

### DAMAGE FROM COTTON PEST BECOMING VERY SERIOUS IS CLAIM

Farmers Fighting the Leaf Worms in Effort to Save Crop

According to reports received by the Record, deterioration of the cotton crop in Mitchell from ravages of leaf worms has become serious if not alarming. Farmers are putting forth every effort to destroy the pest by poisoning, but the recent rainy weather has had a tendency to aggravate the situation, and increase the danger of heavy loss from worms.

Four car loads, or about 120,000 pounds of calcium arsenate have been received and distributed by the Chamber of Commerce in co-operation with the local drug stores. Several thousand pounds of other poisons, such as white arsenic, paris green, etc., have been sold to farmers for use in this war on the cotton pest, and the end is not in sight yet.

The Record has put forth some effort to secure reliable information of the seriousness of the situation, and we give the results of this effort below:

W. J. Chesney said Monday that he had found some worms in his crop and some damage, but nothing very serious had developed up to this time. He said the damage would depend in a large measure upon the weather. Rain and cloudy weather would increase the damage, and hot sunshine lessen it.

W. W. Porter, manager for the Mitchell County Farm Bureau, and district supervisor for the Farm Bureau Cotton Association, said Saturday that he had visited all portions of the district, and he found cotton far below the expectation of a few weeks ago. Porter said damage from worms is heavy and that the crop is not nearly so well fruited as had been expected. Porter said he rather expected the crop to fall short of the total production last year in this county.

J. H. Greene, who has a large farm south of town, said Monday that it looked like the worms would eat up the cotton in spite of all the farmers could do. He has been poisoning for some time.

J. T. Johnson, who has 600 acres south of town, said the situation was looking bad to him.

Mayor D. T. Bozeman was in from Cuthbert Monday and said Cuthbert and vicinity had received a fine rain, and that damage from leaf worms was noticeable. He stated, however, that the benefits from the rain were far in excess of the loss which it would occasion to cotton, when feed crops, range and other matters were taken into consideration.

D. L. Beeman reports slight damage to his cotton from worms.

Judge C. C. Thompson reports considerable damage to crops on his farm southwest of Colorado. R. N. Gary also reports some damage.

Jack Smith says he has his field posted against the pests, but that they are invading the fields by the thousands.

F. E. McKenzie was in from his ranch 25 miles south of Colorado Monday and said no rain had been received there up to that time. He said the worms were doing considerable damage to crops and moisture was needed.

E. Barber of Spade says damage from worms in that community is becoming serious.

Doe Wimberly of Loraine, who has large farming interests south of that place, was in Colorado Monday and stated damage from the pests in that section had not become alarming as yet, but that considerable damage was being done. Farmers are poisoning there he said.

According to Wimberly, the crop in Mitchell county will be cut short by the damage from worms, but he expressed the opinion that the farmers would realize a better price than was expected some weeks ago.

W. S. Schley of the Farmers Gin

### COLORADO CITY SCHOOLS TO OPEN SEPT. 13TH

Faculty Complete and All Indications Point To Successful Term

According to announcement made Thursday morning by R. B. Norman, superintendent of the Colorado city schools, the schools will open Monday morning, September 13th, with a strong faculty, and the superintendent expects this to be the most successful term in the history of Colorado. The schools will open in the old buildings, and be conducted therein as usual, until the new high school building is completed, which will probably be about the first of November.

A number of the teachers are in Colorado already and the remainder are expected to arrive not later than Friday, Sept. 10th. A faculty meeting will be held at two o'clock Saturday afternoon, Sept. 11th, at which discussion of organization matters and instructions from the superintendent will be given.

Norman urges every child who can possibly do so, to be present for enrollment on the opening day, and parents are urged to have their children ready to enter on that date.

The complete faculty is as follows:

- High School**
- O. I. Wilkins, principal.
- C. A. Wilkins, science.
- R. H. Cantrill, history.
- R. W. Fletcher, mathematics.
- Miss Marjorie Way, Spanish.
- Miss Ernie Harper, English.
- Mrs. A. R. McHaney, science.
- Miss Mae Goodlett, English and history.
- Mrs. A. R. McDaniel, commercial.
- Hutchinson School**
- A. R. McHaney, principal and arithmetic.
- Miss Ethel Hollingshead, geography.
- Miss Gladys Webb, history.
- Miss Julia Boyce, reading.
- Mrs. R. H. Cantrill, English.
- Miss Mary Terrell, spelling.
- Mrs. H. G. Secrest, arithmetic, hygiene.
- Miss Thelma Mann, fourth grade.
- Mrs. C. A. Wilkins, fourth grade.
- Primary School**
- Miss Gertrude Herm, principal and first grade.
- Miss Inez Butler, first grade.
- Miss Euna O'Neil, second grade.
- Mrs. J. R. Norris, second grade.
- Mrs. R. B. Norman, third grade.
- Miss Georgia Jones, third grade.
- Negro School**
- Mrs. Ethel Randals, principal and Gramar and high school.
- Mrs. O. M. Nelson, primary grades.
- Mexican School**
- To be supplied.

### Local Druggist Estimates Cost and Results Poisoning

C. R. Farris, manager Colorado Drug Company, Thursday morning gave The Record an estimate of the loss and damage done by the leaf worms in Mitchell county, and gave closely figured estimate of the cost of poison sold in Colorado up to that date. Farris said:

"Mitchell county lost in cost of chemicals and equipment which has been distributed from Colorado alone, to combat depredation of the leaf worms, closely estimated at \$20,064.50, with possibly some ten to fifteen thousand bales of cotton loss."

According to figures secured by The Record about 150,000 pounds of poison has been distributed from Colorado. Four car loads, or about 125,000 pounds were secured by the Chamber of Commerce.

### COCA-COLA BOTTLING IN NEW HOME ON SECOND ST.

The Coca-Cola Bottling company is moving this week to their new home on West Second street, erected by the owners especially for the plant, and according to J. E. McCleary, manager, the plant will be better prepared to care for their business than ever before. The new building is a fire-proof structure and has ample ventilation and lighting arrangement.

### FALL FESTIVAL WILL BE STAGED SEPT. 23-25 BY AMERICAN LEGION

Be Greatest Entertainment Program Ever Staged Officials Say

One of the greatest entertainment features ever staged in Colorado is scheduled for September 23, 24 and 25, when the American Legion fall festival and fair is staged, according to Judge C. C. Thompson, post commander of Oran C. Hooker Post No. 127, American Legion. This is a continuation of the County Fairs held in Colorado for the past three years, except the coming event is to be under direction of the American Legion instead of a local fair association.

Union Tabernacle will be used for display of agricultural, art, merchants, oil and automobile exhibits. A mammoth parade will be staged starting at 10 o'clock Thursday morning, September 23. The parade will be composed of decorated automobiles, floats, etc. A premium of \$7.50 will be awarded to the decorated car securing first prize. Second prize will be \$5.00. The queen will ride in this parade. On the evening of the 23rd the Queen of the Festival will be crowned amid pomp and glory, and an elaborate pageant will be given in honor of her majesty.

On Friday, the 24th, according to Judge Thompson, the Legion will stage one of the most spectacular sights ever beheld in West Texas. This will be an old time Indian fight in which some of the country's old time Rangers and Indian fighters will take part. This, according to the Legion officials, will be a thrilling event and an historical reproduction of frontier days in Texas. A big rubeo will also be staged in connection with the above and cowboys and cowgirls will make this rodeo a grand exhibit, it is said.

Friday evening an old fiddler's contest will be held, and an old time square dance will be given. This feature is expected to attract unusual attention.

Following the crowning of the queen on Thursday night, a ball will be given in which the young people may engage in dancing with modern orchestra music accompaniment.

Farmers and others who have farm products, canned goods, etc., for exhibition may exhibit the same without charge, it is said. Committees are at work on this feature, and those wanting information should see R. H. Ratliff or Judge C. C. Thompson at an early date. An automobile show will also be arranged, in connection with other exhibits.

R. H. Ratliff, former secretary of the Mitchell County Fair association, while in conversation with the Record editor Wednesday regarding the festival, said:

"The American Legion Fall Festival to be held in Colorado September 23, 24 and 25 under the auspices of the Oran C. Hooker Post No. 127 of the American Legion and the Legion Auxiliary is beginning to take form rapidly. The committees are working hard on the festival and from all reports will be the best exhibits that has ever been at any of the previous county fairs."

"The Queen's contest starts immediately. There will be a voting box at the drug stores in Colorado, and a voting box will be at the Westbrook Drug Store at Westbrook and one at Loraine. Votes will be sold at a penny each and the young lady receiving the most votes will be crowned Queen of the First Annual Fall Festival. Also the Legion is offering a diamond ring to the young lady receiving the most votes."

"There will be an old fiddle's contest and substantial cash prizes will be offered to the winners and all fiddlers of the county or neighboring counties are requested to see Judge C. C. Thompson and enter."

"Then there will be a parade the first day and prizes offered for the

### SPEAKER URGES HOME TIES BE STRENGTHENED

Visiting Pastor Methodist Church Says Go Back To Old Ways

"Thus saith the Lord, stand ye in the ways, and see, and ask for the old paths, where is the good way, and walk therein, and ye shall find rest for your souls."

Speaking from the above text, the 16th verse of the sixth chapter of Jeremiah, Dr. Hubert M. Smith, pastor of the Denver Heights Methodist church of San Antonio, delivered a very able address at the Methodist church of Colorado Sunday night upon invitation of the local pastor, Rev. J. F. Lawlis. The San Antonio pastor is spending vacation in Colorado.

The speaker urged return to the old fashioned religious worship, the family altar and the real heart-felt religion. He gave a beautiful word picture of the old days when he was a boy, and the day on which he found the Lord as his personal Savior. Comparisons were made of the present-day mode of worship and the olden times, say twenty-five years ago, and the value and necessity of a more devout Christian religion was made plain by the speaker.

The matter of the home ties came in for some discussion by the visiting pastor. Divorce evils and other domestic troubles of the people was placed at the door of sin by the speaker, who said it was a fact that the whole world is experiencing a period of crime probably unequalled in the history of the universe. Repentance and the turning back to the old paths, the way to which is pointed out by the Old Rugged Cross, figuratively speaking, was the plea of the pastor, which, according to his reasoning, will bring the end of the domestic troubles and a halt to the crime wave.

The speaker also urged the reading of the Bible and that belief in the same be more universal. The Bible is true from one cover to the other, the Rev. Smith said, and all of it should be taken into consideration. Until the people turn from the ways of sin and get back to the old paths of righteousness there will be crime, poverty and other disappointments, according to the pastor.

The value of proper buildings and comfortable accommodations for churches was stressed by the pastor, whose home church has two stories and roof garden on top seating some four hundred people. Attendance at church is governed largely by the accommodations offered, Rev. Smith indicated, which calls to mind the present efforts of Colorado Methodists to build a modern annex unit to their church. The pastor, Rev. J. F. Lawlis, is working hard to get this building project under way, and it is expected that something definite will be done in the near future.

By way of introduction the visiting pastor explained why he was here, having been asked to give his flock a vacation, and having the greatest red-headed grandbaby in the world here in Colorado, naturally he came to Colorado to spend the vacation given him by his home church.

### Lions Club Takes Step Rid Lone Wolf Mosquitoes

At the suggestion of Dr. T. J. Ratliff who stated that mosquitoes were breeding in Lone Wolf Creek, the Colorado Lions Club at its Friday meeting took upon itself the task and expense of putting oil in the creek within the city limits and as far east as the Snyder road bridge. Dr. Ratliff stated that mosquitoes we have in this part of the country could not live in salt water of the river, so that the creek would be the only place they could propagate, and inasmuch as such mosquitoes would not fly great distances, it would not be necessary to oil the creek above the upper bridge.

### NEW PALACE THEATRE TO OPEN WITH SPECIAL PROGRAM ON SEPT. 6TH

Douglas Fairbanks Picture On Opening Bill of \$40,000 House

According to announcement made Tuesday by Mr. and Mrs. Ross D. Dixon, owners and managers of the New Palace Theatre, this beautiful new \$40,000 show house will open on Monday evening, September 6th, with one of the most superb picture programs ever seen in Colorado. The new Douglas Fairbanks picture, "The Black Pirate" is scheduled to be shown on the opening night. This picture is filmed in natural colors throughout and is said to be one of the most outstanding pictures in the history of filmdom. According to the press of the large cities in America and England, this film is the masterpiece of film production, the entire picture being in beautiful natural colors. The London Express says: "The screen has never seen such shimmering opulence of beauty—sets a standard to the world." In speaking of the picture Mrs. Dixon said:

"The Black Pirate is a picture on which Douglas Fairbanks may be said to have worked for several years. Originally, it was intended to precede "The Thief of Bagdad," but its development took the research department so far afield it soon became apparent that it would require years of preliminary work.

"Mr. Fairbanks is not satisfied to produce a picture that is passably right as to incidental detail. Costuming is comparatively easy, but what of the habits of pirates? Their routine during the time they are not fighting? Their manner of duelling? Their caste system? The thousand-and-one technicalities of rigging Seventeenth Century ships? The dress, manners and customs of the honest sea-farers who had nothing to do with piracy?"

"Ships had to be built, old-time riggers had to be garnered from the four corners of the earth; various properties must be gathered from museums, private collections and odd places; flintlocks; swords, sabres, and cutlasses must be found.

"Now that it is finished, Mr. Fairbanks is proud of its fidelity not only to detail of investiture but to the spirit of pirate days. It swings and rolls with the sea, it smells of the salty air; it swaggers with rollicking bravado of the buccaner; there is the gory terror of bloody battles and the rollicking fun of piracy's grim humor.

"With this picturesque background a love story of moving interest adds the final touch of romance to this adventurous and colorful tale.

"The use of color in this film represents a new development in completely subduing artificial and vivid hues that heretofore have detracted from the naturalness of photographic action."

The New Palace Theatre, which adjoins site of Hotel Colorado, five story hostelry now under construction, is now nearing completion and is expected to be completed within a few days. The theatre is one of the finest show houses in West Texas, will comfortably seat eight hundred persons, and is to be equipped with every known device for entertainment and comfort of the public. A large stage will be available for use for spoken drama, in addition to film programs.

Colorado can be rated as the best city of its size in this part of the State and the theatres of Colorado have kept pace with the growth of the city, and the opening of the New Palace surpasses our expectations along this line. The New Palace Theatre will be a real asset to Colorado.

### WALLACE-TAYLOR REVIVAL IS LARGELY ATTENDED

Citizens From Neighboring Towns Flock Here To Hear Evangelist

According to Minister J. D. Harvey of the Church of Christ, under auspices of which the Wallace-Taylor revival campaign at Union Tabernacle is being conducted, the meeting is attracting wide-spread attention. Citizens from Loraine, Sweetwater, Snyder, Dunn, Roscoe and many other nearby cities are attending the meeting.

The campaign, which was begun last Friday night, is under leadership of Foy E. Wallace, Jr., evangelist, and Austin Taylor, singer. The minister is one of the strongest evangelists in the Church of Christ, and is a forceful speaker, who has had wonderful success in his campaigns over the country. He has held one or two campaigns in Colorado before, and has many followers in this and adjoining counties. The singer is said to be one of the very best evangelistic singers in the state and has been highly complimented upon his direction of the music during this campaign.

Wednesday night the subject discussed by the minister was "One Question Answered Three Ways." The speaker said this same question was asked by the Jailor, Pentecostians, and Saul of Tarsus, all receiving a different answer, but all three answers were correct, showing that the reason for the different answers was due to the fact that the inquirer simply asked the question at different stages, and the minister gave many Bible quotations to show the harmony of the answers. While the speaker is brief, he makes his meaning plain, and is a forceful and pleasing speaker, and has no trouble in making the congregation understand his points, which seem to be well received by those attending.

Every subject is well chosen and presented and received with readiness, and it is expected the campaign will result in great good to the community in general as well as the Church of Christ in particular.

### METHODIST REVIVAL TO START SEPT. 5TH

Evangelist From Central Texas Conference To Speak

Rev. E. N. Parish, evangelist of Cleburne, Texas, an evangelist of considerable note, will conduct the revival meeting for the Colorado Methodist church, which will begin on Sunday, Sept. 5th, according to Dr. J. F. Lawlis, pastor of the church. The meeting will be held at the church unless the crowds force removal to larger quarters, in which case the Union Tabernacle will probably be used.

The evangelist was formerly pastor for a number of the leading churches of the Central Texas conference, is an evangelist of years of experience and a man of God, according to information furnished the Record, and it is said is a very devout man and a forceful speaker. He has held a number of very successful revival campaigns in Central Texas and other sections, and members of the Colorado Methodist congregation are expecting a very fine meeting.

Special music under direction of a special singer will be a feature of the meeting. The Record has not learned the name of the singer who will be present, as the evangelist neglected to give this information in his communications.

### SHERIFF RAIDS CHOC BEER JOINT IN EAST COLORADO

Sheriff I. W. Terry and Deputy R. E. Gregory raided a residence in East Colorado Wednesday night securing about four hundred bottles of "Choc" beer, and making two arrests.

### COL. ALVIN OWSLEY DELIVERS MASTERFUL ADDRESS FOR MOODY

Former National Head of American Legion Is Heard Here

Col. Alvin M. Owsley, former national commander of the American Legion, and a speaker of national repute, delivered an address in Colorado Wednesday afternoon at 3:30 at the Tabernacle in behalf of the candidacy of Dan Moody for governor, which, according to those attending, was probably the most logical and sensible version of the present campaign issues ever heard in Colorado, and together with the pleasing mode of delivery, which is a trait peculiar to this noted speaker, gave him the most attentive congregation ever assembled here to hear a political speech.

Dr. P. C. Coleman, president of the Chamber of Commerce, was master of ceremonies, and Judge W. P. Leslie, nominee for place number one associate justice court of civil appeals, introduced the speaker. The Judge lauded the speaker and expressed the view that Colorado was lucky in securing a man of this type to come here and explain the present issues.

A large crowd greeted the speaker, and he launched directly into the issues, explaining the different sides of the campaign to nominate Dan Moody for governor and rid the state of "Fergusonism." He did not use any vile language in talking of the record of the present administration, nor did he make any statement about the Fergusonists that could be construed as "mud slinging," and as a whole his address was classified as a pleasing, common sense, reasoning appeal, and one that could not be objected to by anyone.

The address was indeed well received by the audience, which, it is said, contained a number of Ferguson supporters, as well as Moody adherents.

In speaking of the address Thursday morning, Dr. P. C. Coleman said:

"I have never heard a more fair, impartial, and common sense address in my life, and probably never witnessed the delivery of an address that was better received, or commanded more marked attention. I was elated with the even temper, quite logical discussion, and the gentlemanly way in which this masterful speaker delivered his address."

Dr. Coleman introduced Judge Leslie who in turn introduced the speaker. He said it was a pleasant experience to be able to introduce a man who in war was a distinguished soldier, and who is also a distinguished civilian.

Col. Owsley stated that he had spoken the night before in Amarillo, but he neither seemed nor looked tired, was as peppy and forceful as if this were his opening speech.

He said he was glad to be here for he wanted to tell us of the situation that had arisen and give us the remedy, especially did he want to talk to those who voted for Mrs. Ferguson in the last primary. He quoted from Jefferson, the father of Democracy, to show that Ferguson had broken every tenet of democratic faith and over and over again. He quoted, "The law said," then told how the Fergusonists had broken the law.

He first took up the repudiation of our bonds and showed the condition Texas was in when those in authority refused to pay the state's debt. Next he paid his respects to the Highway Commission, the American Road Co., not a member of which ever built a road in his life. Incorporated in Delaware, given permission of State to do business in Texas, he outlined in a telling manner their steal, and Dan Moody's successful efforts to have the funds returned to the state treasury.

Owsley graphically described a meeting of the textbook board, of

(Continued on page 3)

**SOCIETY**

**T. E. L. Sunday School Class**  
The T. E. L. Sunday school class met in the Baptist Sunday school rooms Thursday with Mesdames Nollner, Hunter, Pelfry and Sorrels as hostesses. A business session was held, and then plans for making money were discussed. This class already has a fund of \$37 for furnishing its room in the new church, to be built some time soon.

A good attendance were present and at the social hour all enjoyed the contests arranged by the hostesses. They also enjoyed the refreshment course of home-made cake and home-made ice cream.

**Bridgettes**  
Miss Virgie Powell was the Bridgette's hostess last Thursday. She had nine tables of players and her out of town guests included Mrs. Dunn and the Misses Dunn of Marshall; Miss Hooper of San Antonio and Miss Bradford. At the close of the game she served fruit salad, potato chips, olives, wafers and iced tea. The meeting this week is with Mrs. Arlie Taylor.

**Methodist Missionary Society**  
The Methodist Missionary Society met Monday at the church. Mrs. Garrett conducted the devotional. A circle of prayer was offered for the coming revival and a scripture reading from Luke 10 on one program of service.

Mrs. Kiker was appointed to fill out Mrs. Hooker's term as supply superintendent and it was decided to send a box to Scarritt in September. The special topic for study was "Christ in China," this was given by Mrs. Merritt.

**Presbyterians Organize Girls Circle**  
A girls circle was organized Wednesday afternoon at the Presbyterian church. Mrs. Elliott was made chairman, Fannie Fay Womack, vice-chairman, Nellie Watson secretary,

Billie Eudy, treasurer and Leona Moffett reporter. They are to meet twice a month and study the Survey, thus getting information on home and foreign missions. They are also to do some kind of hand work. The first to be undertaken is the hemming of tea towels for the church kitchen. This was begun at the first meeting but no towels were completed. At the close of the business session watermelon was served.

**Party for Visitors**  
Friday evening Mrs. Soper entertained a group of boys in honor of Mrs. Carey's nephews, Leonard and Leon Pratt of Oklahoma. The boys had a mighty good time. First there were eats then all went to the picture show, returning to Mrs. Soper's for games and more eats. Watermelon and sandwiches were served.

**De Molay Dance**  
The DeMolays gave a very delightful dance at the Hut Friday night. Music was given by the DeMolay orchestra headed by Jimmie Logan, Judge and Mrs. Sandusky were chaperones. Punch and little cakes were served during the evening. This is the first social affair the local chapter have had and the young men did themselves proud.

**Open House**  
Invitations which read, "Mr. and Mrs. Ross Dixon will hold open house Wednesday, Aug. 25, 1926 from four to six. You are cordially invited," were received the first of the week by their friends and it seemed from the number coming and going during the hours named that every invitation was accepted. The beautiful new home is always pretty, but on this day with everything in apple pie order, pots and vases of flowers, the crowd of beautifully gowned women and the handsome men, it was indeed a thing of beauty.

The hostess met her guests at the door, the host looking especially after the male guests. The receiving line in the drawing room were next to be greeted, in this were Mrs. F. E. McKenzie, Mrs. Bob Rowley of Dal-

las, Mrs. Bob Scott of San Antonio, Mrs. Hugh Buchfield, Mrs. J. M. Harris of Snyder, Mrs. J. J. Stivers, Mrs. Paul Tees, Mrs. W. W. Roberts. Others in the house party were Mrs. H. C. Landers, Mrs. Pearl Shannon, Mrs. H. P. Slagel, Mrs. Jack Brown, Misses Eleanor Thomas, Virgie Powell and Elsie Lee Majors. These showed the guests all over the handsome home—"upstairs and downstairs and in my lady's chamber." Each room was a little more attractive and inviting than the last. Passing out of the solarium to the porch a cup of punch was served and a favor pinned on the guests by Misses Alice Blanks, Virginia Stover and Nell Harper Greene.

The favors were tuberoses and fern tied with pink ribbons, a fragrant and dainty token of a most delightful occasion.

Mr. and Mrs. Dixon may well be proud of their handsome home, and their friends expect to have the pleasure of enjoying it with them.

**Meeting Postponed**  
The joint meetings of the Missionary societies of the town which have been held on the fifth Mondays and which the Baptists were to have been hostesses in August, has been postponed until November.

**Baptist Circles**  
Monday was the day for the circles of the Baptist Missionary Auxiliary to meet but because of weather conditions and so many being away, all decided to wait and begin work in September.

Legion .au efm emf fr od nhs hv  
Mrs. Milburn Doss and the children left Thursday for a visit with her father and mother in Slaton.

Mr. and Mrs. Sam Wulfjen and Robert Earl spent last week in San Antonio and other points of interest in the southern part of the State.

Robert Whipkey went to Dallas Saturday to take the McDaniel girls home. He was accompanied by O. B. Price and Mrs. McCall Merritt.

**Missionary Auxiliary**  
The Methodist Missionary Auxiliary met Monday with Mrs. L. B. Elliott. The program as outlined last week was given, the leaders being Mrs. Chas. Thompson, Mrs. Dick Carter was a guest. The hostess served sandwiches and tea. The meeting next week is with Mrs. Tom Coffee, Mrs. Fred Dozier leader, with this program:

Prayer, Jessie Stell; 23rd Psalm in unison; Resume of Sunday School lesson Mrs. McCall Merritt; Chapter 2 of Mission Study, Mrs. Millard Smith; Talk, Religious Liberty, Mrs. Charles Thompson; Bible Quotations, Leader; Benediction.

**League Social**  
The Epworth League held a nice social meeting Tuesday evening in the church. This was arranged by the director of social activities, Miss Frances Dulany. Forty-two and other games were played and watermelon was served during the evening. There were twenty-five present and three young men who came as guests became members before leaving. A business meeting was held before the crowd adjourned and plans for fall work were made.

Mrs. R. H. Taylor of Bellevue, N. M., is visiting her sister Mrs. S. H. Miller. She brought George Tate and his bulldog home. They have been with Mrs. Taylor all summer.

W. H. Garrett spent Tuesday at Spade on business.

**MISS MARY BROADUS**

Certificate of Expression Texas Christian University, and two year student of Professor L. D. Follis, present head of Curry School of Expression, Boston, will conduct classes in

Expression and Public Speaking  
TELEPHONE 259

**WOMACK-DAVIS**  
On Wednesday morning at 9 o'clock in the presence of the family and a few close friends the wedding of Miss Pauline Davis and Mr. Ray Womack was solemnized in the living room of the bride's home.

The pre-nuptial "Traumerl," was played by Mrs. N. Hays Anderson. The wedding party entered to the strains of the "Bridal March," from Lohengrin. The party was led by Miss Ruby Braham and J. Furman Davis, who took their places at the end of the room where an improvised altar of ferns had been arranged. The bride and groom then entered and were met at the altar by Rev. F. L. Meadow, pastor of the First Methodist church. The beautiful ring ceremony was read, while "Flower Song" from Langes, was softly played.

The bride was attractively attired in a brown satinback crepe with gold trimmings. She carried a bride's bouquet of pink rose buds. After the ceremony the guests were ushered into the dining room where light refreshments were served. The bride is the talented daughter of Mr. and Mrs. T. L. Davis, and is popular in social and church circles. Miss Pauline is a graduate of John Tarleton College, where she made an enviable record in literary and fine arts work. She is an accomplished musician and a successful teacher, having taught in the Stephenville schools for two years. The past two years she has been teaching in Colorado, Texas.

The groom is prominent in business and civic affairs of Colorado, being connected with the City National Bank of that city. Although Mr. Womack is little known in Stephenville, we feel sure he is a worthy young man to have won this charming young lady.

Mr. and Mrs. Womack left immediately for Ruidosa, New Mexico, to spend a few days before returning to Colorado, where they will make their future home.—Stephenville Tribune.

**DEATH OF MRS. WAGNON**

Mrs. Drura Ann Wagnon, former resident of Mitchell county, died at the home of her daughter in Victoria, Texas, August 19th, and was buried in Colorado Monday. Mrs. Wagnon's home was in Sierra Blanco, Texas. She had gone to Victoria to visit with a daughter. Funeral services were conducted from the Colorado Methodist church by Rev. J. F. Lawlis, pastor.

Mrs. Wagnon was born in Alabama, June 3, 1861. She came to Texas in the seventies, and lived on a ranch near Vincent some 25 or 30 years ago. She is survived by several children, two brothers and one sister. One son, Bill Wagnon, lives on the A. E. Maddin ranch, south of Colorado.

Mrs. Wagnon was a member of the Methodist church and was a true mother and wife and spent a life of Christian service. She will be mourned by numerous friends, as well as relatives.

**ELECTION RETURNS BE GIVEN SATURDAY NIGHT**

According to J. H. Greene, acting manager of the Chamber of Commerce, election returns will be placed on bulletin board in front of the Colorado Drug company Saturday night, and complete returns will be given out about midnight. Large crowds are expected to witness the posting of these returns.

**AUTOMOBILE REGISTRATIONS**

The following parties registered automobiles in Mitchell county from noon Thursday, Aug. 19th to noon today, August 26th:

- W. R. McEntyre, Ford roadster.
- Fred Sauer, Ford sedan.
- W. A. Coles, Chevrolet coach.
- Boyd Green, Chevrolet touring.
- Geo. McCorkle, Ford touring.
- Walter Bishop, Ford sedan.
- Quinney & Mannering, Ford coupe.
- Charles Carr, Ford touring.
- John Munn, Hudson coach.
- Arlie Kidd, Chevrolet roadster.
- Kyle Shoemaker, Ford roadster.
- E. W. Claxton, Ford touring.
- J. A. Johnson, Jr., Chevrolet rdst.
- DeGarmo & Son, Dodge Touring.
- Walter Bishop, Ford roadster.
- J. M. New, Ford coupe.

**FROCK SHOP MOVES TO HERRINGTON LOCATION**

Mrs. W. P. Edwards announces removal of the Frock Shop from the mezzanine floor of Bedford & Broadus store to the Herrington Ford agency building, and is now occupying the south part of the sales show room at the latter place.

Robert Whipkey, who has been substituting on the linotype machine at the Record office since his return from California, spent the week end in Dallas, where he went to take the Misses Edwina and Helen May McDaniel to their home. They had been spending the summer with their aunt, Mrs. A. L. Whipkey.

Monday and Tuesday  
August 30 and 31  
This is a Paramount special and something different. Thrills and action of circus life. You'll sit and hold your breath.  
10c and 40c  
A Paramount Picture

**Worker Seriously Injured  
In Accident at Refinery**

Chester C. Birmingham was seriously injured Wednesday morning and his brother, Ray Birmingham, and A. C. Baker were slightly injured when a small fire flared up at the refinery of the Col-Tex Refining company. The Birmingham and Baker were working on construction of a steel bubble tower at the refinery and were some fifty or sixty feet above ground, when the cotic tank nearby ran over and spilled gasoline upon the forge being used by the boiler makers, causing a fire of slight consequence, the flames leaping up the side of the tank where the men were at work, blinding them with fumes and smoke.

Chester Birmingham received a bad scalp wound, two broken ribs, and numerous bruises and cuts on his body, caused from a fall through the scaffold work about the tank. Baker received a sprained ankle and Ray Birmingham was very slightly burned on the right hand and arm. The injured men were given first aid attention and Chester Birmingham was rushed to the Colorado Sanitarium where he was resting easy Wednesday afternoon. Attending physicians said his injuries were serious but they could not say at that time just how extensive. Drs. Hubbard Ratliff, Coleman and Root, attended the injured men. It is thought Birmingham will soon recover, unless some further injury or complication arises. Practically no damage was done to the refinery equipment.

John H. Erter, superintendent of the refinery, said Wednesday morning that there were only a few gallons of gasoline in the run-over from the cotic tank, and that the injuries doubtless was caused from efforts of the men to descend from the scaffold.

According to Birmingham, he started to climb down a pipe and fell, striking the scaffolding below, which resulted in his injuries. Mr. Birmingham and his family reside here. His father and mother live at Marshall, Texas.

**BROWN MAKES DRILLING  
RECORD FIRST SHIFT**

Jack Brown, of the Brown Drilling company, which spudded in Owen-Sloan Oil company's Chalk No. 3, in the Otischalk field, Wednesday afternoon, said Thursday morning the drill made 106 feet in the first fifty-two minutes of operation. The first shift had been operating only a little over an hour when Brown left the well, and was below 175 feet. He expects to make a record in completion of this well.

**COL. ALVIN OWSLEY  
DELIVERS MOODY ADDRESS**

(Continued from page 1)  
which Mrs. Ferguson was chairman; the decision to have a clerk and leave him to the chairman to appoint, and how she appointed Jim, the lawyer who never was a lawyer; how he again beat the state out of thousands of dollars on textbooks. Said Jim's conduct was just what it was when he was governor and got around the treasury. "Jim gets dizzy whenever he gets around the State treasury," Owsley said, "has been in a row with every treasurer. He always broke and always will break the state. No man knows the record can stand for Fergusonism. Jim wouldn't know a sound proposition from a hip pocket."

But it was when he got to Ferguson's pardon record that Col. Owsley really grew eloquent. He had the list of pardons granted, typed on yellow paper because it was not fit to go on white. Said he thought Ma's favorite poem must be "Count that day, lost whose low descending sun sees not five or six pardons done."

He asked if the audience believed in law enforcement, if honest men sat on juries; if it did not, to talk about the mercy Ma appealed to the womanhood of Texas about, but to rise up and put out folks who would not keep their word.

The speaker said Ma asked for one term to redeem the good name of Ferguson; then Jim said the people demanded another term—only put in because we would not be dominated by the Klan. Both the Klan and Jim are dead now.

His most scathing remarks came when he reached the challenge at Sulphur Springs. Said he could see them on the platform, Miriam sitting by listening at Jim speak something she had never heard; how surprised she must have been when he read his challenge; then the absurd claim that Moody did not accept. He read the acceptance, explained what immediately meant the bank of the special session.

The state in such a condition a special session must be called. Who put it in such a condition? Owsley said if he were senator he would have a committee appointed at this session demanding that she get out. He referred to Gov. Davis and said again that the people of Texas have spoken, and Dan Moody will lead them back to law and order.

After spending a short visit with his cousin, Mrs. L. W. Sandusky, Col. Owsley left for Sweetwater, where he was the principle speaker at a big Moody rally Wednesday night. Reports from there state the rally was a great success.

**CONCRETE FORMS FOR HOTEL  
BUILDING NOW IN PLACE**

Concrete forms for the first story of Hotel Colorado are now in place and it is expected the contractors will start pouring concrete in these forms at once. Re-inforcing steel is also in place.

C. R. Rambo and wife, Mr. and Mrs. C. P. Henderson and Mrs. R. W. Rambo of Brownfield are visiting Mr. and Mrs. Wade Cowan in East Colorado.

W. R. Douglass of Big Spring was in Colorado on business Wednesday.

**FALL FESTIVAL WILL BE  
STAGED SEPTEMBER 23-25**

(Continued from page 1)  
best decorated car as follows, \$7.50 first and \$5.00 second. Also a prize will be offered for the most comical decorated car of \$5.00 and also a prize of \$5.00 for the oldest car in the parade.

"Then on the second day there will be a jam up good rodeo and Indian fight. Roy Warren is in charge of the rodeo and all contestants should see him and find out the rules and regulations governing it. Substantial cash prizes will be offered and there will be wild bronc riding, wild cow milking, goat roping, etc., and in addition to the rodeo there will be staged a reproduction of a real Indian fight. Mr. Warren states that he has all his actors and that they are old timers, and that this event alone will be worth seeing as it will probably be the last Old Settler's and Indian fight to be staged in Mitchell county by the old timers.

"At the tabernacle will be held exhibits of agricultural products, automobile show, merchant's exhibits, art exhibit, and oil exhibit. This will be an educational feature that will surpass any exhibit that has been held heretofore.

"There will be a Queen's Ball at the Legion Hut for those that dance. "Mr. Atkins and Miss Jones will be in charge of the agricultural exhibits and will be glad to give any information concerning such. "Don't forget the dates, September 23, 24 and 25th, and bring all the family in to see it and lets make it a real Fall Festival."

**DAMAGE FROM COTTON  
PEST BECOMING SERIOUS**

(Continued from page 1)  
company of Colorado, said he had received information that indicated the crop would be short of recent expectations, and was informed that the worm damage was becoming serious.

O. Lambeth of the Lambeth, McCleary and Grubbs firm said he would not offer a prediction either way. He says it is a little early to make a guess at the probable outcome of the crop.

E. M. Baldwin of Buford said Saturday that worms were in his fields but were not doing heavy damage.

T. H. Westbrook reports slight damage to his cotton. He says the rain was beneficial.

J. L. Ellis said Wednesday morning the leaf worms were pretty bad on his farm west of Colorado, and he rather expected heavy damage.

Tom Goss, who owns large farm interests northwest of Colorado, said Wednesday the worms were doing much damage in that vicinity.

J. R. Johnson of Colorado, who owns two farms north of Loraine, said Tuesday the worms had not damaged his crop.

C. E. Way, owner of a farm at Spade, said his tenants complained of some damage from worms.

Reports from Westbrook and Loraine indicate heavy damage in places and say farmers are poisoning but with no great success.

**County Valuations Show  
Considerable Increase**

Roy E. Warren, tax assessor, has completed work of compiling the county tax rolls, and the same has been accepted and approved by the commissioners' court. The total rendition for the year 1926 exceeds that of 1925 in the sum of \$689,120. Total for 1926 is \$8,617,240 and the total for 1925 was \$7,928,120. Poll tax assessments for this year are 3,538, as compared to 3,418 for year 1925.

Warren stated Wednesday that probably \$500,000 of the increase in valuations could be placed to the natural increase caused by oil interests in the county. He also stated extra copy of the tax rolls had been sent to the State officials at Austin according to law, and the records of the assessor's office had been arranged in proper form and approved and passed on as satisfactory to the authorities. According to Warren, much time was necessary to get these records in the proper shape and he has done lots of hard work in this effort.

**BURNS BUYER RETURNS  
FROM NORTHERN MARKET**

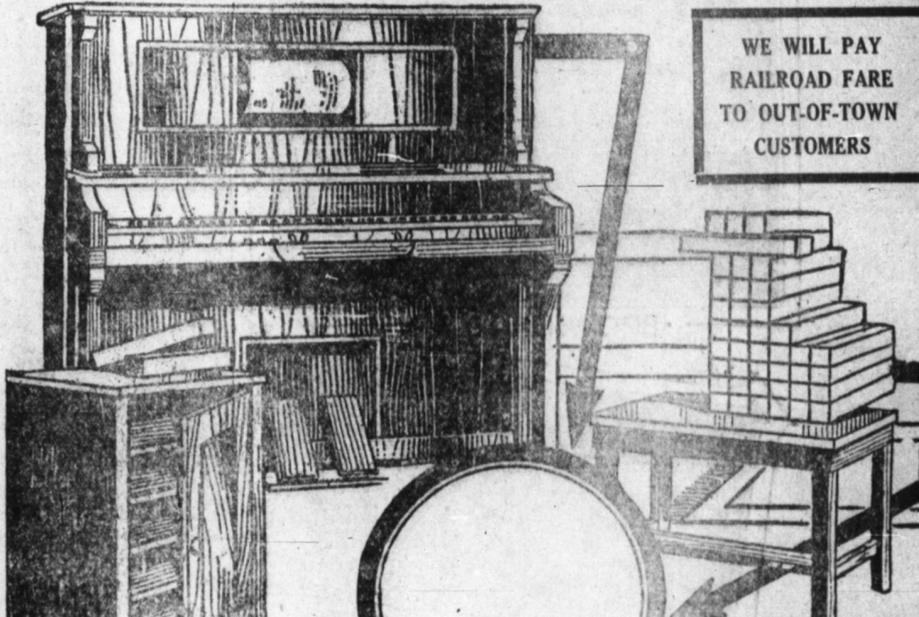

Mrs. H. P. Ragan, buyer for the F. M. Burns Dry Goods company, returned first of the week from New York, Philadelphia and other northern markets, where she purchased new stocks for this popular store. Buyers from the Plainview and Tullia stores of Burns were also in the markets. Mrs. Ragan reports the purchase of some exceptionally fine lines in ladies' ready-to-wear and other furnishings.

### Panhandle to Gulf -

From the North Plains of Texas to the very Southmost tip that noses out into the Gulf of Mexico, the Hicks organization has grown. We are justly proud of this growth and attribute it to these reasons: First—We sell the finest Automobile Tire that it is possible to build. Second—We have rigidly adhered to our guarantees, and have made adjustments liberally and right at our local places of business. Third—By the elimination of unnecessary overhead expenses, and because of enormous buying power, we have been able to pass these economies right on to the Tire Buyer. You cannot go elsewhere and duplicate HICKS' Quality, or HICKS' Policies or HICKS' Prices.

# \$1,000,000.00 IN 66 DAYS

Hicks' Stores and Associated Stores in Texas are swinging into the Second Week of the ONE MILLION DOLLAR Sales Campaign, which is to last only 66 Days. Sales are increasing daily. Thousands of customers over the state are taking advantage of the PROVED VALUES we offer. Why?

### IT'S THEIR GAIN

Our customers profit by our VOLUME BUYING-VOLUME SELLING methods. They profit by our economies. Besides—it's Quality Merchandise—the Dayton Tire which we buy in such huge quantities. It's

to your advantage to cash in on the unusual values we offer. If your car has the small diameter wheels—put on Dayton Stabilized Balloons. Combine the comfort of Balloon design with the smoothness of motion, strength, safety, long mileage and ease of steering of stabilized construction. For larger wheels—put on Dayton "Thorobred" Cords—The Pioneer Low Air Pressure tire. Daytons offer advantages to be found in no other tire. Put Daytons on YOUR car. Prove these facts to your own satisfaction.

**COTTON JUMPS UP \$5 PER BALE ON RECEIPT GOVERNMENT REPORT**

Total Production of 15,248,000 Bales of Cotton Is Estimated

Washington, Aug. 23.—A decrease of 273,000 bales in the prospective cotton crop during the last two weeks was shown in Monday's Department of Agriculture report, indicating a total production of 15,248,000 bales. The condition of the crop declined 6.3 points in the fortnight.

The final outcome of the cotton crop will depend upon whether the various influences affecting the crop during the remainder of the season are more or less favorable than usual. If developments during the remainder of the season are as un-

favorable to the crop as during 1921, 1922 and 1923, a total production of about 14,000,000 bales might be expected on the estimated acreage, as compared with 14,425,000 on Aug. 1, this year, on the same basis. On the other hand, if later developments are as favorable to the crop as during 1924 and 1925, a total production of about 16,211,000 bales might be expected, as compared with 17,510,000 bales as Aug. 1, 1926, on the same basis, the crop reporting board stated.

Mr. and Mrs. Ray Womack, who were married in Stephenville, Texas, last week, returned to Colorado Tuesday from Ruidosa, N. M., where they had spent a few days, returning via El Paso. They left Wednesday afternoon for Stephenville for a few days visit. They will be at home in Colorado after September first. Mrs. Womack was formerly Miss Pauline Davis, who taught in the Colorado public schools for the past two years, and who has numerous friends here.

**OFFICIAL CALL**

Honorable J. C. Hall, Colorado, Texas.

Dear Mr. Hall: I am requested by the Governor to advise you that on the 26th day of July, 1926, he issued her proclamation, which is now on file with the Secretary of State, calling a special session of the 39th Legislature to convene in the city of Austin, September 13, 1926, for the purpose of validating road bonds, of investigating any department of the state government, and to consider such other matters as may be submitted by the governor.

Yours very truly,  
GHENT SANDERFORD,  
Secretary to the Governor.

**FOR JIMMIE ALLRED**

From Dallas News: You came out in editorial advocating Mr. Pollard for Attorney General. Jimmie Allred is all right. He is young and very brilliant. He will be surrounded by a cluster of satellites, some more brilliant, possibly, than himself, just as Mr. Moody was. Why do you now want to change old for young, since you were instrumental in electing a young governor? Be fair. Don't try to mold all the politics of Texas. Mr. Pollard, I suppose, is a good lawyer. So is Jimmie Allred—full of pep and full of ambition, and fearless. He will cope with all emergencies ably. He has as great a right according to his age to be Attorney General as Mr. Moody to be Governor. Be content to let the people rule when all intentions are honest and well meaning.

J. N. WELLS,  
Midland, Texas.

**AMAZED AT SPIRIT OF MOODY RALLY AT DALLAS**

Fifty-three years ago at Boham, Texas, I attended a Democratic rally. The entire county turned out. It was time of rejoicing—Coke for governor. Recently at the Dallas meeting it was Moody against Fergusonism. They were there from all parts of the state, east, west, north and south. I was a young man then; now I am an old man, I never in my life saw a crowd more determined. I sat directly in front of the speakers' stand, amazed at the wonderful demonstration of determination to rid Texas of Fergusonism.

J. K. LUTON,  
Olney, Texas.

**J. C. Costin, Former County Commissioner Died Tuesday**

J. C. Costin, of Westbrook, brother of City Manager L. A. Costin and former county commissioner of Westbrook Precinct, died in Colorado Sept. 23 at the home of his mother-in-law, Mrs. H. P. Allmond, and was buried Tuesday afternoon from the Methodist church. The services at the church were conducted by Mr. Costin's pastor, Rev. Northcutt of Westbrook, assisted by Rev. J. F. Lawls and at the grave by the Masons. The Methodist church was filled to capacity by friends of the deceased from Westbrook, his home town, and from all over Mitchell county. His nieces the Misses Costin, Bynum, and Pritchett were bearers of the beautiful floral offerings, preceding the casket down the aisle of the church, placing the flowers and having charge of them at the grave.

Rev. Northcutt talked from the text "Whether we live or die therefore we are the Lord's". He paid high tribute to Mr. Costin as a man, a friend and a Christian. Told of his conversion five years ago under the preaching of his half brother, J. C. Hart, how he had immediately joined the church and lived a faithful, consistent member, being one of his stewards. At the conclusion of the services at the church the Masons took charge, and at the grave, the beautiful ceremonies of that order were conducted by Rev. J. E. Chaze.

J. C. Costin was born in Alabama nearly fifty years ago being forty-nine years and eleven months of age. He came to Texas with his parents when about five years of age and has lived here ever since. He was married to Miss Allmond. Two sons J. C. and Warren and a daughter, Iris were born to them. These together with his wife, several brothers and sisters and numerous other relatives are left to mourn his going.

There are also numerous friends as attested by the crowd that gathered Tuesday to do honor to his memory. A good man has gone, one who will be missed but one who served well his day and generation. To the sorrowing friends and relatives The Record extends sympathy.

**CARD OF THANKS**

We wish to express our sincere heart-felt thanks for the kind words of sympathy, the loving acts of kindness and the services rendered us in the illness and death of our beloved one, Mr. J. C. Costin. Our appreciation is beyond words at this time. Especially do we wish to express appreciation for the beautiful floral offerings and the beautiful services rendered by the Masons. May God bless each of you in our wish.—Mrs. J. C. Costin and children; Mrs. H. P. Allmond; his brothers and sisters.

**ROOT BUILDING TO BE COMPLETED NEXT WEEK**

According to J. E. Root of the Root Lumber company, contractors on the Dr. C. L. Root building at corner of Main and Walnut street, the building will be completed within the next week. Concrete floor was poured Wednesday and Thursday and Mr. Root said the sash work for the openings would be set first of next week and the plastering would be completed and other finishing work completed.

Mr. Root is also handling the construction work of the J. Brown filling station building on the old Snyder corner at east end of Second street, and states this work will be resumed Friday morning and pushed to rapid completion.

Root and Strong have contract for the new residence of Willie Doss, Jr., and the new home of J. L. Bowman and are making good progress on these jobs.

Mr. Root said Wednesday afternoon the work on Colorado Country Club building was going forward satisfactorily, after having been given a slight setback Saturday by wind damage. A part of the roof was blown off, and it was necessary to put up new ceiling and new roof, which has already been done, and the contractors, Root & Strong, expect to complete the job within next three weeks.

**Burkett Spoke Friday in Behalf Governor Ferguson**

Joe Burkett of Eastland, formerly highway commissioner, spoke in Colorado Friday afternoon to a crowd of about seventy-five citizens, in the interest of the candidacy of Governor Miriam A. Ferguson for re-election. Highway matters and recent activities of the Highway Commission and the Governor were the principal topics discussed. Burkett spoke in Loreine Friday morning; in Colorado about 2:30 p. m. and in Westbrook at 4:30 p. m. He also spoke in Big Spring Friday night.

**Kirby Rice Takes Place With City National Bank**

According to announcement made Tuesday by T. W. Stoneford, Jr., active vice-president of the City National Bank, Kirby Rice, promising local young man had been employed to take the place of bookkeeper at the bank made vacant by resignation of Millard Smith. Smith is embarking in the grocery business with his father, R. H. Smith.

Kirby Rice is a son of J. W. Rice, Mitchell county farmer, and was reared in this county. He has reputation of being a steady, reliable young man, and it is said has manifested unusual ability in school work, although he lacks one term of graduation from high school.

**MARRIED**

On Friday morning of Aug. 20 Mr. G. W. Lincicum and Miss Dorothy Hudson were quietly married at the home of Mrs. Sam Smartt. Bro. J. E. Chase officiating. Only the close relatives of the couple were present.

Mrs. Lincicum is the daughter of Mr. and Mrs. Roy Hudson of Novice, Texas and is well known there.

Mr. Lincicum is a prosperous young farmer who has recently moved here with his parents, and his many new friends here wish them every success in life.

Mr. and Mrs. Lincicum will make their home here.

Record ads are worth reading.

This cheap rate to people financially able to buy. However, there is no obligation. References, Chamber of Commerce or any bank in San Antonio.

For further information see or write Ellis and Wood, Colorado, Texas.

#### MC-CRELESS ON THE RUN

Oh, Mr. Editor, let me tell you I met up with a copy of The Colorado Record yesterday while visiting in the hospitable home of Mr. and Mrs. Thomas Underwood, where I found Mr. Mack Ethridge an old-time friend and father of our fellow townsman, Mr. Clifton Ethridge. I also found a real home, maintained by some big hearted folks.

I am still on the run, gaining experiences daily, consisting mainly of a knowledge of the boll weevil and their method of havoc dealing with the cotton crop and I see no reason why anybody living in West Texas hasn't got something to be proud of.

This (Ozark) is a very nice town with some substantial improvements going on, but business seems to be dull. Its still rainy weather in Alabama and has been since the 14th of July, and today is the 18th day of August, cotton picking is getting pretty well underway. The lumber business here and in Ga., S. C. is a very live factor and seems to be mainly what is holding buckel and tongue together.

I will now mention the names of two men that I have visited in the past few days knowing full well that many of our people in Mitchell county will be glad to see. First Mr. L. J. (Lloyd) Williams who was 92 years old the 10th day of last February, and Mr. Fredric Penix who is near his 80th birthday, both have spent a useful life and have made a worthwhile record. I am still well except what ails me. Good wishes to the Record force and its readers.—E. M. McCreless.

#### CARD OF THANKS

We desire to thank each and every one of our friends and neighbors, who so tenderly and lovingly assisted during the sickness and death of our dearly beloved wife, mother and sister.—P. M. Basham and Children; W. P. Basham and Family; and L. L. Basham and Family.

It is expected and truly hoped that this meeting will be well attended by our workers from all parts of the association and that our young people will be well backed up by our older people from all parts of the association. Colorado church extends a big welcome to all and hopes to have a full representation from hie field.—Committee.

#### LEGION AND AUXILIARY CONVENTION TO MEET IN SEPT.

The State Legion and Auxiliary convention will be held in Amarillo September 8, 9, and 10. Railroad fare is to be one half on the certificate plan. Two floors of the Amarillo Hotel have been reserved for the Legion and two floors of the Palo Duro Hotel for the Auxiliary.

Many entertainment features and many great speakers are being primed for this occasion. Mrs. Merritt, vice president of the Auxiliary, has been notified that reservations have been made for the entire executive committee in the Palo Duro Hotel. She expects to attend the convention.

#### WOMACK & DUNCAN OPEN NEW GARAGE ON ELM ST.

Claud Womack and R. A. Duncan, who have been with the Herington Ford agency for some time, have opened a general garage and auto repair shop in the Earnest building on Elm Street.

#### CITY LAYING SEWER MAINS TO NEW SCHOOL BUILDING

City Manager L. A. Costin said Wednesday afternoon that the city was progressing rapidly on the laying of city sewer mains to the new high school building in North Colorado, and that the work would be completed within a few days. Mr. Costin also announced the city would start a grading crew on work of grading the streets near the high school building next week. Streets in the vicinity of the building are to be opened and extended, Costin said, and will be graded and surfaced.

## CHURCHES

### PRESBYTERIAN CHURCH

Sunday school at 9:45 sharp. Come early so you will sure be on time, and start the worship with us. Class for all and all ages. You will enjoy our church and people if you are a stranger.

Preaching service at 11 a. m., and 7:30 p. m. Christian Endeavor at 7:30 and 5:30 p. m. The winter is coming and our vacations are all about over so let us get down to work for our Lord and Master.

Let everything we do be done for "Christ's sake". I am sure if we stop and think just for a little while we can see that we can afford to sacrifice pleasure and associations to do things for "Christ's sake." We are appealing to the young people to take up there post of work and thereby help advance the cause for "Christ's sake." The young people only can carry this part of the work on to a successful fall end. Hope to see several of you with us Sunday.—W. M. ELLIOTT, pastor.

### EPISCOPAL CHURCH

Rev. F. H. Stedman will hold regular services Sunday Aug. 29 at 11 a. m. and 7:30 p. m.

### METHODIST CHURCH

Sunday school 9:45 a. m. We had 34 present last Sunday and we also had some rain.

Preaching at 11 a. m., and at 8:15 p. m.

Prayer meeting Wednesday at 8:15 p. m.

Epworth League Sunday at 7 p. m. Sunday morning we shall use Titus 2:11, 12. Some men lust after the flesh. Some after worldly goods. Some after office. Some after pleasures. And some after the members of other churches. Hear this. Sunday evening we shall use Acts 17:16. "The sin of idolatry will stir the spirit of any true man or woman preacher or layman. Come and hear this one. We were well pleased with the splendid attendance last Sunday evening. Won't you come back and help swell the crowd next Sunday.

Please remember our meeting starts Sept. 5th. We have a good preacher and he comes to help all and not to hinder the work of the Lord. We want to give him a hearty cooperation. This will bring good results.—J. F. Lawlis, Pastor.

Excavation work was started Wednesday morning.

PRICE FAMILY LEAVE FOR TRIP TO MOUNTAINS.

R. P. Peice and family left Tuesday morning for a two weeks trip to the mountains. They were scheduled to go to El Paso, Ruidosa, N. M., Carlsbad, and probably on north into the state of Colorado, with Colorado Springs the objective point. Archie McDonald accompanied them.

### President Gray Lumber Company Boosts Colorado

George W. Gray, Sr., of Sweetwater, president of the Gray Lumber company, with yards at Colorado, Sweetwater, Rotan, and Hamlin, was in Colorado Monday with his son George, Jr., and while here stated he was very favorably impressed with the growth and development in Colorado, and that the Gray yard here has had a very satisfactory business since opening for business last year.

Mr. Gray is a former citizen of Colorado, having been manager of the Burton-Lingo company yard here several years ago, and is well known. He has many friends in Colorado, who are always glad to see him, and enjoy his brief visits here. Mr. Gray expresses great interest in the future of Colorado and predicts that Colorado will be a city of ten or twelve thousand within the near future.

George Gray, Jr., established the Colorado yard last year. He is secretary-treasurer of the company with headquarters in Sweetwater.

### Colorado Gets Good Story In "West Texas Today"

The August 15th number of West Texas Today, official publication of the West Texas Chamber of Commerce, contained a news story about Colorado and the progress being made here. Photograph of Dr. P. C. Coleman, president of the Colorado Chamber of Commerce, was also carried in this issue of the publication. Dr. Coleman is a vice president of the West Texas Chamber of Commerce. E. H. Whitehead is editor of "West Texas Today."

### Baptist Associational Meetings be Held Soon

The Mitchell-Seury county Baptist association is scheduled to convene in Snyder on September 7th for a two day session. The meeting will be held in the First Baptist church of Snyder.

The Big Spring association will convene in Midland on September 14th at 10 a. m.

Meeting of the Sweetwater association has been postponed from August 16th to October 7th. The meeting will convene in Merkel on the latter date.

### A CALL TO ARMS

Prof. Thomas Daves, Thursday morning handed The Record editor a song composed by an unknown author of Sweetwater, which was sung at the Moody Rally at Sweetwater Wednesday night. The song is sung to tune of "Long Boy." It is as follows:

Oh, rouse ye women from all over the land

From Texarkana to the Rio Grande

Come fight with us to "vindicate" From Jimama rule our suffering State.

Jim served one term which stirred up doubt

In his second term the bottom fell out

Now he's in his third and squalling for more

And the stars may fall but he shant have four.

Chorus

Good-bye Maw, Good-bye Paw

Good-bye to all Jimama law

We already know what this war's about

And the whole round world will soon find out.

Oh, Dan Moody, don't you fear

We'll get Jim's scalp for a souvenir

We got it once and we'll get it anew

And get, by heck, his proxies' too.

FOR SALE—We have the section of Radford land east of Colorado, 3 miles, for sale.

Three well improved farms 30 miles northwest of Colorado for sale at only \$40.00 per acre.

200 acres of good black land with 12 miles of Colorado for sale at only \$50.00 per acre. This is all good land and worth the price asked.

Martin county lands we have good lands in Martin county, cheap. One 320 acre well improved farm all good land well good water price \$26.50 per acre.

320 acre sas good land as there is in Martin county price \$21.50 unimproved.

Town lots, brick buildings and residents we can save you money. Call at our office and tell us your wants.—ELLIS & WOOD, Colorado, Texas. 9-10p

## Real Values at Reasonable Prices

A real value is something that meets a real need.

Patents that are RELIABLE.  
Drugs of the PUREST.  
Sundries which include an immense line.  
Stationery that you will be proud to use.

In fact every thing found in a modern well equipped Drug Store.

### CHEVROLET BRINGS OUT NEW IMPROVED TRUCKS

Development of distinct types for commercial car bodies, designed and manufactured in their entirety by the Chevrolet organization now affords the public a complete line of Chevrolet built passenger and commercial vehicles for the first time in the company's history.

Complete trucks are available for immediate delivery to the purchaser. They are the one ton panel delivery, one ton stake and the one ton grain carrying body.

The chassis can be furnished also with cab only, suitable for mounting any special truck body desired by the owner.

Substantially the same cab is used on all bodies. The cab is entirely enclosed and weather-proof and affords the same comfort in the drivers' compartment as a Chevrolet passenger car. The doors are 24 inches wide with high grade locks. Plate glass side windows are furnished with Terstedt regulators as in the standard closed car. A full ventilating windshield, glass rear windows, cab lining and cushion covering of fabricoid leather, combination stop and tail light and conveniently placed instrument panel are features. Seats are arranged for easy handling of controls and steering wheel. The cab is Disney green, duco striped in gold, and cowl lights are standard equipment.

Each of these body types has been designed for the utmost utility, convenience and adaptability to the work for which it is designed.

With these modern advantages at an attractive price, these new trucks are expected to attain a prominent place in the favor of the commercial car buying public.

Men simply haven't the ability to get by. A woman can sit through a movie that makes a man wriggle the press entirely out of his trousers, and he has had a perfectly gorgeous time trying to imagine how she would look in the clothes she's wearing.

What the country needs worse than a good five cent cigar is a system by which a man can get a \$10 raise in salary without his wife insisting on stepping up three rounds on the social ladder.

### Baby Chicks For Sale

Purebred white leghorn baby chicks, English strain \$8.75 hundred postpaid. Anconas, of the Sheppard strain and the best layers out \$11 hundred. Rhode Island Reds, best for meat \$11 hundred. Plymouth Rocks \$11.85 hundred. All good healthy strong purebred chicks, guaranteed.

We pay postage charges and guarantee live delivery. Take a statement from your postmaster, if any doubt.

THE FULGHUM HATCHERY

Emory, Texas.

work for which it is designed.

In the Kitchen with 6 Famous Cooks

**DOLLING UP THE HUMBLE POTATO**  
Four Unusual Recipes by Four Famous Cooks

Don't think that after you've served potatoes mashed, creamed, and fried you've put them through all their paces. You don't have to begin repeating the old story. There are many delightful ways of preparing the humble spud, as several famous cooks have discovered. They actually glorify this homely American vegetable!

**Tamalpais Potatoes**  
Tamalpais Potatoes. Doesn't the very name make your mouth water? This delicious dish, prepared from left-over potatoes, is a favorite with Mrs. Belle De Graf, San Francisco home economics' counsellor and writer.

Chop fine 3 cups cold boiled potatoes. Add 1/2 cup of cream, and salt and pepper to taste. Pack very solidly in buttered custard cups, or muffin pans. Set in a pan in a very hot oven. Bake 30 minutes, or until golden brown crust has formed which will hold the potatoes together. Turn out in individual molds.

**Baked Potato "Tips"**  
Mrs. Sarah T. Rorer, Philadelphia cooking expert, adds two or three artificial touches to baked potatoes which make them taste unusually good.

"After scrubbing large, perfect potatoes, I soak them an hour in cold water," she says.

"I bake them on the upper grate of a medium oven, and turn them after 45 minutes. I let them bake another half hour, or until they feel soft when pressed in a napkin.

"Never try them with a fork, for this allows the steam to escape and makes them heavy. Serve in a napkin at once.

"The secret of good baked potatoes is a slow oven; for a hot oven hardens the skin at once and makes the potatoes soggy."

**Stuffed and Browned**  
Miss Margaret Allen Hall, nutrition expert at the Battle Creek College of Home Economics, has a decided preference for stuffed potatoes. She fixes them like this:

8 medium-sized potatoes  
1/2 cup milk or cream  
2 tablespoonful butter  
1 teaspoon salt

Select well-shaped potatoes about equal size. Bake until soft, then cut or break each potato at about the middle. Remove the contents, mash, add salt, butter, and sufficient cream or milk to cause the potato to heat up light. When very light, fill skins with the seasoned potato, piling it up in irregular shapes. Set the stuffed potatoes in oven a few minutes to brown.

**at Pittsburgh**  
Mrs. Kate Brew Vaughn, home economics director, of Los Angeles, teaches cooking to 100,000 women every year. Her Pittsburgh Potatoes are rich enough to serve as the only cooked luncheon dish, she says. If served with a good salad they

FOOTBALL SEASON PROMISES MANY INTERESTING GAMES

Thousands of fans are looking forward with interest to the opening of the football season, and according to schedule of games listed for Texas colleges, the season will be one of the best in history. The schedule is as follows:

Hon. Royall G. Smith and family of El Paso are visiting his mother, Mrs. G. W. Smith, and other relatives. Mr. Smith lived in Colorado for a number of years, moving to El Paso about ten years ago. He practiced law in Colorado before removing to the border city.

DELICIOUS CUTS OF MEATS AT GREAT CUTS IN PRICES.

We stock nothing except the choicest cuts of meats. But because we do such a tremendous business we can make worthwhile reductions in prices.

City Market

Lowest Prices in History of Ford

Never before has the public been offered a value equal to the New improved Ford Car. Never before has the public been offered more economical and dependable service than given by Authorized Ford Sales and Service Dealers.

The public is quick to appreciate real value. That's why Ford sales lead the world. That's why production is being increased at all Ford branches and factories to take care of the demand created by the new improved Ford car at its new low price level.

The Ford Motor Company has recently changed the CLOSED BODY FINISH from a varnish paint job to PYROXYLIN PAINT.

This paint withstands the elements and is not affected by alkali acids, and will not mar as easily as the old type varnish finish. For above reasons, we are positive that you will find the PYROXYLIN finish to be much more satisfactory from a service standpoint. This type of finish has been very popular and is becoming more so all the time.

Prices on all Ford cars were reduced from \$41.00 to \$51.00 recently and are now the lowest ever in the history of the Ford Motor Company. Many improvements have been added during the past few months, and the Ford Car offers you a greater value today than ever before.

We have on display at our showroom closed models in the new PYROXYLIN type finish. The following prices are delivered in Colorado and include STARTERS and BALLOON TIRES.

- COUPE—\$573.00
- TUDOR SEDAN—\$583.00
- FORDOR SEDAN—\$634.00
- TOURING—\$495.00
- ROADSTER—\$439.00
- TRUCK CHASSIS—Less starter—\$393

A. J. Herrington Ford Authorized Sales and Service

The Fourteen Millionth Ford was Turned out on July 21st.—There is a reason.

Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

CARDUI For Female Troubles

Scurry County to Vote On Stock Law Saturday

Citizens of Scurry county will vote Saturday on the proposition of a general stock law for the entire county. If the election is carried it will be unlawful for livestock of any kind to run at large in the county.

An election will be held in portions of Mitchell county on September 18, for the same purpose. The territory affected in this election to be north of the T. & P. Railroad and east of the Colorado River, excluding the city of Colorado.

Dallas, Tex., Aug. 2—By winning from the North Texas and East Central Texas, respectively, last week West Texas and South Texas are ahead in the race to determine which section of the state has the best chances for prosperity this fall, according to an announcement by the Southland Life Insurance Co. Both sections are undefeated, North and East Central Texas having dropped two contests apiece.

Since life insurance is considered an extremely reliable barometer of prosperity, the Southland Life inaugurated the contest to ascertain conditions in the state, offering trips to the worlds series as prizes for production by agents and a cup to the section showing the greatest prosperity with the largest production of applications for life insurance. The contest has two more weeks to run.

## Car Constructed Like a Steel Building

ESSEX ANNOUNCES COACH BUILT IN WORLD'S LARGEST SINGLE BODY PLANT

Above—The new Essex all-steel coach, described as "strong as a steel building." At the left, lower, is shown a 400 ton press which stamps out entire doors with a single operation. At the right two men are proving sturdiness of car by riding on outstretched doors.

Detroit—Any story of the new Essex all-steel coach is fundamentally a story of the \$10,000,000 body factory which produces the car. What the Hudson Motor Car Co. has done in the manufacture of Essex bodies is to make craftsmen of machines; this is literally the fact. Giant machines do in a fraction of a minute work that the most highly skilled artisan, craftsman or artist could never hope to equal, from the standpoints of beauty and accuracy. The plant devoted to making the bodies expresses the industry's top mark in design and execution.

"Hand work" has long been a symbol of excellence of manufacture. Painstaking labor, directed by trained craft, has resulted in closest fit and smoothest finish. But "machine work" supplants it when the machine is designed and executed so as to perform quickly and surely operations that far excel the best of the hand craft.

Essentially, the Essex body plant is an aggregation of pressing and

stamping machines. Upon them are formed the component parts of the body, which are so accurately made that they fit without question. Their union into a rigid whole is accomplished with a speed and uniformity almost beyond belief. A cowl, a door, or the corner of a body is fashioned on a giant press. The whole cowl is brought into being with one apparently effortless motion of a press that is exerting a force of 400 tons every time its plunger descends. The machine and the dies may represent \$100,000 worth of ability to manufacture with speed and exactness—an investment made with the certainty that the completed plant would function with the greatest precision and the highest attainable speed.

The Hudson officials say that the plant is unique in being the largest bodybuilding unit in the industry, without a single body builder employed in it. Strictly speaking, and using the word in the sense in which

it is usually accepted, perhaps there are no human body-builders. But the machines certainly are body-builders in every sense of the word.

For the first time in the history of American industry, body building has been made primarily a series of steel-stamping processes; for the first time, too, the bodies are being made on a 100 per cent progressive assembly system, already employed to such advantage in the manufacture of engines and chassis.

Everything in connection with the plant and the other means of making bodies complete was laid out a year ago. On top of the \$10,000,000 in the plant proper, an investment of \$5,000,000 was made in bringing other departments to a capacity that would measure up to that of the new unit. The plant and the expansions were completed on schedule time, and on the precise day originally determined, a schedule of the new all-steel bodies, to the number of 150, was put through.

## Funeral of Dr Hutton In Georgetown Sunday

From Georgetown Sun: "Remember the words that I have spoken unto you while I was yet with you."

The above is a fitting inditure for a monument of live to be placed at the head of the earthly resting place of Dr. M. C. Hutton, widely known and beloved pastor emeritus of the First Presbyterian church of Georgetown, whose death came after almost 70 years of service to the people of this community at the ripe old age of eighty-four years on Friday morning, August 13th at three-thirty o'clock, the Messenger coming stealthily into the home unannounced almost and took to the realms of its Heavenly home the spirit of this good and true man.

Funeral services were held at four o'clock Sunday afternoon attended by one of the largest gatherings of friends ever seen in this community, many journeying from distant places to pay their respect to the dead and contribute their presence in his honor. The details of the funeral were in charge of the Davis Undertaking Co.

The services consisted of favorite songs of deceased beautifully rendered by a choir under the direction of Mrs. W. L. Price, the reading of Scripture, and words of esteem and consolation from a number of ministers associated with deceased during the years of his active service, all, irrespective denomination, contributing wonderful words of appreciation for the life he had lived and the good that had been accomplished by that service.

Dr. A. S. Cunningham, of Austin, another long time and intimate friend of deceased read the following history of the life of his friend: Milton Calhoun Hutton, son of Rev. Josephus and Ann Callaway Hutton, was born in Green county, Alabama, Jan. 7, 1843. At the beginning of the Civil War he volunteered for service in the Confederate army, but was not accepted on account of his youth and delicate health. He volunteered again in September and this time was accepted, and he joined the infantry Co. E, 20th Alabama Regiment; subsequently being transferred to Company B 35th Alabama Regiment. He served during the remainder of the war and was wounded in the battles of Chickamauga, Sept. 20, 1863, and Resaca May 15, 1864.

He was prepared for college by Dr. Henry Tutwiler at Green Springs, Alabama.

He was graduated from the University of Mississippi with the degree of Bachelor of Arts, Summa Cum Laude in June 1869.

The following fall he entered the Theological Seminary at Columbia, S. C., and was graduated from there in June 1872, and was licensed to preach on June 13th of the same year. He was ordained by the Tuscaloosa Presbytery at Gainsville, Alabama, on May 2nd, 1874. His first pastorate was Bethesda, this being his home church. He subsequently served as pastor of the following churches: Ebenezer, Ala., 1875-1880, Corinth, Miss., 1880-1882, Cameron, Mansfield and Zion, Texas, 1883-1886; Georgetown, Texas 1886-1921.

He was Stated Clerk of Central Texas Presbytery from 1894-1921, and was treasurer of the Presbytery from 1900-1921.

He had a severe nervous breakdown which caused him to give up all active work in 1921.

He was trustee of Austin College for a number of years; during which time the degree of Doctor of Divinity was conferred upon him June 6, 1901. He was appointed by his Presbytery to locate the Girl's College, which was located at Milford, Texas. He was then appointed President of the board of Trustees, and to him was entrusted the selection of a President for the College. After much prayer, and communication, Dr. Henry C. Evans of St. Louis, Mo., was selected; and the marvelous success achieved by Dr. Evans proved the wisdom of his choice.

Dr. Hutton was married twice, his first wife being Miss Mattie Leonora McMullen of Alabama and the other being Miss Sallie McCalla of Tenn. To these unions were born one son who died in infancy, and five daughters; Mrs. Jerold Riordan, Colorado, Texas; Mrs. T. F. Wiley, San Antonio, Texas; Mrs. A. C. Culley, Isle of Pines, W. I.; Misses Mattie and Mittie Hutton of Georgetown, Texas.

Dr. Hutton was author of "Early Dew" or "The Plan of Salvation Simplified for Children"; "The First Perseverance of the Saints", a tract on "Infant Baptism", one on "A Short Method of Immersionists", several articles on the fundamental doctrines of the Scriptures, such as Justification, Adoption, etc., and numerous other tracts which were published in our church papers. By special request he allowed them to

be published in "The Western Standard" of Louisville, Ky., which is the official organ of the Baptist church.

Following the reading of this short sketch of an interesting and busy life, Dr. W. R. Minter of Austin, spoke words of appreciation of Dr. Hutton, whom he described as one of the best of husbands, fathers, pastor and friend, stating that he had known him many, many years, intimately and fully. He told of his appreciation of his deceased friend and his life-work which he declared would live after him. He spoke of his pastorate in Georgetown, of his work with the church in the State, in the church schools and in his home town in all of which relations he was loved, honored and esteemed.

As a personal contribution this writer has enjoyed the acquaintance and friendship of Dr. Hutton throughout the past thirty years and no truer friend ever lived than he. His words of encouragement have awakened the drooping spirits of many a person, his wise counsel has directed the footsteps of many who wavered and his kindly words have blessed all who knew him. A better friend never lived; a truer man never died.

Following the biography a fervent prayer was offered by D. W. S. Red, of Austin, and the choir sang the words of that precious hymn "Asleep in Jesus." What wonderful consolation it is to know that our friend when the summons came was able to fold his arms and fall asleep in Jesus' arms.

The beloved body of the deceased was then tenderly removed from the home and placed in the waiting hearse at the door and conveyed thence to the Odd Fellows' Cemetery where it was laid to rest by the side of dear ones gone on before. The following were the active pall-bearers: Messrs. C. S. Griffith, W. F. Sauer, W. L. Price, Attorney General Dan Moody, F. C. Humphrey, M. F. Smith, John N. Ellison and T. E. Bucy.

At the side of the open grave the choir sang "Rock of Ages" after which the body was lowered into the vault and the mound literally banked with flowers, the most beautiful the most fragrant and the most profuse ever seen in this cemetery noted for its gorgeous floral offerings.

The benediction was pronounced by Dr. W. R. Minter, of Austin.

Aside from his affiliation with the church and his work, Dr. Hutton was also a Master Mason, Chapter Mason and a Knights Templar. He was affiliated also with the Ancient Order of United Workmen, having been a member of that fraternal or-

ganization since October, 1892, and a member of the Chi Ki Fraternity, a scholarship society. In all of these relations Dr. Hutton measured to the full stature of the tenets of those institutions and will be sadly missed in their councils.

### TO THE VOTERS OF MITCHELL COUNTY

We, the undersigned members of the Bar of Mitchell County, hereby endorse the candidacy of Hon. J. E. Hickman, of Stephens County, as a candidate for Associate Justice of the Court of Civil Appeals at Eastland, in the run-off primary. Judge Hickman's high standing as a lawyer and his character as a man make him peculiarly suited for the place he seeks, and he is worthy of the continued support of the voters of this county.

who gave him a majority vote in the last primary.

### BOYS AND GIRLS—READ THIS

Are you bothered with ugly, unsightly pimples on your face? Would you rid yourself of them? Then use EZMA, the most astounding skin treatment of all ages. If properly used according to its simple instructions, will quickly and easily drive away the most difficult case of pimples and leave your skin clear and smooth. What more can you ask?

No one knows better than the boy or girl who has been slighted time and again by their supposed "best friend" how humiliating it is to have to stand for such "cutting" things when they know they can expect nothing more as long as they don't look attractive on account of a pimply skin.

EZMA is also recommended in the treatment of Eczema, Itch, Barber's Itch, Tetter, Ringworm, salt Rheumatism, Pruritis, Rash, Chapped hands and all diseases of the skin.

Sold with a money-back guarantee by all local druggists.

## Rooms that are easy to look at

It's mighty comforting to have a home that's easy to look at—especially inside. So much of a home's atmosphere and comfort depend on tastefully decorated walls and ceilings.

Peesee Flatkoatt is a paint especially prepared for walls and ceilings, in a variety of colors that make possible any number of attractive decorative schemes.

The famous Peesee label on every can answers all your questions as to covering power, durability, permanent color.

All you have to do when you see the Peesee label is "select the right color"—and we're here to help you do that.

BERRY-FEE LUMBER CO.

LIST OF LANDS AND LOTS DELINQUENT on March 31, 1926, for taxes of 1925 in Mitchell county, reported in compliance with provisions of Chapter Ten, Revised Civil Statutes of 1925.

THE STATE OF TEXAS COUNTY OF MITCHELL:

I, L. W. Terry, Tax Collector of said County, do hereby certify that the land and lots listed on the following pages and assessed on the tax rolls of said county for the year 1925, are delinquent for the taxes of 1925, and that there was no personal property for "seizure and sale" as required by Article 7336, Revised Civil Statutes of 1925, and therefore I am entitled to credit for the taxes shown and herein reported delinquent.

L. W. TERRY, Tax Collector.

CERTIFICATE OF COMMISSIONERS COURT: The State of Texas, County of Mitchell.—In the Commissioners' Court: We certify that we have examined the following 25 pages of collector's report of lands and town lots assessed on the Tax Rolls of Mitchell County for the year 1925, which are delinquent for the taxes of 1925, and find same correct, and that L. W. Terry, Tax Collector, is entitled to credit for the taxes shown hereon, as follows, to-wit:

bed of the Colorado river to where same intersects the Scurry county line; thence east to the northeast corner of Mitchell county following the north line of said county to the point of beginning;

And it appearing to the court that said petition is signed by more than twenty freeholders of the above defined subdivision of said Mitchell county, Texas;

It is therefore considered and ordered by the court that an election be held in said subdivision on the 18th day of September, 1926, which is not less than thirty days from the date of this order. To determine whether or not said stock law shall be voted in the subdivision above defined.

The said election shall be held under the provisions of Articles 6928, 6932, 6933, 6934 and 6935, Chapter 5 of the Revised Statutes of 1925.

All persons who are legally qualified voters of this State and of this county and the subdivision hereof and who are freeholders in said subdivision shall be entitled to vote at said election and all voters desiring to support the proposition for the stock law shall have written or printed on their ballots, the words:

**FOR THE STOCK LAW.**

And those opposed, shall have written or printed on their ballots, the words:

**AGAINST THE STOCK LAW.**

Said election shall be held at the following places:

Burford school house with Sam Curry as presiding judge; Longfellow school house with A. K. McCarty as presiding judge; Valley View school house with Chester Beights as presiding judge; Lone Star school house with Kirk Taylor as presiding judge.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove referred to.

Notice of said election shall be given by publication of this order in The Colorado Record, a newspaper published in the county, for four consecutive weeks before the date of said election, and in addition thereto, there shall be posted other copies of this order at three public places in the county, one of which shall be at the courthouse door, for three weeks prior to said election.

The county judge is hereby directed to cause such notices to be published and posted, as hereinabove provided, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by the court.

Given under my hand and seal of office, this 10th day of August, 1926.

(Seal) CHAS. C. THOMPSON,  
County Judge, Mitchell county, Tex.  
Attest: J. L. Jones, county clerk.  
By Mayne Taylor, deputy. 9-3c

**WHAT PEOPLE ARE SAYING**

In the recent primary I was one of the 123,000 who supported the Hon. Lynch Davidson. Now I am one of that number to add at least 100,000 in the run-off for Dan Moody. I deem the run-off unequalled for.

J. R. Martin, Dallas.

Many will regret to see that Ma has lowered her style of contest. I once had an experience of this kind: A woman without just cause decided to brawl me out. She did so. I sat down and looked at her as an attentive listener. When she got through, I arose, bowed and walked out. She was civil to me after this.

Ma evidently seeks to get her opponent into a bawling contest. Mr. Moody may be relied upon to preserve the requisite bearing of a gentleman on this as on other occasions. George D. Storrs, Hutchins, Texas.

Of all his testimonials to the wisdom of Shakespeare none stand out so prominently as the fact that he had in mind the Ferguson plight when he made rosperto say in Act 1, Scene 2 of "The Tempest," "How now moody? What is't thou canst demand?" Ferguson supporters had better consult their Shakespeare before entering denial.

JAMES L. WILKERSON,  
2524 Grand Avenue, Dallas.

I would call attention to the fact that Mrs. Ferguson's promise to resign was made before Dan Moody had proclaimed his intention to investigate and prosecute. Mrs. Ferguson is now standing on her constitutional rights to be tried by a fair and impartial court and jury and not by her enemies of the "Cu Clux Klan." Written in the interests of justice and the constitutional laws of my country.

D. L. Dowd, St. Jo, Texas.

You can buy a McCormick row binder complete with trucks from Priece Bros., for \$250.00 spot cash. If you need some terms we can and will grant same.

reected, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by the court.

Given under my hand and seal of office, this 10th day of August, 1926.

(Seal) CHAS. C. THOMPSON,  
County Judge, Mitchell county, Tex.  
Attest: J. L. Jones, county clerk.  
By Mayne Taylor, deputy. 9-3c

for Economical Transportation

**In 3 weeks—**

**32,000 Buyers**

pronounce it the greatest of all Chevrolet Values!

Offering new features, new colors and new engineering refinements that amaze all who drive it, the smoothest Chevrolet in Chevrolet history is breaking all world's records for the sale of gear-shift cars.

In three weeks over 32,000 retail sales! In three weeks over 32,000 new buyers to justify this unqualified statement:

No other car of Chevrolet's type ever offered such marvelously smooth operation, such freedom from vibration at every speed, such amazing ability to maintain between 40 and 50 miles an hour, for hour upon hour at a stretch, with such comfort and relaxation to driver and passenger!

Come in! Drive the smoothest Chevrolet in Chevrolet history. See the new and striking Duco colors—the engineering improvements on all models—the added convenience features on the closed cars with their beautiful bodies by Fisher. Learn why over 32,000 buyers pronounced it the greatest of all Chevrolets.

**ELECTION NOTICE**

The State of Texas, County of Mitchell: Be it remembered that on this the 9th day of August, 1926, the commissioners' court of Mitchell county, Texas, convened in regular session at the regular meeting place thereof, in the courthouse at Colorado, Texas, the following members being present to-wit: Chas. C. Thompson, county judge; A. A. Dorn, commissioner of Precinct No. 1; J. D. Lane, commissioner of Precinct No. 3; W. D. McAdams, commissioner of Precinct No. 4.

Be it remembered that on this the 9th day of August, 1926, came on to be considered the petition of D. L. Beeman and 60 other freeholders of the herein defined subdivision of Mitchell county, Texas, praying that an election be called for the purpose of enabling the freeholders of such subdivision of Mitchell county to determine whether hogs, sheep, goats, jacks, jennets, horses, mules or cattle of all kind, shall be permitted to run at large in such subdivision.

The boundary of such subdivision to be as follows: Beginning at the northeast corner of Mitchell county; thence south along the east boundary line of said Mitchell county to the north line of the Texas and Pacific Railroad right-of-way; thence west following the north line of said railroad right-of-way to the city limits of the town of Colorado, Mitchell county, Texas; thence north to the northeast corner of said city limits of Colorado, Texas; thence west following the north line of the Colorado River; thence in a northwesterly direction following the

### TOURIST TRAVEL IS BECOMING REAL ASSET TO TEXAS BUSINESS

#### Contention of The Record That Trade Should Be Cared For

The Colorado Record has contended for some time that the tourist travel through Texas and Mitchell county in particular should get encouragement and better service from the local business enterprises. This tourist travel is becoming a real big asset to the State and Colorado should become interested in providing ample camp parks, and other accommodations for these travelers. The completion of Hotel Colorado will be instrumental in helping bring more of this travel to Colorado, but the matter of a camp park, which would be up to the expectations of the public is a great need. This should be a privately owned camp managed in a business way and on a business basis, and in our opinion would be a paying proposition.

Few people realize that there has developed in Texas a new crop that brings into the State a net income of more than \$30,000,000 during the months of June, July and August—the so-called slow business months of the summer—and that this crop has developed and is adding that sum to the income of the State absolutely without cultivation," declared Cur-Es A. Keen, general publicity manager of the Baker Hotels of Texas, operating hotels in Fort Worth, Dal-

las, Austin and San Antonio, with a resort hotel announced for Mineral Wells in 1927 and a forty-story hotel for Houston in 1928.

"The 'Tourist Crop' of Texas has grown almost in spite of us rather than because of any active, intelligent effort that has been put forth to encourage its growth. California was built almost overnight by the tourist. Florida pleased the tourist and was made over the week-end and now the eyes of America's gasoline population are turned toward Texas. More out-of-state automobiles are on the Texas highways today than have ever been in Texas in the course of a solid week since automobile touring became the accepted standard of a summer vacation—and they are just the rumble of what is to be expected in the coming years."

The Baker Hotels, according to Mr. Keen, issued 20,000 road maps for the tourist season of 1925—and they took care of the demand until late in August. This year the Baker Hotels issued 30,000 road maps—and they were entirely exhausted by July 5th. A reprint of 75,000 additional maps is now being distributed throughout the state to meet the demand for tourist information. These maps are made available to chambers of commerce and highway garages on the cardinal highways of Texas, passing through the Baker cities. No effort is made to cover the out of way points or demand for road information. Nor is estimate made of the number of other free maps, purchased road books, folders, etc., being used by these tourists.

It is variously estimated that the summer season will see more than a quarter of a million out of state visitors make a trip of more than 300 miles through Texas with the addition of at least a full million more who live in Texas who will average more than 200 miles on various summer trips, week-end vacations or visits to Aunt Katie's, Uncle John's, and other automobile trips that may be properly classified as tourists. A million and a half people will spend thirty, forty, fifty million dollars for supplies, clothing, cold cream, camp cots, gasoline and groceries in the course of their 300 or 400 mile jaunt through the State and wise is the city hotel and the business man who gets out and brings in his share of this cash income that is rolling past his door every day during the dull summer season.

There is a growing tendency on the part of the experienced tourist to depend upon the first-class hotels along the route for their food and lodging on long trips. An overnight camp is well enough for an occasional week-end vacation, but experience has proven that it is more economical in point of time, actual cost, comfort and well being to depend upon the hotels for accommodation along the way on long trips. The luxury of a good bath, a good bed and properly cooked food, of the late after dinner

driving hours when the highways are reasonably clear of traffic, in the cool of evening or early morning—these things add comfort, pleasure and distance to the daily drives and prove to be a real economy in the long run.

The free tourist camp is no longer pointed to with pride even by the small cities. The courtesy has been so grossly abused and it has been found to be practically impossible to keep such camps sanitary, safe and attractive that many cities have abandoned such camps outright—others are making a reasonable charge to cover cost of policing, care and operation. The motor inn is growing in favor along the regularly traveled transcontinental highways—a regular chain of such unique overnight cottages is being established up and down the East Coast at this time and may extend into Texas in time for the 1927 tourist season.

This thirty to fifty million dollar "crop" has been handed to the State of Texas without effort on the part of anyone. What the crop may be developed into with a little intelligent, consistent, well directed effort is no less than startling to contemplate. Texas has every advantage of climate, scenic beauty, coast, mountain, plain, tropic beauty, the frontier country; and a rapidly improving system of good roads. The cross state highways are whipping into good general condition. Certain sections of the state are still a bit behind with their road improvement and this work is slowed up on account of the Archer County road bond decision—but with the clarification of the political atmosphere on the 24th, this damper will be removed and Texas will swing into line on the highway situation.

Then it is up to the individual city and section to get busy to direct the countless thousands of tourist automobiles with their available vacation cash into their cities and sections and wise is the city that takes the lead in this.

### Mike Thomas Says Hold Cotton for Higher Prices

DALLAS, August 22.—Hold your cotton for at least 20 cents per pound is the advice of Mike H. Thomas, noted Texas cotton factor, delivered Monday in an authorized interview delivered here. The insect, cotton's deadliest foe, is working havoc with the crop in the entire cotton region. Deterioration is rapidly reducing the prospects for what the Eastern and European markets have considered a bumper cotton yield, which would send the price down, and the prosperity of the Southern states along with it.

The cotton hungry world will pay the price to get the South's monopoly crop, he said.

"Don't sell your cotton—not a bale of it—for less than 20 cents per pound," declared Thomas with emphasis. "Go look at your crop. Tell your banker the truth. Tell your merchant the truth. Don't sell a bale of cotton for less than 20 cents, because it will sell for 30 cents before February."

Thomas, for 40 years a cotton dealer, and a name which is recognized as an authority throughout the textile world, was never surer of a fact in his life than that cotton must go up. In an interview in which he, in picturesque figures of speech, emphasized his absolute conviction that the southern crop would bring a fair price, he outlined the situation, seasonal conditions, the pest and the economic status of the world will force the higher price.

"When you say, young man, that cotton is going up," he said, "you are not taking my word for it. God Almighty has done it. God has conspired with nature to save the Southern cotton farmer in spite of himself. He put the insects here after the farmers had planted an increased crop. He never put poison on earth that would kill them. They are at work from the Atlantic seaboard to the Rio Grande, and are eating up the cotton which would have gone to the bears and spinners for a ridiculously low price, and at the economic ruin and financial devastation of the south."

### SNYDER PASTOR VISITS COLORADO ON BUSINESS

Rev. W. F. Ferguson, pastor of the First Baptist church of Snyder was in Colorado Monday on official business relative to the coming Association meeting which will convene in Snyder September 7th and 8th. According to Rev. Ferguson the coming meeting, which will be the second annual convention of the Mitchell-Seury association, is expected to be largely attended and of great importance to the denomination. Colorado was host to the meet last year.

Rev. Alexander, missionary for the association accompanied the Snyder pastor. Mrs. Alexander and the children were also in the party.

### Local Ranch Men Look For Better Market Stock

A. E. Maddin, local rancher, and Otto F. Jones, manager of the Spade ranch, both expressed the opinion that the livestock market will show improvement and that the stock man is destined to experience better times in the future. According to Jones, the recent rains have put the range in excellent condition and since the number of livestock on the range is comparatively light, it is predicted the stock that are carried over will go through the fall and winter in fine shape, with a minimum of expense to the owners.

According to Maddin, the heavy shipments in the spring and the present favorable condition of the range account largely for the light movement of cattle from this section at this time. "While the range is dry in spots, nothing serious is expected to develop," Maddin said Tuesday. "Not much stuff remains for sale."

Moderate to sufficient receipts of cattle were received at the Fort Worth market Monday. Hog and sheep receipts were not up to the average. The market showed activity all along the line, with some advance in calves and steady to fully steady values obtaining in cattle, particularly in she stock.

Receipts were estimated for the

day at 3,500 cattle, 1,100 calves, 550 hogs and 1,000 sheep. In the swine division 300 arrivals came as "directs" and 300 sheep were on through billing.

A week ago arrivals were 3,400 cattle, 600 calves, 150 hogs and 700 sheep.

**Quotations**  
Cattle—Receipts, 4,600 head, including 1,100 calves; market generally steady; heaves, \$5.50 to \$5.60; stockers, \$5.50 to \$6.50; fat cows, \$3.85 to \$5.50; cutters \$3.50 to \$4; canners, \$2.25 to \$3.75; heifers, \$5.25 to \$9; yearlings, \$6 to \$9; bulls, \$4 to \$5.50; calves, \$5.50 to \$10.

Hogs—Receipts 500 head; market steady; choice light butchers, \$3.90 to \$4.25; medium \$3.50 to \$3.80; heavies, \$3 to \$3.40; common, \$10 to \$11; sows \$10 to \$10.25; pigs, \$13 to \$14.

Sheep—Receipts, 1,000 head; market steady; lambs \$11 to \$12.50; horn feeder lambs and yearlings, \$1 to \$10; wethers, \$7.75 to \$8; culls, \$1 to \$3; stockers \$4 to \$6.50; goats \$3 to \$4.

### CATTLE MOVEMENT FROM NORTH MAY AFFECT SOUTH

The backward movement of cattle from Kansas to Texas and New Mexico this fall, due to the shortage of feed in that section, may adverse-

ly affect the movement out of the southwest during the same period, it was said by local cattlemen Thursday.

It all depends on whether it is mature steers that are to be moved back to Texas and New Mexico for the winter, it was said. If this is the class of stock to be moved back, it may not interfere with outbound movement, it is said, as there are not many big steers in this section.

If, on the other hand, it is calves and cows that are to move back, it is a foregone conclusion that not many of these will be shipped to Kansas during fall and winter.

It is believed here to be most likely that steers are to move back, and that the day of the big steer is just about finished. Nobody seems to want a cut off of the big steer any more.

The first hint of drouth in Kansas noted here was the burning up of the corn crop in the vicinity of Arkansas City, where no rain came for a period of seven weeks.

The value of fat stock is so low Kansas feeders do not feel justified it is said, in putting what feed there is into stock on hand.

Mrs. H. W. Hanks and children of Loraine are visiting John Brown and family. Mrs. Hanks is a sister to Mrs. Brown.

Mrs. Harry Givens and son, George, of Dallas are visiting the Enderleys and other friends here.

## Six famous cooking experts agree

Pacific Coast, Gulf of Mexico, New England, and Lake Michigan! Six of the country's foremost cooking experts have just completed a rigorous test of the Perfection Stove.

**THEY** used every method of cooking from frying to baking, and were enthusiastic about the Perfection. Read what they say.

"Whether I broiled steak or French-fried potatoes, the results were fine," says Mrs. Rorer, famous Philadelphia cooking teacher.

*Crisp Waffles*

"My waffles were light and beautifully brown," says Miss Allen, director of The Boston School of Cookery. "They cooked on a hot flame, with yellow tips 1 1/2 inches high above the blue area."

"I found the Perfection so dependable," reports Mrs. DeGraff, home economics counsellor. "I left a roast lamb in the oven for hours. The flame never wavered."

*No Scouring Needed*

"Eggs a la King and broiled tomatoes are delicious enough in themselves," affirms Miss Hall, nutrition expert, "but twice as delicious to the cook whose kettle bottoms need no scouring. Perfection's long chimneys burn every drop of oil before the heat reaches the cooking. No soot or odor."

"Using a Perfection is like cooking with gas," remarks Mrs. Vaughn, domestic science expert, Los Angeles Express. And Miss Rosa Michaelis is of the same opinion.

*Tested Cooking Ability*

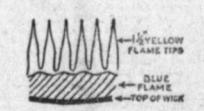

These are just a few comments made by the six experts, satisfied with only the best cooking equipment. They find the 1926 Perfection fulfills every cooking requirement.

What does it mean to you?—That when you buy a Perfection you get a stove with cooking ability tested and proved by experts.

*See Perfections Today*

See the 1926 Perfections at any dealer's. All sizes, from a one-burner model at \$7.25 to a five-burner range at \$130.00. You will add your word of praise to that of the experts when you cook on the newest Perfection.

PERFECTION STOVE COMPANY  
Dallas Branch—825 Trunk Avenue

"Perfection's long chimneys insure clean kettle bottoms," says Miss Hall of Battle Creek. "They burn every drop of oil before the heat reaches the cooking."

"This flame for French-fried potatoes," says Mrs. Rorer. "It has yellow tips, 1 1/2 inches high above the blue area."

## OIL PRODUCTION IN TEXAS SHOWS INCREASE

### Panhandle and Upton Fields Get Big Play; Big Gas Consumption

Passing of the 100,000 barrel daily production mark by the Texas Panhandle field was the most important event of the past week in Southwest oil circles. The average for the week was more than 105,000 and, with all storage in the Panhandle filled and the Texas Railroad Commission barring earthen storage, this mounting production forewarned of lower prices for crude in this area.

Addition of a 5,000 barrel well in Hutchinson County by the Marland the middle of the week made the storage and price problems all the more acute; but, seemingly did not lessen the eagerness with which operations are being hurried.

**Nigger Creek Oil Comes Back**  
Next to the Panhandle activity, the comeback of Nigger Creek field, near Mexia, with 11 wells making more than 14,000 barrels daily, was the greatest recent sensation. This field is controlled practically by the Transcontinental Oil Company which has 30 drilling operations under way there and owns seven of the present wells.

Third in interest to the oil world this week was the vast increase in

production at Spindletop, where already one cut has been made in crude prices and another is expected momentarily. Gulf probably will have 30,000 barrels of production there within a week; while Yount-Lee and Rio Bravo are producing more than that amount at this time.

**Upton County in Lime Light.**  
Upton County had its share in the news of the week with the bringing in of two new big producers, both of which are offsets to Dixie's No. 2 Hughes, which, with its 2,000 barrels daily average, remains the largest well in that area outside Reagan Co. Smaller wells in Upton were brought in by the Sun and the Marland.

Cross Plains, in Callahan County, added to the oil interest by reporting a 50 to 100 barrel well six miles west of the town which is declared to open a new field with good prospects. Seven other wells added extensions to the south side of the townsite field. Brown county reported two interesting completions during the week.

Texas Company's Hickman, near Blake made 378 barrels the first day and continued to flow during the week. On the Cason Ranch, 10 miles northwest of Brownwood, Andy Bowers brought in a wildcat estimated at 50 to 100 barrels at 1,525 feet.

**Archer County Area Extended.**  
In the old shallow area at Iowa Park, Kimmell-Dillard's No. 1 Fassett-Tuttle topped the deeper pay at 1,355 feet and was swabbing 125 to 150 barrels per day at last report. This was an absolute wildcat and has done much to encourage deeper drilling in that district.

Archer County contributed a two-mile extension in the American Refining Company's No. 2 J. H. Turbeville in Block 150 Robert Carson survey, which flowed 400 barrels daily from the sand at 1,50 feet.

**Texas Production Grows.**  
Increase of Texas Oil production by 22,850 barrels daily average for the week ending Aug. 10, was reported by the American Petroleum Institute with a total average daily production for the State of 532,650 barrels, which set a new high record and was the third time the State's production has been above the 500,000 barrel mark. Powell furnished the oil which set that figure in 1923 and Wortham in 1925.

Gasoline consumption for June in 30 states showed an increase of 50,191,000 gallons over same month in 1925. For the half year these 30 States used 1,845,298,000 gallons, a gain of 228,529,000 gallons, or 14.1 per cent over 1925. This is believed to set a new high record.

### A. & M. Man Says Leaf Worms Bad in East Tex.

Leaf worm damage is spreading throughout the state, and is particularly bad in southeast Texas in the Houston area, according to a statement to the press by R. R. Reppert, entomologist of the extension service of A. & M. College.

According to Reppert's statement, he found a number of counties and found the worms to be at work in almost all sections.

The infestation of leaf worms is worse in the Houston territory, he said. Westward through Wharton and Grimes counties the damage is large and weevil infestation is rapidly increasing, he said.

According to Reppert, the worms are spreading in Tom Green and Schleicher counties in West Texas, and steps are being taken to supply poison to the farmers in that section.

### Louisiana Physician Has Praise for Growth Colorado

Dr. H. L. Ison, of Alexandria, La., head of the U. S. Veterans Bureau Hospital No. 27, at Alexandria, arrived in Lorraine the latter part of last week for a visit with his brother, Jeff Ison, and his nephew, Fred B. Ison. The doctor and Fred Ison were in Colorado Friday and were appreciated visitors at the Record office.

In conversation with the Record editor Friday, Dr. Ison said he was in Colorado thirteen years ago. He said the improvement here was beyond comparison with the old Colorado, and stated that in his opinion, this is the best town of any thing like its size he had found on his trip from Alexandria to Colorado. The doctor drove through in his car and had opportunity to observe the progress of many towns along the route. He stated that crops as a whole, were fair along the route traversed. Dr. Ison was loud in his praise of Mitchell county.

### Traffic to be Regulated Without Wholesale Arrests

Arrests for minor infractions of traffic regulations could well be reduced in number without weakening the effectiveness of traffic control, a statement from national headquarters of the American Automobile Association, declares.

Pointing out that a timely warning to motorists ultimately is of more benefit to the individual and the community instead of wholesale arrests, Thos. P. Henry, President of the A. A. A. urges moderation in enforcement of minor regulations and greater severity in dealing with the more serious offenses that involve personal safety.

"There is nothing to be gained by hailing hundreds and thousands of motorists into court on the slightest pretext," declares Mr. Henry. "Traffic regulations were meant to bring order into the use of public thoroughfares and not to make respectable citizens feel that they had in them the makings of desperate criminals."

"Every violation of the traffic regulations is not worth taking a motorist into court. There are slight infractions that best can be disposed of by a warning on the part of the officer. Everyone is likely to be absent-minded at times and that is the chief factor in slight variations from the practice a motorist is legally required to follow. A warning in such instances probably will have much more

effect than an arrest. The motorist will be more likely to remember what he has done wrong and avoid it in the future.

"I believe that a warning might replace arrest when there evidently is no indication of wilful misconduct. But, where an automobile driver deliberately or negligently breaks the law, then he should be dealt with severely for the protection of others who use the highways. When offenses are serious, there should be no compromise.

"The preference of warning to arrest in minor cases is not based on a desire to make traffic regulations more lax, but rather on the principle that it is best to insist on strict enforcement of those of more consequence. Because of crowded court dockets, a great number of traffic cases either are dropped eventually or must receive much less attention than the offense deserves. If arrests were confined to cases of actual contravention of the law and disregard of public safety, and if more attention were given to the qualifications of drivers, our traffic control would be vastly improved."

W. B. Brooks, who lives seventeen miles northwest of Colorado, was in town Saturday and called at the Record office. Mr. Brooks said he expected to move to Midland this fall where he would farm.

Picnic time, how about a portable? Colorado Music Co.

### GOLF PLAYERS HOLD FOURSOME MATCH PLAYS

Quite a crowd was out to the Country Club Tuesday afternoon to witness the second weekly Scotch foursome matches. Last week in the first of the series, Mrs. W. W. Whipkey and T. A. Leeman came out winners with a low score of 46. This week Mrs. W. W. Whipkey and Mr. Hendricks won out with a score of 52. In this week's play more interest was manifested and the sports committee asks all those who will play in these match plays to be at the links on Tuesday afternoon at 5 p. m.

Players and score for Tuesday's play:  
First foursome—Mrs. Henry Doss and W. W. Whipkey, score 57; Mrs. L. W. Sandusky and T. W. Stonerod, score 54.

Second foursome—Mrs. C. C. Prude and Mr. Paul Tees, score 53; Mrs. Paul Tees and L. W. Sandusky, score 61.

Third foursome—Mrs. W. W. Whipkey and Mr. Hendricks, score 52; Ms. Hendicks and Mr. T. A. Leeman, score 53.

Mrs. H. G. Whitmore has been very ill the past ten days but is rapidly recovering. Mrs. J. T. Whitmore and daughter, Maxine, of Snyder have been in attendance during her sickness.

Mrs. B. F. Mills handles "Little Miss Gage Hats" and "Elzee Lasse Hats" for the little folks.

### Mineral Wells Man Be Associated With Mills

S. H. Bingham of Mineral Wells arrived in Colorado Monday to become associated with the Mills Chevrolet company of Colorado in the capacity of office manager and bookkeeper. Mr. Bingham is moving his family to Colorado and will become a permanent citizen. The Record is glad to welcome these new people to Colorado, and we believe he will find both the city and the firm with whom he is connected, among the best in this section of the state.

### E. H. HAMLETT IS NEW MEMBER COLORADO LIONS

E. H. Hamlett was Friday initiated as a cub into the Colorado Lions Club, making the fortieth member of that organization. Each member has a classification, and his designation is "The Candy Kid."

### VERNON PERRY IS NEW MAN WITH CALIFORNIA CO.

Vernon F. Perry of Washington, D. C. arrived in Colorado Friday morning to accept a position with the Land and Lease Division of the California Company. Perry is a Texas boy, having lived at Gateville before going to Washington. The Texas Land and Lease Division of the California Company have their general offices in Colorado, and have a number of employes here.

and EVERY 3 MONTHS A DIVIDEND is paid to PREFERRED STOCKHOLDERS of Southwestern Power & Light Co. IT NEVER MISSES

September 1, Dividend Day—Next Dividend Date, December 1

Southwestern Power & Light Company has never failed to pay its Preferred Stock dividends. Dividends have been paid regularly and promptly every three months ever since the first shares were sold to the public over THIRTEEN YEARS AGO.

# Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car, as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.

## Official Ballot For Run-Off Primary, July 28

Saturday, July 28, is the date for the run-off primary to determine the democratic nominee, where candidates failed to get a majority of the votes cast in the primary of July 24. Following is a copy of the ballot as it will be made up for the run-off:

**PLEDGE**—I am a Democrat and pledge myself to support the nominee in this primary.

**For Governor:**  
DAN MOODY  
Of Williamson County.  
MIRIAM A. FERGUSON  
Of Bell County.

**For Attorney General:**  
CLAUDE POLLARD  
Of Harris County.  
JAMES V. ALLRED  
Of Wichita County.

**For State Treasurer:**  
W. GREGORY HATCHER  
Of Dallas County.  
J. E. BALL  
Of Fannin County.

**For Associate Justice of the Court of Civil Appeals, Place No. 2 (11th Supreme Judicial District):**

J. E. HICKMAN  
Of Stephens County.  
GEO. L. DAVENPORT  
Of Eastland County.

**For Tax Assessor:**  
ROY E. WARREN  
BENTON L. TEMPLETON

**For Commissioner, Precinct No. 4:**  
C. D. SMITH  
W. E. WIMBERLEY

We have on display a Ford coupe with the new Pyralyn paint job. See it. A. J. Herrington, the Ford man.

## Wise Uncle Hiram, "Riled Up" and "All Het," Convinces Young William the State Fair Is Best Bet

(A Rippling Rhyme)

"Believe I'll go to the Fair," said old Hiram Hill. "Come on—let's hike; what ya say, Bill?" Young William, blase, in this jelly bean age; sour, sarcastic and always "up-stage," with youth's "know-it-all" air and supercilious mien, replied: "What's the use—'It may not be keen.'" Uncle Hiram retorted, "but the things you'll see there ain't been fully reported. You latter-day kids git me riled and all het—you're powerful wise, but there's lots to learn yet. Say, listen, young man, I've lived lots of years—I've listened to sages and savants and seers; I've delved into tomes crammed with knowledge galore and I've come in contact with wise guys before.

"You're figuring wrong about education—taint out of books you get all information. At the State Fair you'll learn, for example, how an expert knows grain by scanning a sample; that Texas' broad prairies produce cattle and sheep—when to cultivate lightly and when to plow deep; what's best for the sandy land—what's preferable for black; when to lay off one crop and when to 'come back.' You'll find poultry raising an interesting topic—that the eyes of the nation are far from myopic; that they're turned upon Texas from every direction, and that folks are all saying, 'It's a wonderful section.'

"What do you know about 'soil adaptation'?" What can you tell about barn sanitation? What do they mean by 'one-crop repeater,' and did you ever feed feterita. There's lots to be learned about proper ground tillage and plenty to be seen in the fine Spanish Village, where exhibits of every character and kind will hold interest keen and improve your dull mind. You can watch any number of factory wheels and feast your optics on automobiles at the Texas Manufacturers' big exposition and the auto show in close juxtaposition. In the auditorium a great big musical show and all sorts of sights down on Amusement Row; see the R. O. T. C. lads drill for swell silver cups; look in at the dog show on the prize-winning pups; watch a gridiron battle—pick the huskiest bunch; have cream-cones and 'sody' and hot dogs for lunch. Get all over the grounds; see all the new tricks—that's what I've been doing since eighty-six.

"Take it from me, Bill, you'll miss a whole lot if you don't go to the Fair—now strike a brisk trot; don your best bib and tucker, let's be on our way; hitch up the flivver; how long shall we stay?" And young William charged with pep, vim and zest, shouted with enthusiasm as he buttoned his vest: "A week anyway, and if it's all you declare, we won't come back 'till end of the Fair."

(State Fair Foreword)

## THRILLING FREE ACTS BEFORE GRANDSTAND TO BE STATE FAIR FEATURE

In addition to the free band concerts to be offered by the Thaviv Russian band in the new Auditorium at the 1926 State Fair, Oct. 9-24, there'll be a number of spectacular free attractions, day and night, before the grand stand. Thrills galore are promised.

Visitors will note a big change in the grounds around the grand stand. The fence which heretofore encircled the race track, has been torn down completely, along with the bleachers, formerly situated just south of the race track grand stand.

Within the enclosure directly in front of where the bleachers formerly stood the forty-odd attractions of the famous Morris and Castle Shows will be located, permitting more room than was possible under the old arrangement of putting the shows alongside the old-time "Midway." The change will also do away with the crowding of the permanent amusement devices—including the ten big "rides"—located in Fair Park. All these attractions will be in operation throughout the duration of the 1926 State Fair, with plenty of elbow room for those who visit them.

The several big free acts will be presented in front of the grand stand, just as has been done in the past, but there'll be no admission charge.

## FINE HEREFORD SHOWING EXPECTED AT STATE FAIR

Anticipating the most noteworthy collection of Hereford cattle in its history, and that the competition will be the keenest of record, officials of the State Fair of Texas are preparing for a Hereford exhibition at the 1926 exposition, Oct. 9-24, which will prove of paramount interest.

It is announced that Albert K. Mitchell of Albert, N. M., junior member of one of the largest firms of breeders in the Southwest, will judge the Hereford classes. Mr. Mitchell is well known, both as a breeder and as a just and fair official.

John C. Burns of Fort Worth, superintendent of the Hereford division, points out that due to the prevalence of quarantine no livestock, save horses, has been shown at the State Fair of Texas since 1923, which itself was a notable Hereford year. In 1923 there was a total of 144 head shown by breeders from Colorado, Illinois, Missouri, Kansas, Oklahoma and Texas, the entries being made up of 59 bulls, 66 females and 19 steers. All these exhibitors, with many more, according to Burns, are expected to show in 1926.

Latter-day porcelain collectors prize most highly china vases of the Ming dynasty. Several thousand years hence, maybe, collectors will prize Texas vases made from kaolin, or china clay, found in Real, Edwards and Fayette Counties. Something else that could be exhibited to advantage at the 1926 State Fair of Texas, Dallas, Oct. 9-24.

## Heads Band To Appear At State Fair, Dallas

A. F. THAVIV

Thaviv's Exposition Band, coming from engagements at the Sequoyan-tennisi, Philadelphia, and the Steel Pier, Atlantic City, will be heard in free concert at the Auditorium, during the State Fair of Texas, Dallas, Oct. 9-24.

## HORSE SHOW EVENTS AT STATE FAIR TO HAVE EIGHT CLASSES

Entries for the horse show to be held during the 1926 State Fair of Texas, Dallas, Oct. 9-24, close on Monday, Oct. 4, according to the premium list, and all premiums are open to the word.

W. I. Yopp is director in charge of the horse show division and C. B. Teems will judge the different classes. There are eight classes, including the equestrian events, in which only amateur riders are eligible.

All animals competing must be entered in the names of bona fide owners and the animals must be named when entered.

The classes include saddle horses to halter; five-gaited saddlers; the novelty class, in which all horses on the grounds must be shown; the five-gaited sweepstakes, the walk, trot and canter, wherein competitors in the five-gaited class are not eligible; hunters and jumpers; the equestrian for lady and gentlemen riders and for boy and girl riders, under 14 years of age, and for a team of four lady riders, representing a club. The class for harness and saddle ponies includes Shetlands and others than Shetlands, and no entry may be over 40 inches in height.

## POULTRYMEN PLAN FOR BIG DAY AT FAIR

Poultrymen's Day at the State Fair of Texas, Dallas, Oct. 9-24 this year, will be one of the red-letter days of the exposition, according to Walter Burton of Arlington, Texas, superintendent.

Highly enthusiastic over prospects for the State Fair show, which will be held Oct. 9 to Oct. 18 inclusive, Mr. Burton declares that arrangements for Poultrymen's Day anticipate all sort of events of paramount interest to breeders and the general public.

## Local Chevrolet Dealer Sells Many New Cars

J. B. Mills of the Mills Chevrolet company, local distributors for Chevrolet automobiles and trucks, said Tuesday the company had received two freight car loads of these automobiles, and their stock is now exhausted. Mills said the convention of Chevrolet sales force held in Detroit, Michigan, first of this week had proven of great interest, and R. H. Grant, general sales manager of the Chevrolet Motor Company, had outlined a sales campaign for the coming year that would exceed anything ever attempted by the company. In speaking of the convention Mills said:

"With the Chevrolet Motor Company's \$10,000,000 expansion program well under way, providing production facilities for 1,000,000 cars during 1927, more than 800 members of the company's field force will hold a three day convention in Detroit starting Monday, August 23, when the sales campaign for the coming year will be outlined by R. H. Grant, general sales manager of the company.

This convention, the largest and most important sales gathering in the history of the automotive industry, marks the culmination of the greatest sales production period in the activities of the Chevrolet Motor Company—an enormous and startling rise to national popularity that is conceded to be without precedent in the automotive industry.

"With more than a half million cars produced during 1925, the close of this year will see production far above the 600,000 mark and the possibility of one million cars in 1927. It is the potential production for 1927 that has called the entire field sales force of the Chevrolet organization to Detroit that plans may be made known to the whole of the country for the merchandising of the 1927 production.

"General Sales Manager, R. H. Grant, sounded the key note of the convention '1,000 more cars per day'—to the selling organization including regional managers, zone managers, division representatives, sales promotional representatives, and service promotional representatives.

"A sales organization, serving more than 8,500 dealers was told of the service to be rendered through advertising campaigns, nationwide in their scope, of local dealer campaigns under the Chevrolet co-operative system, and of scores of sales promotional and service helps that have contributed so strongly in the

past to the unparalleled growth of the company.

"The part that each member of the sales force will play in the handling of the tremendously increased production which the company plans for 1927 were detailed by Mr. Grant."

In speaking of the sales by his company locally, Mr. Mills said: "We are selling lots of cars and it seems we will be able to sell all the cars we can get hold of. The new smooth Chevrolet is certainly going over big in Colorado, and we expect the demand to even exceed the supply of new cars."

Gasoline consumption in the United States in the first five months of 1926 showed 17 per cent increase over same period in 1925.

**Boy Scout Camp Most Successful in His'ory**

Camp Arthur Sears, the Summer Camp of the Boy Scouts of Nolan, Mitchell, Scurry and Fisher Counties which closed Saturday, August 14, was the most successful one since the organization of the council nearly three years ago, according to Rev. W. M. Elliott, president of the Scout Council, who attended the meet.

The principal aim of this camp, as of the preceding ones, was advancement in scoutcraft and the total of tests passed exceeded two thousand. Thirty-three boys advanced from Tenderfoot to Second Class; thirty-eight from Second to First Class and twenty-seven who were First Class Scouts at the beginning of camp passed a total of 397 Merit Badges, nine attaining the rank of Star Scout, fourteen Life Scout and ten Eagle Scouts in the council to thirteen.

The commissary was in charge of Homer B. Freeman, for the past

several years cook for the Sweet-water National Guard Unit, and the boys are enthusiastic in their praise of the variety and quality of the food served.

It is worthy of note that ranchmen, who are forced to post their places against campers for self protection, are glad to welcome the Boy Scouts, Arthur Sears, owner of this year's site spoke very highly of the camp management and the conduct of the boys, and expressed the hope that it would be possible to admit them again in 1927. Mr. Sears and his son, Lance, who is managing the ranch, visited with the boys, with whom Lance was a great favorite.

The camp was under the direction of Ernest A. Moore, Scoutmaster, from Dunn, who was ably assisted by a group of volunteer leaders from the various towns in the council. These included Rev. W. M. Elliott, Chairman of the Council; J. D. Corbin, Chairman of the Campaign Committee; J. E. Ketter, Elvin Thompson, W. P. King, and W. E. Pritchett of

Snyder; C. G. Campbell, R. T. Martin, F. D. West and H. C. Shelton of Rotan; Will Davis and Denver Pettitt of Hermleigh; M. A. Price of Dunn.

Rev. Morris, the "Fighting Parson" of the Simmons football team visited the camp on Sunday, August 8th and preached a powerful sermon to the Scouts and visitors. Sunday School classes were conducted by the Scoutmasters as has been the practice in all previous camps.

More than five hundred people visited the camp during the ten days and all showed great interest in the activities of the boys. The feature day of the camp was Friday, August 13th, it being the day of the barbecue given by G. P. Jones for the boys. This is the second year Mr. Jones has entertained the Scouts in this manner and they were all looking forward to the event.

**RECORD TAKES NO STAND IN POLITICAL CONTROVERSY**

Neither the Record editor nor the publishers of the paper are taking a stand in the political controversies, state, county or precinct. No candidate is receiving official endorsement from this paper. We try to present the news of all campaigns, and any signed article or other dispatch published in the Record in behalf of any candidate does not mean this paper is supporting the candidate, nor that we are partial to his publicity. While we have our own individual views, and reserve the right to vote as we see fit, we are not trying to influence others to vote for any specific candidate, but rather insist that the voters go to the polls if they care to do so and vote their own sentiments from precinct offices on up.

**Mr. Moody Has a Name Sake.**

Although he is still only the Attorney General and can not possibly assume until 1927, the executive toga, even should Ma reread the dictionary definition of "immediat," Dan Moody is already enjoying the perquisites of governorship. A baby born at Paris, Texas, on July 24, was promptly named Dan Moody by his perceptive parent, who read the returns correctly in advance. When that young man arrives at school age he will assure his playmates that he was duly named, not after the Governor of Texas.

**SIMPLE METHOD OF BUILDING UP RUNDOWN LAND.**

The More Cotton on Fewer Acres contest has demonstrated to farmers of Texas that their lands have an almost unbelievable fertility when properly handled. But it is safe to say that no washed out hillside were entered in this contest. Even the least informed farmer knows that soil that has washed nearly to the clay will not make good yields.

Unfortunately, every general rain in Texas has its effect in stripping from thousands of acres much valuable top soil which nature, through the slow process of the ages, has formed there and hurrying this invaluable material off to the Gulf, there to be forever lost to man. Much of the land in Texas is poorer than that in the older Southern states, where they have of late learned the necessity of caring for the soil, and much of it is poorer than soil that has been under cultivation in Europe 1,000 years.

But every cultivator of the soil can greatly check this loss of soil, so far as his farm is concerned. Soil that is on the brink of becoming worthless can be brought back in a few years to a fair state of fertility. It has been done hundreds of times, and it can be done again wherever the right methods are used long enough.

Terracing is the first and most obvious method of checking soil erosion. Without some means of materially slowing up the rush of water down the hillside, there is small use in putting humus or fertilizer into the soil in hope of building it up. Ditching can in some instances be used to check erosion, but in the main ditches will not be found sufficient, and in many cases will aggravate the condition they are meant to cure.

Terraces, properly constructed will do more than check soil erosion. They gradually will fill up gullies that were formed before the terraces were thrown up. Where the gullies have developed into draws, a terrace or set of terraces, unaided, will hardly be sufficient to fill them. In such cases soil traps must be called into use. Soil traps essentially or dams thrown across draws or gullies and provided with pipes by which the water may escape after rising to the height of the top of the pipe. Always the pipes are L-shaped, with one end of the L projecting up on the high side of the embankment. As the water eddies about the upper end of this pipe it drops most of its burden of soil and when it finally escapes down the pipe it is moderately clear. By this means the depression is gradually filled, and as the height of the soil rises the height of the upper arm of the L may be increased until the depression is gone.

Terraces, by slowing up the water as it seeks to escape, gives the water more opportunity to sink into the subsoil, and in this way causes a

greater retention of moisture all the year round. This greater moisture supply produces bigger crops, bigger crops produce more humus, which falling back on the soil, builds it up, and so the process goes on. By the same process of slowing up the water, the individual farmer does what he can to prevent floods of water from rushing across lower fields and carrying priceless soil along. To that extent, the farmer who terraces is his neighbor's benefactor.

Terraces are a little annoying until they become well established, in that they make point rows in fields. But except on steep hillsides, they may be plowed over after a time and subtract nothing from the tillable area and cause no annoyance to the man with the plow. The work of building terraces can be done by any farmer who understands the principles of the work. A little help, especially if it comes from the county agent, will make the task easier and the quality of the work better; but help is not necessary.

If there is any material variation from the proper contour line when the terraces are finished and a heavy rain falls on them, they will almost surely break somewhere. But no farmer should let that discourage him. He is fortunate, indeed, who has such annoyance. Merely change the location of the terrace slightly, if a need for it is indicated, or build it higher across the draws, if that is indicated, and keep up the fight until it is won.

Occasionally terraces will slip from pressure of the water collected above them, or give way where they cross draws because water percolates through and undermines them. To forestall this, plant Sudan or other heavy-growing grass-rooted crop on top of the terrace the first year.

Having conquered the tendency on the part of the soil to wash, the farmer is in a position to build up the fertility of his soil. In the course of years it will build itself up merely because the forces of nature will be permitted to act unrestricted in making available such plant food as remains in the soil. But the process is too slow. Use of peas or other green manure crops; the application of barnyard manure or of commercial fertilizer during the growing season will produce much more rapid results. Because of the cost of commercial fertilizers and the varying responses that different soils make, some study should be given to the matter before one attempts to build up soil by that method. But one can not go wrong in growing crops to be turned under, or in applying barnyard manure.

We are not the owners, but the trustees of the land we till, or to which we hold title. We hold that soil in trust for our children, and our children's children. Willful neglect of the soil we farm is just as definitely a sin as if the Eighth Commandment had been violated. "Thou shalt not steal from thy children the fertility of their soil which the Lord thy God, intrusteth to thee", is the way A. K. Short once expressed this idea. It is not only our privilege, but also our duty to maintain the fertility of our farms, or to restore it if we have permitted it to decline.—Semi Weekly Farm News.

**TOO SMART FOR JIM.**

Jim Ferguson's thinking machine seems to have been all gummed up in regard to the Moody challenge. It will be recalled that a few days after the recent primary, probably while somewhat addled by the shock, he announced in the name of his wife that she would resign about Nov. 1. After ten days study of the exact language used by Moody in accepting the challenge, Jim discovered that the challenge was not accepted at all. In spite of his aversion to higher education, he has bloomed into a grammar expert and found the loophole in the purported acceptance by which the slippery Dan expected to escape.

All of his enemies and most of his friends will think that Jim went a long time in making this important discovery. He and his crowd failed to discover the hidden meaning in the supposed acceptance during about two months of discussion, and evidently it had not dawned on Jim that he had such a good excuse when he promised that his wife would not go into the run-off and would resign some time later.

Jim has inadvertently admitted that he thinks so sluggishly to keep pace with the quick witted Attorney General. If Dan was smart enough to frame his purported acceptance on the spur of the moment in such a way as to fool the astute Jim and all his supporters in the belief that it was a bona fide acceptance when it was a mere subterfuge, he is too smart for Jim to hold him a light.—C. E. MEAD.

POSTED

WARNING—Take Notice. The Ellwood lands are posted according to law. Hunting and fishing absolutely not allowed. Better take notice in time. Trespassers are warned to stay out.—O. F. Jones, Manager. tf

ALL KINDS OF DEMOCRATS

VOTED FOR DAN MOODY There is one other thing to be said about Dan Moody—he has reunited the Texas Democracy. For my own part I have been united all the time, but two years ago many of our fine friends wandered temporarily into the Republican camp and voted for Dr. Butte.

THE RECENT DANGER

The recent danger of heavy damage to cotton from pests of different kinds, calls to mind the need of diversification on the farms of Mitchell county. The feed crop of the county is excellent, and this makes it important that the farmers realize the opportunity to raise hogs and chickens to their own financial gain.

THE DATE OF OPENING

Now that the date for opening of our public schools is drawing near the parents should prepare to offer their co-operation to the school board, the faculty, and the Parent-Teacher association in making this the most successful term in the history of the Colorado schools.

IF YOU HAVE ANY SUGGESTIONS

If you have any suggestions you think would better the appearance or volume of readable news in The Record, or anything that would help to make The Record a better county paper, we would be glad to have it. The Record editor would be glad to have opinions from the public, and suggestions that would increase the usefulness of the paper.

FOR SALE

FOR SALE—26-Model 1-Ton Ford Truck, steel fished cab extra body, suitable for hauling cotton, feed, etc. Has water pump. Mileage less than 5000 miles. This truck has had good care and is in excellent condition; used very little.—M. A. Thompson, plaster contractor, or call first door north of O. B. Price residence to see truck. Phone 11.

FOR SALE

FOR SALE—Large type Barron Strain White Leghorn baby chicks \$9.50 per hundred. Ancona \$11, Rhode Island Reds and Barred Plymouth Rocks \$12, Buff Orpingtons and White Wyandottes \$13 per hundred. # LORAINNE NEWS

Local and Personal News About Loraine and Vicinity

MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipsey Printing Company in Loraine and vicinity. See her and take your County paper.

Dr. H. L. Ison, wife and daughter, Mrs. Margaret Lee of Alexander, La., visited relatives here in the Jiff Ison home this week.

Guests from San Angelo, Mary Neal, Loraine, Colorado, and Big Spring were entertained with music and a free barbecue at the Cooksey ranch South of town Friday evening.

Roy Faulkenberry spent the week-end in Lubbock.

Mr. and Mrs. Pat Kelsay of San Angelo are visiting in the Horrace Cook home.

W. E. Campbell, wife and children of Bellevue; Mr. and Mrs. J. W. Adams and son of Winters; Mrs. A. R. Richardson of Frisco; Mr. and Mrs. J. A. Falukenberry and children and E. L. Rushing and family of Loraine spent Sunday here with their parents, Mr. and Mrs. Thomas Davis, T. L. Faulkenberry and wife were invited guests to the sumptuous dinner prepared for the occasion.

E. J. Adams returned home Monday from a business and pleasure trip to Lamesa and Amarillo last week.

Wesley Edmondson of Roscoe is here assisting in the W. L. Edmondson store.

Miss Hazel Howell is visiting her grandmother at Gorman.

Rev. and Mrs. Sam Morris were Loraine week-end visitors. The pastor who conducted a series of meetings here has been in a meeting at Wastella.

Work commenced Tuesday morning of this week on a model stucco bungalow residence in the Templeton addition, the home of Mr. and

Mrs. Roy Baird. Mr. Baird has also let the contract for a rent house to be built in the same addition.

Wiley Walker is having a nice four room house built in the Templeton addition. Work commenced on same Saturday.

Thomas Hal land family moved Monday into their new modern home recently completed on their farm west of town.

Mr. Willie Schultz has returned home from Carlsbad, much improved in health.

Zion Rest Primitive Baptists, 7 miles north of Loraine are offering for sale to the highest bidder their church house, a frame building 30 X 50 feet. Send your bid sealed, which must be in by Sept. 17. Reserve the right to reject all bids provided we think the offer not high enough. Address: Pastor J. W. West, Box 17, Loraine, Texas. 9-2-2

Mr. A. H. Byrd who has been here visiting his daughter Mrs. Lewis Williamson and son, Harvey, left Sunday night for his home at Franklin.

Stawder Jarrel Iof Hermeigh, spent the latter part of the week here visiting his Aunt, Mrs. F. A. McGee.

Mrs. Lewis Williams is adding a new barn and other improvements to her home in West Loraine.

Mrs. Henry Howell, J. H. Neill and wife and George Howell visited in the Mrs. W. P. Cranfill home at Longfellow Tuesday evening.

Rev. W. A. Foster and family who have been visiting here for the past three weeks returned to their home at Abilene Friday.

Mr. J. K. Taylor will commence this week to tear down and remodel his house into a modern stucco bungalow on the old location.

## Colorado Citizens Return From Motor Trip to Ky.

Messrs H. T. Coles and family and L. S. Coles and family have returned from a visit to their old home in Kentucky, having driven through in their automobile. They left Colorado on July 17th and were joined by an older brother and wife at Floyd, Texas.

They motored through, following the Bankhead Highway to Memphis, Tennessee, and from there to Paducah, Kentucky, which overlooks the Ohio and Tennessee rivers.

They visited in Paducah, Kentucky and from there to Mayfield, their old birthplace and childhood home. Paducah and Mayfield are two of the oldest, most historical and most beautiful towns in Kentucky. At the end of Broadway street in Paducah on the banks of the Ohio River General U S Grant stood and issued his famous proclamation to the South in 1861. Rogers Clark, who was a great American explorer and frontiersman landed in Paducah on his exploration of the West. The Woodruff monument one of the "Seven Wonders" of Kentucky, is located in Mayfield.

True Southern hospitality still reigns supreme in Kentucky. It reminds one of the scriptural land which flowed with milk and honey.

Family reunions were held at Paducah, Farmington and Mayfield. The largest reunion being held at Farmington, where sixty-six members of the Coles family were gathered together, some for the first time in life and some for the first time in over thirty-five years.

The return trip was made on a northern route going through southern Missouri, northwestern Arkansas southern Oklahoma and back to Floyd, Texas. The mighty Father of Waters was crossed at the historical point of Columbus, Kentucky. Columbus was once selected as the site for the Capitol of the United States, but was later rejected because of its inland location. An old Confederate cannon still silently stands guard over the Mississippi river at that point. It was used by the Confederate soldiers during the civil war to prevent the Northern troops from sailing down the river and dividing the South.

Hot Springs, Arkansas nestled away in the foothills of the Ozark Mountains and was one of the most beautiful and scenic towns passed thru on the entire trip. Long before the town was reached beautiful homes, timbered woodlots and flower gardens dotted the rugged slopes of the mountains. It is little wonder that the Indians worshipped the hot springs as the breath of the Holy Spirit breathed out to heal them. It is one of the most remarkable masterpieces of nature to see gushing hot water coming forth seemingly inexhaustible quantities. Surely Hot Springs is the fabled "fountain of youth", so long sought for by Ponce De Leon, the noted French explorer and adventurer.

## SEVEN WELLS NOTES

Well, five long weeks have passed since our last report. During which time the Death Angel has knocked at the door of P. M. Bassham and claimed for its own his wife, Mrs. Goldie Bassham. Our hearts are burdened with sadness when we think of the loneliness in that home; and our prayers go with her husband and children in this awful bereavement. She was a true Christian and also an industrious and ever loving wife and mother. She leaves her husband and eight children to mourn her absence.

Mr. and Mrs. A. S. Hutchings from Sparsburg, have been visiting their parents, Mr. and Mrs. A. A. Andrews, for several days.

Mr. and Mrs. Jurde Reese have returned from Arkansas where they have been visiting about three weeks. They, like everybody else, were glad to get back to Colorado once more.

Mr. and Mrs. R. E. Lee and family also Miss Marie Smith from Guthrie, Okla., have been here visiting in L. L. Bassham's home. Mr. Lee is a brother to Mrs. L. L. Bassham. Come again, R. E., your visits are always enjoyed.

Mr. and Mrs. Aubry Wallace and family from Oklahoma have been here visiting his brother, C. A. Wallace and family. J. E. Wallace and family from Midland, have also been here spending a few days with home folks and friends. Come again Wallace; this is where you belong anyway.

Mr. and Mrs. W. M. Reese and children from Sparsburg are here spending a few days with home folks and attending the Wallace and Taylor meeting.

## GET OUT THE VOTE.

It seems that the voters of Texas must clinch the victory they won on July 24. Mrs. Ferguson, under the guidance and direction of her husband, has changed her mind and will now "run it off" with Dan Moody. The outcome is certain. Dan

Moody's nomination will be ratified by an overwhelming majority.

But the friends of Dan Moody must get busy. The Ferguson's only hope is that the Moody supporters will stay home on election day, Aug. 28th. It is a slim hope, but it has its elements of danger to the Moody candidacy.

Let the friends of Dan Moody in this part of Texas who gave him an overwhelming majority over all his opponents July 24, get busy. Let this section show Texas exactly where it stands on this question of clinching the victory.

It is important that West Texas be strongly represented at the polls. It was here that Dan Moody received his biggest majorities and that "Fergusonism" received its most severe rebuke. It will be a short, snappy campaign—and the slogan should be "Get Out the Vote."—Contributed.

Westbrook, Texas

Lumber, Wire, Posts, Eclipse Windmills and Parts  
Rig Patterns a Specialty

The annual chautauqua is coming to Westbrook on Sept. 6-9. This year's chautauqua promises to be the best we have ever had. There will be seven different programs, three afternoons and four nights. The one play "Across the Street" is worth the price of a season ticket. This play had a run of several weeks in New York City.

In addition to the play, there will be varied programs of music, addresses, etc. In fact everyone is guaranteed to get his money's worth in the form of high class entertainment.

The chautauqua is underwritten by the business people of Westbrook, with a desire to give the people of the community a chance to enjoy themselves. Season tickets are on sale at the different business houses in the town. Get your season tickets and save the price of two programs. The price of season tickets is adults \$2.50, children \$1.50. Let's everybody go to chautauqua and have a good time. Remember the date, Sept. 6-9.

Costin's death will appear in the next week's issue.

Mrs. John Johnson was carried to Colorado last week where she underwent a very serious operation for appendicitis and other complications. She withstood the operation well and is rapidly recovering from same.

Miss Jewell Hunicutt who has been visiting in the home of her aunt, Mrs. U. A. Terrell, left Wednesday morning for San Angelo where she will continue her visit for a few days before returning to her home at Naples, Texas.

## Chrysler Company Has New Light Car on Market

Murchison & Collier, distributors for Chrysler automobiles in the Colorado territory, last Friday received one of the new Chrysler "50" automobiles, new product of the Chrysler factory. The car is four cylinder, the one received by the local dealers is coupe with all steel body, and is a very neat looking job. L. B. Collier, member of the firm, said Monday that he had received several orders for the new car and was expecting a large shipment in within a few days. In speaking of the new car, Collier said:

"The Chrysler Corporation announces a new four-cylinder motor car, the '50' at the lowest price for which a Chrysler has ever been sold. Its three models, coupe, coach and four door sedan, are priced at \$750, \$780 and \$830 F. O. B. Detroit.

"Better riding comfort, greater roominess, a full-sized car in which modern space engineering has been surprisingly utilized, easier handling, speed with comfort up to the car's maximum, the economy of twenty-five miles per gallon of gasoline, these and other features notably the apparent great value built into the car, are expected by the Chrysler organization to make the new car an immediate out-standing success in the small car field.

"Announcement of the new '50' marks the fourth and final step in Walter P. Chrysler's quality standardization plan of building four quality cars to supply the four greatest motor car markets, under one name, by one manufacturing organization, engineered by the same group of men to one quality standard, built in one group of plants, and economically marketed by one unified distributing organization.

"The first impression one receives from the car's interior is their unusual roominess for a car of this price. The bodies are of Chrysler design, with unusual visibility from every angle, both to driver and passengers. Upholstery in each model can be completely removed for cleaning and replacing. Contour and cushioning of all seats was especially studied by the body designers to overcome what the company has long felt was an unnecessary criticism of small cars, their lack of providing comfort and roominess for each occupant. Special attention is called to how modern space engineering has provided unusual inside room for each passenger. Cushions in each seat are designed to give the occupants weight and to support the legs comfortably under the knees.

"Full support to fit the contour of the back is also provided. Upholstery in each model is fine fabric. Door pulls and all metal hardware are dull silver finished. Dome light is included in the sedan. The instrument board, with all gauges grouped under one dial in characteristic Chrysler fashion, is similar to that on the '60'.

Each model is finished in Duco in color combinations special for this car.

"Among other chassis features, briefly are these:

"Extra sturdy and heavy crankshaft with bearing surfaces one-third the actual length of the shaft, finely balanced pistons of special light aluminum alloy, most modern and highly approved clutch design, crankshaft, clutch and flywheels balanced to limits of two one-hundredths of an ounce, front engine support a multilink semielliptical spring, transmission gears carefully matched, ball bearing king pins, plus super-sensitive steering mechanism, rear axle gears "lapped in" with an abrasive compound before being assembled, unusual precision manufacture, tolerance held within tens of thousandths of an inch, long, flexible springs whose total length is 58 per cent of the cars length."

## TO THE VOTERS

Regarding the race between Templeton and Warren for the office of tax assessor we want to say a few words regarding Mr. Benton L. Templeton, so that the voters of Mitchell county who are not acquainted with Mr. Templeton might know something about the quality of his service as a public employe, as well as the man himself.

Mr. Templeton was superintendent of Silver School last year. Under his administration and unremitting efforts in behalf of our school and community, we had the most successful school term of our history. Because of our knowledge of Mr. Templeton's sterling qualities as a gentleman, and efficient service as a public employe, the voters of the Silver School district are 100 per cent for Templeton in his race for tax assessor.

We unhesitatingly recommend Mr. Templeton to the voters of Mitchell county as a very worthy young man and as one who possesses every qualification necessary for filling the office with credit to himself and complete satisfaction to the public.

Upon the expiration of the present term, Roy Warren will have held the office for two terms, or four years.

The office pays approximately \$3,000.00 per year and upon the expiration of the present term Mr. Warren will have received approximately twelve thousand dollars in salary.

By asking for the third term Mr. Warren is imposing on his friends by asking them to violate a long established custom of giving a faithful employe two terms and no more. If we are going to perpetuate one man in office then we are destroying every incentive for other worthy young men in our county to make the sacrifices necessary to preparing themselves to ably fill the several county offices. In the general primary on July 24 the new candidates in the field received a majority of more than 800 votes thus showing that the voters of Mitchell county are still opposed to official perpetuity.

The big majority against Roy in the July election is not construed as a vote against Roy as a man but rather as a vote against the third term. As Templeton was the high man amongst the new candidates in the July primary the contest on the 28th will be between Templeton and Warren. Those of us who are personally acquainted with Mr. Templeton recommend him to be equally as worthy of your support, equally as competent to perform the duties of the office, and that he will be equally as respectful, courteous, and considerate towards the public in your business and social relationship, and that he will appreciate your support as much as any living person. If you elect Mr. Templeton you will have elevated a young man to an honorable position who will always realize that it is not the people who are his servants but that he is the servant of the people. If you elect Templeton he will not ask for a third term but will leave the field open to other worthy citizens.

D. R. SMITH,  
F. F. BROOKS,  
O. L. ROBINSON,  
W. B. DUNN,  
Trustees Silver School District.  
(Political Adv.)

Oscar B. Price returned from Dallas Monday, driving out some new cars, as his stock was depleted and his railroad shipment had not arrived. Mrs. Price accompanied him and visited her brother, Stansel Whipkey, and other friends for a few days.

## 50 YEARS AGO

Hopkins County.—Sulphur Spring has secured the location of the Methodist High School for this district of the North Texas Conference.

Charleston, S. C.—The State Democratic convention today nominated General Wade Hampton as candidate for Governor and adopted a platform declaring acceptance in good faith of the thirteenth, fourteenth and fifteenth amendments to the Federal Constitution.

Round Rock.—The town of Round Rock on the International & Great Northern Railroad, is opened for business. The depot, one of the finest on the road, is finished and the sound of the hammer is heard all over the town.

Victoria.—The Democracy of this county held a county convention at the courthouse today. Dr. T. R. Cook, chairman and H. A. Glenn, secretary. Delegates were elected to the San Antonio convention.

Bell County.—The following will be employed the ensuing scholastic year in Belton Collegiate Institute: The Rev. T. H. B. Anderson, principal; Arthur E. Reeter, the Rev. W. W. Patrick, Mrs. M. C. Vandiver and Miss Vic Bradford.

Lampasas County.—The Dispatch reports at least 5,000 people in attendance at the springs and fair.

Such a collection of people was never seen in a frontier town.

Fort Worth.—Three vehicles and one horseman were held up and robbed by bandits today on the Weatherford road, ten miles from this city.

Dallas.—Sunday was the hottest day ever known in Dallas, and for the first time in its history a number of fatal cases of sunstroke took place. From 11 to 4 o'clock the mercury began to rise, until it reached 114 degrees in the shade. The whole population seemed to be overcome with the heat, and many were stricken down. Among those to whom the heat proved fatal were David L. Williams, clerk of the Crutchfield House; Nat Hogan and R. L. James.

Atascosa County.—Don Jose Maria Cardenas died Aug. 1 at his residence in Atascosa County in the 80th year of his age. He was born in San Antonio in 1796, and was a worthy representative of the first Spanish families that settled in San Antonio and reclaimed it and the adjoining country from the Indians. He fought for the independence of Texas, and his many qualities were recognized and appreciated by Travis, Bowie and other fathers of Texas independence.

Archer County.—A party of prospectors has just returned from the

copper regions of Archer county and report favorably on the indications.

San Antonio.—Yesterday afternoon the Indians stole all the horses in the vicinity of Fort Concho and visited Tankerly, Levy and other ranches.

Call me for good Coal Oil in fifty gallon lots or less.—J. A. Sadler.
