

SECOND YEAR—NO. 7

COLORADO, TEXAS, FRIDAY NOVEMBER 13, 1925.

WHIPKEY PRINTING CO.

PRESIDENT LEE TO ADDRESS FARMERS ON DIVERSITY

C. OF C. PLANS TO ENTERTAIN 200 RURAL FOLK HERE NOVEMBER 20

Plans are being formulated by the chamber of commerce to entertain 200 citizens of the rural communities of Mitchell county at a banquet to be given in basement of the Barcroft Hotel on the night of Friday, November 20, when Hon. R. Q. Lee of Cisco, president of the West Texas Chamber of Commerce, and party visit this city.

The chamber of commerce, through unanimous action of its board of directors, will be host to these rural folk at this banquet. The invitation is extended to every citizen of the county to come, enjoy the social features, including the banquet, music, etc., and the addresses to be delivered by Mr. Lee. Mrs. Lee prominent throughout the State, and who is well known among club women of this county, will accompany her husband to Colorado and deliver an address of special interest to the ladies.

Soon after his election to the presidency, West Texas Chamber of Commerce at Mineral Wells several months ago, Mr. Lee announced a campaign to encourage diversification on the farm and has since been carrying his message direct to the people of West Texas and everywhere was received by large enthusiastic crowds. Recently at Rotan 5,000 people heard his message.

"The Colorado Chamber of Commerce is gratified indeed to know that these distinguished people are to visit Colorado and meet with the people of this county," Dr. P. C. Coleman, president of the chamber, announced Thursday night following an executive session of the organization. "We want it understood that the invitation to attend this banquet and be our guests is extended to every citizen who is interested."

The ladies are especially invited to attend the meeting. The only condition which must be complied with is that all who care to attend have their names registered with the secretary. If not convenient to call at the chamber of commerce in person, registration may be made by mail or telephone. Seating capacity of the banquet room is 200 and reservations will be entered in the order received.

Porter A. Whaley of Stamford, general manager of the West Texas Chamber of Commerce, H. E. Whitehead of Cisco, publicity manager and probably others will be in the Lee party. They are scheduled to address farmers of the Loraine section at Loraine at 3:30 in the afternoon before they visit here.

Chamber of commerce officials are planning to give President Lee and party a rousing welcome to Colorado. The Colorado Chamber of Commerce Band, grand champion band of West Texas, is his own official band and this splendid musical organization is expected to have an important part in the evening's program.

Lee, president of the Cisco & Northeastern railway, banker and publicist, is considered among the outstanding men of affairs in Texas today. Those who fail to hear his address at Colorado will be the loser. He grew up on a farm in the State of Mississippi and much of his life has been spent on the farm. He has an address on rural conditions and questions directly affecting the farmer which has been received with plaudits wherever given.

The chamber of commerce invites you. Make reservation for yourself and wife without delay.

FORMER COLORADO WOMAN DIES AT OAK CLIFF HOME

Mrs. M. K. Jackson, for many years a resident of Colorado, died at her late home in Oak Cliff, Dallas, Sunday night, according to messages received by friends of the family here Sunday morning.

CONTRACT ICE STORAGE PLANT TO BE LET SOON

Contract for erection of the Dillingham & Anderson ice and cold storage plant buildings is expected to be awarded within two weeks, O. D. Dillingham of Abilene, senior member of the corporation, announced here Saturday. Dillingham stated that plans for the building were being drawn by architects and he hoped to be ready to advertise for construction bids in the next few days.

Dillingham stated that he had not definitely determined whether the building would be of brick or concrete construction. Owing to the fact that sand and gravel are available locally, however, he indicated that the specifications would probably call for re-inforced concrete construction.

"We are going ahead with this project just as rapidly as conditions will permit," he declared. "I am confident that our large plant here will be in full operation by April 1. As to the cold storage department, we are assuring the public their needs will be adequately cared for. We will especially be interested in developing a dressed poultry market at Colorado and will do our part by supplying whatever storage may be required."

ARMISTICE DAY OBSERVED BY PEOPLE OF COLORADO

Armistice Day was fittingly observed by Colorado Wednesday in the closing of all places of business for the day. At 11 o'clock in the morning a patriotic program, given under direction of the American Legion Auxiliary, was rendered at the Legion Memorial building. Hon. L. W. Sandusky, Colorado attorney, delivered the principal address.

LOCAL WOLVES RECEIVE ALLOTMENT OF BLANKETS

Eighteen blankets, for use of the Colorado Wolves, were received Monday for distribution among members of the team. The blankets are in yellow with a white wolf etched in the material.

MEMBERS BEING ADDED CHAMBER OF COMMERCE

CHAMBER STRONGER TODAY THAN EVER IN HISTORY OFFICIALS CLAIM

Addition of several new contributing members to the Colorado Chamber of Commerce was announced at the November executive session of the organization Thursday night of last week and publication of the November roster, made public Saturday shows that the chamber of commerce is today stronger than ever before in history. The 214 members represent with small exceptions every business and professional interest in Colorado, along with scores of individuals.

Officials of the chamber of commerce are expressing keen satisfaction over the splendid record made in this respect. "The liberal financial support, together with the influential moral backing of these members, is indeed an inspiration to officials and directors of the chamber of commerce to attempt larger things for Colorado and Mitchell county in the future than we have ever considered in the past."

Owing to the excellent support being given the organization here it is believed that the membership roster will be increased by 250 by January first. Officials of the organization have set that accomplishment as their goal.

"There are scores of citizens in Colorado who should become members and thus have a material part in doing bigger and better things for Colorado," the official continued. "We are in line for the most advanced development program the city has ever experienced. An aggressive civic organization, spurred on by the backing of a united people, can fill an important place in fostering those programs intended to bring new citizens, new capital and new industries to Colorado and Mitchell county."

TEXAS PUBLIC UTILITIES CO. TO BUILD COLORADO PLANT

\$75,000 UNIT TO PROPERTIES UNDER CONSTRUCTION IN THIRTY DAYS

Construction on the second unit of the Texas Utilities Company plant at Colorado will be started within thirty days, Lon A. Geer of Sweetwater, general manager for the corporation, announced here Monday. Geer stated that the second unit, to cost approximately \$75,000, would increase their plant investment here to \$100,000. The unit to be added will be one of the largest and most modernly equipped refrigeration plants in West Texas, according to Geer. The plant will have capacity of manufacturing 30 tons of ice daily.

Last year the corporation, a subsidiary of the Texas Power & Light Company, built the first unit of their Colorado plant. This department, devoted exclusively to cold storage, was built and equipped at a cost of \$25,000. The ice plant and other additions to be made will cost \$75,000.

The corporation has recently purchased an additional fifty feet frontage on Main street, giving them 150 by 140 feet at corner Main and Oak streets. The addition will be an extension of the present building west on Main. Construction is to be of brick with architecture harmonizing with the present building.

Geer stated Monday that much of the mechanical equipment for the new plant been purchased and that orders for the remainder would be given the factory just as soon as their engineers complete specification contracts. The plant is to be completed and in operation by May 1, next year.

"We are definitely going ahead with our agreement to the Colorado public to give them one of the best ice and cold storage plants in West Texas," was the statement of Geer. "We will manufacture pure water ice from a plant with 30 tons capacity, but owing to the loss in filtering the water, output will be reduced to about 25 tons."

With building of the Texas Utilities Company plant and that of the Dillingham & Alexander, Colorado is to have two modern ice and cold storage plants. Announcement was made last week by O. D. Dillingham, Abilene capitalist, and O. L. Alexander, manager of the Breckenridge Ice and Cold Storage Company, that they had purchased a site here and would erect a \$60,000 plant, to be completed by April 1.

ABILENE CITIZEN SURPRISED AT LARGE C. OF C. ROSTER

O. D. Dillingham of Abilene, head of the corporation to erect the new ice and cold storage plant here, expressed surprise Saturday when shown a copy of the membership roster of the Colorado Chamber of Commerce. At that time there were 211 names on the list and this, according to Dillingham, was an unusually good record for a small city.

"I have been associated with chamber of commerce work many years but know of few communities having such a backing as your organization has," he stated. Dillingham is at present a member of the board of directors, West Texas Chamber of Commerce.

SCHOOL DISTRICTS DISCUSS CONSOLIDATION PROGRAM

Arrangements are being perfected for mass meetings in the Valley View, Longfellow and Buford school districts for the purpose of discussing the proposition of improving the schools for these communities by the consolidation route. There has been considerable interest manifested and the proposed mass meetings are for the purpose of working out a definite plan of action. First meeting at Valley View school house Monday night, Nov. 16 Second Longfellow Tuesday, Nov. 17 and third at Buford Nov. 18, Wednesday.

Will Martin, Loraine business man was in Colorado Monday.

SUCCESSFUL YEAR CLOSED BY COLORADO METHODISTS

BUDGET OF \$14,000 PAID BY CONGREGATION AND 138 MEMBERS ADDED

The conference year which came to a close Sunday at the First Methodist church was the most successful in its history of more than forty years, according to claims of the pastor and church officials. With exception of the Centenary assessment, every obligation placed upon the congregation by the church has been paid in full. A total of \$14,291 was paid into the church treasury during the conference year.

Rev. J. F. Lawlis, pastor, stated Monday morning that Colorado Methodists had paid in full every financial obligation, with exception of a small deficit in the Centenary fund and that \$361 had been raised by the congregation for this fund. The annual budget for this year is \$3,491 in excess of the total reported one year ago, when a total of \$10,800 for the year was announced.

The church now has a membership of 545, 138 of whom were received during the conference year. Rev. Mr. Lawlis reported that the Sunday school, Epworth League and Woman's Missionary Societies had especially done splendid work during the 12 months period ending Sunday.

In speaking of the Sunday school, the pastor declared that he did not believe there was another Methodist church in the Sweetwater district making more progress in this department. The school now has an enrollment of 600. The Epworth League has a membership of 65 young people and their work during the year has been doubly successful, the pastor stated.

The Woman's Missionary Societies, with its four divisions, including the young people and children, has a membership of 130. During the year these societies raised a total of \$1,537 for support of programs fostered by this department of the church. Mrs. W. P. Leslie is president of the society.

Among the items which have been paid in full are the following: Christian education \$500; one scholarship \$500; superannuate endowment \$575; orphanage \$350; conference collections \$1,377; church repairs \$3,000 and incidental \$962. The special scholarship fund of \$500 was raised at a service several weeks ago to assist Miss Jessie Stell of Colorado to complete her college education. Miss Stell, now in her second year at McMurry College, Abilene, is preparing for missionary work. More than \$600 was raised last Sunday morning to pay out the superannuate endowment fund.

The annual conference of the district was convened at Canyon Wednesday by Bishop James Dickey of Waco. It will not be known until Sunday, when appointments of preachers are made public, whether Rev. Mr. Lawlis is to be returned to the Colorado church. He has concluded his third year as pastor here.

45 LOTS SOLD AT AUCTION IN HART-COSTIN ADDITION

A total of forty-five lots were sold in the Hart-Costin addition to Colorado Thursday afternoon of last week. The lots were sold at auction by A. Harris of New York City, professional auctioneer. The addition adjoins Colorado on the north and is owned by A. L. Costin. The lots brought from \$35 to \$225 each.

A. L. White and John Helton drew the lucky numbers in the distribution of \$200 in gold, given away by Mr. Costin.

CONTRACT AWARDED FOR 1ST CHRISTIAN PASTOR'S HOME

Contract for erection of the new parsonage to be built by the First Christian church was awarded Monday by Mike Iglehart. The pastor's home will be erected at Fourth and Elm Streets, site of the projected new \$35,000 church.

The home is to contain 7 rooms and bath, will be of brick veneer construction and cost \$5,000.

FOUR CARS WRECKED IN SMASH-UP IN COLORADO

Four automobiles were materially damaged and Henry Doss, Jr., sustained a broken arm when a Hudson automobile being driven by Clifford Porter collided with Mrs. R. J. Wallace's Chrysler Sedan at corner Chestnut and Tenth streets Wednesday at noon. Two other machines parked in front of the Iven White home were damaged by the Hudson car before Porter could get it under control.

Porter, with Doss and other passengers, was driving south on Chestnut street. Mrs. Wallace was driving east on Tenth. The two machines collided and the big Hudson swerved into the curb, ran over a couple of trees and side-swiped a Chevrolet touring car and a Ford delivery truck parked in front of the White home. It was estimated that total damage to the machines would approximate \$2,000.

PRESBYTERIAN CHURCH WILL HOLD CONFERENCE IN CITY

A meeting of considerable interest is to be convened at the First Presbyterian church Tuesday of next week by Dr. Brooks I. Dickey of Dallas, Synod's secretary of stewardship. Dr. J. E. Purcell, secretary of Men of the Church and Dr. J. I. Jarvis, secretary of foreign missions, both of Nashville, will deliver addresses.

The convention will be called to order Tuesday morning at 10:30 for the morning session. The afternoon session will be convened at 2 o'clock and the evening session at 7:30.

Rev. W. M. Elliott, host pastor, has extended an invitation to the public to attend the sessions.

CITIZENS SUBSCRIBE \$167 TO WOLF BLANKET FUND

Colorado foot ball fans subscribed a total of \$167.40 this week to a fund to purchase new blankets for members of Big Jims pack. This was an over subscription of \$45.29. The blankets cost \$122.14. The surplus placed to credit of the general fund of the foot ball team.

MITCHELL GIN RECEIPTS IN EXCESS OF 24,000 BALES

TOTAL OF 3,014 BALES WERE RECEIVED AT PLANTS FOR PERIOD OF WEEK

Mitchell county gin receipts passed the 24,000 bale mark Thursday morning, the weekly report of the chamber of commerce, issued at noon Thursday, stated. The report showed an increase of more than 3,000 bales over the total ginnings reported one week ago. Up to Wednesday night the thirteen gins of the county had handled 23,968 bales and all of the plants were running to capacity Thursday morning with from 100 to 200 bales standing on the gin lots awaiting turn.

Colorado gin receipts up to Wednesday night were given at 12,897 bales, an increase of 1,624 for the week. Loraine reported receipts of 7,096 bales, Westbrook 2,670 bales and Buford 1,305 bales.

Cotton was reported 65 points up on the Colorado market Thursday morning, boosting quotations on middling cotton to 21 cents. Seed continued to hold to the price of \$26 a ton at the gin, a price which has remained unchanged for two weeks.

Tom Terry, public weigher reported a total of 6,912 bales received at the Colorado Cotton yard up to 10 o'clock Thursday morning.

FOUR ADDITIONAL SCHOOLS OPEN FOR THE YEAR MONDAY

Shepherd, Carr, Lone Star and North Champion schools opened Monday and only five rural schools of the county remain yet to open for the year's work. These, Cuthbert, Landers, Silver, Looney and Hyman, are to open Monday of next week.

Mr. and Mrs. Jack Marion, of Dallas visited the oil fields here last week while here they were the guests of Mr. and Mrs. O. B. Price.

WOLVES TO MEET DE LEON IN BATTLE HERE NOV. 16TH

BIG JIMS PACK MANGLE TWO STRONG GRIDSTER TEAMS DURING WEEK

Spurred on by continued laurels of victory Big Jim Cantrell and his pack of formidable Wolves are awaiting the sound of the whistle to start Monday's district championship contest with enthusiasm and morale such as was never known among the personnel of Colorado's gridster organization. The undefeated Colorado team is to battle DeLeon for supremacy in the third district class B conference at the Colorado athletic park Monday afternoon at three o'clock.

The largest number of fans to ever witness a grid contest west of Abilene will crowd the side lines long before the game is called, should predictions of Prof. R. B. Norman, superintendent of the schools and other officials directing the big fight here materialize. Norman announced Wednesday that strong delegations would motor out to Colorado from at least a half dozen towns and cities outside of Mitchell county and local citizens will be there to root for the home team in unprecedented number.

In the Colorado-DeLeon clash, two of the strongest class B teams in Texas, both rated as undefeated for the official season, will fight over the pig skin for the coveted laurels. Victory to Colorado will mean that she is the champion in this district, embracing eighteen Central West Texas counties. The citizenship of Mitchell county are appealed to thru school and chamber of commerce officials to give the home town boys their backing for this game and thus have a part in bringing signal honors to this city and county. Attend the contest and help root for your team.

Owing to a recent ruling of Roy B. Henderson athletic director of the Interscholastic League, Merkel was placed in the ineligible class. Merkel is the only team in the class B conference to defeat Colorado, and with this team eliminated Colorado stands as undefeated and a contender for district championship. Merkel defeated Colorado with a score of 14-12 in an interesting game played here a month ago. Sweetwater defeated the locals with a score of 6-0, but since the Nolan county city is in class A conference, this does not count in the official rating.

During the past week Big Jim has led his pack into the attack for two contests and when the gong sounded victory was carried from the grounds each time by the locals. In a battle with the Midland Colts Friday, played in the corral of Paul Yickers' own herd the Wolves, gave them a drubbing to the tune of 18 to nothing.

Both teams did good work in this game but Colorado outplayed the Midland organization from the start. Features of the game was return of punt for touchdown by Young in the first minute of the battle; scoring of touchdown by Flint by an intercepted pass late in the game when this star made a seventy yard dash across the field; and the blocking of Midland's punt on her three yard line. With the second try Old Capt'n Flint carried the pig skin across.

In the game here Armistice Day with the Roscoe Plowboys, the large number of fans who crowded the athletic field witnessed the best and hardest fought grid contest ever seen in Colorado. Both teams fought as never before and fans representing each were profuse in praise of the boys for the clean sportsmanship displayed throughout the game. The score was 7 to 13 in favor of Colorado.

To date the Wolves have scored a total of 119 points. Their opponents have scored 40 points.

5,000 fans will be here Monday afternoon to witness the Colorado Wolves take from their opponents from the east end of the district that coveted championship. Those who miss this battle will lose a real thrill. It will be the best foot ball game ever staged in this city.

OIL NEWS

Sterling City News
Fred Carey has the contract for drilling the new Douthitt well on the southeast part of Section No. 173, Block 29, W. & N. W. Ry. Co., 18 miles northwest of here. This site as surveyed yesterday is 1146 west of the east line, and 16 feet north of the south line of Section 173. It is near the old Douthitt well which has been abandoned on account of being unable to recover a string of tools lost in the hole. The

new well will be drilled with a standard rig, using a gasoline engine for power.

We learn that the rig over Clark well No. 3 on Section 5, G. C. & S. F. Ry. Co., 12 miles southeast of here, is nearing completion, and will be ready to spud in within a few days.

The Hardy Cedar Hill well on Section 43, Block 2, H. & T. C. Ry. Co., 13 miles northwest of here, has been fishing at 600 feet. They are now preparing to drill past the lost tools.

The Deep Rock Hyman No. 1 has a fishing job around 2525 feet. This well is located on Survey No. 88, block 29, W. & N. W. Ry. Co., 24 miles northwest of here, just over the line in Howard County.

Durham No. 2, 1 1/2 miles south of here, is daily yielding a nice lot of high grade oil from a depth of 1400 feet. Nearly all the storage tanks are full, notwithstanding the oil is being used for fuel.

GOVERNMENT AID TO HELP MAINTAIN JUSTIFIED MARKET

Urging the Government to help in maintaining justified market for cotton, F. W. Davis, director of warehouses in the department of agriculture of Texas, Sunday issued a statement declaring that only the farming business suffers when its production is increased.

He declared that Southern farmers will lose more than \$250,000,000 by producing a bumper crop of cotton this season, whereas, the price would have been maintained at a reasonable figure if the production of 15,226,000 bales had not been estimated. Mr. Davis said Brazil controls the coffee market, Great Britain the rubber supply, but manipulators control the cotton of the South and that Southern farmers are continually losing money, even after decades.

Through the recent estimate of cotton production in the United States, cotton prices dropped six cents or about \$30 a bale, resulting in a loss of approximately \$300,000,000 to the producers, he explained.

His statement follows: "The increase in the Government's estimate of the cotton crop from Sept. 16 to Oct. 18, was 1,395,000 bales. This broke the market about six cents per pound or \$30 per bale.

"If we had made 13,931,000 bales, as estimated Sept. 16, and it sold at 24.50, which was about the price of middling, based upon this estimate, the lint cotton would have brought \$1,766,547,000. If we make 15,226,000 bales, the estimate of Oct. 18 and it brings 18.50 about the price the report sent middling cotton to, the lint cotton will bring \$1,408,405,000 or \$298,142,500 less than the smaller crop.

"If farmers were to adopt the only slogan open to them, namely, 'The more you make, the less you will have' and conversely 'the less you make the more you will have' the rest of humanity would soon be in danger of starvation. Yet the Government, the teachers of economics, uphold this system of marketing cotton which penalizes the producers about \$300,000,000 for producing 1,295,000 bales more than was anticipated a month previous. From a business standpoint it would be much better to let this surplus cotton go back to the soil. Why pay for the privilege of going to trouble and expense of preparing it for the market?"

"It must be admitted that to produce more of any commodity than is needed for immediate use and a healthy surplus, and force same upon the market, will cause the price to be heavily discounted, even though such commodity be nonperishable. But this is not what is penalizing the cotton farmers; they are victims of a system which anticipates production and unduly manipulates the market. The increased production is not in salable condition and much of it may never be. We need not blame the Government for making the report, as it was probably approximately correct, yet it does not, under all the circumstances, justify the selling of the larger crop for a quarter of a billion dollars less than the smaller one, and every interest in the south should join the farmers in resisting the attempt to do so.

"The present condition is a good average example of what happens when farmers are so unfortunate as to produce an abundance. Yet, so-called economists keep up a continued discussion as to what is the matter with rural conditions. Brazil recognizes she is a large producer of coffee and backs her industry. England is exercising her monopoly of raw, or crude rubber, and she is thereby cancelling her debt to us and drawing large dividends besides. The Southern farmers have been for years producing monopolistic quantities of cotton, the greatest product on earth yet they grow poorer from decade to decade. To lower the cost of production by materially increasing the output should, and does, rebound to the benefit of every producing plant except the farms. But when farmers lower the cost of producing by means of better cultivation, under the stimulus of cash prizes, Government encouragement, etc., they sustain financial losses always, and bankruptcy occasionally. Let those who have thousands for better yields and nothing for better markets take notice."

SOCIETY

Civic League

The Civic League met with Mrs. A. L. Whipkey Saturday with the President, Mrs. J. G. Merritt presiding. Besides the usual business the league voted to have a committee ascertain the necessary steps to take in renumbering the houses and replacing names of streets. Mrs. Boyd Dozier and Mrs. Whipkey were the committee. The slogan "plant a tree" will be used for the next three months. The league takes pride in the fact that Colorado stands out in West Texas as the city of trees and feels it had no little share in bringing this about. Plant a tree this good year.

County Federation

The Mitchell county federation of womens clubs met at the district court room Tuesday with the president, Mrs. Ed Jones, presiding. On account of the busy season the rural clubs were not represented, but nearly all town clubs had representatives. Not only were they busy with study but were taking interest in community life, by adopting rural schools sponsoring girls clubs, giving flags to schools, furnishing many things for the schools and welfare of the children. The representatives of the clubs accepted their parts on the better homes week work and promised to help make the next one, in April 1926, better than any yet.

Votes of thanks were given to the American Legion for the use of the hut during the summer and to the Whipkey Printing Company for its liberal co-operation in every thing undertaken by the federation. A letter was read from the retiring district president, Mrs. Wm. Reagan, of Cisco, thanking all the clubs for their service during her administration.

ANOTHER PIONEER CITIZEN OF CITY CALLED BY DEATH

JOHN T. JOHNSON, FOUNDER OF WESTERN WINDMILL CO., DIED FRIDAY

John T. Johnson, Mitchell county pioneer cattleman and founder of the Western Windmill Company here many years ago, died at his late home in Sweetwater Friday morning at 8:20, following a lingering illness.

Double pneumonia was the immediate cause of his death. Several months ago Mr. Johnson was stricken with paralysis. During the summer he spent several weeks in the state of Colorado hoping to regain his lost strength, but never fully recovered. A turn for the worse came a few weeks ago and he was never able to rally again.

Funeral services were conducted from the Johnson home in Sweetwater Saturday afternoon, attended by hundreds of friends and admirers. Rev. Henderlite, pastor of the Presbyterian church at Anson, who officiated at the marriage of deceased and Mrs. Johnson, conducted the funeral service. Several from Colorado attended these services.

Born in Tennessee in 1862, Mr. Johnson came to Texas early in life and settled at Austin. Remaining there for a while he came to Mitchell county in the eighties and purchased the old Wild Horse Ranch, 12 miles southwest of Colorado. He assumed active management of this ranch for a few years, sold the property and moved to Colorado and engaged in the retail windmill business. Not long after the Western Windmill Company was organized here, with Mr. Johnson as president and general manager. J. P. Majors then in business at Colorado and Judge C. H. Earnest, attorney, were associated with Johnson in organization of the company. Majors has continued as vice-president of the corporation since it was formed.

In 1900 when Judge Earnest was judge of Mitchell county, Mr. Johnson was a member of commissioner's court. He was one of the most active citizens of Colorado during the years of his residence here and maintained the respect of a wide circle of friends for his honor and integrity.

In 1912 owing to the advantage of better railway facilities, the Western Windmill Company moved its headquarters from Colorado to Sweetwater and the business has continued there ever since. Branch houses were established at Midland and Lubbock but the Midland branch was suspended some years ago.

Mrs. Johnson died only a few years ago. They had no children. But reared a niece, Mary Risinger, who was left motherless in early childhood and has always been as an own daughter. She is now Mrs. Jay Ingram. Mr. and Mrs. Ingram have lived with Mr. Johnson since the death of Mrs. Johnson. Mrs. Ingram has many friends here who sympathize with her in the sorrow of losing almost her second mother and father.

Mr. Johnson was familiarly known as "John T" by hundreds of the pioneer citizens of West Texas.

FARMER, MULE AND BULL DOG FIGURE IN SCRAMBLE

Tuesday of this week James Bodine, farmer of the Buford community visited the farm of E. M. Baldwin in the same community. While the two men were together about the Baldwin barnlot, the latter pointed out a fine specimen of muleflesh, which animal, according to Mr. Baldwin, owner, was very gentle and highly intelligent.

"Come here, Pete" Baldwin called to the mule, and as he approached the quadruped, gave him an affectionate caress and placed a halter about his neck. As the proud possessor of the mule was having the animal pass through a small gate, "Pete" without warning let go one of his kicking limbs, the animal's hoof striking Mr. Baldwin in the stomach.

Baldwin crashed to the ground and Bodine rushed to his assistance. "I found Baldwin completely knocked out and really believed he was dangerously hurt," Bodine stated. "I hurriedly began to work with him to bring him too and just then Baldwin's big bull dog came into the melee and attacked me. With one foot I fought off the snarling dog as I frantically worked with the stricken man.

After a few minutes of this serious comedy, Baldwin was revived and as he sat up exclaimed "Well, he never did that before."

Bodine stated while here Wednesday that it was an exciting experience for a few minutes.

Seven Wells Notes

Jack Frost has visited our community and spread a brown cover over the fields, pastures, gardens and flowers. We can hear the children speaking of Christmas, and jolly Santy with his white beard and smiling face.

Our school started Nov. 2 with 31 pupils enrolled.

Mrs. Cecil Beezley and Mrs. C. C. Cross are our teacher's. We all feel justly proud to have them back again this year.

The cold weather and rain for the past two weeks put a great check in the cotton gathering. But the sun is out at last and I am sure the farmers will make good use of the pretty days. Here's hoping we can have one month of real pretty weather.

Mr. Harry Barrett, who has been visiting here from Mt. Pleasant, Texas, returned home Tuesday night.

Mr. and Mrs. J. E. Wallace went to Midland Tuesday on business.

Mr. and Mrs. E. T. Bassham and children from Colorado, also Mr. and Mrs. C. A. Simpson and Mr. and Mrs. Eugene Bassham, visited in L. L. Bassham's home Sunday.

Mrs. U. D. Wufjen visited her mother, Mrs. W. P. Bassham Tuesday. The 1923 club met with Mrs. R. Y. Hagerton Wednesday Nov. 4. Some of the members from our community were there. Miss Jones gave an interesting lesson. Refreshments were served all had a real nice afternoon. We will meet next Wednesday with Mrs. U. D. Wufjen for a Thanksgiving lesson. All members are urged to be present.

Mr. and Mrs. W. P. Bassham, Mr. and Mrs. P. M. Bassham spent Sunday in the Wallace home.

Quite a few from our community attended Sunday school at Payne Sunday. They report hearing some good singing.

E. T. Bassham has another car load of apples right fresh from Arkansas. Hunt him up and try a few.

CITATION BY PUBLICATION

The State of TEXAS. To the sheriff or any constable of Mitchell county, greeting: You are hereby commanded, that you summon, by making publication in some newspaper published in the County of Mitchell for four consecutive weeks previous to the return day hereof, J. C. Clayton whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Mitchell at the Court House there-

of in Colorado on the eleventh Monday after the first Monday in Sept. A. D. 1925, the same being the 23 day of November, A. D. 1925 then and there to answer a petition filed in said court on the 17th day of Oct. A. D. 1925, in a suit numbered on the Docket of said court No. 4695, wherein Donia Clayton is plaintiff and J. C. Clayton is defendant. The nature of the plaintiffs demand being as follows, to-wit: that plaintiff resides in Mitchell County, Texas, and the residence of defendant is unknown; that plaintiff has been for a period of 12 months prior to exhibiting this petition an actual bona fide inhabitant of the State of Texas and has resided in the county of Mitchell for at least six months next preceding the filing of this suit; that plaintiff and defendant were lawfully married in Mitchell county on the 31 day of Nov. 1924 and lived together as husband and wife all the time until on the 11 day of August, 1925, when by the cruel and harsh treatment and improper conduct of the defendant toward the plaintiff she was compelled to abandon him, since which time they have not lived together as husband and wife; that defendant fraudulently represented to plaintiff that he was a man of property and wealth and thereby induced her to marry him; that in truth he had no property and his representations were wholly untrue; that when plaintiff found out the truth about defendant he abandoned her and left the country; that said marriage relations still exist; that plaintiff's and defendant's living together any further as husband and wife is insupportable, premises considered. Plaintiff prays for judgment dissolving said marriage relations and for costs and general relief and that she be allowed to assume the name of Hargrove.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Colorado, this the 17 day of October, A. D. 1925.

CITATION BY PUBLICATION

The State of Texas to the sheriff or any constable of Mitchell county: Greeting: You are hereby commanded that you summon, by making publication of this Citation in some newspaper published in the County of Mitchell if there by a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Mitchell county, for

four consecutive weeks previous to the return day hereof, Mary Ridge, whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Mitchell at the Court House thereof, in Colorado, Texas, on the 23rd day of November, A. D. 1925 then and there to answer a petition filed in said Court, on the 24th day of Oct. A. D. 1925, in a suit numbered on the Docket of said Court No. 4701, wherein Earnest Ridge is plaintiff and Marry Ridge is defendant. The nature of the plaintiffs demand being as follows, to-wit:

Now comes Earnest Ridge, who resides in Mitchell County, Texas, hereinafter called plaintiff, complaining of Mary Ridge, whose place of residence or whereabouts is to the plaintiff unknown, hereinafter called the defendant; and for cause of action plaintiff represents to the court that he is and has been for a period of twelve months prior to exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in the said county of Mitchell for at least six months next preceding the filing of this suit; that on or about the 8th day of March, A. D. 1923, in Red River County, Texas, plaintiff was lawfully married to defendant, then a single woman by the name of Mary Lewis; that they continued to live together as husband and wife until on or about the 15th day of September, A. D. 1923, when by reason of the following alleged facts they have lived apart and separate and not as husband and wife; although the plaintiff was a loyal and faithful husband in all things the said defendant did not carry out her marital obligations, harshly mistreating the plaintiff and frequently cursing him. That without any cause on the part of the plaintiff the defendant abandoned him on or about the 15th day of September, A. D. 1923, leaving said plaintiff and going away from him with one Worth Titus and living with him; since which time the plaintiff and defendant have not lived together.

Wherefore, plaintiff prays the Court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit and for such other further relief, special and general, in law and in equity, that he may be justly entitled to.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

THE "SUCKER" AGE

Bill Kellis
There is a time in most every boy's life when he will believe anything that is told him. Then he reaches the age in which he realizes that there are so many liars in the world, he refuses to believe anything he hears and only about half of what he sees—and is not so sure of that.

When this editor was a small boy, he was told by a big boy that all you had to do to catch a bird was to throw salt on his tail, and then you could pick him up. That night I dreamed that I caught birds by the sackful. Next morning I secured some salt and went forth to catch birds. The first was a field lark. He would let me get within ten feet of him, and then when the salt was thrown he would be somewhere else. I tried and tried, and just about the time I thought I had him he was gone. For hours, in good faith, I tried to catch every bird that came to the barnyard. At last I gave up, but never for a moment did I lose faith in the scheme. The only trouble was I couldn't get close enough to hit them on the tail with salt.

When big brother and another boy had a watermelon cooling in the spring and had invited me to help eat it, it was then they picked another load into me. When the melon was laid on the grass for slaughter one of them remarked that if we had a meat auger we could get the meat out without cracking the rind. "Mr. Brown has a good meat augur, but I suppose it is too far to go after it." "I'll go after it," I said, and away I went. Mr. Brown said he had just loaned it to Mr. Jones, but I could have it by going over there after it. Away I went, but Mr. Jones had loaned it to Andy Whax. When Andy Whax was asked for the meat augur he was sorry; but Bill Bushwa had just left with it to bore some meat out of a big pumpkin for making pies; so, after about a five-mile run I went back to the spring for my share of the melon. All I saw of the melon was two half rinds. Brother and other boy was hoeing cotton and seemed angry because I didn't find the meat augur. They said a melon was much better if you had an augur to get the meat out with. But I still believed in meat augurs.

While picking cotton one of the boys remarked as he saw a bumble bee gathering sweetness from a cotton bloom, "Bumble bees won't sting this month, will they, Henry?" "Never heard of one stinging this month!" was the solemn reply. "Uh huh, I'll just catch the old gent in the cotton bloom, they won't sting this month." So I carefully closed the petals of the cotton blossom over Mr. B. Bee and said out loud for the big boys to hear: "Zip, I caught you!" and just at this moment of triumph a red-hot sting shot out from the flowery prison and found lodgement in the hand and it was "Zip, I turn you loose in the time that it takes to say it."

After a lot of dancing, weeping and wailing they put a quid of tobacco on the wound and that good feeling came when it quit hurting I said, "I thought you said a bumble bee won't sting this month?"

"They won't sting you this month but they will sting you if you go to monkeying with them."

"Well, why didn't you say so?" "Because you didn't ask me."

It was then that I began to "catch on", smell a mouse, as it were. I began to have doubts about catching birds with salt, and as far as meat augur was concerned I had no more faith in it than some fellows of today have in Rue Cole's patent calf-yoke.

We all went to Sunday school those days. Those big boys would read to me those stories in the Bible. They read to me how David killed Goliath with a rock thrown from a sling and then cut his head off. It wasn't long before I was using a sling and a big wooden knife and was knocking mullin stalks silly and cutting their heads off. I strongly believed in this story. It appealed to my fancy because I could see how it could be done. They read me the story of Jonah and the big fish, but having never seen a fish over a foot long I didn't take much stock in the story.

One day they read to me the story of Eve and the serpent in the Garden of Eden. They explained that the serpent was a big snake and he talked to Eve and Eve talked to him. How the serpent worked Eve into eating some fruit which she had been told to lay off of. I couldn't read and had to take their word for the truth of the story.

While I had doubts I was determined to find out whether or not these boys were "loading" me. So I went into the woods and found all sorts of snakes. After trying all sorts of schemes I couldn't get a word out of any of them, so I concluded that it was another meat augur and bumble bee trick, and I came back and told them that they had been lying to me, for I had found out that there was no such thing as a talking snake.

then believed nothing unless you could prove it.

BIBLE THOUGHT AND PRAYER

Guard the tongue—Keep thy tongue from evil, and thy lips from speaking guile. Depart from evil, and do good; seek peace, and pursue it. Psalm 34:13-14.
Prayer—Thou knowest, Lord, that the tongue can no man tame. Bring our thoughts in accord with thine, and our tongues will speak only wisdom.

THREE ELECTED MEMBERS OF COLORADO LIONS CLUB

Joe W. Earnest, lawyer; J. W. Randle, manager of the Piggy-Wiggy store, and Dr. Stuart W. Browning were elected to membership in the Colorado Lions Club Friday. Mr. Earnest, a member of the club orchestra, had been an ex-officio member for some time.

Rev. J. E. Chase, recently becoming eligible to the title of "grandpa" over arrival of a daughter in the home of Mr. and Mrs. Bradford Landers, presented a box of cigars to the club membership with his compliments.

The club membership devoted considerable discussion to plans for assisting the American Legion in liquidating indebtedness against the hut and for curtailing traffic dangers to which children are subjected about the public schools.

McMURRY TO PASS TO CLASS A COLLEGE RATING IN 1926

McMurry College, Junior Methodist college founded at Abilene three years ago, is growing by leaps and bounds, Dr. J. W. Hunt, president of the institution, declared while spending a short visit here Thursday. Dr Hunt was passing thru Colorado and spent a short visit with friends in the city.

"McMurry will pass to the classification of Class A College this year," Dr. Hunt stated. "We have already received this information from the State Department of Education at Austin."

The new women's dormitory, among the best in West Texas, is to be ready for occupancy with opening of the next term, January 2, Dr. Hunt stated. Eight or ten will graduate from the school this year. Enrollment has reached 335.

Some weeks ago a carnival company made arrangements to come to Tahoka for a week. They were advised by the Secretary of the Chamber of Commerce not to come. They did not come. But later, they announced that they were to be here last week. Last week has come and gone and no carnival has showed up. Tahoka is being supplied with plenty of good clean entertainment, and the carnival type of entertainment is not needed.—Lynn County News.

A Plainview man is said to have turned up his nose at the lettuce grown in and around Plainview. He ordered some lettuce through a dealer at Amarillo. It was excellent lettuce, large and crisp, and the Plainview man enjoyed it hugely. Then he looked at the container in which it was shipped. It said: "Blank Farms, Plainview, Texas."—Abilene Reporter.

MENTAL AND MORAL TRAINING

From the Temple Telegram:
Every now and then new plans are tried out in the public schools of the country seeking to improve the efficiency of the schools and thus increase their service. The Kansas City Times records that a Minneapolis school is trying the experiment of rating pupils on character, habits and personality and making these, rather than standing in regular school courses, the basis of reports issued to parents. A record of scholastic work will be kept, but only for use of the school authorities. The idea, it is explained, is to stress the idea in education and to secure the help importance of character development of the home and parents in undertaking. Under this plan, honesty, punctuality, industry and general deportment of the pupil would go to make up his record, while his accomplishments in arithmetic, history or other subjects would be another matter.

It is very well to emphasize moral or character training in the schools, and something of a general effort has been made in that direction in recent years. But whether this form of training should be considered as something separate and distinct may be questioned. A prominent American educator remarked some years ago that character is a by-product of education; something that comes as a natural result of work well done. It is possible, but it is not usual, for an industrious, honest, punctual and well behaved pupil to make a bad record in his studies. The two things go together, and it is not likely that anything in particular may be gained by an attempt to separate them.

There are other agencies that have to do especially with the character and moral welfare of the child. These are the home and the church. The school may and should have a function here also. That is recognized in many cases already where in school reports there is an accounting of matters pertaining to character and habits as well as accomplishments in ordinary branches of study.

BACK THE BULL

"A well informed public will never content itself with the negative idea that education is not a function of the Federal Government," declared Judge Edward C. Day of Helena, Mont., in his report as chairman of the committee on education at the session of the Supreme Council of the Scottish Rite Masons, Southern Jurisdiction, now holding there. By a unanimous vote the members of the Supreme Council adopted the following resolution indorsing the New Education Bill.

"Resolved that we indorse the Bill for the creation of a department of education and for other purposes prepared under the direction of the National Education Association and its associated organizations and authorized to be introduced into Congress at a meeting of the representatives of said associations held in the city of Washington, October 17, 1925, and we authorize the Grand Commander to take whatever action he may deem proper to carry out the purpose of this resolution."

Friends of the measure throughout the country feel that this action will give a decided impetus to the campaign for the adoption of the bill. Members of the Scottish Rite in the various states will join with other forces working for the adoption of the bill. "Now is the time to arouse the latent forces of the Scottish Rite in behalf of the greatest of all our principles, the right of every child to free education in the public schools," declared the committee. "We cannot at this time but insist upon the existence of the principle that the right of the child to avail himself of the educational opportunities of the public school system is superior to the right of the parent or of any corporation, secular or religious, to shape in advance his intellectual allegiance, and we should be alert to unite with every movement which tends to the maintenance of such right."

The committee heartily indorsed the sentiments of Grand Commander John H. Cowles, Louisville, Ky., who stated in his biennial message to the Council that it was the duty of the Scottish Rite, Southern Jurisdiction, to "strengthen the public schools by promoting their efficiency so that their superiority over all other schools shall be so obvious that every parent will have to send his children to them, if they are to progress and keep step with public school students in life's race."

BOBBED HAIR BEGAN IN "REIGN OF TERROR"

HOLLYWOOD—The fashion of bobbed hair was in vogue during the French revolution, at least by women who faced decapitation by the guillotine. Testimony to this was disclosed in a grim little satire written by a French woman at the time of the Commune, which was found in a mass of French books and manuscripts obtained by a large motion picture studio here for research work.

Be Not Deceived

Your life and welfare each depend upon the condition of your spine, just as much so as the same depend upon your environment, intelligence, sunshine, air, water, clothing—and food that you eat. This being true, it is the better part of wisdom to use common sense and have that bad spine examined and corrected by a reliable expert in his profession near your own home town rather than go away and spend 3 or 4 times as much more money than is necessary. Think it over.

M. E. Church Notes.

S. S. was well attended with all teachers and pupils in their places who had well prepared lessons, and a smile and good word for everyone. The church service was well attended at both morning and evening hours, this being Bro. Hank's last day with us before going away to conference, which meets at Canyon the 11 Both sermons were enjoyed by all present. One addition to the church at the morning hour. Good music at both services, especially at the morning hour was furnished by orchestra composed of Marion Mahon, Harold Martin, Willie Thomas and Otis Muns. We are always glad to have the boys with us and wish they could be with us in every service.

Baptist Notes.

There was quite an increase in attendance at Sunday school on last Sunday morning. We also had a number of visitors present. We are always glad to welcome the strangers in our midst and invite them back.

The deacons met at 3 o'clock on Sunday afternoon to discuss the business of the church. Some committees were appointed to look after different part of the work. Also other questions were to be presented to conference which meets next Wednesday night. The different B. Y. P. U. s met at their usual hour each with an interesting program.

The W. M. U. met at the church on Monday afternoon and formed visiting committees and did personal work in the interest of the church.

We will complete the study of Revelations at our next meeting and Testament studies. Every woman is urged to be present for this work, whether you intend to take the test for a seal or not it will do you good. Come and be with us.—Reporter.

MORE ROAD MAINTENANCE IS PLANNED BY COMMISSIONERS

In order to carry into effect their program of better highways in this county, the commissioners court in session at Colorado Monday discussed at length the advisability of purchasing additional road building and maintenance equipment. The commissioners were of the belief that mule teams and light equipment should be purchased for use in the different precincts, but no definite action was taken.

The court is to be convened in adjourned session Saturday morning to close contract with the H. C. Burt Company, bond brokers, which corporation is purchasing all outstanding warrants against the road and bridge and general funds. These warrants total \$42,000 and are to be liquidated by the county over a period of twenty years.

With these warrants, many of which would have matured this year, out of the way temporarily, the court will be able to operate its affairs on a cash basis and at the same time do considerable more work on the public roads of the county, County Judge Thompson announced.

OBSERVE ARMISTICE DAY IN MANNER WORTHY OF EVENT

Governor Miriam A. Ferguson Saturday issued a proclamation calling upon the people of Texas to observe Armistice Day, Nov. 11, in a manner worthy of the event which is commemorated, the end of the World War seven years ago.

"On the eleventh day of November 1925 seven years will have passed since the warring nations of the world laid down their arms and shook hands across the bloodiest line of all times, and ended the fiercest battle ever carried on between man and man," the proclamation reads.

"The story of the World War, its hardships, the suffering and sacrifices it entailed is fresh in the memory of all patriotic people the world over. In this war, our country was not an arrogant and boastful participant, but in the darkest hour when the end was in doubt, our United States of America, not for territorial expansion, or any selfish or ambitious reason, entered the thick of the fight and answered the insults of emperors and czars.

"At the time of our entry into the war, cannon was thundering upon Paris and the headlines of our

papers chronicled the sad and gloomy tidings that the Allies were losing. But in the dark hour of this apparent defeat, hope saw a new star in the west, and when the American soldiers planted their feet upon foreign soil the final result was no longer in doubt. It was that united spirit of America that made the result so certain.

"From Texas to Maine, and from east to west our country united as never before. All our energy, all our resources, all our intellect were combined in one common cause—determination to overthrow the militarism of Germany that threatened the liberty of the world.

"In this conflict American soldiers fought in form true to the tradition of their forebearers. Let it be said to the glory of our State, that Texas soldiers were in the front line of every battle and fought with a courage and fortitude not surpassed by any soldiery of the world. Many are sleeping 'over there'. And their memory lingers with us forever.

"In commemoration of their suffering and their sacrifices let all patriotic citizens everywhere remember to appropriately observe Nov. 11 as Armistice Day, the day on which peace so long sought, hovered over a war-worn world. Submarines ceased their exploits; intrepid airmen no longer fought in the skies; rich navies went unmanned, and the armies of the world stacked arms, let us hope, for many generations to come.

"Now therefore, I, Miriam A. Ferguson, Governor of Texas, urge the people of this state to cease for a short time at least, busy pursuits of their daily toil, and assemble together in churches, institutions of learning, and public forums, and there engage in ceremonies worthy of the memory of those who engaged in this the greatest of all wars."

TEXAS D. A. R. CONFERENCE HONORS COLORADO WOMAN

Mrs. Harry Hyman of Colorado was nominated as candidate from Texas for the position of vice-president general of the National D.A.R. Society by members of the organization attending the Twenty-sixth Annual convention, Texas conference, at Brownwood last week. Selection of Mrs. Hyman for this honor came as the almost unanimous choice of the convention.

With this backing, Mrs. Hyman will go to the National meeting in Washington in April and her friends throughout the country are predicting election of the Texas woman. Election of a president general and vice-president general will be made from among nominations eligible to be offered by the forty-eight States of the union.

The convention, which closed at Brownwood Friday of last week, was successful in every way, Mrs. Hyman reported. Abilene was selected as the meeting place for the November 1926 conference over invitation from Galveston. That the conference should be retained in West Texas and Central Texas for two consecutive meetings was accepted by delegates as an indication that those sections of the State were held in high favor.

FINE DAUGHTER BORN TO MR. AND MRS. F. F. DU BOSE

The Record is in receipt of announcement of arrival of little Miss Margaret Lois Dubose, born to Mr. and Mrs. F. F. DuBose October 31. Mr. and Mrs. Dubose are citizens of this city but are making their home temporarily at Childress where he has charge of extensive street paving. DuBose, civil engineer, who built the Colorado river bridge and supervised street paving here, has the engineering on large paving contracts at Childress, Plainview and other North Texas towns.

Send a box of cigars to the Lions Club, Frank. You will remember the penalty, and we still consider you as one of our active members. Let us have the perfectos without delay.

The Record extends congratulations, along with almost everybody in Colorado. Mr. and Mrs. DuBose have many friends in this city who will be pleased to learn of their good fortune.

HONEYMOONING IN PIONEER DAYS MORE ROMANTIC

MADISON, Ga.—Honeymooning in the days of the covered wagon was as romantic and adventurous as today, with a few extra features thrown in.

With a young heart, a young husband fresh from the Civil War, and a wagon and team, Mrs. Annie Copelan of Madison, a bride of 1867, set out on a wedding trip the like which she, as probably many others today, see in the movies. Traveling over much of the territory devastated by Sherman's army, progress was slow. But there were days when 30 miles were covered. Brides today might have been across the country.

Once they were held up by three burly fellows who walked into their camp (pullmans were unknown) well armed with pistols. The bride was frightened, but her husband remained calm.

One of the men demanded that he change a ten dollar bill, which the young man recognized as a counterfeit. When Copelan refused, they began unbuckling their pistols.

"With all the bravery and daring of a young soldier, my husband reached back as if for a gun and dared them to shoot," Mrs. Copelan said. "I've heard cannon" he said. "Do you think I'm afraid of pistols?"

They retreated slowly and finally disappeared."

The moderate cold of a Southern winter caught them before they had reached their destination, and Christmas found them in the Blue Ridge mountains. A family of mountaineers threw open their doors to the travelers, offering them quantities of peach brandy and wild game.

Winter Comfort at Low Cost

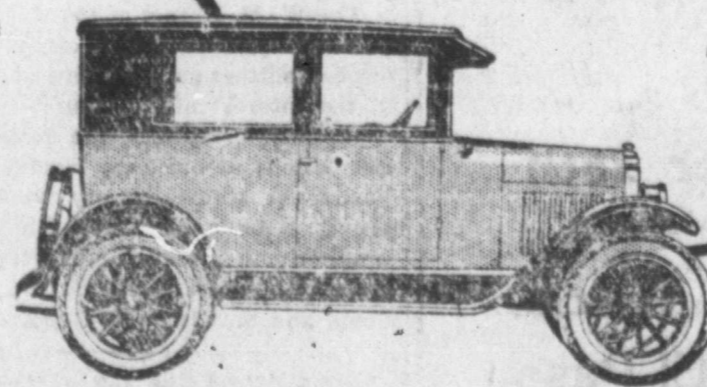

To drive in comfort this winter you should have complete protection against rain, sleet, snow and wind. Only the finest closed car construction can give you that.

The Chevrolet Coach body is Fisher-built—the same construction used on the world's finest cars.

Doors and windows fit and stay tight to keep out wind and water. Rain or snow cannot penetrate the Fisher V-V one-piece windshield which gives you perfect vision and ventilation. Long semi-

elliptic springs and balloon tires take the jars out of frozen roads. Add to hoddily comfort the safety of semi-reversible steering and equalized brakes and the assurance of a motor that always starts easily, and you can realize why Chevrolet spells winter comfort.

Yet you get all this in the world's lowest-priced Fisher Body Coach. Let us show you the quality features of this fine closed car and explain how easy it is for you to own one this winter.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. "A neighbor told me of

QUARANTINE ORDERED LIFTED IN SOUTH TEXAS COUNTIES

The "protective" quarantine in force in nineteen counties surrounding Harris and parts of Galveston and Brazoria Counties for the last two months because of the foot and mouth disease was lifted at Midnight Thursday by order of Government cattle plague authorities.

Free movement of all products will be permitted in and out of the former protective area, although the old regulations will continue to apply to Harris, Galveston and Brazoria counties, which are in the closed area of the foot and mouth disease.

Dr. Marion Imes, Federal director of foot and mouth disease eradication work in Texas, said all States will accept Texas products from all points except the small area around Houston.

The foot and mouth disease has not broken out in several weeks and the eradication work will be completed probably in thirty days, at which time all quarantines will be removed.

HIGHWAY COMMISSION NOT TO CONTEST CONTRACT SUITS

AUSTIN.—Intimation the State Highway Commission would not contest suit brought by Attorney General Dan Moody against the American Road Company of Dallas, was made Monday by Frank Lanham, chairman of the commission. In this suit Moody asks cancellation of all state highway contracts held by the company, recovery of \$650,000 and ousting of the company from the State.

Hearing on Moody's temporary injunction proceedings against the American Road Company was set for Monday, Nov. 16, by Judge George Calhoun of the Fifty-third District Court Monday. He issued an order restraining the company from disbursing or receiving funds.

The hearing was set in chambers with Attorney General Moody and Island Graves and Joe Worsham, attorneys for the defendants, present.

The Travis County grand jury reconvened Monday, but there was no report at noon.

Plea for abatement made in injunction proceedings of Neyland & Smith, San Antonio contractors, seeking to restrain cancellation of the Val Verde highway maintenance contract by the State Highway Commission was overruled and hearing started.

"The commission is a party to the contract with the American Road Company, but not to the suit," Chairman Lanham said. "No attorney has been asked to represent the commission in the case."

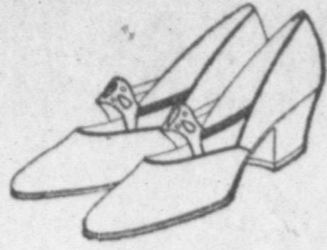

Reminded that Governor Miriam A. Ferguson in a letter had urged the commission, in event of litigation to do everything possible to defend the interests of the State, Lanham said: "We'll certainly do everything possible to guard the interests of the State, but that doesn't necessarily mean we'll take part in the court case against the American Road Company."

14 Contracts Cancelled

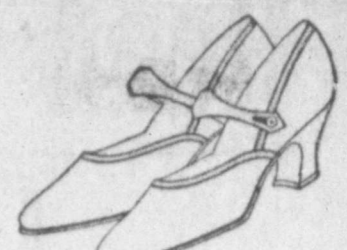

AUSTIN, Nov. 9.—At the request of the Hoffman Construction Company of Eastland, the Highway Commission Monday evening cancelled all contracts made with that company for the asphaltic treatment of roads in the 14 counties in West Texas in which the company had contracts.

"If not inconsistent with your ideas of the public welfare," read the request of the company, "we would ask that necessary steps be taken to cancel our contracts for the asphaltic treatment of roads in all counties in which we hold contracts and relieve us from all further liabilities."

"Further, if State of Texas will relieve us from the duty of maintaining such roads as we have treated, and further relieve us of the duty

and obligation to apply a second course treatment to such as we have not so treated, and release us from all liability under same, we are ready to enter into negotiations in order to arrive at what this obligation is worth. When it has been arrived at we are ready to pay the State of Texas that sum to relieve us of that duty, or to pay such sum to some reputable contractor agreeable to all concerned, to assume the obligation. Otherwise, if you deem it for the best interests of the State we are ready, able and willing to fully comply with said contract in all its terms."

The commission cancelled the contracts, except as to the provision for a second course treatment in several of the counties in which a second treatment had not been given. The contracts amounted to several hundred thousand dollars.

The 14 companies in which the company had contracts are: El Paso, Hudspeth, Culberson, Reeves, Ward, Jeff Davis, Brewster, Terrell, Potter, Howard, Callahan Ector Scurry and Coleman.

FOR COTTON THIEVES

Sheriff W. L. Lemmons of Glasscock county is advising cotton growers to mark their seed cotton, left in wagons, trucks or piled in the fields so the thieves who are now stealing cotton can be thinned out. He states that if small pieces of paper or cloth with some special marking thereon are mixed in with the cotton it can be identified when it arrives at the gin. The cotton thieves, and there are entirely too many in this section,

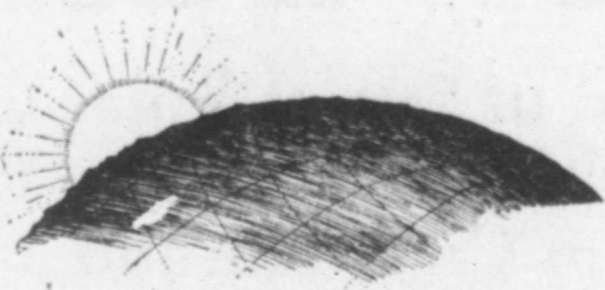

will not detect the marked paper or cloth and can be apprehended if the ginners will give their co-operation. If you have any occasion to leave any amount of seed cotton out where it will be easy for thieves to steal, why not take the precaution to mark it. It may save you some money.—Big Spring Herald.

Presbyterian Church
Sunday school at 9:45. J. M. Thomas, superintendent. The Sunday school is a fine place for you and your children and there are several good Sunday schools in the city. If you and your children are not in one of these places every Sunday morning you are failing to get that which is your privilege to have. The Presbyterian people extend to you a cordial invitation to come with them next Sunday. We have everything new and beautiful at our place.

Remember the time and be there on time. It is 9:45 a. m.

Church service at 11 a. m. and 7 p. m. I feel sure you will enjoy these services with us.

Young people and all others who are interested in the young peoples work are invited to meet at 6 p. m. for the young peoples service and prayer meeting. The young people will be glad to have you.—W. M. ELLIOTT, pastor.

Rev. M. C. Bishop pastor of the Baptist church desires to speak Sunday night, at 7:00 on the idea of patriotism. He is inviting all the American Legion members, their families and friends to be present. He feels it is necessary to keep the patriotic fires burning and in as much as many were not able to attend the services at the Hut on Armistice Day they should have another chance. Everybody invited to be present.

Childrens Bible Drill

Each Saturday afternoon at 4 p. m., there will be conducted a Bible drill at the Church of Christ. The object of this study is to teach the children the word of God. We send our children to school five days out of the week for literary training and this is as it should be, but just one hour per week to teach them the Bible is not as it should be. Why not have more than just a Sunday school for them and use one other day also for training them in truths that will help them in Eternity. Draughon's Practical Business Colleges, Abilene and Wichita Falls have recently been accorded an unusual distinction by being accredited by two of the largest business training organizations in the South—the Southern Accredited Business College Association and the Consulting Accountants Association and are the only schools in the Southwest to enjoy this double distinction.

The Consulting Accountants Association is composed of probably the greatest array of business training talent ever brought together in the South. Its hundreds of members in responsible positions throughout the Southland will recognize Draughon's diplomas as the best possible recommendation.

The Southern Accredited Business College Association, which has accredited the courses offered by Draughon's is the strongest organization of its kind in the South.

GOING SOME

Lieutenant R. J. Williams, a Kelly Field flier, left San Antonio Wednesday afternoon in a De Havilland plane. He took off at 1:40 p. m.

At three p. m., he landed at Dallas 265 miles away.

One hour and twenty minutes between Texas' two largest cities. The flier was aided by a stiff gale of wind which increased his speed, but his average speed of 198.75 miles per hour for the trip was sufficiently fast to satisfy the most exacting.

Ten or twenty years from now, when aviation has come into its own, Abilene will be only an hour from Dallas by air, and less than an hour

and a half from San Antonio. Man has already established a record of around 250 miles per hour in an airplane, and it is certain that this record will be bettered year by year until the mystical limit has been reached. The limit is probably somewhere inis side of a speed fast enough to set a plane on fire by friction with the air.

We bought some hats at a bargain and will give the public the benefit of it. Come see us Saturday and see for yourself.—Mrs. B. F. Mills.

Mr. and Mrs. J. F. Carey made a business trip to Breckenridge.

15,386,000 BALES GOVERNMENT ESTIMATE COTTON CROP

NEW ORLEANS.—The New Orleans cotton market broke 120 points or \$6 a bale, after the government report was issued estimating the cotton crop at 15,386,000 bales which was larger than the trade expected. Total ginnings reports of 11,196,000 bales was about in line with trade expectations. December which traded at 19.80 before the report was issued sold at 18.50 when business resumed following the report.

NEW YORK.—Cotton futures broke \$5 a bale today on publication of the semi-monthly government report estimating the year's cotton crop at 15,386,000 bales, an increase of 160,000 bales over the estimate of a fortnight ago. December contracts sold down to 19.32 and January to 18.80.

WASHINGTON.—Cotton ginned from the growth of 1925 prior to November 1 totalled 11,198,660 running bales, counting round as half bales, the census bureau today announced. Ginnings were 9,715,643

bales to that date last year and 7,556,042 in 1923.

Ginnings by states to November 1 were: Alabama 1,175,161; Arizona 44,526; Arkansas 885,577; California 31,449; Florida 37,337; Georgia 1,113,453; Louisiana 743,806; Mississippi 1,335,130; Missouri 111,297; New Mexico 29,290; N. Carolina 885,650; Oklahoma 827,808; S. Carolina 818,630; Tennessee 300,290; Texas 2,850,072; Virginia 31,011; all other states 8,173.

Total ginnings include 184,597 round bales counted as half bales compared with 240,661 for 1924 and 199,326 for 1923, to November 1.

WASHINGTON.—A probable cotton production of 15,386,000 equivalent 500 pound bales this year, if average influences prevail during the remainder of the season is indicated, the department of agriculture announced today after receipt of November 1 reports of abandonment and probable yields, ginnings and other factors.

A probable yield of 154.4 pounds of lint cotton per harvested acre is indicated, compared with 164.7 pound

indicated a fortnight ago. And 157.4 pounds, the final yield per acre last year.

A fortnight ago, a crop of 15,266,000 bales and an acre yield of 164.7 pounds were indicated, while last year's crop totalled 13,267,936 bales.

The indicated production based on November 1 conditions, was announced as follows:

Virginia 48,000; North Carolina 1,080,000; South Carolina 860,000; Georgia 1,150,000; Florida 42,000; Missouri 245,000; Tennessee 485,000; Alabama 1,290,000; Mississippi 1,885,000; Louisiana 895,000; Texas 4,100,000; Oklahoma 1,520,000; Arkansas 1,480,000; New Mexico 61,000; Arizona 94,000; California 130,000; all other states 21,000.

M. E. SOUTH IS 878 SHORT OF UNITY VICTORY

NASHVILLE, Tenn.—The official vote of the annual conferences, Methodist Episcopal Church, South, case on unification with the Methodist Episcopal Church is 2,634 for and 2,051 against unification. The official figures were announced today by Dr. A. J. Lamar and John W. Barton, custodians of the official vote at the Methodist Publishing House. The western conferences are not included in the official results because of a non-certification of their votes. They are the Pacific, Brazill, Central Brazil, South Brazil, Mexico and Louisiana.

The secular press bureau at Methodist headquarters compiled the total as follows, including the six of the 30 conferences which have voted but have not certified their votes to the church headquarters:

For unification, 3,005. Against unification, 2,177.

Votes short of a three-fourths majority in view of the number recorded, 881.

Under the official vote as an constitutional three-fourths majority announced, the number short of the constitutional three-fourths majority is given as 878.

FORD SERVICE

The first move by an automobile manufacturer to establish complete standardization of methods employed in repair service has been made by the Ford Motor Company in a text entitled "Ford Service" which is for distribution to authorized Ford dealers and service stations. The book, which includes about 300 pages is the culmination of several years of research by Ford engineers. It covers in minute detail, with numerous illustrations, every operation in assembling and repairing Ford cars.

Automobile engineers all over the country have long urged that a system of repair methods, standardized by the manufacturer, be worked out in the interest of car owners. Practically no two mechanics follow the same method even to the same operation, they assert. Efficiency may also vary, it is pointed out, and it is an assurance of the highest type of service if in every shop the methods to highest efficiency are employed.

For years the company has maintained a direct and close service supervisor over its dealers and service stations and with the new text this is strengthened by giving mechanics in simple form the approved methods for servicing Ford cars. Publication of the book, a statement says, is "in line with the company policy of improving service to Ford owners in every way proven practical."

YES ITS A CHEVROLET

Exceeding its production schedule by more than 1,000 the Chevrolet Motor company built 55,504 motor cars and trucks during October, the third highest production month in the history of the company.

This achievement followed a similar performance in September when the company built 55,865 units, exceeding its production schedule by 2,700 after the schedule had been increased nearly 7,000. September was the second high month in Chevrolet production, being only 378 under the high mark established two years ago.

The production maintained during the last 60 days aided the company in its effort to meet the heavy demand which has continued consistently throughout the entire year.

During the last seven months Chevrolet average production has been 52,457 per month. During only one of these months did production fall below 50,000 that being July when 45,670 cars and trucks were manufactured. The slight July decrease was due to changes being

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. But what you please,—no danger.

PIGGLY WIGGLY GUESSING CONTEST

The Piggly Wiggly store on last Saturday offered prizes \$5.00, \$3.00 and \$2.00 for the best guess on the number of persons that would pass through the turn gate at their store on that day.

Exactly 1002 persons were registered and Mrs. Jim Hale guessed exactly 1002 and won the 1st prize of \$5.00. The following 13 persons guessed 1,000.

Cullen Wilson, James H. Griffin, Mrs. Louis L. Chaplin, Lenora Shroutriff, Mrs. S. H. Bedford, Mrs. J. W. Sheppard, Miss Georgia R. Jones, Rosa Kelley, Mrs. Ledger Smith, Cullen Bassham, J. M. Womack, J. H. Reese, Mrs. L. E. Allmond.

These tied for the 2nd and 3rd prizes and the store has decided to let them guess it off again by guessing at a jar of beans in the store window. These guesses must be in not later than Friday night so the prizes can be given on Saturday, November 14th. Let these 13 see the bean jar and guess again by Friday night.
