DOORS OF COLORADO SCHOOLS TO SWING OPEN NEXT MONDAY

Vacation Over For Another 9 Months; Three Opening Programs Scheduled

MINISTERS TO TALK

High School Students Begin Classification Friday Afternoon

Ending vacation for the nine month season, the schools will open next Monday morning, drawing into the hundreds of Colorado children and young people to the schools. Three opening programs will be held in the field in the various sections of the state, the first of these being at Pueblo, where the opening program will be held at 7:30 p. m. Friday afternoon. The program will be held in the gymnasium of the high school, which was recently completed and is the largest school building in the city.

Ministers of the various denominations will be invited to give the invocation at the opening programs. At Pueblo, the Rev. W. J. Barrett, pastor of the First Baptist church, will give the invocation. At Denver, the Rev. W. J. Barrett, pastor of the First Baptist church, will give the invocation. At Fort Collins, the Rev. W. J. Barrett, pastor of the First Baptist church, will give the invocation.

High school students will begin their classification on Friday afternoon. The classification will be held in the gymnasium of the high school, which was recently completed and is the largest school building in the city.

PALACE THEATRE TO INSTALL \$10,000.00 'TALKIE' EQUIPMENT

Latest Model RCA Telephone Be Ready For Use By September 15

The real picture is being shown at the Palace Theatre. The latest model RCA 'talkie' equipment will be installed at the theatre about September 15. This equipment, the most modern made by the Radio Corporation of America, cost about \$10,000. The company guarantees complete satisfaction of the company and the RCA 'talkie' equipment will be shown in the theatre in the new theatre.

We are told that the picture can be run on the RCA 'talkie' machine. It is not necessary to have pictures made especially for the machine. In other words, the RCA 'talkie' machine can handle any sound picture work and clearness.

In other talking equipment the picture has to be made especially for the operation with the equipment. Installation of the modern talking equipment for the Palace will put this theatre in the front rank in amusement circles. This theatre is already modern in other ways and the talking equipment will make the Palace one of the best in this section.

The management of the theatre announces that new, high-class pictures are to be shown exclusively when the new equipment is installed.

Only Four Head Needed to Finish Car of Livestock

Four or more head of cattle are needed to complete the second trip of stock at the Mitchell County Fair, according to the U. S. Bureau of Animal Industry. Present plans are to ship out Monday afternoon.

PROMINENT CONAWAY CITIZEN BURIED AT WESTBROOK TUESDAY

C. C. Hart Died in Colorado Tuesday After Extended Illness

C. C. Hart, a prominent citizen of Westbrooke, died Tuesday afternoon after an extended illness. He was 65 years of age. Mr. Hart was a member of the Westbrooke Baptist church and was a well-known figure in the community.

Funeral services for Mr. Hart will be held at 2 p. m. Tuesday at the Westbrooke Baptist church. The Rev. W. J. Barrett will officiate. Burial will be in the Westbrooke cemetery.

FULL FOOTBALL SEASON PROMISED COLORADOANS IN WOLVES SCHEDULE

All Dates Full But Two, And All Games But One Be Played Here

With only two dates between September 20 and Thanksgiving, the football season in Colorado is being played away from Colorado. The Wolves promise to give Coloradoans a full and interesting football season.

The first game will be with Odessa on Saturday, Friday, September 20. The schedule after that date will be as follows: Sept. 27—Midland at Colorado. Oct. 4—Merkel here. Oct. 11—Roscoe at Roscoe. Oct. 18—Loraine here. Oct. 25—Rolan here. Nov. 1—Open. Nov. 11—Snyder here. Nov. 22—Open. Nov. 28—Big Spring here.

Harold Brennand of Dallas spent the week-end with home folks.

MRS. J. H. GUITAR TO RESUME TEACHING HERE WITH SCHOOL OPENING

Colorado Musician Returns From Teaching In North Carolina

After spending the summer with her family in North Carolina, Mrs. J. H. Guitar will return to her home here by September 15, prepared to resume her work as a teacher in the school opening.

Sufficient Supply Was Not Found on Towle Land North Dunn

The city of Colorado is prospecting for water supply on the A. C. Gist land. Sufficient supply was not found on the Towle land north of Dunn.

COMMERCIAL CLASS ENROLLMENT TO BE MONDAY AFTERNOON

Advanced and the Beginners Classes Will Be Given This Year

Time for enrolling in the Commercial classes will be Monday afternoon. Advanced and the beginners classes will be given this year.

WOLVES GIVE PROMISE OF STRONG TEAM FOR C. H. S. THIS SEASON

Seasoned Players To Be Reinforced By Some New Ones

Eight prospects in a worthy team of Wolves are expected to start the season in a strong team for C. H. S. this season.

The team is showing up well. Coach Cantrill says. Seasoned players will be reinforced by a few new ones of great promise. Pete Smith captain, who was formerly tackle, is being tried out in the backfield. Cliff Yater is also practicing in backfield. Red Williams, a former student of Colorado high school, is to be on the team this year and is showing up well as a guard. Arthur Claybrook, T. J. Burruss, Eugene Smith, and Cook are Jackrabbit trained players who will be Wolves this year.

Miss Shell Merrill left Sunday for San Antonio, where she will teach.

Five Rural Schools To Open Monday

Rural schools will open Monday morning with an opening program at 9 a. m. The schools are: M. C. O'Connell, Mandy, and Eula.

DR. WHITMORE ADDS NEW OFFICE SPACE AND NEW EQUIPMENT

Physio-Therapy Equipment Bought; Offices Refinished

Dr. H. B. Whitmore has leased two additional rooms adjoining his private office at the Delaney building and has bought new physio-therapy equipment. The offices have been refinished.

would appreciate report of all social and club meetings. Reports must be phoned in not later than Wednesday afternoon each week.
PHONE 144

Methodist Juniors Give Program
The Juniors and their leaders presented an interesting program Sunday evening at the Methodist church. Mrs. Lucian Maddin, superintendent of the primary department, had charge of the singing and the children did well. Mrs. E. L. Grubbs, superintendent of the Juniors, announced the program.

Mrs. J. G. Merritt gave the devotional which was the "Ministry of the Children." The scriptures were read by Charles Garrett, Emma Lou Merrill and Mary Elizabeth Pidgeon. Rev. W. C. Hinds led the prayer.

A beautiful play was given by John Sargent to Mrs. Garrett told of the life of the Juniors in a very attractive manner. Hazel Grubbs gave a reading and she and the Grubbs boys sang an Indian, one a Mexican and very effectively. "The World Children for Jesus."

Maxine Dorn told what the Juniors had learned of Japan. A Japanese family in costume grouped themselves about Miss Nedda Garrett while she told a beautiful Japanese story. The offering for Junior work amounted to \$10.04. Mrs. Arnett dismissed the meeting with prayer.

Bridgettes
The Bridgettes met on Thursday morning with Miss Hazel Costin at 9 a. m. She had four tables of play-ers, her guests being Mrs. Donna Sivalds of Cisco, Mrs. Floyd Quinney and Mrs. Lowe.

After the usual number of delightful games a delicious luncheon plate composed of pressed chicken, macaroni and sandwiches, potato chips, tea and wafers, was served. The next meeting is with Mrs. Clyde Haney.

Birthday Party
Little Malcolm Glass celebrated his fourth birthday by having a host of little friends come and play with him last Thursday morning from 8 until 10. Games were played, kodak pictures taken, then toy balloons given every one and were greatly enjoyed by the tiny folks. Besides the youngsters, other guests present for the occasion were: Miss Nellie Roar-

dan and Mesdames Ben S. Peek, J. O. Wolf, Lee Carter, Millard Smith and Erskine Gross. The beautiful cake decorated with green grass, tiny white rabbits, and its four little candles, was greatly admired while the candles were burning the guests sang "Happy Birthday to You." Little Annie Lula Peek passed the pretty napkins, and the hostess served ice cream and cake with the little rabbits as plate favors.

Zone Meeting
Mrs. W. H. Garrett, Mrs. J. G. Merritt, Mrs. Ed Grubbs and children went to Hermleigh Tuesday to attend the North Zone meeting. All had a part in the program. Mrs. Garrett spoke on Junior work. Miss Hazel Grubbs gave a reading and sang with the Grubbs boys, with their mother at the piano. Mrs. Merritt talked on the woman's work in general. Representatives from Snyder, Fluvanna, Dunn, Union and Hermleigh were in attendance.

At noon a delicious dinner was served. Mrs. J. R. Williamson of Fluvanna presided. Zone meetings will be held in every part of Sweetwater district during September.

Honoring Mrs. Keathley
Officers and teachers of the Primary department of the Baptist Sunday school showed their love and appreciation for one of their number who is leaving them, when on Tuesday they went down to Mrs. Ernest Keathley's home and gave her a beautiful chain and pendant. Mrs. Keathley has long been a teacher in the Primary department and is going to be greatly missed, for she could always be counted on for faithful, efficient work. Whenever she wears the necklace her co-workers presented her, she will be reminded of their friendship and her days of service and love for her church.

Picnic
Mrs. J. G. Merritt entertained the girls of her Sunday school class with a swim at the Boy Scout swimming pool Friday evening. Through the kindness of Mrs. Tom Hughes transportation was afforded and after the refreshing swim a picnic supper was enjoyed.

Another group of older young folks were also having a picnic supper and swim, and Messrs. Willie Showshire and Chase kindly brought some of the girls home.

Sunday School Party
Tuesday evening Charles Garrett very enjoyably entertained members of his Sunday school class with a party and special all night group. The teacher, Rev. W. C. Hinds, was out of town and unable to be present but the assistant teacher, Lucian Smith was with them and helped the boys play games and otherwise enjoy themselves. About 11 o'clock refreshments of cake and punch were served by Charles' mother and sister, after this some went home, but nine remained there camp in the back yard and spent the night. Breakfast was cooked outside and the very best kind of time was enjoyed by all.

County Federation
The Mitchell County Federation of Clubs will meet Tuesday at 3:30 in the county court room to plan the week's work. A good attendance is expected.

Methodist Home Department
The Methodist Home Department of the Methodist Missionary society, will meet Monday at 4 o'clock with Mrs. J. G. Merritt's family at her home. Every member urged to be present.

Miss LaVada Baze Entertains
Miss LaVada Baze entertained Saturday night with a luncheon party, honoring her guest, Miss Lillian Pridgen of Abilene, and it was reported one of the most delightful affairs of this kind held this season.

Ice-cream watermelon was served at a late hour, and it was still later before any of the group disbanded. Those participating in this sleepfest were: Misses Helen Hester, Mary Frances Majors, Vivian Cook, Elizabeth Hutchinson, Gladys Jones, Juanita Cook, Hilma Joyce, and the honoree.

Sunday morning the hostess' mother, Mrs. John R. Baze, served a delicious breakfast to the sleepy-eyed guests.

Baptist W. M. U.
The Baptist W. M. U. met Monday afternoon in the church parlors. The president, Mrs. Jack Smith, presided and led the devotional. Minutes of previous meeting read and approved. Standing committees made their reports.

Mrs. A. L. Whipple presented diplomas and seals to her Circle No. 5. The president read the yearly report to be given at the Mitchell-Scurry Association, September 23.

A report of \$5,298.25 contributed by the society for all purposes during the year.

After the business session, Mrs. Smith, the retiring president, in a most pleasing manner presented the

incoming officers of the year—Mrs. C. R. Farris, president; Mrs. Green Delaney, recording secretary; Mrs. R. B. Terrell, secretary-treasurer.

The resignation of Mrs. Pat Whitaker as first vice president was accepted, and Mrs. C. H. Lasky was elected to fill the office.

The business and missionary meetings will be at 3 o'clock during the fall and winter months.

Plans were made to entertain the visiting preacher who is to conduct the protracted meeting the coming two weeks.

Circle No. 5 will be hostess for the September Missionary program. The September "Week of Prayer" will be postponed till a later date on account of the protracted meeting.

The first vice president, Mrs. C. H. Lasky, will conduct a parliamentary drill once each quarter.

The circles are making plans for a kitchen shower for one of their members.

The next Missionary meeting will be at the church September 16.

The circles will meet Sept. 9th, Circle 1 with Mrs. C. H. Lasky; Circle 2 at the church in the T. E. L. classroom; Circle 3 with Mrs. T. J. Ratliff; Circle 4 with Mrs. O. B. Price at 3 p. m.; Circle 5 with Mrs. A. L. Whipple.

Party for Younger Set
Wednesday evening Miss Annette Sullivan entertained the younger set of boys and girls with a very enjoyable party. Games were played until a late hour, then refreshments of lemonade, cake and iced tea were served and the boys went home while the girls remained for a slumber party and breakfast. Many youngsters are crowding just as many entertainments as possible into the few days before school begins.

Presbyterians Have Barbecue
Friday afternoon at the Dawes ranch the members of the Presbyterian church and a number of their invited friends enjoyed their annual barbecue.

Mr. Maddin gave the calf, the Sunday school provided the bread, pickles, lemonade and coffee; the ladies made salads, pies and cakes, so a real feast was spread and very much enjoyed by everyone.

Games were played on this ideal picnic ground by the children, while those who were older spent the time in pleasant conversation. It was indeed an ideal entertainment.

Inspirational Meeting
The Presbyterian Auxiliary held its monthly inspirational meeting on Monday afternoon in the church parlors. Mrs. Peek presided, and Mrs. Elliott led the opening prayer.

Mrs. Reese Jones, secretary of the literature, resigned and Miss Elliott was elected to fill the place.

Mrs. Coleman led the devotional, the theme being "Fill the water pots with water." John 2:7-11. Miss Nell Riordan led in prayer. Mrs. Billie Hagler conducted the lesson on Japan; Mrs. Peek told of the "Figure on the Dock"; Mrs. Coleman told of the Imperial Universities of Japan that had Christian presidents; Mrs. Elliott had a very interesting story, "The Saving of the Captain." Miss Nell Riordan told of the churches for Koreans in Japan. Mrs. Millcoe compared the population of Japan with that of the United States; Mrs. Maddin told of the kindergartens; Mrs. Jessell Riordan told of "The House of Peter." Mrs. Clarence Gross taught the fourth chapter of Auxiliary Methodism. The meeting closed with prayer by Mrs. J. Riordan.

CARD OF THANKS

We wish to take this method of expressing our sincere thanks and deepest gratitude to our many friends who ministered to us so loyally during the long illness of our dear husband, father, and brother, and to those who, with beautiful floral offerings and sympathetic hearts consoled us at the time of his death. Especially do we think Dr. Lee, who labored so faithfully with us for him.

We pray that God greatly bless each of you as He has blessed us in this sorrow and sustained us by His great comforting heart.

Mrs. C. C. Hart and Children
Mr. and Mrs. T. C. Hart and Family
Mr. and Mrs. P. P. Armstrong and Family.

Mr. and Mrs. John Robinson returned Sunday evening from an extended trip to California. They visited relatives in Los Angeles and also visited all points of interest in the vicinity of that city. Mr. Robinson reports a wonderful trip and says the coast and mountain regions between El Paso and Los Angeles were wonderful scenery. He says fine fresh vegetables were so cheap at Los Angeles that he bought them just for the fun of the thing.

Mrs. Elmer Hoyle of Oklahoma City returned last week to her home after a visit with her sister, Mrs. Smith, the retiring president, in a most pleasing manner presented the

CHURCHES

FIRST BAPTIST CHURCH

B. Y. P. U.'s meet at 7 o'clock. Visitors are cordially invited to worship with us.

WILLIAM C. ASHFORD, Pastor.

FIRST CHRISTIAN CHURCH
Bible school at 9:45 a. m., W. W. Porter, superintendent. It is the desire of the Bible school to have every member of every family connected with the church and Bible school present on this Sunday. Come on time.

Preaching services 11 a. m. and 5 p. m. The night service will be held on the church lawn. Subject of the morning sermon, "Except your righteousness exceed that of the Scribes and Pharisees." Dr. Root will sing at this service and will be accompanied by Miss Harrison on the piano, Mr. Ed Jones on the violin, Charles Edwin Root on the horn, and Julia May Root on the saxophone. The subject of the evening sermon will be "Some Feels." There will be a most unusual musical program and a sing-song preceding the sermon.

A. E. EWELL, Pastor.

CHURCH OF CHRIST
Subject of morning sermon, "Increase With the Increase of God." Pastor J. D. Harvey in the pulpit. Subject of evening sermon, "The Great Commission."

OLD TIMER COMMITS SUICIDE WHEN SEES IATAN FLAT PAVING

Paving of Iatan Flat, once famous mud hole in Mitchell county, has resulted in a tragedy.

One old-timer of this county committed suicide after one look at the glistening ribbon of concrete across the concrete flat. He walked out on the ledge and deliberately stepped in front of a fast moving automobile and was killed, after having decided the paving of the flat had forever removed his individual usefulness.

This old-timer was "Rosin," fat, full old horse owned by L. C. Dupree. This animal has probably pulled more automobiles through Iatan Flat than all other animals in the county. For many years the horse was kept at the Dupree ranch, near Iatan, and the owner had pulled a car after car through the flat by a rope attached to the horn of the saddle.

This famous cowboy seemed to take great pleasure in "making" autos out of the mud and every chance he got he stood along the highway as if he was "looking for 'suck' cars."

L. C. Dupree said this week that he had probably worn out \$50 worth of lariat rope pulling out tourists and others with this old cow pony and never once charged for the service. No autoist was charged a cent for the work seemingly cheerfully performed by "Rosin."

A few days ago "Rosin" got out of the pasture, a short ways from the highway, and made a bee-line for the road. When he saw the strip of concrete he bounded upon it, gave a "paw" or two and walked over directly in front of an automobile that was speeding down the concrete. The animal apparently expected the autoist to tie a rope on for a lift, but the autoist was making too much speed on the fine pavement and could not avoid a collision, and as a result poor old "Rosin" was killed, and by a car he once pulled out of the mud.

Spade News

Mr. and Mrs. G. W. VanZandt entertained with a party Saturday night. Everyone had a nice time.

Ernest White and Nedda Goss spent the weekend at Slaton, Texas. They are working at Turkey, Texas.

LOGAN AND SONS MOVE TO SECURE ADDITIONAL ROOM

Growing Hatchery And Feed Business Now Housed In Brick Bldg.

Logan & Sons, feed dealers and owners of a modern electrical hatchery, have moved into the brick building recently occupied by Giddings grocery and formerly occupied by the Coca-Cola Bottling works. The move was made necessary in order to secure more room to take care of the growing hatchery and feed business of the firm. The new location is three doors east of the former location and on corner across street from the Lambeth brick gin. Jimmie Logan, manager, said Wednesday that the old location was too small. "Our hatchery business has grown so rapidly that we were compelled to secure more room and we sought a better location," he said. "The brick we now occupy is ideal for our business. It affords ample ventilation and can be kept sanitary and in fine condition. We invite our friends to call on us at the new location."

Logan & Sons have been in the feed and fuel business here for about three years and last year installed a modern electrical chick hatchery. This latter portion of their business has grown rapidly and they recently expanded and opened a large hatchery in Big Spring. Vernon Logan is in Big Spring running the plant there while D. M. Logan and his son James remain here to manage the Colorado plants. They have lived here for many years. Their friends and customers will be glad to see them continue to grow with the removal to a more modern and adequate location.

NOTICE TO CONTRACTORS

Bids will be received 3:00 P. M., Friday, September 13th, for the construction of a one-story brick school building at Silver, District No. 28, Coke county, Texas. Bids will be opened in the office of the Architect, J. E. Pond, City National Bank building, Colorado, Texas. 1tc

WANTED

WANTED—By Monday, white woman housekeeper. Call 207 or see me at Modern Beauty Shoppe. Mrs. L. E. Jordan. 1tp

WANTED—Girl to do house work and cooking for family in Big Spring. Write Mrs. Jesse Case, Big Spring, general delivery, by Saturday. 1tp

WANTED—To sell on easy terms about 50 additional Apex seven-tube Radios (the latest and lowest priced set) this month. Let us install one in your home for a trial, or ask some of our satisfied customers. 1tc BLACKARD HARDWARE CO.

Car Cattle Be Shipped By Co-Operative Assn.

The Cooperative Livestock Shipping Association will ship a car of cattle next week, according to U. G. Hardison, secretary, who said Tuesday that 26 head had been listed for shipment.

Hardison said enough stock to make up the car, which will go to the Fort Worth market, would likely be listed within the next few days. He urges every farmer who has a cow or yearling to sell to see him and list the animal for the shipment.

Full prices brought by the animals go to the owner, and the prices secured in Fort Worth are said to be much higher than those offered on the local market. No fees or commissions are charged by the shipping association. The owners merely pool their stock to make up a car.

The car of stock shipped a few weeks ago brought very satisfactory prices and netted the owners considerable above the prices offered here, it was said.

ELLIS AND PORTER FORM PARTNERSHIP IN REALTY BUSINESS

Former Association Renewed By Local Men; Office In Porter's Location

John Ellis and W. W. Porter have again formed a partnership in the real estate and insurance business under the old firm name of Ellis & Porter, and will continue the Porter office over the Farmer Candy Kitchen.

These men were formerly in partnership in this business for about seven years, having dissolved the partnership three years ago, when Mr. Ellis and his son-in-law, A. R. Wood, formed a partnership in the realty business.

A. R. Wood and his son, M. B. Wood, will continue the realty business operated for the past three years by Ellis & Wood, with offices in the City National Bank building.

Both Ellis and Porter have been in the realty and insurance business here for years. Each has a good clientele and the formation of the partnership will doubtless enable them to better care for their interests and the interests of their clients.

Reports from the bedside of Land Commissioner J. T. Robinson, who fell ill of pneumonia at the home of his son in New London, Conn., and who was not expected to live, say he is improving and has been removed to a hospital and now has a good chance to recover.

FORMAL OPENING OF NEW SHOPPING CENTER IN ABILENE ANNOUNCED

Five New Stores on Cypress Street Open Monday, Sept. 9

Five new stores on Cypress street, the new shopping center of Abilene, are to formally open next Monday, Sept. 9, according to announcement carried in this paper and signed by about one hundred merchants of the City of Abilene whose business has been concentrated on Cypress street, the new retail center.

The Simmons Cowboy band will furnish music for the formal opening of the new stores from 3:30 to 6 p. m. and from 7:30 to 10:30 p. m., Monday.

Colorado citizens have special invitation to attend this program and to visit not only the new Cypress street stores in Abilene, but the many modern establishments grouped in this new shopping center.

Those interested are urged to read the advertisement of this group appearing in The Record this week.

BAPTIST OFFICERS AND TEACHERS MEETING

The teachers and officers meeting of the First Baptist church was exceptionally interesting Wednesday evening.

A delicious supper was served by the Young Business Women's class, of which Mrs. A. L. White is teacher. Records of the past week's work show 219 visits made and 97 phone calls.

There were 47 officers and teachers present.

The church is anxious to have each one of the more than 600 enrolled in the Sunday school to be present Sunday morning.

The Young Business Women's class had the largest number present, while the T. E. L. class led in the number of visits made, 87.

You are cordially invited to become a member of the First Baptist Sunday school.

GONE-OVER USED CARS

3 CARS GIL SHIPPED FROM JUSTICEBURG

Garza county shipped its first oil to be produced from the Justiceburg pool Monday, when three carloads were rolled out to market. The oil was pumped from the Justiceburg field, located four miles east of Justiceburg, by the use of the newly completed pump of the Emerald Oil Company, at Justiceburg and through the two-inch pipe line which has recently been completed also.

The four producers of the pool have been halted from pumping for several weeks, due to a delay, which was made in the laying of the pipe line and the completion of the pumping station at Justiceburg. The 3,500 barrel storage tanks, located at the field, were pumped full and were emptied Saturday.—Post Dispatch.

Born to Mr. and Mrs. Clyde Shoemaker, who live south of town, a girl, on Monday.

Health and Happiness

Are you happy in your home life? The first essential of a Happy Home is Health. You may be rich in dollars, but if you are not blessed with Health, you are really in a state of poverty. Every man, woman and child in this country can enjoy this privilege of Health if they will only "Break away" from the obsolete and useless system of drugs. This is not only a "Wireless" age, it is also a "Drugless" age. A drowning man will jump at a straw if there is nothing else in sight, but if a life belt is at hand he will grasp the latter. Thousands of suffering humanity have jumped at the straw in the shape of Drugs only to find that it was a very weak support and in the majority of cases no support at all. On the other hand thousands of sick people have grasped the "Life Belt" CHIROPRACTIC and have found in it not only support, but ultimately a restoration to Health. Resolve that Health and Happiness shall reign supreme in your home. Learn the principles of the wonderful Science of Chiropractic. Let me, as your Chiropractor, explain them to you; let me give you and each member of your family a Spinal Analysis and be sure that, if Health is in your Home, Happiness will also be a permanent resident there.

Call and let me give you Free Examination.

I am a Graduate Osteopath, Graduate Chiropractor, (3 year course) and a Graduate Nurse.

And I now have connected with my office my husband as assistant, a graduate of three schools and has installed an ELCO ELECTRIC HEALTH GENERATOR. This machine is wonderful for Paralysis, Hay Fever, Asthma.

DROUGHT MAY BE BOON TO COTTON FARMERS BY RAISING PRICES

Dallas News Editor Says Crop May Bring as Much Money As Last Year's Crop

By VICTOR H. SCHOFFELMAYER
Agricultural Editor, Dallas News.

After all sides of the question are considered, there may be really cause for rejoicing on the whole that the Texas cotton crop now probably will be smaller than last year, for small crops always bring compensation in price adjustment. If Texas had contributed to the sum total what its huge acreage could have produced, the price of cotton would have tumbled instead of steadily rising, as it has been doing for some days since indications point to an American cotton crop somewhere around 15,000,000 bales, which will barely meet world requirements of spinners.

On the whole the total income from Texas farm crops and live stock this year may equal or surpass that of 1928. In that year Texas farmers received approximately \$800,000,000 from their crops out of a United States total of \$9,117,000,000 or nearly one-eleventh of the whole. The Texas cotton crop, including seed, in 1928 was valued at some \$530,000,000, with cotton selling at around 17c or 18c a pound. A crop of perhaps 4,500,000 bales may bring about the same price, with a probable rise in price due to shortage.

The total Texas crop and livestock value for 1928 was about \$1,250,000,000. A State which can make such a showing without any significant changes in its farming methods certainly has nothing to fear once its farmers really devote more time and thought to greater efficiency and higher yields on less land. On the whole there is need for greater diversification in Texas. The farmers who again have depended largely on cotton in many cases may be hard hit, but on the whole a smaller cotton crop is an advantage over

The Mitchell county cotton crop, variously estimated from 15,000 to 25,000 bales, will doubtless bring almost as much money as the crop of about 30,000 bales brought last year, if prices climb to a level expected by most prominent cotton men. With a short crop throughout the cotton states and prospects of less than a 15,000,000 bale crop in the United States, cotton prices are expected to go above 20c. If the prices do soar to a higher level the Mitchell county crop, although short, may net the farmers more clear money than a larger crop did last year.

a larger one. This year's crop will be picked largely by the men, women and children on the farm. There will be less need for floating labor, which will cut the expense of harvesting and more money will remain at home, although less will be in general circulation as far as transient cotton pickers are concerned.

When Texas farmers learn to make their cotton a clean cash surplus crop after raising a living at home they will be in better condition. One-crop farming, whether in cotton, wheat or any other crop, never pays in the long run. Balanced farming and living at home is the first rule of successful agriculture.

The Texas grain sorghums are shy of last year's production, with an indicated yield of 54,121,000 bushels, compared with 69,000,000 in 1928. This is the only serious deficiency owing to the prevailing drought in Texas.

EDWIN HALL MAKES DOUBLE YIELD FROM PURE LINE MAIZE

Pure line maize proved to be a good drought resister in a demonstration carried on by Edwin Hall, son of Mr. and Mrs. T. F. Hall of Lone Star. Pure line maize made 302 pounds per acre and ordinary crib seed made 201 pounds per acre. The yield of both plots was cut by dry weather.

Mr. Hall says he is convinced the pure line seed is the best and will select his next year's seed from the club maize plot.

BUSINESS WOMEN TO HAVE PICNIC

The Business and Professional Women's Club will have a picnic at Seven Wells this evening, leaving Colorado at 6:30.

This picnic will count as the monthly banquet meeting of the club.

BIG RODEO SCHEDULED DURING ABILENE FAIR

ABILENE, Sept. 5.—A Wild West rodeo with bucking horses, untamed steers and elusive goats and calves along with a horse show and polo game will be presented by the West Texas Fair on the afternoon of September 24 in front of the grandstand as one of the items on the entertainment program of the fair for this season.

COLORADOANS GUESTS OF LORAINÉ LUNCHEON CLUB WEDNESDAY NOON

Wonderful Luncheon And Entertainment Furnished By Neighbors

Members of the Colorado Luncheon Club who attended the joint meeting of the Lorainé and Colorado clubs at Lorainé Wednesday noon, upon invitation of the Lorainé club, were loud in their praise of the royal entertainment and hospitality extended by our neighbors to the east. Twenty-four Coloradoans and about fifty Lorainé citizens attended

the luncheon, which was served in the basement of the Noret Bros. store by ladies of the Methodist church. Music was rendered by young ladies of Lorainé. This was a very enjoyable part of the program, while the luncheon itself was wonderful. Many of the club members from Colorado said they had never before enjoyed such a wonderful luncheon.

Judge J. C. Hall, president of the Lorainé club, presided. He called on J. H. Greene to introduce the Colorado visitors and Greene did so with a bit of wit and humor.

Dr. P. C. Coleman, president of the Colorado Chamber of Commerce, was the first speaker. He praised Lorainé for the splendid fellowship and neighborliness evidenced by the invitation to the Coloradoans. He also commended the Lorainé people for their cooperation in movements calculated to benefit the whole county, and assured them of the kindest and most sincere feeling on the part of Colorado.

Col. C. M. Adams, in his dignified and pleasing style, cemented the feeling of good fellowship with a brief but impressive address. Every visitor was made to feel at home by the Lorainéites, and Col. Adams' comments on this were splendid.

Judge Hall in his characteristic manner introduced all the Colorado visitors and called upon each for a few words. Judge C. H. Earnest began this series of short speeches by saying that the erroneous idea that Colorado and Lorainé held ill feeling toward each other had no grounds or foundation. There is nothing but the best of feeling toward Lorainé on the part of Coloradoans, he said.

W. W. Porter was the last to make one of these impromptu speeches. He complimented the young ladies and the good women who prepared and served the wonderful luncheon.

W. S. Foster, county agent, told the Lorainé citizens that plans for the community fair to be held at Lorainé this fall should be taken up soon. The Luncheon club of Lorainé will assist in this community fair, and plans for the exhibit will be perfected in a few days, it was said.

Those attending both from Colorado and Lorainé said this was the finest luncheon club meeting ever held in either city. The fine spirit of fellowship and the expressions of friendship and good will were indeed gratifying.

The Lorainé club was given invitation to visit the Colorado club at some future date.

Those attending from Colorado were:

- Harris Toler, C. E. Stubblefield, Doyle Williams, O. H. Majors, Roy Hester, W. L. Doss, J. Ralph Lee, J. B. Mills, C. M. Adams, C. H. Earnest, L. B. Elliott, U. D. Wulfjen, W. S. Foster, J. H. Greene, P. C. Coleman, Wash Whitaker, Herman Findley, W. R. Morgan, A. L. McSpadden, W. E. Reid, C. S. Mudd, J. Riordan, W. W. Porter, Wilbur Lewis.

Miss Janice Wilks left Wednesday night for Midland to assume her duties as teacher in the Midland school. Miss Wilks taught in the Colorado schools the past two years. She was in Midland recently and arranged for rooms and says she is well pleased with her position there and the prospects for a successful year's work.

Office supplies at Record office.

At Last!

The Tire World Is Coming to the White Sidewall Tire!

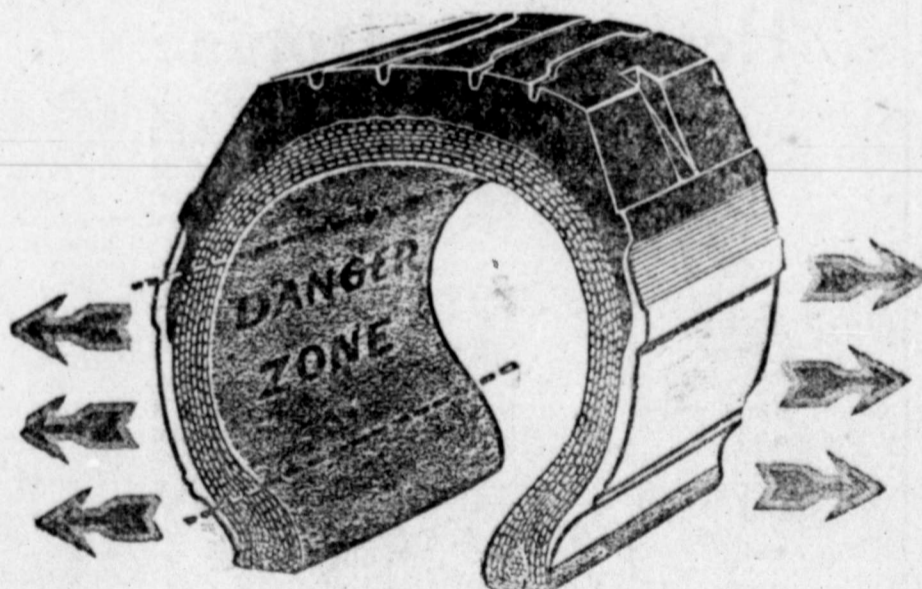

One by one, tire manufacturers are heeding the call of the motoring public for WHITE SIDEWALL tires—the tires whose distinctive beauty and performance have played such a large part in the growth of the South's largest Tire House.

The fact that HICKS has pioneered in WHITE SIDEWALL tires, and that others are just now turning to them, prompts a few frank statements regarding the superiority of WHITE SIDEWALL tires and the reasons for the definite swing to them.

We give you, therefore, the "inside story" of fine tire construction, for we know you are interested in learning why WHITE SIDEWALL tires are superior to all-black tires—and why you are going to see many nationally advertised lines of all-black tires make a change-over to WHITE SIDEWALLS.

Others Have Found Out What HICKS Has Known For Years--THAT White Sidewalls Conduct HEAT Out of the Tire!

Heat is the greatest enemy of modern motoring. Heat generated in tires on speeding cars is responsible for tire trouble and accidents that often assume the form of appalling fatalities. More people are killed by automobiles in six months than were killed from the United States in the world war. These are official statistics. Just how many fatal accidents have been caused by inferior tires and tubes is unknown; we all know that many accidents ascribed to other causes have resulted from tire blowouts.

We picture a cross-section of the HICKS BUILT Star Tire. The metal content of the white sidewall acts as a conductor of heat. This is THERMAL CONDUCTIVITY.

White rubber, with its heat-expelling content, is not used throughout the tire, especially not for the tread, which comes in contact with the hot road. Black rubber is used in the tread, because there is enough internal heat generated in the tire without letting in all the heat from hot pavements and highways.

The greatest flex occurs at the sidewall. Here HICKS places the white, heat-conducting rubber. Here the heat radiates out of the tire. All-black tires bottle up the heat.

Such is the secret of TIRE MILEAGE RECORDS smashed by HICKS' Tires.

When you equip your car with any except the highest quality, strongest tires and tubes, you lose more than the money you throw away on inferior products—you lose the protection that is built into HICKS' tires to safeguard the lives of your family and yourself.

Hicks-Built Stars Run Coolest at Any Temperature!!

Especially on Southwest roads, where a tire is put to its greatest test.

Not one blow-out in a carload!

Ninety per cent of black sidewall tires blow out before they wear out; NINETY-NINE per cent of white sidewall tires wear out before they blow out.

That is why HICKS has been selling and manufacturing white sidewall tires.

That is why other manufacturers are changing over from black to white sidewalls.

There MUST BE Something TO THE WHITE SIDEWALL!

Hicks could have announced the perfected sidewall tire when Hicks Rubber Company purchased the Star Rubber Company of Akron, Ohio and taking the high quality product of that old line manufacturer, placed the white sidewall on the STAR tire. But Hicks preferred to await actual trial and test of the white sidewall STAR tire. The mileage records being broken by STARS OF THE ROAD mean PROOF OF PERFECTION.

Phone 85 Colorado, Texas

See and Feel the proof for yourself.

Come into any HICKS store or associated store and get the proof of white sidewall THERMAL CONDUCTIVITY.

Feel the heat coming out of white rubber BEFORE it begins to come out of black rubber.

Pay no heed to claims; just see and feel the proof for yourself.

Price?

Without HICKS huge volume, the STAR would be the highest priced tire in the world.

WITH Hicks volume, the price is lower than you would have to pay for ordinary tires.

LORAININE NEWS

LOCAL AND PERSONAL NEWS ABOUT LORAININE AND VICINITY

MRS. ZORA DEAN, Correspondent

Mrs. Dean is also authorized to receive and receipt for subscriptions for The Colorado Record and to transact other business for Whipkey Printing Company. See her and take your County paper—The Record

Funeral services conducted by Rev. N. E. McGuire were held at the Baptist church Sunday afternoon at 4:30, August 25, for Harry Williams, age 31, who passed away at his home west of Loraine, Sunday at 6 a. m. Deceased was the second son of Mrs. Lewis Williams of this place, who survives, and had many friends here where he has lived practically all his life. His death was due to an attack of epilepsy to which he had been subject for a number of years. An only brother, who resides at Denver, Colorado, was unable to be present at the funeral.

W. M. Richards and family spent last week visiting here from Lometa.

H. H. Hooker and wife have recently returned from a trip to Alamogordo, N. M., Mesquite Indian reservation and El Paso.

Mr. and Mrs. Melvin Jordan and children, Helen Doris and Melvin Junior, and mother, Mrs. Lee Shep-herd, Mr. and Mrs. R. A. McAllister and children, Harriet and Donnie, and Mr. Bill Jones of Fort Worth, were Loraine visitors Friday evening and spent the week-end on the Concho river. The party joined relatives at the W. A. Cranfill-home, north of town, Sunday and were accompanied home by Mrs. Lee Shepherd, who had remained for a week-end visit in the J. C. Hooker home.

Miss Inez Mayes has returned from Arlington, where she had been attending N. T. A. C.

Miss Adeline McGee is spending a two-weeks' vacation home from All Saints Episcopal hospital, Ft. Worth, where she is taking a three-year special course of training.

Mrs. E. J. Adams, in company with her son, Farron, and daughter, Miss Vera, visited here from Stanton last Saturday.

Mrs. T. B. Brown of Westbrook accompanied her mother and sister, Mrs. J. E. Spikes and Mrs. McCollum, respectively, on a business trip to Abilene Wednesday.

Almonte Smith of Colorado visited with his sister, Mrs. J. M. Cochran, Monday.

Rev. H. W. Hanks, wife and children were over from Sweetwater on Monday afternoon, visiting friends here.

B. L. Templeton and wife came in Friday of last week from a trip thru the Western states.

Misses Cleo Farrar and Wilma Manly made a business trip to Rogers last Saturday.

Rev. J. M. Cochran and wife visited their daughter, Mrs. A. B. Thompson, at Anson, Saturday night.

Grady Furlow and family moved to their farm west of town last week. Monte Smith, the genial hotel clerk at the Barcroft in Colorado, has been visiting at the home of Rev.

and Mrs. J. M. Cochran. Mrs. Cochran is a sister of Mr. Smith.

Grady Furlow and family moved to their farm west of town last week.

Miss Ethry Dean came in from Stephenville Thursday, where she has been in school at John Tarleton.

Mr. and Mrs. K. L. Taylor, accompanied by Mr. Taylor's mother, left Sunday for Temple, where his mother went in the interest of her health.

Mrs. George McMahon of Colorado was over Tuesday visiting her mother, Mrs. O. E. Stevenson.

Miss Helen Thornton left Monday for Lubbock, where she has employment and will also probably enter Texas Tech.

On returning from church Sunday J. C. Hooker and wife were agreeably surprised to find Mrs. L. L. Bodine and children of Colorado, H. H. Hooker and wife, and Miss Velma Cranfill had arrived in the home, and announced "Dinner is served."

The visitors had prepared and brought the dinner, together with several watermelons and a freezer of cream, which was greatly enjoyed.

Mr. and Mrs. Irl Zellner and Mrs. Erwin spent the first of the week visiting in Abilene.

Mrs. J. T. Hook is home from a visit in Cisco.

Mrs. W. A. White of China Grove and Mrs. F. C. Hlstrom of Colorado visited in Loraine Wednesday.

Miss Francis Bennett and mother are visiting here from Denton.

WOMEN HAVE FINE PROGRAM W. M. U. DAY AT ASSOCIATION

The Attendance, Interest And Gifts Best in History of Organization

At the annual meeting of the Mitchell-Scurry Baptist Association, held at Union church, west of Snyder, first of this week, the women's program was especially interesting.

Tuesday was the W. M. U. day and it was the best in the history of the association in attendance, interest and gifts. There were numbers of representatives from all over the association. Besides having the district president, Mrs. B. Reagan of Big Spring, as a guest, there were nine district chairmen. These were from Lamesa, Big Spring and Colorado.

Besides the reports and special music, the outstanding numbers were the greetings and council during the day from the beloved district president, an inspirational talk to the report on missions by Mrs. Myrtle Barber Ware, the reading of the history of the association by the Historian, Mrs. J. G. Smith of Colorado, and an address by Miss Lucile Reagan, a daughter of the district president, a missionary to Africa, who is home on a much needed and overdue rest.

The men, who were meeting at the Methodist church near by, adjourned and came in a body to hear Miss Reagan. This was a most interesting and inspiring address and created a greater interest in missions.

As is the custom, a love offering was taken for the Buckner Orphans' Home. Before this, the Sunbeams of Snyder gave a touching impersonation of orphans going to the home and life in the home. A young lady of Snyder closed this by impersonating the Spirit of Service.

A playlet by the Westbrook Y. W. A., "Love Provides," rested from the routine.

At the close of the session, the nominating committee reported the names for election: President, Mrs. J. A. Woodfin, Snyder; first vice president, Mrs. J. A. McDermott of Westbrook; second vice president, Mrs. E. J. Worthy, Roscoe; third vice president, Mrs. W. D. Green, Colorado; recording secretary, Mrs. T. J. Nipp, Union; corresponding secretary-treasurer, Mrs. L. H. Wren, Snyder; Young People's leader, Mrs. G. W. Bowers, Snyder; chairman personal service, Mrs. Minnie Manning, Colorado; mission chairman, Mrs. G. B. Clark, Snyder; mission study chairman, Mrs. W. J. Coon, Loraine; stewardship chairman, Mrs. E. L. Frost, Roscoe; education chairman, Mrs. G. C. Williams, Westbrook; benevolence, Mrs. A. H. Cruse, Ira; historian, Mrs. J. G. Smith, Colorado.

On merits of three years consecutive service as president, Mrs. A. L. Whipkey was made a member of the executive committee.

The report was unanimously adopted and the meeting adjourned.

At this time the brethren joined the body again and Rev. Sam Morris made a talk on Christian Education.

The good women of the church entertained with dinner on the ground, which those who attended can appreciate. It consisted of everything good to eat. The women attending from Colorado were Mesdames W. G. Delaney, B. F. Wilson, Ruth Ratliff, Minnie Manning, James T. Johnson, W. J. Thompson, Jack Smith, McFaddin, Barton, W. D. Green, Dean Phenix, Charlie Farris, little daughters and Mrs. A. L. Whipkey.

EXAMINER RECOMMENDS T. & P. BE PERMITTED TO EXTEND LINE TO N. M.

DALLAS, Sept. 4.—Examiner H. G. Davis recommended to the interstate commerce commission today that the Texas-New Mexico Railway, subsidiary of the Texas & Pacific Railway, be permitted to extend its line from Winkler county, Texas, to Lovington, Lea county, New Mexico, according to dispatches received here.

The examiner further recommended that the South Plains and Santa Fe Company, subsidiary of the Atchafalaya, Topeka and Santa Fe, be permitted to extend its line from Seagraves, Texas, into Lea county, but that the Santa Fe be refused permission further to extend its line into Lovington.

LITTLE INTERVIEWS

HEARD ABOUT TOWN

J. S. FRANKLIN: "I think The Record was too high on the cotton estimate. I guess the crop in Mitchell county at 20,000 bales this year. My crop will not make more than half as much as did last year. I got 47 bales off 120 acres last year and this year I think about 20 bales will be all I will get off this land."

J. R. SHEPPARD: "Mitchell county won't make 20,000 bales this year. The crop is short, and mighty short at that. I believe the crop in Mitchell county this year will be nearer 18,000 than it will 20,000 bales."

D. P. SMITH of Buford: "My feed crop is better this year than it was last year and my cotton is nearly as good as last year, but many sections of the county are short or crops. Feed is especially short. I believe the crop will not be much more than half that of last year, while I haven't been over the county, but just judging from reports."

E. S. MILES, farmer of Seven Wells: "My crop this year will be about half that of last year. I made 31 bales on about 60 acres last year, but this year I will make only about a quarter of a bale to the acre. I believe the county will average nearly a quarter this year. Feed is short but rain would help things lots."

MERKEL GINS 728TH BALE
Cotton receipts at Merkel for the new season up to Thursday morning, August 29, totaled 728 bales.

The first bale was brought in on Tuesday, August 7, by Teaff Brothers and due to the extremely hot weather cotton has opened much earlier than usual in this section.—Merkel Mail.

HEAVY RAINS FALL WEDNESDAY IN MANY SECTIONS OF WEST

Adjoining Counties Get Much Moisture While Mitchell Is Not Favored

Rains worth many thousands of dollars to farmers and ranchmen fell Wednesday afternoon and night over a large part of West Texas.

While no rainfall was registered at Colorado, and very little was received in the county, adjoining counties report heavy rains. Cloudy weather prevailed Thursday at Colorado and prospects for rain were good.

Sweetwater and vicinity received a good rain Wednesday afternoon. Rotan reports about two inches of rainfall covering a large area and benefiting feed and cotton. Roby, Hamlin and Sylvester received rain and Anson reports .75 inches between 4 and 6 p. m. Wednesday, while Stamford received a good shower about 6 p. m. Wednesday. Snyder reports a half inch, covering much of Scurry county.

Winters and Ballinger report rainfall measuring 1.9 inches which came between 7:30 and 9 o'clock Wednesday night.

A hail storm at Rankin did some damage, but little rain fell there.

Many points on the South Plains report rains. Lockney got a half inch rain Tuesday night and Wednesday morning.

AUSTIN, Sept. 3.—Attorney General Claude Pollard will take office as general attorney of Texas railroads Sept. 15, railroad officials have announced, and will resign his official position with the State probably a day or two before the 15th, it was asserted.

Pollard confirmed report of his coming resignation. Tentative plans of his retirement Saturday, at the end of the State fiscal year were slightly modified, to meet what was understood to be a request from Gov. Dan Moody for a few days in which to complete the selection of Pollard's successor and his successor's appointment are scheduled to be made at the same time.

Appointment of the attorney general to succeed Pollard was believed between two men—Wright Morrow first assistant attorney general in Moody's administration, and Gallo-way Calhoun, Pollard's first assistant.

For Fall—Smart New Things at Low Prices!

The Smartness of Your New Coat Is A Matter of Line

Your new coat may be straight from its flattering fur collar to the hem . . . or it may have a tunic or a flare to emphasize its style-importance. Whichever you choose, you will notice that the style is smart and flattering . . . flares are so low that they do not interfere with the straight silhouette and straight-line coats depend on inserts and panels for a smart effect. Fur trimmings are generous and in keeping with the trend toward the feminine. Be sure to see these new coats without delay.

For Women . . . For Misses . . . For Juniors

\$14.75 to \$49.75

Dresses For Fall

Are Gracefully Soft and Flattering

This is a season of ripples and flares . . . of feminine lines and soft trimmings . . . always smartly used. Many, many styles are waiting for your selection in this especially interesting group at

\$9.90 to \$24.75

Death Claims - Young Mother Here Wednesday

Death claimed Mrs. Dewey (Pete) Deren Wednesday night at her home in South Colorado. Her baby boy, born Tuesday night, survived her.

Mrs. Deren was Miss Jimmie Edwards of the Leoney community before her marriage about five years ago. She and her husband, who also survives her, have always made their home in Colorado.

Funeral services are being held this afternoon (Thursday) and burial is to be in I. O. O. F. cemetery.

Mrs. Ray Womack's mother, Mrs. T. L. Davis of Stephenville, daughter Florine, and son Fernan, left Colorado Tuesday morning for Phoenix, Arizona, where they expect to make their future home, after a short visit with Mrs. Womack. Mrs. Davis, whose home in Stephenville was recently destroyed by fire, is joining another son, Collis, in Phoenix, who has a position with a large Phoenix bank.

Miss Allie Merrill will leave next Sunday for Fort Worth, where she has charge of piano music in the public school.

CARPENTERS CONTRACTORS WOODMAKERS MECHANICS AND GENERAL REPAIR

Please Read This

I have installed an Automatic saw filing machine. It's work can't be best for accuracy and speed. It files and joints saws with mechanical precision—they cut cleaner, swifter and truer.

Speed service on all types of saws. Let me keep your saws like new.

I also have installed a lawn mower machine that will sharpen mowers like they come from the factory—they will cut clean.

I do all kinds of light repair work, guns, pistols and everything that needs repairing at my home, 2 blocks north of courthouse

STORIES OF MITCHELL COUNTY FARMERS APPEAR IN NATIONAL MAGAZINES

Stories of the success attained by Mitchell county farmers in feeding a balanced ration of ground maize, tankage, etc., to hogs are being published in national farm papers throughout the country.

Recent issues of Southern Agriculturalist, Nashville, Tenn.; Capper's Farmer, Topeka, Kans.; Farm and Ranch, Dallas; Progressive Farmer, Dallas and Memphis; Southwestern Farmer-Stockman, El Paso, and the Oklahoma Farmer-Stockman, Oklahoma City, have carried stories of the Mitchell county farmers who have realized a profit in feeding hogs. The experiences of the farmers and club boys in this county are gaining wide publicity.

ALTON PACKARD DIES IN OKLAHOMA CITY

News of the death of Alton Packard, who appeared in a Lyceum course here two years ago, appeared in State papers last Friday.

Packard was an artist, cartoonist, musician and lecturer. He died in a hospital in Oklahoma City on Thursday of last week.

Colorado High School Teacher Married Aug. 29

W. D. Ham, teacher in Colorado high school for this year, was married August 29 at Mt. Vernon, Texas, to Miss Winnie Bennett, and the couple arrived in Colorado first of this week. They have rooms with Mrs. J. E. McCleary.

This is a popular young couple of the Mt. Vernon community. The last issue of the Mt. Vernon Optic-Herald has the following to say about the marriage:

"This (Thursday) morning Mr. W. Don Ham and Miss Winnie Bennett drove to the Methodist parsonage and had Bro. T. H. Morris pronounce the words that made them man and wife. Immediately afterwards they left in their car and will be absent from town until tomorrow when they will return home and be making preparations to leave on Sunday for Colorado, Texas, where Don will teach in the city schools the coming year.

"This is one of the finest young couples in this county. Don is a son of Mr. and Mrs. J. B. Ham and is an exceptionally bright and promising young man. His bride is the lovely daughter of Mr. and Mrs. Louis Bennett of Yale and is a graduate from

the Mt. Vernon high school of the class of 1929.

"We join with a host of friends in extending best wishes and sincere congratulations."

SUCCESSFUL REVIVAL GOING ON AT BUFORD

Increasing interest marks the revival now underway at Buford with Rev. W. C. Ashford, pastor of the First Baptist church, preaching.

Up until Monday night there had been eight professions of faith and 37 additions to the church. Practically the entire community is entering into the services, and great crowds are in attendance each evening, coming from several surrounding communities. The meeting continues through Saturday night.

CONGRATULATIONS TO J. P. HESTAND

For raising the largest hog in Mitchell county. This hog weighed 740 pounds at the age of 18 months. The protein supplement fed to this monster hog was PURINA PIG CHOW furnished by Logan & Sons. You, too, can produce record breaking hogs with Purina Pig Chow, the perfect protein supplement.

SWEETWATER BANKER ADMITS SHORTAGE OF \$10,000 IN ACCOUNTS

Oscar Pate, Cashier of City National, Gives Up And Says Will Repay

SWEETWATER, Sept. 5.—Without saying anything to other officials of the institution, Oscar Pate, cashier of the City National Bank of Sweetwater, drove to Abilene yesterday morning, walked into the office of U. S. Marshal Baylor Crawford and asked to be taken into custody, stating that he was short in his accounts.

He was placed under arrest on a charge of embezzlement, put under bond of \$10,000 and yesterday evening declined to accept any offer of bond, saying he desired to remain in jail for a few days' rest after which he expected to return to Sweetwater and assist in straightening up his affairs.

The shortage which Mr. Pate estimated would amount to about \$10,000 and which was estimated by E. C. Brand, vice president, and J. E. Willis, trust officer of the Continental National Bank of Fort Worth to be about \$12,000 or \$15,000, is fully protected by a bonding company and does not affect the City National Bank in any way.

Error Is Found

First suspicion that the accounts of the bank were not in order came several days ago, they said, when an error of approximately \$3,000 was discovered in the accounts of Cap Newman.

According to Baylor Crawford, U. S. Marshal at Abilene, who has known Mr. Pate for a number of years, the latter walked into his office about 11 o'clock Saturday morning and asked if Crawford knew where he could find Messrs. Folger and Hawkins, bank examiners who live in Abilene. When told by Crawford that they were out of town, Pate said:

"Well, then, I guess you will do. I'm short in my accounts at the City

'MEMORY GHOSTS' ROUTED BY TRANSFORMATION OF OLD HIGH SCHOOL BUILDING THIS SUMMER

"Memory ghosts" that once lurked in the oily stairways and dark recesses of the old Colorado High School building have been partially routed by the hands of the carpenter and painter this summer, in making of the old structure a modern Junior High School.

High school recollections of many Coloradans are bound up in this old building, which, until this summer, stood as it had been for years, with dark oiled floors, nondescript walls, scarred blackboards, green painted window panes, and auditorium well lighted by windows all around the balcony. On entering it, one who had known school days within its walls could almost hear the shuffle of feet and hum of voices as in years gone by.

On the outside the building stands the same as ever, with the exception of new window screens. It is on the inside where changes, all for the better, of course, but a little hard to those with sentimentally inclined memories, have taken place.

Gray and cream are now the color scheme. The large hall on the first floor is equipped to be a cloak room.

National Bank at Sweetwater and want to give up."

Pate Gives Interview

In an interview given by Mr. Pate last night to the Abilene News, he reported to have confirmed the marshal's account of the matter and the offer of Mr. Brand and Mr. Willis to secure bond for him and then to have said:

"I do not want bond. I want to rest here for a few days and then return to Sweetwater to help them straighten up my affairs. I shall sell everything I have, which I think will bring enough to cover the shortage which is about \$10,000. If the bonding company has paid the bank by that time I will pay the bonding company. I am anxious for the people there to understand that I alone am responsible and that the bank will not be hurt in the least."

What was once the typewriting room on the north side, between the hall and one of the class rooms, is now a dressing room for boys in athletics, and is equipped with a shower bath.

There are four class rooms downstairs, all equipped with bookcase, locker, two gas steam radiators, new blackboards, burlap borders above the boards, desks, and modern window shades. The desks have been cleaned and disinfected. All the marks, such as chewing gum and written words, which were left for posterity by students of bygone days, have been removed. Here and there, however, remains an "engraved" word or design, significant of the fact that some former pupil meant to leave something that could not be taken away from those coming after him.

It is in the auditorium where the most "memory ghosts" have been routed. Where once was the balcony there is now a third floor. The old stage curtain and scenery are no more. Two stairways once led to the auditorium, and only one is in evidence now, the other having been closed up for the sake of safety. A second stairway, concrete, has been built outside the building to be used in case of fire or other emergency. The auditorium is artificially lighted, and will seat about 220.

The principal's office is on this floor, in the same little room where it has been for years past, and here the "memory ghosts" can play freely—but not so many may want to watch their frolic here, for not all of them are pleasant. It is easy to recall without help those physical sensations felt on facing the "professor" in his private office.

The four rooms on this floor are equipped as the ones below. Windings stairways on each side of the platform, which once led to the balcony, now take one to the spacious third floor. Across the east of this floor is the bookroom, but otherwise the floor is not to be put to any special use just yet. The floor is smooth and the room well-lighted. It will make an excellent reading room, or place to practice programs and for dances during the year.

And in one corner is found a mute symbol of the changes wrought by the passing years. It is the old bell that tolled in the past to summon folks to desk and book. Now it is dusty and cracked and will ring no more, school officials say. It, too, has given way to something new.

BOY SCOUT COUNCIL ORGANIZED HERE TO PROMOTE ACTIVITIES

Two or Three More Troops To Be Organized, The Leader Says

With the perfection last week of the Boy Scout Council for Colorado, and plans being made for two or three more new troops, Boy Scout work in Mitchell county is to take a lead in the Buffalo Trails Area, according to A. C. Williamson of Sweetwater, new scout executive.

Mr. Williamson was here last week and succeeded in organizing the local council with the following as officers and committeemen: John W. Cobb, chairman; W. A. Rose, vice chairman; J. W. Watson, finance; Jerold Riordan, troop organization; J. F. Morris, camping; W. W. Porter, leadership training; W. W. Whipkey, educational publicity; Dr. T. J. Ratliff, court of honor; J. Ralph Lee, civic service, and Ben S. Peek, reading.

"We will endeavor to organize two or three more troops," Mr. Williamson said. "Colorado has only two troops, and a town the size of Colorado needs more units." Four Scout centers have been organized now and a fifth will be organized at Snyder next month.

Those now working under this plan are Midland, Big Spring, Sweetwater and Colorado. They were organized in the order given.

DRILLING ON COKE WILDCAT CONTINUES

Drilling continued this week on the Mid-Kansas L. E. Lackey No. 1, the wildcat well in Coke county a short distance west of Blackwell, which caused considerable excitement with a showing of oil several weeks ago. Work on the well has continued more or less steadily since the first shut-down occasioned by the oil showing at 3,755 feet.

On Wednesday the bit was going through a white lime formation at 4,024 feet.

LIONS HEAR FIGURES ON COLORADO SCHOOLS FROM SUPERINTENDENT

Friday Meeting of Club Has Unusual Attendance; Several Guests

Quoting figures on scholastics, property, etc., Superintendent Ben S. Peek of the Colorado schools gave an interesting talk at the Lions Club last Friday noon, and probably gave the members of the club some information they did not have before.

Peek's talk was a part of the program arranged by Joe E. Mills, chairman of the entertainment committee.

In discussing the Colorado schools, Peek gave something of the aims of the management and told of the splendid corps of teachers employed for this year. There are ten new teachers in the system, he said.

"We have just completed remodeling the old high school building at a cost of about \$12,000," Peek said. This structure is to be used as a Junior high school, and it is a splendid building now. This will give us ample room to take care of the growing enrollment.

"We have 1319 scholastics in the district and 123 transfers, making a total of 1,442 pupils to take care of this year. There are 38 teachers—13 in high school, 20 in grades, one music teacher, one Mexican teacher and two in negro school.

"Of the ten new teachers this year six have degrees and the other four have senior standing.

"The Colorado high school offers English, history, mathematics, Spanish, science, home economics, vocational agriculture, commercial subjects and public speaking. All of these subjects are well handled.

"Our library contains 4,200 volumes. Our activities include glee clubs, orchestra, and other things, as well as athletics. We are making an effort to have plenty of wholesome athletics and this part of our work is gaining in interest," Mr. Peek concluded.

Peek also told of the plant of the school system. He said the system owned property valued at \$280,000, with an indebtedness of approximately \$180,000. The system owns an equity of about \$100,000, he said.

The Lions club attendance Friday was the largest in several weeks, and the program was good. Dick Gregory was charged with stealing a Ford car and Ford Morris was charged with passing counterfeit money. Ralph Lee produced the counterfeit money, but had no proof as to where he got it. Just as President Randle adjourned the meeting, Lee was about to be taken into custody by Deputy Sheriff Allen Connell for making counterfeit money.

Guests were C. G. Turner of Houston, W. M. King of Dallas, Joe Earnest, S. G. Phillips, district manager of the C. E. Stone Co., of Sweetwater. Joe Earnest, who has been attending Columbia University in New York for some time, said Colorado continued to grow, and this growth was especially noticeable to those who had been away.

The entertainment committee for September was named by President Randle as follows: Mac McSpadden, Bob Stubblefield, and Wed Reid.

LIVESTOCK, POULTRY AND GRAIN SHOW BE HELD HERE NOV. 15-16

Turkey Section of Poultry Show Be Largest Ever Held In Colorado

With announcement that Mitchell County Fair will not be held this year comes the news that a big livestock and poultry show will be held in Colorado on November 15 and 16.

Featured in this show will be a special turkey show, which is expected to be the largest ever held in this section of West Texas. Coming as it does just before the Thanksgiving turkey marketing season many fine turkeys are expected to be shown.

Other features of the shows will be a parcel post sorghum grain exhibit and exhibits of canned goods by the women.

All of these exhibits are to be held under auspices of the county farm agent and the home demonstration agent. The chamber of commerce has pledged full cooperation.

Dairy cattle, poultry, and canned goods exhibits are to receive special attention. Interest in these lines is increasing and those sponsoring the show hope to increase interest by holding the exhibit.

George H. Mahon is in attendance upon district court in Big Spring this week.

Draper Boy Sets Pattern For Father

The method of feeding hogs in 4-H Club work used by George Draper of Lone Star proved to be such a success that his father, J. T. Draper, is using the same method in feeding his meat hogs this year. Mr. Draper is feeding two hogs ground threshed maize and tankage in a self feeder and the first 30 days they were on feed they gained 46 and 60 pounds respectively. One hog weighed 104 and the other 109 at three months of age. They weighed 44 and 53 pounds when they were started on feed. They are expected to beat George's record of 296 pounds at six months.

GREAT EMIL JANNINGS PLAY SECURED FOR TWO DAYS SHOWING PALACE

Paramount Master Film Here Monday And Tuesday of Next Week

Jannings—the great Jannings—is greater than ever in his new dramatic masterpiece, "Betrayed," which is to be shown at the Palace Theatre two days, Monday and Tuesday, September 9 and 10. The Palace management announces the securing of this new, master Paramount picture for the showing here on those dates.

Those who have seen "The Patriot," "The Way of All Flesh," and "The Last Command" will find it difficult to imagine this great star surpassing his own never-to-be-forgotten performances. But surpass himself he does in this gripping story of the Swiss Alps, of an old man's effort to win the love of a young girl who has already pledged her heart and of his final awakening to the futility of trying to overcome love.

Strong drama and tender moments of real human love; thrilling scenes of danger that bring one to the edge of the seat; clever touches of appealing humor that set the heart smiling, these are the things that make "Betrayed" a picture that will live as one of the greatest ever made by any star on the stage or screen.

Beautiful Esther Ralston, who showed such a surprising power for dramatic interpretation in her recent picture, "The Case of Lena Smith," supports Jannings and Gary Cooper of "Legion of the Condemned" fame is also featured in the cast. Two little boys, cast as Jannings sons have an appeal all their own and an excellent group of players assist in rounding out the picture.

TEN NEW FACES TO BE SEEN IN FACULTY GROUP NEXT MONDAY

Eight Teachers Fill Vacancies And Two Are Additions To Teaching Force

Ten new faces will be among the faculty group of Colorado public schools with the opening of school Monday morning.

Of this number, eight were employed to fill vacancies and two are additions to the teaching force. A complete list of the faculty is given below. The subject which each will teach is not given because of the fact that some changes may be made:

High School
C. A. Wilkins, Doyle Williams, R. H. Cantrill, Clyde Bennett, John W. Cobb, G. D. Foster, W. D. Ham, Octavene Cooper, Mary Davies, Mabel Smith, Mrs. R. H. Cantrill, Velma Barrett, Arra Cummings, Annie Moeser.

Junior High School
Hayes Holman, Omer W. Cline, Mrs. David Wright, Miss Alwilda Crosthwaite, Mrs. C. R. Earnest, Miss Eunice Locker, Miss Lea Swope, Miss Yandell Danniels.

Hutchinson School
Mrs. C. A. Wilkins, Mrs. Geo. B. Root, Miss Pauline Doremus, Mrs. J. F. Quinney, Miss Beatrice English, Mrs. Dan Murrell.

Primary School
Mrs. David Russell, Miss Inez Butler, Mrs. Hayes Holman, Mrs. Ethel Headstream, Miss Alice Summerhill, Miss Laura Martin.
Music—Miss Ruth Hightower.
Mexican—Mr. Jesse G. Gill.
Colored School—L. D. Glover and Zolita B. Smith.

B. F. Rice, deputy sheriff of Lorraine, went to Yates, Iraan and other oil field towns Wednesday on business.

Mr. and Mrs. W. T. Baze and Mrs. John Johnston of Snyder, and Mrs. J. L. Smith of Lorenzo spent Monday in Colorado visiting in the home of their son and brother, John R. Baze, Frank Kelley, manager of the land and lease division of the Magnolia Petroleum Co., with offices here, has been confined to his home several days from illness.

Sept-18 Is Colorado Day At Angelo Fair

SAN ANGELO, Sept. 3.—Colorado is to have a special day at the thirty-fourth annual West Texas Exposition, to be held in San Angelo September 16-21. Wednesday, September 18, has been designated by officials of the organization as Colorado Day. It was announced this week.

Because the West Texas Exposition is exactly what its name implies—a West Texas Exposition for West Texans—those at the head of the fair feel that it is nothing but right that each town be given a special day during the fair.

"This does not mean, of course," said L. B. Horton, president, "that West Texans will not be welcome in San Angelo throughout fair week, but it means that each town in West Texas is to be specially recognized, as the fair belongs to each town in the section just as much as it does San Angelo."

We carry a complete line of office supplies.

PONTIAC LEADS SILVER FLEET ON TOUR OF U. S.

Has Required No Major Service During Tour of 22,000 Miles

After 22,000 miles of care-free travel over the most difficult roads of the United States, a Pontiac Big Six led a glittering cavalcade of 15 silver-tinted automobiles into the city of Pontiac, Mich., last week for a brief visit to the Oakland-Pontiac factories.

The Pontiac Big Six is No. 1 car and in No. 1 squad of the Goodrich Silver Fleet which since leaving New York on January 23 has toured 39 states and still has a route of 10,000 miles to cover before the conclusion of the trip back to New York. The pilots are all university graduates, smartly uniformed and perfectly disciplined. They are commanded by Lieutenant H. R. Schaeffer of the U. S. Naval Reserves, apostles of safe driving and tire economy.

The fleet was greeted at the administration building of the Oakland Motor Car Company by W. R. Tracy, vice president in charge of sales; W. B. Sawyer and W. E. Fellows, assistant general sales managers, and other

factory executives. Mayor C. L. Rockwell of Pontiac, also a member of the reception group, signed Lieut. Schaeffer's fleet log.

Despite the fact that the fleet includes cars costing five times as much as the Pontiac Big Six, the latter richly merits its place of leadership according to E. W. Clark, who pilots the Pontiac.

"The valves have been ground but twice and the brakes were adjusted once," said Clark. "That's all. And judging from the way the car is performing I doubt whether we will find any further adjustments necessary during the entire remainder of the tour. The fine balance of the car and its effective braking system have proved extremely easy on the tires."

EXTRA PROFIT MADE BY GEORGE DRAPER ON PURE LINE MAIZE SEED

One hundred sixty-eight pounds of extra maize per acre is the profit due to pure line seed in George Draper's 4-H Club seed demonstration. Pure line seed made 1267 pounds of maize per acre and hand-picked crib seed made 1099 pounds per acre. Both patches were planted the same day side by side, using the two row skip one method of planting.

On every 12 acres of pure seed he gets an extra ton of maize without

cost except heading. Mr. Draper is field selecting his next year's seed from the pure line maize.

SUCCESS OF NORTHCUTT BOY IN FEEDING BABY BEEF TOLD IN MAGAZINE

In an article entitled, "Milo Brings \$85 a Ton," Capper's Farmer, a national farm magazine published by Senator Arthur Capper at Topeka, Kansas, tells of the success of J. C. Northcutt, Mitchell county club boy, in feeding baby beeves.

The article shows that young Northcutt marketed his maize at \$85 per ton by feeding it to the Hereford yearling. This farm magazine circulates throughout the United States. The article giving the experience of the Mitchell county boy has attracted unusual attention.

Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Leto's Pyorrhea Remedy heals worst cases if used as directed. It is not a mouth wash or paste, and is sold Colorado Drug Co.—Adv.

Typewriter and Carbon paper at the Record office.

Pure Line Maize Produces More Than Average

Pure line maize seed made eighty pounds more maize per acre than ordinary maize seed in Paul Small's 4-H Club demonstration in which he tested out the value of the two kinds of seed.

The pure seed made 1370 pounds on the half acre while the other seed made 1330 pounds on the same area. Both plots were cared for exactly the same. They were knifed, cultivated and hoed one time. The two-row-skip-one method of planting was used and the one acre, half good seed and half ordinary seed, made 2704 pounds of maize, demonstrating the value of this method. Paul is the son of Mr. and Mrs. W. M. Small of Landers community.

WANTED—NAMES FOR SCHOOL BUILDINGS

To be quite accurate, two names are wanted—one for the Junior high school and the other for the Primary school.

With four school buildings, one of them the "old high school," now the Junior high school, it has become difficult for Coloradans to grasp instantly just which building is being referred to at times, according to Supt. Ben S. Peek.

Supt. Peek says that the "new high school," now known as Colorado High School, can continue easily under the denomination of "high school," and that the Hutchinson school, of course, will continue to bear its present name. But he believes that if the Junior high school is not given a new name fitting to its renovated condition soon, it will go on indefinitely as the "old high school." The primary building also needs a name, he believes.

Parents and friends of the school will be given an opportunity to act on their opinions in this matter Friday evening, September 13, when teachers will hold "open house" at the various schools from six until nine. Names will probably be suggested and voted on at these gatherings.

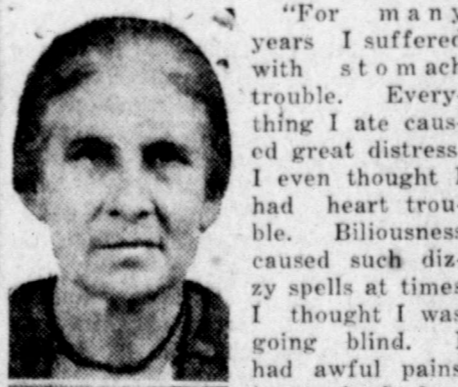

Two-Row-Skip-One Better For Maize Planting

"Two row skip one" maize again proved superior to the solid planting in a demonstration carried on by H. Cranfill of Silver this year. The skip row maize made 1738 pounds per acre and the solid planting made 1666 pounds per acre, an advantage of 72 pounds per acre in favor of the skip-row method.

Mr. Cranfill says it takes less labor to head the two-row maize. He has peas planted in every third row which will help to fertilize his land when turned under. He says he expects to plant his entire maize crop two rows and skip one next year.

NOW GLAD SHE HEADED ADVICE OF HER FRIENDS

"I am so happy over the wonderful benefits received from Sargon that I will always be grateful to my friends and relatives who insisted that I take it."

"For many years I suffered with stomach trouble. Everything I ate caused great distress. I even thought I had heart trouble. Biliousness caused such dizzy spells at times I thought I was going blind. I had awful pains in my back, legs and arms and I was so nervous I hardly ever got good sound sleep. I was always taking some strong laxative for constipation, but never got any real relief. "Finally I started taking Sargon and Sargon Soft Mass Pills and my relief was almost immediate. My appetite is now splendid, I never suffer with indigestion and those terrible pains have gone. The pills regulated me perfectly and relieved my biliousness and constipation. "I could talk all day and never praise Sargon half enough."—Mrs. Julia H. Mata, 2101 Commerce St., San Antonio. Colorado Drug Co., agents. Adv.

Babies must be protected from flies. Besides their torment and torture, flies transmit over thirty different diseases, any one of which may prove fatal. Every fly you see must be killed. INSIST upon and get FLY-TOX the scientific product developed at Mellon Institute of Industrial Research by Rex Research Fellowship. It is harmless to mankind but sure death to all household insects. Just follow instructions on blue label of bottle. Insist on FLY-TOX with its perfume-like fragrance. —Adv.

S. O. Wulfjen Named President Shipping Assn.

At the regular meeting of the Mitchell County Cooperative Livestock Shipping Association held Saturday afternoon, S. O. Wulfjen was elected president, A. R. Northcutt vice president, C. O. Powell, E. B. Hale and T. L. McKinney directors. U. G. Hardison was appointed secretary-manager by the board.

About twenty men were present at the meeting and heard a report of the first shipment. U. G. Hardison announced that 26 head of cattle had been listed to ship next week.

CITATION BY PUBLICATION OF FINAL ACCOUNT THE STATE OF TEXAS

To the Sheriff or Any Constable of Mitchell County—Greeting: R. A. Powell, Administrator with the Will Annexed of the Estate of A. D. Powell, deceased, having filed in our County Court his Final Account of the condition of the Estate of said A. D. Powell, deceased, numbered 555 on the Probate Docket of Mitchell County, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the County of Mitchell you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do, on or before the November Term, 1920, of said County Court, commencing and to be held at the Court House of said County, in the City of Colorado on the fourth of November, A. D. 1920, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Colorado, this 4th day of September, A. D. 1920.

J. LEE JONES, Clerk, County Court, Mitchell Co., Texas. (Seal) By Wayne Clifton, Deputy.

I hereby certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands.

R. E. GREGORY, Sheriff Mitchell County. By J. B. Holt, Deputy.

Snyder Schools Open 9th; Town Continues Growth

(From Snyder News)
Schools Open 9th
Seven new teachers will answer the faculty roll call when Snyder schools begin classes Monday morning, September 9, according to C. Wedgeworth, superintendent. The first opening gesture, however, will be made Friday, September 6, when freshmen and sophomores in the high school must register. Juniors and seniors will have their enrollment day Saturday. The first faculty meeting will also be held Saturday, at 10

By programming your life insurance you know at all times that you are properly and adequately insured. Programming is a part of "Southland Service and" costs nothing. Talk over your program with us.

o'clock in the morning, with Room 102 as a background.

The large city tabernacle was filled to overflowing each evening during the Horace Busby revival held for the Church of Christ from Aug. 18 to 28. More than 40 answered the call up to the last night of the meeting.

Charlie Ross, long-time winner of Scurry county, has been working at his recently-obtained position as manager of the Fuller gin at Hermleigh during the past week. Before accepting the position at Hermleigh, Mr. Ross was connected with the Lambeth-Ely gin of this city.

Revival Services Fine
Success of the Methodist revival which is being conducted by Rev. L. N. Lipscomb, presiding elder, is assured by attendance at the opening services, stated Pastor G. S. Hardy Wednesday. Every effort is being made to enlist all members of the church and others interested in carrying forward the revival to a successful ending.

Thirty Tigers Holding Camp
About 30 Tigers are camping out on the Snyder Country Club grounds this week. That is, they are camping part of the time. Most of them are working on a temporary football practice field and listening to the new coach, Otis M. Moore, as he tells them some of the secrets of playing the game in the fit and proper way.

Street Work
At a special meeting of the city council Wednesday evening, the engineer's report for naming and marking of Snyder streets and numbering of Snyder houses was received, and bids will now be accepted for the work.

Cost of the street signs and house numbers will be borne by the city and by a \$1 fee collected from each property owner.
Simplicity has been the keynote of street naming for Snyder. Streets running east and west are numbered from First street on the extreme eastern limits to Thirty-Seventh St. on the extreme western limit. Streets running north and south will be called avenues, and will be alphabetically named from Avenue A on the extreme northern limits to Avenue Z on the extreme southern limits. It happens that exactly 26 avenues compose the city proper, some really running outside the actual corporate limits.

Bullock Back On Job After Rest
County Superintendent A. A. Bullock returned last week-end from Mineral Wells, where he had spent several days recovering from a nervous breakdown. He has been busy in his office several hours each day this week, getting things in shape for the opening of several county schools early in September, and reports that he is feeling much better.

Location for an oil test in section 114, block 37, two miles southwest of Ira on the Kerb Murphy place has been announced by the Boyd-Lekker interests. Rig materials are being hauled out.

Rural Schools Open
One of Scurry county's model three-teacher schools and one of her outstanding schools with State affiliation will open next Monday.
The Bison school, with J. H. Duck as superintendent, and Mrs. J. H. Duck and Miss Clara Shoemaker as the remaining two teachers, will open with nine grades in full swing. The Bison school is equipped with an outstanding home economics department and one of the best farm shops in the county.

With E. E. Kern as superintendent, the Hermleigh school will get under way with 11 grades. The school's affiliated credits have been extended to 15, making it rank above most schools in small towns in the amount of accredited work.
Two more schools in the county and possibly others, will open Monday, Sept. 9, along with the Snyder school. The Dunn school, with W. C. Hooks at the helm, will open for the first time as an affiliated high school, as the State department announced accredited units for it during the summer.

At Fluvanna, where three new busses for transportation of school children have been purchased, August 9 has been set as the first day of school. E. O. Wedgeworth is superintendent.

Figures Show Snyder Grows
The consistent growth, through dry years and wet ones, lean years and fat ones, has been Snyder's outstanding characteristic, is proven by figures compiled by City Secretary A. C. Preuitt this week.

Building permit records for 1926, 1927, 1928, and the first seven months of 1929 are presented in the compilation. Total permits through July 31 for this year are \$111,050, which is more than the total for the 12 months of 1927. Especially have 1929 permits been consistent, with no month save one running less than \$10,500 and no one running more

LETTERS FROM THE PEOPLE

FROM E. M. McCRELESS

To The Record:
Dear Mr. Editor: Here I come again. Since my last scribbling fresh from the east, I've been in the west, north and south, and everywhere I've been I saw folks. Some good crops, some not so good, but I refrain from calling them bad. Why? Because many, many farmers have done their duty toward cultivating their crops, but they were powerless toward making it rain, hence many crop failures and no doubt they forgot to pray for rain.

Say, Mr. Editor, did you or any of your readers ever have any experience. I have, and while I don't think it a very good idea to be continually telling of our troubles, yet it seems to be an instinct of human nature. So here's for a bit of mine.

Our cook went off sometime ago and in such cases I prefer to be left blank so I can fry eggs and so on. But this time I couldn't find any lard and the butter was out, so I found some soap grease. Now, believe me, I had a mess of things generally and the worst is yet to come. They had to be eaten by somebody, and I decided to make the best of it, and they sure did taste ransom. Then I had to have something to drink and I found a dried-up lemon, squeezed it out the best I could into a glass of water and when I went to sweeten it I lost my balance and poured the whole contents into the sugar dish. So I undertook to strain the sugar out of it but could not. So my trouble goes on. Then the dishes had to be washed, and the folks had to be washed, and the folks had bought a new washing machine and said it did good work, so I rolled it in, threw on the belt, struck a match and set to it. The gas began to roar, the electricity began to flash and the dishes began to rattle, and when I got the thing stopped and undertook to use the wringer I had no use for it. The next thing was to make up a tale to tell when the folks got back, so I just decided to tell them about an elderly lady undertook to make a pot of soap when one of her neighbors asked how did you come out with your soap? She said it ever bit turned out to be lye.

To The Record:
So far as the writer knows there is no law in Texas compelling drivers of wagons or buggies on the highway to carry any kind of light at night. Other States have laws governing operation of all vehicles, but Texas has not yet passed such law.

However, this does not protect the driver of a wagon or buggy on the highway. Such driver should have a lighted lantern attached to the rear of his wagon when traveling at night, as it is almost impossible for the driver of an automobile to see a wagon on the road at night, especially if facing glaring headlights. If the driver of an automobile hits a wagon or buggy on the road, he is liable for damages, but even if the driver of the wagon could collect damages, that would not compensate for the loss of a human life, or fatal injury to his team. A great majority of automobile drivers, however, are not hale to pay damages of a very large amount, even should one have a dozen judgments.

LETTERS FROM THE PEOPLE

The farmer or driver of a wagon on the highway at night is taking a measure of precaution by placing a light on the rear of his vehicle that may mean the saving of his life as well as others, besides probably avoiding destruction of property that cannot be replaced.
All motorists who drive much at night know that it is almost impossible to see a wagon ahead of you until you are almost on it. The State headlight law forces you to cast the lights of a car down on the road and long distance observation is impossible. The bed of a wagon is high above the road and cannot be seen until you have almost hit it.
This is written so that farmers and others may realize the peril they are in when traveling the highways in wagons and buggies at night. Even with lights burning there is still danger of accidents, but a light is a stitch in time that might save nine.
C. R. RAIFSNIDER.

However, this does not protect the driver of a wagon or buggy on the highway. Such driver should have a lighted lantern attached to the rear of his wagon when traveling at night, as it is almost impossible for the driver of an automobile to see a wagon on the road at night, especially if facing glaring headlights. If the driver of an automobile hits a wagon or buggy on the road, he is liable for damages, but even if the driver of the wagon could collect damages, that would not compensate for the loss of a human life, or fatal injury to his team. A great majority of automobile drivers, however, are not hale to pay damages of a very large amount, even should one have a dozen judgments.

Editor Gripes Because Iatan Road Was Not Closed; Should Have Taken Tip From Sweetwater

The Nolan County News, in a writeup of the Iatan Flat celebration "gripes" considerable because the highway was not closed and evidenced considerable disappointment because a certain Colorado citizen's boast that "HE" would close the highway could not be put into effect.

The paper goes further and expresses surprise because the soda pop which wet the whistles of the 4,000 present did not sell for the holiday price of 10c or 15c per bottle. The editor was mistaken in saying the celebration "was staged on the highway right-of-way" though. It was just off the right-of-way.

The article in the News is very good and Colorado can take no objection to it. We admit that we are

not the high financiers that Sweetwater citizens are. We were content to let Iatan Flat be "put away" without trying to rob those who attended the funeral. The News' article follows:

People from all over these United States once went to a great deal of trouble and considerable distance to avoid the Iatan Flat. Last Monday night people from up and down the Bankhead from El Paso to Tye went to a great deal of trouble and considerable distance to go to Iatan Flat.

The occasion was the celebration of the opening of concrete pavement on this part of the highway west of Colorado. Iatan Flat was once the world's most notorious strip of thoroughfare, not excepting the Road to

Mondalay. But now it is just another strip of hard concrete in Texas' network of paved highways.

Four thousand people, about half of whom were speakers on the program, attended the celebration which was sponsored by Colorado. All counties over a 400-mile stretch of the Bankhead were represented, with Mitchell county people predominating, happy that their sore thumb had gotten well.

The fete and formal opening program was attended by a delegation of twenty automobiles and some 75 people from Sweetwater. The caravan from here was sponsored by two prominent gasoline dealers.

Local people took off from the city hall at 5 p. m. with ideal flying weather until rough winds were encountered at the Mitchell county line. The air was rough from the Mitchell county line to Iatan, westbound, and from Iatan to the Mitchell county line eastbound. The grade work has been completed on this part of the road and the eastbound paving has reached Iatan, hence the celebration. The unpaved part in Mitchell county is a good argument for going ahead and paving all the way to the Nolan county line. The road, like some parties, is smooth for a while and then gets rough.

The Sweetwater Caravan, feeling about half naked without the Gypsy Girls and Sweetwater Band and Mr. Crabbe, the violinist, landed at Iatan without a single accident. Signs of interest along the route included the cotton fields. Also, near Loraine was a filling station which advertises a popular brand of gasoline at 16 cents a gallon, as compared with the wholesale price of 18 cents a gallon in Sweetwater. The chamber of commerce over there must be getting results.

For the benefit of newcomers to this section, and babes in arms, the Iatan Flat was once the most highly patronized over-night stopping point in rainy weather of any place in Texas. The road had a way of sticking to you through thick and thin. It has been the most discussed and cussed five or six miles in captivity.

Most any tourist from any State can tell you instantly where the La-

tan Flat is located, what they think of it, what night and hour they met the Flat, and how they feel about seeing it again. Lots of people, in the old days, became so attached to the Flat they felt like they would never leave. In fact, some fear is voiced now that the pavement was put down too hastily without making deep excavations to find if any tin-can tourists from Arkansas or Maine were still wrapping ropes around the rear wheels, way down below the road bed. If anybody's still down there, they'll have to come up through some of the highway department's favorite paving.

The Flat was at its height in rainy weather. And it seems that the highway department is tagging along late as usual, finally getting the road paved when there won't be any need for the paving. It isn't muddy around the Flat now, and doesn't look like it will ever be.

When the Sweetwater caravan reached the site of the celebration it looked as if all the cars in the world were there. The event was staged on the highway right-of-way, between two filling stations. People thronged about the stations, the speakers' stand and the highway. Balloons and soda pop were bursting in every direction. The filling stations sold less gasoline and more pink water than any night in their history. They were literally snowed under with business and it was thoughtful of the celebration officials to locate the fete where they did. Any filling station that has been located on the side of the Flat all these years, hearing profanity flow like it did, have a right to wet the whistles of 4,000 people in a single night. But all honor to 'em—pop was only a nickel a bottle.

The speakers' stand was about 20 feet off the highway and the road was not closed. Consequently traffic never stopped.

Colorado would have profited by taking a tip from Sweetwater and closing the highway.

If the highway had been closed there would have been a resulting wave of publicity lost to Mitchell county forever by the paving of the Flat. There was no admission charge and no road toll.

A bunch of cops efficiently handled the huge number of cars in the various motorcades and obligingly kept their noses turned from illegally-smelling breaths.

There were more women present than men, and more children than women, which is as it should be.

There were lots of good-looking girls there, too, but I was holding the baby.

THE BIG SPRING HERALD SAYS: Iatan Flat is dead.

Which means the finest mudhole on a transcontinental highway has been paved with concrete.

What's more, 4,000 persons celebrated at the official burial of the notorious 10-mile flat Monday night at the town of Iatan. They stood with heads bared while funeral orators from a dozen cities discoursed on everything from Julius Caesar's road program to the value of free publicity on West Texas mud that has been lost by paving the flat.

Then a battery of old fiddlers played the funeral dirges, featuring "Arkansas Traveler" and some of its old cousins of the square dance days.

In the Open

The meeting was held beside the new paving, a motor truck being used as a speaker's stand. Thousands from many points on the Bankhead or Broadway of America highway from El Paso to Abilene stood thru the two-hour program that followed a 30-minute concert by the Colorado Municipal Band.

Dr. P. C. Coleman, Colorado and Mitchell county pioneer, opened the meeting, introducing C. T. Watson, secretary-manager of the Big Spring chamber of commerce, who was master of ceremonies. Dr. Coleman's introduction of Mr. Watson was as a man "who lives in one of the most progressive towns in West Texas."

"I've presided at marriage feasts and funerals and arbitrated family quarrels but never have I presided at a meeting like this. We are here not to praise, but to bury Iatan Flat," he continued. "I've felt sorry for Jimmy Greene, secretary of the Colorado chamber of commerce. But his shoulders are broad and he can stand a lot. He's been introduced all over the country as mayor of Iatan. Lot of people believe he dug this flat," Watson continued.

Judge Thompson
County Judge C. C. Thompson of Mitchell county, in an address welcoming the visitors, remarked that "We're still hearing about Iatan Flat but we're proud of it. He brought forth a reason for the flat being named Iatan. Original surveyors of Mitchell county boundaries were careless in transcribing their notes and changed the "S" in Satan Valley to "I," forming that queer word Iatan, he explained.

H. L. Birney, president of the El Paso chamber of commerce and of the Broadway of America, said Iatan's paving marked the realization of one of the principle goals outlined when the Broadway of America Association was organized two years ago at Pecos.

Traffic Heavy
El Paso can see 12 to 15 per cent increase in tourist traffic over the Broadway compared to that of two years ago and publicity given the route as the most nearly all-paved one across the continent is given credit for this growth, he said.

Claude Holley, secretary of the Stanton chamber of commerce brought greetings from his town and expressed gratification over paving of the flat.

Paul T. Vickers, Midland's chamber of commerce secretary, said that "there will be no more use for the preachers. You won't have Iatan Flat to make you lose your religion. And, you Mitchell county folks will lose some more of your farmers. We already have 135 in Midland county from Mitchell. Heretofore, they've

had to stay in Mitchell because they couldn't get through Iatan Flat. I think when the words in the Bible, 'man is a worm upon the earth' were written the Lord was thinking of people trying to pull the Iatan in automobiles. The most notorious mudhole since Hell's Gulch, California, has been buried."

Lee Satterwhite, former speaker of the house of representatives and now secretary of the Odessa chamber of commerce, congratulated the people of Mitchell county on the paving.

Jimmy Greene, himself, the man who planned the celebration, said the 10-mile strip of Bates type concrete paving is the best in Texas as compared with the cost. He told of being greeted by a stranger on a boat bound for Catalina Island with, "How in the hell is Iatan Flat?"

A quartet of Coloradans, two doctors and two Sams, Drs. Ratliff and Root, and Messrs Sam Scott and Sam Smith, sang a stirring melody dedicated to Iatan Flat. The crowd joined in the chorus, "It's Fixed, It's Fixed, The Iatan Flat is Fixed. Our boasting is not sham. It's fixed. It's fixed. By Texas and Uncle Sam."

Alonzo Phillips was spokesman for a delegation of 80 from Loraine. He said that, although he had resided in Mitchell county 20 years, this was his first visit to Iatan but that he would now come oftener.

Monte Owen, secretary of the Sweetwater board of city development, seconded the sentiment expressed by Mr. Phillips, who said a lot of free publicity would be lost by paving the flat. Monte said he had recently had a good lesson in the value of free publicity, citing the comment made when the Bankhead was closed during the airport celebration in his city.

Judge Fritz R. Smith, who headed a large delegation from Snyder, which is not on the Bankhead, but on the Dal Paso Cavern route, considered by some a competitive highway, appeared in a stirring message, felicitating Mitchell county on completion of the route.

Other Speakers
Judge Earnest of Colorado, Fred Robinson of Waco, Mrs. J. E. McCleary of Colorado, County Judge McClintick of El Paso were other speakers. Mrs. McCleary read a poem of her own composition on "The Miracle Worked in Iatan Flat."

The old fiddlers who were in the contest, which was won by Earl Harris of Sweetwater, included Sam Bullock of Hermleigh, B. F. Logan, J.

M. Hubbard, Earl Harris, N. T. Smith, C. C. Reeves and Joe Thompson.

Mayor R. Ewing Thomason of El Paso, who had driven from his home city, 400 miles away, to attend the celebration, congratulated the citizens and ended by promising that during the West Texas chamber of commerce convention in El Paso, beginning October 24, he would turn over the keys to the city to you. "If that won't satisfy you I'll give you the keys to the jail. Or I'll even deliver in person the keys to the international bridge."—Big Spring Herald.

City Meat Market

For Speed, Power and Pickup ~ a Six without a rival at its price

PONTIAC BIG SIX at \$745

PRODUCT OF GENERAL MOTORS

Without a single exception, today's Pontiac Big Six is the fastest, most powerful six of its price offered to the motoring public today. Its sturdy, 200 cubic inch, L-head engine develops 60 brake horsepower at the moderate engine speed of 3000 r. p. m. Its top speed is the highest to be found in

any low-priced six, according to the "fifth wheel"—most accurate speed-measuring device known to automotive engineers. The same instrument proves it to be the fastest accelerating six in its entire price group. Unquestionably, today's Pontiac Big Six is the performance leader of its field—

With these qualities in addition, to assure you greater value

Greater STYLE
Specially designed bodies by Fisher with the exclusive concave belt moulding. A variety of the season's smartest color combinations in lustreous, long-wearing Duron. A distinctive radiator design. Flaring fenders, 73 inches across. All bright metal finished in gleaming, stainless chrome plate.

Greater CONVENIENCE
Driver's seat adjustable as you drive. Easily regulated VV-type windshield. Foot-controlled headlights. Cross-flow radiator with automatic temperature control—no hand-operated shutters to bother with. Coincidental lock—same turn of the key locks both ignition and transmission.

Greater LONG LIFE
Assured by such features as Pontiac's full pressure lubricating system which supplies the engine with correct lubrication for any speed—the crankcase ventilating system—special moulded non-squeak brake linings which often operate for more than 30,000 miles without replacement—sturdy hardwood and steel body construction—and dozens of others of equal importance.

Greater ECONOMY
Proved by the records of a large public utility corporation, which operated 996 automobiles of 23 different makes during 1928. Pontiac actually costs one cent less per mile to operate than any other low-priced six.

J. O. B. Pontiac, Michigan
Five-Passenger 2-Door Sedan
Body by Fisher

If you are interested in a car costing anywhere near Pontiac's price, your own interests demand that you see and drive today's Pontiac Big Six. And when you come in, bring your present car for our appraisal. Its value will probably cover the down payment, leaving only a few dollars per month to pay. And, as you pay, you will be enjoying the finest car of its price the market affords.

Pontiac Big Six, \$745 to \$895, J. O. B. Pontiac, Mich., plus delivery charges. Bumpers, spring covers and Lincoln shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (J. O. B.) price when comparing automobile values. Oakland Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

man can dispute the evidence of a cancelled check. No bookkeeping system can be more simple than your check books. No safer way of carrying money exists than keeping your check book with you.

ESTABLISHED 1882

CHAIRMAN REPORT AT C. OF C. BOARD MEETING TUESDAY

Financial Report And Iatan Celebration Approved; Health Report Good

At the meeting of the executive board of the Colorado Chamber of Commerce, held at the Colorado Ho-

tel Tuesday noon, reports from the secretary, chairman of committees and others were heard. The monthly financial report by the secretary was approved and a report on the Iatan Flat celebration was endorsed.

Dr. P. C. Coleman, president, presided at the meeting. Board members present were: J. Ralph Lee, Dr. S. W. Browning, Ford Morris, C. M. Adams, C. H. Earnest, T. W. Stoneroad, Roy Dozier, T. R. Holmsley, U. D. Wulfjen, C. L. Gray, J. B. Mills, Max Berman, R. P. Price, J. W. Randle, A. C. Connell, A. J. Herrington, C. C. Thompson, and Joe H. Smoot. W. S. Foster was a guest.

Dr. Coleman called upon committee chairmen to report and the following chairmen made brief reports: C. L. Gray, recreation; C. H. Earnest, industry; T. W. Stoneroad, finance; L. B. Elliott, aviation; U. D. Wulfjen, agriculture.

Mr. Wulfjen reported that various chairmen had decided to discontinue efforts to hold a fair this fall because of the impossibility of securing creditable agricultural exhibits and the board approved this motion after a second by Ralph Lee.

The board went on record, however, as approving plans to hold a poultry show and grain exhibit in Colorado on November 15 and 16. This poultry show will include a turkey and livestock show, and the board pledged cooperation in holding this exhibit.

In reporting to the health committee, Dr. Coleman stated much improvement had been made in Colorado through efforts of this committee. Ralph Lee reported the city council doing everything possible to improve sanitation of the city through sewer connections and other sanitary improvement.

Col. C. M. Adams, membership chairman, reported on membership drive.

The secretary reported on a trip to Lamesa to investigate milk plant proposition. He said Lamesa citizens had sold stock sufficient for establishment of a milk condensary on the Douthitt plan. Greene was instructed to continue the investigation.

W. S. Foster, county agent, addressed the board and explained the manner in which the money devoted to agricultural work through his department is being spent and thanked the citizens for their liberal support and cooperation. He explained the purpose of the organization at Midland on the 7th, to which ranchmen and business men are invited, stating that its purpose is really to feed West Texas feed to West Texas cattle and he insisted that our people, as many of them as possible, attend.

Carpenters Pencils at the Record.

HICKS SAYS WHITE SIDE-WALL TIRES ARE LONGER LIFE

SAYS CHECK SHOWS THESE TIRES WEAR OUT BEFORE THEY BLOW OUT

Perfection of the white sidewall tire, as announced by the Hicks Rubber Company, manufacturers of Star Tires and distributors of Dayton Tires, comes simultaneously with reports in tire circles that many nationally advertised lines of tires are changing over to white sidewalls.

Tire trade journals this month carry announcements by several manufacturers of their turning to white sidewall tires.

Gratification over the swing of the tire pendulum to the type of sidewall that is given much of the credit for the popularity and performance of Star and Dayton tires is voiced by A. C. Connell, manager of the Colorado store of the Hicks Rubber Co., and at the general offices of Hicks Rubber Company which now embraces more than 130 stores and associated stores.

During the several years that the Hicks stores have handled Dayton orobreds, the bulk of the South's largest tire house's record sales volume has been in white sidewall Dayton; and, when the Hicks Rubber Company purchased the Star Rubber Company of Akron, Ohio, last winter, Hicks placed the white sidewall on the Star tires.

Now Connell reveals that the distinctive beauty of white sidewalls was not the chief reason for putting these colorful walls on the Star tire—and is not the reason why other manufacturers are following in the footsteps of the Hicks organization.

The fact that white sidewalls, with their metal content, permit heat to radiate out of tires, is stressed by the Hicks Rubber Co. in its announcement of white sidewall tire perfection, as exemplified in the Hicks Built Star Tire. Heat generated within tires has long been the greatest enemy of tire performance and safe motoring. "Heat Conquered" is the title of an interesting folder being distributed by Hicks stores, and in this folder is related the story of how Hicks Rubber Company, in selling and servicing both white and black sidewall tires, discovered that far more blowouts were chadked against all-black tires.

All of which explains the elation of Texas' own tire manufacturer and distributor—pioneer in white sidewall construction—over the fact that the tire world generally is coming around to the thought that "white makes right."

ROSCOE NEWS

From Roscoe Times:

S. J. Keith Is Dead
S. J. Keith, age 61, died at his home in North Roscoe early Wednesday morning after an illness of about a week. Mr. Keith has been in poor health for some time but had not been serious until a few days ago.

Gin Report
Thursday, August 29, at 4 o'clock, the five gins running in Roscoe had ginned a total of 144 bales of cotton. This is the largest number of bales ginned at this date ever reported in Roscoe.

Various estimates have been placed on the cotton crop in this territory for this season. Some say there will not be more than 2500 bales ginned, others estimate all the way from 3000 to 6000 bales.

Methodist Meeting Great Success
The Methodist revival meeting closed last Sunday night after a two weeks series. Many have said this meeting was the best held in Roscoe since Rev. Law was here some 14 years ago.

The preaching was done by Rev. Marvin B. Norwood, pastor. Rev. Ed G. Phillips of Salome Springs, Ark., led the singing and assisted in the personal work of the meeting. His assistance was worth a great deal to the meeting. Seventy-one persons gave their names for membership in the various churches in the city, 51 of whom were received in the Methodist church Sunday night, eight more to be received later. There were 44 additions by profession of faith and several reclamations.

Football Training
Announcement is made by Coach Acton McCollum, of the Roscoe High School Plowboys, that pre-season football training will begin Monday, September 2. The regular season will open on Friday, September 13, when the first game will be played.

PRISON COMMITTEE SAYS NEW SYSTEM TO COST ABOUT \$5,000,000

AUSTIN, Sept. 3.—Another special session of the Forty-first Legislature will not take place until next January, it developed Tuesday when Bob Barker, Fort Worth, announced that the prison investigation committee will not have its report ready until some time in December. Barker is secretary of the committee.

While here Tuesday, Senator Pink L. Parrish, Lubbock, said that his fee inquiry committee will report about the same time so that the findings of the two bodies may go jointly before the Governor and Legislature.

Barker disclosed that the committee likely will not recommend a prison plant that will be as expensive as heretofore estimated, previous prediction having been made that the new central prison would cost \$10,000,000 to \$15,000,000.

"The most expensive prison we saw was located in Pennsylvania," he said, "and its cost was placed at \$10,000,000. We believe the Texas cost will be under this, probably as low as \$5,000,000. The commission visited 22 penitentiaries, traveled over 6,000 miles and accumulated some valuable data to present to the Legislature, both as to a plant and as to methods of management. The committee's report will not be lengthy."

NEW HEADLIGHT LAW IN EFFECT SEPT. 15

The new law regarding the proper burning of headlights and tail lights on automobiles and trucks went into effect on September 1, and that this law will be rigidly enforced by the State highway officials is indicated by the increased number of officers who will patrol the roads over the State.

Cars showing only one headlight have long been a menace on our roads and persons operating cars with only one light will be arrested on sight. Both headlights must be burning in such a way as to project the lights in the manner prescribed by law. The tail light must also be showing.

All cities and towns have been asked to assist the highway officers by arresting all persons driving cars through the town with improper headlights.

COWBOY BAND STARTS ABILENE, Sept. 4.—The Cowboy Band of Simmons University begins pre-school rehearsals Saturday, Sept. 7, in preparation for what is expected to be the greatest year in all its history.

Miss Evelyn Stell has returned from a visit with her sister, Mrs. Lloyd Jones, at Muleshoe. While away this summer she attended the Y. M. P. S. encampment at Palo Duro.

AMENDMENTS BADLY BEATEN

The State canvassing board's report on the constitutional amendment election held last July, given out this week, shows that both the amendment increasing the membership of the supreme court and that raising the governor's salary from \$4,000 to \$10,000 were beaten by topheavy majorities.

With 27 counties failing to report, the board found that the supreme court amendment was beaten 77,066 to 49,681, and the governor's salary amendment lost 76,166 to 49,644.

These figures show how flimsy was the optimism of those who believed for many days that both amendments had been adopted.—Abilene Reporter.

W. S. COOPER TAKES POSITION WITH LIFE INSURANCE COMPANY

W. S. Cooper, who left Colorado in February for Stamford to become

secretary of the Stamford Chamber of Commerce, which place he resigned recently, has been appointed agent for the Jefferson Standard Life Insurance Co.

Cooper was formerly secretary of the Colorado Chamber of Commerce and news editor of The Record; He went to Breckenridge as secretary, resigning there last fall, and came back to Colorado in January to work on The Record during the absence of Wed Reid, but took the Stamford position February 15.

Mrs. J. G. Merritt went to Abilene Saturday to attend the funeral of J. Frank Potts, whose wife is one of Mrs. Merritt's special friends and an officer in the Northwest Texas Conference, Methodist church.

GROCERIES ALL GONE!

Oh! Dear, we haven't a thing in the house to eat and our friends will be here any moment. This is what I deserve for not going to town and gathering my dinner up every morning.

From this day on I am going to trade at R. H. Smith & Son Grocery and telephone them my order and save myself an hour's time every day.

A FRIEND YOU'RE GLAD TO MEET the CONOCO RED TRIANGLE

"I was glad to see your sign as I rounded that curve . . . it's a STOP sign with me!"

TOURING! Many are its petty annoyances—but many its pleasures! Much depends upon the way your car performs. If your motor hums along softly, smoothly, sweetly—all is well! And that depends mostly on your oil. That's the reason so many motorists greet the Conoco Red Triangle as a real friend.

They know it is a sure guide to oil that they can trust—Conoco Motor Oil! This motor oil has saved motor trouble in so many emergencies where the average oil simply would not stand the gaff. Motorists who know, always feel safer with Conoco Motor Oil. Seek the sign of the Conoco Red Triangle—and be sure.

Conoco Gasoline and Conoco Motor Oil are made by the Greater Continental Oil Company (the Marland Oil Company combined with the Continental Oil Company) and sold at stations formerly handling Marland products and Continental products. Look for the new Conoco sign.

CONOCO MOTOR OIL

extra life for your car

AT THE SIGN OF THE RED TRIANGLE

UNCLE FRED TELLS OF SOME OF HIS RAMBLIN'S

Our last letter left us somewhere in Idaho. We rambled on down into Utah, stopping first at Ogden. This was after we had visited American Falls and Twin Falls, the source of Idaho's irrigation water supply.

Ideally located at the foot of high mountains, where it is always cool and pleasant. Fresh breezes from the hills or from Great Salt Lake give that refreshing twang to the air so seldom found in summer.

The resort itself is a beauty spot befitting the landscape. Gardens, always in bloom, invite the lover of flowers. Near the center of the grounds are the picturesque sunken gardens.

Carnival features are of many varieties. A fun house, patterned after the one at Steeplechase Pier, at Coney Island, brings many a merry laugh from young and old.

On down to Salt Lake City—and what shall we say? Of course, we visited the State Capitol building, the Mormon Temple and the Great Salt Lake.

As the "Center of Scenic America," the city of the Mormons and the city by the great Inland Sea, Salt Lake City has more to offer the tourist or the vacationist than any community of its size in the entire world.

There is a romantic charm about Salt Lake City which holds the traveler fascinated. Historically it is one of the most interesting cities in America and visitors from other lands invariably include Salt Lake City in their itinerary.

Romantic Salt Lake—the City of the Valleys—is to the intermountain west what the Missions are to Old Mexico. Establishment of the church the initial factor in the creation of Salt Lake. The Mormon Temple is known around the world.

With the influx of the Mormons, otherwise known as the Latter-day Saints of the Church of Jesus Christ who banded together from many parts of the world and emigrated to Utah, a thriving populace was soon established.

The Mormon Temple with its secretive granite walls and towering spires, the Tabernacle, with its world renowned organ and great domed roof, and the Museum, with its historic and pre-historic relics, all form a nucleus for Salt Lake City's most interesting tourist attraction.

At the heart of the State among the leading commonwealths of America, we started west from Salt Lake over 100 miles of salt desert, then 300 miles in Nevada over a sand desert—and, what I mean, a sure enough desert.

We arrived at Oakland, crossed the bay on the four-mile ferry, and were turned loose in San Francisco. For scenic beauty, few places in the world can excel San Francisco.

The very air of San Francisco is "Nature's own rouge" and her women are said to be among the fairest in the land. The temperature is mild and cool. No circumstantial description of San Francisco can account for its peculiar appeal to the visitor without taking into consideration a certain atmosphere of romance and charm that is instantly felt and that proves invariably winning to the stranger.

Advancing up Market street, you will notice a high, steep hill something over a mile to your right. That is Telegraph Hill. Its sides present an artistic jumble of Latin cottages, its summit surmounted by a little park, will later give you a breathtaking view of San Francisco.

Beyond the southwestern base of this hill is Chinatown, whose 20 square blocks bristle with pagoda roofs and are gay with lantern-hung balconies and whose streets and shops are so fascinating and colorful.

But enough about this city by the sea. We went direct on to Yosemite National Park and Mariposa big trees. Our next letter will be devoted entirely to this park.

each industry or attraction being depicted there in the corridors of the building. Besides these attractions, the ten-acre block holds the first house built in Utah by the Pioneers, bronze statues of Joseph and Hyrum Smith, early leaders of the Mormon faith.

We heard a sermon by one of the big elders and it seems to be a religion with Jesus Christ left out. A 45-minute drive over a boulevard, past the aviation field, where five transcontinental air mail plane lines take off, brings you to the shore of Great Salt Lake, the Dead Sea of America, 75 miles long and 40 miles wide.

Antelope Island rises to the northward. On this island are 300 wild buffalo which you have probably seen on the motion picture screen, for they were the buffalo shown in "The Covered Wagon." There are five other islands, the most unique of which is Bird Island, where thousands of sea gulls and blue heron make their homes in the spring.

Not least among the interesting features of Saltair is the sweeping view it affords of the country in all directions. Near by are the vast islands, receding in a chain of mounds and peaks to the northwest. In any direction is a vista of unique scenic interest. You are in the very heart of nature's grandeur.

Penney Store Opens Sweetwater joined the ranks of some 1,400 J. C. Penney towns in the United States Thursday when the local store, located in the Glass building, 300 block on Oak street, opened for business.

Ranch House Burns The ranch house on the M. L. Compton ranch southwest of Marysville was burned to the ground by fire of unknown origin which also destroyed all the household effects.

Mitchell County Folks Attend Family Reunion A group of Colorado and Loraine citizens were among those attending a reunion of the Love family at the Presbyterian Encampment grounds in Buffalo Gap week before last.

Painful Indigestion "I suffered from indigestion—everything I ate gave me heartburn," says Mrs. Mattie Mullins, of Penn, Va.

Black-Draught "For months, I did not see a well day. I worked along, but never felt well. I got a package of Theodor's Black-Draught at the store and began taking it—a dose every night before going to bed. I had been having an awful pain. After I had taken Black-Draught, this pain entirely stopped. I began to gain in weight, and rested well at night. In a few months I was feeling fine. My health was better than it had been in years. I keep Black-Draught in our home, and we all take it for constipation and upset stomach."

Black-Draught "I insist on Theodor's Black-Draught for constipation and biliousness."

SWEETWATER NEWS ITEMS

Parade Opens Fair A brilliant parade, to be participated in by business firms, clubs, schools and individuals from over Nolan and adjoining counties, will officially open the 1929 Midwest Exposition on Tuesday, Oct. 1.

Sweetwater Municipal Band, touring South Texas on a publicity barnstorming trip, was made official band of the Texas American Legion at its ex-service men's convention in Port Arthur Monday.

The crippled children's clinic, being held in Sweetwater this week, under auspices of the Rotary Club in cooperation with local physicians, has been attended by over 30 children from throughout the county who gathered Wednesday for first day examinations.

Sweetwater municipal airport will go under actual management of the city on Sept. 1 at which time the city will assume charge of grounds, hangar, buildings, gasoline pumps and all other business connected with the port. A manager for the field will be named within the next few days.

Ranch House Burns The ranch house on the M. L. Compton ranch southwest of Marysville was burned to the ground by fire of unknown origin which also destroyed all the household effects.

Mitchell County Folks Attend Family Reunion A group of Colorado and Loraine citizens were among those attending a reunion of the Love family at the Presbyterian Encampment grounds in Buffalo Gap week before last.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Mitchell County—Greeting: You are hereby commanded, that the plaintiffs demand being as follows, to-wit: A suit in trespass to try title, wherein plaintiff alleges that on or about the 1st day of April, 1929, but if not, then in a newspaper published in the nearest County to said Mitchell County, for four consecutive weeks previous to the return day hereof, Mrs. W. A. White, a widow, and the unknown heirs of W. T. White, W. H. Avery and Mae Avery, A. F. Johnson and Julia Johnson, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Mitchell at the Court House thereof, in Colorado, Texas, on the Twenty-first day of October A. D. 1929, then and there to answer a petition filed in said Court, on the 24th day of April A. D. 1929, in a suit numbered on the Docket of said Court No. 5112, wherein W. L. Adams is plaintiff, and Mrs. W. A. White, a widow, and the unknown heirs of W. T. White, W. H. Avery and Mae Avery, A. F. Johnson and Julia Johnson are defendants. The nature of you summon, by making Publication of this Citation in some newspaper published in the County of Mitchell if there be a newspaper published in 1929, he was lawfully seized and possessed of the herein described land and premises, holding and claiming the same in fee simple, to-wit:

All of lots 1, 3, and 3 and the south 50 feet of lot No. 4, all in block No. 7 of the White Subdivision of the town of Loraine, Mitchell County, Texas.

That on or about the day and the year aforesaid, the defendants, unlawfully entered upon said premises and ejected the plaintiff therefrom and unlawfully withheld possession thereof, from him, to his damage in the sum of \$700.00.

Wherefore, plaintiff prays judgment of the court for title to the land, that Citation issue, for damages, and costs of suit and for writ of restitution. Plaintiff further alleges that this action is brought to try title as well as for damages.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, Texas, this, the 12th day of August, A. D. 1929.

BURTON-LINGO COMPANY

LUMBER and BUILDING MATERIALS
Lowe Bros. Paints and DuPont Duco Lacquer
WESTBROOK, TEXAS

Mr. C. C. Hart of the Conaway community died Monday night after a long illness. Mr. Hart was born in September 28, 1889, and was 39 years, 11 months and 5 days old. He was married to Miss Ada Conaway on February 24, 1907. She and their five children survive him. The children are Mrs. Delois Palmer, Olin, Annie, Buster and Nellie Grace. Mr. Hart was a member of the Primitive Baptist church for twenty years. He was a licensed preacher. Rev. W. L.

Barrett of Breckenridge conducted the funeral services at the Baptist church. A large group of friends accompanied his body to the Westbrook cemetery, where he was laid to rest at 5 o'clock Tuesday afternoon. See the model Chicken Houses at BURTON-LINGO CO., Westbrook. The infant son of Mr. and Mrs. Wilborn Oliver was buried at Westbrook cemetery Monday afternoon with Rev. J. E. McDermott of the Baptist church officiating. Mrs. R. F. Bassenger is reported to

be doing nicely after a major operation at the Colorado hospital last Monday.

Miss Aletha Edwards who was run over by a car several weeks ago, was taken back to the Colorado hospital Friday for another operation and to have the bones in her hip reset. At last report she is doing as well as could be expected.

See the model Chicken Houses at BURTON-LINGO CO., Westbrook. Mr. and Mrs. Leroy Gressett and Mr. and Mrs. E. S. Hudson and Miss Robbie Hudson went to Sweetwater Tuesday. Miss Robbie took the train there for Yorktown where she will teach this term.

Mrs. G. C. Wildman, mother of Mrs. Van Boston, and Mrs. Frost, both of Roscoe, attended the party at Mrs. Boston's Thursday.

Complete plans and blue prints of Farm Buildings. See them at—BURTON-LINGO CO., Westbrook.

Mrs. Hattie Berry left Wednesday for Stanton on business. The P. T. A. is to have a social honoring the teachers, on the lawn of the J. E. McDermott home Thursday evening. All patrons of the school are invited.

Miss Hester Cline entertained the Senior Epworth League on Tuesday evening. After enjoying the radio and forty-two lemonade and cake were served to Ralph Ramsey, Carey Edwards and Misses Mabel and Vada McKinney, Claudia Bell, Isabel Rowland, Ruth Skelton, Mary Ruth and Kathryn Bell, Bernice McDonald, Grace Plummer, Mildred Callaway, and Mr. and Mrs. Van Boston.

See the model Chicken Houses at BURTON-LINGO CO., Westbrook. Mr. and Mrs. A. Petty and Mrs. Hattie Berry have had as their guests Miss John Petty of Edinburg, and Mr. Norris Petty of San Angelo. Miss John Petty taught school in Colorado several years ago and is well known here. She was on her way home after visiting her mother and sister in Chicago.

Mr. and Mrs. W. A. Thomason and children of Stanton, and Mrs. Med Lawson of Dallas spent Sunday with their sister, Mrs. Pallie Fite.

Mrs. Ollie Bradford of Sulphur Springs spent last week with her aunt, Mrs. Fannie McKenney.

Complete plans and blue prints of Farm Buildings. See them at—BURTON-LINGO CO., Westbrook.

Fred Sawyer, who has been away having his eye treated, returned to his home here Tuesday, his eye being much better.

Mrs. P. C. Farlow of Iatan was

operated on at the Colorado hospital Sunday afternoon for appendicitis. At last report her condition was considered critical.

Mrs. Morgan Morris and sons, Leonard and Sherman, are at home after spending the summer near Ft. Worth.

William Wright of Coleman is visiting his sister, Mrs. Charles Ray.

Miss Mary Board returned Saturday to her home in Fort Worth after visiting her sister, Mrs. Albert Young. Mr. and Mrs. P. M. Rowland and family spent the week-end in Pecos. They brought Mother Rowland home with them after a visit in Pecos and Toyah.

Mr. and Mrs. Ross Hill visited relatives in Colorado over the week end. Mr. and Mrs. Ed Hayslip returned Saturday from Coleman. Mrs. Hayslip's sister, Mrs. Charles Smith and three children of Coleman, came with them for a visit.

A Young People's Missionary Society was organized Monday evening at the Methodist church. The Society is to have one study lesson each month and one business and social meeting also. Mrs. Joe McKinney is superintendent of the young people. The following officers were elected: Miss Isabelle Rowland, president; Miss Mable McKinney, vice president; Miss Vada McKinney, treasurer; Miss Reba Skelton, secretary; Miss Ruth Skelton, agent for magazine; Miss Grace Plummer, study and publicity.

One of the most enjoyable parties of the season was last Thursday afternoon when Mrs. Van Boston honored Mrs. Leroy Gressett with a lovely miscellaneous shower. After a number of contests Mrs. Boston told the honoree that there were indications of a shower and presented her with a Japanese parasol, let fall a number of packages. A large basket of other gifts was then brought in. After receiving the gifts and hearing Mrs. Gressett's acceptance, the fifty guests were invited into the dining room, where sandwiches, olives, cake and iced tea were served.

Rev. Bascom Morton is expected Friday afternoon to begin a meeting at the Methodist church. There will be morning and evening services. Everybody is invited to come.

J. R. Hastings, and Mr. and Mrs. Joe Hastings and children of Dimmitt were visitors in the E. L. Naugle home.

Mrs. J. L. Thurman and little son, Archie Joe of San Angelo, are spending the week with Mr. and Mrs. H. P. Patterson.

The Handy Class of the Methodist Sunday school, and a number of other friends enjoyed a vienna roast on Saturday evening at Butler tank. Mesdames Ollie Bird, J. E. Skelton, Joe McKinney and John Costin chaperoned. After the picnic supper and a few games, the crowd returned at an early hour and spent the rest of the evening in games and contests at the home of Mrs. Ollie Bird.

J. O. Lindsay is again in Westbrook, having resumed his old position as prescription clerk at the Pos. Office drug store. Mrs. Lindsay and little son are visiting relatives but will return soon.

Miss Burnice Ramsey, who attended summer session at McMurry College and who later visited Rev. and Mrs. L. E. Northcutt at Childress, came in Tuesday for a visit with her parents, Mr. and Mrs. I. W. Ramsey.

The opening exercises of the Westbrook school at 9 o'clock Monday morning were well attended. After the audience sang America, Rev. Eugene L. Naugle led in prayer. Mr. F. H. Patterson, the new superintendent, then introduced Mr. Van Boston, president of the board, who gave the welcome address to the faculty, which was responded to by Mr. I. D. Lauderdale, the new principal. After a short talk from Miss Alta Ferguson, the orchestra played "Sweet Dreams." Miss Veta Bell gave a mandolin solo that was much appreciated. After several short talks by visitors, Mr. Patterson introduced the teachers who gave short talks. Mrs. P. M. Rowland represented the P. T. A. with a short talk. The faculty is as follows:

Superintendent, Mr. F. H. Patterson.
Principal—Mr. I. D. Lauderdale.
English—Miss Cora Ott.
Sixth and Seventh Grades—Miss Edna McNiece.
Fourth and Fifth—Mrs. C. S. Lambert.
Second and Third—Miss Ethel Bowles.
First Grade—Miss Ora Hart.

BAPTIST CHURCH NOTES
Circle No. 1 met with Mrs. Nawi Boatler with twelve present. After the devotional they were dismissed in order to attend the funeral of the infant of Mr. and Mrs. Wilborn Oliver.

W. M. U. Circle No. 2 met for the regular business meeting on Monday, Sept. 2 with Mrs. A. F. King. The devotional led by Mrs. W. F. Hogue was taken from the sixth chapter of Matthew. Vacations being over, the attendance is showing an increase, which is hoped will be continued. The Circle meets Monday with Mrs. Neal.

The Senior Sunday school class was entertained by O. C. McDermott with a lawn party Monday evening, at which time the school faculty were special guests. After a number of games and contests, refreshments of ice cream and cake were served.

A meeting of the Baptist Association was held at Union on Tuesday, Sept. 3. Those from Westbrook who

attended were Rev. and Mrs. McDermott, Mr. and Mrs. Crownover, Mesdames Hattie Berry, Marion Gregory, Holder, Glover, Donaldson, Williams, Munn, Moore and Cope, and Misses Ozell Berry, Pauline McCulloch, Mazelle Donaldson, and Gussie Bledsoe.

Lee Crownover has been elected as field manager for the Baptist Standard in the West Texas district.

O. C. McDermott has returned to Big Spring after visiting home folks.

ABILENE MAN CAN NOW WORK ALL DAY WITHOUT TIRING

Gets Up Every Morning Now Feeling Fine—Gains Daily on Orgatone

"I actually don't remember when I ever felt as strong and well as I do now," said E. A. Craig, caretaker for the Ed S. Hughes Estate, living at 2050 N. First St., Abilene, Texas, in a recent statement regarding the benefits he has derived from Orgatone.

"For twenty years," he continued, "I had been in a general run-down condition. I had no appetite and never enjoyed the little I did eat. There were very few things I could eat without suffering afterwards and I was badly constipated and felt sluggish and tired all the time. I could not get any sound sleep and would start my work in the mornings feeling as tired and worn out as if I had worked hard all night. I was losing ground continually and had so little energy it was hard for me to take proper interest in my work. I was not sick enough to stay in bed, but I felt miserable all the time and was in just that condition that makes work a burden."

"I have taken three bottles of Orgatone and I couldn't begin to figure the good they have done me. I sleep as sound as a dollar every night and get up every morning feeling as fresh as a young boy, and my day's work every day don't tire me a single bit. My appetite is so big I can hardly eat enough to satisfy me and it seems to me everything tastes better than it ever did. I'm not constipated any more and all my no-account, tired-out feelings are gone. I have gained in strength and feel so much better than I have in years that I hardly know how to tell it. My

friends have noticed my improvement and are asking me what did it, and I just come right out with the facts and tell them Orgatone. I am glad to endorse Orgatone and I will tell anybody what it has done for me."

Genuine Orgatone may be obtained in Colorado at the Colorado Drug and the City Drug stores. Adv.

Make your meals attractive

with ICE

SHIMMERING bowls of ICE on the table—ICE tinkling merrily in cold drinks—sparkling covers of ice for little red radishes, green and ripe olives, golden squares of butter, crisp young celery. Doesn't the very thought of it make you hungry?

Modern housewives are capitalizing on ICE to make their meals more delicious and appetizing. Then, too, good ice refrigeration makes it possible to prepare many dishes long in advance so that the housewife doesn't have to spend much time in the kitchen after she has dressed for luncheon or dinner. See for yourself this summer how many ways ICE can help you.

Good Ice Appliances May Be Obtained At any reliable Hardware or Furniture Store.

TEXAS PUBLIC UTILITIES CORP.

WHY

SAVE? Why not spend it while you have it? The answers are to be found in the personal histories of the folk who succeed and those who fail. Monied men almost without exception have built the nucleus of their fortunes by steadily feeding a savings account. And it is a safe bet that Mr. Down-and-outer isn't the sort who saved when he was earning. Yes, save!
