The New Spring Styles For Men and Young Men

From Kuppenheimer, tailors of fine clothes, comes these smart suit styles. They are developed from fine All-Wool fabrics in snappy new models of English and Semi-English styles. The shoulders are broader, coats a little shorter and fit closer around the hips. Trousers are loose comfortable fitting, straight hanging from the waist; a bit wider in the legs and break slightly over the instep, with or without cuffs. The Suits for young fellows are largely of soft fine materials in lighter shades of grey, London lavender. smoke, etc. Some show a pattern of stripe or plaid; shades of blue are also good. But a better way to know about these new suits is to drop in and see them. We are proud of them and glad to show you. We carry stouts, stubs, slims and regular models, and can fit you satisfactorily.

The concert to be given by the Colorado Booster Band has been postponed because of the fact that Director Goldman is keeping the boys busy these nights, tuning up for the contest soon to be held to determine the championship of West Texas. Hyman hopes, and confidentaly expects that when the Colorado Boosters visit us some time in April we will have the pleasure of listening to

Getting pretty dry out here, but the plows are still running; and by the way, we don't hear of many wet brother south of Loraine last week. spots in Texas anywhere right now. Mr. Lee P. Adkins has returned from a short trip to Ft. Worth.

Lots of grubbing going on here. Messrs Woodward, Pilkington, Van Zandt, Jourdan Scott, Boyd, Harrison Van Zandt, Lum Van Zandt, Howardton, C. F. Black, J. M. Black, J. F. Black, Smallwood, Nichols, Cotton, Dragoo, Barnett, Gates, S. B. Pierce and Gossett, are all putting in new land. Mrs. Hyman is having three new fields cleared.

Election for school trustees, also two special elections, one to increase the school tax rate so that State aid may be had, and the other to vote bonds for an addition to the school building, have been ordered for April 4th.

Mr. T. L. Vowell and his efficient corps of dirt movers have completed the job of putting in a crossing on Hackberry creek where the new sixty foot county road crosses. They have done the work well, as well as it could be done, but this community will not be satisfied with anything banks are too steep, there are too many people using this road, and the excuses given for failure to provide a bridge are too shallow to satisfy If Colorado wants the trade, and wants to handle the cotton of this community it will do well to help us get this bridge. Coahoma will help us get a good road to that town if Colorado don't feel like helping us reach there over roads that can be travelled, and Coahoma is ten miles nearer the center of the settlement than Colorado is. Just the same, we are mostly Mitchell County people, and Colorado is our first choice.

The contractors at the Scott No. 1 our first oil well, are busy rigging up. Mr. Sloan, who is promoting this well reports that the giant engine with which the well is to be drilled, has been traced from factory to, and thru St. Louis, and that its arrival here may be expected any day. Spudding will follow as soon as possible after the engine has been installed.

The crew at the Douthitt well, a few miles South of this settlement has been busy drilling for several days.

The house movers have about completed the job of placing the Stoneham house on its new foundation. It is quite an addition to the center of the settlement here. It is near the Hyman store and postoffice, and will be the home of Mr. and Mrs. Hyman

Mr. and Mrs. John Overton of Big Spring, are visiting Mrs. Overton's parents, Mr. and Mrs. George P. Gates, of Hyman

RIDPATH-HORNER CHAUTAUQUA

A Miss Topp, Kansas City, Mo., field representative of the Ridpath-Horner Chautauqua Bureau was a Colorado visitor Thursday in the interest of the coming Chautauqua to be held in Colorado this spring. From her it was learned that the dates for the Chautauqua were in conflict with the date for the beginning of the Rayburn evangelistic meeting. She was sent here by the Bureau to try to adjust matters so there would be no conflict.

Owing to the organization of the 110 towns in this section of West Texas covered by the Chautauqua circuit it seems impossible to change the date of the schedule. However after thoroughly canvassing the situation she has taken up the matter with the Kansas City office and every effort will be made to adjust the dates satisfactorily.

The Ridpath-Horner Bureau plan on giving this circuit the highest talent ever appearing on a course in Texas, and Colorado is extremely fortunate in securing a contract with these people. It will be nothing less than a calamity if it develops that a conflict of dates is unavoidable. As CHRISTY BROS. 5-RING the matter now stands the Bureau will send a personal representative to see Mr. Rayburn and endeavor to

To Make Rich Red Blood

Revitalize your worn-out exhausted nerves and increase your strength and endurance your strength and endurance take Organic Iron: not metallic iron which people usually take, but pure organic iron-Nuxated Iron, which is like the iron in your blood and like the iron in spinach, lentils and apples. One dose of Nuxated Iron is estimated to be approximately equivalent (inorganic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extractor beef instead of caung nounds of meat. Nuxated Iron is patiently prestigested and ready for almost immediate absorption and assimilation by the blood, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings.
