DEDICATION SERVICES OF PRESBYTERIAN CHURCH TO CLIMAX REVIVAL SUNDAY

Church Building Erected Four Years Ago Cleared of Debt This Week

PROGRAM TO BE SIMPLE

Dr. O. G. Jones, Evangelist Who Conducted Meeting, To Preach Sermon

A fitting climax to the Presbyterian revival which has been in progress here with Dr. O. G. Jones of Pontotoc, Mississippi, as evangelist, will be had next Sunday morning when dedicatory services are held for the Presbyterian church building here.

The services will be simple, according to Rev. W. M. Elliott, pastor of the church. Dr. Jones, who is a brother of Rev. Mr. Elliott, will preach the sermon.

The church building, which was completed four years ago this August, was paid out of debt this week. It was the first of the three new church buildings erected in Colorado in the last few years, and is the first one to come to its dedicatory services.

"We are now out of debt," stated Rev. Elliott in telling of the services, "and our hearts are glad. We praise God for His goodness, and extend a cordial invitation to the public to worship with us, not only next Sunday but also during the remainder of our revival."

The morning services Sunday will, of course, be held at the church, and the evening services, which will be the closing ones of the revival, will be held at the tabernacle.

The revival has gained steadily in interest and attendance, since its opening Sunday before last. Dr. Jones, who is a prominent evangelist, has met with remarkable success in winning and holding interest here, according to reports. Thos. Dawes has led the singing.

"We are very grateful," Rev. Mr. Elliott said in telling of the approaching close of the revival, "to the pastors of the city and the people for their cooperation during our revival."

LOCAL OIL OPERATOR SELLS HOLDINGS HERE TO OKLAHOMA CONCERN

Cub Wheeler Sells Interest In Teas & Wheeler Firm To W. H. Gant

H. C. Wheeler of the firm of Teas & Wheeler, local oil operators, has sold his interest in the firm to Walker H. Gant, vice president of the Franklin Petroleum products of Ardmore, Oklahoma, according to an announcement given out Saturday at the offices here in the Colorado National Bank building. Consideration has not been made public.

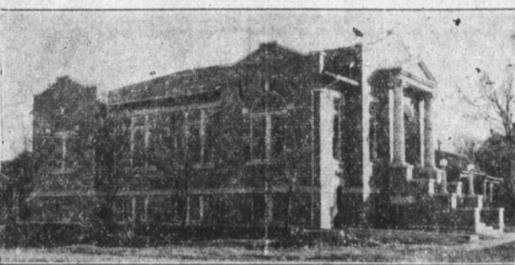

Paul C. Teas, senior member of the firm, who established the offices here five years ago, will remain in active charge of the business and their general offices will remain in Colorado, Mr. Teas stated Saturday.

The new firm will be known as Teas & Wheeler, having been dissolved. The new firm, however, takes over all assets and liabilities of the Teas & Wheeler firm, it is said.

Aside from various leaseholdings in this section of Texas, the firm is drilling a deep test seven miles north of Colorado on the J. M. Radford lands, section 7, block 26, north. This well is drilling at about 4,100 feet. It is seeking the Cisco series and has had favorable log for last 1,000 feet. The hole has had much trouble, having run back, but after considerable delay it is going forward.

Wheeler said Monday that he will remain in Colorado for some time, but that no definite statement as to what he would engage in later could be given.

PRESBYTERIAN CHURCH DEBT FREE BE DEDICATED SUNDAY MORNING

The First Presbyterian Church of Colorado, to be formally dedicated Sunday morning. All indebtedness on this beautiful structure was paid the past week.

LEADS PRESBYTERIANS TO FINANCIAL VICTORY

REV. W. M. ELLIOTT, Pastor of the First Presbyterian Church, under whose leadership the new church was constructed and finally cleared of debt.

County Agents And Clubworkers To Short Course

Representing Mitchell county at the Short Course at A. & M. beginning next Monday will be the county agents, one 4-H Club woman, six Four-H Club girls, and two 4-H Club boys.

Miss Abbie M. Sevier, county home demonstration agent, will leave Saturday for Collier Station, taking with her Geneva Halbert of the Westbrook 4-H Club, and Lena Ohlenschlag of the Lorraine 4-H Club. Both these girls won free trips to the Short Course by winning the two classes in the girls' 4-H Club dress contest recently. Their work will be entered in the State 4-H Club dress-making contest.

Mrs. J. M. Byrd and her four daughters, all 4-H Club workers, will also attend the course. The daughters are Ardath, Loretta, Venetta, and Mattie Blanche.

W. S. Foster, county agent, will leave the latter part of the week for the course. He is to take part on the program of the course. Lee Hoover and Gayland Simpson of Buford 4-H Club boys, plan to attend.

Extensions of Sanitary Sewer Near Completion

Extension of the sanitary sewer to new additions and suburbs of Colorado is nearing completion, according to L. A. Cogan, city secretary, and the sewer will soon be available to all but a few homes in Colorado, among these few being those who are situated at a very low level.

Extension of the sewer north and east is almost completed, Cogan stated, and sewer pipe is now ready to lay in the western outskirts of the city, east of the river.

EXCAVATION COMPLETED THIS WEEK FOR CHURCH OF CHRIST BASEMENT

Construction Work To Begin Around August 10, Committee Says

Excavation for the basement of the new Church of Christ structure on the corner of Elm and Fifth streets where the R. H. Looney home once stood, is being completed this week and plans are being hurried up for the completion of plans and letting of contract for the building.

Present plans are to begin construction by August 10, according to members of the building and finance committee, which is composed of J. W. Watson, J. E. Hale, and J. A. Thompson. It is hoped that the building will be ready for occupancy in about 90 days after the beginning of construction.

Plans for this new edifice, which will be the fourth house of worship to be erected in Colorado within less than that number of years, have been under way for some time, but members of the Church of Christ preferred to work quietly, and public announcement of their intentions was not made until last week when ground was broken for the basement.

Cost of the structure will be about \$20,000, according to the committee. It will have an auditorium with a seating capacity of some 750, and will accommodate a Bible School of 500.

PRODUCTION IN HYMAN WELL EXPECTED TO GET THREE OFFSET TESTS

McGinley-Sigler Well Good For 30 Bbls. Day; Magnolia Makes Ten Barrels

The Sarah M. Hyman well No. 1 of the Magnolia Petroleum Company, 5 miles west of Hyman, has been on the pump for about 30 days, and is making ten barrels of pipe line oil per day.

The Sarah M. Hyman well No. 1 of the McGinley-Sigler Company, about one-third of a mile southeast of the Magnolia well, appears to be good for about 30 barrels per day. Pumping machinery is being installed at this well, but as there has been some delay about cleaning out after the shot, the well has not yet been placed on the pump, so its exact production cannot be stated. There now seems to be no doubt that it is several times as good a well as the Magnolia.

The Midwest Exploration Company is due to offset this well on the west, on land belonging to W. T. Scott. The Magnolia company owns an offset lease to the northwest on land belonging to Mrs. Harry Hyman, and the California Company has the offset acreage to the north, on land belonging to Mrs. Hyman. It is expected that these companies will start offset wells as soon as the exact production of the McGinley Sigler well is definitely known.

The Republic Production Company, drilling on land belonging to Robert C. Scott, about five miles east of Hyman, is reported to have reached a depth of approximately 3000 feet. Ten-inch hole is being carried at this depth, and it is hoped that unless production is found in the near future a really deep test will be made.

THREE MORE UNITS OF AFFILIATION SECURED BY COLORADO SCHOOLS

Total Now Stands at Twenty-Seven and One-Half; More To Be Worked For

The three units of affiliation applied for the past school year by the Colorado High School have been granted by the State Board of Education, according to information received this week by Supt. Ben S. Peck.

One of the units is in shorthand, and this is one that has been the object of efforts for affiliation in Colorado High School for some time past, according to Supt. Peck. Additional units in home economics and public speaking were the other two granted.

Securing these units brings Colorado High School's total number of affiliated units to 27½. Application is to be made next year for affiliation in vocational agriculture, and in a very few more years Colorado High School will have 30 or more affiliated units, Supt. Peck stated.

Mr. and Mrs. W. A. Bandy and children are leaving the last of the week for their new home in Austin.

Excavation Completed This Week For Church of Christ Basement

Construction Work To Begin Around August 10, Committee Says

Excavation for the basement of the new Church of Christ structure on the corner of Elm and Fifth streets where the R. H. Looney home once stood, is being completed this week and plans are being hurried up for the completion of plans and letting of contract for the building.

Present plans are to begin construction by August 10, according to members of the building and finance committee, which is composed of J. W. Watson, J. E. Hale, and J. A. Thompson. It is hoped that the building will be ready for occupancy in about 90 days after the beginning of construction.

Plans for this new edifice, which will be the fourth house of worship to be erected in Colorado within less than that number of years, have been under way for some time, but members of the Church of Christ preferred to work quietly, and public announcement of their intentions was not made until last week when ground was broken for the basement.

Cost of the structure will be about \$20,000, according to the committee. It will have an auditorium with a seating capacity of some 750, and will accommodate a Bible School of 500.

BUFORD CLUB BOYS HOLD BOX SUPPER TO RAISE TRIP FUNDS

Expense to Short Course at College Station Be Paid By Proceeds

Four-H Club boys of Buford are sponsoring a box supper to be held Thursday night, July 25, in order to raise funds with which to pay expenses of a trip to the Short Course to be held at College Station July 29 to August 3.

A program has been arranged. Judge C. C. Thompson, W. W. Porter, W. S. Foster and J. H. Greene have been invited to speak. In addition to sale of boxes, ice cream and cold drinks will be sold. Proceeds of all these will go to the club boys, and it is hoped funds sufficient to pay expenses of about six boys will be raised.

Officers of the Buford club are: Lee Hoover, president; William Vanstony, vice president; Odell Collins, secretary. These with others will probably make the trip to College Station.

Citizens of Buford community are cooperating and they invite Colorado and other citizens to attend the box supper.

Cayland Simpson, one of the club boys, extends special invitation to Colorado business men to attend. The program will begin at 8 o'clock Thursday evening.

Contests Feature Of Entertainment At Women's Lunch

Contests and a few short talks were features of the regular monthly luncheon of the Business and Professional Women's Club at the Colorado Hotel last Thursday.

Mrs. J. E. McCleary, the president, gave the invocation. Mrs. Zilpha Morrison, a new member, made a short talk.

The contests were put on by the entertainment committee, Miss Abbie M. Sevier, Miss Ruehelle Smart, and Miss Joe Key.

In her talk Mrs. McCleary asked that members of the club be thinking of an objective for the club. The next meeting is to be a banquet on the evening of August 1.

Mrs. Walter Stoneham has returned from Fort Worth, where she spent several months.

Dedication Band Shell Postponed Until August 9

PROGRAM CHANGED FROM AUG. 2 TO GIVE MORE TIME FOR ARRANGEMENTS

The dedicatory services for the new band shell erected in Ruddick Park will be held on August 9 instead of August 2, according to announcement of J. H. Greque, secretary of the Chamber of Commerce.

This change was made in order to give ample time for arrangements. The program was scheduled for August 2, but it was found the date so near the first would be unsatisfactory and the time too short for arrangements.

Complete program is to be announced next week.

WEST TEXAS SHERIFFS ASSOCIATION MEETS IN COLORADO AUGUST 8-9

Famous Enforcement Officials Be Here For Two Day Session

Colorado is to have the honor of entertaining the high sheriffs of West Texas when the West Texas Sheriffs' association convenes here August 8 and 9.

For two days this city is to be turned over to the "law" and Colorado citizens are to be the hosts instead of the sheriffs. In most cases the sheriffs play the host, Dick Gregory says, but for August 8 and 9 these honorable gentlemen are to be the guests of Colorado.

Many famous sheriffs of West Texas will be in attendance at the meeting here, Sheriff Gregory says. Among these will be Bob Miller of Paint Rock; R. E. McWilliams of Ballinger, and various others.

Program for the meeting has been announced as follows:

Thursday, August 8

10 a. m.—Meeting called to order by Bob Miller, Paint Rock, Texas. Welcome address—C. C. Thompson, judge of Mitchell county.

Response—Hon. R. E. McWilliams, president of Texas Sheriffs' association.

2:00 p. m.—Business session in the district court room.

4:00 p. m.—"Fragrant Times"—Major W. M. Green, president of Texas Ex-Rangers' association.

8:30 p. m.—Street dance.

Friday, August 9

9:30 a. m.—Address—Hon. Geo. H. Mahon, district attorney 32nd judicial district.

10:30 a. m.—Round Table discussion.

Officers of the West Texas association are: R. E. McWilliams, Ballinger, president; Mrs. Joe Ray, Lamesa, secretary; H. T. O'Bar, Abilene, treasurer.

MANAGER OF NEW PENNEY STORE

EARL R. BIBBY

Penney Manager In Business For Over 15 Years

E. R. BIBBY SPENT 10 YEARS IN CISCO; FOUR YEARS WITH PENNEY STORES

Earl R. Bibby, manager of the new J. C. Penney store to open here on August 1, has had more than 15 years experience in the dry goods business. Ten of these years were spent at Cisco in the dry goods line.

He has been with the J. C. Penney company five years. Four years of that time were spent at Cleburne with the Penney store. He was transferred to Colorado from Cleburne.

The Penney system of merchandising is unique. No man may become manager of a Penney store until he has thoroughly mastered the Penney system. When he becomes manager, he also becomes a partner in the business, but no individual is allowed to own more than a third interest in any one store. A Penney manager may acquire a third interest in two other stores besides the one he manages, we are told, but must stop there. That is the limit as to an individual's ownership in the Penney company, it is said.

MANY CHANGES MADE IN BUILDING TO MEET PENNEY REQUIREMENTS

Interior of Byars Store Is Altered To Give More Room

Many changes in the interior of the Byars store building were necessary in order to meet the requirements of the new J. C. Penney store which is to open August 1, in the location of J. B. Byars Co., according to Earl R. Bibby, manager.

A balcony has been constructed in the rear in order to provide more floor space. The office will occupy the balcony. The Penney system requires large floor space, and while the store will be a little crowded in the present quarters owing to the exceedingly large stock carried, the store has been re-arranged in such a way as to be more convenient for customers.

Opening of this Penney store will add another link in the largest chain of dry goods stores in the world. The Penney chain of stores extends throughout the United States, reaching all the larger cities and many of the smaller ones.

MRS. DOBBS AND DAUGHTER TO ENCAMPMENT AT SAN SABA

Mrs. Jeff Dobbs and daughter, Sybil, leave this week for San Saba, where they will attend a ten-days camp meeting held there each year by Mrs. Dobbs' father, Rev. O. S. McKeever of San Saba.

This camp meeting has been held each year for forty-five years on the same camping ground.

J. C. PENNEY CO. FORMALLY TAKES OVER BYARS STORE HERE

Deal Started Early in Year Completed and 1400 Units Now Form Chain

BIBBY REMAINS MANAGER

Growth of Penney Firm Is Rapid; Stores Throughout Nation

A deal which was started about the first of the year, whereby the J. C. Penney Co. takes over the J. B. Byars store in this city along with stores elsewhere, has been finally consummated, and the J. C. Penney Co. sign will go up over the Byars store in the Earnest building August 1, according to Earl R. Bibby, manager.

One hundred and seventeen other cities and towns will see the same change, Bibby says, there being 118 stores including the Colorado Byars store, going into the Penney chain at that time by purchase.

The purchase of these stores was made early in the year and all units have been working under the direction of the Penney Company for several months. Reduction of the old inventory is practically completed and present stock is nearly all the standard merchandise which the J. C. Penney organization handles.

E. R. Bibby, manager of the store under the J. C. Penney Co., expresses himself as highly pleased with the general improvements which have been made throughout the stock in the store.

Back of the acquisition of the Byars store and those represented in the Lindsay and the McCracken groups bought at the same time, there is a real romance of American business.

Twenty-seven years ago, when the J. C. Penney Co. started at Kemmerer, Wyoming, J. B. Byars, W. J. Lindsay and J. N. McCracken were connected with small western stores.

In the growth of the separate chains, these men met with buyers from the J. C. Penney Co. on trips made into the eastern markets. Out of the acquaintances thus formed grew an agreement that none of the four would approach upon the territory occupied by any of the other three.

NEARLY \$3,000 WORTH HOME PRODUCTS SOLD BY COUNTY CLUBWOMEN

Reports Show Good Record Home Products Assn. So Far This Year

Nearly three thousand dollars worth of surplus home products have been sold by members of the Mitchell County Home Products association so far this year, according to reports which were turned in at a meeting of the association Saturday afternoon at the courthouse.

The exact total of sales so far was \$2,943.37, of which \$2,889.38 worth was sold by ten women. The highest amount sold by one woman was \$605.40 worth of home products, and the lowest amount was \$102.40 worth. This means that each of the ten women has sold on an average of \$46.15 worth of surplus home products each month of this year.

Vacancies on the executive board were also filled at the meeting, and other business matters attended to.

Mrs. W. E. Womack of the Buford club, Mrs. M. H. Garden of the Seven Wells club, and Mrs. J. A. Canaway of the Conaway club were the women elected to the executive board. Mrs. Womack was made secretary-treasurer of the association.

The association voted to send two cans of black-eyed peas to Cornell University as the result of a request from that institution for two cans to replace the two that have been on exhibition there for nearly two years. Discussions were made of plans for the Byars standard jelly glasses and jars, and other subjects.

Spade News

Rev. F. G. Garner, new pastor of the Methodist church, preached here last Sunday morning at the 11 o'clock hour, but due to illness he did not preach Sunday night.

Mr. and Mrs. H. U. Salley and family spent the Christmas holidays in Pelican, La., with their son Homer, who is attending high school there.

Mr. and Mrs. Ross Hargrove, Elvira Thurman and Needham Northcutt visited relatives in DeLeon and Dublin during Christmas.

"I know a man," says Dapper Dan, "Whom all the ladies shun! His clothes are torn; he looks forlorn—He doesn't have much fun!"

You won't have a very good time now-a-days if you don't keep up appearances. When you consider the insignificant cost of cleaning, pressing and repairing service, you can readily see that it isn't necessary for most people to let their clothes look shabby.

POND & MERRITT

PHONE 381 DRY CLEANERS

You'll like the plan of Dapper Dan, The clever Cleaning-Dyeing man!

Quite a number in the Spade community are ill with the flu. Perry VanZandt, who is attending State University, came home to spend Christmas with his parents, Mr. and Mrs. Jim VanZandt. Perry is making good at the University, and his many friends are glad to hear of his success.

FAST SPEED BOAT USED IN FILMING OF SUBMARINE

The fastest speed boat on the Pacific coast was pressed into service during the filming of the thrilling sea action in Columbia's De Luxe special, "Submarine," which will be shown at the Palace Theatre on Friday and Saturday. Each evening the exposed film was rushed to the studio laboratory, developed and printed. The same day the print was dispatched to the film fleet and screened in an improvised projection room. The trip each way was fifteen miles through a choppy sea. The speed boat covered the distance in fifteen minutes. In this manner endless delays were prevented. The director was able to make any necessary retakes within a few hours after the original action had been "shot."

Improved Uniform International Sunday School Lesson

(By REV. P. E. FITZWATER, D.D., Dean Moody Bible Institute of Chicago, (C. 1928, Western Newspaper Union.)

Lesson for January 6 OUR HEAVENLY FATHER

LESSON TEXT—Matthew 6:21-24. GOLDEN TEXT—Like as a father pitieth his children, so the Lord pitieth them that fear Him.

PRIMARY TOPIC—Our Heavenly Father. JUNIOR TOPIC—Our Heavenly Father. INTERMEDIATE AND SENIOR TOPIC—What the Heavenly Father Means to Me. YOUNG PEOPLE AND ADULT TOPIC—The Fatherhood of God.

Half of the lessons for the year 1929 are of a topical character. The aim of the committee seems to have been to place before the Sunday-school pupils some of the great doctrine of God's Word, as well as teachings on practical life.

1. Who is Our Heavenly Father? (Genesis 1:1, 27). He is the Almighty God who created the universe. God was before all things.

2. He redeemed us (1 John 4:9). He gave His only begotten Son that we might live through Him.

3. God preserves us (Ps. 103:1-4). The preserving mercy of God embraces the following gracious beneficial acts:

(1) He forgives all our iniquities (v. 3). This He is able to do because of the righteous provision He made for sin in the atonement wrought out by Jesus Christ.

(2) He healeth all our diseases (v. 3). This healing refers to the body and soul.

(3) He redeemeth the life from destruction (v. 4). Redemption implies the payment of all demands against the debtor.

(4) He satisfieth thy mouth (v. 5). This means that God satisfies all legitimate desires so that youth is renewed like the eagle's.

(5) He executeth righteousness and judgment (vv. 6-12). The wrongs of life are righted and man is thus relieved of their burdens.

(6) He pitieth His children (vv. 13, 14). The pity of an earthly father for his children is but a faint suggestion of the sympathetic heart of the loving God, our Father.

III. Our Responsibility to the Heavenly Father (Matthew 6:24-34). Christ came to reveal the Father. The subjects of the heavenly kingdom will love Him as the child loves its father.

1. He will give unto him undivided attention (v. 24). The child of God makes the un- equivocal choice between the heavenly Father and the world. The word "mammon" is a kind of personification of worldliness.

2. Will not be anxious about food and clothing (vv. 27-32). The child of God who knows Him as a Father will not be supremely concerned about what he shall eat or what he shall put on because anxiety is (1) Useless (v. 27).

Regardless of what thought or concern one exercises concerning food and clothing, it will be provided only according to His will. In Him do we live, move and have our being. God supplies all our needs (Phil. 4:19).

(2) It shows distrust of the Father (vv. 28-30). In the measure that one is anxious about these needs, he shows lack of faith in the love of God.

(3) It is heathenish (v. 32). That those who are ignorant of God should manifest anxiety is not to be wondered at, but for His children, those who know God as the Father, to do so is to play the heathen. He knows that we have need of temporal blessings.

3. Will diligently seek the Kingdom of God and His righteousness (vv. 33, 34). This means that he will subordinate temporal things to the things of the Spirit. It does not mean that a child of God will fail to exercise proper forethought in providing for himself and family.

The Reality of Life Silence is in truth the attribute of God; and those who seek Him from that side may begin that meditation is not the dream, but the reality of life; not its illusion, but its truth; not its weakness but its strength.—M. L. B.

God's Promises God's promises were never meant to ferry our business like a boat; they are to be rowed by our oars.—Henry Ward Beecher.

Speedy Relief for Sore Throat Safe Prescription Requires No Gargling

No longer is it necessary to gargle or to choke with nasty tasting patent medicines or gargles to relieve sore throat. Now you can get almost instant relief with one swallow of a famous doctor's prescription called Thoxine. It has a double action; relieves the soreness and goes direct to the internal cause not reached by gargles, salves, and patent medicines. Thoxine does not contain iron, chloroform or dope, is pleasant-tasting, harmless and safe for the whole family. Also excellent for coughs; stops them almost instantly. Quick relief guaranteed or your money back, 35c, 60c and \$1.00. Sold by Alcovc Drug Co., and all other good drug stores.

AUTOMOBILE LOANS

We handle automobile loans in any amount from \$50.00 up on any make of car. Quick service; reasonable rates, and all negotiations strictly confidential.

CONCRETE DAM AT COUNTRY CLUB WILL BE COMPLETED THIS WEEK

to be Impounded Along Lone Wolf Creek Among Largest in West

The "Lone Wolf," a recreational material worth to this city, to become a reality, it was completed by officials of the Country Club here Thursday. The concrete dam, spanning Wolf Creek on property owned by the resort corporation, has been completed by the contractors, the W. Abbott Company, and the big reservoir now awaits reception of water from the large watershed.

The lake, to be utilized by members of the Country Club and their friends, will impound one of the best bodies of water in this section of the State. Plans for construction of the dam, which were negotiated several months before actual construction was started, were materialized to award officials of the club in their determination to make this playground and golf course one of the most attractive in the West.

FOR the furnishing and Hasenmeyer and H. H. Forded by the dam is anticipated boat houses, water-front improvements, the lake side, and a modern engineer in Paul of this project. The big dam is 190 feet in length and 15 feet to the spillway and back water up Lone for more than a mile.

\$9,400.00. The Country Club was three years ago and at \$22,000.00. The 87 acres of desirable land on Lone Wolf Creek. The house, built soon after represents an investment of \$90,000, and is cited by the club as being "one of the finest country club houses in the West."

membership of 110, authorized under the articles of incorporation. Officials of the club state that applications for membership are constantly on the "waiting list," a fact to bespeak the popularity in which the resort is held by the general public.

LARGE NUMBER OF BOYS' BASKETBALL GAMES TO BE HERE

Schedule Mapped Out For Matches Till Middle of February

A percentage of the basketball games of the boys' team of the High School will be played here, according to the schedule which has been mapped out.

Monday, Jan. 15—Sweetwater at Colorado.
Tuesday, Jan. 22—Big Spring at Colorado.
Wednesday, Jan. 25—Open.
Thursday, Jan. 29—Snyder at Colorado.
Friday, Feb. 1—Open.
Saturday, Feb. 2—Snyder, at Snyder.
Friday, Feb. 8—Open.
Tuesday, Feb. 12—Big Spring at Colorado.

The last of these games is the district meeting, which will be held in Roby, will be the last of February.

SINGING MEETINGS TO MEET AT SUNDAY

Singing convention will be held at the home of Mrs. M. J. and Mrs. Gregg Johnson on the homestead, which fell Dalaney's youngest son. He has lived in Colorado practically all his life.

Athletic Track To Be Built On Cantrill Field

An athletic track is to be built on Cantrill Field in preparation for the track events of the county interscholastic league meet to be held here in March, and also for practice of the Colorado High School entrants into the events.

The building of the track will cost about \$500. It is to be 15 feet wide and 400 yards around, and will be done in time for the beginning of intensive practice about March 1.

INTERSCHOLASTIC LEAGUE MEET OF COUNTY PLANNED

Directors Had Meeting At The Courthouse Friday Night

Plans were made for the interscholastic league meet of Mitchell county in March when the directors of the league met in the county superintendent's office Friday night at the call of Benton Templeton, director general of the league in this county.

One of the things accomplished at the meeting was the mapping out of a plan for the basketball matches between the rural schools of the county. All games will be played between now and February 15. The county was divided into four sections, the champion of each to be determined and then to meet the champion of each of the other districts.

Plans were also made at the meeting for other phases of the meeting. Following are the directors of the various events who were elected during the teachers' institute last fall: Charles Brazil, chairman; Irene Henderson, secretary; Chester Moore, deputation; Russell Haney, spelling; Jim Cantrill, athletics; Miss Ruth Hightower, music; memory; Mrs. Lettie Rowland, tiny toy telling; J. V. Glover, "3-11" contest; A. R. McHaney, arithmetic.

COLORADO CHAMBER TAKES MEMBERSHIP IN U. S. CHAMBER

Local Organization Accepts Invitation Given By Joe Leopold

At the invitation which was extended to the Colorado Chamber of Commerce at the annual banquet recently by Joe Leopold, manager of the South Central division, United States Chamber of Commerce, the Colorado Chamber of Commerce board of directors voted at their monthly meeting last Thursday night to take out membership in the United States Chamber of Commerce.

Besides being a member of the national organization, the local Chamber of Commerce is now a member of the West Texas Chamber of Commerce, the Texas Commercial Executive Association, and the Broadway of America Association.

All Children Now Required By Law To Be In School

Reminder is made by both Supt. Ben S. Peek of the Colorado public schools, and Miss Ruby McGill, county superintendent, of the fact that every child in the county who is eight years and not more than fourteen years old is now required by law to be in school.

The law requires each child within this age range to be in school until the age of 14. The law is enforced by the county superintendent, Miss Ruby McGill, and the school superintendent, Ben S. Peek.

COLORADO MILLING CO. BEGINS OPERATIONS ON CAPACITY PLANT RUNS

New Industry Is Considered Big Asset To Feeders Of This Section

With beginning of operations at the Colorado Milling Company plant Tuesday of this week, another industrial plant of considerable worth to Colorado and the Colorado territory came into being. The mill, the first of its kind to be built in this immediate section of the State, is doing a general custom trade, converting varied grain sorghums and other grains into proper scientifically specified feed mixtures.

At the present the mill is handling nothing aside from grain and bundle feeds for manufacture of dairy, hog and other livestock feeds. Machinery for the manufacture of specially mixed feeds, one of which is to contain black-strap molasses, is being installed at the plant. Later the company will be equipped to manufacture chicken feeds of such variety as to meet all demands of local feeders.

The company, recently incorporated for ten thousand dollars, is headed by Judge C. C. Thompson as president, J. R. Jordan as vice president, and Fred Brown, secretary-treasurer. Other incorporators are W. E. Reid, Max Berman and Otto Jones. The plant is located at corner of Oak and First streets, site of the old Colorado Produce company. U. G. Hardison is manager in charge.

"The Colorado Milling Company plant is among the most modernly equipped feed mills I have observed in this country," M. D. McNatt of Dallas, engineer having charge of installation of the plant machinery, stated recently. "Equipment purchased for installation in this plant is among the best to be obtained on the American market. With installation of the additional machinery contemplated by the corporation, this will be among the best industries of its kind in the State."

The corporation was formed as the goal of a major project sponsored by the agricultural department of the Colorado Chamber of Commerce. Members of this department of the chamber declared Wednesday they were excited over success of the venture. In this plant, an industry adding much to the usefulness and nutrition of staple farm-grown feeds, the chamber sees another step forward along the lines of advancing dairying in the Colorado territory.

"Colorado must awake to the imperative duty of developing an extensive dairy industry in this territory," J. H. Greene, chamber secretary, said Wednesday. "Our cooperation with local interested citizens in bringing this mill to Colorado is, as we see things, an essential stride to attain that end. With cheaper and better feed for the dairy cow, the farmer will naturally have a greater incentive to produce a surplus amount of milk and cream for the market."

Mr. Hardison invites the general public to visit the plant and see operations converting ordinary maize and kaffir heads into choice rations for livestock feeding. The large black-strap molasses vat, large enough to hold a car of this commodity in storage, is now under construction at the plant.

Miss Mohler And Charles Delaney Married Sunday

Miss Edna Mohler and Mr. Charles Delaney were married in Sweetwater Sunday night. The marriage took place quietly, and was a surprise to most of the friends and acquaintances of the young couple.

Both of them are of Colorado, and both attended Colorado High school. Mrs. Delaney is the daughter of Mr. and Mrs. H. C. Caldwell, who died at Springdale, Ark., January 8, 1929. She had been in ill health for some time. Her son, John Caldwell, a ministerial student in Southwestern University, is in the city.

Bill Cooper, Former Editor Back on Staff

Bill Cooper, for more than six years associated with the editorial department of The Record and the chamber of commerce here, has returned to Colorado and is again to be found pounding a typewriter in the office of the local publication, Cooper, who since the Summer of 1926, has been manager of the Breckenridge Chamber of Commerce, recently resigned that position and will be identified with The Record in the capacity of editor during the absence of W. E. Reid, who is serving this district in the State Legislature.

Cooper declined to make any announcement as to what his plans for the future may be. "I am too much elated to be back in Colorado among its splendid people just now to make any statement as to what the future may hold for me," he said. "To me Colorado has been 'home' since the day I first came here in the early part of 1920, and such a distinction I intend to claim for all time."

"While filling in for Mr. Reid during the ensuing weeks, I shall strive to do my best to reflect, through both the news and editorial columns of The Record, the sterling qualities to which this leading West Texas newspaper has been maintained. To do this we must have the cooperation of the several business and professional interests of Colorado, as well as that of the individual citizens. The Record is an institution of which Colorado, Mitchell county and this entire section of the State may well be proud. It is well that the citizenship lend its sincere cooperation to the publishers to the end of maintaining the paper on the high plane of leadership in city and urban development which it has merited during the years which have passed."

Cooper was to have arrived here several days ago but was detained on account of an attack of influenza in Fort Worth. He will enter actively upon his new duties today. He is accompanied by his son, Lewis, who has entered school as a member of the junior class.

T. & P. UNDERPASS ON ELM IS INVESTIGATED BY C. C. COMMITTEE

Superintendent of R. R. Division Confers With Officials

The question of an underpass for traffic moving along Elm street across the Texas and Pacific railroad into South Colorado was taken up last week by Colorado Chamber of Commerce officials with C. C. Kilgus, superintendent of the Rio Grande division of the railroad, who was in Colorado Wednesday.

The proposition was referred to the chamber committee on roads, streets and alleys, and this committee will make an investigation, the results of which they will report to the city council.

The proposed underpass would run under the T. & P. trestle where the railroad crosses Lone Wolf creek, about 500 feet east of the present grade crossing.

Besides being a source of danger to traffic moving from the main part of Colorado to South Colorado and that headed for the Sterling City road and to school children who live on the south side, the present grade crossing has caused much irritation because of the holding up of traffic by switching trains.

SISTER OF JAS. T. JOHNSON DIES MONDAY IN ARKANSAS

Mrs. H. C. Caldwell died at Springdale, Ark., January 8, 1929. She had been in ill health for some time. Her son, John Caldwell, a ministerial student in Southwestern University, is in the city.

Deceased was a sister of Jas. T. Johnson of Colorado, and had many friends here.

FUNERAL SERVICES FOR PLANE CRASH VICTIM IN ALTUS SATURDAY

Large Cortage Accompanied Remains of Sam Sloan To Burial Place

The cortage bearing the remains of Sam A. Sloan, who died in the crash of his plane near the Colorado Country club on New Year's day, left Colorado on Friday evening at 8:30. The Scottish Rite honor guard, the honor escort from the Colorado Chamber of Commerce, several Coloradans, and others made up the funeral party to Sweetwater.

The body had lain in state in the Jones, Russell & Co. undertaking parlors for several days, during which time an honor guard was kept constantly by the Chamber of Commerce and the Masonic Lodge, under direction of L. B. Elliott.

The funeral party went north from Sweetwater over the Orient railroad, and from Sweetwater on to its destination the body was accompanied by the following: M. S. Goldman, San Angelo; J. L. Crump, Midland; Steve Owen, Tulsa, Oklahoma; D. V. Smith, Midland; J. H. Greene, honor escort from the Colorado Chamber of Commerce; W. H. Sloan, a brother from Phoenix, Arizona; Mrs. Charles Hoffman, a cousin of Fort Worth; Vernon Love, a cousin from Midland. The party arrived at Altus, Oklahoma, on Saturday morning, and there it was joined by Mrs. C. C. Hightower, sister of Mr. Sloan, and her husband of Hollywood, California; Mrs. Hope Hall of Chicago, and Mrs. Ray Night of Los Angeles.

Funeral services were held at 2:30 in the Baptist church in Altus. Flowers were banded from four to six feet high in a semi-circle from one corner of the church to another. Rev. R. N. Collier, pastor of the First Baptist church there, assisted by Rev. Salter, pastor of the Methodist church, conducted the services.

After the church services, the procession continued to the cemetery, where a Masonic ritualistic service was held. The National Guard also participated in the services, as did the American Legion. After the salute was fired and taps sounded, the people left so that the family and loved ones might say their last farewell alone.

Ballbearers were: Henry Kimball, Altus; Vernon Love, J. L. Crump, and D. V. Smith, Midland; M. S. Goldman, San Angelo; Steve Owen, Tulsa, Oklahoma. Pall bearers from Colorado were L. B. Elliott, George Slaton, Eddie Mooser, George Rinear, J. Y. Fraser, and J. J. Billingsley.

31 NEW STUDENTS IN SCHOOL AFTER HOLIDAY VACATION

NO PROBABILITY OF SCHOOLS CLOSING BECAUSE OF INFLUENZA

Thirty-one new students were enrolled when the Colorado public schools reopened Monday morning, following the holiday vacation. Most of these are the children of new citizens moving to Colorado. Only about six students were lost during the holidays.

About 146 students were absent on the opening day, and by Wednesday this number had fallen to 126. Most of the absent ones were in the primary grades. Supt. Ben S. Peek sees no probability at present of the closing of the schools because of the flu epidemic.

All teachers were back on the job Monday morning except Mrs. C. A. Wilkins, who remained in Stephenville to be with her sick parents for awhile.

Allen Connell to Address Hicks Meet At Waco

Mr. Connell, manager of the Colorado house of the Hicks Rubber company, is scheduled to deliver one of the principal addresses before the annual state conference of officials and employees of the corporation, to be convened in Waco Monday. Connell will speak on the subject, "Outside Solicitation and Disposing of Second-hand Tires."

Mr. Connell stated Wednesday that each of the 114 stores operated by the company would have representation at the meeting. The program will be in charge of Fred Hicks, State sales manager.

COUNTY FEDERATION HELD INFORMAL MEET TUESDAY AFTERNOON

Various Plans Discussed For Increasing Interest Among Members

An informal meeting of the Mitchell County Federation of Clubs was held Tuesday afternoon in Miss Sevier's office. Plans for increasing interest among the members was discussed at length.

The treasurer, Mrs. Pritchett, reported \$31.30 made and paid in during December. She said that \$20.00 was borrowed from the special fund and the note of \$50 was paid off. Only two clubs and ten women have paid 1928 and 1929 membership dues. She plans a canvass for this at once.

Miss Ruby McGill read a letter from the State Health department, offering to send a health nurse for from four to six weeks if the various organizations of the county wanted her. With Mrs. Carlock in the chair, it was voted to ask that the nurse be sent as soon as possible. She will visit the rural schools and examine the pupils, also hold preschool clinics.

It was moved that a meeting be called for the fourth Tuesday in January to fill vacancies and arrange for the February meeting, at which time the district president, Mrs. Perry, be invited to be with us. Mrs. Perry is anxious to show the loving cup won by the Sixth district because of the cooperation and leadership of the Mitchell county women.

It was voted to draw on the special fund when necessary for librarian's salary. Every club woman is asked to come to the aid of the Federation in putting over this year's program and getting ready to build the club house. A representative from every club is requested at the meeting on January 21 at the court house.

MESS CALL IS AGAIN ISSUED TO EX-SOLDIERS

Mess Call, dear to the heart of the American soldier, has been issued again to the ex-service men of Mitchell county.

"When do we eat and what?" The answer to this famous quotation of the doughboy is: "At the American Legion Hut, Friday night at 7:30; barbecue and supper."

The most welcome summons in the army during the war, given once a year now to those fighters who were answering it with alacrity three times a day a little over ten years ago, is being sent to every ex-service man in Mitchell county, whether a member of the American Legion or not. Each man is urged to bring a guest.

MITCHELL COUNTY IN PROSPERITY ROW, AS SHOWN BY DEPOSITS

Banks of County Bulging With Credit Balances of Citizenship

That Colorado and the Colorado territory emerged from the old year and enters upon the dawn of 1929 under conditions that forcibly prescribe an era of prosperity, is to be taken into account when a comparison is made of bank deposits here with totals reported, not alone during the year just ended, but back through more than a score of years.

In other words, Colorado banks are actually bulging with deposits written in figures denoting the largest amount at which these items have ever been reported here. The two national banks of this city today have almost one million dollars more to the credit of depositors than was reported a year ago, potentially one of the most conclusive arguments to be advanced in support of the claims of bankers, merchants and business and professional interests in general that times are unusually good here.

At the close of business, December 31, the two Colorado banks reported in the aggregate, \$2,700,000 in loans and discounts were listed at \$1,324,880.00, and surplus and undivided profits at \$203,187.00.

"Figures denoting deposits for the three quarter millions of dollars in wealth owned by the citizens of this city and immediate territory indicate the stable conditions of business in town and country," the statement of J. H. Greene, secretary of the Chamber of Commerce, in discussing the unusually promising outlook Wednesday. Greene advanced the belief that 1929 would witness one of the best years ever known in Mitchell county.

"I have been associated with the business interests of this city for almost a quarter of a century and have never before seen the outlook more optimistic," F. B. Whipkey, veteran publisher of The Record, said. "There is no flattery in this opinion," Whipkey continued. "This is merely another instance in which figures speak for themselves."

This reflection of good times is not confined to the banks of Colorado. Loraine, too, is registering a new high peak in deposits, with a total of \$415,000.00. This places total deposits in the three banks well above three million dollars.

MRS. CROWDER AND MRS. TIDWELL OPEN SHOP THIS FRIDAY

To Work For Line-up With Standard Lines In Ladies' Apparel

Mrs. Leslie Crowder and Mrs. Dewey Tidwell will open their new ladies' ready-to-wear shop, christened "The Elaine Shoppe," on Elm street in the north part of the building which was formerly occupied by the Broadus Wholesale Grocery Co., on Friday.

The interior of the building has been tastefully done over in harmonizing shades of green and gray, the fixtures being of green.

Mrs. Crowder and Mrs. Tidwell have been to Dallas during the past two weeks selecting the opening stock for the shop. Through the coming year they will work to get lined up with standard lines of well-known quality, carrying out their purpose of selling quality goods at a price within reach of the average purse.

Only coats, dresses, and hats will be carried by the new shop at first, but the owners are already making preparations to carry some of the best lines of underwear.

Society and Clubs

MRS. J. G. MERRITT, EDITOR PHONE 144

Young Matrons Missionary Society

The Young Matrons' Missionary Society of the Christian church met Monday with Mrs. Ralph Lee. Mrs. John Williams led the lesson. Mrs. J. B. Pritchett gave the scripture lesson, "The Islands Shall Praise Him," Isaiah 42:8-16.

Mrs. Nat Thomas gave a very clever talk on "The Unspent Dollar." The story told of the cheap stockings in a department store only a dollar a good though only a dollar, but when the missionary president asked each member for a dollar (a whole dollar) it was a lot of money. Mrs. Bob Fee gave the map talk and Mrs. Williams led the discussion.

At the social hour several guests were invited in, and after the napkins had been passed, Mrs. Lee came in with a special delivery "package" for Mrs. John Williams. When this was opened it proved to be a shower of lovely articles for the Williams' newly-adopted daughter, Patricia Ann. After these were examined and admired, fruit cake and coffee were served. The next meeting is to be with Mrs. Fee.

American Legion Auxiliary

The American Legion Auxiliary will meet Saturday at 3:30 in the hut. Every officer and every member is urged to be present. The 1929 membership drive is now on and a 100 per cent renewal, with many new members, is desired.

Pastime Bridge

The Pastime Bridge club met on Tuesday evening with Mr. and Mrs. T. J. Coffee, the husbands being guests. There were three tables of players and a very delightful evening was spent.

At the refreshment hour, sandwiches, olives, potato chips, pie and coffee was served. The next meeting will be an afternoon one with Mrs. J. B. Pritchett as hostess.

Bridal Shower

The most original and unique event of the season was held by the younger set in the form of a "radio" shower in honor of the lovely new bride, Mrs. Clyde Halstead, nee Miss Kathryn Cook, at the home of Mrs. A. Beeman, Monday, Dec. 31.

Misses Allene Beeman and Alsa Mae Anderson were hostesses to a large group of young ladies from Sweetwater and surrounding towns. Assisting the hostesses in the receiving line were Miss Irma Dee Anderson, Mesdames G. A. Beeman and Horace Cook.

At 3 o'clock the guests assembled in the living room and enjoyed an interesting pre-event program, including a vocal solo by Miss Ruby Pollard, accompanied by Mrs. McClure. A peppy reading was given

by Miss Clovis Cox, which caused quite a sensation. Next Misses Allene Beeman and Fairy Harris rendered several enjoyable piano selections.

Everyone wondered about the miniature "radio" placed upon the piano, but at this point Miss Anderson announced that she would "tune in."

A voice broadcasted from station LOVE that a nation-wide search was being made for Miss Kathryn Cook, who was wanted at her new ranch home. Following the voice, the guests entered a beautifully decorated room in which the most conspicuous of all was a table upon which rested a miniature ranch home complete, with many lovely gifts circling the home.

Delicious refreshments were served at 5, and toasts to the bride, to the groom, and to the girls who are left behind were given by Misses Anderson, Gandiff and Josephine Cook, respectively.

Methodist Mission Study

The Methodist Missionary women began their new mission study book Monday. The meeting was held at the home of Mrs. D. N. Arnett. It was decided to ask the pastor to hold a School of Missions during the month of February, and study "The Methodist Evangel." The first lesson in "The Way of Jesus" was studied and very much enjoyed.

This is a very interesting New Testament study of the way in which Jesus did things. This study, together with the Methodist Evangel and a book on Africa, will comprise the year's course.

The Home Department meets next Monday with Mrs. R. H. Looney.

1921 Club

The 1921 Club had no meeting Friday because of so much illness among club members, but they expect to meet this week with Mrs. U. G. Harrison at 3 o'clock.

Baptist Women's Missionary Society The Baptist Missionary women held their first business meeting of the new year Monday at the church. The president, Mrs. Jack Smith, presided. Bro. Ashford opened the meeting with prayer. Mrs. Smith read the 118th Psalm. Because of sickness in many homes, the attendance was small, but every circle sent a report.

A box is being packed for Bunker Orphans' Home next week and the president, urged everyone to see their garments for this in "not later than Sunday. Colorado always sends boxes of value and usefulness, and she wants this one to be up to the standard.

It was voted to install a hot water heater in the church right away. It

was also voted to accept the proposition to sell coffee and secure an urn for the church kitchen.

A discussion of plans for the year's work completed the meeting. The various circles will be held next Monday.

Merry Wives Postpone Party

The Merry Wives Forty-two club postponed their annual New Year's banquet and party for their husbands because so many of their members were sick or had sickness in their homes.

No Meeting for Self Culture

The Self Culture club had no meeting last week because of illness in so many homes. They plan to meet Friday.

Visited Loraine Baptist Missionary

Mrs. A. L. Whipkey and Mrs. C. P. Gary visited the Loraine Baptist Missionary society Monday. Mrs. Whipkey, president of the W. M. U., spoke on the Auxiliaries' objectives for the year. This is to be "Education," Simmons University to be the main objective.

The Loraine ladies very much enjoyed having these two visitors.

Happy Reunion

Mr. and Mrs. Joe Calloway of Monrovia, California, are visiting their cousins, R. N. and C. P. Gary, whom they had not seen in 49 years. Frank Gary of Big Spring came down Sunday to attend the reunion. The day was most happily spent in talking of old times.

Hesperian Club

The Hesperian Club met Friday with Mrs. J. L. Pigeon. The president, Mrs. Vivian Shropshire, presided. The club rejoiced to have with them again Mrs. H. L. Lockhart, who has been out on account of sickness for several months, but regretted the absence of several members because of influenza.

The corresponding secretary reported Christmas cards sent and letters of cheer and sympathy sent. It was voted to pay the bill for Christmas cards and stamps.

The chairman of scholarships for the district reported two other students entering Sul Ross with the new year. The scholarships are now \$45 and are being used by girls from Sweetwater, Colorado, Alpine and El Dorado. She also told of the food work being done by Miss Conway at A. C. C.

Mrs. O. Walford led the lesson on "The Third," Mrs. Miller, Mrs. Lessed Richard as "The Singer." Mrs. W. L. Doss gave a paper on "Some Usurpers of England's Throne." Questions on Art 3, scenes six and seven, were discussed, fifteen minutes being given to Hastings.

At the social hour the hostess served osgood pie with whipped cream and coffee. The meeting this week is with Mrs. J. A. Sadler.

Mr. and Mrs. J. T. Pritchett Give Dining

Mr. and Mrs. J. T. Pritchett failed to have their Christmas dinner because of sickness, but on last Sun-

day they entertained in a very delightful way with an "Old Friends' Dinner." Those who sat down at the beautifully appointed table were Mrs. Samuel Gustine, Mrs. Mattie McCrell, Mrs. A. D. Martin, Mrs. M. P. McCall, Mrs. N. J. Phenix, Mrs. J. M. Dorn, Mr. Lige McCreless, Mr. J. F. McGill and Mr. Pritchett. Miss Ruby McGill and Mrs. Pritchett served the delicious four-course dinner.

The hours after the meal were spent in talking over old times and

the happy memories of other days. This delightful occasion was equally enjoyed by the host and hostess and the honorees.

GIRL CAGERS ENTER CROWDED CARD TODAY

The Colorado high school girls' basketball quintet enters a crowded schedule tonight when the locals meet defenders of the Roscoe title in the first official game on the Colorado court. The opening cage tilt gives promise of developing into a

scrimmage of more than the ordinary interest.

Aside from the opener here Friday, another battle of considerable importance is scheduled to be waged January 15 at 7:30 p. m. when the locals meet Loraine in county championship finals. Both teams are reported to be in excellent condition for the contest.

Schedule for the season, as announced Wednesday by officials of the Colorado schools, follow: Jan. 11—Roscoe at Colorado.

Jan. 15—Loraine at Colorado
Jan. 18—Lamesa at Colorado
Jan. 25—Colorado at Westbrook
Feb. 1—Westbrook at Colorado
Feb. 5—Colorado at Open
Feb. 14, 15, 16—West Texas Tournament

P. K. Mackey of Roscoe has been the guest of his brother-in-law, Mr. and Mrs. J. T. Pritchett, this week.

Stockholders Of Country Club To Meet Tuesday

Notices are now being mailed out for the annual meeting of the stockholders of the Colorado Country Club on next Tuesday night, January 15. The meeting is to be at the clubhouse at 7:30.

The annual election of officers will take place at this meeting, and a review of the year's work and the laying out of plans for the coming year will be attended to. Every member is urged to be present at this important meeting.

Local Scouts Make Honors In Archery Meet

Colorado Scouts carried away honors at the archery tournament of troops of the eastern half of the Buffalo Trails council at Cantrill field last Saturday afternoon. About five troops from Sweetwater, Snyder and other towns in this section were present.

Willie Ogden of Colorado won in shooting at the target, and Rex McKinley won in distance shooting. F. D. Craft, scout executive of the Buffalo Trails council, spoke to the troops about archery rules, and sold some bow staves to those who wanted to make bows for themselves.

MOTHER OF MRS. J. G. KEATHLEY IS DEAD

When Earnest Keathley and sons arrived at the bedside of Mrs. J. J. Robertson, Mrs. Keathley's mother at Abilene, in answer to a phone call to her serious illness, they found that she had rallied. The sons went to see her January 9th and found her slowly improving and Mrs. Keathley still helping the nurse care for her.

ZANE GREY-JACK HOLT COMBINATION AT THE PALACE THIS WEEK

A Paramount Western special, "The Vanishing Pioneer," comes to the Palace Theatre Friday and Saturday. The story is from the pen of Zane Grey and Dick Holt is the star of the picture. This combination of author and actor has proven popular in the past.

The story is a tense drama of a band of men who struggled to find water in order to exist, and were forced to combat obstacles of nature and man to keep it.

CLEAVE THOMPSON IS BACK IN TEMPLE

Cleave Thompson is back in Scott & White sanitarium in Temple with a bad hand. Dr. Sherwood has hopes of saving Mr. Thompson's finger, which has been in bad shape for several weeks. Mrs. Thompson reports good news, C. J. doing fine, and that they will be home in five days.

W. DORN PROMOTED BY BIG SPRING BANK

W. Dorn, son of A. A. Dorn of this city and who for some time prior to his removal to Big Spring several months ago, was a teller at the Colorado National Bank, was elected assistant cashier of the First National Bank at Big Spring at the annual business meeting Tuesday.

Mr. Dorn was born and reared in Mitchell county. His many friends here will be interested to note his advancement.

G. W. Reynolds Succumbed After 2-Weeks Illness

G. W. Reynolds, 78, died at his home ten miles northwest of Colorado Wednesday morning at 7:20. Death followed an illness of over two weeks.

He is survived by his wife, four sons—Will of DeLeon, Texas; Roy of Lamesa; Dorsey of New Mexico, and Guy of Colorado—one daughter who lives in Oklahoma also survives. All were at his bedside when death came except Will and Dorsey.

Funeral services were held at the Cuthbert cemetery Thursday afternoon at 2 o'clock.

Rev. R. T. Hailey, of Ira, age 93 years, died Wednesday of influenza. Rev. Hailey, a former Christian preacher and well known in Colorado, was the oldest resident of Scurry county, where he had made his home for more than thirty years. Mrs. Hailey is reported seriously ill with flu.

TO MEMBERS OF THE MITCHELL CO. MUTUAL LIFE INSURANCE ASS'N

Dear Member: This is to inform you that our secretary, Mr. J. A. Heath, has resigned his position as Secretary of the Mitchell County Mutual Life Insurance Association, having left the city, and that W. W. Porter, a member of the association, has kindly consented to serve us as a secretary.

Mr. Heath, with the untiring efforts of G. D. Heath, his father and predecessor, has built up the association to a membership of 734 members, an association that our membership should be proud of, and I feel that if we will only cooperate with Mr. Porter that the membership will soon be raised to a full unit of 1000, then it will be we can start the second unit and, of course, soon make it complete.

Big Spring now has four units and Sweetwater has some three or four and we can do as well or even better, than either of the above-named towns. Please watch your semi-annual dues and the assessments as they come and thereby do your bit to maintain the standard of the association and keep your full protection on should the worst come to you.

Yours truly, Mitchell County Mutual Life Insurance Association, C. C. THOMPSON, President.

To the Public:

In taking over the Mitchell County Mutual Life Insurance Association, I do so with some reluctance, knowing that it is very necessary for every county to have a Mutual Life Association and that it will be my full duty to see that every insurable person in the county should have an opportunity to become a member of this association and that it will be no little task.

I shall at once employ some solicitors and will have a systematic canvass of the county made in order that we might raise the membership to a full unit at an early date. After the original unit is filled, then we will start Unit No. 2. With the assistance of the splendid officers we have and the help of the board of directors that are serving us, we can hope for success. Be sure that you are insured. When you think of insurance, see Porter. See Porter when you think of insurance. Mitchell County Mutual Life Insurance Association. W. W. PORTER, Secretary.

To the Public: This is to notify the members of the Mitchell County Mutual Life Insurance Association in particular and the public in general that I have re-

signed my position as secretary of said association, and that Mr. W. W. Porter has taken over all records of the association.

I take this opportunity of thanking the public for past favors and especially do I thank the board of directors for their assistance in making the association what it is, with the splendid work of my father, G. D. Heath, did in the beginning and the liberal patronage from the best citizenship I was able to build the association up to a membership of 734 members.

In retiring I have nothing but the best feeling for the interest of the association, and trust that it will continue to grow and to serve the much needed in the community.

Mutual insurance is the cheapest protection an individual can carry and it behooves everybody to carry some protection. I wish Mitchell County Mutual well.

J. A. HEATH, Retiring Secretary.

Mitchell Poultry Breeder Succeeds On Large Scale

Among the several Mitchell county citizens to find a new departure along the lines of prosperity on the farm, may be catalogued W. B. Franklin, owner and manager of the Franklin Poultry Farm, located three miles west of the city. Franklin, breeder of the English White Leghorn strain, has developed one of the most modernly equipped poultry farms in this section of the State.

Among the hundreds of these white birds owned on the Franklin farm are to be found 1200 laying hens of the high production quality, assuring phenomenal success in a financial way. The farm is equipped with every modern convenience known to the poultry industry and the manager portays the fact he is in the business to succeed.

The chamber of commerce, according to announcement of J. H. Greene, secretary, will make development of the poultry industry among its major projects for 1929. Mr. Franklin and other breeders of this county have demonstrated in a definite way the soundness of such development, according to Greene.

The first annual catalogue and price list to be issued by Mr. Franklin is being delivered from the press at The Record office this week. The publication, containing several pages, is well edited and carries a number of illustrations showing scenes on the farm. The book will receive wide distribution among poultry fanciers and is expected to be the forerunner of an extensive egg and bird market to be developed here.

THOMPSONS AND GARYS ATTEND FUNERAL OF ARKANSAS RELATIVES

Mr. and Mrs. R. N. Gary, Judge and Mrs. C. C. Thompson were called to Arkadelphia, Arkansas, the latter part of last week by the death of Mrs. John T. Lee, cousin of Mrs. Gary. Mrs. Lee died on Thursday from pneumonia.

Carbon paper—the best—at the Record office.

INFANT OF MR. AND MRS. B. P. GREEN IS DEAD

FOUR-MONTHS-OLD BABY SUC-CUMBED LAST MONDAY AFTERNOON

James Wayland, the four-months-old baby of Mr. and Mrs. B. P. Green died Monday afternoon after an illness of several days.

Funeral services were conducted Tuesday at 2:30 from the home by Rev. W. C. Ashford. A beautiful talk on death for those who were prepared was made by the minister. He read the comforting story of David and his death that he could go to his child, though his child could not return to him. After several songs and prayer for the broken-hearted parents, the little body in its tiny white casket was placed in the Odd Fellows cemetery, beneath a mound of flowers.

The sympathy of friends and neighbors go out to Mr. and Mrs. Green and the little brother and sister in their sorrow.

MR. AND MRS. A. J. HOOKS LET COWS AND CHICKENS PAY THE GROCERY BILLS

Mr. and Mrs. A. J. Hooks of Buford have found that the cows and chickens will pay the grocery bill if properly cared for. Last year they decided they would increase their poultry flock and take better care of them and let them take care of their living expenses. Mrs. Hooks has kept an accurate record of receipts and expenses and the results show that two cows and 80 hens brought in over \$600 last year, which more than paid the grocery bill.

They tried a laying mash for several weeks last year and had not gotten results, but at the suggestion of the county agent they enlarged their hopper space and tried it again and the results were so satisfactory that they have been feeding a laying mash throughout the year. They now have a fine bunch of pullets that began laying last fall and these will help to increase the poultry receipts this year.

Mr. Hooks recently purchased the J. K. Hooks farm east of Buford and will terrace it as soon as the crop is all gathered.

HEAD OF TEXAS COTTON ASSOCIATION SEES TURN FOR GOOD IN COTTON

By MARC ANTHONY

Head of Texas Cotton Association Conditions in the cotton business, while far from satisfactory, have shown considerable improvement over last year. There is much better feeling between buyers of our cotton in Europe and the cotton merchant in the United States, which I attribute to some changes in terms of buying and selling, as well as the adoption of United States government staple standards. During July and August, 1928, a committee representing a large majority of cotton merchants in the United States made a trip to the principal cotton importing centers of Europe with the proposal that we have equal representation on their appeal and super appeal boards, which proposals they very graciously accepted and further showed a fine spirit of cooperation in bringing them to a practical working point. It is my opinion these negotiations are the beginning of the most satisfactory relations we have had with our many friends in Europe.

Fortunately, good prices have prevailed, which resulted in great benefit to the grower. The United States Bureau of Agriculture estimate of the Texas crop for 1928 is 5,150,000 bales with a value of approximately \$450,000,000, which amount of money has or will be paid to the Texas farmer, along with cotton seed estimated at nearly \$100,000,000. These figures disclose that the 1928 crop of Texas cotton in its raw state will bring to Texas farmers over \$550,000,000. A further comparison develops the interesting fact that Texas' production this season is almost 36 per cent of the entire United States, which explains in a great measure the cause of strength in the market.

While it is an undisputed fact the quality of Texas cotton has shown some deterioration during the last decade, caused largely by the seed planted, there has nevertheless been a decided checking of this practice through the efforts of Texas A. & M. College, Bureau of Business Research University of Texas, and The Dallas News, with the cooperation of farmers, cotton merchants and various others interested. Encouragement is given to the proper classification of soil, and entire communities planting a variety of seed most suited to that soil. The most successful organization of this sort which has been brought to my attention is the Sunshine Cotton Growers club of Collin county, with headquarters at McKinney. In my opinion a variety of seed producing one and one-thirty-second inch staple would prove the most profitable.

TERRACED LAND IN VALLEY VIEW SAID TO GIVE THE BEST YIELD

D. J. Drake reports that terraced land in Valley View community out-yielded unterraced land last year. One farm of 63 acres which was terraced last winter made 15 bales of cotton, 4 bales of bolls and 12 tons of maize while a nearby farm where the land was not terraced made only seven bales and 1000 pounds of maize and another 120 acres that was unterraced made only ten bales. All of these farms were planted after the same rain and were cared for in practically the same manner except for the terracing.

He says in the late summer the cotton on unterraced land almost dried up while on the terraced land the cotton only wilted slightly, and the next morning it would look fresh again.

The Oscar Price family has had all have recovered except Mr. Price, two weeks' siege of influenza, but who continues to have fever.

TEXANS! let's talk Texas

—and make 1929 the most active year Texas has ever experienced

THIS IS an appeal to every Texan to study closely and understand thoroughly the possibilities of his state, and to pass on this understanding to every person with whom he comes in contact, so that everyone who seeks a location for a home, an office or a factory will know exactly what Texas has to offer him. Then Texas will ascend to her just place of leadership. But we must talk Texas—all the time.

Manufacturing must move to the doorways of large markets, where raw material, favorable transportation facilities, taxes and labor supply combine with abundant and economical electric power to afford ideal locations.

Texas cities and towns served by this Company supply each of these needs for a host of industries, but, since physical advantages do not always determine the selection of industrial locations, certain other vital things must be thrown into the balance.

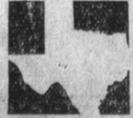

Sound exploitation must be persistently used. The manner in which Texas tells its story will determine its industrial accomplishments in 1929.

The Texas Electric Service Company, employing several hundreds of Texas men and women, endeavors to give each of

them a clear conception of the natural resources of Texas and to impress upon them the importance of their development. Basically the purpose of this Company is to render an electric service to a large number of Texas cities and towns.

Having done this, and having charted courses of growth that anticipate vast developments in the Texas of tomorrow, this Company feels that its duty to Texas extends still deeper. Therefore it is telling the story of Texas' advantages to industries through the use of paid advertising in sectional and national trade magazines. The purpose of this advertising is to stimulate the movement of industries to Texas.

TEXANS LET'S TALK TEXAS

For many years the Texas Electric Service Company has worked not only to serve an appreciative public but to help build a greater State.

Texas! Let's make 1929 the greatest year of sound development Texas has ever had.

TEXAS ELECTRIC SERVICE COMPANY

The Silent Partner of Progress

PAINS

In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My house work went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

41ST LEGISLATURE IS OPENED WEDNESDAY IN JOINT HOUSE SESSION

Moody Urges Changes In Highway and Lease Laws of State

With all formalities attending opening of the 41st Legislature observed Wednesday, the two branches of the State law-making body were settling down to routine work Thursday, and by the end of this week legislators will no doubt have before them for consideration the usual quota of proposed bills.

Formal opening of the legislature was observed Wednesday when the house and senate met in joint session to hear the message of Governor Moody. Moody, in his message to the two houses, advocated several sweeping changes and revisions of present laws, with special reference to statutes affecting the lease and sale of leases and mineral lands owned by the State and State institutions, and the building and maintaining of State highways.

Turning attention early in the address to the need for a co-ordination of State departments, Mr. Moody branded Texas' governmental structure as rusty with age, and urged abandonment of time-honored practices for newer and more efficient forms of administering the State's business.

The governor asked that he be given the right to appoint and remove administrative heads so that he might be responsible to the State, and requested the legislature to delve into reorganization of State departments with a view of eliminating unnecessary offices, co-ordinating efforts to prevent friction and secure added efficiency at a reduction in cost.

He urged as the first step toward completing the State's highway building program a certain and continuous fund sufficient in amount to carry forward the construction of a connected system of roads. He advocated that roads should be surveyed and classified in importance and that provision should be made for completing the first highways found greatest in need.

Three plans for financing roads were outlined by the governor, who said he was "not so far committed to any one that I cannot support another." The plans were the "pay as you go" idea, which contemplates construction from current revenues derived from varied means of taxation and by local bond issues retired by ad valorem tax; a statewide bond issue, with revenues received by the highway department from an occu-

pation tax on gasoline and license on motor vehicles pledged to pay interest and principal, and a combination of the two plans, which contemplates a small bond issue and use of a larger part of the current revenues for construction than the second plan.

Governor Moody advocated construction of hard surfaced roads instead of gravel highways, saying that about \$10,000,000 could be saved annually building the former.

The message detailed the report of the governor's highway committee of 31, recommending a \$255,000,000 bond issue for road construction and contained also the minority report of the group.

The governor invited consideration of the statute which regulates disposal of public lands and land and mineral leases on them, a factor responsible for the controversy between the university regents and the State land office.

"The present statute providing for the sale of mineral leases on university lands was passed with a view of stimulating development," he said. "Present conditions are different from those which give rise to this statute. The board of regents is advocating that these leases be withdrawn from the market, and I believe the statute should be amended to give regents power to negotiate leases on this land and sell them to the highest bidder after advertisement."

REPRESENTATIVE KING THINKS HALF PINT LIQUOR ENOUGH AT ONE TIME

By VANN M. KENNEDY
AUSTIN, Texas, Jan. 10.—Concerned with the awarding of \$30,000 in prizes by W. C. Durant, automobile king, for the best plans submitted for the enforcement of National Prohibition, Representative A. H. King of Throckmorton has announced a plan for the enforcement of the Dry liquor laws in Texas. The King plan will "stop twenty-five per cent of the drink in Texas," he says.

Legislation would be necessary to put the plan into operation. This will involve two steps, King says. First will be necessary the repeal of the search and seizure law of the State. This law is hampering the successful enforcement of the liquor laws. Peace officers use the law as an excuse for not drying up the liquor traffic, Representative King explains. At present an officer cannot legally search an automobile on a public highway without a warrant. This allows many violators to escape that otherwise might be apprehended.

There can be no doubt that the people of Texas want strict enforcement of the liquor laws, and the repeal of the search and seizure law will make the local authorities "get busy," according to King.

The other part of the King plan calls for amendments to the laws regulating the prescribing of liquor for medicinal purposes. The amount of liquor for each prescription should be reduced from one pint to one-half pint, which should be sufficient amount at any one time for any illness, King thinks. This would stop much of the abuse of the liquor prescription permit system. Serious drinking cannot be done on one-half pint. Thus physicians might not be under so much pressure to issue unnecessary prescriptions, according to the Representative.

Legislation should also be enacted which would force the druggist handling the liquor under permit to fill prescriptions at a reasonable cost. The profit would be taken out of the business and many druggists would quit handling liquor, Representative King says.

King is a veteran legislator, having served the 11th District for several terms. He is one of the quietest members of the House, but nevertheless he is one of the most influential. His record as a legislator has been unusual. He has seen service on many major committees of the lower House. It has been suggested that the King plan has a weak point in that it might be a difficult matter for the Legislature to regulate the price of prescription liquor constitutionally.

APPLICATION OF GUARDIAN

Guardianship of Warren Costin et al Minors, No. 586.

To all persons interested in the above minors or their estate:

You are hereby notified that I have on this 9th day of January, 1929, filed with the Judge of the County Court of Mitchell County an application for authority to make to Vacuum Oil Company, as lessee, an oil and or gas lease of that certain land belonging to such minors, described as follows:

Being an undivided one-half interest in and to all of the SE 1/4 of Sec. No. 11 in Block No. 28, Tsp. 1 South, of the T. & P. Ry. Co. surveys in Mitchell County, Texas, containing 140 acres of land, and that such application will be heard in the County Court room in the courthouse of such county on the 19th day of January, 1929.

LESSIE COSTIN, Guardian of the Estate of Warren Costin et al. Minors. Its

EVERY PART OF NEW FORD CAR EXACTLY THE SIZE INTENDED TO BE

A million axle shafts, each one exactly like the other 999,999 within one thousandth of an inch—four million pistons fitting four million cylinders with a degree of exactness that all but staggers the imagination—many more millions of drilled and threaded holes, all paced with an accuracy of location that is incomprehensible to any but the mechanically or mathematically minded—and all these factors, combined with other millions of parts manufactured in widely separated units of a gigantic plant, meeting on an assembly line to fashion a million automobiles! This is the miracle that is modern mass production, the miracle that was started up by Henry Ford when he started his first automobile assembly line.

The story of how it is possible to make a million—or ten million, or twenty million—of any machine part, each one identical with all its fellows, is a story of measurements. Just as that story of measurements explains the ability of the Ford Motor company to produce fifteen million Model T automobiles, it also explains Ford's ability to produce the Model A in the same plants and by the same methods that made possible the pioneer Ford cars, yet at limits that are from 1/4 to 1/2 what they were on the Model T.

There are inspection and working gauges to measure outside and inside diameters, lengths, widths, heights, angles, pitch diameter and lead of screw threads, which are in the hands of workmen throughout each day, testing and checking each part as it passes from machine to machine through the plant. But these gauges will wear or get slightly out of adjustment under constant use, therefore they must be constantly watched. So behind them must be a master gauge of greater accuracy, for use as Standard. These master gauges, the product of the C. E. Johnson Division of the Ford Motor company, are accurate within a millionth part of an inch.

Throughout the Ford plants inspectors are moving constantly, each with special hardened, ground and lapped rectangular steel blocks—the Johnson gauges.

On some operations where the limits are close, the gauges are changed every two to four hours to correct wear of one ten-thousandth part of an inch which occurs in that time. Others are adjusted or changed at less frequent intervals, as frequency of use and amount of wear dictates.

FARMING FUTURE OF THIS SECTION SHOWN IN REPORT ON SOIL

A soil survey report of West Central Texas just completed and published by the United States Department of Agriculture throws an illuminating light on the agricultural possibilities of that section of Texas that for many years was regarded as good grazing country only.

The report is valuable in that it gives a fairly accurate report of soil conditions and formations, weather and rain reports and an average price per acre of the land over an unusually large area.

The area measures 250 miles from east to west and about 130 miles from north to south, totaling 26,784 square miles, or 17,141,760 acres, or about three times the size of the State of Massachusetts. The 27 counties included are Andrews, Borden, Coke, Fisher, Gaines, Glascock, Howard, Irion, Jones, Loving, Martin, Mitchell, Midland, Nolan, Reagan, Runnels, Scurry, Sterling, Taylor, Tom Green, Upton and Winkler.

The survey bears out to a large extent the predictions of the officials of the Texas A. & M. College of this section of West Texas, namely, of becoming profitable farm land. Amarillo loam, Amarillo clay loam, Richfield loamy fine sand and Ector gravelly loam are present in large quantities in the Staked Plains area. Of former, the report says: "Amarillo loam shallow phase, is not very extensive though some fair sized bodies occur in Ector, Martin and Midland counties."

Regarding the Ector gravelly loam, the report says: "Ector gravelly loam occurs in Ector county as a large body extending westward from Odessa into Northeastern Winkler county to the vicinity of Blue mountain, northward into Southern Andrews and southward to Crane and Upton counties. Other smaller isolated areas occur in Andrews and Midland counties."

Luther Pond And Miss Cox Are Married

Luther Pond and Miss Margaret Cox were married quietly Tuesday night in Colorado or in some nearby town cannot be determined, as the couple left no word other than that they were married, before leaving for a wedding trip to Paris as yet unknown.

Both Mr. and Mrs. Pond are well known in Colorado. Mrs. Pond worked for some time in the Holt dry goods store here, and Mr. Pond is a young business man. They will make their home in Colorado.

JOHN TARLETON TERM TERM EXTENDED 3 DAYS

STEPHENVILLE, Jan. 12.—Due to the fact that school was dismissed for the Christmas holidays earlier than was scheduled in the catalogue, thus shortening the period of work for the first semester, the faculty of the John Tarleton Agricultural college has decided to extend the first semester three days. The first semester will close on January 23, and the second semester will begin January 20, instead of as scheduled in the regular college catalogue. This announcement is made in order that prospective students planning to enter Tarleton the second semester may not be confused and inconvenienced by this change of dates.

ADAMS CALLS MEETING OF C. C. MEMBERSHIP COMMITTEE

A meeting of the membership committee of the Colorado Chamber of Commerce has been called to take place in the secretary's office at two o'clock Friday afternoon, by C. M. Adams, chairman.

Farm With Farmalls

The primary object of farming is to produce at a profit—not perhaps for the profit alone, but because any work accomplished at a profit is an indication of success. Farm profits are not always based on the price received for the products, but rather on the ability to produce at less than the selling price.

Slow and expensive animal power and increased cost of labor are two of the obstacles in the way of a sufficient margin. Other industries have successfully replaced these expensive items with mechanical power to a marked degree and the same practice is proving highly successful in farming.

The Farmall is fulfilling the long-hoped-for prophecy of farming without horses or mules. Today, many farmers in every state are doing all their farm power work with the Farmall and scores of others are disposing of their remaining horses after one season's experience with the Farmall. Horseless farming is now a reality.

The Farmall is different from other tractors. It was designed primarily for the planting and cultivating of row crops. It does that and in addition does all the work done by any type of tractor of equal capacity. This all-year, all-crop all-purpose tractor replaces 6 to 10 horses and 2 to 3 men in all farm power operations. It enables one man to intensively farm up to 200 acres. That is why Farmall owners hold the steering wheel of successful farming.

The Farmall is the result of over twenty years of tractor building and nearly a century of manufacturing experience. It is backed by the International Harvester after-sale service through 92 Company owned branches and thousands of dealers.

But it is not enough to see the Farmall or to watch it operate. It is necessary to get on the seat and operate the Farmall in order to experience the thrill of tractor power that plants and cultivates corn, cotton, and other row crops at the rate of 50 acres a day. See the McCormick-Deering dealer for a demonstration.

TOM M. MARKS

WASHINGTON COUNTY CORN CLUB CAVALRY 1910

THEY MADE 35 BUSHELS OF CORN AN ACRE

FIRST BOYS CORN CLUB JACK COUNTY 1908

BOYS' FARM CLUB WORK HAS MADE GREAT STRIDES

COLLEGE STATION, Jan. 12.—"If you can't teach old dogs new tricks, I'll try the pups," declared Tom M. Marks in 1907, after the farmer demonstrators in Jack county, Texas, had made a disappointing exhibit of their corn grown under demonstration methods. The next fall newspapers were full of praises for a group of Jack county farm boys who had made unusual corn yields in Mr. Marks' boys' corn club. This was organized the first boys' corn club under county agent supervision in Texas. Mr. Marks at that time was Jack county farm demonstrating agent. He is still a county agent, being located now at Hollis, Okla. The boys' corn club led

to the organizing of corn clubs all over Texas.

Tremendous strides in farm boys' club work have been made since that first corn club in Jack county demonstrated what could be done in 1908 and no small share of attention is expected from this phase of agricultural extension work on the program of the Twenty-fifth Anniversary Celebration of Extension work in the United States to be held in Houston February 4-8, in conjunction with the annual meeting of the Southern Agricultural Workers' association. The corn club idea spread and cotton and pig clubs were formed. In 1910, Miss Marie Cromer, a school teacher in Aiken county, South Carolina, organized a girls' tomato canning club which won wide recognition, and in 1911 Texas agents formed numerous pig clubs. Junior club work grew rapidly in the program of county agents and by 1912 more than 80,000 boys and girls were enrolled in clubs in the South. Since that time the growth has been phenomenal and activities of the young folks today include virtually every phase of farming and home making. There are more than 30,000 farm boys and girls in Texas in club work and more than 600,000 in the United States. I. J. Thornton, of Lubbock county, is president of the Texas Club Boys' Congress, an organization representing 18,000 club boys in Texas today.

For colds, grip and flu take

Relieves the congestion, prevents complications, and hastens recovery.

Davis, now Travis county agent, was their farm demonstration agent.

Another early boys' organization was the Washington County Corn club, working under W. W. Campbell, county farm demonstration agent. Boys of this club attracted much attention to their work back in 1910 when their "Corn Club Cavalry" paraded the streets of Brenham the day of the club's annual corn show.

W. L. Doss, Jr. Attending Radio School in Dallas

W. L. Doss, Jr., left Wednesday night for Dallas, where he will spend about five days attending a school of instruction on RCA Radios.

W. L. Doss drug store has the agency in Colorado for RCA and Marjestic radios and the demand has been so great for these popular instruments that young Mr. Doss finds it necessary to become thoroughly acquainted with the mechanism of these instruments, so as to be able to service them if it should become necessary.

ANOTHER NEW YEAR (Continued) Old Grandfather Year has folded his wings And has silently crept away, For the young child year has come And old grandfather has no place to stay. He has gone, we know not where, But we know he has left for us Memories of sadness and memories of cheer.

Some may think of old 1928 And recall the departure of some loved one, While others may think of 1928, And remember joy and fun. Grandfather year has caused us grief and sorrow, Yet he has scattered smiles and handed us roses. Now I hope while the old grandfather rests That this new year will make us feel new, Make us feel full of life and ready to do Work that is uplifting to our lives, Now we hear him as we see him arise. I am the new New Year And I have come to stay Just twelve months to a day, And my hair which now is bright and new Will by then be turning gray, and I will bid you all adieu, Then I, too, will slip away.

FIRST RAINFALL OF YEAR REPORTED NIGHT JAN. 8

The first rainfall of the year to be reported at the local government observatory was chalked up on the register Wednesday morning, when Observer E. Keathley noted a precipitation of 52 hundredths of an inch during Tuesday night.

CAR REGISTRATION FOR 1929 REACHES 1450

The number of cars registered in the sheriff's office for 1929 had reached above the 1450 point late Wednesday. Registrations were coming in rapidly, and will probably reach 3000, the number reached last year, before registration is closed.

The young daughter of Mr. and Mrs. Tom Goss is reported ill with influenza.

E. McKenzie has been very ill this week.

A. A. Doss is spending the week in South Texas.

Gin Receipts Working Slowly To 30,000 Mark

Ginning receipts in Mitchell county was shown to be slowly working toward the 30,000 mark in the report of 27,526 bales ginned in the county up to Thursday noon. Last week's report was 24,251 bales.

Of the 27,526 bales ginned, 14,125 were ginned in Colorado, 1,910 in Buford, 3,236 in Westbrook, and 6,245 in Loraine. Colorado's ginning was distributed as follows: Lambeth McCleary & Grubbs, 2,576; Farmers' Cooperative, 2,304; Farmers' No. 1, 1,362; Farmers No. 3, 3,089; Williams-Morgan, 3,376; Concrete, 1,418. Staple was selling at 18.55, middling basis, and seed was bringing \$20.

ROGERS GROCERY ROBBED

Unknown parties forced their entrance into the Rogers Grocery, on the East Side, Tuesday night and took cigarettes, some money, and two notes of \$200 denomination each.

The Wrong Eye

The doctor gazed into his patient's eyes. "You say you have trouble with that eye?" he asked. "But wait, there's something more; on looking at it I see signs of liver trouble or anemia, and I fear of chronic nervous affliction." "Look at the other eye, doctor," said the patient. "That is my glass eye."

Posa and wife, a boy, Jose Maria Reyes and wife, a boy, Anderson Burns and wife, a girl, J. O. Hernandez and wife, a boy, B. C. Brown and wife, a boy, A. C. Hardin and wife, a girl, Venita Alvarez and wife, a girl, Thos. F. Falkenburg and wife, girl.

MANY PEOPLE WANT TO KNOW WHEN YOU RECOVER FROM FLU

NOT SO MUCH A QUESTION OF WHAT CAUSES IT, AS DO YOU EVER GET WELL

(By BONNER)
 The "flu" editor of this paper has been asked a number of times the very simple question, "How long does it take one to recover from the flu?" In fact, the writer has been asked the question so many times he decided to make a thorough investigation of the matter and report his findings without bias or prejudice, canvassing all parts of the city.

After an extensive research, however, the "flu editor" will have to leave the question unanswered until later, as he did not find a single person who was entirely recovered.

Investigation and experience discloses the fact that the easiest part of having the flu is while you are confined to bed. The real hard struggle comes after one gets up and tries to get back on the job, too sick to go to work and not sick enough to return to bed. You feel absolutely unnecessary and about as much use as a finger bowl after a meal—not large enough to wash your hands and the water not fit for beverage purposes. You continue to drag around, day after day, short-winded and light-headed, hoping that tomorrow you will feel better, but each morning you get up with that tired feeling, with your head going 'round and 'round. You look in the glass at your tongue to see if you are bilious and find that engine of the sense of taste resembling a piece of raw red meat with not a spot of white coating to be found. You then start coughing, and after a round or two of this your brain begins to function just the least bit and you finally come to the conclusion that you still have the flu.

The writer, in his hunt for someone who had fully recovered from the flu, ran across two or three men who had not had the disease, and from each of these learned that the common old cooking soda was a preventative used. Major W. M. Green attests to the fact that he took a teaspoonful of soda every two hours until he took six doses, and was cured of the first touch of the influenza, while Jno. L. Doss, the man who sells drugs to cure you, let slip the fact that he takes a teaspoonful of soda in hot water every morning and has not yet had flu. Tom Goss traces his great vigor and vitality and immunity to flu to the fact that he uses soda and "Lee's Specials." It might be mentioned here that there has been such great demand for the little red "Specials" that every druggist in Colorado has been sold out for more than a week but are looking for a new supply any day. But speaking of soda, there are quite a number of people in Colorado sold on the idea that it is the greatest medicine in the world, and they may be right, at that, because so far they have not had the flu, and anything that will prevent flu is the greatest medicine in the world. Quite a number recommend whisky as a flu preventative, but as the writer does not drink, he could not offer an opinion on this. He has learned from experience, however, that you sure feel bad the morning after drinking it.

In the meantime we would like to hear from someone who has really had flu and completely recovered.

OIL MAN WHO FLIES WITH BRIDE LIVED HERE FEW YEARS AGO

GEO. HENSHAW, JR. MARRIES IN PLANE WITH BRIDES-TRA ALONG
 The man who was featured in dailymen this week as the "Texas millionaire, who when he weds will be high, high up in the sky" Geo. A. Henshaw, Jr., lived in Colorado a few years ago and had an office as president of the Henshaw Oil Corporation.
 Henshaw and his bride, Miss Caldonia Pulliam, took off in an airplane, with a 15-piece orchestra along, from Reno, Nevada, Tuesday afternoon. They were married in the air, and airplane motors, accompanied by the aforementioned orchestra, played the wedding march. The party flew on to Los Angeles.
 The Fort Worth Star-Telegram had the following to say about the marriage:
 "The marriage of young H. Henshaw to Miss Caldonia Pulliam, which was held in the air, was a most unusual event. The bride and groom, representing the Henshaw Oil Corporation, departed for Los Angeles Tuesday morning, and were married in an airplane. He then entertained them to a special airplane, and, with his bride, to be and orchestra, winged his way across the Sierras to Reno. He took out a license to wed here Monday, and Tuesday he and his bride and their jazz orchestra arrived in Reno. Taken the day after the wedding."

CHURCHES

CHURCH OF CHRIST
 Bible school at 10 a. m.
 Preaching and communion 11-12 a. m. Sermon subject, "Laborers Together With God."
 Young People's study, 6:30 p. m.
 Evening gospel service, 7 p. m.
 "Power of Thought" will be the subject.
 Ladies' Bible class Monday at 10 a. m.
 Wednesday church study, 7:30 p. m., Proverbs 3 chapter.
 We welcome your presence.
 J. D. HARVEY, Minister.

METHODIST CHURCH
 All regular services Sunday.
 At the 11 a. m. hour the pastor will give report of the International conference meeting.
 Sunday school at 9:45 a. m. Be sure to start the new year right. One good thing to do is to attend Sunday school.
 Elworth League at 6:15 p. m.
 Preaching at 7 p. m.
 Welcome to strangers and visitors.
 W. C. HINDS, Pastor.

FIRST CHRISTIAN CHURCH
 Bible school at 9:45 a. m., W. W. Porter, superintendent.
 Preaching services 11 a. m. and 7 p. m. Subject of morning sermon, "Filling the Heart." Evening, "A Jellybean of Bible Days." Special music at both hours. Mrs. Derrah will sing at 11 o'clock, and Dr. Root at 7 p. m.
 Prayer meeting each Wednesday at 7 p. m.
 A. E. EWELL, Pastor.

FIRST BAPTIST CHURCH
 Sunday school at 9:45 a. m., G. B. Slaton, superintendent. We were much gratified with the number present for Sunday school last Sunday. In view of the sickness in so many homes of our membership, both the Sunday school and preaching attendance have held up remarkably well.
 Morning hour of worship, 10:00. Subject, "The Second Coming of Christ." This is the beginning of a series of messages on one of the prophetic mountain peaks of the Scriptures. We are hoping to have every member of our church family present for this first discussion of a subject of practical and far-reaching importance.
 Evening service 7 o'clock. Theme for evening: "Saved by Grace."
 The Junior, Intermediate, Senior and Adult B. Y. P. U.'s meet at 8 o'clock in their respective rooms for the rendering of the program. At 9:45 there will be a general assembly of all the B. Y. P. U.'s in the main auditorium for reports and council. Find your place in one of these organizations and take advantage of the benefit and blessing of the training service of the church.
 Visitors in our city and others are cordially invited to worship with us.
 WILLIAM C. ASHFORD, Pastor.

PRESBYTERIAN CHURCH
 Worship and sermon at 11 a. m. and 7 p. m.
 Sunday school at 9:45 a. m., J. M. Thomas, superintendent. Classes for all. Come with us and you will do good.
 Junior Christian Endeavor 6 p. m.
 Junior Christian Endeavor, 5 p. m.
 W. M. ELLIOTT, Pastor.

Gas Connections Must Be Rigid Inspector Says

Flexible connections for either stoves, lights or other jets burning natural gas, must be rigid and all fittings, if the contrary be alleged to the contrary, be rigidly tested, Lee D. Olive, inspector representing the Texas Gas Commission, declared Tuesday making an inspection of all such connections in the city.

RESOLUTIONS OF RESPECT

Resolved that, whereas, it has pleased the great Ruler of this universe to remove from our midst Sam A. Sloan, who departed this life on January 1, 1929;
 That, in his going we recognize that we have lost a friend, a truer friend than whom has never lived, with a keen sense of justice, an honorable, honest citizen, who dealt fairly and squarely with everyone, one whose integrity was never questioned;

That, the entire oil fraternity has lost one of its most cherished and valuable members, and that this section of the State has lost the benefits of a man who probably did as much as any factor in its development and progress.

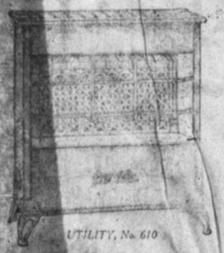

And, while we bow our heads in humble submission and accept the edict of the Almighty, yet, we feel keenly the loss of this most valuable, true friend, whose loss is felt by our entire citizenship. We mourn his loss to our membership, to our citizenship, and to his relatives and friends everywhere, and we, therefore, express our sincere heartfelt sympathy to all those who mourn the loss of this public-spirited citizen.

Be it further resolved that a copy of these resolutions be spread upon minutes of our organization, a copy furnished the relatives, a copy be furnished the employees and a copy be furnished the press.

Respectfully submitted,
 C. H. EARNEST,
 L. W. SANDUSKY,
 FRANK KELLY,
 J. M. THOMAS,
 J. H. GREENE,
 Committee of the Colorado Chamber of Commerce.

NOTICE, W. O. W.

We will meet in our hall Tuesday night, January 15, 1929, to install officers for 1929. You are urged to be present. Fraternally, ERNEST KEATHLEY, Clerk. Dudley Arnett of Lamesa spent Friday of last week with his parents, Mr. and Mrs. D. N. Arnett. He was returning from Rosebud, where he had been to take his wife to the bedside of her mother who is ill.

Conoway Items

C. C. Hart, who was taken to Temple on Tuesday, returned to Colorado Sunday, and his condition was reported as not being serious. He will continue to stay in Colorado to be under the treatment of Dr. Root. Miss Ruth Costin visited her sister, Mrs. H. V. Williams of Chalk, last week-end. Misses Loretta and Venetta Byrd returned to Colorado Monday to continue their school work after the holidays.

Hyman Happenings

Christmas holidays are over now. The new year is here, with its possibilities for beginning old ventures with a new heart, and starting new ones with more hope and energy than ever before. Let's all begin this next twelve months with a prayer that it may be the beginning of the most helpful and kindly period of our life. School re-opened Monday morning with a few new pupils, and with some of the old ones gone. Mr. and Mrs. Bill Houghelling have returned to the Rio Grande valley to their home at San Benito, taking their small son and daughter, Marvin and Ida Mae, from school here. We will miss both the children and their parents. Mrs. Lizzie Locklear is preparing to move to Ross. This will take Madge and Lillian from our school. Mr. Harry Hyman, and his little granddaughter, little Miss Booby Scott, visited in our community last Sunday. Rev. Horace Welch filled an

EPISCOPALIANS OF COLORADO TO ATTEND LUBBOCK CONVOCATION

Three-Day Session of North Texas District On Jan. 20, 21, 22

Several Coloradans will be in attendance at the annual convocation of the Protestant Episcopal church, District of North Texas, in Lubbock on Sunday, Monday and Tuesday, January 20, 21 and 22.

Those who plan to attend from Colorado include Mrs. Lois Prude Bennett, Mrs. Ledger Smith, Mr. and Mrs. Thomas R. Smith, Rev. and Mrs. Alex B. Hanson, and probably Mrs. C. M. Adams.

Approximately 100 visitors are expected to be in Lubbock for the meeting, all sessions of which will be held at St. Paul's on the Plains, of which Rev. L. G. H. Williams is the rector. On Saturday night, the 19th, a reception will be held at the church for the delegates, the opening sermon to be heard Sunday morning.

Bishop E. C. Seaman of Amarillo will deliver the opening sermon on Sunday morning, January 20, the night program to include a pageant and a sermon by Rev. A. E. Whittle of San Angelo.

The Woman's Auxiliary of the church will hold sessions during the meeting of the convocation, also.

FORMER COLORADO GIRL MARRIED IN SNYDER ON SUNDAY

MISS PAULINE SMITHERS AND JACK COLLINS OF COAHOMA WED

Miss Pauline Smithers, formerly of Colorado, and Mr. Jack Collins of Coahoma were married quietly in Snyder Sunday afternoon, Rev. J. F. Lewis, former pastor of the Methodist church here, performing the ceremony.

Mrs. Collins is the daughter of Mr. and Mrs. C. N. Smithers, who lived in Colorado for several months last year. During the past fall they have made their home in Ira, where Mr. Smithers owns the gin. She made many friends during the months she lived in Colorado, after moving here with her parents from Coahoma over a year ago.

Mr. Collins is the son of Mr. and Mrs. A. L. Collins of Coahoma, is a young business man of that place, being associated with his father, who owns two drug stores there.

Mr. and Mrs. Collins will make their home in Coahoma.

San Marcos.—The Texas Power & Light company completes reconstruction work on Alvord dam and hydro-electric generating station on San Marcos river about three miles below this place.

Supt. Peek Is Director Of Essay Writing

Supt. Ben S. Peek of Colorado High School has been named essay writing director for 1929 in District 8 of the Texas Interscholastic League. The center of this district is in Abilene. Supt. Peek filled this same position last year.

COLORADO TEACHERS SPENT HOLIDAYS IN TOWNS OVER TEXAS

Faculty Back at Posts After a Two Week's Vacation

Having scattered to points all over Texas when school was turned out for the holidays, teachers in Colorado public schools are again back at their posts, school having reopened on Monday morning.

Supt. and Mrs. Ben S. Peek and children spent the holidays in Waco, Mr. and Mrs. C. A. Wilkins were in Stephenville, Mr. and Mrs. Clyde Bennett were in Greenville, Mr. and Mrs. Earl Hall in Waco and Sherman, Mr. and Mrs. R. H. Cantrill in McKinney, Mr. and Mrs. John W. Cobb in McLain, Mr. and Mrs. G. D. Foster in Canyon, Miss Mary Davies in Fort Worth, John W. Treat in Abilene, Miss Irene Henderson was in Georgetown, Miss Mable Smith in Colorado, and Miss Arra Cummings in Byers.

A. R. McHaney, principal of the grammar school, and Mrs. McHaney passed the holidays in Colorado. K. L. Carter went to Waco, Miss Alwilda Crosthwaite to Weatherford, Miss Beatrice English to Calgary, Miss Margaret King to Dallas, Miss Pauline Doremus to Calvert, Miss Lea Swope to Killeen, Mrs. David Russell to Stamford, Miss Katherine Orr to Hillsboro, Miss Ethel Allon to Lancaster, Miss Inez Butler to Abilene, and Miss Ruth Hightower to Breckenridge.

PASTOR EWELL AGAIN ABLE TO ATTEND DUTIES

The pastor has been ill for nearly one month. He has missed some of his services because of this condition and has been unable to make sick calls. He is now on his feet and hopes to be able to do his full work from this time on. He asks each member of the First Christian church to be sure to be in all of the services Sunday.

A. E. EWELL, Pastor.

DETAILS IN LIFE OF LATE MITCHELL PIONEER ARE GIVEN

Resume of the Life of G. J. McKenney Who Died Last Week

More details about the life of G. J. McKenney, prominent Mitchell county pioneer who died last week at his home near Westbrook, are given in the following resume of his life: Geo. J. McKenney was born October 10, 1846, in Union County, Ky., the third of six children born to John and Mary McKenney. John McKenney, the father, was born Oct. 20, 1813, in Union county, Kentucky, and was an extensive slave owner of the South.

George J. McKenney moved to Arkansas with his father in 1855, where they resided nine months. They then moved to Hopkins county, Texas, where he was married to Martha Condit, the daughter of William S. and Jane Condit. To the union six children were born, Thurston M., John S., Walter E., Terrell L., Mary J., and Allie M.

Martha McKenney, first wife of T. J. McKenney, died in the year 1890, in Delta county, Texas. Some years later Mr. McKenney married Fannie Bradley, who survives him. In the year 1897 they moved to Mitchell county, Texas, and settled 2 miles south of the town of Colorado, Texas, where they lived for about two years. They then moved ten miles west of Colorado, Texas, where they purchased among other land the townsite section of Westbrook, where he resided until his death.

Those who survive him are his wife, Fannie McKenney, T. L. McKenney, Colorado, Texas; J. S. McKenney, Westbrook, Texas; T. M. McKenney, Andrews, Texas; Mrs. G. B. Slaton, Colorado, Texas; W. E. McKenney, Colorado, Texas, and Mrs. S. H. Harper, a sister, Colorado, Texas.

G. J. McKenney was a member of the Methodist church.

JOHN BILLUPS, FIRST FLU VICTIM HERE, DIED LAST FRIDAY MORNING

Former Manager Texas Sand & Gravel Co. Succumbed To Pneumonia

The first known flu victim of Colorado was John Billups, 55, traveling salesman for the Texas Sand and Gravel Co., over its West Texas territory, who died Friday morning of pneumonia following influenza. He was buried in Rockwall on Saturday afternoon.

Billups had lived in Colorado for about a year, most of the time filling the position of manager of the Texas Sand & Gravel plant in Colorado. He made his home in Waco and in Dallas prior to coming to Colorado. His parents, who live in Dallas, his wife and a little son survive him.

Local Laundry Man To Attend State Meeting

J. Ralph Lee, president of the West Texas Laundry Owners' Association and owner of the Colorado Steam Laundry, plans to attend the twenty-second annual meeting of the Texas Laundry Owners' Association to be held in Fort Worth on January 16, 17 and 18. Two hundred or more visitors are expected to attend the convention.

Several outstanding men in the laundry industry will appear on the program at the meeting, which will be presided over by H. A. Gray, Jr., of Wichita Falls, president of the association.

BLASINGAME TO TRY PRODUCTION OF PURE LINE KAFFIR SEED

EFFORT IS ANOTHER STEP IN ESTABLISHING PURE SEED FARMS IN COUNTY

Emmett Blasingame of Bufor has secured some of the Experiment Station's pure line Blackhull Kaffir seed through the county agent and will specialize in the production of pure kaffir seed. Paper sacks will be placed over the heads before they bloom in order to keep the seed absolutely pure.

This is another step in the establishment of pure seed farms in Mitchell county so that farmers will not have to send out of the county

New B. Y. P. U.'s Are Organized At Church Sunday

Two new B. Y. P. U.'s, a senior and an adult division, were organized at the First Baptist church Sunday evening. These two organizations had disbanded during the time of the construction of the new church for lack of a place to meet.

Miss Beulah Ashford was elected president of the Senior division, and A. R. McHaney of the Adult. J. W. Cobb was elected to the office of general secretary of all B. Y. P. U.'s, and W. A. Rose has been elected by the church as general director of the organizations.

Mrs. Ragan Takes Position With C. E. Stone Store

Mrs. Harry Ragan, for nine years associated with the F. M. Burns dry goods store before its sale to Grysom Brothers of Abilene, has accepted the position as head of the ladies' ready-to-wear department of the C. E. Stone dry goods store here.

During several of the years when Mrs. Ragan was with the Burns store here, she was buyer for the ladies' ready-to-wear department and made trips to New York and other eastern markets every year for the store. She acquired a large number of customers in her former position who will doubtless remain hers in her new place.

C. C. DIRECTORS DRAW TO SETTLE LENGTH OF TERM

New Board Draws Lots For One and Two-Year Terms

The drawing of lots to determine which ten members of the board of directors of the Chamber of Commerce shall serve a two-year term and which ten shall serve a one-year term, took place at the regular meeting of the board Thursday night. The drawing took place in accordance with a motion made by Judge C. C. Thompson and carried just before the election of officers took place at the annual banquet in December.

The following men are to serve one year: Joe Mills, A. J. Herrington, R. P. Price, Max Berman, Dr. P. C. Coleman, Judge C. C. Thompson, J. W. Stonerod, Dr. S. W. Browning, Joe Smoot, and J. Ralph Lee. The other ten, which include the following, are to serve two years: Roy Dozier, C. M. Adams, C. H. Earnest, C. L. Gray, J. W. Randle, L. B. Elliott, A. C. Connell, U. D. Wulfjen, Ford Morris, Fred Brown.

LETTER PROTESTING DALLAS MAP WRITTEN BY C. C. SECRETARY

DIRECTORS GAVE INSTRUCTION FOR WRITING AT MEETING LAST THURSDAY EVE.

Instructions for writing a letter of protest to Industrial Dallas, Inc., concerning the Dallas map circulated in Eastern states by that concern, giving estimations which are said to be unreasonably low as to the buying power of West Texas counties, were given to Secretary J. H. Greene at the regular monthly meeting of the board of directors of the Colorado Chamber of Commerce Thursday night.

Copies of the letter are to be sent to State papers, and Homer D. Wade, manager of the West Texas Chamber of Commerce, the secretary was also instructed to address the W. T. C. C. and ascertain why that organization does not protest the map.

DR. RATLIFF TO BUILD TWO DUPLEX HOUSES

Dr. T. J. Ratliff let a contract Monday to the Colorado Construction company for the erection of two frame stucco duplex houses near the old high school building.

seed that very often turns out to be of poor quality.

Other growers of pure line seed from the Experiment Stations at Spur and LeFlore are A. K. McCarty and E. B. Hale, Dwarf Maize; H. V. Beard, Blackhull Kaffir; W. J. Manly, Red Top race; C. H. Thomas,

REV. HINDS RETURNS FROM INTERNATIONAL MISSIONARY MEETING

Sweetwater District Is Well Represented At Memphis Gathering

Rev. W. C. Hinds, pastor of the Methodist church, returned Friday from Memphis, Tennessee, where he attended the International Missionary conference as a delegate from the Northwest Texas Methodist conference.

The Sweetwater district of the Northwest Texas conference, which includes Colorado, was well represented at the meeting, those in attendance from this district besides Rev. Mr. Hinds being Rev. and Mrs. L. N. Lipscomb and son, Lloyd; Rev. and Mrs. O. P. Clark of Sweetwater; Rev. S. H. Young, Roscoe; Rev. W. J. Mayhew of Rotan; Mrs. I. P. Yoder of Snyder.

Some 300 delegates were in attendance, representing mission fields of the world, with important speakers in religious work. One of the outstanding addresses was made by Stanley E. Jones, who for 21 years has been a missionary in India. Rev. Jones was elected a bishop at the last general conference and refused to accept the office that he might continue in the missionary field.

GIRLS' BASKETBALL TEAM WILL ATTEND SNYDER TOURNAMENT

Six Loving Cups Prizes For Which Teams Will Fight

The girls' basketball team of Colorado High School will be among those taking part in the West Texas Girls' Basketball Tournament that will be held in Snyder on February 14, 15 and 16, under the auspices of the Snyder Lions' Club, which is sponsoring the event.

The tournament will be under the sanction of the A. A. U., and winners will be entitled to the West Texas championship among the girls' high school teams. More than fifty daily and weekly newspapers will be carrying the stories of the meet to be held in Snyder from this time on, and full help will be given by the Dallas offices of the A. A. U.

Six huge loving cups of solid gold and silver are the leading prizes, one of which is the actual size of a basketball and made of gold, which is the first prize. The second prize cup is of silver and of the same dimensions, and the other four major prizes are cups standing waist high in height. In addition there are three sets of small gold and silver basketballs, the prizes costing a total of \$250.

All games are to be played in Wolf Park in Snyder, and special arrangements are to be made to handle an estimated crowd of between two to five thousand people.

FUNERAL SERVICES FOR HAMMOND BABY MONDAY MORNING

INFANT ONLY FEW WEEKS OLD SUCCUMBED SUNDAY TO PNEUMONIA

Funeral services for Dorothy Mae, infant daughter only a few weeks old of Mr. and Mrs. Earl Hammond, were held at the I. O. O. F. cemetery Monday morning at 10:30 by Rev. W. C. Ashford of the First Baptist church. Little Dorothy Mae died Sunday from pneumonia. She was the second child which Mr. and Mrs. Hammond have lost, one having died a few years ago from the effects of eating some headache tablets which she somehow managed to reach.

The beautiful floral offering bestowed the remembrance of the little one and the tender sympathy of Mr. and Mrs. Hammond's many friends.

BUCKNER ORPHANS' HOME

The ladies of First Baptist church will pack their annual box of clothing for the Buckner Orphans' Home next Tuesday, Jan. 15. Any one having a gift or donation, bring Mrs. T. J. Ratliff or leave in basement of the church.

BIG SPRING GROCERY HELD UP ON FRIDAY

BIG SPRING, Tex.—Three boys, appearing to be under 20 years of age, held up the proprietor of the East Side Grocery here last Friday morning at the point of a gun, forced him to hand over \$60 in cash, a side of bacon, a loaf of bread and then

escaped in a small car. No one was in the store at the time of the holdup other than the victim. Members of the sheriff's office started a search of the trio.

BURTON-LINGO COMPANY

Lumber and Building Materials
Lowe Bros. Paints and Dupont Duco Lacquer
Westbrook, Texas

J. G. McKenney, commonly known as "Uncle George," who died at his home here last week, was born in Kentucky on October 10, 1846. He was married to Miss Martha A. Condit in 1870 and to this union six children were born, five of whom are living. They are: Thurston, who resides at Andrews; Spang, Terrell and Walter, of Westbrook; and Mrs. George Slaton of Colorado. In 1893, Uncle George was married the second time to Miss Fannie Bradley at Paris, Texas. They came to West Texas in 1898, where they resided until his death on January 2, 1929, following a lingering illness of nearly a year. He was a member of the Methodist church, having joined at Westbrook several years ago. While he was not an ardent church-goer, he had lived an upright life. He was spoken of by those who know him as being a "good man," and his influence will live on. Besides a wife and five children, he has a sister, Mrs. Sarah Harper of Colorado, 25 grandchildren, several great-grandchildren, and a host of other relatives and friends to mourn his loss.

At 4 o'clock Thursday afternoon funeral services were conducted at the home, with Rev. McDermitt, the Baptist pastor, officiating, after which interment was made in the Westbrook cemetery. To the bereaved ones we extend our sympathy and commend you to God who alone can help in a time of sorrow and trouble.

Mr. Slim Coker, machinist at the Dunning Tool & Supply Co., has moved his family to Breckenridge, where he has employment in a machine shop at that place. Rev. McDermitt went to Brownfield Sunday to attend the funeral of his brother's wife. Mrs. McDermitt was called to Cisco last week on account of the serious illness of her step-father. We are glad to report that Miss Gladys Webb, who has been seriously ill with pneumonia, is very much improved.

School started again Monday morning after a two weeks' vacation. In spite of the epidemic of sickness which prevails, there was a full attendance with from one to eleven new pupils in each room.

RESOLUTIONS OF RESPECT

Whereas, God in His infinite wisdom and goodness has seen fit to call the little daughter of our beloved sister, Mrs. Van Boston, to her heavenly home;

Be It Resolved, first that the members of the Women's Missionary Society of the Methodist church extend their deepest sympathy to the bereaved;

Second, That we commend them to the grace of God, taking comfort in the thought that she has only been transformed from this world of sorrow and suffering to one of eternal bliss, where we may all join hands again in an unbroken circle.

Third, That a copy of these resolutions be published in the Colorado Record, a copy spread upon the minutes of our Society, and a copy sent to the family.

COMMITTEE.

CARD OF THANKS

We take this means of expressing our sincere thanks to our dear friends and neighbors and to the nurse, Mrs. Manning, who so kindly administered to our every want and need during our recent illness. We recognize the truth of the statement, "A friend in need is a friend indeed." You have been that friend to us and we pray that the giver of all good gifts may deal with you as you have with us.

Mr. and Mrs. S. J. WATSON.

BUDDED PECAN TREE OF J. D. LANE GROWS 8 FEET IN 2 SEASONS

J. D. Lane, former commissioner of Precinct-2, has a budded pecan tree on his ranch in the southern part of the county that has made eight feet of growth in two seasons. The tree was budded in the spring of 1927 by the county agent and it was rather slow getting started, due to a late freeze, but since then it has made a wonderful growth and should have a few pecans on it this year. Several other trees were budded at the same time but the buds were damaged by high winds.

Mr. Lane has a number of walnut trees near a spring and he is planning to bud these to an improved walnut this spring. These walnuts were grafted with pecans but so far none of the grafts have lived.

BOY ABANDONED BY PARENTS IN WESTBROOK SEEKS SCHOOL, HOME, WORK IN SWEETWATER

Abandoned, according to his own story, by his parents in Westbrook at a filling station, before the holidays, a 13-year-old boy has been taken to Sweetwater and there seeks a new home, school and a chance to work, according to the following story which appeared last week in the Nolan County News:

Sweetwater's most touching holiday tragedy has come to light here and it involves a family's deliberate desertion of a 13-year-old youth who wants "just a place to live, any kind of work to do, and a chance to go to school."

Thirteen-year-old James Ellis was busily engaged in dusting shelves and filling them with canned goods in a Clarence Saunders store Tuesday. "Jimmie," as he is known, worked with a smile on his lips, but there was sadness in his heart and bewilderment in his mind.

Stranded in a strange town, in a strange State, deserted by his own parents!

It was a long overland trek from Minneapolis to Los Angeles that Jimmie's parents, seeking that much heralded west-coast tonic of prosperity for their destitute condition, finally were apparently driven to leaving their son alone in a State that is, to him, like a foreign country.

Natives of Minneapolis, the Ellis family, composed of the father, a locksmith by trade; mother, and eight children, was enroute by slow, laborious and often hungry stows to what they hoped would be better days in Sunny California.

The poverty-stricken family had reached Westbrook, west of here, when Jimmie's father stopped the dilapidated Ford truck in which they were traveling.

Jimmie went into a filling station. When he came out the truck with his father, mother and brothers and sisters was nowhere in sight. Doubtless it is still enroute to California—with one less hungry mouth to feed.

The youth stayed in Westbrook several days before he was picked up by C. A. Clayton, Sweetwater contractor, and brought here. He was taken into the home of Mr. and Mrs. Leslie Brown of the Clarence Saunders stores.

"All I had," Jimmie related as he sorted potatoes in the Clarence Saun-

ders store, "were the clothes I had on. Oh, yes, I did have my sheepskin coat."

"Mrs. Clayton bought me some clothes. She gave me these pants I have on. Mr. Mack Brown gave me some money. The butcher up there gave me a pair of shoes. I am working here to try and pay them back. There isn't much I can do though. All I ever did was sell papers and magazines."

Jimmie wants a home, a good home, where he is willing to work and work hard, he says, if there's just kindness and something to eat and a chance to go to school. But let him tell it:

"I'd like to have a good home. I want a job, and I don't mind working. I want to go to school, too. I was in the 7-B grade in Minneapolis. But I think perhaps I would be put back in the 6-B down here. I would like a place to stay, and work to do. I don't guess I will ever see them any more," he added wistfully, half to himself.

Jimmie said that in his family were two brothers older than himself, and three brothers and two sisters younger. His father sustained a broken back, he said, several years ago and

Norway's Seas

serves thousands of children and grown people with cod-liver oil in a form easy to take. It is a food- tonic that helps energize and build up the body.

Scott & Bowne, Bloomfield, N. J. 22-57

has been unable to work steadily since.

The family has always lived in Minneapolis. Jimmie is an exceedingly bright-appearing, neatly dressed, polite little chap, and he does not mind telling the world how grateful he would be to any good family taking him into their home.

For the time being, the city has taken charge of the boy, and has started him to school. He will be in the sixth grade, anxious to make friends among the other students, and, together with the city, will still be looking for a good home with a good family. The city has given the boy a temporary home at the central fire station.

Simplicity of cooling system is a feature of the new Ford

COMPLETE water plant is a part of every automobile as it is a part of every modern city.

The purpose of this water plant is to keep the engine cooled to a temperature that will make it efficient in operation. If it were not for this, the cylinder walls would become overheated and the pistons refuse to operate.

The cooling system of the new Ford is particularly interesting because it is so simple and reliable.

When the radiator is full of water, the engine of the new Ford will not overheat under the hardest driving. Yet the water is so regulated that it will not impair engine operation by running too cold in winter.

The cooling surface of the Ford radiator is large, with four rows of tubes set in staggered position so that each receives the full benefit of the incoming air. The fan is of the airplane propeller type and draws air through the radiator at the rapid rate of 350 cubic feet per minute at 1000 revolutions per minute of the motor.

The hot water around the cylinder head is drawn to the radiator to be cooled by a centrifugal water pump of new design.

The entire cooling system of the new Ford is so simple in design and so carefully made that it requires very little attention.

The radiator should be kept full, of course, and drained once each month so that sediment will not collect and retard the free passage of water. In cold weather, a reliable anti-freeze solution should be added.

As owner and manager of this important water plant you should also see that the water pump and fan shaft are properly lubricated and the packing around the pump shaft kept in adjustment.

Hose connections may also need replacement after long service. For those little adjustments, it pays to call on the Ford dealer.

He works under close factory supervision and he has been specially trained and equipped to do a thorough, competent job at a fair price.

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God

CHRIST'S MISSION — The spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised—Luke 4:18.

For the Son of Man is come to seek and to save that which was lost.—Luke 19:10.

In my Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.

WHAT WILL WE DO WITH 1929?

Could anything have been more appropriate or significant than the naming of January, the first month of the year, after the Roman deity Janus—the god of all beginnings—the god with two opposite faces, one looking back into the past and the other facing forward?

Isn't that the cue for you and me and for everyone else as we begin this new year of 1929? Should we not be as Janus, looking backward and looking forward, studying the past for the lessons it will teach, and facing the future with hope, strength, and confidence.

This is a good time to review the past, not only the past year but the past life. What things we have done, what things we have left undone. What have we learned from the things done and from things undone. Based on all that has gone before, what shall we do with 1929? What will we do for ourselves, for our families, for mankind?

We have heard the remark, he or she has a past. Who is there who has not a past? One's past, no matter how ignoble, is a valuable part of his life, because from it he can draw a commendable future.

But in reviewing the past make not the mistake of viewing it with regret. Regrets are useless things; they inject hopelessness into the soul, and waste valuable energy.

Most folks learn by making mistakes. If one has to learn to stand on one's feet through having one's feet slip, there is no cause to regret the slip. The child learns to walk by falling down. Man learns to live the same way. Repent—face about—but do not regret.

Do not worry about that water that has gone under the bridge; there is more coming down stream; keep your eye on that.

1929 is another year. We have a brand new chance to begin life all over again; you and I, to mold things afresh with the knowledge gained from all our past experiences to guide us.

Let us not fret about the mistakes we made in 1928, but make sure we do not repeat them in 1929.

"Tex" Rickard is dead. Outside of New York City where he was so well known and loved by thousands of sports enthusiasts, the passing of this great personality will cause no more widespread regret than in Texas, his home for many years. Thousands of people, while not endorsing prize fighting, acknowledge the greatness of Tex Rickard in the promotion of good clean sports, and Texans everywhere are glad to know that his home was in Henrietta, Texas, where in a little cemetery marked by a beautiful monument lie the remains of his first wife and only son. Tex Rickard was a great organizer and promoter, knowing how to handle men and bind them to him in bonds of friendship and love stronger than the links of steel. Strong men, such as Jack Dempsey and others like him, shed tears when Tex Rickard passed to the beyond last Sunday, and hearts over the entire United States throbbed in sympathy with the widow and his great friends in their bereavement. There may be some man come forward to fill Tex Rickard's shoes as a sports promoter, but it is freely predicted that it will be a long time before a man with such outstanding personality will take up the reins where Tex dropped them. Peace to his ashes.

A ban on kissing and necking has been issued by Dr. Manton M. Carrick, city health officer of Dallas, who says that even kissing of husband and wife should be stopped. From observation, this injunction is unnecessary in the case of older married couples, but you let a young married man just try one time coming into the house without kissing his wife. She would either accuse him of drinking or swear he did not love her any more. It's a cruel world, but if kissing by young people is causing spread of influenza, the disease has not yet run its course.

No successful boy saves money, says Henry Ford. What a whole of a success we've been, if our creditors only knew it.

THAT DALLAS MAP

(By Bill Kellis in Sterling City Record)

The Dallas News, which has always been noted for its uniform fairness to all, made an awful mistake last week when it published a map intended to show the rich and poor counties of Texas. In other words, the map purported to show the "buying power" of each County of Texas.

This map showed that most of the West Texas counties were "poor" and the East Texas counties were "rich." While we give The News credit for good intention, we deplore its judgment in the scheme. This thing didn't do East Texas any good, while West Texas counties regarded as "poor" are vehemently resenting being published as "poor," because, from a financial standpoint, some county may suffer injury from it when it seeks credit, or sale of bonds for its betterment. Then, it is injurious to the wholesale industry of Dallas, which is given credit for furnishing a part of the data for the map. The West Texas merchant from the "poor" county is told, by inference, that his "purchasing power" is poor, and therefore his business is not desirable. Naturally, he resents this insinuation and goes to other markets, which tends to cripple a young industry of which all Texas is proud.

Sterling County is rated among the very "poor" counties; yet, man for man, woman for woman, and child for child, could buy all Dallas and have plenty left to care for the poor and indigent it would get in the deal. If the people of Sterling County had to leave quickly, they could all ride away in automobiles and there would not be more than four persons in each car.

Acre for acre, Sterling County produces more cotton, maize, sorghum and kafir corn, than Dallas County. If all the sheep in Sterling County was one ram, he could stand with his hind feet in Tarrant county, his forefeet in the suburbs of Dallas, and eat off the top of the tallest skyscraper in that city. There are enough Angora goats in Sterling County to clear the Trinity River bottoms in the vicinity of Dallas of all the green briars in a week, and then furnish the inhabitants of that benighted burg enough chevon to feed all the Ku Klux round-about.

Poor, did you say? Why, man, if the white-faced cattle that roam the hills around Sterling were converted into one bull, he could, with one hind foot in Fort Worth, another in Ennis, cut off Dallas' water supply by drinking the Trinity River dry—he would also leave Dallas' steamships high and dry.

Man for man, dollar for dollar, and bank for bank, the First National Bank of Sterling City would make the staunchest bank in Dallas look like 30 cents in point of wealth, stability and financial backing.

Yet, Sterling is only a good average West Texas county. It is true, we are poor in gnats, chiggers, seed-ticks, mosquitoes, flea dogs, niggers, crooked politicians and hijackers.

But what's the use? Our good friend, The News, undertook to show who was rich and who was poor in Texas and made a mull-of-a-hess of it. It was just ignorance on the part of The News. Those people had the best of intentions when they showed us up as "poor," and themselves as rich. Why, down there in Dallas they teach that the North Concho river crosses the Pecos on a fool-log and heads in Andrew county.

These people mean no harm by being ignorant of the riches of West Texas, but it does look like they would post themselves and jar loose from the traditions of fifty years ago when this country was a wilderness. It sure does.

It has been said by orators and statesmen of old that "Opinions are stronger than armies." This we believe to be true. The Mitchell County grand jury that recently adjourned after nine days' labor, believed that statement true. In the report handed to the District Court at the conclusion of their work they had this to say: "The grand jury is calling upon the public opinion to help suppress violations of the law." They go further and say that many of the citizens are not aware probably of their full duty with respect to enforcing the law. The men who served on that grand jury were twelve of the best men of Mitchell county and were selected because they were believed to be that kind of men.

When public opinion decrees that a thing shall be unlawful, it is doomed to the chamber of forgotten things. The American government was founded upon the principle that the basic law of the land was public opinion. When people are asleep to their duties with respect to law enforcement, lawlessness will rule the land. The grand jury in the report submitted, asked that we as citizens realize that there is a duty that each of us owes to society and to our country by virtue of our being citizens of this country.

The duty of jury service is incumbent upon every good citizen. It is the jury, after all, that gives to the world their public opinion, relating to crime. When a jury of twelve good men pass upon a question of fact, the people are content. Then if that is true, should we not feel more keenly the call of duty? Should we not realize more that the office of a juror is an office of trust and responsibility and at the same time a privilege to be enjoyed?

The law-making bodies of the land may enact laws that the officers may labor continuously to enforce them but if that great force of public opinion is not backing him up, the law is a nullity. Every man owes it to himself and his country to work with his neighbor and friend and with the officers of the country, to the end that laws may be enforced. All our laws are based upon the theory that they will be of benefit to all mankind. We are protected in our property rights, in our physical rights, and in the pursuit of happiness. A thief should be brought to justice and a robber placed behind the bars, in order that our property rights might be secure. A murderer and kidnaper should be held in order that our physical being may be secure.

The grand jury reports further, that many of the crimes are traceable to the liquor traffic. It is the duty of every citizen to report violations of this law to the proper authority. It is the duty of every citizen to teach the boys and girls of our country the curse and regrets of strong drink. When people are made to realize that liquor is the enemy of home life, that it takes the bloom from the maiden's cheek, that it takes the bread of life from the little child, when we understand that mothers are dying of a broken heart and that fathers are filling drunkards' graves, then possibly we will realize more the curse of this thing called strong drink.

Let us resolve that in this new year of 1929 that we are going to count it a privilege to be a citizen of this country and that we are going to be more fully awake to our duties as citizens.

TEXAS SENATORS IN U. S. CONGRESS

1845 TO 1930

By ALVA O. HEARNE

The Record is running each week short biographical sketches of Senators elected to the United States Congress from Texas. Students and others interested should follow the series from week to week. If clipped and placed in a scrap book, these sketches will furnish valuable references on the political developments of Texas.

MATTHIAS WARD

(1858-1859)

Matthias Ward was born in Elbert county, Georgia, in about the year 1800. When a child he moved with his parents to Madison county, Alabama. He received a classical education, taught school for about two years, and later studied law. In 1836, he became a citizen of Texas, serving as a member of the Texas Congress for several years.

Upon the admission of Texas to the Union in 1845, Mr. Ward was elected as a member of the upper house of the Texas Legislature. In 1851, he was a candidate for Lieutenant-Governor with J. W. Henderson, Charles J. Keenan and J. S. Gillett. Henderson was elected, Ward receiving the second largest vote.

Mr. Ward was a delegate to the

National Democratic conventions of 1852 and 1856, and in 1856 served as president of the convention. He thus participated in the nomination of Franklin Pierce and James Buchanan for the presidency of the United States.

In 1855, Mr. Ward was nominated by a convention as a candidate for Congress, but he was put forward by the Democrats of the strict constructionist class. He was defeated by Judge Lemuel D. Evans, the favored candidate of what was known as the Know Nothing party, who had been a candidate for governor against Governor Pease in 1853.

In 1858, Mr. Ward was appointed by Governor Runnels as a States Rights Democrat to fill the vacancy created in the United States Senate by the death of Senator J. Pinckney Henderson, and took his seat on September 27, 1858. He served until December 5, 1859, when he was succeeded by Lewis T. Wigfall, who had

in the meantime been elected by the Texas Legislature.

Senator Ward ardently supported the bill providing for the establishment of the Pacific Railway from some point on the Mississippi river or the Missouri river, to the Bay of San Francisco, which was to "carry population over the continent, carry the light of Christian civilization to the shores of the Pacific, develop the power and wealth of the Republic, and bind together by ties of interest, as well as affection, the people who were thereafter to dwell on the Atlantic and Pacific slopes of the Rocky mountains." He made several very able speeches in the Senate in which he forcibly discussed the ad-

vantages and urged the authorization and speedy construction of that railway system. Senator Ward's speech in the United States Senate was of such magnitude, that the record of the proceedings of that body shows that it was a fearless, conscientious, capable representative. According to the official records at Washington, D. C., Senator Ward died near Jefferson, in Tarrant county, Texas, on October 1, 1861.

Beyond all Expectations

-say those who have seen the

Outstanding Chevrolet of Chevrolet History

-a Six in the price range of the four!

The Outstanding Chevrolet of Chevrolet History has now been seen and inspected by millions of people in every section of America—and everywhere it has been enthusiastically hailed as exceeding all expectations.

Everyone anticipated that Chevrolet would produce a remarkable automobile—but no one expected such a sensational six-cylinder motor... such delightful handling ease... such marvelous comfort... such luxurious Fisher bodies... and a fuel economy of better than 20 miles to the gallon! And no one believed that it would be possible to produce such a car in the price range of the four!

If you have not already made a personal inspection of the new Chevrolet, we urge you to do so at your earliest convenience. The beautiful new models are now on display on our showroom floor—and you are cordially invited to call.

Table listing Chevrolet models and prices: The Roadster \$525, The Coach \$525, The Phaeton \$525, The Coupe \$595, The Sedan \$675, The Sport Cabriolet \$695, The Convertible Landau \$725, Sedan Delivery \$595, Light Delivery Chassis \$400, 1 Ton Chassis \$545, 1 1/2 Ton Chassis \$650.

Come in and See these Sensational New Cars—Now on Display

DRY CLEANERS

You'll like the plan of Dapper Dan, the clever Cleaning-Dyeing man!

As a result of this world-wide medical research, Science has discovered that good health is largely governed and maintained by three vital organs and fluids of the body. These are the liver, the blood and the endocrine glands.
 What is more important, we have learned that these organs and fluids can be stimulated and invigorated by certain basic elements.
 Having knowledge of these important discoveries, one of America's leading bio-chemists, succeeded after two and one-half years of laboratory research, in combining these basic elements in one formula—which may well be considered one of the greatest health-giving remedies of the age.
 It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world.
 This new scientific treatment, which represents much of our latest knowledge of modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of medicine.
 With the needs of their customers uppermost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.
 Although introduced in the Southwest only a few weeks ago, Sargon has already become a household word. In Dallas and Fort Worth alone, over 49,000 bottles of Sargon and Sargon Soft Mass Pills have been sold and distributed by local firms. Nothing like it has ever been seen before.
 The agency for Sargon and Sargon Soft Mass Pills for this city and section has been awarded to the Colorado Drug Co. In anticipation of the enormous demand, this well-known firm has just received a large shipment of these celebrated medicines.

Improved Uniform International Sunday School Lesson
 (By REV. F. R. FITZWATER, D.D., Dean Moody Bible Institute of Chicago, (©. 1924, Western Newspaper Union.)
Lesson for January 13
SIN
LESSON TEXT—1 John 1:3-5.
GOLDEN TEXT—If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.
PRIMARY TOPIC—Grieving God.
JUNIOR TOPIC—Grieving God.
INTERMEDIATE AND SENIOR TOPIC—What Sin Is and Does.
YOUNG PEOPLE AND ADULT TOPIC—Sin and Its Consequences.

There is much disparity between the subject and the Scripture unit selected for study. Since the plan is to present the subject topically, using the many texts, it is proper that we should first give a definition of sin.
 The etymology of the word translated sin in both the Hebrew and the Greek signifies "to deviate from the way—to miss the mark"; therefore a going aside. Failure to measure up to a standard is sin. Sin is also the transgression of the law (1 John 3:4). The positive meaning then is that sin is a transgression of the law. Deeper than all this is the condition of the soul, out of which all thought and actions spring. This is called by Paul concupiscence (Rom. 7:7, 8).
 I. The Origin of Sin (Gen. 3:1-24). Man was placed on probation in the Garden of Eden. This was necessary because Adam was created with the possibility of character, but not with character. This he could get only through testing. Free will, alternative choice, which Adam possessed as a creature bearing the likeness and image of God, made character possible and inevitable.
 Character is the resultant of choice. The means used was most simple. God issued just one prohibition. Alongside the tree of good and evil was the tree of life. Satan, a personal being, appeared in the guise of a serpent. He insinuated doubt into Eve's mind and appealed to innocent appetite. She gazed upon and lusted after that which God had forbidden. Following this, she involved Adam in her sin. From this account we see that sin originated, so far as the race is concerned, in the free choice of the head of the race, and through the law of heredity has passed upon all mankind.
 II. The Universality of Sin (Rom. 3:19-18).
 By the use of numerous quotations from the Scriptures, Paul proves that every member of the race is guilty of sin. He does not admit of an exception.
 III. The Fate of Sinners (Gen. 6:5-7).
 The disobedience of man greatly displeased God and He resolved to destroy man from the face of the earth. God's nature is such that sin must be punished.
 IV. The Source of Sin (Mark. 7:14-23).
 All evil thinking and practice spring out of the heart of man. The heart stands for the very center and foundation of the personality. The reason men think vile thoughts is because of their vile nature, which is the result of original sin.
 V. The Sins of Believers (1 John 1:5-2:6).
 1. How perceived (v. 5).
 God is here declared to be light. Therefore sin is perceived through the glorious light of the Divine being. No one can see God without seeing himself a vile sinner. To claim fellowship with God while walking in darkness is the lie of life.
 2. The Divine remedy for sin (v. 7).
 It is the blood of Jesus Christ. Without the shedding of blood there is no remission of sin.
 3. The believer's responsibility (v. 9).
 It is to confess his sin. It is only when we are conscious of our sins in the light of God that we are disposed to make confession of them.
 4. God grants forgiveness and cleansing (vv. 9, 10).
 Because of His promise in the atonement of Jesus Christ, God is able on the basis of justice to forgive the sinner who confesses his sin. Because of His faithfulness in dealing with His children on the basis of the finished work of Christ, He not only forgives, but He cleanses them from all sin.
 5. Christ the believer's advocate (2:1, 2).
 For believers to sin is not necessary, but the advocate who champions his cause in case of sin is the Lord Jesus Christ Himself, who on Calvary's cross made a propitiation for his sin.
 6. Christ's followers obey Him (v. 5).
 Those who have experienced God's saving grace render obedience to His Word.

BRIDGE ON HIGHWAY NUMBER 7 FINISHED

A recent edition of the Post (Texas) Dispatch says that the construction work on the bridge crossing Double Mountain river on Highway No. 7, just below Justiceburg, has been completed and that traffic will be directed over this new route as soon as possible. This bridge has been badly needed for the past few years, as the concrete crossing over the river bed washed out several years ago and was never replaced.

WACO PAPER TAKES NOTE OF STEPS TO PAVE IATAN FLATS

Note is taken of the recent steps by Mitchell county to pave Iatan Flats in the editorial column of the Waco News-Tribune. The following paragraphs were written by Fred Robinson, old-time friend of the Whipkeys, who has visited in Colorado several times and who writes the column, "With the Texas Press" in the News-Tribune:
 "All Texans who have traveled over the Bankhead highway through Mitchell county after a rain, remember Iatan Flats as something akin to the old 'Seven Mile Lane,' between Waco and Mart, now only a memory, due to Mart's aggressiveness in wiping same out. Now comes the Colorado Record, published by former McLennan countyites, the Whipkeys, and tells of plans completed to obliterate this bad spot on the Bankhead highway.
 "Gradually the bad spots are being eliminated in Texas, though Texas being such a large State, it takes time unless a concerted move be taken up to complete all gaps at once and for all time. The Eddy gap, between Waco and Temple, is a notable example that it is easy to do when taken hold of properly, and delays eliminated."

3 GLASSES WATER HELP CONSTIPATION

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adlerika) to each glass.
 Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. W. L. Doss, Druggist.

C. C. SECRETARY REPORTS RECENT BOARD MEETINGS

Several Important Matters Taken Up At Monthly Meeting Thursday

The following report of the regular monthly meeting of the board of directors of the Chamber of Commerce Monday night and of the two called meetings preceding are given in the minutes of J. H. Greene, secretary:

Dr. P. C. Coleman, president and presiding, with the following members present: J. Ralph Lee, C. H. Earnest, C. M. Adams, Joe Mills, J. W. Randle, L. B. Elliott, A. C. Connel, U. D. Wulfjen, Roy Dozier, and J. H. Greene.

Finance statement was read and approved. Members of the executive board expressed satisfaction over the result of the Vardaman Institute.

President Coleman informed the board of directors that anytime there was any detail of any item reported by the secretary not thoroughly understood, that they should feel at liberty to call for detail information, stating there were a few things that it became absolutely necessary to handle in a semi-official manner.

President Coleman brought the matter of accepting Joe Leopold invitation to become a member of the United States Chamber of Commerce. Motion of C. M. Adams, seconded by A. C. Connel, to join the United States Chamber of Commerce. Carried.

Motion of C. H. Earnest, seconded by C. M. Adams, to send escort with the remains of Sam Sloan to place of burial and remain until interment. P. C. Coleman instructed to pay expenses of trip out of the general fund.

Motion of C. M. Adams, seconded by C. H. Earnest, that the chairman appoint a committee to draw resolutions concerning the death of Sam Sloan, copy of which be furnished the press, near relatives, associates and employees, and that a copy of the said resolutions be spread upon our minutes. Motion carried.

Motion of C. M. Adams, seconded by J. W. Randle, that the matter of making an underpass under the railroad near Lone Wolf Creek be referred to roads committee, with instructions for them to take same up with the city council and report back to the executive board. Carried.

Motion of C. M. Adams, seconded by J. W. Randle, spoken to by C. H. Earnest, and C. M. Adams, and carried, instructing the secretary to write a letter of protest, protesting the conditions set forth by Industrial Dallas, Inc., in a map which has been and is being circulated to the hurt of West Texas. That a copy of said letter be furnished the press, Dallas Chamber of Commerce, and West Texas Chamber of Commerce. That the secretary request information explaining the West Texas Chamber of Commerce's attitude and silence in not defending West Texas in this map controversy.

The following committees were appointed by the president and ratified by the executive board:

Publicity—Roy Dozier, R. F. Fee, A. J. Herrington, L. B. Elliott, Ross D. Dixon, W. W. Whipkey, J. Ralph Lee.

Trade Extension—Max Berman, R. H. Barber, Mr. Cooper, C. R. Farris, Nat Thomas, W. L. Doss, J. A. Holt, M. L. Kirschbaum, O. H. Majors.

Civic Improvement—J. H. Smoot, R. N. Gary, T. M. Garrett, E. Keathley, W. R. Morgan, G. B. Slaton, D. H. Snyder, R. J. Wallace, R. B. Terrell.

Roads, Streets and Alleys—J. B. Mills, R. A. Allen, Otto Jones, R. P. Price, R. O. Pearson, R. E. Beal, Sam Smith.

Recreational—C. L. Gray, Fred Brown, J. E. Chase, T. W. Stoneroad, L. B. Elliott, J. Y. Fraser, O. B. Price, J. W. Randle, Stewart Browning, John Shaw, E. J. Mosser, Ed S. Jones, J. B. Mills, R. J. Wallace, J. W. Watson.

Industrial—C. H. Earnest, O. Lambeth, J. Riordan, T. B. Russell, L. B. Elliott, Wash Whitaker.

Oil and Gas—Fred Brown, Paul Teas, Mr. Burrus, O. B. Price, J. A. Sadler, R. J. Wallace, Geo. Rinear, R. H. Ratliff.

Conventions—Geo. H. Mahon. Entertainment—S. W. Browning. Howdy-do—A. C. Connel, Joe Chumal, L. L. Landau, Harry Kithan.

Aviation—L. B. Elliott, C. H. Earnest, Earl Morrison, A. J. Herrington. Hand—J. F. Morris, J. L. Pidgeon, J. Lee Jones, E. M. Majors, Ed S. Jones, Boyd Dozier, R. L. Farmer.

Health—All doctors, dentists and undertakers. Legislative—All lawyers, W. E. Reid, and Chas. Thompson, chairman. Educational—Ben S. Peck and all ministers, Miss Ruby McGill and Thomas Dawes.

Finance—T. W. Stoneroad, Ford Morris and Roy Dozier. Membership—C. M. Adams, Milburn Doss, John Brown, Dick Stone, H. L. Hutchinson, W. W. Porter, L. B. Collier, J. A. Pickens, J. B. Pritchett, R. H. Ratliff, Chas. Hal-

ler, J. A. Sadler, F. H. Strong, M. M. Iglehart, R. C. Sparks, C. A. Simpson, E. B. Smith, C. R. Farris, U. D. Wulfjen.

Agricultural—U. D. Wulfjen, Tom Johnson, W. S. Foster, E. B. Hale, R. E. Bennett, W. D. McAdams, J. M. Bruce, S. P. Carpenter, R. A. Hood, U. R. Salley, W. E. Smith, J. A. Dulin, Mr. Hart of Westbrook, C. C. Thompson, A. A. Dorn, Jim Bodine, Bill Hinkle, D. P. Smith, J. T. Johnson, W. C. Berry, H. H. Vandant, Clyde Smith, Burr Brown, A. K. McCarley, I. K. Galey, H. T. Hall, John Hooks, W. B. Franklin, C. N. Stubbsfield, Mr. McKenzie, Gale Brown, S. H. Hart, J. R. Shepperd, L. L. Bodine, R. M. Jones, W. M. Green, R. H. Northcutt, Dan Beeman, W. S. Schley, L. A. Miller, Roy Warren, Miss Sevier.

The president called attention to the care with which selection of the committeemen had been made, stating that it was very important that we enlist as many people as possible in this work in order to accomplish the greatest good.

Special emphasis was laid on the following: An intensive, active agricultural program, as urged by Secretary Greene, the advantages of which were pointed out by him.

U. D. Wulfjen, chairman of the agricultural committee, stated that although he knew there was much work to be done, he realized the importance of a vigorous agricultural campaign and pledged his unconditional support.

L. B. Elliott, chairman, and Judge C. H. Earnest, members of the aviation committee, stressed the importance of completing and perfecting and maintaining an adequate airport with proper facilities, and pledged their hearty cooperation in bringing this about.

The matter of drawing for one or two years' terms came up, and after the drawing it was found that the following members had drawn one-year terms: Joe Mills, A. J. Herrington, R. P. Price, Max Berman, Dr. Coleman, C. C. Thompson, T. W. Stoneroad, S. W. Browning, J. W. Smoot, and J. Ralph Lee.

Following members drew the two-year terms on the executive board: Roy Dozier, C. M. Adams, C. H. Earnest, C. L. Gray, J. W. Randle, L. B. Elliott, A. C. Connel, U. D. Wulfjen, Ford Morris, Fred Brown.

There being no further business, the meeting adjourned. P. C. COLEMAN, President. J. H. GREENE, Secretary.

Called Meetings At a meeting of the executive board on Thursday, December 27, the following officers were elected: Dr. P. C. Coleman, president; C. M. Adams, first vice president; C. H. Earnest, second vice president; T. W. Stoneroad, treasurer; J. H. Greene, secretary.

At a call meeting of the executive board on Wednesday, Jan. 2, the secretary was instructed to communicate with person or persons in charge of arrangements in handling remains of Sam Sloan, offer them any assistance possible, for this organization to render and maintain an honor guard constantly on watch at the funeral parlor until departure of the cortege and provide an honor escort to accompany the remains to the place of interment and remain there until after interment; also ratify the action of the chairman in ordering flowers to be kept at the funeral parlors.

WRITER WITH FULL STOMACH BURSTS FORTH WITH WORDS OF PRAISE

(The following unsigned letter was received by The Record, but the editor knows the writer and therefore publishes it. The words of praise were evidently written in a hurry, while the writer was nourishing a full stomach and before indigestion had set in.)

To the readers of the Colorado Record: Ye humble scribe, if you know who I am—if you don't, ask somebody that does—last week was the happy recipient of an invitation to a turkey dinner in the home of Mr. and Mrs. Thomas Pritchett, and I cheerfully yielded. There were eight other honored guests besides me, namely, Grandma Martin, and Grandma Gustine, Mrs. M. P. McCall, Mrs. Merrell and Mrs. Phenix, all widows of mature age; also Rev. J. M. Dorn, Prof. J. F. McGill, and one young lady, Miss Ruby McGill. All the guests at the first table were either a widow or widower, and if there was a "puny" one at the table the fact was not found out.

Now, Mr. Editor, wasn't it kind of these good folks to remember the widows and widowers on this occasion? We all partook freely of a bounteous, sumptuous, delicious and refreshing repast. Long live these good people to serve many more good dinners, not forgetting me.

LIGE. HARLEY SADLER BUYS TENT WITH SEATING CAPACITY OF 2,000

A canvas top theatre that will seat more than two thousand persons will be delivered to Harley Sadler some time in April, Mr. Sadler has reported. He recently made arrangements for the giant top, in itself costing \$5,000, while at Kansas City.

Office supplies at the Record office.

Payne Notes

Christmas and New Year's has come and gone. The school will have a smile for everyone and also a hearty welcome to come and visit us. We expect to have a better attendance since the crops are gathered.

DeMonte Basham is in Dallas visiting relatives and seeing Santa Claus.

Miss Grace Copeland spent the week-end with Veda Young of Colorado.

Mrs. W. A. Fuller, Mrs. M. M. Miles and family spent Sunday afternoon in Lorraine.

W. M. Copeland and family returned Sunday from East Texas.

O. M. Homer and family spent Christmas with his father-in-law, Mr. W. A. Smith and family.

Grace Copeland spent the holidays in Ft. Worth, Colorado.

Mr. and Mrs. Ernest Sorrells of Colorado spent Christmas day with C. C. Hubbard.

Mr. and Mrs. Bill Crow spent Christmas with P. M. Basham of Looney.

FEED ROOTS SAID TO HOLD TERRACE SOIL BETTER THAN COTTON

H. C. Towle of Snyder, who owns a farm in Seven Wells community, recommends broadening of crops on terraces, as the feed roots tend to hold the soil better than cotton. Mr. Towle terraced his Scurry County farm two years ago and is terracing his Mitchell County farm this year.

He is using a caterpillar tractor and large grader but instead of making only three rounds to the terrace he is making from four to six rounds as he says terraces cannot be built too big.

Scurry county's cotton this past year was very poor in some communities, but Mr. Towle's terraced farm made twenty bales which he says is about twice the amount of cotton produced on the same community.

COLORADO MOTOR CO. AUTHORIZED SALES AND SERVICE OF FORD CAR

The New BUICK

as new and unrivaled to-day as the day it appeared

With all makes of cars on display—with the improvements for 1929 a matter of record—it must be plain to everyone that the new Buick with Masterpiece Bodies by Fisher merits final recognition as the most advanced automobile of the day!

Its arresting new body lines and contours stamp it immediately as the newest and most distinctive motor car style. Its new Valve-in-Head six-cylinder engine is not only the most powerful automobile engine of its size in the world but the leader in getaway, swiftness and stamina as well. Moreover, a host of new luxury factors makes the new Buick the most comfortable automobile to ride in and to drive.

Scores of thousands of buyers have recognized these facts and entered orders for the new Buick during the past five months. And scores of thousands of others are acclaiming Buick's advanced quality at automobile displays throughout the country.

Every comparison proves the new Buick an outstanding value—as new and unrivaled today as the day it appeared!

- Coupe \$1195 to \$1875
- Sedans \$1220 to \$2145
- Sport \$1225 to \$1550

The Buick Motor Corp. offers a liberal A. C. Time Payment Plan.

How to Raise Poultry
By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1902. Twenty years of veterinary practice on diseases of live stock and poultry. Extensive authority on poultry and stock raising. Nationally known poultry breeder, noted author and lecturer.

A ROBBER IN THE FLOCK

Roup May Wipe Out a Whole Season's Profit if Allowed to Gain a Headway, Says Dr. L. D. LeGear, V. S. of St. Louis, Mo.

"The best way to cure roup," sagely remarked an old timer in the poultry game, "is never to have it." That may sound like a very weak attempt to be funny, but it is gospel truth. Contagious diseases such as roup do not fall willy nilly from the heavens on some whimsical freak of fate. The way is usually paved for them by the lack of adequate sanitation, improper housing facilities, incorrect breeding, failure to cull out weaklings, the weakening effect of parasites, or by some other form of neglect. Healthy, robust fowls, properly fed and housed in sanitary surroundings, will almost always throw off the germs of disease. Even when they do not, however, their rugged constitutions make the success of

treatment practically certain. Acting on the idea of prevention as the best cure for roup, I never add new fowls to my flock until they have been kept in quarantine from two to three weeks. Even if it is practically sure that the birds come from an uninfected flock, this is a wise precaution. They might be carrying the germs of infection which would mature later with disastrous results. If this should happen before they are added to the flock they can be destroyed or treated as the case may demand without danger of spreading the disease. Watch young and delicate birds very closely as they are most susceptible to the deadly roup germs. The same is true of fowls suffering from common cold or catarrh. The throat and nasal passages, being already sore and inflamed, are easily infected. Sick birds, no matter what the ailment, should always be isolated. They can be much more effectively treated when away from the flock and they cannot contaminate the

healthier ones if the disease should prove to be contagious. Should any of your flock begin to show symptoms of roup, no time to show symptoms of roup, no time to prevent further spread. All the houses, pens, coops, and runs should be thoroughly cleaned and sprayed with a strong solution of a good coal tar dip and disinfectant. Droppings, litter and trash of every description should be removed from houses and yards. Every piece of equipment for supplying food and water should be scrubbed and disinfected. All this sounds like work and it is, but the saving is decidedly worth the work required. As the inroads of this deadly disease have been known to wipe out as high as 95 per cent of a flock, every owner of a poultry flock should learn to recognize the symptoms. At first they are much like those of a simple cold or catarrh, but more fever, dullness, prostration and loss of appetite. First symptoms are a watery nasal discharge, difficult breathing with wheeze sound and a constant shaking of the head to dislodge accumulated matter. After two or three days the discharge from the nose becomes thicker and gives off a characteristic offensive odor. The nasal passages then become so clogged that the bird then become so clogged that the bird discharge gradually becomes thicker, causing painful swellings below or in the eye which often destroy it. As it hardens, this discharge may cause the eyes to be completely pasted shut and may gather in such quantities that the head is swollen to twice its normal size. Quite frequently these deposits will press down the roof of the mouth so that the fowl cannot swallow. In some cases there is a canker deposit of yellowish matter on the tissues of the mouth and throat. It is easily removed, however, and should not be confused with a deposit of similar appearance which is a symptom of diphtheria. As soon as any fowl is known to be sick, put it at once to itself as far from the flock as possible and give it one full teaspoonful of epsom salts to remove cold and fever from the system. If the bowels have not moved by the following day, repeat the dose. Give one roup pill night and morning. Wash the affected eyes, nose and mouth once a day with a solution made by mixing one teaspoonful of dip and disinfectant in one quart of warm water. Souse the head, eyes and all into this solution each time. Roup will often yield to treatment if caught in time, but each case must be handled individually and more detailed instructions are required than the space allowed for this article will permit. As a measure of protection for the balance of the flock, after infected birds are removed give epsom salts in a wet wash. Give one pound of epsom salts for each 100 fowls of lighter breeds or for each 75 of the heavier kinds and repeat in one week. A saline purgative such as epsom salts is invaluable at such a time. By causing the prompt elimination of germ-laden matter, this simple remedy may keep many a good layer on the job without interruption. But, after all, there's no remedy like the one quoted at the beginning of this article. I do not claim that roup and kindred diseases cannot invade the premises where sanitation and other precautionary measures are always observed. I do not hesitate to say, however, that the flock where such measures do not obtain is infinitely more liable to suffer infection. Furthermore, if the properly managed flock does become infected, the damage will be much less than among fowls not so well cared for. The old maxim, "An ounce of prevention is worth a pound of cure," may be well worn from much usage, but it is still as true as it ever was. (Copyright, 1928, by Dr. L. D. LeGear, Veterinary Surgeon.)

LORAINE NEWS
Local and Personal News About Loraine and Vicinity
MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for subscriptions for The Colorado Record and to transact other business for Whipkey Printing Company in Loraine. See her and take your County paper.

W. E. Bennett and family left the first of the week for Weatherford, where they moved to make their future home. K. C. McAdams and family moved from Landers last week to a farm near Inadale, recently purchased of H. Ohlenbusch. Albert M. Beights and Miss Zelma Cranfill were married by Rev. Hudson of Hermleigh Sunday afternoon. The groom, who is a son of Mr. and Mrs. H. A. Beights, north of town, is a prosperous farmer and highly respected citizen. The bride is a daughter of Mr. and Mrs. William Cranfill of Lone Star and has many friends who join in congratulations. Mr. and Mrs. Beights will make their home near Inadale. H. J. Askins' mother, who has been visiting here, left this week to visit in Tye, enroute home to Dallas. Mr. and Mrs. Dennis Cranfill are moving into town this week from Valley View and will be at home at the J. F. Reeder place. Mr. and Mrs. Virgil Henderson are leaving this week to make their home in Coahoma, where they have accepted positions of employment. Rev. N. E. McGuire and Supt. H. E. Blythe were Abilene business visitors Saturday. Bill DuBois and wife of Merkel visited relatives in Loraine and Colorado the first of the week. T. A. McGee and wife were Abilene visitors Sunday. J. H. Neill and wife visited Coahoma friends Sunday. W. A. Pendergrass was a business visitor from Ackerly Monday. Mr. and Mrs. J. W. Walker and sister, Mrs. G. I. Braswell, returned from Rising Star Monday, where they attended the funeral of Mrs. N. C. Walker last Sunday. Deceased was the mother of J. W. Walker, B. Walker of Iatan, E. O. Walker and Mrs. G. I. Braswell of Loraine. Flora Mandolene, age 15 months and 17 days, daughter of Mr. and Mrs. J. A. Faulkenberry, Sr., died Friday at 11 a. m. of pneumonia, following an attack of influenza. The funeral services were held at the family residence Saturday at 3 p. m., conducted by Rev. W. H. Hanks, pastor of the Highland Methodist church of Sweetwater, with interment in Loraine cemetery. G. B. Tart left Monday for Abilene, to be at the bedside of his grandfather who was suffering from injuries received in an accident. Mr. and Mrs. J. L. Platt, Mr. and Mrs. Roy Edwards, and Mrs. A. G. Furlow attended the funeral of Mrs. W. M. McMurry, who died in Abilene Friday night and was buried in the old home town, Roscoe, Saturday afternoon. Mrs. T. J. Davis is able to sit up after a siege of illness. Frank Brame, north of town, has been reported quite ill of pneumonia. Mrs. J. W. Roberts left Friday afternoon for Andrews, to be at the bedside of her son's wife, who was quite ill of pneumonia. Mrs. T. H. Grissom was called to Pioneer Tuesday morning to the Claude Grissom home, where her daughter-in-law was reported as being quite ill. Mrs. Frank Riden is reported on the sick list this week. Mr. and Mrs. J. Smith Cochran of Coahoma were week-end visitors of Rev. and Mrs. J. M. Cochran. Rev. Lyons, former presiding elder of the Abilene district and district Sunday school superintendent, was here and preached at the Methodist church Sunday night. Herman Charles of Abilene, filled his appointment at the Church of Christ here Sunday and Sunday night. Rev. Naugle of Westbrook will preach at the Methodist church here next Sunday. Mrs. J. R. Burrus is expected home from Ackerly this week, where she has been visiting. G. W. Adams was able to return home Monday from the Root hospital, where he had recently undergone an appendicitis operation. Woodrow Maggart, who has been dangerously low, is reported recovering nicely at the Root hospital. Mack Smiley returned Saturday night from visiting his family at Tucson, Arizona. Mrs. Velma Reece visited here from Albany during the holidays. Mrs. J. H. Neill, Mr. and Mrs. Dennis Cranfill were among the Sweetwater shoppers Monday. Rev. J. M. Cochran was a visitor in the Sweetwater sanitarium Tuesday. Sam Austin and nephew, Martin, were Loraine visitors from Snyder Sunday. Richard Phillips and family of near Valley View are moving to the Leg Walker farm, south of town, this week. Mrs. E. M. Armstrong spent the latter part of the week in Sweetwater with her daughter, Mrs. Jack Litchfield, who was sick of flu. G. W. Hengedick, wife and daughter, Lillian, are among the flu victims this past week.

C. E. Tucker and daughter, Lorene, and Mrs. F. L. Tucker were in Sweetwater Tuesday. Steve McCain and daughter, Laura, of Rotan, are visiting here. Mr. and Mrs. Clyde Liman are driving a new Ford sedan. Baptist W. M. S. On Monday afternoon a very inspiring program was rendered at the home of Mrs. R. E. Bennett with Mrs. Hal Bennett as assistant hostess. The subject was "God's Claim of Ownership—Ye Are Not Your Own." All were made to feel more keenly the necessity of resolving to give more of themselves to the Master during the coming year. The society was honored by three out-of-town guests, Mrs. A. L. Whipkey and Mrs. C. P. Gary of Colorado, and Mrs. Joe Callaway from Montrose, California. Mrs. Whipkey, president of women's work in the Mitchell-Scurry Association, closed the program with some interesting thoughts on "Stewardship." Mrs. Kennison was welcomed as a new member. Seventeen ladies were present. At the social hour the hostesses were assisted by Mrs. Kuck, a neighbor, in serving refreshments of chicken and pimento sandwiches, pickles, tea and osgood pie with whipped cream.—Reporter.

WEST TEXANS TO AGAIN TOUR THE SUNSHINE STATE

STAMFORD, Jan. 10.—The West Texas Chamber of Commerce will start the new year's work by promoting another motorcycle to California to study the methods of farming, poultry raising and dairying in the Sunshine State. The first trip of this kind sponsored by the Agricultural Department of the regional organization was held in September and was very successful, according to B. M. Whiteker, of the West Texas Chamber of Commerce, who is arranging the trip. Several reservations have already been made for the next trip, which is scheduled to start January 15. A new bus has been secured from the West Texas Coaches of Fort Worth, which has a capacity of twenty-nine passengers. Only 25 or 26 passengers will be taken on each trip, however. It is believed this coach will have power enough to pull the mountain grades better than the last one, and the pushing of passengers will be unnecessary.

SUNDAY ANNIVERSARY OF REV. W. C. ASHFORD'S MINISTRY IN COLORADO

Comments were made at the Baptist church, which about two months ago moved into its new \$55,000 edifice, Sunday morning on the difference between the gathering last Sunday morning and that on the first Sunday in January, a year ago. It was Rev. W. C. Ashford's first Sunday with the Baptists of Colorado, and about twelve people were present for the Sunday School and a few more for church. The members were just beginning their period of worship in the Legion Hut during the erection of the new church, and there was only a pitiful coal fire at that time to keep them warm. J. H. Greene and Rube Morgan later were instrumental in securing gas for the building. Last Sunday, in spite of the amount of sickness, 201 were present for the Sunday school, and those inside the new hot air heated building could look back with humor on the shivering they did a year before.

Puzzled

"Did you ever run up against a mathematical problem that stumped you?"
"Yes, indeed. I could never figure out how, according to the magazine ads, eighty-eight per cent of the dentists recommended one brand of tooth paste, ninety-two per cent recommended another brand, and ninety-five per cent recommended still another brand."

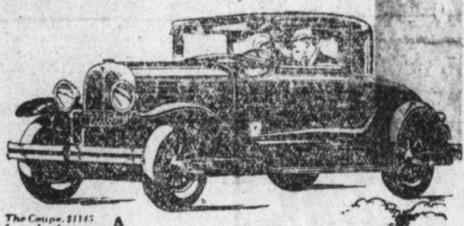

Wrong, Of Course

Teacher—I have vent. That's wrong, isn't it?
Johnny—Yes, ma'am.
Teacher—Why is it wrong?
Johnny—Because you ain't vent yet.

Coughs Stopped Almost Instantly
Doctor's Prescription Relieves Without Harmful Drugs

Almost instant relief for coughs is now guaranteed in the use of a famous physician's prescription called Thoxine which contains no chloroform or dope. It works on an entirely different principle, has a double action, relieves the irritation and goes direct to the internal cause not reached by cough syrups and patent medicines. The very first swallow usually relieves. Thoxine is pleasant and safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by Alocve Drug Co., and all good drug stores.

Sore Gums Now Curable
You won't be ashamed to smile again after you use Leto's Pyorrhoea Remedy. This preparation is used and recommended by leading dentists and cannot fail to benefit you. Druggists return money if it fails.—Colorado Drug Co.—Adv.
