## U. D. WULFJEN HEADS MITCHELL COUNTY FAIR AS GENERAL CHAIRMAN

Luncheon Club Adopts Plan For Fair And Elects Chairmen

**DATES OCT. 10, 11, 12**

Each Community Ask to Have Representative On The Official Board

U. D. Wulfjen was named general chairman to head the Mitchell county fair organization, when the Colorado Luncheon club Tuesday adopted a resolution calling for immediate work toward the fair and elected chairmen for the fair organization.

Members of the executive board of the Chamber of Commerce were in attendance and unofficially approved the plan to proceed with arrangements for a county fair this fall.

The resolution also provided for a steering committee of local managers to be composed of one representative from every community in the county. Committees are requested by the secretary to name this committee and report as soon as possible.

Dates allotted to Mitchell county by the West Texas association are October 1, 11 and 12, and these dates were accepted and the fair will be held on those dates.

At the Tuesday meeting of the executive board, R. B. Bree, foreman of the Whipkey Printing Co., was offered by the executive board.

John Conrad, Dudley Snyder, Jr., George Bynum, Bill Counts, H. L. Erwin, R. A. May, Doyle Williams, John Elliott, J. F. Thomas, Mrs. J. H. Carlock, Mrs. D. Givins, Miss Ruby McGill and Miss Abbie Sevier, Ford Merritt and E. R. Bibby were introduced as new members.

Chairman Baze, upon motion, appointed a committee composed of Wed Reid, W. L. Doss, Sr., and A. L. McSpadden to draft resolution and nominate chairmen for the fair work. While this committee was out drafting report, Doyle Williams, new agricultural vocational teacher in the high school; Dr. P. C. Coleman, president of the Chamber of Commerce; J. M. Thomas, T. W. Stonerod, and H. H. Smoot, banker; Geo. Bynum, farmer; John Conrad, gentleman; Miss Abbie Sevier, home demonstration agent.

## AGRICULTURAL VOCATIONAL CULTURE IN HIGH SCHOOL BEGINS WORK

Plans Now Making Survey of District

Summary to the opening of an agricultural vocational class in Colorado High School was begun this week with the arrival of Doyle Williams, A. & M. graduate and experienced teacher, who is to have charge of the agricultural vocational department in Colorado High School during the coming year.

Mr. Williams, whose home is in Grandbury and who has been teaching for the past two years in Claude, is now engaged in making an agricultural survey in this school district. During this survey he is getting acquainted with the people and his prospective student.

The class will open for real work with the opening of school on September 10, according to Supt. Ben S. Peek.

Addition of this department to the curriculum of Colorado High is another of the several progressive steps that have been made in the schools of this city during the past two years. Last year the school added one of the first in this section. The vocational agricultural department will also be one of the few now existing in high schools in this section.

## Many To Attend Barbecue At H. S. Ranch 4th

Hundreds of Colorado and Mitchell county citizens will attend the big barbecue and all-day program at the H. S. Ranch on July 4th. Families from Colorado, Lorraine, Westbrook and other points have indicated they would make a whole day of the outing.

The program for the big celebration at the ranch as announced by E. Barber, chairman of arrangements, includes speeches in the morning, barbecue lunch at noon, rodeo, goat roping, bronco busting in the afternoon, and a big free night program of music and a comedy-drama play written by A. R. Northcutt of Spade and produced by the young people of that community.

Barber says there will be something doing from the time the program starts in the morning until time to go home that night. The public is invited and one of the largest crowds ever to assemble for a ranch Fourth of July celebration of this kind is expected.

Howard Sterling and Coke county citizens are expected in great numbers.

## FOUR-H CLUB DRESS CONTEST TO CLOSE SATURDAY, JULY 13

Maker of Best Wash Frock to Wear to Club Meetings To Be Determined

The dress contest in the clothing program of the Mitchell County Four-H club women for the past three months will be brought to a close on Saturday, July 13, in the county court room, according to Miss Abbie M. Sevier, county home demonstration agent.

At the time the dresses will be judged by a committee, and the best one determined. The problem was to make a dress of wash material suitable to wear to club meetings, and the dresses will be judged on the following points: Suitability of material, suitability of design, suitability for purpose and person; laundering possibilities, and attractiveness.

## ELLWOOD AND JONES BUY 3,000 STEERS FOR FALL DELIVERY

Pay From \$42.50 To \$45.00 Per Head; Jones Says Stock Plentiful

O. F. Jones, manager of the Spade ranch, and W. L. Ellwood, owner, have contracted for 3000 steer calves for November delivery. Prices paid ranged from \$42.50 to \$45.00 per head. The yearlings were bought in Sterling, Tom Green, and other counties to the south of Mitchell.

Mr. Jones said Monday that cattle prices are easing up a little and that stocker calves are apparently plentiful now.

## BAND CONCERT MONDAY EVE WELL ATTENDED

The band concert Monday evening on Cantrell Field was well attended and much enjoyed. A good program was given under the direction of Roy Hester.

The audience, which was comfortably seated on the grass, joined in singing the words to the familiar airs, and during the intermission games were played and friends visited with each other. This is an ideal spot for the band concerts, the concerts are an ideal occasion for showing a community spirit, so let's make of them real events in the social life of the town. Let's tell our friends how delighted they are, and get out a real audience to inspire the musicians.

The old Southern melodies inspired most of the audience's hearty applause.

## PRESBYTERIANS PLAN REVIVAL TO BEGIN ON SUNDAY, JULY 14

Dr. O. G. Jones of Mississippi, Brother of Rev. Elliott, To Be Evangelist

Members of the Presbyterian church here and their pastor, Rev. W. M. Elliott, are planning for the opening of their revival meeting on Sunday, July 14, with Dr. O. G. Jones of Pontotoc, Mississippi, brother of Rev. W. M. Elliott, as evangelist.

The opening services of the revival will be held at the Presbyterian church, these being the morning and evening services on Sunday. After Sunday services will be held in the Union Tabernacle.

Dr. Jones is widely known as an evangelist and church worker. He is superintendent of home missions in the synod of Mississippi, and is also one of the evangelists of the General Assembly.

For a number of years, about 20 years ago, Dr. Jones lived in Big Spring and was instrumental in organizing Presbyterian work in West Texas, now known as the El Paso Presbytery.

Another brother of Rev. Mr. Elliott, M. L. Elliott of Fort Worth, a layman but active church worker, may come to assist where he can in the revival, and if he does the three brothers will be associated in a meeting for the first time.

Rev. Mr. Elliott invites the public to attend the series of meetings beginning Sunday, July 14.

## SEMI-ANNUAL DIVIDEND PAID BY COLORADO BANKS CLOSE BUSINESS JUNE 29

Report Shows Deposits Total More Than Two Million; Loans \$1,500,000

Reflecting the prosperous condition of Mitchell county for the past year, the two banks of Colorado paid their usual semi-annual dividend at close of business Saturday, June 29, when call for publication of statement was made by the comptroller.

The Colorado National paid its regular dividend of 8 per cent twice a year and the City National paid 10 per cent. Those banks have paid dividends at the above rates for several years.

Statements of the banks as made to the comptroller at the close of business on June 29 disclose the fact that \$2,040,859.89 deposits were being carried. The Colorado National reported \$1,130,126.68 deposits and the City National reported \$910,733.21 deposits.

Total resources of the Colorado National are \$1,407,410.55 and total resources of the City National \$1,058,124.77. Undivided profits of the Colorado National were listed at \$52,683.87, and profits of the City National \$42,391.56. Loans, Colorado National, \$928,954.72; City National, \$664,557.93.

## Bro. Harvey To Begin Vincent Meeting Monday

Beginning Monday night, July 8, there will be a series of gospel meetings held at Vincent. This meeting will continue ten days.

Brother J. D. Harvey of Colorado will do the preaching, and Ted Norton, county missionary, will conduct the song service. The meeting will be held in the school house and a cordial invitation is extended to the thinking people to come and study the word of God together.

Plans from both the listeners inside and from automobile horns by people in cars on the outside. The old familiar tunes reminded some of the older people of their younger days, and "After the Ball" worked up enough energy in a few of the old women that they tried to play "pop the whip."

## Major Green And Family Attending Ex-Rangers Meet

Major W. M. Green, life time head of the Texas Ex-Rangers' Association, his daughter, Miss Ruby Green, secretary; Mrs. W. M. Green, Mabel Green, and Mrs. Bert Smith left on Tuesday morning for San Saba for the Texas Ex-Rangers reunion to be held there Wednesday, Thursday and Friday.

Several other Coloradans, among them Judge C. G. Thompson, Mr. and Mrs. U. D. Wulfjen, and Mr. and Mrs. N. Arnett, planned to attend the reunion, but were prevented by illness and other unforeseen events.

The reunion was held in Colorado last year. In San Saba this year the ex-rangers will be royally entertained with various features given for them by the San Saba Chamber of Commerce, the American Legion post there, and other organizations.

## BASKET PICNIC AND OTHER FEATURES FOR CLUB MEMBERS 4TH

"Club Day" at County Club Thursday; All Members Urged Be Present

Thursday, July 4, is to be Club Day at the Colorado Country Club on which day all members are invited to join in an all-day outing and basket picnic at 7:30 in the evening, according to invitations sent out by the entertainment committee.

The committee has mailed out the following invitation:

"July 4th (all day) has been declared 'Club Day' by the Entertainment committee. Each membership entitled to three non-member guests without charge.

"Basket Picnic lunch at 7:30 P. M. Bring your basket and we'll all spread lunch together. If inconvenient to bring basket, come and bring your appetite.

"Bring your bathing suit and have your guests bring theirs."

## MRS. GUITAR GOES TO TEACH DURING SUMMER IN NORTH CAROLINA

Colorado Woman is Musical Instructor in Mountain Camp

Mrs. J. H. Guitar, music authority and teacher of Colorado, left Sunday for Asheville, North Carolina, where she is to fill the position of musical instructor during the next two months in a mountain summer camp.

Mrs. Guitar was accompanied by her two sons and daughter, Sara. The boys will enter the boys' encampment there in the mountains, and Sara will be in the camp with her mother.

All will return to Colorado in time for school opening in the autumn, and Mrs. Guitar will again take up her duties as teacher of music on piano and other musical instruments.

## BOY SCOUT DAM AT SEVEN WELLS VIEWED BY MANY

Quite a number of people went to Seven Wells last Sunday and viewed the dam and improvements recently completed by the Boy Scouts.

Mr. Scott, attached to the office force of the Col-Tex Refinery and who has been active worker in providing this playground for the Boy Scouts, was present Sunday and explained to a large crowd the depth of the water at different points. It was stated that the depth at the dam would be about seven feet, which will be quite adequate for the best and most exciting swimmers, while the younger generation can paddle around in from two to four feet of water further upstream. There is a long slope at the dam down into the deeper water, and was built to stand very heavy water pressure.

Bridges have been built across the deep chasms at Seven Wells, and the swimming pool can be reached with but little effort. Other attractive features will be installed within a very short time, Mr. Scott stated, and this will be one of the most attractive and inviting playgrounds in West Texas when completed.

## HARRIS TOLER WINS FREE TRIP TO PLANT OF CHRYSLER COMPANY

Local Man Wins Over All Dealers In 19 West Texas Counties

Taking high lead in the sales contest promoted by the Chrysler Corporation, Harris Toler, local Chrysler dealer, won a free trip to Detroit, Michigan, and the Chrysler factory, over all dealers in 19 West Texas counties surrounding Sweetwater, according to information received yesterday.

The contest extended over a period of 45 days and Toler made 19 points. His nearest contestant was the Midland dealer, who made a total of 10 points.

Harris Toler's sales record was 100 per cent of his quota, or four times what his quota for the 45 days had been placed at by the factory.

The trip to the Chrysler factory will start July 12. Toler will leave here on the morning of July 12 for Dallas, where he will board a special car for Detroit. After going through the Chrysler factory, the delegation, composed of 20 men from Texas, will go on a boat trip up the Detroit river to Lake Huron, across Lake Huron, up the St. Claire river to Lake St. Clair, and across to the Straits of Mackinac to the famous Canadian border resort, Mackinac Island. All expenses on the trip are to be paid by the Chrysler factory. Only 20 men in Texas who made the highest sales record for the 45 days were given the trip. The Colorado dealer was one of the highest in number of points, based on sales of new cars, compared to the quota assigned.

## COLORADO'S FIRST JUNIOR HIGH SCHOOL PRINCIPAL ELECTED

Hayes Holman of Commerce First to Bear That Title Here

Colorado's first junior high school principal to bear that designation has been elected in the person of Hayes Holman of Commerce, who has his degree from East Texas State Teachers' College there.

Although a junior high school commonly includes the sixth, seventh and eighth grades, Colorado's junior high school will include the fifth, sixth, and seventh grades this year, and later will be changed to include the usual grades, according to Supt. Ben S. Peek. It will be cared for in the old high school, which is now being completely remodeled and modernized inside and out.

Mr. Holman, who has been principal of the junior high school in Commerce for the past three years, comes to Colorado with the complete endorsement of East Texas educational authorities, according to Supt. Ben S. Peek.

## Judging In 4-H Girls Contest On Saturday, July 13

Judging which will close the clothing contest for Four-H club girls in Mitchell county will take place on Saturday, July 13, in the county courtroom, according to Miss Abbie M. Sevier, county home demonstration agent. Judging in the women's clothing contest will take place at the same time.

Winners in each of the two classes in the girls' contest will be determined. Class one contestants have been working on a school dress and class two contestants on an afternoon or party dress. The two winners will be given free trips to the short course at A. & M.

swimming pool can be reached with but little effort. Other attractive features will be installed within a very short time, Mr. Scott stated, and this will be one of the most attractive and inviting playgrounds in West Texas when completed.

## Geo. H. Burruss Fills New Place At Col-Tex Plant

George H. Burruss, who has been superintendent of the Col-Tex Refinery for some time, has been promoted to the new position of general manager, according to a letter received from L. H. Prichard, president of the company.

L. C. McCloud has been advanced to superintendent of the refinery plant, and E. H. Gunn made superintendent of the new cracking plant now being installed on the south side of the Texas & Pacific tracks. This new cracking plant is to open about August 1st, we are informed. About 200 men have been working on this addition for the past four months and work is being rushed in order to be able to open the plant by August 1.

This addition to the Col-Tex is costing a sum variously estimated at from one to two and a half million dollars. It will make the Col-Tex refinery one of the most modern in Texas, it is said.

In creating the new position of general manager, Mr. Prichard felt he could do no better than advance George H. Burruss to that place. Burruss knows the refinery business from A to Z and has had wonderful success with the Col-Tex refinery since he took charge as superintendent two years back.

## LEWIS RUBBER CO. MADE GOODYEAR TIRE DEALER IN COLORADO

Says Goodyear Is World's Largest Builder of Auto Tires

The Lewis Rubber Co., Federal tire dealers here for two years, has been appointed Goodyear dealers in Colorado territory, according to announcement made this morning by Wilborn Lewis, manager.

In taking on the Goodyear line of tires, Lewis is becoming aligned with the largest tire concern in the world, it is said. In speaking of this, he said:

"With the continued demand for Goodyear tires we have decided to handle them altogether with our fine line of Federal tires.

"People every day come in asking for Goodyear Double Eagle tires and the famous all-weather tread cord, so we have decided, after 18 months, we can increase our volume with the world's greatest tire, for millions more people ride on Goodyear tires than any other tire.

"Last year Goodyear built nearly twice as many tires as any other tire manufacturer. That is why we are accepting the appointment as Colorado dealer and changing our policy about tires.

"With the great volume Goodyear has, they can build you the world's greatest tire for less money," Lewis continued.

Wilborn Lewis has been operating the tire concern in the Earnest building, corner of Second and Chestnut, known as the Chrysler agency, for nearly two years. He has been very successful and in taking on the popular Goodyear line it is expected his business will greatly increase, and he will be furnishing more and more tires for cars of this county as well as tourist cars.

## Oakland-Pontiac Men Attend Meet At Dallas Monday

A. J. Herrington, local Oakland-Pontiac dealer, Monroe Herrington, general manager of the Herrington agency here, and Geo. A. Morgan, manager of the Herrington agency at Sweetwater, attended a business meeting in Dallas Monday at which various matters connected with the automobile agency were discussed.

The Herrington agency is considered one of the strongest in the Oakland-Pontiac organization. A large number of cars have been sold by this agency.

## J. W. RANDLE AND DR. BROWNING RETURN FROM LIONS CLUB MEETING

Attend International Convention at Louisville, Ky., as Club Delegates

J. W. Randle and Dr. Stewart Browning, delegates from the Colorado Lions club to the Lions International convention at Louisville, Ky., returned home last week with splendid reports of the meeting. Mrs. Randle also attended the convention. Mr. and Mrs. Randle returned on Wednesday and Dr. Browning returned Sunday. He had gone to Ohio to visit a sister, after the convention. The convention was held from June 18 to 21, inclusive.

Randle, new president of the Colorado club, will report Friday on the Louisville convention.

There were about 120 delegates from Texas, Randle says. The Houston club won the membership pennant and San Angelo won pennant for sponsoring new clubs. Texas carried off a large part of the honors at the convention. John Airhart, former district governor of Texas Lions, carried the convention when he was substituted on the program. His speech drew down unusual applause.

Following the convention, Mr. and Mrs. Randle took a boat trip up the Ohio river to Cincinnati. Places of interest about Louisville were also visited. Dr. Browning went through the Mammoth cave. He also visited his sister at Athens, Ohio, before returning to Colorado.

Next year's International convention will be held at Denver, Colorado. Ray L. Riley of Sacramento, California, was named president of the Lions International. Mr. and Mrs. Randle and Dr. Browning each express great delight with the trip.

## BARBECUE JULY 11 FOR FORMAL OPENING OF BOY SCOUT LAKE

Free Swim For All Visitors On That Day; Public Invited

A big barbecue sponsored by the Boy Scouts and a free swim in the new Scout lake at Seven Wells will be a part of the program for the formal opening of Scout lake on Thursday, July 11, according to announcement of Wm. L. Scott, scoutmaster.

The barbecue lunch at noon on that date will be served to all visitors at a moderate price, Mr. Scott says. Swimming in the lake will be free. Complete program for the occasion has not been completed, but the public is cordially invited to attend and a good time is promised all.

Scouts Enjoy Fourth There Many of the Boy Scouts and several others will enjoy the Fourth of July at this splendid recreation spot, Mr. Scott said. With the Scouts it will be both work and play. They will enjoy swimming and will also do some drilling and studying. Visitors are invited July 4th and at any time before the opening.

## PARTY RETURNS FROM KERRVILLE MEETING

Mrs. W. M. Elliott and her group of young people returned Thursday from the Young People's conference at Kerrville, having greatly enjoyed the meeting and the outing.

Fanny Fay Womack and Robert Dolman gave splendid reports of the week Sunday morning at the Presbyterian church services.

## COLORADO STORES WILL CLOSE FOR JULY 4TH

Practically all stores and offices will close for July Fourth, the Record has been informed.

This paper is being published on Wednesday this week, in order that the office may remain closed for the Fourth.

# SOCIETY PAGE

**MRS. J. G. MERRITT, Editor**  
Phone 144  
would appreciate report of all social and club meetings. Reports must be phoned in not later than Wednesday afternoon each week.  
PHONE 144

**Shower for Mrs. A. L. Geer**  
A number of Colorado friends of Mrs. A. L. Geer of Sweetwater, recent bride who was Miss Dale Hall before her marriage, gathered at the home of Miss Laundry Smith Monday evening, with Miss Smith and Miss Jewel Collier as hostesses, and honored Mrs. Geer with a miscellaneous shower.

Guests were met at the door by Miss Smith. Mrs. John T. Smith headed the receiving line, in which stood Mrs. J. C. Hall, mother of the honoree; the honoree; Miss Willie Fae Hall, sister of the honoree, and Miss Collier.

Miss Mary Broadus gave two delightful readings, and then came Master John Beal to announce that the lights in the next apartment were out and Mr. Geer couldn't be found to fix them. Wouldn't Mrs. Geer please come and see what she could do?

Mrs. Geer then followed a broken electric light line which led to a darkened room which, when lighted, revealed a stack of lovely gifts, which the honoree began opening after the bride had been toasted by Miss Collier, the groom by Mrs. J. Ralph Lee, and the girls left behind by Miss Abie Kennison.

After the gifts had been opened and admired, punch and cake were served by Mrs. Floyd Jay, assisted by the hostesses. There followed an hour of gay chatter among groups of old friends, after which the guests departed.

**Young Matrons Missionary Society**  
The Young Matrons' Missionary Society of the Christian church met Monday with Mrs. Armstrong at the

home of Mrs. Nat Thomas. The new year books, "The Gates of the Nations," and the devotional book, "Come Ye Apart," had been received and the first lesson prepared.

The president, Mrs. Haney, presided at the business session. The aims for the year were set. The membership aim is 22 and the financial aim is \$45, with every member taking the World Call. Mrs. Thomas was leader of the program, Mrs. Armstrong of the worship, the theme being Honoring Jesus. Mrs. Lee gave a splendid paper, "A Quiver of Arrows for the Church." Mrs. Bob Fee's topic was "Love's Kindergarten and University." Mrs. Tidwell had an interesting dialogue, "Financing a Family of Six Hundred." Mrs. Williams' topic was "A Child of Faith." Mrs. Lee led in prayer. Plans were made to get off a box this week to the Juliette Fowler Orphans home, and the members met Tuesday to sew.

After the benediction, punch and angel cake were served.

**Bridgettes**  
Mrs. Harris Toler was hostess to the Bridgettes Thursday morning. She had five tables of players, her guests being Mesdames Wallace, D. H. Snyder, Dudley Snyder, Teas, Joe Mills, Collier, Fred Brown, Bill Dorn and Mrs. Duhon of Arkansas.

At the noon hour she served a lovely two-course luncheon composed of chicken patties with sauce, frozen salad, cheese balls, pickles, hot rolls and tea, followed by lemon pie.

High score was won by Mrs. Fred Brown, who was given a pretty silhouette.

There will be no meeting this week because Thursday is the Fourth.

**Auxiliary American Legion**  
The Auxiliary to the American Legion will meet Saturday at 4 o'clock in the Legion Hut. Membership for the year closes in August. Come in now if you are eligible, else you may not be able to get in.

**Honoring Guests**  
Tuesday evening Mrs. Harry Ragan and Miss Janice Wilkes very pleasantly entertained, honoring Misses Mae Goodlet, Helen Goodlet, and Rhoda Harris of Waxahachie, guests of Mrs. W. E. Reid, and Misses Gertrude and Hattie Hermaf Snyder. There were four tables of bridge, young men and ladies, who spent a very happy evening. Grady Newman won high score prize for gentlemen and was given a desk set. Miss Mae Goodlet was ladies' high winner and Miss Mattie Herm low, both given pretty compacts. Dr. Browning as low score winner for the gentlemen, was consoled with a deck of cards.

An ice plate with angel cake was served at the close of the evening, each plate being adorned with a bouquet of gladioli and fern.

**"Headstrong Joan"**  
The play staged Tuesday evening at the high school by the Epworth League was very much enjoyed by those attending. This was "Headstrong Joan," a clever delineation of headstrong youth and cautious age.

Miss Hinds as the leading lady, Joan, did her part excellently. Doyle Kiker, the sentimental father, and Marie East, the practical grandmother, were both good, but the real acting was done by Pat Whitaker and G. Hames, and the laughs came for Irish Norah, Marguerite Stoneham. It seems that an audience wants the comedy, not the pathos of life. Two songs by Misses Fanny Fae Womack, Talva Mae Hart, Iris Tunnell, and Irene Dorn were enjoyed between the acts. The League had a good audience and cleared a nice sum.

**Spiritual Cultivation Meeting**  
A few of the Missionary women of the Methodist church met Monday at the home of Mrs. W. H. Garrett, chairman of spiritual cultivation, for a Bible lesson and season of prayer. Plans were discussed for carrying on this department of the work by prayer services, visiting, and helpful counsel. It was decided to try to

build up the Sunday evening church services during the summer, to visit all strangers, and to hold prayer meetings in various parts of the town. Mrs. Walter King's committee will hold a box supper. Voted to recommend to the Home department that this be postponed until cooler weather.

The Home department meets Monday with Mrs. Boyd Dozier's "family."

**Baptist Women's Missionary Society**  
The Baptist W. M. S. met in regular business session Monday afternoon at the church, with Mrs. Jack Smith presiding.

The president read the 19th Psalm as the devotional, and then led in prayer. Minutes of last meeting were read and adopted. Mrs. Lasky reported the Y. W. A.'s were not doing much work now, as most of the girls were away taking vacations. Mrs. Terrell reported that the Sunbeams had met each Sunday at 11 o'clock during June. They are building a nice band and are full of pep.

Other standing committees gave good reports. Mrs. Terrell, treasurer, had an excellent report. \$200 had been turned in on the building fund and there was \$17.37 in the local treasury.

The committee to nominate officers for the ensuing year made the following report: President, Mrs. C. R. Farris; first vice president, Mrs. A. C. Whitaker; second vice president, Mrs. W. J. Thompson; recording secretary, Mrs. Green DeLaney; corresponding secretary and treasurer, Mrs. R. B. Terrell. This report was adopted and the secretary cast the vote for the organization.

Plans for various phases of the work were discussed and the meeting adjourned with prayer by Mrs. Ashford.

**Monday is Circle Day** and each Circle is requested to elect officers if they have not already done so, the officers to take up the work in August, but the year book committee want their names at once.

**Birthday Party**  
Monday was Susie Beal Snyder's twelfth birthday and she celebrated with a very lovely party, entertaining twelve young people. They met at the Snyder home at six o'clock and went to the Country Club for a swim. From there they went to the Keybrook for a two-course luncheon, then to the Palace to see The Rainbow Man.

Both the hostess and her guests enjoyed every minute of the evening. Many pretty gifts were presented to Susie Beal by her friends.

**Baptist Sunday School Junior Department Has Sunday School**  
Thursday afternoon from 4:30 until 6:30, the Junior department of the Baptist Sunday school enjoyed a picnic on Mrs. A. L. Whipkey's lawn. There were more than 50 children present and every minute of the time was filled with something for them to do. The boys first engaged in a yo-yo contest, one little fellow making a record of 31 minutes.

Then there was a fine arts program. Each child was given a tune to sing and the point was to stick to their own tune while others around them had others. Then there was a picture-making contest. Each child had their picture taken in big bright spoon, and the strange thing being that each child could recognize their own picture.

There was a balloon contest between the boys and girls of one class, and a series of yells by another.

Each child brought sandwiches and the teachers furnished cakes and ice cold soda-pop, so a feast was enjoyed. The children showed their appreciation of the picnic by all being present Sunday at Sunday school.

**Inspirational Meeting of Presbyterian Auxiliary**  
The Presbyterian Auxiliary met Monday in the church for the monthly inspirational meeting. Mrs. Elliott presided and conducted the devotional. The subject was "Go Teach the Scripture," Matt. 28:19-20. She applied this to the revival meeting soon to begin, her admonition being to go teach, according to the pattern.

Mrs. Potter gave a paper on Japan; Mrs. Daugherty told very interestingly of the new leaders in China.

Mrs. J. Riordan conducted the Home Mission lesson. The meeting closed with prayer by Miss Nell Riordan. Next Monday is the business meeting of the Auxiliary and Mrs. Winsborough's, "The Missionary Auxiliary" will be studied.

**Christian Missionary Meeting**  
The Missionary Society of the Christian church met Monday with Mrs. Ewell. The theme for study was "Witnesses to His Power." Mrs. J. E. Pond was leader for worship, her lesson being on Mark 30:37-45.

Mrs. Ed Jones was leader of Presentation. Bro. Ewell gave a splendid talk on "American Childhood."

Mrs. Hardison told a beautiful story, "A Child's Faith." Mrs. Bean gave a very pathetic story of "Two Orphans of India." Mrs. Ewell gave a delightful reading, "I Like a Lot of Children."

This was the first program of the new church year and proved very interesting as well as instructive.

At the social hour ice cream and black and white cake were served. The next meeting is with Mrs. Bean.

**London Bridge Party**  
Mrs. Harry Ragan very delightfully entertained the London Bridge club Thursday evening. Her home was tastefully decorated with wild grasses and flowers. The guests were Mr. and Mrs. W. C. Cagle, Mr. and Mrs. Roy Warren and Grady Newman. Refreshing punch was served during the game and at its close delicious maple nut ice cream and angel cake.

Mrs. Frank Kelley won high score for the ladies, and Jim Cantrill for the gentlemen, both being given nice big bath towels. Mrs. Oscar Price and Mr. W. S. Foster had low score and were each given a cake of toilet soap.

Prohibition was discussed during the evening by Joe Mills and Oscar Price and a nice time was had by all in spite of Frank Kelley, Elmore Brown and Carey Mills. Mrs. Harry Ratliff will entertain next.

**Junior Missionary Meeting**  
Friday afternoon the Junior Missionary society of the Methodist church was entertained in the basement of the church by the superintendents.

The Mission study which is being conducted by Mrs. Garrett, consisted this day of "The Japanese Festival of Dolls." The entire scene was dramatized, with Maxine Dorn as the Doll's hostess, the other children being guests at her party. As this was acted out Mrs. Maddin read the story of its origin and purpose. When this was finished and the dolls packed, Miss Nelda Garrett told the story to the Primary division, which was about Mexico. A Japanese game was played, the mite boxes being opened and punch was served by the leaders.

Several mothers were present for this meeting. The offering for the quarter was \$11.00.

The lesson Sunday for the Junior church was "The Lives of Two Great Americans, Lincoln and Roosevelt," and the parts their homes played in making them great. The children are being taught about foreign people and their responsibility as Americans to other people.

The next meeting is Friday, when the boys "Festival of Fishes" will be

**Account of the Warren-Fry Marriage in Brownwood Paper**  
The following account of the marriage some time ago of Roy Warren of Colorado and Miss Julia Fry of Brownwood appeared in the Brownwood Bulletin:

An impressive home wedding of the week which was marked with pleasing simplicity was held Sunday morning at the hour of eight at 1703 Third street when Miss Julia Fry and Roy E. Warren of Colorado, Texas, were married with Rev. Joseph S. Cook officiating. Only the closest friends and immediate family were present.

An improvised altar was formed between the living room and dining room. The bridal tones of pink and white draped the archway in the center of which was suspended a large white wedding bell, and at the base, begonias and ferns lent a graceful note. Four tall floor baskets filled with roses in the chosen colors were placed on either side adding their effect to the setting.

The bridal couple were unattended and entered the room to strains of Mendelssohn's Wedding march played by Mrs. Floyd Gentry, who also played "The Spring Song," during the ceremony.

The bride was very attractive in a powder blue chiffon, made in uneven lines. She carried an arm bouquet of sweetheart rosebuds. Her going away suit was a navy blue ensemble with all accessories to match.

Following the wedding the beautiful wedding cake was cut. The cake of pink and white was topped with a miniature bride and groom and rested in a large mirror which was surrounded by ferns and blossoms. Punch and cake were served.

Mr. and Mrs. Warren left in their car for Fort Worth, Amarillo, Wichita Falls, before going to Colorado to make their home.

The bride is an attractive daughter of Mr. and Mrs. R. L. Fry. Mr. Warren, son of Mr. and Mrs. Will Warren of Colorado, is tax assessor of Mitchell county.

G. D. Foster, who is attending West Texas State Teachers' College at Canyon, spent the past week-end at home.

Mrs. C. L. Root and children returned Saturday from Christoval.

**MR. AND MRS. D. H. SNYDER HONOR SON AND WIFE IN PARTY**  
Snyder Home Scene of Beautiful Reception Last Friday Night

**CONAWAY TO BUILD SECOND BRICK RURAL SCHOOL IN COUNTY**  
Progressive Community To Replace Building Which Fire destroyed

The D. H. Snyder home on Hickory street was the scene of a beautiful and colorful party Friday evening when Mr. and Mrs. D. H. Snyder, Sr., received about three hundred of their friends in honor of Mr. and Mrs. D. H. Snyder, Jr., who were married in Marshall, Texas, June 5, and have recently returned from their wedding trip.

The beautiful lawn was brilliantly lighted, and conveniently set for groups who wanted to chat. The east side of the lawn was provided with game tables and a punch table. On the west side was stationed an orchestra, dancing being enjoyed on the driveways.

The guests were met at the entrance to the lawn by the host and hostess and the honorees. Mrs. D. H. Snyder, Sr., was dressed in beige georgette and carried an arm bouquet of American Beauty roses. Mrs. Snyder, Jr., was in beautiful green lace and tulle evening dress. She also carried a bouquet of roses. Assisting in entertaining were Mesdames R. J. Wallace, Louis Collier, T. W. Stoneroad, Jim Cantrill, Paul Teas, Frank Kelley, Harris Toler, Dick Carter and Miss Virgie Powell.

Punch was served from a flower-decked table by Misses Mary Belle Brennand, Margaret Mann, Virginia Stoneroad, Virginia Thompson, and Edna Powell. Frozen butterfries of all colors and angel cake were served during the evening.

Those who had lived longest in Colorado, the in-betweens, and the youngest group of society buds met on this happy occasion among the flowers of the cool lawn. The elders gathered in groups and talked of other days. The in-betweens found their places about the bridge tables or watched their sons and daughters dance, telling how it was done when they were young. Their conversations caused Mr. Snyder to get up a net for a square dance. Otto Jones called the figures, while he, H. L. Hutchinson, Ed Jones, and George Plaster proved that they remembered the good old days and their partners were just as graceful as though they were buds instead of mothers and grandmothers. This group was

heartily encoored but gave way to youth.

It was late before anyone thought of leaving this spot of beauty, hospitality and friendliness, and later still before the younger crowd could tear themselves away from the entrancing music and the cool driveways that made dancing such a joy.

Colorado welcomes Mrs. Dudley Snyder, Jr., for herself, her dainty blonde friendly self is quite enough to insure a welcome, but it welcomes her also because of the family of which she has become a part. She is now a Snyder, one of Colorado's oldest, most prominent and popular families, as Friday evening's entertainment shows.

Out-of-town guests were Mr. and Mrs. Frank Gary, Dr. and Mrs. Bivens, Mr. and Mrs. Oxshere, all of Big Spring; Mrs. J. E. Hooper of Abilene.

### CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or Any Constable of Mitchell County—Greeting:

Oath having been made as required by law, you are hereby commanded to summon W. A. Kile, B. J. Phillips, W. W. Evert and R. H. Phillips, doing business under the general partnership of the Lone Wolf Gin Company by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the Justices Court of Precinct No. 1, Mitchell County, to be holden at Colorado in said Mitchell County, on the 29 day of July A. D. 1929, then and there to answer a petition filed in said Court on the 17 day of June A. D. 1929, in a suit numbered on the docket of said Court No. 3735, wherein J. B. Britchett is Plaintiff, and W. A. Kile, B. J. Phillips, W. W. Evert and R. H. Phillips, doing business under the general partnership name of the Lone Wolf Gin Company, are defendants, and said petition alleging that on or about the 6 day of December, 1927, the defendants of the Lone Wolf Gin Company by W. A. Kile, executed and delivered to this plaintiff one certain promissory note dated as aforesaid and due and payable to the plaintiff Oct. 12, 1928, bearing interest from date at the rate of ten per cent per annum payable at Colorado, Texas, and providing for ten per cent attorneys fees on stipulated conditions. Plaintiff prays for judgment for the amount due and for general relief.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness W. S. Stoneham, Justice of the Peace for Precinct No. 1, Mitchell County, Given under my official signature, at office in Colorado, this 25 day of June, A. D. 1929.

W. S. STONEHAM, Justice of the Peace Precinct No. 1, Mitchell Co., Texas. 7-12c

families of the brides and grooms, the grandmother and great aunt of the brides, and a few friends.

The house was decorated in pink and white. The double door under which the brides and grooms stood was beautifully decorated in pink and white. Pink and white flowers carried out the color scheme throughout the house.

As the wedding march was being softly played, Miss Mattie Ruth Franklin and Mr. H. E. Sorrells marched in, followed by Miss Mary Ruth Franklin and Mr. N. E. Boatler. The brides and grooms were unattended.

The brides were unusually attractive in their evening frocks. Miss Mary Ruth Franklin wore an evening dress of pale pink georgette, the pointed flounces of the skirt peeped in silver. Miss Mattie Ruth Franklin wore an evening dress of apricot georgette. The flowers were pink roses. The grooms wore suits of light gray.

For traveling, Miss Mary wore a smart frock of the new sunburn tan. The dress was trimmed in small tufts which formed the waist; the skirt was decidedly circular, and a big cape collar finished the trimming. Her hat was tan with pink and orchid trimmings. Miss Mattie wore an orchid crepe dress trimmed in tan. She wore a tan crepe hat.

The tones of pink and white were carried out in the dining room, where the wedding dinner was served. Those who attended the dinner were: The brides and grooms, Mr. and Mrs. N. E. Boatler, and Mr. and Mrs. H. E. Sorrells. The guests were: Mr. O. C. McDermott, Miss Mabelle Donaldson, Miss Reba Franklin, Mr. Marcus Vest, Miss Lulu Franklin, and Rev. W. C. Ashford.

After the dinner, the refreshments of pink and white brick ice cream and angel food cake were served.

Miss Mary Ruth Franklin is the third daughter of Mr. and Mrs. C. E. Franklin, and Miss Mattie Ruth is the oldest daughter of Mr. and Mrs. J. S. Franklin. They are both well known in Colorado. Miss Mattie Ruth graduated from Colorado high school in 1925, and has attended Simmons University and Sul Ross College. For the past three years she has been teaching at Carr school. Miss Mary graduated from Colorado high school in 1926 and has attended Simmons University and Sul Ross College also. She has been teaching at Carr school for the past two years.

Both the grooms are prominent in Westbrook. N. E. Boatler has attended John Tarleton College and is now bookkeeper for the Oklahoma Gin Co. of Westbrook. H. E. Sorrells is a prosperous young farmer of Westbrook.

The bridal party left at 7:30 Saturday evening on a camping trip at Christoval.

### MOODY AND WHIPKEY SELL ODESSA PAPER

T. R. Moody and Robert Whipkey, who have owned and operated the Odessa News-Times for the past several months, have sold the paper to Ralph Shuffler, former publisher of the Olney Enterprise, according to A. L. Whipkey of Colorado.

Moody is owner of the Alpine Avalanche and will return to Alpine. Robert Whipkey has an offer to go with a New York newspaper and he may take the position, we are informed. These young men have had wonderful success in building up a good paper at Odessa since they acquired that plant. The new owner of the News-Times has had many years experience in the newspaper business.

### COUNTY VALUATIONS INCREASE \$150,000 ROY WARREN REPORTS

Total For 1929 Near Ten Million Mark; Oil Field Slumps

Total valuations in Mitchell county for State and county tax purposes gained about \$150,000, according to preliminary figures furnished by Roy E. Warren, tax assessor, who has just finished compiling renditions for this year.

Total valuations for this year are listed at \$9,496,980, compared to \$9,350,820 for last year.

Warren says the figures on much of the property remained the same as last year. Some increase was shown in Colorado property and the pipe lines through the county added considerable rendition, but the oil field values on wells, leases and royalty showed considerable depreciation. Warren estimates the new pipe lines, added \$100,000 to the county values.

## SNYDERITES FIRST TO LAND ON COLORADO'S NEW FLYING FIELD

Good Will Visit of Snyder Editor Brings the First Plane to Port

Jimmie Smith, editor of the Snyder Times-Signal, and R. L. Lowry, pilot and plane owner from Yoder field, Snyder, were the first to land on the new Colorado air port.

They came over last Friday afternoon in Lowry's Curtiss-Robin three-seater cabin ship, landing at the field here at 2 p. m.

Smith, who is secretary of the West Texas Press association, was here to advertise the forthcoming annual convention in Sweetwater on July 12 and 13, and Lowry was advertising the new Yoder field, and inspecting the new local landing field. He is opening a flying school

at Snyder and will use the Colorado air port occasionally in connection therewith.

Lowry, who is a government transport licensed pilot, praised the Colorado field and said any size ship could land her with ease and safety. The lay of the land makes landing or take-off easy from most every angle, Lowry said. A runway of 3000 feet is afforded on the field, he said.

Snyder boasts of the most modern air port of any city in the United States under 20,000 population. Yoder field has every feature, such as camp cabins, hangars, restaurant for visitors and all kinds of accommodations, Smith said.

Jimmie Smith is a booster and he is putting the Snyder air port on the map, besides coping off the honor of being the first West Texas editor to land on the flying fields in this vicinity. He has recently visited nearly every town in this section of the State.

Friday, when the plane landed here members of the aviation committee and other citizens were at the port to greet the Snyderites. Pilot Lowry extended the courtesy of his ship very kindly, and L. B. Elliott

and W. E. Reid were the first passengers to take off in a plane from the field, followed by Ben S. Peek, Bill Randle, J. H. Greene, and Judge C. H. Earnest. Elliott is chairman of the aviation committee of the chamber of commerce. He said further improvements to the field would be made soon. A wind sox will be installed and the hangar will be moved to the new field.

Colorado was the first city in this section to open an air port when the Colorado flying club was organized about two years ago. This club purchased an Air King plane, but sold it some time ago. The Chamber of Commerce raised the money to build the hangar and the Union carpenters contributed the labor on the job.

The old field was too small and the lease on the field was short, so the Chamber of Commerce secured the present new field, which is located at the entrance to the Country club grounds.

### SPADE SHIPS BULLS

The Spade ranch last week shipped a car of old bulls to the Fort Worth market, which averaged 1280 pounds and brought 8 1/4 cents.

## COLORADO REPRESENTED IN TWO OF THE NATION'S FOREMOST UNIVERSITIES

Miss Duianey in University of California, Miss Way In Columbia

Colorado is represented this summer in at least two of the foremost universities of the land, with Miss Lulu Mae Duianey, daughter of L. and Mrs. B. F. Duianey, in the University of California, and Miss Barbara Way, daughter of Mr. and Mrs. C. E. Way, in Columbia University, New York.

Miss Duianey is doing post graduate work, having previously received both her B. A. and M. A. degree from Texas University. Miss Way also doing post-graduate work, having received her degree from Texas University a year ago.

# The Most Important Announcement of the Season

## Your choice of all Ladies' and Children's Ready-to-Wear and Millinery at 25 to 50 per cent Off the Regular Prices

Following the Acorn Stores' Policy of never carrying over reasonable merchandise, from one season to another, beginning Friday, July 5th, you may select your choice of our entire stock of Ladies' and children's Ready-to-Wear and Millinery at 25 per cent off the Regular Price.

This is an opportunity that comes only twice a year, and it will be worth your while to make the most of it. When you remember that the Acorn Stores' Regular, Everyday Prices, are as low, and in many cases lower than other so-called Sale Prices, you can appreciate the importance of this event.

We never mark our merchandise up at the beginning of a season in order to be able to offer you absurd reductions later. You will find 25 per cent off at the Acorn Store will mean Bigger Savings to you than One-Half Price Sales elsewhere. Remember, the merchandise offered you is our Regular, Standard Acorn Quality, not job merchandise bought especially for sales purposes.

This event comes at a most opportune time, just when you are needing many things for Vacation Wear. By supplying your wants at the Acorn Store you will have more to spend on your Vacation.

No prices changed, Original Tickets on all Garments and Hats. Just come in and make your Selection, and deduct from 25 to 50 per cent. COME EARLY WHILE SELECTIONS ARE BEST.

WESTBROOK NEWS

LOCAL AND PERSONAL NEWS ABOUT WESTBROOK AND VICINITY

MRS. N. A. TERRELL, Correspondent

Mrs. Terrell is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Printing Company in Westbrook and vicinity. See her and take your County Paper—The Record

BURTON-LINGO COMPANY

LUMBER and BUILDING MATERIALS

Lowc Bros. Paints and DuPont Duco Lacquer

WESTBROOK, TEXAS

The Westbrook Missionary Society met with a former member, Mrs. Jack Reynolds, in her lovely new home in Colorado last Wednesday. After the devotional by the retiring president, Mrs. N. A. Terrell, a short business session was held. Mrs. A. W. Mixon was elected president. Mrs. Albert Young was elected treasurer to take Mrs. Mixon's place. Mrs. L. E. Gressett gave a beautiful tribute to Mrs. Terrell, and presented her with a lovely ychair as a parting gift from the society. Sandwiches, cake and fruit punch were served to a vinteen members.

See the model Chicken Houses at BURTON-LINGO CO., Westbrook.

Mr. and Mrs. G. C. Williams and family left Thursday for West Virginia where they will spend the rest of the summer.

Mrs. Fannie McDonald was seriously ill with acute indigestion for several hours Thursday.

Miss Heaster Cline has been on the sick list.

Complete plans and blue prints of Farm Buildings. See them at—BURTON-LINGO CO., Westbrook.

Thursday afternoon the Parent Teachers' association entertained with a farewell party for Mrs. N. A. Terrell at the home of Mrs. Van Boston. The following program was enjoyed: "The End of a Perfect Day," by Mrs. Herrington. Solo with guitar accompaniment, Mrs. Irvin Hale. Piano duet, by Mesdames Herrington and Boston. Then a postman, little Calvin Boston, brought Mrs. Terrell a special delivery letter which instructed her how to find good fortune. After following a number of clues, she found a large basket heaped high with lovely gifts. Mrs. Ulrich made the presentation in a few well chosen words to which Mrs. Terrell responded in her gracious manner. Iced punch was served to a large number of guests.

Complete plans and blue prints of Farm Buildings. See them at—BURTON-LINGO CO., Westbrook.

Mrs. C. C. Danner has been quite sick.

Friday evening the Epworth Juniors entertained Laverne and Cecil Terrell with a farewell party at the

home of Mrs. Burr Brown. After an hour of games on the lawn, they went indoors and drew for numbers. The honorees drew the lucky numbers and were each given the end of a spider-web string which led to hidden gifts. Refreshments were served to 18 little folks and Mesdames Brown, Gressett and Naugle.

See the model Chicken Houses at BURTON-LINGO CO., Westbrook.

The ball game Wednesday between the Fats and the Leans was one of the most side-splitting events of the season. The score was 31 to 9 in favor of the Leans.

Mr. and Mrs. N. A. Terrell and family left Saturday morning for their new home in Lubbock. In their going Westbrook loses one of its foremost families. Under the leadership of Mrs. Terrell during the last five years, the public school has gained fourteen credits and has gone from an old frame buildin gto the beautiful new brick of which the community is so proud. Mrs. Terrell has been very active in church, P. T. A., and social service work. The young people could always be depended on to do their part in all church and school activities. Their many friends here wish for them every good fortune and a host of new friends in their new home.

See the model Chicken Houses at BURTON-LINGO CO., Westbrook.

E. S. Hudson and son, Basil, spent the past week end with Mr. Hudson's brothers at Merkel.

In the ball game Thursday between Sweetwater and Westbrook, the score was 11-4 in favor of Westbrook.

Mrs. Sid Watson visited in Loraine last week.

Mrs. P. M. Rowland and sons, John and R. Cletus, left Wednesday for an extended visit in Oklahoma and Kansas.

Rev. L. N. Ipscomb, presiding elder of the Sweetwater district, preached at the Methodist church here Sunday at 11 a. m.

The carnival held at the Baptist tabernacle Saturday evening was very entertaining. A large crowd was present and \$85 was cleared.

Miss Lucille McCobb of Snyder, W. C. Wood and family of China

Grove, and Miss Susie Johnston and Viola Wood of Duncan spent the week-end in the J. E. McDermott home.

A tabernacle has been built five miles north of Westbrook on the Cuthbert road. A protracted meeting was started there Monday night. Keith Miles of Lorane is leading the singing and Rev. J. E. McDermott is doing the preaching. Everybody is invited.

The Senior Epworth League met in a business and council meeting at the Methodist parsonage on Monday evening. After an interesting session, cake and punch were served.

Miss Margaret Lasseter and Mrs. Mellie VanHorn and daughters, Misses Pauline and Mary Florence, are visiting in Dallas. They will also attend the Post Masters' convention in Greenville while away.

Miss Opal McDermott had her tonsils removed at the Root hospital in Colorado Tuesday.

Mrs. Victor Holder and children visited in Gordon last week.

Mr. and Mrs. J. L. Fisher of Eastland visited Mr. and Mrs. Hall Weaver Friday.

A large and interested crowd listened to the lecture by Dr. Root at the Baptist tabernacle Sunday evening.

Hyman Happenings

The people of Hyman are rejoicing over the good rain. It will do much good to the crops.

Mr. and Mrs. Harry Hyman left Friday for San Antonio, where they will spend a few days visiting. We hope they will enjoy their stay and will soon return to Hyman, as we miss them.

Mrs. H. H. VanZandt was called to Colorado Saturday to be with Mrs. Jim McCullough, who was operated on for appendicitis at the Root hospital. Mr. McCullough is Mr. VanZandt's nephew.

Farmers are quite busy killing the weeds, trying to get ready for a big time on the Fourth.

Mrs. Fulton Reynolds left Sunday morning with her father and mother for Eastland county, to visit with relatives and can some fruit.

Sunday being a fifth Sunday, Bro. Garner preached Sunday morning and afternoon to a large crowd.

Sunday school was well attended, as was prayer meeting, which was conducted by Mr. Lee Woodard. He gave us an inspiring talk, and we had some very interesting talks from others.

Mr. and Mrs. V. G. Pierce enjoyed having all their children at home for the week-end, an occasion that seldom happens after the children begin to make homes for themselves.

Mr. and Mrs. John Black and sons, Orville and Wade, left on Saturday morning for Mason county, to be gone until after the Fourth.

Miss Elsie VanZandt returned home after a visit with her aunt in Colorado. We all miss Elsie when she is away, as she is the life of the crowd she is in.

Mr. and Mrs. Howard Pierce and Mr. and Mrs. Arthur King and babies were visitors at Hyman Sunday.

Death Claimed T. T. Allison On Last Sunday

Death claimed T. T. Allison Sunday morning at 10:30, after an illness of 21 days.

Mr. Allison is survived by his wife and six children—E. P. Allison, J. W. Allison, C. L. Allison, and Mrs. E. P. Rust, all of Colorado; Mrs. S. M. Cox of Ira, and Mrs. Omie Taylor of Munday.

Mr. Allison was born in 1858. He was a member of the Plainview Baptist church in Scurry county.

BOY SCOUTS BEGIN PRACTICE ON PLAY

The Boy Scouts began practicing Monday evening on their play "Coming Clean." They expect to put this on in a few weeks.

This is a very interesting Scout play in three acts, depicting life in a Boy Scout camp. There are eight characters and the play brings out a good lesson on the Scout laws and will be well worth seeing.

U. D. WULFJEN HEADS MITCHEL COUNTY FAIR

(Continued from Page 1) tion agent; Miss Ruby McGill, county superintendent of schools; Mrs. J. H. Carlock and Mrs. Drew Givens, club president of the rural communities, all spoke in favor of and pledged support to a movement for a fall fair.

The committee reported as follows: "We, your nominating committee, beg leave to report and recommend as follows: "That a definite program for a Fall fair be adopted and work started immediately.

"That the following committee chairmen be elected: General chair-

man, U. D. Wulfjen; general secretary, J. H. Greene; steering committee, one from each community in the county, said member being selected by the community from which he comes. Finance committee, J. Ralph Lee; grounds, place, etc. L. B. Collier; livestock, D. H. Snyder; booths, merchandise, J. A. Sadler; entertainment, J. Lee Jones and Roy Warren; exhibits—county, W. S. Foster, and home, Miss Sevier; publicity, Miss

Jewel Collier; advertising, J. W. Randle. "We further recommend that the chairmen each select his own committee members and that he select people interested in the line represented and that as far as possible the committee be composed of men and women from each community in the county. "We further recommend that each organization in the county be invited

and urged to furnish a representative on the general committee. The chairman, together with the steering committee, to compose the general executive committee of the fair. "Each committee be charged with the execution of the duties devolved upon it and that said committee have full authority but be referred to the general chairman for advice on any subject." On motion of Dr. P. C. Coleman,

seconded by W. R. Morgan, resolutions adopted, nominations closed and all chairmen elected unanimously. A. L. McSpadden appointed to preside next Tuesday. Checking of those present reveals that the two contesting sides tied for today. Standing for the contest, Captain Doss 19 points in the lead. Make your reservations now for next Tuesday.

### CHORUS GIRLS CAN EAT AGAIN

Producers of musical comedies and the great couturiers of New York and Paris have united in announcing that the boyish figure is passé. No longer forced to starve themselves to a shadow, the girls of the Varsity Drag Chorus of "Good News", the famous Broadway production, thoroughly enjoy a wholesome snack after the show is over and before changing into street clothes. Freedom to satisfy their normal craving for sweets and other foods that supply energy is a big help to them in setting up a new standard of "pep" for Broadway to catch up to. Left to right: Katherine Gladding, Lillian St. Just, Peggy Bolton, Viola Hunter and Betty Tracey.

### SEVEN WELLS DAM OF BOY SCOUTS IS FINISHED SATURDAY

Four Feet of Water In Lake Today; Bath House Now Being Built

The dam across Champion creek at Seven Wells built by the Colorado Boy Scouts has been completed, according to J. A. Ferguson, scoutmaster. Last concrete on the dam was poured Saturday afternoon.

The dam extends across the south fork of Champion creek at Seven Wells. It is seven feet high and is 25 feet and 8 inches wide. It is estimated the dam will back water more than a quarter of a mile up the creek and will hold water 4 feet deep a distance of 300 feet above the dam, thus affording swimming water for at least 300 feet.

This is a gravity dam. It has an apron of solid concrete in front of the main dam and extending up the creek inside the lake 24 feet, sloping gradually from top of the dam to bottom of the creek. A dam of this kind is calculated to hold where a straight dam will not, and the Scout dam is said to be so constructed that it will withstand any flood that might come down Champion creek.

The creek is fed by springs and a constant stream of fresh water is going into the lake. Mr. Ferguson said the drain was plugged at 7:30 Saturday afternoon and that more than four feet of water is in the lake at this time. Within a week it is expected to be running over the dam. When the lake is filled, this will be one of the finest recreation spots in this section, not only for the Scouts but for members who bought season tickets, and others who wish to visit the place. Mr. Ferguson announced that anyone may go swimming in the lake by paying admission fee of 25c for adults and 15c for children.

Owing to the fact that this place is controlled by a civic organization of minors, we expect no trouble from dead beats," Mr. Ferguson said, "but if we are bothered with such persons, they will be dealt with under the law. We will not permit destruction of property and will kindly thank every visitor to observe property rights and to conduct themselves in the proper manner, which I am sure each will do.

"Adequate safeguards will be provided at all times and those who wish to take a good swim in fresh, clear water, are invited to avail themselves of the opportunity afforded by this new Scout lake," Mr. Ferguson continued.

Preliminary work for construction of the dam was done by the Boy Scouts under supervision of their leaders, but actual construction was done by Tom Henderson, under supervision of J. A. Ferguson, Wm. L. Scott and Weldon Skinner, scout leaders.

Work was started Tuesday on the bath house and W. L. Scott, scout-

master, said Wednesday morning the building would be completed by afternoon. This building is 10 by 30 feet and is being divided to provide dressing room for both men and women.

Season tickets, which entitles the holder and his family to all privileges of the grounds and swimming in the lake, were sold by the Scouts at \$5 per year. Tickets can still be secured. Those not holding tickets will pay 15c and 25c for swimming.

### Johnson Grass Poisoning Test Monday, July 8

A demonstration in poisoning Johnson grass will be held at the J. R. Sheppard farm, two miles northeast of Colorado, Monday, July 8, at 9:30 a. m., and at the R. E. Bennett farm at Loraine at 2:30 p. m. the same day.

These demonstrations are sponsored by the Texas Farm Bureau and a special representative from that organization will be present to do the work.

W. S. Foster, county agent, and W. W. Porter, manager of the Farm Bureau, are urging all Mitchell county farmers to attend if possible.

### 1 CAR PER MINUTE ON BANKHEAD THRU MITCHELL COUNTY

Figures Compiled By Highway Dept. Shows Very Heavy Traffic

Above one car per minute average for the 24 hours of the day pass over the Bankhead highway through Mitchell county, according to accurate count of traffic made by the highway department last Sunday.

Beginning Sunday morning at 4 o'clock, a man was stationed at the detour sign at the end of the Nolan county pavement and a record kept of all traffic in either direction. From that hour until 12 o'clock that night, or a total of 20 hours, 1216 cars actual count passed this point over the Bankhead. There were 1200 minutes in the 20 hours, and 1216 cars passed the point. A large number of these cars bore license plates from other states, it was said.

The point where the count was made is four miles east of Loraine and on a straight portion of the Bankhead with no side roads turning off. City traffic was not included. In the past counts of this kind have been made in the cities or in the edge of the city, thereby including many joy-riding cars just covering the city streets.

Robert Whinkey spent Sunday with home folks. His cousin, Edwina McDaniel, returned with him to Odessa for a week's visit with Mrs. Moody.

### ALL-COLORADO MOVIE SHOWN AT PALACE ON 3 DAYS THIS WEEK

"Rescued From The Flames" Will Show Colorado Folks And Scenes

Colorado folks will "see themselves as others see them" when the all-Colorado moving picture, "Rescued From the Flames," is shown on Thursday, Friday, and Saturday at the Palace Theatre.

The picture was made here about three weeks ago, with Mr. and Mrs. Ross Dixon sponsoring and Mr. Edwin R. Jordan of Hollywood, California, directing.

Leads in the picture, scenes of which were all shot in and around Colorado, are played by Miss Mary Broadbent and Joe Pond. Other characters in the picture are Chas. M. Adams, Booger Taylor, A. J. Haines, Bill Orsini, Ross Dixon, Jr., Mrs. L. G. Mackey, Miss Dimples Way, and several others. Several mob scenes of the picture will show Colorado folks by the dozens.

In connection with the home-talent movie will be shown "Show People" starring Marion Davies and Bill Haines.

Gave Full Directions Little Isaac was crying bitterly on one of the main streets of a big city. His sobs soon brought a large crowd about him. He was a miserable looking little wretch and his howls were loud and terrifying. An elderly woman stepped from the crowd and placing an arm around the boy, asked sympathetically:

"What is the matter, my child? Are you lost?" The boy sobbed on for a moment and then paused. He looked all around at the large audience he had assembled. Then, lifting up his voice, he shouted loudly:

"Yes, ma'am, I'm lost. Will somebody please take me home to Jacob Silverstein, the well-known clothier of the West End, who has just got in his new stock of spring overcoats, suits, neckties, shirts and umbrellas, which he will sell cheaper than anyone else in the city?"

A Mathematical Curiosity Try the following. We have, and it works out all right: Open a book at random and select a word in the first ten lines and the tenth word from the end of the line. Mark the word.

Now double the number of the page and multiply the sum by five. Then add twenty.

Then add the number of the line you have selected. Then multiply the sum by ten.

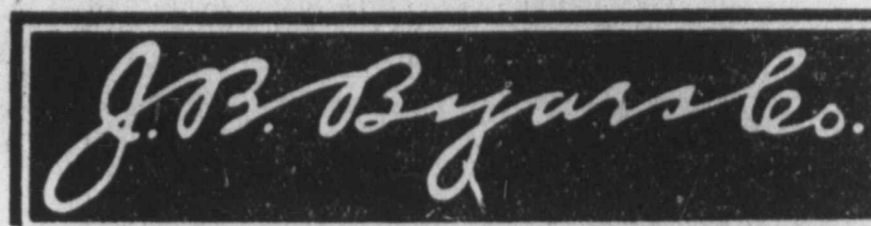

Add the number of the word in the line. From this subtract 250.

The remainder will indicate in the unit column the number of the word, in the ten column the number of the line, and the remaining figures the number of the page.

### Interest Grows in Church of Christ Revival

Both interest and attendance continue to grow in the Church of Christ revival now under way at the Union Tabernacle. The revival is to close Sunday, and already promises to be one of the most successful in the church's history. Bro. Lyle Price, young evangelist doing the preaching for the meeting, has made himself well-liked in Colorado for both his ability and his personality. Roy Hooten, leader of the singing, is already well known and well liked here, having been in Church of Christ revivals here before.

### Holt Company Closing Out Store Here

The J. A. Holt Company dry goods store here is to be closed out with a big sale to open Saturday, July 6. Mr. Holt announced this week. The entire \$30,000.00 stock of this modern store will go on the market at closing out prices. Mr. Holt says this is the greatest opportunity the people of this county have ever had to buy good new merchandise at such prices, and he asks those interested to read his double-page ad in this paper.

### Actual Work Has Begun on Ruddick Park Band Shell

Actual work began this week on the clearing of a site for the band shell in Ruddick Park. Subscriptions are being taken, and the project seems to be meeting with considerable success. When the shell is completed, it will be the first improvement on the park recently donated the city by the Ruddick heirs. Record "Want Ads" get results. Star-Telegram, was in Colorado Wednesday. He is connected with the circulation department and says the paper is gaining in West Texas each week.

### U. D. WULFJEN IMPROVES AFTER SERIOUS ILLNESS

U. D. Wulfjen, who underwent an emergency operation for appendicitis at the C. L. Root hospital Monday, is reported to be improving, although still in a rather serious condition. Mr. Wulfjen was very gravely ill for a while and friends all over the county have been greatly concerned, and will be glad to learn that he is pulling through. "Have you heard that our friend Meyer has become rich at a single stroke?" "No; how did it come about?" "His wealthy uncle had the stroke." Lady (making her will, to lawyer)—And I wish to leave the sum of twenty pounds to my old and valued parlor maid, Eliza Jenkins, who has served me well and faithfully for over six months.

LORAINNE NEWS LOCAL AND PERSONAL NEWS ABOUT LORAINNE AND VICINITY

MRS. ZORA DEAN, Correspondent

Mrs. Dean is also authorized to receive and receipt for subscriptions for The Colorado Record and to transact other business for Whiskey Printing Company. See her and take your County paper—The Record

The Church of Christ revival meeting will commence here Friday night, July 5, and is to continue over two Sundays.

Edison Wilson and Miss Lillian Paulk of Roscoe were united in marriage at the Methodist parsonage in Sweetwater Sunday evening.

Mrs. Jessie Smiley has received announcement of the marriage of her grandson, Glenn Smiley, to Miss Helen Clark, at Tucson, Arizona.

The Horace Cook home, south of town, was destroyed by fire Friday noon. Only a small percentage of the contents of the house were saved.

M. L. Clark came in from Tucson, Ariz., last week, where he has had employment for the past six months.

Mr. and Mrs. Morgan Charles, mother and sisters are home from Tennessee, where they have been for the past two weeks.

Miss Pauline Bell of Shreveport, La., arrived Sunday night to visit her grandmother, Mrs. S. W. Givens and other relatives and friends.

Red Givens is spending a vacation home from Iran.

Mr. and Mrs. Fred B. Ison are leaving this week to spend their vacation in Alabama.

B. P. Rice and family have been visiting at Idabel, Okla.

Kelly Blalock and family of Westbrook visited here Sunday.

S. A. Farris, wife and daughter were here from Merkel visiting relatives Sunday. Miss Audrey remained for a week's visit.

Mr. and Mrs. Mark Chumley of Post were the guests of Mrs. Jessie Smiley Sunday.

Ed A. Norel, owner of the Norel Bros. store here, accompanied by his wife, was in on business Friday from Lamesa.

Helen Ruth Eichey is visiting in the J. L. Armstrong home at Colorado this week.

Mrs. H. E. Patterson and Mrs. S. L. Reese are home from a visit spent at Eastland and Ranger last week.

Zeke Smith and family of Seven Wells visited J. S. Fine and family Sunday.

Mrs. J. J. Wagener and daughter, Mrs. W. E. Akers, of Hamlin, were guests in the H. J. Askins home last Sunday.

Mrs. Ben Shultz left Saturday morning for Jacksonville to be at the bedside of her mother who was reported quite sick.

A. H. Nelson and family will spend the Fourth at O'Donnel.

J. M. Winstead, and C. H. Manly and wife were Midland visitors last Sunday.

W. S. Foster, county agent, was present at the semi-monthly banquet of the Lorainne Luncheon club Wednesday noon and spoke on the benefits of community fairs and a county fair for Mitchell county this year.

Other interesting talks were made by visitors and members. A committee will be appointed to work in harmony with the county agent to work on plans for a local community fair.

H. H. Hooker and family and Miss Selma Harris are leaving Tuesday to visit relatives in Mt. Pleasant, Texas, and Naples.

Mrs. Lillie Bennett and son, Bryan, came home Sunday from near Big Spring, where a short visit was made in her brother's home.

Mr. and Mrs. Lewis Chaplin of Colorado were guests in the F. R. Seger home Sunday.

J. W. Preston and family of Silver were Sunday dinner guests of Mr. and Mrs. H. H. Hooker.

Miss Esther May Keaton of Roscoe was a guest in the J. C. Meek home Sunday.

Miss Mattie Meek left Thursday to enter training at the Sweetwater Sanitarium.

Miss Maxine Hall of Stanton, who has been visiting here, accompanied her aunt, Mrs. H. H. Smith, and her son, Carlos, on a visit to San Antonio. They left Monday.

Mr. and Mrs. S. C. Harris and son are leaving this week to visit his mother in East Texas.

Miss Viva McKenzie of Colliad is visiting her sister, Mrs. F. J. Halloway, and other relatives here.

Mr. and Mrs. Dan Taylor and baby are expected to arrive this week from Los Angeles to visit her parents, Mr. and Mrs. H. T. Davis.

Wellford Jackson and family of Florence were guests in the W. A. Jackson home Monday night.

J. D. McElhanon and wife are at home from a two weeks' vacation in Arkansas, Oklahoma and Texas.

Funeral services, conducted by Rev. N. E. McGuire, were held at the Baptist church Thursday afternoon for J. F. Reeder, age 74, who died at his home here Thursday morning following an illness of several weeks.

Interment was made in the Lorainne cemetery. Further particulars of the death will be found in another column of The Record.

Great Baptist Revival Held The people of Lorainne have been blessed with a two weeks' revival meeting which has just closed.

The preaching was very ably done by our associational missionary, Bro. W. D. Green, who came back to his old home town to win some of his associates of former days.

Bro. Green is very dearly loved here because of his clean life, his faithfulness and his plain and fearless manner of preaching the whole truth.

There were about 28 professions of faith. There were 25 additions to the Baptist church, 21 of these coming by baptism.

There were several who joined the Methodist church. Bro. Willis Taylor of Lamesa had charge of the music and he did his work well.

He, together with Mrs. Kirk Taylor at the piano, led as good a congregation of singers as we have listened to.—N. E. MCGUIRE, pastor.

Blank Books of all kinds at the Record Office.

CHURCHES

METHODIST CHURCH Sunday school at 9:45 a. m., A. A. Dorn, superintendent. Communion service at 11 a. m. Epworth League service at 7:30. No preaching service Sunday evening. The pastor will be assisting in a meeting at Spade.

FIRST BAPTIST CHURCH Sunday school at 9:45 a. m., Geo. B. Slaton, superintendent. In spite of the sultry weather and a tendency during the summer months for a decreased attendance on Sunday school, we are delighted that the First Baptist Sunday school is steadily growing in attendance.

The ladies of local community furnished the cats and a good attendance of club membership was recorded.

H. H. Hooker and family and Miss Selma Harris are leaving Tuesday to visit relatives in Mt. Pleasant, Texas, and Naples.

Mrs. Lillie Bennett and son, Bryan, came home Sunday from near Big Spring, where a short visit was made in her brother's home.

Mr. and Mrs. Lewis Chaplin of Colorado were guests in the F. R. Seger home Sunday.

J. W. Preston and family of Silver were Sunday dinner guests of Mr. and Mrs. H. H. Hooker.

Miss Esther May Keaton of Roscoe was a guest in the J. C. Meek home Sunday.

Miss Mattie Meek left Thursday to enter training at the Sweetwater Sanitarium.

4 CENT GAS TAX AND 50 PER CENT CUT IN AUTO FEES AGREED ON

Measure Goes to Governor Moody For Final Approval

AUSTIN, July 1.—The House of Representatives concurred in Senate amendments to the four-cent gasoline tax bill. The vote was 104 to 14.

This will put the four-cent tax in effect immediately when the governor signs the bill.

Going with the four-cent gasoline tax is a fifty per cent reduction in the registration fees for passenger automobiles. This reduction will be effective Jan. 1, 1930.

Hardest Fight of Meet Each county will be permitted to retain registration fees collected in it, up to a maximum of \$175,000.

The action ends the hardest fight of the session which expires tomorrow.

Educational Bill The 41st legislature was putting its house in order tonight, preparatory to adjourning the second called session sine die tomorrow.

The breach between the house and senate over the educational appropriation bill was healed, the house rescinding its former action placing \$16,500,000 as the deadline on the total.

The senate had been holding out for \$17,000,000.

The conference went into executive session and was working tonight on an entirely new bill. In order to get it out in time for action tomorrow, it would be necessary to work the entire night.

G. O. P. In Texas Charged With 'Pie Counter' Methods

DALLAS, July 1.—Party fights of the G. O. P. in Texas during the last generation were reviewed in detail by three witnesses appearing before the senate committee investigating Federal patronage in Texas, which opened its Dallas hearing at the Baker hotel today.

One witness, a Democrat, made open charges of graft in the prohibition enforcement department of Texas in the early days of the Harding administration; another, a former Republican but now a "converted" Independent, claimed he had been double crossed, while a third witness, a black-and-tan Republican, shouted "pie counter" at the organization of R. B. Creger, Republican National committeeman for Texas.

CARD OF THANKS

We desire to thank the many friends and neighbors for their kindness and help during the illness and death of our husband and father. We also appreciate the many beautiful floral offerings. We assure you that this help will never be forgotten.

Mrs. J. F. Reeder, Loraine; Miss Cora Reeder, Loraine; D. M. Reeder, Haynesville, La.; G. G. Reeder, Fort Worth; C. C. Reeder, Fort Worth; Mrs. L. L. Jarratt, Loraine; Mrs. J. A. Pickens, Colorado; Mrs. Hall DeGarmo, Colorado; Mrs. Byron Dorn, Colorado; Dorcas Reeder, Loraine.

Prominent Jews Here Attend San Angelo Marriage

An event which called together many wealthy and prominent Jewish people from a score of Texas cities, including Colorado, took place at 7:30 o'clock Sunday evening, June 23, at the new Jewish synagogue in San Angelo, when Miss Mary Leva of Sweetwater and Abie G. Ray of San Angelo were married.

Those attending the ceremony from Colorado were Mr. and Mrs. M. Kirschbaum, Mr. and Mrs. Max Berman, the L. Landau family, Anna Landau, and Phillip Berman. Sibby Landau, son of Mr. and Mrs. L. Landau of this city, was ring bearer.

The ceremony was performed by Rabbi Benjamin Wade of Beaumont. The bride is the daughter of Mr. and Mrs. D. Leva of Sweetwater, and the groom is the son of Mr. and Mrs. M. A. Ray of Dallas. Mr. and Mrs. Ray will make their home in San Angelo.

HOWARD, ADJOINING LOSE IN PINK WORM REBATE

AUSTIN, July 1.—The house on Monday reduced the \$327,000 claim for funds of pay farmers expenses in sterilizing and fumigating cottonseed and cotton shipped from restricted pink boll worm sections of Howard and other West Texas counties.

The bill was approved by a 40-10 vote.

SERVICES AT HYMAN

There will be preaching at Hyman Saturday night and Sunday. Ted Norton, county mission worker, will do the preaching. Mr. Norton has been working in the county since March but has never preached in that community. An invitation is extended to the people of Hyman community to come to these services.

RAIN SUNDAY AND MONDAY NIGHTS FINE

Fine showers fell at Colorado and in many sections of the county Sunday evening and Monday evening. These will be of great benefit to crops and ranges.

While crops had not begun to suffer greatly for rain, moisture was welcomed by all. Early feed had begun to need rain, but cotton was growing nicely, it was said.

E. Keathley, weather observer, reports a total rainfall of .72 hundredths of an inch. The rainfall on Monday night, July 1, totaled .31 inch.

FISHERMEN RETURN WITH GLOWING TALES OF GREAT SUCCESS

J. K. P. McCloud, R. U. Bean, and Mr. and Mrs. Millard Smith returned Saturday from a fishing trip on the Llano river and report good success in landing the finny tribe. They had a splendid camping trip and were pleased with the results in fishing. Millard said. He reported that R. U. Bean killed a black squirrel with a V stripe down its back and attempted to cook it.

### HOUSE EXHONERATES VETERAN LAND OFFICE HEAD AFTER TRIAL

J. T. Robison Is Cleared Of  
All Charges; Remains  
In Office

AUSTIN, June 28.—"It was only what I expected all the time," said State Land Commissioner J. T. Robison, after the vote taken in House of Representatives last night exonerating him of charges that had been made.

Cheers broke out, despite warnings, as 80 red lights flashed on the electric voting machine in the House, showing support of a motion to dismiss the charges. There were 35 blue lights, voting "No." Three planks were reported by the Journal clerk.

#### Defeat Other Motions

The vindication was indicated even before the final vote was taken. This indication was a vote of 83 to 30 to

#### HEARING COST \$10,500

AUSTIN, June 28.—Cost of the hearing on charges against State Land Commissioner J. T. Robison was approximately \$10,500, Rep. John Davis of Decatur said today. Davis is chairman of the expense committee.

This amount is inclusive of the normal expense of a session of the House which is estimated at \$400 an hour. The hearing began June 13 and continued until June 27. Part of the time however, was spent in legislative expense of the committee of the regular session which investigated the State land office was approximately \$6,000.

table an effort by Rep. A. P. Johnson of Carrizo Springs to censure and reprimand. A substitute offered by Representative Olin VanZandt called for removal and impeachment. It was tabled 77 to 34.

Robison, who is 67 years old, has been connected with the State land office 34 years. For twenty years he has been State land commissioner. Charges were made against him on June 6. Hearing upon them began in the House June 13.

#### The Resolution

The resolution adopted declared that "the evidence does not show the commission of high crimes and misdemeanors by the commissioner of the general land office and does not show any matter which would warrant the penalties of impeachment."

House attorneys in their opening announcement said three topics would be investigated. First, handling of a cent-an-acre fund collected from land owners.

The second was acceptance of gifts and gratuities.

The other topic was differences between the land commissioner, on the one hand, and the governor, regents of the University, and the attorney general as to sale of leases on oil lands of the University.

Attorney E. F. Smith in reply announced that Commissioner Robison's was that the cent-an-acre fund was a public fund and if it had been expended for expenses of the land

the second proposition, they would insist that Robison resign from any position on the land commission affected.

In his reply and Commissioner Robison in accordance with the order of the courts have

### Agricultural Manager of West Texas Chamber of Commerce Says Crops in West Texas Are Good

Crops as a whole are in excellent condition in the major sections of West Texas, according to B. M. Whitaker, agricultural manager of the West Texas Chamber of Commerce, who was in Colorado last week. A report by Whitaker says:

"At Lubbock I found crop conditions good. There is a good stand over the territory, and for the most part well worked. The percentage of poor crops, which is small, is taken care of by the farmer."

In fact, a little poor cotton acreage in the Lubbock district. From Lubbock south to Big Spring the outlook seems to be above the average for this time of year.

"At Lamesa the general information coming from farms along the highway conditions are fine. At Tahoka crops are up to the usual stand. At Big Spring I found a heavy building program. The airport is going over rapidly. Crops there were good."

"A wonderful comeback was noticeable at Colorado, which you know, was swept by a destructive hailstorm a short time back. The airport is becoming quite attractive and is attracting much attention from tourists, as it is close to the highway."

"At Winters I attended the Live-at-Home Fair, which closed Saturday night after three days, with a banquet at which 1,000 persons were served. It was the first fair of its kind ever held by any city, community or county in Texas. All the exhibits were from communities, showing what is raised in their respective sections. There was a good demonstration of the quality of dairy stock by the vocational teacher, Bob Hollman. His boys exhibited between 25 and 50 head of high-grade and purebred Jersey calves, bulls and heifers. The home demonstration and county agents showed rare skill in their respective departments, with their club boys and girls."

"More than 20 Runnels county communities were represented at the banquet Saturday night. There were many farmers and business men there from neighboring counties."

"More than 20 Runnels county communities were represented at the banquet Saturday night. There were many farmers and business men there from neighboring counties."

#### TOAD FOUND IMBEDDED IN ROCK 9 FEET DEEP

A second Rip Van Winkle toad has been found. The famous horned frog which slept 31 years in the courthouse cornerstone at Eastland probably had a short nap compared to a toad found here Monday morning imbedded in a sandstone nine feet in the ground it is believed.

The toad is a common hopper, full grown. It was discovered firmly imbedded in sandstone by C. B. Bassham, who was digging a septic tank where he is constructing a tourist camp in the eastern limits of Colorado on the Bankhead highway.

The workmen had dug through sand and clay to a depth of nine feet when they struck sand rock. In breaking this rock the toad was found. The frog and part of his "cell" were placed in a milk bottle and brought to town and exhibited. Mr. Bassham prizes the reptile highly and says he will keep the frog.

The toad hopped off slowly when the rock was broken from around him. Long claws grown on the frog's feet indicate he has been inactive for a long period. His front legs appear a little deformed and his eyes bulge out when the light strikes them. His skin is rather pale, but he jumps about rapidly and then sits and pants and labors for breath.

The frog is attracting wide attention and many are making special pilgrimages to his abode to see him.

Mrs. Chester Jones and Mrs. W. C. Hinds left Monday for Montezuma, N. M., to visit their daughters, Misses Ernestine Jones and Ruth Hinds, here in school.

### THIRD SPECIAL SESSION CALLED BY GOV. MOODY

AUSTIN, July 2.—Governor Moody late tonight called the 41st Legislature to meet in third called session tomorrow at 10 a. m.

In issuing his message to both houses advising his decision to bring the legislature back, the governor quoted figures to show that the appropriations voted were in excess of the revenues.

"The duty to keep the expenses within the revenue of the State government is a mutual one; it rests upon the legislature and it rests upon the governor," he said in his message. "The duty to keep State expenses within proper limit is likewise mutual between us. I consider it my duty to veto the major appropriation bills. If not all appropriation bills now before me, I shall veto the major appropriation bills, and it is my purpose to issue a proclamation tonight convening the legislature in special session for Wednesday morning at 10 o'clock."

"The duty to keep the expenses within the revenue of the State government is a mutual one; it rests upon the legislature and it rests upon the governor," he said in his message. "The duty to keep State expenses within proper limit is likewise mutual between us. I consider it my duty to veto the major appropriation bills. If not all appropriation bills now before me, I shall veto the major appropriation bills, and it is my purpose to issue a proclamation tonight convening the legislature in special session for Wednesday morning at 10 o'clock."

### M SYSTEM STORE AND MARKET ARE TO BE COMBINED

Miller Building On Walnut  
Being Remodeled And  
Extended

The M System store, located on Elm street, and Miller's Market on Walnut street, are to be combined and operated as an M System store, according to information given The Record.

A Party from Camden, Arkansas, has purchased both of these and will combine and operate the same. He has leased the Miller building on Walnut, and the building is now being remodeled and enlarged to house the new and larger store.

New plate glass front is being installed in the building and 22 feet addition is being placed on the back. When this work is completed the building will be modern and 80 feet in length, sufficiently large for the new store.

V. R. Elliott has operated the M System on Elm street for about six months. J. N. Miller, owner of Miller's Market and owner of the building being remodeled to house the new store, has been in the market business here for about eight years. He has had success in this business and is credited with having put over the slogan, "Don't Forget Your Meat."

Each of these gentlemen say they have made no arrangements as to what they will do in future, but will remain in Colorado.

The new owner, who is absent from Colorado this week, promises announcements about the new store next week.

**WHAT IT AMOUNTS TO**  
Boiled down, the proceedings in the case of J. T. Robison, land commissioner, amounted to just about this:

A hard-working, poorly paid public official who has spent most of his life trying to serve the people of West Texas, where all the public land is located, has been investigated and found guilty of being faithful to the trust reposed in him.

He has managed to keep from starving on his meager salary, thanks to the generosity of ranchmen, but that is about all.

### NEARLY NINE TIMES AS MANY BIRTHS AS DEATHS DURING JUNE

Small Danger of Depopulation  
In Mitchell County  
Apparent

Small danger of depopulation in Mitchell county is evident in the birth and death records for the county during the month of June, for there were nearly nine times as many births as deaths, the former numbering forty-four (twenty-six boys and eighteen girls) and the deaths five.

Following were the births during the month of June:  
BORN TO MR. AND MRS.:  
Oleto Jasso, a girl.  
Manuel Lomas, a girl.  
T. A. Seward, a boy.  
H. I. Berman, twins, both boys.  
Jordan O. Reese, a girl.  
Mateo Arriano, a girl.  
Chas. W. McAnally, a girl.  
Juan Juarrado, a boy.  
Gilberta H. Lujanand, a girl.  
Ruperto O. Ramirez, a boy.  
O. B. McAdams, a girl.  
Chester W. Carleton, a girl.  
Jose M. Peredes, a boy.  
Jose Martinez, a girl.  
J. A. Faulkenberry, a boy.  
Frank Bierre, a boy.  
C. E. Taylor, a boy.  
Samuel Harper, a girl.  
John Havens, a boy.  
W. W. Hester, a boy.  
Sam Spikes, a girl.  
J. D. Lgekaby, a girl.  
W. H. Weaver, a boy.  
Preston Thompson, a girl.  
Otis Mize, a girl.  
Charley Jones, a girl.  
A. L. Norris, a boy.  
Felix Green, a girl.  
P. J. Owens, a girl.  
Marcus Cruz, a girl.  
L. S. Cooper, a girl.  
Glen Jones, a boy.  
Jose Landeros, a girl.  
P. W. Sikes, a girl.  
G. P. Stewart, a boy.  
Analecto C. Quirina, a girl.  
Halgin Victor, a girl.  
Alfred C. Sparks, a girl.  
M. B. Borrow, a girl.  
E. L. Clepper, a boy.  
S. Smith, a boy.  
Herman Byrd, a girl.  
Henry Paige, a girl.

Deaths during the month of June:  
Eula Mae Parks, negro infant, 7 days old, died May 18.  
Mrs. Emma T. Anthony, 80 years, died June 18th.  
Thomas Torrence Allison, 71 years old, died June 30th.  
Infant of J. D. Lockaby, 2 days old, died June 22.  
General Dunn, about 55 years old, (colored) died June 8th.

### T. & P. Offers Excursion to El Paso for July 4

Special rates on a special train to the Fourth of July celebration in El Paso and Juarez, Mexico, have been announced by local agents of the Texas & Pacific Railway. The low fare is \$10.50 round trip from Colorado.

The special will leave Colorado on Wednesday, July 3, at 7:00 p. m. Celebrants aboard the train will stop three days in El Paso, the return trip being made Saturday, leaving there at 9 o'clock Saturday night.

The train will arrive in the festivity center, El Paso, at 8 o'clock, on the morning of July 4. Reservations should be made through Clait Thompson, local T. & P. agent.

J. Lee Jones returned Friday from Ruidosa, New Mexico, where he had gone to have a cabin constructed. Mrs. Jones will spend several weeks there this month and next, and Mrs. Jones will return later for a short vacation at the New Mexico resort.

### WORKERS CONFERENCE PROGRAM AT WASTELA

Program of the Workers' Conference of the Mitchell-Seury Baptist association, which is to hold its regular monthly meeting next Tuesday July 9, with the Wastela Baptist church, has been worked out as follows:

- 10 a. m.—Song and Praise—Walter Nix.
- 10:15—The Place of Prayer in a Revival—W. C. Ashford.
- 10:35—The Place of Personal Work in a Revival—Lyman Wren.
- 10:55—The Kind of Preaching in a Revival—N. E. McGuire.
- 11:20—Special music.
- 11:20—Sermon, by Graves Darby.
- Noon—Lunch at Church.
- 1:30 p. m.—Board meeting and Ladies' meeting.
- 2:15—Song and Praise.
- 2:25—The Kind of Music in a Revival—C. G. Sewell.
- 2:45—The Place of Testimonies in a Revival—D. G. Wells.
- 3:00—Reports of Recent Revivals.
- 3:15—The Waiting Harvest Field—W. D. Green.
- 3:35—Business and announcements.

### COLORADO FEED MILL SAVING FARMERS MUCH MONEY, HARDISON SAYS

The Colorado feed mill, installed here first of the year by a group of farmers and Colorado business men, is grinding from 5,000 to 10,000 pounds of home grown feeds per day, according to U. G. Hardison, manager, who says farmers are saving at least \$1.00 per hundred on this feed and securing a better and cleaner formula than most bought feeds. At this rate, the farmers of this section are saving about \$100.00 per day on their feeds, Hardison says.

The plant is equipped to grind and mix any formula of feeds, and recent formulas secured from A. & M. College and Texas Technological College to make dairy feed are being used. The dairy feed manufactured by the mill is being used with the most satisfactory results by local dairymen and farmers.

With the prospect for a bumper feed crop, the mill will be doubly valuable to farmers. Hardison says he expects to purchase bundle and head feed in large quantities this fall. Many farmers are having their bundle stuff and head grains ground and mixed in a balanced ration and feeding the same to livestock and making money. The mill grinds and mixes feeds on a custom basis, charging a small sum.

The mill is owned by an incorporated company of which C. C. Thompson is president, J. Riordan vice president, with about 35 stockholders in or surrounding Colorado.

 By Dr. L. D. LeGair, V.S., St. Louis, Mo.

Dr. LeGair is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on disease of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

**IS THE WORLD REALLY GOING TO THE BUGS?**

Scientists Tell Us That the Insect Kingdom May Some Day Dominate the World—Drastic Measures Are Needed to Keep This Ever Present Menace in Check.

A letter recently placed on my desk announcing the opening of a National Insect Killing Week to begin July 7th, reminded me of a conversation I once overheard in a Pullman car while enroute to California. Two fellow travelers were derisively discussing a magazine article one of them had discovered in which a well known scientist had asserted that some day man's boasted civilization would be utterly obliterated by the ever increasing myriads of the lowly insect kingdom. "A lot of sensational rot!" scoffed one. "Yeah," agreed the other. "Guess these college profs haven't anything to do but write fool stuff like that."

I said nothing for it would have done no good. I would merely have been considered another of those fool profs with nothing to do but concoct lurid poppycock for popular amusement. Nevertheless, I sympathized very much with the writer's point of view. I recalled the feat that, had it not been for the late General Gorga's brilliant campaign against the mosquito, the Panama Canal would have been the same dismal failure as the French fiasco in Nicaragua. As a matter of fact, I would almost be willing to back the mosquito to accomplish the downfall of man single handed were it not for the recent arousing of public consciousness to the fact that these insects carry the germs of malaria and other dangerous diseases. The use of insecticides to combat those pernicious pests has now become fairly general but much is yet to be done. There cannot be too many spray guns in action against this really formidable enemy.

Should mosquitoes need an ally in their attempt to conquer mankind they could hardly do better than enlist the aid of the lowly housefly. Born in filth, the fly never loses his liking for it. Nothing seems to please him more than a chance to dabble his feet in every conceivable form of germ-laden nastiness and then transfer it to food intended for human consumption. Screening is only partial protection. Flies will get in spite of every barrier erected against them and a good fly and insect powder should be constantly on hand to strike them down as fast as they show up.

But while discussing the various insect pests that threaten the health and comfort of mankind let us not forget that athletic fellow the flea. To most people he is merely a minor nuisance treated more as a joke than as a serious menace. Yet, science now recognizes this tiny broad jump champion as a carrier of the dreaded Bubonic Plague. The fact that almost all domestic animals are occasional hosts to the flea is reason enough for extreme vigilance. Fly and insect powder for the smaller animals and especially household pets and occasional dipping for infested livestock will help to keep down the flea. Let it not be forgotten, too, that the rat is a carrier of these plague ridden insects—so swat the rat at every possible opportunity.

Mosquitoes, flies, fleas, bedbug and we're just getting a good start. Who said civilization wasn't menaced by bugs? And how about roaches? Comical clowns of the insect world, but dangerous pests just the same. They annually destroy thousands of dollars worth of foodstuffs and much that they do not actually consume is so polluted by their filthy bodies that it is not fit to eat. They leave a disgusting odor on everything they touch and there is no question but what, like the flea, their feet and bodies are living incubators for millions of disease germs which they strow about with reckless abandon wherever they go. More work for the blowgun and the insect powder! By all means remember the roach when you celebrate National Insect Killing Week.

So far we have not gone outside the walls of the home. Yet, we have already found enough germ carrying, health endangering, comfort destroying insects to make us wonder if the scientist mentioned at the beginning of this article might not be somewhat near the truth. Yes, and we haven't even spoken of the moth that causes untold damage to clothing, bedding and upholstering in thousands of homes every year.

And that notorious nocturnal prowler the bedbug. No home is so carefully kept but what that vile intruder may occasionally find a way in. They seem to be able to subsist indefinitely without nourishment but anyone who has ever acted as an involuntary host for them will certainly testify that they make up for lost

time once the opportunity presents itself.

So, after all, our scientific friend was unquestionably much nearer the mark than our two friends who jeered at this prophecy. The insect conquest, if it ever comes, is a matter of centuries in the future, that is quite true, but there is plenty of reason for starting a determined offensive against all forms of insect pests right here and now. No less an authority than Colonel M. A. Reardon of the United States Army Medical Corps has stated that, directly and indirectly, insects have caused more deaths than all the wars of history added together. When you consider on top of that the billions of dollars worth of property they destroy each year, it is easy to see that no small problem confronts us.

**UNEQUAL TAXATION; GRADUATED LEVIES**

The taxpayers of Texas should jealously guard two fundamental principles in government which the present tax program proposes to violate. They are:

A separation of tax sources between Federal and State government. Leaving the income tax to the Federal government.

Levying against any source of revenue at a uniform rate.

The constitution of Texas calls for equal and uniform taxation. The tax program now before the Texas Legislature calls for unequal and discriminatory taxation by the employment of graduated levies. Inequality in taxation is a disease and not a remedy. It can only weaken and never strengthen the economic fabric of the State. A special burden is just as immoral as a special benefit in government. There is no more reason why we should have graduated burdens than we should have graduated benefits in government. Both are illegitimate guides in government and one is as reprehensible as the other.

Patrick Henry in discussing new powers in government said: "When we give power we don't know what we give." There is tremendous power in a graduated levy and once the precedent becomes established in the tax system it can be extended to all levies. There is no more reason why it should be applied to incomes than that it should be applied to property assessments. A citizen who owns 100 acres of land can, by the application of this theory, be compelled to pay 50 times more tax instead of ten times more than a citizen owning 10 acres of land of the same value per acre.

Let every citizen and every dollar stand equally before the law. Tax every dollar and tax it alike. Once inequality, discrimination, rewards, and penalties enter into the tax system of Texas, where is the end of it all? The present legislature may wield such powers cautiously. What will future legislatures do with it? The term of office of those authorized to revise the tax systems of Texas expires by early limitation. The term of office of a taxpayer goes on and on. The taxpayer is elected at birth and cannot resign. A tax payer is a indispensable factor in the operation of any tax system and is likewise indispensable in its solution. Taxation is a taxpayer's problem and the taxpayers of Texas should join with the taxing authorities in working out a successful solution.

**IMPROVE SECONDARY ROADS**

The vast sums of money collected from automobiles licenses, gasoline taxes and bond issues for road construction, have been spent largely for building trunk highways. The result has been great development along these roads, towns have built up and property values have increased out of all proportion to the growth that has been enjoyed by communities lying back from the big main highways. Smaller places not on the trunk roads have been almost wiped out of existence and farms which are left off the main routes have not improved in value. It is estimated that 74 per cent of rural mail deliveries are on the more or less unimproved roads.

Our system of building main highways has been to parallel railroads rather than to strike off through new country. Thus we have added to traffic congestion in centers which are already badly congested. It is time to broaden our highway program and improve rural or secondary roads which reach country not now developed as it should be.

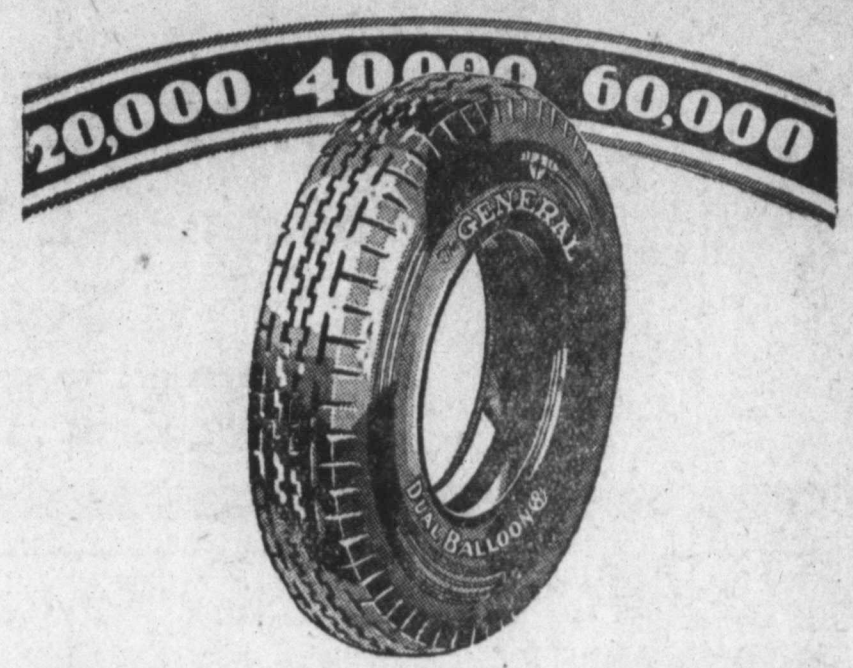

Mitchell county needs right now, more than anything else, a paved road to Sterling City. This highway is one of the most important in the county, yet in wet weather it is almost impossible to get over it.

Mrs. J. L. Bowen is at Ruidoso, New Mexico, where she will spend the summer. Mr. Bowen is planning a trip to Alabama, beginning about July 15. After he returns he will join Mrs. Bowen at Ruidoso.

Mrs. Alvin Myhre was taken to Carlsbad sanatorium Monday for treatment. Mr. Myhre reports that she stood the trip well, and he feels sure she will improve rapidly.

W. A. Bandy has been transferred to Austin by the Shell Pipe Line Co. and his family will leave this month for their new home. Colorado regrets to lose this splendid man and woman and their interesting family, but is happy for them to have the advantages of our State capital.

John R. Baze will spend the Fourth in El Paso, leaving on the special train Wednesday evening.

**Insurance Against Trouble**

**THE DUAL-Balloon's** positive assurance of safe, sure mileage year in and year out means far greater protection than the policies that pay off only after trouble upon mileage guarantees that mean running much of the way on "bald-headed" tires?

**The DUAL-Balloon's** thicker, tougher, longer-lasting tread, its non-skid permanence, its prevention of punctures are features which mean the greatest possible margin of safety—the reserve quality that stands the shock of every emergency in modern driving.

**NEW FARM BILL IS EXPLAINED IN U. S. DEPARTMENT BULLETIN**

Government System Established for Better Marketing Products

CREDIT SUPPORTED

Losses To Be Neutralized By Gains, Is the Theory Advanced

The new agricultural law, promulgated by President Hoover in his farm relief program, has been achieved, but the nature of it is not yet clear to many who have had difficulty in deciphering what the law actually means. Comment has been made on that fact by a number of Mitchell county ranchmen and farmers.

Some have expected instantaneous effect from the law, while others have been figuring out what it involves. The following explanation taken from a service bulletin from Washington is one of the clearest discussions of the measure which has been released thus far. It follows:

**Marketing Association**

The agricultural law establishes a government system for better marketing of farm products through a system of cooperative marketing associations, stabilization corporations and clearing house associations, all of which may borrow from the government for operating capital and acquisition of physical facilities. The whole machinery is supported by government credit. Losses may be incurred by the government, but in theory the administration of the system is supposed to be that in the long run losses will be neutralized by the profits.

First, there is a Federal Farm Board of eight members, plus the secretary of agriculture, and these are to be appointed soon by the president. Certain members will represent the major agricultural commodities. This board will have control of a \$500,000,000 fund for loans to cooperative marketing associations and stabilization corporations.

**Advisory Committees**

Next, there are to be advisory committees of seven members each, selected by the cooperative associations in each commodity to advise the board and act as liaison agencies with producers, not only in marketing but also on acreage limitation and other production problems. Two of the seven must be experienced handlers of processors. The first advisory

committee to be created doubtless will be for wheat.

Loans will be made either to cooperatives or to stabilization corporations, at interest rates not above 4 per cent. Loans to cooperatives may be for purposes of working capital in "effective merchandising," for enabling advances to members of "a greater share of the market price of the commodity that is practicable under other credit facilities," for conducting membership campaigns for formation of clearing house associations, or for acquisition of physical facilities such as warehouses, packing plants, etc., when suitable existing facilities are not available at reasonable rates. These loans for physical facilities are payable upon an amortization plan over 20 years or less. There is no time specification on other loans.

**Control of Surplus**

A stabilization corporation is a sort of super-cooperative, owned and controlled only by cooperatives, organized under state law. It must be created by cooperatives and must be recognized and financed by the Farm Board as the marketing agency for cooperative members when there is a surplus situation in any particular crop. It may buy, carry and handle the commodity, and is expected to "control any surplus."

Funds for working capital are to be supplied by the government. If it makes profits, most of these go into a reserve fund to pay future losses. If it incurs losses, and reserves are inadequate, then these losses are to be paid by the government as further "loans." Losses may not be passed back to members, the cooperatives. A corporation is prohibited from "withholding any commodity from the domestic market if the prices have become unduly enhanced, resulting in distress to domestic consumers." A stabilization corporation, although technically a private corporation, is under such strict regulation of the Farm Board as to be a government agency.

**GOVERNOR MOODY SIGNS SEARCH AND SEIZURE BILL**

AUSTIN, June 29.—Governor Moody today signed the amended evidence clause of the search and seizure law.

His notation that he believes the change "will relieve some of the difficulties experienced by the prosecuting officers," was attached to the bill.

Just what the help will be is the subject of varying views. Boiled down, it permits use of evidence obtained in violation of federal statutes. Evidence obtained in violation of Texas laws or in violation of either the Texas or Federal constitution is still barred.

**ABILENE MAN INSTALLS LIONS CLUB OFFICIALS AT FRIDAY NOON MEET**

Bill Randle Is New President; Ralph Lee Thanked For Last Year's Work

Rev. Willis P. Gerhart, minister of the Episcopal church of Abilene, and a leader in the Lions club work there, officiated at the installation of new officers for the Colorado Lions club last Friday noon.

In turning the gavel over to Bill Randle, his successor as president, J. Ralph Lee thanked the club members for their cooperation during the past year and praised the other officials for their willingness to assist him in the work. Joe Pond, secretary-treasurer, came in for special mention for his splendid work. Roy Farmer, tall twister, also was recognized for his splendid work.

Lion Gerhart delivered a very fine inaugural address. He told the Lions of the average man, and of the general characteristics of the average citizen. Most Lions are above the average citizen, he said, because of the interest in community affairs and their efforts to help the other fellow and to build up the community.

Lionism, which has for its purpose service to the community and fellowship and good will, was stressed by the speaker. He urged every Colorado Lion to do his best in helping the club and the work sponsored by the club. He also plead with the members to continue to support the officers of the club and help make the coming year the best in history of the club.

President Randle, after receiving the gavel, expressed appreciation for the trust and confidence imposed upon him, and assured the club members he would do all in his power to make the ensuing year one of the best in the history of the club. He asked for full support of the membership, which he said he felt he would secure.

All the officials stood and received the admonition of Lion Gerhart. They were:

Bill Randle, president; Dick Gray, first vice president; Charlie Thompson, second vice president; Arlie Martini, third vice president; Joe Pond, secretary; Roy Farmer, tall twister; Charlie Adams, assistant tall twister; Allen Connell, lion tamer; Joe Smoot, assistant lion tamer; Everett Winn and Tom Smith, directors.

Guests were: Rev. and Mrs. M. C. Bishop, and Mr. and Mrs. W. L. Davis of Post; Roy Hooten of Anson and Lyle Price of Denison, singer and evangelist, respectively, here with the revival campaign for Church of Christ, and Ted Norton, local worker with this church.

**Santa Fe Lets Contract For Sonora Line**

SAN ANGELO, June 29.—The Lone Star Construction Company of San Antonio was awarded the general contract for the construction of the 65-mile extension of the Santa Fe railroad from San Angelo to Sonora, it was announced here Saturday. Actual construction will begin at once.

More than 150 cars of steel for the new road are now in the central material yard west of town. In addition much bridge work and many cars of ties have been unloaded there. The engineers have prepared the way for the construction company and the latter has but to move in and start to work.

**FIRE CALL MONDAY BRINGS OUT TRUCK BUT NO DAMAGE IS DONE**

Monday morning about 10 o'clock, the fire department was called to the Runyon Service Station, adjoining the laundry, when a small blaze was discovered between the walls in the station. Mr. Runyon dashed a tub of water on the wall and extinguished the flames before damage was done, and the fire truck was not put into action.

Fire Chief Ed Majors said he thought a rat's bed between the walls had been ignited probably from a match.

**FORMER PASTOR HERE**

Rev. and Mrs. M. C. Bishop of Post and Mr. and Mrs. W. L. Davis and son were visitors here last Friday and met many old-time friends. Rev. Bishop was formerly pastor of the First Baptist church here and Mr. and Mrs. Davis lived here about 20 years ago.

**THE ROBISON CASE**

Abilene Morning News: Now that the house has settled the Robison case, a little history is in order:

After the great drought of '17 and '18 and the years of depression following the world war, the cow business of West Texas was in a bad way. Many old timers, unable to stand the strain, went to the wall.

Millions of acres of public school and university lands had been thrown on the market some years before the twin disasters, drought and post-war depression, hit the ranch country. In many cases ranchers who had lived on the land under leases, had organized it and had developed an important ranching industry, were outbid on the purchase of the land by outsiders with speculative intent. In order to keep from being thrown out bodily, some of these ranchers bid more than the land was worth.

When hard times came, the interest on these purchases proved onerous—in some cases ruinous. It was the desire of the legislature to have these lands reappraised as to value, so that the purchase price could be readjusted, up or down as the individual case warranted. To pay for this work of reappraisal a tax of one-cent an acre was assessed against the OWNERS OF THE LAND. Keep that fact in mind. It is important.

J. T. Robison, land commissioner, was ordered to make the reappraisal singlehanded — over his protest. He wanted someone to share the labor and the responsibility with him, but he was overruled. He did the work, traveling thousands of miles in all sorts of weather, over all sorts of roads or no roads at all. Already well advanced in years, he suffered a breakdown. He collapsed at Marfa and was taken to San Antonio for a serious operation.

Now, here is where the plot "hickens." Knowing that the white haired commissioner had broken down in health while reappraising the land, the ranchers did that which is second nature to them—they came to the rescue. The cost of reappraising the land under Robison's guidance was less than one cent an acre. The difference between the actual cost and the one-cent assessment was under the law REFUNDED TO THE RANCHMEN.

These refund checks (their own money first, last and all the time) were immediately endorsed over to Robison by the ranchmen, and sent to him to defray the cost of his operation and hospital bills. It was their money; it never was at any time the State's money; they could do with it as they chose. If they had cashed their checks themselves and sent the cash to Robison, there never would have been any question raised. It never occurred to them that anybody would question their right to give away THEIR OWN MONEY.

This hurried review serves to show why the lower house of the legislature lost no time in refusing to impeach Robison, based on these incidents. The vote was nearly two to one. That verdict, we feel sure, will win approval of most Texans.

Nothing worse than a loose way of doing business was indicated by any of these transactions. It was an old-timey frontier sort of direct action, innocuous of itself but not strictly according to modern ways of conducting business. That is the worst that can be said of it.

**LANDAU SAYS EUROPE IS ALRIGHT BUT WEST TEXAS IS MUCH BETTER**

The Record has received a card from Louis Landau, who is visiting his old home in Europe, saying that Paris, France, and other European sections are alright, but he prefers West Texas. Landau left Colorado about a month ago to visit his old home in Czechoslovakia. He left there 30 years ago. His father still lives in the old home.

The card from his was mailed at Praha and bears a \$1.50 stamp with the words, "Ceskoslovensko, Kofny."

Landau says: "Paris is O. K., but Colorado for me. Don't forget to send my paper after July 30 to Pennsylvania Hotel, New York. Please tell everybody hello for me. Best regards to the office force and all West Texans. Write me conditions of West Texas."

**SIMMS COMPANY'S NO. 1 ELLWOOD GETS OIL SHOWING AT 4,427 FT.**

Shut Down Pending Decision To Run Casing Before Drilling Deeper

Simms Oil Company's No. 1 W. L. Ellwood in Mitchell county, which encountered a showing of oil Wednesday night at 4,425 feet in sandy gray lime, remained shut down Saturday at 4,427 feet pending a decision whether to run casing or drill ahead with a wet hole. The test was carrying 3,500 feet of salt water from 4,002-07 feet, representing an accumulation in thirty days, when the oil showing was obtained.

The hole was reduced in size at 4,400 feet and if casing is run, the lower part of the string will be 4 3/4-inch and the upper part 5 3/16 inch. After the oil showed up through the column of water, the well deepened two feet Thursday to 4,427 feet without apparent change. Sandy, gray lime has been sold from 4,007 feet to the bottom.

Westhyle Investment Company's No. 1 Ellwood, in the center of the southwest quarter of section 28, blk 16, S. P. Ry. Co. survey, had drilled late in the week to 1,600 feet.

Republic Production Co.'s No. 1 Scott, about four miles west of the Simms No. 1 Ellwood, 330 feet north and east of the southwest quarter of section 20, block 17, S. P. Ry. Co. survey, had drilled to 1,585 feet.

**J. F. REEDER, LORRAINE PIONEER, BURIED AT LORRAINE ON THURSDAY**

Funeral Services Weere Held at 6:30 for Father of Colorado Women

J. F. Reeder, 74, pioneer resident of Lorraine, who died at his home there at four o'clock Thursday morning after an illness of some weeks, was buried in the Lorraine cemetery Thursday afternoon, after funeral services at 6:30 in the Lorraine Baptist church, with Rev. N. E. McGuire officiating.

Mr. Reeder had been suffering for some time with heart trouble, but several weeks ago he became so bad that he was unable to be about at all, and had been confined to his bed for several days before his death. Paralysis set in some time Tuesday night, and the end came Thursday morning.

Mr. Reeder is survived by his widow and nine children, all of whom were present for the funeral services. The children are: Miss Cora Reeder, Lorraine; D. M. Reeder, Haynesville, La.; G. G. Reeder, Ft. Worth; Mrs. J. A. Pickens, Colorado; Mrs. L. L. Jarratt, Lorraine; C. C. Reeder, Fort Worth; Mrs. Hall DeGarmo, Colorado; Mrs. B. W. Dorn, Colorado, and Miss Dorcas Reeder, Lorraine.

John Franklin Reeder was born in Claiborne Parish, La., October 27, 1854, and died at Lorraine, Texas, June 27, 1929. He was reared in Louisiana. He was converted and joined the Missionary Baptist at the age of 17, and has since that time lived a devoted Christian life, having been a member of the local Baptist church more than twenty-one years.

He was married to Miss Sarah D. Kirkpatrick on February 22, 1877. There are three sons and three daughters surviving this union. They are D. M., G. G., C. C., Miss Cora, Mrs. J. A. Pickens and Mrs. L. L. Jarratt.

After the death of his first wife he was married to Miss Agnes Crumpler on May 12, 1901, and there are three daughters surviving this union. They are Mrs. DeGarmo, Mrs. Dorn and Miss Dorcas.

Mr. Reeder and family moved to the Lorraine community in 1908, and have made their home there since that time. He farmed for many years and was later engaged in the grocery business here. He was an old-timer in this section and there are many in the county who mourn his death.

**O. F. Jones and J. P. Russell Sell Howard Ranch**

O. F. Jones and J. P. Russell have sold 600 head of cows and their lease on the Rora Roberts ranch in Howard county to Bass Arnett, who took charge July 1. Jones and Russell have been in partnership for some time. They formerly operated the Shannon ranch in Seurry county.

Mr. and Mrs. Lester Mannerling and little daughter returned Thursday from a two weeks' vacation in San Antonio, the valley, and Mexico. W. M. Gordon and family are spending this week on the Llano river near junction, fishing and swimming.

ing of the West Texas Press Association in Sweetwater on July 12 and 13, has been announced by Luther Watson, chairman of arrangements. Various notables and more or less prominent news hounds will be jerked up and placed on the gridiron for the banquet. From the program, we judge they will get a roasting. The program announced is as follows:

"How I Make Money as Secretary"—Sam F. Harbin, Richardson.  
"Why I Quit the Mineral Wells Index"—Sam Miller.  
"Why Public Utilities Buy Newspapers"—Beeman Fisher, Dallas.  
"Why I Gave the Herald Away"—Tom Jordan, Big Spring.  
"Scolding Fence Posts"—W. D. Holcomb, San Angelo Mayor.  
"My Hog Town Drug Store Experience"—Rufus Higgs, Stephenville.  
"Why Women Leave Home"—L. F. Bookman, Linotype salesman.  
"What Makes the Wild Cat Wild"—John Hibdon, Big Lake Wildcat.  
"My Love for Competition"—Geo. English, Stamford Leader.  
"My Love for Linotype Operators"—Houston Harte, San Angelo.  
"My Love for Telephone Companies"—Luther Watson, Nolan County News.  
**Feature**  
Stillman Evans, publicity manager for T. A. T., will ride the old grey mare bareback around the court house square dressed in a bathing suit.  
"How My Phonograph Business Helps Advertising"—L. P. Henslee, Anson Enterprise.  
"Why I Quit Hearst"—Bill Edwards, Dallas.  
"Why I Wear No Suspenders and a Coat"—J. J. Gregg, Santa Anna.  
"Why Every Town Prints Its Own Telephone Directory"—Frank Shoup of Dallas.  
"Old Heads and Young Ideas"—J. W. Smith, Lamesa Reporter.  
"Why I Left Breckenridge"—W. S. Cooper.  
"New Modern Equipment My Hobby"—Editor Glover, Merkel Mail.  
"How I Maintain High Prices on Job Work"—Walter Whipkey, Colorado Record.  
"How I Cleaned Up in Waco"—J. L. (Windy) Martin, Brady.  
"What It Cost Me to be President of My Own Paper"—T. Paul Barron, Midland Telegram.  
"Why I Can't Sell Intertypes"—Clarence Knight, Intertype salesman.  
"Why I Don't Go Daily"—H. M. Jones, Brownwood Weekly News.  
"My Reasons for Never Changing Partners"—Rip Galloway, Ranger.  
"Printing Gie Tickets for 41 Years"—Geo. S. Anderson, Abilene Printing and Stationery Co.  
"How We Stay in Austin on Five Dollars a Day"—Wed Reid, Colorado; Bowen-Pope, Hamlin; Emmett

Whitaker, Spur.  
"How I Keep My Girl's Figure"—George Hill, Winters.  
"The All-American Freshman"—Charles Guy, Lubbock Avalanche.  
"Making Money Out of Advertising Grafts"—Ralph Shuffler, Olney.  
"How My Competitor Elected Me President of Texas Press"—Harry Schwenker, Brady.  
"Tenor Singing, Peanut Peddling, and Editing"—R. E. Scott, DeLeon.  
**Another Feature**  
Free walks to the Air Port for all registered visitors, courtesy of Sam Acton and John Gorman, salesman for Southwestern Paper Co.  
"Hammerhill Bond, the World's Greatest Paper"—Bill Parker and Dick Willetts.  
"How I Get Such a Good Print on My Duplex"—Herschel M. Colbert, Sweetwater Reporter.  
**Feature Three**  
Abundant supply of drinking water, cigars, golf balls, picture show tickets, and maybe so a banquet furnished by W. M. Knight, manager, and Ernest Goeth, salesman, E. C. Palmer Paper Co.  
"Operating a Big Town Daily"—Hooper Shelton, Roby.  
"Why I Voted for Hoover"—Joe Taylor, Dallas News.  
"My Experience Milking Cows"—Joe Kempton, Farm & Ranch.  
"The Virtues of a Meihle Vertical"—Horton Bransford, manager of the American Type Trust, formerly the Burn-out Bros. & Swindler.  
"Personation of Mutt & Jeff"—Editor Grimes of Abilene Reporter, and Eddy Warren, Post Dispatch.  
"Freezing Out Competition"—Jimmy Smith, Snyder, and Sam Branswell, Clarendon.  
"Politicking for the Presidency of the Texas Press"—R. H. Nichols, of Vernon.  
"Selling Out to the Insurance Companies"—Rev. West, Bronte, and Tiny Early Williams, Lorraine.  
"Yo-Yoing as Business Getter"—Walter Murray, Ranger.  
**More Features**  
The entire convention membership will be tendered a luncheon at the Blue Bonnet grill given by Jess Johnson, personally, manager of the Graham Paper Co., the largest house in the world, assisted by Sewer Sewell, salesman.  
"How I Handle My Big Pay Roll"—J. W. King, Roscoe Times.  
"Why I Use Mary Garden Perfume"—Gene Howe, Old Tack of Amarillo.  
"Year Book Committee Report of the Anti-Saloon League," by Frank Dyer, secretary.  
"How I Broke Into Magazine Writing"—H. C. Shelton, Rotan Advocate.  
"The Curse of Liquor"—C. S. Boyles, Jr.

er, John D. Rockefeller, Clements the flower man, Warren the animal man, and Hayden the surveyor, all have eulogized, rhapsodized and elongated yet none can convey the least idea to one who has not seen it, but enough except to say, "How can man behold its grandeur and say in his heart 'there is no God.'" The poet has said:  
"There are canyons that yawn as they grip you;  
There are sentinel rocks austere;  
There are opers unsung and pictures unhung,  
And 'lence made to hear."  
Notwithstanding all this, I am lonely and sad. I often lay awake at night and think of dear "Aunt Rose." Then I say the souls of the righteous are in the hand of God and there shall no torment touch them. In the sight of the unwise they seem to die, and their departure is taken for misery, and their going from us to be utter destruction. But they are in peace. I have no desire for life; yet I know I am impetuous, maddeningly—yet somehow enchantingly irresponsible, hovering between tears and laughter, ecstasy and despair, lovely and futile, generous and selfish, absurd, an ugly questionable element fused into my life.  
This letter says nothing, but it is a relief to write, since you don't mind.  
R.S.V.P. F. B. WHIPKEY.

has gone under the name of the Gold Medal Band ever since it won the title in the contest at a West Texas Chamber of Commerce convention.

**More per Gallon but LESS per Trip**  
That's the economy of CONOCO-ETHYL GASOLINE

**DURING the summer, when long motor trips are in order, a most important cost factor is wear and tear. Every time the motor knocks, it is undergoing unnecessary strain. Its life is being shortened—its resale value reduced. That's why we say, that in the long run, Conoco Ethyl Gasoline will cost you less per trip. Conoco Ethyl absolutely eliminates knocks. It delivers full power with every stroke of the piston. It gives lightning pick-up in traffic driving. In short, it provides a surge of power—up the hills or on the level—which keeps your motor gliding along with practically no effort. That's economy! Give Conoco Ethyl a trial. See how cool it keeps your engine, and experience the real satisfaction of having your car run as the manufacturer intended it should. You'll find a convenient Conoco Ethyl pump ready to supply you.**

Boulder, Colo., June 26, 1929  
Jimmie Greene and Family,  
Dear Friends:  
It was thoughtful and nice of you to write—not for its intrinsic value but the act (if not misconstrued) makes me grateful.  
Am planning to leave here last week in July and drive through the Northwest, Wyoming, Idaho (Salt Lake City), Oregon, Washington, on down through California to San Diego, across to Yuma, Phoenix, on to El Paso. Will try to reach home on September 15. As you have been all over this country and have seen it, I will not try to describe it, except to say that in viewing the beautiful Colorado River with its green-garbed islands, one wonders. This is the river Washington Irving called "the most magnificent." The islands have the appearance of a labyrinth of floating groves, their extraordinary position gives an air of youth and leviness added to this the undulations of the river the waving of the verdure, the alternations of light and shade from the forests of pine, fir and aspen, the purity of the atmosphere gives some idea of the pleasing sensations experienced on beholding a scene that seems to have started fresh from the hands of the Creator makes one stand in awe and realize how little man is.  
In speaking of this country, one may use such adjectives as magnificent, glorious, rugged, stupendous, crystal, typical, marvelous, gigantic, grandeur, eloquent, towering, splendid, sublime, picturesque, giant, awe-inspiring, inaccessible, peaceful, sublime, lofty, majestic and then fall short of its stupendousness.  
Bierstadt, the great landscape painter, compared it to Eugandino of Switzerland, and he was the Sir Thomas Lipton of his time. Such men as Lord Dunraven, Joe Jefferson, William Allen White, Joseph Hergesheimer, Opie Read, Charles Evan Hughes, Gen. Funston, Temple Bailey, Enos Mills, Tallant the paint-

THAT NIGHT THE BAY MARE GOT LOOSE

C-R-R-ASH! Bang! A noise out in the barn. What happened? Where's that lantern? About ten minutes later you get out to the barn with a dim, dangerous, uncertain light in your hand.

That's how it is without Delco-Light. Now suppose you have Delco-Light on your farm. As you go through the kitchen, you snap on a switch. Zip! Every corner of your barn is flooded with electric light—light that can't upset and set the whole place on fire.

If Delco-Light didn't give you anything but light, you'd be getting your money's worth. And it does so many more things that we can't tell you about 'em all in this ad. But we'd like to see you one of these days and talk it over.

Chevrolet Parts Service Keeps Up With Production

What Chevrolet Motor Company has been doing since the introduction last January of the new six cylinder line to insure ample parts and efficient service to the millions of owners of Chevrolet four cylinder cars, is revealed in a factory statement received Monday by J. B. Mills, of the Mills Chevrolet Co., local Chevrolet dealers.

Among the adjustments effected to safeguard the continued usefulness of former models have been the establishment of service machine shops at Detroit and Flint, specializing in the exclusive manufacture of past model parts; additional service training schools where dealers' mechanics are taught the latest methods for servicing the old and new models; additional zone warehouses that expedite the delivery of parts to the dealers, and revisions in the system by which the dealer is stocked with past model parts.

Independent manufacture of past model parts became necessary just as soon as intensive production began on the new sixes. When the company was specializing in four-cylinder manufacture the turning out of past model parts was relatively easy. Temporary suspension of production in the Flint Motor plant and the Detroit Gear and Axle plant permitted the building of past model parts without serious inconvenience. The drastic changes represented in the 1929 car, however, and the increased demand for precision work on the main production lines made it impossible to follow the former method. Hence space has been set aside in these two giant factories and special machinery installed for the exclusive manufacture of past model parts.

Chevrolet's service training school has been generally given credit for the expertness of mechanics in the dealers' service garages. This skillful army of trained workers has always been recognized by the company as the keystone around which the efficient Chevrolet service system has evolved.

Invariably, the man who makes your adjustments, if you are a Chevrolet owner, is a thoroughly trained worker because he is a graduate of one of these schools. There are now 38 schools, and they are open the year around. Each of the 10,000 Chevrolet dealers is required to send at least one of his shop men to these schools annually.

In charge of competent instructors, the course is of five days duration, and is followed by a rigid examination. Amplifying this formal instruction, Chevrolet has made available for all service men a complete reference library. This consists of carefully edited four cylinder repair manuals, back issues of Service News and a comprehensive series of slides, detailing in picture and text the latest approved procedure.

Amariillo.—First shipment of helium gas plant consisted of 200,000 feet of non-combustible gas. New Braunfels.—Construction of \$1,000,000 textile mill here is under way. Lubbock.—Work underway on five-story addition to Hotel Lubbock. San Angelo.—Construction of the State Fish Hatchery to be completed early in September.

A GOOD AMENDMENT The constitutional amendment to be voted on July 16 providing for a nine-member supreme court should expedite business without adding to the cost of litigation in the slightest degree. We already have a nine-member court by indirection. The commission of appeals costs about as much in the way of salaries, as would be paid six additional judges. The commission's work must be reviewed by the three members of the court, which causes unnecessary delays and thereby increases the cost of litigation. The nine-member court would function as smoothly as the three-member court, because a majority decision is all that is necessary. A great deal of unnecessary review work would be done away with if the commission were eliminated and six additional associate justices created instead. The amendment, too, would make it a 12-month court, one that did not work nine months in the year and then close up shop for three months. The doors of justice would be open at all times, and there would be enough associate justices to transact the business without the costly delays that have been the vogue for many years. It would be sound business to approve the amendment next July 16 along with that increasing the salary of the governor.—Abilene Reporter.

SPEDY PERFORMANCE IS CHARACTERISTIC OF THE WHIPPET SIX Although the new Whippet Six has the same bore and stroke and the same basic design as its speedy predecessor, these models develop seven horsepower more on a brake test and will travel considerably faster. In accelerating and hill climbing, too, the Whippet Six cars outdo their predecessors. Numerous improvements have contributed to the better performance.

The Superior Whippet Six motor has a compression ratio of 5.1-8 to 1 as compared with 4.4 to 1 heretofore used. The brake horsepower is 50 at 3000 R. P. M., as compared with 43 horsepower in the previous models at 2800 R. P. M. The improved high-compression engine has a seven-bearing crankshaft and an extremely efficient force feed oil system which keeps all necessary surfaces properly lubricated at all times.

Largely because of the higher compression ratio in the new engines, the Whippet Six shows a highly satisfactory economy. Further contributing to higher maximum speed and greater flexibility for driving in traffic are changes in the rear-axle gear ratio from 4.89 to 1 last year to 4.55 to 1 in the present models. The "Finger-Tip" control has contributed materially to higher road speeds in night driving. Because the operator is enabled to tilt the bright rays of his headlights upward, or downward without dimming and without shifting his customary driving position, he is enabled to maintain a smooth, even pace in passing oncoming cars.

Wanted a Handicap Lady (to the sporting goods clerk) —Have you any handicaps for sale? Clerk—What do you mean handicaps? Lady—Why, my husband came home from playing golf yesterday and said if he had had a better handicap he could have had a better game, so I want to get him one for Christmas; he's awfully grouchy after losing a game of golf.

FORD RECORD IS SET NEW YORK, June 29.—Domestic, foreign and Canadian output of the Ford Motor Co. on June 26 totaled 9,160 model A cars and trucks, a new high daily record, compared with 8,500 cars, the daily record for production of the old Model T cars.

# FAR-AWAY PLACES ARE MERE DREAMS FOR SOME COLORADOANS; OTHERS ARE ATTAINING THEM

"Far-away places" are claiming the spirits if not the bodies of Colorado folks these long June days, when hot pavements, stuffy offices, and sleepy after-dinner hours are enhancing by contrast the appeal of long open roads, high snow-capped mountains, cool caves, sparkling streams, and breeze-cooled beaches.

A great number of Coloradoans are fortunate enough to betake themselves in reality to vacation spots in Texas and elsewhere, while a still greater number are merely dreaming of the many places they would go if they could.

So by the hundreds and thousands, vacationists are flocking to new scenes. What if they are tin can tourists? What if they do return home probably more worn than when they left? They've been places and they've seen things.

Texas and its neighboring states offer a paradise of vacation spots almost unscratched. The Davis mountains, the Rio Grande valley, Devil's and Concho and Comal and Llano and Colorado and many other rivers offer ideal settings for that week or two weeks "off."

And in the neighboring states there are spots of beauty, all within comparatively short driving time of Colorado people, which merit exploration

by the vacationing Texan. Probably the most popular mecca of local people during the holidays for the last three years has been the famous Carlsbad Cavern, which lies in the Guadalupe mountains of New Mexico.

### Carlsbad Region

As in other portions of New Mexico, the Carlsbad region offers historic places which are of interest to the traveler. Traces of irrigation practiced by the Pueblo Indians on the banks of the Pecos river, where the government irrigation project is now under way, ruins of ancient Indian habitations and historic trails are among these features.

New Mexico is a land of National Monuments; of virgin forests; of desert, mountain and plain, of history concerning the original inhabitants of America; it is the seat of paleolithic exploitation of the lowly Mexican, and the mecca for the one seeking succor from the worries of a hurried world.

In addition to the Carlsbad Cavern, there are other monuments of interest. El Capulin, which is located 30 miles from Raton, is said to be the finest specimen of extinct volcano in the western hemisphere. Taos, a valley in which the Taos Indians live in primitive state, holds a colony of artists and writers of

world fame. Historic pueblos, rising story upon story; narrow winding streets, walled gardens and mysterious adobe structures, are assembled in a picturesque colony in the northern part of the State.

Santa Fe, one of the oldest settlements in the United States, where stand houses and churches built of huge oak columns brought from the nearby mountains by oxen in the days when Spanish explorers were roaming the west, is a place visited annually by thousands.

Throughout New Mexico and Colorado are dude ranches where one may live in the atmosphere of the storied west.

### Fun at Cloudercroft

Ruidoso and Cloudercroft, which may be reached in a short time by automobile, are located in the mountains southwest of Roswell. Horseback riding, trout fishing, swimming, tennis, golf, dancing and other recreations give variety to a vacation in these places which are in the beautiful Lincoln National forest.

Altitudes for camping in this section range from 7,000 to 9,000 feet. The resorts are near the Mesalero Apache Indian reservation, the famed White Sands between Alamogordo and Las Cruces, lava beds, Gila cliff dwellings, pueblos and other interesting points.

The country near Las Vegas and the Cimarron canyon in Northern Mexico is another popular place for camping and fishing throughout the summer as it lies so near to this part of Texas.

### Colorado Popular

Colorado, with its parks, Pikes Peak, health resorts, mining camps, rugged and beautiful scenery and cool climate during the summer, offers much to the pleasure seeker that is found in New Mexico, with other features which are peculiar to that State.

Each of these States is a gateway to the Grand Canyon, to Yellowstone National Park, to California, Utah and other interesting places in the West, any of which may be visited by motor or train from here during the average vacation.

Devil's river, near the Mexican border; Kerrville and the Guadalupe river, the Davis mountains and other points in Southwest Texas are sought annually by many during their vacations.

El Paso and old Juarez in Mexico are also the goal of many treks during the summer months. (Partly copied from Nolan County News.)

### WILLYS-OVERLAND SALES HANG UP NEW RECORD

TOLEDO, Ohio, July 2.—On the basis of results to date, indications for the Willys-Overland Company point to 1929 as one of the most profitable years in its history.

Record breaking sales of Willys-Knight and Whippet cars established a new high record for the first five months of 1929. With June shipments estimated at 30,000 Willys-Knight and Whippets, total shipments for the first six months will be approximately 200,000 cars.

Outlook for the last half of the year is said to be highly favorable, this prediction being based partly on the coming introduction of the new Willys-Knight Great Six, rounding out the Willys-Knight line which is expected to contribute as much as 50 per cent of earnings for the two final quarters. These new models have impressed dealers and distributors that thousands of orders have accumulated which will contribute to profits in the third quarter. The new Willys-Knight Great Six will list at \$1895 and gives the company price coverage in every class beginning with the lower-priced Whippets.

In addition to its comprehensive line of Whippet four cylinder commercial vehicles, Willys-Overland is making an important bid for the heavier truck field with a Whippet

one and a half ton unit with four speed transmission. This is expected to be an important contributor in the company's earnings potential for the balance of the year.

Willys-Overland earnings for the second quarter are expected to be approximately double the earnings for the first quarter. The significant upward earning trend established in the second quarter is attributed to the sharp upswing in the proportion of sales of six-cylinder business in the first quarter.

Of great significance, too, in Willys-Overland's trade position is the fact that while the dealer organization has been expanded 68 per cent above its position of a year ago, field stocks as of current date are reduced by approximately 4000 cars below those of the same date last year. In this situation, the company enters the last half of the year in the best selling position of its entire history.

Willys-Overland continues to break all previous records in shipments to foreign markets. Exports of 22,137 Willys-Knight and Whippets up to June 1 represented an increase of 45 per cent over the corresponding period of last year.

### HIGH SOCIETY

(Rotan Advance)

Mrs. Herbert Hoover, wife of the President of the United States, recently threw a feed at the White House for a select few, among whom was the wife of Oscar DePriest, negro congressman from the gas house district of Chicago. We had long thought it would be a great pleasure to eat with the White House white folks, but since the above incident we have kinder lost our taste for it.

We can imagine a conversation between Mrs. Hoover and Mrs. DePriest about like this: "Mawwin', Miz Herb. How's you-all?"

"How do you do, Mrs. DePriest?" "Sho is hot, ain't it? Mind offen I pull my shoes off? Dese dogs o' mine sholy do howl 'bout bein' drug over hot pavement these days."

"Have a chair, Mrs. DePriest, and make yourself comfortable while I order refreshments."

"Now, Miz Herb, you jest let me help fix up them vittels. Ise a lady that's as much at home in th' kitchen as in th' parlor. 'Sides eatin', cookin' is the fondest thing I is of. Since I been in Washin'ton I just been doin' nothin' and doin' it constant. W'y, fore I was in yo' kitchen three minits I c'd have that cook stove follerin' me 'round all over th' place."

"W'y, you have tea, Mrs. DePriest?" "Sholy will, honey. I drinks what th' others drinks. I allus says when yo' is in Washin'ton do as the Wash women do. It's all do same to me—tea, coffee, home brew or straight head like us Chicawgo folks gits from Canada."

"Try this cake, Mrs. DePriest." "Yum, yum! White chile, yo' sho do sling a wild cake pan. That cake list melted in my mouf. Yessum, hanked, don't mind ef I do. I'll jest take two pieces this time."

"Dear garden, Mrs. DePriest, your napkin is on your left."

"I sees it, Miz Herb, but 'tain't no use gettin' these nice clothes dirty. This skirt's all right to wipe my mouf on—it's dirty anyway."

"You seem very warm, Mrs. DePriest. Shall I open the window?"

"Nebber min' me, Miz Herb. A little moisture don't hurt my pulchritude none. When I eats I wuks at it. I sometimes gits so hot eatin' that perspiration rolls down my face in big drops of sweat."

"Try this caviar, Mrs. DePriest."

"No, thankce, honey. Ise so full

### Badly Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Knight of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health."

"I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while."

"It was astonishing how much I picked up. I slept better; my appetite improved, and that awful dragging-down feeling left me."

"I was so much better that I continued taking Cardui until I felt perfectly well."

Cardui has been used by women for over 50 years. For sale by all druggists.

### CARDUI Helps Women To Health

Take Thornd's Black-Draught for Constipation, Indigestion and Biliousness.

now I's 'bout to pop. That sho was some swell feed, Miz Herb. Lawdy, Massey, is it five o'clock a'ready? Ho wtime do fly when us ladies git together. I sho has got to get goin' 'cause I left Oscar's other shirt out on the line an' some no'count nigger is liable to 'appropriate it, an' Oscar 'minds me o' Jack Dempsey when he gits riled, that right o' his sho' do jar my equalabrum."

"Call again, Mrs. DePriest."

"Yassum, I sho will. I'll be back as soon as I returns. Well, so long, Miz Herb. Drap in to see me."

"I shall be glad to call at the first opportunity, Mrs. DePriest."

"Lawdy, chile, don't wait for no opportunity, just drap in any time. Well, I'll be see'n yo' frequent or even often."

### PLANES INSTALL RADIO

Planes of the Texas Air Transport which operates a passenger line between El Paso and Fort Worth and Dallas, are being equipped with radio, telephone and telegraph sending and receiving sets, according to E. L. Nelson, division passenger agent. This will make it possible for the pilots to navigate through fog as easily as in clear weather.

The new Colorado air port is sufficiently large to accommodate the big TAT planes and it is expected they will soon make this city a regular stop in their service.

### ENGLISHMAN SEEKS U. S. CITIZENSHIP

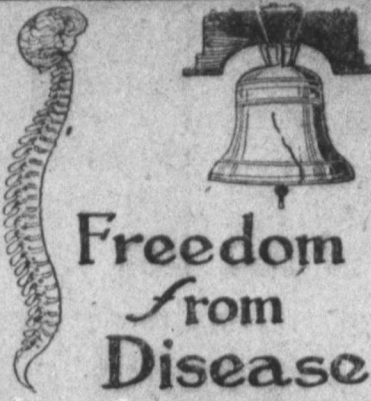

Thomas Dawes of Colorado, Texas, applied Friday in Abilene federal court for his second citizenship papers, according to Mrs. Ida M. James, deputy clerk of the court.

Dawes gave Suedskell, England, as the place of his birth, and stated that he had been in the United States since 1904.—Abilene News.

Our written Guaranty permits you to exchange the car you buy within 48 hours if it is not entirely satisfactory. If you want to save money and be thoroughly satisfied, select your car from our "Good Will" stock.

**USED CARS**

OF MANY MAKES ARE TRADED IN FOR THE NEW FORD

Some people think we accept nothing but used Fords for trade-ins when selling the Model A. That is a wrong impression. Cars of many makes are traded in for the new Ford—some low priced and some not so low—and many of them are unusual bargains in unused transportation.

There is a definite reason why we can offer you extra value in these used cars. The value of the NEW Ford is so high, and the cost so low, that excessive trade-in concessions on buyers' used cars are not possible. In other words, we get the trade-in figure at just what the used car is worth.

This means that when we offer a used car for sale, there is no "padding" the price to take care of an unreasonable trade-in allowance. Our used-car department is based on a spirit of fair-dealing—fair dealing with the first owner who makes the trade-in, and the second owner who buys the unused mileage.

Model T Fords are reconditioned, and carry a guarantee. Other makes are priced strictly according to the unused transportation in them. Come in today and see some of the bargains we are in a position to offer.

New Development In Poem War of Rural Boys, Girls

Something new develops this week in the poetic war which has been waging for the past few weeks between the rural boys and girls of the county. This week Carrol Smith of Buford sets a precedent by coming forward with a poem in favor of the girls, although he is supposed to belong to the ranks of the enemy. Here is what he has to say on the subject—and a very sensible ray many of us will find it: This is getting awful, I wonder what will be next? Boys against girls, girls against boys, But girls is the best text. Every boy has his a gal, And thinks she so sweet and nice, Ninety per cent of the boys All take the girls' advice. To begin with, the Progressives, committee, consisting of Jimmy Snyder, Luther Watson, Nolan, the city News; Herschel Colbert, S. Bridger, water Daily Reporter, and Mont Owen, secretary of Sweetwater Branch of City Development; George one and Eddie Warren of Post, announced a program of bu...

MAYOR R. E. THOMASON AND H. L. BIRNEY, EL PASO, ON ROAD PROGRAM

Chief speakers for the celebration of the opening of the new paved road through Iatan Flat to be held at Iatan on August 26, are R. E. Thomason, mayor of El Paso, and H. L. Birney, president of the Broadway of America. C. T. Watson, secretary of the Big Spring Chamber of Commerce, will be master of ceremonies. Many other prominent men, including Hon. W. R. Ely, R. S. Sterling, and Cone Johnson, members of the State Highway Commission, Gib Gilchrist, State highway engineer, have been invited. Others who have accepted invitations to take part on the program are: Tommie Carswell of Abilene, Paul Vickers of Midland, Monte E. Owen of Sweetwater, Judge J. P. Stinson of Abilene, and Judge C. H. Earnest of Colorado. Following the celebration, which will start at 7 o'clock Monday evening, August 26, the 18-foot concrete road will be opened to traffic and the former mud barrier on the Bankhead Highway will be wiped out forever. A motorcade is to start from Abilene and from Midland to converge at Iatan. Sweetwater, Roscoe, Lorraine, Colorado and Westbrook will join the Abilene motorcade and Stanton, Big Spring and Coahoma will join the Midland delegation. Arrangements are being made to park 3000 cars and it is expected several thousand people will attend. Following the speaking, and old fiddlers' contest will be held, then a square dance by old timers, followed by dancing on the pavement until a late hour. The Colorado Band, official band of the Broadway of America, and a special orchestra will furnish music for the occasion.

Gospel Services At Landers Held By Ted Norton

There will be a series of gospel meetings at Landers school house beginning Saturday night and continuing through next week. Likely there will be afternoon services at five o'clock. Evening services will be at 8 o'clock. The preaching will be done by Ted Norton and the song service will be conducted by local forces. A cordial invitation is extended to everyone to attend these services and study God's word.

AUNT OF MAYOR COFFEE KILLED IN ACCIDENT NEAR BLACKWELL SUN.

Mrs. F. M. Coffee, 69, of Odessa, aunt of T. J. Coffee, mayor of Colorado, was instantly killed and her husband painfully injured Sunday about noon when the car in which she and her husband were driving overturned about seven miles out of Blackwell on the Sweetwater-Blackwell highway. Mr. Coffee, who is in Big Spring recovering from shock and painful bruises, cannot recall the accident and the cause of the accident has not yet been determined. He was unconscious when found, and was delirious for several hours after the accident. He says that he can remember nothing concerning the accident, his last recollection being of driving along the highway, which is not bordered by a deep ditch at the point where the accident occurred. Funeral services for Mrs. Coffee were held Monday afternoon at Big Spring. Mr. and Mrs. Coffee settled in Howard county near Big Spring in 1890, and moved to Odessa about 20 years ago. Besides her husband, Mrs. Coffee is survived by four daughters, Mrs. Dora Medlin of Lamesa, Mrs. Olin Alkin of Clovis, New Mexico, Misses Maggie and Hattie of Odessa; and one son, C. C. Coffee of Big Spring. A brother, Jim Donaghe, lives at Blackwell.

MRS. HARRYMAN JUDGED WINNER IN COLORADO'S FIRST YARD CONTEST

Closing Colorado's first yard beautification contest, the three winners of the contest were determined this week after the final scoring of the yards by a committee of out-of-town women. The yard of Mrs. R. R. Harryman was awarded first place in the contest, that of Mrs. A. Buchanan second, and Mrs. D. H. Snyder's yard third. Judge W. H. Garrett and Dewey Tidwell received favorable mention. Their score cards ran only four points below the third prize winner. Their yards were especially attractive among those not winning prizes. Many yards ran these a close race. The yards were judged on a score card worked out by Miss Abbie M. Sevier according to landscaping rules, and some yards which appear extremely attractive and well-kept, according to the judges, did not win the prizes because they were not laid out so that they could be given a high score. The following score card was used in judging the yards: Sanitation, 10; general appearance, 10; back yard, 10; foundation plan, 10; borders, 10; flowers, 10; permanence of beauty, 10. The contest has excited quite a lot of interest in Colorado, and has been the incentive for improvement in many yards in the city. The Chamber of Commerce Luncheon club, which sponsored the contest, is well pleased with results obtained through the contest. First prize in the contest is \$25, second prize \$15, and the third prize \$10. These will be awarded to the winners soon. The committee which judged the yards was made up of three Lorraine women, Mrs. Homer Derryberry, Mrs. Sam C. Harris, and Mrs. W. L. Hester.

LEGION POST TO GIVE CERTIFICATE TO MOST USEFUL CITIZEN AUG 23

Public Meeting In Park Planned At Called Meeting Tuesday

Colorado's most useful citizen, as determined by results of the contest recently sponsored here by the Oran C. Hooker post, American Legion, will be presented a certificate at a public meeting at the band shell in Ruddick Park Friday night, Aug. 23. This public meeting was planned at a called meeting Tuesday at the Legion Hut, at which time returns on the balloting in the contest were canvassed. It was also planned at the meeting Tuesday for several of the Legion boys to meet at the Hut Thursday evening for the purpose of building a base for the gun on the Legion grounds and to paint the gun. Roy Warren, post commander, was given full power to act in cooperation with Fair officials in preparation for the Mitchell County Fair in October. The post is to donate the use of the Legion show grounds to the fair.

Miles To Start Singing School At Bethel Aug 19

Keith Miles announces that he will begin a singing school at Bethel, in the Baumann community three miles south of Lorraine, on Monday, August 19. The school will be held only in the afternoons from 1 to 5 o'clock. All those interested in vocal music are urged to enroll.

Mrs. Bufa Pritchett and daughter Betty Jo, returned Thursday from a visit with friends in Lubbock.

**FAR-AWAY PLACES' ARE MERE DREAMS FOR SOME COLORADOANS; OTHERS ARE ATTAINING THEM**

"Far-away places" are claiming the spirits if not the bodies of Colorado folks these long June days, when hot pavements, stuffy offices, and sleepy after-dinner hours are enhancing by contrast the appeal of long open roads, high snow-capped mountains, cool caves, sparkling streams, and breeze-cooled beaches.

A great number of Coloradoans are fortunate enough to betake themselves in reality to vacation spots in Texas and elsewhere, while a still greater number are merely dreaming of the many places they would go if they could.

So by the hundreds and thousands, vacationists are flocking to new scenes. What if they are tin can tourists? What if they do return home probably more worn than when they left? They've been places and they've seen things.

Texas and its neighboring states offer a paradise of vacation spots almost unscratched. The Davis mountains, the Rio Grande valley, Devil's and Concho and Comal and Llano and Colorado and many other rivers offer ideal settings for that week or two weeks "off."

And in the neighboring states there are spots of beauty, all within comparatively short driving time of Colorado people, which merit exploration

world fame. Historic pueblos, rising story upon story; narrow winding streets, walled gardens and mysterious adobe structures, are assembled in a picturesque colony in the northern part of the State.

Santa Fe, one of the oldest settlements in the United States, where stand houses and churches built of heavy oak columns brought from the nearby mountains by oxen in the days when Spanish explorers were roaming the west, is a place visited annually by thousands.

Throughout New Mexico and Colorado are dude ranches where one may live in the atmosphere of the storied west.

**Fun at Cloudercroft**  
Ruidoso and Cloudercroft, which may be reached in a short time by automobile, are located in the mountains southwest of Roswell. Horseback riding, trout fishing, swimming, tennis, golf, dancing and other recreations give variety to a vacation in these places which are in the beautiful Lincoln National forest.

Altitudes for camping in this section range from 7,000 to 9,000 feet. The resorts are near the Mesalero-Apache Indian reservation, the famed White Sands between Alamogordo and Las Cruces, lava beds, Gila cliff dwellings, pueblos and other interesting points.

The country near Las Vegas and the Cimarron canyon in Northern Mexico is another popular place for camping and fishing throughout the summer as it lies so near to this part of Texas.

**Colorado Popular**  
Colorado, with its parks, Pikes Peak, health resorts, mining camps, rugged and beautiful scenery and cool climate during the summer, offers much to the pleasure seeker that is found in New Mexico, with other features which are peculiar to that State.

Each of these States is a gateway to the Grand Canyon, to Yellowstone National Park, to California, Utah and other interesting places in the West, any of which may be visited by motor or train from here during the average vacation.

Devil's river, near the Mexican border; Kerrville and the Guadalupe river, the Davis mountains and other points in Southwest Texas are sought annually by many during their vacations.

El Paso and old Juarez in Mexico are also the goal of many during the summer months.

**WILLYS-OVERLAND SALES HANG UP NEW RECORD**

TOLEDO, Ohio, July 2.—A basis of results to date, indicates for the Willys-Overland Company profitable years in its history.

Record breaking sales of Knight and Whippet cars set a new high record for the 7 months of 1929. With 31 months estimated at 30,000 Knight and Whippet cars, the company has sold approximately 200,000 cars since the beginning of the year.

Outlook for the last six months is said to be highly this prediction being based on the coming introduction of the Willys-Knight Great Six, the Willys-Knight Light Six, and the Willys-Knight Heavy Truck.

The Willys-Knight Great Six is expected to contribute as much as 10 per cent of earnings for the quarter. These new models impressed dealers and that thousands of orders placed which will contribute to its third quarter sales.

Willys-Knight Great Six, \$1895 and gives the coverage in every range with the lower-priced models. In addition to its line of Whippet for commercial vehicles, Willys-Knight is introducing a heavier truck field

**GREATER BEAUTY FOR LOVELY WOMEN**

Beauty's first requisite—skin perfection. Thus, the fairest and wisest use MELLO-GLO Face Powder that spreads more smoothly and produces a youthful bloom. Its new French process makes MELLO-GLO stay on longer and bans the shiny nose. Pure! Prevents pastiness, flakiness, irritation and large pores. Use MELLO-GLO. For sale by Colorado Drug and the City Drug stores. Adv-1c

**USED CARS**  
OF MANY MAKES  
ARE TRADED IN FOR THE  
NEW FORD

Some people think we accept nothing but used Fords for trade-ins when selling the Model A. That is a wrong impression. Cars of many makes are traded in for the new Ford—some low-priced and some not so low—and many of them are unusual bargains in unused transportation.

There is a definite reason why we can offer you extra value in these used cars. The value of the NEW Ford is so high, and the cost so low, that excessive trade-in concessions on buyers' used cars are not possible. In other words, we set the trade-in figure at just what the used car is worth.

This means that when we offer a used car for sale, there is no "padding" the price to take care of an unreasonable trade-in allowance. Our used-car department is based on a spirit of fair-dealing—fair dealing with the first owner who makes the trade-in, and the second owner who buys the unused mileage.

Model T Fords are reconditioned, and carry a guarantee. Other makes are priced strictly according to the unused transportation in them. Come in today and see some of the bargains we are in a position to offer.

**HIGH SOCIETY**  
(Rotan Advance)  
Mrs. Herbert Hoover, Secretary of the United States, recently threw a feed at the House for a select few congressmen and friends in the district of Chicago, thousands thought it would be a feast to eat with the folks, but since Sargol's Pills have we have kinder time since Mrs. Hoover's nation.

We can imagine a time when Mrs. Hoover, California alone "Mawmin" required the all?"

"How do you like nine solid carloads of 200,000 bottles—to show Kansas City dealers have sold and mine show 300,000 bottles in over Kansas and Missouri.

He and St. Paul dealers made nine entire carloads in org. sh. The demand in practically every State and section where has been introduced has been ponding large. When national distribution has been completed all require millions upon millions of bottles to supply the ever-increasing demand for this celebrated medicine.

back of Sargol's triumph in the stores is Sargol's triumph in homes. Everywhere it has been introduced it has become a household word and it is unquestionably the most widely talked-of medicine in the world today.

When Sargol was first given to the world just one year ago, it was hailed as a triumph in the field of modern medicine. Many well known authorities who watched its development freely predicted that it would become the one great outstanding, health-giving remedy of the age. But the men of science who labored for years to perfect it little dreamed it would become such a great boon to humanity in so short a time.

Sargol may be obtained in Colorado from Colorado Drug Co.; in Louisiana from Hutchinson & Hall, and in Westbrook from Martha Lasseter.
