#### 390 "TRAIL HITTERS" AND 77 FOR SPECIAL SERVICE IN RAYBURN CAMPAIGN

In closing the Rayburn revival Monday night at Union Tabernacle, the most successful evangelistic campaign ever to be held in Colorado came to an end. The number of converts and reclamations set a new high record among the churches of the city and never in the history of the town has a revival done so much to bring about a unity of purpose and a deeper sense of duty among church members.

The closing service Monday night was one of the most inspirational of the three weeks. Dr. Rayburn delivered another of his penetrating messages, his parting sermon being directed largely to the trail hitters and other Christians. He urged the new converts to make use of the opportunity of doing commendable service for their Master and become identified with the church of their choice. There were 35 professions at this service.

A total of 92 trail hitters crowded down the aisles and pledged to accept Christianity or renew their covenant with God. Dr. Rayburn declared this service to have been one of the best held by him in months. "This one meeting was worth coming way down here to Texas," he gaid.

## CORN AND JAKE DEALERS FLAYED BY EVANGELIST

The bootlegger and druggist who sells "jake" for the purpose ofintoxication were paraded before the THOMPSON AND LOONEY HAD 58 large crowd at Union Tabernacle Saturday night by Dr. Rayburn as two of the most deadly enemies of society against which the church should be arrayed. They were catalogued as criminals and outlaws of the most aggravating type and their business as one doing more than any other cause to contribute to the delinquency of boys and men.

After paying his respects to the man "who tramples the Stars and Stripes under his feet through pursuit of steathily selling intoxicants to men and boys, a slap in the face of American traditions and government," Rayburn took up the druggist who under cloak of good law abiding citizen enters into competition with the outlawed bootlegger and sells medicated cococtions capaple of producing intoxication.

### COUNTY WAS SUCH GOOD MEETING HELD

Pastors of Colorado Protestant churches, church officials and other prominent members of the laity are profuse in their praise of the Rayburn revival which closed at Union Tabernacle Monday night. In statements furnished by the pastors and chairman of the church lay committee Tuesday, they all agree that never before in the history of this county was such a successful religious cam-

Closing the banks, stores and offices at etn o'clock, the men gathered at the tabernacle in large number. At this service Dr. Rayburn gave his blackboard lecture, showing the conditions under which the covenant made by God is to become in force and effect. It was 12:25 P. M. when the meeting was lcosed.

Many of the leading citizens of Colorado were noted among the number of men who came forward during this service. New converts and church members mingled at the alter to adjust their lives to conform with Chris-

Friday night Dr. Rayburn spoke from the word,"Almost," after reading the stories of the rich young man who came to Jesus and asked what he should do to become a Christian and of Paul before King Agrippa. He made a strong appeal to the large crowd present and was again rewarded by a number of professions.

Sunday closed the best day of the three weeks campaign, with a total of 108 trail hitters coming down the aisles during three of the four services held at the tabernacle. It was one of the busiest days of the three weeks, services being continued with short intermission from 9:30 a. m., when the different Sunday schools convened, to after 11 o'clock at night. Dr. Rayburn delivered four sermons at the tabernacle, every one of which was presented with all the power and earnestness of which the evangelist is capable.

Sunday morning Rayburn spoke on the church, correlating the relation which should exist between the church and Jesus Christ. This service was featured for memebers of the several fraternal organizationsn of Colorado and men and women who are affiliated with these societies were seated in a reserved section in

"The church of God was founded by izations originated with man," he dents of members within its embrace, "The union meeting just closed Rev. M. C. Members of fraternal organizations were urged to place their church first and the lodge in second place. There were 23 professions at the morning srvice.

At 2:30 Sunday afternoon Dr. Rayborn delivered another of his powerful messages on the power of God to save the lost and the inevitable wage of those who continue in sin. At the conclusion of this service he spoke to the Christian people exclusively as to the responsibility resting upon them to encourage and lead the new converts. There were five trail hitters at the afternoon services. The two services continued without intermission for two hours and 30 minutes.

Sunday night witnessed the best service of the campaign. Dr. Rayburn's sermon on the second coming of Christ was heard by not less than 2,500 people. Union Tabernacle was jammed to capacity and hundreds stood about the openings, interestedly listening as the evangelist spoke spoke for two hours on the final consumation of God's covenant with man.

A fee of twelve dollars for one subject or twenty dollars for two subjects for the period of six weeks would be charged. It may not be generally under-

stod that the department will not permit an affiliated school to recognize work or promotions made where the instruction was done by other than a regular faculty member of the school. For this reason we shall not be able to recognize such instruction, although such may often be equal in thoroughness to that done by the regular staff.

The probable date of opening of such school would be July 6. The superintendent will be glad to meet all students of the intermediate or high school grades interested in the proposition at the school house on Friday, Junne 26 from 1:00 P. M.

With a carload of white arsenic in storage here grasshoppers are not worrying folks much anyway.

However, another menace to the cotton crop is causing some concern. This is the leafworm which is making its appearance in several places in the county, especially on the black land. The damp hot weather, causing rank growth of plant, is responsible for the appearance of this pest which will disappear with the coming of dry hot weather.

Farmers, however, are taking no ing a spray compound of two pounds of orsenate to 50 gallons of water.

Another spray that can be used, according to County Agent Calvert, is compounded from one pound of white arsenic, two pounds of soda crystals and two gallons of water. This is boiled one hour or until dissolved and then added to 50 gallons of water. It is necessary to use three pounds of slacked lime with this mixture in or-

### LOUDER THAN WORDS

There is much in the age old adage that "Action speaks louder than words." Colorado has demonstrated her fidelity in that respect many, many times, when a program of real merit was presented. Out of a revered sense of appreciation to Dr. Rayburn for the splendid manner in which he had fostered the cause of Christianity here during the three weeks campaign recently closing, the citizenship of this community made an offering of more than \$2500 to the evangelist Sunday evening. It was not a "high pressure" collection by any means. In fact, it did not even so much as have the ear marks of such a collection. The people were merely given an opportunity to express their appreciation of the evangelist through the medium of partly remunerating him for his services here. No one knew what the other fellow was going to give. It was a matter acted upon solely by the individual .

The amount given Dr. Rayburn by the people of this community is above the average given him in other cities and towns in which he has

### Be Not Deceived

Baths are good. Electricity also is good-for light, heat, and power. Never-the-less a person of ordinary common sense knows that neither a bath nor electricity will correct an old chronic defective spinal condition.

Your life and welfare each depend upon the condition of your spine, just as much so as the same depend upon your environment, intelligence, sunshine, air, water, clothing—and food that you eat. This being true, it is the better part of wisdom to use common sense and have that bad spine examined and corrected by a reliable expert in his profession near your own home town rather than go away and spend 3 or 4 times as much more money than is necessary. ### WEST TEXAS WILL PRODUCE FOURTH SOUTH'S COTTON

Texas west of Fort Worth will produce one-fourth of the entire South's If you are not otherwise obligated, cotton production this year, in the we cordially invite you to worship opinion of Walter A. Grubbs, manager of the Grubbs Brokerage Company, whose general offices are maintained at Colorado. Grubbs stated Saturday that he had recently compared crop reports gathered by his correspondents and covering crop done at reasonable prices .- Frank | conditions throughout the South and

based his report upon these notes. Surrounding Colorado are a number of West Texas counties in which the crop outlook is better since 1919, Grubbs stated. This fact along with the large acreage increase means the largest cotton production in

West Texas this year ever known. Grubbs stated that his office was preparing to handle 50,000 solid cars of cotton seed, grain and other West Texas products during the season soon to open. He has moved his offices from the City National Bank building to the residence formerly occupied by Q. Lambeth and family. With the exception of one room to be used as a bed room, Grubbs will use the entire building for his offices.

### FIRST CHRISTIAN CHURCH
