LAST TRIBUTE PAID BY LARGE NUMBER TO 'AUNT ROSE' WHIPKEY

Profuse Floral Offering Is Evidence Of Love For Colorado Woman

SERVICES AT HOME

Resident Here For 23 Years Sincerely Mourned By Huge Throng

Funeral services for Mrs. F. B. Whipkey, affectionately known in Colorado and elsewhere as "Aunt Rose" Whipkey, who died at the family home Monday morning at 8:30 o'clock, were held at the residence Tuesday afternoon at 2 o'clock. The body rested amid a huge embankment of floral offerings while the brief but appropriate and beautiful services were conducted by her pastor, Rev. W. C. Ashford of the First Baptist church of Colorado, and a farmer pastor, Rev. M. C. Bishop of Post. Hundreds of friends came to join the many relatives in paying last loving respect to this wonderful Christian woman.

Aunt Rose reached her sixtieth year November 1, 1928, having passed three score years by three months and nineteen days. She died from after effects of the flu, which caused a heart attack. She had been ill for several weeks. After taking some medicine and a cup of coffee early Monday morning, Aunt Rose turned in her bed to face her husband, gasped and died instantly. Her sister, Mrs. D. W. Queen of Georgetown, who had been here for a few days, had notified early Monday morning that Aunt Rose was suffering intensely, and Uncle Fred had just been to call a physician a few minutes before the fatal stroke took this good woman from her earthly home.

Her maiden name was Rosa Lee Salyer. She was born in Kentucky, November 1, 1868, and came to Texas with her parents nine years later. She married F. B. Whipkey at Georgetown, Williamson county, October 18, 1887. Only one son, Walter W. Whipkey, was born to this union.

They lived in Temple the first few years of their married life and it was there that they, with A. L. Whipkey, made a heroic fight, through their own, for state-wide prohibition during the historical prohibition fight in Texas. From there they moved to Holland, then to Corsicana where they owned the Corsicana Daily Light. Later they sold this paper and moved to West, McLennan county, where they lived for several years up to the time of coming to Colorado. In all these business ventures, she was an inspiration and great help to her husband. She worked continually in each of these cities for all progressive movements and for upbuilding of the community, thereby winning the love and esteem of all the citizenship.

She had lived in Mitchell county 23 years, coming here in 1906 when F. B. and A. L. Whipkey purchased the Colorado Record, which business F. B. Whipkey and W. W. Whipkey still own. The growth of this business and any success attained is partially credited to the work of Aunt Rose. She was always ready to assist if needed, and she was called upon to help in many ways. Many times in the earlier days of this business she sacrificed in order to help maintain its financial standing and she never working to improve its influence for good in the community. It was probably through this work, and her wonderful personality and eagerness to help others that she became so universally loved and respected.

Surviving her are her husband, "Uncle Fred" Whipkey; the son, Walter W. Whipkey of Colorado; two grandchildren, Virginia Rose and Betty Lou Whipkey; one sister, Mrs. D. W. Queen of Georgetown; and three brothers, Brack Salyer of Taylor, Wesley Salyer of Hinton, Okla., and Fielding Salyer of Bakersfield, California; several nieces, nephews, and other relatives also survive.

The distinction of being the best-loved woman in Mitchell county was probably hers. The universal feeling of deep sorrow and the very high esteem in which she was held was attested by the most overwhelmingly beautiful and profuse floral offer-

STOCKMEN PETITION RAILROAD TO REPAIR LOCAL STOCK PENS

Local Men Ask T. & P. To Put Pens In Good Shape Again

A letter petitioning the Texas & Pacific Railroad company to make some needed repairs in the stock pens of that road east of Colorado has been circulated among and signed by a number of Colorado citizens who have interests in the stock shipping business.

The letter is addressed to J. D. Lancaster, Dallas, president of the Texas & Pacific Railroad Co., and to C. C. Kilway, Big Spring, superintendent of the Rio Grande division of the road. It is as follows with the signatories listed beneath:

"Realizing the necessity for some additional repairs to the fences and gates of the Texas and Pacific stock pens at Colorado, Texas; we, the undersigned, interested parties in the shipment of livestock, and the county in general, respectfully petition your company to make the above recited repairs and to place water in regular troughs in the shipping pens at this place.

"We further call attention to the fact that it is disagreeable and damaging to the livestock being shipped not to be able to water same after arrival at pens; also horses used in driving the cattle require water. It is therefore very inconvenient not to have the water as herein requested.

"We further request that you give careful consideration to the placing of platform stock scales at these pens in a convenient position that livestock, incoming and outgoing, may be weighed.

"Attention is also called to the fact that the present method of feeding (on the ground) is very wasteful and we suggest that feeding racks along the fence, while very inexpensive, would add materially to the efficiency of the year and be a great benefit in saving for the shipper.

A. J. HERRINGTON TO 'DROP OUT' FOR A 60-DAY VACATION

SELLER OF AUTOS HERE FOR 21 YEARS TO TAKE REST

Just dropping out for a time from the business which he has attended continuously for the past twenty-one years, A. J. Herrington, owner of the Oakland and Pontiac agencies in Colorado and Sweetwater, turned his business over to Monroe Herrington and "the boys" this week to take a much-needed rest of some three months, during which time he will do as he pleases with his time.

Herrington has seen the car change from a luxurious novelty to a necessity in Colorado during the twenty-one years in which he has been in the business here. Long ago he had the agency for the Jeffrey, Mitchell, Overland and Ford cars here. The Jeffrey as such is no more, but exists still in the Nash. The Mitchell is no more in any form. The first agency for the once well-known Rambler car in the State of Texas was had by Herrington. Up until about two years ago he had the Ford agency.

After his sixty days of rest, A. J. Herrington will again resume his duties as head of the two agencies. He doesn't plan to do any extensive traveling during that time.

Probably never before has such a wonderfully large floral offering been placed around a bier in Colorado. Flowers continued to be delivered Wednesday upon orders of friends who could not have their

RECORD OF MITCHELL COUNTY FARMER IS CITED AS WONDERFUL

D. P. Smith Experiments And Succeeds In Various Lines

A record worthy of note has been made by D. P. Smith, a prosperous farmer living in the Longfellow community, northeast of Colorado.

Mr. Smith sold from an average of five milk cows, during ten months of 1928, butter at the rate of more than 181 pounds per month. In ten months, Smith furnished all the milk and butter for home consumption, including milk for the chickens, calves, and pigs, and in addition sold 1818 pounds of butter at fifty cents per pound, or \$909.00.

Not only did this farmer sell the \$909.00 in butter, but he marketed \$251.70 in pigs and hogs, \$265.00 in cows and calves, totalling \$1,425.00 gross income from his cows and pigs for 18 months. Does it pay?

Mr. Smith has lived in Mitchell county 25 years, 18 of which he operated the salt works just west of this city, but of recent years he has been farming. Five years ago this farmer purchased the sow from Hall Jarmann, from which he raised pigs as follows: First year, 16; second year, 19; third year, 19; fourth year, 17; fifth year, 15. These pigs weigh at six months old from 230 to 276 pounds.

On this farm of 220 acres, this progressive man believes in diversifying, for he grows peas, soy beans, grain sorghums, and all kinds of garden truck. According to figures furnished, out of the 240 acres in cultivation in 1927, 120 acres cotton produced 40 bales of average weight, whereas 1928 crop of 100 acres produced 30 bales, the balance being planted to feed products for use of his livestock.

Mr. Smith was one of the organizers of the Farmers' Gin Co. and was perhaps the first man in Mitchell county to join a bull circle, and is now advocating the development of the dairy cow.

Mr. Smith has associated with him in the above projects, his son, H. G. Smith and son-in-law, L. C. Hinton.

LOGAN HATCHERY PROVES ITS MERIT

Efficiency of the recently-installed Logan incubator was proven last week when the first setting was taken off. Of 1520 eggs, 1330 hatched. This percentage is a little better than 90 per cent, and shows that the incubator, which has a 52,000-egg capacity, is giving the satisfaction expected of it and is mechanically perfect.

Iatan Boys Are County's Rural Cage Champions

Some Iatan students have been claiming they had the strongest boys' basketball team east of El Paso, and it is now rumored that they will remodel this slogan by saying it is the best team in its class in Texas.

LOCAL GIRL CAGERS FOURTH IN DISTRICT A. A. U. TOURNAMENT

Team Shows Up Well in Frays With Strongest Teams of Section

More than upholding the fighting reputation which they had made during the past cage season, Colorado girl cagers showed up amazingly well in the district girls' tournament in Snyder last Thursday, Friday and Saturday, staying in the championship fight until the end Saturday, losing to Cisco that afternoon for first place, but winning fourth place.

On Thursday, Colorado defeated her traditional rival, Roscoe, 35 to 20, and on Friday Colorado was pitted against Frankel, over whom she was victorious 25-22.

Since Colorado lost to Cisco, and Cisco lost to Breckenridge for first place, Post, who had lost to Breckenridge in the semi-finals, was pitted against Colorado for third place. This game was one of the hardest fought of the tournament, and resulted in a tie. In a five-minute extra period, the stellar Post forward scored, giving Post third place. Colorado defeated Roscoe for fourth place, putting Roscoe in the consolation fight.

Much praise is due both the Colorado girls' team, and their coach, Clyde Bennett, for the showing they made against the strongest teams of this section and the prize with which they came out of the fight.

GREENE, THOMPSON, AND PEEK RETURN FROM AUSTIN VISIT

Peek Successful in Getting Encouragement For New Agricultural Course

C. C. Thompson, judge of Mitchell county, Ben S. Peek, superintendent of Colorado schools, and J. H. Greene, secretary of the chamber of commerce, returned home Tuesday from Austin, where they went to appear before the highway commission and vocational education board.

Judge Thompson and Secretary Greene went in the interest of the Panhandle-Rio Grande highway designations, completing the gaps from Mangum, Oklahoma, to Del Rio, Texas. The matter of closing the gaps from Wellington, Texas, to Colorado, Texas, with two designations, was referred to the State highway engineer as was the petition of Coke county, et al, for a designation from Colorado to San Angelo, via Robert Lee, Coke county, Texas.

Judge W. R. Ely, member of the State Highway Commission, spokesman for this section of the highway business, stated that he considered the proper route for this road would be from Snyder, Texas, to San Angelo, via Roscoe and Sweetwater, and assigned as his reason that the road committee would never be able to get through Mitchell county, "on account of those people will never be able to vote any more bonds—self they wanted to." He also replied to statement of J. H. Greene that Mitchell county would do her part in cooperation with other counties, "Mitchell county is not doing her part on the Bankhead highway by any means, according to promise." Ely further advised the committee, states Greene, "that if Mitchell county gets a road north and south, that it will be largely up to her to pay for it, as the highway commission proposed to get back the difference between what they are now paying on Highway 1, and the amount they wished to pay."

Judge Thompson was able to get a definite proposition, subject to the endorsement of State engineer, from the superintendent of aid on the street from Lone Wolf creek bridge east to the city limits.

Superintendent Peek was able to get even more than he expected from the vocational educational board for next year's work. It looks now that Colorado will have agricultural vocational training in the high school.

Messrs. Thompson, Peek and Greene visited the University of Texas while in Austin, taking dinner in the Scottish Rite dormitory with over three hundred students.

PLANS FOR 4-COUNTY SINGING MEET HERE IN MARCH DISCUSSED

Snyder Officials Of The Convention Visit With Local Singers

Discussion of plans for the Four-County singing convention to be held in Colorado March 9 and 10, was made when Judge Horace Holley of Snyder, vice president of the convention, and J. W. Early of Snyder, secretary, visited last week in Colorado with W. L. Doss, Sr., Sam Smith, T. H. Westbrook, and other notable singers.

This convention was last held in Snyder, and was well-attended by Coloradans. A definite program for the meeting will be announced later, and it will probably include numbers by some of the well-known quartettes, including the Vaughan and Stamps Quartettes, which have been invited to attend.

City Drug Held Formal Opening On Friday Night

Formal opening of Colorado's seventh drug store took place Friday night, when the City Drug store, owned by Gilbert and Floyd Quinney, began business as another Colorado firm by giving free refreshments and furnishing music to visitors for two hours.

Both Gilbert and Floyd Quinney are well known in Colorado, having been reared here. For the past several years they have operated a similar business in Westbrook. The building which they occupy, the one which formerly housed the Club Cafe, has been completely remodeled, and represents still another improvement along Colorado's main street.

Signal honor is reported to have come to two Mitchell county girls who are students in Baylor-Belton, Miss Ardath Byrd and Miss Winnie Fae Grissett of Westbrook are both members of the Spanish club in that college.

Sheppard competed with fourteen other freshmen for a place on the debating team of that class. SHORT STORIES

By LITE UR VANE

Charlie Thompson has returned from the State Juvenile Training school at Gatesville, discounting the rumor prevalent there earlier in the week that he had been sentenced to a term there.

The second meeting of the chamber of commerce luncheon club was held Tuesday. Interest was good, indicating that Jim Greene will actually put this undertaking across, although he was not present.

Now that Bill Cooper has left town there should be no cause for any one believing the stuff he put out here that he was the writer of this column. You can see that S. S. is not Bill. But if you don't like what is said in this column, jump on Bill Cooper, anyway.

John Baze avers that fifty dollars is a lot of money to pay for a rooster, especially under certain classifications.

Jewel Collier says that being the editor makes her have to hustle. She says that she is typing "copy" at home nights in order to keep the linotypes going.

The two "Uncles"—Bob Gary and Dick Arnett, changed their location for several hours the other day. They were seen to be engaged in their usual daily conference near the old Colorado National Bank corner, rather than the customary stand in front of the City National Bank.

The county judge tells the bare facts for once, at any rate. He convened commissioners' court in session the other day and when asked what the court did, replied "Nothing."

Bill Hinds and Marion Elliott, two members of the local Puritan Alliance evidently are developing a close connection for some purpose. They may be seen together on the street most any time of the day.

"Spark Plug," known in official circles as Engineer DuRose, was here from Shamrock again this week, telling Lark Costin and others having to do with city administrative affairs just how the projected hickory street paving should be done.

Up to press time this week, Jim Greene had not claimed credit for bringing in the gas well south of town, but some of his enemies are claiming he is charged with the product.

Methodists To Hold Conference Sunday Evening

The Methodist Church will hold its regular quarterly conference next Sunday night, following the evening services, according to announcement made by Rev. W. C. Hinds, pastor of the church here.

Rev. L. N. Lipscomb of Sweetwater, presiding elder of the Sweetwater district, will preach at the evening hour, and be present for the conference after the service.

First 4-H Club Is Organized At Fairview

The first 4-H Club in Fairview was organized last week by Miss Abbie M. Sevier, county home demonstration agent.

The following officers were elected for the club: Jewel Strain, president; Fay Reaser, vice president; Monnie Ruth Wyatt, secretary; Mrs. Will Berry, local leader.

Helpy-Selfy is one year old this week, and has enjoyed a very liberal patronage, for which the owners are grateful enough to show their appreciation in a substantial way.

LIONS GIVEN ROYAL ENTERTAINMENT AT HIGH SCHOOL FRIDAY

Luncheon In Cafeteria Is Followed By Program In Auditorium

Dining royally, and thus being put in excellent condition to receive the entertaining program rendered for them after the luncheon, Colorado Lions were guests of Colorado High School Friday noon, having their luncheon in the cafeteria and later attending the program in the auditorium.

The club's program was turned over to the acting host, Supt. Ben S. Peek, who introduced the faculty of the high school, placing Miss Mary Davies, head of the home economics department, first in the list, as it was she who had charge of the preparation of the luncheon.

The following faculty members were introduced: C. A. Wilkins, principal and teacher of science, and Clyde Bennett, teacher of geometry and girls' basketball coach, were introduced in absentia, both being in Snyder with the girls' basketball team at the district tournament; G. D. Foster, business manager and teacher of mathematics; Miss Irene Henderson, English teacher and librarian; R. H. Cantrell, history and athletics; J. W. Treat, Spanish, mathematics, boys' glee club; R. H. Cantrell, history and dramatics; Miss Octavine Cooper, head of commercial department; Miss Arra C. Cummings, English and declamation; J. W. Cobb, science and public speaking; Mrs. J. W. Cobb, Hutchinson school teacher.

Dr. Stewart Browning was handed a quip by his fellow Lions at this time when he was introduced as a person deserving to be included in the faculty list, by virtue of having paid his respects to various young lady teachers.

Following the introduction of the faculty, H. L. Hutchinson was introduced as the builder of the high school, and two members of the school board, Frank Kelley and A. J. Herrington, were also introduced.

After the luncheon and the above-named features, the club passed from the cafeteria into the auditorium for a special musical program. The girls' glee club, made up of 89 girls, directed by Miss Ruth Hightower, public school music teacher, came first. Then came the High School Boys' Glee club, with J. W. Treat directing.

After music by the High School orchestra, the Girls' Glee club again sang, their selection being "Hear the Bees Humming." The boys' glee club sang two numbers, "Swing Low, Sweet Chariot," and "Little Prairie Flower." The grand finale of the musical program was the singing of "Old High School" by both clubs.

The next program was a combination of all the things that make up the high school, members of the home economics class parading and showing the dresses made by the girls.

At the close, a resolution, made by J. H. Greene, was offered by J. Ralph Lee, president, and accepted by the club, expressing satisfaction and surprise at the excellent conditions found in the high school and appreciation for the lunch and program given them.

SUFFERS FOR 15 YEARS; THEN HE FOUND SARGON, SAYS FORT WORTH MAN

"For fifteen years I suffered from a complication of troubles. I was weak, nervous and generally run-down. I frequently had sharp,

A. J. MASON

shooting pains in my side. My sleep was poor and I lost weight, strength and energy. Nearly everything I ate caused indigestion. I took a trip to Hot Springs, but got no relief there, and then I visited several health resorts in the North seemingly without benefit.

"Right after I started taking the Sargon treatment I began to sleep better and to eat anything I wanted and now I feel like a new man. My appetite is fine. The pains in my side have disappeared. I am not in the least bit nervous, and am full of new energy. I have gained weight and my friends are all commenting upon my wonderful improvement."

"Sargon Soft Mass Pills are wonderful. They ended my constipation and biliousness without gripping in the least. I wouldn't be without Sargon if it cost twenty dollars a bottle."

The above remarkable statement was made by A. J. Mason, residing at the Colonial Hotel, Fort Worth, and owner of considerable property in that city.

Sargon may be obtained in Colorado from the Colorado Drug Co., in Westbrook from Mrs. Margaret E. Lasseter, and in Loraine from Hutten-son & Hall. Adv.-11

Sunday School Lesson

Lesson for February 24 CHRISTIAN GROWTH

LESSON TEXT—John 1:40-42; Matt. 16:16-18; John 21:15-19.
GOLDEN TEXT—But grow in the grace and knowledge of our Lord and Savior Jesus Christ.
PRIMARY TOPIC—Growing Like Jesus.
JUNIOR TOPIC—Growing Like Jesus.
INTERMEDIATE AND SENIOR TOPIC—Growing Up—To What?
YOUNG PEOPLE AND ADULT TOPIC—Conditions of Christian Growth.

I. Following Jesus (John 1:40).
As a result of the testimony of John the Baptist, that Jesus was the Lamb of God (v. 36), Andrew followed Jesus. The proof that he really believed is that he followed Christ. This is the first essential in the Christian life.
II. Leading Others to Christ (v. 41).
As soon as Andrew had found and become acquainted with Christ, he brought his brother Peter to Christ. Christian growth can only be truly realized in the giving of oneself to the winning of souls. The one who has received the gospel, the good news, cannot help but proclaim it.

III. Confessing Jesus as the Messiah, the Son of God (Matt. 16:15-18).
The disciples had been with the Lord for several years. They had heard His wonderful words and seen His mighty works. Various opinions were extant about Him. It was now necessary for them to have a definite conception of Him. Examination came after the period of school life. As the Master Teacher, Jesus knew what it meant to the disciples to have a right conception of Himself. He knew the trying ordeal through which they would be called upon to pass as the time of his crucifixion drew near. Only as they perceived His deity would they be strong in the hour of trial. In answer to Jesus' pointed, personal question, Peter confessed to the absolute deity and Messiahship of Jesus. This conception of Christ is essential to salvation (John 20:31).

No one lacking it will ever be interested in the winning of souls. Besides, the denial of His deity is the supreme lie (1 John 2:22).
1. What Peter confessed (v. 16).
"Thou art the Christ, the Son of the living God." It therefore involved His Messiahship and deity. This is the burning question of today. Those who have the right conception of Christ's person and mission have no trouble in the realm of science, philosophy or ethics.

2. Christ's commendation (v. 17).
He pronounced him blessed. The evidence that Peter was blessed was that he was in spiritual touch with the heavenly Father. His conception of Christ was not revealed by flesh and blood.
3. Peter's blessing (v. 18).
Christ declared that he should become a foundation stone in His church. Christ Himself is the chief cornerstone on which the church is built. Christ's person and Messiahship were confessed by Peter, and on this rock is laid the foundation of apostles and prophets (Eph. 2:20). All believers are living stones of this house (1 Peter 2:5).

IV. Peter's Restoration (John 21:15-19).
Peter previously staid in denying the Lord, but he made confession, shedding bitter tears over his sin and folly. The Lord tenderly dealt with His erring disciple and restored him. In his restoration, Jesus brought to Peter's mind the essential qualification for his ministry. Love is the pre-eminent gift for Christian service. To impress upon his mind this fact He three times asked the question, "Lovest thou me?" He not only asked the question three times to show the supreme qualification for service to Him, but to show that there are three classes of persons demanding His service, and that these classes need special care as well as food adapted to their state.

1. Those beginning the Christian life, babes in Christ, "Feed my lambs." The word "feed" means more than instruction. It applies to the surroundings, influences and examples.
2. The mature ones, "Feed my sheep."
This seems to mean "shepherd my sheep." The mature class of believers not only need food, but discipline. They need correction and guidance.
3. The aged Christians, "Feed My Sheep."
The word "feed" here is much the same as in the first case. This is a service greatly needed today. In many places the old people are greatly neglected. All provision is made for the young people. Love is the supreme need in service to the old folks.

The Humble Person
When men are cast down, then thou shalt say, There is lifting up; and he shall save the humble person. He shall deliver the island of the innocent; and it is delivered by the presence of thine hands.—Job 22:29, 30.
Living and Giving
Abundant life always means overflow. The Christian life that is not overflowing is spiritually sick. It is dwarfed instead of being full grown. It is carnal, not spiritual.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

BLOOD WILL TELL

There is No Best Breed of Chickens. Select Your Breed According to What You Want to Accomplish. Keep the Strain Pure and Breed Carefully to Strengthen the Natural Tendencies of Your Choice.

In the first place, let me make this emphatic statement: There is no best breed or variety of chicken. In due respect to all, I make this statement. If you have a certain breed or variety, do not think they are the best, because they are not. There are good strains in all breeds and in all varieties of chickens. Choose the breed or variety that suits your fancy, and devote your energies to making them profitable. It is the strain or blood lines that really counts. Just because a chicken is a Plymouth Rock, a Leghorn, an Orpington, or a Rhode Island Red is not what makes it a world beater. It is the breeding up of any flock to higher egg production that makes record producers. By trap nesting any breed or flock of hens, and using for breeders only those that are high producers, good size and chuck full of vigor, and are reasonably close to the standard requirements, you can in a few years build up a strain with blood lines behind them that makes them far superior to the ordinary flock of the same breed or variety with which such careful methods have not been used. In this way, or by line breeding, all strains of chickens originate.

"What breed shall I select?" is the question some one is always sure to ask whenever I make the foregoing statement. To that, I can only make the classic reply, "It all depends." Then I counter with the question, "What do you want to accomplish?" There are three general classes, the meat class, the egg class and the general purpose class. The purpose of the first two named is perfectly plain and that of the third is almost equally so.

General purpose fowls are very often little inferior as layers to the so-called "egg class" and will often compare favorably with the "meat-class" fowls for table use. They make excellent broilers, fryers, roasters and capons and the old hen, if fat, will usually bring good prices. Perhaps the most popular general purpose breed is the Plymouth Rock which may be had in several varieties. The Barred Plymouth Rocks are the most popular farm flock chicken in the corn belt sections of the Middle West, as well as in many other sections. They outlayed all other breeds and varieties of chickens in all the egg laying contests in the United States in 1927. Second only to the Plymouth Rocks, if even to them, are Rhode Island Reds. Wyandottes are still highly esteemed by many fanciers and justly so. Orpingtons of which there are several varieties are a very popular English breed. The eggs of this class are brown and usually of good size.

The egg-class is a particularly important one for commercial poultry raisers. The various egg-classes are usually small in size and do not go broody often, so they can seldom be used for hatching or mothering the chicks. As the name of this class indicates, however, they are specialists in the art of laying eggs. In addition to that, their eggs are white in color. This feature is desired in some markets and such eggs frequently bring higher prices than brown eggs.

Exceedingly popular among the egg-class breeders are the Leghorn, of which there are several varieties. The White Leghorn being the most popular. Having been bred almost exclusively for egg production, the Leghorn lives up to its nick-name, "The Egg Machine." Consequently, if egg production is the major requirement, you cannot well afford to overlook the Leghorns. Other desirable egg-class breeds are Minorcas, Anconas, and others of the so-called Mediterranean breeds.

While the meat-class is not so extensively raised as the others described, they are very desirable for many reasons. Although not such star performers as Leghorns or good general purpose breeds, they are usually fair layers and bring top prices for table use. The capons from these breeds are particularly fine. Some of the better known breeds in this class are Brahmas, Cochins and Langshans.

Now it must be understood that these classifications are not matters of hard and fast differentiation. Some egg-class fowls are excellent for table use and some meat-class fowls are good layers. Nevertheless, these classifications are fairly accurate guides and will help considerably in selecting the breed best suited to your own requirements. Choose thoroughbred chickens that have been specifically developed for some definite purpose. That way lies the best chance for success and satisfaction.

Finally, let me emphasize that one breed or variety of chicken is enough on one farm, and never cross breeds of chickens. If you wish to keep more than one breed or variety, let

There were four states represented, as follows: South Carolina, Alabama, Missouri and Texas, and four counties, Mitchell, Howard, Throckmorton and Denton, and three towns—Knott, Westbrook, and Colorado, and one nation, the United States of America. I was called on for a toast, and I told them I only knew one, and I learned it from a negro when I was a boy. It was: "Here is hoping that I may live to see you all dead and decently buried and eat the chicken that serates over your graves." Mr. Petty said "I hope I'll never die." Then came Miss School Teacher and Bob McGuire, but by that time I was so dog-gone badly scared I don't know what they said. Miss Beatty, one of the teachers at the Dorn School, quit her sacred duties at the noon hour and honored us with her presence. Well, so far we are getting along very well, but the Lord only knows what a few hours may bring forth.

COUNTY JUDGE SALARY INCREASE BECOMES LAW

AUSTIN, Feb. 21.—A House bill allowing county judges in counties having \$200,000,000 or more assessed valuation and which have institutions for the care of dependent and delinquent boys and girls additional compensation of \$5,000 a year, became a law on Thursday last without the signature of Governor Moody. The bill, which had passed the Senate and House by a two-thirds vote, was ordered filed in the office of the Secretary of State. The increased compensation is to be ex-officio and not to be accounted for as fees of office but in addition to all amounts allowed under the maximum fee bill. The Governor signed and filed the House bill changing the term and time of holding District Court in Cochran county in the Seventy-second Judicial district. The bill becomes effective ninety days after adjournment of the regular session. Governor Moody also signed and filed a House bill providing that all sales of real estate for collection of delinquent taxes shall be made only after foreclosure of lien. The bill becomes effective 90 days after adjournment of the regular session.

FELT BAD AFTER EATING

"Four years ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation. I also give Black-Draught to my children whenever they need something for colds or upset stomachs. The Missionary Society held a good meeting Monday afternoon at the home of Mrs. Hudson. There were seventeen present, including two new members and two visitors. Everyone expressed themselves as enjoying the unusually good program that was rendered.

The play which was presented at the school house Friday night by the P. T. A. of Roscoe, was well presented and greatly enjoyed. Owing to the extremely cold weather, the crowd was rather small. The proceeds amounted to \$26.00.

On Thursday morning, February 14, the death angel entered the home of Mr. and Mrs. Tom Adkinson and took from them their daughter Sybel, aged 14 years, after a lingering illness of several weeks, during which time her suffering was intense. During the long days and nights when her suffering was so great, a host of loving friends and relatives watched by the bedside, anxious to do something for the patient sufferer, but our arms were too short and silently we had to stand by and watch her strength slowly but surely fade, till the great Healer said, "It is enough." Sybel was loved by all who knew her for her kind and loving disposition, and she will be greatly missed in the community. She leaves to mourn her loss her father and mother, three sisters and two brothers. Funeral services were conducted at the Baptist church Friday afternoon, with Bro. McDermitt officiating. A large crowd of sorrowing friends followed the remains to the cemetery, where they were laid to rest.

Mrs. Frank Oglesby went back to Sanatorium last week, where she had another examination. We are happy to report that the specialist found her condition much improved and told her she could come home and go back to work.

The W. M. U. met Monday at the home of Mrs. A. F. King, with a group of very enthusiastic members present. The devotional was led by Mrs. G. C. Williams. The subject

TEXANS LETS TALK TEXAS
GAIL BORDEN
EAGLE BRAND
BORDEN comes to Texas!
TEXANS talked Texas to the Borden Milk Company and Borden came to Texas. The citizens of Waco—real Texans through and through—backed their talk with organized action, as a result of which the Borden Milk Company is rushing to completion a \$500,000 milk products plant at Waco.
The Borden Milk Company is now a Texas institution. Its principal greatness lies in the fact that through its use of an agricultural product as raw material for manufacturing, it has brought permanent prosperity to hundreds of thousands of farmers in other states. Today, in that central section of Texas, within the trading area of Waco, more than 2,000 Texas farmers are getting ready for the program of intensive milk production which is to deliver a constant flow of cash into their pockets.
 Borden saw that in Texas was not only a vast territory suitable to dairy development, but that Texans were ready to do this work on an organized basis. Borden's has watched the develop-

ment of the great market of which Texas is the center. They have seen that this market will grow in long and steady strides. They have realized that to supply this market economically and satisfactorily they must produce their milk products within its confines.
 This action, on the part of the Texans who were largely responsible for it, and the Borden Company, is highly significant. Texas is on the threshold of a comprehensive dairy development which will have a more far reaching effect upon the sound prosperity of the state than any other program of development which has been initiated in this generation.
 Borden comes to Texas! Pioneering large scale production and national distribution of milk products from Texas. Texans talked Texas and a wide program of development resulted. This Company has, as a part of its policy of community and state development, the slogan, "Texans! Let's Talk Texas." This is a concrete example of what talking Texas, and supplementing that talk with action will do. Talking about and acting upon the resources of Texas will be the most powerful influence in the balanced development of the State.
