COL. McCARTY SPEAKS TO COLORADO LIONS ON NEED OF MERGERS

Record Force Special Guests When Veteran Newspaper Editor Talks

A unique personality, touched with the romance, philosophy, and progressive spirit found often in those who have guided a country weekly newspaper from a humble beginning to a position of prominence, spoke to the Lions club Friday at noon through the person of Col. Dick McCarty, owner and until recently editor of the Albany News, one of the widest-known weekly journals in West Texas.

The theme of Col. McCarty's talk was the need of mergers in community efforts, just as mergers have become things of necessity in big business circles of the nation and the world. In his sweeping style of speech, mingled here and there with humor, he pictured things which have been and could be accomplished when a sufficient number of the citizens of a town or county put their sincere efforts together and work to the end desired.

Col. McCarty recently resigned from his post as editor of the Albany News for a time to "take a rest." It is now being edited by Thos. Durham, formerly of the Merckel Mail. Col. McCarty had owned the News for upward of thirty years, and had guided it from a small, unknown weekly to one of the most famous weeklies in West Texas. Its description of itself as "A Journal that tells the truth and what it thinks part of the time," is famous in Texas newspaper circles. The Colonel is often referred to as "The Sage of the Shackelford Hills."

Mrs. McCarty was with Col. McCarty, and she was also introduced to the Lions, and gave a short talk in which she said that "somebody had to come along and take care of the Colonel, and I could get no one else to take the job."

Members of the force of the Colorado Record were special guests and were introduced by C. L. Gray as follows: Walter Whipkey, general and advertising manager; Miss Jewel Collier, editor; Mr. and Mrs. John R. Baze, shop foreman and wife; Bill Turner, job and ad man; C. R. Raifsnider, job and ad man; Roy Farmer, head of the mailing department. Other guests were Geo. B. Root, introduced by Judge C. H. Earnest, and Don Taylor of Dallas, introduced by Joe Pond.

Col. and Mrs. McCarty visited in the Record office and with T. W. Stonerod, who had written them the invitation to visit the Lions club, before returning to Albany.

F. D. WHITEFIELD KILLED IN OIL FIELD ACCIDENT

VICTIM RUN OVER BY TRACTOR WHEN CABLE BROKE MONDAY

Fatally injured when run over by a tractor in the Westbrook oil field Friday morning, Felix D. Whitefield, 35, died a few minutes later at the C. L. Root hospital in Colorado.

Whitefield, according to reports, was driving the tractor, which was pulling a weight attached to a cable. The cable broke, and the lurch of the tractor threw him off in front of the machine, and it passed over his hips.

Funeral services were held at Westbrook Sunday. He is survived by his wife of a few months, and several children by a former wife who died.

Rev. Harvey To Preach For Iatan Gospel Services

Beginning Monday night, March 25, there will be a series of gospel services at Iatan. The meetings will be at night only. The preaching will be done by J. D. Harvey, minister of the Church of Christ at Colorado. A hearty welcome is extended to everyone to attend these services and study God's word together.

LOCAL DELEGATES TO RETURN SUNDAY FROM I. O. O. F. MEET

ABILENE SELECTED MEETING PLACE FOR NEXT YEAR

Colorado delegates to the eighty-ninth annual session of the Grand Lodge, I. O. O. F. of Texas, being held in Beaumont this week, are expected to return about Sunday. W. L. Doss, Jr., is representing the local Odd Fellows and Mrs. John R. Baze is representing the Rebekahs. Mrs. W. L. Doss, Sr., is attending as a past president of the Rebekah Lodge of the State.

Abilene was named as next year's meeting place, and the following officers were elected: Barry Miller, grand master; Ray Rector of Stamford, deputy grand master; Mrs. Jessie N. Roos of Amarillo, president of the Rebekah lodge.

The convention closed Wednesday with an automobile tour of the Sabine district.

FOUR-COUNTY FARM BUREAU MEETING IN SNYDER ON MARCH 29

Porter Announces Joint Session of Fisher, Nolan, Mitchell and Scurry

Announcement of a four-county meeting of the Texas Farm Bureau Cotton Association members and visitors in Snyder on Friday, March 29, has been made by W. W. Porter, field representative of the bureau.

Members and visitors will attend this meeting from Fisher, Nolan, Mitchell and Scurry counties. Lynn Stokes, president of the association; J. D. Coghlan, field service director; H. G. Lucas, president of the Texas Farm Bureau Federation, and Mrs. M. S. Hudson, district director of the federation, have been invited to attend and fill places on the program.

Porter states that the meeting will start at 10 o'clock in the morning, with the afternoon program being between 2 and 4 o'clock.

THREE SCHOOL BOARD MEMBERS BE NAMED AT ELECTION APRIL 6

Terms of Ford Morris, A. J. Herrington and E. H. Winn Expire

Three members of the board of trustees of the Colorado Independent School District are to be named at an election called for April 6, according to W. R. Morgan, secretary of the board.

Terms of E. H. Winn, A. J. Herrington and Ford Morris expire in April, Morgan says. No candidates have been announced so far, but it is probable that present members will be asked to serve another term.

E. H. Winn is president of the board. He has had a very successful administration and many citizens are insisting that he continue to serve on the board.

Other members of the board are J. W. Watson, Frank Kelly, A. C. Connell and W. R. Morgan.

W. T. KING DIED MONDAY EVENING

W. T. King, 74, for forty years a resident of Mitchell county, died on Monday evening at his home in Colorado. He had been in ill health for some time, but death was directly due to influenza.

King was born in Tennessee. He is survived by his wife.

Dr. C. L. Root left Wednesday morning for New Orleans to take another post-graduate course in medicine and surgery. He will be gone about two weeks.

Dr. Root takes post-graduate courses on special phases of medicine and surgery two or three times each year.

EIGHT NEW OIL TESTS IN THE HYMAN AREA NOW BEING PLANNED

Contracts For Four Wells Already Made; Interest In Leases Great

By HYMAN REPORTER
Eight new oil tests in the Hyman area are in prospect as a result of the activity caused by the big gas well recently discovered on the Spade ranch. Of these eight tests being planned, contracts for four wells have already been made.

Contract has been entered into for the drilling of a well on the west half of survey 36, S. P., block 17, in Mitchell county. The well, to be drilled in search of the gas sand recently found on the Ellwood ranch, is to be drilled by the McGinley-Seigler Corp. of Fort Worth. Lovie Dorn is the contractor. Bob Scott is the owner of the land on which the well will be drilled.

The McGinley-Seigler Corp. of Ft. Worth has contracted to drill two wells in the Hyman community, on land belonging to Mrs. Harry Hyman. The first well to be drilled will be on Survey 91, Waco & Northwestern, block 29. If the first well is a producer, the second well will be drilled on the northwest quarter of Survey 27, S. P., block 17, on land sold by Mrs. Hyman to Roy Neimeyer of Modesto, California. The third well will be drilled on 40 acres out of Survey 89, W. & N. W. block 29, in the Hayrick Pasture, near the Deeprock well, which was the first well ever drilled in that territory to show oil.

Contract has been agreed to, but not yet fully consummated, between Harry Hyman, of Hyman, Texas, and H. B. Herring of Fort Worth, for the drilling of a deep test on land belonging to Mrs. Hyman, near Hyman. This well will be drilled on or near what is known as the old Walter Stoneham place, and the location is believed to be especially promising for deep oil, and possibly for shallow oil.

Contract has been executed between Will T. Scott, Robert C. Scott and John P. Scott, land owners, and the Republic Production Company, a leading oil company, for the drilling of a deep test on a block made up of a number of sections belonging to the Scotts, on the HS Ranch. The well will be drilled on a location not yet announced, but believed to be near the old HS headquarters house, and between there and the Dollar Farm, belonging to Geo. M. Daniels of Georgetown, Texas.

Negotiations are in progress between Will T. Scott, Robert C. Scott, John P. Scott and Annie Rose Scott Heusinger, owners of the W. T. Scott estate, for the drilling of three or four additional tests for oil wells on the HS Ranch. While it cannot yet be definitely announced that these wells will be drilled, the prospects look good for the drilling of a well on two section block belonging to Mrs. Heusinger on the Sterling road, 18 miles southwest of Colorado, another well on another two section block belonging to Mrs. Heusinger in the southeast corner of the HS Ranch, and two additional wells on a nine section block belonging to Will, Robert and John Scott, near the center of the Ranch, and about two miles east of Hyman.

E. R. Bibby New Manager For J. C. Penney Co. Store

E. R. Bibbey of Cleburne, new manager for the J. C. Penney Co. here, arrived Wednesday and took charge of the store.

This is the J. B. Byars store, which was recently purchased by the Penney concern. The Penney company now has more than 1,600 stores in the United States.

Harry Jesperson, who has been manager of the Byars store, will leave this week for Pacific Grove, California, where he will manage a store for the Byars company.

Mr. Bibby has been with the J. C. Penney Co. at Cleburne for nearly five years, knows the dry goods business and is considered one of the best men in the organization. He has moved his family here.

TO SPEAK HERE

CONGRESSMAN W. D. UPSHAW

CONGRESSMAN WHO IS TO SPEAK HERE IS NOTED AS HUMORIST

Large Crowd Expected to Hear W. D. Upshaw on Monday Night

Congressman Upshaw, who speaks in Colorado Monday night at 7:30, at the high school auditorium, while usually taken seriously by his audience, is nevertheless brimming full of rich anecdotes bubbling with humor and fun, and he knows how to tell these stories as well as any man in America.

Dr. Len G. Broughton, himself an internationally known preacher, is quoted in the following statement: "Called upon right at the last of the Wake Forest College banquet in Richmond, I heard Will D. Upshaw fairly walk off with the crowd in the most captivating, masterly banquet speech I ever heard. I believe in my soul he is the best after-dinner speaker in America."

The story of Mr. Upshaw's handicap, through an accident early in life, and his come-back to a man of prominence and achievement, reads like a fairy tale. Collier's Weekly, referring to this, said: "Upshaw is the most amazing man in Congress. He is an old-time Sunday School story book come to life."

The late President E. Y. Mullins of Southern Baptist Seminary has said that Upshaw is the logical successor to William Jennings Bryan. A crowded house is expected to hear him Monday night.

Stoneroad Goes To Important McMurray Meet

T. W. Stonerod of Colorado attended a meeting of the endowment commission of McMurry College in Abilene Tuesday, which is declared by those in attendance to be the greatest in significance in the history of the college.

The commission is composed of the McMurray Board of Trustees and the board of education of the Northwest Texas conference, and Stonerod attended the meeting as a member of both these boards. The commission adopted a financial plan calling for the raising of \$565,000 for McMurry in the Northwest Conference within two years, and quotas for six of the eight districts of the conference were set at \$50,000 each. Abilene district's quota was placed at \$75,000 and Clarendon's at \$40,000.

SUMMERS ANNOUNCES EASTER OFFERINGS

John Summers, owner of the Shop, Colorado's exclusive menswear store, announces this week his Easter offerings in the way of men's apparel.

He says he has a new shipment of spring suits, hats and shirts, and specials on men's and boys' clothing.

Mrs. Ella Mae Vaughan, who has been taking treatment at McMurry University this week-end, having completed her studies there for a degree.

COLORADO AIR PORT BE OPERATED BY NEW CORPORATION FORMED

Plans To Form Company To Take Over Operation of Port Talked Monday

Plans for forming a corporation to operate the Colorado Airport were discussed at a meeting of business men at the banquet room of the Colorado Hotel last Monday night, and more than \$1,200 in stock in the proposed corporation was subscribed, according to L. B. Elliott, chairman of the aviation committee of the Colorado Chamber of Commerce, who announced the purpose of the meeting and explained some of the features of the plan.

Elliott stated that the Colorado Chamber of Commerce, which controls the airport, would turn the field over to the operating company so long as the field should be operated to the satisfaction of the local citizens and the Chamber of Commerce.

At the beginning of the Monday evening meeting, Elliott stated the meeting was not a chamber of commerce meeting, but was called by those who had conceived the idea that an operating corporation should be formed. Much enthusiasm for aviation and the plans for operation of the port were expressed. Plans for an active campaign in the city to secure stock subscriptions in the corporation will not be made until after the equipment for the airport has been provided. J. H. Greene, secretary of the chamber of commerce, said Tuesday.

About 25 business men were present at the meeting Monday. The general enthusiasm shown and the quick reaction to this business proposition shows these men are alive and progressive, Elliott says, and indicates that the young men of Colorado are ready to put their shoulder to the wheel and push for the benefit of this city.

HOME TOWN TO BE DISCUSSED AT CLUB MEETING TUESDAY

Past, Present And Future Of Colorado To Get Discussion

The Colorado Chamber of Commerce Luncheon club has a really desirable subject for discussion at the next meeting Tuesday noon, when the home town, "Colorado," will be discussed. Judge C. H. Earnest will discuss the past, J. H. Greene the present, and Harry Ratliff the future of the city. This program promises to be very interesting and it is expected a large attendance will be recorded.

The complete program for the Tuesday meeting follows:

Master of ceremonies — W. R. Morgan.

Invocation—Rev. W. M. Elliott.

Lunch served.

Music by Miss Ruth Hightower, Mrs. C. A. Wilkins and Sam Scott.

"Colorado As I Saw it 40 Years Ago"—C. H. Earnest.

"Colorado Today"—J. H. Greene.

"Colorado in the Future"—R. H. Ratliff.

Changes in J. P. Majors Store Nearly Done

Renovations and additions being made in the J. P. Majors jewelry store are nearly complete this week, and the result promises to make it one of the most attractive stores in Colorado.

New fixtures have been installed throughout, and the stock can now be played up to much greater advantage than formerly. A "horse show" glass case has been installed in the center, and new covering is being laid on the floor.

Miss Dale Hall returned from Simmons University this week-end, having completed her studies there for a degree.

MRS. MERRITT IS PRESENTED TO MRS. HERBERT HOOVER

COLORADO WOMAN VISITS THE WHITE HOUSE WITH COUNCIL

Among the 25 Texas women members of the Methodist Episcopal church attending the annual meeting of the Women's Missionary Council of the church this week in Washington is Mrs. J. G. Merritt. A total of about 300 women are attending the meeting.

The delegates were presented to Mrs. Herbert Hoover at the White House Thursday afternoon. Before going to the White House the Council adopted resolutions pledging its membership "to sustained activity on behalf of law enforcement, the promotion of peace principles, and the creation of good will between the races and nations."

Mrs. Merritt was one of the delegates who threw her influence to the bringing of the conference to Amarillo next year.

CIRCUS OF CHRISTY BROS. TO BE HERE ON FRIDAY, APRIL 5

Mammoth Parade Be Staged At Noon; 2 Performances To Be Given

The Christy Shows, the swagging aristocrat of the show world, and the largest show in the world that still retains the parade feature of show day, will be here on Friday, April 5, for two performances, and every child from six to sixty-six is planning to attend one of the performances.

The special trains of the Christy Shows will arrive at dawn, carrying the mountains of equipment, the stock, the menagerie, and the employees. It will not take long for the practiced hands of this national organization to build the mystic show city of seventeen tents, each of which is of essential service to the public, and the traveling show settlement of 1980 men, women and children. The street parade for which the Christy Shows is distinguished, will leave the show grounds promptly at noon. There are a tremendous variety of features, extravagant displays, and superlative condition of people and things in the Christy Shows pageant which has brought this great combined, animal show an enviable prestige. All the performers, and all the beautiful horses participate. All the animal cages are open to view, and the ponderous elephants, the clumsy camels, the herd of reindeer, the band of Cheyenne Indians, the six bands with their continual warfare, and the scores of funny clowns give animation to the swiftly moving procession.

The menagerie this year is far and away the largest and most complete set of savage beasts ever assembled under the flapping canvas walls of a show tent, and as the fame of the show depends primarily upon its great animal acts, no expense is ever spared to keep it up to its high standard. The stock has been unusually generous this year, and there are baby lions, baby tigers, and baby yaks, baby laughing hyenas, baby leopards. The press reported that a baby elephant had arrived, but this is a trifle premature as the event is not looked for until the middle of December.

Performances are scheduled for two for the afternoon and eight for the night show. Doors will open an hour earlier so that all may leisurely visit the menagerie.

Methodists Of Colorado Were Winners Sunday

Five points, Colorado Methodists remained ahead of the Sweetwater Methodists in last Sunday's record in the race which is on between these two churches.

Colorado won on attendance at Sunday school, attendance at church, and collection, and Sweetwater won on officers and teachers present and new pupils.

TO START POURING CONCRETE FOR IATAN FLAT PAVING APRIL 1

Grade And Bridge Work On Balance of Road Thru County Progressing

Actual work of pouring concrete for the concrete paving through Iatan Flats on the Bankhead highway in Mitchell county will start April 1, according to Judge C. C. Thompson.

The contractor, David H. Ryan, is now moving in material and is planning to start pouring concrete on April 1. Work will start at Westbrook and move westward to the Howard county line, Thompson says. The contract provides one hundred working days for completion of the ten-mile section to the Howard county line.

Grading and bridge work on the balance of the Bankhead highway through Mitchell county has been temporarily tied up owing to rains, but the work is progressing ahead of schedule. Thompson says about half of the grading and bridging has been completed on the road from Westbrook to the Nolan county line. Six grading crews and two bridging crews are working on the job. This work is being done by the Tibbetts Construction company of Ft. Worth. The grading and bridging will be completed by about July 1 and the road will be thrown open to traffic for at least a year before the paving is put down, it is said. Traffic is being directed over the south road from Loraine to Colorado, and south-east of Colorado via Conaway. This detour road was almost impassable during the rains first of the week.

Highway work in Nolan county on Highway No. 7 from Roscoe toward Snyder is almost completed, according to S. C. Daugherty, resident engineer of Nolan and Mitchell counties. Only about 500 feet of caliche base now remain to be put down on Highway 7 north of Roscoe to the Secury county line, and the work will probably be completed this week. Work of putting on the 2 1/2 inch asphalt topping will start April 1.

On this road a caliche base 19 feet wide and 11 inches thick is being put down and then rolled to a thickness of 8 inches. In addition to putting on the two courses of asphalt as was done in Highway No. 1 to the Mitchell county line, an additional sealer course of gravel or crushed rock and light penetration asphalt will be put on.

Gravel or crushed rock for the asphalt topping on Highway 7 will all be imported, as there is nothing suitable in the county. It will be brought from the Tiffin rock crusher at Ranger and the Rails Brothers crushing plant at Brownwood.

FARMERS CONTINUE TO TERRACE LANDS IN MITCHELL COUNTY

THREE TRACTOR UNITS NOW AT WORK DESPITE LATE SEASON

Terracing continues in spite of the lateness of the season. Lines are still being run and three 10-ton tractors are still building terraces. The McWhirter unit is working at W. C. and A. J. Hooks, the Rogers unit is terracing at Jim Plaster's farm, and the county unit was working at the J. K. Taylor farm at the last report.

Indications are that the acres terraced this year will surpass last year's 8,545 acres.

Talking Pictures To Be Installed Here On April 1

Talking pictures will make their debut in Colorado by April 1, according to plans being made by Mr. and Mrs. Ross Dixon of Dallas, and Mrs. F. E. McKenzie of Colorado, who constitute the management of Palace Theatre, where the "talkies" will be shown.

Mr. and Mrs. Dixon have not yet written just what type of machine is to be installed, but it is certain that it will be one able to hold its own with the competing picture theatres in nearby towns.

The Hesperian Club

Mrs. John M. Prude was hostess to the Hesperian Club Friday. Mrs. D. M. Merritt led the lesson on "American Art."

Short sketches of the lives of a number of early American artists were given by Mrs. Wulfjen and Mrs. Johnson. Mrs. Bandy led the "Better English" drill.

At the social hour the hostess served a delicious salad plate with coffee. The next meeting will be with Mrs. R. J. Wallace.

Beg Pardon—a Mistake

Mrs. B. T. Daugherty's name was unintentionally left off the list given in last week's Record of those attending a surprise party at the home of Mr. and Mrs. J. R. Sheppard on the occasion of their anniversary.

Grade P. T. A. to Meet

The Grade P. T. A. will meet Tuesday, March 26, at 3:30, in the old high school auditorium. All members are urged to be present, as officers for the year are to be elected and a delegate to the district meeting to be held in Sweetwater in April will be chosen.

Mr. Peek will have charge of the program and has promised something very interesting.

London Bridge Club

Mr. and Mrs. Fred Brown very delightfully entertained the London Bridge club Tuesday evening.

The dinner tables were decorated in green and white, with green tapers in silver candlesticks. The hostess served a delicious two-course dinner, consisting of fried spring chicken, cream potatoes, carrots, hot biscuits, pickled peaches, followed by custard pie with whipped cream and dentils.

The guests other than the members of the club were Mr. and Mrs. Harris Toler, Cug Wheeler, Louis Collier and Dr. Browning. Mrs. Foster made high score and was presented with a peacock card tray. Paul Teas was given a jumbo cigarette holder as high score prize for gentlemen. Mr. and Mrs. Milburn Doss made low score and were presented with a stamp moistener and an Italian pottery bowl as consolation.

The next meeting will be with Mr. and Mrs. Foster.

Baptist W. M. U.

The Baptist W. M. U. met at the church Monday and had the following program, as outlined in the year book:

The D. A. R. will meet Saturday afternoon at 3:30 o'clock with Mrs. Harry Ratliff.

Merry Wives

The Merry Wives were entertained Wednesday at 3 o'clock with an Easter luncheon at the home of Mrs. J. M. Doss. The game tables were decorated with bunny rabbits on nests and place cards of Spring baskets filled with flowers.

The hostess served a delicious luncheon consisting of peas in prison, rolls and butter, ham and hominy en casserole, stuffed Easter egg salad, coffee and, for dessert, peach baskets and cake.

There were six tables of players. At the conclusion of the games each table put for a prize. These were large artificial Easter eggs filled with candy and nuts. The guests, other than the regular members, were Messdames C. L. Root, Sam Majors, Lee Jones, J. B. Mills, W. S. Foster, Dewey Tidwell, Dick Carter.

Mr. and Mrs. H. B. Wagner and little daughter, Patricia, and Mrs. Truman Jacobs of Cisco spent Thursday and Friday with Mr. and Mrs. Clyde Haney.

Mrs. Lockhart accompanied her sister of Colorado State to Kentucky with the remains of her husband, who was killed in an automobile accident last week.

Daughters of the King

Daughters of the King met with Mrs. R. N. Gary. Plans were made to finish paying the note off on the McCall Mission church, after which the class will start bending its efforts towards the church building fund. Mrs. Jeff Dobbs gave a very interesting report on the zone meeting in Loraine. This was Mrs. Terrell's last meeting as presiding officer.

At the close of the meeting, Mrs. J. W. Sheppard presented her with a primrose pot plant in recognition of her splendid work.

The visiting committee reported 60 visits to the sick and strangers, also six trays to the sick, pot plants and flowers taken.

The social service superintendent reported food and clothing taken to the poor and as having clothed some school children. At the conclusion of the business session, Mrs. Thompson invited the guests into the dining room, where Mrs. Gary poured tea at a beautifully appointed table decorated in green and white. The refreshments consisted of sandwiches, angel cake and tea.

The next meeting will be with Mrs. Hubbard.

Lookout Class

The Lookout class of First Christian church very delightfully entertained their husbands Friday evening at the home of Mr. and Mrs. Bun Pritchett. The guests were served at six game tables, each table centered with an Easter rabbit on a nest of eggs. The lovely three-course chicken dinner further carried out the Easter idea. The carrot salad on shredded lettuce to resemble a nest, and the ice-box cake was covered with the tinted green cream and centered with a tiny candy rabbit.

After the dinner, the guests played a number of games, among them a punch-board contest, which was very clever.

Guests outside the class were Misses Lottie and Pauline Pritchett.

Young Mothers' Bible Class

The Young Mothers' Wesley Bible class met with Mrs. McTeary and Mrs. Arlie Martin at the home of Mrs. Martin.

During the past month, each member of the class was to earn a dollar. Twenty-nine members reported as having made their dollar. It was also decided to let the Market Basket money go into the church building fund. Mrs. Brennan reported \$11.15 made for her side, making a total of \$40.15 for the church building fund for this month.

Other plans were offered to make money, among them the one by Mrs. Wallace; the Keybrook offer to give 10 per cent on orders for Nunnally's Mother's Day candy. A number of orders were taken.

The committee for visiting the sick reported seventeen visits made, also flowers, baskets of fruit and trays taken to the sick. The committee to visit new people reported 13 visits made.

At the social hour little Miss Irene Dorn gave a piano solo followed by a delightful rendition of Yankee Doodle by little Marvaline Martin.

The hostess served sandwiches, angel cake and orangeade.

Faithful Workers Entertained

Mrs. Bennett entertained the Faithful Workers Sunday school class at her home last Wednesday afternoon from 4 to 5:30 o'clock. The afternoon was spent in social talks and business.

PAYNE 4-H CLUB MEMBERS COMPLETE PIG FEEDING TEST

BILL HAMMONDS MAKES BEST GAIN; PIGS SOLD FOR TOP PRICES

Final weights which were taken on the Payne-4-H Club pigs showed that the feed cost to produce a pound of gain with winter-fed pigs ranged from 5.1 to 7 cents a pound, and it also showed that self-feeders using ground maize and pig feeds are practical for feedings hogs, as all the boys used feeders and all of them made a profit on their pig feeding.

After the pigs were weighed they were brought to town and sold to J. F. Morris for 10 cents a pound, which was the top price for hogs that day.

Bill Hammonds made the greatest gain, with a pig weighing 247 pounds. The pig weighed 43 pounds at the beginning which made a net gain of 204 pounds, at a feed cost of 6.3 cents a pound.

Wayne Hays' pig weighed 229 and gained 155 pounds at a feed cost of 5.1 cents a pound of gain.

Wayne Hays' pig weighed 40 pounds at the start and 184 at the finish, making a net gain of 144 pounds, at a feed cost of 6.4 cents a pound.

Leroy Bucklew's pig weighed 44 pounds at the start and 174 at the finish, making a net gain of 130 pounds, at a feed cost of 7 cents.

The average daily gain for these pigs was from 1.02 pounds to 1.7 pounds per day.

Fred Smith's pig had not completed the 120-day feeding period, so announcement of winners of the cash prizes offered by the Payne P. T. A. will not be made until his record is completed. All of the boys fed ground maize, milk, pig feed and kitchen slop and none of the boys had had experience in club work before.

SWEETWATER TO VOTE WATER BONDS APRIL 12

SWEETWATER, March 17.—On April 12, the qualified voters of the city of Sweetwater have a chance to put Sweetwater in a class that few West Texas cities are able to be included—a West Texas city with plenty of water—because the city commission yesterday afternoon definitely decided on that date for the water, sewer and street improvement bonds election.

Their Lives In Your Hands

SO MUCH depends upon the care you give them. Now... when they're so helpless and dependent on you to keep them alive... now, when their whole future depends on the feed you choose... is the time to feed Purina Chick Startena and Purina Baby Chick Chow.

They'll repay you for it many times in the months to come. Purina has all the proteins, minerals and vitamins it takes to strengthen and develop their tiny frames and start them on the way to early and profitable maturity.

Chicks' lives are in your hands. Feed them the best and safest food that science can produce. Feed them Purina.

SCURRY COUNTY WILL NOT AGREE TO CHANGE IN HERMLEIGH ROAD

Attempt of Highway Dept. Re-route Road Blocks Grading Contract

Contract for grading and drainage structures on nine miles of Highway No. 7 from Hermleigh to the Nolan county line, which was to have been let at Austin Tuesday, was tied up because of an attempt of the Highway Commission to change route of the highway, according to Judge Horce Holley of Snyder.

Recently the highway engineer has recommended a change in the route which will call for a new right-of-way and in speaking of the matter Judge Holley said:

"Following a meeting at Snyder between the commissioners court of Scurry county and landowners along the route of Highway 7, it was announced that contract for surfacing about nine miles on the highway, in this county, will be tied up for at least 90 days, pending settlement of differences between the court and the State Highway commission.

"The nine-mile stretch is in the southeastern portion of the county, extending to the Nolan county line, and is ready for surfacing, the grade and base already having been laid. The Highway Commission proposed a change in the route, after this grading and base had been finished, shortening it only 4,800 feet in the nine miles, which would require new construction at a cost of \$36,000.

"The commissioners' court feels that the proposed change is not worth the sum required. We have informed the commission that we stand ready to secure 100-foot right-of-way along the present route and to pay our one-third of the cost of construction. If the new route as suggested by the highway department should be built, great hardship would be placed on many farmers."

CHARLES WEEKS THANKS TOWN FOR ENTERTAINMENT
Charles Weeks, noted poultry authority who lectured here last week, has written the following letter to J. H. Greene, secretary of the Colorado Chamber of Commerce, thanking him for the entertainment given him while in Colorado:

"I wish to express our keen appreciation of the royal treatment received on our visit to your town. With such an active Chamber of Commerce and enthusiastic citizens your town is bound to prosper.

"We wish to extend a cordial invitation to you and your citizens to visit our demonstration farm and developments here at Wichita Falls. If you will let us know when you can have the excursion to our place, I will make it a point to receive you and give you a lecture right on our own grounds. I am sure that you will find the trip to our place both interesting and educational."

WILLIE GALEY MAKES MOST PROFIT FROM FEEDING TWO PIGS
COST 4c POUND FOR PIG GAIN, WHILE MOSTLY GROUND MAIZE USED

Willie Galey, son of Mr. and Mrs. I. K. Galey, made the greatest profit of any of the completed club records to date by feeding two pigs a ration composed of ground maize, milk, slop and a small amount of pig feed. The feed cost of a pound of gain was only 4 cents, showing that skim milk is one of the cheapest feeds for balancing home grains in feeding pigs. The pigs weighed 47 and 48 pounds and at the age of six months they weighed 197 and 198 pounds, having averaged 1.6 pounds per day.

To make this gain they ate 507 pounds of ground maize, 205 gallons of milk, 134 gallons of slop and 69 pounds of pig feed, which cost \$12.58 which with \$2.00 labor and \$10.00 for the first cost of the pigs makes a total expense of \$24.58, and the pigs were sold for \$39.50, leaving a net profit of \$14.92.

FARMERS COOPERATE IN DETERMINING COST OF PRODUCING PORK

SELF-FEEDERS ECONOMICAL AND SATISFACTORY, REPORTS SHOW

A number of farmers over the county are cooperating with County Agent Foster to determine the cost of producing various rations when used in self-feeders. H. Cranfill of Silver weighed seven hogs Thursday afternoon and started them on a self-feeder. He will feed them about 100 days and keep a complete record of all feed costs.

I. Smallwood of Hyman has been feeding nine pigs on a self-feeder for several months, keeping a record of all feed costs. They will be weighed when they are six months old, and the cost per pound of pork will be known. Mr. Smallwood kept his sow in the lot with the self-feeder when she was suckling pigs and says that he believes she actually gained weight while suckling the litter, whereas his sows usually get thinner until the pigs are weaned.

A. R. Northcutt of Spade will weigh in a bunch of pigs this week and keep a record of the feed. They will be fed skim milk and 15 per cent cottonseed meal and 85 per cent ground maize in a self-feeder.

Seventeen farmers and club members have built self-feeders the past few months and all of them report a saving in labor and just as good, if not better, results than when they hand-fed their pigs.

J. H. Carlock of Seven Wells reports good results in feeding several pigs a ration of 15 pounds cottonseed meal, 85 pounds ground maize, salt, lime with skim milk. The pigs were started on feed last August and were sold in February weighing 300 pounds at a little over seven months.

He says he intends to feed out another bunch of pigs in the same manner this summer.

PLANS COMPLETE FOR LEAGUE MEET HERE ON FRIDAY AND SATURDAY Medals And Ribbons Ready For Awards To Winners In Contests

Plans are complete for the County Interscholastic League Meet on Friday and Saturday at the Colorado High School, according to Benton

Templeton, director general of the meeting. The success of the track meet, of course, depends to a large extent on the weather, but if it does not rain the county is promised its first track meet in several years without a sand-storm. Literary events will be held in the high school building, and the track events on Cantrell Field. Medals and ribbons for awards to winners have already been secured. Following is the schedule of the meet, giving time for each event and the name of the teacher in charge of each:

We are just in receipt of a telegram from the Federal Tire Company advising us to stock up on the present day prices of rubber. Now is your best time to buy tires and tubes, while they are so cheap—Tire prices lower than they have been in 31 years. Let's trade tires today—to-morrow may be too late to buy tires at the present low prices—they will be from 10 to 30 per cent higher next week.

SOME MEN DON'T KNOW—OTHERS ARE PLAIN DUMB

As long as a bum tire looks almost as well as a good one, there will be a lot of people fall for the bum one—Usually they pay for their misplaced confidence and pay dearly.

We sell and service Federal Tires—They are the cheapest in the long run. Once in a while a sharp nail will cause a puncture, but the tough tread of Federal Tires will fight off punctures, stone cuts, and glass better than any tire we know.

And Miles—Say they are giving from 20 to 35 thousand miles without any trouble at all. The only kick we have they will last too long, but our loss is your gain. Let Federal Extra Service Tires be your next tires for that new car—Let us tell you how easily you can get them on that new car.

SCOTTISH BARITONE OF WIDE FAME TO SING IN COLORADO

Cameron McLean To Appear Here on Second Concert Tour of Texas

Fresh from his second appearance at all the Texas towns in which he sang last year, Cameron McLean, Scottish baritone, will give a program delightful to music lovers of Colorado at the high school auditorium Thursday night, March 28, beginning at eight o'clock.

Accompanying him in his program will be Mabelle Howe Mable, whose reputation as an accompanist is said to rank among the best and whose piano performance after nearly 15 years work with the baritone is said to be in such sympathetic accord that it is almost perfect technically.

Included in the varied program given by Mr. McLean will be Scotch songs, cowboy songs, and a sacred group which will be comprised of such favorites as "The Old Rugged Cross," and "Holy City." Some of these numbers may be given in costume.

Cameron McLean's voice has been called "one of the most beautiful baritones in the world," by the New York Post, which also says of him: "Cameron McLean is generously endowed with the singing art and the power of facial expressiveness. What a gift is this latter when combined with a genuine feeling for song. He attains the highest vocation in art, which is to communicate feeling. This artist has also an extraordinary talent for depicting types which cover every human emotion."

Detroit hails him as "unique interpreter. Such songs and such singing is an epicurean feast of music. An evening with him would be gratification for souls in students seeking to express themselves." St. Paul, Minnesota, acclaims him "one of the greatest interpreters of the art of song. He excels in the ability to create the atmosphere of a song, whether it be humor, pathos, exaltation or classic beauty."

William H. Hoerner, dean of music in Colgate University, has the following to say of Mabelle Howe Mable, the accompanist, and his statement is typical of the praise given her talent in papers of Akron, Ohio, Bay City, Michigan, New York, and others: "Mrs. Mable ranks among the best accompanists of today, brilliant when necessary, always alert and sympathetic to the words and desires of the singer, with a thoroughly trained technique which always responds to her intelligent desires, she makes a colleague and co-worker any artist would covet."

The program to be given Colorado by these two artists was secured through the efforts of Mrs. Cecil C. Meskimen.

J. B. Byars Store To Expand Operations Under New Control

Ownership of the local J. B. Byars Company store has just passed to the J. C. Penney Company, a nation-wide chain store system operating 1212 retail dry goods stores, in a purchase which involves the entire list of 104 stores included in the J. B. Byars Company and the Lindsay & Company which it recently acquired.

Announcement of the purchase was made through the financial press a few days ago, but general details of the terms of operation of the company under the new J. C. Penney Company management were only made public here today.

Such changes in the appearance and arrangement of the local store as are necessary to conform to the J. C. Penney Company type of store will be made. The changes will not disturb the operation of the store. The departmental lines of merchandise handled will be brought up to the regulation J. C. Penney Company stock within a short time.

A full line of both men's and women's clothing, footwear, haberdashery, notions, piece goods, millinery and men's and boys' headwear will be included.

The arrangement of the interior of the store will furnish exceptional opportunity for women customers of the store to make their purchases with both comfort and convenience.

The principal benefits to the local store trade will come through the added lines which will be carried and the wider range of selections which will be offered in the various departments of the stores.

The splendid system of J. C. Penney company merchandising and the plan of economic distribution will bring to local patrons the newest in style and the utmost in value.

The store units included in the J. C. Penney Company purchase of the Byars and Lindsay units cover twelve central western and western states and bring the strength of the J. C. Penney Company in these states up to nearly 100 per cent coverage.

In practically every instance, the new stores acquired by the Penney interests in this purchase are in towns which heretofore did not have a J. C. Penney Company store unit.

Total sales of the J. B. Byars Company and the Lindsay & Company stores for last year were in the vicinity of \$8,000,000. Estimates given for these same stores for this year under the Penney management, call for a quota of \$10,000,000.

Total sales of the J. C. Penney Company last year were in excess of \$176,000,000, with a quota for the present year already being set at \$215,000,000.

B. Y. P. U. Training School Is Being Attended By Many

The Training School for B. Y. P. U. forces of the First Baptist church being held each evening this week has been well attended in spite of inclement weather. The enrollment for Tuesday evening was 58. Four classes are being conducted, "The People Called Baptist" is being taught by the pastor; "The Senior Manual" by A. R. McHaney, "The Intermediate Manual" by Pat Whitaker, and "The Junior Manual" by Mrs. W. A. Rose.

A delicious luncheon was served Monday evening by the Excel Circle; another was served Tuesday evening by Circle One.

The closing sessions of the institute will be held Thursday and Friday evenings, beginning promptly at 6:45 for the first class period. Lunch will be served at the close of the first class session, or about 7:30.

Bold Burglars Looted Store Monday Night

Burglars who can stop to eat a lunch when they break into a store are evidently bold ones, and that was the type that entered the building occupied by the Two Republics Mercantile building Sunday night.

The building was entered by way of the transom windows on the north side of the building, where there is a dark alley. After eating a lunch taken from the stock, the burglars took several hundred dollars worth of merchandise, consisting principally of men's suits, dress pants and caps, an ladies' silk dresses and rayon hose. There is no clue as to the identity of the thieves, except a cup which one of them left.

Joe Chemali, proprietor of the store, says it is customary to keep a light burning in the building, and that the burglars must have hung a blind in front of it.

POULTRY INDUSTRY IN COUNTY THEME OF TALKS AT LUNCHEON CLUB MEET

Mitchell Poultrymen Discuss Methods; Great Growth Shown Past Year

JAMES LOGAN PRESIDES "Colorado" To Be Subject For Next Meeting; W. R. Morgan To Preside

The poultry industry in Mitchell county was the main topic discussed at the meeting of the Chamber of Commerce Luncheon club at the Colorado Hotel Tuesday noon, and many surprising facts relative to the industry were brought out by the practical poultrymen present, who talked on different phases of the industry.

James Logan, of the firm of Logan & Sons, operators of a 52,000-egg hatchery, presided and gave some information on the chick hatching business in addition to efficiently wielding the gavel.

Music furnished by Miss Melton and Clyde Haney brought forth demands for encores. Miss Melton played a piano solo and Haney sang, with Miss Melton accompanying. The applause showed these numbers were highly appreciated.

E. H. Whitehead, publicity manager, and L. B. Campbell, district manager, of the West Texas Chamber of Commerce, were guests of the club, and Mr. Whitehead delivered a short address on the work of that organization. Many of the major problems confronting West Texas the past few years have been solved by the work of this organization, Whitehead brought out.

W. B. Franklin, poultryman and farmer, made a good talk, telling what he is doing on his farm west of Colorado. He stated that he has about \$6,000 invested in his poultry plant and is having fair success. He has sold over 8,000 baby chicks this year compared to only about 3,000 sold last year. This would indicate a liberal increase in the industry in this section.

D. V. Merritt, who operates a hatchery in West Colorado, spoke regarding the increase in the poultry business since he established the hatchery five years ago. He said that farmers must pay more attention to stock and the care of their flocks and the eggs. He said that eggs properly cared for and from the right flock would produce around 90 per cent hatch, whereas many trays of eggs brought to his hatchery would hatch only about 40 per cent right alongside of trays that hatched 95 per cent. Merritt is well posted on the poultry industry and is deeply interested in seeing the flocks increased and improved.

T. N. Morgan, chicken fancier, who has one of the finest flocks of Rhode Island Reds in West Texas, spoke on the industry from the viewpoint of the show man. Morgan has taken more first prizes at recent shows in this section than any other local breeder. He captured practically all the prizes in the Red class at the Colorado, Sweetwater, Snyder and Spur shows last fall. He stresses the importance of an annual poultry show as a means of increasing interest in the poultry industry.

H. H. Shurtleff, farmer south of Colorado, who has just started in the poultry business, was a guest. He has started out right by building a good brooder house and has some good stock.

G. B. Slaton, local banker, a guest, said he realized the value of freed chicken but knew little about the industry as a whole. He stated, however, that he had discovered that those farmers who keep a flock of chickens and properly care for them rarely ever borrow money.

Mr. Lacey of Sweetwater, representative of a nationally known feed company, emphasized standardization and suggested close co-operation between the business men and farmers in marketing the products of the poultry farm. He also called attention to the fact that Mitchell county is now producing some of the best poultry in the country and said those who want to increase their flocks or improve them should buy their stock from local breeders. He said that high-grade chickens were being raised right in this county and there was no need for shipping in breeding stock.

W. S. Foster, county agent, said about 20 citizens in the county were successfully following the poultry industry as a profitable side line. Foster is one of the most enthusiastic proponents of the chicken business and is an authority on this business. He is rendering much valuable help to the poultrymen of the county.

Sam Wulfjen said he had only a dozen white leghorns, but they had laid more eggs the past year than a mixed flock had produced in four years before. He is a rancher who is seeing the light regarding the keeping of poultry.

W. E. Reid, State representative, after being pressed for information on the recent session of the legislature, refused to divulge his activi-

ties except in part, but did tell something of the lobbying of J. H. Greene, C. C. Thompson and Ben S. Peek, who were in Austin recently. He also told of some of the work of the West Texas Chamber of Commerce in behalf of legislation affecting the welfare of West Texas, while E. H. Whitehead volunteered the information that the local representative had rendered valuable service in helping put over their program for West Texas.

The subject for discussion at the meeting next Tuesday noon will be "Colorado." This city will be placed on the gridiron and discussed from many angles, and every citizen interested in this city should be present at that meeting. Anyone who knows anything about Colorado that is not general knowledge, or who could talk on the assets or needs of this city, should be there.

W. R. Morgan of the Texas Electric Service Co. will preside at the next meeting. Morgan suggests that if anyone wishes to have a matter about Colorado emphasized, reservation for the next luncheon should be made and he should be advised of the desired discussion.

J. H. Greene, secretary, says the Luncheon Club is a valuable asset to the Colorado, and says anyone interested in the development of this county is invited to join the club. "You can bring your own lunch if you desire," Greene says. "The point is, let's cooperate."

SMALLEST STATE ROAD CONTRACT EVER LET IS ON MITCHELL CO. ROAD

Highway Department Lets Contract For .41 Of Mile Tuesday

While Mitchell county can not boast of the largest State road contract in the State, it certainly can boast of the smallest State highway contract ever let by the highway department since the letting in Austin Tuesday of a contract for grade and drainage structures for forty-one hundredths of a mile on Highway No. 7, between Roscoe and Hermleigh. The total contract was for the sum of \$532.04, and Mitchell county is to pay one-third of this. Highway No. 7 crosses the corner of Mitchell county, extending less than a half mile in this county. In letting contracts of this kind it is necessary to let separate contract for each county.

SPANISH NEWSPAPER TO BE PUBLISHED IN COLORADO VERY SOON

Joe Chemali Heads Company Which is Undertaking Project

Publication of a Spanish newspaper for the Mexican population of this vicinity is to begin in the near future, the project being undertaken by the Spanish-American Publishing company, of which Joe Chemali is president and Joe M. Paredes editor. Headquarters of the company are at Colorado.

The paper is to be called "El Esfuerzo," meaning "The Effort." It will be the first of its kind in this part of Texas, and with one possible exception, the only one in West Texas.

Its purposes, according to its publishers, will be to cooperate with the American farmers in getting labor, to encourage the Mexicans in adopting the advertised methods of the American farmer, such as diversifying, and to assist them in the poultry industry.

This paper will cover a large territory with its circulation. The subscription list is said to be climbing fast.

John Helton On Semester Honor Roll At Texas U.

John Helton of Colorado was on the honor roll for the first semester at Texas University, according to information sent out by Dr. H. T. Parlin, dean of the College of Arts and Sciences at the University.

This is Helton's second year at the University. He was graduated from Colorado High School three years ago, and last year worked to enable himself to continue his studies at the University.

BOYS PROFIT FROM EXPERIMENTS IN FEEDING CALVES

Weights Taken Show All Have Made Profit With Local Feed

Weights taken on three of the 4-H club members' baby heaves this week show that all of them have averaged over 2.10 pounds per day throughout the feeding period and the cost of a pound of gain varied from 8.5 cents to 9.6 cents.

J. C. Northcutt's calf, which was started on feed when it weighed 597

pounds, weighed 850 pounds at the last weighing, having gained 253 pounds in 147 days. To make this gain, the calf ate 613 pounds of hulls at \$3.78; 631 pounds of cane at \$3.78; 996 pounds of maize at \$9.96; 249 pounds of meal at \$5.72, and 52 pounds of molasses at \$1.30. Total cost, \$24.31. Valuing the calf at \$50, the total cost will be \$74.31. Value of the calf at present is 11 cents per pound, at \$93.50. Profit to date \$19.29.

The two Wulfjen calves being fed by Robert Wulfjen and his father, Sam Wulfjen, were put on feed, weighing 580 and 630 pounds, and have gained 209 and 210 pounds, respectively, which makes a total weight calf of 789 and 840, and an average daily gain of 2.13 pounds. Each of these calves has eaten 1500 pounds of ground maize, cottonseed

CAR STOLEN FROM MRS. MESKIMEN RECOVERED

The car stolen from Mrs. Cecil C. Meskimen last Wednesday night, while she was at the weekly teachers' and officers' meeting in the Baptist church, was recovered and returned to her late Saturday.

The car was found two miles east of Sweetwater, according to information received here, minus gas and with a flat tire, which necessitated stopping it because it had no spare. The car was a Chevrolet coach and was taken from its parking place by the thief.

Mrs. C. P. Conaway, mother of Mrs. Meskimen, was spending the week in Fort Worth with another daughter and returned an hour after the car was returned to its owner, having missed all the excitement.

Appeals Court Reverses J. W. Burrier Case

Attorney S. H. Millwee received a telegram Wednesday stating that the court of criminal appeals at Austin had reversed and remanded the case of J. W. Burrier, Loraine farmer, given a five-year sentence in Archer County District court last year in connection with the death of an Archer county filling station owner. Burrier produced several witnesses who testified that he was in Loraine the day of the killing and therefore could not have been guilty. It was claimed by defense that no grounds for conviction existed and local citizens believed Burrier innocent of the crime and contributed funds to help Burrier fight the case. Reversal of the case is a great victory for the defense, and Judge S. H. Millwee says likely Burrier will be freed, because there is really no evidence that would indicate his guilt.

Many will remember history of this case. Burrier had been to Wichita Falls and stopped at the filling station in Archer county the day before the killing and bought some gasoline, giving the owner a check on a Loraine bank. After the owner was found dead, Burrier was arrested and charged with the crime, but had many Loraine citizens testify that he was in this county at the time the killing took place. Judge S. H. Millwee defended Burrier and carried the case to the court of criminal appeals, and the reversal is a splendid legal victory for him.

L. G. Walker, Jr., Leads In 4-H Pig Contest To Date

L. G. Walker, Jr., of Lone Star has the highest record to date in the 4-H Pig Club contest with a weight of 288 pounds for a six-months old pig. The pig weighed 46 pounds at two months and gained 242 pounds or an average of 2.01 pounds per day at a cost of 4.5 cents worth of feed for a pound of gain.

To make this gain, young Walker fed 671 pounds of soaked head maize at \$5.02; 50 gallons of milk at 2 cents a gallon, \$1; 119 gallons of slop at \$1.19, and 119 pounds of pig feed at \$3.57. Total cost \$10.78.

Present at the weighing were J. T. Draper, W. S. Walker, L. G. Walker, Sr., Roy Warren, Mr. Walker (grandfather of L. G.), George Draper, Roy Willis, Hoyt Britton, Earle Proceott, and members of the Walker family.

300 NOTARIES FOR NOLAN, FISHER AND MITCHELL COUNTIES

It should be an easy matter to get notary service in this section of Texas. W. E. Reid, representative from Mitchell, Nolan and Fisher counties, who returned this week-end from the regular session of the 41st legislature, reported that he had served 300 persons in getting appointments in the three counties. Many of the appointments were for special appointment to qualify immediately, while the majority were for re-appointment becoming effective June 1.

Vance Phenix Pursues Study In New York

Going farther into the study of the architectural work which has already won him an enviable position in his field, Vance Phenix, son of Mrs. N. J. Phenix of Colorado, and Colorado-reared, is now studying and working in New York. He attends an art school at night, and is associated with Raphael Hume, the architect, in his work.

Phenix last year captured a coveted prize for which architects all over the State were competing when he was awarded first place for the best plan drawn for the "Honeymoon Cottage" contest sponsored by the Houston Post-Dispatch. Phenix also won third place in the contest.

Mrs. Phenix has been visiting her own parents, Mr. and Mrs. T. C. Richardson, and her husband's mother in Colorado, since she and Mr. Phenix moved from Houston. Mr. Phenix also visited here for a while. Mrs. Phenix will soon join him in New York and they will make their home there.

VALLEY VIEW BOY TO USE DECLAMATION FROM SPEECH OF THOMPSON

J. C. Angel of the Valley View school is to use for his declamation in the Interscholastic League contest Friday, an extract from a speech, "A Tribute to the Texas Ranger," delivered by Judge Chas. C. Thompson to the Ex-Rangers' association, at their convention at Menard in 1927.

Although J. C. is only 12 years old, he will declaim in the Senior division, because he is in the eighth grade and therefore ineligible as a junior declaimer.

BALANCED RATION PROVES BIG MONEY MAKER FOR ANDREWS

CLUB BOY DEMONSTRATES THE VALUE OF PROPER FEED FOR HOGS

While Hoyt Andrews, son of Mr. and Mrs. Frank Andrews of Hyman was making his club pig gain 201 pounds, a litter mate fed an unbalanced ration of head maize and kitchen slop gained only 80 pounds. The club pig weighed 46 pounds at two months of age, while the other weighed approximately 40 pounds. At the end of 120 days the club pig weighed 247, while the other weighed only 129 pounds.

Hoyt's pig gain 1 over one pound a day more than the other pig. His pig was fed ground maize, head maize, skim milk and pig feed, and the feed cost to make a pound of gain was 7.3 cents.

THREE CARS CATTLE GO TO FORT WORTH MARKET

Clint Thompson, freight agent for the Texas & Pacific, reports shipment of three cars of cattle to the Fort Worth market the past week.

J. M. Marshall ordered a car for shipment of some cattle Monday but sold the lot to W. E. Warren and Warren shipped them to Ft. Worth. W. E. Conner shipped a car Tuesday, and L. W. Terry shipped a car a few days prior.

R. H. White received a shipment of ten registered Hereford bulls from Midland Wednesday.

GAS INDUSTRY DEVELOPS

The gas industry, as a glance at its history and past records show, has vast potentialities for future progress and development.

A tremendous amount of research in engineering and technical subjects and in such phases of operation as utilization and marketing, has already brought to light hundreds of additional uses for gas and has provided higher standards of public service.

In the past eight years volume of gas used for industrial purposes more than doubled; the average customer now uses 70 per cent more than when gas dominated the lighting field. In both domestic and manufacturing fields demand is steadily increasing. The industry is not only adjusting itself to the economic changes of the times, but is making important preparations for future use of gas in new and wider fields.

SENIOR DEPARTMENT CARRIES HONORS, TEACHERS MEETING
The teachers' meeting of the First Baptist church had an usually good

attendance on Wednesday evening. After an excellent luncheon served by the Althean Bible class of which Mrs. Carrie Gustine is the efficient teacher, reports were made out. Total number present, 83; visits, 186; with 75 phone calls, and 18 cards sent out. Pat Whittaker's Baraca class of young men led in attendance, there being 39 visits reported by them.

The Senior department, of which Mr. A. R. McHaney is superintendent, carried the banner in all reports. They are to be highly commended for the excellent work being done. They have one of the first classes to reach the standard set for organized classes, the Philathea class of which Mrs. A. L. White is the capable teacher. They are to serve luncheon next Wednesday evening. It will be worth your while to visit their class room, with its equipment and beautiful furnishings.

After the teachers' meeting a good crowd was present for the prayer service in which definite intercession was offered for the coming protracted meeting to be led by Rev. Charles Whaley, pastor of the First Baptist church at Sweetwater.

G. W. WHITAKER, PAUL C. TEAS AND DR. ROOT PLACED ON CITY TICKET

Three Prominent Citizens Are Drawn Into Race For Alderman

FRIENDS AID CANDIDACY

Present Aldermen May Seek Re-election At Hands Voters April 2

Names of three Colorado citizens, not now on the city council, have been filed for a place on the city ticket for election to the office of city alderman in the city election on April 2.

These citizens are G. W. Whitaker, bakery owner; Paul C. Teas, oil operator, and Dr. C. L. Root, local surgeon. Friends of these men have filed their names for a place on the ticket and have authorized the announcement of their candidacy.

Three city aldermen are to be elected in the April election. Terms of R. O. Pearson, G. B. Slaton, and J. Ralph Lee expire this spring and the names of Whitaker, Teas and Dr. Root have been filed for those places, while it is probable that each of the former will be nominated for a place on the ballot for re-election.

G. W. Whitaker has had considerable experience in city governmental affairs, as he served as a member of the city council at Strawn for some time, having resigned that office when he moved to Sweetwater some years ago, where he owned and operated a bakery before coming to Colorado. He purchased the E. H. Hurd bakery here about two years ago and has been very successful in conducting this business. At present this plant is considered one of the best equipped in West Texas. Last year Whitaker purchased his own building, which the plant is now occupying. This building was remodelled, making it suitable for a bakery plant, a new oven and much new equipment was installed, and the plant, including the building, is now valued at about \$35,000. Whitaker's success since he came here will commend him to the voters of the city.

GREENE TO ATTEND PUBLIC OFFICIALS MEETING MARCH 27

SUBJECTS OF VITAL INTEREST TO BE DISCUSSED AT SAN ANGELO

J. H. Greene, secretary of the Colorado Chamber of Commerce, will probably accept an invitation which he has received to attend the West Texas public officials' conference to be held in San Angelo March 27.

West Texas public officials' meetings were inaugurated last year in Coleman by Sim O'Neal, secretary of the chamber of commerce there and one of the men who bought out C. M. Adams' dry goods store here last summer.

Such subjects of vital interest to city and county officials as: "Should the city receive a portion of the gas-line tax," and "The relation of chambers of commerce to the city administration" will be discussed by important men in their respective fields.

The primary purpose of the West Texas Public Officials' conference is to better acquaint the men and to promote a thorough understanding of all West Texas problems.

Good Will Used Car Plan Adopted By Local Agency

That those who buy used cars from them shall not have the common fear of being "bitten" in buying a second-hand car, A. J. Herrington's local Oakland-Pontiac agency here has adopted the Good Will Used Car Plan of the General Motors corporation. The plan includes the giving of a Guaranty on all Good Will Used Cars, and the guaranty is given only on cars thoroughly reconditioned in accordance with Good Will practice, according to A. J. Herrington.

Under the terms of the Guaranty, Good Will Used Cars which do not prove satisfactory may be returned within 48 hours and the money paid allowed on the purchase of any other new or used car in stock. Defective parts are to be replaced during the first 750-miles of use if this mileage occurs during the first 30 days.

FATHERS AND SONS VOTE BANQUET LAST WEEK BIG SUCCESS

118 Fathers, Sons, Adopted Sons, Present At Gathering

One hundred and eighteen fathers, sons and adopted sons attended the Father and Son banquet Thursday night at the Baptist church. The occasion was sponsored by the Colorado Chamber of Commerce, and Secretary J. H. Greene acted as master of ceremonies. This affair has come in for more praise from those attending than any other in Colorado in several months.

The invocation was offered by Rev. A. E. Ewell, pastor of the First Christian church, after which the fathers and sons sang "America." The banquet was served by the ladies of the Baptist church, the menu consisting of fruit salad, chicken and dressing, gravy, cream potatoes, English peas and stuffed beets. The table decorations carried out the spirit of St. Patrick, being shamrocks and other green colors.

John W. Cobb, instructor in Colorado High School, made the welcome address, using as his subject, "The Building of Men of Character." He said that it was up to the present generation to build men for the future who held to the ideals of world brotherhood, stating that suggestion played a great part in a boy's life and that the present leaders should provide suggestions that would cause boys of the present day to have high ideals.

County Judge C. C. Thompson made the response for the fathers, using for his subject the "Duty of a Father to His Son." Judge Thompson began his address by stating that a man could have fine cattle upon a thousand hills and all the riches that this would could bestow, but that a father would not trade his son for it all and that every boy in his younger days wanted to be just like his "dad," and that the father's actions would most certainly mould the boy's character.

Mr. Thompson brought out the fact that the boys of today will be the men and the leaders of the future and therefore it behooves every father to so live that his son will be proud to follow in his footsteps and that the impressions of youth were the most lasting and that America would stand as the greatest nation on earth so long as the home life is on a high plane.

District Attorney Geo. H. Mahon made the response on behalf of the sons. Beginning by stating that the fathers of the community were always willing to boost for the boys and to flatter them and that the father and son banquet was a wonderful thing for the community, Mr. Mahon went on to say that most boys have great respect for their fathers and that praise is a greater stimulus to a boy than blame. The more praise the harder the boy works to please, he said, citing the fact that when a boy had done anything unusual, dad is the first person he wants to

OCLIE GREEN SEEKS SECRETARYSHIP OF CITY OF COLORADO

Former County Treasurer Is Candidate Subject To City Election

A former county official is now offering his services to the City of Colorado. Oclie Green, former county treasurer, has been announced for the office of City Secretary of Colorado subject to the wishes of the voters at the city election to be held April 2.

Oclie Green has lived in Mitchell county 25 years. He served very efficiently for four years in the office of County Treasurer of this county. He was with the Colorado National Bank for two years and has done office work for several years. The past season he was bookkeeper at the Concrete Gin in Colorado. He is considered a very efficient office man and clerical man and if elected to the office of City Secretary he would fill the office to the satisfaction of the people and to advantage of the city.

Oclie Green is a son of Major W. M. Green of Colorado, life-time president of the Texas Ex-Rangers' Association, and noted frontiersman of West Texas. Major Green is known far and near and has thousands of friends throughout the State, in addition to those of Mitchell county.

The election is drawing near and little time to see the voters individually will force Mr. Green to rest his campaign with friends to a great extent. He respectfully requests city voters to consider him when they go to the polls on April 2.

He feels that his ability and integrity is not questioned by any one. The fact that he has held responsible position and the fact that he is well known by most every citizen here would indicate that his candidacy will be well received. He promises if elected to put his whole time and effort into the job and guarantees to handle the business in a satisfactory and efficient manner.

The office of City Secretary is an important one since the growth of the city in recent years has increased the business handled by this office, and therefore the voters are expected to take considerable interest in the city election. Mr. Green sincerely requests due consideration at the hands of these voters.

CLOTHES EXPERT HERE THIS WEEK

FRED BROWN DRAFTED BY FRIENDS IN RACE FOR MAYOR OF CITY

Young Business Man Placed Before Voters For Executive

NOT SEEKING OFFICE

Will Serve if People See Fit To Name Him At Election April 2

Having been drafted by friends and supporters as a candidate for mayor of Colorado, Fred Brown, local business man, has been placed in the city political arena this week upon the promise that if the sovereign voters of the city see fit to name him to the office of chief executive, that he will serve to the best of his ability.

This promise was exacted from Mr. Brown after many friends and neighbors had urged him to accept the place on the city ticket, and after due consideration of the duties and responsibilities of the office and the sacrifice to his numerous business interests in case he is elected.

This is apparently a case of the office seeking the man, because Brown states he is not seeking this or any other political office and expects to engage in no campaign to secure the same. Any efforts toward election will be conducted by friends and supporters. As a matter of fact, these friends urged the candidacy upon Brown through a claim that it was a patriotic duty of citizens to assume positions in city government. Being deeply interested in the growth of the city and the welfare of our citizens, Mr. Brown consented to serve as mayor if elected.

Fred Brown has lived in Mitchell county practically all his life. His father, the late S. E. Brown, settled at Loraine many years ago, where he organized the First State Bank. He was president of that bank until his death a few years ago. Fred Brown has shown the real ability and stable business judgment that characterized the success of his father and is considered one of the most promising young business men of Colorado. He has been in the auto service business here about three years, and now owns a modern service station at the corner of Second and Logans on the highway. He is also director of the Colorado Feed Milling company, secretary of the Brown-Altman company, and has various farming lands and other business interests in the vicinity of Colorado and Loraine, in addition to his large property interests in Colorado. He owns several modern residences in North Colorado.

He has been a student of governmental affairs and has interested himself in civic projects of great importance to the city of Colorado, and doubtless would make this city a very satisfactory and successful chief executive. His many friends take pleasure in advancing his candidacy for this office and they respectfully ask the voters to consider Mr. Brown when casting a ballot in the city election April 2.

There are only two candidates for mayor before the voters at this time. Both of these splendid gentlemen have been urged to accept a place on the ticket for this office by their friends, and neither has indicated any intention of making a campaign to be elected. Thos. J. Coffey, local attorney, is the other candidate, who was announced by friends several weeks ago.

Registered Cows Bought In Dublin By Local Farmers

Registered cows with records of merit have been purchased in Dublin by E. M. Reese, B. O. Joyce, R. M. Jones, Jim Bodine, I. K. Galey, and Will H. Rogers. Rogers has been in Dublin this week loading the cows for shipment.

The cows were bought from T. E. Hughes and E. W. Bradley, and are from the best dams and sires of any cows in Texas. Some of them are from Lil, the State champion which sold recently at Fort Worth to John Tarleton College for \$530.

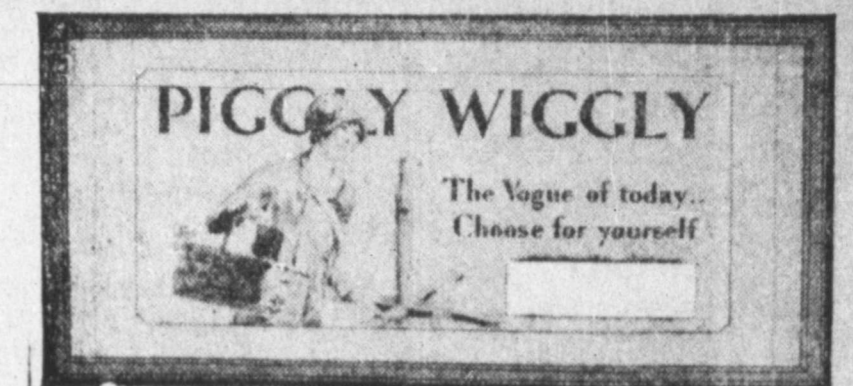

Galey also secured one of the best bulls there is in Texas, the one purchased being a descendant of a \$30,000 bull in South Texas.

Mr. and Mrs. J. B. Mills have returned from Dallas, where they went to have little Miss Joe Ann's tonsils and adenoids removed. Miss Joe Ann is reported doing nicely.

MODEL POULTRY FARM HAS QUIETLY GROWN UP NEAR COLORADO

W. B. Franklin Has Built One While Others Were Talking

Discovery that a model poultry farm has quietly grown up near Colorado while others were talking about starting theirs, was made this week when a representative of the Colorado Chamber of Commerce visited the W. B. Franklin farm three miles southwest of Colorado.

Franklin has ten brooder houses and pens of chickens with green pastures for each pen. Growing oats and wheat are planted in the pastures. The chickens are all white leghorns, which average more than five pounds each. The eggs from these hens average 24 to 30 ounces each, and one hen lays eggs weighing 32 ounces.

The three best records made on this farm are almost equal to the State's best records. Hen number 40 laid 314 eggs in one year, or 365 days; laying 102 eggs in 102 consecutive days; hen number 62, making the second best record, laid 303 eggs in 365 days, while hen number 93 produced 301 eggs in 365 days.

Franklin has one pen of 13 hens at John Tarleton school under test, and the highest one of these is only six eggs behind the State champion at the present time. Franklin stated that out of nine hundred laying hens he is getting 700 eggs per day. He further stated that his hens averaged him during the entire year of 1928, 218 eggs. This will average more than three dollars per hen net profit. Texas' best laying hen only laid 110 eggs in 110 days. Franklin's best hen came near this with 193 eggs in 193 days.

Hens and pictures are not the only things on this poultry farm. There are many other valuable assets to the poultry business, one of which is a well-equipped hatchery, with a capacity of 9200 eggs, which is running now at full capacity. Franklin is not on the electric power line, but is resourceful enough to equip his farm with electricity and heating devices until he has an absolutely safe method.

While Mr. Franklin has 660 acres of fine farming land, which is well cultivated, it is easy to see that he favors the chicken ranch over the other, as will be explained by the fact that he has something over six thousand dollars invested in poultry and equipment.

LONE STAR TEACHERS RE-ELECTED BY BOARD

The Lone Star trustees met Tuesday afternoon and unanimously re-elected all the teachers for next term. H. B. Barrier was re-elected to serve a third term as principal of the school; Misses Mayes and Dean were re-elected to serve as assistants for

second terms. This has been a very prosperous year for the Lone Star school, with excellent work being done in all departments. Domestic art has been added this year, under direction of Miss Dean, and about 18 girls are getting valuable experience in cooking and sewing.

The vocational work has been under the supervision of H. B. Barrier, with six boys doing excellent work in wood-work, terracing, etc. More than 400 acres have been eradicated by the class.

The community is very fortunate in having a cooperative school board, composed of Messrs. C. W. Groom, G. E. Ward, and T. F. Hall. These men have done everything in their power to improve the school. Through their efforts the school will have 7 1/2 months' term, the longest in the history of the school.

The Lone Star P. T. A. has rendered valuable service to make this one of the best sessions in many years.

EMMETT RICHARDSON AND WIFE MOVE TO MIDLAND

Mrs. Emmett Richardson went last week to join Mr. Richardson in Midland, where he has been for some time with the Midland First National Bank. Mrs. Richardson also took a position in the bank.

Mr. Richardson was with the City National Bank here for some time. He has been in Midland about a month.

All talk of Plymouth revolves on Quality

PLYMOUTH can match price with other motor cars in the lowest-priced field, but there all similarity ends. For no other car priced around it can begin to match Plymouth's size, quality, beauty and power. In these the full-size Plymouth is unique.

You think instantly of style when you see a Plymouth glide by. Thoughts of comfort are inevitable when you contrast Plymouth's full-size roominess with the cramped quarters of miniature cars. You feel a genuine thrill at the wheel when you discover the fine smoothness of Plymouth's big high-compression engine of Chrysler "Silver-Dome" type. You enjoy a wonderful sense of safety from the full-size Chrysler weatherproof, internal-expanding 4-wheel hydraulic brakes.

SHE TRAVELED FIFTEEN YEARS IN SEARCH FOR HEALTH, SAYS MRS. LINK

"For fifteen years I have done nothing but travel over the United States, Canada, and Cuba in a fruitless search for health. Three weeks ago I began the Sargon treatment and today I am a well and happy

MRS. M. M. LINK woman. That Sargon should restore me so quickly and so completely after all these years of suffering and failure is marvelous and I want my

friends everywhere to know about this wonderful medicine.

"Even the lightest meals would cause me to suffer tortures from indigestion, gas pains, and smothering spells. Sometimes I would just have to gasp for breath. Nervousness made my nights almost sleepless. Rheumatism troubled me a great deal, too, and my liver was so badly out of order I had to take strong purgatives continually.

"I took treatments everywhere without relief, and finally made up my mind to travel with the seasons and live the rest of my days as comfortably as possible. Had anyone told me that any medicine would do what Sargon has done for me I could not have believed them. It put my stomach in perfect condition and drove the rheumatism right out of my system. I eat anything, am no longer nervous, and sleep like a healthy child. I feel strong and well all the time. Sargon Soft Mass pills completely overcame my liver trou-

bles. They act gently yet thoroughly.

"To enjoy such splendid health as Sargon has given me is the greatest blessing in the world, and I feel it my duty to let other sufferers know about this wonderful treatment."

This remarkable statement was made recently by Mrs. M. M. Link, wealthy resident of 863 Tuxedo Blvd., Webster Grove, Mo. Mrs. Link is spending the winter at Grande Court, San Antonio, where she went in her long search for health.

Sargon may be obtained in Colorado from the Colorado Drug Co.; in Westbrook from Mrs. Margaret Laster, and in Loraine from Hutchinson & Hall. Adv.-1t

Clue Given To Name For Animal Found Near Here

Jimmy Beal writes from T. C. U., offering a clue as to the identification of the reptile or lizard found where the road is being graded east of Colorado, and described it in The Record last week. Here is what he says about it:

"The animal is a salamander, belonging to the amphibian group of phylum vertebrata. The large appendages, rather far back, are external gills, and this example is one of the highest types of vertebrates that breathes by gills. The group is of scientific importance because it is recognized as marking the transition from true gill breathing types. Dr. Gayle Scott, of the biology department here at T. C. U., requests that you send the specimen here for more complete information."

T. L. Grace, who lives two miles east of Colorado and who found the animal and brought it to town, stated then that he was going to let someone send it to Texas University, but if he did not do so, it will probably be sent to T. C. U., as requested.

Brown-Abbott Co. Increase Capital, Move To Dallas

The Brown-Abbott Construction Co., organized at Loraine in 1919 by the late S. E. Brown, father of Fred Brown of Colorado, and founder of the First State Bank of Loraine, has moved headquarters from Loraine to Dallas, according to Fred Brown.

Amendment to the charter of the corporation was granted at Austin last week whereby the capital stock of the corporation was raised to \$50,000 and the general offices designated as Dallas.

At the time the corporation was organized in 1919, it was composed of S. E. Brown, president; W. D. McCarty, vice president, and J. E. Abbott, manager, all of Loraine. Capital stock of the corporation was \$3,000.

The company built the Colorado river bridge on the Bankhead highway in West Colorado, the Lone Wolf creek bridge on East Second street, the Bear's Creek bridge on the Sterling City road, and the Morgan creek bridge in the Dorn community. J. E. Abbott has been in the construction business for many years. He was superintendent of the Oak Cliff viaduct in Dallas, and was also superintendent for three years on an \$18,000,000 construction job in Kansas City. He is now owner of the majority of the capital stock of the Brown-Abbott company, Fred Brown said.

At the present time the company is engaged in building a long trestle in Hardin county and a large bridge at Lake Charles, La.

FATHER OF LORAININE MAN DIES IN ABILENE

T. C. Tartt, 91, a resident of Taylor and Callahan counties for 20 years and father of W. H. Tartt of Loraine, died Saturday afternoon in Abilene at the home of his son, F. W. Tartt. Besides his son at Abilene and the one at Loraine, he is survived by another, B. W. Tartt of Hobart, Oklahoma.

Born in Henry county, Tennessee, July 30, 1837, and settled at Nacogdoches. He moved to West Texas 20 years ago and had lived in Callahan and Taylor counties continuously since, a considerable portion of the time having been spent at Cross Plains. MARKET:—a topic for conversation

TEXAS is the heart of a six billion dollar market. Texas industries have a market for their products within overnight shipping distance, comprised of 12,000,000 people. This population is rapidly increasing. The wealth of people in the Texas trading area is growing more soundly and more steadily than that of any other section of the country today. Natural resources are just now entering a period of intensive development. Texas industries thrive because they have a sound and growing market for their products.

(Continued from Page One)

tell of it, and that if the father lives right his boy will always idealize him.

Rev. W. M. Elliott, pastor of the Presbyterian church and president of the Buffalo Trails council of Boy Scouts, made the main address of the evening.

Rev. Mr. Elliott began his address by stating that he was wrapped up in the boyhood of America and had spent 25 years in the work for the boys. He stated that it was the greatest work you could turn your attention to, outside the salvation of men's souls. Too often the fathers leave the job of handling the boys to the mother, he said, but it is a full man-sized job and essentially belongs to the father, as there was not a person or organization in the world that could take the place of a father. "There is no substitute for religion or the home," Rev. Mr. Elliott stated. "The most critical age of a boy is 15 to 18—the age most boys go wrong and the age when judgment has not kept pace with the physical body. It is during this age that the father is needed most. If the boy goes wrong it is a sign that somebody has failed in his duty. God will surely hold a father responsible for his son during this critical age, and it is up to the father to control, guide and lead. The father should try to work with the boy, have a mutual understanding and get his viewpoint and then, if he is wrong, to guide him in the right way. A father can not be too fond of his son, although boys are not perfect, they can't be because they sprang from an imperfect source. Get in next to his life and you will find that there is nothing greater in America than our boys."

Rev. Mr. Elliott closed his address by giving the boys the following admonition: "Never until your mother's apron strings; they will hold you in the way of righteousness."

Led by Thomas Dawes, the gathering sang "The Eyes of Texas Are Upon You."

W. W. Porter was present with four sons to carry off the honors of the evening. One statement Mr. Porter made seemed to hit the right spot. He stated that you often heard the expression that you would not take a million dollars for your children, but would not give a dime for another; that he was the father of seven boys and two girls and that his dearest wish was that the boys were twins and the girls triplets.

A. C. Whitaker, who had with him his young son, Pat, Junior, age about four, had the youngest son present.

"A Father's Task"
By Edgar A. Guest

A father's task, it seems to me,

Is one that calls for tact and thought,
If careless he shall prove to be,
He'll long regret the damage wrought,
He must have understanding wide,
The countless questions to decide,
And here that most unusual mind,
Not over-harsh, nor over-kind,

He must be a teacher, wise and true,
And patient through the failures small,
He must know good and evil too,
And willingly explain it all,
The side of youth his eyes must see,
And fair his judgments are to be,
And, loving much, he still must make
Stern rules of life for wisdom's sake.

'Tis not by chance that some grow fine,
Or fathers find their tasks well done,
Few graze upon the unfurrowed vine,
Although it shares the rain and sun,
Yet too much shelter will at length
Deplete the plant of all its strength,
And too much loving will destroy
The independence of the boy.

A father must forever stand
Behind the boy in word or deed,
And yet at times must lose his hand
Ere he can guide him to the end,
And let him use his strength in strife
That he may meet the tests of life,
Remain the friend the boy can trust.

G. W. WHITAKER, PAUL C. TEAS AND DR. ROOT PLACED ON CITY TICKET

(Continued from Page One)

He has demonstrated his business ability and his friends say he can and will help in making a success of the city's business if named on the council.

Whitaker states he is not seeking this office. He is not in politics, despite the fact that some of his friends have thrown his hat in the city political ring. He will serve to the best of his ability if elected, yet he is positively not seeking office, he said yesterday morning.

Teas Is Oil Man

Paul C. Teas, second man mentioned for alderman, is an independent oil operator who has made Colorado his home for several years. He owns a permanent home in Colorado and is considered one of the city's most substantial citizens. Like other men mentioned for the place of city alderman, he is not seeking the office. He has merely stated to friends who solicited him that he would serve if elected and his ability to successfully serve the city in this capacity assures the voters that if he is selected the city's business will be properly cared for.

He is a member of the oil firm of Teas & Wheeler. This concern is drilling a deep test north of Colorado in quest of the Cisco series oil sand and Pennsylvania sweet oil. If they are successful in this endeavor Colorado will owe these operators a debt that can never be repaid.

Paul Teas is a man of mature judgment, a genial fellow and a splendid citizen who has the interests of the community at heart and the progress and development of the city in mind, therefore his many friends commend him to the voters as a man who can be depended upon. If he is selected for a place on the city council, he will conscientiously perform the duties and doubtless will make the city one of her best officials.

Dr. Root Also Drafted for Council

The third man mentioned needs no introduction at our hands. Dr. C. L. Root is probably one of the best known men in this section of West Texas. Every man, woman and child in Colorado knows Dr. Root. They have confidence in him. His professional work and his business judgment will stand the searchlight of public opinion. Being one of the largest property owners in Colorado, he naturally is interested in the welfare and growth of the city. He is owner of many pieces of valuable property in the city, in addition to the C. L. Root Hospital, which is one of the best in West Texas and represents an investment of more than \$50,000.

Dr. Root has served in various places of public trust as a matter of public duty and patriotism. He served as a member of the local school board some years. His services as a member of other public and official boards have been sought in the past, but his large practice and business interests have made it necessary for him to decline most of these. It was only after much persuasion that he consented to let his name go on the city ticket this year for alderman. He was shown that he owed it to the people to contribute a part of his time to the service of the city in which he has succeeded, and therefore he finally agreed to serve as alderman if elected.

Nothing we could say would add to the high esteem in which Dr. Root is held in his home city. Colorado is glad to name him as one of her citizens and doubtless would be honored by having him serve on the board of city aldermen.

The citizens could feel that the city's business would be in good hands if either or all of these three citizens should be named as members of the city council. This would also be true if the present members of the council should seek and receive re-election.

Colorado has enjoyed a steady growth the past few years. The business of the city has grown to double that of a few years back. Expansion programs are to face the council in the future and level-headed, honest and reliable business men such as are proposed, or such as have served in the past, as city aldermen are necessary on this board. It is said, however, that no mistake would be made in naming anyone or all of these three citizens as members of the council.

STEWARDSHIP AND MISSIONS

LESSON TEXT—Acts 1:6-8; 11 Cor. 5:11-9

GOLDEN TEXT—It is required in stewards that a man be found faithful (1 Cor. 4:2).

PRIMARY TOPIC—Love Gifts for God.

JUNIOR TOPIC—Love Gifts for God. INTERMEDIATE AND SENIOR TOPIC—What It Is to Be a Christian Steward.

YOUNG PEOPLE AND ADULT TOPIC—Stewardship of Self, Substance and Service.

1. Witnessing for Christ (Acts 1:6-8).

This is the supreme obligation resting upon believers in this age. While we are not responsible for bringing in the kingdom, we are under solemn obligation to witness to the salvation which is graciously provided for all who believe in Jesus Christ.

1. The disciples' question (v. 6).

They said, "Lord, wilt thou at this time restore again the kingdom to Israel?" The phrase "at this time" indicates their perplexity as to the time of the kingdom's establishment. They were entirely right in their expectation of the kingdom, for it had been predicted by the prophets, and announced by Christ as "at hand." However, they were in darkness as to the real purpose of God in calling and establishing the church. This is a matter concerning which there is much confusion today.

2. Christ's answer (vv. 7, 8).

He turned their attention from the desire to know times and seasons, which belong to God, to their supreme duty. They were to be witnesses of Christ to the uttermost parts of the earth, beginning at Jerusalem.

II. Christian Stewardship (II Cor. 5:14-9).

1. Examples of true Christian benevolence (vv. 1-5).

The liberality of these Macedonian churches exhibits practically every exalted principle and motive entering into the giving which has God's sanction.

(1) The source of true giving (v. 1).

This is said to be the grace of God, by which is meant that the disposition to give freely of our means is created by the Holy Spirit.

(2) They gave from the depths of their poverty, not from the abundance of their riches (v. 2). Their limited means did not cause them to be stinted in their gifts, but their deep poverty abounded into the riches of their liberality. On the basis of this philosophy, our poverty ought to be a call for greater generosity, for God has promised that if we give liberally He will give liberally in return.

(3) Their willingness surpassed their ability (v. 3).

God's gifts are reckoned by the degree of willingness, not by the amount given (see v. 12, cf. 9:7).

(4) They were insistent on being allowed the privilege of giving (v. 4).

(5) They first gave themselves to the Lord (v. 5). This is most fundamental to right giving, for when one gives himself to the Lord there is no reason for withholding his gifts. If one does not first give himself there will be the desire to retain as much for self as can be done within the bounds of respectability. We should first induce men and women to give their lives to the Lord.

2. Emulation of Macedonian benevolence urged (vv. 6-15). Moved by the generosity of the Macedonian churches, Paul desired Titus to commend to the Corinthians the same grace. This he urged upon them.

(1) Not as a command (v. 8). Acceptable giving must not only be liberal, but spontaneous.

(2) As a proof of the sincerity of their love (v. 8).

(3) As the completion and harmony of Christian character (v. 7).

The Corinthian church abounded in spiritual gifts such as faith, utterance, knowledge, diligence, and love for their ministers, but the grace of liberality was needed for the harmony of their lives.

(4) The self-sacrificing example of Christ (v. 9). Self-sacrifice is the test of love. All who have enthroned Him as the Lord of their lives, crowned Him Lord of all, will desire to imitate Him in all things.

(5) The true principle upon which gifts are acceptable with God (vv. 10-12).

God does not estimate the value of a gift upon the ground of intrinsic worth, but of the underlying motive of the giver.

(6) Because of common equality (vv. 13-15). Every Christian should give something. The law governing the gift is the ability of the giver.

His Presence

Many Christians cannot realize His presence because for them Christ lives in their heads or Elbes, but not in their hearts.

Helping God

There is but one way in which man can ever help God—that is, by letting God help him.—John Ruskin.

SPEAKER W. S. BARRON TO VISIT IN COLORADO

W. S. Barron, speaker of the House of Representatives, will visit in Colorado as the guest of Wed Reid, local representative, following the special session, according to statement of Reid, who returned from Austin Saturday night. West Texas representatives have persuaded Barron to consent to make a visit to this section of the State and he stated he would come to Colorado.

Hon. Coke Stevenson of Junction has been mentioned for speaker during the 42nd legislature, and Hon. Dewey Young of Wellington has been solicited to offer for this place. Both of these West Texans are receiving encouragement from all over the State, and Reid says either would be a splendid presiding officer.

Got Up In The Morning Feeling DIZZY

"I BEGAN to suffer with headache and biliousness," says Mr. John C. Malone, of Buena Vista, Ohio. "I had a hurting through the middle part of my body which seemed to come from indigestion. I would get constipated, and then feel all out of sorts. I would get up in the morning feeling dizzy, and everything I ate would disagree with me. 'Someone asked me why I did not try Black-Draught. I found it to be just the medicine I needed. When I feel a spell coming on, I begin by taking a dose of Black-Draught, dry, at night. Norma Jean, the 7-months-old baby girl of Mr. and Mrs. George Candler of Wink, died at her home Thursday, after a brief illness. The body was taken to Westbrook for burial, where funeral services were conducted at the Baptist church at 2 o'clock, with Rev. J. Leach in charge. Mr. Candler is a grandson of "Uncle" John Langley, formerly of this place, and the family has a host of friends here who deeply sympathize with them.

Rev. McDermitt and family went to Cisco Thursday to visit Mr. McDermitt's father, who is quite ill.

The cast who put on the negro minstrel at Conhoma last Thursday night, report a \$32.00 house. They will likely go to Roscoe next.

Rev. Mr. Naugle and wife, and Mesdames Currie, Hyslip, Rowland, Hudson and Terrell attended the Methodist zone meeting at Loraine last Thursday.

Mr. and Mrs. Fisher and baby of Kerrville were guests of their aunt, Mrs. Fannie McDonald, several days last week.

The second quarterly conference was held at Cuthbert Saturday with a good attendance and splendid financial report.

Joe McKinney and family left Friday for parts in Oklahoma, where they will spend a few weeks visiting relatives.

Rev. Mr. Naugle went to Abilene Monday to attend an educational meeting at McMurry College.

Mrs. Griffith of Big Spring is a guest in the home of her daughter, Mrs. A. W. Nixon.

A serious accident occurred in the oil field Friday morning, at which time Mr. D. Whitefield received injuries from which he died about 30 minutes after being taken to the hospital. Mr. Whitefield was a man of striking personality and pleasing manner and always had a word of cheer for everyone. He leaves a wife and five children, a father and mother, four brothers and one sister. Funeral services were conducted at the Methodist church Sunday morning at 10 o'clock.

The try-out of the Junior declamation and tiny-tot story telling contest was held at the schoolhouse Thursday night, with 16 declaimers and nine tiny-tot story tellers. Winners in the declamation were: First place, Cathryn Naugle; second, Reba Skeiton; third, Francis Williams. In the tiny-tot contest first place was won by Charlotte Ulrich; second, by Leon Settiff; third by Marcus Woodall. We are grateful to Mr. Foster and his two friends from Colorado, who acted as judges.

Mrs. Nixon opened her home to a meeting of the Missionary Society Monday afternoon. The best program of the year so far was rendered, with the women entering very heartily into the round-table discussion. There were 25 present, including three visitors. The meeting Monday will be with Mrs. Van Boston.

Mrs. Annie Clark visited her sons at the Masonic home in Fort Worth several days last week.

C. S. Lambert visited his mother at Rotan on Monday night of this week.

J. T. Garber and family of Crosbyton were Sunday guests of Mr. and Mrs. Jack Garber.

The negro minstrel which was put on Thursday night under auspices of the P. T. A. was a howling success in every way. The program swung from one thing to another throughout the evening, and kept the crowd wondering what would be next. The shouts of laughter and hand-clapping was evidence that the entire program was

greatly enjoyed. The proceeds totaled \$90.80, with only \$2 expense. In behalf of the P. T. A. we wish to thank all who took part in the program or helped in any way to make it a success.

The second quarterly conference will convene at Cuthbert Saturday. Bro. Lipscomb, the presiding elder, will preach at the 11 o'clock hour, after which dinner will be served and a business session held.

Mr. O. C. McDermitt, accompanied by Misses Opal McDermitt and Mazelle Donelson were visitors in Abilene Sunday.

Messrs. C. S. Lambert and Joyce Holbert left Sunday for Fort Worth to attend the Fat Stock show.

R. E. Finley and family of Wilcox, accompanied by their nephew, Douglas Finley, were guests of Mr. and Mrs. N. A. Terrell Saturday and Sunday.

Mrs. E. V. Bell is visiting her father, Mr. Hooks, near Colorado, this week.

Mrs. Snyder and son of Brady were guests of Mr. and Mrs. C. Currie several days last week.

Mrs. Lee Armstrong was called to Bangs last week on account of the serious illness of her father.

Westbrook claims the most accommodating night-waitehman in the entire country. Tourists through here at night, trying to get over the detours during rainy weather, find him very valuable. Last Sunday night, in addition to his other duties, he opened a cafe and prepared something to eat for the postmaster of Lubbock, and also helped to get many cars out of the mud, one of the "stuck up" parties being a member of the Colorado Record force.

Mr. and Mrs. C. C. Currie and Millie Vanhorn and daughter, Mary Florence, were Big Spring visitors Sunday.

Miss Mozelle Donelson was hostess at a "lucky" party Saturday night, at her home south of town, as the result of a contest in the young folks' Sunday school class, in which the girls were the losers. Many were the hearty laughs as the caprice began to come in garbed in all kinds of freakish costumes. Games and contests were enjoyed for a while, after which the hostess served refreshments of punch and sandwiches to about 25 guests.

Jack Garber has sold the meat market to E. J. Bostler, who took possession Thursday of last week.

Westbrook is sadly in need of good sidewalks in the business part of the town.

The small son of Mr. and Mrs. Witt Hines was bitten by a rattlesnake on Saturday of last week, and for a time there was but little hope of his recovery, but we are glad to report that he is much improved at this writing.

Announcement is made by the City Drug store at Colorado, which was formerly the Westbrook Drug Co., that they want their Westbrook patrons to make their store their headquarters when visiting in Colorado. The Messrs. Quinney invite them to leave their cumbersome packages at the store while shopping.

Hyman Happenings

Rainy weather looks good to the farmers here. An excellent season is in the ground, so we are ready now for sunshine and planting time. Rev. Horace Welch filled his regular appointment here Saturday and Sunday night. Work has begun on the play that is being produced by the community.

GLYCERIN MIXTURE STOPS CONSTIPATION

The simple mixture of glycerine, buckthorn bark, salin, etc. (Aderika) acts on BOTH upper and lower bowel and relieves constipation in TWO hours! Brings out old waste matter you never thought was in your system. Don't waste time with pills or remedies, which clean only PART of the bowels, but let Aderika give stomach and bowels a REAL cleaning and see how good you feel. W. L. Doss, Druggist.

GIVE YOUR HOUSE GOOD BONES

Any time you try to tighten up on the cost of lumber for your home or building, you are playing a big joke on yourself. If you don't give your house good bones it'll likely shake it to pieces with structural rheumatism. But good LUMBER doesn't cost any more, and we can prove it.

GENERAL ELECTRIC Refrigerator

The General Electric Refrigerator is almost as portable as an electric fan. It has no drain pipes or connections. It can be placed wherever there is a convenience outlet. It's as simple as that! Place it in your kitchen. That saves steps. And it also stops many a cold which comes from leaving a warm kitchen for a chilly back porch. If you have a small apartment, you will be particularly pleased at the quietness with which the

General Electric Refrigerator operates. You will be glad that it has no machinery under the cabinet. That every part of its mechanism is sealed inside the air-tight steel casing which is mounted inside the coils. Judged from every angle, these refrigerators are supremely practical. Remember that they are guaranteed by General Electric. Come in and see them. Compare them with all others. Time payments can be arranged, if you prefer.
