This is fine we kranded the program Sunday evening was well rendered. Come again, young people, you are on the right road. Keep traveling this way and you will find that, 'The way shineth brighter and brighter unto the perfect day.'
We cordially invite all to our services.

BAPTIST NOTES.
Our B. Y. P. U. is a humming. You should be present at 6 o'clock each Sunday evening and hear these young people render these programs. Come next Sunday. The Sunday school is fine in spirit but a little weak in attendance. We need some more teachers and pupils. Come help us.

The attendance at the preaching services is fairly good. Next Sunday morning we aim to speak on the subject: "Those who will be in Heaven and Why." There is a great deal of ignorance on the question of religion and we would like to have a fair discussion of the question in as fine a spirit as is possible. If you are interested in the subject we invite you to be present. Some folks are going to heaven and some are not going. There is a reason why. Sunday night we aim to speak on the 7th Commandment, "Thou shalt not commit adultery." That is a very popular subject today. Most people need to hear the word of God on this subject. Don't stay away for fear of embarrassment for we are not going to embarrass anyone. If you have two or three husbands or wives come on and hear the discussion.

We had two fine additions last Sunday. Mr. and Mrs. Keen. These folks came from West Texas to us and we are glad to have them come in with us.
The prayer meeting is growing in numbers and spirit. If you have been missing, this is a special appeal to you to put this matter on your program.

M. C. BISHOP, Pastor.

**BOY SCOUT FIELD MEET
AT ROTAN BIG SUCCESS**

The boyhood of Nolan, Mitchell,
Scurry and Fisher counties was in the
element at Rotan on Thanksgiving
Day, when they met for the second
boy scout field day of the Buffalo
Trail Council. One hundred fifty
boys from all parts of the four
counties spent the greater part of
the day in Boy Scout contests, Troop
one of Hermleigh won first place.
Troop one of Sweetwater second
place and Camp Springs third place.
The events were much the same as
those at Hermleigh last May and
were as follows:

Inspection, attendance, drill, water
boiling, tug of war, fire by friction,
human signaling tower, first aid race,
rescue race, Morse signaling, sema-
phore signaling, and wall scaling. It
is interesting to note that Camp
Springs, the smallest and one of the
newest troops of the Council, took
third place.

The meet was held on a lot ad-
joining the Methodist church and the
visitors were given a turkey dinner in
the Methodist church at noon. This
dinner was prepared by the ladies of
Rotan and the manner in which the
boys "fell too" was quite a compli-
ment to the culinary efforts of the
ladies.

A talk of appreciation was made
by Scout Executive W. S. Barcus,
who introduced the speaker of the
day, Rev. W. M. Elliott of Colorado,
president of the Buffalo Trail Coun-
cil. Mr. Elliott's speech was enthusi-
astically received by the boys and
some 50 or more adults who were
present. After Mr. Elliott's speech
Mr. J. D. Corn, chairman of the
Rotan committee and member of the
executive board, paid tribute to Mr.
Elliott and Mr. and Mrs. Barcus for
the inspiration he had received from
association with them.

The presence of Pete Hardaman,
colored cook on last summer's camp
increased the interest of the boys.

The time and place of the next
field day was left for the executive
board to decide.

**PIONEER CALLAHAN CITIZEN
DIES RECENTLY AT 79 YEARS**

J. B. Smartt, among the pioneer
citizens of Callahan county, died
recently at his home near Admiral,
Callahan county, at the age of 79
years. He died from a stroke of
paralysis. Mr. Smartt was the father
of T. H. Smartt and Mrs. H. D. Wom-
ack of Colorado and was well known
here, especially among citizens who
have made their home at Colorado
for many years.

Mr. Smartt had been a resident of
Callahan county for fifty years. He
was prominent in Masonic circles, not
only within his county, but through-
out the State as well. He was a mem-
ber of the Blue, Royal Arch and
Council Masonic lodges at Baird and
of the Abilene Commandery, Knights
Templar. The body was buried at
Baird with Masonic honors.

ABOUT FORD PARTS.

The name Ford goes on 2,651,000
Ford car and truck parts every day
as a protection to car owners against
counterfeit parts.

Trade-marking of Ford parts with
the word in the now familiar script
began in 1914 when spurious parts
first appeared. This trade marking
was extended in 1916 on genuine
parts when the markets were flood-
ed with the counterfeits and today,
putting the name Ford on genuine
parts has become something of an in-
dustry itself.

Different standard parts into
which the trade-mark is worked dur-
ing manufacture now total 351 from
the seventy-pound cylinder block to
the quarter ounce switch key.

A special department employing
eighteen skilled engravers is contin-
ually busy making the stamp dies,
while scores of other workers are
engaged throughout the Ford fac-
tories in marking the parts.

In a majority of instances it has
found possible to incorporate the op-
eration with the manufacturing pro-
cesses. Spring leaves are marked as
the steel is rolled at the mills. Drop-
forged and cold-headed steel parts
are marked by stencils cut into the
dies. Some of the parts, like the
crankshaft, piston rings, and rear
axle ring gear—because of the
sequence of operations and precision
required—are stamped in separate
operations.

In the engraving department an
average of 700 stamps and stencils of
the Ford trade mark in various sizes
are made daily.

This trade mark on genuine Ford
parts not only assures to the car
owner products that represent twenty
one years of study, research and
work in developing the strongest ma-
terials and the most efficient design,
but also stands as a safe-guard
against the counterfeit.

D. 1924, in a suit numbered on the docket of said Court as No. 4613, wherein the City of Colorado, a municipal corporation, is plaintiff, and A. W. Dunn, W. H. Snyder and J. W. Moor, individually and as co-partners under the first name of Dunn, Snyder & Moor, the heirs of A. W. Dunn, W. H. Snyder and J. W. Moor, and the unknown heirs of A. W. Dunn, W. H. Snyder and J. W. Moor, are defendants.

The petition of the plaintiff, alleges the City of Colorado issued to the West Texas Construction Company, a corporation, a certificate of special assessment dated February 28th, 1924, executed by the City of Colorado to the West Texas Construction Company, and its assigns, for the pro rata part of the cost of improving a portion of Second street, in said city, payable by the true owners of said property, who are the defendants herein, the said assessment is levied, being more particularly described as follows, to-wit:

Being Section 44, Block 26, T. & P. Ry. Co. The said certificate further certifies that by virtue of an ordinance of the City Council of the City of Colorado, passed on the 4th day of August, 1923, there was levied an assessment and tax in the sum of Two Hundred Ninety-Two and 52-100 Dollars (\$292.52) against said property and against the said owners, payable in six equal installments after February 28th, 1924, as follows:

One due in thirty days after said date, and one due in one, two, three, four and five years, respectively, after said date, with interest from said date at the rate of six per cent per annum, payable annually, and said certificate recites substantially that all proceedings with reference to making such improvements have been regularly had in compliance with the laws and the Charter of said City, and the plaintiff specially alleges and charges that all of said proceedings and all prerequisites to the fixing of the lien and claim of personal liability evidenced thereby required or provided by law have been taken, had, done, and performed; that default has been made by the defendants in payment of the first installment, and for such default, the said West Texas Construction Company, the owner and holder of said certificate, has requested the City of Colorado to enforce the same, after having first declared the entire certificate due, both principal and interest, and though often requested the defendants, and each of them, have paid no part of said indebtedness, except the sum of Twenty and 46-100 Dollars (\$20.46), to plaintiff's damage in the sum of Six Hundred Dollars (\$600.00) and attorney's fees in the sum of Seventy-Five Dollars (\$75.00).

That the defendants, and each of them, have or claim some right, title, or interest in and to the premises, but such claim, right, title or interest, as they, or any of them have, is subject and subordinate to the lien and claim of the plaintiff, created by said proceedings.

WHEREFORE, the plaintiff prays that it have judgment against the said defendants, and each of them, for the amount of said assessment, together with interest thereon, and a reasonable attorney's fee, costs of suit, and that it have judgment establishing and foreclosing against all defendants its lien upon the premises securing said assessment, and that the said premises upon foreclosure be sold as under execution after issuance of an order of sale.

Cough Remedy Mother Gave Us Still Best

Pine Tar and Honey Best All Modern Drugs
 In thousands of families it has been the custom for many years to keep pine tar and honey always on hand for coughs, chest colds, bronchitis, spasmodic croup, and throat irritations. Our mothers knew that it was good, that it often broke up the worst cough in 24 hours, and that it could be given to young and old alike, as it contains no narcotics or harmful drugs.
 And now we are told that in spite of modern medical discoveries there is still no better or quicker cough remedy. Doctors say the pine tar quickly loosens and removes the phlegm and congestion that cause the coughing, also healing soreness, while the honey not only gives a pleasant taste, but helps soothe the irritation.
 The original compound, made up many years ago and used by millions of people, was Dr. Bell's Pine-Tar Honey. This is scientifically composed of just the right proportions of pine tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. If you want the original and the best, be sure you get Dr. Bell's Pine-Tar Honey and no other. Only 25c. at any good druggist.

DELEGATES ENTERTAINED AT SWEETWATER BANQUET

The Sweetwater Reporter, in reporting closing program of the Presbyterian conference there last week, says:

After an all day session Tuesday, the Presbyterian Conference for the Fort Worth, Brownwood and El Paso Presbyteries came to a close here Tuesday night with a supper for men at the church followed by services in the church auditorium when Dr. J. E. Purcell and Dr. M. E. Melvin spoke to a large congregation.

Over 100 guests were present at the supper served in the basement of the church by Presbyterian ladies Tuesday evening at 6:30 o'clock. James Henry Beall of Sweetwater was the capable toastmaster, and welcomed the visitors to Sweetwater in a brief talk. Each of the out of town guests was introduced and short talks were made by Rev. T. S. Knox, Rev. Woods, Rev. Johnson, El Paso, and Rev. Elliott of Colorado.

Many out-of-town ladies were also present at the affair, and over a dozen West Texas cities were represented by the men's guests.

Dr. J. E. Purcell was introduced by Mr. Beall following the supper and made a short talk on men's work in the church, before the guests proceeded to the auditorium for the evening's service.

In a brief, but inspiring and earnest talk, Dr. Purcell, who is National Secretary of Men's Work in the church, urged co-operation and help of men for the men's department. There is a great movement throughout the south in men's work in the church, the speaker declared. Dr. Purcell has this year worked in 16 southern states in the interest of the church, and declared that a greater interest was being shown by men everywhere.

"There are more men today who are concerned about their relation to the church than ever before," he stated.

Rev. J. M. Lewis, Lubbock, opened the meeting with a prayer, and Dr. Purcell gave the closing prayer.

Admiration and compliments for the new Presbyterian church here, now equipped with pipe organ and steam heat, were heard on every hand by the visitors. Tribute was paid by many to the pastor, Rev. Hestir, and the congregation of the church.

AN UNUSUAL ACCIDENT.

While Mrs. D. W. Mires was passing by the family car which was parked on an incline near the family residence two miles south of town Wednesday, in some manner the car started to move down the hill and before the lady was aware of it the car had struck her and she clung to a fender. Before she could free herself the car struck the building, pinning her there for more than an hour. The wind being high her screams were not heard and she remained in this painful position until J. W. Mires and Mr. Powell, who were working half-mile away, went to the house for some tools. They released the lady and called a doctor who found that one leg had been pierced through and the other badly bruised by the fender. While the wounds are very painful, the attending physician says that no serious results are expected.—O'Donnell Index.

Miscellaneous Shower

Mrs. Clay Smith entertained last Saturday afternoon with a miscellaneous shower for Mrs. Charles Mann, Jr., who was married a few days before. During the afternoon some of the guests played 42 while others hemmed cup towels and guest towels for the bride.

The idea of the groom's avocation was carried out in the presentation of the gifts. Little Miss Winnie Frances Vaughan, niece of the hostess, dressed as a negro brought them in a cotton sack on a cotton wagon and presented them to the bride. There were many dainty and useful articles for the new home. The hostess served chicken salad, crackers, olives, pickles and coffee.

Library Committee

The Committee appointed from the County Federation consisting of Mrs. J. G. Merritt, county chairman of Library extension, and two members of each club in the county, met at the Chamber of Commerce last Saturday to work out the best plans for the county free lending library. Every one was agreed as to the need of this necessity for the county but no definite plans were outlined. A committee was appointed to see about available room at the new county court house. Representatives from some of the clubs had plans to make money which would be present-

ed at the next county federation meeting. All agreed that the library should be the big thing put over in the county the coming year, and that they were willing to work to make it a success. Each one was to back her club and get every member to become interested to the extent of having a material part in this needed institution for the youth as well as the older citizens of Mitchell county.

Also to have a Christmas tree the last meeting before adjournment for the holidays for the members. Mrs. Harry Ratliff will be the next hostess.

Business Meeting

The Baptist Auxiliary met in business session at the church Monday. The Bible lesson was the Fifth Chapter of Second Thessalonians. Besides the regular business, it was decided to assist Miss Helen Wright in her training for a nurse at Baylor Hospital. It will be remembered that her parents lost all in the burning of Majestic Hotel last year and her father has since died. She is struggling to be self supporting and her friends wish to assist her in a small way. It was decided to publish another edition of the Colorado Cook Book and committees were appointed to take charge of the revising and enlarging it in various ways. The year book committee presented the outline for approval. This was approved and the committee instructed to have it printed. Mrs. Keathley, Mrs. White, Mrs. Lasky and Mrs. Morris were asked to have charge of the sending of Christmas cheer to the sick, absent and shut-in ones. A very interesting program was given on the parent and teacher's view point in regard to school children. Mrs. Merritt gave the parents view and Mrs. Earl Powell the teacher's. At the close of the program Mrs. Millwee, Mrs. J. L. Hart and Mrs. Whipkey served coffee and little cakes. This was a brand of coffee the association is interested in helping the merchants sell as they will be benefitted by the coupons they will secure. This is handled by several of the leading merchants.

On Thanksgiving day the ladies of the Pioneer club out at Longfellow spread a public Thanksgiving dinner at their club house and it was well attended especially by many Colorado people. The dinner was all that can be said of any dinner. Cakes and pies were stacked waist high and turkey made the table groan. The good ladies of this club are special good friends of the Record and after dinner they sent to this office a basket of every kind of cake known to mankind enough to last us until the coming holidays and it is for this thoughtfulness and kindness that we desire to thank all the good ladies who were so generous and kind.

CONDOLENCE

To the bereaved ones of Mrs. Clyde O'Neal.

If any consolation can be afforded under so heavy an affliction that you have just experienced, it must come from higher power than ours. May the Father of Mercy pour into your heart the rich consolation of His grace and preserve and strengthen you for the future.

Try to bear up and endeavor to fulfill your duty to the ones left in your care. It is a melancholy pleasure to dwell upon the virtues and accomplishments of your beloved one, but the subject is too painful; and in the confidence that she is now enjoying the everlasting happiness, I hope you will look forward to the future comfort, happiness and prosperity of those who have been left in your protection.

We were for a long time honored with her confidence and friendship, and her sweet uncomplaining spirit shall never be forgotten. We should rejoice if we could be with you to help bear the sad feeling in your heart, but we can only send you our sympathy.

Trusting that you will see the side of the cloud that is turned to heaven, we are, with deepest sympathy.

T. J. Free and family, Mr. and Mrs. T. Thompson, Mr. and Mrs. Roy Tuggle, Abilene, Texas.

There are, doubtless, a large number of citizens of Colorado who do not have a conservative idea of the real magnitude of the near-by oil field. Citizens of Colorado and Mitchell county should take stock of more of the big things within the county, and the oil field is most certainly one of our biggest assets. Get in your car and visit the field occasionally. It will be well worth the time of any citizen.

Tom Goss thinks that the distance between New York and Frisco isn't near as great as the difference between an ox wagon and an airplane.

Judge J. C. Hall says even when he takes his wife's advice she's liable to tell him later he ought to have been man enough to make up his own mind.

CHURCH OF CHRIST AMONG ACTIVE RELIGIOUS BODIES

(Editor's Note:—This is the second of a series of articles dealing with the churches of Colorado. The third number will appear in The Record next week.)

Though not so large in membership as some of the other congregations of Colorado, the Church of Christ is among the active religious bodies here and holds religious services every Sunday. The congregation does not have a regular minister and for the most part preaching at the church is conducted by visiting clergymen, many of them being young men who are ministerial students at Abilene Christian College, one of the strongest junior colleges of West Texas.

During those Sundays on which preaching services are not observed, members of the congregation convene for the regular religious worship and observance of the Lord's supper. These services are presided over by elders of the church and discussions of the teaching of the Bible are lead by one or more of these leaders.

The Bible school, of which Jim Watson is superintendent, is one of the best in Colorado, in so far as interest in study of the Bible and conveying the thought of the duty the Christian owes to his God, his fellowman and himself is concerned. The school is divided into five classes, the senior class, taught by Jno. A. Thompson; the junior class, taught by Jim Watson, and three children's classes, taught by Mrs. G. D. Foster, Mrs. J. A. Holt and Mrs. L. R. Tilley.

Preaching services were conducted Sunday morning and evening by Rev. R. B. McDougald of Abilene. At the 11 o'clock service the minister read as his text the statement of the Master, "Suffer little children to come unto me and forbid them not, for of such is the Kingdom of Heaven," and delivered a strong appeal for parents and others to recognize the responsibility God had placed upon them in training the child in the way it should go. He stated it was the duty of the parents and all Christians to mold child life into the proper channel.

That child life and the Kingdom of Heaven are closely related, was outlined by the minister. He also outlined the relationship of the world of sin with hell. The only avenue in passing from this world of sin into heaven is through the church, the speaker stated. He concluded that many were being converted and brought into the church, subsequently to become disobedient and then from the church migrate the broad way which leads to destruction.

The speaker pled for Christian piety and consideration, one of the other. To illustrate how easily Christian people may become involved in disputes he cited the narrative of Abram and Lot, whose herdsmen became entangled in difficulty over grazing lands. The policy to be displayed by the true Christian was shown to have been acted by Abram when he gave his nephew the choice of all grazing lands, Lot taking the best of the argument and Abram accepting what was left.

Sunday night Rev. Mr. McDougald preached from the subject, "The Existence and Value of the Soul." Before starting the regular preaching services a special service for the children was held at which the story of Daniel in the Lion's den was told in a most interesting way by the minister.

There is something about this church which impels the visitor to realize that he is welcome. Last Sunday morning our staff representative

had not more than entered the church than he was met with a congenial welcome. This atmosphere dominated throughout the period of Bible school and preaching services. Those folks are really interested in their work and demonstrate the ideal Christian spirit in welcoming visitors into their worship.

One of the attractions at this church is in the singing. Parishioners who worship at the Church of Christ are as a rule all good singers and they certainly "make the welkin ring" during this part of the services. The song service last Sunday was directed by J. L. Stamps of Comanche, president of the Central-West Texas Singing Association. Mr. Stamps will direct a special vocal program at the church Sunday night when a quartet organized and directed by him, together with other talented singers, are to appear on the program.

Auto Kills Mexican.

Caletano Escavado, a middle aged Mexican, was killed and another Mexican named Jose C. Saldvor sustained a broken arm when the car with the two men and a number of children went into the ditch north of the city last Saturday night. The car was ditched when its driver attempted to pass another car. They were all cotton pickers and lived at San Antonio to which place the remains of Escavado were shipped Sunday.—Scurry County Times.

16,400 Bales Cotton at Big Spring.

The receipts in Howard County have now passed the 16,400 bale mark.

Up to Wednesday noon 12,708 bales had been weighed at the local cotton yard, according to T. W. Angel, public weigher. He said the cold

weather was responsible for the daily receipts to drop to 150 bales a day, until Wednesday when they again passed the 200-bale mark.

More than 3700 bales of cotton had been received at the Coahoma

yard up to Wednesday. The daily receipts at Coahoma average 50 bales.—Big Spring Herald.

OIL NEWS REPORTED BY PRESS ADJOINING COUNTIES

We are informed that the work of straight reaming to set casing in McDowell well No. 3 of the Gulf Production Co. has not been completed as yet. Casing is to be set below the 2600-foot mark, where a 260-quart nitro-glycerine shot was recently placed.

As soon as the reaming is completed and the casing set the Gulf will go after the real oil sand, encountered in McDowell well No. 4 at 3780.

About the first of the year McDowell No. 3 should be showing good.—Big Spring Herald.

Big Lake Well Comes In.

Big Lake Oil Company's well No. 13, section 12, block 2, University land, Reagan county, came in Sunday noon, producing at the initial rate of 120 barrels an hour from only five feet in the sand, struck slightly below 3,000 feet. When finished, it is believed the well will make 3,500 barrels daily, as much as No. 11, the greatest producer in the field, from which No. 13 is distant but one-half mile southwest.

Four tanks of 1,000 barrels capacity each, were up at the well and connected with the tank farm when the oil was obtained.

The Texon has been practically sitting still up to comparatively a short time ago, watching the Big Lake noon, producing at the initial rate of 120 barrels an hour from only five feet in the sand, struck slightly below 3,000 feet. When finished, it is believed the well will make 3,500 barrels daily, as much as No. 11, the greatest producer in the field, from which No. 13 is distant but one-half mile southwest.

Sterling County.

The drill in Foster No. 1 is now around 400 feet in depth. 12 1/2-inch casing was set at about 350 feet last Sunday. Everything at this test is going steadily, and we hope to know within the next sixty days whether or not the Durham shallow sand extends to this location, which is about 3 1/2 miles southwest of the Durham wells.

Material for the test on Section No. 21, Block "A" G. C. & S. F. Ry. Co., 12 miles south of town, is being hauled out from Watervalley. We learn that a California Company is putting down this test.

The Meriwethers are still on the job at the Douthit well and report good progress.

The crew at the Hull well has been shifted to Durham No. 1. This week has been spent in making repairs on the machinery and getting ready to start the drill for a deep test in Durham No. 1. Mr. Odward authorized us to say that the drill will probably start today, and before New Year, we

We had 170 in attendance at S. S. Let us strive to make our regular attendance 200. We can. Why not? Then let each one strive to be present promptly at ten o'clock. Business men have a regular time to open their places of business. They should have. The work of the church is the most important business in all the world. The Sunday school is the most important work of the church. Therefore we should work at it in a business like way. No one can compel us to be on time. But God expects it of us. May we not be a disappointment to Him who has done so much for us.
H. W. HANKS, Pastor.

Baptist Notes.
This being the report after the fifth Sunday there is nothing of importance to report except our B. Y. P. U. meeting. Last Sunday night was the regular time for the missionary meeting. After the program Mrs. Johnson, the leader, presented a lot of curios from China which were interesting indeed. Mr. Lark Crutcher, our representative to the State B. Y. P. U. returned just in time to give a report and a glorious report it was. He was fully embued with the spirit of the convention and he didn't fail to pass it on to other boys and girls who listened to the inspiring talk. Here's hoping he will render the report to the whole church in the near future. We want our people to see "visions" and "dream

dreams" of a lost world at Jesus' feet. Then work and sacrifice and give to make victory complete.—Reporter.

T. T. McCord and wife and Rev. J. J. McCord of Sweetwater were the guests of Mr. and Mrs. R. I. Lee on Thanksgiving day. Rev. McCord, Mrs. Lee's father, remained over to spend the week-end with her. He has attained the ripe age of 77, having spent 50 years of his life in the ministry of God and still finds much interest in life.

On last Sunday evening many friends "listened in" over the radio at the home of R. I. Lee. The program seemed to be at its best from nine to ten o'clock when old U. S. was giving programs for our foreign countries to listen in. The McDowell sisters of Dallas singing and playing sacred songs on their ukelele's and Hawaiian guitars was indeed sweet and inspiring to those listening in on our continent and we hope they liked it on the other side of the pond. If Mars were listening they certainly thought Uncle Sams folks were sweet singers.

How Chrysler Sweeps All Tradition Aside

No one need fear that he will not be rewarded who gives to the world something distinctively superior to that which has preceded it. And nowhere is recognition so swift and reward so munificent as in America. Chrysler Six came into a seemingly crowded motor car market and almost immediately swept its way into unprecedented acceptance as a quality product. That was won almost over-night. Why? Because the Chrysler brushed aside outworn traditions in engineering, in design, and in performance, and gave to the world advantages it could instantly see and feel and experience. It squarely confronted problems of height and weight and size, solving them according to the crying needs of the moment rather than the needs of five years ago. It brought to bear both scientific exactness and artistry—endeavoring to employ in the new car elements of grace and elegance no one else had attained. That is why the Chrysler has taken the country by storm—why it still stands and will long stand alone—why if you want what the Chrysler gives, the Chrysler alone can satisfy you.

New Way to Quickly Stop Worst Cough
A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.
The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.
The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for
