# Society and Clubs

MRS. J. G. MERRITT, EDITOR PHONE 144

### Hesperian Club

Mrs. J. L. Pidgeon was hostess to the Hesperian Club Friday. Mrs. Lockhart read the report of the club's activities during the year, this being prepared for the district meeting in Brownwood. Hesperians themselves were surprised at the number of good works they had done.

Mrs. Millwee read the year book for the coming year. A splendid outline of Henry Sixth and drama, the topics and questions, both having been arranged by the committee in a most creditable manner. They were given a rising vote of thanks for their work. It was voted to pay \$1 per member to the County Federation next year on librarian's salary. It was also voted to write a note of sympathy to Mrs. Wallace, who is sick in Missouri.

The lesson was "Better Homes Day," in honor of Mrs. A. L. Whipkey, Better Homes chairman. Roll call was responded to with quotations containing the word "Home."

"Home, Sweet Home" was sung with Mrs. Lockhart at the piano. Mrs. Whipkey talked on "What We Are Doing to Encourage Home Owning." She spoke of the beautiful, convenient homes visited the day before, the interest and enthusiasm of the home owners, of the loans to be had on homes, the help to be given by those who sell building materials, and then told what was necessary to make a home of a house.

Mrs. Paul Truss told what every woman can learn about Interior Decoration regarding lines, color and harmony.

Mrs. Sadler had as her topic "What Type of Architecture is Best Suited to Our Town?" She had made the plan of a company, conventional house that anyone would have enjoyed living in.

Mrs. Shropshire led a discussion in which everyone joined, "Why Home Ownership Develops a Home-Loving People."

Mrs. O. B. Price, who was an appreciated guest, gave several delightful piano numbers.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

### Honoring Members of the Coleman Family

Mr. and Mrs. J. M. Thomas had as their guests for dinner Saturday, Mrs. J. L. Pidgeon and Mrs. J. G. Merritt, evening all the members of the Coleman family group. The meeting of the

table was beautifully carried out in pink roses, candles in crystal candlesticks, and place cards. A four-course dinner was served to the happy family.

Dr. and Mrs. P. C. Coleman's family dinner party Sunday was composed of their entire family. The candle lighted table, with pink carnations—the gift of an old friend with the Dallas Booster band, Mr. A. B. Andrews—with place cards and menus of various colors, made a gay setting for all those gathered around the table. The conversation was greatly enjoyed.

Mrs. and Mrs. Thos. Dawes served tea Sunday afternoon to the Coleman family party, when Mrs. Pidgeon and Mrs. Dawes displayed their beautiful table, at meeting so many new friends. The tea table was set with a beautiful sandalwood, daintily and chosen, was set with the most beautiful hospitality of Mrs. and Mrs. Dawes. The guests and the hostess enjoyed the refreshment to the very last.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

### Division Meeting - American Legion Auxiliary

Mrs. J. G. Merritt presided at the division meeting of the American Legion Auxiliary, which was held at the home of Mrs. J. L. Pidgeon, Sunday afternoon. The meeting was a most successful one, and the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

### Mission Study Class

The Methodist Mission Study class, together with a large number who came for a prayer service, gathered at the home of Mrs. W. H. Garrett, Mrs. Mattie Merrill led the lesson, "The Way of Jesus," the topic being an extract from our fellowman.

Social prayers were offered for the meeting, many requests for prayer being made. The town was divided into sections, with Mrs. A. A. Dorn as one captain; Mrs. Maddin and Mrs. Merritt as the others. Leaders were selected for Tuesday and were meetings arranged for. There will be continued throughout the week. Mrs. Garrett will be the next leader of the Bible study.

The women made arrangements to help a needy family and some visiting was done after the meeting. The Woman's district meeting will be held Tuesday in Big Springs. Mrs. Merritt is to tell of her trip to Council Bluffs, Iowa, and Mrs. B. D. Dorn and Mrs. Merrill to tell of the work of the local auxiliary, and a number of other members are expected to attend as guests.

### Colorado Visitors in Snyder

Thursday afternoon Mrs. J. T. Jones took Mrs. J. H. Greene, Mrs. H. L. Doss, Mrs. W. L. Doss, Sr., and Mrs. J. H. Merrill over to Snyder, Texas, to attend the session of the Colorado District and Federation. The meeting was held at the home of Mrs. H. L. Doss, Sr., and Mrs. Merrill. The meeting was a most successful one, and the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

Mrs. J. L. Shepherd of Cisco, a former Hesperian, was a much enjoyed guest, as was also Mrs. Hester. At the same hour, the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

### 1921 Club

Mrs. H. L. Doss, Sr. and Mrs. U. G. Doss, Sr. had the club at the home of Mrs. H. L. Doss, Sr. on Friday, this being the first meeting of the year. Mrs. H. L. Doss, Sr. was the hostess, and Mrs. Merrill was the guest. The meeting was a most successful one, and the hostess served a delectable refreshment of ice tea and angel cakes. The meeting this week is with Mrs. Edna McEneaney.

port which Mrs. Bill Broadbudd was to take to Brownwood was read and proved very fine.

This was Original Manuscript day, and the following members had original manuscripts: Mrs. J. T. Pritchett, "A Thanksgiving Story"; Mrs. C. C. Thompson, "The Living Room Contest"; Mrs. Ed Jones, "A Sick Visit"; Mrs. C. L. Root, "Types of Humanity"; Mrs. Ratliff, "Original Manuscript Day"; Mrs. Bill Broadbudd, "A Typical West Texas Oil Town"; Mrs. Sam Majors, "The Unfinished Story." After all had been read and enjoyed, a clever "Affinity" contest was worked at.

The hostesses served ice cream and cake in the club colors of white and yellow. This group will take a vacation from studying until next fall, when they will take up the contemporary short story.

### Colorado Women to Abilene

Mrs. James Robert Terrell, Jack Smith, A. L. Whipkey, and C. E. Way went over to Abilene Wednesday to hear the great Baptist evangelist, Len Broughton, who is holding a meeting there.

### Mrs. Louis Collier and Mrs. Bradford Landers Entertain

Tuesday morning Mrs. Collier and Mrs. Landers very delightfully entertained the Bridgettes, complimentary at the home of Mrs. Collier. There were five tables of players. Miss Faye Ratten, cousin of Miss Mary Broadbudd, was the only out-of-town guest. Mrs. Broadbudd was high score in the very fascinating bridge game and was awarded a portfolio of stationery. Mrs. Sargent was consulted for her low score with a hand-embroidered guest towel.

At the retirement hour a lovely salad plate with iced tea was served by angel cake and brick ice cream in orchid and peach. On each plate was a flapper doll made of an all-day sucker dressed in orchid and peach. In the afternoon, Mrs. Collier and Mrs. Landers again entertained an other group of friends, this time having six tables of players who spent a very enjoyable afternoon. Miss Katie Buchanan made high score this time and Mrs. Millburn Doss low. Delectable refreshments were served, with flapper dolls as plate favors.

### Bridgettes

The Bridgettes met Thursday with Mrs. Lloyd Mackey, who had four tables of players. The house was beautifully decorated with roses and bluebonnets sent by her mother, Mrs. Mackey of Comanche. A very enjoyable afternoon was spent, and at its close refreshments of salad with sandwiches cut in sandwiches, with pink mints in the same shape, and iced tea were served.

### Gossip Party

Thursday afternoon Mrs. A. L. Whipkey very delightfully entertained in honor of her friend, Mrs. J. L. Shepherd of Cisco. Sixteen old-time friends of Mrs. Shepherd's were invited in at 4 o'clock to talk over old times, a "gossip of other days," the hostess said. She did not have to urge the women to talk, as the hour fairly buzzed with conversation.

Mrs. Whipkey's home was fragrant with roses. There were bowls and vases of yellow, pink, white and red, then more roses of the same colors. Mrs. Price and little Miss Nancy and Mary Irene served punch and little cakes to the guests before good-bys were said. Mrs. Shepherd returned home Sunday.

### Self Culture Club

The Self Culture club met Friday with Mrs. J. B. Pritchett and enjoyed Original Manuscript day. Every member—on the youngest ones—had manuscripts and they were all good.

Mrs. W. M. Gordon took as her subject, "Club Membership." Mrs. John Williams, "A Telephone Conversation"; Mrs. Clarence Cook, "A Huge Joke"; Mrs. John Brown, "A Mother Studies Her Club Lesson"; Mrs. O. Lambeth, "The Trials of a Manuscript Writer"; Mrs. J. B. Pritchett, "A Pleasant Surprise"; Mrs. Whitmore, "Rome Was Not Built in a Day"; Mrs. Pelfry, "A Trip Through the Magic Valley"; Mrs. C. P. Gary, a sketch.

Mrs. Gary and Mrs. Pelfry left on Wednesday for Brownwood to attend the club federation.

At the social hour the hostess served pear salad, cheese and pimento sandwiches, ice tea and cake. Her sister, Mrs. Harrison, was a guest. The next meeting is with Mrs. Whitmore.

### Loraine City Improvement Club

A City Improvement Club was organized in Loraine the first of April with Mrs. Hester as chairman. The program was 100 per cent cleanliness. The town was divided into five sections, with a chairman in each section. These are Mrs. Derryberry, Mrs. Tom Coffee, Mrs. Hallmark, Mrs. Green and Mrs. Pratt. These women spent the month visiting the homes and business houses and getting them to cut their weeds, burn trash, and pile the cans for hauling. They offered prizes to the boys getting the biggest pile of cans together

and those who won earned their money.

On May 1st, Mrs. Hester asked for a committee from Colorado to go over and judge the sections. Mrs. J. B. Pritchett, Mrs. J. G. Merritt, and Mrs. Tom Hughes went over on Wednesday (during the sandstorm). At Mrs. Hester's home they were met by the committees, served punch and wafers, enjoyed some music by Mrs. Kirk Taylor, and a reading by Miss Agatha Hester. The chairman explained that the cleanest section was to have a flag over it, the flag that came on Tim Garland's body from France.

### Shakespeare Club

The Shakespeare club met Friday at the home of Mrs. J. H. Greene in its closing meeting of the club year. The general questions on "Comedy of Errors" were asked. Mrs. Lois Puide Bennett told of the American Red Cross; Mrs. Pearson of the Pan-American Union; Mrs. T. R. Smith of the National Capital, these being the closing chapters in American government.

It was voted to study Henry IV, and take a "Travel Course," each member to be responsible for one country.

There will be an especial lesson on Texas, in which all will take part. These studies will meet again the first Friday in October.

### Christian Aid

The Christian Aid met Monday in the church parlors, having only a few members. They visited and spent the time discussing plans of work. The Aid pays \$50 a month on the church rent, and they have that amount ready for the May payment.

The meeting next Monday is a missionary meeting.

### Baptist Missionary Society

The Baptist Missionary Society had its meeting this week because it was a Fifth Monday. They will have a business session at the church next Monday.

### Presbyterian Auxiliary

The Presbyterian Auxiliary held no meeting because it was the Fifth Monday. They have their birthday party next week, with Mrs. Maddin.

### REP. W. E. REID IS AGAINST BALDWIN

Representative W. E. Reid of Colorado was among the first of those submitting a resolution proposing Frank Baldwin against Representative Frank Baldwin of Waco for his speech in Abilene last Saturday before the Texas Intercollegiate Press Association.

Representative Reid heard the address, in which Baldwin is said to have criticized Speaker Barron and members of the legislature for their attitude toward the prison concentration and re-education legislation. Representative Reid sent in his resolution by air mail Sunday to Representative Eugene V. Giles of Austin, and Representative Barnett of Greenville introduced his resolution Monday.

## METHODIST REVIVAL TO CONTINUE HERE FOR ITS THIRD WEEK

### Interest In Services Reported To Be Increasing Daily

Definite plans have been made to continue the Methodist revival into its third week, according to Rev. W. C. Hinds, pastor of the Methodist church.

Attendance and interest in the services, which are being held at the tabernacle, with Rev. T. Edgar Noel of Temple as evangelist, and C. G. Spindler of Oklahoma as singer and leader in young people's work, is continuing to be excellent.

Mr. Spindler reports especially good work among the young people of the town, some 125 children being present for the meeting every day after school.

Bath church and Sunday school will be held in the church building next Sunday morning. Rev. Mr. Hinds, the minister, announces, because of the County Singing Convention at the Tabernacle. The revival will go back to the Tabernacle Sunday night.

### H. D. Wessack and daughter, Paony Fay, returned on Wednesday night from Lubbock, where they visited their son and brother, Samuel, who is in the hospital suffering from rheumatism. Samuel was much better and hoped to be out in a few days.

**TAXPAYERS ARE WARNED TO BE ON GUARD AT AUSTIN**

FARMER AND THE SMALL HOME OWNER ARE URGED TO SEND LETTERS

By T. N. MAURITZ  
AUSTIN, Texas, May 1.—Immediately upon the governor's submitting to this special session for consideration, the subject of revenue and taxation, there will be introduced a series of bills, which if enacted into law will relieve all property of the State of Valorem Tax, amounting to about twenty-five million dollars per year.

These laws will raise revenue, and change our present system in such a manner as to shift a part of the tax burden to other sources which are now paying a very small tax, comparatively, and which sources are reaping the larger profit and benefit. Incidentally they will eliminate the question of uniformity of valuations as between counties; and they will neutralize the effect of existing statutes granting remittance of State taxes to certain sections.

The farmer and small home owner whether in the city or in the country town, who have for many years been taxed altogether too high and out of proportion to the benefit received, will be particularly relieved when these measures become laws.

The particular interests and classes that are now evading their part of taxes, will continue to fight any and every measure that proposes to force a correction, and it behooves the general public—the rank and file of the taxpayers of the State—to wake up and realize that these interests and classes send their most able attorneys, agents, and lobbyists here to plead and work against every such measure before the committee meetings and as well with no individual members; the farmers and home owners have no paid attorneys or lobbyists here to plead their cause. When one side of any subject is so ably stressed, it follows that the other side is at a disadvantage, and this accounts for the fact that some special interests and classes continue to get preferences in taxation and also in laws effecting them. It would be well if the people in general, and not only the special interests, would give more thought to proposed laws and would write the Legislative members or see them in person and discuss the situation proposed to be remedied and also discuss the proposed remedy.

I submit a few facts in support of my assertion that the farmers and home owners and property owners as a whole have paid more than their proportionate share of taxes.

Reliable statistics show that the average per year return for the years 1920 to 1925 in the United States per farmer for labor and management, which in most cases includes the whole family, was \$613.00 as compared with \$1399.00 as the annual earnings of workers in other occupations. If you take into consideration the cotton farmers, as a separate class of farmers, their average income is much less than the \$613.00. The farm population of the United States is about 30 per cent of the entire population; the farm population in the State of Texas is more than 30 per cent of the population.

The mortgage indebtedness of farmers has shown a considerable increase since 1920 in spite of strenuous efforts to curtail agricultural loans. It is estimated that the mortgage indebtedness of the agricultural industry increased 10 per cent from 1920 to 1925, and this increase has been levied upon lands which have declined in value so that the farmers' equity has been shrinking at a rapid rate. Farm lands valued in 1919 at six billion dollars were mortgaged to the extent of 27.3 per cent; farm lands valued in 1920 at thirteen billion dollars were mortgaged to the extent of 29.1 per cent, and farm lands valued in 1925 at ten billion dollars were mortgaged to the extent of 41.9 per cent. This shows that although the values of lands decreased three billion dollars between 1920 and 1925, nevertheless, the mortgages on those lands were increased from 29.1 to 41.9 per cent.

For the year 1913, direct farm taxes amounted to three hundred and fifteen million dollars; in 1922 they were eight hundred and sixty-one million dollars, an increase of 173 per cent; in the years 1923 to 1926, the taxes collected from farmers averaged 33 per cent of the net farm profits; the output per agricultural worker doubled in the fifty year period between 1870 and 1920, and there has been a further marked increase since 1920. Obviously, the present agricultural situation is not due to lack of production efficiency on the part of the farmer.

In the face of the increase in taxes on property, property values have decreased, and it has been estimated that the value of all capital invested in agriculture declined from seventy-nine billion dollars at the beginning of 1920 to fifty-eight billion dollars at the beginning of 1927.

In 1922 the total taxes, licenses, permits, and special assessments collected by the State of Texas and political divisions therein, amounted to one hundred and ten million dollars, and ninety-four million dollars of this

**How to Raise Poultry**  
By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminently qualified on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

**WHEN OLD NATURE "MOTHERS" THE EGGS**

Don't Leave the Whole Job to Your Hens If You Use Nature's Method of Hatching—Careful Following Out of Simple Rules Insures a Maximum Degree of Success.

The question which is best, hen or incubator, has been discussed pro and con almost as much as that prime favorite of old time high school debating societies: "Which came first, the chicken or the egg?" The real solution of the problem depends very largely on circumstances. For a number of reasons, the commercial poultry raiser is forced to use the incubator. For the owner of the average back yard or farm flock, however, it often happens that hens will serve the purpose just as well and for a much smaller outlay. Unlike the commercial breeder, he can usually afford to wait until hens are broody and the problem of securing enough broody hens for his entire hatch is not very often encountered.

As far as results are concerned, one method is as good as the other if proper methods are employed.

First of all, considerable care must be exercised in the selection of hens used for hatching eggs. The following points are very important. The hen should have a well developed broody inclination; should be even tempered, free from nervousness and not too offensive when approached while sitting. A yearling or two-year-old is more dependable than a pullet; never use pullets if you can avoid it. Use only hens that are large enough to thoroughly cover the desired number of eggs with a little to spare. Use only healthy, vigorous hens, in good flesh and having bright eyes and red combs.

Eggs should not be put under any hen until she has shown well developed signs of broodiness. It is a good plan to put several china eggs under her ladyship at first and confine her to the nest for a day or two. If at the end of the second day she still shows unmistakable signs of broodiness, remove the china eggs and give her the eggs to be hatched. Let her feel the eggs under her before releasing her. Then confine her to the nest for a day or two so that there will be no danger of her deserting her trust.

A sitting hen should be given a place to herself where she cannot be disturbed by other hens trying to crowd into the nest with them. When it is necessary to set hens indoors, each one should have an individual run fenced off with chicken wire. If that is not practical, hens must be confined to their nests and only released at regular intervals so they can eat and exercise. Unless this plan is followed, you will often find two or more hens crowded onto one

was from the general property tax, or 86 per cent of the whole.

The Federal government's report covering income collections in Texas for the year 1926 shows the net income—profits—earned by corporations and individuals to be over seven can be determined from that report less than one-tenth of that profit was derived from farms, homes and other real estate, and which nevertheless paid two-thirds of all ad valorem taxes collected by the State; in other words, the other tax sources which paid only one-third of the taxes made more than nine-tenths of all profits.

The smaller home owners suffer to about the same extent as do the farmers because of the fact that the moderate home is more nearly valued and assessed at its real marketable value than is the more costly residences and the costly business properties—it is much easier to conceal the value of large properties than the value of smaller properties.

The measures that I will offer will do injustice to no individual or corporation; they will simply remedy, to some degree, a tax system that was, when lands and cattle were about the only tax source in the State, fair and equitable, but which has through the gradual development of other profit producing sources, become inequitable and unfair to more than 80 per cent of the taxpayers of the State. Corporations and individuals, regardless of financial size, are entitled to the same justice and fairness as is the individual with small means; but I do not concede that such large concerns are entitled to any preferences.

I have gathered reliable statistics, figures and facts to conclusively prove to the open minded that certain classes are evading their part of the taxes. I contend that the cost of supporting the State government with all of its various institutions and operations, should be borne by each and every beneficiary in the proportion of the benefits and profits received by each.

T. N. MAURITZ, Representative 22nd District.

What is one man's opportunity to another man's wet blanket.

There are people who are of no positive value or importance to a great organization, and yet they are negative assets by supplying a contrast value and breathing room for abler brains. That is why Caesar craved to have fat men around him.

A crank is a fellow whom you must handle carefully, or he may break your peace of mind. You must humor him or you will not get the wheels to turning.

When a man has no reverence for

the great sanctities in both his regard for God and man his soul must resemble a torn scrap of paper for which there can be no other destination than the great waste basket of oblivion.

Charley Womack, the efficient post office employe who has been taking a two weeks vacation, is expected to get back on the job next week. Then Corley Bozeman and his Pontiac will take a two week trip to some place not yet announced. However, Corley generally takes long jaunts when he starts out, going to Orange last year.

Harry Ratliff was a visitor in Abilene Sunday.

### MUCH OF REID'S TIME AT HOME TAKEN UP BY LAW MAKING INTERESTS

Colorado Representative Is Solicited To Support Many Bills

Representative W. E. Reid's legislative interests occupied a great part

of the time over the past week, and, although he spent Sunday, Monday, and Tuesday at home.

Monte Owen, Judge J. H. Beal, Jr., of Sweetwater, and A. J. Parker and Mr. Altman of Roscoe were here Monday night to see him about establishment of the State Experiment Agricultural station between Roscoe and Sweetwater. The last session passed a bill creating the station.

J. N. Norrell and J. O. Jauer of Inadale were also here Sunday and Monday to see Representative Reid about establishment of a school at

Inadale. Supt. Pat Bullock and the Scurry County Board also took up the matter of county line districts with him while here.

As representative of the Appropriations Committee, Representative Reid visited the Abilene State Hospital and the State Tuberculosis Hospital at Sanitorium, near San Angelo, Friday and Saturday after adjournment at Austin.

Representative Reid stated while in Colorado that he will introduce a Junior College bill if it can be considered at this special session. Board members and others decided on this course at the banquet Tuesday night at the high school.

A committee of farmers and others solicited Representative Reid's aid and help on the rodent control bill at Austin, and he promised to work for this. Citizens throughout West Texas are working for this bill, which requires the State to join the Federal government in this work, the Federal government paying most of the cost.

A delegation of women headed by Mrs. J. G. Merritt solicited Rep. Reid's support of the appropriation for a training school for negro girls. The State does not now have such an institution.

Demands on the State government total almost \$70,000,000 and the possible revenue will be about \$50,000,000, so the appropriations committee is forced to cut wherever possible. Representative Reid stated.

### SISTER OF DAN BEEMAN IS DEAD

Death claimed Mrs. Lizzie Haggerton, age 62 years, Tuesday after an illness of several weeks' duration. Mrs. Haggerton was the sister of Dan Beeman of Mitchell county.

Funeral services were held Wednesday afternoon, and interment was in the Lone Wolf cemetery.

San Marcos.—Quarters in State Bank & Trust Co. building renovated for occupancy by the Western Union Telegraph Co.

Pecos.—\$40,000 tourist camp is opened at this place.

### Letters From The People

#### McCRELESS FINDS SOMETHING ELSE TO DISCUSS

To The Record:

Touching upon two vital problems confronting the people of many states and territories. Namely, which is the better judgement, to buy what we need or buy what we want? I heard a good man say once he had a good way to go and carry his family but when he saw his neighbors riding in automobiles it made him want one so dogon bad he didnt know what to doo. Some human animals want whiskey, doo they need it let them answer. Some want tobacco in many forms doo they need it let them answer. Some men want hightop boots, doo they need them if so what is the top story used for. Some people want peg heel stepin shoes, doo they need them, if so try them walking thru a black land muddy lane while its still raining. Why is it so many people wants what they really dont need, and so many needs what they dont want. How is that El? Well I venture to say there is not a family in Texas that dont need a home except those that have homes. If they did the great State of Texas has made provisions for the possibilities of such. Some of them want luxuries but it may be beefsteak or breakfast bacon that we really need. Some want bathing suits. We need overalls and calico dresses. We want to hear the brass band music when we need to hear preaching and other themes as food for thought and meditation.

E. M. McCRELESS.

#### SPRING POETS ARE SWARMING AGAIN

Trimmed in Gold By CARL MOORE

The clouds were red in the western sky.

A cowboy brave and bold had ridden for days and days

In search of a mine of gold.

He did not have to ride very far,

Just raise his head and behold,

There in the western sky

Lay a space all trimmed in gold.

He crawled down from his saddle,

A rifle he did hold;

He swore he would murder the man

That tried to take that gold.

That land that was so beautiful,

For money it would not be sold,

That land that was so dear to him,

That space that was trimmed in gold.

He went out west to the newground

The newground which was sod,

He fell down on his knees,

Thanks he did give to God.

When he went to heaven,

The heaven which was old,

It was even better

Than all the gold.

—

### 'Alias Jimmy Valentine' At Local Theatre

The use of dialogue to build up a smashing dramatic climax in a photoplay is illustrated in "Alias Jimmy Valentine," Metro-Goldwyn-Mayer's first picture with talking sequences which comes to the Palace Theatre next Monday, Tuesday and Wednesday.

The new picture remains orthodox and "silent" up to the point where Jimmy, in the person of William Haines, is seated in his office, in the bank of which his prospective son-in-law is president, and is visited unexpectedly by Doyle, the hard-boiled sleuth who knows of the safe-cracking exploits that preceded his reformation, and is eager to take him back to justice.

At this point, where the interest and excitement of the audience is presumably at its highest pitch, up to the final fadeout, spoken words are used to supplement the cinematic action. The scene here is exactly the same as it would be on the stage, with Doyle, in the person of the veteran actor Lionel Barrymore, probing relentlessly into the boy's past, Jimmy prying his thrush adroitly; then, in a second's time, without any let-down in dramatic intensity, the scene is changed to the vault downstairs where the small sister of the girl Jimmy loves is accidentally imprisoned.

Lionel Barrymore, who is said to exert much the same sort of quieting influence on young players making their debut in sound pictures as a veteran hall trainer does on training camp rookies, was selected for the part of the detective after a careful canvass of Hollywood talent.

The film critic of the New York Graphic made the following comment about Barrymore, after the premiere of the picture in the East: "There has never been a voice, recorded to date on Movietone, Vitaphone or any other method, which could compare with Lionel Barrymore's."

William Haines makes his debut into the talking picture field with

## Berman's Variety Store

"Alias Jimmy Valentine," as does Lella Hyams, who has the feminine lead in the picture. Both are said to have done exceptionally well, despite their inexperience in this new medium of expression. In fact, according to Hollywood executives of various companies, there are very few actors or actresses on the coast who cannot, with a little practice, meet all the demands of the talking film. Most of those whose voices have been tried to date have far surpassed advance expectations.

Credit for directing the first M-G-M film with talking sequences goes to Jack Conway, who recently made the Lon Chaney starring vehicle, "While the City Sleeps," and is next scheduled to do a story of the modern generation, "The Big Brass Band."

including more than 2,000 inquiries received from interested industrial executives throughout the United States and a dozen foreign countries, and scores of factories, sales branches, warehouses, distributing offices and other business establishments in Dallas within the past year as concrete evidence. Thornton declared that the results of "the campaign have far exceeded our most optimistic expectations."

"Here is just an example of what the advertising campaign has done," he said. "In 1926 there were 483 new businesses established in this city. In 1927 this number had dropped to 364. In 1928, with the advertising campaign under way only seven months of the year, there were 701, and in the first three months of 1929 274 new concerns were established. At this rate, 1929 will see a total of more than 1,000, setting a record for all time."

Copper production in the United States has been increasing month by month since the first of the year and was 93,302 short tons in March, compared with 70,327 tons in March, 1928.

Record "Want Ads" get results.

### GIRL IS SERIOUSLY INJURED BY MULE KICK

The little 10-year-old daughter of Mr. and Mrs. Hines of near Westbrook was kicked in the head by a mule the early part of this week, and is reported in serious condition.

The little girl was rushed to the office of Dr. R. E. Lee here for treatment, but as the kick was a dangerous one—breaking some bones in the face as well as the bridge of the nose—Dr. Lee advised the parents to rush her to a hospital as quickly as possible, where a plate could be made.

The girl was taken to a Dallas hospital, and The Record was unable to get an plate information as to her condition at noon Thursday.

### DALLAS MAN SURE ADVERTISING PAYS

DALLAS, May 2.—That the power of advertising may be employed successfully to build territorial sections and cities, just as it is employed by private business corporations, is the conclusion drawn from the first annual report of R. L. Thornton, president of Industrial Dallas, Inc., an organization which is spending \$500,000 in a three-year national advertising campaign exploiting to the world the industrial and business opportunities in the Southwest—Texas, Arkansas, Oklahoma and Louisiana.

Thornton made his report at the first annual meeting of the "stockholders" of Industrial Dallas, Inc., here recently. The "stockholders" of this unique civic corporation are about 800 individuals and business concerns in Dallas, who have subscribed the \$500,000 fund to carry on the advertising campaign.

Citing numerous facts and figures,

## JAMES L. DOW, WHO BEGAN HIS NEWSPAPER WORK HERE, RESIGNS AS EDITOR OF LUBBOCK PAPER

James L. Dow, pioneer West Texas and South Plains newspaper man, who began his journalistic career in Colorado, has announced his resignation from the Lubbock Avalanche-Journal editorship after nearly 24 years service in that capacity.

In announcing his resignation from the staff of the Avalanche-Journal publications Mr. Dow gave as his reasons the necessity of attending to personal business matters and his wish to give more attention to the management and editing of the Ralls Banner, which paper he recently purchased.

Starting at the age of 14 years as a "printer's devil" on the Colorado City Spokesman in 1892, Mr. Dow has been engaged in the newspaper and printing business in this section continuously since his entry into the profession.

**Established Bordga Paper**  
Working on the Spokesman and then the Colorado City Daily Clipper, he finished his high school education and in 1899, at the age of 21, he established his own paper, the Borden County Citizen, at Gail, county seat. In 1900 he returned to Colorado and purchased The Spokesman, a weekly paper, and in 1904 moved to Sweetwater and purchased the Sweetwater Review.

A bitter crusade against liquor interests there resulted in a fight and the Review plant was mysteriously

burned. After the burning of his plant in December of 1905, Mr. Dow moved to Lubbock to become editor—and everything else for that matter—of the Lubbock Avalanche, then the property of J. J. Dillard.

**Has Held Post 24 Years**  
On April 1, 1908, Mr. Dow purchased the Avalanche, operating it until 1926, first as a weekly, later a semi-weekly, and finally as a daily paper until its consolidation with the Lubbock Daily Journal. Since that time he has continued as its editor. During his sojourn on the Plains and in West Texas Mr. Dow has owned, in addition to Sweetwater, Colorado City, Gail and Lubbock properties, the Hockley County News, the Abilene Review, the Lorenzo Enterprise, and the Tahoka Informer. The Ralls Banner, which he purchased several months ago, is his present newspaper.

**Prominent in City**  
Dow has seen the city grow from a wide spot in the road to its present size. Until the past few years he was active in civic matters and for the past 21 years has been superintendent of the Sunday school at the First Methodist church, a position he still retains.

While Mr. Dow expects to give much of his time to the Ralls Banner, he will retain his residence here and transact his other business matters in Lubbock, he said.

Charles A. Guy, managing editor of the Avalanche-Journal publications, succeeds to the Avalanche editorship upon the retirement of Mr. Dow.

### LETTER OF THANKS IS RECEIVED BY CHAMBER

The following letter of thanks has been received by J. H. Greene, secretary of the Colorado Chamber of Commerce, from Miss Virginia Welch, teacher in the Hyman school:

"We, the people of Hyman community, wish to take this means of expressing to you our sincerest thanks for your kindness in making it possible for us to purchase our piano. We thank each business house that contributed to the auction sale, and we hope that they will be benefited by it, also."

## REP. MAURITZ WOULD PROVIDE AN INCOME TAX FOR THE STATE

### Measure Is Introduced In Lower House At State Capital

By T. N. MAURITZ  
AUSTIN, Texas, May 2.—The proposed income tax bill allows exemptions to the individual of \$1500; to man and wife of \$3500; and in addition \$400 for each child under 18 years of age, or dependent. The tax imposed, after deducting exemptions are 1 1/2 per cent on next \$4000; 3 per cent on next \$4000; 5 per cent on remainder. This is similar to the Federal law, except that the Federal law imposes surtaxes in addition. The tax on corporations is 5 per cent on net income. The individual and corporation is allowed to deduct the Federal income tax in addition to the other usual deductions, before calculating taxes under this bill.

The bill provides that the total collected thereunder shall be deducted from the sum total that the State now can levy as an ad valorem tax for general revenues, schools, and Confederate pensions; the State ad valorem tax will be reduced to the extent of the collections under this bill. It is estimated that the bill will provide a sum equal to the State ad valorem tax (64¢ per \$100) collected for the year 1928; and will eliminate the State ad valorem tax.

This bill will require income reports from the identical individuals and corporations now required to make returns to the Federal Government, and at same period.

The tax will affect the individual as follows:

A married couple with one child having an income of not more than \$3900 would pay no tax; a married couple with one child having a net income of \$5000 would pay a tax of \$16.50; under like conditions with an income of \$7500, would pay a tax of \$54; with income of \$20,000 would pay a tax of \$365; and with income of \$30,000 would pay a tax of \$865. To determine whether under this bill the tax would be increased or decreased, each can calculate what his State ad valorem tax is or would be and compare with the tax that will be due hereunder; the tax hereunder replacing the State tax. No two cases will be exactly alike, but on the average, the taxes imposed hereunder will be practically the same as the State ad valorem.

The tax imposed on corporations under this bill, as compared with the State ad valorem tax, is as follows:

A corporation with a capital of \$100,000, earning a net profit of 8 per cent before deducting Federal taxes, would pay a State income tax of \$352, and using the 1928 tax rate as a basis, would be relieved of an ad valorem tax of \$384, which would have been due if property to the extent of \$100,000 had been rendered at 60 per cent thereof. Hence

the corporation earning 8 per cent net profits, rendering its property at 60 per cent will pay less under this bill than under present law. This applies to all corporations regardless of capital size. This also assumes that the corporation has no surplus and has assets only equaling its capital. If any surplus exists the State ad valorem tax should properly be proportionately larger and would allow for a net profit proportionately larger and still show an advantage in favor of the income tax.

The 3 per cent profit is used in the above illustration because it is generally admitted that the average NET profit on all property—real estate and other property which is the present sole tax source—on which the State ad valorem tax is calculated, is LESS than 8 per cent, and therefore for purposes of taxation a corporation with capital assets of \$100,000 paying a net profit of 8 per cent, should pay as much tax as is now collected on property worth \$100,000 and rendered at 300,000. Corporation capital assets, yielding a greater net profit than 8 per cent, should be considered proportionately more valuable for tax purposes. If considerable has been given to determining the comparative taxable values, and if the corporation has been thus rendering its property, THEN no greater tax will be deducted under this bill than was due and collected on ad valorem basis. Only such corporations and individuals as have not heretofore rendered their property for taxation, will under this bill now be called on to pay more taxes.

The income tax law is very simple, quite short, and in such form that the reports required are not burdensome or difficult.

This is submitted to the tax payers of the State for their information.

## CHURCHES

**PRESBYTERIAN CHURCH**  
Sunday school at 9:15 a. m., J. M. Thomas, superintendent. If you are not in Sunday school somewhere else come with us. Our teachers are all good.

Worship and sermon at 11 a. m. On account of the Methodist meeting, we will have no service in the evening hour.

All men who are interested in Religion and Business are invited to come for the 11 o'clock service. That subject will be discussed. Come and bring your friends.

W. M. ELLIOTT, Pastor.

**CHURCH OF CHRIST**  
A Bible school for all at 10 a. m. Preaching and communion, 11 to 12 a. m. Young People's study at 6:30 p. m. Evening gospel service 7:45.

Subject for the morning, "Our Beloved Brother Paul"; for the evening, "Buy the Truth and Sell It Not."

Meetings for the week: Ladies' Bible class Monday at 3 p. m. Study of the Ecclesiastes, Wednesday at 7:45 p. m. Teachers' meeting Thursday at 7:30 p. m.

We welcome your presence to be with us and enjoy the great meetings. J. D. HARVEY, Minister.

**FIRST CHRISTIAN CHURCH**  
Bible school 9:45 a. m., W. W. Porter, superintendent.

Preaching service at 11 a. m. There will be no evening service on account of the Methodist meeting being held at the Tabernacle. Subject of morning sermon, "Is the Way of Life Narrow as Jesus Says?" Dr. Root and Mrs. Berryhill will both sing at the morning service. There is a special call for every member of the church to be present at this service.

**REVIVAL IS INTERESTING AT WESTBROOK CHURCH**  
The Baptist church revival meeting at Westbrook is improving in a wonderful, old-fashioned way, according to the reporter of that church who was in Colorado Wednesday.

Bro. C. G. Howard believes in the simple gospel and the Lord's presence and power. There have been 27 received for baptism—15 by letter, 7 reclamation, several professions of faith who have not yet joined any church.

Bro. Compton leads the singing in the right spirit, and the Holy Ghost power is working the hearts of the people.

Sunday school reached 159 Sunday, with visitors from Amarillo, Big Spring, Ira, and Abilene.

Bro. Howard organized a Good Will excursion in the men's class, with Mr. Oglesby driving the Ford and Mr. Hub May the Cadillac. This excursion will close the first Sunday in July at which time the winners will be entertained by the losers.

**MEETING BEING HELD THIS WEEK AT CUTHBERT**  
J. D. Harvey, minister of the Church of Christ, Colorado, is conducting a series of meetings at Cuthbert this week. The attendance is growing and interest is being manifested by all who are attending.

Tuesday evening a splendid crowd assembled for preaching and after preaching the singing class practiced a few songs for the conversion to be held in Colorado. This class helps splendidly in the singing for the meeting and is highly appreciated by all. It is urged that every member of the community come and enjoy the good spiritual feast.

There will be preaching services at Landers school house beginning Saturday and continuing over Sunday night. There will be three services Sunday, the morning service at 11, afternoon at 3, and evening service at 8:15. Ted Norton, who is doing county mission work, will do the preaching. A cordial invitation is extended to each person to attend and bring someone with him.

**MINERAL WELLS BANKER CUT FOR W. T. C. C. HEAD**  
MINERAL WELLS, April 24.—J. P. (Pat) Williams, president of the First National Bank of this city, today announced that he would be a candidate for president of the West Texas Chamber of Commerce, his decision coming following the installation of numerous friends.

Commenting on the announcement Mr. Williams said: "I have been interested in and closely identified with the work of this organization since its inception. I am familiar with many of the problems of West Texas, especially as they pertain to farming, livestock and banking, and it is to these problems I would give the major portion of my time and interest if elected. I have no special hobby to present to West Texas people, but rather would I bring to bear constructive thought on general plans of comprehensive development along all lines of endeavor in which West Texans are engaged or may become engaged."

Lamesa.—The Standifer sanitarium and Dunn sanitarium are to be consolidated as Lamesa sanitarium and new equipment installed.

Rort Stockton.—30,000,000 foot gas well brought in 21 miles north of this place.

San Marcos.—Rogers Spring Lake Park hotel formally opened.

## One Man Can Do Two Men's Work

**WITH THE JOHN DEERE ND TWO-ROW CULTIVATOR**

With a John Deere Two-Row you will do as much work in a day as two men with two one-row cultivators. You'll cut your cultivating costs to the core.

All the rigs on the John Deere ND Cultivator are raised or lowered by one master lever. You don't have to stop the team at row ends.

By means of the spacing levers you can space the gangs the desired distance from the rows. Tilting lever instantly insures proper set and suction of all shovels—a mighty important advantage when you are cultivating hillsides.

All these adjustments are made from the seat as you drive along.

Quick and easy dodge is secured by pressure on the handy pedals—a feature that you will appreciate when working in crooked rows.

Lever spread arch holds rear of rigs to spacing set—built high to clear plants when hilling in late cultivation. Shovels always face squarely to their work, cutting full width and killing all the weeds.

Steady-running foretruck—no neck weight on horses. All-steel eveners make it easy to drive through gates.

There are other features we want you to see for yourself. Come in any time.

## LORRAINE NEWS

Local and Personal News About Loraine and Vicinity  
MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for subscriptions for The Colorado Record and to transact other business for Whipkey Printing Company in Loraine. See her and take your County paper.

Both Junior and Adult members of the Woodman Circle No. 783 are requested to be present at the regular meeting Saturday, May 4, at 8:30 p. m., in the W. O. W. Hall.—Josephine Palmer, Grove reporter.

The judging committee of the City Improvement Club for general inspection day, Wednesday, May 1st, were entertained with a program and reception at the home of Mrs. W. L. Hester, from 2 to 4 p. m. Much interest has been manifested in the "clean up and beautify" campaign of the town, which has been divided into four sections. The tin can contest among the boys closed last week. Winners in this contest were: Al Peterson, first prize, \$10; Eldon McLean, second prize, \$7.50; George McHenry and Junior Harris, tied for third prize of \$5., with James Manly

winner of the fourth prize. The club will meet Thursday afternoon in the basement of the Edmondson building where ideas of "Garden and Flower Culture" will be under discussion.

The Parent-Teachers' Association held a social meeting at the high school auditorium Wednesday afternoon. New officers were installed for the ensuing year. Home-made cream and cake were served.

The Commercial Club dinner was prepared and served by the Baptist ladies in the basement of the Edmondson building Wednesday.

L. B. Walker was an Abilene business visitor the first of this week.

Mr. and Mrs. Harry Cranfill moved from town to their home south of Loraine this week. Mr. J. C. Meeks, who has the ice plant here, and his family of Roscoe, have moved into the McGee home vacated by the Cranfills.

Doa Wimberly, Oscar Baumann, L. W. Rhodes, and Dr. W. L. Hester composed a fishing party to Spring Creek, near San Angelo this week.

L. B. Baird is slowly recovering from an illness of two weeks' duration.

Grandp. Finley is reported quite ill at his home. His son, Herman Finley, and wife of Big Spring, are in attendance at his bedside.

Mrs. J. H. Haggerton of Lone Wolf died at her home Tuesday evening following an illness of two months. Interment was made in the Lone Wolf cemetery Wednesday.

Miss Edith Wilkerson, teacher in the Bauman school, left Monday to attend Simmons University.

Mr. and Mrs. Boyd McKeown of Abilene were the guests of Mr. and Mrs. Roy Edwards last Sunday. Mr. McKeown, dean of McMurry, lectured in behalf of the college at the Methodist church here Sunday night.

Mrs. John Johnson and children, and Miss Gladys Spikes visited in Abilene last Saturday.

Earnest Shaw, wife and children of Odessa visited Loraine friends on Saturday night and Sunday.

Mr. and Mrs. C. H. Manly, S. C. Harris, wife and son, Junior, spent

the week-end on the Concho, near Water Valley.

Mrs. J. W. Walker will leave this week to visit her daughter, who lives at Silver City, New Mexico.

M. S. VanGundy was absent from his work in the Loraine High school the first of the week, due to a business engagement at San Antonio.

Mr. and Mrs. Ben Smith and son, B. D., Mrs. Mattie Grissom, Mrs. J. R. Porter, and Mrs. C. H. Thomas attended Primitive Baptist church services at Snyder last Sunday.

A. G. Furlow and daughter, Ethelyn, and Miss Francis Howell visited in Abilene Sunday.

Mr. and Mrs. Bedi Taylor of Colorado, were Loraine visitors Sunday. Claude Willis, who is teaching at Adminal, has accepted a position as principal in the Bauman school for next year.

Mr. and Mrs. Jeff Parker were Loraine visitors from Coahoma Sunday. Mrs. Frank Bryant and children of Colorado visited her sister, Mrs. Ira Crownover and family, Friday.

Maxine, small daughter of Mr. and Mrs. Hall Hooker, was reported real sick this week, as result of vaccinated arm and sore throat.

J. M. Winstead and A. H. Nelson and family were visitors in the Jeff Davis home at Valley View Sunday.

**BAPTIST TEACHERS' MEETING**  
The teachers' meeting of the First Baptist church was exceptionally well attended Wednesday evening in spite of the sandstorm. Luncheon was served by the Junior department, and it was truly a delicious meal. There were 45 served.

With 68 present for the service, reports showed 291 visits made; 76 phone calls; 11 cards sent out and other work done in the effort to build our Sunday school up to the point where it will efficiently reach our constituency.

Mr. Pat Whitaker brought a very helpful message on the duties of the president and first vice president of organized classes. The Dorcas class led in the matter of visits, having made 63. The Junior department had the largest number present.

**EDGAR ALLMOND CUTS HANDS BADLY SUNDAY**

Catching on a piece of tin in an attempt to save himself from falling out of a window, Edgar Allmond, 14-year-old son of Mr. and Mrs. L. E. Allmond, who live in East Colorado, suffered bad cuts on both his hands.

## MISS LIZZIE ANDERSON, FORMERLY OF COLORADO, IS BURIED IN ABILENE

Active Sunday School Worker Will Be Remembered By Many Here

Miss Lizzie Anderson, who will be remembered by many Coloradans, especially members of the Baptist church, died in Wichita Falls Monday afternoon and was buried in Abilene, her home at the time of her death, Tuesday afternoon.

Miss Anderson lived in Colorado for about four or five years some ten or twelve years ago, making her home with her brother, R. G. Anderson, in the place now owned by B. C. Murphy. She was a very active Sunday school worker.

Deceased was born in Ellis county 61 years ago. In 1883 she moved to Abilene with her parents and brother, R. G. Anderson, with whom she made her home. She had been in failing health for several months.

Besides her brother, she is survived by three sisters, Mrs. M. V. Wylie of Abilene; Mrs. T. I. Wolford of Fresno, California, and Mrs. A. E. Shelton of Gould, Okla.

## Western Produce Opens Store Here Late This Week

Opening of the Western Produce Company's Colorado store is to be made Saturday of this week according to an announcement made by S. O. Nations, formerly of Merkel, who is to be manager and who has rented a building two doors south of the Alamo hotel as temporary quarters.

Nations announces that the house will buy poultry, eggs and cream, being open for business by Saturday. Later on the company plans to build here, he stated.

The company is to maintain a dressing plant during the turkey season next fall, Nations says.

## Two C. H. S. Boys Go To Compete In State League Meet

Coach E. H. Cantrill left Thursday morning with Hoyt May and Pat Smith to attend the State Intercollegiate league meet at Austin.

Smith is to compete in the discus throw and shot put, and May is to enter the 440-yard dash.

## Father of Mrs. C. A. Wilkins Died Saturday

Mrs. C. A. Wilkins, teacher in the Hutchinson school and wife of the high school principal, was called to Stephenville Saturday by the death of her father, John W. Gray. Funeral services were held Sunday.

Mr. Gray was one of the pioneers of Stephenville, having lived there for 38 years. He had been bedridden for 27 months before his death. A detailed story of his life will appear in the Record next week.

## RAILROAD TERMINALS IN TWO CITIES TO UNITE

AUSTIN, April 30.—Clarence E. Gilmore and C. V. Terrell, members of the Texas Railroad Commission, granted the petition of the Santa Fe railroad this morning to consolidate the terminal and passenger facilities of the Orient and Santa Fe at Sweetwater and San Angelo.

The petition was granted immediately after the hearing of testimony of railway men and citizens of San Angelo.

W. C. Blanks, San Angelo, testified that the sentiment of people of San Angelo favored the consolidation.

Santa Fe officials said the consolidations would save \$1,046.06 monthly at Sweetwater and \$3,380.09 at San Angelo.

The consolidation will be effected at once, it is expected, some of the preliminary surveys for needed tracks having already been made. Freight and passenger facilities will be on the Orient, and the Santa Fe trackage will be diverted to the use of a wholesale district.

## PIONEER AMERICAN MISSIONARY FROM SOUTH AFRICA TO SPEAK HERE

W. N. Short, who is an active missionary to South Africa, will speak at the Church of Christ Monday evening. Mr. Short has a lantern and can show pictures, also many trophies and tools with which the African makes his living. He has a fine message and you are invited to hear him.

### LONGFELLOW LOCALS

The Parent-Teachers' Association was well attended Friday night. A program was rendered, after which important matters of business were discussed. It was decided to run the school another month. The president, Mrs. A. K. McCarley, announced a moonlight picnic for Wednesday night.

Friday afternoon from 2 until 4 o'clock, Mrs. R. L. Hale entertained with a miscellaneous shower, honoring Mrs. Truman Cathcart. Many beautiful and useful presents were admired by the honoree and guests. Refreshments of ice cream and cake were served to 35 guests.

Owing to the fact that the Longfellow letter did not arrive at The Record office until Thursday morning, the above was all that could be wedged into the paper. Correspondence must get into this office by Wednesday morning at the latest.

### COMPLIMENTS MADE ON HARRYMAN ROSES

Several Coloradans have heard to remark the past few days on the beautiful rose bushes in the yard of the Rex Harryman home. The roses are all colors, on tall bushes, and line the walk and the front of the house.

Roses have been especially lovely in Colorado this year, and several other yards have been beautiful enough to be worthy of mention. Many Coloradans have exotic rose gardens in their back yards, rather in their front yards where passer-by can see them. Sandstorms are playing havoc with most of the bushes, however.

You had better take that Type-writer around to The Record office and let Bonner clean the sand out of it.

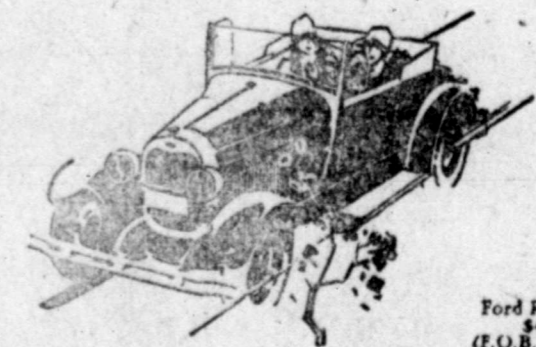

### PILES

CURED WITHOUT THE KNIFE  
Blind, Bleeding, Protruding, no matter how long standing, within a few days, without cutting, tying, burning, sloughing or detention from business. Fissure, fistula and other rectal diseases successfully treated. Examination FREE.

Our prices are low and we'll have the work finished when you want it. You'll see a difference in car performance.

**COLORADO MOTOR CO.**  
REAL FORD SERVICE WITH GENUINE FORD PARTS

**BETTER HOMES OF COLORADO VISITED BY MANY THURSDAY**

**Home-Loving Women Have Gala Day Making Inspections**

Home-loving women of Colorado had a gala day last Thursday when some of the most modern homes in Colorado were opened for their inspection from three until six in the afternoon, in observation of Better Homes Week.

The "House Beautiful" recently purchased by Mr. and Mrs. J. A. Ferguson was even more beautiful with the elegant new furniture, the masses

of roses and other flowers with which it was filled, and already the delightful hospitality of Mrs. Ferguson permeated it. She was assisted in receiving by Mrs. Bill Gordon, Mrs. J. B. Pritchett and Mrs. Hilliard Bennett. Here a register was kept.

The handsome new Reid home was unfurnished, but its many conveniences and beauties could be seen all the better without furnishings. Mrs. Logan Spalding and Mrs. Ralph Beal assisted Mrs. Reid in showing the guests through.

Mrs. T. R. Hemsley's pretty and attractive home was adorned with bluebonnets sent from her old home, Comanche.

Mrs. George Slaton and her little daughter received in their homey home.

Mrs. H. I. Berman has every labor-saving device, and every modern convenience as well as beauty.

Mrs. M. T. Kishbaum, too, has all

labor-saving devices, and the very handsomest furniture in the city.

Mrs. Luther Harrison's comfortable home with its well arranged fixtures and closets; Mrs. Lipps' roomy little home with its attractive room arrangement and entrance, in which she and her daughter received; Mrs. Boyd Dozier's attractive floor space arrangement—all called out not only books and pencils.

Each one had some outstanding good feature. All showed real artistry in the construction and furnishings, and each of the one hundred and fifty callers went home with many good ideas for the house of their dreams.

The yards listed were admired, as were many others, where long-stemmed roses nodded in the breeze to the passerby.

The chairman of Better Homes feels as she always does when the yearly campaign is closed—that this has been the best yet.

**JUNIORS KEEP CUSTOM OF HONORING SENIORS WITH ANNUAL BANQUET**

**One Hundred And Twenty Present At Event Friday Night**

Following an annual custom, the Junior class honored the Seniors with a banquet on Friday evening at the Colorado Hotel. This was one of the largest and most elaborate affairs of the season. There were 120 guests present, and 116 Juniors and Seniors, and six faculty members.

Red and black, the new high school colors, were featured in decorations and menu. The dining room was artistically decorated in these colors, streamers of black and red crepe paper being draped from the chandeliers to the tables. Bowls of red roses were placed at intervals along the tables. A red wolf-head mounted on a white background made very clever place cards. Favors were miniature pennants of red and black with the letters "C. H. S." printed on them.

The guests gathered in the hotel lobby and at eight o'clock marched into the dining room to the strains of "The Wedding of the Painted Dolls," played by Mrs. Harris Toler, who also gave piano numbers throughout the evening.

George Tate, Junior president, was toastmaster and gave the address of welcome. Mike Porter responded, after which the first course was served. The class history was given by Beola Kirby, and Juliette Phillips read a most amusing class prophecy. After the main course, Martha Reba Hubbard toasted the Senior girls, and Lenora Cook made the response. J. E. Holt gave a toast to the Senior boys, to which John Shurtleff responded. Following the dessert, Fay Plaster toasted the sponsors, and a response was made. Mr. Peek responded to a toast by J. C. Garrett.

A fitting conclusion to this happy occasion was a pep meeting in which all present joined with hearty enthusiasm, inspired by the leadership of Scott McKinney and Martha Reba Hubbard, the popular yell leaders of the high school this year.

The delicious menu served was as follows:

- Fruit Cocktail
- Tomato Salad
- Fried Chicken
- Potatoes
- Peas and Carrots
- Rolls
- Iced Tea
- Strawberry Frappe

**HIGH SCHOOL EXAMS FOR RURAL STUDENTS TO BE HELD IN MAY**

**Dates To Be Tuesday, Wednesday, Thursday, Friday, May 7, 8, 9, 10**

Schedule for high school examinations for rural students has been announced by Gladys E. Little, chairman of the College Entrance Board, State Department of Education, as covering Tuesday, Wednesday, Thursday and Friday, May 7, 8, 9, and 10, according to Miss Ruby McGill, county superintendent.

This examination is for rural students who are trying to obtain a high school diploma which will entitle them to college entrance. It will be held by Chester C. Moore and Charlie Brazil at Colorado high school on the days named, and the schedule will be as follows:

- Tuesday, May 7**
  - 8 to 12 a. m.—Grammar and composition, English literature, American history.
  - 2 to 6 p. m.—Modern history and American history.
- Wednesday, May 8**
  - 8 to 12 a. m.—Ancient History, Civics.
  - 2 to 6 p. m.—Plane Geometry, Algebra, General Agriculture, Economics.
- Thursday, May 9**
  - 8 to 12 a. m.—Latin, Advanced Arithmetic, Spanish Old Testament.
  - 2 to 6 p. m.—Physiography, Physiology, Biology, New Testament.
- Friday, May 10**
  - 8 to 12 a. m.—Bookkeeping, Physics, Chemistry, German.
  - 2 to 6 p. m.—Commercial Law, Solid Geometry, Plane Trigonometry, General Science.

**CARD OF THANKS**  
To those who helped us in any way, whether in giving aid, sympathy, or floral offerings, during the death of our father, husband and son, and the accident which caused it, we give our sincere gratitude.

Municipal power plant being installed at Teague at cost of more than \$100,000.

Levelland.—Two modern brick business buildings will be erected east of square.

Alpine.—Additional machinery is purchased for Jordan Marble Mountain.

RANCHMEN VS. DOG OWNERS ON ANIMAL APPROPRIATIONS

By SAM ASHBURN AUSTIN, April 29. — Predatory animal extermination in Texas has developed into a battle between the dog men who want sport and the ranchmen who want to protect their flocks. Eastland county men interested in running their hounds against wolves, coyotes, and other predatory animals, have secured an injunction seeking to declare the present predatory animal law unconstitutional.

West Texas ranchmen will combat this movement when an estimated 150 cattle, sheep and goat men attend a hearing tonight of the senate finance and house appropriations committees to present a request for \$100,000 for control of predatory animals and rodents.

When ranchers were arriving here today for a hearing, C. R. Landon, who has been in charge of predatory animal work of the Biological Survey Bureau, received a wire from San Angelo organizations representing emphatic protest against the attitude of the Eastland dog owners and endorsing the appropriation now being sought.

Wise to Destroy Wolves In Eastland county, ranchmen secured in view of the injunction secured not only convince the legislature that it is wise to appropriate money to destroy wolves, but also must meet the organized opposition of the dog men, who consider their sport more important than interests of ranchmen, Mr. Landon said.

The fourth legislature appropriated \$25,000 to assist the ranchmen in combatting wolves and other predatory animals. The government matched this amount and this year stands ready to appropriate the same amount allowed by the State, Representative Coke R. Stevenson of Junction said.

War On Any Thieves Texas ranchmen take the position that they should have protection against thieves, whether they be in the form of predatory animals or individuals attempting to break into their ranches. They say the legislature should give them this aid against these animals and prevent further inroads into the flocks of West Texas.

Wolf Clubs and trappers and those who want to take part in the hunting of game, have not favored the work of the government trappers, but the ranchers are almost unanimous in their demands that the State cooperate with the government in the eradication of these pests.

DELCO-LIGHT MAN PRAISES NEWSPAPER ADVERTISING Newspaper advertising as a means of developing dealers and salesmen to be important factors in their communities is stressed in an interview by C. C. Whistler, advertising manager of the Delco-Light company, in a recent issue of Editor and Publisher.

The interview quotes Mr. Whistler as follows: "In all our thirteen years of pioneering the farm electric field, we have always emphasized the dealer or salesman in newspaper advertising."

"Our 1929 newspaper advertising plan might be considered as one means of building the dealer into a more productive citizen of his community. We strive to impress on our selling men the importance of taking a place in community life. This advertising plan should further stimulate this work. Our men are being told that if they attain definite quotas of sales in their territories, if they keep their Delco-Light selling equipment in proper condition, and if they comply with the requirements in keeping their own business on a desirable basis, they are going to be supported by factory-paid advertising which will do its share in getting them business and strengthening their positions in their communities."

"We feel there is a benefit to the Delco-Light selling man if he can profit by the experience and advice of the country weekly and small city newspaper publisher who probably knows his rural territory better than anyone else."

Grand Saline.—Morton Salt Company's local mine will soon be put in operation.

GARDEN DIGGING YIELDS TREASURE IN MINEOLA

MINEOLA, Tex.—An old glass fruit jar, buried under a corfler of a hen house, has given to one Texas farmer as great a thrill as was ever experienced by a finder of a buried treasure hoard on the Spanish main. Dick Lindley, who until recently, was merely one of man respected farmers living east of Mineola, is now something of a hero.

It all came about as a result of a whim of Mrs. Lindley's that she wanted a garden dug where the hen house stood. Lindley acquiesced. The hen house was moved and the spading begun. But a few moments later the digging ceased, for under a large flat stone that had served as a corner foundation for the building Lindley's spade struck something hard. He dug further and there came to light a tightly sealed fruit jar. He shook it. A jingle resulted.

Digging was over for a few minutes, but it was feverishly resumed when 53 silver dollars rolled out on the ground.

Two hundred and four additional silver dollars and \$47.70 in smaller coins were finally gathered from an array of fruit jars and tomato cans. Now there is one farm family in Texas who will never again turn an incredulous eye on stories of buried treasure, for Dick Lindley and wife have \$304.70 extra money.

Perryton.—\$123,724 contract is awarded for 14 1/2 blocks city paving. Modern brick building under construction here for Browning Hardware company.

Mexia.—Local farmers have subscribed for carload of fine milk cows.

San Marcos waterworks system to be rebuilt shortly.

Erection of \$30,000 cotton gin at Canadian under construction.

## FIVE WOMEN'S 4-H CLUBS REPRESENTED AT ALL-DAY PROGRAM

### Rural Women of County Have Valuable Session Saturday

Eighteen Mitchell county home demonstration club women, representing five of the clubs of the county, attended the all-day clothing program at the court house Saturday.

The meeting opened at 10 o'clock. Miss Mamie Lou Parr, home demonstration agent of Tom Green county, and Miss Jessie Lee Davis, agent in Scurry county, who were to have been on the morning program, were unable to attend, and Mrs. Dora Barnes, clothing specialist of the Extension Department of A. & M. College, spoke to the women during the morning session.

Mrs. Barnes discussed lines and designs of dresses suited for different types. This subject, she discussed with a view to helping the women in the garment which they are to make in their clothing work this summer. The garment is to be a dress suited for wearing to club meeting.

Picnic lunch was had by the women on the lawn of Mrs. J. Lee Jones' home at noon. Judge C. C. Thompson, Mr. Lee Jones, and Benton Tompleton were guests.

In the afternoon Mrs. Lucille B. Allgood, home demonstration agent of Howard county, gave a demonstration on children's clothing, paying particular attention to resins and finishes. Her talk was especially well received by the women.

When Mrs. Barnes gave her talk and demonstration on the "Care of Clothing," she washed and ironed two dresses and taught how to make a pin cushion in one hour. Her object in cleaning the dresses so swiftly was to show how cleaning can be done rapidly to prevent fading.

This program marked the opening of Mitchell county rural clubwomen's first big clothing study. Heretofore their time has been mostly devoted to the making and preserving of food-stuffs and home improvement.

## FRED HARRELL DIES AT HOME IN DEKALB

Word comes to Colorado this week of the death in Dekalb of Fred Harrell, who until about a year ago lived in Colorado. He was the son of J. D. Harrell, a cotton buyer in Colorado. Mr. Harrell had been ill, but a short time with acute indigestion when death came. He is survived by his wife and two children. Funeral services were held Wednesday afternoon in Dekalb.

## Former Colorado Girl Prettiest In Snyder High

Miss Frances Lawless, youngest daughter of Mrs. J. F. Lawless of Snyder, has been selected as the most beautiful girl in Snyder High School, according to a report from that town.

Miss Frances was a mere child when the late Rev. Mr. Lawless, who was pastor of the Methodist church here for four years, and who recently died at Snyder, and his family left Colorado. Her friends here will be surprised to learn that she has grown up enough to be eligible for this honor.

## FOX AND WOLF HUNTERS HERE MAY ATTEND STATE CHASE IN ARCHER CITY

### Meeting of Texas Association To Be Held There May 6 to 9

Local members of the Texas Fox and Wolf Hunters association have received announcement of the fact that the spring meet of the association will be held at Archer City on May 6 to 9.

Several of these members will probably attend the meeting. Among members of the association living in Mitchell county are Dr. P. C. Coleman, Dr. B. F. Dulaney, W. A. Dulin, W. O. Jackson, and others.

Plans are being made to make this one of the best hunts ever held in West Texas. There is reported to be plenty of wolves and fine territory to run in. The hunt has been delayed later than usual this year, to avoid the high winds.

Roy Hudgins of Archer City is in charge of arrangements and is sparing no time and efforts to have everything in tip-top shape for the meet. Saddle horses will be available for those who care to ride, but it is suggested that it will be well for the hunters to bring their own saddles and bridles.

Fred Forman of Throckmorton is to act as Master of Hounds. Experienced riders have been chosen for field judges so that there will be no danger of any dog being overlooked in the running.

Silver loving cups will be presented to the field trial and bench show winners and as a special trophy, President Carl L. DuPuy of Lufkin is presenting the association with a Challenge cup which will be presented to the winner in the field trials.

## DALLAS GOOD-WILL TRIPPERS WELCOMED TO COLORADO FRIDAY

### Business And Schools of Town Pause To Greet Visitors

More than 100 khaki-clad Dallas business men, emissaries of good will to West Texas towns, stormed Colorado Friday at 1:40 p. m., and automatically became the center around which Colorado business—and school children—revolved for about thirty minutes.

The special train bearing the delegation shrieked into town while the Colorado Municipal Band played to welcome it. A large crowd of Coloradans met the train.

The Dallas body, headed by the 20-piece Dallas Municipal Band, and A. F. Johnson, general chairman, was welcomed to Colorado by Mayor T. J. Coffee and J. E. Chase, Mayor. Coffee being introduced by J. H. Green, secretary of the Colorado Chamber of Commerce. M. J. Stooker of the Bell Telephone System in Dallas, responded to the welcome. Miss Margaret King, teacher in the Colorado schools, was chosen at random from the crowd who stood around the Dallas delegation after it had paraded and come to a standstill in the center of Broadway, and crowned queen.

Several selections were given by the Dallas band, and a few by the Colorado band before the delegation boarded its train again for Midland and other points.

## BUSINESS WOMEN'S CLUB SETS MEETING TIMES AND PERFECTS ORGANIZATION

### Luncheon and One Banquet to be Held Each Month; Committees Chosen

Times for meeting were set and committees appointed when the recently organized Business and Professional Women's club held a called meeting in the chamber of commerce office last Friday evening at 6:30.

It was decided at the meeting that the club shall meet regularly twice each month, the evening banquet to be held on the first Thursday in each month, and a noon luncheon on the third Thursday in each month.

The meeting this Thursday, however, is being held at noon instead of in the evening because of the Methodist revival now in progress.

Committees were appointed by the president, Mrs. J. E. McCleary, as follows:

Membership—Ruby McGill, Mrs. J. Lee Jones, Elizabeth Kirkpatrick. Program—Abbie M. Sevier, Rubelle Smartt, Jo Key.

Finance—Ruth Dorn, Mrs. J. A. Ferguson, Mrs. Mayme Taylor. Legislation—Mrs. John L. Doss, Nina Mae Davis, Eloise Pond.

Publicity—Jewell Collier. Education—Mrs. J. P. Quinney, Mrs. C. C. Meskimen.

Personal Research—Mrs. A. L. McSpadden, Mrs. Leslie Crowder. Independent Woman—Frances Armstrong, Jewell McDonald, Mrs. W. N. Crosswhite.

Health—Mrs. Bennett Scott, Hazel Kay, Mrs. C. L. Root.

Emblem—Pearl Hemby, Lillian Pond, Canna Yater.

Public Relations—Mrs. J. W. Randall, Mrs. C. C. Thompson, Mrs. Billy Baugher.

## Darrel Smith Honor Pupil At John Tarlton

Darrel Smith, son of Mr. and Mrs. W. E. Smith, formerly of Colorado and now of Breckenridge, was one of the five students in John Tarlton College who made a straight "A" record during the term of school just closing, with the exception of one subject in which the grade was "B." Smith was a graduate of Colorado High School in 1927.

## W. M. BYRD BRINGS IN "SUNFLOWER" EGG

And still the eggs come into the Record office. This week W. M. Byrd, who lives in the Rogers community, brought in another "sunflower" egg similar to that brought in some time ago by A. C. Gist. The sunflower on this egg is larger and more defined than on the first one brought in, and the egg is some smaller.

## Rev. Mr. Harvey's Denison Revival Was Successful

Excellent attendance and results are reported by Rev. J. D. Harvey, pastor of the Church of Christ, in the revival which he held in Denison, closing last Wednesday. Rev. Lyle Price, pastor of the church at Denison, will hold a meeting for the Colorado church the latter part of June.

Rev. Mr. Harvey entered Monday into another series of meetings at Cuthbert. He will stay in Colorado, going back and forth for services, during this meeting. He will fill his pulpit here Sunday.

## COLEMAN FAMILY HELD FIRST REUNION DURING WEEK-END JUST PAST

### Children and Grandchildren Honor Dr. and Mrs. Coleman On Wedding Anniversary

Flocking back to the "old nest" for the first time since the first of them chose the path away from home, the children of Dr. and Mrs. P. C. Coleman held a reunion the past week-end on the occasion of their parents' forty-fourth wedding anniversary. All the grandchildren were here for the reunion also.

The family group included fourteen, who were the following: Mr. and Mrs. J. M. Thomas of Colorado and their daughter, Eleanor; Dr. and Mrs. Reeves Coleman of New Orleans; Mr. and Mrs. Roland Burchard and two children, Preston and Alice; Dr. and Mrs. Maxwell Thomas of Dallas; Miss Mildred Coleman.

An unusual feature of the gathering was the presence of three generations of practicing physicians—Dr. P. C. Coleman of Colorado; his son, Dr. Reeves Coleman of New Orleans, and his grandson, Dr. Maxwell Thomas of Dallas.

Besides the two family dinners, one at the home of Mr. and Mrs. J. Max Thomas on Saturday evening, and another at the Coleman home Sunday, several other hospitable gestures were extended the family during the several days of the reunion. Mr. and Mrs. Thomas Dawes served tea to the party Sunday afternoon; Mrs. Leger Smith entertained, honoring the ladies of the group Thursday afternoon, and Mr. and Mrs. Joe Smoot honored the whole family with a dinner Tuesday evening.

## BALANCED RATION PROVES CHEAP WAY OF PRODUCING EGGS

### E. A. DUNCAN FINDS COST OF EACH DOZEN LESS THAN ELEVEN CENTS

Eggs can be produced at a cost of 10.3 cents a dozen when the flock is fed a balanced ration, the record of T. A. Duncan, one of Mitchell county's poultry demonstrators, shows.

Mr. Duncan has fifty hens in his flock and during the 33 days they have been fed a balanced ration, consisting of headed grain sorghums and an egg-laying mash, they have laid 88.5 dozen eggs and the total feed bill amounts to \$9.20, making the feed cost of a dozen eggs 10.3 cents a dozen. The flock is now averaging 65 per cent production.

Mr. Duncan's flock was fed all the grain they would eat when the demonstration started, but after being fed a mash for ten days the production in the flock was doubled. Culling and dipping also gave an increase in production.

W. S. Foster, county agent, says this is another case where keeping cost records has paid as a good many people think they cannot afford to buy commercial mash feeds when eggs are selling for 25 cents or less. He says it is just as important for a farmer to know the cost of the products he sells as it is for the merchant to know the cost of the goods he has to sell.

## MRS. J. L. SHEPPARD RETURNS TO HER HOME IN CISCO

Mrs. J. L. Sheppard, wife of Judge J. L. Sheppard of Cisco, one time judge of Mitchell county and later district judge for this district, returned to her home in Cisco last Sunday after a visit of a few days with friends here.

## OWNERS OF REGISTERED ANIMALS HERE ORDERING TABULATED PEDIGREES

### Complete Records of Stock For Five Generations To Be Obtained

Mitchell county farmers and dairy-men owning registered animals are ordering tabulated pedigrees which give complete records of the animals for five generations. Recently B. O. Joyce, Clyde Linam, C. O. White, and R. E. Bennett have secured tabulated pedigrees for their registered Jerseys.

The value of this kind of pedigree is shown in the record of Sophie's Agnes' Laddie 16th owned by the Long-fellow block of the Scurry County Bull Circle. This bull is also the sire of the bull Laddie Lewis owned by Clyde Linam of Loraine.

The sire of this bull topped the Ayrdale farm auction sale at \$5,200 and sold in 1928 for \$7,500. He is the sire of 21 in the Register of Merit with records as high as 1045 pounds of butter in one year. He is also the sire of two State class champions and one gold and silver medal cow.

The dam of this bull has a Register of Merit record of 473 pounds of butter at two years and five months of age. She is a sister to a gold medal cow and another that sold for \$710. With production of this kind in a pedigree, high production is almost sure to be transmitted to the offspring.

## FUNERAL SERVICES HELD MONDAY FOR WM. L. RUDDICK

### Westbrook Man Succumbs to Injuries Received Nearly Two Weeks Ago

Injuries sustained when he was struck by flying bits of a broken emery stone proved fatal to William Lawrence Ruddick of Westbrook in Pecos last Sunday. The accident occurred nearly two weeks before his death.

Funeral services were held Monday afternoon in Westbrook, Rev. W. C. Ashford of the First Baptist church of Colorado being in charge, assisted by Rev. A. E. Ewell of the First Christian church of Colorado.

Mr. Ruddick was born December 15, 1889, in Iowa. He was married to Rosa Leach, daughter of Rev. A. D. Leach, on April 17, 1917. To this union were born two sons and two daughters, all of whom survive their father. He is also survived by his parents, three brothers, and two sisters. He was employed in oil field work at the time of the fatal accident.

## Russell Soper Reported Doing Well In Austin

### Reports coming from Austin are that Russell Soper, Colorado boy who was recently made a page in the House of Representatives, is making a good record for himself there in the execution of his duties.

Russell was given this place after a group of Colorado business men had conceived the idea of attempting to get a Colorado boy into such a position. Representative W. E. Reid consented to do his best to get an appointment for any boy who should be selected as eligible. Scoutmaster J. A. Ferguson and Supt. Ben S. Peck of Colorado public schools, both recommended Russell Soper, who won the Eagle Scout badge in Boy Scout work and who had an enviable record in his school work.

Representative Reid succeeded in securing the appointment for the Colorado boy over one hundred others who were seeking appointments, and he attributes his success in a large degree to his friendship with Speaker W. S. Barron of the House.

## BIG SPRING AVIATORS ARRESTED IN ARIZONA

TUCSON, Ariz., April 30.—W. L. Mitchell and Pete Stanley, of Big Spring, Texas, aviators, were held here under bond for preliminary hearing in Federal court on May 2 on charges of transporting war munitions into Mexico.

Federal authorities say Stanley admitted flying for Mexican rebels in Sonora. Federal authorities said the plane had been flown into Mexico from Arizona and Texas, and was classified as an instrument of war. It was seized by the U. S. Government.

## PARTY OF FOUR TO FISH AT WICHITA FALLS LAKE

J. F. Quinney, Ham Brown, Hank Grebing, and Charles Farris left on

Tuesday for Lake Camp at Wichita Falls, where they will spend a few days fishing. This lake is the fifth largest artificial lake in the world.

**COLORADO LAUNDRY**

**LOOK NOW FOR THE INFERTILE EGG MARKET**  
COLLEGE STATION, May 4.—It is wise for poultry raisers to begin now to look for markets that will pay a premium for infertile eggs, for with the coming of warm weather next month farm eggs will likely be discriminated against in price because of the wide prevalence of fertile eggs. Producers who follow the good management method of selling off most of the roosters now and penning the remainder will be well repaid, provided they make arrangements to dispose of fresh infertile eggs at extra prices. It is usually possible to do this, either individual-

ly or through egg circles or associations, for the public demands good eggs and is willing to pay extra to get them.  
In suggesting such a course of action, E. N. Holmgren, poultry specialist in the Extension Service of A. & M. College, calls attention to the great increase in recent years of cooperative selling of fresh, infertile eggs in Texas. Last year alone groups of farmers and farm women in more than 100 counties sold eggs for premiums ranging from 2 cents to 7 cents per dozen. In most cases, local merchants handled these quantities on a small margin or bought them outright for re-sale.

**TEXAS SENATORS IN U. S. CONGRESS**  
1845 TO 1926  
By ALVA O. HEARNE

The Record is running each week short biographical sketches of Senators elected to the United States Congress from Texas. Senators and others interested should follow the series from week to week. If clipped and placed in a scrap book, these sketches will furnish valuable references on the political developments of Texas.

The fourteenth United States Senator elected from Texas was—  
**CHARLES ALLEN CULBERSON**  
(1899-1923)

Charles Allen Culberson was born at Dadeville, Tallapoosa county, Alabama, on October 10, 1855, a son of David B. Culberson. His parents removed from Alabama to Gilmer, Texas, in 1858, and from there to Jefferson, Texas, three years later. For many years the father was a prominent figure in the public life of Texas, having been an adjutant general in the Confederate army, a member of the State Legislature (1859-1864), and of the State Senate in 1874, and a member of Congress for the Fourth Texas district from the Forty-fourth to the Fifty-ninth Congresses. While in Congress he was for years chairman of the Judiciary committee of the House of Representatives, and was tendered an appointment on the Interstate Commerce Commission by President Harrison.

Charles Allen Culberson attended the common schools of Jefferson and Prof. Morgan H. Looney's high school at Gilmer, and entered the Virginia Military Institute at Lexington, Va., in 1870. Being graduated in 1874, he spent the next two years studying law in his father's office, and then entered the law department of the University of Virginia. During his course, he was distinguished for scholarship and close application to study, being chosen judge of the moot court and final orator of the Jefferson Literary Society, both exceptional honors.

In 1878 he was admitted to the bar of Texas, and at once took a high place as an attorney and practitioner. In 1882 he obtained particular reputation in the defense of John L. Grand, convicted of murder by the Federal District court at Jefferson under the Ku Klux law. Mr. Culberson appealed to the circuit court and by his scholarship and able pleading secured from Justice Woods a reversal of the former verdict, with a

declaration of the unconstitutionality of the Ku Klux law. This decision being sustained by the United States courts elsewhere, served to increase the reputation of the young attorney and place him in the front rank of the profession.

Mr. Culberson's ability soon forced him into the political arena, and in 1880, when but 21 years of age, he was elected county attorney of Marion county. He soon resigned that position, and in 1882 was offered a nomination for the Legislature, which he declined. His practice continued to increase rapidly, and in 1888, in search of a wider field, he removed to Dallas, where he formed the firm of Bookhout & Culberson.

At the Democratic State convention in San Antonio, in 1890, he was nominated for attorney general by acclamation, and being elected by a large majority served until his nomination as Governor, in 1894, by the State convention at Dallas. Being triumphantly elected, he was nominated for a second term at Fort Worth in 1896, and was again elected by a majority of 60,000 in the face of a powerful fusion ticket growing out of the financial issue of that year.

Governor Culberson was a delegate to the National Democratic convention at Chicago, in June, 1896, and during the campaign gained a national reputation by his correspondence with Prince Bismarck on the subject of bimetallism. Governor Culberson's administrations were characterized, not alone by force and prompt attention to all public issues, but by integrity and moral purpose seldom equaled. In his first inaugural message, he urged the legislature to redeem all the pledges of the Democratic platform, and called especial attention to the condition of the public schools, recommending an increase of the school tax to 20 cents on every \$100. Among other evidences of his vigorous action in matters of moral concern was his prohibition of the Corbett-Fitzsimmons fight in Texas during 1895. He was re-elected in 1896. He was married to a daughter of Colonel W. W. Harrison of Fort Worth, Texas.

**NEW FORD PROVES SELF BY TEST IN THE ALPS**

An official test of the Model A Ford motor in Switzerland, with the Alps as the proving ground, has demonstrated that the new Ford could be operated for a long, continuous period over abrupt, steep hills, without lifting the hood. Repairs of the tests have just been received by the Ford Motor Company.

The Ford motor was kept running for a period of six days and during virtually all of that time the car was enroute over the Alpine passes, a relief taking over the operation while the driver rested. Day and night the test continued. No attempt was made for distance or speed, the sole object being to determine the reliability and power of the automobile.

The fact that the trip was made when roads and climate conditions in the mountains were bad is cited as further evidence of the stability of the Ford car. A strictly standard Model A Ford with Tudor body was used. Zurich was the starting point. The hood of the car was sealed officially by a representative of the township. Two persons occupied the car, the driver and his relief.

Passing through Lucerne and the Grimsel Pass, the car took the Furka Pass at an altitude of 2,431 meters, then the St. Gotthard Pass down the Italian lakes and back to Zurich. On its return the car was examined by the official who first placed them on the hood and were found intact.

In each town the car was stopped, but not the motor. The motor ran constantly from the time the car was started in Zurich until the return six days later.

**CHEVROLET TO SPONSOR SOUSA RADIO PROGRAM**

John Philip Sousa and his world-famous band will be heard over the radio for the first time on Monday evening, May 6th, in an hour broadcast, sponsored by Chevrolet Motor Company to signalize the achievement of placing on the road over a half million new six-cylinder cars in four months' time.

The radio debut of the famous "March King" will come through the National Broadcasting company coast to coast chain during the regular General Motors "Family Hour," starting at 8:30 p. m.

According to J. B. Mills, local Chevrolet dealer, Chevrolet was particularly fortunate in seeking an attraction to emphasize its latest record to secure the first radio performance of this famous director-composer who has been an American institution for the past two decades.

"Naturally, we Chevrolet dealers are proud that our company has been instrumental in introducing Sousa and his band to the microphone," Mr. Mills said. "We are equally proud, however, of the occasion marked by Sousa's first broadcast. By putting on the road over 500,000 new Chevrolet sixes since January 1, we have established a record never before duplicated by any dealer organization distributing six cylinder automobiles. In fact, no other dealer organization in the history of six-cylinder manufacture has ever equalled this record in the course of a full year."

# Another Record!

over

## 500,000

## New Six Cylinder CHEVROLETS

since Jan. 1<sup>st</sup>

Sweeping constantly ahead to greater and greater heights of popularity . . . making and breaking new records of success with impressive regularity . . . the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what "a Six in the price range of the four" actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

The ROADSTER . . . \$525	The COACH	The Convertible LANDAU . . . \$725
The PHAETON . . . \$525	<b>\$595</b>	The Sedan Delivery . . . \$595
The COUPE . . . \$595		Light Delivery Chassis . . . \$400
The SEDAN . . . \$675	All prices f. o. b. factory; Flint, Mich.	1½ Ton Chassis . . . \$545
The Sport CABRIOLET . . . \$695		1½ Ton Chassis With Cab . . . \$650

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

### Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity

#### 6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration.

#### 6-Cylinder Getaway

In sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder head eliminates every trace of "lugging."

#### 6-Cylinder Speed

The new Chevrolet Six has speed in abundance—but even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security.

#### Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of better than 20 miles to the gallon of gasoline!

#### Exceptional Riding Comfort

Another vital factor that has influenced over a half-million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It travels smoothly over rough roads—and its balance on turns and corners is exceptional.

#### Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractively long-lasting colors—and upholstered in rich, deep-tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

#### Proved Dependability

Tested for more than a million miles on the roads the General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

#### Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder are the prices at which it is offered. Study these prices and compare them with any other car and you will recognize the remarkable value represented in the Six in the price range of the four!

Hyman Happenings

Perhaps this community has never been stirred up as much as it was last Wednesday afternoon, when the residents learned that Mr. Reuben Ratliff had taken his life. Mr. and Mrs. Ratliff came here some months ago, had rented a farm from Harry Hyman, and had it up in fine shape. Mr. and Mrs. Ratliff had only been married some six or eight months, and there had been some trouble in adjusting themselves to their new position in life. Some of Mr. Ratliff's friends had noted that he was sometimes moody, and in the light of the tragedy of last week, feel that his mental condition had not been perfectly normal, which condition accounted for the terrible tragedy. On Wednesday afternoon he had threatened to take his life, and had said he would not be living at sunset. This frightened his wife, who sent for her nearest neighbor, Mrs. Jim Boyd. Mr. Ratliff was seen to leave and as he was returning he saw Mrs. Boyd going to his home. He went to the home of Walter Wilson and tried to borrow a gun, but they did not let him have it. He then went around by the back of Mrs. Boyd's home, got their gun, and two shells, and came back to within a hundred yards of the house, where he hid behind a clump of low bushes. He waited for about 45 minutes, then fired the fatal shot. Mrs. Ratliff and Mrs. Boyd both thought he must be fooling them, and it was about 10 minutes before they ventured out to see, when they found he was dead. He was carried to the home of Mr. VanZandt, an uncle of Mrs. Ratliff. Early next morning he was taken to Spade, his former home and home of his parents, where his mother is buried. He was laid to rest Thursday at 3 p. m. The funeral line, said to have been more than a mile long, bore silent testimony to the sympathy of the countryside for the bereaved family.

Mrs. Annie Burrell, Alfred Burrell and Mr. and Mrs. Tommie Summerfield of Ralls, were guests last week end of Mr. and Mrs. Ike Smallwood, and they returned Saturday, taking with them young Burrell, who was so badly burned a week ago. The young man is improving, but physicians say it will probably be a month or two before he can use his hands. John P. Scott of Shreveport, La., one of the Scott heirs of the H.S. Ranch, and Merrill Currier of Shreveport, came in last Saturday night and

Payne Notes

Our school closes this week. The girls and boys had planned a program for closing night, but owing to the school closing so soon, we were compelled to drop our play. The pupils deeply regret this early closing.

Mr. and Mrs. Sorrells and son of Ira, and Miss Mae Sorrells of Abilene spent Sunday with Mr. and Mrs. W. M. Copeland. Miss Pearl Venus of Seven Wells spent Sunday with Ruth Smith. Mr. and Mrs. Carter and son of Seven Wells spent Sunday with Mr. and Mrs. W. A. Smith.

V. H. Cooper and family spent Sunday with W. M. Reese of Seven Wells. J. F. Morren and family visited relatives at Coahoma Sunday. Lester C. Burk, wife and baby, accompanied by Ed Roach and family of Seven Wells community, visited in J. S. Boyd's home of Hyman community last Sunday.

Rev. Parks, who filled his regular appointment here Sunday and Sunday night, was called to Santa Anna, Texas, early Sunday morning to assist in the funeral services of a church member. Mrs. John Hammons, who has been ill the past week, is improving nicely.

Mrs. F. M. Saling is on the sick list this week. We hope she will soon recover. W. A. Smith, who has been sick for the past few days, is improving very nicely.

Spade Spuddings

By GEORGIE THOMPSON Rev. Garner preached at his regular appointment Sunday and Sunday night. There was a good attendance. Spade school was out last Friday. There was a nice program on Friday night with a large attendance. The children were proud of a vacation, but they hated to see their teachers leave.

The teachers plan to attend school this summer. Mr. and Mrs. L. H. Welch plan to go to Simmons at Abilene, Miss Pauline Hargrove to Tech at Lubbock. We are not certain where Miss Johnny Chesney plans to go. We are hoping their further success. Miss Christine Bolin was the guest of Misses Velm and Eunice Barber Sunday.

Phil Board was the dinner guest of Robert and Jesse Bolin Sunday. O. Bolin seems to be high hating the Spade folks since he's driving a new Whippet Six. The Spade baseball team played Hyman Saturday and were defeated 12 to 10. Spade boys also played Outhbert Saturday a week ago, being defeated by a score of 9 to 1. Spade did not have the regular team in either of these games. The boys are looking for Outhbert Saturday, and this will be a "hot" game, no doubt. The Spade boys will play their regular team on this occasion.

Mr. and Mrs. Cantrill entertained the young folks with a party Saturday night. Everyone had a nice time. Miss Letha Skaggs spent the week end with Georgie Thompson.

For Suffering Humanity

SPEDDY RELIEF is afforded to sufferers by expert chiropractic adjustment of the individual bones in the spinal column, the headquarters of the entire nervous system in the human body. Scarcely any ill that flesh is heir to but is caused by nerve derangement, hence the chiropractor can relieve them better than medicines.

The revival meeting is still in full sway at the Baptist church. Some heart-searching messages are being delivered, both morning and at night, and there have already been a number of conversions and additions to the church. You are missing something when you fail to attend these services, so make the most of your opportunities during these next few days.

Miss Claudia Bell spent Saturday and Sunday in Sweetwater, a guest of Miss Hester Cline.

Mr. and Mrs. Hubert Powers, accompanied by Verner Glover and Miss Hazel Glover, visited home folks in Brownwood Saturday and Sunday.

Jesse B. Slaton and Miss Earline Murphy, accompanied by Guy Thompson and Miss Nellie Jackson, were united in marriage at Methodist parsonage Saturday night, with Rev. Naugle officiating. We understand

this popular young couple live in the New Hope community, and have a host of friends who wish for them a happy voyage through life.

E. V. Ellis has moved his family to Pecos, where Mr. Ellis has accepted a job as depot agent. We regret very much to lose this fine family from our midst, but sincerely hope they will be well pleased with their new surroundings.

Complete plans and blue prints of Farm Buildings. See them at—**BURTON-LINGO CO.** Westbrook.

Miss Alta Ferguson will present her pupils in a music recital at the school auditorium Friday night. The public is cordially invited.

See the model Chicken Houses at **BURTON-LINGO CO.** Westbrook.

Work has begun on the new Sunday school rooms at the Methodist church. This is a much-needed addition to our church since our Sunday school continues to increase, and we are looking forward to their completion with great enthusiasm.

Mr. and Mrs. P. M. Rowland visited relatives in Albany several days last week.

See the model Chicken Houses at **BURTON-LINGO CO.** Westbrook.

Mr. William Lawrence Ruddick, aged 39 years, died in the Pecos hospital Sunday, following an accident which necessitated the removal of one hand and several inches of his intestines. The body was shipped to Westbrook Sunday night. Funeral services were conducted at the Baptist church Monday afternoon, with Rev. Ashford of Colorado in charge.

Mr. Ruddick was born in Iowa in 1889, having come to Texas while quite young. He was married in 1917 to Miss Rosa Leach to whom four children were born, two girls and two boys, who with the companion, father, mother, brothers and sisters, are left to mourn their great loss. Mr. Ruddick was a good man, loyal and true to his family, upright in his dealings and had the love and esteem of those who knew him. He was converted while a boy, and although he was not affiliated with any church, he was a devout Christian and during those hours when death seemed so near he was cheerful and expressed a willingness to meet his Savior. The beautiful floral offering spoke silently but eloquently of the esteem in which he was held and a great concourse of people followed the remains to the silent city of the dead, where with loving hands he was laid to rest. To the heart-broken relatives we offer our sympathy and bid you look to Him who alone can comfort in an hour like this.

Mrs. M. L. Cope was taken suddenly ill Sunday and for some time it was thought her condition was serious, but we are glad to report her much improved at this writing.

**SCURRY COUNTY TO RE-SURVEY HIGHWAY NO. 7**

**SNYDER**, April 24.—A new survey for Highway No. 7 on a stretch of nine miles west from Inadale, Scurry county, following the R. S. & P. railroad tracks, will be made at once according to County Judge Horace Holly, Horace Leath and Secretary Watt of the Scurry County Chamber of Commerce, who today returned from Austin after conferring with the State highway commission.

The State highway commission at its last session held up contracts on the highway, refusing to accept the routing of the nine mile stretch in question.

No. 7 is the main highway from Abilene to Amarillo via Snyder and Lubbock.

Dora—He told me he could live on my kisses forever.  
Della—Are you going to let him?  
Dora—Not until I find out what I am going to live on.

Mildred (despondently)—I am to marry Maurice next week, and I am not at all sure that I really love him.  
Marjorie—How positively thrilling!

**WHAT HILKIAH FOUND IN THE TEMPLE**

**LESSON TEXT**—II Chron. 34:14-22.  
**GOLDEN TEXT**—The word is a lamp unto my feet and a light unto my path.  
**PRIMARY TOPIC**—Finding a Lost Book.  
**JUNIOR TOPIC**—Finding a Lost Book.  
**INTERMEDIATE AND SENIOR TOPIC**—Discovering a Guidebook.  
**YOUNG PEOPLE AND ADULT TOPIC**—The Bible in National Life.

I. The Book of the Law Found (vv. 14-17)

1. The occasion (v. 14).  
It was while restoring the temple during Josiah's reformation that the Book of the Law was discovered. No doubt, in clearing out the dark corners to make repairs and to find a place to store the subscriptions made by the people, many things which had been lost were found, among which was the law. This was "the law of the Lord given by Moses."

2. The book delivered to the king (vv. 15-17).  
In a report of the work, the king was informed of the finding of the Book of the Law by Hilkiah, and the book was delivered to him.

II. The Effect of the Reading of the Law (vv. 18-23)

Shaphan, the scribe, read the law before the king.

1. The king read his riches (v. 19).  
As the law was read before him, the king was led to realize the extent of the nation's departure from God. He knew that sin merited punishment. The function of the law is to reveal sin. The reading of the royal robes indicated that the king was penitent and sorrowful.

2. The king sent a deputation to make inquiry of the Lord (v. 20).  
The king included himself in guilt before God. "Go inquire for me and for them that are left—for great is the wrath of the Lord that is poured out upon us." His sense of sin was so keen that he sent to inquire of the Lord as to whether there was any means of averting the divine judgments. Instinctively, the human heart turns from God's threatening judgments to a means of escape.

3. The message of Hilkiah, the prophetess (v. 22-23).  
(1) Confirmation of what the king said (v. 22-23).  
She said that all the curses written in the law must fall, for the sin had been so flagrant that God's wrath could not be restrained. Destruction was hanging over Jerusalem and it was too late to avert it. It was not too late, however, to repent and to obtain mercy from God, but the outward consequences of sin must be realized. Fulfillment of this is found on every hand today. The murderer must hang.

(2) Acceptance of Josiah's repentance (v. 24-25).  
Because of his tenderness of heart and deep penitence, the Lord said he should be gathered to his grave in peace and should not see all the evil to be brought on Jerusalem and its people. What Hilkiah said was true even though Josiah died in battle (35:22-25). When God accepts a man and forgives him, his death is a peaceful one, even though it may be on the battlefield. God's presence is with him, therefore he will go straight from the battlefield to the heavenly home.

III. The Law Obeyed (vv. 29-33)

1. The king read the law (v. 29).  
He gathered together the inhabitants of Jerusalem, including the priests, Levites and elders, and read unto them the law.

2. The king made a covenant before the Lord to keep His commandments and testimonies (v. 31, 32). In this covenant he pledged himself to do three things:  
(1) To walk before the Lord (v. 31). This meant that he would get personally right with God.  
(2) To keep God's commandments, testimonies and statutes with all his heart and soul (v. 31). To read the law is not enough. Its holy requirements must be obeyed.  
(3) To perform the words of the covenant, which were written in the book (v. 31). This was done sincerely and he caused all that were present "to stand to it."

3. The king took away the abominations out of all the countries which pertained to Israel (v. 33). All the days of the king they departed not from following after the Lord, the God of their fathers.

**The Camel and the Rich Man**  
And Jesus looked round about, and said unto his disciples, How hard shall they that have riches enter into the kingdom of God! It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God.—Mark 10: 23-25.

**Our Deeds**  
Our deeds determine us as much as we determine our deeds.—George Elliot.

**LORRAINE-ROSCOE MEN HAVE A GOLF CLUB**

Men of Roscoe and Lorraine who love to play golf have placed their heads together to form a Lorraine-Roscoe Country Club. Eighty acres of land have been leased at Mitchell-Nolan county line between Roscoe and Lorraine and preparations are going forward on a nine-hole golf course. The land is located just at the end of the paved road from Roscoe and will be convenient for both Roscoe and Lorraine golf players.

Already thirty members have been signed up, most of them from Lorraine, and it is hoped by those interested in the project that others will take a membership in the club.

The land has been secured in an ideal location for both towns and it should develop into a real playground and it is hoped in the near future that a club house can be built on the land.—Roscoe Times.

**C. I. A. FACULTY FOR SUMMER TERM SELECTED**

DENTON, Texas, April 30.—The faculty for the first nine weeks of the C. I. A. summer session has been selected, and the bulletins for the term's schedule are ready for distribution. Summer school will be divided into two terms of nine and three weeks, the nine weeks term beginning

**FELT BAD AFTER EATING**

FOUR YEARS ago, I suffered with heart-burn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation.

"I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught"—Mrs. G. C. Leary, 103 North Alston Ave., Durham, N. C.

PRIZE ESSAY BY JUNE HOGUE IN LEGION AUXILIARY CONTEST

The prize-winning story on "Texas Under Six Flags," which was written by June Hogue of the Valley View school in the contest recently sponsored by the local American Legion Auxiliary, is printed below:

Texas in the Name of France One morning, early in the year of 1684, Sen. De LaSalle stood wait-

ing impatiently in an ante-chamber of the Royal Palace of Versailles in France, but his face lit with joy as a man entered, announcing that he had the King's consent to establish a colony at the mouth of the Mississippi river. He bade the King farewell, never to return again to his native country. He left the shores of France with four ships and a colony of men. By misfortune he and his shipmates landed on the fertile shores of Texas, and here they established Fort St. Louis. His colony of fate and the brave LaSalle was assassinated by his fellowmen, but France secured his claim to Texas.

Texas in the Name of Spain While these things were going on in an obscure corner of the new world there was a contest in the word had come from the Golden West that France had laid unlawful claims to parts of Spanish territory there. The King of Spain ordered his viceroy to punish the offenders as soon as they could be found, but alas when he set found the French settlement, his heart turned to pity, for at the doors of houses by the bones of men, women and children that had died from perils diseases and starvation. The Spanish later remodeled the little fort and made a Spanish settlement out of it. Once more the church bells rang and music filled the streets. Spain now considered all the fertile soil of Texas theirs.

Texas Under the Flag of Mexico Spain did not use good judgment in governing Mexico, and the inhabitants of Mexico were dissatisfied. So in the year of 1808 they saw their chance for independence on account of the unsettled condition of Spain. Priest Hidalgo led the rebellion which lasted with more or less vigor until 1821, and at this date Mexico secured her independence from Spain. Then came a contention over the boundary of Mexico. The United States claimed Texas was included in the Louisiana Purchase from Spain, while Mexico contended that Texas belonged to them. It was decided that Texas belonged to Mexico, so the United States gave up all claim to Texas.

Texas Under Her Own Flag Texas, at the time of Mexico's freedom, was very sparsely settled, but many Americans emigrated to Texas on account of liberal land grants from the Mexican government. The Mexican rule was arbitrary and inconsistent. First one and then another ruled the country.

The Texans found this intolerable. They petitioned the Mexican government for redress of grievances, but without avail, and, losing all hope of fair hearing, the Texans took matters into their own hands, revolted and proclaimed themselves free on March 2, 1836. Then followed the many bloody battles that won Texas freedom and fame.

I can picture the three hundred and seventy brave Texans shot down in cold murder after the battle of Goliad, and the fall of the Alamo and the famous battle of San Jacinto, when fewer than a thousand Texans rushed upon the great hordes of Mexicans. They fought with daring bravery and for a just cause. Here Texas secured her freedom from Mexico.

Texas Under a Nation's Flag In the same year that Texas won her independence, she expressed a desire to be united to the Stars and Stripes, but the desire was not granted, and for nine years Texas stood as a Lone Star State. But on March 3, 1845, she was annexed to the Union. It was good to be free to have her own flag and to be her own ruler, but much better to be under the protection of a mighty nation.

Texas Under the Confederate Flag A great question arose between the North and South as to whether the slaves should be set free or kept in bondage and reached the point where the Southern states seceded. Texas was among the first seven Southern states to secede. The Texans fought bravely and rallied readily to the call of the Southern armies, but they were overpowered and we today may thank God that it has been restored to the Union and now plays a great part in one of the most powerful nations of the world.

ABILENE RAILROAD MAN FEELS FINE EVERY MORNING NOW

Wallace Says He is Full of New Life and Energy Since Taking Orgatone

W. E. Wallace, well known employee in the freight department of Texas & Pacific Railroad, is still another citizen of high standing who comes forward with his unqualified endorsement of Orgatone. While in Harvey Hays Drug Store, Abilene, Texas, Mr. Wallace said: "My improvement in every way has been more than satisfactory, and I don't hesitate to endorse such a fine medicine as I have found Orgatone to be. I hadn't been feeling at all well for the past year. I suffered from stomach trouble and indigestion. I couldn't sleep soundly, felt lazy, tired, and drowsy. My work required me to stay in all day and I had become so run-down that I was easily tired out and I didn't feel much like work. I can't describe just how I felt, but I knew I needed something to relieve my stomach and that tired, drowsy feeling and build up my strength and energy.

"Orgatone just hit the spot exactly and I now feel like a different man. Why, before I took it I had no appetite but I am hungry all the time now and can eat anything without the slightest bad feeling afterward. I sleep fine, get up in the morning feeling fine and my daily task is much easier. My indigestion is gone and my tired worn-out feelings have left me and I simply feel different altogether." Genuine Orgatone may be obtained in Colorado from the Colorado, and the City Drug stores. Adv-1.

BLEEDING GUMS HEALED

The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhea Remedy on their very worst cases. If you will get a bottle and use it as directed druggists will return money if it fails. Sold by Colorado Drug Co.

GORDON LIKE NEW MAN SINCE HE TOOK SARGON

"Words cannot express the good I derived from Sargon," recently declared B. H. Gordon, Southwestern Representative of Dodd Mead & Co., one of the largest school book publishing houses in America.

"I was in a terribly run-down condition and suffered constantly from stomach trouble. My kidneys gave me so much trouble I had to get up eight or ten times every night. I was overweight and had so little strength I could attend to no business at all but required physical exertion. Treatments and medicines consistently failed to help me.

"I talked with several people who had taken Sargon. They were so enthusiastic over the medicine I decided to try it. I was greatly surprised by the actual results. I am like a new person. I am no longer troubled with my kidneys, and I sleep like a child. I relish my meals and everything agrees with me. I have gained ten pounds and intend to my every duty now without tiring.

"Sargon is wonderful and I would tell everybody in the world about it if I could." Mr. Gordon maintains offices in the Guxter Bldg., San Antonio. He is one of the foremost authorities on educational matters in the Southwest. Sargon may be obtained in Colorado from Colorado Drug Co., in Westbrook from Margaret Lansester and in Loraine from Hutchison & Hall. Adv-1.

PLYMOUTH CAR PLANT MODEL OF EFFICIENCY

Just as the various parts of an automobile engine are designed and timed to produce a smoothly operating motor, so is the modern factory laid out and timed to produce a smooth, even flow of materials and parts through the plant and an even production of new cars at all times. Those who have inspected the Plymouth plant of Chrysler Motors in Detroit, the newest and most modern plant in the industry—have been greatly impressed by the precision and the regularity of thousands of men and machines working with one goal in mind—to produce a quality product, economically and quickly.

In this immense building, which is the largest single floor manufacturing plant in the country, there is but a single room—a room nearly half a mile long and averaging 400 feet wide. Into one end of this room and to various stations along one side are brought the raw materials and semi-finished parts. Out of the other end of the room the completed cars, thoroughly tested and inspected are driven away.

DEBS FAVOR IT TO ALL OTHERS

They would not be without new wonderful MELLO-GLO Face Powder because it prevents large pores—stays on longer—spreads more smoothly and is famous for its purity. No irritation. Never gives a pasty or flaky look to the skin. Its new French process gives a youthful bloom and keeps ugly shine away. Try MELLO-GLO today. For sale by Colorado Drug Co., and City Drug Co. Adv-1.

STERLING CITY LAND MARKS ARE TORN DOWN

(From Sterling City News) The two old wooden buildings on the North Side, belonging to Oscar Findt, one of which has been used by Ben Findt as a restaurant, are being torn down to make room for a new 25x60 brick business house Mr. Findt is building.

These are the last of the wooden buildings on the North Side in Sterling. Much history is associated with these two buildings. One of them was used by the late beloved "Uncle" Ben Cummins as a saddle and harness shop. They also once housed the post office and the Sterling City News back in the '90's. Another one of the small wooden buildings which stood on the North Side and was razed prior to this, and about which many exciting and amusing scenes were enacted, was the old barber shop.

We will remember the day back in the early '90's when Lee Gilbert and another cowpuncher came to town after a supply of tobacco and other things. They stopped at the saloon and purchased some gingle tea. After taking "tea" with each other a few times, they rode over to the barber shop to see a man. Not finding their man in front, they rode into the barber shop and broke up a perfectly good argument on the free and unlimited coinage of silver at the ratio of 16 to 1.

Sam Coffee, a young attorney, was in the chair getting a shave when Lee rode in at the front door and out at the back. The barber in his haste to get out of the way, came near amputating Sam's upper lip. This made Sam mad, but before he could bring his gun into action, Lee was out of range.

NEW CAR BY BUICK TO HAVE FINE ELEMENTS

Performance, stamnia and attractive appearance, the elements in motor car manufacture which have made Buick the outstanding car in its price class, will be carried out in the new six-cylinder automobile that Buick is to introduce into the lower price field early this summer, officials declare.

The mere fact that the new car is to be built by Buick places unusual demands upon the engineering department of that company. The officials have pointed out that Buick is not just merely the name of an automobile, but that it symbolizes qualities which have built for the company's product a two-to-one preference over any other cars listing above \$1,200. They maintain that, as Buick leads in its field, so must the new product in the field which it is about to enter.

Early in the history of the automotive industry Buick became the conqueror of the open road. No hill was too steep, and no journey too long for the Buicks of those almost forgotten days. As a matter of fact, about the only remaining traces of those early days are the Buicks which are still in service after more than 20 years.

In the present day, with modern America riding on "balloon" tires, behind throbbing, vibrationless motors, Buick is still in the lead, constantly winning performance records everywhere. Paved highways and the injection of the traffic problem into motoring have made new demands upon automobile manufacturing, and Buick officials are proud of the achievements in meeting these demands, as witness the "Get Behind the Wheel" movement instituted by Buick this Spring.

BACKED BY 25 years of quality ITCHING ECZEMA HEALED We honestly believe CRANOLENE the cranberry cream, will heal any case of eczema or other skin trouble. Come in and let us tell you about it. Use one jar, and if you are dissatisfied, your money will be refunded. Price \$1.00 if COLORADO DRUG CO., INC.

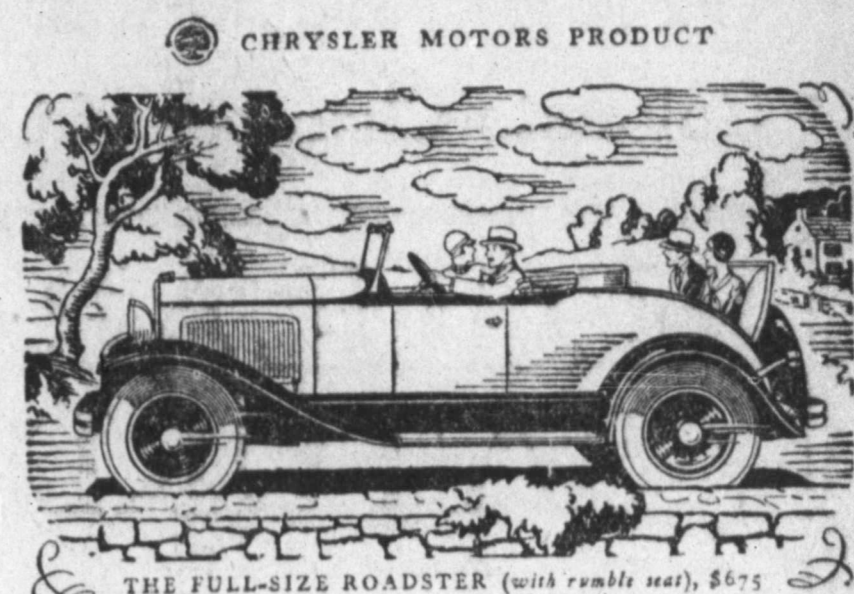

engineering and sales success, the Buick Motor company has designed a high grade product for the lower-priced field, declare the executives, who add that, with a thorough understanding of the public's consciousness of motor car values, the companion car to Buick has been designed to meet every requirement of its price class.

TWENTY PER CENT LIMIT ON INSURANCE COMMISSION

AUSTIN, April 30.—The Texas Fire Insurance Commission today set 20 per cent as the maximum commission which can be paid to agents for writing fire insurance in the State. The commission also specified a

25 per cent maximum on automobile fire insurance. The action of the commission was taken, it was said, because some agents had complained that larger insurance companies were paying commissions of considerably more than 20 per cent. Several of those companies already have indicated they would protest any attempt by the board to set commissions.

She (thoughtfully)—Why do so many women rest their chins on their hands when they are thinking? He (brutally)—To keep their mouths shut so that they won't disturb themselves.

CHRYSLER MOTORS PRODUCT THE FULL-SIZE ROADSTER (with rumble seat), \$675 New Beauty, New Comfort and New Smoothness Beyond comparison among low-priced cars

The improved Plymouth is today exhibiting new standards of performance, economy, comfort and beauty entirely beyond comparison in the low-priced field. Chrysler engineers have created many new refinements in Plymouth's famous Chrysler "Silver-Dome" type engine. These include longer stroke and an increase in piston displacement; a heavier crankshaft; larger interchangeable bearings; larger connecting rods; a newly designed system of full-pressure lubrication. These and a number of other improvements have accomplished in the full-size Plymouth a remarkable type of performance, comfort and economy heretofore unlooked for in a low-priced motor car.
