

22ND YEAR NO.—24

COLORADO, TEXAS, FRIDAY, MARCH 12, 1926.

WHIPKEY PRINTING CO.

BABY BEEVES BRING BIG MONEY TO THEIR OWNERS

CALVES GROW TO VALUE OF \$80 EACH WITHIN ONE YEAR, IS RECORD

The farm diversification program sponsored by the Colorado Chamber of Commerce is an undertaking that should meet with big success upon its own merits, F. E. McKenzie, pioneer cattleman of Colorado stated Friday.

Mr. McKenzie urged that special attention be given the production of baby beeves by the farmers and farm boys of the county, quoting figures to substantiate his claims that no other products on the farm would pay a handsomer dividend.

"An example of what may be done by any farmer or farm boy is to be clearly shown upon a visit to the feeding pens of Les Terry," Mr. McKenzie stated. "Terry has two calves in his pen which are just about a year old now and will weigh from 825 to 850 pounds each. These animals are worth around \$80 each on the Fort Worth livestock market."

Mr. McKenzie, among the best judges of livestock in this section, disclosed that he had taken careful note of these two calves. They came from milk stock owned by Will Warren, he stated and for the first nine months of their life grew up in the milk pen. They were given special attention by the owner and developed into excellent specimens. At Christmas they were sold to Terry at \$50 a head. Scientific feeding and attention upon the part of the present owner has resulted in an additional value of \$30 each during the ninety day period.

CHAMBER OF COMMERCE TO CONTINUE IN SAME OFFICE

The Colorado Chamber of Commerce will continue to maintain its offices in the Jas. T. Johnson building on Walnut street, it was announced Friday. Lease on the office suite occupied by the organization for the past three years was renewed for one year.

It had been rumored that the Chamber of Commerce would move to the municipal building when this structure is completed. Owing to the fact the present office is centrally located in the business district, directors of the organization expressed the belief it best to make no change, at least for the present year.

COUNTY AND C. OF C. TO PLACE SIGNS ON HIGHWAY

Road signs, giving information as to direction and distances to Colorado are to be placed on Highways Nos. 1 and 101, it was announced by the publicity committee of the chamber of commerce Saturday. Joe Chemali, member of the committee, stated that commissioners court was cooperating with the chamber of commerce in this program.

ROSCOE DOBBS GARAGE IS SOLD TO OTHER INTERESTS

Roscoe Dobbs, owner and manager of the garage and service station on East Second street bearing his name, announced Saturday that the business had been sold to W. W. Watson. The new owners assumed management immediately.

Dobbs has been in business here several years.

NEW CONSTRUCTION IN CITY NEAR \$400,000.00

New construction in Colorado reached another high peak this week when the total value of new buildings under construction in the city aggregated almost \$400,000, said to be the highest record ever recorded here. A report compiled by the chamber of commerce and made public Wednesday afternoon accounts for new properties valued at \$395,000 under construction.

Included in the list of new properties is \$100,000 worth of new residence property, the \$75,000 unit at the Texas Public Utilities Company plant, new high school building, municipal and private business buildings.

"Colorado is facing the best year in history," the report stated. "The large ratio of business and residence building is expected to be maintained through the year and added to this will be the projected Hotel Colorado, costing more than \$300,000, and work on which is expected to be started within the next few weeks."

TEXAS UNIVERSITY BAND TO RENDER CONCERT MAR. 20

FAMOUS MUSICAL COMPANY WILL APPEAR AT LOCAL LEGION BUILDING

The famous Longhorn Band of the University of Texas will appear in Colorado Saturday, March 20, under the auspices of the American Legion. The Longhorn Band is making its seventh annual tour of the State. This year they are playing West Texas towns exclusively and have included Colorado in their itinerary.

The Longhorn Band has a membership of 150. From this number thirty-five men have been picked to represent the band and the University. This selection being based on the musicianship and performing ability of the picked men.

The program as presented will consist of two distinct parts. The first part of the program will consist of band music ranging from grand opera to the lighter vein of music. It will be represented by such numbers as a "selection from Carmen" Bizet's most popular opera; a selection from "Rose Marie" including the lovable "Rose Marie" and "Indian Love Call"; a humorous descriptive presentation of the old negro life in which the parts are acted by a small cast of the band with the band instruments actually carrying the conversation throughout. Mr. Arno Navrotil is to head the solo numbers with his presentation of some of the better known saxophone solos.

The second part of the program will consist of some vaudeville work of the highest caliber. It is in this section that one is forced to pause for their selection of headliners. This part of the program is given over to the best vaudeville talent of the University. It is here that the audience makes the acquaintance of Miss Margaret West of Brownsville, Miss Evelyn Farrell of Houston, Mr. Bert Dyke of Orange, Mr. Addison Bailey of Austin, Mr. Garland Porter of Hillsboro each of whom are capable of being headliners.

Mr. Collin Bradt's Orchestra is another big act that is a feature of the vaudeville presentation. His orchestra was selected after a careful consideration of all orchestras of the University. He and his nine piece organization will present the very latest in popular music.

The concluding number will be "The Eyes of Texas" the song that is winning the hearts of all true, native Texans.

Little Billy Mann, small son of Mr. and Mrs. Charlie Mann was carried to Abilene Sunday for medical treatment. The little fellow suffers with his ear, and it is feared a mastoid operation will be necessary.

Mr. and Mrs. Tom Terry have let the contract for the building of a home east of the Ben S. Cooper residence. Work was begun Tuesday.

MITCHELL FARMERS ASKED TO INCREASE FEED ACREAGE

CHAMBER OF COMMERCE TO DISTRIBUTE \$500.00 IN POPULAR CONTEST

The Colorado Chamber of Commerce has again demonstrated that the organization has no thought of changing its well known policy of the past in lending full cooperation to the farmers of Mitchell county. At the March executive session, held Thursday night of last week, considerable interest developed in the farm diversification program and officials of the chamber pledged both the financial and moral support of the organization to encourage the production of more feed, hogs, chickens and dairy cows.

To create an interest in that part of the farm diversification program encouraging production of more feed and forage crops, the chamber of commerce announced a competitive contest in which every farmer and farm boy of the county may compete for cash prizes, totalling \$500.00. Farmers competing in this contest must enter ten acres in either feed or forage crops, or both, and must plant at least twenty per cent of his entire cultivated acreage in those crops.

The cash prizes are to be distributed as follows:
1st prize, \$200; 2nd prize, \$150; 3rd prize, \$75; 4th prize, \$50, 5th prize, \$25.

Rules governing the contest have been announced as follows:

- 1—Any farmer or farm boy residing in Mitchell county is eligible.
- 2—The entry shall consist of ten acres of grain sorghum or forage crops.
- 3—Twenty per cent of the total cultivated acreage of the farm must be planted in feed crops.
- 4—The ten acre entry may be included as a part of the twenty per cent mentioned in rule three.
- 5—The total estimated cash value of the crop produced shall constitute the basis of awarding prizes.
- 6—Entry blanks will be provided at the office of the chamber of commerce and office of the county agent.
- 7—Entries shall close on June 10th, 1926.
- 8—Competent judges of the contest shall be appointed by the chamber of commerce and county agent.
- 9—Prizes will be awarded November 15, 1926.
- 10—Decision of the judges shall be final.
- 11—All things being equal, the contestant having the largest proportion of his cultivated acreage in feed or forage crops, shall be considered.
- 12—Contest shall not become valid unless at least fifty entries are made.

TWO NEW BRICKS NEARING COMPLETION IN COLORADO

The Greene-Johnson building on Third street to become future home of the Chrysler agency in Colorado and the Shurtleff warehouse building on East Second street are nearing completion. Thursday the contractors had completed roof on each of the buildings and were pouring the concrete floors.

The Chrysler agency expects to locate at the new place within the next week or ten days, Louis Collier, local distributor, announced. In this building he will have one of the most attractive motor car show rooms in the city. A large stock of parts will be carried.

Jno. A. Thompson will occupy the Shurtleff building as a warehouse and storage unit. For some time Thompson has used a building in the A. J. Coe block on Walnut street as his office and warehouse.

Both of the new structures are of brick, tile and concrete construction.

Mrs. J. G. Merritt has returned from Abilene where she took an important part in the breakfast in honor of Mrs. Sheppard, national president of the American legion auxiliary.

CALIFORNIA CO. DRILLS IN SIX WELLS AT WESTBROOK

DEVELOPMENT IN IATAN FIELD ALSO ASSUMING LARGER PROPORTIONS

A total of six producers added to the ever increasing battery of wells in the Westbrook field is reported this week. Two of the wells have been completed and placed on pump, while the four others have been drilled in and are now being cleaned out preparatory for landing tubing and placed on pump. The two wells now pumping are gauging 241 barrels of crude per day.

The California Company, in addition to reporting the six wells above, have two tests on top of the pay sand and which should be drilling in during the next week. Rig at new location on the California Company lease at Westbrook is being erected.

Morrison 2-15 is cleaning and bailing out, with initial gauge of 84 barrels. Smartt One is cleaning out. Elder 2-5, is on top of the pay at 2,980 feet. Oil is standing in hole at this test to within 1,100 feet of the top. At Womack 3 the crew is drilling in hard gray lime at 2,903 feet. Womack 4 is drilling at 1,380 feet.

Rig is under construction at Womack 5, location. H. C. Miller 4-5 given a nitro shot of 320 quarts Tuesday at from 3040 to 2900 feet, is looking good, according to reports from the well Thursday. Crew at this well is fishing to recover lost ball.

Swenson One and Adams 2-1, on the California Co. lease, are the completions to go on the pump this week. The Swenson well is pumping 134 barrels and Adams well 107 barrels. Adams 2-2 is drilling at 875 feet.

Three locations were made in the Iatan field during the past week, according to reports received in Colorado. The Magnolia Petroleum Company made location in southwest corner of section 17 of the J. W. Watson survey. The other locations are reported to have been made in sections 24 and 25.

Morrison & Thomson are on top of the pay level at their test in section 15 and should be drilling in today or Saturday. Drilling was resumed at this well Wednesday morning after the crew had landed casing at 2,670 feet.

Abrams One of the Magnolia Petroleum Company, in section 9 of the Iatan field, is drilling at 1,150 feet. Watson No. 2 of the same company, offset to Watson one, is drilling at 1,100 feet.

Choate and Henshaw announce that they expect to complete drilling contract lease north of Colorado within the next few days. Acreage is being secured by the company along the Mitchell-Scurry county line for development. M. S. Goldman, office manager for the company, has been spending several days here closing contracts with land owners in that vicinity.

B. H. Cogdell, independent operator formerly drilling in the Reagan and Sterling fields, has closed contract to drill a test on the F. E. McKenzie ranch several miles southeast from Colorado. Geologists are now working the 10,000 acre block taken over by Cogdell, drilling is expected to be started in 30 days.

MEMORIAL COINS TO BE SOLD AT \$2.50 AFTER APRIL 15

Effective April 15, next, value of the Stone Mountain Memorial Coins, now on sale throughout the Southland at \$1, is to be advanced to \$2.50 each, according to information received here by Mrs. R. N. Gary, sales manager representing this county. The coins, minted in special design and of the fifty cent denomination, were previously sold at \$1.00 each, the profit of fifty cents obtained from sale of the coins going into the fund for financing the Confederate memorial at Stone Mountain.

Brooks Dorn sustained a painful broken arm last Thursday while skating at the local rink.

PRICE BUILDING WILL BE MODERN BUSINESS BLOCK

J. E. Pond, contractor, is making good progress on the R. P. Price building under construction on Third street. The building, the latest to be started in Colorado's fast developing business district, will have street frontage of sixty feet and is to be fire proof and modern throughout. The walls are to be of tile and face brick and plate glass construction are specified for the front.

The building will be occupied by Price Brothers as the home of their Hudson-Essex distributing agency for this territory. The company will also carry their tractor and truck stocks in the building.

M. M. Iglehart, contractor on the First Christian church building, to be erected at corner Fourth and Elm streets, is making good progress with excavations for the foundation and basement. Large quantities of materials to be used in the structure have already been assembled at the site.

CHRYSLER SETS RECORD IN CROSS-COUNTRY DASH

WFAA STARS MAKE FAST RUN WHEN RELATIVE IS KILLED IN MASSACHUSETTS

"A Pair of Jacks" touring Western Texas in vaudeville work, after radio work in Station WFAA that made them popular, made a 200-mile run from Sweetwater to Fort Worth Tuesday afternoon in a little more than four hours. The trip was made upon receipt of telegraphic information for Jack Bell that his brother was killed accidentally in Massachusetts. Arrival in Fort Worth at 7:10 o'clock Tuesday night was in ample time to catch the train for the north. Jack A. Davis the other Jack, was with his partner through the run and returned to his home in Dallas.

Frank Murchison of Sweetwater, piloted the car in which the journey was made. There was one stop for a blowout and one for gas. Roads of all sorts were negotiated without other trouble.

—Front Page, Dallas News.
L. B. Collier of Toler Motor Co., advised the Record that the car was a stock Chrysler six touring owned by Toler Motor Co. Mr. Murchison is not a professional driver but office manager of that company.

SECOND CAR GILTS MAY BE PURCHASED FOR COLORADO

Another car load of gilts may be purchased for immediate shipment to Colorado, in the event farmers here should desire to contract for the animals upon delivery, the secretary of the chamber of commerce announced Wednesday. The chamber of commerce had received information by wire from the Fort Worth Stockyards Company that a car of Spring gilts, which would farrow from April 20 to May 20 was ready for shipment here from the North. "The gilts are Hampshire and Durocks and would cost about \$30 a head at shipping point, and could be shipped to Colorado immediately, as they have been vaccinated," the message stated.

The car of gilts delivered here this week is only a starter of the campaign to bring good gilts into Mitchell county, the chamber of commerce declares. It is believed that the second car will soon be contracted for and immediately this is done the animals will be ordered by wire. Farmers interested should confer with the secretary of the Chamber of Commerce.

Merry Wives
The Merry Wives a forty-two club, has held no meeting the past several weeks because of prevalence of sickness generally.

Sheriff L. W. Terry returned last week from Los Angeles, Calif., where he had gone to receive Carter Brent, arrested there for Mitchell county authorities on charges of forgery.

PLANS FOR NEW HOTEL ARE NOW COMPLETE, IS REPORT

ERROR IN SIZE OF SITE MADE DELAY IN CLOSING FINAL BUILDING CONTRACT

"We have now completed all our preliminaries and are ready to begin actual construction on the hotel building," was the statement of E. E. Parkhurst, Dallas, upon his return to Colorado Monday after spending a few days in Dallas and Abilene making adjustments to loan contracts and architects plans and specifications.

Parkhurst found last week that the hotel site, purchased several weeks ago at corner Main and Walnut, was only 130 feet along Walnut street, in view of the fact that he and associates had been under the impression all the time the property extended 140 feet on this street. Contract with the loan companies and plans drawn by the architects were all based on 140 feet frontage.

The discrepancy of ten feet made it imperative to alter both the building plans and contracts already negotiated with the Southern Mortgage Company, Abilene, and other interests having financial equities in the project. All of these phases, Parkhurst announced have been satisfactorily worked out.

Small difference is to be made in the hotel building proper. Rather than contain 76 guest rooms, under the original plans, the hotel will now contain 68 rooms, or two less for each of the four upper floors. But small change was made in the lobby and ground floor plans.

Parkhurst stated that he believed Colorado would complete financing the city's equity in the property during the week and this done the old building standing on the property will be razed and construction started.

BIG SPRING OFFICIALS ON STREET PAVING INSPECTION

Hon. C. E. Thomas, mayor, and members of the board of aldermen of Big Spring, were in Colorado Wednesday morning to inspect street paving here. Mayor Thomas announced that his city was about ready to let paving contracts and that he and other city officials were on a visit to near by cities to obtain information as to the best types to be specified.

Several blocks in the business district will be paved at Big Spring, it is stated. The city will expend approximately \$200,00 on this improvement program.

ANOTHER MILLION DOLLAR HOTEL AT MINERAL WELLS

Sidney Webb, Texas capitalist, announced at Fort Worth Wednesday that he and associates had purchased the site on which the Crazy Hotel stood at Mineral Wells and would erect a million dollar hostelry on the property. This is the second million dollar hotel announced for the resort city recently. A few weeks ago the Mineral Wells Chamber of Commerce announced completion of campaign to place \$150,000 stock in a million dollar hotel company, to be largely financed and controlled by the Baker hotel interests.

THOMAS BROTHERS OPEN NEW BARBER SHOP IN COLORADO

Thomas Brothers new barber shop in the Jas. T. Johnson building, on Walnut street, was opened Monday morning. The new tonorial emporium is among the best equipped in the city, having new equipment throughout.

The old shop owned and operated by Thomas Brothers on Second street continues to be operated by the same management.

Mr. and Mrs. Clay Smith and small son, Clay, Jr., are visitors at the stock show in Fort Worth. Mrs. Smith will stop en route home in Cisco as a guest of Mrs. Donald Sivalls.

ANNOUNCEMENTS

We are authorized to announce the following names for the respective offices, subject to the Democratic primaries July 24th, 1926, Mitchell county:

- For County Judge: Chas. C. Thompson (re-election)
For Sheriff and Tax Collector: R. E. Gregory, H. S. (Dick) Hickman, W. J. Chesney
For County and District Clerk: J. Lee Jones (re-election)
For County Treasurer: H. C. Doss (re-election)
For County Attorney: Harry Ratliff (re-election)
For Tax Assessor: O. R. (Roy) McCreless, Roy Warren (re-election), Benton L. Templeton, Julian Hammond, J. W. (Winfred) Halbert

J. H. COOPER & SON Blacksmiths

lie's pa gave them as a starter, drawn in the sum of \$500.00 and a check protector was used in making it out too.

Some critics are saying things about George Washington. They seem to think that he danced and stayed out late at night and smoked and played poker and so on. Why all great men did that. To tell the truth I have done a few of those things myself.

Notice where a preacher fell dead in his pulpit in a western town the other night. He must have seen somebody drop a dollar in the collection plate.

Politics are going to warm up pretty soon. I heard a right prominent man say this morning that he was going to run for a certain office as he couldn't make an honest living working.

The waiters in the New York cafes want to be called something else besides waiters. How would "tip receivers" or "soup spillers" do?

The poor old farmer that I have been feeding spry for the past six months, came to the Record office this week and wanted me to change a 100-dollar bill. He said he was keeping the 4 other 100-dollar bills to buy a Ford car with. I think he ought to feel sorry for me a while now.

INCOME TAX BLANKS

One of our local meat market men this week received his income tax blanks, and wrote the collector as follows:

Dallas, Tex. Feb 30 1926
Income tax collector.
Dear sir

I got yore blanks to make my income on, I have not made no income and all of them stories you have been hearing about me getting rich is lies. I barely pay for my mule feed and never do that a-tal when the feller will take a check, so I aint got nothing to put down at "m" and total up at "o" and if I waster deduct my rent on my beef waggin you wood owe me 4 dollars, of course I sell beef too cheap, but how can a man pay c35 for beef when it hurts him to pay me c11 for the same cuts, so you rite or foam me at once and let me no what to do with all them blanks you have sent me ansforth. yores trullie, mike Clark, rfd.

FIGURING IT OUT

The Record man may be an old fogie and all that—we do not believe in geologists, weather prophets or those fellows who are always figuring on the age of the world or predicting dire calamities. Just the other day a New York scientist figured out that the world was 200 billion years old. He is wrong, for we went into details and spent hours and hours and this is the way we made it out:

I calculated the age of the universe in the following manner: I went out into the back yard and picked up a bone which proved to be second knuckle joint of the Taurogoofus. I analyzed the scales on this bone very carefully and compared it with other, chicken's bones which were in the garbage can and then I began to figure.

I took the bone in question and multiplied it by the distance between the earth and the moon, then I divided the result by the number of Octagon soap wrappers it takes to get an aluminum dish-pan, since the Mellon Aluminum trust went into the dish-pan business. To this I added the number of lies the politicians have told about reducing taxes and the result thus far was 4,567,876,899.

I then multiplied 4,567,876,899 by the distance of the North Pole and back to Colorado, and subtracted the cost of adjusting a carburetor at the average garage, plus the present price of a French franc, and this gave me 6,987,654,321.

To 6,987,654,321 I added the distance between Neptune and Venus, and subtracted the surcharge on Pullman rates in the U. S. for 1925 and divided this result by the sum stolen from the government in the Tea Pot Dome scandal, less the cost of the investigation which found out nothing, minus the number of quarts of booze consumed in Washington each day by office-holders and I found that the figures had grown to 54,765,567,999.

Thus, 54,765,567,999 is reduced to the common denominator and the triggerometry of the result is the cube root of the verb "to be" modified by the cost of running a hot air furnace 7 months on 10 dollars coal, and reduced to the fractional part of the past participle "has been," and now these figures appeared to be correct 188,888,888,888.

Now by taking 188,888,888,888 and multiplying the same by the number of miles you get per gallon

with your Ford and add the number you say you get, plus the number of times it is necessary for a coal collector to call on you before he gets his money and subtract the size of your No. 11 shoes from the remainder and the result is 199,999,999,981.

Now, as my paper is about to run out, it is necessary to add the size of your hat, 6 1/2, plus the size of your head if you have a big car, 8 1-4, then deduct the average number of falsehoods you tell your wife a day, 85, and the result is more than our scientific friend says it is.

OIL NEWS

(Sterling City News)

The drilling site for the California Company's new well is located in the center of the S. E. quarter of section 288, block 2, H. & T. Ry. Co. The new well will be 3-4 of a mile north of the town limits. A road leading to the site is being built in anticipation of the arrival of the material and rig, which are en route to this place.

Collins' No. 1 on section 3, block "W" T. & P. Ry. Co., 6 miles east of here, is underreaming to set casing at 1930 feet.

Deep Rock Clark No. 1 on section 17, block 15, H. & T. C. Ry. Co., is drilling around 1330 feet.

We are unable to give location of the new well which is proposed to be drilled five miles east of here in the vicinity of the Mann ranch.

Drilling temporarily suspended at

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of gripe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv) Colorado Drug Co.

Hyman well No. 1 on section 88, block 29, W. & N. W. Ry. Co., at 3,450 feet.

The Cedar Hill well on Section 53 block 2, H. & T. C. Ry. Co., 13 miles northwest of here, is drilling in hard lime around 3,000 feet.

The Sloan-Owen well on section 113, block 29, W. & N. W. Ry. Co., 23 miles northwest of here, is setting casing at 635 feet.

The Sparkman well on section 34, block 30, W. & N. W. Ry. Co., 20 miles west of here is drilling in hard lime around 2300 feet.

Roxana Clark No. 1 on section 5, G. C. & S. F. Ry. Co., is drilling in hard lime around 1950 feet.

The drill is nearing 3100 feet in Durham No. 1, 1 1/2 miles south of town.

Durham No. 2 continues on the pump is making about ten barrels per day.

AT THE DODGE GARAGE Back of the City National Bank

Although many people remember when the first oil well was drilled, petroleum has been known and used since early times. Herodotus, writing about 450 B. C., tells us petroleum pitch was mixed with clay to make mortar for building walls of Babylon. At the time of Julius Caesar the Egyptians used petroleum asphalt in embalming. Thru the ages it has been used as a medicine both internally and externally. Since the middle ages it has been used for lighting and lubrication. First use was a dry cleaner about 1750.

SOCIETY ITEMS

Shower

Intimate friends and Circle One of the Baptist church joined in paying pretty compliments in the form of a double shower to the recent brides of the church, Mrs. Raymond Murphy, nee Stoneham, and Mrs. Tom Terry, nee Cooper. The affair was held in the pretty new home of Mrs. F. E. McKenzie, corner Walnut and Tenth streets. The receiving line was composed of the honorees, Mesdames C. H. Lasky, W. M. Cooper, W. H. Stoneham, Tab Pritchett and Connor Murphy. Mrs. H. C. Landers greeted the guests at the foot of the line. When all had arrived the brides were told that they must be blindfolded then they were told to follow the pathway by means of ribbons. In this, they were assisted by Misses Elizabeth Terrell, Gladys Womack and Virgilia Welch. At the end of the journey, each found many treasures for the new home and for personal use.

Miss Mary Terrell toasted the mothers, Miss Violet Moeser, the brides and Miss Virgilia Welch, the grooms. Throughout the afternoon Mesdames Guitard and Slagle favored with piano music.

Delicious light refreshments were served.

School Party

Miss Mary Terrell entertained one section of the Fifth grade of which she is room-teacher, Saturday a week ago. Punch and little cakes were served.

Shower for Bride-Elect

At the home of Mr. and Mrs. J. T. Pritchett on Friday evening, Misses Hazel Cook and Mary Terrell entertained most pleasantly for their former class mate, Miss Lillian Dorn, bride-elect of Mr. Dick Carter.

The house, lovely in all its appointments, was decorated with St. Patrick's Day symbols. On the curtains and in every nook were gruesome paper snakes, sob pipes and Irish hats.

Mrs. Pritchett received the guests at the door, near her were the hostesses, Mrs. J. W. Dorn, the honoree, Mrs. M. Carter, Miss Gladys Dorn and Mrs. Chas. Mann, Jr.

Mrs. Lewis Collier gave a toast to the groom, Miss Clippie Bennett, one to the bride, and Miss Hazel Costin, to the girls left behind.

Then followed a short program with Julia Mae Root in a little fan love story. Maxine Dorn gave "My Sister's Best Beau." Mrs. A. B. Blanks read an Irish Romance. Alice Harryman dressed in Irish costume danced.

Then, Master Louis Levinson, in a St. Patrick suit, charmed the bride elect by a beautiful violin solo. He then presented her with a hug Irish hat filled with gifts from the many friends present.

Punch and white cake with shamrock trimmings were served from a table on the center of which was a shamrock. From this, extended green ribbons to the corners where Irish hats were placed.

Carter-Dorn

A pretty wedding was that when, at seven Sunday morning, Mr. Dick Ware Carter and Miss Lillian Dorn were married at the home of the bride's parents, Mr. and Mrs. J. W. Dorn.

The color scheme of the decorations was green and white, and throughout the house, here and there, were handsome ferns and vases of cut flowers.

At the appointed hour, Miss Mary Terrell, played the ever-beautiful, Lohengrin's wedding march which announced the approach of the bridal party. Miss Terrell wore a pretty white ensemble suit, with hat and accessories to match. Her corsage was of pink and white carnations.

The bride, attended by her sister, Miss Gladys Dorn, was lovely in a desert colored georgette and harmonizing accessories. Her bouquet was of sweet peas and tiny rose buds. Her maid of honor was attired in an ashes of roses shade georgette with accessories to match. Her bouquet was pink carnations.

Advancing from the dining room and nearing the triple windows in the parlor, the bride and her maid met the groom and his attendant, Mr. Jack Helton, both in conventional black. Here before an improvised altar of greenery, Brother Lawlis, of the Methodist church, pastor of both contracting parties, said the marriage service. The popular couple left immediately for a trip to Fort Worth and San Antonio.

Mr. and Mrs. Dorn served chicken salad sandwiches, olives and coffee to the guests which were the members of the two families and a few intimate friends. They were assisted by Miss Lena Smith Mann, Mes-

dames Huron Dorn, Byron Dorn and Charles Mann, Jr.

On the dining table and forming a pretty centerpiece was the bride's cake in horseshoe shape, embellished with shamrocks.

Mrs. Carter is a graduate of Colorado High School and has attended both S. M. U. and Canyon.

Mr. Carter is the youngest son of Mr. and Mrs. M. Carter and associated in a business way with the Carter

Motor Co. His grand parents were pioneers of the county.

Upon their return, Mr. and Mrs. Carter will reside at the Mirt Taylor residence.

Miss Edna Chrisman of Arlington, was an out-of-town guest.

Harmony Forty-Two

The Harmony Forty-Two club met Tuesday with Mrs. Lewis Collier. St. Patrick's Day decorations were

used, even the score cards being in green and white. The guests, beside the members were Mesdames A. E. Madden, A. L. Madden, T. W. Stone-road, J. H. Greene, Ledger Smith, Key Hooks, Claude Hooks and Bill Taylor.

The hostess served chicken salad, potato chips, olives, crackers, divinity cand., and limeade. On each plate was a shamrock favor.

Until there is an abatement in the

epidemic of sickness this club will hold no further meeting.

CARD OF THANKS

We wish to express our thanks for the many acts of kindness of our many friends of different communities during the recent sickness and death of our dear wife and mother, and grandmother.

When such trials come to you we hope to deem it a privilege to miti-

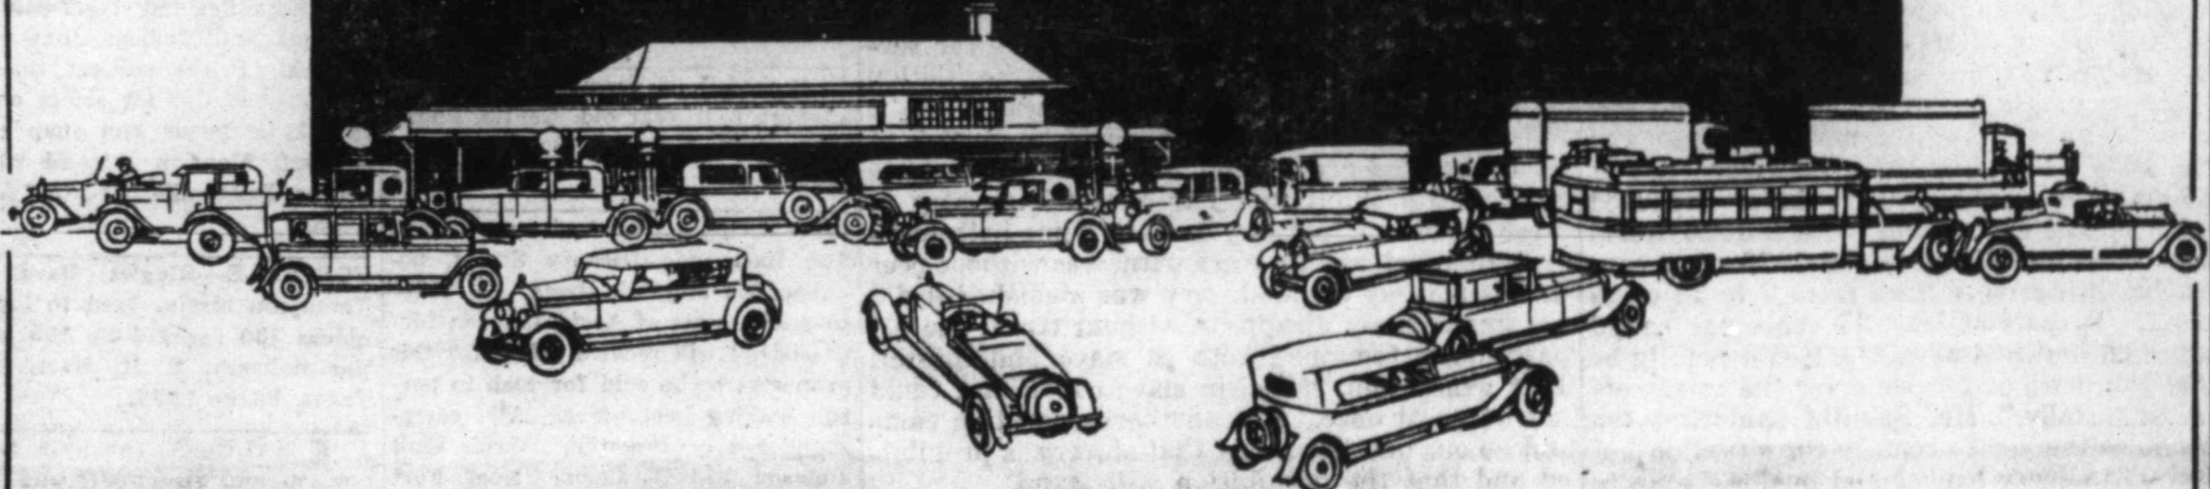

gate your grief.—F. M. Thompson, Mr. and Mrs. J. M. Thompson and family, Mr. and Mrs. A. H. Thompson and family, Mr. and Mrs. C. J. Thompson, Mr. and Mrs. A. H. Thompson, Mr. and Mrs. G. W. Hamrick and family, Mr. and Mrs. J. W. Harris and family.

There is higher priced Auto Oil but none better than Supreme-~~XXX~~ handled by all leading garages.

The **ORANGE** gas
at the sign of the **ORANGE DISC**

Stops carbon knocks

It gives us great pleasure to announce NO-NOX our new Motor Fuel. NO-NOX is the product of many months of exhaustive, scientific and chemical research by a staff of our own skilled chemists, infinite care being given to all details to insure the absolute perfection of NO-NOX Motor Fuel. Strenuous nights and days were spent in our thoroughly equipped laboratories by these scientists before NO-NOX Motor Fuel was perfected. Hard grilling road tests followed to develop any weakness overlooked in the laboratory, and we are now ready to offer the most efficient anti-knock fuel in the world.

Manufactured in one refinery under the same skillful supervision and from the same grades of crude, it is continuously uniform which means much in carburetion. When the carburetor is once properly adjusted it requires no further

change—care should be taken to see that the mixture is not too rich as NO-NOX works best with a thin mixture, thus insuring economy. With NO-NOX, perfect combustion takes place at just the right position of the piston head which entirely does away with carbon knocks or motor detonation—promoting greater efficiency of the engine, smoother operation of the car on the road, in traffic, and especially on heavy grades.

This wonderfully efficient gas is *guaranteed* to be *Non-Noxious, Non-Poisonous* and no more harmful to man or motor than ordinary gasoline.

NO-NOX is priced only three cents per gallon higher than *That Good Gulf Gasoline*.

Drive to the nearest Gulf Service Station and try it out. It is readily distinguished by its color.

GULF REFINING COMPANY

RAINFALL FOR COLORADO FOR LAST NINETEEN YEARS

Table with columns for Year and months (Jan, Feb, Mar, Apr, May, June, July, Aug, Sep, Oct, Nov, Dec) showing rainfall data from 1904 to 1925.

THE COLORADO RECORD

OUR MOTTO: "KEEP BOOSTING." Official Paper of Colorado and Mitchell County. Published in Colorado, Texas, at 110 Walnut street, one door south of the Postoffice...

MORNING COTTON FORETELLS DISASTER. Everywhere throughout the State, it seems may be heard the echoes of the campaign to influence cotton reduction on the farms and devote more attention to cultivation of a diversified crop.

A precipitated drop in temperature was recorded at Colorado Thursday, and late in the afternoon indications suggested a still further drop in mercury readings for the night. Some fear of safety of the fruit crop was expressed.

New property valued at \$395,000 is under construction in Colorado, according to figures made public Wednesday at the chamber of commerce.

ARE AMERICANS "MODERAE" DRINKERS?

The forces which are befogging the liquor issue in this country forget recent history. Their appeals in favor of the "moderate" use of alcohol ignore the fact that it was the excessive abuse of alcohol which brought about the reform in this country.

Another thing which "wet" men pretend to forget is the treachery of the same liquor forces which now plead for restoration. The true story of this has been told, so far as we know, in only one place, namely, Aspects of Jewish Power in the United States.

Now that the first car of gilts have been delivered and proven entirely satisfactory to those purchasing them, we should become more determined than ever to stock the farms of Mitchell county with hogs.

The Southwest Exposition and Fat Stock Show now in session at Fort Worth, is the best ever held according to visitors to the show from Colorado.

Another million dollar hotel is to be built at Mineral Wells, according to announcement made at Fort Worth. A few weeks ago the Mineral Wells Chamber of Commerce announced that the Baker Hotel Company had contracted to erect a million dollar hotel in the resort city.

There should be not less than one hundred farm boys entered in the Mitchell county farm diversification contest, recently announced by the chamber of commerce. The growing of feed and forage crops is in direct line with the campaign to produce more pigs, hens and cows on the farm.

The Record continues to grow with Colorado. For the past several weeks we have issued sixteen and eighteen pages, filled with live news stories dealing with the development of this city and county.

Colorado Manufactured ice will go on sale here within the next few weeks. Colorado is among the few cities in Texas of five thousand population not to have its own ice factory.

FOR SALE—One Percheon stallion Good work horse. Also one Jack. Both for sale. Terms. See Landers Bros.

BUFORD BULLETIN

Brother Johnson the Methodist pastor of Dunn will preach the second Sunday. Come on everybody, lets go.

Mrs. Oscar Hammonds and children, Mrs. Cullen Powell, Grandfather Powell and Mr. Bryant Powell visited Mr. and Mrs. Geo. Ross on the Plains last week, and to attend the wedding of their brother, Rocelles Powell. On the return home they happened to the misfortune of turning the car over. Some of the family received injuries but not serious.

Mrs. Della Stell and family of Colorado spent the week end with her mother, Mrs. M. McGuire.

Mr. and Mrs. W. L. Lindsey are visiting their daughter, Mrs. Jim

Jones of Midland.

Mrs. Will Warren, Mr. and Mrs. Tom Gamble and Mr. and Mrs. E. Simpson visited in Claude Casper home Sunday.

Mr. and Mrs. Key Hooks spent Sunday with Mrs. Essie Blackard.

Mrs. W. H. Bodine of Colorado visited in home of her son Lenn Sunday.

Mrs. Tom McGuire and little daughter, Vernelle has been very sick this week.

Miss Lottie Lue Prentice spent Sunday with Miss Aldred Bodine.

The Buford grammar school basketball boys and girls played Colorado grammar school boys and girls Friday afternoon, score eleven to two in favor Buford boys, six to two in favor Buford girls.

UNION UNITS

No special news only things generally moving along very nicely. The general health of this community very good no sickness at all of any note.

The farming interest is about up

to date, had very good rain last night came while I was sleeping therefore can't tell how much.

I haven't been going to school much here of late but think our school is doing good work. We are behind with our Sunday school work very much to be regreted hope to improve in the near future.

Say, Mr. Editor, let me tell you about that negro preacher. He was instructing his people concerning the children of Israel crossing the river and said "While we all nose dat de water flows down stream, but in dis case it seem dat it flowed uphill." One young elick rose up and said, "Hey, pa'son dats again de law of gravitation." "You sit down young man an keep quiet, ah'll dis dat I'm talking bout happened three thousand years befo de law of gravitation was eber passed."

Oh has the hogs ever come in, if not tell Bro. Atkins to go meet, please. We are getting anxious for we are not as a man said once, that he had plenty meat for the present year and plenty hogs for the next year but the Lord only knew what he would do for the next year.

STAR ROUTE CONTRACT LETTING

Recent bids submitted to the department for carrying the mail on the route from Colorado to Cuthbert, Texas, six times a week and to Ira three times a week were unsatisfactory.

The Fourth Assistant Postmaster general will receive bid until April 5, 1926, for carrying the mail on this route, and parties interested may see bulletin on board in the lobby of the postoffice at Colorado, Texas.

The Fourth Assistant Postmaster General will receive bids for carrying the mail for a term of four years beginning July 1, 1926 on a route from Colorado, Texas, by Dunn, Ira, Knapp to Union School House (n.o.) 46 miles and back six times a week. Bids will be received until April 13, 1926.

Parties interested in bidding on this route will find advertisement on bulletin board in the lobby of the post office at Colorado Texas.—R. S. Brennand, postmaster.

All blankets and comforts at Jones Dry Goods Co., at absolute wholesale cost for Friday and Saturday only.

NOTED STOCKMAN PASSED AWAY TUESDAY MORNING

Colonel Clabe W. Merchant, 89 years old, known far and wide as "The Father of Abilene" died at 10:30 a. m. Tuesday at his home in Abilene after an illness of several weeks.

Colonel Merchant was one of the best known pioneers in Texas. Confederate captain, early-day cattleman and townbuilder, he played a major part in the great drama having to do with the conquest of West Texas in the early days.

With his twin brother John D. Merchant, associated with J. T. Berry and John N. Simpson, Colonel Merchant bought 1,700 acres of land where the city of Abilene now stands and succeeded in inducing the Texas & Pacific railroad to establish the town when that road built into this section. The town lot sale took place in this month in the year 1881. For many years Colonel Merchant had been affectionately called "The Father of Abilene."

OVER MILLION TO GO IN PERMANENT FUND, IS DECIDED

AUSTIN, Tex.—Oil royalties from University of Texas lands go into the permanent building fund as a result of the ruling of the Texas supreme court today. In the mandamus proceedings of the board of regents against W. Gregory Hatcher, state treasurer, the writ was granted and the act of the 39th legislature placing the royalties in the available building fund was held unconstitutional.

This decision involving exactly \$1,594,562.15 of oil royalties from lands in Reagan county, settled a controversy of long standing between Comptroller S. H. Terrell and Treasurer Hatcher. Hatcher held that the funds should go into the available fund according to the statutes and Terrell abided by the attorney general's ruling that the new law was unconstitutional. About \$1,552,000 has been held for a year in this litigation.

OVER MILLION DOLLAR ROAD CONTRACT

AUSTIN, Tex.—Highway construction contracts involving expenditure of \$312,819.94 were awarded today by the highway commission.

After an all-day session behind closed doors, the commission announced that contracts for resurfacing 416 miles and calling for expenditure of more than \$2,000,000 will be awarded Tuesday at 10 o'clock. A large number of contractors, who bid on the resurfacing work, have been here since Monday awaiting announcement of awards.

Construction contracts calling for the expenditure of a total of \$1,240,683.33 in Clay and Liberty counties were awarded today by the state highway commission.

The Thurber Construction company of Fort Worth, bidding jointly with General Construction company of Fort Worth, was awarded contracts for two Clay county projects. For 14 miles of hard surfacing on Highway 5, the company will receive \$340,811.36 and for 19.5 miles of hard surfacing on highway 50 the sum of \$480,651.97.

F. P. McAlrath of Corsicana will be paid \$419,220 for laying 16.5 miles of concrete and 5.5 miles of shell roadway on highway 3 in Liberty county. This is known as the Beaumont-Houston highway.

Contracts for resurfacing 416 miles of bituminous asphalt highways in North Central Texas, are scheduled this afternoon.

The state, represented by Assistant Attorney General R. B. Cousins, Jr., today filed answer to the mandamus proceedings brought by the American Book Company to compel S. M. N. Marrs, superintendent of public instruction to recognize its \$550,000 contract and submission of oral argument before the Texas supreme court was postponed until Friday.

Postponement was made in order to give W. A. Keeling, attorney for the company, time in which to study the answer. Indications were that the report on the suit to be filed by the attorney general in district court to cancel the contract would be withheld until after the supreme court acted on th epetition for mandamus.

HOGS

W. S. Cooper, the copy man on The Record was out of town part of the week and when he did arrive, got mixed up with a car load of hogs, so copy being somewhat shy the manager asked an intelligent looking clerk in one of the leading dry goods stores to get us up some dope and here is what he wrote:

A lady went down town the other

morning to buy a spool of thread to match a piece of cloth she carried over from pre-war days. She kept 26 clerks busy 30 minutes in 22 stores, and then raked out the merchants because they didn't carry a complete stock.

But merchants say that women are easier to please now than they used to be. Some women buy shoes these days and they don't go back and exchange them but five or six times before they become fairly well satisfied.

I sold shoes once. When a lady called for a number 3 I took a bird's eye view of her hoof and got down a five and sent her away rejoicing. Funny thing, ain't it, that all women crave small shoes—even tho their feet be large.

And bless their dear souls, when they use to come into the store wanting to buy a corset, all pinked up with blushes of shame and embarrassment and put off the evil moment to ask for it until nobody could hear or see her thusly engaged.

But its different now. They don't wear corsets, but they wear other things just as private. They friek into the store and call for 'em in plain English and if they are not of the latest design and done in fancy silk you get balled out for carrying junk.

And boys ain't boys no longer. They perambulate down the street bareheaded with britches legs big enough for laundry bags, with their socks hanging down over their slippers and their shirt tails out. They don't know any more about making a living than Aristotle knew about the shimmy and the Charleston.

I had a friend once that used to spend a few nights with me every month if I happened to ask him to do so. I loaned him 5 dollars year before last and I have not seen him since. After all that was a good investment.

SOCIETY
Standard Club
 The Standard Club met Friday with Mrs. C. M. Adams Corner Chestnut and Fourth streets. The program was on Mexico, with a paper by Mrs. Sherwin. The hostess served a two course luncheon. Mrs. S. T. Shropshire was a guest.

1921 Study Club
 The 1921 Study club met Friday last with the president, Mrs. C. R. Earnest. The program on the Tudor Period furniture Mrs. R. P. Price was leader. The roll call was "Bring Cutout of Chair of Period." Mrs. Harry Ratliff gave a discussion of the Elizabethan Period, while Mrs. Fred Carey gave one on William and Mary Period. Two papers, Jacoban period and Queen Anne of this period were omitted because of the absence because of sickness of the members to whom they were assigned.

The hostess took her guests to Crosthwaite's where sandwiches, coffee, ice cream and cake were served. The next meeting will be with Mrs. Lewis Collier with the lesson, Georgian Period.

Episcopal Church
 Reverend Stedman has made a change in his Lenten week-day services here in Colorado. He will hold two services each Thursday (instead of Friday as previously announced) one at 10 a. m. (Holy Communion) and the other at 7:30 (Literary and Sermon).

Reverend Stedman presented a class for confirmation to Bishop Seaman in Sweetwater last Sunday. Bishop Seaman has announced the date of his visitation to All Saint's Mission, Colorado, as May second.

Missionary Auxiliary
 The Missionary Auxiliary of the Methodist church met Monday with Mrs. Randall. Mrs. Lewis Elliott led the lessons from foreign missionary book and scriptures. The hostess served delicious refreshments. Mrs. Harry Ratliff will entertain next week.

Home Makers Club
 The Home Makers Club met Friday with Mrs. Lester Mannering. A program was given. Delicious refreshments were served.

Christian Aid
 The Christian Aid met Monday with Mrs. J. E. Chase. An outstanding report of the business session was that of the full payment of the Aid's pledge for the newly constructed minister's home. The women gave a goodly sum to the work, and are justly proud of the cancellation of the obligation. It was decided to meet twice a month at the parsonage, divided in groups of two and make social calls on the new citizens in Colorado.

Delphian Club
 The Delphian met Thursday with Mrs. A. B. Blanks. Mrs. Merritt led the program on Venetian artists. The hostess served a salad, candy and coffee. Mrs. Merritt is the next hostess.

U. D. C. To Meet
 There will be a meeting of the U. D. C. at the home of Mrs. R. N. Gary, next Tuesday, March 16, at 3:30 p. m. The program will be from the annual.

Civic League
 The Civic League met Saturday in the County Library. Owing to sickness of several of the members, very few were present. The officers who served last year were re-elected. The list is as follows: Mrs. J. G. Merritt, president; Mrs. Roy Dozier, vice-president; Mrs. A. L. Whipkey, recording and corresponding secretary; Mrs. Boyd Dozier, treasurer.

It was voted to pay District Federation dues of \$1.00. Mrs. Boyd Dozier was elected delegate to Cisco meeting, with Miss Margaret McComas as alternate. Fifty cents in dues was received.

It was voted to give \$5.00 to county librarian salary.

A letter from Farm and Ranch, asking league to sponsor its contest on essay writing with subject 'Trees' in the schools. The League voted to give letter to superintendent of schools.

A letter from the State Board of Health announcing the week from March 28 to April 3 as clean-up. The League will foster the movement. The league will also sponsor the better homes week in May.

Auxiliary to Legion to Meet
 There will be a meeting Saturday afternoon at 4 p. m. at the Hut of the auxiliary to legion. A full attendance is desired.—Mrs. J. G. Merritt, President.

Hesperian Club
 The Hesperian club met Friday with Mrs. W. L. Doss, an honorary member. Mrs. Bandy gave an original manuscript, "History of the Quakers" and Mrs. J. Ralph Lee gave another one "Shakespeare Up-to-Date." The lesson was on second division of Alice Adams, led by Mrs. V. V. Shropshire. Mrs. Lee and Mrs. Edgar Majors gave papers on "Products of Environment," while Mrs. Shropshire and Miss Jones, gave papers on "Products on Hereditary." It was voted to send messages of love to sick members.

The hostess served ice cream and cake. Mesdames Oscar Majors and Byron Byrne were guests.

Bridgettes
 Mrs. Henry Vaught was hostess to the Bridgettes on Thursday last. There were three tables of bridge. Her guest-list, besides the members included Mesdames, Duhon, of New Orleans, and Chas. Mann, Jr. The hostess served banana nut ice cream topped with a green cherry. On each plate was a St. Patrick Day favor.

Shakespeare Club
 On account of prevalence of sickness among the members, there was no meeting of the Shakespeare club this week.

HOME
 More Homes for Colorado

WHOSE HOME?—Did you ever realize how much rent you pay, and then realize that with the same money you could be living in a home of your own, and within a few short years have it paid for like paying rent?

Very few people ever save from their earnings a sum sufficient to build the home they need, without a loan.

Many thousands of dollars have been advanced during the past year to build homes in Colorado, and many thousands more will be advanced during the present year.

DO YOU HAVE A GOOD HOME, BUT—IT NEEDS REPAIRS?
 If so, loans can be made for making repairs—why not make your home attractive? Paint, paper, a new room, sleeping porch, a new roof, or other similar improvements will work wonders to a home you may now have.

VENDOR'S LIENS—Is there a lien against your home, with notes payable annually, in sums larger than you can easily save and pay? Or in such a manner that it would be easier for you to pay, if smaller amounts were payable monthly?—Those same notes could be taken up by a loan, and the debt converted into a monthly payment basis, and at the same time save money for you.

If you plan to build a home in Colorado, or desire to make improvements, or wish to convert a vendor's lien into a monthly payment loan, don't hesitate to discuss the situation with me. I can give you the very best loan service to be had. The loans handled through my office are placed with the Dallas, Texas, office of the United States Savings Bank of Detroit, Michigan. You will not be required to buy any stock, you will not have any cancellation fees, or retirement fees—the loan plan is simple, and is reputed to be of less cost to the borrower than any other loan for home building obtainable in the State of Texas.

**The Telephone is
 Fifty Years Old**

To-day, 290,000 Bell System employees all over the United States are wearing the emblem pictured above in commemoration of the fiftieth anniversary of the telephone. Over 6,500 men and women telephone employees are displaying this pin in Texas.

The first telephone conversation was held on March 10, 1876. Alexander Graham Bell, the inventor, spoke the first words heard over the telephone to his assistant, Thomas Watson.

The telephone transmitter used by Dr. Bell in 1876

SOUTHWESTERN BELL TELEPHONE COMPANY

OIL DEVELOPMENT IN THIS SECTION

Three drilling crews are on the job at the A. Mascho Calder No. 1, on the Marland oil lease, about seven miles east of Garden City and according to the best information we can get this test is around 1,000 feet.

Drilling operations have been at a standstill at the Deep Rock Oil Company's Hyman No. 1 on section 88, block 29, W. & N. W. survey. Drilling near the 3,300 foot mark is to be continued according to information received this week.

Progress on the Owen & Sloan test on section 113, block 29, W. & N. W. survey on the Otis Chalk ranch in the southeastern portion of Howard county, has been retarded by caving formations. Clearing out was completed Wednesday and drilling has been resumed at the 1,000 foot mark.

The tools lost in the Trans-Continental Oil Company's test well on section 100, block 29, W. & N. W. survey, about 14 miles southeast of Big Spring, were recovered last Saturday, and drilling has been resumed.

A great amount of water encountered near the 800-foot level has given the drillers quite a lot of trouble.

We understand that the lease of the trustees of the General Oil Co. on a large tract of land in the L. S. McDowell ranch, 20 miles south of Big Spring, expired the latter part of February. Several big oil companies are now seeking these wells on the pump for several years and will continue to produce when cleaned out and looked after.

Everything is moving along in fine shape at the Odward & Hoover Sparkman No. 1 on the Sparkman ranch in Glascock county. Casing has been set and they are now drilling in a hard gray lime around 2,200 foot mark.

With a dry hole and everything going smoothly they will be able to average about 25 feet per day. This stratum of lime is expected to be from 400 to 500 feet thick.

So far as we are able to learn there has been no change in the status of affairs at the A. D. Neal test of Choate & Henshaw on the A. D. Neal ranch in Glascock county.

While drilling operations were suspended when the drill had reached a depth of 2,500 feet, the drillers are reporting for duty at the rig just as regularly as though they were working.

The O'Daniel No. 1 well in the eastern part of Howard county, has been making from 25 to 27 barrels of oil daily on the pump recently. It is believed the shot was set off in this well, some 680 quarts of nitroglycerine, was far too heavy and has resulted in the well producing less oil than it ordinarily would.

Choate & Henshaw, who drilled this test on a Marland Oil Company lease, are planning on drilling another test nearby, according to report.

The California Oil Company is said to have paid \$75,000 and contracted to drill two deep tests on the 21,700 acre ranch of J. T. Davis, near Sterling City. In addition thereof, they are to pay \$1.00 per acre rental on this tract.

It is thought the California Company thinks favorably of the geologists' theory that an oil bearing fold branches off the Marathon fold and extends through Sterling county and into the southeastern portion of Howard county. It is said shallow oil will be encountered in this formation.

Announcements of awards aggregating \$1,900,000 to claimants recently awarded leases and permits in the Red River oil field on the Oklahoma-Texas border, were made last week by Secretary Work. Among the claimants is the General Oil Co., of Houston, which was awarded the sum of \$318,000.

This award is to be paid as soon as the financial statement of operation is audited and approved by the comptroller general.

A number of Big Spring folks are interested in this settlement and will be glad that Uncle Sam will pay off before long.—Big Spring Herald.

THEY ARE DEMOCRATS (?) AGAIN

(From Brownwood Bulletin)
 Early candidates for public office all over Texas are distributing cards setting forth that their candidacies are subject to the action of the democratic primaries. It is the customary thing to do in Texas, for the primary is in reality the general election, and the candidate who hopes to succeed goes into the primary seeking a nomination which is equivalent to election.

It is too early, perhaps to begin discussing issues. But before the campaign is ended a number of candidates, whose cards indicate that they are democrats are going to be

asked some embarrassing questions by those whose vote they solicit. At least some of the candidates who are now proclaiming their democracy bolted the party and its nominees in 1924, and gave their support to the other parties and their membership; and it will not be the easiest thing in the world to shake off that record during the coming campaign. A vast majority of the real Democrats of Texas believe that party obligations are real obligations and they cannot be repudiated with impunity by those who would form the operation of the party's machinery.

There was an unusual situation in Texas in 1924, when the republican nominee for the governorship was given such a large vote—a situation so unusual that many old time democrats vowed that never again would they enter a democrat primary and voluntarily assume an obligation to support the party nominees. Many, no doubt, will remember their vow this year and will refrain from entering the democratic primary election; and for them one may have the greatest respect and even a measure of genuine sympathy. But there is a vast difference between that class of voters and those who bolted the party in November, 1924, but now plan to return and seek favors from the party in 1926. The ghost of a vote for Butte is going to arise to plague many a wouldbe democratic candidate this year.

It is every voter's privilege to participate in the primary election of any party, to be sure. No one should be damned forever because in the last general election he failed to vote the democratic ticket without a scratch. But the candidates who seek to offer himself for the approval of voters in a primary is under special obligations to the party and a failure to fulfill his obligations to the party in the last general election is evidence of that faith if he offers himself as an applicant for approval in a primary election this year. It is equivalent to say-

ing to the party. "I want to be your nominee this year, and have your united support in my race for public office, but I refused to support your nominees in the last election, although I had voluntarily pledged that I would do so."
 Our guess is that one of the issues in this year's campaign is going to be just that.

ing to the party. "I want to be your nominee this year, and have your united support in my race for public office, but I refused to support your nominees in the last election, although I had voluntarily pledged that I would do so."
 Our guess is that one of the issues in this year's campaign is going to be just that.

**Pains
 Very Severe**

"I suffered from womanly troubles which grew worse and worse as the months went by," says Mrs. L. E. Cantrell, of R. F. D. 3, Gainesville, Georgia.

"I frequently had very severe pains. These were so bad that I was forced to go to bed and stay there. It seemed to me my back would come in two."

CARDUI

For Female Troubles

"I taught school for a while, but my health was so bad I would have to stay out sometimes. This went on till I got so bad I didn't know what to do.

"One day I read about the merits of Cardui, and as I had some friends who had been helped by it, I thought I would try it. I began to get better after I had taken half a bottle. I decided to keep on and give it a thorough trial and I did. I took in all about 12 bottles and now I am perfectly well. I do not suffer any pain and can do all my housework."

All blankets and comforts at Jones Dry Goods Co., at absolute wholesale cost for Friday and Saturday only. 1tc

Billiken Show

The children of Colorado were guests at a free picture show on Wednesday afternoon at the Palace Theatre, with F. M. Burns and Company as host. The show was given under the direction of Mrs. Barker, a representative of the Billiken Shoe Company. The house was crowded to capacity, while on the outside more than a hundred children were turned away for lack of accommodations. The first part was a history of shoes from the beginning of time. While the picture on the screen, Mrs. Barker told the story in a delightful way. Questions on American History were asked, and readily answered, sometime in concert.

The second part of the program was a Charlie Chaplin Comedy, selected by Charlie himself as his best. Each child was loud in his praise of the show, and will not soon forget where Billiken Shoes are sold.

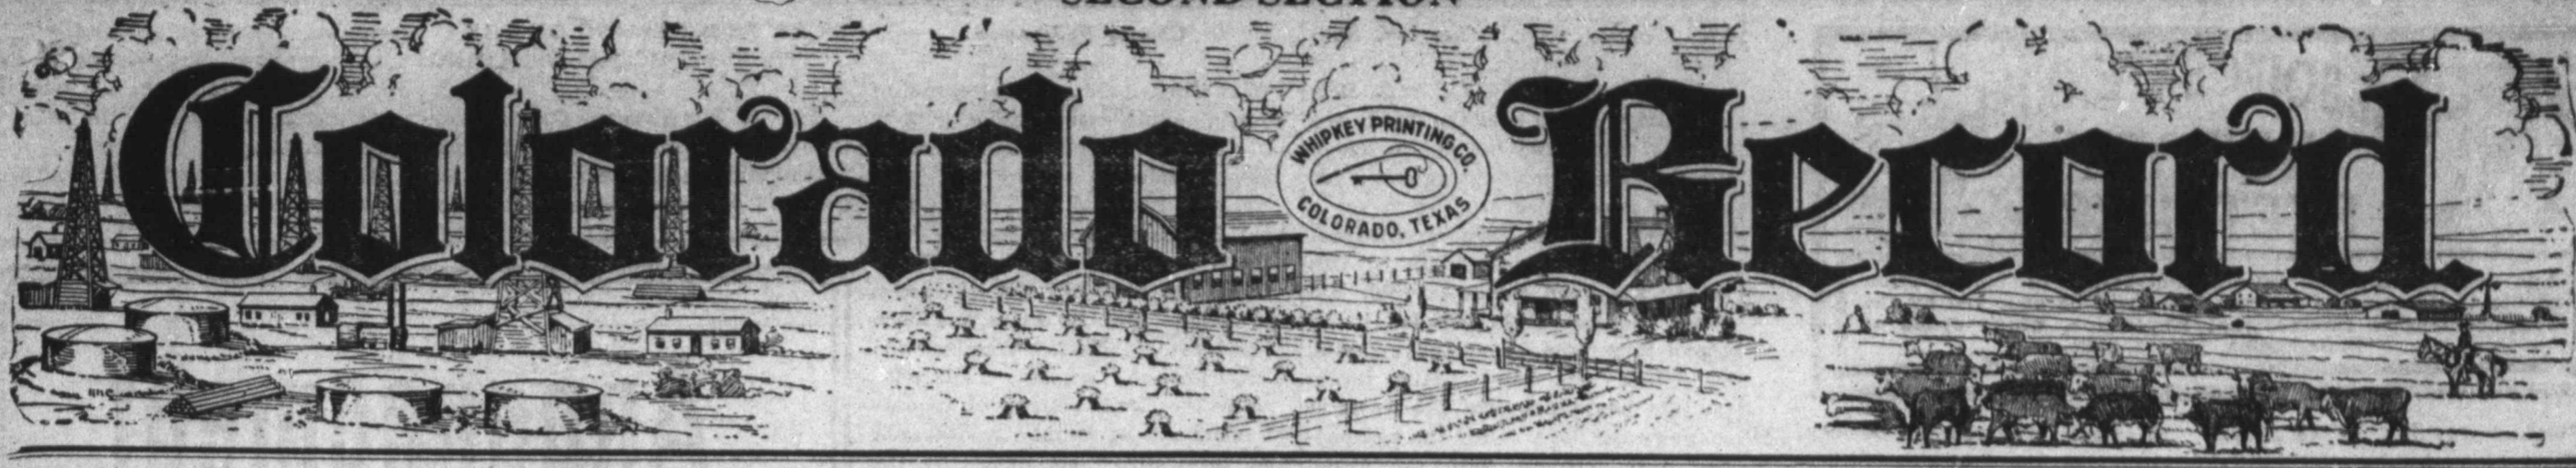

When out of gas or your tire is flat just call 42 our city car is equipped to take care of you. Canteen Service.

PROMINENT MISSIONARY TO ADDRESS PUBLIC HERE

DR. ROYAL J. DYE, WORKER IN AFRICAN INTERIOR, TO SPEAK TUESDAY

Dr. Royal J. Dye is one of the outstanding missionary speakers of America. His strength as a speaker lies in the fact that he himself, for many years was a pioneer missionary in the midst of difficult conditions in Central Africa; and the added fact that he has a rare gift of making his auditors see vividly the conditions of the native people and the transformation which comes when they are converted to Christ. He is in great demand as a speaker.

Dr. and Mrs. Dye were in the group which established the beginning of the work at Bolenge in the Belgium Congo, one thousand miles inland from the west coast of Africa. Together with E. E. Paris who had preceded them, Dr. and Mrs. Dye began work in Bolenge in 1899. They served until 1907 when Mrs. Dye was compelled to come home on account of broken health.

Following this Dr. Dye returned for one term of service on the foreign field alone. Having been attacked by germs of sleeping sickness, he, too, was compelled to return from the field. Since that time he has been a flaming torch for Africa all over America.

Dr. Dye was one of the pioneers in attacking the problem of sleeping sickness among the natives in Central Africa. He and Mrs. Dye also had much to do with the first work of reducing the language to written form from the native speaking dialect.

For many years Dr. Dye was the only doctor within 1,100 miles of the Congo river. The work at first was very difficult, and the influence of the witch-doctor very strong. With Dr. Dye's medical science, however, he was able to overcome the terror of witchcraft and after four years the first converts were baptized.

During the Dye's second term on the field the Christian Endeavor society was established and Mrs. Dye made the first grammar and first translation of some of the gospels. Following the second term on the field, Dr. Dye was instrumental in raising \$25,000 for building the mission steamer "Oregon", in order that the tribes in the back country up the tributaries of the Congo might be reached with the gospel message.

The early days were filled with hardships and dangers. The great majority of the people in the back country were cannibals, and as Bolenge is on the equator the climate was very difficult.

Dr. Dye was instrumental in establishing a great church at Bolenge which now has a membership of 2,000. He had introduced the tithing system among the new converts which has largely continued to this day.

The station at Bolenge was taken over from the Northern Baptists for a small sum in the beginning, and as the back country had not been explored, no one knew the extent of the territory occupied by the speaking tribe. Dr. Dye made some of the first itineraries and opened up the back country in many villages. A recent survey has proven that this territory is at least 400 miles in extent from the river and forms a triangle, with about one million people in it, with Bolenge at one end of the point.

A study of the development of the work in Bolenge and the station in the back country which has come from it is one of the most interesting and thrilling in missionary history. Dr. Dye is a master in his description of conditions in this remote district of the world and also in his portrayal of the power of the Gospel to save the lowest and most superstitious of the world's population.

Dr. Dye is a member of the Christian church and is being brought here under its auspices. He will speak at the American Legion Hut, Tuesday

DR. ROYAL J. DYE

STATE OFFICIAL CONTINUES PRAISE OF OUR SCHOOLS

Lee Hensley of Austin, field representative of the rural aid division, State Department of Education, completed his inspection of the rural schools of this county Wednesday after spending an entire week here with G. D. Foster, county school superintendent.

The official continues to speak in terms of praise because of the record made by the schools of this county. Mitchell county has recently attained the distinction of having every public school to meet every requirement as to buildings, equipment and course of study made by the department, he stated, a fact which should be the source of much pride among the patrons and general public.

"I have nothing to take back from the statement I made for publication last week," Hensley declared. "I said then and I now say again, that you have a splendid public school in Mitchell county, and I have found your teachers and school board officials to be efficient and well able to give you the best schools in the country."

The official paid his respects to the county superintendent, Foster, so Hensley stated, is recognized by the Department of Education as one of the best county superintendents in the State. "He is well qualified to head your public school system, and the good results obtained show that he is not faltering in his work."

TEACHERS HEAR ADDRESSES BY PROMINENT EDUCATORS

The March session of the Mitchell county teachers association, held at the Barcroft Hotel Saturday at noon was featured by inspirational addresses by Dr. J. W. Hunt, president of McMurry College, Abilene; M. H. L. Baze, superintendent of the Roscoe schools; Will Scott, county superintendent of Nolan county, and Lee Hensley, special field representative of the rural aid division, State Department of Education.

Dr. Hunt delivered the principal address, speaking from the subject, "What is Education?" He placed strong emphasis upon the need of character building in public school work. Dr. Hunt appealed for a more universal recognition of the Bible and its teachings in the class room and gave as his plea that the Bible be taught in the schools.

R. B. Norman, superintendent of the Colorado schools, presided as master of ceremonies. Attendance was good and teachers attending the banquet expressed keen satisfaction over the program rendered.

CONTRACTOR BEGINS WORK ON HIGH SCHOOL BUILDING

Excavations for the foundation and basement were started last week by Motz & Baldwin, general contractors to erect the new high school building. R. D. Fury and F. A. Sable of Dallas, representatives of the contracting firm, arrived several days ago to direct construction work.

evening, March 16th at 7:45 p. m. There will be no admission charge, and a most hearty invitation is extended to all to hear this great man speak.

J. E. CHASE, Pastor.

PRESIDENT BROWN FAVORS HOLDING FAIR THIS FALL

ANNUAL SHOW IS BIG BOON TO ENCOURAGING FARMERS TO DIVERSIFY

The Mitchell County Fair Association should not remain dormant and inactive according to Fred Brown, Loraine business man and president of the association. Brown declared Friday that in his belief there was no agency of such importance to the general public as the county farm and livestock show, and gave as his hope that the biggest fair ever staged in this county would be held in the Fall.

Mr. Brown stated that he was entirely in accord with those who had decreed that the ordinary street carnival must either clean house or be banned from recognition by the public. He stated, however, that he and other officials of the fair association realized the necessity of furnishing attractions of some kind and in the event the fair was held he would be in favor of contracting with such attractions as should without question have the good environ demanded.

Officials of the chamber of commerce have promised their cooperation to Mr. Brown and other officials of the fair association in the attempt to carry out a successful fair program at Colorado this Fall.

The fair would be especially advantageous in its application to lending encouragement to the farm diversified campaign now being fostered in this county.

"The best agency possible of obtaining to encourage production of a better type of livestock and farm products is available to us through the county fair," an official of the chamber of commerce stated. "When we have our club women and girls, along with the men and boys, vying one with the other to produce a better type of pig, baby beef, garden or field product, we are fostering an educational institution well worth while."

Mr. Brown stated that a meeting of the board would probably be called at an early date for the purpose of determining just what attitude would be taken on the suggestion to stage a fair in 1926.

TEXAS CONDITIONS GOOD, SAYS REPORT

DALLAS, Tex.—Record breaking volume of building activity and a marked improvement in the agricultural situation were balanced by a high mortality in business enterprises the federal reserve bank of Dallas announced today in its monthly review for this district.

Business failures were more numerous in January than for any month since December 1923 and the liabilities of the defaulting firms were substantially greater than in the preceding month and in the corresponding month of last year.

Winter rains and snows left an excellent season in the ground that greatly benefitted grain crops and ranges, said the report. Since the reappearance of fair weather small grains have made good growth and farmers have progressed rapidly with preparation of the soil for the 1926 crops.

The favorable outlook in the agricultural and livestock industries is greatly strengthening the sentiment in the business community but actual results are not visible. The annual distribution of merchandise reflected a gain over December but a considerable decline from a year ago.

When considering the comparison with last year, it must be borne in mind that trade at that time was at a high level. Reports indicate that both consumers and retailers in the rural sections are making purchases on a conservative basis pending a clear view of the future with special reference to the agriculture outlook. Department store trade on the other hand continued relatively large, sales of reporting firms reaching a seasonal decline of 49 per cent but were slightly larger than in January 1925.

COW AND HEN TO REIGN ON THIS MITCHELL CO FARM

SADLER WILL PLANT 25 PER CENT TO COTTON ON HIS FARM THIS YEAR

Still another land owner of Mitchell county has become "sold" on the farm diversification program of the chamber of commerce. He is A. J. Sadler, local agent for the Gulf Refining Company and owner of a good farm near the city. Sadler is so sold on the plan that he is inverting the general order of things and instead of planting a few acres to feed and mostly all cotton, will go in for just the reverse.

"I am so solidly sold on this idea of growing less cotton and more of the other staple products on the farm that the cow and hen will supplant cotton as the principal product on my farm," Sadler declared. "Cotton is going to be of secondary consideration hereafter. We will plant just enough acreage in cotton to require the attention of one man."

"With the taboo on cotton will come a big welcome to the cow and hen on my place. I am going to purchase from 500 to 1,000 pullets of a standard bred strain, from six to ten registered Holstein cows and several registered pigs. This will be done as a starter and I expect to see this starter increase from year to year until we are to have little, if any, room for growing cotton on my place."

Along with the new roles to be played by Sadler and his farm tenants, will come attention to feed and forage crops on the largest scale ever considered by him. Out of the total cultivated area of 160 acres, 120 acres will be planted to feed and forage crops this year. He has sixteen acres of sub-irrigated soil which is to be sown in alfalfa.

"Observation has conclusively shown me that such a combination on the farm is bound to pay and pay well," Sadler declared. "Just stop and consider for a moment what those 1,000 white leghorn hens are doing for V. V. Shropshire. I am informed that those hens are now laying \$16.00 worth of eggs every day."

FISHER CO. COTTON ACREAGE IS REDUCED

ROBY, Tex.—This territory received a slow, continual rain and mist for the last 36 hours, amounting to something like one-half inch fall. Coming slowly it was very beneficial to small grain and pasture lands, as well as pulverizing the farm land that has been prepared early for planting.

The greater part of the land has been flat broken in this county this year instead of the usual listing. A great many farmers have terraced their farms heavily this year and have followed with the flat breaking. While a large per cent of this county is so level and flat terracing is not needed, the county agent reports the greatest activity in terracing in the history of the county. This terracing and flat breaking will be followed by a greater per cent of the land being put in feed crops than has been here-to-fore.

The prospects now are that the acreage planted to cotton this year will be far below that of 1925.

WILLIAM J. BRYAN LEFT AN ESTATE OF \$668,303.74 VALUE

MIAMI, Fla., March 10.—Official appraisal of the estate of William Jennings Bryan filed in Dade county court yesterday placing a valuation of \$668,303.74 upon the properties of the late Commoner.

The larger portion of this amount was in real estate. The present Bryan home in Coconut Grove, known as Marymont, was valued at \$95,000 with other items, including life insurance \$12,647.52; household furniture, \$2,903.55; cash in bank \$6,827; stocks and bonds \$49,338.54; royalties, etc., \$1,992.80.

Judge and Mrs. C. H. Earnest and daughter, Mrs. Porter and her children motored to Snyder Sunday.

GOLF COURSE COMPLETED IN TWO WEEKS, IS BELIEF

Links at the Colorado Country Club will be completed within two weeks, T. W. Stonroad, president, announced Friday at the Lions club.

Stonroad stated that membership had climbed to eighty local citizens and twenty additional, raising to the goal of 100, was expected to be forthcoming.

Stonroad reported that a crew of Mexicans were clearing the fairways. Tentative plans for the proposed dam across Lone Wolf creek had been made, he stated.

COMMERCIAL FERTILIZER PAID IN EASTLAND COUNTY

George W. Briggs

The use of commercial fertilizer in Eastland county, Texas, especially on soils containing sand, has been proved eminently profitable during the past three years, according to County Agent Bush. Some three years ago Mr. Bush persuaded a few farmers to try out a total of 15,000 pounds of commercial fertilizer at the rate of from 100 to 200 pounds per acre. The results were so satisfactory that the next year, 1925, more than 300,000 pounds were used. This year over 333,000 pounds of fertilizer have been ordered by the farmers.

A large number of the farmers have kept records on their tests by leaving about three rows of cotton or feed unfertilized, about three times as much as an ordinary field. Then the cotton or feed was carefully gathered from the unfertilized rows, measured and weighed, and the same was done with the fertilized crop. It was thus easy to get at the results.

A number of farmers have reported during these tests that they have increased their yield by a third, some by a half. According to Mr. Bush, the net gain has run from \$13 to \$20 per acre. For example: F. A. Haynes, in the southwestern part of the county, fertilized seventy-two acres of cotton, leaving the required number of rows unfertilized. The fertilized cotton averaged a third of a bale per acre, and the unfertilized in the same field averaged one-eighth. John Lancaster used 150 pounds of fertilizer per acre. On rows 310 yards long, with fertilizer, he picked ninety-three pounds per row. On the unfertilized rows he picked fifty-six pounds.

W. J. Poe, in the western part of the county, increased his yield of maize by one-third by the use of 100 pounds. Troy Foley south of Eastland, used 200 pounds per acre on five acres of cotton, and produced 3,082 pounds of seed cotton. On ten acres unfertilized in the same field he raised 1,806 pounds of seed cotton. J. B. Hagan in the southeastern part of the county increased his yield of peanuts by fifteen bushels per acre by the use of 200 pounds of fertilizer.

The above instances can be multiplied many times. The greater part of this land has been cropped for many years; some of it is light sand, and some with various percentages of sand. It seems from these tests, however, that the heavier yields do not respond as readily as the lighter.

Another result of tests made is that the terraced land has responded to a much greater extent than the unterraced. During the past three years, under the supervision of the county agent, more than 125,000 acres have been terraced. The work accomplished through terracing and the use of fertilizer is arousing much interest in the county, for it is increasing the yield per acre, something much to be desired all over Texas.

Eastland county produced 22,000 bales of cotton, as over against 14,000 in 1924. A large increase has been made in the yield of feedstuff, peanuts, and truck. Much of this has been brought about through the work of the extension department of the A. and M. College.

Miss Katherine Buchanan left Saturday morning for New York City, where she will enter Columbia University.

GILTS BOUGHT BY LOCAL C. OF C. ARRIVE TUESDAY

CAR SHIPMENT IS EXCELLENT SPECIMEN OF HOG FLESH EXPERTS DECLARE

The first car of hogs to be delivered in this part of West Texas under plan of the West Texas Chamber of Commerce to make of this territory the home of the "cow, sow and hen", were unloaded at Colorado Tuesday. The pigs, after a journey of six days from Sioux City, Iowa, arrived in the local Texas & Pacific yards early Tuesday in excellent condition.

"That is about the best car of hogs I have ever seen anywhere," was the statement of George Plaster, considered an authority on hogs, after he had inspected the animals here Tuesday morning. "They are all we could have expected and every farmer fortunate enough to have claim to one or more of the pigs is elated," H. L. Atkins, county farm agent declared.

A representative of the Fort Worth Stock Yards Company, Fort Worth, through whom the pigs were purchased, accompanied the car en route from Wichita, Kansas, to Colorado. He gave special care to the porkers and they arrived at their destination in the best of shape.

"I am making the prediction that another car of these pigs will be bought by the farmers of this county without delay," Atkins stated. "At least a score of farmers who did not have orders in the car inspected the pigs Tuesday morning and were profuse in their praise of the fine quality of the animals. Most of these men expressed regret that they did not order."

Col. C. C. French, field representative of the Fort Worth Stock Yards Company, and who personally visited Colorado a few weeks ago to lend his cooperation to the chamber of commerce and Mr. Atkins in getting up the car, expressed keen satisfaction Tuesday afternoon when informed by telephone that the farmers here were well pleased with the pigs. "I knew that your people would be delighted with those pigs," Colonel French stated. "I gave the order my personal attention and I knew that my request, along with yours, that the animals be the best possible on the Sioux City markets, be shipped to Colorado would be carried out."

In the shipment was sixty eight gilts and two males. Each of the gilts are bred to registered sires and every one of the pigs are from registered Poland China stock. The pigs were furnished the farmers at actual cost, a price placed at \$30 each for the males and \$26.80 for the gilts. Estimate of the chamber of commerce on the gilts had been between \$25 and \$28 a head.

Homer D. Wade, Fort Worth, assistant manager of the West Texas Chamber of Commerce, after learning that the pigs had been delivered here Tuesday, wired his congratulations to the Colorado Chamber of Commerce and the county agent for cooperating with the farmers of this territory in stocking pedigreed hogs.

"It is indeed a fine thing for you to do," Wade stated "and it is in keeping with the usual Colorado spirit to do the right thing in the right way. May Mitchell county continue to prosper."

RANGE CONDITIONS AT MIDLAND ARE BETTER

MIDLAND, Tex.—Range conditions in the Midland country have been greatly helped by the recent light rains. Grass is already showing greener and weeds are springing up. Ranchers say they could have done without rain much longer, but with this rain and more soon, cattle will get so fat they can, in some cases, be shipped direct to the packers without stall feeding.

Mr. and Mrs. Ross D. Dixon and E. E. Parkhurst returned Sunday from a business visit to Dallas.

SESQUICENTENNIAL HISTORY SKETCHES

The one hundred and fiftieth anniversary of the adoption of the Declaration of Independence will be observed by the Sesquicentennial International Exposition, which opens at Philadelphia, June 1, 1926.

Stephen Hopkins, Rhode Island
Many a man's place in history is founded upon a sentence in which he struck the current nail on the head. "Don't fire until you see the whites of their eyes," "Give me liberty or give me death," and "I have not yet begun to fight," have proved the touchstones of undying fame for their authors.

Among the signers of the Declaration of Independence, the one hundred and fiftieth anniversary of which will be commemorated by the Sesqui-Centennial International Exposition in Philadelphia this year, was Stephen Hopkins, of Rhode Island, whose remark upon appending his signature to the historic document deserves more fame than it has won.

"Sir, your hand trembles," challenged a bystander as Hopkins with unsteady hand, took up the pen to sign the Declaration.

"True, sir, but my heart does not," was the reply.

He was nearly seventy years of age, but his answer made no apology for physical disability. That his spirit was indomitable in spite of obstacles is evidenced in the accounts of his life. He was self-taught, but in time came to be Chancellor of Brown University. He was bred a farmer, but served as Governor of Rhode Island for a number of terms. He did not find public life incompatible with study. He left the farm

to engage in mercantile business and surveying, the first steps in a career which was to lead him into Colonial prominence.

Being advanced in years during the stirring times of 1775-76, he was able to give to affairs of the Colonies the accumulated wisdom of a man who has passed through strenuous political history. He was a clear and convincing speaker, and used his influence in favor of decisive measures. He was a member of the committee which drafted the Articles of Confederation.

Hopkin's first public office was that of Justice of the Peace. He later was a member of the Rhode Island Legislature, Speaker of the Assembly, Chief Justice of the Court of Common Pleas, Chief Justice of the Supreme Court, a delegate to the Colonial convention at Albany in 1754, one of the committee which drew up a plan of union, and, finally, a member of the First continental Congress.

LAW OBSERVANCE

The high-toned man posing as a respectable citizen but who will sneak about in the dark to violate the laws of the land is a worse criminal and more injurious to society than the one-gallus bootlegger who plies his trade in the alley, in the opinion of District Judge W. P. Leslie of Colorado, Texas, who made the observation while addressing a Colo-

rado Sunday school class last Sunday.
As reported in The Colorado Record, Judge Leslie said the home, the Sunday school and the public school are the three important agencies for making good citizens.

"Good citizens have no business with our grand juries, and for this reason the good things in this old world are not often paraded in a grand jury room," said Judge Leslie, in telling why many grand jurors get the impression that the world is going to the dogs. Only the bad people have business with the grand jury, he is quoted as saying.

Vice today is unashamed. It is out in the open, parading itself before the public gaze. It used to be that vicious people made some effort to hide their vices, but they do so no longer. That is one of the main reasons why the world seems to be more wicked today than ever before. But a vice that is unashamed is much more dangerous than a vice that is ashamed; there is some chance for that sinner who will repent and turn from his wickedness, or who is ashamed of it.

And speaking of high-toned law violators and one-gallus bootleggers, what must a respectable hard working bootlegger think when he comes up for trial and sees in the jury box, deciding his fate, one of his best customers? So far as we know, that has never happened; but it can happen. Who is to be more condemned, a man who sells liquor in an effort to make a living, or the supposedly respectable citizen who is his customer? No bootlegger can exist without customers; somebody must help him compound the crime of bootlegging.

"Respect for law" is a phrase that is much in the public prints. It drops from the lips of public speakers like a benison. You hear it from the pulpit and rostrum, from lecture platform and school teachers' desks; it shouts at you from the editorial pages of newspapers and magazines; from the bench it rolls in thunder across the land: It is a fine phrase, but it doesn't mean but one thing, and that one thing is obedience to the law. You cannot respect the law and disobey it at the same time; you cannot uphold it and tear it down; you cannot urge your neighbor to obey the law and keep on violating it yourself; you cannot help another to violate it and respect it at the same time.

The law is not something mysterious and awesome; it is nothing in the world but just ourselves. We are the law—we the people. When we violate the law we are harming ourselves. When we dishonor it we dishonor ourselves.—Abilene Reporter.

The Sterling City News says:
The sensational developments of big oil in Crockett, Upton and Crane Counties make one wonder if these added to Reagan, Sterling, Howard and Mitchell will not soon make West Texas the greatest oil producing area within Uncle Sam's dominions. One may think that oil is a big thing for West Texas (and it is) but just wait until they begin to bring the potash from beneath the soil of West Texas, then you will see things begin to pick up.

EDITORIALS BY BILL KELLIS
"Ma" Ferguson said in the last campaign that she only wanted one term as governor in order to vindicate Jim and the family name. She succeeded in having the damnasty act passed, which was supposed to cure Jim of his past sins; but now comes "Ma" and says she wants to be governor again in order to vindicate Jim some more. "Ma" seems to like her job.

Jim Ferguson has announced (by proxy) that he is in the race again this year for governor, subject to the action of the Democratic party. It hasn't been so long since Jim was slashing around in the "American Party" (not the American Road Company) and while shelling the Democrats he said: "To hell with the Democratic party. It stands for nothing; it is nothing." Since then, he has changed his tune and says hard things about anybody who was guilty last year of doing the same thing he did a few years before.

Chevrolet Motor Company claims that it is building a greater number of automobiles this month than has ever before been produced by any manufacturer of modern three speed gear shift cars. The schedule which calls for a new monthly record for Chevrolet, calls for more than 57,500 passenger cars and trucks. According to W. S. Knudsen, president and general manager of the company, this total is more than 14,000 greater than the production during March of 1925.

County Federation
The Mitchell County Federation of Women's clubs met Tuesday at 3 p. m. in the county court room. Mrs. Ed Jones presided.

It was reported the twenty-four (24) letters had been sent to rural schools regarding the Peace Pin.

It was voted to pay district dues of one dollar. Mrs. Ed Jones was elected delegate to district meeting with Mrs. Dunahoo, Loraine as alternate.

Miss Ives Belle Jones was appointed chairman of county co-operation and rural life. Her duties by this appointment are to bring new county clubs into county federation.

It was voted to have a tag day for federation on March 27.

One individual membership was received by the federation.

The civic league reported five dollars to librarians salary. The 1921 Study club reported a gift to the library in the form of a filing cabinet. The Self Culture club reported giving five dollars to librarians salary, also the donation of American flags to primary grades. The P. T. A. announced a barbecue on April 2, also that they had cleared a goodly sum for Miss Wynn's entertainment. The Hesperian club gave their course of study as Odes and Poems for next year. This club has given liberally to librarians salary.

It was voted to keep the donations to librarians salary in a separate fund. Mrs. C. R. Earnest as a member of the library committee, was appointed treasurer.

The Home-makers reported a proposed meeting at Hyman Community at which time magazines will be distributed.

Owing to the prevailing epidemic of sickness, an exceedingly small attendance was recorded.

WORK PROGRESSING ON THE NEW MUNICIPAL BUILDING
The J. M. Morgan Construction Company, contractors on the municipal building, continue to make good progress on this building. Brick and

stone work on the exterior walls have been completed, the window and doors in place and the plasterers were started at work on the interior walls Thursday.
Another week and the building will be near completion.

"YOU ARE ENTITLED TO KNOW THE FACTS" DODGE BROTHERS, INC.

Only STEEL could meet a test like this!

A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

Outwardly, nearly all types of bodies appear to be all steel. In reality, however, most of them are simply frames of wood covered by a metal shell.

Dodge Brothers Motor Car bodies are steel through and through—steel reinforced by steel—buttressed and braced by steel—even the frames and running boards are steel.

And slender, stronger steel corner posts replace the customary bulky posts of wood, affording full, unhampered driving vision on all sides—a safety feature of the first importance!

Travel in safety! Powerful, quick-action brakes, a chassis world-famous for its sturdiness, and a body of steel—these explain the enviable reputation for safety enjoyed by Dodge Brothers Motor Car—and the enviable feeling of safety enjoyed by those who drive it.

The car will continue to be a "four". No reasonable buyer will be distracted from the facts of QUALITY by mere CYLINDER propaganda.

Don't forget the special program at the Mission Wednesday and Thursday, 17 and 18. A big special Larry Semon comedy "Stop Look and Whistle" and George O'Brian in "The Fighting Heart" two splendid pictures for one price, this is a treat from the Mission.

THE TELEPHONE SEMI-CENTENNIAL

The first telephone exchange in Texas was opened at Galveston on August 21, 1879, which date corresponds approximately with the time of the first invention of switching mechanisms. As in other exchanges, numbers were not used, but the calling party asked for his desired connection by name. These calls were received by boys, who were the exchange operators in those days, sometimes as many as six boys were required to complete one call.

T. W. Milburn, now a resident of Dallas, was manager of this first Texas exchange. Shortly after the opening of the Galveston exchange, the second exchange in Texas was opened in Houston with George W. Foster as manager. In 1883 Mr. Foster succeeded Mr. Milburn as manager of the Galveston exchange, which by that time had almost 300 stations.

The first long distance telephone line in Texas was between Galveston and Houston and was opened in 1883. The single strand of wire was strung on cypress poles across the bay from the island to the mainland and then on trees the remainder of the distance. Most of the long distance calls in those days were placed by brokers and cotton men.

Ten years after the first telephone was installed in Texas, every city of any importance had its telephone exchange and growing list of subscribers. The men engaged in rendering telephone service were alert to the needs of the State and were quick to adopt new inventions and build extensions to serve public demands.

The past fifty years in Texas have witnessed phenomenal industrial and commercial development. Scientific stock farming and industrial crop production have succeeded range cattle raising and simple cotton and corn farming. The discoveries of the great resources of petroleum, sulphur, coal and lignite, and other minerals have enriched the people of Texas. The railroads have spread their network of steel lanes of traffic across the State, and many factories have been built. Equally as significant has been the growth of the telephone business in Texas. Texas now has 540,524 individual telephones in use, and there are 1,185 exchanges. Of these telephones, 341,067 are served by the Southwestern Bell Company and 199,457 are served by the Independent Companies. The Southwestern Bell Telephone System has 241 exchanges and the Independent Companies operate 944 exchanges. A total of 1,467,618 miles of telephone wires is used to serve the telephone needs of the State of Texas. To serve the long distance requirements of Texas, a total of 173,829 miles of wire is used.

Hand in hand the State of Texas and the telephone have marched for half a century and each has profited by the companionship of the other. They now begin their march toward the Centennial, each ambitious and determined to achieve the greatest measure of progress and prove the greatest boon to mankind.

Everyone recognizes the infinite possibilities and potentialities of Texas. We of the Telephone Family are grateful for the opportunity to serve Texas and are thankful that we shall be privileged to have a part in making the dream of a fully developed Texas come true.

Found in Who's Who of 1920

(Toast given by Mrs. J. G. Merritt at Birthday Banquet of 1921 Study club in February).

Born February 22 in Colorado, Texas, the 1921 Study club in the modest home of her muse—the second daughter of the Colorado club family, a most precious child—before she was clothed in the inner garments of by-laws, and the outer garments of constitution she uttered the word Shakespeare. Entering at once upon the study of Merchant of Venice, she early developed the qualities of mercy, charity, breadth of outlook, romantic adventure and sound business sense which has since made her famous. She was christened at the District meeting at Abilene in April. The Hesperian and Civic League clubs being her godmothers, was received into full membership at State meeting in Wichita Falls, November 1922, and has since in the words of the prayer book "been subject to its discipline attended upon its ordinances and supported its institutions."

The second year of her life while studying Julius Caesar and Home Economics she traveled in every American city of importance.

The third year, she mastered Antony and Cleopatra, Southern Literature and Parliamentary Law, becoming a member of the County

Federation of Clubs and doing good work for the community.

In her fourth year, she began the study of social problems and by way of diversion studied English and American Short stories, receiving recognition in the district because of her ability.

The year 1924 saw her taking Texas Past and Present, and learning to know well her own State. She did much work also in various divisions of the Federation.

The next year, returning to her first love, Shakespeare, she took Coriolanus and made an exhaustive study of the American Home.

In this year honors were showered upon her. She won the district poetry prize was president of county federation and secretary and treasurer of the sixth district. Throughout the years she grew in stature and wisdom living ever up to her motto, "It is well to think well, it is divine to act well."

From 1926 on she gathered to herself much glory. Having been a district and state president and now a candidate for national presidency.

She has traveled in foreign countries on missions of civics, peace and legislation, being a diplomat of rare ability. Each year she returns to her home town to celebrate her birthday and receive congratulations of her fellow-citizens whose love and loyalty have made possible her wonderful career.

NORMAN (OKLA.) COLLEGE

Raymond Jones of Colorado, Texas, fine arts freshman at the University of Oklahoma was one of the 204 students in the university who made an average of "A" in grades in all their work during the past semester, George E. Wadsack, assistant registrar, announced today.

This grade indicates a mark of from 90 to 95. The list of 204 includes only those who carried at least 12 hours of work during the semester.

Only nine students made perfect grades in all their work during the term. They are William Cory, Jerome Henry, and Dorothy Mills, Oklahoma City; Catherine Eller and Arty B. Smith, Norman; Coleman Hayes, Durant; Leslie Hewes, Guthrie; Elbert Little, Muskogee, and Nellie Weaver, Tulsa.

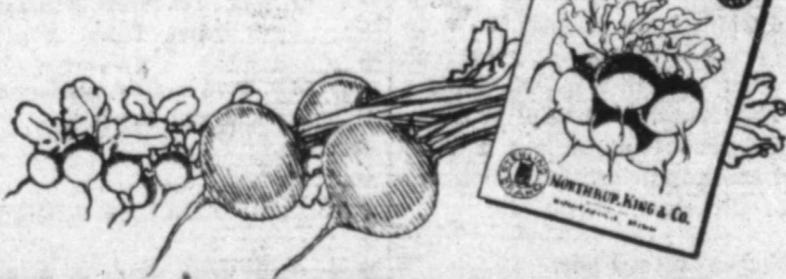

When **VEGETABLES** are best!

RIGHT out of the garden of course! Decide right now while the urge of spring is in your system to utilize a part of your back yard or neighboring vacant lot for a "kitchen" garden. A space 25 feet square will produce wonderfully if the crops are planned right. And the seeds must be vigorous, clean and true to type so that every one does its full share. Northrup, King & Co.'s seeds have been popular with gardeners for forty-one years.

WESTBROOK

Mr. Joe Bird left for the Temple sanitarium last Sunday where he will remain several days for treatment.

Mr. and Mrs. Detrich and children have returned from Pennsylvania where they visited Mr. Detrich's father who has been seriously ill.

Mr. and Mrs. J. R. Horner have

gone to Older to visit their children for a few days.

Dr. and Mrs. J. B. Pirtle went to Lubbock Friday, where Dr. Pirtle was placed in a sanitarium at that place under the care of specialists. Mrs. Pirtle returned home Saturday night and reported that Dr. Pirtle was resting fairly well when she left him.

Prof. N. A. Terrell left for Daingerfield Saturday night in response to a telegram that his brother, J. M. Terrell of Dallas had died and was being shipped to Daingerfield for burial.

The many friends of Mrs. George Jeffries will regret to learn of her death which occurred Friday morning at 3 o'clock at the home of her sister-in-law, near Dallas. Mrs. Jeffries has been in declining health for the past few years and for the last few months her condition has been such that death was expected any time. She leaves a husband and five children one of which is Mrs. Melvin Ellis of this place. The other four children and Mr. Jeffries were with her when the end came.

Mr. Jefferies was a devoted Christian woman and loved by all who knew her. During the long weary months that she has been confined to her bed. She was always pleasant and cheerful and her faith in God never wavered. She spent a great deal of her time in composing poetry the sentiment of which are very beautiful and will be greatly treasured by those who are near and dear to her.

To her relatives and friends we extend our heartfelt sympathy in this hour of sorrow.

Mrs. Caroline Thompson aged 73 years 11 month and 2 days died at her home 2 miles east of town Wednesday after an illness for only a few days and was buried at Colorado Saturday afternoon in the presence of a large crowd of relatives and friends. Bro. G. R. Leach assisted by Bro. Summers officiating. Pall bearers were Messrs. M. D. Daugherty, Jack Smith, John Burk, H. B. Finch and Morgan.

Mrs. Thompson was born in Macon, Ga., in 1852, married to F. M. Thompson Jan. 21, 1869 and to this union were born 10 children six of whom are living as follows: Mrs. G. W. Hamrick, Colorado; Mrs. J. W. Harris, Hatefield Ark.; A. H. Thompson, Leadville, Colorado; J. M. Thompson and C. J. Thompson all of Colorado.

Mrs. Thompson was converted and joined the Baptist church 44 years ago and since that time has lived a consistent Christian life. During the last few years she has not been able to attend church services but her faith in God remained true to the end. To the bereaved husband and relatives we extend our sympathy in this, your great loss.

Mrs. Van Boston and children and Mrs. James Herrington and son left in the car Monday for a visit to friends at Ranger, Breckenridge and Eastland. They will also visit Mr. Boston's parents in Dublin before re-

turning home.

Mr. Charlie Hudson and son of Merkel are guests in the home of E. S. Hudson this week.

Mrs. Melvin Ellies and baby left for Dallas Friday night to attend the funeral of her mother, Mrs. George Jeffries.

Mrs. A. F. King returned home Monday night from Goldthwait where she visited her mother who has been sick.

L. C. Oldham died at his home south of town last Thursday after an illness of a few days caused from pneumonia. He was buried at the Westbrook Cemetery Friday.

Mr. Oldham leaves a wife and five children besides a host of other relatives and friends to mourn his departure.

Mrs. Wilbur Barnes went to Dallas Thursday night to be at the bedside of her sister-in-law Mrs. George Jeffries.

Mr. and Mrs. Ellis of Colorado were visiting their sons, Van and Melvin Sunday.

Leroy Gressett who has been quite sick for the past week is much improved at this writing.

The play "The Road to the City" will be staged at the high school auditorium Saturday night by the Blackwell talent. Don't forget the date and be sure to be on hand.

SUPREME COURT REFUSES TAKE UP ARCHER CO. CASE

WASHINGTON.—A re-hearing of the Archer county Texas, road district case was today denied by the supreme court.

The case decided by the supreme court last January 4, attracted wide attention because of its effect upon bonds issued by road improvement districts organized under conditions similar to those in Archer county, which the court declared invalid.

Attorney General Moody in Texas asked for a re-hearing when John R. Moore, the attorney who had conducted the case for the county refused to do so. Subsequently the latter changed his position and also submitted a motion for a re-hearing.

Several other states and individuals sought unsuccessfully to intervene in re-opening the case.

AUSTIN, Tex.—The Archer county road case, which was fought out in six courts and which affects between \$75,000,000 and \$1,000,000,000 in district road bonds in Texas, grew out of the action of E. L. Perry, et al. against Judge E. M. Hooper and the county commissioners' court. Perry contested the validity of a \$300,000 road bond issue for improvement district No. 2. The issue was held constitutional in Texas under acts of the legislature, and in other courts until United States supreme court, January 4, 1926, held the issue unconstitutional.

The supreme court held that county districts but not sections of less than a county could issue such bonds.

Archer county fought the case practically alone, but when the supreme court made its ruling, Attorney General Dan Moody, and numerous bond attorneys in Texas, and New York, sought to intervene.

\$100,000 FOR NEW HIGH SCHOOL VOTED IN TAHOKA ELECTION

TAHOKA, Tex.—A \$100,000 school bond issue carried here in Saturday's election by a majority of forty seven votes. Three hundred and twenty one votes were cast.

These bonds were voted for the purpose of building and equipping a new modern fire proof high school building.

MAN SLEEPS LIKE LOG, AND EATS ANYTHING

"After taking Adlerika I can eat anything and sleep like a log. I had gas on the stomach and couldn't keep food down nor sleep." (signed) R. C. Miller. ONE spoonful Adlerika removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Often brings out old waste-matter you never thought was in your system. Excellent for chronic constipation. Colorado Drug Co.

CITATION BY PUBLICATION

The State of Texas, to the Sheriff or any Constable of Mitchell County Greeting:

You are hereby commanded to summon D. B. Hogan and the heirs of D. B. Hogan, deceased, whose names are unknown, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where some newspaper is published, to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the court house thereof in Colorado, Texas, on the 3rd Monday in April, A. D. 1926, the same being the 19th day of April, A. D. 1926, then and there to answer a petition filed in said court on the 9th day of March, A. D. 1926 in a suit numbered on the docket of said Court No. 4726 wherein C. N. Adams is plaintiff and D. B. Hogan and the heirs of D. B. Hogan, whose names are unknown, are defendants and said petition alleging as follows:

1. That on or about the 15th day of February, 1926, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit:

All of the northeast one-fourth (N. E. 1/4) of section number Twenty-nine (29) in township number One (1) South, of the Texas & Pacific Railway Company surveys, said Mitchell County, Texas.

2. That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage \$10,000.00.

3. And specially pleading his title hereunder, plaintiff says that the common source of title of plaintiff and defendants is A. A. Daniel; that on the 10th day of August, 1914, A. A. Daniel, joined by his wife Eva Daniel, executed and delivered to W. E. McCoy, a deed conveying the above described land to said W. E. McCoy, and in said deed retained a lien and the superior title to secure the payment of eight (8) vendor's lien notes executed by the said W. E. McCoy and delivered to said A. A. Daniel as part payment for said land, said notes described as follows: The first of said notes for the sum of \$100.00 and due and payable on January 1st, 1926, the next six of said notes for the principal sum of \$100.00 each, and due and payable January 1st, 1920, January 1st, 1921, January 1st, 1922, January 1st, 1923, January 1st, 1924 and January 1st, 1925, respectively, and the eighth and last note for the principal sum of \$150.00 and becoming due and payable January 1st, 1926; said deed being of record in Volume 34, page 100, of the Deed Records of Mitchell County, Texas; that the said W. E. McCoy, joined by his wife Minnie McCoy, on the 5th day of December, 1914, executed and delivered to T. W. Gilliam a deed conveying to the said T. W. Gilliam the above described land, said T. W. Gilliam assuming payment of above described notes in said deed, and said deed being of record in Volume 40, page 96 of Deed Records of Mitchell County, Texas; that on the 2nd day of September, 1915, T. W. Gilliam, T. W. Gilliam joined by his wife Mary L. Gilliam, executed and delivered to the defendant, D. B. Hogan a deed conveying to said D. B. Hogan the above described land, said D. B. Hogan in said deed assuming payment of above described notes; said deed being of record in Volume 43, page 223, Deed Records of Mitchell County, Texas; that on the 21st day of April, 1920, A. A. Daniel recovered judgment against C. E. McCoy in the District Court of Mitchell County, Texas, upon above described notes, said judgment decreeing a foreclosure of the vendor's lien retained in aforementioned conveyance from A. A. Daniel to W. E. McCoy and ordering said land sold under said judgment, said judgment being of record in Volume 4, pages 571 and 572 of the Minutes of the District Court of Mitchell County, Texas; and an order of sale was issued on said judgment and delivered to the Sheriff of Mitchell County, Texas, and said land was duly sold by the sheriff of Mitchell County, Texas, as under execution, and, on the 29th day of September, 1920, W. J. Chesney, Sheriff of Mitchell County, Texas, executed and delivered to A. A. Daniel a deed conveying the above described land to said A. A. Daniel, and said A. A. Daniel filed said deed with the County Clerk of Mitchell County, Texas,

for record, on the 6th day of October, 1920, and said deed was duly recorded in Deed Records of Mitchell County, Texas in Volume 49, page 161, thereof; that on the 8th day of November, 1924, said A. A. Daniel executed and delivered to plaintiff, C. N. Adams, a deed with general warranty to title conveying to plaintiff the above described land, for the consideration therein named, said deed being of record in Volume 59, page 641, Deed Records of Mitchell County, Texas; that on the 1st day of March, A. D. 1926, said A. A. Daniel executed and delivered to plaintiff a transfer in writing, duly acknowledged, wherein and whereby said A. A. Daniel transfers and assigns to plaintiff all his right, title and interest in and to said notes and in and to the lien securing same and all right, title and interest in and to said land based on said notes. Plaintiff further says that each and all of said notes executed by W. E. McCoy to A. A. Daniel in part payment for above described land are past due, but that said notes nor any part of them have been paid to either A. A. Daniel or to plaintiff, nor has there been any interest paid on same; that said A. A. Daniel went into possession of said land on or about the 29th day of September, 1920, and has been holding possession of same from said time until the 8th day of November, 1924, at which time this plaintiff went into possession of same and since said time has been holding possession of same, the said A. A. Daniel and plaintiff each claiming to have fee simple title to same; that since the said 29th day of September, 1920, neither the defendant D. B. Hogan nor any other person have made any payment or offered or tendered any payment on above described notes. Plaintiff says that above described notes have been lost or mislaid and that he has made diligent search for same but same cannot be found; that same were lost while in the possession of said A. A. Daniel, and have never been delivered to plaintiff.

4. And plaintiff by way of further specially pleading his title hereunder says that he (and A. A. Daniel, whose estate and title he has), claiming the same under a deed duly registered, has had peaceable, continuous and adverse possession of the land and tenements described in paragraph "1" above, cultivating, using and enjoying the same, and paying all taxes due thereon before same became delinquent, for a period of more than five years prior to the 1st day of February, 1926, and before the commencement of this suit, and this he is ready to verify. And that during all of said 5 year period said land was under fence, and used for farming and grazing purposes by the said A. A. Daniel and plaintiff, either in person or by tenant.

Wherefore plaintiff prays judgment of the court that defendants be cited to appear and answer this petition and that plaintiff have judgment for title to and possession of said above described land and premises, and that writ of restitution issue, for costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Colorado, Texas on this 9th day of March, A. D. 1926.

J. LEE JONES, Clerk, District Court of Mitchell County, Tex. 4-2c

SHERIFF'S SALE

THE STATE OF TEXAS County of Mitchell. By virtue of an Order of Sale for Delinquent Taxes issued out of the Honorable District Court of Mitchell County on 6th day of February, A. D. 1926 by J. then in a newspaper published in the nearest county to said Mitchell county, to appear at the next regular term of the district court of Mitchell county, to be held at the court house thereof in Colorado, Texas, on the third Monday in April, A. D. 1926, the same being the 19th day of April, A. D. 1926, then and there to answer a petition filed in said court on the 15th day of February, A. D. 1926 in a suit numbered on the docket of said court No. 4720, wherein K. S. Woolery is plaintiff and W. G. Graves, J. L. Hunter, W. M. Durham and W. P. Long, if living, and the unknown heirs, executors, administrators and legal representatives of the said W. G. Graves, deceased, J. L. Hunter, deceased, W. M. Durham, deceased and W. P. Long, deceased, if either of them be dead, the names and residence of whom are unknown; the unknown heirs, executors, administrators and legal representatives of Jodie Eubanks, alias J. D. Eubanks, deceased, the names and residence of whom are unknown; Vida V. Eubanks, a feme sole, Ted H. Eubanks, a minor, D. C. Dingus and wife, Linnie Dingus, J. H. Magness and wife, Maud Magness, and all of them, are defendants; said petition alleging trespass to try title against the above named defendants for the following described real estate, in Mitchell county, Texas, plaintiff alleging that he is the owner of same in fee simple, to-wit: 100 acres of land out of the west half (W 1/2) of section No. forty (40) in block No. twenty-nine (29), township 1 South, T. & P. Ry. Co., surveys in Mitchell County, Texas, Cert. No. 2-1688, abstract No. 1398, and being the East 100 acres off of the North 260 acres of the West half of said section 40, said 260-acre tract being all of the West half of said section lying North of the right-of-way of the T. & P. Ry. Co., across said section 40, and being all of said 260-acre tract, except the W. 160 acres thereof, conveyed to W. S. Stephenson by J. D. Eubanks et al. by deed dated January 27, 1914, and recorded in Vol. 31, page 319, of the Deed Records of Mitchell County, Texas. Said petition contains the statutory allegations in trespass to try title; and, in addition thereto, plaintiff specially pleads the three and five years' statutes of limitations as to said land; plaintiff also sues the defendants, the executors, administrators and legal representatives of J. D. Eubanks, deceased, Vida V. Eubanks, Ted Eubanks, J. H. Magness and Maud Magness, his wife, for the correction and reformation of a certain deed, executed by J. D. Eubanks and wife, V. V. Eubanks, J. H. Magness and wife Maud Magness to W. G. Graves, dated Sept. 19, 1913, and recorded in Vol. 24, on page 63 of the Deed Records of Mitchell County, Texas, which deed sought to convey the above-described land, but failed to correctly describe said land, as prayed for in said petition. Plaintiff sues for the title and possession of said land, for the removal of cloud cast upon his title by the claims of defendants, for reformation of said deed, for his costs, damages, etc., as more fully appears from the plaintiff's petition in said suit now on file among the papers in said cause, to which reference is here made.

Herein fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court and issued at office in the City of Colorado, Texas on this 15th day of February, A. D. 1926.

(SEAL) J. LEE JONES, Clerk District Court, Mitchell Co., Texas

I hereby certify that the above is a true and correct copy of the original writ now in my hands.

I. W. TERRY, Sheriff, Mitchell Co., Texas.

By C. E. Franklin, Deputy.

SHERIFF'S SALE. THE STATE OF TEXAS County of Mitchell. By virtue of an Order of Sale for Delinquent Taxes issued out of the Honorable District Court of Mitchell County on 6th day of February, A. D. 1926 by J. Lee Jones, Clerk thereof, in the case of The State of Texas versus J. W. Woodward, et al. No. 4664. And to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's sales, on the first Tuesday in April, A. D. 1926 it being the 6th day of said month, before the Court House door of said Mitchell County, in the City of Colorado, Texas, the following described land situated in Mitchell County

SECOND POPULAR CONTEST ANNOUNCED BY MRS. DIXON

The contest attending showing of "The Wanderer", run for three days at the Palace last week, proved of

PALACE THEATRE

THURSDAY & FRIDAY
MARCH 11th, 12th

"A Kiss For Cinderella"

With Betty Bronson the little Peter Pan girl and all star cast. This is said to be one of the sweetest pictures ever made. The children will love it and the older people will enjoy it, because it will make you young again. Its a Paramount Special and a beautiful picture. Special matinee for children Friday afternoon.

SATURDAY, March 13th

A Sunset Western Special, one you will all like, lots of action and thrills.

Comedy—Sea Scamps.

MONDAY & TUESDAY
March 15th & 16th

Trouble With Wives

What could be more satisfying than to find out just what the trouble is?

WEDNESDAY
One Day Only

The Manicure Girl

Starring Bebe Daniels and others. Here's a good one.

Thursday, Friday and Saturday Afternoon

"The Vanishing American"

March 18, 19, and 20

Starring Richard Dix, Lois Wilson, Noah Beery and many others. The biggest Paramount Western ever made.

MISSION THEATRE

FRIDAY & SATURDAY
AFTERNOON

"THE DESPERATE GAME"

With Pete Morrison. A dandy good western. Also a good comedy.

Saturday night—Entire change of program, another western and comedy.

MONDAY & TUESDAY
"LADY OF THE NIGHT"

With beautiful Norma Shearer and star cast. This is a Metro special with one of your favorite actresses. The whole world is in love with Norma Shearer, so don't miss seeing her in this picture.

Comedy—The Peace Maker.

WEDNESDAY & THURSDAY

"Stop, Look and Whistle"

Special attraction arranged for this date. A double program, and one that will please all. A Larry Semon special comedy. One of the funniest comedies you ever saw. The comedy lovers should make a special effort to see this.

"Fighting Heart"

Is the feature picture for this program, starring George O'Brien and others. A good action picture. This is an unusually good program and at regular prices so don't fail to see it. Remember its two good pictures for one price. A treat from the Mission.

Don't forget "The Vanishing American" at the Palace March 18, 19 and afternoon of the 20. Biggest and best western ever made.

such interest among Colorado theatre goers that the management has announced the second of these features. The second contest will be given during the showing of "The Vanishing American," running at the Palace this week. The contest is to close tonight and award of prize will be made at the theatre at 9:30 this evening.

The Dixons will continue to bring America's best screen productions to Colorado. Mrs. Dixon announced this week upon returning from Dallas where she attended the private screening of several new productions. Some of these productions were booked for Colorado and are to be shown at an early date.

"I had the pleasure of seeing some very fine pictures in Dallas that we expect to show within the next month," Mrs. Dixon stated. "One of these was 'The Vanishing American,' which, to my mind, is one of the best Western specials ever produced.

"Another was 'Behind the Front' with Wallace Beery in a leading role. Without a doubt this is one of the funniest and most entertaining pictures ever made. Beery takes the part of a private in the army and brings to his audience one continuous laugh after another. It is a scream from start to finish and I personally guarantee that this production, along with 'The Vanishing American' as being two of the best I have ever seen on the screen."

With every ticket sold for "The Vanishing American" a number will be given and the person drawing the lucky number will be awarded a beautiful tray with the picture of the Vanishing American on it.

BOULDER DAM MAY BE BUILT SOONER THAN ARIZONA THINKS

Of course it would be nice if all the seven States in the Colorado river basin could reach an agreement as to uses of water and power and as to location of a high dam. But if Arizona's governor Mr. Hunt, still feels that his state can not afford to consent to the program that is satisfactory to California, Nevada, Utah, Wyoming, New Mexico and Colorado, it is apparent that the Federal Government is going to proceed with development anyway.

The seven-state pact, which was adopted at a conference in Phoenix and which was to provide for equitable apportionment of water and power, was approved by Federal authorities and by the legislatures of all the seven states with the exception of Arizona. California, at the last session of its legislature, added conditions that prevented the pact from becoming a six-state agreement.

Secretary Work of the Interior Department has submitted to the Senate Committee on irrigation and reclamation a report recommending that the Federal Government build the dam when six of the basin states approve the Colorado River Pact. This would make this great enterprise possible without the consent of Arizona.

"The money-earning feature of this development is power," says the Secretary in his recommendation. "The revenues from the sale of power alone will, it is believed, repay the entire cost of these works, with interest at 4 per cent."

He urges a United States bond issue of \$125,000,000 to carry out the program.

Secretary of Commerce Hoover is in favor of building a dam in the Colorado river, and it is known that President Coolidge supports the proposal.

After many years of weary delay it now seems certain that the turbulent Colorado river will be tamed and made useful to the great, growing West, that needs its water and the cheap electric energy its water can create while falling over a high dam in Black or Boulder Canyon.—March SUNSET.

HIGHEST CASH PRICE for chickens and eggs at Colorado Produce Co

NO RAINFALL HERE DURING FEBRUARY

For the first time since 1909 precipitation during the month of February was not enough to register on the gauge the meteorological summary of the weather bureau of the United States department of agriculture here shows. Only traces of rainfall were recorded while the normal for the month is 1.08 inches. Only the years 1907, 1909 and 1926 over a period of 41 years do not show rainfall during February.

By referring to our rain table here in Colorado it will be seen that the rainfall in February has been rather light except in 1923.

DAN AS A LEADER

Citizens of Williamson county, in mass meeting at Georgetown Tuesday, called on their fellow citizen, Dan Moody, to get into the race for governor this year.

The movement launched in his home county is designed to sweep the young attorney general into the race and is expected to be followed by other gatherings of Moody advocates in various parts of the state.

Dan Moody was first suggested for governor eighteen months ago. He was a guest of honor on the special train which Abilene business men made to the coast. Everywhere the train halted there was a general demand for Dan Moody, and he was forced to make so many speeches that he was a mighty tired young man when the trip was over. Abilene men on that train informed Dan Moody that he was their candidate for governor in the next election, which is now approaching.

The Moody adherents see in him the promise of a new political deal in Texas. His activities as attorney general have stamped him as a man of boundless energy and fearless protection of the people's rights. The tremendous vote he received in his race for attorney general attested to his popularity among all classes of voters.

If he decides to announce for governor, there are thousands of Texans who believe Dan Moody will be swept into office on a wave of popular enthusiasm not seen in Texas in many years.—Abilene Reporter.

Dan has announced all right and The Record predicts there will be no run off primary.

LOOK—LISTEN. LISTEN—LOOK

Who is your friend? Are you a friend to all that is good? We did not have our sermon last Sunday evening but the pastor will preach same next Sunday. Say, boys the girls put one over on us last Sunday evening, the crowd was the greatest yet. They advertised with placard and tongue. Come, boys we must bestir ourselves and talk and print and plead and beg and get out and go get 'em. Ask all you see—see more and ask them.—Committee of boys from Epworth League.

Mr. and Mrs. Ross Dixon are in Dallas this week.

MEMBER OF GOSPEL TEAM AT LOUISVILLE SEMINARY

The Louisville, Ky., Evening Journal published the following story about William A. Elliott, son of Rev. W. M. Elliott of Colorado:

One of the requirements of the local Presbyterian Theological Seminary is that every student shall be required to do some voluntary (unpaid) Christian work in the community, from one to three hours a week being fixed according to the circumstances of the student. This policy was adopted by the faculty as being an essential to the spiritual life and development of the student, since a life that is merely receptive is in danger of becoming too centered in itself, too critical of others. Louisville, with its population of more than 300,000 affords abundant opportunity for such service. The "Gospel teams" are a part of the organization for volunteer work.

William M. Elliott, Jr., and Edward A. Mohns, Jr., students in the Presbyterian Theological Seminary here, are members of the Seminary Gospel teams which visit various shops and manufacturing plants in the city, during the week, for the purpose of holding brief religious services with the employees. All the students in the institution are required to do some volunteer work each week and many of them are members of the six gospel teams. Aside from the volunteer work, embracing quartet singing as well as preaching, Mr. Elliott, who is in the junior class, is now acting as director of young people's work in the Second Presbyterian church, Second and Broadway. He is a graduate of Park College where during his senior year he was president of the student body, assistant director of the college glee club and president of the Theta Alpha Phi fraternity. He is the son of the Rev. W. M. Elliott of Colorado, Texas, formerly pastor of the Third Presbyterian church, New Albany, Ind.

Camphor For Sore Eyes

It is surprising how quickly eye inflammation is helped by camphor, hydrastis, witchhazel, etc., as mixed in Lavoptik eye wash. One small bottle helps any case sore, weak or strained eyes. Aluminum eye cup free. Colorado Drug Co.

Mrs. Thompson
Mrs. Caroline M. Thompson was born in Macon, Ga., March 31, 1852. She was married to F. M. Thompson Jan. 21, 1869. She had been a Christian and a member of the Baptist church for about 44 years. She departed this life March 3, 1926. She leaves a husband and six children, four having preceded her to the other world.

It was the writer's privilege to serve as her pastor four years.

Her's was a beautiful Christian character. She graced their good home in a queenly way. May the blessings of the heavenly father abide with the husband, the children and grandchildren.

All were present at the burial except a daughter and family who reside in Arkansas.

They have a host of friends who sympathize with them in their sorrow. Immediately following the burial of his good woman, the writer was called up for a similar service in the home of Mr. Coburn. A little girl 3 years of age, a twin, was taken by death after a brief illness. Little Thelma was a beautiful child and will be sorely missed. May the Lord bless the bereaved home.—A. D. Leach.

Rev. M. C. Bishop who attended the Baptist Board meeting at Dallas last week gives us some figures on his report:

The amount with Texas Baptists contributed to south-wide denominational causes from May, 1925, to

February, 1926, shows a greater increase over the preceding year than in any other state in the South, according to a report from headquarters of the Southern Baptist Convention at Nashville, Tenn. Records show that an increase of \$16,000 over the previous period was remitted to the Convention from Texas.

\$140,217.46 is the total turned in to the headquarters of the Baptist Convention of Texas during the first two months of this year, according to F. S. Groner, secretary of the State Convention. This amount includes a special offering of \$83,538.27 to foreign missions. Of the remaining \$55,679.19, 55 per cent will go to state denominational schools, hospitals, and other causes; and 45 per cent will be contributed to the Southern Baptist Convention.

An objective of \$500,000 was assumed by the Executive Board of the State Convention at its quarterly session March 3. An intensive campaign will be launched immediately for raising this amount to pay the pledge of Texas to the Southern Baptist Convention when that body holds its annual session the first of May at Houston.

Of this \$500,000, the Baptist Woman's Missionary Union under the leadership of Mrs. F. S. Davis, president, has assumed \$200,000; and the Baptist Young People's Union, directed by state secretary T. C. Gardner, will begin a campaign for \$100,000.

"We will first encourage the Baptists of the State to pay up their pledges to the budget financial program," says Dr. Groner. "Then we will seek every channel through which we can reach the 481,000 Baptists in Texas."

Wm. M. Green, Captain of the Texas Ex-Rangers writes from Meridian, Colorado, Texas.

I am enclosing check for \$1.00 to pay for the Record. Would send for it for twelve months but am expecting to move back to Colorado the first of August. Hope you are having some of the good rains that are falling over the state this week.

Things are looking good in this country. The oats crop is promising and the farmers are looking for a bumper crop of (boll weevil) and oats. The winter has been very mild and now that prospects for plenty are good I think we may look for a good crop of the weevil.

Hoping to be at home soon and wishing you the best, I am,
Respectfully,
W. M. GREEN,
P. S. Send me this week's Record.
W. M. G.

SEED GRADED AND CULLED—

For B. Hagerton, 30 bushels Mebane seed, 30 bushels of Bennett.

For Clide Adams, Georgia seeds 40 bushels. 35 bushels Bennett seed, graded all together on Mr. Price's farm. 115 bushels successful.

For Mr. J. B. Harfield, Mebane seed 50 bushels.
For L. L. Welch, Mebane seed 50 bushels.

For Elmer Lowe, Bennett seed 50 bushels.

For Mr. Bert Wulfjen 50 bushels Bennett seed.

For Mr. Forrest Lowe, 70 bushels Bennett. He kept his seed pure.

For S. P. Carpenter 68 bushels Bennett seed.

For P. M. Bassham, 65 bushels of Bennett seed. Bassham Brothers 235 bushels. For A. A. Dorn, 35 bushels.

For J. W. Dorn some very fine cotton seed Roundin Bennett, blue wad on 200 bushels, will sell you good planting seed. For R. H. Towery, 128 bushels. Mr. Towery is a good farmer and may have some good seed to sell. For Mr. Charlie Guald, 148 bushels pure kash cotton seed see him. For Mr. Walbert 50 bushels.

For G. L. Briant 50 bushels, half and half cotton seed. For C. A. Wallace, 50 bushels. W. B. Morgan 21 bushels. J. C. Sheppard, Mebane and Bennett, 60 bushels another good farmer.

Seed Graded and culled.—E. D. MILAM, Colorado, Texas. 1tpd

Melon Lice and Cucumber Bettle Can Be Controlled

R. R. Reppert, Entomologist
Dusting with nicotine sulphate dust has become the approved method of controlling the melon louse and cucumber bettle, and as these insects begin their work early in the season, a brief description of the method is in order.

Nicotine sulphate of forty per cent strength the kind extensively used as a liquid spray, is mixed with an inert carrier of fine texture. In our section the most available substance that is suited to this purpose is hydrated lime.

Varying mixtures may be made, the most common strength containing two per cent actual nicotine sulphate. For this strength five pounds of the forty per cent nicotine sulphate must be mixed with one hundred pounds of hydrated lime. For a three per cent strength seven and a half pounds of the liquid must be used, for four per cent, ten pounds, and so on.

C. C. Connell, manager of the Hicks Rubber Company Colorado store, was elected a member of the Lions Club Friday.

AT LAST A SURE CURE FOR PILES.
You no longer have to go on suffering from the effects of torturous piles. Pysol does the amazing work. It cures the oldest and most difficult cases, whether they be blind, bleeding, protruding or itching. The remedy is a very simple one and is very easily used at home. You do not have to go thru the embarrassment of being treated by a specialist and the expense is very small. Go at once to your druggist and purchase a tube of Pysol and a cake of pure Castile soap and begin the treatment as soon as possible, and if after you have used the entire tube according to its simple directions you find that you are not entirely satisfied with the results obtained your money will be cheerfully refunded.

Sold by John L. Doss, Colorado Drug Co., Alcove Drug Co., and Crosthwaite Drug Co.

CLUBS—

Are there too many clubs? Amarillo has four, with a membership of 363. They cost these members \$15,000 annually in money, and 18,600 hours in time attending meetings. Criticism directed at civic clubs usually is from those on the outside. In the Amarillo clubs, members seldom resign. Membership is prized. If they did not consider the time and money well spent some of these business men or professional men would drop out. These clubs may not accomplish much in a material way but they must be given credit for launching many civic moves, which later are carried out by the Board of City Development or the city commission.

—Amarillo Globe.

SHERIFF'S SALE.

WHAT'S DOING IN WEST TEXAS
 Cross Plains—The Oil Belt District Convention of the West Texas Chamber of Commerce will be held here March 23. Unusually heavy attendance is expected. A feature will be the high school speaking contest on "My Town" in which high school

The BULL'S EYE

Editor and General Manager
WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Zepfeld, Folliott and screen star, and leading American humorist. More coming. Watch for them.

News Taken from the Daily Papers

A headline in the paper says "In their war China won't fight on rainy days." They don't mind getting shot, but they won't get wet.

Imagine a sign as you start to enter China: "RAIN. NO WAR TODAY." If that was the custom in this country, we could prevent all wars by announcing that all the fighting must be done in Portland, Oregon.

Another paper asks, "Where does a Florida Real Estate man go in the summer?" He goes to California to his all-the-year-round home.

A newspaper asks "Why does a President of a concern always talk at the Company's banquets?" It's an incentive to the workers, who say, "If that's all he knows I may be President some day."

Another paper suggests, "The cheapest way to enforce Prohibition is to have everyone that drinks watched." Who is going to do the watching?

An article in a Business Man's magazine inquires, "What business in this country has the largest turnover?" Cucumbers for supper have the largest turnover, with Fords a close second.

The Congressional Record speaking editorially, says, "Bull' Durham is the best Tobacco that ever entered these Stately Halls."

Will Rogers

P.S. There will be another piece in this paper soon. Watch for it.

students from the towns of the district will contest for a prize of ten dollars in gold.

Stamford—R. Q. Lee, president of the West Texas Chamber of Commerce has completed his fourth major campaign in behalf of a program of diversified and intensive farming. This campaign was over the South Plains and Cap Rock counties and eleven speaking appointments were filled. He plans two more campaigns one thru the Brady-Del Rio country and one in the Fort Worth district.

Abilene—This city has purchased space in the West Texas Chamber of Commerce exhibit at the Sesqui-Centennial Exposition at Philadelphia. The Abilene special exhibit will go into a ten foot front space for which the city pays one thousand dollars.

Cisco—The viaduct over Williamson Dam at Lake Cisco and a state highway over the dam and on the connect with Shackelford county highway system is assured. The State Highway Commission has ordered the bridge and highway and passed an order to advertise for bids.

Eastland—The Texas-Pacific dining car service will serve fresh eggs of the Bankhead Poultry Association. Contract for eggs has been signed by the Association with the railway and a neat premium will be received by producers for their quality eggs.

Vernon—A five story modern hotel of 100 rooms will be constructed here by Col. E. O. Thompson of Amarillo. The Vernon Chamber of Commerce supplied a building site as a bonus for the hotel. Cost of the structure will be \$200,000.

Breckenridge—E. O. Goodwin for the past two years secretary of the local chamber of commerce has accepted the secretaryship of the Board of City Development at Amarillo at a salary of \$5,000 per year.

Silverton—Few Texans are aware of the scenic wonders of Scott's Cap near here. At this point the cap rock crops out in a manner as seen nowhere else. Canyons seven hundred feet deep, mountain peaks and mountain scenery unsurpassed anywhere form a wonderful vista. Plans to give publicity to this wonderful Texas scenery and to improve highways leading to the natural wonders are now being worked out.

Amarillo—Steering committees for the annual convention of the West Texas Chamber of Commerce to be held here in June have been appointed, Manager Porter A. Whaley and Assistant Homer D. Wade were here recently and held conferences with the local committees. Attendance of not less than forty thousand was predicted by the officials.

Littlefield—Announcement of the candidacy of Arthur P. Duggan of Littlefield for the post of president of the West Texas Chamber of Commerce has been made by his friends. Mr. Duggan has accepted their nomination for him for the place and has formally announced.

Wichita Falls—A pipe line from this city to the oil fields of the Texas Panhandle is assured. This line will greatly increase operations in northern fields.

Jacksboro—Construction of the beautiful highway system of Jack County is going forward rapidly. The county will have paved highways crossing it both directions and the highways will be of high type and perfect engineering. The Jacksboro Chamber of Commerce under the direction of J. Allen Loftin new secretary has taken on new life and a constructive program of city development has been mapped.

S. E. J. COX EDITS INTERESTING PAPER

We are in receipt of a copy of the Leavenworth New Era and note our old friend, S. E. J. Cox, is editor. This is a monthly publication, non-sectarian and non-political, and is for the encouragement and educational advancement of prisoners everywhere.

In reply to a personal letter in which a friend congratulates him on being in an Evesless paradise and free from bills and worries which overwhelm most editors, Mr. Cox replies in part:

"But with all of these advantages your editor must admit that after 27 months of accumulating inside information he cannot subscribe to your philosophy nor to that of Lord Lovelace when he wrote, 'Stone walls do not a prison make, nor iron bars a cage; minds innocent and quiet, take that for a hermitage.'"

Our mind is not seeking with that unusual quality of innocence which finds a hermitage in the boobyhatch nor is our heart yearning for the quiet of the jail house. The Ballad of Reading Gaol is a high goal to aim at, but we never were ambitious to be a poet. So build our hermitage on Houston's Main highway and permit us to take solitude in the bosom of our family. Our soul surges to the inspiration of a noisy crowd. Telephones are opera to our ears. Pile up the propaganda; bring on the bills; release a squad of printer's devils; let the business office re-monstrate, and permit our slumbers to be haunted by nightmares of checks from news dealers and subscribers.

A beguiling Eve may dance the Charleston in our editorial sanctum, and if there be more troubles and greater temptations you can corral, bring them on, even unto the trials of Job, the temptations of St. Anthony and the labors of Hercules, and we shall never count the effort if we may take our pay check home to our good family. Though we must be counted among the "freed-dumb" we are ready to turn over the keys of our Evesless Garden of Eden and our bill-less paradise to the first bedeviled editor who seeks relief from brickbats and wishes to nestle in our easy chair. Don't crowd, anxious brothers, don't crowd.

—Big Spring Herald
 Cox visited Colorado quite a number of times in his airplane, but most everybody had forgotten him here. He and North Pole Cook are said to be chums at Leavenworth.

DEPARTMENT BILL REPORTED FRIDAY

WASHINGTON.—An appropriation bill carrying \$79,847,000 for the department of state, justice, commerce and labor was reported to the house today by its appropriation. The amount is \$2,353,000 above last year's bill but \$59,480 below budget estimates.

The state department is allotted \$16,478,000; Justice, \$24,096,000, commerce, \$29,735,000 and labor \$9,536,000.

HAULING anything, anywhere, anytime, in or out of Texas or any other place. Phone 262. Calls answered promptly. D. J. Fuller. 3-12p

 More per Gallon

STOPS CARBON KNOCKS

Ask The Man Who
 Has Used NO-NOX—

HE will tell you he would not use any other gasoline—try it. NO-NOX eliminates premature ignition, it fires at the right time—when the piston is at the top of the stroke ready for

the downward thrust. The full power of the explosion is thus utilized—knocks and vibration disappear as if by magic—a sweet running motor—comfort, ease and satisfaction naturally follows.

Our Guarantee
 NO-NOX is guaranteed to be NON-NOXIOUS, NON-POISONOUS and no more harmful to man or motor than ordinary gasoline. NO-NOX will not heat the motor in any climate or altitude

GULF REFINING COMPANY

ACTIVITIES IN STATE-WIDE CLEANUP CAMPAIGN STARTED

Many inquiries have been received by the state board of health in regard to its annual state-wide cleanup campaign which has been designated this year for the week of March 28th to April 3d. A feature of this campaign that is attracting unusual attention is that the "cleanest-town" contests to be conducted in counties under the auspices of local chambers of commerce or other organizations.

CHEVROLET SALES INCREASE

During the last four years, while the Chevrolet Motor Company was increasing its domestic and Canadian business 100 per cent, it was expanding abroad at the rate of more than 700 per cent.

The largest stride was made in 1925, Chevrolet's record year, when the foreign business was nearly triple that of 1924. Sales of trucks comprised an ever larger proportion of the foreign business because the fi-

gures in the truck column represent only the one ton Utility Express truck chassis.

The low operating cost of the Chevrolet and its relatively moderate foreign tax rate are regarded by company officials as being largely responsible for its increasing popularity abroad where expensive gasoline and high taxes are serious burdens to the motorist.

To handle its increasing foreign business the company now has an export assembling plant at Bloomfield, N. J., three European assembling plants at London, Copenhagen and Antwerp, besides receiving plants at Barcelona and Hamburg where partially assembled cars are completed. Part of the product of the Chevrolet plant at Oshawa near Toronto, Ont., also is sent abroad.

ELECTION NOTICE

Be it ordained by the City Council of the City of Colorado, Texas, That, a city election shall be held at the city hall in the City of Colorado, Texas, on the first (1st) Tues-

day in April, A. D. 1926, the same being the 6th day of said month, for the purpose of electing two (2) aldermen for the said city of Colorado, Texas.

J. C. Hooker is hereby appointed presiding officer for said election and he shall select two (2) judges and two (2) clerks to assist in holding same, and said election shall be held in the same manner prescribed by law for holding other elections.

Every person who has attained the age of twenty-one (21) years and who has resided within the limits of said city for six (6) months preceding the date of said election and is a qualified voter under the laws of the State of Texas shall be entitled to vote at said election.

The mayor is authorized and directed to have notice of said election published as required by law. Passed and approved this 8th day of February, A. D. 1926. R. H. LOONEY, Mayor, City of Colorado, Texas. Attest: L. A. Costin, Secretary.
