

### COLORADO GETS FEDERAL POSTAL BUILDING FROM FUNDS APPROPRIATED

#### ASSURANCE GIVEN THAT CITY IS INCLUDED IN FIRST ALLOTMENT OF FUNDS

Appropriation Already Passed Congress; Building Be Started Soon, Said

The Colorado Chamber of Commerce is in receipt of word from Washington that they have the assurance of First Assistant Postmaster General Bartlett that Colorado will be included in the Government's original one hundred million dollar appropriation for the public buildings program that will be carried out over the nation. This means that Colorado will have a new Federal post office within a comparatively short time as this original one hundred million appropriation has already been passed by the House of Representatives and the Senate, and will become effective at once. This places Colorado along with Dallas, Fort Worth, El Paso, Coraicana, Sweetwater, Lubbock and possibly other Texas cities to receive part of this appropriation for a Federal building.

Such a building will mean a great deal to this city as the present building has been outgrown for many years and this Federal building will stand as a monument to the remarkable development of this city during the past few years, and it will greatly facilitate the handling of the ever-increasing amount of postal business due to the continued growth of Colorado.

Again we say, "Forward Colorado!"

### COLORADO COMPRESS BURNS WITH LOSS OF MORE THAN \$240,000

#### 3,000 Bales Cotton and Liners Destroyed; Six Freight Cars Lost

One of the most disastrous fires ever had in Colorado occurred Tuesday night when the Colorado Compress, owned by John Guitier of Abilene, about 1,800 bales of cotton, 1,200 bales of liners and six freight cars were totally destroyed by fire of unknown origin. The fire was discovered about 3 o'clock Wednesday morning, and was beyond control before the fire department could get to the scene of the blaze.

The loss is estimated to be in excess of \$240,000. The compress plant was valued at about \$100,000, the cotton at \$115,000 and the railroad equipment at about \$25,000. Six freight cars were completely burned and two others damaged badly. All of the compress property was completely burned, but the oil mill and oil mill offices nearby were saved by efforts of the firemen, the department having made a run to the fire as soon as the alarm was given.

John Guitier was in Colorado early Wednesday morning but made no statement as to what would be done about rebuilding the plant. Local citizens are of the opinion that the plant will be rebuilt before another season. Amount of insurance, if any, carried on the property could not be ascertained, although it is thought the loss is partially covered by insurance.

The cotton is said to have belonged to numerous firms and individuals. The compress also probably owned some of the burned cotton. The Texas & Pacific railway had approximately 300 bales of the cotton under bills of lading, we are informed, and this was probably covered by insurance.

### W. A. Coles Is Now With Hicks Rubber Company

W. A. Coles, formerly of Lorraine, has accepted a position with the Hicks Rubber Company store in Colorado, taking the place of J. M. Hunter, who was transferred to the company's store at Childress about a month ago. Coles formerly operated the 467 Service Station at Lorraine and sold Dayton tires there, and is considered a first class tire man. His connection with the Hicks organization here puts him in position to serve his friends with these same tires, and he asks his former patrons and others to call at the Hicks store and see him.

### J. R. CLARE MAKES 48.2 MILES ON GALLON GAS IN FORD COUPE

#### Takes First Prize In Gas Contest Staged Here Last Saturday

J. R. Clare, mechanic at the Dodge agency in Colorado, took first prize in the Herrington Road mileage contest staged last Saturday when he made 48.2 miles on one gallon of gasoline in his Ford coupe. Clare beat the next highest man nearly three miles.

The contest staged Saturday was elimination contest of the Herrington agency here to pick winners to go into the final contest held Tuesday in which cars from Midland, Big Spring, Snyder, Sweetwater, Roscoe and Colorado were entered for final championship mileage for the district.

A large number of the Fords entered in the Saturday contest made high mileage. Only the highest closed and the highest open cars in this contest were allowed to enter the contest held Tuesday. All the other towns in the district held elimination contests last week also.

Following are the entries in the contest Saturday and the mileage made. R. L. Spalding and W. L. Evans were the judges in the contest:

- C. H. Womack, Tudor, 39.3; Willis Tilley, roadster, 41.9; J. R. Clare, coupe, 48.2; Wake Hardy, sedan, 23.2; W. A. Honey, touring, 32.8; Hubbert Waldin, coupe, 38.9; Tom Buckner, coupe, 45.5 1/2; C. P. Gary, sedan, 38.7 1/2; Mrs. J. J. Riden, coupe, 27.8 1/2; J. F. Merritt, tudor, 29.9; Wylie Walker, roadster, 29.8. Average for the eleven cars was 38.9 miles on the one gallon of gasoline.

Judges in the final run-off contest staged Tuesday of this week have not announced decisions and it is not known just what the mileage in this latter contest is.

### GEO. S. BERRY KILLED IN ACCIDENT AT CHALK OIL FIELD WEDNESDAY

#### Clothing Becomes Entangled In Machinery of Rig and Meets Instant Death

George S. Berry of Colorado was instantly killed late Wednesday afternoon at Chalk oil field when his clothing became entangled in the machinery at a rotary rig where he was working. Witnesses say the crew was pulling casing at the well and Berry stooped over to adjust the winding cable and his jacket caught under the cable on the winding drum and he was thrown against the heavy timber, killing him almost instantly.

The body was brought to Colorado Thursday morning by a Big Spring ambulance and turned over to the Jones, Russell & Co. for burial Thursday afternoon. Funeral services will be held this afternoon.

Deceased is survived by his wife and other relatives. He had lived in Colorado for some time.

Mrs. P. C. Coleman, Mrs. C. M. Adams and Mrs. C. H. Earnest left Sunday for a trip to New York and other points in the east.

### WADE AND WHITEHEAD BE IN COLORADO NEXT FRIDAY FOR MEETING

#### Officials of the West Texas Chamber of Commerce To Meet With Club

According to information given the Record Wednesday morning, Homer D. Wade and E. H. Whitehead, general manager and publicity manager, respectively, of the West Texas Chamber of Commerce, will be in Colorado Friday, on business connected with their organization, and will attend the Friday luncheon of the Colorado Lions club. Wade formerly lived in Colorado and is well known here, and Whitehead visited here several times and is known by most of the business men of Colorado.

### ROAD MEETING HELD MONDAY TO DISCUSS MEANS IMPROVEMENT

#### Number Citizens Urge Action Relative to Condition Iatan Flat

At a meeting of a dozen or more citizens held in the office of County Judge C. C. Thompson, Monday evening, expressions seemed to be unanimous that something definite should be done to improve the Bankhead highway across Mitchell county and plans were discussed and steps taken to do something in this direction at an early date.

The first official action taken was to endorse Tom Goes for maintenance superintendent for this section of Division 18, and to ask Sweetwater and other towns on the Bankhead highway to join Colorado in supporting Goes. Committees from Sweetwater and Colorado are to meet this week and discuss the matter of a maintenance superintendent.

According to Judge C. C. Thompson plans are now being worked out whereby some definite improvement program can be taken up, and he has an appointment to meet the State Highway commission in Austin on Thursday to discuss these plans.

From discussion of these plans, it appears that the Bankhead highway is to receive a 12-inch coat of the best gravel and the drainage structures and would make this important transcontinental highway an all-weather road through this county. Twelve inches of good gravel on this road would make the Mitchell county strip of the highway much better than several other portions of the highway, and it is hoped that in case it is graveled the State highway department will top the road with asphalt topping, making it a good paved road.

The matter of the Chalk oil field came in for some discussion and statements were made to effect that this work is to be done at an early date. Funds for this are now being raised by the Chamber of Commerce.

### A. C. Connell Named Member School Board

A. C. Connell, manager of the Hicks Rubber company's local store, has been named a member of the school board of the Colorado Independent school district, to fill out the unexpired term of A. B. Blanks, who recently resigned and moved to Ada, Okla.

Connell is a member of the Colorado Lions club, the Chamber of Commerce and is considered one of the most progressive and public-spirited men of the city. He has lived in Colorado only about two years but he has demonstrated the fact that he is for the upbuilding of the city and the schools and scores of local citizens feel that the appointment of this substantial business man and citizen to the place on the school board was a wise choice.

### BAPTIST TO BUILD NEW CHURCH HOME; BREAK DIRT MAY 1

#### \$50,000.00 Structure To Be Built On Old Site; \$25,000 Raised

At the close of the Sunday morning services at the First Baptist church a conference was held to discuss the matter of erecting a new church home and the assembly voted unanimously to build a new \$50,000 church on the site of the present structure, and it was reported that \$25,000 had been subscribed by members of the congregation.

May 1 was the date set on which to break dirt for the new structure and it is expected that everything will be in readiness for the starting of the structure on that date. A building committee and a finance committee were named to handle the proposition and they are said to be actively engaged in the task of preliminaries. The building committee is composed of J. L. Bowen, O. Lambeth, J. H. Smoot, W. W. Whipkey, and J. H. Greene; and the Finance committee is composed of O. Lambeth, J. A. Sadler, J. L. Bowen, Dr. T. J. Ratliff, Mrs. Jas. T. Johnson and Mrs. Jack Smith.

The need of a new church home for this congregation has been discussed for several years and many members say the growth of the church has made it imperative that something be done at once. The pastor, Rev. D. W. Morgan, is known all over the South as a "building pastor" and he is determined to do all he can to relieve the present hampered condition of their house of worship, and is backing the building move with all his energy. He says the building will likely be ready for occupancy this summer.

Plans for the building to be erected have not been announced but from the preliminary discussion of the structure, it will be the finest church structure in Colorado and one of the finest in West Texas.

### DR. G. W. HUBBARD MAKES RECORD GOLF PLAY AT LOCAL CLUB

#### Makes Hole No. 2 in One Club First in History for Local Club

Dr. G. W. Hubbard takes the first official record of having made a hole in one club at the Colorado Country club golf course, when he made hole number two, 160 yards, in one shot. It has been known for some time that Dr. Hubbard could be classed as an expert golfer but this is the first time his "one shot" ability has been demonstrated. Witnesses testify that the doctor sent the ball directly into the number two hole with one lick at the pill which carried it 160 yards. Officials of the club say that the doctor will likely hold this record, as no other member has been close enough to this record to show competition. While we know nothing of golf, we would bet a doughnut that none of them will beat the doctor with this record.

### WILDCAT TEST TO BE STARTED NORTH LORRAINE

J. W. Yancy of Fort Worth is soon to spud in a 3,000-foot test on the Sanders farm, two miles northeast of Lorraine, Mitchell county, according to an official report received here last night from Lorraine.

The test, which will be in block 25, T. & P. survey, is to be on a drilling block of 12,000 acres, which was obtained through Lorraine men. Much leasing and prospecting is reported under way in the vicinity of Lorraine. Another drilling block is being secured north and west of there, it was stated.

### Sheriff's Dept. Secures Mash But Make No Arrests

Sheriff R. E. Gregory and Deputy W. L. Evans captured several barrels of mash Sunday afternoon in a pasture south of Colorado about 15 miles, but the operators of the still had removed the still and other equipment before the officers found the outfit and no arrests were secured. The sheriff reports that the scene where the barrels of mash were captured showed that a still had been in operation there and he feels that the outfit will be captured yet, as he thinks it was moved to a new location.

### MITCHELL CANNED GREEN PEAS ATTAIN NATIONAL REPUTATION

#### Co-op Market of County Federation Creates Demand For Goods

Mitchell county canned green peas are attracting national attention. A short time ago W. H. Jeffries, president of the Eastern Torpedo Co. of Cleveland, Ohio, while staying at the Barcroft hotel discovered what he thought to be a new vegetable but later learned that it was the canned green peas which are sold by the club women of Mitchell county through the Cooperative Market maintained by the County Federation. He was so well pleased that he placed a large order to be sent to his home in Toledo.

The canning of the green black-eyed peas offers great possibilities if they can be produced on a large scale so that a contract may be made with some wholesale grocery to distribute them.

At the present time canned green peas can only be obtained from the home demonstration clubs as the commercial creameries do not can this product.

### RURAL BASKET BALL CHAMPIONSHIP GAMES PLAYED THIS WEEK

#### Looney and Landers Play; Conaway and Valley View Meet

Championship in rural girls' basket ball is to be decided this week when Landers and Looney play for championship of the southeastern quarter. The county has been divided into four districts. Conaway is champion of the two western districts north and south of the railroad having defeated Carr. Winner of the Landers-Looney game will play Valley View champions in the northeastern part of the county, and the winner of that game will play Conaway for the county championship, according to information from the office of G. D. Foster, county superintendent. All of the above games were scheduled for this week, probably Friday and Saturday, the information states.

### "HURRY BACK" FILLING STATION READY TO OPEN

The "Hurry Back" Filling station being installed on the old Vaughn lot on East Second street, is about ready to open, according to Claud Eudy, who will have charge of the station, owning their own pumps and equipment and will handle any product the public demands. The station has a 75-foot front on Second street with two pumps in center and can serve cars on both sides at one time. The building is constructed of rock style sheet iron and is painted white, giving it a very neat appearance and the wings constructed to each side of the station and well lighted add to the appearance. The owners of the station will handle all kinds of automobile service products and expect to give a quick and willing service to any autoist when the station opens, and they can justly expect a share of the business.

Mrs. Leonard Gunn of Cisco visited Mrs. Anna Simon this week.

### RURAL SCHOOLS IN MITCHELL COUNTY RANK HIGH, FOSTER SAYS

#### Spade, Dorn and Rogers Are Near the Perfect Mark; Others Show Gain

During the week ending Thursday, February 24, every rural school in the county was scored by the county superintendent and the teachers of the various schools, according to the "Rural School Score Card" put out by the State Department of Education. This score card offers a basis for comparison of the schools of the county along the general lines of (a) grounds, building and equipment, (b) teachers, pupils and community, it being possible for a school to make a score higher than 1000 points, 500 (c) and 500 (b). This is the second time the score card has been filled out this year, and there has been much interest and enthusiasm and considerable rivalry among the various schools in striving for a high score. There will be one more scoring shortly before the close of the season, and these three scores will be averaged to determine the high score for the year.

While there are twenty-five schools out of the total of twenty-five which have a score over 800, only three of these can meet the four necessary requirements for classification as "Standard A-1." These four essential requirements are (1) eight-months term, (2) all teachers must have first grade certificates (3) sanitary toilets and (4) flag and flagpole. The three schools which meet these requirements and also have the necessary 800 points, or over, are as follows: Spade 988.75, Dorn 961, and Rogers 918.

It will be noted that one of the four essentials for a Standard A Class Rural school is an eight-month term, and it takes a community that is genuinely interested in schools, and that has the money back of them, to put over this important point.

Scores of the other schools in the county are as follows:

- Over 900—Spade 988.75, Dorn 961, Rogers 918.
- Between 900 and 875—Bauman 895.5, Payne 888.7.
- Between 875 and 850—Silver, Lone Star, Landers and Conaway.
- Between 850 and 825—Hyman, Seven Wells, Little Sulphur, Carr, Shepherd.
- Between 825 and 800—Buford, Valley View, Longfellow, Lewis, Cuthbert, Horn's Chapel, Fairview.
- Below 800—Looney, Iatan, North Champion and McKenzie.

### Ex-Students Of Texas U. Attend Banquet Wed.

The Mitchell County State University Ex-Students' association held an elaborate banquet at the Pullman Cafe, Wednesday night, at which 21 ex-students of the university were present.

Thomas R. Smith acted as toastmaster in the absence of Mrs. Smith, president of the association. A splendid program was carried out, including yells, etc.

Officers for the ensuing year were elected as follows: Mrs. Euell Gary Thompson, president; Miss Ruby McGill, vice president; Miss Gladys Dorn, secretary-treasurer, and Mrs. R. H. Ratliff, reporter.

After completion of the program and the serving of the banquet, the meeting adjourned immediately following the singing of "The Eyes of Texas Are Upon You."

This is an annual affair of the ex-students of the University here and the Wednesday evening banquet was one of the most enjoyable ever held, according to those attending.

Mrs. Young of Roscoe has been in Colorado this week with her father, Mr. Grantland, who has been sick.

**Wesley Class Meeting**  
The Wesley Mothers' Club met last week with Mrs. Hubbard. There was a large number present. The usual business was attended to. In the contest with Mr. Stonerod's class, the ladies are ahead and their plans are to beat the men. Mrs. McCleary, the teacher, told of her visit in Lubbock and Slaton, of visiting in a Presbyterian Sunday school class the Sunday she was in Lubbock. Miss Mary Hughes gave several piano numbers. The hostess served individual cherry pies topped with ice cream and coffee. On each plate was a George Washington hatchet. Mrs. Leslie Thomas is the next hostess.

**Home Makers Club**  
The Home Makers met Friday with Mrs. Bingham, with the following program: Right Pictures for Our Walls, Mrs. Haney; How to Hang Pictures, Mrs. Tidwell; Pictures for Your House, Mrs. Roscoe Dobbs; Mirrors as Decoration, Mrs. Harwell; Ministry of Mirrors, Mrs. Fred Dozier; Gardens in Great Paintings, by Mrs. Lee Jones; Proper Use of Pictures, Mrs. Ed Jones, Jr.  
At the social hour the hostess served chicken salad in rose apple cups, sandwiches, pickles, home-made candy and tea. The next meeting is with Mrs. Haney.

### Civic League

The Civic League will meet Saturday at 4 o'clock in the library at city hall, next to the Chamber of Commerce. Every collector, member, officer and all interested women are urged to be present.

### Ladies' Day at Country Club

Wednesday was Ladies' day at the Country club. Mrs. L. A. Costin and Mrs. Dawes were hostesses. The following entertained guests: Mrs. R. H. Looney had Miss Frances Riordan, Miss Mildred Coleman and Mrs. Pearl Shannon. Mrs. Hubbard had Mrs. W. L. Doss, Sr., Mrs. H. L. Lockhart, Mrs. Peirce, Mrs. Young, Mrs. L. B. Elliott, Mrs. J. G. Merritt and Mrs. E. A. Barcroft. Mrs. Jerold Riordan had Mrs. Joe H. Smoot, Mrs. J. H. Greene and Mrs. Leonard Simon of Cisco. Mrs. Ralph Lee had Mrs. Sam Majors, Mrs. Leslie Thomas, Mrs. W. E. Reid, Mrs. Lois P. Bennett had Miss Buchanan, Mrs. Bill Taylor, Mrs. Wade and Mrs. Lawson of San Angelo. Mrs. Bill Simpson had Mrs. George Butrus, Mrs. C. R. Earnest, Mrs. E. R. Wall and Mrs. Ledger Smith.

At the conclusion of the 42 and bridge games the hostesses served sandwiches, little cakes and tea.

### Birthday Party at Baptist Church

Friday, February 25, was Mrs. Matt King's ninetieth birthday and was celebrated with a big birthday party in the church she has belonged to, loved and worshiped in so long. The First Baptist. From 1 until 6 o'clock a constant stream of friends and acquaintances might have been seen entering, each with a gift for her who had so long blessed the earth with her helpful ministrations. The Home Bakery sent a beautiful birthday cake with ninety dainty candles upon it. There were flowers in pots, in baskets and in vases. There were dainty and serviceable articles of wearing apparel from dresses to handkerchiefs. There were all the things that women love, be they of any age. At the close of the evening Mrs. King was completely surrounded by the loving expressions of her friends and was as happy and excited as any school girl. During the afternoon, punch and cake were served by the Missionary women, who enjoyed giving pleasure to this deserving one of their honorary members. The wish of all Mrs. King's friends is that she be spared to celebrate her one hundredth birthday, and they all be here to give another birthday party.

### Harmony Club

The Harmony club met Tuesday with Mrs. H. C. Landers in a most enjoyable meeting. She had four tables of players, her guests being Mrs. Looney, Mrs. Carter, Mrs. James T. Johnson, Mrs. J. H. Greene, Mrs. Duane, Mrs. Fred Whipkey, Mrs. Shropshire, Mrs. Murchison and Mrs. Sadler. It was decided to meet next Tuesday instead of waiting two weeks. The meeting will be with Mrs. McKenzie. The hostess and her daughter, Mrs. Singel, served variety salad, cheese straws, olives, crackers, black jam cake, toasted almonds and tea.

### Club Dance

The Country Club had a benefit dance Friday night. There were twenty-eight couples and a very enjoyable evening was spent.

### Class Party

Mrs. White's Philathea class had a party Thursday evening at the home of Mrs. R. B. Terrell. Miss Terrell's Sunday school class of boys were the guests. There were about twenty present and a splendid time was enjoyed. There was music and a very amusing automobile contest, besides other games. At the conclusion of the fun, refreshments of little cakes and cocoa was served.

### P. T. A. Meeting

The P. T. A. met Tuesday at 3 o'clock in the high school auditorium. Mrs. Smith read the Mother's Congress prayer. A program was given by the pupils. The High School quartette, composed of Pigeon, Haines, Skinner and Smith, gave two much enjoyed songs. Ten boys and ten girls gave a pretty folk song, "In the Spring." Dora Paul Snively read "When Teacher Gets Cross." Alice Charlton gave a beautiful Japanese dance in costume. Sidney Thomas and Maurine Morris gave a laughable dialogue, "The Mumps." The closing number was a Dutch duet by Mary Frances Majors and Alice Charlton, in costume. A very enjoyable program.

Mrs. Beal reported \$405 in the treasury. Mrs. Lockhart said the next program would be by the Seniors. Mrs. McCleary read a letter asking delegates be elected to the district meeting in Del Rio in April. Mrs. A. L. Whipkey, Mrs. Ralph Beal, Mrs. W. E. Reid, Mrs. C. P. Gary and Mrs. Harryman were elected delegates.

It was voted to pay dues to the State Mother's Congress. The organization of P. T. A.'s for every department was discussed. It was moved there be three P. T. A.'s—one each for the high school, the grammar school and for the primary grades. The vote for this was unanimous.

After discussion it was decided to have the three meetings called for the first Tuesday in March, Mrs. Root to preside at the high school, and Mrs. Lockhart and Mrs. Pigeon at the other places, officers to be elected for each to take up their work next September, the present organization to function until then and to continue its meeting in the high school. Each parent is to go into the organization that best suits them, but the hope is that every parent will join one.

The president spoke of the coffee coupons. A picture is to be given the room bringing in the most. Adjourned to meet in April at the high school, the Hutchinson building and the primary building.

### Bridgettes

The Bridgettes met Thursday with Mrs. Ed Jones, Jr. She had seven tables of players and a very delightful afternoon was spent. Her score cards and tables were pirates. On each table were baskets of nuts. Miss Hazel Costin won high score. At the refreshment hour refrigerator cake and ice cream topped with a cherry was served. The meeting this week is with Mrs. D. M. Merritt.

### Tea for Mrs. W. C. Pigeon

Tuesday afternoon Mrs. Jesse Pigeon entertained with a very delightful tea in honor of her husband's mother, Mrs. W. C. Pigeon of Indiana. The ladies spent their time in pleasant conversation. During the afternoon, pineapple salad, wafers, angel cake and tea were served. Mr. and Mrs. Pigeon left on Thursday morning for Arlington, where, after a visit with friends, they will go on to their home in Muncie, Indiana.

### D. A. R. Meeting

The D. A. R.'s met Saturday with Mrs. Robert Terrell. After the opening exercises the flag code and the history of the American creed were given. There was the usual business and a general discussion of the Revolutionary period. One new member was received with papers pending on several others. At the social hour the hostess served a salad course, followed by jello, whipped cream and angel cake, with George Washington hats as plate souvenirs. Mrs. Carter and Mrs. Hyman will have the next meeting at the home of Mrs. Hyman.

### Surprise Birthday Party

Mr. Jesse Pigeon had a birthday Friday, February 25, and that evening a number of his friends surprised him with a birthday party. They came in, arranged the tables, played 42, and then Mrs. Pigeon brought out a lovely birthday cake and served it together with sandwiches and pineapple mousse and coffee. Everyone enjoyed the party, the honoree most of all.

### Workers' Missionary Society

The Workers' Missionary society met Monday in the church basement with a good attendance. Mrs. Haines resigned as treasurer and the assistant treasurer, Mrs. Ray Womack, was given the office, and Miss O'Neal made assistant. For this month each member will see how much they can make from their 50 cents, the sum to be used for their local work. The program was carried out.  
Mrs. W. L. Doss, Jr., is to be leader next week. The topic is "Woman Faces New Tasks." The Bible study from Micah, Mrs. Ray Womack. The discussion topic is "What Are the New Situations in Our Mission Fields and How Are They Affecting the Work of Missions?"

### Methodist Missionary Meeting

The Methodist Missionary society met Monday with the president, Mrs. Chester Jones. Mrs. Arnett conducted the devotional, the study this month being from Hosea.  
Mrs. Thompson resigned as Mission Study superintendent to go into the Workers' Missionary society, and Mrs. Garrett was elected to take her place. The young people reported regular meetings twice each month with very good attendance. The Juniors won the banner for another year. They had a perfect pansy for last quarter's work. The social serv-

ice superintendent reported favorable replies to all letters sent to Austin regarding legislative matters. A visit to the negro school was reported, books taken and the board reminded of need of seats, which were supplied. Race relations day was observed with sermons by both white and colored pastors in each other's churches. Visiting and an effort made to get people out to Sunday school and church. The supply superintendent reported the need of supplies at the Virginia K. Johnson home and it was voted to send a box in March. It was decided to make an special campaign for new members during March.

The program was upon Africa. Mrs. Garrett gave the most interesting news from the Bulletin. Mrs. Merritt discussed "Africa, a Continent in the Making." Mrs. Chester Jones and Mrs. Roy Dozier read articles on "How World Currents are Shaping Future Destinies in Africa." The meeting closed with special prayer for the new auxiliary. The Workers led by Mrs. Arnett.

### Merry Wives Club

The Merry Wives met last Wednesday with Mrs. Cliff Ethridge and a very delightful meeting was enjoyed. Her guests were Mesdames R. B. Terrell, T. J. Ratliff, Jesse Gage, F. V. Lupton, Jamie Morgan, W. L. Doss, Sr., Jeannette Earnest Porter and Miss Terrell. A salad plate was served at the conclusion of the game. The meeting next week is with Mrs. Chester Jones.

### Hesperian Club

Mrs. Wallace entertained the Hesperian club Friday. Mrs. Whipkey led the lesson, which was "Poems of Patriotism." Mrs. Merritt read "The Deacons Masterpiece;" Mrs. Johnson, "Old Ironsides;" Mrs. Bandy "Concord Hymn," and questions were asked on all of these. Mrs. Doss led a very interesting discussion on the purpose and value of battle monuments. Mrs. Lee on "What Is the Most Effective Form of War Memorial and Why?" Mrs. Jones, on "Should Our Battleships of Conspicuous Service Be Scrapped;" Mrs. Broadous, "Where and Why Should Our Battle Flag Be Preserved?" All of these were very much enjoyed. Mrs. Wulfjen read her original manuscript, "Bridges," which was fine. During the social hour Mrs. O. E. Price gave several enjoyable piano numbers. She, Mrs. Teas, Mrs. Chester Jones and Mrs. Dubois were guests. A delicious buffet luncheon consisting of chicken a la king in parties, baked potatoes, hot biscuits, brown bread, olives, porcupine salad, coffee, angel cake, pink and white brick cream, was served. The plate favors were pink rosebuds. Mrs. Shropshire will be hostess Friday at Mrs. S. T. Shropshire's.

### 1921 Club

The 1921 club had no meeting Friday, but will meet this week with Mrs. Quinney and observe Texas day.

**"My best prescription,"  
said a famous physician**

"is a good rest. People who avoid fatigue are people who avoid sickness."

And what is more fatiguing than the weekly wash?  
It is not only too long, too hard and too tiresome for you to do—it's too dangerous!

Why not be safe—with our laundry? Our Rough Dry Service gives you the clothes all washed, the flat work ironed, and the wearing clothes ready to be ironed—and no more exhausting days with the wash.

**Rough Dry**  
10c a pound

**CHURCHES**

**METHODIST CHURCH**  
Sunday school 9:45 a. m.  
Preaching, morning and evening, by the pastor.  
Morning hour sermon to the children of interest to all—the adult as well as the children.  
Evening hour subject, "Saved to the Uttermost."  
We hope to have a large attendance. The revival begins March 13. We hope to have the cooperation of all the Christian people of the town.  
Methodist Church—Easy to find, easy to like.  
M. M. BEAVERS, Pastor.

**PRESBYTERIAN CHURCH**  
Your pastor will be away next Sunday but he has asked Rev. R. M. Hammock of Sweetwater, a former pastor of this church, to supply the pulpit. He has kindly consented to do so. Come out and hear him. Give him a hundred per cent attendance.  
Sermon and worship at 11 a. m. and 7:30 p. m.  
Sunday school at 9:45 a. m.  
Christian Endeavor at 5 p. m.  
Prayer Band at 7:15 p. m.  
W. M. ELLIOTT, Pastor.

**CHURCH OF CHRIST**  
"For where two or three are gathered together in My name, there am I in the midst of them." God has always promised to meet His people at a given place, in worship. In the long ago He met them in the Tabernacle, later in the Temple, but today, "Where two or three are gathered in the name of Christ" He has promised to meet them. Let us focus on this big idea and meet the Lord next Lord's day in worship.  
Our sermon subject for the morning, "Holding Forth the Word of Life," and for the evening gospel service, "The Church—It's Establishment" (continued). We welcome your presence.  
J. D. HARVEY, Minister.

**FIRST BAPTIST CHURCH**  
We will be looking for you Sunday at 11 a. m., as we have something to tell you about the plan of the new building campaign. Come.  
Preaching at 11 a. m. and 7:30 p. m.  
Sunday school 9:45 a. m.  
D. W. MORGAN, Pastor.

**THE Y. W. A.**  
The Y. W. A. will meet Thursday, March 3, with Nelle Harper Green, with the following program:  
Topic—Our Stars and Stripes.  
Hymn—My Country 'Tis of Thee.  
Devotional—Acts 1:8-14.  
Prayer for Our Country.  
The Significance of Our Flag—Elizabeth Terrell, Leader.  
Truth—Edna Hohler.  
Security—Lila Beaman.  
Sacrifice and Service—Johnie Lou Callison.  
Consecration—Mary Dickson Smith.  
A Goodly Heritage—Elizabeth Terrell.  
What Are Our Ideals?—Johnie Koen.  
Hymn—Open Mine Eyes.  
Pray that we may strive to reach God's ideals for us.

**EXCEL BIBLE CLASS**  
All members of the Excel Bible class are cooperated in the idea that a new church is needed and stand ready to do in whatever way possible to help put over this great plan. Arrangements are being made to put on a play in the near future the proceeds of which will go into the building fund. Good class work, interest and enthusiasm continues to grow. Several visitors attended and nine new members joined the class last Sunday. The goal set by May 1 is to try to increase the membership of the class from 143 to 200.  
Reporter.

**THE FROCK SHOPPE**  
The Edwards Frock Shoppe is now upstairs at the Bedford Grocery, in charge of Mrs. Sam Bedford. We have the Hemstitching Machine and fully equipped to give good service. The ladies are invited to call and see.  
3-11c MRS. S. H. BEDFORD.

**CANE SEED**  
Pure Red Top Cane Seed, Freight Prepaid, Re-Cleaned, Double Sacked, Three Dollars per Hundred. Guaranteed free of Johnson Grass.  
G. A. ROSS,  
Belton, Texas.

**Camp Fire Girls Organize Club, Elect Officers**

A number of girls met Friday afternoon with Miss Way as sponsor, to organize a Camp Fire Girls' club. The following officers were elected:  
President—Katherine Hammock.  
Vice President—Alice Cooper.  
Secretary—Mary Louise Campbell.  
Treasurer—Beola Kirby.  
Reporter—Evelyn O'Neal.  
The entertainment committee consisted of: Alice Cooper, Ruby Lee Bohanon and Lois Reese.  
After the above officers were chosen, a round-table discussion of Camp Fire girls was held and some plans were agreed upon concerning future activities in the club. Everyone expects to work and make it the happiest and best organization in the school.  
The next meeting will be with Ruby Lee Bohanon, Thursday afternoon.  
I now have plenty milk. If there is any one not getting plenty of sweet milk, just phone 9050.  
A. D. PRIDDY.

Rubber Bands. Record office.

**Watch Your Frail, Puny Child Grow Strong, Take on Weight**

In just a few days—quicker than you ever dreamed of—these wonderful flesh making tablets called McCoy's Cod Liver Oil Compound Tablets—will start to help any weak thin, under-nourished little one.

After sickness and where rickets are suspected, they are especially valuable. No need to give them any more nasty Cod Liver Oil—these tablets are made to take the place of that good but evil smelling, stomach upsetting medicine, and they surely do it. They do not put on flesh.

Ask the Colorado Drug Co. for McCoy's Cod Liver Oil Compound Tablets—as easy to take as candy and not at all expensive—60 tablets 60 cents.

Insist on McCoy's, the original and genuine, and give the child a chance for 30 days. If you aren't delighted with results just get your money back.—Adv. No. 4

Rubber Stamp Pads. Record office.

**DEPTH AND PRODUCTION OF WELLS IN CHALK-CLAY**

Average production producing wells in the Chalk and Clay fields, of recent date and not materially changed the past few days were as follows:

Marland Chalk 1, 74 barrels; Chalk 2, 67 bbls; Chalk 3, 68 bbls; Chalk 4, 74 bbls; Chalk 5, 74 bbls; Chalk 6, 75 bbls; Chalk 7, 77 bbls; Chalk 8, 63 bbls; A1 Chalk 103 bbls; A2 Chalk 65 bbls; Clay 1, 245 bbls.  
Magnolia Co.: Owen Chalk 1, 20 bbls; Owen Chalk 2, 27 bbls; Owen Chalk 3, 62 bbls; Owen Chalk 4, 76 bbls; Owen Chalk 6, 63 bbls; Mary Chalk 1, 38 bbls; Mary Chalk 2, 65 bbls; Hyman Chalk 1, 25 bbls.  
Humble Chalk 1, 60 barrels.  
Greene Clay 1 (Reeves-Apperman) natural flow 60 barrels.  
Magnolia G. O. Chalk 1, 43 bbls; No. 2, 60 bbls; No. 3, 43 bbls; No. 4, 63 bbls.

**Drilling and Locations**

**LOVE SCENES WITH LAUGHS**

Inventing novel and ingenious ways of bringing lovers together is one of the chief strains on the scenario writer's imagination. This first climax and osculation must be accomplished deftly, with a graceful spontaneity not always present in real life. Oftentimes the director is responsible for the crucial moment.

Fred Newmeyer, while directing W. C. Fields' latest Paramount starring picture, "The Potters," coming to the Palace Theatre Monday and Tuesday, March 7 and 8, staged what is probably one of the oddest love scenes on record.

Richard "Skeets" Gallagher, Red Miller, bends over his sweetheart, Mamie Potter, Ivy Harris, pleading with her to give him a shred of encouragement, when Pa Potter, portrayed by Fields, standing behind the portieres, plants a kick on the seat of his breeches, thereby throwing him into Mamie's arms and precipitating a tender kiss.

**CHAMP PIANO PLAYER WILL DRIVE BUICK 72 HOURS WITHOUT STOP**

Will Start From Jack Garrett Agency Tuesday P. M.; Will Also Play

Jack Garrett of the Garrett-Buick agency here announces that he has arranged with Bud Reynolds, world's champion piano player who has been in Colorado for some time, to stage a Buick driving exhibition, beginning here at six o'clock Tuesday evening of next week.

According to Mr. Garrett, Reynolds will leave the Buick agency here in a Buick car at that time and will drive continuously for 72 hours without stopping. The car will be filled with gasoline and oil while moving and the driver will be handcuffed to the steering wheel so that it will be impossible for him to get out of the car until released.

Reynolds will also play the piano at the Buick agency here following the close of the 72-hour drive, and a select popular dance will be given on the floor of the salesroom during the latter part of the playing. Visitors to the salesroom of the Buick agency will be expected to register and each will be given a guess as to the number of hours Reynolds will play the piano following the 72-hour drive.

The Garrett agency is opening a branch house in Big Spring and the driver will drive from Colorado to Big Spring and along the roads out of these two cities. He will also play at the Big Spring agency some time during the exhibition and Big Spring visitors at the agency there will register at that office.

Reynolds holds the world's championship as piano player and Mr. Garrett says he used wise judgment in picking the Buick for exhibition of his driving skill in addition to playing.

The dance following the driving contest will be given under auspices of the Buick agency.

**"THE POTTERS" SPRINKLED WITH GAGS AND LAUGHTER**

J. P. McEvoy's play, "The Potters" will be flashed on the screen Monday and Tuesday nights, March 7 and 8, at the Palace Theatre, with W. C. Fields starred as Pa Potter. And he is Pa. From his sly first entrance we are drawn to this poor struggling henpecked husband and through his triumphs and failures are we moved to smile and even sob, just a little.

"The Potters" is a story of everyday folk, the kind we know and live with. Ivy Harris, playing his first major screen role as Mamie, and Mary Alden as Ma Potter, are featured in support of the star, Richard "Skeets" Gallagher, Jack Egan and Joseph Smiley head his supporting cast.

Liberal sprinkled with laughs and typical Fields' gags, "The Potters" may truly be called his best picture to date.

**ROGERS AND HORN'S CHAPEL PLAY GAME**

Rogers and Horn's Chapel girls and boys basketball teams met last Friday afternoon at Horn's Chapel for a double-header game. In the boys' game, Horn's Chapel defeated Rogers by a score of 13 to 8. In the girls' game, Rogers took the honors by a score of 13 to 12.

This was the last game of the season for the two schools, but inasmuch as the girls' teams have won one game each, a third game will no doubt be played in the near future to decide the championship of the two teams.

**Public Speaking Class Remembers Abraham Lincoln**

On Tuesday, February 15, the Public Speaking class gave a short program in chapel in remembrance of Lincoln. The program was as follows:

Lincoln's Early Life — Weldon Skinner.  
"Abraham, Lincoln" — Lenora Cook.

Theme—Beola Kirby.  
"Gettysburg Address"—Elmer Lay Powell.  
"Skin of State"—Elizabeth Terrell.

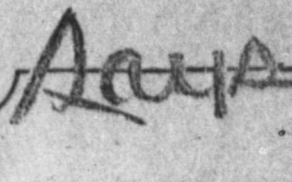

"O Captain, My Captain"—Ruby Lee Bohanan.  
From time to time this class will remember the various holidays with appropriate programs. They evidently believe that to learn public speaking one must speak publicly.

Judge Ely: "How is it you haven't a lawyer to defend you?"  
Prisoner: "As soon as they found out that I hadn't stolen the money, they wouldn't have anything to do with my case."

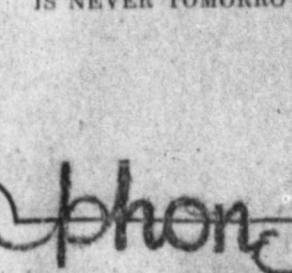

Adding Machine paper. Record.  
Office Supplies. Record office.

Adding Machine paper. Record.

**TEXAS CHAIN OF LIVING MEMORIALS**

By Phebe K. Warner, Secretary of Texas State Parks Board

There is an opportunity facing the citizens of Texas this very hour the like of which has never been known in this or any other country.

On the morning of March 12, 1924 the Texas State Parks Board, accompanied by Governor Pat M. Neff and a group of enthusiastic citizens of San Antonio, drove out of that city and started on their first pilgrimage for State parks. That board of members had been appointed the year before by Governor Neff and an appropriation of \$1,500 had been allowed to defray their traveling expenses for the next two years during which they were expected to look over the State and secure, NOT buy, a chain of State Parks.

During the year 1924 that Park board spent eight weeks of time and traveled almost 10,000 miles, mostly in automobiles furnished by patriotic citizens and business concerns, seeking out the most beautiful places and the most patriotic citizens by which to create and establish a system of State Parks for Texas. And when the year was over, the park board, with Governor Neff the motivating power everywhere, placed in the lap of the State of Texas the deeds to 45 park sites with a total acreage of 3,511 acres and the promise of 19 other park sites covering 9,454 acres, or a grand total of 12,965 acres of the most beautiful and the most characteristic spots in the entire State.

These park sites ranged in size from 10 to 7,000 acres. They were distributed over the entire State, north, south, east, west, and Central Texas were all represented in that glorious array of beauty. Every style of Texas beauty was included in that list of parks, from the sun-kissed plains of the Panhandle to the native palm jungles of the Rio Grande Valley; and from the stately forests of East Texas to the towering mountains of West Texas. Those parks included rivers, valleys, hills, plains, rocks, forests, mountains, canyons, lakes and four hundred miles of balmy Gulf coast. Texas, the land of golden citrus fruit, kindly pecan trees, mocking birds and blue bonnets. Texas, the land of everlasting sunshine and summer and winter half the time. There's not another state in this nation where you can have the summer resorts all the time and winter resorts half the time.

There is not another state on this continent that has so great a variety of beauty to offer the world as has Texas. If all the beauty in Texas were moved up into a space no greater than the State of Ohio, Iowa or Illinois, there would be nothing in Texas but beauty and she would be classed as the most scenic State in the nation. But stretching away for a thousand miles from the Palo Duro Canyon in the Panhandle, to the Rabbit Palm Grove of the Rio Grande valley; and from the beautiful Caddo Lake on the east to the Davis and Gaudalupe mountains on the west, there lies the greatest cotton fields in the world, the greatest cattle ranches in the world, and the greatest oil fields in the world; and one of the greatest corn fields and bread belts in our nation.

Texas has more than beauty. Texas has everything a human being needs to make him healthy, happy and prosperous. But the world at large does not know it. Because the people of Texas have never hung up any of their scenic attractions before the world and paved a path to them whereby the people might come and see; and seeing, they would learn and then believe the truth about Texas, and go back home and tell the true story of Texas just as they have the story of Colorado, California and Florida. And Texas lacks only 54,000 square miles of being as large as California, Colorado and Florida put together and has every attraction—climate, sea coast, mountains, canyons, and products that all three of those great States have. And yet our people spend \$8,000,000 every year running around over the world seeking beauty and recreation. But until this hour we have not spent ONE DOLLAR as a State developing our own scenic resources. Texas spends \$8,000,000 annually advertising the scenic resources of other states and building paved highways to them but so far not one cent of State money has been spent on her own scenic glories.

Here is another peculiar but strictly Texas characteristic. While other

**WHITE ATTENDS HEREFORD SALE AT SWEETWATER**

A. L. White attended the Hereford sale at Sweetwater Monday and reports the sale a complete success. The grand champion bull sold for \$1050. He was entered by G. E. Bradford of Sweetwater and was purchased by Mr. Cauble of Big Spring. The next highest sold for \$510 and was from the Gist farm at Odessa, bought by W. B. Atkinson of Sterling City. There were 38 animals sold and the price paid averaged close to \$300 each. Mr. White gave the Record a complete list of the entries, but lack of space this week forces us to leave this list out. White is a good judge of stock and he reports the entries in this sale were very fine and the price as satisfactory.

COLORADO, TEXAS, FRIDAY, MARCH 4, 1927

WHIPKEY PRINTING CO

COMPLETE TESTING OF AREA BETWEEN MITCHELL AND SHACKLEFORD NOW

Report of Noodle Creek Wells Show Field Active; New Locations Made

Many oil men who had come to believe there was a wide area between Shackleford and Mitchell counties that would never produce oil in paying quantities are yet dubious as to whether the Noodle Creek field in Southwestern Jones county will become one of the major producing areas of Texas.

Four Phillips tests in the immediate vicinity of the producers are due for completion within two weeks. They are Tessie No. 2, Thornton No. 1, Mason No. 1 and Beasley No. 11.

Yesterday's drilling report: Midwest Exploration company's Thornton No. 3, drilling at 195 feet in red rock; Thornton No. 4, running 12 1/2 inch casing at 780 feet in red rock.

Phillips Petroleum company's No. 2 Tessie, under-reaming at 2,280 ft.; Tessie No. 3, drilling at 1,385 feet; Beasley No. 1, under-reaming at 2,090 feet; Thornton No. 1, under-reaming at 2,270 feet; Mason No. 1, drilling at 2,075 feet.

Marsten Oil company's Howell No. 1, drilling at 1,695 feet. Other rigs and locations are: Phillips' Tessie No. 4, building rig; Tessie No. 5, location; Joe Winter No. 3, rig completed, standing; Howell No. 1, location.

Atlantic Oil Producing company's Howell No. 2, building rig.

Production: Midwest's Thornton Nos. 1 and 2, 492 3/4 barrels, No. 2 down four hours.

Phillips Petroleum company's Tessie No. 1, 142 barrels. Phillips Petroleum company's Joe Winter Nos. 1 and 2, 572 barrels. Marland Oil company's Mason No. 1, 120 barrels; Mason No. 2 (3,037 feet), 105 barrels; Mason No. 3, 924 barrels.

Atlantic's Howell No. 1, 92 1/2 barrels. Midwest Exploration company's Dora Smith No. 1, wildcat northwest of Tye, shut down at 1,240 feet in blue shale and broken lime to change engines.

MACHINE SHOP GOING IN AT HYER WELL, CLAY FIELD. Fayle & Fayle, oil field machinists, are setting up a machine shop near the Hyer well in the Clay ranch oil field.

The Fayles, father and son, are operating a machine shop at Mexia and other shops in different oil fields of the State. Their specialty is making and repairing machinery and tools such as are used in drilling, and with garage work on the big oil field trucks.

Their coming to the new Howard county location, and following the announced purpose of the Magnolia company to put in a gasoline plant at the Chalk field, are evidences that the experienced oil men have picked the Chalk-Clay field for a sure winner in the oil game.

Laundrymen Believe in Use Of Advertising

According to J. Ralph Lee, proprietor of the Colorado Laundry, laundrymen all over the country are the most consistent advertisers. He exhibited a copy of the Bulletin of the Laundryowners' National Association, in which photograph of the board of directors in the act of signing a four million dollar advertising contract with the Millis Advertising company of Indianapolis Ind., was shown.

The campaign, which is to last four years, will spend a million dollars a year in national advertising, telling the people of the service offered by the laundries over the country. Each laundry which is a member of the association will pay a small assessment on the advertising campaign.

Lee is a firm believer in advertising and carries a regular advertisement in this paper weekly. He says his main idea is to improve the service of the Colorado Laundry and make it better all the time and tell the people of this improved service and show them the economical advantage of using the service, and he is having good success in this by use of space in The Record.

E. E. Erwin Is Independent Of Cotton Markets

E. E. Erwin, who lives southeast of Cuthbert, probably produced his cotton acreage more than any other Mitchell county farmer last year. He planted thirty acres in cotton and 125 acres in feed. 75 acres were in kaffir which produced approximately 51,600 bundles of choice feed. Mr. Erwin stacked the kaffir in four large ricks, 12 feet wide, 15 feet high and 120 feet long.

Erwin keeps about 75 Hereford cows and recently sold 100 choice calves. He states that although he has on hand feed for several years, he does not care to sell any of it.

Erwin is considered one of Mitchell county's most substantial and prosperous farmers and he is making his success by following what might be termed a balanced farm program. He does not depend on any one crop, nor does he depend on field crops altogether. He raises stock and plenty of feed for them and is independent of the cotton market.

AN OUTSIDE OPINION OF THE RECORD AND P. O. NEEDS. Waco, Texas, Feb. 28, 1927. Dear Colorado Record:

I have noticed the great improvement of your press work the past few issues, and same is quite appreciable, as formerly it was very bad on my eyes to read by electric light.

In re your post office situation, if you wait to secure a new government building, some of you may be too old to enjoy much benefit. What you mainly need, in my opinion, is free city delivery and an added window to sell stamps, and these you should be able to secure in about 30 days.

I know several cities smaller than Colorado with free city delivery and this would relieve your permanent residents from calling at the general delivery. With a special window to buy stamps, the transients would be satisfied.

As The Record knows, my motto is "Good Roads right now, not 30 days hence," and I beg to suggest the same for your postoffice troubles. FRED B. ROBINSON.

TEXAS & PACIFIC OFFERS MILLION FOR ABILENE SOUTHERN

Approval of the Purchase Is Expected From I. C. C. As No Protest Filed

WASHINGTON, March 1.—The Texas & Pacific Railway company will pay \$1,000,000 for the properties of the Abilene Southern Railway company, if the Interstate Commerce commission approves. Formal application was made before the I. C. C. today by the T. & P. management.

The securities of the Abilene Southern consist of \$75,000 in stock and \$1,012,066 in first mortgage bonds, the application states. There is no way of estimating the market value of the stock, but the book value is about \$138 per share, according to valuation of the company's properties made by the commission in 1925.

The application points out that Abilene is the point of interchange between the two railroads involved, but they do not parallel each other or compete, serving different areas. The Abilene Southern extends from Hamlin to Ballinger, a distance of 100 miles.

Benefits in Purchase. The applicants declare that acquisition by them of the Abilene Southern will benefit the latter because (1) more adequate and appropriate equipment will be made available; (2) larger executive, operating, engineering and accounting departments will be available; (3) more widespread advertising; (4) reduction of operating expenses because of large scale activity; and (5) increased buying power with reference to physical properties, because of large-scale buying.

Authorization of the deal by the commission is predicted, since it very closely resembles the purchase by the T. & P. of the Cisco & Northwestern properties, which the commission readily allowed.

Thus far no objections have been offered by interests that may be involved.

Claud Hooks Succeeds With Feeding Pigs

Claud Hooks of Buford, one of Mitchell county's successful farmers, has proven the fact that pigs fed home-grown feeds balanced with skim milk will produce choice market hogs at six months of age. Hooks has five hogs weighing well over 200 pounds each at six months of age. He has fed these hogs on home-grown maize and other feeds and skim milk from which the butter fat had already been taken. Hooks is enthusiastic about the possibilities of the dairy, hog and chicken business when handled in connection with a general farm program, and he is succeeding along these lines.

SAMUELS SUES GEORGE HENSHAW ON OIL DEAL

Howard Samuels, former office manager for Choate & Henshaw when they maintained offices in Colorado, has filed suit in Brown county district court against Choate & Henshaw, claiming one-fourth interest in the 320 acres recently sold by Henshaw to the Texas Company for \$2,000,000. Samuels alleges that he owned a quarter interest in this property, although the title was held with Choate & Henshaw in trust for the company.

Samuels is said to have opened the first West Texas office for this company in Colorado about two years ago. He operated the office here for several months, it is said.

PARTY GOES TO EAST ON IMPORTANT BUSINESS

A party composed of Col. and Mrs. C. M. Adams, Judge and Mrs. C. H. Earnest and Mrs. Dr. P. C. Coleman left Monday for New York and other eastern points on important business for the Colorado Chamber of Commerce. Adams being a delegate from the Chamber of Commerce and Judge Earnest a delegate from the Colorado Lions club.

The ladies of the party will visit in some big eastern cities and the other members of the party will attend to some special business for the Lions club and the Chamber of Commerce. They will be gone about ten days.

The Dorcas Class of the Baptist church will serve a Special Chicken Dinner, Saturday, at the Earnest & Thomas building.

Mr. and Mrs. Eugene Payne and little Dick Payne of Post spent Monday and Tuesday here with relatives.

Colorado Boys May Attend Gov. Military Camp

The Citizens' Military Training camps in Texas will be held this year as follows: Fort Sam Houston, Texas, June 15 to July 14.

Fort Bliss, Texas, July 21 to Aug. 19.

For the basic course all applicants must be physically fit, male citizens of the United States 17 to 24 years of age, possess average intelligence, be able to write and read English, and be of good moral character. Mitchell county's quota for these camps is nine students. Already several boys have signified their intention to sign up for this year's training. Last year Mitchell county furnished something like 14 boys to these camps and most of them state that they are going back this year.

To all boys interested and can qualify, kindly see R. H. Kattiff, county chairman, in the Earnest-Thomas building, for additional information and application blanks.

MISS JONES SAYS CLUB WORK IMPROVES AMERICAN FARM LIFE

Five Million Boys and Girls Members of 4-H Clubs In Ten Years

Miss Ives Belle Jones, home demonstration agent for Mitchell county, is an enthusiastic supporter of the 4-H club work among the girls and boys of this county and says this work in the United States the past ten years has been instrumental in advancement of American farm life.

In this connection, Miss Jones said: "In reviewing 4-H club work over the ten-year period, 1914-1924, following the passage of the Smith-Lever act, it is clear that the 50,000,000 farm boys and girls who have been engaged in 4-H club work during this time have made a genuine and substantial contribution to the improvement of American farm life.

"These boys and girls have not only enrolled for many different kinds of farm and home activities. A very large percentage of them have completed all phases of the projects undertaken, and have accordingly received efficient training for later life, and been fitted to act as leaders to other boys and girls, and to take their places as progressive rural citizens.

"The enrollment of girls has been somewhat larger than that of boys. In 1924, about 58 per cent of the total number of club members, or about 300,500 were girls. They were interested in such projects as clothing construction, food preservation and preparation, home management, gardening, poultry, dairy and home improvement work, both inside and outside. Almost 210,000 boys were enrolled in one or more club projects in 1924. This represented a considerable growth of membership over the previous year. The demonstration projects undertaken were limited only by the problems of the farm itself. Corn, potatoes, cotton and other crops, poultry, pigs, dairy and beef cattle and other livestock were the types of club work chosen by the greatest number of boys.

"The money value of the club production of these boys and girls has been more than its cost, leaving a liberal margin for the club member's labor. Nevertheless, the educational influence of the work in establishing better farm and home practices is regarded as its main value.

"After outlining in Miscellaneous Circular 85-M the various club activities in detail, George E. Farrell, of the office of Cooperative Extension Work, points out that there are about 11,000,000 rural boys and girls between the ages of 10 and 18 in this country. Nearly 5,000,000 of these, chiefly between 14 and 18 years old are not in school. This is an average of about 960 per county. These boys and girls are greatly in need of further preparation for life through the public agencies. The 4-H club system is a most helpful agency for this service. When it is sufficiently manned with trained leaders it can reach a great many in this large group of young people who are not in school, as well as a great many who are."

John Klos, of Chicago, sends in \$2.00 to pay on his subscription to The Record, and says: "Your mailing department is 100 per cent efficient. It has not failed me in the past year, and your paper is worth bragging about. I would rather have your paper than any weekly paper published that I know of." We thank Mr. Klos for the compliment and are glad to extend his subscription mark one year ahead.

HUDSPETH SAYS WEST IS CERTAIN OF POTASH DEVELOPMENT SOON

Congressman Has Secured Passage Bills Enable Work Be Done

Tuesday the Record received a telegram from Congressman C. B. Hudspeth stating he had secured passage of his bill amending the present potash development law which will mean a great deal to the development of potash in West Texas. The requirement of owners of land to pay cost of drilling operations has been removed from the law and it is now possible for the government to contract with anyone to drill these wells, Hudspeth says. Heretofore the government could not contract with private individuals to drill wells unless they lived within one mile of the site for the well. These restrictions have been removed.

The telegram from Hudspeth reads: "Secured passage of my bill late last night through the house and senate amending the present potash law so that the government can explore for potash in Texas without requiring owners of land to pay for exploration costs only when minerals are discovered and that to the extent of two and one-half per cent of the actual sale of minerals until drilling costs have been reimbursed. It also cuts out the restriction as to forcing the government to secure contract of private owners within one mile radius and leaves the government open to contract with individuals without these restrictions. The Secretary of Interior and the Secretary of Commerce now state that active explorations will now begin in Western Texas for potash, which I feel means a wonderful development for our section. The original bill provided for expenditure of one hundred thousand dollars per year for five years by the government, and very little of this amount has been expended."

We want everyone to come to the Baptist Tea, March 10th, at Mrs. A. L. Whipkey's.

Save Now for Vacation. Produce. We give prompt delivery service and exert every effort to please. R. H. SMITH & SON. Phone 399. We Deliver.

MITCHELL COUNTY TEACHERS ASSOCIATION MET HERE SATURDAY. Banquet Be Held at the New Hotel March 1; Track Meet Discussed. The Mitchell County Teachers' association met Saturday in the county court room in their regular monthly meeting and discussed plans for the county track-meet to be held in Colorado on April 1 and 2, the score card grading of rural schools, and Interscholastic League work in the county. Plans were also made to hold a banquet on the evening of April 1 at the new Hotel Colorado in case the hospitality is open at that time. The present officers of the association are: B. L. Templeton, president; J. L. Parker, vice president, and Miss Gladys Dorn, secretary-treasurer.

LAY POWELL PURCHASES FINE HEREFORD BULL

Lay Powell, who owns large ranch interests in Mitchell and Sterling counties, has purchased a fine Hereford bull from the Gist Hereford farm of Midland. The Gist farm has the reputation of raising some of the finest Herefords in the United States and the cattle from this farm are in demand all over the country. Powell is to be commended for his keen business judgment in buying this fine animal for his ranch here.

Save a little every day and when Vacation days come, what a smile of contentment will greet that period, knowing that you have sufficient funds. The way for you to do this is to buy your Groceries from R. H. Smith & Son, and every time you cook a meal you will save a little. We always have a good line of Fresh Produce. We give prompt delivery service and exert every effort to please. R. H. SMITH & SON. Phone 399. We Deliver.

MITCHELL COUNTY TEACHERS ASSOCIATION MET HERE SATURDAY. Banquet Be Held at the New Hotel March 1; Track Meet Discussed. The Mitchell County Teachers' association met Saturday in the county court room in their regular monthly meeting and discussed plans for the county track-meet to be held in Colorado on April 1 and 2, the score card grading of rural schools, and Interscholastic League work in the county. Plans were also made to hold a banquet on the evening of April 1 at the new Hotel Colorado in case the hospitality is open at that time. The present officers of the association are: B. L. Templeton, president; J. L. Parker, vice president, and Miss Gladys Dorn, secretary-treasurer.

LAY POWELL PURCHASES FINE HEREFORD BULL

Lay Powell, who owns large ranch interests in Mitchell and Sterling counties, has purchased a fine Hereford bull from the Gist Hereford farm of Midland. The Gist farm has the reputation of raising some of the finest Herefords in the United States and the cattle from this farm are in demand all over the country. Powell is to be commended for his keen business judgment in buying this fine animal for his ranch here.

### Oil Production West Texas Fields Has Slight Gain

Although 507 oil wells were added to West Texas fields during January, according to reports just compiled, they served to do only a little more than maintain production, reports for the month just compiled show.

The daily average for the month,

compared with the previous month, showed a gain of only 1,935 barrels. The gain in wells indicates that an average of slightly more than 16 new oil wells per day were completed during the month.

This compilation, which involves an actual check of production, serves to contradict the several changes shown during the period in A. P. I. estimates, and although several districts are known to have shown recent large gains, to discount the amount of gain indicated in current reports.

In other words, the report gives ground for belief that the current A. P. I. totals for West Texas are several thousand barrels too high. For the week ending in the middle of February, the A. P. I. report credited the district with 392,350 barrels—a tremendous and rather improbable gain over the daily average of 344,465 for January. The A. P. I. weekly figures are given in the last column.

All of the principal divisions gained slightly during January save the Panhandle, which showed a small loss, in the face of a gain in producing wells.

The figures serve to show that the average per well per day production of the entire district, including the large gushers in the Panhandle and West Texas completed during that period, was less than 20 barrels. The smallest average is approximately seven barrels per well per day of the North Central West district, which, however, is an area of shallow sands and uniformly high grade oil. Hutchinson's wells averaged 168 and Reagan's 170.

The figures, by counties, with sub-totals for principal districts, showing the results of a month's operations, are given in the following table:

### Westbrook's Basket Ball Squad

This squad of cagers represented Westbrook during the scheduled basket ball season, and made an impressive showing in the county race. The members of the team, left to right, are Perrell, Sorrells, Hall, Miller, Miss Humber, Coach; McCullough, Coach; Gressett, Hazelwood, Ogleby and Jeffries.

field came in Monday. The production of this company is now in excess of 1,000 barrels a day, all in Chalk field except as to the Hyer well in the Clay extension.

"Thompson" Well in Clay Pool  
Communications from H. North were received this week relative to the now famous "Thompson" or "Reeves-Apperman" producing well in the new Clay sector of the region known as the "Chalk Field."

The purported facts contained in the communications from that source clear up several erroneous understandings of the situation with regard to the well and the following statements are published for what they may be worth. It has been generally known all along that Mr. Green was the principal owner of the well until and unless there are discrepancies as to the correctness of the Port Worth statements—this paper will hereafter refer to the producer as the "Green Clay No. 1" as requested to do. The communication, as affecting the interest the public has in the well, are as follows:

"Undoubtedly the biggest piece of news from the Chalk district during the past week was furnished by the Greene well which is now flowing better than 200 barrels daily.

"This well, which has only been drilled into the sand about five feet has every indication of becoming the best well ever brought to completion in Howard county. Greene stated that the well was now 1776 feet deep and he expected to pick up the Chalk pay at 1791. This fact lends color to the belief that he has picked up a third sand in this well as it is generally known that the Marland drilled four feet of dry sand at this same depth. The Hyer well was then drilled through approximately fifty feet of shale breaks before it hit the Chalk pay. The Greene well has not yet picked up the shale breaks.

"If Greene has picked up a third sand in this hole, it will mean that this piece of property is undoubtedly one of the most valuable leases in West Texas, for the first two sands were both good commercial producing strata. It is conceded by most operators in this field that Frank Greene should finally complete his well for 500 barrels or better for he is much higher on the structure than the Marland's Hyer well. This, then, would be a lease producing from four different sands in one well and the life of this production could hardly be estimated."

WITH THE JOKESMITH

Good Fireman Anyway  
A woman isn't necessarily a good cook because she roasts her neighbors.

No Grouping Under the Bureau  
"I've swallowed my collarbutton," gasped the grocer.

Naught But Seven  
Teacher—Robert, here is an example in subtraction. Seven boys went down to the creek to bathe, but two of them had been told not to go into the water. Now, can you inform me how many went in?  
Robert—Yes; seven.

Keeping It Secret  
Irate Parent—Young man, have you ever kissed my daughter?  
Sutor—I really couldn't say.  
I. P.—What! You can't say?  
Sutor—No, you see, I promised her I wouldn't tell.

Slight  
There was an earnest conversation in progress in the village inn. Bob Bodger, the village grumbler, was complaining of the meanness of the farmer by whom he was employed.

"Jarge," he said; "he's as mean as ditch water."  
"That's tarible," muttered George, slowly and thoughtfully.

"Yes," continued Bob; "this morn-

ing he asked me how many more eggs I was going to eat, and I told him 'as 'low I never counted 'em. 'Well,' he says, 'that last one was the seventh.' And it made me so mad that I jst got up and walked off to work without my breakfast."

Too True To Be Funny  
"I suppose you will want me to give up my job, Henry, when we are married?"  
"How much do you earn at it?"  
"Sixty a week."  
"That isn't a job. That's a career. I wouldn't want to interfere with your career, girlie."

Youful Fasciners  
A small boy asked his father for a dollar to buy a rabbit. On being satisfied that a hutch was being fixed up in which to keep the rabbit, and being also a believer in the civilizing influence on boys of keeping pets, dad gave him a dollar.

The following Sunday a second youngster came on the same errand and obtained a dollar. It happened to be a large family, and not wanting to display any favoritism, dad eventually gave a dollar to each of his children for the purchase of a rabbit.

One day he went out to see all these rabbits and was surprised to find only one. He inquired of his children what they had done with their dollars. Each declared that he or she had bought a rabbit.

"Well, where are they?" he demanded.

"Why, dad," explained one of the youngsters, "it was the same rabbit; we bought it from each other."

Three For One  
Rustus was proudly sporting a new shirt when a friend asked:  
"How many yards does it take for a shirt like that?"  
Rustus replied: "I got three shirts like this out of one yard last night."

Back to the Soap Box  
Two colored men down in Southern Indiana were bawling the hard times being felt in the agricultural district there.

"Times is tighter than I ever seen them before," said one. "I can't even get hold of a nickel! If something don't turn up I'm going to start preaching. I done that once and I ain't too good to do it again."

Housewife: "You're a big healthy man. Why don't you go to work?"  
Tramp: "Madam, I'll tell you my troubles. I'm an unhappy medium."  
Housewife: "Whatever's that?"  
Tramp: "Well, you see, I'm too heavy for light work and too light for heavy work."

"Here's something queer," said the dentist who had been drilling and drilling into a patient's tooth. "You said this tooth had never been filled, but I find flakes of gold on the point of my drill."

"I knew it," moaned the patient. "You have struck my collar button."

New Assistant: "Gentleman asks if this flannel shirt will shrink."  
Proprietor: "Does it fit him?"  
New Assistant: "No, it's too big."  
Proprietor: "Yes, of course it shrinks."

HUDSON'S BAY CONQUEST WON BY GRAHAM TRUCKS

The Hudson's Bay company, oldest incorporated commercial organization in the Western Hemisphere, is now operating a fleet of more than 100 Graham Brothers trucks and commercial cars.

"This fact is especially significant to all users of trucks," says B. A. Allen, local Dodge Brothers dealer, "when it is realized that transportation has been the greatest single problem of the famous Canadian company since its incorporation 256 years ago."

Rev. W. M. and Mrs. Elliott left Wednesday morning for a ten-days' business trip to Luling, Texas. Rev. R. M. Hammock will preach at the Presbyterian church in Mr. Elliott's absence.

Dear Sir:  
This is the ideal time of the year to invest in a new Ford car—the time that its ownership will give you the most pride and enjoyment, like new spring clothes.

Unless you have talked to us recently you cannot realize how simple and easy it has become to purchase a Ford. And unless you have taken an hour or so to study today's Ford car, you cannot appreciate how desirable in every way it now is.

No car, regardless of price, gives more dependable service---no other car is so easy to drive and park---and no other has ever been priced so low.

Attractive body lines, nicked radiator, lustrous colors and pleasing interior appointments make the Ford a car you will be proud of throughout the year.

We are glad to demonstrate a Ford at your convenience and to tell you about our liberal terms---a phone call will enable us to determine the time and place.

# Tests for — good gasoline

MAKE sure that your gasoline isn't "one-sided." Perhaps it's a good starter, but it may also be a poor finisher. Good gasoline has endurance.

For real efficiency your gasoline should check three ways: (1) for ready starting, (2) for rapid pick-up and (3) for power and mileage.

Conoco, the Triple-Test Gasoline, meets these three requirements. It passes the efficiency test on every count. It is the real motor fuel for year 'round economy and satisfaction.

The long experience back of Conoco Gasoline and the high reputation which it has won for itself in fifteen states are your assurance that it will deliver more and better miles of motoring satisfaction.

To get it, make sure that you deal only at those pumps where the Conoco sign is displayed.

## DODGE BROTHERS

Latest Improvements

Study these improvements carefully. Notice how basic they are—how each definitely contributes to the value and desirability of Dodge Brothers Motor Car. And remember—they are IN ADDITION to the new chrome vanadium fire-bearing crankshaft, excellent two-unit starting and lighting system and many other improvements recently announced:

- A New Clutch—Simple, Prompt, Sure and Silent
- Softer Pedal Action
- Easier Gear Shifting
- Greater Steering Ease
- New Body Lines—smart and graceful
- New Color Combinations of Striking Beauty
- Still Standard Bodies
- Seats Reupholstered for open greater comfort
- New Silent-Type Muffler
- More Rigid Engine Mounting—providing still smoother motor performance
- Improved Universal Joint, Propeller Shaft, Differential and Axle Shaft—creating greater sturdiness and dependability
- And many Other Smart New Refinements of Detail

The effect of these improvements is striking and definite. Investigate at the earliest opportunity.

**A Bridal Shower**  
 hospitable home of Mr. and Mrs. L. Pratt was thrown open after noon from 3 to 5 o'clock, for Miss Addie Lee Howell, who is married soon to Mr. Dennis L. Miss Ona Walker assisted. Clyde Wilson served delicious to a host of friends and relatives who helped to make this occasion long to be remembered by all. After each guest was the hostess ushered them into a room where they registered a tiny booklet. While waiting the bride to arrive, the guests highly entertained with choice selections by Mrs. Kirk Taylor, of honor was reserved for the bride in the center of the room. After being seated she was introduced into a contest with a number of her girl friends who had gathered about her. Mrs. Furlow passed slips of paper upon which had been written the word "Matrimony," and each girl was asked to make as many words as possible out of the letters. Miss Howell was the winner and the many useful gifts which had been brought for her were then presented in a beautifully decorated basket by Mrs. Furlow and Mrs. Clyde Wilson. Many articles which the large basket could not contain were heaped around her. After admiring each lovely gift she spoke words of appreciation in her own sweet way.

**Surprise Birthday Dinner**  
 Dinner guests at the home of Mr. and Mrs. R. H. Bennett, Sunday, were Mr. and Mrs. L. L. Welch and little granddaughter, Marjorie Welch of Spade; Rev. Geo. Alexander of Snyder, and Mr. and Mrs. R. E. Bennett. The host had commented in the morning about that day being his birthday, but was not aware that guests had been invited to a special dinner being prepared by his wife. When he returned from church he found the dining table beautifully spread with good things to eat in the center of which was the birthday cake with its forty lighted candles. Much merriment and many good wishes for the honoree were expressed as the dinner was being served.

### Sweetwater business visitors Monday

Edd Lawson of Abilene was a Loraine visitor Saturday.

A. E. Green, wife and son Robinson, were invited guests to a six o'clock birthday dinner in the A. A. Gabler home, south of town, Sunday.

Mesdames W. J. Coon and C. B. Reeder attended the executive meeting of the W. M. S. of the Mitchell-Seury association which met at the home of Mrs. A. L. Whipkey, Thursday afternoon, in Colorado. Among other business that was transacted, Mrs. R. E. Bennett of Loraine was elected chairman of stewardship committee.

Mr. and Mrs. C. P. Stifflemire and daughter, Miss Mae, and Mr. Scott of Abilene, visited relatives in the V. J. Newton home here Saturday. It was understood Mr. Scott was interested in securing oil leases.

L. L. Bedford has let the contract for the erection of a modern six-room bungalow on his farm, five miles of town. A. G. Furlow, contractor, will begin work on the building soon.

Mr. and Mrs. Jim Martin moved this week to Sweetwater, where Mr. Martin has carpenter work to do.

Mr. and Mrs. Horace Newton of Midland visited relatives here Sunday.

Mrs. J. B. Dunn of Roscoe is the guest of her friend, Mrs. Emma Leggett.

Singing classes of the county and adjoining counties will meet at the tabernacle near the Methodist church in Loraine the third Sunday afternoon in March. Every one welcome and especially invited to be here.

Mr. Herman Charles of A. C. C. will fill his regular appointment at the Church of Christ here next Sunday and Sunday night.

Mr. and Mrs. W. C. Brown, C. E. Green and wife attended singing at Wastella, Sunday night.

Mr. Harvey Muns, who has been in business at El Paso for the past year, and who is now prospecting on the Plains, spent Sunday here from Midland.

Mrs. Jim Marshall and Mrs. Jesse Lee visited relatives in China Grove Saturday.

Mrs. Ruby Roberson and sons, Pink and Alton, from Stanton, spent the week-end here visiting friends and relatives.

Mr. Otis Muns returned from Wink, Saturday.

Mr. E. M. Nordyke, with his well-drilling machine, is leaving this week for near Midland where he has the contract of several wells to drill.

Mrs. Hattie Davidson and children left this week for an indefinite visit at McCamey.

Misses Weinona Adams, Lillie Mae Young and Mabel Handy of Roscoe were the guests of Miss Vera Adams Saturday.

Messrs. H. C. Spikes, Dr. W. L. Hester and W. M. Mahoney spent Friday and Saturday at Crane on business.

J. W. Edmondson attended to business in Sweetwater Tuesday.

The Loraine Study club met last Thursday afternoon with Mrs. W. R. Martin. Mrs. Martin entertained for her mother, Mrs. Checkel, who is an honorary member of the club. The lesson on Yosemite National Park was one of the most interesting we have studied. Roll call was responded to with some point of interest in the park. After the regular lesson discussion, special papers were given by Mrs. Arlie Martin, and Mrs. Edwards. Then Miss Princess Martin read an original poem, "February Thoughts," written by her mother, which was very good as well as appropriate. Colonial refreshments of Plantation baked apples, Boston brown bread and tea were served. Mrs. T. A. Martin was a visitor.

### Hyman Happenings

L. H. WELCH, Reporter  
 The program rendered by the school Tuesday night, February 22, was quite a success. Of course some of the conditions were not just what we would have them, but we hope to have them improved by next program. The primary pupils were highly commended for their part in the program. The play, "Little Miss Jack," and other parts of the program were also successful.

Mr. C. P. Gary of Colorado visited at the teachers' Sunday.

County Supt. G. D. Foster and wife attended the program Tuesday night. The opening address was ably rendered by Mr. Foster. At the close of the program, Supt. Foster graded the school. Our score is now 848.2 points. This is an increase of 94 points since the last grading. We are proud of this. We hope to score 900 points by next grading.

Miss Bernice McDonald visited friends and relatives at Westbrook Saturday and Sunday.

Grandma Locklear is very low at this writing. She has been in failing health all winter, but is worse. We hope she will soon be on the road to recovery.

### UNION ITEMS

Here I come again with a bit of news.

This morning when I look out upon the meadows and see the green foliage springing up it reminds me of spring time, and when I go out in the open and feel the effects of the chilly wind, it greatly reminds me of winter time. For several days the farming interest has been checked, but be it remembered that we have plenty of time yet to make a crop in West-Texas. And on the other hand, be it remembered that we have no time to lose, no time to waste, and so far as pastime is concerned I invite some one to tell me how much time is allowed to man for pastime?

On last Sunday evening we had a good time at our Sunday school. The attendance was good, the interest was fine. We had our pastor, Rev. Northcutt, and Mr. Caldwell, the singing man, was with us again, and he cap the whole affair, Bro. Jamison was there and preached one of his masterful and soul-stirring sermons such as are characteristic of the man.

Now please bear with me while I pen a few lines relative to an organization that we have in our county, with headquarters at Colorado, known as the Sons, Grandsons and Great Grandsons of Confederate Veterans. I am proud of our county and its people and its progressive spirit, but I must acknowledge that I am caused to blush when I realize that we have so few lovers of the South and true history. When we know that false history is being taught to our southern children, and I am going to ask our worthy commander to call a meeting real soon and invite all true lovers of the South to come out and see if they can bear to hear some sound doctrine and especially to invite the Daughters of the Confederacy, all of whom are so vigorous.

**REMINGTON PORTABLE TYPEWRITER**

### Horn's Chapel Locals

(Edited by English Class of School)

Mr. G. D. Foster, our county superintendent, met with the parents and teachers of Horn's Chapel community Friday, February 25, and helped perfect a Parent Teachers' association for this community. There was a large crowd present and good interest shown. The next meeting date will be announced later. Watch this column.

The Rogers school boys played our boys Friday evening, our boys defeating the visitors with a score of 18-8. It was a tight game from start to finish. Both teams played well, and only a few fouls were called on either side.

The Rogers girls' team also stormed the Tomboys' court Friday and defeated them by one point. The score was 13-12. This was the Tomboys' second game with the Rogers girls, and each team has won one game. Bessie Trice, the captain, announced that the tie game would be likely played off soon. Beat them, Tomboys, the community is for you.

Ball! Ball, everywhere! It actually seemed that way Friday evening. The outside team entertained the Horn's Chapel boys after the last game and were defeated by a score of 43 and 4 in favor of the Horn's boys. The game was a sure enough roughneck one. It was a knock down and run over affair, Mr. Jack Humphrey being the high referee. The Rogers boys invited our boys up to play them any time, and the boys say they are going, too.

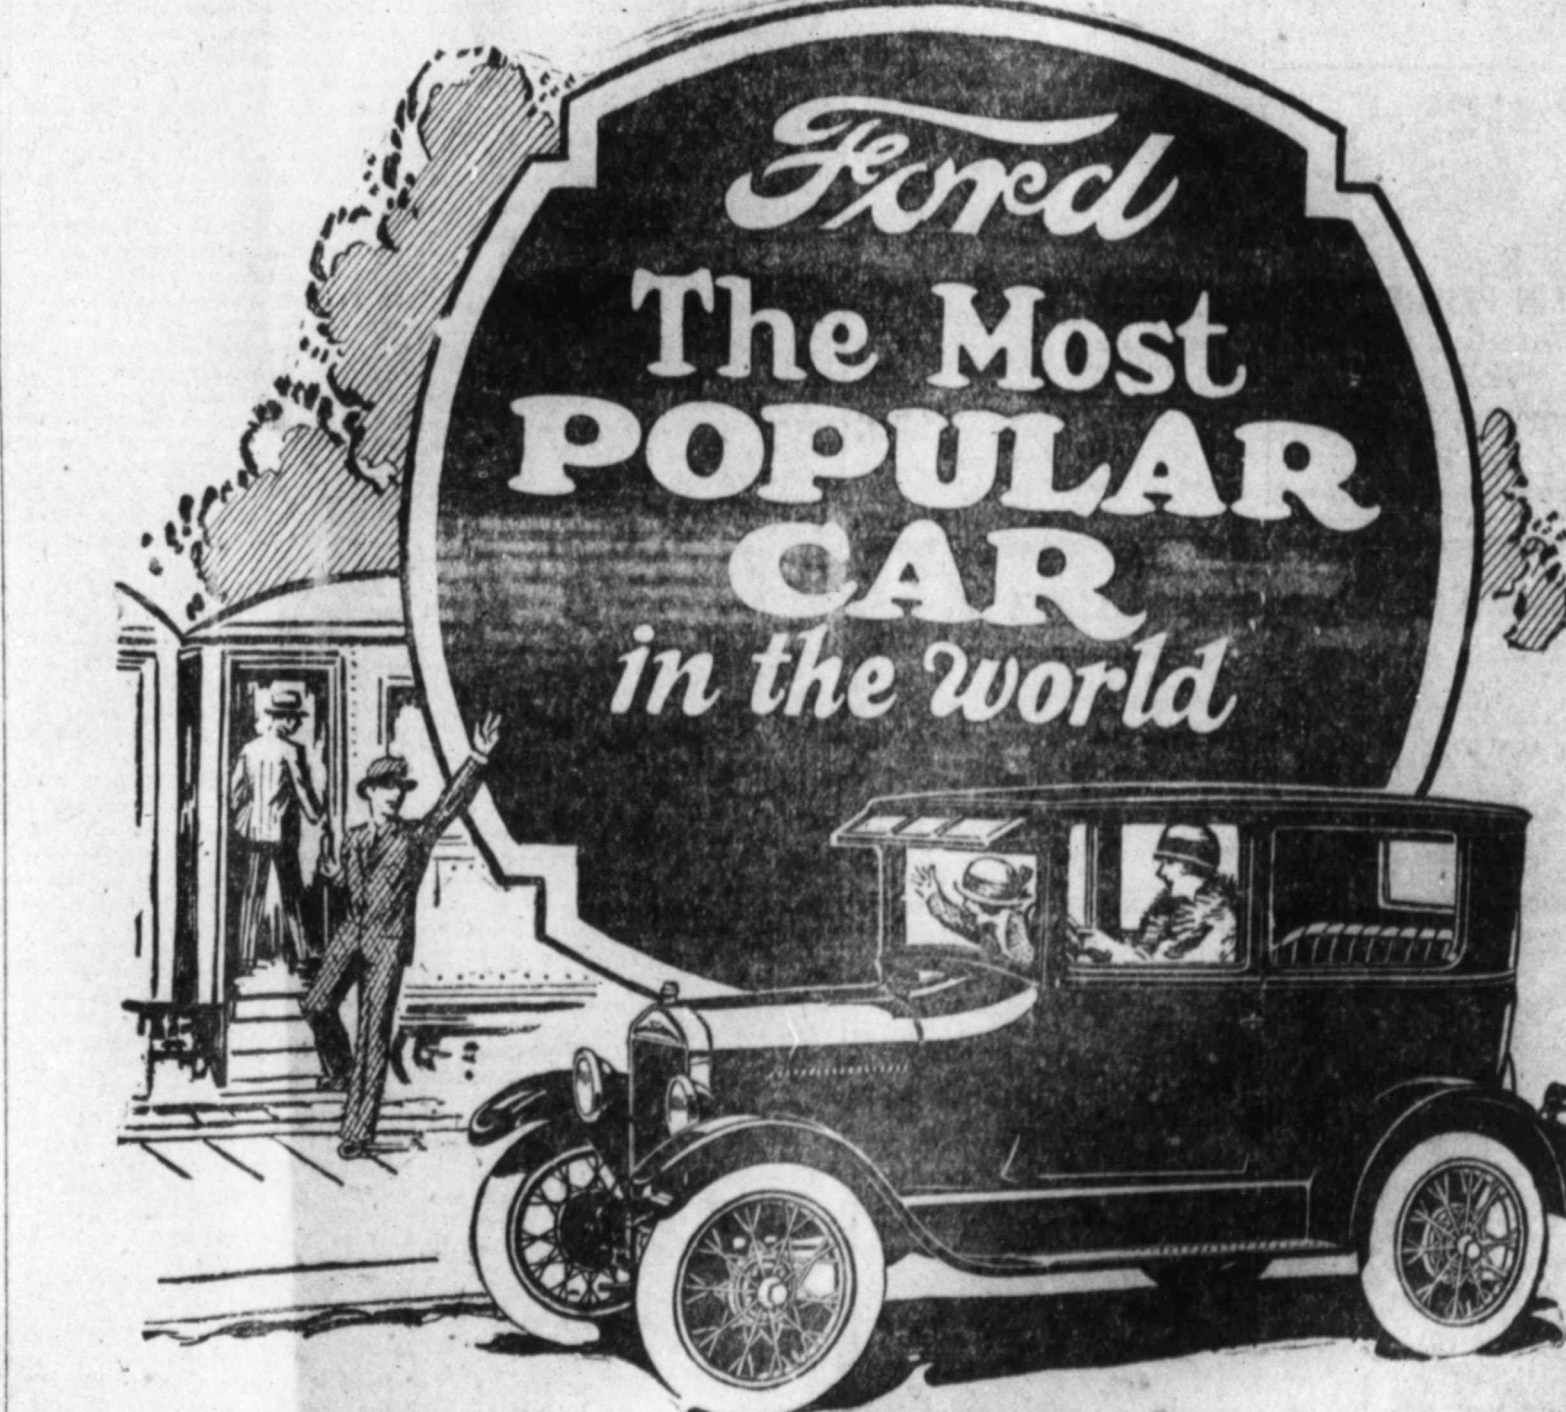

Ben Christian, our star center, known on the school grounds as "Twister," says that a half mile run every morning is too much on his

### How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bedtime with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

For many years the Ford car has enjoyed the distinction of being the world's most popular automobile. People prefer it because it is easy to purchase—easy to pay for—easy and inexpensive to operate—and it is always dependable.

On account of the revival meeting which is now in progress at the Methodist church, the meeting of the P. T. A. which was to be held Friday evening will be postponed until the following Friday evening, at which time a splendid program will be rendered. Watch the paper for further announcements.

Mrs. Jameson arrived on Wednesday morning and since that time has been bringing us some wonderful messages. You are missing a great deal by failing to attend these services. The church needs you and God is counting on you. Come out and worship with us.

Mrs. Stotzer, who has been attending the bedside of her mother, Mrs. John Langley, for the past few weeks returned to her home in Sweetwater, Sunday.

Mrs. O. A. Fortner of Garvin, Okla., is visiting in the home of her parents, Mr. and Mrs. John Johnson, this week.

The Methodist Church

The revival meeting which is being conducted at the Methodist church by the Rev. A. D. Jameson and W. M. Culwell will continue throughout the week. There has been quite a bit of interest manifested, but the results have not been just what we had hoped to see. Brother Jameson is doing some wonderful preaching and Brother Culwell's singing is great. Those who are not availing themselves of the services of these good men are certainly missing a treat as well as a great spiritual blessing. Last Sunday was a good day. There was a good attendance and interest at the Sunday school. The presence of the Lord was surely with us at the 11 o'clock hour. I think I never heard a greater sermon than the one Bro. Jameson delivered. I wish more of our people would attend these services. Several have found the Lord, and the church has been greatly revived already. May we pray that an old-time revival of far reaching effect will be the result of these efforts before the meeting closes. We are expecting a great time next Sunday. Begin now to make your plans to be with us. Don't fail. You surely will miss something if you fail to be present. I am counting on you. Do not fail me.

"The Friendly Little Church on the Highway."

L. E. NORTHGUTT, Pastor.

THE AUSTIN NURSERY
F. T. RAMSEY & SON AUSTIN, TEXAS

SILVER SIGNALS

I. O. FINLEY, Reporter
Our school seemed to take on renewed growth this week. There are several reasons why. Mrs. Finley was able to take up her work again this week. Every one relaxed because the examinations for the month were over. And we also started intensive work on the League program to be held in Colorado, April 1 and 2.

Silver is one place where failure is not known, although some of our plans are more successful than others. At the P. T. A. meeting of last week we spent more time working than talking. Much was accomplished by the meeting.

Mr. W. S. Foster, county demonstration agent, visited us Monday and organized a boys' club. The following seven boys joined the club: Roscoe Hudgins, Inzer Creek, Marlin Creek, Orvil Brooks, Jasper Doyle, Jesse Smith and L. D. Blackstock. Much interest is manifested in the club work.

Our score for standardization the last time was nearly seventeen percent above the first score. We are going still higher next time. Watch us grow!

THE TEXAS WEEKLY INDUSTRIAL REVIEW

Lufkin—Boynott Lumber company, of this city, purchases Philip A. Ryan Lumber company and will spend \$50,000 improving property.

Carthage—Central Baptist church being repaired.

Jefferson—Highway No. 8 thru Marion county being paved.

Dodsonville—Southwestern Light & Power company may extend power line from Hollis to Dodsonville. The W. R. Newton Grocery company is opening cream buying station.

Haskell—Mrs. Curtis McDonald realized net profit of \$163.87 from a flock of 66 hens in 1926.

Albany—Roeser & Pendleton and Marland Oil company of Texas No. A-30 have extended production in Cook ranch pool, with a flow of 1200 barrels per day.

Hemphill—New ice manufacturing plant to be established here.

Priona—Turner & Parr to erect warehouse.

Fredericksburg—The Fredericksburg park being beautified. Arrangements being made to establish cooperative creamery here.

Big Spring—Marland Oil company to double warehouse and yard capacities. T. & P. Railroad to improve grounds about its property in Big Spring.

Perryton—R. E. Johnson to build \$60,000 hotel in Perryton. Survey being made for sewer installation in several streets.

Wheeler—Wheeler Power & Light company placing new poles in local distribution system.

Trent—West Texas Utilities company will establish substation here.

Texas City—Construction of \$700,000 levee wall here planned.

Amarillo—Rock Island lines to begin immediate construction of new line across the South Canadian river north of here into oil fields.

El Paso—First annual El Paso Fat Stock show will be held March 14-19.

Alvin—West Public Service company extending its power lines.

Brenham—Pike from Yegua river bridge to Brenham to be hard-surfaced.

Houston—M. G. Clymer company to build large preserving plant in Houston.

Perryton—Government engineers select site on Canadian river 25 miles south of here, for construction of dam. Work progressing on erection of new American Theatre.

Cuero—Texas Central Power & Light company to build power dam on Guadalupe river.

Nederland—Several new residence houses under construction. Beautification of Nederland school grounds under way.

Port Neches—14-acre tract adjacent to Port Neches park being subdivided into residence lots.

Falfurrias—Rice street to be paved.

Alpine—Additional street lights to be installed in residential section.

Farwell—Santa Fe railroad to install electric lights in local station and along brick walk.

Falfurrias—Carload of spinach being shipped daily to St. Louis markets. Southern Pacific Railroad company to set out orange trees on all section house grounds here.

Odessa—\$12,000 Masonic Temple to be erected corner Grant avenue and Second street.

Childress—Humble Pipe Line company to construct pipe line from Childress to Allan Reed.

Port Arthur—Building permits in excess of \$20,000 issued in recent 2-day period.

Wortham—Sewer system to be extended. New hotel planned for construction in Wortham.

Batesville—New high school building to be dedicated February 25.

Thorndale—New grocery store to locate in former Corner Confectionery building on Main street.

Levelland—New street lighting

system being installed.

Brownfield—Ice plant of Texas Utilities company resumes operation. Granger—First National bank to reopen.

Presidio—The Border Times, new newspaper, being issued here.

McAllen—Carload canned grapefruit from local cannery shipped to Canada recently.

Austin—Tentative surveys for new State office buildings and improvements to capital building estimated to cost \$1,238,000, prepared.

Harlingen—Plans being drawn for \$100,000 new theatre.

Edinburg—"Edinburg Valley Review" to issue new newspaper.

WHAT'S DOING IN WEST TEXAS

Rankin—The new Hotel Yates, a \$70,000 fire-proof hostelry, will soon be completed here, making it one of the finest hotels in the oil fields. The structure will have three stories of hollow tile and face brick walls. It will contain 44 rooms, barber shop, coffee shop and drug store.

Trent—The Trent postoffice has been moved into a stucco building on Front street to care for increased business due to oil boom activities. Eighty new boxes have been installed and three windows are now being used.

Perryton—According to tentative plans, a forty room, all modern hotel is to be erected here. The building will be a two-story affair, 50x140 feet, costing \$60,000.

Pampa—Pampa is to have modern creamery. It will be known as the Gray County creamery, and will be equipped with the most modern fixtures.

Pecos—The local Chamber of Commerce is now ready to consider offers made by several interested men in building a hotel for this place. Selection is to be made within the next few weeks so that work can be started at once.

De Leon—S. L. Stockard, school editor of the Farm and Ranch magazine, spent a week here recently, working in conjunction with Comanche County Agent Barton, visiting various school communities where club work is organized, and organizing activities in sections not already operating.

Crowell—The high line of West Texas Utilities company is to be extended to this place. The line will run from Munday to Truscott and from Truscott to Crowell.

Walnut Springs—Merchants of this town have inaugurated a second Saturday Trades Day feature of benefit to diversified interests of the city. Each second Saturday they give away a Jersey cow to the lucky buyer in a contest winning.

Bowie—Contract has been let by the State Highway commission for the paving with a "high type" of paving, the highway from Alford to the Clay county line on State Highway No. 2 and No. 50. Expenditure will be \$205,000 on a stretch of 25 miles in length.

Rule—Lee Humphrey and C. O. Davis of this place are opening up a mammoth 25,000 acre capacity hatchery at Anson, Jones county seat. These men operate a hatchery and a Leghorn farm here. Humphrey will be in charge of the Anson chicken plant.

Rowena—This town, nine miles west of Ballinger, has organized an active Chamber of Commerce, with a membership of 50. Ballinger, Winters and Rowena make up the trio of towns in Ruppels county having commercial organizations.

FREE TRIP TO FAT STOCK SHOW

To interest those who are in the market for Memorials at this time, we are making the following offer: To anyone who either visits our booth at the show, or comes to our plant and purchases a Memorial valued at \$250.00 or over, we will refund the cost of your ticket to Fort Worth. We have the largest and most varied stock of finished Memorials in Texas, and our exhibit at the Show will be unusual.

FORT WORTH MONUMENT WKS. 440 North Main Street, Fort Worth, Texas.

Prof. M. M. Reese, principal of the Longfellow school, came in Saturday and subscribed for the Record and promised us some news items from Longfellow. We will be glad to have the news reported from this community.

# News of Activities of Colorado Schools From March Issue of "The Howl"

## District 8 Champions

Colorado High and the people of Colorado were not surprised that we have again this year a winning team. In fact, they expected as much from our unequalled "Coach" and from the excellent material from which he could choose. The members of the team have worked faithfully and loyally for the praise of the school and in turn the school wishes to give to them the praise that they naturally deserve.

Luther Thomas, better known as "Luke," might seem somewhat small and not to be feared by those who have not seen him play. But those who have seen Luke perform realize that it was a fatal mistake for the opposing team to let him have the ball, if he was anywhere near the goal and he usually was. Overhanded, underhanded, or any way like, was Luke's method of shooting the ball in the basket.

In Lee Dorn the Wolves had one of the best forwards in West Texas. Lee took the ball, and in spite of all efforts to guard him, and perhaps while jumping over some player who was completely bewildered by such skill, made the goal. He always made the goal and it was by such methods that he won the honor of high-point man in the district.

At the beginning of the season when Coach was in need of a center, a quick senior appeared for practice. He was tried out and found to be perfectly fitted for the position. He was none other than Ervin Lawless. Ervin not only jumped up in the air to tap the ball, but succeeded in accomplishing the object of the game by putting the ball through the basket.

The coach saw fit to place our captain, Pete (the boy with the prot-

ty eyes), as guard. Pete, although not a giant in size, is in every other way. He has been a leader in the true sense of the word, and in every game fought valorously for the gold and white. He showed special skill in speed and proved himself a real wolf.

The other guard, Homer Hart, was another valuable man who fought hard and long. It seemed as though he never batted his eyes during the game, but kept them always on the ball and the opposing guards.

It was such a squad of wolves as these who were successful in winning the district championship, but who lost the bi-district to the Cisco Lobes. Even when losing the last game, they played admirably and for the honor and glory of the school. The school wishes to give a team, which is possible by the untiring coaching of our champion coach, Mr. Cantrill.

## Juniors Hold Food Sale Wednesday And Thursday

The Junior class had a meeting last Monday and decided to have some sales because of certain financial difficulties. The class was divided into two groups, each group to put on a sale. The days chosen for the sales were Wednesday and Thursday of the same week. Margaret Cook and Evelyn O'Neill were appointed leaders of the respective sides, and chose the members for their sides. The side that makes the most money from its sale is to be given a party or picnic by the losing side. The

sales were very successful, and, although not large, well conducted. The side of which Evelyn O'Neill was the leader came out ahead in the contest by fifty cents. The other side has not yet decided how they will entertain, but plan to have the event soon.

At a Colonial tea at Mrs. D. H. Snyder's, given by the Daughters of the Revolution, the Junior Quartette was one of the attractions of the afternoon. The quartette, however, was only a trio this time, as Sybil Kiker was absent.

## Freshmen Entertain With A Colonial Program Tuesday

From 8:30 o'clock until 9:00 a. m. Tuesday, February 22, the Freshman class gave a colonial program.

J. C. Garrett, who was dressed as George Washington, announced each number on the program. Fanny Fay Womack gave the introductory reading, which was followed by a song, "A Garland of Old Fashioned Roses," sung by the Freshman quartette, with Ernestine Jones at the piano. The quartette is composed of: Talva Mae Hart, Ettena Hewitt, Marjann Booher, and Lula Franklin. A reading, "Truthful George," was given by Iris Funnell. The pupils in each of the above numbers were dressed as colonial people. "The Sword of Bunker Hill" was read by Mildred Johnson, while it was acted by J. B. Holt and John Ellis Smith. The last number on the program was "A Tribute to Washington," which was read by Juliana Smith.

The Freshman quartette is improving daily and the class is looking forward to their success.

## Snyder Defeated By Wolves In Double Header

Friday night, February 17, Snyder came over with their two quintets in full force. They were almost determined to defeat Colorado, but the Wolverines and Wolves were also determined to beat.

The girls' game appeared, in the first three quarters, as though Snyder would make their promise hold good, but in the last minutes of the game the Colorado girls surged ahead to win the game with the score of 28 to 24.

The Wolves cinched their game almost at the beginning. At no time did Snyder even threaten to win the game. The first half closed with the score 25 to 9; the third quarter, 30 to 11, and the last quarter, 37 to 13 in Colorado's favor.

## Col-Tex Refiners Defeat Wolves In Fast Game

Tuesday night was surely an "off night" for Colorado. The Wolves met their first defeat of the season at the hands of the Col-Tex Refinery quintet. The Wolves led the score by 4 or 5 points until the last of the fourth quarter. Col-Tex surged ahead to fix the final score at 28 to 27 in their own favor. This was an accident and a lucky one for the refinery boys.

## Wolverines Are Victorious Over Valley View Team

Thursday afternoon, February 24, the Valley View girls and Colorado Wolverines played a very "loose" game. The second team played throughout the game and then defeated the Valley View girls 36 to 23. Alice Spalding was the star of the afternoon, making 23 of the 36 points. "Midge" Cook made the remaining 14 points.

No. 516  
**CITATION ON APPLICATION FOR PROBATE OF WILL**  
THE STATE OF TEXAS  
To the Sheriff or Any Constable of Mitchell County, Greeting:  
You are hereby commanded to cause to be published for ten days exclusive of the day of publication, before the return day hereof, in a newspaper of general circulation, which has been continuously and reg-

ularly published for a period of not less than one year in said Mitchell county; a copy of the following notice:

## THE STATE OF TEXAS.

To all persons interested in the Estate of W. L. Stewart, deceased: Mary Lizzie Stewart, his wife, has filed in the County Court of Mitchell county an application for the Probate of the last Will and Testament of said W. L. Stewart, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the 1st Monday in March, A. D. 1927; the same being the 7th day of March, A. D. 1927, at the Court House thereof, in Colorado, at which time all persons interested in said Estate, may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Witness, J. Lee Jones, Clerk of the County Court of Mitchell County. Given under my hand and the seal of said Court at office in Colorado, Texas, this 19 day of February, A. D. 1927.

J. LEE JONES, Clerk, County Court of Mitchell County, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original Writ now in my hands.  
R. E. GREGORY, Sheriff, Mitchell County, Texas.

### Run-Down gave out easily

"MY health wasn't any account at all," says Mrs. H. L. Clayton, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough. Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength. 'Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better. Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about.'

### Two New Sets Of Books Added To High Library

Two new sets of books, and a number of volumes of fiction have been added to the library. One set, "The Outline of Knowledge," is for reference; the other is for outside reading in fiction. We are hoping that a great many books will be added, and thus make our library one of the best in the State. Fiction is needed most, as the list sent by the State Department of Education for outside reading calls for a number of books that are hard for the average pupil to obtain.

### Orchestra Will Get Sweaters; Planning Shows

The orchestra is doing good work. We regret to see the year go by so fast, for the work is getting more interesting every day.

The members will get sweaters before the year ends, and we are asking every student to cooperate with us in order to make this possible. There will be many benefit shows for this cause in the near future, and we urge everyone to be present. One of the shows will be, "The Cat's Pajamas." This is a very high class play, and you will regret it if you do not see it. It will be shown at the Palace Theatre, March 14-15. Every one is urged to attend.

On Friday, March 4, the musical comedy, "The Pennant," will be presented by Sweetwater P. T. A. for the benefit of the Colorado High School orchestra. This is a very entertaining play, and we are sure that everyone will enjoy it. Tell your friends about it, and come out and help the orchestra.

### Ambition

### Your Boy and SAVINGS

THAT growing boy of yours is impressed by the actions of his elders. While still young he should be instilled with the importance of thrift to future business success.

What better way have you of stirring his ambition than to have him start a Savings Account in this Bank? We encourage young people. Let us help your Boy.

### City National Bank

### Million Dollar Insurance Policies Getting To Be Common in America Women Are Large Premium Payers

Insurance companies last year paid claims on three one-million-dollar policies, figures just released by the National Underwriter life insurance edition, show. In fact, they were more than a million.

The largest premium was paid to beneficiaries of Solomon Rosenbloom, Pittsburgh banker, and internationally known financier. Insurance paid on Rosenbloom's policy amounted to \$1,776,000. Rosenbloom died at the age of 56.

Beneficiaries of Honore A. Saks, New York merchant, were paid \$1,201,000. Mr. Saks was 43 years of age at the time of his death.

The other claim in excess of one million dollars was on a policy carried by Julius Fleischmann, yeast manufacturer, and former mayor of Cincinnati, who died at the age of 52. The policy was for \$1,409,249.

The figures reveal that women are also carrying heavy policies. Claims paid on policies carried by women include \$645,000, carried by Julia N. Chapin of Springfield, Mass., \$526,000 carried on a policy carried by Hattie M. Ogden of Chicago, Ill., and \$219,281, carried by Luna Scott, Los Angeles.

**Patterson's \$2,000,000**

The tendency of business men to carry heavy life insurance is further reflected in policies just recently written. Frank B. Patterson, president of the National Cash Register company, recently increased his life insurance from \$1,000,000 to \$2,000,000. Patterson is 34 and is said to be the most heavily insured man in the United States for his age. Morris White, New York real estate operator, also recently increased his

### NEW USES OF COTTON BEING STUDIED TO AID SOUTH, IT IS REPORTED Use of Cotton Instead of Jute For Bagging Urged; More Uses Cotton Cloth

By HARDEN COLFAX

WASHINGTON, Feb. 26.—Important steps toward rehabilitation of the cotton industry with possibilities of widespread effects not only upon those who produce the raw product and those who manufacture it, but upon the consumers were taken this week.

This movement has nothing to do with the question of style. Nor is it an effort to jack up prices and make the ultimate consumer pay for the ills which beset the cotton industry. The ladies appear committed for an indefinite period to the comfort and ease of short skirts and Dame Fashion apparently has little intention of placing her approval upon an effort to bring the fair sex back to universal use of cotton hose rather than the silk or rayon which are so popular. Neither is there any thought of attempting to lengthen men's shirts.

**New Outlets Is Problem**

What attracts the cotton industry, from the southern farmer who harvests the crop to the manufacturer who spins and weaves or knits it into serviceable form, is not so much inducing each consumer to use more of the cotton products in the shape to which he has been accustomed as an effort to find new uses for cotton.

There is involved then the problem of new outlets for cotton products in distinction to enlarging the present gateways. By the same token the movement can not be interpreted as one directed toward an artificial stimulation of prices for cotton products, for there enters into consideration the question of substituting cotton for other fibers now used for certain purposes and any plan of substitution must bear in mind always the matter of price relationship. It would not be an easy matter to substitute cotton cloth for burlap, for instance, unless the latter's price was conducive to the use of cotton or some element of superiority which would make the consumer willing to pay more.

**Seeking New Uses**

Overproduction of cotton in the south this season has created not only an emergency but has brought the entire industry to a tardy realization that potential production every year is beyond the normal requirements of the world for American cotton. One way to meet this situation is to reduce production to normal demand and jog along until the annual growth in population brings a natural increase in demand and another way is to endeavor to find new uses for cotton.

Both the Department of Agriculture and the Department of Commerce recently have been charged with congress with the duty of seeking new uses for the great money crop of the south. Various trade associations have been interesting themselves in the same question. A meeting was held here this week among representatives of the government departments and the Cotton Textile Institute, composed of manufacturers, to lay down a definite program of studying and experimentation. A plan of approaching the subject without involving duplication of effort was agreed upon.

**Bagging Is Imported**

At the same time there have been introduced in congress a series of bills, designed to eliminate waste in cotton marketing and to encourage the use of cotton. These have been sponsored by Senator J. E. Ransdell of Louisiana and their introduction at this time was for the purpose of starting discussion.

One direction in which the cotton industry is looking is the possibility of substituting cotton cloth made from low grade staple for many of the uses to which burlap and other jute products are put. It is somewhat peculiar situation when the cotton industry itself uses imported jute in wrapping cotton bales. In 1926 the United States paid nearly \$15,000,000 for raw jute and jute butts and it paid \$82,000,000 for burlaps imported from abroad. This country in the last calendar year paid \$6,157,000 for imported bagging for cotton bales, as compared to \$7,743,000 in 1925. It has been estimated that if cotton cloth were used for covering the raw staple it would require 2,000,000 bales of cotton to make this cloth each year.

**Industrial Use Is Remedy**

It is the industrial uses of cotton that the greatest hope of those interested in studying increased consumption is placed. It is realized that the so-called home uses of cotton are practically static. As a matter of fact, household use of cotton on a per capita basis has been decreasing. It is only because of the enlarged industrial use of the staple that per capita consumption as a whole has not declined.

Experts will begin immediately to give attention to an intensive study of every industry, trade, art, and profession in an effort to discover new fields for the use of cotton, calling not only upon trade statistics but

### ARKANSAS GIRL WANTS FIND RELATIVES HERE

Postmaster R. S. Brennan hands the Record a letter from Miss Beryl D. Baker of Ashdown, Arkansas, in which she is seeking to locate her father's relatives, some of whom are supposed to live in this county.

The letter reads as follows:

Ashdown, Ark., Feb. 24, '27.

Dear Sir:

May I ask a favor of you. I want you to help me to find my relatives? Do you know any Bakers there, or any one related to the Bakers? I think I used to have an uncle, Lee Baker, there.

I was born near Wynnewood, Oklahoma, Feb. 5, 1904. I have a brother John who was born Jan. 27, 1903. My father was Dimpsy E. Baker. He married Berta Cobb from Arden, Ark. He died in Sept., 1905. My mother then brought us and came to Arkansas. I would be very glad to hear from any of my father's people.

Will you please have this published in your local paper and help me to find them?

Yours appreciatively,  
(Miss) BERYL D. BAKER.

Read The Record, etc.

Many Children and Adults Keep Strong On SCOTT'S EMULSION It's The Pleasant Way To Take Cod-liver Oil Vitamins

Scott & Bowne, Bloomfield, N. J.

Life insurance claims paid in the United States last year amounted to \$1,584,634,940. Claims exceeding a million dollars were paid in fifty-eight cities. New York led with \$39,476,000, Chicago came second with \$22,456,000 and Philadelphia third with \$16,088,000.

Dallas led Texas in the amount of claims paid, policies there amounting to \$1,280,000. San Antonio came second with \$1,023,000. Houston followed a poor third with \$813,000. Claims paid at Fort Worth amounted to \$581,000. The Amarillo claims amounted to \$198,000.

San Angelo led this section with \$60,000 paid. Abilene came second with \$57,000; other cities in this belt are: Mineral Wells \$39,000; Coleman, \$25,000, and Robert Lee \$20,000.

**Texas' Largest Policy**

The largest claim paid in Texas was on a policy carried by Henry Half of San Antonio, for \$128,500. The late Alexander Sanger of Dallas came second with \$116,000.

The largest policy paid in this section was to beneficiaries of James T. Bledsoe of Robert Lee, he having carried life insurance in the amount of \$14,500. Mineral Wells is the only city in Central West Texas

yes-Everyone says "Nothing like it in the World"

In appearance and value, as well as performance, Hudson is the most talked of car of the year. Everyone is saying there is "nothing like it in the world".

At the automobile shows, in dealers' salesrooms, and wherever automobiles are talked about, the release of the Super-Six principle to full capacity is of outstanding interest. And there is a car in its seven new body types that meets any desire for beauty, comfort and luxury.

**BEST TIME FOR TREE PLANTING ENDS MARCH 20**

Many Taking Advantage of the Warm Weather for Beautifying Homes

Trees increase the value of your property.

Trees protect your home and your streets from the heat of the sun.

Trees protect you from the cold winds of winter.

Trees give off oxygen, thus purifying the air.

Trees afford an attractive setting for your home.

Trees make your city more livable and lovable.

According to local nursery men, from now until March 20 is the best time to plant trees and shrubbery. Of course, say they, it might be March 15 or even March 25, that depending entirely upon the weather that is to come.

There are many persons taking advantage of the advance warm weather by setting out their trees now. More citizens than ever are planting and beautifying their lawns.

The most suitable trees for this section of the country, according to one local nurseryman, are the Arizona ash, the Chinese elm, the Italian and Arizona cypresses, and in fact any of the arbor vitae, which are hardy and lovable.

More and more persons in and around San Angelo are setting out walnut trees. One dealer in pecan trees reports that he has already sold 750 of them in this vicinity. Many also are taking to fruit trees.

The state forester of Texas makes the following suggestions for the planting of trees:

Select long lived, hardy, well shaped trees adapted to the soil and climate. The best trees for planting are two-inch trunks with large fibrous roots and symmetrical crown, trees about eight or ten feet tall.

For a tree of this size dig a hole

The Key to Future Comfort

It opens the door to independence—to happiness—to contentment. The plan is simple enough. Start today with a dollar bill, then deposit regularly.
