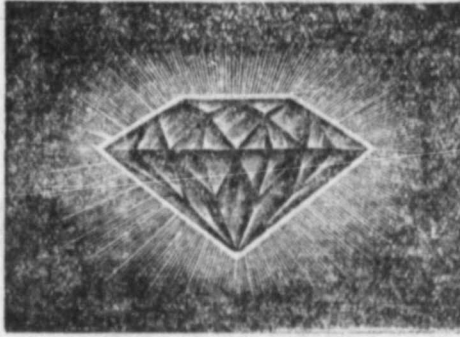

Have you tried Theford's Black-Draught? If not, do so today.

"FORD DISPLAY WEEK"

Dear sir and friend:
We especially invite you to visit our place during the second week in December, beginning the 10th. We are going to try to make it interesting to you by showing you our New Tudor Sedan, the new Truck body, cab and other things of interest to you—our well equipped repair shop, etc.

We have the Tractor with plow attached, also the Amonium Sulphate to put on your land, a free sample of which will be given you.

Please don't fail to pay us a visit during this Display Week.

Yours truly,
A. J. HERRINGTON.

WILL INVESTIGATE GERMAN FINANCES

Paris.—Allied circles believe the reparations commission by its recent action paved the way for the United States to participate in an expert examination of Germany's position. The commission decided to appoint two expert committees, one to examine means of balancing Germany's budget and stabilizing her finances and the other to look into the question of the capital exported from Germany and devise ways of getting it back.

The resolution appointing the committees mentions no limitations to the scope of their inquiry further than to state that it will be held under the terms of Article 234 of the Treaty of Versailles. The allied representatives believe that under these circumstances the American government may find the latitude given the committees sufficient to afford all the necessary opportunity for useful work.

Adoption of the resolution, which was by unanimous vote, was the result of a compromise in which both the French and British made concessions and the text was drawn up after a long consultation in such a way as to allow them to withdraw from the uncompromising activities previously maintained without giving ground for a shout of victory from either side.

The crux of the compromise was the decision to leave aside for the moment all the controversial phases of the reparation questions and to take up first the most urgent, the need—the renovation of Germany's finances—and next the question of getting hold of the enormous balances Germany has abroad. It is hoped that when these subjects have been thoroughly examined the allies will have found a basis upon which they can agree in regard to other features of the reparation problems, such as the method of payment by Germany and the amount that is finally to be demanded of her.

American participation in the committee is regarded by the allies as essential though it is not thought the American delegates must necessarily be officially nominated by the United States Government. If objections are still found in Washington to the scope of inquiry there is strong hope that the American officials will at least be willing to suggest the names of a leading financial authority and a leading banker for each committee.

Emphasis was laid on the fact that the resolution does not interpret Article 234, which is taken to mean that the committee themselves are left practically free to decide just how far to carry their work under that article. The resolution is regarded in itself as an invitation for the United States to come into the investigation. The opinion among reparation delegates was that no special invitation would be issued, since the reparation commission is not situated so as to treat officially with the Governments.

KILLS MAN; SPEEDS ON; HERSELF KILLED

Houston, Texas.—No funeral arrangement has been made either for Fred Hickman or for Mrs. C. O. Fuller, victims of a grim tragedy here Thursday night.

Mrs. Fuller, driving her automobile fifty miles an hour down Harrisburg Boulevard, always crowded with traffic, struck and killed Hickman as the man was crossing the street. The man's body was caught on the hood of the car, his skull fractured by the windshield brace. The body was carried fifty feet before it rolled off and under the car wheels. Mrs. Fuller did not slacken her speed. Instead, witnesses told officers, she sped on. Six blocks farther she applied the brakes and the car swung about, up on the curb and on to the sidewalk. Then she threw it into gear again, turned it around and sped on. Five blocks farther she crashed into an approaching street car, her automobile turned over on top of her and when horror-struck men pulled it off she was dead.

1921 STUDY CLUB WILL PRESENT COMEDY DRAMA

The public of Colorado are to again be entertained by local stars. The second of a series of these entertainments has been announced for Tuesday 7:30 p. m., December 12, at High School auditorium, under auspices of the 1921 Study Club. Title of the comedy is "Clubbing a Husband," and they are especially anxious that all wives who are not wielding sufficient authority at home attend the performance, thus obtaining direct information as to approved methods for handling "him."

The cast of characters follow:
Mrs. Blanche Newman, a bride—Mrs. C. E. Pritchett.
Mrs. Henrietta Ashton, her sister from Boston with advanced ideas—Mrs. Ed Jackson.
Maud Ashton, An overgrown girl dressed young—Mrs. C. R. Earnest.
Belle, Mrs. Newman's colored cook—Mrs. Jim Dobbs.
Bridget O'Flanagan, A "wash lady"—Mrs. Claud Hooks.
Mrs. Ottaway, An old grandmother of the past—Mrs. Quinney.
Mrs. Ferris, her daughter—Miss Hazel Costin.

Mrs. Whitney, inclined to be jealous—Mrs. W. M. Simpson.
Mrs. Reynolds, Something of a bargain hunter—Mrs. Chas. Thompson.
Mrs. Harry Hudson, Inclined to be nervous—Mrs. Roy Dozier.
Mrs. Skylark, a would be surgeon—Mrs. C. L. Root.
Joe Pond and John Merritt, local comedians of considerable note, will appear on the program, giving, among other things, some of their sidesplitting skits.

P. K. Williams, and Miss Eleanor Thomas, entertainers of no little renown, are to also have an important part on the program. These entertainers are to render some classical Spanish numbers in costume.
Jack Norris, talented violinist, will appear on the program and render a violin solo.
Members of the club assure every lover of good entertainment an excellent number. Popular admission charge of 50 cents and 25 cents will be made, the proceeds to go to a fund being raised among Colorado club women for entertainment of 6th District convention here next year.

7 ALLEGED HI-JACKERS ARRESTED IN COLORADO

Acting upon information from Nolan County authorities, Officers T. A. Hickman and Dick Hickman placed seven men under arrest here Friday in the Texas & Pacific yards. The men were taken from a freight train immediately after pulling in from the east. The men were locked up here and later in the day four of them were delivered to officers from Nolan county who took them to Sweetwater to face charges of robbery with fire arms. The other three were released.

The complaint grew out of the alleged hi-jacking of another side-door pullman passenger at Roscoe as the train was leaving that town for the west. He notified officers at Roscoe, claiming that he had been robbed of a six shooter, a watch and other valuables at the point of a gun. The gun and watch, alleged to have been taken from the victim was recovered by local authorities.

It is claimed at Sweetwater that two of the men, giving the names of Alton Fields and George Sigman, with residence "no where" have entered confessions to the crime. Robbery with fire arms is a penal offense and underth elaw the death penalty may be assessed.

PUBLICITY MATTER ON BOND ISSUE ENDORSED

A committee of four citizens of the county, one from each Commissioners' precinct, was named last week by the Chambers of Commerce at Colorado, Loraine and Westbrook to compile a statement showing just what disposition would be made of the \$650,000 in case the bonds for road improvement is authorized December 18th. This committee met at Colorado Saturday morning with the Commissioners' Court and after

working during the entire day completed its work. The committee is composed of H. Ohlenbusch, Loraine, chairman; B. F. Hargrove of Spade, J. W. Bird of Westbrook and W. S. Cooper of Colorado.

Every statement advanced by the committee was accepted officially by the Commissioners' Court and ordered recorded in the minutes thereof. The statements are intended for distribution for no other purpose than to show both sides of the issue, allowing the tax payer to determine

BAPTIST WOMEN MEET AT ABILENE NOVEMBER 27

The executive board of the Abilene district of the Texas Women's Missionary Union held an all day session on Tuesday, Nov. 27 in the Caldwell Fine Arts Building of Simmons College. Thirty-five members of the board were present representing six of the eight associations comprising the Abilene district. The morning session was called to order at 10:30 o'clock by the president, Mrs. C. M. Caldwell. Mrs. R. C. Crane, Sweetwater, recorded the proceedings throughout the day.

The singing was led by Miss Zula Sibley, head of the voice department with Miss Baird, a member of the

piano department of the college, as accompanist.

After the singing of "Onward Christian Soldiers," Mrs. M. A. Jenkins, wife of the pastor of the First church, Abilene, led the morning devotional. Her theme was "The Challenge of the Heavenly Vision," reading from Romans 12 and Acts 12:19. In well-chosen words, she told of the blessings that follow obedience to the Heavenly Vision, emphasizing these three: First, if obedient to the Heavenly Vision we will let God plan our work; second, we can work believing expectantly; third, we will have a pure motive in our work. Her illustrations were apt and beautiful.

After the singing of "Is Your Life

a Channel of Blessing," Mrs. R. J. Ellis, Abilene, brought an inspiring message from the twelfth chapter of Mark, emphasizing verse 41. "And Jesus sat over against the treasury, and beheld how the people cast money into the treasury." She mentioned several acceptable gifts that the women can cast into the Lord's treasury, among the number being, love, a supreme love that makes our service real; time, given freely to the Master and His work and to prayer; Bible study, the weapon of our defense. Mrs. C. M. Caldwell, president of the Abilene district, extended a welcome to the visitors on behalf of the local board. She expressed appreciation for the co-operation of the women of the district and urged the executive board the workshop of the district, to be at all times "one of vision."

Mrs. Jeff Davis, Abilene, read the minutes of the executive board meeting of June 5th. Several talks were made on the Rosabel Breedlove Student Loan Fund for Simmons College a movement dear to the hearts of the women of the district. On motion it was voted that the expenses incurred by the Loan Fund chairman, or an accredited representative be paid from funds raised on the field.

The district corresponding secretary, Mrs. J. O. Shelton, Abilene, was unavoidably absent. Her quarterly report will be published in the next issue of the Heart Throb, the quarterly bulletin of the district. The report of the treasurer, Mrs. C. L. Johnson, Abilene, was read and adopted. This report will also be published in the Heart Throb. The messages brought by the Associational presidents, vice presidents of the district, told of work accomplished during the past quarter and plans for future development in their respective associations. The following reported: President, Mrs. R. D. DeWeese of Jones county; president, Mrs. C. G. Campbell of Fisher county; president, Mrs. W. T. Rouse of Scurry county; Mrs. John Cook, Munday, and elected member of the board, reported for Haskell county; President W. F. Fry for the Sweetwater Association; Mrs. W. D. Green, Y. P. leader in the absence of the president reported for the Big Spring Association. No representatives were present from Garza and Stonewall counties.

Mrs. Geo. L. Paxton, Abilene, district chairman of personal service, brought an encouraging report of work done by her committee. Mrs. Paxton closed the morning session with prayer.

Lunch consisting of three delicious courses, was served during the noon hour at Mary-Francis Hall to the board members, pastors DeWeese, Pope, McKenzie and President J. D. Sandefer.

The afternoon session was called to order by the president and after prayer, Mrs. R. J. Ellis, Abilene district loan fund chairman, made an earnest plea to those present, asking that they on returning home to their societies shall lay upon the hearts of the women the wonderful possibilities for helping young lives in Simmons College through the loan fund.

A rising vote of thanks was tendered the president, Mrs. Caldwell, for her wise planning and for the generous giving of herself and her means in the fulfillment of her plans.

The resignation of Mrs. J. C. McKenzie, district young people's leader, was regretfully accepted. The president was empowered to appoint a successor after consultation with the Associational presidents.

Mrs. M. H. Compere, Abilene, talked on the West Texas Baptist Memorial Sanitarium at Abilene. She called attention to the linen shower to

be given on December 7 in Abilene. All women of the district are invited to bring or send their gifts on this occasion. The meeting will be held in the Caldwell Fine Arts Building on the afternoon of December 7th. The committee asks that all bundles of linen be securely wrapped and the names of the donors be on each package. These gifts will be locked in a fireproof room in the Caldwell Building until the opening day of the Sanitarium.

The standing committees reporting were: Mrs. O. H. Cooper on publicity; on Missions by the district chairman, Mrs. Jeff Davis, Abilene; on Education, Mrs. J. D. Sandefer; These reports showed worthwhile work done by the chairman. Attention was called to the splendid outline of duties of local and associational chairmen of Mission study published in the Baptist Standard of November 1, page 18. The day was notably one of profit, inspiration and interest to all.

LETTERS FROM THE PEOPLE

LETTERS FROM THE PEOPLE

Recently I wrote an article for publication giving my views on touching the bond issue problem.

Since that time I find I have voiced the sentiment of some of the best and strongest men of the county and now I am prone to know who the Record is. Surely not the Colorado Record, after inviting correspondence and discussion of public questions. So I conclude the Record is the Waterberry Record and I am sorry I put the Record to the trouble of hunting up my tax record to try

to throw light on his stand in the matter. I am proud to say I am too broad minded to squabble over the insignificant sum of what I have to pay, but I am looking to public good. Now good people don't be misled about what is permissible. It was permissible for Ahab the King and Queen to destroy Naboth, to unjustly get his vineyard. If you don't know what God said about it look it up for your own good. Please allow me to use an old maxim to illustrate my point, which is that the hit dog hollers. There is only three times that a dog will holler for one is to hit him, one is to scare him half to death, the other is to throw hot water on him. Now the conclusion is the Record was hit, scared, scalded or belongs to the waterberry crowd. I will desist from answering any of the "Record's" weak places that I did not call in question. Now lets all count up the cost before we vote. Lets weigh the matter of right and wrong and govern ourselves accordingly.

SUNDAY WITH THE BAPTISTS

Last Sunday was another "wetun" Fine spirit and a fairly good sized audience at both morning and evening services. The S. S. well attended. All remained for church. That was fine and was as it should be all the time. The B. Y. P. U. was well attended for a rainy day. In fact, every thing is running in high. We want to take the religious census of the town next Sunday afternoon beginning at 1:15 o'clock. Please don't rush off for we are coming to see you if the weather is at all suitable. It is high time the religious people of Colorado are awakening to the fact we should do something besides go to shows, especially Sunday shows or shows on prayer meeting nights. Meet with us next Sunday.

A Short Talk About More Eggs

By MRS. HEN

"On my right are 3 eggs—it took me 12 days to lay em. On my left are 7 eggs—I could have laid them in the same 12 days if I had been fed Purina"

"You cant expect me to make eggs out of ordinary chicken feed because it doesnt give me all the egg-making materials. Feed me Purina Chicken Chowder and Purina Hen Chow and I will show you how I can lay eggs."

DR. BELL'S Pine-Tar Honey

Too often the relationship between good roads and schools is considered to begin and end with the use of vehicles to bring students to and from their institutions of learning. As a matter of fact, the relationship is much deeper, of greater significance, and of more effect. For it is universal history of all mankind, that where transportation is ready and easy,

The good road not only brings the possibility of the school, and the means of getting children to and from the school, it also brings the better, farm, the traveler, the lecturer, the library, the electric light, the telephone, the community organization, all of which tend to create a demand for information, for wisdom, for "book learnin'," for education.
