SINGERS FROM WIDE AREA PRESENT SUNDAY AT 4-COUNTY MEETING

High School Auditorium Was Packed; Noted Singers On Program

Four hundred singers from Nolan, Fisher, Scurry and Mitchell counties and also from Lubbock, Post, Amarillo, Hereford, Abilene, Merkel, Tuscola, and other towns were in attendance Saturday night and Sunday at the Colorado High School auditorium when the Four-County Singing Convention held its semi-annual meeting.

Saturday night's program was opened with Judge Horace Holley of Snyder acting president, presiding. W. L. Doss, local chairman, welcomed the visitors, and introduced the presiding officer, Rev. W. C. Ashford, pastor of the Baptist church, of Hereford.

The features for the night program were: Duet by Drs. T. J. Ratliff and C. L. Root; Dixie Quartet from Snyder, and a whistling number by Rev. W. C. Ashford.

Sunday the people began to arrive long before the appointed time to open the convention, and most of the time during the afternoon the house was overflowing. Many singers, and also instrumental musicians were in attendance. Many good quartet numbers were rendered by local as well as out-of-town groups.

Mr. Whaley and daughter of Abilene delighted the audience several times with duets. W. W. Woods, president of the association, but who has moved to Amarillo, was present and gave some piano selections.

The Colorado Choral Club, composed of 25 girls, sang several selections, which were well received by the audience. The girls were introduced by Superintendent Ben S. Peek, who again welcomed the visitors, pledging anything and everything necessary to add to the comfort of the singers and audience while in our midst.

Mr. Jobe and Judge Mauzey, of Sweetwater, Texas, addressed the audience.

Roscoe won the next convention, after which Rev. A. E. Ewell, pastor of First Christian church, Colorado, pronounced the benediction. W. W. Porter of Colorado pronounced the benediction at the Saturday night session.

COLORADOANS LEAVE SATURDAY FOR I. O. O. F. GRAND LODGE MEETING

W. L. Doss, Jr., Odd Fellow Delegate And Mrs. Baze to Represent Rebekahs

Attending the I. O. O. F. Grand Lodge and Rebekah assemblies in Beaumont next week will be W. L. Doss, Jr., Mrs. W. L. Doss, Sr., and Mrs. John R. Baze, who will leave Colorado Saturday.

Mr. Doss is representative from the local I. O. O. F. lodge, while Mrs. Baze represents the Rebekahs. Mrs. Doss is a past president of the State assembly. The trip will be made in the Doss car, and several interesting places will be visited enroute.

Optimism Reigns Following Soft Showers of Week

Optimism reigns supreme in the hearts of Mitchell county farmers this week, following the soaking rains which fell Sunday night, Monday night and Tuesday morning over practically the entire county. Many other sections of the State were also benefitted by the showers.

E. Keathley, who keeps the government rain gauge here, reports that .71 of an inch fell in Colorado Monday and Tuesday. The moisture is held to be of untold value to early plowing and planting, and will probably have considerable influence in tempering the sandstorms which visit this section at this time of the year.

MITCHELL COUNTY IS SCENE OF ACTIVE LEASE PLAYS DURING WEEK; MANY NEW LOCATIONS

There is every evidence the last few days that Mitchell county is again coming into its own as an oil and gas producer, and Colorado is becoming the headquarters of oil men who are anxious to take part in the new production. There have been several lease negotiations completed, and active drilling on these is to be started at once.

Simms No. 1, Ellwood, in the center of the southeast quarter of section 29, block 18, S. P. Railway Company survey, in Mitchell county, near Spade, is the cause of three locations in that area. When the pipe was raised for underreaming from 620 feet, gas from 600 to 620 feet broke in apparently as strong as ever between 12,000,000 and 15,000,000 cubic feet, and sprayed over 400 barrels of salt water that it had been carrying from 623 feet.

The first of three deep tests in this area was announced by Republic Production Company on the ranch of Robert G. Scott and Will T. Scott of San Antonio. Subject to approval of title, 4,000 acres has been leased, the test probably to be in section 20, block 17, S. P. Railway Company survey, about three miles northwest of the gasser. McGinley Oil Corporation of Fort Worth leased four sections, adjoining to the west, from Harry Hyman of Colorado, for both a shallow and deep test. The lease includes sections 9, 10, and 27, in block 17, S. P. Railway Co. survey, in Mitchell county, and the east half of sections 90 and 91, in Howard county. Eight sections, west of the Republic block, have been acquired by H. B. Herring of Fort Worth, who has announced that a 4,250-foot test is to be drilled on the lease.

New Locations Made

Locations already announced show that the new field is going to be a veritable beehive of activity within the next few days, and considerable equipment is already beginning to arrive.

New locations have been made by Simms Co. 300 feet east of their No. 1 Ellwood, which will be a 600-foot gas test.

The West-Hyde Investment Co. has made location in the center of SW 1/4 of section 38, block 16, S. P. Ry. Co. survey. This is a six-section block.

The McGinley-Siegler Corporation has purchased W 1/2 of section 36, block 17, S. P. Ry. Co. survey. According to contract they will start a shallow test in the next 50 days, dating from March 7.

(Continued on page 3)

OVER 100 TO ATTEND BANQUET OF FATHERS AND SONS TONIGHT

Varied Program To Be Given Gathering In Baptist Church Basement

Over 100 fathers and sons of Colorado had signed up Thursday morning for the Father and Son banquet to be held tonight (Thursday) in the basement of the First Baptist church, under auspices of the Chamber of Commerce Luncheon club.

Many fathers and sons are coming together, some sons being guests of their fathers, and some fathers guests of their sons. Some men who do not have sons are bringing "adopted sons" and some sons whose fathers are not available are bringing their adopted fathers.

J. H. Greene will be master of ceremonies, and the invocation will be pronounced by Rev. A. E. Ewell, pastor of the First Christian church. Introduction of the guests will follow, the fathers introducing their sons and the sons their fathers.

The welcome address will be made by John W. Cobb, and Judge C. C. Thompson will respond for the fathers; Geo. H. Mahon, district attorney, for the sons.

Rev. W. M. Elliott, pastor of the Presbyterian church, will deliver the main address of the evening. Miss Beatrice Logan will furnish music at intervals during the evening.

Entertainment And Dancing At Hut On Friday

"Whoopie" is to be made the order of the evening at an entertainment to be given in the American Legion hut Friday evening.

There will be dancing, music being furnished by Jeff Bentley's Rhythm Boys. The tax will be \$2.00 per couple.

INFANT IS CLAIMED BY DEATH FRIDAY

Stricken early Friday morning, Burvie Gene Nenny, five months old son of Mr. and Mrs. J. B. Nanny, died Friday evening from congestion.

Funeral services were held Saturday, interment being in the I. O. O. F. cemetery. Besides his parents, the infant is survived by a half-sister, Opal Pate.

RADIO ENTERTAINER FORMERLY LIVED HERE

Miss Ora Fae Hefley, student in Colorado High School last year and senior in Abilene this year, is one of the regular entertainers over Station KFYO at the Grace Hotel there.

Miss Hefley plays the violin, and reports are that her programs are among the most popular broadcast by this station.

PRELIMINARY WORK FOR SCOUT FUND DRIVE UNDER WAY

Real Drive To Begin Soon; Colorado's Quota Is \$2,500

Preliminary work on the drive for Scout funds which is to begin in earnest the latter part of this week or the early part of next in Colorado is going on satisfactorily, according to F. D. Craft, Scout executive of the Buffalo Trails Council, who was in Colorado Tuesday, and who, with local scoutmasters and Rev. W. M. Elliott, head of the Buffalo Trails Council, has charge of the drive.

Men to work on the drive are being lined up and some of the larger contributions are being secured before going into the real work of the drive, Craft says. Last year Colorado raised her quota, which was \$1250, and this year an effort will be made to raise \$2,500 here.

CONGRESSMAN UPSHAW TO SPEAK IN COLORADO ON MONDAY, MARCH 25

Vice-Head Southern Baptist Convention Directed By Anti-Saloon League

Congressman Will D. Upshaw, frequently referred to as the "Georgia Cyclone," will speak in Colorado at the high school auditorium at 7:30 p. m., Monday, March 25, according to an announcement made this week.

Mr. Upshaw is vice president of the Southern Baptist Convention, but is brought to our city under the direction of the Anti-Saloon League of Texas.

His career has been a remarkable one. At that age when youth generally are making their preparation for life's work, Mr. Upshaw was stricken down by an accident and lay for some 10 years flat of his back in a plaster cast. When he had sufficiently recovered to leave his bed, he entered earnestly upon his preparation for life. Though always a cripple, his accomplishments have been an inspiration to the youth of our land, for he arose from that bed of affliction and made his way to a place in the Congress of the United States, which position he held for eight years.

Colorado Boy On Victorious Debating Team

Riggs Sheppard, son of Mr. and Mrs. J. W. Sheppard of Colorado and freshman in Simmons University, was a member of the Freshman debating team of the college that this week defeated the sophomore team for the privilege of meeting the winner of a similar debate between the juniors and seniors.

Sheppard recently won a place on the freshman team over a number of other contestants. He was president of the Public Speaking club while a senior in Colorado High School last year.

Archery Tourney Postponed From Last Saturday

The archery tournament which was to have been held by Scout troops of the eastern half of the Buffalo Trails Council in Colorado last Saturday was postponed. It will be held sometime within the next two weeks, according to F. D. Craft, Scout executive for the council.

Targets for archery practice are to be brought to Colorado and left in charge of Assistant Scout Master Weldon Skinner, according to Mr. Craft. Scouts of Colorado troops can use these for practice after school.

MISS LOGAN HEARD OVER KFYO, ABILENE, LAST SUNDAY NIGHT

COLORADO PIANIST TO GIVE 'BLUES' PROGRAM NEXT TUESDAY EVENING

Miss Beatrice Logan, talented pianist of Colorado, was on a program of classical piano music which was broadcast over Station KFYO, Grace Hotel, Abilene, last Sunday night.

Miss Logan will be broadcast over the same station next Tuesday evening from six to 6:30. This time she will give a program of "blues."

Ginning Total Soars Beyond 30,000 Mark

Soaring even beyond the hopes of those who had contended all along that the county's ginning total this year would pass the 30,010 mark of last year, the total cotton report of Mitchell county was found to be 30,213 bales Wednesday afternoon.

Of this number, 16,874 bales were ginned in Colorado, being distributed as follows among the various gins: Lambeth, McCleary and Grabb, 9,272; Farmers Cooperative, 2,744; Farmers No. 1, 1,630; Farmers No. 3, 3,740; Concrete, 1,740; Williams Morgan, 3,742.

Balford had ginned 2,169 bales, Westbrook 3,957 bales, and Loraine 7,213 bales.

SKELETON OF LONG-DEAD INDIAN YIELDED UP BY CAVE ON MORGAN CREEK

Dark, unfrequented cave on Morgan creek yielded up the material evidence of a secret it had kept for generations Tuesday morning, but the secret itself will probably be withheld forever.

C. C. Dorn, son of Pierce Dorn, who lives seven miles southwest of Colorado, was wandering along the banks of the creek near his home, and stopped to explore a cave which he came across. Looking upward when he had entered the opening, he saw a human skull through a crack in the rocks. He climbed to the ledge of rocks on which the skull lay, and found there a pile of rocks. Beneath these, at a depth of four or five feet, between two large rocks, he came upon a brown pile of human bones.

That these were the remains of an Indian was established by the beads which were still twisted about the bones of the neck, the copper bracelets, blue with age, around the bones of the arm, and the bowl of a pipe, carved either from rock or hard bone found near them.

And that the Indian was a warrior or hunter was evidenced in the rusty, mysteriously shaped pieces of metal found near the bones. One piece was what appeared to have been once a three-cornered knife, and another

Globe Tailoring Representative Here Next Week

Clyde Douglas, representative of the Globe Tailoring Co. of Cincinnati, will be in Colorado Monday and Tuesday, March 18 and 19, according to an announcement made by John Summers of the Model Shop, where he will make his headquarters while in Colorado.

Mr. Douglas will take special orders for men's clothes while here. He has been coming to Colorado every year for several years and is well known here.

COL. DICK McCARTY TO ADDRESS LIONS CLUB THIS FRIDAY

"Sage Of The Shackleford Hills" To Speak At Luncheon

Word that Col. Dick McCarty, well-known publisher and until recently editor of the Albany News and designated as the "most unique newspaper man in West Texas," will speak at the Lions club luncheon Friday, has been received by T. W. Stonerod, Jr., who wrote Col. McCarty some time ago inviting him to visit the Colorado organization.

Members of the Record force, both of the editorial and the shop departments, will be special guests at this meeting, according to announcement made last week. This invitation was made because of the fact that Col. McCarty has been long and prominently associated with the country weekly in West Texas, having edited the Albany News for over thirty years before his temporary retirement recently to "take a little rest."

BAPTISTS TO OBSERVE STUDY COURSE WEEK

The First Baptist church will, through its B. Y. P. U. organization, observe Study Course week, beginning Monday evening at 6:15 for the first period of study. At 6:45 a light luncheon will be served, after which the second hour of study will be held until 8 o'clock, closing the training school promptly at 8 o'clock.

It is hoped that a large group in the church and any others who desire to, will avail themselves of the benefits to be derived from one of the above classes. Classes will be held each evening with the exception of Wednesday evening, completing the course Friday evening.

WYATT SELLS HOTEL PHARMACY INTEREST

Perry Wyatt, who for some time has owned the Hotel Pharmacy in partnership with J. P. White, has sold his interest in the drug store to White.

White has now taken full charge of the drug store. Wyatt has not announced any plans.

REQUIREMENTS FOR STATE AID ARE MET BY RURAL SCHOOLS

Inspector Suggests Various Improvements; Approves Aid Requested

Conditions meeting requirements for State aid were found in the rural schools of Mitchell county inspected by Wm. Ellers, rural State aid inspector, who was in the county last week, according to a communication sent by him to Miss Ruby McGill, county superintendent.

Mr. Ellers expressed himself as being pleased with the strong teaching force in the county and the spirit of cooperation and interest found among the trustees of the various schools of the county. He stated in his letter that Mitchell county has made a good start in standardizing its schools, and that the principal requirements which as yet are unmet in those schools not now up to standard are eight-months' terms and sanitary toilets.

Rural school students of the county were commended by Mr. Ellers for their use of libraries, and he expressed pleasure at finding so many of them trying for the reading certificates from the State Department of Education.

Mr. Ellers recommended teaching of citizenship and patriotism in the schools, and suggested that teachers be supplied with the book, "Course in Citizenship and Patriotism."

The requests for State aid for the county schools amounting to between \$8,000 and \$9,000 were approved by Mr. Ellers.

EDUCATION SUBJECT OF LUNCHEON CLUB PROGRAM TUESDAY

Supt. Peek Presides During Interesting Hour

One of the most interesting and constructive programs yet given was had when the Chamber of Commerce Luncheon club met Tuesday at its regular place with Ben S. Peek, superintendent of the public school system, presiding. The subject was "Education."

Mrs. Cecil C. Meskimen gave several piano numbers, which were well received. Supt. Peek gave interesting facts concerning the high school, explaining the vocational training and paying special attention to the agricultural vocational training which is being advocated as an addition to the school next year. Rev. W. C. Ashford, pastor of the First Baptist church, discussed the junior college.

The subject for next Tuesday is, "Better Poultry on the Farm." The presiding officer will be James Logan, and Clyde Haney will furnish the musical entertainment.

SON OF DR. HUBBARD FLEEING REBELS

News that his son and daughter-in-law were fleeing from revolutionary dangers in Mexico was received in Colorado this week by Dr. G. W. Hubbard, whose son, G. W. Jr., has been engaged in drilling oil wells in the section around Panuco, Mexico.

Mrs. Hubbard, who was Miss Beulah Cordell of Sweetwater, sailed from Tampico, about thirty miles south of Panuco, last week. She will land at New Orleans. Mr. Hubbard will follow her soon by rail if railroad connections in that section do not continue severed as they have in the past few days.

AIRPORT COMMITTEE REPORTS PROGRESS IN SOLICITING MONEY

Work on Port to Begin as Soon as Sufficient Funds Raised

Encouraging progress is reported by the soliciting committee of the chamber of commerce which has been appointed to raise funds for the work of improving the tract of land secured for the Colorado airport.

Several hundred dollars have already been raised, according to L. B. Elliott, chairman of the committee. Work of grubbing and clearing the land, and building the hangar will begin as soon as sufficient funds are obtained.

Members of the committee besides Mr. Elliott are: T. R. Homsley, A. J. Herrington, J. B. Mills, George B. Root, Judge C. H. Earnest and Earl Morrison.

REQUIREMENTS FOR STATE AID ARE MET BY RURAL SCHOOLS

Inspector Suggests Various Improvements; Approves Aid Requested

Conditions meeting requirements for State aid were found in the rural schools of Mitchell county inspected by Wm. Ellers, rural State aid inspector, who was in the county last week, according to a communication sent by him to Miss Ruby McGill, county superintendent.

AIRPORT COMMITTEE REPORTS PROGRESS IN SOLICITING MONEY

Work on Port to Begin as Soon as Sufficient Funds Raised

Encouraging progress is reported by the soliciting committee of the chamber of commerce which has been appointed to raise funds for the work of improving the tract of land secured for the Colorado airport.

Several hundred dollars have already been raised, according to L. B. Elliott, chairman of the committee. Work of grubbing and clearing the land, and building the hangar will begin as soon as sufficient funds are obtained.

Members of the committee besides Mr. Elliott are: T. R. Homsley, A. J. Herrington, J. B. Mills, George B. Root, Judge C. H. Earnest and Earl Morrison.

Society and Clubs

Harmony Club

The Harmony Club met with Mrs. Russell. There were four tables of players, among them a number of guests. The St. Patrick's day theme was stressed throughout, with shamrocks and in the two-course luncheon which followed the games. The plate consisted of chicken croquettes, Irish potato chips, salad, olives and then a paradisiacal delight topped with a green cherry.

The next meeting will be on the fourth Tuesday in this month, with Mrs. Way.

Presbyterian Missionary Society

The Presbyterian Missionary Society met in business session with Mrs. W. M. Elliott, with Mrs. A. E. Maddin presiding. The meeting was opened with a prayer by Mrs. Maddin.

Letters were read from Mesdames Lloyd, Culver, and McDowell in regard to the Presbyterian meeting to be held in April in Midland. Mrs. W. M. Elliott and Mrs. P. C. Coleman were elected delegates and Mrs. Maddin and Mrs. Wolfe alternates.

Foreign Mission notes were read by Mrs. John Brown on China, by Mrs. Riordan on Africa, by Mrs. R. E. Dolman on Brazil, by Mrs. Coleman on Korea, and Miss Nell Riordan on Mexico.

The secretary read yearly report of officers' and secretary courses.

The meeting was closed with sentence prayers.

Mrs. White's Class

Last Thursday evening Mrs. A. L. White's Sunday school class met in the home of Annie and Dot Moerer for the regular monthly meeting. Business was discussed and at the social hour we gave our president, Helen Hamer, a little shower to show that we were rejoicing with her in the fact that she won the bedroom suite in the contest. The hostesses served ice cream and cake.

U. D. C. Meeting

The U. D. C. chapter will meet next Tuesday with Mrs. C. P. Gary. This will be a special meeting, and all members are urged to attend.

Shakespeare Club

Mrs. T. W. Stonerod, Jr., was hostess to the Shakespeare club Friday. Miss Margaret McComas led the lesson on "A Comedy of Errors" and American Government. At the conclusion of the lesson, the hostess served a delicious two-course luncheon.

There were a number of guests, among them Mrs. D. N. Arnett, Jr., of St. Joseph, Mo., who as honor guest was presented with a corsage of roses.

The next meeting is with Mrs. Lois Prude Bennett.

Standard Club

The Standard Club met at the home of Mrs. P. C. Coleman, and the lesson was led by Mrs. H. B. Smoot.

Mrs. Coleman read a short story, "A Few Bars in Key of G," by Osborne. This story won a \$2100 prize in "The Black Cat" a few years ago. It is interesting to note that Osborne was raised near Westbrook, Texas. Mrs. Bob Scott was a much-enjoyed guest at the social hour.

Miss Coleman was assisted by Mrs. Otis Jarmon in serving a delicious plate luncheon. The next meeting will be with Mrs. W. M. Elliott.

Luncheon Club

Miss Martha Earnest entertained the Luncheon Club Thursday evening with a bridge dinner at the Colorado Hotel. There were five tables of players, including a number of guests. The banquet table was centered with carnations and green pigs banked with fern leaves. The tallies were also in keeping with the St. Patrick's Day motif. The dinner consisted of pineapple salad and carrots, followed by pineapple ice with chocolate cake which were decorated with tiny green flags.

Faithful Workers' Class

The Faithful Workers' class of the Baptist church had 16 present, two new members, and one visitor. At the teachers' and officers' meeting last Wednesday night, there were ten present with report of 41 visits, five phone calls, and eight kind deeds.

Four Aces Club

The Four Aces club met last Wednesday with Mrs. Reese Jones, who had a St. Patrick's party. The "Wearin' of the Green" was shown on the score cards and in the individual hat boxes filled with green candies on each table.

The guests were Mesdames T. A. Richardson, Dewey Tidwell, Billingsley, John Williams, and Lloyd Mackey. At the refreshment hour, white cake with green icing and white brick cream centered with a green shamrock was served. The meeting this week was with Mrs. Lester Manning.

Bridgettes

The Bridgettes met with Mrs. Chas. Mann, Jr. There were five tables of players. The tallies and score made carried out the St. Patrick's Day theme. Each table was centered with shamrock candies in green and white baskets.

At the conclusion of the games, a delicious three-course dinner was served, consisting of peach salad, turkey dressing, and cranberry sauce with petite pois in potato nests, followed by coffee and chocolate cake.

London Bridge

Mrs. L. Doss, Jr., was hostess to the London Bridge club Saturday night. The bridge club Saturday night is a weekly affair. The tables were laid with a green and white theme. The guests were Mrs. L. G. Mackey, Miss Swope, and Robert Brennan were guests.

Mrs. O. B. Price won high score, a lovely green ice cup. Mr. W. S. Foster made high score for the gentlemen, and was presented with a hand-tooled bridge set. Consolation went to Mrs. Paul Teas, who received green beads, and to Mr. O. B. Price, who received a smoking set.

The next meeting will be with Mrs. Fred Brown.

Hesperian Club

The Hesperian Club met Friday with Mrs. Sam Wulfjen at the home of Mrs. E. H. Winn. Good reports were given on the club's two adopted schools which had been visited last week.

The program that was to have been given last week on Texas was enjoyed at this time. The club sang "Eyes of Texas," with Mrs. Arlie Martin at the piano and Mrs. Lockhart leading.

Mrs. R. J. Wallace gave a very interesting paper on "Historic Trees of Texas." Mrs. A. L. Whipkey read several poems on "The Treaty Oak." Mrs. Lockhart sang, "Listen to the Mocking Bird," very sweetly.

Mrs. E. H. Winn gave a wonderfully good paper on the wild flowers native to West Texas in a most beautiful way. Roll was called and the percentage taken, but the lesson for the day on American Art postponed until next week, with Mrs. D. M. Merritt as leader.

Mrs. Wulfjen invited the club to the Keybrook, where a salad with sandwiches and coffee was served, being followed by red, white and blue ice cream and wafers with tiny Texas flags as favors. The meeting this week is with Mrs. Johnnie Prude.

1921 Club

The 1921 Club met at the home of Mrs. W. L. Doss, Jr.

Mrs. J. T. Pritchett led the lesson on Swinnerton's "Nocturne," which was followed by a round-table discussion.

In order that those members desiring to attend the Track meet, to be held here March 22, could do so, it was decided to have the March 22nd lesson on March 15th. The next meeting will be with Mrs. Pritchett.

Baptist W. M. U.

The W. M. U. of the Baptist church met in the various circle groups to observe March week of prayer. Each group took one day's program, and in that way had five days program, with a splendid attendance and offering in each circle.

Circle One meets next with Mrs. McFaddin leading the lesson.

Circle Two meets next with Mrs. Smoot teaching.

Circle Three meets with Mrs. G. W. Smith, and Mrs. Gary will lead the lesson.

Circle Four will meet with Mrs. McKell, with Mrs. Simon leader.

Circle Five meets with Mrs. A. L. Whipkey.

Christian Ladies' Aid

The Christian Ladies' Aid met with Mrs. T. R. Homaley and Mrs. Ed Jones as hostesses in the Christian church parlors. It was voted to pay \$50.00 on the church indebtedness.

The ladies spent the time making Easter baskets.

At the social hour, banana pudding and tea were served.

Methodist Missionary Society Home Department

The Home department met in the basement of the church with Mrs. Kiker's "family" as hostess.

The meeting was opened with a song, "Blessed Be the Tie," followed by prayers by Mrs. D. N. Arnett and Mrs. R. H. Looney. Thirty-eight answered roll call. Mrs. Dobbs was appointed delegate to a zone meeting to be held in Loraine Thursday. Mrs. Looney asked for help in collecting magazines and papers.

The treasurer reported: Expenditures \$14.45, dues paid \$9.10, flower fund paid \$1.50, balance of \$39.86. \$3.10 was collected for the "Name" quilt Mrs. Grantland is making. The twelve families, into which the Missionary society is divided, reported \$84.75 made to date from teas, bake sales, etc.

There were two new members taken in, Mrs. G. M. McClond and Mrs. Jack Reynolds. Mrs. Ben Plaster was a visitor. At the social hour, the hostess served a delicious salad plate.

The next meeting is with Mrs. R. J. Wallace's "family."

Auxiliary to American Legion

The American Legion Auxiliary met Saturday with Mrs. A. L. Whipkey. In the absence of Mrs. Farris, Mrs. Whipkey presided.

The treasurer reported 35 members and \$37 in the bank. Child welfare chairman reported the magazine, "Children" sent to Kerrville and two months' pledge was mailed Mrs. Ledbetter for the work. The Americanism chairman showed her Texas flags and sold several. It was voted to give a medal for the best essay on Texas history in the rural schools.

The F. I. D. A. C. chairman announced that Serbia was the country to be studied this year, and every one was asked to bring something on this country at next meeting.

A vote of thanks was read and Mrs. Pritchett expressed her thanks for the message sent her when her sister was ill. Two letters of thanks for valentines were received from boys in Olton, Colo. It was voted to investigate a flag-selling offer. A committee was appointed to check coats at the Legion dances. Mrs. Tom Hughes was made chairman of this.

Mrs. Morton of Berger, past president of the Auxiliary, then told of their Legion home there and the ways they used to make money. This was a very interesting talk and gave many ideas to work on.

Self Culture Club

The Self Culture Club met with Mrs. George Mahon, with a very good attendance. Mrs. Mahon led the parliamentary drill, the program of the day.

The hostess served brick ice cream and cake. The next meeting will be with Mrs. Lambeth.

Colorado Women Guests at Snyder Affair

Mesdames J. M. Harris, E. J. Anderson, O. P. Thrane, and C. H. Cooper were charming hostesses to a number of their friends on last Thursday, Feb. 28th. A beautiful rose party was given at the home of Mrs. Thrane.

The receiving line included the four hostesses and out-of-town guest from Post and Colorado. The rose motif and colors of pink and green were observed in the decorations and in the pretty two course menu.

Guests were invited at 11:30 for a bridge luncheon and later, at 3:30, others were invited for forty-two. Those attending the luncheon were: Mesdames W. D. Beggs, Hugh Boren, Wayne Boren, P. M. Chambers, A. H. Sams, Jr., G. B. Clark, Jr., R. H. Carnutte, Sr., R. H. Carnutte, Jr., Ivan Dodson, A. D. Erwin, Tom Gates, G. A. Hagan, Garrett Harrell, Amos Joyce, W. B. Lee, Alfred Norred, Geo. Oldham, Henry Rosenberg, W. H. Ritzenthaler, Forest Sears, J. E. Sentell, Wraymond Sims, W. C. Shull, Dixie Smith, Fritz R. Smith, Geo. Smith, L. O. Smith, Earnest Taylor, A. J. Towle, H. G. Towle, Larry Washaw, W. W. Wilsford, and Misses Elaine Rosser, Cecil and Neoma Strayhorn, Martha Gray and Eloise Scott. Out-of-town guests were Mesdames Roy, Douglas Mouell, Ollie Weakley, J. N. Powers, D. C. Williams, and Willard Kirkpatrick of Post. The Colorado guests were Mesdames Robt. Scott, J. H. Johnson, J. H. Greene and Misses Mildred Coleman and Martha Earnest. Out of town high score was won by Miss Mildred Coleman, and Mrs. Ivan Dodson was winner of Snyder high score.

The guests who came at 3:30 were Mesdames Roland Bell, Melvin Black, Mrs. Lewis Blackard, Mrs. J. E. Brown, S. J. Castevens, P. C. Chisholm, S. D. Clark, D. D. Darnell, E. M. Deaking, J. N. Dunn, J. C. Ezell, C. E. Fish, Ralph Hicks, John Keller, T. L. Lollar, W. C. Miller, Geo. Northcutt, Watt Scott, W. M. Scott, C. F. Sentell, Guy Stoker, Roy Strayhorn, L. E. Trigg, E. E. Wallace, W. G. Williams, R. L. Gray, Wade Winston, C. J. Yoder, J. Wedgworth, B. M. West, Geo. Webb, and Misses Hattie and Gertrude Kern and Elizabeth Smith.—Snyder News.

Drama Club

The Drama club met in the music room of the high school Wednesday afternoon to hear Miss Lulu Mae Dulaney read "Hell-Bent for Heaven," by Hatcher Hughes.

Mrs. W. J. Campbell, president of the club, gave a short greeting to the guests and announced the program. Two musical numbers were delightful additions to the usual reading of the play. Miss Ruth Hightower gave a piano solo, "Eleanor," and later accompanied Mrs. C. A. Wilkins as she sang, "Blush Rose."

Following the musical selections, Miss Dulaney read the play. Her vivid interpretation of the characters was splendid and evidently enjoyed by everyone present.

The usual discussion of the play following the reading, as well as the roll call, which brings out interesting news of the theatre were dispensed with because of the large number present.

Miss Mary Davies and her senior domestic science girls served refreshments which were both attractive and tasty, and which carried out the green and white color scheme of the season. The next meeting of the club is to be with Mrs. Campbell.

COUNTRY CORRESPONDENCE

Several communications from our country correspondents were received this week too late for publication. As stated several times previous to this, country correspondence must be in the Record office by Wednesday morning to secure its publication in that week's issue of the paper.

SOPHOMORES ARE TROPHY WINNERS IN PLAY TOURNEY

Freshman Offering Runs a Close Second In Contest

The play tournament in which the four classes of Colorado High School took part closed Tuesday night with the presentation of "A Little Clodhopper" by the freshman class. The trophy, a statue of Victory, was awarded by the judges to the Sophomore class for the best presentation during the tournament. Their play was "Professor Pepp."

An unusual amount of interest was created over Colorado during the tournament, and all the four plays were given before full houses. The offering of each class came in for much praise. The Seniors gave "Go Slow, Mary" as their bid for the trophy, and the Juniors gave "Bashful Mr. Babbs."

The Freshman play was the closest competitor for the trophy next to the winning class, according to many. This play stood out because of the natural bearing of its characters and its excellent cast. After it had been presented, it was generally conceded that the close race for the trophy was between it and the Sophomore offering.

J. H. Greene presented the trophy to the Sophomores. It must be won three years in succession by the same class to become the permanent property of that class.

The cast of the winning play was as follows:

- Professor Peterkin Pepp—Luther Harrison.
- C. B. Buttonbuster, a giddy old widower—George Slaton.
- Howard Green, son of Buttonbuster—John Tom Merritt.
- Sim Batty, town constable—Jack Hicks.
- Peddler Benson, student working his way through college.—Paul Thompson.
- Pink Hatcher, athletic sophomore—Murray Wood.
- Noisy Fleming, an upperclassman—Clifton Yater.
- Buster Brown, another upperclassman—Willie Ogins.
- Betty Gardner, pretty young ward of Professor Pepp—Mary Evans.
- Aunt Minerva Boulder, professor's housekeeper—Ethel Mae Murphy.
- Petunia Muggins, the maid—Althea Harryman.
- Vivian Drew, college belle—Mamie Lou Bedford.
- Irene Van Hill, society leader—Ruth Hinds.
- Olga Stopski, a Russian dancing teacher—Freida Merle Reid.
- Caroline Kay, gay young freshman—Alice Hughes.
- Kitty Clover, collector of souvenirs—Frances Shurtliff.

Small Reptile Or Lizard Found Here Goes Unidentified

No one in Colorado was able to identify a small animal of either the reptile or lizard species which T. L. Grace, who lives two miles east of Colorado, brought to town Wednesday morning.

The animal was found by the side of the road east of town near where grading was going on. It is supposed that it was unearthed by the graders, as it tried to burrow into the earth when efforts were made to capture it. None of those who viewed it could recall ever having seen anything just exactly like it.

The head was small, shaped like that of either a snake or lizard, with large ears on either side, rather barbed. The mouth was very small, being visible only when the animal darted out its red, forked tongue when aggravated. Grace stated that it showed considerable desire to fight when warm. It moved slowly on its four-clawed, webbed feet, and its yellow stomach dragged the ground. The skin was mottled brown, slick like that of a snake. Its length was about six inches, and its tail was a spiral, pointed horn. As someone remarked, one could scarcely tell at a glance whether the animal was "coming or going."

Grace said that he intended to turn it over to someone who would send it to the University and try to determine its kind and species there. Only one person, a Mexican, ventured an identification for it here, and he called it something like "camecone." But a Coloradoan said the "camecone" was like a water dog, and this animal bore little resemblance to the latter animal.

RESOLUTIONS OF RESPECT

Whereas, the Great Governor of the universe, in His divine wisdom, has seen fit to call to a higher sphere our beloved fellow Lion, J. F. Lawlis, and

Whereas, Lion Lawlis was for four years a true and loyal member of the Colorado Lions Club and stood for all the high principles of Lionism and Lion Lawlis was at all times a true friend and lovable companion and his presence will be sadly missed, both from Colorado Lions Club, to which he formerly belonged and the Snyder Lions Club to which he belonged at the time of his death.

Now, Therefore, Be It Resolved, by the Colorado Lions Club, that we extend our fullest sympathy to his surviving wife and family in this, our mutual grief at the passing of this good man;

And, That a copy of these resolutions be spread upon the minutes of the club, and a copy be furnished to the family of Lion Lawlis, to the Colorado Record, and to the Snyder Lions Club.

Respectfully submitted, THOMAS R. SMITH, GEO. H. MAHON, W. A. ROSE, Committee.

Front Of Logan Feed Store Is Being Repaired

Repainting of the front of D. M. Logan & Sons' feed store and hatchery plant was begun this week in preparation for the coming spring season, according to James Logan, member of the firm. The front of the building is painted in red and white checkers to represent the trade mark of Purina chow, for which Mr. Logan and his sons are agents.

MITCHELL COUNTY SCENE OF ACTIVE LEASE PLAYS DURING THE PAST WEEK

(Continued from Page One) The McGinley-Siegler Corporation has also bought 1000 acres centering around E 1/2 of section 91, block 29, W. N. W. According to contract, they have two drilling obligations on this tract, one to be started soon.

Simms Oil Co. has purchased all of section 32 and the E 1/2 of section 33, block 18 S. P. Ry. Co. survey, and contracted to start a 2,000-foot test within 90 days, dated from March 9. This test will top the lime, cut the pay horizon, and test extension of the structure in reference to the oil and gas possibilities.

Bower & Lemons of Big Spring have purchased 7 1/2 sections one and one-half miles directly north of the Simms gas well and have contracted to drill two shallow tests. If gas is encountered in paying quantities, it will probably be sold either to the Lone Star or Big Spring Gas Co., as both companies are in the field and giving this area their attention.

The Teas & Wheeler Radford well, north of Colorado, is drilling in lime at 3,950 feet. This test will go 5,000 feet unless pay is struck before that depth.

Drilling Resumed After casing off the 15,000,000.

foot flow in Simms Oil Company's No. 1, the discovery well, drilling was resumed and the well is now down to 740 feet, where 12 1/2-inch casing has been set and cemented. This well is located 15 miles east of the Chalk pool, and is in wildcat territory. It is about 25 miles south of Colorado. At a point, drilling was discontinued and the rig burned. The fire was extinguished and another rig erected on the location. The well, at first, was thought to be only a small producer of gas, but after drilling 15 feet deeper, the gas flow increased to 15,000,000 feet a day.

REDUCTION IN FIRE
INSURANCE KEY RATE
ANNOUNCED FOR HERE

Various Development During Past Year Are Factors

Announcement has been made by the State Fire Insurance Commission of a 9 per cent penalty for insurance in Colorado this year, this figure representing a reduction of 6 per cent in the fire insurance key rate, as it

was formerly... This reduction... to the excellent fire record... town during the past year... increased pressures furnished by the erection of the new steel tower at the water-works and by the laying of larger water mains to the downtown section, and to the introduction of the clock and key nightwatch system.

Rev. and Mrs. W. D. Green of San Angelo were in Colorado Wednesday, and while here considered arrangements to make their home here, as Rev. Mr. Green has been elected missionary for the Mitchell-Seury Baptist Association, and will probably accept.

Mrs. Kimmel
Returns To
Beauty Shop

Mrs. Frances Kimmel, one of the owners of the Colorado Hotel Beauty shop and prominent beauty operator of Colorado, returned Tuesday from a stay of some duration in Fort Worth and Dallas.

While in Dallas Mrs. Kimmel attended a school of beauty culture, learning there the latest methods of giving facials, permanent waves, scalp treatment, and other operations. She announces that she will be glad to see all her old patrons again in the Colorado Hotel Beauty shop.

County Teachers
Planning Annual
Banquet Mch. 22

Plans are being made for the annual banquet of the Mitchell County Teachers' Association, according to officials of the organization. The banquet is to be held on Friday evening, March 22, at the Colorado Hotel. Geo. H. Mahon, district attorney, has been chosen as the principal speaker of the occasion. Other features of the program will be worked out later.

This organization has been enjoying an especially active and interesting life this year, with monthly meetings well attended and the various social affairs being well attended and well received. Charlie Brazil is president.

WEEKLY BIBLE CLASS
HELD AT MCKENZIE

Beginning Friday night, March 15, at 8 o'clock, there will be a community Bible class conducted at the McKenzie schoolhouse every Friday evening by Ted Norton, county evangelist for the Church of Christ.

The course of study will be the "Life of Christ," according to Mr. Norton. Each person in the community is cordially urged to bring his Bible and attend these classes.

MUSICAL PROGRAM TO
BE GIVEN AT THE HIGH
SCHOOL FRIDAY NIGHT

Girls Choral Club, Boys Glee Club, And Orchestra To Be Featured

A combined musical program will be the unique entertainment offered by various musical organizations of Colorado High School at the auditorium Friday evening, beginning at 8 o'clock.

Proceeds of the entertainment will go to pay expenses of the various organizations, and some of it will be used to complete payment for the band uniforms bought last year. Admission will be 25c and 35c.

The Girls' Choral club, which has over 80 members and is directed by Miss Ruth Hightower; the Boys' Glee club, which is directed by J. W. Treat, and the orchestra, directed by Miss Hightower, will all take part on the program, giving a balanced program of classical, old-time, and popular selections.

Additional
Switch Track
At Refinery

Preparations are under way for the addition of between 600 and 700 feet of switch track at the Col-Tex refinery this week.

Grading work and blasting preparatory to the building of the track is being done by Watt Collier, team contractor. This is the second switch track to be built at this plant.

Gary & Co.
Buy The Terry
Meat Market

Purchase of the Terry Meat Market this week by John Gary, Reginald Gary, and Mrs. Elisabeth Gary had been announced. John Gary is to be manager of the market, which will be known as Gary & Co. market.

John Gary has had a number of years experience in the meat market business, having been connected for the past two years with a meat concern at Brawley, California.

Addition To
Cemetery Is
Now Complete

The addition to the I. O. O. F. cemetery on the south side has been completely surveyed, staked, and leveled, according to Mrs. P. C. Coleman, president of the cemetery association. Lots in this addition are now available, according to Mrs. Coleman, and those desiring to buy can do so through A. D. Kiker.

MRS. LOCKHART
SANG FRIDAY AT
LIONS LUNCHEON

SPEECHES MADE IN INTEREST OF BOY SCOUTS BY OFFICIALS

Several numbers by Mrs. H. L. Lockhart were a feature of the entertainment program at the Friday luncheon of the Lions Club. One of Mrs. Lockhart's songs was a new Texas song written by Lion Tammy Dawes.

Judge C. H. Earnest gave a report on the district chamber of commerce meeting at Snyder. F. D. Craft, Scout executive of the Buffalo Trails council; J. A. Ferguson, W. L. Scott, and Rev. W. M. Elliott gave short talks on the Boy Scout work.

Tom Bennett and Mr. Green of Lorraine, E. L. Biggerstaff of Childress, Bob Stubbfield of Colorado, Jim Ferguson of Colorado, W. L. Scott of Colorado, and Dave Craft of Sweetwater were visitors.

SEWER AND WATER
SYSTEM PRAISED

Colorado's sewer plant and water works were praised by the State health officer, Mr. Hargiss, when he inspected these places last week. He said that he found them more than meeting requirements.

Hargiss also visited the main dairies around Colorado, and reported that he found these satisfactory also.

ANNOUNCEMENT

We take this method of announcing to the public that we have purchased the J. M. Terry & Son Meat Market, located on Elm street, and invite the continued patronage of the old customers as well as that of our friends. We intend to carry all items usually found in a meat market, and assure you that your patronage will be appreciated, and that you will find our service to be of the best.

GARY & COMPANY

CHARLES WEEKS TALKS
HERE ON RAISING OF
CHICKENS FOR LIVING

Noted Authority Tells How To Have Independence On One Acre

"A man should live for his family, and should raise chickens to make a living," stated Charles Weeks, nationally known poultry producer who has made an outstanding success with one-acre poultry colonies in California, when he addressed an interested group in the county courtroom here Wednesday night.

His talk was generously illustrated with picture slides, and it was not entirely on poultry raising, but concerned itself somewhat with beautifying the home. "One Acre and Independence" was his main theme.

In the beginning of his lecture he told of his going to California 20 years ago and buying ten acres of desert land at Palo Alto. There he developed a poultry farm with 12,000 laying hens, 3,000 rabbits, and a large herd of Guernsey cows.

Weeks moved from there to Owensmouth, California, where he established the one-acre poultry colony that has carried him to fame. On that farm he had nothing but White Leghorns. He laid special stress on the value of green stuff growing on the farm and as feed for chickens. He stated that 1200 chickens trapped are more valuable than 2400 not trapped, and showed slides of the well-ventilated enclosures where he keeps his flocks all the time.

In his lecture he illustrated the advantages of community cooperation in producing and marketing eggs, and expressed himself as favoring community centers and the one-church idea.

Mr. Weeks arrived in Colorado by air Wednesday morning, and Thursday went on by plane to Snyder. He always lectures on Saturday and Sunday in Wichita Falls, where he is establishing a one-acre poultry farm which he intends to make the first of a chain in Texas.

NOTICE

MILLER'S MARKET

WALNUT STREET

READ RECORD WANT ADS—THEY PAY DIVIDENDS

Expert telephone workers begin task of constructing 2,500 mile network of underground cable.

a 45 million dollar
Subway for your voice

UNDERGROUND—beneath fields and valleys, across mountains, under rivers—will go the wires of a new long distance telephone system, built to serve the Southwest.

Twenty-five hundred miles in length, costing 45 million dollars, the new system will consist of underground telephone cable—a "subway" for your voice—safe, fast, modern.

Safe from Interruption

Its purpose: To provide enough circuits to care for growing long distance traffic—to insure that these circuits will rarely be interrupted by storms, fires, floods.

Heretofore, most long distance lines have been constructed overhead and interruptions of service from such causes have been emergencies to be feared.

Completed, the system will mean

long distance service more dependable than ever before.

It will be fast. Some cables contain more than 300 circuits—as many wires as ten heavy pole lines carry.

It will be safe—from wind storms, from sleet, from fire.

"Repeaters" Boost Voice Waves

It will be dependable. At 50-mile intervals "repeater" stations as large as the ordinary exchange building will be erected. Here the voice current will pass through powerful vacuum tubes, going on its way with renewed strength.

Further, by acting as a trunk line for long-haul traffic, the cable will release hundreds of miles of long distance pole lines. These will be free to handle traffic over shorter distances, between smaller towns.

Here, indeed, is a project that provides a modern rapid-transit system for your voice!

THE SHOW YOU HAVE HEARD ABOUT
 Now Is Your Chance To See And Hear It.

REARECORD WANT ADS—THEY PAY DIVIDENDS

COME ON IN THE MILEAGE IS FINE WITH FEDEAL TIRES

If you really want to get low-cost tire mileage, let us fix you up now with a set of Federal Tires. Quality considered Federals are the lowest cost equipment you can buy, and you will have the satisfaction of knowing no one gets a better tire or a better mileage than you do.

No special deals—No extra discounts—No long trade-line of taffey here—just the best tire in the world, at as low a price as quality can be sold. You'll save a lot—We'll make a little—And we'll both be happy. Come on in the mileage is fine.

With our modern methods, low over-head expense, friendly, courteous service, enables us to sell for less money the best tire in the world—FEDERAL DOUBLE BLUE PENNANT CORDS AND BALLOONS.

Come down and let us tell you how you can get a new set on that new car so cheap. We will give you liberal allowance on your present tires.

We carry in our service department the world's quality oil—Gargoyle Mobiloil, the new and improved oil for the present day driving. Give it a test the next time you drain.

We will guarantee it, or money will be refunded if it does not do what we say it will do.

Texaco and Magnolia Gasoline—Quaker State, Amalie, Texaco and the new Mobiloil Oils.

CHURCHES

METHODIST CHURCH
 We find that Sweetwater told the truth. "They waked up" on three points of the contest. Just to be plain about it, they beat us on these three points. That's all right, come on; we will take them for another round. Be in your places promptly at 9:45 Sunday morning.

Themes for sermons for the 11 o'clock hour for the next two Sundays as follows: "Know Christ," "Christian Growth," "The Abundant Life," and "The Challenge of Vicarious Suffering."

W. C. HINDS, Minister.

PRIMITIVE BAPTIST SERVICE
 The Primitive Baptists will hold their regular service in East Colorado next Saturday at 11 a. m., also Sunday at the same hour.

We extend a cordial invitation to our friends to attend and join us in worship.

MRS. C. H. THOMAS.

FIRST CHRISTIAN CHURCH
 Bible school at 9:45 a. m., W. W. Porter, superintendent.

Preaching services at 11 a. m. and 7:30 p. m. Subject of morning sermon, "Laughter, Joy and Rejoicing." Evening, "The Christ of History." Dr. Root will sing at the morning hour and Mrs. Berryhill at the evening hour. The church is beginning an intensive campaign for Easter. It is hoped to have every member at the Bible school and church services Sunday morning. The pastor has been preaching a series of sermons, every sermon complete in itself but linked up with the others, on fundamental themes. The night subject is one that every man and woman and especially young men and women should hear, "What is the Place of Christ in History?"

CHURCH OF CHRIST
 Bible school at 10 a. m.
 Preaching and communion, 11-12 a. m. The subject for this hour, "Putting on Christ."

Evening gospel service at 7:30. "The Popular Thief" will be the subject for this time.

Teaching: Young People's class Sunday at 6:30 p. m. Ladies' Bible

MONEY
 as low as
6 PER CENT
 Farm and Ranch
LOANS

L. C. MOORE & CO.

class, studying "Bible Outline in a Hundred Lessons" Monday at 3 p. m. We are just starting this course Monday. It is a fine study of the Bible, and covers the whole Bible in about two years, one lesson per week. This course will not be for just members only, but for anyone, and we will be glad to have you meet with us. Study in Proverbs Wednesday at 7:30 p. m.

J. D. HARVEY, Minister.

FIRST BAPTIST CHURCH
 Sunday school 9:45 a. m., G. B. Slaton, superintendent. Our Sunday school is having a steady growth in attendance from Sunday to Sunday. Also the large number making a record of 100 per cent on their grades is indeed gratifying. It should hearten all our church forces to see the enthusiasm with which the Sunday school is going forward. We were glad to welcome a number of new members last Sunday.

Morning hour of worship 10:50. Subject, "Some Basal Organizations in the Life of Our Church." Organization makes for efficiency and an economizing of time. Christ was the master organizer. His whole life was tuned to the most rigid system, subject to the Father's will. Let us follow His worthy example in the production of His work.

Evening service 7:30. Theme: "The Way of Life Eternal Made Plain." Man's most supreme question relates itself to the Eternal issues of the soul.

WILLIAM C. ASHFORD, Pastor.

SERVICES AT LANDERS
 There will be preaching services at Landers school house Sunday, March 17. There will be preaching Saturday night at 8 o'clock, Sunday morning at 11, afternoon services at 3:00, and evening services at 7:30. Hearty welcome is extended to everyone by Ted Norton, minister.

CARD OF THANKS

To our friends and neighbors who were so nice and kind to us during the short illness and death of our dear baby, Burule Gene Nanney, who departed this life Friday, March 8, 1929, we thank you for every act of kindness and for the words of comfort, and the beautiful floral offering and we also thank the doctors for their help and kindness. May God's richest blessings be yours.

Mr. and Mrs. J. B. Nanney, Mother and Father and Little Sister.
 Mr. and Mrs. D. V. Nanney and Children.
 Mrs. Ollie Marris and Children.
 Mr. and Mrs. O. A. Nanney
 Mr. and Mrs. O. H. Harris
 Mr. and Mrs. J. H. Nanney
 Mr. and Mrs. J. O. Shilling
 Mr. and Mrs. J. O. Shilling. 1tp

COLORADO OFFICERS GET ANOTHER STOLEN CAR

The Colorado police force is establishing quite a reputation for capturing stolen automobiles; most of them coming out of Big Spring.

On Monday night officers of Big Spring telephoned to officers here that a Ford car had been stolen there and would probably come through this city. The car did not show up here until Wednesday night, but Night Chief Homer Key spotted it soon after its arrival and it was immediately confiscated. The car had evidently just been abandoned, as the radiator was still warm. The front spring was broken, but otherwise it was in good shape.

NUMBER OF AIRPLANES PASS OVER COLORADO

A number of planes, some of them new to those not up on aviation, have passed over Colorado this week, the increased air traffic being due largely to the location of the Texas Air Transport Terminal in Big Spring.

Wednesday two large gray amphibian planes, strange to most of the town, passed over. These were equipped for landing either at sea or on land.

Today the first plane to inaugurate passenger service between Ft. Worth and El Paso passed over. This plane stops at Big Spring each day for lunch on its westward flight. Stops will also be made at Sweetwater when the new municipal airport there is completed.

BAPTIST TEACHERS STILL HAVING GOOD MEETING

The officers and teachers meeting of the First Baptist church was well attended Wednesday evening. The Intermediate department served a delicious luncheon, consisting of ham, potato salad, pickles, hot biscuit, coffee, with blackberry cobbler for dessert. There were 44 present for the luncheon.

A cordial invitation is extended to those not in some other Sunday school to attend the First Baptist.

Mrs. Evelyn Adcock of Omaha, Nebraska, has been visiting her foster parents, Mr. and Mrs. C. H. Lasky.

J. A. Ferguson is in Fort Worth, undergoing treatment for appendicitis.

J. A. Sadler, Ed Jones, and J. A. Pickens went fishing the early part of the week. The size, quantity and species of their catch has not yet been given out for publication.

NO CHANGE IN NAME OF BYARS STORES ANNOUNCED AS YET

J. C. PENNY MAN TO BE NEW MANAGER IN STORE HERE

Stores owned by J. B. Byars over Texas and other states of the union will continue under their former name for some time, although the chain has been merged with the J. C. Penny stores, according to Harry Jepsersen, present manager.

Mr. Jepsersen is to be transferred to the Byars store at Pacific Grove, California, as soon as the man who is to take his place here arrives. The name of the new manager has not yet been made known, but it is known that he will be a man from one of the Penny stores.

CITY ELECTION

LIQUOR CASE IN DISTRICT COURT HAS

A hung jury in the liquor case transferred from Big Spring was the only result reached in the present session of district court by Thursday noon.

Hijackers who are alleged to have held up an Oklahoma youth here sometime ago were being tried Thursday.

COLORADO AND ROY CO. HAVE PRACTICE

Students from the Hutton school went to Roscoe last Friday afternoon to have a practice meet with students of the grammar school of that place.

A declamation contest was held in the high school auditorium, and arithmetic, spelling, and music memory contests were also held. A track meet was held for both senior and junior boys.

25TH YEAR—NUMBER 25

COLORADO, TEXAS, FRIDAY, MARCH 15, 1929

WHIPKEY PRINTING CO.

BUNION DERBY RACERS WILL PROBABLY PASS THROUGH HERE MAY 17

C. C. Pyle's Trans-Continental Marathon To Stop In Near-By Towns

The "Bunion Derby" racers, C. C. Pyle's second, International Trans-Continental Marathon, will probably pass through Colorado on May 17, since they are to make all-night stops at Sweetwater and Big Spring.

In this race will be about 150 runners who will be hoofing it across the United States, from New York City to California, for prizes running into the neighborhood of \$50,000.

The "bunion derby" entries, together with their trainers, managers, time-keepers and a large vaudeville show of internationally known performers, will end a day's run in Sweetwater, spend the night there, and continue their long trek westward the following morning.

Red Grange, whom "Cold Cash" Pyle, prince of promoters, boosted into everlasting fame and fortune by capitalizing on his grid record, was manager of the marathon last year when Andy Payne, Oklahoma youth, won first prize of \$25,000 by finishing with the best time record, after running all the way from Los Angeles to New York City, and Grange will probably be with the runners in May. Andy Payne, himself, will be head time-keeper for the marathon this year, and will arrive in Colorado early in the day to check in the runners as they arrive.

The big bus, carrying the marathon management across the United States to map the route of the runners, was here a few days ago. In the party were Val A. Reis, Pyle's brother-in-law; E. W. McHenry, who was also here last week.

The marathon is due to start in New York City Easter day, with Mayor Jimmie Walker, official starter, if he gets there on time. The racers will head westward for their trot across the United States, and will hit the Broadway of America at Dallas. They are expected to complete the jaunt within 80 days.

The entry list includes athletes of note from practically every State in the Union, from Canada, and scores are from foreign countries.

Near-by Farmer Buys Devices To Save Home Labor

Believing that labor-saving devices and home conveniences are as necessary to the farm home as to any other home, Mr. and Mrs. W. A. Hallman of North Champion have recently purchased an electric light plant complete with electric iron and electric washing machine. In addition to this labor-saving equipment, they have a cream separator and a steam pressure cooker which not only enables them to can food that would otherwise be wasted, but the canned foods make the preparation of meals much lighter during the hot summer days.

Mr. Hallman has recently purchased a number of high-producing White Leghorn two-weeks-old baby chicks and these chicks will be used to build their flock. The Hallman flock is culled regularly and the past week they have gone over the flock and removed all borderer hens.

DRUGGISTS ASSURED ENTERTAINING MEET IN WICHITA FALLS

WEST TEXAS ASS'N WHICH MET HERE LAST FALL, TO GATHER MARCH 19-20

Colorado druggists, who were hosts to the West Texas Druggists convention in its fall session last year, are assured an interesting program and a varied entertainment arrangement when they attend the spring convention of the association in Wichita Falls on March 19 and 20, according to John B. Ray of Abilene, president of the association.

The business session of the convention will be held at the Kemp Hotel. One of the features of the gathering will be the banquet on the evening of Tuesday, March 19. Miss Dorothy Greathouse, dramatic soprano; Joel McGregor, Scotch tenor, and R. E. Shepherd, "The Singing Mayor," will be among the entertainers at the banquet.

Knox Pittard, Anson, president of the State organization, are to be on the program, according to Mr. Ray, who is one of the State vice-presidents.

COMMITTEE REPORTS ON REGISTERED COWS FOUND ON ITS VISIT

Farmers Told of Findings At Meeting Saturday; Others Go For More Cows

Reports were heard by a group of interested farmers of the county at the chamber of commerce Saturday afternoon on the results of the visit of the committee appointed by the body the week before to visit dairy herds around Dublin and Stephenville.

This committee was made up of I. K. Gale, R. M. Jones, B. O. Joyce, E. M. Reese, and J. H. Greene, and they left Colorado on Wednesday morning and returned Thursday night. They reported the kinds of cows found, and also the number purchased by some members of the party.

Jim Bodine, Will Rogers, I. K. Gale, B. O. Joyce, and Clyde Linnam went back to purchase additional cows.

The cows which are being purchased are all registered with records almost equal to those of the State champions. The prices paid for them range around \$300.

J. H. Greene, secretary of the chamber of commerce, says that in these moves to stock the county with registered cows, one of his fondest dreams for the county is coming true. Minutes of the meetings of the executive board of the chamber show that he and others have advocated such a movement since 1916.

CLAIMS COMMISSION CONDUCTING HEARINGS THIS WEEK AND NEXT

Colorado Men On Committee That Is Settling The Bollworm Claims

Hearings, conducted by the State Claims Commission, consisting of C. R. Buchanan, Snyder, W. A. Dulin and T. H. Holbert, Colorado, are being conducted in West Texas towns this week and next for the purpose of determining the amount of reimbursement due cotton farmers for losses incurred by the pink bollworm in the regulated area.

The meetings will be held at Lamesa, Big Spring, Midland, Fort Stockton, Stanton and Odessa. Notice of 10 days will be given to all citizens concerned with the conference.

At these meetings farmers' claims will be surveyed and determined, after which a report will be prepared for the special session of the Legislature to be held in April in order that an appropriation covering losses may be adopted, the amount of which is roughly estimated as several hundred thousand dollars.

The bill passed at this session of the Legislature provides for settlement of 1928-1929 claims, according to an opinion given out Thursday by Sam Fuller, assistant attorney general, to Rountree and Representative Henry E. Webb of Odessa, such being one of the objectives of the measure. Fuller in his statement said: "Please be advised that it is our opinion that the new provision on losses incurred by reason of expenses due to restrictions will apply to the 1928-1929 cotton crop, because the actual losses that will be sustained by persons complying with provisions of the 1925 statutes, in producing cotton, is yet to be determined. The amount of loss sustained can not be determined until the crop is fully harvested, ginned and marketed."

Next week J. M. Delcurto, chief entomologist of the State Department of Agriculture, accompanied by R. E. McDonald, entomologist for the Federal Department of Agriculture, will visit the seven counties in the West Texas zone to investigate losses and claims.

Will Arrange for Leasing They also will arrange for the leasing of sterilization and fumigation plants, which will relieve farmers of that expense. The two officials shortly will distribute application blanks to all farmers involved, after which the hearings will be held.

The seven counties in the affected district include Dawson, Howard, Martin, Crane, Ector, Pecos and El Paso.

State and Federal governments will bear the cost fifty-fifty. Rountree said he expects little difficulty will be experienced in having the claims report ready for action by the special session of the Legislature.

Mr. and Mrs. George Morgan and little son of Sweetwater, spent several days in Colorado with Mrs. Morgan's parents, Mr. and Mrs. A. J. Herrington.

Payment On School Fund Is Sent Out

Miss Ruby McGill, county superintendent, has received notice from S. M. N. Marrs, state superintendent, that a payment of \$3.50 on the per capita apportionment is being sent out this week.

This leaves \$5.50 yet to be paid on the apportionment. The major portion of this will probably be sent out in April, according to the communication from Supt. Marrs.

MRS. WHIPKEY IS IN ATTENDANCE AT FIRST BOARD MISSION STUDY

Three-Day Course Follows Executive W. M. U. Board Meeting

Mrs. A. L. Whipkey, president of the Women's Missionary Union of the Mitchell-Scurry Baptist Association, who attended a meeting of the Women's Missionary Union executive board, Baptist General Convention of Texas, at Fort Worth Tuesday and Wednesday, is now attending a three-day mission study institute in that place, the first of its kind for W. M. U. to be held.

The 350 members of the executive board represent virtually every county in Texas, and a large attendance was recorded. Mrs. F. S. Davis of Dallas is president of the organization.

Mrs. J. H. Weatherby, Hubbard, State mission study chairman, and Mrs. W. B. McGarity, Fort Worth, superintendent of the training school, were in charge of arrangements for the institute.

Among teachers at the institute are Mrs. Paul B. White, Rome, Ga., mission study leader of the south-wide W. M. U., and Mrs. Anna Roberts Lawrence, St. Louis, author of mission study books.

Three Colorado Boys Are On Tech Graduating List

Among the one hundred and sixty-eight students who will complete their work in Texas Technological College in the third commencement of the college in June, are two Colorado boys, and one former Colorado boy.

J. T. Gist, son of Mr. and Mrs. A. C. Gist, will be graduated from the School of Engineering in the school, having been majoring in geological engineering. Samuel H. J. Womack, son of Mr. and Mrs. H. D. Womack, will finish in the School of Liberal Arts at the college, as will Prentiss Viles, who until a short time ago lived in Colorado, but who now lives with his parents in Lubbock.

DAYS WHEN WIND WAS WIND AND LAND SOLD FOR A SONG RECALLED BY MRS. GUSTINE

Her parting admonition was: "Don't put all those things I've told you in the paper, because those who didn't know West Texas then won't believe them."

The speaker was Mrs. Carrie Gustine, cheerful, diminutive, and familiar figure of Colorado. Though advancing far into the years, she was found on the occasion of this visit to her home in the middle of "taking an examination." She didn't say what kind, but more than likely it was just another step of the many she has taken to make herself a teacher of others. Her occupation at that time was a true indication of the amount of interest she takes in people and living and doing, even while fondly recalling the past with gentle humor.

The recent drilling activities south of Colorado, among them the Pond test and others, while they have not yet been paying, remind her of the time she refused to trade a buggy horse named Morgan for about four sections of land which included the farm now owned by C. E. Way and near which several tests for oil have been made. With the recent developments in sections farther south of town there is a probability, some say, that activity may again start in that vicinity.

When Mrs. Nelson, a sister of the late Dr. Phenix, left her home in Southern Texas and started to West Texas to take up some land, she stopped to visit with Mr. and Mrs. Gustine, who then lived in Comanche

RADICAL CHANGE MADE IN CROP CONTESTS OF BOYS CLUBS THIS YEAR

Prizes To Be Awarded On Basis of Per Cent Yield Increase

A radical change is being made this year in the crop contests of the 4-H Club members, according to announcement made this week by County Agent W. S. Foster. Heretofore prizes have been offered to the boys making the highest yield of maize or cotton, but this year each boy will carry on a demonstration and there will be four divisions of the contest with gold watches given as prizes by the Colorado Chamber of Commerce to the boys making the greatest per cent increase in yield due to fertilizers or pure seed.

In the first and third divisions of the contest, the boy's acres of both cotton and maize will be divided in half, and half of the acre will be fertilized with barnyard manure and the other half will be left untreated. Pure seed will be planted on the whole acre and the boy securing the greatest increase in yield on a percentage basis will be awarded a gold watch in both the cotton and maize classes.

The pure maize seed will be given the boys by the Colorado Chamber of Commerce and local cotton dealers have offered a special price to club members and will rebate fifty per cent of the cost of the seed if the club member turns in a complete report to the dealer.

Other rules given in the announcement are as follows:

Plots must be adjoining and must be inspected by local committee or county agent before planting.

Yields must be measured by local adult leader or committee from the community.

In case of a tie the record book will decide the winner, the judging committee to consist of three disinterested farmers.

A. A. DORN'S FARM FIRST TERRACED IN DORN SECTION

The first farm to be terraced in the lower part of Dorn community is being terraced this week by A. A. Dorn, who has had approximately 175 acres built with the tractor unit owned by Rogers and McWhirter.

These men will have both of their tractors at work building terraces. One of them is working near Westbrook, while the other is making a circuit of the Buford and Longfellow communities.

LES TERRY BUILDS FEEDERS FOR HOGS

Les Terry, who is an experienced cattle and hog feeder, tried a self-feeder for his hogs last fall and liked this method of feeding so well that he built two other feeders and has been using all three during the past winter. He has sold all his hogs and has loaned the feeders to Monroe Dawson to feed out a bunch of hogs. Ground maize and tankage are the feeds used.

parts of the county in that time, Mrs. Gustine believes. "We were living down there on the Gary place," she said, during the first years of this century, and there was an awful drought. The dust, being dry and beaten up by the hoofs of the thousands of sheep and cattle in the county, would fill the air even (Continued on Page 8)

THE crisp, snowy freshness of laundry-washed clothes is possible only because of modern washing methods and equipment, and such splendid results can hardly be obtained in your home. Let us relieve you of the tiresome drudgery of home washing. COLORADO LAUNDRY Let the LAUNDRY do it!

BE LEVY STILL SERIOUSLY ILL

Abe Levy of Sweetwater, owner of extensive interests in Colorado, is still in a serious condition in Dallas, according to reports, where he was stricken while in that city while looking after business about six weeks ago.

Levy has suffered several attacks since first becoming sick, and recently was stricken anew. His illness, it is said, is caused by a blood clot circulating through his system. Attendants report that it will be at least three more months before he will be able to leave.

CONNECTICUT PLAN OFFERS SOLUTION FOR FAST DRIVING

Connecticut is undertaking a plan for solving the menace of the reckless automobile driver which may settle the compulsory insurance problem to everyone's satisfaction.

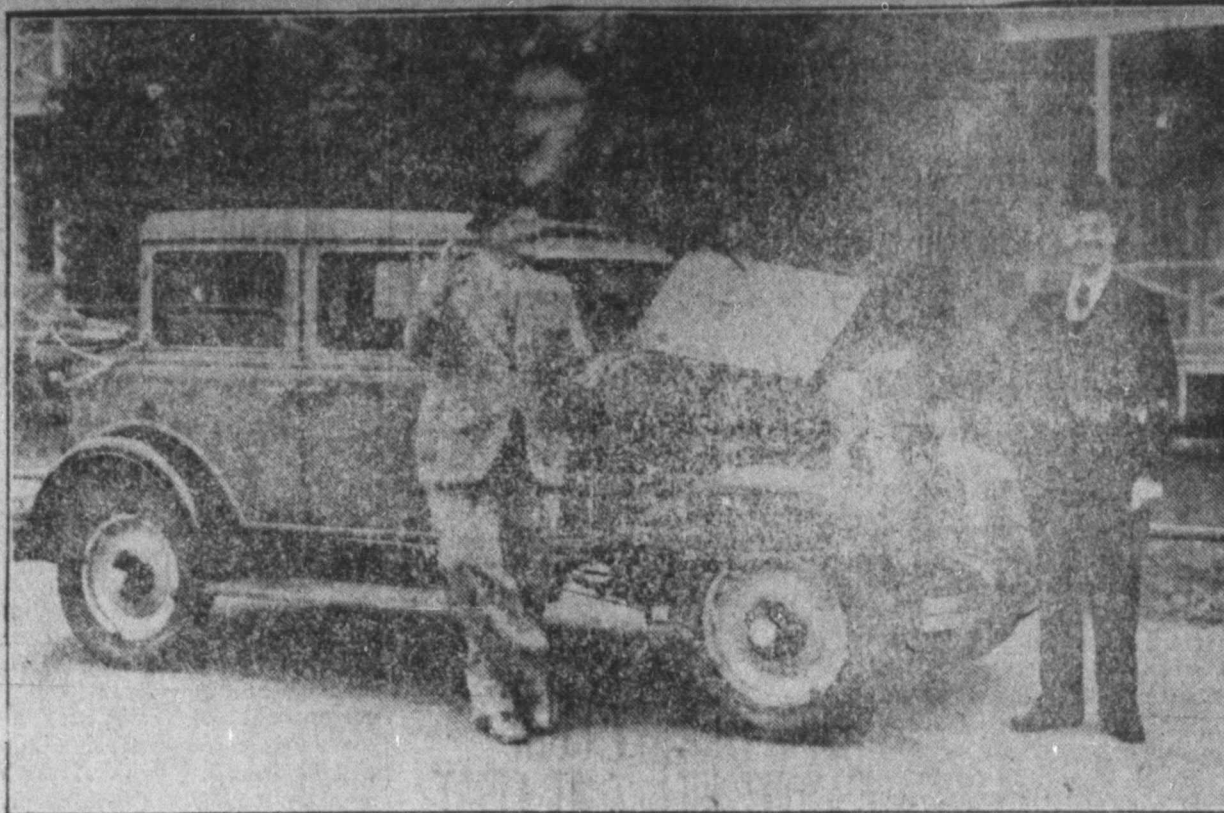

In that State a motorist will be compelled to guarantee financial responsibility only after he has, by accident, proven himself a reckless or incompetent driver. Then he is forced to provide indemnity for anyone he may injure in the future, either by deposit, bond or insurance policy.

The difficulty encountered with direct compulsory insurance has shown its advantages to be more than offset by the litigation it engenders and the financial burden it places on every motorist, as well as its difficulty of enforcement.

The Connecticut plan places the burden where it belongs—on the reckless driver, not the careful and responsible one. Likewise, with compulsory insurance, the reckless motorist has no incentive to drive carefully—his incentive, as he is covered by a policy, is quite the opposite. With the Connecticut law drivers would naturally be careful so as to avoid the necessity of establishing responsibility.

The Connecticut experiment will be watched with interest as it may prove the logical and successful solution.

Four Plus Two Make Six

Babe Hardy and Stan Laurel, regarded as one of the greatest comedy teams in movies, are pantomiming the fact that the new Chevrolet is powered by six cylinders. The model is a convertible landau, the first ever offered in the low price class.

TEXAS MILLIONAIRES REACH TOTAL OF 650

WASHINGTON, March 11.—New millionaires from Texas—scores of them—will pour a golden stream of dollars into the Federal Treasury next Friday. On that day the government's tax collectors will gather the first fruits of the soaring bull stock market of last Fall in which many hundreds of Texans participated, and made money.

Six hundred and fifty millionaires from Texas—that is about the number that will pay income taxes this week. Or, rather, 650 persons with incomes of \$50,000 and upward. The term millionaire is an elastic one, as to whose meaning treasury experts differ. But there is little variance of opinion as to a millionaire's income. The man of woman who enjoys annual income of \$50,000 a year or more, is enjoying the income on \$1,000,000, put out at 5 per cent. He may not have the \$1,000,000 capital, but he is getting the income on \$1,000,000, hence most fiscal experts here are inclined to class him as a millionaire. Something earned for him the income on \$1,000,000—his business, his plant or perhaps his own brain. That something is reckoned to be worth a capital of \$1,000,000; hence the recipient may be termed a millionaire. Such is the line of reasoning.

Accepting the definition, and going back over the record, one finds that Texas contained 522 millionaires in 1927—the latest date for which figures in detail are available. The entire country at that time contained 30,000 millionaires. A year later, the number increased to 33,500. In 1929, according to all indications, it will approach 37,500.

PLANE OUTPUT SOARS IN UNITED STATES

NEW YORK, March 7.—The Aircraft Year Book, released Thursday by the Aeronautical Chamber of Commerce, reveals that commercial aircraft production in 1928 was 140 per cent greater than in 1927. A further peep at the year book shows that approximately 5,000 airplanes and 3,500 aircraft motors with a valuation in excess of \$75,000,000 were built throughout the country in the last 12 months.

What's more, the increased interest in aviation and its progress is not confined to any particular sections of the land. Wichita, Kans., leads in the production of aircraft, according to the year book. No less than 927 planes were manufactured in the wheat state city during 1928. New York City ranks second with 857 planes, although the \$7,500,000 gross value of its output is \$4,000,000 in excess of the gross value of the Wichita machines.

As a result of this heavy manufacturing activity in Wichita and New York City, the States of Kansas and New York rank first and second respectively in a lineup of States.

FAT STOCK SHOW TO GO ON DESPITE FIRE

FORT WORTH, March 11.—After an hour's battle firemen had under control a fire which destroyed two buildings and their exhibits at the

FIRE DESTROY'S BIG BUS ON HIGHWAY

(From Merkel Mail) A 29-passenger Mack motor bus, belonging to the West Texas coaches and valued at \$13,000, was destroyed by fire on the Bankhead highway about five miles west of Abilene, shortly before noon Wednesday. The driver, Bennie Smith, was the first to discover the fire. He calmly told the passengers there was a slight blaze and advised the 21 passengers to vacate, which was done quietly and without injury. The passengers

ELECTION ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO, TEXAS That a city election shall be held at the City Hall in the City of Colorado, Texas, on the First Tuesday in April A. D. 1929, the same being the 2nd day of said month, for the purpose of electing a Mayor, Three (3) Aldermen and a City Secretary for said City of Colorado, Texas.

Jack Smith is hereby appointed presiding officer for said election and he shall select two (2) Judges and two (2) Clerks to assist in holding same; and said election shall be held in the same manner prescribed by law for holding other Elections. Every person who has attained the age of Twenty-one (21) years and who has resided within the limits of said City for Six (6) Months preceding the date of said election and is a qualified voter under the laws of the State of Texas, shall be entitled to vote at said election. The Mayor is authorized and directed to have notice of said election published as required by law. Passed and approved this 11th day of February A. D. 1929. R. H. LOONEY, Mayor, City of Colorado, Texas. Attest: L. A. COSTIN, City Secretary. 3-22-C

assisted in removing baggage from the burning bus. Backfire through the carburetor was assigned as the cause of the blaze.

The bus was completely destroyed, the loss being covered by insurance. An extra bus was summoned from Abilene and the passengers continued their westward journey with a delay of about thirty minutes.

HALE REALIZES PROFIT FROM PIGS RAISED ON SELF-FEEDER

E. B. Hale's eight pigs, which so successfully demonstrated the value of a self-feeder for feeding hogs that fifteen other feeders have been built during the past three months, were sold a short time ago at an average weight of 243 1/2 pounds at six and one-half months.

The pigs were not started on the feeder until they were ten weeks old and during the rush of the cotton picking season they ran out of ground maize, but in spite of these drawbacks the pigs made an average gain of 1 1/2 pounds per day and weighed a great deal more than the average pig of this age.

Hyman Happenings

By Mrs. Hyman
Mr. Bromand, the genial postmaster of Colorado, was out at Hyman Tuesday and not on Uncle Sam's business. Accompanying him was Mr. Jones. They took dinner at Hyman. We were glad to have them. Some towns get started and grow without any records of its beginning and growth, but not so in our prog-

ressive little town of Hyman, for a record has been kept since its beginning. Now the citizenship of Hyman has a fine new leather journal, and into this all births, marriages and deaths, and any local history, will be kept in the years to come. This journal will be a valuable asset to the community. The journal is the gift of Mrs. Hyman.

Will T. Scott, one of the H. S. heirs, with headquarters now in Colorado, in company with Mr. Sigler, an

oil man of Fort Worth, were circulating around Hyman Tuesday and were here in the interest of drilling a well. As this land is directly between the Chalk field and the Elwood gas well, chances look good for oil. A gas well on the east side will also be drilled.

Harry Hyman and Jack Smith of Colorado were in the settlement on Thursday in the interest of getting an oil well in our neighborhood. They were engaged in getting the signatures of some of the land owners. This well seems an assured fact, and the people of Hyman may expect the well to be started within 60 days, or as soon as the drilling material can be assembled. We expect two or three wells from this contract. It is toward the west side and not very far from the Deep Rock.

There has recently been closed a contract on the east side of the H. S. Ranch by the Scott heirs, by which an oil well is to be drilled. It will be between the Dollar Farm and H. S. headquarters.

Song class practice was held at the church Wednesday night, at which Mr. Joe Woodward was leader, and the young people spent a most pleasant as well as profitable evening. Another class practice will be held next Saturday, at which time, both the old and young people are cordially invited.

The declaimers of the Hyman school will give their declamations Saturday night for the benefit of those who will be unable to attend the Interscholastic League meet to be held at Colorado on Wednesday, March 22. It is the opinion of those who have heard the declaimers that they stand a good chance to win.

Beauford Shelton of Abilene was a visitor at the tea on Saturday.

Mrs. Ivy Lane of Longfellow is visiting her sisters, Mrs. H. H. VanZandt and Mrs. Jim Boyd this week. She is well known here, having often visited here as Miss Hammond.

Mrs. Ruby Coles is sporting a brand new Chevrolet six sedan. Her many friends congratulate her.

With the coming of March, it has seemed to bring spring much nearer, when nature seems ready with her new spring coat, and not to be behind in a spring clean-up, the post office and store at Hyman is putting on a new white coat of paint, with a green roof, which adds about 100 per cent to the appearance of the settlement.

Miss Ruth Espey of Eldorado arrived in Hyman Saturday afternoon to visit her sister, Mrs. A. J. Roach and family. We are glad to have Miss Ruth with us and hope she will make us a long visit.

Mrs. John Hammond of Seven Wells, mother of Mrs. H. H. Van

Zandt, and Mrs. Jim Boyd of this community, was taken very ill a couple of days ago and Mrs. Boyd went at once to her mother's bedside, but Mrs. VanZandt stayed to care for her sister, Mrs. Ivy Lane, who is visiting in her home and was taken quite sick. Mrs. Hammond is a frequent visitor to Hyman and her many friends here trust she may have a speedy recovery.

Mr. and Mrs. Harry Hyman left Sunday morning for a short visit to San Antonio.

SHEPHERD ITEMS

The rural aid inspector, Mr. Eilers, visited our school last Wednesday afternoon. He complimented our school highly, also was very liberal with us to grant us funds for a new drinking system. Miss Ruby McGill accompanied the inspector.

Mr. and Mrs. E. E. Herrington, Mr. E. H. Taylor and Lester Sloane visited school last Wednesday.

Mr. and Mrs. J. T. Comer, Lucius Comer and Forrest Isbell attended the Fat Stock show in Ft. Worth the past week-end. They report a great time.

Mrs. Sam Jordan, accompanied by her two sons, Wayne and Earl, spent last week at her old home place, Glenrose, Wayne, who is in the U. S. Navy service, is home for a month's furlough. He has served four years in this service and has reenlisted for four years longer.

Mrs. T. S. Duncan who has been seriously ill for a stroke of paralysis, is improving rapidly. The Duncans have moved to town to be near medical aid.

The fact that we are soon to be on a paved highway is becoming a reality. The graders have passed the school building going east.

The farmers are very busy putting up their land. They are helped greatly by the recent rains.

Mrs. Sam Jordan and son, Wayne, visited school recently. The children the account of Wayne's travels very much.

Quite a few from this community attended the singing convention at Colorado last Sunday.

Don't forget that Friday night is P. T. A. night. All come.

Conoway Items

We had a splendid crowd out at the schoolhouse Friday night, at which time we had the tryout in declamation and tiny-tot story telling contest. There were several good speakers in each contest, but the junior boys, with just two entries, was the closest contest. One speaker scored only one point above the other. We appreciate very much the kindness of Mrs. Grissett and Messrs. Glover and Haney, all of Westbrook, in coming out and acting as judges. Their scoring is acknowledged by mots everyone as being very accurate. Our speaker promises to run a close race with the contestants of the various schools in the county. Those who won first place are as follows: Senior boy, Cecil Byrd; senior girl, Annie Hart; junior boy, Lee Phillips, and Jack McDonald in tiny-tot story telling.

T. C. Hart and Olen and Lloyd Hart, met Mr. and Mrs. C. C. Hart in Sweetwater Saturday on their return from Temple, where Mr. Hart had been taking treatment. He is improving and able to be up.

Little Ralph Truett Hines, small son of Mr. and Mrs. Witt Hines, was bitten by a large rattlesnake Saturday afternoon, while playing about the barn. He was carried to the Root hospital for treatment and was able to return to his home Monday.

Quite a number of people from this community attended the singing convention in Colorado last Sunday.

I. H. Sutphen of Baird is visiting his sister, Mrs. T. G. Sweat.

Audrey Phillips visited Pete Hazelwood of Westbrook last Sunday.

Mr. and Mrs. J. F. Rogers and family of Longfellow community, and Mr. and Mrs. E. G. Rogers and family visited Mr. and Mrs. J. M. Rogers Sunday.

Mr. and Mrs. P. P. Armstrong and Mrs. J. A. Webb visited Mr. and Mrs. C. C. Hart Sunday.

Miss Juanita Hart spent Saturday night in Colorado with Misses Loretta and Veneta Byrd.

Mrs. H. F. Sheppard and son, Henry, Jr., and Misses Tye and Estelle Sheppard, formerly of this community, who has moved to Big Spring, attended the singing convention in Colorado Sunday.

PRESENT LEGISLATURE
ONE OF MOST HECTIC
AUSTIN, March 13.—The Forty-first Legislature, which ends this week, will go down in political history as one of the most hectic since reconstruction days.

No single measure or incident will make it remarkable like the impeachment session of former Governor Jas. E. Ferguson, but a half dozen incidents and measures of major interest will keep it long alive in memory.

Most spectacular of its events was the advance of Hidalgo county's motor caravan in a 400-mile drive to knock at the door of the House in a demand for recognition of the ancient "right of petition."

To West Texans the outstanding measure of the session was the river beds title bill. Almost as large a

delegation as that from the Rio Grande Valley besieged the Legislature in its behalf. Final passage over the governor's veto rewarded their diligence.

Politically the most important action was the passage of the Wirtz-Negley bill to discipline Hoovercrats. The power it gives to bar from the Democratic primaries in 1930 all who voted against Alfred E. Smith probably will be exercised. That the State Democratic executive committee will bar as candidates any who led the "Hoovercrats" is likely. It is more than a year until the State Democratic executive committee meets and by that time much of the feeling engendered by the presidential campaign will have subsided.

Attempts to repeal the search and seizure law caused a fight almost as stubborn as that over the Negley-Wirtz bill. Backed by the W. C. T. U. and the Anti-Slavery League, the demand for repeal of this act was carried on with vehemence. The act penalizes officers for illegal search. Governor Moody is to be asked to submit its repeal at the special session of the Legislature to be held in April.

An agreement was reached between the Senate and the House by which disposition of University oil and gas leases will be participated in by both regents of the University and the State land commissioner. The compromise provides joint handling by two regents and the land commissioner with further provision that the leases shall be executed by the land commissioner, thus giving him an opportunity to contest any lease the regents might favor.

State road bonds and State prison relocation which loomed as the major issues at the opening of the session, dwindled in importance as the session progressed and they were whittled down to little resemblance of their original form.

The prison bill went back practically to the form to which the anti-administration forces agreed to two years ago. That authorized the prison board to make plans for relocation or centralization but retained right to the legislature to have a final say.

The road bond issue dwindled from a \$350,000,000 proposal, backed by State real estate, to one of \$175,000,000 with provision that only \$100,000,000 of that should be for new construction. The proposition was also altered so that the bonds could not have an ad valorem tax back of them but only a gasoline tax or other special tax. But all propositions for a road bond issue were rejected by the House, and there will be no submission of this for at least two years.

Two measures backed directly by Governor Moody got prompt rejection. One was the proposed establishment of a State civil service which the governor says he will submit to the Legislature again in April.

The other was his suggestion that State Comptroller, State Treasurer, and Commissioner of the Land office be appointed by the governor. Now they are elected at the same time as the governor.

Senator W. E. Thomason's bill which would in practical effect bar fraternities at the University of Texas was sidetracked so it had no chance to get final passage. "Like truth," it will rise again, said Senator Thomason.

Acts of the session will probably be longest remembered are the marriage license bill and the Sunday movie bill.

The marriage license bill requires three days' notice before a marriage license is issued. The man must present a physician's certificate. This bill, like others that were passed with an emergency clause, becomes effective on June 12. The Sunday movie bill legalizes the Sunday movies which have been operated in face of the "blue law" of 1871. Municipal governments can still bar Sunday movies if they desire.

People shall have to vote on many of the changes proposed by the session. It will take a popular vote to raise the governor's salary from the present \$4,000 to \$10,000. The people must vote, too, before the legislators can get \$10 a day instead of \$5. Other important matters in which the legislature's part was only to determine if they should be passed on to the people included permitting West Texas counties to tax University land and enlarging the list of securities in which University funds may be invested.

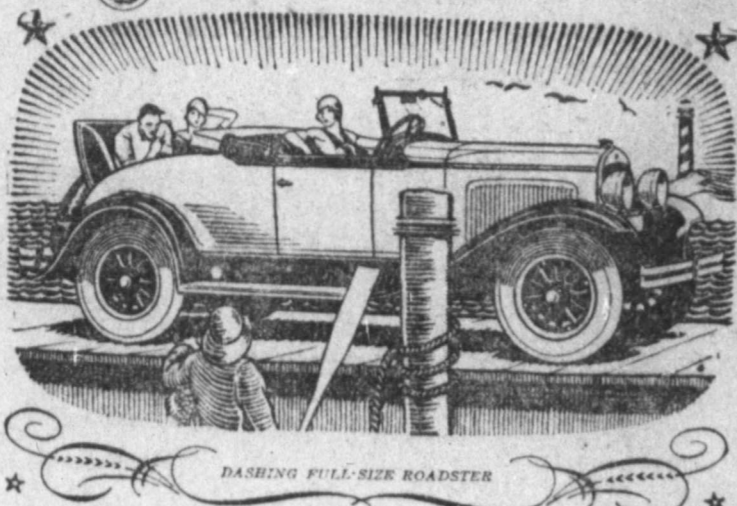

Governor Moody's veto of the river bed title bill was one of the high lights of the session. Though it was passed over his veto with little effort, proponents of the bill decided to play safe and offer a constitutional amendment for the same purpose. The Governor's veto was based on a ruling by the Attorney General, so he said, that the validation could not be accomplished by a mere legislative act.

Another veto cut off appropriation of rural school aid for summer schools at various institutions. The amounts were later scaled down and offered in new bills.

Early in the session the Governor vetoed bills that would have increased fees paid to sheriffs and amended the inheritance tax bill.

"My wife kisses me every time I come home. That is affection."
"You're wrong. That is investigation."

CHRYSLER MOTORS PRODUCT

A car that doesn't say "Price! Price! Price!" every time you see it!

THE Chrysler-built Plymouth is a full-size car—roomy and comfortable—freed from all diminutive car limitations so ordinarily associated with a low price.

Plymouth is easy-riding. It has the smooth power and supple quickness so typical of all Chrysler performance: Its big-performance, Chrysler Silver-Dome high-compression engine, cushion-

ed in rubber, assures utmost vigor, flexibility and responsiveness.

Everything about Plymouth is full-size and dependable, from the heavily-braced chassis and rugged axles to the safe, easy control of Chrysler full-size weather-proof 4-wheel hydraulic brakes.

Yet, with all its bigness and power, Plymouth can match economy with any car.

GENERAL ELECTRIC Refrigerator

The General Electric Refrigerator is almost as portable as an electric fan. It has no drain pipes or connections. It can be placed wherever there is a convenience outlet. It's as simple as that!

Place it in your kitchen. That saves steps. And it also stops many a cold which comes from leaving a warm kitchen for a chilly back porch.

If you have a small apartment, you will be particularly pleased at the quietness with which the

General Electric Refrigerator operates. You will be glad that it has no machinery under the cabinet. That every part of its mechanism is sealed inside the air-tight steel casing which is mounted inside the coils.

Judged from every angle, these refrigerators are supremely practical. Remember that they are guaranteed by General Electric. Come in and see them. Compare them with all others. Time payments can be arranged, if you prefer.

WASHINGTON, D. C.—The Department of Agriculture makes the following report for the State of Texas concerning suits of the 1927 census of prisons and reformatories.

The Texas State prison hospital of 2,325 prisoners received 1,131 during the year 1928, compared with 1,131 in the year 1910.

The increase in the number of prison admissions in Texas between 1910 and 1927 was relatively greater than the growth in the State's population during the same period, as shown by the fact that the prisoners received from the courts in 1927 numbered 43.1 per 100,000 of population, as compared with 29 in 1910.

Of the prisoners in Texas during 1928, 2,282 were males; and of those on Jan. 1, 1928, 2,282 and 67 were females.

Features a large image of a tire and text: 'Twenty Thousand Forty Thousand Sixty Thousand Take from it everything you want in mileage You have seen tire mileages step up year by year from the thirty-five hundred mile standard of a decade ago to the modern General Tire records of twenty thousand, forty thousand, often sixty thousand miles...'

CONSERVATION OF WILD LIFE TAUGHT IN SCHOOLS

AUSTIN, March 14.—To teach the protection of wild game life is the object of a pamphlet now being printed by the Game, Fish and Oyster Commission, which will be sent to the schools of Texas upon application by teachers or pupils. The little booklet describes the game birds of

the State and a few of the resident and transient song birds and is suitable for supplementary reading in class work. It contains a brief statement of what the Game Department is doing and a short drama which illustrates the enforcement of the law by a court trial. A conservation program, which includes the play, is suggested for one day the first week of May when the fishing season has

just opened. The entire program can be handled in forty minutes time. This work was prompted by many calls from teachers and pupils over the State who are interested in conservation and supplies a need of long standing. The department is fully aware that education which stimulates interest in wild life and prevents violations of the law is better than punishment after the law has been violated and this form of enforcement is also far more economical to the State.

"Mrs. Jones, what a delicious meal you had. I have enjoyed it so much. Where do you trade Mrs. Jones?"

"I trade with R. H. Smith & Son Grocery. You can always depend on them for good quality and they are so reasonable with their prices."

"I think I will try your Groceryman Mrs. Jones. What is their number?"

"Their number is 399 and they give good delivery service."

MIDLAND PAPERS ARE NOW CONSOLIDATED

MIDLAND, March 11.—The first edition of the Midland Reporter-Telegram, a new newspaper controlled by the Hawk-Howe interests of Amarillo and born of the consolidation of the Midland Daily Telegram and the Midland Reporter, was issued Sunday.

Wilbur C. Hawk and Gene Howe, who operate papers at A. T. Gibson, Kan.; Amarillo, and Fall City, Neb., control the new paper.

T. P. Barron, publisher of the Reporter for the last four years, is president and editor of the new Reporter-Telegram. Melvern Taggart, formerly of Amarillo, is secretary-treasurer.

The new paper will be issued every afternoon except Saturday, and on Sunday morning.

ASK MOTHER

There are many, very many, mothers who through the years have proved the power of

Scott's Emulsion

of pure vitamin-bearing cod-liver oil to help nourish and strengthen the poorly-developed child. It is abundant in the vitamins that are so essential to the welfare of children and adults. Scott & Towne, Bloomfield, N. J. 22-2

WANTS EVERYONE TO KNOW ABOUT SARGON, DECLARES CAMPBELL

"For three years I was a constant sufferer from liver disorders, acid stomach, and other troubles. Sargon is the only medicine I ever found that overcame my troubles, and I

T. M. CAMPBELL

with it was so that everybody in Texas knew about this wonderful medicine.

"No matter how careful I was about my eating, I suffered after every meal with gas pains and indigestion. I had no relish for even the most tempting dishes. My liver was inactive and I had to take strong laxatives continually. I felt tired and run-down, and became so nervous I would roll and toss about for hours every night before I could get to sleep.

"Sargon went right to my troubles after everything else had failed. It put my stomach in perfect condition and I get real pleasure out of my meals now for I eat everything I want and I have such a fine appetite I relish every bite. I even eat between meals and at night, and never have a moment's trouble from indigestion. My nerves are strong as steel again and I sleep like a top from the time I hit the pillow until time to get up in the morning. I have gained weight and I feel fine all the time.

"Sargon Soft Mass Pills completely overcame my constipation. I never have to take laxatives now for my bowels are in perfect condition."

"I have already told many of my friends what a wonderful medicine Sargon is. It deserves full credit for it does just what they say it will do."

The above statement was made recently by T. M. Campbell, electrical engineer in charge of all electrical work at Fort Sam Houston, San Antonio. Sargon may be obtained in Colorado from Colorado Drug Co.; in Westbrook from Mrs. Margaret Laster, and in Lorraine from Hutchinson & Hall. Adv-11

S. A. MARTIN ALSO MADE HOLE-IN-ONE

In recording the names of those who have made holes-in-one at the Country Club Golf course last week, the Record neglected to mention S. A. Martin. All due apologies are here-with made, for the mistake was unintentional, the blame being entirely due to the hurry we are living in these days, "putting on speed," like Mr. Martin did when he made that score.

J. P. MAJORS JEWELER
Colorado and Sweetwater, Texas

Snyder Editor Says Things About Some From Colorado

Present and former well-known residents of Colorado came in for the following remarks by the Snyder editor in sidelihts on the west central district convention of the W. T. C. C. held there last week:

"Rep. Wed Reid of Austin, formerly editor of the Colorado Record, told in a telegram to the meeting what he thought of things in general and added plenty of spice to the proceedings with his clever and well written day telegram. Wed Reid is sold on West Texas. We need more fellows like him at Austin who have the courage of their convictions and with 'GUTS'—spelled with capital letters, and Friend Wed has 'em. Best luck to him. He's a regular guy along with our own Representative Dr. W. R. Johnson, who has proven his worth 100 per cent. Reid and Johnson make a perfect pair of aces."

"Judge C. C. Thompson, old time friend of Colorado and Mitchell county, and who was born just south of Intan Flats, but who calls Colorado his mail address, came in for no end of kidding when officers Byrd, Brownfield and Woodfin got him for breach of the Volstead ruling. Charley took it amiably and well with County Supt. Bullock sticking up for him. He escaped with a five-year suspended sentence but according to 'Wild Bill' Cooper of Stamford, he hoped the authorities would let Thompson's sentence ride."

"The loss of 'Wild Bill' Cooper's hat during the banquet resulted in a generous collection being taken up at the Manhattan hotel following the meeting in which a most beautiful tin hat was purchased for Bill to cavort about in in his Stamford office. His friends stated that tin was best for Bill, that it covered ivory much better than felt and would cover up the bushy wig that Cooper displays at all public occasions. Donations for the hat were accepted from the following: Max Bentley, Col. R. L. Penick, Homer D. Wade, Andy Bourland, Col. C. C. French, C. H. Amacker, Grady Shipp, Judge C. C. Thompson, and Glenn Sample. The Senior Editor also dropped two-bits for the occasion owing to the fact that Bill had accused us of the theft, but knowing him so well and his remarkable hard-luck tales, we simply could not help ourselves."

TEXAS SENATORS IN U. S. CONGRESS 1845 TO 1930
By ALVA O. HEARNE

The Record is running each week short biographical sketches of Senators elected to the United States Congress from Texas. Students and others interested should follow the series from week to week. It clipped and placed in a series book, these sketches will furnish valuable references on the political developments of Texas.

HORACE CHILTON (1891-1892)—(1895-1901)

Horace Chilton was born in Smith county, Texas on December 29, 1853. His father was George W. Chilton and his mother Ella Goodman, both of Alabama. He was reared in Tyler, Smith county, Texas; was educated in the schools of Tyler under the tutorage of Thomas Smith and John T. Hand, and attended the Lymmland Institute in Hardin county, Kentucky for one session.

At fifteen years of age, Horace Chilton was under the necessity of earning his own livelihood and also that of his mother and sister. He left college in the midst of his educational course, to obtain work. He entered a printer's office, where he worked for a year, applying himself with faithfulness and intelligent energy, and acquiring a practical knowledge of the printing trade, all the while pursuing his studies at night, the only time he could call his own.

The war between the States wiped out the possessions of his family, and he cheerfully denied himself every luxury in order that all of his earnings might go toward the maintenance of the little home. In time he became a journeyman printer and followed this calling in various towns in Texas and Louisiana. He finally established a small paper at Tyler, which he ran until he had accumulated a small fund, by which he was enabled to accomplish a long cherished purpose, namely, to read law and secure admission to the bar.

Determined to compel success by meriting it, Mr. Chilton passed through that period of trial and probation which faces the young and untutored lawyer in his struggle for a position of independence in his profession.

In 1877, he was married to Miss Mary W. Grinnan at Tyler, Texas, and there were eight children—George, Mary, Benjamin, Christine, Ella, Thomas, William and Arch.

Mr. Chilton has never been an office seeker, but few men in the State have done more for Democracy. In 1881 Governor Roberts appointed him assistant attorney-general, without solicitation, and after discharging the duties of that office he returned to a successful law practice.

In 1888 he was elected a delegate-at-large from the State to the national Democratic convention at Saint Louis. In 1891 Governor James S.

Hogg appointed him United States Senator, as a Democrat, to fill the unexpired term of Hon. John H. Reagan, who had resigned to accept the chairmanship of the State Railroad Commission. He took his seat in the United States Senate on December 7, 1891 and served until March 23, 1892. Governor Hogg and Mr. Chilton were boyhood friends and worked together in the same printing office.

Shortly after his appointment to the United States Senate, Mr. Chilton made an address to his fellow-townsmen, strongly opposing the sub-treasury idea which possessed the Farmer's Alliance men in Texas. These few sentences quoted from that speech reveal his force and simplicity:

"Concerning this (the sub-treasury) scheme, my own duty is plain. The Constitution of my country is against it. The platform of the Democratic party is against it. Economy, business judgment, good old common sense, the experience of the past, the hopes of the future, the unanimous warnings of our great statesmen, all stand in its way."

In 1894, he was reelected to the United States Senate to succeed Hon. Richard Coke, and served from March 4, 1895 to March 3, 1901, when he resumed the practice of law.

Senator Chilton's record in public life is unspotted and his character is free from the taint of selfish ambition. Modest and retiring, he has never entered into the scramble for place. He has often aided in elevating others (whom he considered deserving) to places of high distinction, yet has never asked anything for himself.

Sunday School Lesson

(By REV. P. B. FITZWATER, D.D., Dean Moody Bible Institute of Chicago.) (©, 1929, Western Newspaper Union.)

Lesson for March 17

THE CHRISTIAN'S SABBATH

LESSON TEXT—Exodus 20:8-11; Matthew 12:1-8.

GOLDEN TEXT—For the Son of man is Lord even of the Sabbath Day.

PRIMARY TOPIC—God's Day, Sunday.

JUNIOR TOPIC—God's Day, Sunday.

INTERMEDIATE AND SENIOR TOPIC—Keeping the Lord's Day.

YOUNG PEOPLE AND ADULT TOPIC—The Lord's Day in Modern Life.

The designation "Christian's Sabbath" is a misnomer. The word "Sabbath" has a definite meaning. It signifies rest, cessation from action. When God had finished the heavens and earth, He desisted from creative action (Gen. 2:1-3). Since God's creative work was completed in six days, He ceased from action on the seventh day, which was therefore called the Sabbath, or Rest Day. Five definite objects may be assigned to the Sabbath:

1. To commemorate the work of creation (Gen. 2:3. cf. Ex. 20:11).
2. To keep alive the knowledge of the true God. Creation witnesses of a creator. Keeping the Sabbath in mind kept in mind the creation, and the creation made rest the Creator.
3. A forward look to the time when man shall enjoy full fellowship with God (Heb. 4:1-10).
4. To Israel it was a sign of the covenant between them and God (Deut. 5:12-15).
5. It was made for man's well-being (Mark 2:27).

At least while man's earthly condition continues, the Sabbath is needed to keep a proper balance between his body and his soul.

1. The Fourth Commandment (Ex. 20:8-11).

1. Obligations enjoined (20:8, 10).
- (1) Work through six days (v. 9). The command to work six days is just as binding as the command to rest the seventh day. In fact, there can be no rest unless there first be work.
- (2) Rest on the seventh day (v. 10). There must be cessation from all work on the Sabbath. Since God gave the example and then sanctified the day, it should be kept holy. It was not only to give relief to the physical body but to be a time when man's thought would be turned to God. It was designed to keep fresh in his mind the consciousness of God and His mercies. The human spirit should be refreshed by the study of God's Word.
2. How this commandment may be broken.
- (1) By engaging in labor or pursuing business interests on this sacred day.
- (2) By devoting it to amusements, since it was designed to keep fresh in mind the consciousness of God.
- (3) By making it a day of feasting.

II. The Son of Man is Lord of the Sabbath (Matt. 12:1-8).

1. The hungry disciples plucking corn (v. 1). This took place on the Sabbath day and became the occasion for criticism.
2. The Pharisees finding fault (v. 2). They asserted that Christ's disciples were breaking the law, when in reality they were only violating the traditions with which the law was encumbered. The Lord's purpose in instituting the Sabbath was to conserve man's highest interest and contribute to his happiness. It is extremely unfortunate when human tradition is elevated above the Word of God.
3. Christ's reply to the cavils of the Pharisees (v. 3-8).

In this reply He shrewdly answered the Pharisees and pressed His transcendent claim as to the dignity of His person. This claim moved them to plot His death. As to His claim, observe:

- (1) He is greater than their greatest king (v. 3, 4). David, when rejected, was forced to do that which was unlawful for him to do (1 Sam. 13). Because they had rejected the one greater than David, the plucking of the ears of corn became a necessity.
- (2) He is greater than their sacrifice and priesthood (v. 5). If the priests, because of their position and services, could violate the Sabbath laws and be blameless, much more the One greater than they in performing His work of sacrifice and redemption for them should be considered guiltless. He was the true sacrifice and priest.
- (3) He is greater than the temple (v. 6). The temple, with all its gorgeous rites and ceremonies, was typical of Christ. Much more then did He have the right to do what He did.
- (4) He is greater than the Sabbath (v. 8), because He is Lord of the Sabbath.

Great Task of Happiness

It was for the joy that was not before Him that our Lord endured the Cross, despising the shame. The joy of the Ascension is but an echo of the joy of Bethlehem, and the task of Christ was one "great task of happiness."

To Gladden Our Hearts

Love's sittings often precede His liftings. He sits to get rid of the chaff, and He lifts to gladden our hearts.—Selected.

Payne Notes

Mr. and Mrs. S. O. Wulfjen and son visited relatives in Sweetwater Saturday and Sunday.

We are all sorry to hear that Mr. J. F. Marren has been on the sick list.

Several attended the singing convention at Colorado Sunday, and all reported a nice time.

F. M. Saling and family made a flying trip to Concho county last Friday.

J. G. Grissom and wife, W. P. Bassham, R. T. Bassham, B. D. Bassham and J. R. Henderson are attending the Fat Stock Show in Fort Worth this week.

Mrs. K. Jackson returned Saturday from Vincent, Texas, where she has been visiting with her parents, Mr. and Mrs. M. N. Brown.

V. F. Jennings and family, and Mr. and Mrs. Virgil Rowe from Concho county spent Friday night and Saturday with F. M. Saling and family.

The State Inspector, Mr. Eilers, accompanied by Miss Ruby McGill, county superintendent, visited our school last Friday. We'll tell you later about the score.

Estelle Mae Bassham of Shepherd spent Sunday with Miss Grace Cope land.

Mrs. W. A. Fuller, Mrs. W. M. Miles, and Miss Robbie Miles were dinner guests Sunday of Edd Stokes and family of Colorado.

The social was well attended Friday night at Mrs. J. G. Grissom's. About 20 were present. Refreshments were served and everyone reported a nice time.

Mrs. E. I. Cambron was a dinner guest Sunday of her old McKinney friends, in Colorado.

HORN'S CHAPEL NOTES

The play given by Horn's Chapel local talent, on Friday night, March 8, was about the best performance that we have ever had at this place. The house was comfortably filled. We wish to thank each one who contributed to the success of the play in any way. Especially those in the community who are not in school, but who took part in the play in any way.

At this writing there is gentle patter of rain to be heard which is being very thankfully received by all.

A large percentage of the land is already prepared for the new crop.

Several Horn's Chapel folks, including Bruce Moore and wife and sister; Percy Whitlock, Will Geiger, Albert Geiger, Jewel Geiger, Mr. Mathews and others, attended the 4-County singing convention at Colorado Sunday afternoon and had the time of their lives.

Will Moore of Tye visited relatives in this community this week-end.

Tom Horn and family visited Mr. Horn's sister in Colorado Sunday.

Mrs. Bowen spent the week-end with home folks at Loraine.

Several boys and girls of this community attended a party in Fairview community last Saturday night.

Mr. Mathews is hopping around very feebly on a game leg. He says a six-year-old boy threw a tennis ball and hit him on the leg, thereby causing the crippled movement of Mr. Mathews' pedal extremity. But whoever heard of a tennis ball, thrown by a small 6-year-old boy, hurting anyone. It seems ridiculous. From the way Mathews limps, it appears that a larger boy might have hit him in the leg with a baseball bat or a sledge hammer. Or probably he was running and hurt his leg as he went over the fence. Anyway the hop is there and it isn't the kind you put in beer, either.

Miss Jewell Bassinger is out of school on account of illness.

Claud Bassinger and family visited G. L. Bassinger and family Sunday.

G. M. Geiger is planning to set his incubator this week.

Miss Annie Mae Cochran spent the week-end with her parents, and also visited Mrs. Garnett Bowen Saturday evening.

Albert Geiger, Jasper Bassinger, and Wesley Gross went to Westbrook to a party Saturday night.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION

Scaled proposals addressed to the State Highway Engineer of Texas, for the improvement of that part of Highway No. 7 covered by F. A. P. Nos. 111-Reop. and 498-B, in Scurry and Mitchell counties, will be received at the office of the State Highway Engineer, at Austin, Texas, until 10 o'clock a. m., March 19, 1929, and publicly opened and read.

Work consists of Construction of Grading and Drainage Structures from Nolan County line to Hermitage, a distance of 9.233 miles.

Time for completion to be 125 working days.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of S. C. Dougherty, Resident Engineer, at Snyder, Texas, and at the office of the State Highway Department, State Office Building, Austin, Texas.

A certified, or cashier's check for \$1,500.00 is required. 3-22e

Office Supplies of all kinds at the Record office.

HEAVIER PRODUCTION ON CHEVROLETS IS PLANNED

DETROIT, March 14.—That there will be an upward revision of Chevrolet schedule, calling for an output of 1,350,000 units instead of the 1,250,000 quota originally established, was indicated today by R. H. Grant, the company's vice president in charge of sales, who has just returned here after six weeks spent in conducting dealer meetings in the northern and western sections of the country.

This alteration in production plans, Mr. Grant explained, was considered only after very thorough surveys of business conditions undertaken by him and other Chevrolet officials. In the course of this year's dealer meetings, officials divided into three groups and visited 37 metropolitan centers. Exhaustive studies of sectional conditions were made possible by the cooperation of thousands of dealers, bankers and businessmen.

"At the time the new 6-cylinder car was announced, we predicted a volume of 1,250,000 units for year 1929," Mr. Grant said. "And as a result of my visit to 13 widely scattered sections and similar visits to other sections by my associates, I feel that we are warranted in raising that figure to 1,350,000. Beyond that mark we cannot go with our present facilities but these can be quickly increased if the demand justifies."

"While we feel that there will be a ready market for this huge volume of cars and trucks they will be produced only if they can be absorbed in a natural way. We do not want in any way to crowd dealers or overload them. The dealers, however, seem to feel that this great volume will not be difficult to handle."

Mr. Grant seemed highly enthusiastic in his forecast for continued prosperity. Everywhere he traveled, he said, indications pointed a year of unusual promise.

MR. AND MRS. SHEPPARD HONORED ON ANNIVERSARY

A group of friends surprised Mr. and Mrs. J. R. Sheppard with a party last Wednesday afternoon on the occasion of their thirty-fourth wedding anniversary, and at the same time honored Mrs. F. E. McKenzie, whose birthday it was. The occasion was also Mrs. Sheppard's birthday.

The afternoon in the Sheppard's

Sore Throat? Don't Gargle

Quicker and Better Relief With Famous Prescription

Don't suffer from the pain and soreness of sore throat—gargles and salves are too slow—they relieve only temporarily. But Thoxine, a famous physician's prescription, is guaranteed to give relief almost instantly.

Thoxine has a double action—relieves the soreness and goes direct to the internal cause. No chloroform, iron or other harmful drugs—safe and pleasant for the whole family. Also wonderfully effective for re-

Got Up In The Morning Feeling DIZZY

"I BEGAN to suffer with headache and biliousness," says Mr. John C. Malone, of Buena Vista, Ohio. "I had a hurting through the middle part of my body which seemed to come from indigestion. I would get constipated, and then feel all out of sorts. I would get up in the morning feeling dizzy, and everything I ate would disagree with me. Someone asked me why I did not try Black-Draught. I found it to be just the medicine I needed. When I feel a spell coming on, I begin by taking a dose of Black-Draught, dry, at night. I continue to take it for several days, and in a short while I am feeling fine. It is all the medicine I need."

Costs only 1 cent a dose.

DRIVERLESS CAR DREW ATTENTION OF CROWDS SATURDAY AFTERNOON

Radio Controlled Chevrolet Steered Through Traffic Successfully

The "phantom car" in Colorado Saturday afternoon drew the attention of hundreds of spectators as it drove over the downtown section and made the six demonstrations which it was scheduled to make at various times. Carrying neither driver nor passenger, but stopping, starting, turning, and honking just the same, the car—a Chevrolet coach—was operated and controlled entirely by radio. A Majestic radio, furnished by W. L. Doss Drug, was carried in a second car following the phantom car and directed its radio waves to the phantom car.

Methodist Of Sweetwater Are Beginning Fight

Evidence that Sweetwater Methodists are waking up and getting to work in an effort to win over Colorado in the contest which was begun two weeks ago was seen in last Sunday's reports from the two churches. Sweetwater won on three points, and Colorado on two, whereas Colorado had won on all points the week before. Colorado took the points on attendance at Sunday school and attendance at church, but Sweetwater took those on new pupils, officers and teachers present, and collection.

Aunt Maria was without a peer among negro cooks. Her specialty was molasses cookies. One day she was asked for her recipe. Without hesitation she replied: "Ah takes a cup of flour, but Ah don't use all of it, then Ah adds two gullups of molasses—" "But," interposed the guest, "what are gullups?" "Honey, don't you know? Well, when you has a ug of molasses, and turns it up, the molasses say 'Gullup,' and then run a little more and say, 'Gullup' again. Ah takes two."

The saddest words of tongue or pen are, "Get out, Daddy-it's flat again."

COUNTY SCHOOLS REMINDED TO TURN IN ENTRY BLANKS

DIRECTOR TEMPLETON REMINDS LEAGUE MEET CONTESTANTS OF NECESSARY STEP

All schools who will enter contestants in the County Interscholastic League Meet to be held in Colorado on next Friday and Saturday are required to send in an entry blank to Benton Templeton, director general of the meet, according to Mr. Templeton.

If these blanks have not been received by the school, Templeton states, they will be furnished by the State office of the Interscholastic League at Austin.

PLYMOUTH AUTO PLANT IS LARGEST IN COUNTRY

The new Plymouth auto manufacturing plant at Lynch Road and Mt. Elliott Ave., Detroit, has been thrown open to the inspection of visitors interested in the most modern methods of motor car production.

This huge factory, only recently placed in operation, is one of the most modern and completely equipped in the country. It occupies twenty-three acres of floor space and is the largest single floor structure of its kind in the country. The plant itself is 2,490 feet long and with the forty acre plot on which it stands represents an investment of over ten million dollars.

Due to this single floor plan, it has been made possible through the use of 12 miles of conveyor machinery

to produce 1,000 cars a day, when operations are on a single shift basis and 2,000 cars on a two-shift basis.

Two thousand nine hundred and forty individual machine tools, all operating under their own motor power, perform the myriad of functions necessary to make the various parts of the engines, control and running gear.

One hundred tons of standard steel were used to construct the ovens in which fenders are enamelled. There are 200 running-in stands to handle the engines that are constantly being tested prior to installation in their chassis.

So perfectly is the plant laid out and the work of employees arranged that there is no evidence of unusual hurry and bustle, no sign of confusion or of wasted movements.

In addition to the manufacturing plant the building has a completely equipped kitchen, cafeteria, dining rooms and hospital. Specially equipped lunch wagons have also been installed which run through the plant conveying food to the employees.

WHAT'S DOING IN WEST TEXAS

The stock judging team of the West Texas State Teachers College attended the thirty-third annual Fat Stock Show at Fort Worth. The team was composed of three students and Professor Frank R. Phillips.

A new garage building 100x140 feet will be constructed in Dalhart within the next thirty days by Chas. Williams. This building when completed will place business houses on three sides of the county court house.

Plans have been completed for a new two-story, 50 by 80 foot Masonic hall for Perryton. It is planned to put a basement under the building with provision for the installation of a heating plant, which will be used only if Perryton fails to get natural gas soon.

Cow testing in the Association in Deaf Smith county reveals that in one herd one cow made a net profit of \$16.62 in five months, while another made a profit of \$69.50. Six herds are under test and ten "boarder" cows have already been sold off because of poor performance, according to reports from Hereford.

Kernit now has, in addition to numerous important improvements, an \$18,000 railroad station being completed, a new \$250,000 court house, a school house just starting costing \$125,000, and a contract of \$180,000 has recently been awarded by the State for a highway.

The Brady Building and Loan Association has announced that it will lend money to Brady citizens, enabling them to pave streets, adjoining their premises, at \$1.58 per month on every \$100 loaned. Forty blocks of resident paving have been completed and more contracted for.

R. L. Caskey, Boy Scout manager at Guyton, is planning to secure a plot of ground to be used as a nursery for shade trees, with the boy scouts to be drilled in the care of the plants. He will help with the seeding and care of ground around the courthouse.

Seventy-five new uniforms with which to dress up Plainview's two municipal bands have been ordered by the Board of City Development. This includes 35 men's uniforms and 40 scarlet caps and capes for the younger band.

Thirty-five planes have landed at the Ranger airport since its opening last Armistice day, when in two days forty-five planes attended the celebration. The daily average in one of the well equipped airports is \$2.60 from gasoline and oil and hangar service.

Work is drawing to a close on the new two-story Lockney Hotel. It will have 15 guest rooms, a dining room, coffee shop, lobby, barber shop and some store on the ground floor. It may be decided to put another of 15 rooms on the building.

Within the next six months Merkel will have a four-story modern hotel to cost \$25,000. On the first floor will be a commodious lobby, office, cigar stand, drug store, coffee shop, with banquet hall adjoining, and five store buildings. The upper three floors are to have 44 guest rooms.

The Pecos Mercantile company is to install more than \$15,000 worth of new equipment with a new mezzanine floor, a new men's shoe department. This store when built 24

TEXAS MARINE IS DEAD SHOT

SERGEANT C. J. CAGLE

Though many medals for marksmanship adorn the breast of Sergeant C. P. Cagle, U. S. Marine from Texas, he is likely to win more decorations soon. The sharpshooting Texan has been selected to take part in the International Rifle Team tryouts to be held at Quantico, Va., early in April. If he shows his usual skill in hitting the bull's-eye, he will go abroad with a team representing United States, which will compete in the international matches to be held at Stockholm, Sweden, in July.

Sergeant Cagle achieved distinction in the National matches held at Camp Perry, O., last September, when he won the National Individual rifle match by outshooting 1,453 crack riflemen, both military and civilian. He is 28 years old, was born in McGregor, Texas, and has been with the U. S. Marines about eight years.

years ago was considered one of the most modern in West Texas.

Big Spring is preparing to extend the \$30,000 storm sewer from East Third street to the T. & P. drainage ditch. This extension will be made at a cost of \$20,000 and will care for the flood waters coming from the south part of the city.

A contract has been let for the paving of four and one-half blocks of street in the main business section of Santa Anna. At the time the paving is done the water main will be replaced with an eight-inch pipe which will cause the insurance fire rate to be reduced.

Scout Council Meeting Date Yet To Be Set

Annual business meeting of the Buffalo Trails Council, Boy Scouts of America, which was scheduled to be held in Sweetwater some time ago but was postponed, will be held on one of the three dates of March 29, 30 or 31, according to announcement made by F. D. Craft, scout executive for the council.

The meeting will be held in Colorado. In case it takes place on the 29th or 30th, it will be a dinner event but if March 31 is the date chosen, it will be a Sunday afternoon meeting. The meeting was delayed before on account of the illness of Rev. W. M. Elliott of Colorado, president of the council. Officers for the coming year will be elected at this meeting.

LORAIN CLUB BOYS REPORT GOOD GAINS

Loraine club boys are reporting remarkable gains on their club pigs. Garvie Craighead, of Valley View, reports that his pig weighed 216 pounds at a little over four months of age and Kenneth Richburg's pig weighed 155 pounds at four months of age. Both of these pigs weighed close to 40 pounds when put on feed.

DAYS WHEN WIND WAS WIND AND LAND SOLD HERE FOR A MERE SONG

(Continued from Page 1)

when a soft wind was blowing, and there was a sandstorm nearly every day. This wasn't so in some parts of the county, but it was where we lived, because there was no grass to hold the soil. I often looked out and thought to myself that I could hold every living plant in sight in my apron.

"I've heard people say that the closing episode in 'The Wind,' where the heroine buried the man she had killed under a pile of sand which had drifted up four feet against a fence, was impossible, because sand never drifted that deep in this country. I know it could have happened, though, for one year when I was trying to make a garden I had some boys to build a windbreak for it out of net wire and brush. This windbreak was fully four feet high, and I saw sand banked to the top of it."

Another sandstorm episode which occurred one year while Mrs. Gustine was teaching school in Loraine was told by her. She taught there in 1902, 1903, and 1904 and there were only 12 students in school at the time. None of these live there now. She was the only teacher, and the schoolhouse stood downtown near the depot. The town was then composed of the two buildings mentioned above.

One afternoon on a lovely day in March, one of her students, Nancy Chapel, was looking out the north window, and drew Mrs. Gustine's attention to a thing of horrible appearance advancing on them from the northwest. Mrs. Gustine recognized it for a sandstorm, though it was twisting and whirling against the calm, blue sky, and was red and black in color. She sent her pupils home immediately, and herself ran to her boarding place nearby with a Mrs. Sappingfield, who was being visited by a Mrs. Sullivan. Both of them were scared, one of them believing that the thing they saw was the end of the world approaching. In reality, the strange coloring of the storm was caused by the different colors of the sand picked up. When the storm struck, Mrs. Gustine said, the sand was so thick and the wind so strong, that a white-topped hack which had been standing in their range of vision from the window a few feet away, was picked up and carried 50 yards without their seeing it, though they were looking in its direction.

"I don't know just why," she mused, "but the sand never has blown since like it did during those first years of the century, not even during the drought which held the country during the war. Not only the sand but the prairie dogs were awful during that time. They'd even eat all my plants down right out of my yard. I sometimes think that that drought was sent for a purpose, because before it came and killed out some of the pests like that in the country, there were parts of it not fit for people to live in."

Bone Hollow, which is now Buford, had Mrs. Gustine for its second teach-

er in 1905, its first one having been Miss Belle Stonamets, Nat Smith's sister's child, who gave it up to marry a Mr. Birney, who is now a prominent lawyer in Fort Worth. The community got its first name because of the quantity of buffalo bones found there. These were shipped away. Dr. P. C. Coleman, Judge J. L. Sheppard, and Dr. N. J. Phenix made up the board of county trustees which employed Mrs. Gustine to teach in Buford school held in summer, in those days, so the pupils could be in the cotton patches in the fall.

Reverting to "The Wind," Mrs. Gustine said, with her touch of humor: "If I had been writing that book, there's only one thing I would have changed, and that is the ending. I would have let the hero take his cattle off to water during the big drought and the heroine go with him. They could have returned a few years later with a herd of fat cattle and to a home in our present kind of a West Texas, with nerve-racking sandstorms no longer a daily happening, and would have lived happily ever after."

OIL PRODUCTION TO BE STUDIED

In its effort to stabilize oil production, the American Petroleum Insti-

tute recently voted the appointment of four regional committees to consider the problem from the standpoint of world supply.

The purposes of these committees is to study waste and overproduction of gas and oil and attempt to provide a solution. At the present time, as is generally known, oil supply exceeds even the tremendous demand. As a consequence surplus oil must either be wasted or placed in storage.

It is hoped that the investigations of these regional committees will lead to a satisfactory plan for conserving oil in the ground. The present waste is attributed to diversified ownership of oil pools, wherein each producer tries to withdraw as much petroleum as possible.

From the standpoint of both the industry and the public a cure for overproduction is an immediate necessity. Irresponsible competition benefits no one in the long run, and it seriously imperils our resources. A steady, high grade supply of oil, both for the present and future, is the important thing and the major producers are trying diligently to provide it through efficient service and elimination of waste.
