## LARGE GROUP ATTENDS OPENING PROGRAM AT JUNIOR HIGH SCHOOL

### Rev. W. C. Hinds Addresses Assembly On "The Second Mile"

A large group of parents and children gathered in the Junior high school auditorium Monday morning for the opening exercises of the Junior high and Hutchinson departments of Colorado public schools.

Rev. W. C. Hinds, pastor of Methodist church, opened the program with prayer. The Junior band played "America," and the audience sang, with Miss Ruth Hightower, public school music instructor, leading. Rev. Hester conducted the band, which played several numbers.

"The Second Mile" was the Rev. Mr. Hinds' subject, and he said to the pupils that, having made the first mile, it is important that they go the second.

J. W. Watson, chairman of school board, represented that body on the program, and in a talk urged cooperation between the parents, teachers, and pupils. Mrs. Cecil C. Meskimen gave a beautiful piano number.

Hayes Holman, principal of the Junior high school, who presided during the exercises, gave an interesting talk on the "Significance of the work in which the Junior high school will be engaged."

Following is the corps of teachers for the Junior high school:

Hayes Holman, principal—Arithmetic.  
Omer W. Cline—Arithmetic.  
Mrs. David Wright—History.  
Mrs. C. R. Earnest—English.  
Miss Lea Swope—Geography, and reading.  
Miss Eunice Loecker—Penmanship.  
Miss Alwilda Crosthwaite—Art.  
Mrs. C. A. Wilkins—Fifth grade.  
Miss Ruth Hightower—Music.  
Teachers in the remaining departments of the school are:

**Hutchinson School**  
Mrs. George B. Root—4th Grade.  
Miss Yandel Daniels—4th Grade.  
Mrs. J. F. Quinney—3rd Grade.  
Miss Beatrice English—3rd Grade.  
Mrs. Dan Murrell—2nd Grade.

**Primary School**  
Mrs. David Russell—2nd grade.  
Mrs. Hayes Holman—2nd grade.  
Miss Enez Butler—1st grade.  
Mrs. Etzel Headstream—1st grade.  
Miss Laura Martin—1st grade.  
Miss Alice Summerhill—1st grade.

## INSTITUTE HERE ATTENDED BY 112 COUNTY TEACHERS

### Dr. Clough of S. M. U. Was Principal Speaker On Program

The Mitchell County Teachers' institute held in Colorado last Thursday and Friday was attended by 112 teachers of schools in Colorado, Westbrooke, Lorraine, and the rural communities of the county.

Dr. G. O. Clough of S. M. U. was the principal speaker on the program, addressing the teachers on the subject, "Testing for Results in Education."

The band concert which was to have been given at Ruddick park for the teachers Thursday night was rained out.

## Baptist Revival Claims Growing Interest Daily

Growing in interest and spiritual power daily, the protracted meeting which began Sunday at the First Baptist church is proving successful even before the end of its first week.

Rev. W. C. Ashford, pastor of the church, is doing the preaching. To date there have been several additions to the church, one of them being 73 years of age.

Services are held each morning at 10 o'clock and each evening at 7:45. The public is cordially invited.

## ADDITION TO WALLACE HOME WILL MAKE IT ONE OF CITY'S BEST

### Addition of Five Rooms Making the Structure Full Two-Story; Clay Tile Roof

The R. J. Wallace home at corner of Tenth and Hickory is undergoing changes which will make this one of Colorado's most attractive and most convenient homes.

The home is being converted into a full two-story with four large bedrooms, two baths and numerous closets upstairs. As originally built, this home was one-story with sleeping porch above. It is built of dark red brick.

A large basement is being built underneath. The full two-story will be covered with clay tile. The architecture of the remodeled home will make it very attractive, according to drawing made by W. W. Whipkey, architect. M. M. Iglehart is handling the construction job.

It is estimated the addition will cost several thousand dollars.

## THREE VOCATIONAL COURSES IN HIGH SCHOOL POPULAR

### Vocational Commercial Department Already Has 20 Enrolled

The three youngest departments in Colorado high school are proving themselves the three most popular this year, according to Supt. Ben S. Peck. The vocational agriculture department, now in its first year, with Doyle Williams as instructor, is already full, and its enrollment is given elsewhere in the Record. The vocational home economics department, now in its third year, under Miss Mary Davies, is also full.

The vocational commercial department, under Miss Octavene Cooper, differs from the other two in that its students are employees of business concerns in Colorado who are not enrolled in school, but who wish to take advantage of the opportunity offered them in this department to get free instruction along bookkeeping and commercial lines. This department is now in its second year, and the enrollment up to date proves that it is again the success it was during its first year.

Twenty people, all working for some business man or firm in Colorado, are listed in the department up to date. These are:

Minnie Lee Terry, L. Roy Terry, Mrs. Dewey Tidwell, Susie Richardson, Mrs. Ruth Rathliff, John H. Lupton, Evelyn Danner, Loua Lippis, Marguerite Stoneham, Josephine Key Marie Johnson, Bettie Adele Hutchinson, Mrs. Y. D. Geer, Marie Elliott, Mrs. Theima Day, Lois Priddy Bennett, Leone Allmond, Lucile Rose, Sallie Miller, Mrs. Jno. L. Boss.

## Price Filling Station Leased By Humble Co.

The filling station being erected by Oscar Price on the highway next to the Gulf station west of the Colorado river bridge, has been leased by the Humble Oil & Refining Co. and they are now completing installation of equipment preparatory to opening.

E. B. Dubois will manage the station when operation starts, we are informed.

The station is an attractive one. It is constructed of stucco with modern rest rooms, and all conveniences for efficient service.

## FORMER BUSINESS MAN HERE VISITS BROTHER

E. B. Morgan of San Antonio is here this week visiting his brother W. R. Morgan. He formerly lived in Colorado and operated a confectionery store in the present Colorado Drug Co. building, having left Colorado during the dr. uting in 1917. He is now on the road for a wholesale salt company. Mr. Morgan says Colorado looks quite different now to what it did in 1917. All the modern appearance, paving, etc., have been added since that date.

## H. S. COOK VICTIM OF ACCIDENT AT WELL IN HOWARD COUNTY

### Collapse of Star Rig Crushes Chest and Face; Buried Here Saturday

Word was received late Thursday of the accidental death of Horatio S. Cook, Colorado oil driller, who was fatally injured when the Star rig at the Merrick-Bristow well No. 9, on Hooks lease, in Howard county, near Forsan, collapsed. Vic Martin is contractor on the well.

From the details related by the only eye witness to the tragedy, we gather that Mr. Cook was drilling with a Star machine and was at the time of the accident pulling the drilling tools out of the hole. It is presumed that in coming out, the tools encountered a tight place and hung, the force of the engine causing the mast of the machine to break and a portion of the mast struck Mr. Cook across the chest as he stepped back to avoid its blow, knocked him to the ground and bounced across his face. His chest was crushed and his nose and left jaw were broken.

He was rushed to the emergency hospital at Forsan but died almost immediately before aid could be administered.

Mr. Cook, with his family, came to Colorado about three years ago, coming here from Newkirk, Oklahoma. "Larkie" Cook, as he was familiarly known, was about 55 years of age. He had spent his entire life in the oil fields, beginning in Pennsylvania when a mere boy. He had worked in practically every oil field of any consequence in the United States and Mexico. He spent three years in Roumania. He was one of the best known drillers to the oil fraternity.

The remains were brought to Colorado and interred in the L. O. O. F. cemetery Saturday afternoon.

He was married in Indiana, in 1905, to Lois Littell, a sister of Mrs. J. E. Chase, who with four sons, Edward, Wilmer, Charles and Dallas, survive him. The sympathy of the community was expressed to the bereaved family in the concourse of people who attended the funeral and in the profuse floral offerings which were sent. Relatives from Fort Worth, and a number of oil men from the Big Spring field, attended the funeral which was held from the residence Saturday afternoon, conducted by Rev. A. E. Ewell.

## ANTHRAX BREAKS OUT AMONG CATTLE IN NOLAN COUNTY

### Very Serious Situation Contrasts Livestock Owners of That Section

Anthrax has broken out among cattle in the vicinity of Sweetwater. The Mitchell and Munroe ranches have been heavy losers and the disease has spread throughout the Bitter Creek community, according to statements of Dr. S. A. Burnam, assistant State veterinarian.

This is a very serious situation for livestock owners. The disease can not be stamped out. It will be necessary to vaccinate cattle each year.

Dr. Burnam has issued a warning to all stockmen as to the necessity of continuous treatment. "We have finally and definitely determined the disease to be anthrax," he said.

"This means that Nolan county is now in a known anthrax area, and it will be necessary for the stockmen to immunize their stock every spring from now on. Anthrax is a disease that cannot be stamped out. Its germs live from year to year through all sorts of weather conditions, and there is but one way to meet it—vaccinate every spring."

## TAX ROLLS ARE ABOUT COMPLETE, WARREN SAYS

Roy E. Warren, tax assessor, who has been busy for several weeks compiling the tax rolls of Mitchell county, announces this work is about complete and that the rolls will be ready for inspection of the commissioners' court in a few days.

Indications are that an increase will be registered in total renditions this year, despite the fact that a decline was made in oil field values.

## DARNELL IS NAMED PRESIDENT MITCHELL COUNTY TEACHERS

### Standardized Tests in the County Is Chief Aim; Will Meet Once Each Month

C. M. Darnell of Looney school was named president, Miss Arline Tunnell, Shepherd, vice president, and Mrs. Pauline Kuykendal, secretary, of the Mitchell County Teachers' Association when organization was perfected Saturday following the teachers' institute.

The association will meet once a month as it did last year, Miss Ruby McGill, county superintendent, said today.

The chief aim of the organization will be to put over the standardized tests in the rural schools, it is said. This will enable students from rural schools to enter the high school in the county. Lectures by Dr. C. C. Clough of S. M. U., and Dr. Douglas of the University of Texas, delivered at the teachers' institute, brought out the need of standardized tests.

## MRS. MAGGIE BARRY, OUTSTANDING TEXAS WOMAN, TO BE HERE

### A. & M. Extension Service Worker of Prominence Here Friday and Saturday

Mrs. Maggie Barry, extension organizer from A. & M. College and outstanding Texas club woman, will be in Colorado in the interest of home demonstration club work Friday and Saturday, according to Miss Abbie M. Sevier, county home demonstration agent.

Besides her professional position with A. & M., Mrs. Barry also holds the office of director for the Texas Federation of Women's Clubs to the General Federation.

Colorado club women and those interested in home demonstration work hold it an unusual privilege that Mrs. Barry should visit in Colorado and have personal contact with home demonstration club work in the county.

The Mitchell County Federation will have a special meeting Friday afternoon at 3 o'clock to hear a short talk by Mrs. Barry. The church will be appropriately decorated and a social hour will follow Mrs. Barry's talk. Mrs. Barry is also to address Colorado high school students Friday morning if she arrives in Colorado early enough.

## MRS. MONTE E. OWEN SUCUMBES TUESDAY NIGHT

### Wife of Former Secretary of Colorado Chamber of Commerce Is Buried at Waco

WACO, Sept. 10.—Mrs. Monte Owen of Sweetwater, who had been in a hospital here for several days, died at 11 o'clock tonight. Mrs. Owen, who had been in ill health for about two years, was the wife of Monte Owen, secretary of the Sweetwater Chamber of Commerce. She was at the bedside when she died.

Funeral services were held in Waco at 4 o'clock Wednesday afternoon. Interment will be in a cemetery here.

## Wolves Showing Up Well Despite Loss of Player

In spite of the incapacitation of one of the star players, Clifton Yater, half back, by an operation for appendicitis this week, the Wolves are still showing up strong and practicing daily, according to Coach R. H. Cantrill.

The line-up of the team has not yet been definitely made, the coach states. Good material is showing up for every position, and Colorado high will apparently have her strongest grid team of recent years when the season opens next Friday with a tangle with Odessa on Cantrill field.

## QUARTERLY CONFERENCE SUNDAY WILL REVEAL GROWTH OF METHODISTS

### Closing Year's Work For the Annual Conference; New Church Site Bought

The fourth quarterly conference of the Colorado Methodist church to be held Sunday will reveal substantial growth of the church here, according to members of the board of stewards.

Rev. L. N. Lipscomb, presiding elder, will be here for the conference which will be held at 2 p. m. Business of the church will be checked up and plans for closing the year in preparation for the annual conference to be held in Pampa, November 13.

During the year 98 new members have been received into the church, while only 24 have been withdrawn, making a net gain this year of 74.

A splendid site for a new modern church on Chestnut, between Eighth and Ninth, has been purchased and paid for this year, and a start made on the building fund. This half block of land cost \$3,750.00. While no plans for immediate building have been made, the Methodists plan the erection of a modern new church on this site within a very few years.

Rev. W. C. Hinds, the pastor, is closing his second year here. The reports made at the Sunday's quarterly conference will show that his pastorate here has been very successful.

During this year a splendid revival was held. The attendance at Sunday school and church has been good throughout the year. Average attendance in the Sunday school has been more than 300 each Sunday for the whole year—probably the best ever recorded.

Officers of the church are: J. Ralph Lee, chairman board of stewards; U. D. Wulfjen, vice chairman; Mrs. J. W. Shepperd, secretary; treasurer; A. A. Dorn, Sunday school superintendent; Oscar Majors, secretary Sunday school.

Besides Lee and Wulfjen, the board of stewards is composed of Mrs. E. A. Barcroft, J. A. Buchanan, Dr. S. W. Browning, A. C. Connell, J. Marvin Dorn, Roy Dozier, L. B. Elliott, H. E. Grantland, A. J. Herington, H. L. Hutchinson, Tom Hughes, B. M. Moore, Mrs. J. E. McCleary, J. C. Pritchett, J. W. Randle, Mrs. J. W. Shepperd, T. W. Stone-road, C. C. Thompson.

## J. Riordan On Buying Trip To Dallas Market

J. Riordan, owner of the J. Riordan Co. store, left Tuesday night for the Dallas wholesale markets to buy additional new goods and make selections of Christmas toys and other goods.

L. J. Taylor, assistant manager, said this morning that many large manufacturers were showing samples in Dallas and that Mr. Riordan would likely buy the finest stock of racket store goods ever brought here. He will return Friday night.

## Ginning Receipts In County Reach Total 1497 Bales

Ginning receipts in Mitchell county had advanced well on the second thousand bales Thursday at noon, with a total of 1497 bales reported ginned in the county up to date.

Of this total, 342 bales were ginned in Westbrooke, 150 bales at the Williams & Miller gin, and 192 at the Guitier gin. Lorraine's total was 361 bales, Buford's 14, and Colorado's 780, distributed as follows among the various gins: Lambeth, McCleary & Grubbs, 118; Warners Cooperative, 140; Williams-Morgan, 200; Concrete 52; Farmers No. 1, 45; Farmers No. 3, 225.

Seed was bringing \$32.00 per ton and cotton was going at \$17.75 per hundred Thursday.

Rev. and Mrs. M. C. Bishop and daughter, Delma, were here Thursday enroute home after having attended the funeral of his father at Winters Tuesday.

## RURAL TEACHERS HEAR REQUIREMENTS OF HIGH SCHOOL

### Continue Institute Through Saturday To Discuss Plans Of Correlation

Continuing the teachers' institute for rural teachers through Saturday, these teachers heard discussions of requirements for entry in the Colorado high school and made plans to bring the work of the rural schools up to the point necessary.

Superintendent Ben S. Peck, Miss Mary Davies, instructor in home economics; Miss Mable Smith, Spanish, and Doyle Williams, teacher of vocational agriculture, spoke Saturday to the rural teachers.

The rural teachers were told of the methods of teaching, the requirements in these departments and given much valuable information on the high school work.

Miss Ruby McGill, county superintendent, says the rural teachers are cooperating with her office in efforts to advance the work in rural schools.

## SCHOOL ENROLLMENT DESTINED TO REACH 1000 OPENING WEEK

### Largest Initial Enrollment This Year In Entire History of School

With an enrollment destined to touch the 1000 mark by the end of this week, Colorado public schools are greater in point of student numbers this year than at the opening of any year in their history.

Over 417 pupils have been enrolled in the first four grades, 141 of this number being in the first grade, 128 in the second, 70 in the third, and 78 in the fourth.

In the Junior High School, 255 pupils had been enrolled up to Wednesday noon. Pupils have been coming in steadily all week, and this total will doubtless be much higher by the end of the week.

The increase has been specially notable in the high school, where there was an enrollment of 307 up to Wednesday noon. The initial enrollment in this department last year was considerably less than 300.

These figures make a total of 974 for the entire school up to Wednesday noon. Last year the total enrollment for the year reached above the 1000 mark, but this is the first time in the school's history that such a large number of pupils has been present at one time in the Colorado schools.

## SPANISH TEACHERS OF COUNTY TO MEET HERE SATURDAY A. M.

### Expect Perfect Plans to Correlate Work With Local High School

An important meeting of all the Spanish teachers in Mitchell county including the rural schools, will be held at the Colorado high school on Saturday morning at 9 o'clock, according to Miss Ruby McGill, county superintendent.

Correlation of the work throughout the county and especially the work of the rural schools and Colorado high school will be discussed.

"Most rural pupils fail in Spanish when they come to the high school," Miss McGill said. "We hope to bring the rural work up to a standard that will eliminate this condition."

Every teacher of Spanish in the county is urged to be present at the meeting Saturday.

## LEACH IS RE-ELECTED MODERATOR MITCHELL SCURRY BAPTIST ASS'N

Rev. A. D. Leach of Colorado was re-elected moderator of the Mitchell-Scurry Baptist association at the annual meeting at Union, Scurry county, which closed Thursday evening of last week. J. L. Bowen of Colorado was re-elected treasurer also. Other officers are L. Q. Woodward, clerk; T. L. Nipp, vice moderator.

The associational year just closed was the most successful in the organization's history, Mr. Bowen said. Time and place for the next annual meeting have not been selected yet.

## HARVEY PRINCIPAL SPEAKER AT HIGH SCHOOL OPENING

### Members of Teaching Force Introduced and Make Short Talks

With the largest enrollment in its history, Colorado High School opened Monday morning at 9 o'clock with a program, on which Bro. J. D. Harvey of the Church of Christ was the principal speaker.

The program was opened with the singing of "America" by the audience. Invocation was said by Bro. Harvey, who afterward delivered his talk with "Preparedness for the Future" as his theme.

Thos. Dawes gave three original compositions on the piano, and after this the following high school teachers were introduced by Supt. Ben S. Peck, and each made a talk:

C. A. Wilkins, principal—chemistry, physics.  
Doyle Williams—Vocational agriculture.

R. H. Cantrill—American history, civics, economics, coach.  
Clyde Bennett—Geometry, coach for girls.

John W. Cobb—Science, public speaking, debate.  
G. D. Foster—Algebra.  
W. D. Ham—Spanish, algebra.  
Octavene Cooper—Commercial subjects.

Mary Davies—Vocational home economics.  
Mabel Smith—Spanish.  
Mrs. R. H. Cantrill—History.  
Velma Barrett—English 10-11.  
Arta Cummings—English 8-9.

## INTERSCHOLASTIC LEAGUE DIRECTORS ELECTED ON FRIDAY

### C. A. Wilkins of Colorado Named Director General

Directors of the Mitchell County Interscholastic League meet were elected as follows by the teachers of the county in institute here last Friday.

C. A. Wilkins, director general; Roy D. Coles, director of debate; J. B. Glover, director of declamation; H. P. Powers, director of spelling; Arta Cummings, director of essay writing.

R. H. Cantrill, director of athletics; Ruth Hightower, director of music memory; Miss Hardy, director of tiny tot story telling; Lynn Halbert, director 3-R contest; and H. E. Blythe, director of arithmetic.

## Coloradoans Go To Chevrolet Zone Meeting

Joe B. Mills, of the Mills Chevrolet Co., and four of his salesmen, Roy Tidwell, Edwin Chase, Henry Vaught and W. C. Davis, attended the zone meeting of the Chevrolet Company in Sweetwater Friday. Some 275 delegates were present at the meeting.

An elaborate full day's program, beginning at 11:30, was given. At noon the delegates were guests of the General Motor Acceptance Corporation at a luncheon on the Blue Bonnet hotel roof at 1 o'clock.

## TEACHER ELECTED TO FILL VACANCY

Miss Mattie Lillian Kidd of Van Alstyne has been elected by the Colorado school board to teach in the second grade.

Miss Kidd will fill the vacancy caused by the resignation of Miss Margaret King.

## NEXT BAPTIST WORKERS CONFERENCE AT BUFORD

The next Workers' conference of the Mitchell-Scurry Baptist association is to be held at Buford on Sunday following the first Tuesday in October, Rev. A. D. Leach announced.

**Earthquake Bridge and 42 Party**  
Mrs. D. M. Merritt and Mrs. Bill Dorn very beautifully entertained on Monday afternoon at the home of Mrs. George Plaster with an earthquake bridge and 42 party, the various shocks culminating in the shock of the announcement of Miss Clippie Bennett's marriage to Joe Bowlin on September 14.

There were nine tables of bridge players and four of forty-two, the color scheme being gold and white. The score pads were covered in gold, the pencils in gold, the tallies golden chrysanthemums.

When all were seated, gold-sealed envelopes with a package golden tied were placed on each table. The players were told that after they had bid the first hands to lay them face down on the tables and open the envelopes. The message read: "Each person take the hand from the player on his right and bidder play game with the new hand—First Shock." Losers got the packages, two toy balloons. The second game the message was to play four hands as usual, open packages and hold contents in mouth. Every player received a lollypop—Second

shock. Third hand bid on first hand then deal over again, continuing bidding with new hand. Fourth hand was played as usual. Each guest was given a little white envelope sealed in gold, which contained this announcement: "Clippie Bennett—Joe Bowlin, Sept. 14."—Fourth shock.

Larry Dorn presented Miss Bennett with a corsage of cream tea roses. Miss Bennett was beautifully gowned in a brown transparent velvet, made princess style, with flared skirt and cream lace collar.

Mrs. Bill Broadus won the bridge prize, a water set containing bath salts. Mrs. W. L. Doss received the 42 prize in a cut. This was a pretty Nortake condiment set.

For the refreshment hour the tables were covered with golden lunch cloths and angel cake with gold icing and brick cream centered, with a golden heart served.

A golden heart and novel party was the first of several to be given in honor of Miss Bennett, who is one of Colorado's most loved and popular young women.

**Missionary Women of Christian Church**

The Missionary society of Christian church met Monday with Mrs. Ed Jones. The subject for study was "Witnesses to His Companionship." Mrs. Venable was the leader of worship. She read Mark 1:40-42; 2 Peter, 1 to 4. Mrs. Ewell led in prayer. Mrs. Pond was leader of the lesson. Mrs. Ed Jones' topic was "Union

Schools for Advanced Pupils a Necessity." Mrs. Porter talked on a "Common Task in South America."

Mrs. J. E. Pond was made secretary in the place of Mrs. R. U. Bean, who has moved to San Angelo. She was instructed to write Mrs. Bean how much she was missed by every member of the Missionary society.

At the social hour the hostess served pound cake and banana ice cream.

**Methodist Home Department**

The Home Department of the Methodist Missionary Society met Monday with Mrs. J. G. Merritt, the chairman, Mrs. Walter King, president, and Mrs. Arnett opened the meeting with prayer. Roll call was responded to with items of interest.

The question of putting on a Fall Style Show was the unfinished business. It was voted to go on without any outside help, if the merchants would cooperate, and a committee was appointed to put it on September 27. It was voted also to auction off the Name Quilt at that time.

Mrs. Oscar Majors resigned as treasurer of the flower fund, and Mrs. Sallie Dozier was appointed to fill out her term.

The zone meeting to be held in Westbrook September 24 was announced and everyone urged to attend.

The hostess served a salad with wafers, cake and tea. The next meeting is to be with Mrs. Fred Dozier's family.

**U. D. C.**

The Robert E. Lee U. D. C. chapter will meet Tuesday at the home of Mrs. R. N. Gary to begin the fall work. Every member is asked to be present.

**Bridgettes**

The Bridgettes had no meeting last week because of the death of Mrs. Lee Jones, Jr. They meet Thursday with Mrs. Clyde Haney.

**Baptist Circles**

The Baptist W. M. U. met in circle groups Monday afternoon at 3:30 o'clock.

The devotional was led by Mrs. Laskey. Mrs. McAden led the Bible lesson from the Book of Ruth. Next circle meeting will be with Mrs. W. R. Morgan on Sept. 23.

Circle No. 2 met at the church in the T. E. L. classroom with seven members present. The devotional was led by Mrs. Johnson. Plans were made for a rummage sale in the near future. Mrs. Terrell led the Bible study lesson from the Songs of Solomon. Next circle lesson will be in Royal Service.

Circle No. 3 met with Mrs. T. J. Ratliff. The Bible lesson was from the Book of Ruth. A rummage sale will be held Saturday, Sept. 28, for funds to apply on church building pledge. Donations were made for the kitchen shower given by the W. M. U. Next circle meeting will be with Mrs. Gustine.

Circle No. 4 met with Mrs. O. B. Price, with 12 enthusiastic members, to reorganize for special work and Bible study. Mrs. Ashford was elected teacher. The Sept. 28 meeting will be with Mrs. Price.

Circle Five held their meeting with Mrs. A. L. Whipkey, with eight members present. The lesson for the afternoon was in W. M. U. Training. Mrs. Morris of Waco was a guest for the afternoon. Circle 5 will be hostess for the September Missionary meeting. At the social hour the hostess served delicious sandwiches and tea.

**1921 Study Club**

The 1921 Study Club had a called meeting Friday, September 6, with Mrs. J. M. Doss, to approve the reading of the year book, which proved to be very interesting and varied. The club heartily accepted the report. The study course is to be Contemporary Short Story, English and American, and all special programs thoroughly carried out, especially the Public Welfare program.

Mrs. Bob Price volunteered to buy the Domestic Science course from C. I. A. for the colored Home Economics club, sponsored by the 1921 Study Club.

Aside from offering a \$5 gold piece to the seventh grade of Colorado public schools, as is the club's custom, the new president and chairman of year book committee are offering awards to the fifth grade for

the best scrap book of "Texas Flowers" and to the sixth grade for the best scrap book of "Birds and Butterflies."

The resignation of Mrs. Bill Broadus was accepted with regrets.

Plans were discussed for the garden party to be had Sept. 20, on the lawn of the Christian church. All State officers and sixth and seventh district officers are to be invited. Also officers of Study Clubs of Big Springs, Sweetwater, Snyder and our rural club officers. All local study clubs are to be invited.

The following committees were appointed: Decoration committee Mrs. Bob Price, Mrs. Ed Jones, Mrs. Hardison, Mrs. Root; refreshment committee, Mesdames Ratliff, W. L. Doss, Jr., Carter; invitation committee, Mrs. Hardison and Foster.

**Birthday Party**

Mrs. Roy Hester entertained a large group of boys and girls Friday evening in honor of the 15 birthday of Miss Helen Hester. The group, 33 in all, wrote their names in a memory book, then played all kinds of games. Refreshments of sandwiches, punch and cake were served.

**Shower for Miss Clippie Bennett**

Wednesday afternoon at 3:30, at the home of Mrs. J. C. Prude, a beautiful shower was given by Mrs. John Prude and Mrs. Randolph McEntire for Miss Clippie Bennett, the bride of the week.

The guests were met at the door by a receiving line in which stood the hostesses, the honoree, Miss Hazel Costin, Mrs. D. M. Merritt, and Mrs. Bill Dorn, all in pretty evening gowns. Others who assisted in the house party were Mrs. Lois Prude Bennett, Misses Beulah Ashford and Farrell Plaster. The reception suite was lavishly decorated with fall flowers.

Victrola music was played as the guests gathered. Then Miss Broadus read in a most pleasing manner, "My Ships." Miss Bennett was led to the center of the room and seated in a beautiful chair, the gift of her aunt, Mrs. George Plaster. A big basket piled high with gifts was then placed in front of her while a tea-wagon loaded with glass and silver was wheeled up.

The many gifts were opened and admired, after which Miss Bennett thanked her friends very prettily. Hostesses served two kinds of sandwiches, tea and mints. On each plate was a pretty little blossom in a white pot, tied to this was the following clever poem:

Love is such a funny thing,  
It's like unto a flower,  
First it blooms and then it grows  
Oft times in just an hour.

Sometimes it takes weeks and weeks  
For love to make full bloom,  
And for the kindly minister to wed  
The happy bride and groom.

Of course, when Joe, our Romeo,  
Did meet Clippie, our Juliette,  
We know in fact the plant must grow  
And Sept. 14 is the day they get

The petals of our love plant  
Have unfolded all their charms  
And left us waiting anxiously  
To see them joined, arm in arm.

**Young Matrons Missionary Society**

The Young Matrons Missionary society of the Christian church met Tuesday with the president, Mrs. Haney, who presided at the business session. She reported a box sent to the orphan's home.

Mrs. Thomas conducted the worship, using 2nd Timothy 2:15. Mrs. J. Pritchett was leader of presentation, the theme being "Last

**CHURCHES**

**CHURCH OF CHRIST**  
A fine crowd greeted us last Lord's day and it was a genuine pleasure to be home again. We plan a big work this fall as I enter my fifth year's labor in Colorado. I feel that the work has just begun, with the new plant in sight giving us more room.

For Sunday:  
Bible school 10 a. m. Preaching and communion 11-12 a. m. Young People's meeting 7 p. m. Evening Gospel service 8 p. m. Subject for this time, "The Abrahamic Faith."

We expect every member to be at every service and visitors are always welcome to be with us.  
J. D. HARVEY, Minister.

**METHODIST CHURCH**

Rev. L. N. Lipscomb, presiding elder of the Sweetwater district, will preach Sunday morning at 11 o'clock. He is a preacher of unusual ability, always bringing a message that grips the heart and mind of his audience. He will hold the fourth quarterly conference for the Colorado church at 2 o'clock Sunday afternoon. This is perhaps the most important conference of the year, so we may urge that all officials be present. The church officials for another year will be elected, and the matter of closing up the business of the present year that we may be ready for Annual Conference, which meets at Pampa on November 13, will be looked after.

The Epworth League meets at 7 p. m. There will not be any evening service because of the Baptist meeting which is in progress.  
W. C. HINDS, Minister.

**FIRST CHRISTIAN CHURCH**

Bible school 9:45 a. m., W. W. Porter, superintendent. It is desired that every member of the church and every pupil in the Bible school be present at this service. The new public school year has opened with all pupils present and we must do the same for the Bible school.

Church services at 11 a. m. and 7:45 p. m. The pastor will speak at the morning hour on the subject, "The Shepherds Hear the Angel Chorus." At the evening hour, "A Crown and a Kingdom for Conscience."

Evening service will be on the lawn of the church, as it has been for some weeks, if the weather permits. If weather is bad it will be held inside the church building. Mrs. Berryhill will sing at the morning hour and there will be a better musical program than usual even for these night services. This will include among other things a violin solo by Mr. Levison and also a triple quartet of men.  
A. E. EWELL, Pastor.

**FIRST BAPTIST CHURCH**

Sunday school 9:45, G. B. Slaton, superintendent. We were delighted with attendance last Sunday, 472 in attendance.

Morning hour of worship 10:50. Subject, "How I May Know I Am Saved."

Evening service 7:45. Theme for evening, "Life's Drama."

The protracted meeting continues to grow in interest and spiritual power. There have been several additions to date. There are two men to be baptized this evening, one of whom is 73 years of age.

The citizenship of our town is cordially invited to attend the services at 10 a. m., and 7:45 p. m. You will enjoy and be helped by meeting with us.

WILLIAM C. ASHFORD, Pastor.

**FATHER OF W. C. BISHOP DIED AT WINTERS MONDAY**

T. D. Bishop, father of Rev. M. C. Bishop of Post, died at his home at Winters Monday and was buried there Tuesday afternoon.

Mr. Bishop was a pioneer settler of Winters community, having lived there 40 years. He was 86 years of age, being a Confederate veteran, and one of the best loved men in his county.

He is survived by eight children, as follows: R. A. Bishop, Winters; W. H. Bishop, Dallas; Walter Bishop, Vincent; Emmett Bishop, Winters; Mrs. R. H. Mustain, Winters; Mrs. Mrs. R. H. Jennings, Winters; Mrs. J. W. Kelsey, Idalou, and Rev. M. C. Bishop, Post.

## THREE NEW AIDS TO BEAUTY

**D**OROTHY GRAY has perfected three new preparations which the fastidious woman will welcome enthusiastically.

Dorothy Gray *Eyewash* is a soothing bath for the eyes. It washes away the tiny specks of irritating dust, and keeps your eyes clean and clear.

Dorothy Gray *Hand Cream* makes your hands smooth and soft. It is ever so delicately scented, and it is particularly delightful because it does not leave the skin the least bit sticky or greasy.

And to check the distressing pimple which occasionally besets even the loveliest skin, Dorothy Gray has made *Pimple Lotion*. It is wise to keep a bottle on hand. Then at the first sign of a pimple, put on a little of this lotion, repeat from time to time, and the blemish will never develop.

*All the Dorothy Gray preparations and make-up accessories may be seen at our Toilet Goods Department.*

### WITH OUR SUBSCRIBERS

Mrs. Drew Cook came in Wednesday and subscribed for the paper for her two daughters who are teaching in New Mexico. Miss Juanita is teaching at Rodeo, New Mexico, and Miss Jessie is teaching at Animas, New Mexico. We are indeed glad to send the paper to these splendid and capable girls.

Ben Lee Costin and Don Wallace are new names on the list, they having gone to Oklahoma University at Norman for the term. Ben's address is Phi Kappa Sigma house, and Don's address is Phi Delta Theta at Oklahoma University. These boys were up in the air on their trip to Norman. They took a plane out of Sweetwater to Oklahoma City.

A. C. Moody, a good farmer of the Valley View community, comes in and pays up and brings us a sample of his crops. We were glad to get the money but appreciated him bringing in the samples. We wanted to show just how good Mitchell county could do.

John Aycock, owner of the Sweetwater Marble Works, came in Wednesday and paid up for two years and said he couldn't do without this paper. He bragged on this paper, saying it is by far the best weekly paper in West Texas. We agreed with him rather than have an argument.

Another old timer on the list is J. P. Majors of Sweetwater who pays up promptly. He also wants this paper and we are glad of it.

Bill Randle of Piggly Wiggly fame also puts down the coin to save his head. Follows like him get the axe when they don't pay up. He's more able to pay than we are to wait, so we make those fellows pay up. Thanks, Bill! We set 'em up to the office on your Iron man.

W. B. Morgan came in and paid up for R. C. Morgan's paper. He lives with his dad and we see he pays some of the bills. We think a heap of R. C. Morgan. He is one of the best men in the county. He and Mrs. Morgan live at home and believe us,

**POSITION WANTED**—Man and wife wants work, any kind. Have carpenter's tools and can use them on farm or ranch. References, Lake Ranch, Mrs. Sid Kyle, Pecos, Texas. See J. G. GUMPERT, in the Brammer house in East Colorado, or see Sam Hughes at Mills Chevrolet Co. 1tp

### WANTED

**WANT TO BUY**—Dairy and beef cattle, hogs and poultry for project work in vocational agriculture work in high school. See Doyle Williams at high school, Phone 500.

they have plenty. They raise it and lots to sell. The finest meat and hoglard ever put in a skillet was used by this writer and it came from R. C. Morgan's.

Milton Pickens had his paper changed to Loraine, where he recently purchased an interest in a meat market. "Pete" is a fine fellow and we regret that he moved away from Colorado, but he was ambitious and we hope he prospers in the new business at Loraine. It is a good town and he's a good meat man.

C. W. Gill, Abilene; Mrs. Mary J. Brown, Los Angeles; J. E. H. Galbreath, Louisville, Ky., each pays up. The latter owns the house on Hickory street just back of the Gray Lib. yard.

Sam Palmer of Tioga, Texas, sent for a sample copy of The Record a month ago and we sent it to him. After reading it he decided Mitchell county would be a good place to live so he and his two boys cranked up the old car and came to Colorado to look around. They rented land south of town from Lay Powell and will move here to farm next year. They came in and subscribed for the Record saying it is the best weekly paper they ever saw.

R. A. Carey of near Honey is another good farmer to get right. He came in and subscribed for The Record. He has been in this county five years and likes it better. He came from Cisco.

L. E. Allmond gets on the list with the cold cash and we sure do thank him. He's a good man and that is the kind we like to take this paper.

Other new ones are Linzy Collins, Pensacola, Fla.; Leslie White, district manager Acorn Stores, at Big Spring; Mrs. T. L. Hamblett, Anson; Mrs. R. T. Coffee, Lubbock, and C. E. Stone Co., Dallas.

Mrs. C. P. Conaway is another good woman who pays up for which we thank her. Mrs. Conaway has reared and educated a fine bunch of girls and Mitchell county is proud of all of them.

### Beef Feeding Movement Gets Local Support

Mitchell county farmers and business men of Colorado are taking much interest in the recent movement to feed and finish for market several head of baby heaves in cooperation with the Texas Breeder-Feeder association.

A large delegation of farmers and ranchmen from this county will attend the meeting of the Texas Breeder-Feeder association to be held at the Dallas Fair on October 17.

J. H. Greene, W. S. Foster, and U. D. Wulfjen, Farm Bureau director, and other ranchmen attended the meeting at Midland Saturday and came back enthused over the possibilities of the movement.

Already plans have been made here to finance and feed out one or more cars of baby heaves this winter, show them at a spring stock show and ship the mto market through the Mitchell County Livestock Shipping association.

The Chamber of Commerce and the Colorado Feed Mills are cooperating. The feed mill furnish necessary feeds on a cooperative basis, and may feed out a half car of calves.

### COUNTY FEDERATION HOLDS FIRST MEETING OF THE NEW CLUB YEAR

Organization Plans For Program Honoring Mrs. Maggie Barry

The Mitchell County Federation of Clubs held its first meeting of the club year Tuesday with the president, Mrs. C. C. Thompson, presiding. The treasurer reported \$112.88 in the bank with the librarian's salary now due, also that she has yet to replace money borrowed in building fund.

The 1921 Club had no report. The Hesperian club reported two departing members entertained during the summer.

The Self Culture club reported as working on their year book. Daughters of the King reported as carrying on successfully with their Mission Sunday school and doing other things that come under class work.

Miss Abbie M. Sevier, county home demonstration agent, reported clubs going on with their regular work. She especially commended Hyman. This club has met regularly all summer, going long distances and many times she would take a number of them and they would have to find a way to return. But they were always ready to go again. They paid their dues into the County Federation.

Mrs. J. G. Merritt reported 44 new books in the library and new shelves needed. It was voted to use membership and fines for this, supplementing with the one dollar per membership to be paid by the Federated clubs this fall for library work. The shelves will not cost over \$25, their building to be left to Mrs. Boyd Dozier, the librarian.

Miss McGill reported that our application went in too late for a county nurse last year, but that we were to have one about October. She asked the cooperation of every club woman in putting this over.

Miss Sevier reported that Mrs. Maggie W. Barry would be here Friday and Saturday on home demonstration work, and would meet the county council Saturday. She plans to have her speak to the high school pupils Friday morning if she reaches here early enough from El Paso, but that she would have some time Friday to devote to Federated club work here. Since Mrs. Barry is the Texas director in the General Federation and since she is a woman known and loved by all Texans, a splendid speaker and with a fine personality, the club women were delighted to have this opportunity to do her honor and to hear her speak.

A meeting was arranged for 3:00 o'clock Friday at Christian church. Committees were appointed to arrange a program for decorating and for making and serving punch. Every woman in Mitchell county is cordially invited to hear Mrs. Barry, who is

one of the State's outstanding women. The following program has been arranged for 3 o'clock, in the auditorium of the First Christian church: Reading—Mrs. J. E. McCleary. Song—Mrs. Berryhill. Address—Mrs. Maggie W. Barry. Social hour on church lawn.

### PATTERSON-TILLISON

### CLARENCE GROSS TO OPERATE NEW GULF STATION WEST RIVER

Modern Station Built By R. J. Wallace Leased By Gulf Co.

Clarence Gross, who has been with the Gulf Refining Co. agency here for seven years, has been named manager of the new Gulf filling station on the highway just west of the Colorado river.

The new and modern station was built by R. J. Wallace and leased to the Gulf company for ten years. Gross was placed in charge by the Gulf company to operate the station on a commission basis.

Clarence Gross, a son of J. W. Gross, was reared in this county. He

is a hustling young fellow and an honest and efficient worker. He has many friends who will be glad to see him succeed with the filling station.

This new station is Gulf regulated station, built of brick and affording modern filling station conveniences.

### FARMERS SOW SMALL GRAIN FOR PASTURE

As a method of increasing the production of butterfat, eggs, pork and as a saving of feed this winter, quite a few Garza county farmers are now and have already sowed small acreages of winter pastures, in the form of wheat, barley and oats. Should fall and winter rains fall as they usually do, these acreages will supply quite a lot of grazing this winter and next spring and will prove their value in the added production of butterfat and as a saving of feed this winter.—Post Dispatch.

### Cedar Ben Man Says Has Water To Furnish City

J. R. Moore and son, J. T., were in town Thursday morning to see W. W. Whipkey, water commissioner, about an adequate water supply for the city.

They say they have a water well on their place in the Cedar Bend section, seven miles northwest of Colorado, that will furnish plenty of water for the city. This well was dug only 20 feet deep and it is only 13 feet to the water, Moore said. He claims he has a centrifugal pump on the well now that will throw 2,250 gallons per minute, and says the well furnished good, clear, soft water.

"I guarantee this well to furnish more than all the city wells put together," Mr. Moore said. "I can furnish the city 2,000 to 2,500 gallons per minute from one well. I don't ask the city to take my word for it, but to come up and start up the pump and see for themselves," he continued.

W. W. Whipkey said Thursday morning the matter would be investigated. "We do not need but 1,000 gallons per minute, and if this well will actually produce 2,200 gallons per minute, it should be adequate for the city," Mr. Whipkey said.

The well furnished water to the boiler at the old Cedar Bend well during the time the well was drilling. Mr. Moore owns 327 acres, which adjoins the old Cedar Bend well location. He has lived on this land for 22 years and says he has never been short of water, and that he can drive a pipe down in the ground in this particular spot and get plenty of water. The strata is in a gravel and sand bed about 15 feet thick. This bed is higher than the river level, Mr. Moore says.

### IMPROVEMENTS TO THOMAS HOME NEARING COMPLETION

The work of remodeling the J. Max Thomas home, corner of Lope and Fifth, is nearing completion. When finished this will be one of the most beautiful homes in the city.

The old home was stripped to the frame, new arrangement of rooms worked out by J. E. Pond, architect, and a built-in garage and two large porches added on the ground floor. An enlarged living room, dining room, kitchen, service porch and closets and stairway make up the ground floor arrangement while the upstairs contains three large bedrooms, bath, closets, etc. The structure is veneered with a beautiful dark gray brick. The porches with beautiful brick arches add greatly to the appearance.

The Colorado Construction Co. is doing the work.

### COTTON PRICES UP AFTER GOVERNMENT REPORT MADE MONDAY

Estimate 718,000 Total Under August Report; 14,825,000 Bales

NEW YORK, Sept. 9.—Futures on the New York cotton exchange spurted more than \$3 a bale following issuance of the government crop estimate as of September 1, which indicated a yield of 718,000 bales less than that forecast on August 1. The trade generally had looked forward to an official estimate of about 15,000,000 bales, compared with the government's figures of 14,825,000 bales.

WASHINGTON, Sept. 9.—The Agricultural department today announced an indicated United States cotton production of 14,825,000 five hundred pound gross weight bales, based on census reports to the crop reporting board September 1.

The reporting board based its prediction on an estimated condition of 55.4 per cent of normal September 1, an abandonment for the season of 3.83 per cent, and an indicated area of 46,594,000 acres left for harvest.

The census bureau at the same time reported 1,570,030 running bales of cotton have been ginned off the 1929 crop up to September, as compared with 956,577 for 1928, and 1,533,577 for 1927.

The board also reported an indicated yield of 112.2 pounds of lint cotton per acre for harvest.

A Decline Since August

The estimated cotton crop of 14,825,000 bales predicted by the agricultural department represents a decline of 718,000 bales, or 4.6 per cent under the estimate of Aug. 1.

Abandonment of cotton crops in Texas, North Carolina and California is above the average, the department said, but added abandonment in all other states is below average.

Unusually hot weather in August prevailed throughout the cotton belt from Georgia west, it was said. Although this heat, amounting to a severe drought, checked boll weevil damage, it also seriously interfered with the fruiting of the plants and reduced the prospective yields. This was assigned as the main reason why crop prospects now are less than they were a month ago.

Drought Losses

Losses from drought were particularly severe in Texas, Mississippi and Alabama, although there also has been damage in Arkansas and Georgia," the department stated.

"The crop generally is maturing and opening earlier than usual and in the areas worst affected by dry weather, there has been some premature opening of young bolls.

The condition in percentage of a normal and the indicate production (in 500-pound gross weight bales) follow:

### NELSON VAUGHN HAS PART IN DISCOVERY OF PRIMITIVE TRIBE

Mrs. J. S. Vaughn has received a copy of the Denver Post in which a lengthy story of the discoveries of Nelson Vaughn, preparateur in paleontology, and Dr. E. B. Renaud, anthropologist in charge of work for the City Park Museum, Denver, recently made in New Mexico and Western Oklahoma.

This paper says these men have discovered in caves and by excavations definite facts to prove that a tribe of "agricultural Indians inhabited this territory 3,000 years ago."

On a recent exhibition in Oklahoma, Dr. Renaud and Vaughn found a cave in gray sandstone which contained an unusually large collection of relics of the prehistoric people. All the specimens were near the fireplaces and many fore the signs of too close a contact with the fire.

Corn cobs show that in their earliest form corn ears were very small with irregular rows of grain. Sizes found ranged from barely an inch up to a length corresponding to that contemptuously referred to by modern farmers as a "nubbins." Mesquite beans, small coorns, yucca pods and other traces of vegetable food were found. Some of the cobs showed they had been cooked, others looked as though the grains had been eaten raw.

Two woven baskets or bags of white corn were found. Both of these weighed exactly the same so it is probable that these people had some method of determining weight.

Three loaves of bread, varying in size, were found. These were probably made of corn meal, and each has a small hole in the center. They are shaped somewhat like a biscuit, but are much larger.

The greatest advance seems to have been in the field of weaving. Baskets of five distinct types were found. The most complicated of these is a spiral pattern used in the bottom. Sandals also were woven. Two types of these were found, the most complicated having a three-strand pattern.

A wooden instrument, evidently designed for weaving, also was found. It has holes along one side to which the fibres probably were fastened. The other side, shaped like a blade, undoubtedly was used in preparing materials for weaving or in working animal skins.

It is evident that they knew something of tanning. A prairie dog hide containing cornbeas has the hair side turned in and the skin somewhat softened. This bag has several darned spots, showing that it had been much used.

### HICKS CONGRATULATED ON PIONEER WORK IN THE TIRE MAKING INDUSTRY

Congratulations are being received by A. C. Connell, manager of the Colorado Hicks store, and the entire Hicks Rubber Company organization of 132 tire stores and associated stores on their pioneering in white sidewall tires.

These tire stores, of which the Colorado store is one, have been handling Dayton Thorobred "white sidewall" tires for several years, and in addition there is now the Hicks-Built Star tire, manufactured by the Hicks Rubber Company—the Star tire having the white sidewall in perfected form and construction.

"Announcements that other tire manufacturers are turning to white sidewall cast greater glamor on the pioneer in this all-important feature of tire construction.

"Beauty, color and distinctive appearance are apparently not the only reasons for the trend to white sidewalls. It is a matter of thermal conductivity," says Connell, who points to the fact that white rubber sidewalls, with their metal content, permit internal heat to radiate from the tire.

"With the rest of the tire industry coming our way," said Connell, "we feel that we have been on the right track."

### WORK ON HUMBLE STATION GOING FORWARD RAPIDLY

Work on the large filling station, corner of Second and Chestnut, being erected by the Humble Oil & Refining Co., is going forward rapidly. Practically all the brick work has been completed. This station is to be one of Humble's large size regulation stations of Colonial design. The company recently purchased this corner from O. B. Price and Earl Morrison for \$12,500.00.

### A. R. WOOD REPRESENTS YELLOW HOUSE LAND CO.

A. R. Wood, realty dealer with office in City National bank building, has closed a contract with the Yellow House Land Co. to sell their farm lands in Lamb, Cochran and Heckley counties.

He has made several trips to that

section with prospective buyers and has already closed several deals. The Yellow House Lands comprise one of the finest bodies of potential agricultural lands on the South Plains and Wood is enthusiastic over the possibilities of these lands.

Those who wish to see these lands should communicate with Mr. Wood and arrange for a trip there.

Big Spring Man Killed By Plane Crash At Tulia

Frank R. King, 35, business man and aviation enthusiast of Big Spring fell to his death at 8 o'clock Saturday morning near Tulia, Smith county, while flying his small monoplane in a dense fog and against very strong and erratic winds.

King, an amateur unlicensed pilot, left Big Spring early Saturday for Amarillo to attend the opening of the municipal airport. After urging his sister, Mrs. L. M. McKinney of Dallas, and others to accompany him, the invitations being declined, he set out alone, flying a monoplane in which he had a one-half interest with G. H. Byrne, local agent of the T. & P. Coal & Oil Company.

Statement of Onlooker

The monoplane fell at a point 14 miles west and two miles north of Tulia. The crash was seen by a farmer, M. T. Wheeler, who said the air was thick with fog. When Wheeler sighted the plane it was headed obliquely downward from a height of 300 to 400 feet, seeming to be in a glide, but apparently in control, as it was not nose-diving or tail-spinning.

"As I looked, waiting for the pilot to right the plane, it crashed into the ground," Wheeler told the Big Spring Herald over telephone. "My idea is that Mr. King had it in control, but was confused in the fog and was nosing down to land, and did not know he was so close to the ground."

Mr. King purchased the Air King biplane from the Colorado Flying club last year. This machine, however, was wrecked in Arizona by a pilot who was arrested on charges of participation in the Mexican revolt. King was flying another ship when he crashed.

M SYSTEM CORPORATION BOUGHT BY NEW YORK CO.

By United Press. NEW YORK, Sept. 12.—Formation of the Chain Stores Development Corporation has been announced here.

The company's initial interests will be in grocery and food stores. At the outset it will control Standard Dairy Stores, Inc., of New York City, and the "M" System Stores Corporation, which services 364 stores in 14 Southern and Southwestern States. In addition, the new corporation will own contracts for the acquisition of a group of 73 stores operating in Texas and Oklahoma, 85 per cent of which are "M" System stores.

MOODY USES BEST JUDGMENT

(An Editorial)

The Record joins hundreds of thousands of Texans in commending Governor Moody for the very excellent judgment he used in appointing J. H. Walker, chief clerk of the land office, to succeed the late J. T. Robison. Of all the citizens of this State, Governor Moody could not have picked a better man, and we doubt very much if he could have picked another man who could handle the duties of this office so proficiently. We are positive he could not have appointed another who would have been so universally accepted by the people of the State. The appointment of Mr. Walker is indeed a very commendable move and the people of Texas, to a great extent, are under obligations to Governor Moody for having so zealously guarded his appointive power in this important case. The Governor has certainly advanced his standing with a majority of the people of Texas just by this one commendable official act.

COUNCIL MEETING MONDAY NIGHT CONTINUES SURVEY

The water survey being made by the city under supervision of W. W. Whipkey, water commissioner, in search of adequate supply of water, was ordered continued by the council at the regular semi-monthly meeting Monday night.

Only routine business was attended to aside from the discussion of the water situation. Next regular meeting will be held September 23.

ALLEN CONNELL IS STAGGERING ABOUT MINUS PAIR TONSILS

Allen Connell, of Thorobred fame, whose smiling, beaming countenance is happiness personified since he took the 18-day reduction diet, is able to stagger about this week after having responded more or less reluctantly to the whims of fashion by having his very last pair of tonsils jerked from his craw, or wherever it is these fiends of prey roost.

Upon a bet with Bill Randle, Connell toddled into a tonsil emporium Sunday morning, a week ago, with a grin like a mule eating tacks and emerged a short time later with a surprised and pained look and owing the surgeon a sizeable doctor's bill.

According to Bill Randle, who also underwent the same pleasure, Connell went under the anaesthetic praising Allah and came out quoting Kipling and Will Rogers and for several days was not able to talk at all, to the relief of his family and numerous friends. Allen says the whole affair began with a pain in the neck and ended more so.

The victim, among the few Coloradans able to support a pair of tonsils much less have 'em removed by a regular surgeon, is now convalescing and it is only a matter of a few days until he can tell all his friends the beauty of the Pearly Gates or just the shape of other home of tire dealers.

The many invitations he and Randle have had recently to eat a big steak will probably stop soon. They are getting to where they can swallow water and when the canal to the inner man is cleared these two hombies will doubtless eat plenty.

In the meantime the nurses at the hospital refuse to discuss the actions and talk of Bill Randle when he took the quick road to "sleepy" house.

MOODY APPOINTS WALKER TO LAND OFFICE POSITION

Chief Clerk Succeeds Late J. T. Robison as State Land Commissioner

AUSTIN, Sept. 11.—Gov. Moody today appointed J. H. Walker to be commissioner of the general land office to succeed J. T. Robison, deceased. Robison had been commissioner 21 years and Walker had been chief clerk for the same period of time.

Walker announced the appointment of Sam S. Sayers of Bastrop county, to be chief clerk. Sayers had been employed in the land office 28 years.

MR. AND MRS. W. L. DOSS GO TO HOUSTON REBEKAH CONVENTION

Mr. and Mrs. W. L. Doss, Sr., and Hulet and Luther Williams left on Thursday morning via motor for Houston to attend the annual national convention of the Sovereign Grand Lodge I. O. O. F. and National Association of Rebekahs to convene there Monday for a week's session. Mrs. Doss is State delegate for Texas.

They expect to arrive in Houston in time to join the party going to Galveston Saturday, where the delegates are to be royally entertained with a bathers' circus and a big fish fry on the beach at Galveston Saturday night.

After the sessions at Houston close Friday afternoon the group will make a trip to San Antonio and through South Texas and into Old Mexico Saturday of next week.

DON WALLACE AND BEN COSTIN TAKE PLANE TO SCHOOL

Don Wallace and Ben Costin went by plane from Sweetwater Friday morning to Oklahoma City enroute to Norman to enter Oklahoma University.

They left Sweetwater on the early morning passenger ship and wired back from Oklahoma City at 11:40 that they had arrived safely. They were due to register at the University Friday afternoon but remained here until Friday morning.

R. J. Wallace, who returned from a round trip to Kansas City last week by plane, is enthusiastic about air travel and says he believes practically all long distance travel will be when completed.

Tire Manufacturers Turn to White Sidewall Tires. Hicks Rubber Company's Perfection Banishes Heat From the Tires

Perfection of the white sidewall side, as announced by the Hicks Rubber company, manufacturers of Star tires and distributors of Dayton tires, comes simultaneously with reports in tire circles that many nationally advertised lines of tires are changing over to white sidewalls.

Thorbreds, the bulk of the south's largest tire house's record sales volume has been in white sidewall Dayton's; and, when the Hicks Rubber company purchased the Star Rubber company of Akron, Ohio, last winter, Hicks placed the white sidewall on the Star tire.

When careful check of hundreds of thousands of tires revealed that 90 per cent of black sidewall tires blow out before they wear out, and that 99 per cent of white sidewall tires wear out before they blow out, Hicks began convincing sales efforts in white sidewall tires and has been advancing in that direction ever since. High mileage records hung up by Star tires exceed all expectations.

**Club Boys Awarded Trips For Best Gains In Feeding Pigs And Calves**

Winners of trips to the Dallas Fair announced today by County Agent W. S. Foster produced pork for a feed cost of not more than 5.9 cents a pound and made their hogs average 307 pounds at six months of age, a summary of the boys' records show. The heaviest pig, which weighed 360 pounds at six months of age was produced by Garvice Craghead of Valley View and broke the State 4-H Club record. The cheapest pork for a feed cost of 4.5 cents a pound. All the boys fed home grown grains balanced with a protein supplement.

J. C. Northcutt and Robert Earle Wulfjen, winners in the baby beef contest made net profits of \$37.16 and \$34.33 on their calves.

The boys will leave Colorado on Monday, Oct. 14th, and will spend three days in Dallas studying the agricultural and livestock exhibits and visiting points of interest in and around Dallas. The boys will be taken on inspection trips through the Dallas business houses, and hotels, and each night they will be taken to

one of the theatres or to the Coliseum to see a show.

The trips are given by Colorado Chamber of Commerce, the Dallas Fair management, and the T. & P. railway. The boys who won the trips are: Garvice Craghead, Joe Leonard Blackard, George Draper, Kenneth Richburg, L. G. Walker, Foster WIMS, J. C. Northcutt, and Robert Earle Wulfjen.

Winners were selected on the basis of the largest net gain on the pigs and calves. \* Anyone interested in the gain may see the records on file in the county agent's office.

### ROBERT WHIPKEY HAS FINE VOYAGE TO N. Y.

Mr. and Mrs. A. L. Whipkey received a telegram a few days ago from their son, Robert, from Miami, Florida, saying that he was enjoying

his voyage to New York. He took a steamer out of Galveston and had docked for a short time at Miami. Seasickness was one feature of the trip that he had avoided up to the time he wired.

We carry a complete line of office

### INSURANCE CO. SENDS PLANE HERE WITH CHECK PAY COOK DEATH CLAIM

Lands At Colorado Airport Late Friday; Pay Mrs. Cook \$2,505.00

Three hours after the company was notified of the accidental death of Mr. H. S. Cook Friday morning, the National Aid Life Association of Oklahoma City had a representative enroute to Colorado by airplane to pay the death loss.

I. T. Winfrey, agency supervisor for this company, arrived at the Colorado airport Friday afternoon at 5:15 in the company's leased Curtis-Robin cabin plane, having made the trip from Oklahoma City to Colorado in three hours and forty minutes. He carried a certified check for \$2,505 to pay insurance on the life of Mr. Cook, who was accidental-

### WESTBROOK ELECTED HEAD OF 4-COUNTY SINGING CONVENTION

Good Crowd Attends Semi-Annual Meeting In Roscoe

A fair representation of Coloradans attended the semi-annual meeting of the Four-County Singing Convention in Roscoe last Sunday.

The Saturday-session of the convention was rained out, but a good crowd was present for the Sunday program.

T. H. Westbrook of Colorado was elected president of the convention, and Sweetwater was selected as the meeting place on the second Sunday in March next year.

### 39 Boys Enroll In Vocational Aggie Classes

Thirty-nine boys have enrolled in the new vocational agriculture department of the Colorado high school, according to Doyle, Williams, instructor.

These boys will handle a baby beef, pig, poultry or crop project in connection with the course. Selection of projects have not been made but the class is getting organized and will begin project work soon.

Mr. Williams is well pleased with the enrollment and the outlook for the work this year. The first time such a department has been handled in the Colorado school.

Those enrolling in this department are:

Virgil Mann, Harvey Jones, Pete Smith, Jenks Powell, Woodrow Viles, Cecil Chivers, J. B. Holt, Sherrard Smith, Gayland Simpson, Preston Wynne, Loucious Comer, Curtis Myers, Thomas Henderson, C. L. Joyce, Lester Haines, Lowell Fuller, Dean Franklin, Edwin Simpson, John Lee Henson, James Bodine, William Green, Hubert Moore, J. L. Hart, Rex McKenney, Charles Root, Allen Bloodworth, J. L. Galey, Lindley Webb, Morris Roy Braswell, Edmon Nowell, Herbert Pierce, Glenn Skinner, A. B. Colson, Flavie Roberta, Carroll Smith, William Vanstory, Harold Watson, Horace Snider, Odell Collins.

### Snyder Teacher Opens Expression Studio In City

Miss Martha Lucile Brown, expression and dancing teacher of Snyder, daughter of Mr. and Mrs. H.P. Brown, has opened a dancing and expression studio in the American Legion hut and will instruct classes here on Monday and Thursday of each week.

Miss Brown is a graduate in expression and a pupil of Mrs. Flo Hutcheson, Fort Worth, and Mrs. S. E. Walker, Lubbock, and has routines for dances from Albertina Bach, New York. She will give instruction in expression, acrobatic toe ballet, tap and interpretive dancing.

### Fast Freight Service From Dallas By T.-P.

Colorado and other West Texas points will be brought closer to Fort Worth and Dallas through a "door to door" overnight freight delivery system which became effective Tuesday on the Texas & Pacific railway, it was announced here Thursday by Clint Thompson, local agent.

Freight will be picked up during the afternoon by a fleet of motor trucks at the doors of Dallas and Ft. Worth establishments and placed on fast trains for delivery at Minera, Wells, Ranger, Eastland, Cisco, Breckenridge, Baird, Abilene, Sweetwater, Colorado, Big Spring, and Midland. Merchandise will then be delivered to the doors of consignees.

The train bearing the truck collected freight will arrive in Colorado about 7:30 a. m., and freight will be delivered to consignees about 8 a. m., Mr. Thompson said. A contract for delivery of goods has been made with local transfer companies.

"This is equal to express service," Mr. Thompson said. "All freight delivered to the Texas & Pacific at Dallas up to 5 p. m. will be delivered here at 8 a. m. next morning."

### J. M. Collins And Wife Make Chickens Pay

Mr. and Mrs. J. M. Collins, who live about three miles north of Lorraine, are keeping a complete record of all farming costs to determine which lines are the most profitable. Last spring they bought 400 White Leghorn baby chicks. They sold off the cockerels and some of the pullets and now have ninety pullets just beginning to lay. They sold them at unusually good prices and the pullets that they have left have cost 19 and a fraction cents each.

They raised 42 turkeys but had to sell them early in the season because they were wandering too far from home. They cleared \$33 on the 42 turkeys the short time they had them.

In spite of dry weather, Mr. Collins made good corn and maize. Some of the ears of corn are equal to corn grown in the river bottoms of East Texas.

Mr. and Mrs. Collins are planning to depend more on their cows and chickens and less on cotton.

### MRS. A. E. MADDIN SEES UNCLE FIRST TIME IN 60 YEARS

Mrs. A. E. Maddin, who left Alabama with her parents 60 years ago, was agreeably surprised Sunday night by a visit from her uncle, Lonzo Bailey, whom she had not seen since leaving Alabama.

Mr. Bailey is 86 years old. He now lives at Shepherd, Texas, and had been attending the Confederate Veterans' recent annual reunion in Alabama, and came by Colorado to spend a week with Mrs. Maddin.

Mr. Bailey is one of the few old timers of the good old South. He served in the Confederate army.

### W. Lewis Says Millions Buying Goodyear Tires

Wilbur Lewis, manager of the Lewis Rubber Co., Goodyear tire dealers, this week gives some facts regarding these tires that he thinks the public should know.

"Goodyear built and sold over one-fourth of all tires in 1928," Lewis said. "Of the seventy million tires made in 1928, Goodyear built 27 per cent, or nearly twice as many as any other concern in the world."

"The great truck fleets of industry use more Goodyear tires than any other make," he continued. "The urban, interurban and transcontinental bus lines buy more Goodyear tires than any other make. In fact, more people ride on Goodyear tires than any other make of tires. This shows where the quality is."

The Lewis Rubber Co. recently was appointed Goodyear dealers here and Mr. Lewis says his business has been increasing weekly. He says the Goodyear Double Eagle tire is becoming very popular and sales of this tire are increasing rapidly.

### RAYBURN REVIVAL AT MIDLAND EXPECTED TO DRAW GREAT CROWDS

MIDLAND, Tex., Sept. 10.—Great crowds of people are expected in Midland during the next 30 days while Dr. James Rayburn is conducting a series of revival services in a huge tabernacle. Visitors are expected from Colorado, Crane City, Rankin, Big Spring, Stanton, McCamey, Odessa, Monahans, Poyte, Wink and other nearby towns.

Dr. Rayburn, who has conducted revivals at Colorado and other Texas cities is said to be one of America's greatest preachers. All Protestant churches of Midland are joining in the meeting. Business men are making local arrangements as the Rayburn revival is being conducted under auspices of Midland laymen.

### LOONEY FARMER SAYS MITCHELL COUNTY BEST

R. A. Carey of Looney says Mitchell county is the best cotton farming county in West Texas. He has farmed here five years, having moved from Cisco where he was practically raised. Last year he harvested 30 bales of cotton but says he will probably not get more than 20 this year. Mr. Carey says for all-round cotton farming Mitchell county is about the safest bet he knows of.

### ELECTRIC COMPANY EMPLOYEES ATTEND SWEETWATER MEET

Employees of the Texas Electric Service Co. offices here attended a general meeting of employees of the company for this district at the offices in Sweetwater Saturday night. The meeting was called by L. J. Geer, general manager.

## Midland Store of Local Concern Loses \$3,000

The Midland store of the West Texas Dry Goods Co. was robbed last Thursday night of about \$3,000 worth of new merchandise, according to Max Berman, Colorado, assistant general manager, who was in Midland Friday to check up the loss. The goods taken were Curlee men's suits, Stetson hats, and several ladies' coats, dresses and hose. All of the goods taken were of the most expensive type in the house, Berman said.

Two young men were arrested in Artesia, N. M., Tuesday and about \$800 worth of the goods were recovered. Other arrests are expected soon, Berman said.

### FARMERS PLEASSED WITH RESULTS STOCK SHIPMENT

The farmers who pooled cattle for shipment by the Mitchell County Shipping association Monday received from \$7 to \$15 per head net above prices offered here, according to figures on the returns received by U. G. Hardison, manager.

The car of cattle brought a net sum of \$1592, which is even better than the returns from the shipment two weeks ago. Good beef yearlings brought 10.50 to 11 cents, dairy calves brought 6 to 9 cents, good fat cows brought 8.25, and a Jersey bull brought 5.50 cents.

These shippers stated they received from \$7 to \$15 net over prices offered locally. One cow was offered at \$35, netted \$41, another cow for which the shipper was offered \$65, netted \$3, and two yearlings for which the shipper was offered \$80, netted \$95.

Six head have been listed for the third car, U. G. Hardison states.

### OPEN HOUSE TO BE HELD BY TEACHERS

Open house will be held by the teachers in the Primary, Hutchinson, and Junior high school buildings Friday evening from 6 until 8, according to Supt. Ben S. Peck.

During these hours, parents and children are urged to visit the schools and meet the teachers. Parents will in this way be given an opportunity to become personally acquainted with their children's teachers. Each teacher will receive in her own room, and visitors will be directed to each room by a reception committee at the door of each school.

Names for the Primary and Junior high buildings will be submitted and voted on during these hours.

### WEST TEXAS OFFICIALS WILL ORGANIZE SOON

The county judges and commissioners of West Texas are to form an organization at a meeting to be held in Lubbock, October 3, according to Judge C. C. Thompson. At the initial meeting permanent organization will be formed and officials elected. The organization will probably be known as the West Texas County Judges and Commissioners' association.

There is a State organization of these officials, but the meetings are generally held in eastern or southern part of the State and few West Texas members attend, thus the need for the West Texas organization.

We carry a complete line of office supplies.

## HYMAN WOMEN'S CLUB HAS HAD AN EXCELLENT RECORD SINCE BIRTH

### Accomplishment of Members Called to Mind By Good Meeting Last Week

With all but two of its members present, the Hyman Women's 4-H Club met with Mrs. S. D. Allen last week.

Those present besides the hostesses were Mesdames I. Smallwood, Frank Andrews, E. Andrews, T. P. Smallwood, H. H. VanZandt, Jim Boyd.

The subject for demonstration was the school lunch. Discussion of the County Federation was held, and the club voted unanimously to join the Federation and paid its dues. Delegates from the club to the Federation were appointed as follows: Mrs. H. H. VanZandt, S. D. Allen, and T. P. Smallwood.

This club has missed only one meeting since it was organized in May, 1928, and that one was missed on account of illness the first Friday in January.

Four members of the club entered the Living Room contest this year. One of these four, Mrs. Allen, won second place in the contest in the county. Two members of the club, Mrs. Jim Boyd and Mrs. Allen, won first and second places, respectively, in the county Women's Dress contest.

Other members besides those present at the meeting last week are Mrs. R. D. Coles and Mrs. C. L. Boyd. The hostess served cream and cake as refreshments. The club's next meeting is to be with Mrs. Edgar Andrews.

## SWEETWATER LUMBER YARD BURNS SATURDAY

The Higginbotham-Bartlett lumber yard at Sweetwater suffered \$15,000 fire loss Saturday night about 9 o'clock. Origin of the fire was unknown, but it was presumed lightning struck the building.

The fire broke out during an electrical display and rain. The 2-inch rainfall and the fire department held the fire in check.

## Ranks of Colorado's Youth Depleted by Call of College

The ranks of Colorado's youth are being depleted during this week and next by the opening of colleges and universities over Texas and at least two other States.

The number of those going away falls somewhat below that of last year, though it is still one to be boasted by a town Colorado's size. Last year there were fifty-five entering colleges from Colorado, and this year there are about forty-three.

Texas Tech at Lubbock and C. I. A. at Denton, two schools which formerly claimed more students from Colorado than any others, drop to second and third places this year, giving way to State University and Simmons University, each of which will claim seven Colorado boys and girls. This number, however, is not quite as large as those formerly claimed by Texas Tech and C. I. A.

Following is a list of the schools claiming Colorado boys and girls, and also the names of those planning to attend each. This list is probably not complete, and perhaps not entirely accurate, since some may not decide until later.

Simmons University—Nelle Har-

per Greene, Lucille Ashford, Edna Smith, Mary Belle Brennan, Corrine Lupton, Riggs Shepperd, and Geraldine Baze.

State University—Virginia Stonerod, Richmond Campbell, Q. D. Shepperd, Gladys Dorn, Jack Hale, Mr. and Mrs. Perry VanZandt.

Texas Tech—Grace Hunter, Irma Womack, Samuel Womack, Abe Dolman, Jr., Morgan Gist.

## Small and Dawes Succeed in Fight On Johnson Grass

Johnson grass has been completely eradicated by three sprayings with calcium chlorate in a demonstration being made on the Van Tuyl farm by W. M. Small and Tommy Dawes. Examination of the Johnson grass roots last week by Mr. Small shows that they have turned dark and are dead. A few of the patches of grass that have had only two sprayings have a few green sprigs left, but they are being sprayed this week. About ten acres have been treated with the chemical and the cost for three sprayings will amount to about \$2.50 an acre.

## J. D. EVANS VICTIM OF FATAL ACCIDENT NEAR POST LAST WEEK

### Colorado Cafe Man Succumbs After Car Hits Telephone Post

Funeral services for Johnnie Doyle Williams, 23, part owner of the Best Yet Sandwich shop here, were held at the Church of Christ at Lubbock Saturday afternoon.

Evans died Friday afternoon at 12:45 o'clock at the Lubbock sanitarium as the result of injuries sustained in an automobile accident near Post Wednesday night. He sustained a fractured skull and body injuries when the light roadster in which he was riding crashed into a post at the side of the highway between Post and Close City.

He was unconscious when found and no identification was found upon him. Post authorities were unable to establish the identity of the man until late Thursday. A license on the auto revealed the fact that it was sold by a Midland concern. Efforts to establish the identity of the man through that source, however, failed.

News of the accident reached Colorado Thursday of last week and Hubert Evans went to Post and found the injured man was his brother and he was carried to the Lubbock Sanitarium. Roy Evans joined him at Lubbock.

Johnnie had been to Lubbock to visit his parents, Mr. and Mrs. J. W. Evans and was returning to Colorado when the accident occurred.

Besides his parents, he is survived by a sister, Mrs. J. T. Williamson of Lubbock, and three brothers, Roy B., Herman W., and James J. Evans, all of Colorado.

## Midland Coach Admits Team Is Weak This Year

Colorado should worry! That is the way Coach Barry of Midland puts it. He has little hopes of Midland getting anywhere in the game with Colorado on September 27, according to information given the Colorado Record by a Midland sports writer.

Coach Barry admits his team is weak. In fact, it is an unknown quantity now, but the prospects are gloomy we are told.

In writing The Record about the team, the Midland Reporter sports writer says:

"Prospects for a high school football team in Midland this year do not assume the magnified importance calculated to cause grid candidates of other schools of the country to toss at night with bad dreams of broken noses, knocked down hips, disjointed shoulders, smell of linament or visions of plaster paris.

"Coach Barry appears to have little that might qualify the word material. A few members of the non-qualifying squad of last year, three or four men who have played some here in the past, and a few indeterminates—that is the best that can be said of the club which will trot out to meet Colorado September 27."

## BROTHER OF LOCAL MAN KILLED IN ACCIDENT AT INADALE SATURDAY P. M.

### Herbert Baze, Member Prominent Family, Buried At Snyder Sunday

Herbert E. Baze, age 25, member of one of the most prominent pioneer families of Snyder, and a brother of John R. Baze of Colorado, was instantly killed Saturday about noon near Inadale on the Roscoe-Snyder highway, when a truck driven by Huey May crashed into the rear of a truck driven by Baze.

Mr. Baze was standing on the running board of his truck, having stopped to repair a flat tire. Mr. May, who was following in another truck, evidently did not see the other truck stop in time to avoid the collision.

Both trucks were the property of the Snyder Transfer Co. and were loaded with 12-inch oil well casing enroute from Trent to an oil well in the Camp Springs community of Scurry county.

The rear truck did not have time to stop, but had to turn out to try to pass the truck driven by Mr. Baze and the trailer of the rear truck crashed into the rear of Baze's truck, breaking the chains which held the pipe. One joint of the casing was knocked off the truck, striking Mr. Baze in the chest, knocking him from the running board of his truck to the ground and then falling upon him.

It was several minutes before the casing could be removed from the dying man. His neck was broken and his chest badly crushed. According to Mr. May the injured man lived only a few minutes but made several efforts to assist in removing the casing from his body and trying to speak.

Mr. Baze had been employed by the Snyder Transfer Co. for several years and had charge of the trucks when away from home.

He is the youngest son of Mr. and Mrs. W. T. Baze, prominent pioneer residents of Snyder. He was born and reared in Snyder, where he and other members of the Baze family have scores and scores of friends and acquaintances.

In 1924 he married Miss Alberta LaRue of Snyder, who with his parents and five brothers and three sisters survive.

Funeral services were conducted from the First Christian church at Snyder at 3 p. m. Sunday. His father and mother are among the very few surviving charter members of this church.

One of the largest crowds ever assembled at a funeral in Snyder gathered to pay last respects to this splendid young man. The First Christian church filled with people standing in the aisles and more than one hundred who could not get inside.

Several from Colorado attended the funeral, including Mr. and Mrs. W. L. Doss, Sr., Mr. and Mrs. Sam Smith, J. H. Greene, W. W. Whipkey, Mr. and Mrs. W. H. Turner, Mr. and Mrs. W. E. Reid, and others.

## Only 70 Per Cent Births Registered

Only 70 per cent of the children born in Mitchell county during 1928 were registered by the physician or mid-wife in attendance, as required by law, according to information received by The Record from Jesse T. Nichols, special agent of the bureau of the census at Austin.

"This shows clearly that the doctors and midwives are failing to comply with the law and are thus depriving more than one-fourth of the children of your county of the protection of a legal record of their age, parentage, and citizenship," the statement says.

"This failure is also causing the veterans of the World War and their widows a considerable amount of trouble and expense in filing claims for compensation with the Veterans' Bureau.

"A concerted drive is being made at this time in an effort to improve registration in Texas so that it may be admitted to the Federal Registration Area during 1929. If this is to be done the combined efforts of all civic agencies and local officials is necessary. Only two other States are outside of the Area at this time, and 90 per cent efficiency is required for admission."

The women's club members of Colorado have made individual efforts to secure proper birth registrations, and the clubs have talked of making a concerted drive for this purpose.

Mrs. Walter King, president of the Grade P. T. A., and Mrs. A. L. Whipkey say the club women are ready to engage in this drive to educate the public as to the needs of this registration.

## Garner Closes Meeting At New Hope Sunday

Rev. F. O. Garner, pastor of the Colorado circuit, Methodist church closed a very successful meeting at New Hope Sunday night. He was assisted by Rev. Marvin Williams of Abilene.

Citizens of the community say the meeting resulted in much good and that the community was revived spiritually. There was one addition to the church, with probably others to follow.

This was the sixth meeting held in rural churches this year by Rev. Garner, and closes the season.

## BUFORD WOMAN KNOWS HER COWS AND CHICKS AND MAKES THEM PAY

### Mrs. Hooks Clears \$427.14 From January 1 To August 1

By "knowing her cows and chickens," Mrs. A. J. Hooks of the Buford community has managed to earn for herself a tidy income through them during the months of this year up until August 1.

At the beginning of the year, Mrs. Hooks had 189 hens, valued at \$254.44, and two Jersey cows, valued at \$200.00. When she culled her hens, she sold ninety-nine of them, receiving \$74.44.

From the ninety hens which she had left, she sold, up until August first, 1001 1/2 dozen eggs, bringing in \$284.45. She used 105 dozen, worth \$24.75 in saving on her grocery bill. This made her total income from the poultry \$383.64.

From the two cows, only one of which she has been milking since May 1, she sold \$113.69 worth of butter. Adding this amount to her total poultry income, it is seen that she made \$497.33 from both her cows and chickens.

Part of the feed she used during this time was home-grown, and for that which she bought she was out \$70.40. This sum taken from her receipts leaves her \$427.14 clear income from her cows and chickens.

## LOCAL MEN SUPPORT PLAN TO FEED TEXAS CATTLE ON TEXAS SOIL

### Efforts to Form Feeder Group in Mitchell County Be Made at Once

Returning from the meeting held in Midland Saturday with enthusiasm, W. S. Foster, county agent, and J. H. Greene have started plans to form a feeder group in Mitchell county to feed out and finish for market a number of yearlings in cooperation with the Texas Breeder-Feeder association, formed at the Midland meeting.

Present plans are to secure cooperation of several local men who will agree to feed one or two head of baby heaves for market, these to be pooled in a suitable feed lot, fed a balanced ration and shipped together when finished. It is thought a good profit can be realized.

Several other Colorado citizens have been interested in this movement for some time. D. H. Snyder, U. G. Hardison, C. C. Thompson and others have urged farmers to feed out one or more heaves to be shipped cooperatively.

In the formation of the permanent organization of the Texas Feeder-Breeder association at Midland Saturday, Frank P. Holland, publisher of Farm & Ranch, was elected president. Other officers elected were: W. B. Mitchell, widely known Hereford breeder of Marfa, vice president; and G. W. Barnes of Texas A. & M., secretary.

Definite plans for developing the breeder-feeder movement in Texas will be made in Dallas Oct. 17 and 18, when breeders and feeders gather at the State Fair. This decision was made on recommendation of the resolutions committee, composed of C. T. Watson, Big Spring; W. S. Foster, Colorado; Lee Satterwhite, Odessa, and Leon Goodman, Midland. A resolution was unanimously adopted favoring modification of the packers' decree. This was telegraphed to Secretary of Agriculture Hyde.

LUBBOCK, Tex., Sept. 9.—Elmer Wright, 23, of Levelland, was shot to death early Saturday morning and B. A. Forshee, 25, also of Levelland, is in the Hockley county jail after surrendering to officers.

UNCLE FRED WRITES OF HIS "RAMBLIN' ON" TRIP

Last week's letter left us at Yosemite Park. This is one of the greatest playgrounds and most interesting spots in all California. Shall I describe it? No, it can not be done, yet I can not refrain from giving thought to the impressions made.

seeks no other mistress. These are mountains of exquisite enchantment, redolent with the perfume of wild flowers and vibrant with the songs of birds. Here above all else are the majestic peaks. It is wonderful to see the rising sun silhouetting the craggy castles, up where the soft grey clouds lay like shimmering draperies shining with the splendor of dawn, royal with the purple of sunrise or diademed with the jeweled stars of night.

thing at play. The car seemed to stand still and the mountain to swing slowly, as if some unseen and mighty force were opening a guarded door and green foothills floated into the picture. Heart of Romance, monument to brave men and thrilling deeds, drifted out slowly from their hiding place—but enough of that.

more of the world's highest waterfalls than in any other equal area on earth. Here are glacier polished domes, mountain lakes, flower-strewn mountain meadows, matchless panoramas of High Sierra—a photographic paradise.

From Stockton we again turned west to Oakland, crossing the four-mile ferry across the bay into San Francisco. Don't be alarmed, as we will say but little about either town, except to say Oakland has a population of 250,000 and the greatest thrill was the trip across the bay. At San Francisco (750,000) we took a swim in the ocean, passed through the Golden Gate, visited the Cliff House, spent a day in the Golden Gate park, motored up the Figure-Eight hill and on to the wharf to see the big ships, and many other interesting points.

Trees have been described as the earth's Toga Virilis as distinguished from the lesser vegetation. The Eucalyptus is California's State tree. Next comes the Redwood, and then the Sequoia. The Sequoia National Park contains many scenic features in addition to the big trees. The forests of sugar pine, yellow pine, fir, cedar, black oak, and other trees are the noblest of their kind.

Why Millions More People Buy Goodyear Tires Than Any Other Kind Why All Tires Are Not Alike

If all tires are about alike why do you suppose the leading manufacturers of motor cars use more GOODYEAR TIRES for original equipment than any other kind? If all tires are about alike why do you suppose the cost-wary owners of the great truck fleets of the industry use more GOODYEAR TIRES than any other kind?

These Facts Are Why Goodyear Has Grown From the Youngest Tire Company to the Largest in the World

Did you know that GOODYEAR built and sold over one-fourth of all tires in 1928. 70,000,000 tires were sold—GOODYEAR made 27 per cent of this amount—nearly twice as many as any other company. That is why GOODYEAR can enjoy low cost and build the world's greatest tire for you.

## doleful Tragedy of a young Lady of Seventeen

MARY JANE was in tears. "...and Grandma didn't bear the telephone," she sobbed. "Not even when Jimmy called the second time! So Jimmy asked Helen Parks instead, and...and...now she's going to the dance with him. "And no-nobody else has asked me!"

The tragedies of seventeen are dark and bitter. Disconsolate, Mary Jane buried her face in a pillow.

Mr. Mason looked down at the forlorn little figure on the couch sympathetically.

"You know," he said to his wife, "Grandma really doesn't hear as well as she used to. She needs an extension telephone in her room. I think I'll order one tomorrow."

Telephones where you need them can often prevent youthful woes—and be a source of pleasure to old folks, besides. They save time, patience, steps.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service.

"And no-nobody else has asked me!"

## ROSCOE, INADALE AND WASTELLA CROPS ARE BADLY DAMAGED

### Cotton Beaten Into Ground And Feed Crops Badly Damaged by Hail

Crops in the vicinity of Roscoe, Wastella, Inadale and Bitter Creek were badly damaged by hail Saturday night.

In many instances cotton was stripped and open cotton was beaten into the ground and feed crops were heavily damaged. Hail at Sweetwater did no damage but cotton crops between Roscoe and Sweetwater were stripped.

Hail storms near Post, Lorena, and Ralls practically wiped out several thousand acres of crops. The Ralls Banner says 30,000 acres in the Ralls territory were stripped.

Little damage to crops in Mitchell county has been reported.

## Hyman Happenings

We Hyman people were quite surprised by the shower we received last Thursday night. Although it did not help the crops much, it did help the grass to make a new start.

Mr. and Mrs. Isaac Smallwood and family returned Wednesday evening from their visit in Alabama. They reported a nice time.

Mr. and Mrs. H. H. VanZandt and family have returned from a visit to Corpus Christi. They report a nice time.

Some relatives of Mr. T. L. Andrews and Mrs. Minor have been visiting them lately.

O. B. Cochran is visiting in the home of V. G. Pierce.

Mr. and Mrs. Nelson Pierce and family visited relatives at Slaton and Littlefield last week.

Mrs. Charlie Boyd visited relatives at Colorado and Seven Wells last week.

Mr. and Mrs. V. G. Pierce and son visited relatives at Littlefield the past week.

Mr. and Mrs. Otha Woodard returned Sunday from a visit in Waco. Mr. Reynolds went to Kermit Sun-

day. Herbert Pierce, son of Mr. and Mrs. V. G. Pierce, is attending school in Colorado this year.

Fred Hines returned from Marinda Wednesday.

Mr. and Mrs. Howard Pierce visited in the homes of I. Smallwood and V. G. Pierce last week-end.

LaVoyce Lowry, Mira Smallwood, Elsie VanZandt and Jimmie Lee Allen visited Bobbie Ruth and Clara Pierce Sunday afternoon.

Bro. Bryan preached a short sermon Sunday afternoon, which was enjoyed very much.

Hyman is planning a dinner on the ground next Sunday. Everyone come and bring someone with you.

Mrs. L. P. Adkins has returned from visiting relatives at Brady.

Mr. and Mrs. Harry Hyman are visiting in San Antonio, and they are greatly missed by the people of this community. Mrs. Hyman is especially active in the social life of Hyman

and her presence means much to the people here.

The cold weather the last two days is putting "pep" in the farmers, and will be the tonic needed to make them active enough to plant winter wheat for feed for their farm stock this winter, saving the toher grains for spring and summer when they will be badly needed.

to enjoy the comfort—the convenience—**GAS FURNACE.** this winter!

**GAS** Natural gas... always clean... always cheap... always easily handled... is doubly convenient with the modern gas furnace! There's new warmth, new comfort, new luxury, new efficiency!

With an automatic gas furnace, you have an even temperature all through your house, regulated to any desired degree of warmth. The automatic regulator turns the fire up early in the morning, heating the house comfortably before you arise; keeps rooms at a healthful temperature all day long; turns the gas low at night! It's more than human in its efficiency!

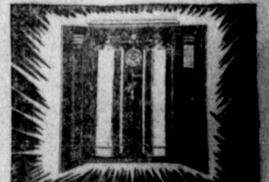

You simply light the gas in the fall, turn it off in the spring! And there's no waste... the automatic control decreases or increases the flow of gas as the temperature requires. Safe... economical! Saves time, labor, money!

Investigate the automatic gas furnace now, so that you may enjoy modern heating comfort and convenience THIS winter! The results of our own exhaustive investigations are yours to command. We invite you to talk over your heating problem with us now.

**THE BOSS IS BACK**

The Boss is back! And the work in The Record office is picking up.

The force welcomes Uncle Fred back on the job. We have all been doing the best we could during his absence but we just naturally feel better when he is hanging around. For one thing, we know our weekly pay check will be "cash on the barrel head" if he is here, and for another reason we just naturally feel that the weight of his years of experience means a great deal to this business. For 23 years he has directed this newspaper. Under his leadership the printing business of the Whipkey Printing Co. has grown to be unequalled in a city the size of Colorado. To have him step out suddenly means a void in the office. We are indeed glad the "big boss" is back and we hope he will stay around and tell us what to do, even though he doesn't do any work himself. He had a fine summer trip. After wearing out a Hudson automobile, he purchased a new Buick sedan in Denver and put nearly 7,000 miles on this car before returning home. Practically every Western State was visited. From Denver west, Willis Jones carefully piloted the Buick for him and they saw the sights in Wyoming, Montana, Idaho, Utah, California and Arizona. Uncle Fred comes back refreshed and feeling fine, and the office force is happy to have him come down and tell us to "get busy."

**OIL HAS REVOLUTIONIZED LIFE**

With the exception of the art of printing, it may well be doubted if any single industry has brought so many and sweeping changes to the world as has the modern production and use of petroleum.

None, perhaps, has wrought its revolution in the manners, customs, modes of life, relations of the individual to the social establishment, in so short a period of time as has the oil industry along with those others that are collateral to and dependent upon it.

Our present age of machinery would have been impossible but for petroleum to lubricate the wheels and gears, the flying spindles, the steam-driven Titans of power—the railroad's locomotive and the giant power plants of our ocean-going ships.

Petroleum has made the motor car possible, revolutionizing life in the country, affording quick and inexpensive transportation to the people everywhere, eliminating distance as a factor in social and business relations. A vast continent has virtually been converted into a neighborhood by the multiplication of petroleum-driven vehicles and the construction of good roads.

If petroleum and its products should suddenly be banished from the earth, modern day civilization would instantly come to an end.

**MORE GOVERNOR FODDER**

The recent efforts of Dabney White of Tyler to start a movement "to draft" Ex-Congressman Jim Young of Kaufman for governor of Texas next year, and the big public meeting at Tyler for this purpose, fell flat, according to the Tyler Courier-Times. That paper says the reports that went out from Tyler about the "old-time Democratic rally attended by a crowd of 2,500 to 3,000 persons" were indeed greatly exaggerated. "A most liberal estimate of the number present would place it less than 1,500—and practically all of these were Tyler citizens, includ-

the duties of the office for some time, can continue to do so. In fact, we rather suspect the governor would not assume the responsibility of filling this place, in which case he would await the primaries next year when the people will select the man they wish to fill this office. If the governor does appoint a successor to Mr. Robinson, he should certainly be very careful to appoint a man who is not already pledged to protect the interests of some oil company rather than that of the people of Texas.

**JIM BODINE COUNTY'S CHAMPION TOMATO GROWER**

Jim Bodine of Buford evidently is the county's champion tomato grower when it comes to size of a single tomato. He recently brought in to Pritchett's Grocery, dealer for his home-grown vegetables, a single tomato that weighed considerably more than a pound.

Bodine has two large wells at his home near Buford and irrigates a large vegetable patch each year. This year he has marketed many fine tomatoes and has made money. He also raised pepper and okra in great quantities.

Jim refused to say just how much he had cleared on his vegetables this year. One thing sure, he has made plenty to keep the family car running, furnish groceries and spending money from this vegetable patch. Jim Bodine pays cash for what he buys, but he never buys anything that can be grown on a farm in West Texas, and just here it would not be out of place to say that Jim Bodine is a rustler, evidenced by his success on the farm. A few years ago he quit clerking in a store, borrowed money to start farming and made his first crop on credit. Now he owns several good farms and one of the best country homes in Mitchell county and they are paid for.

**LOOKS LIKE LOGICAL CONCLUSION**

The recommendations of Examiner Davis to the interstate commerce commission that both the Texas & Pacific and Santa Fe be permitted to construct new lines into Eastern New Mexico, looks like a very logical conclusion. It looks like the very best thing to do. In speaking of this recommendation, the El Paso Post, which has taken much interest in the matter, says:

"The recommendations will please Lea county residents as well as El Pasoans."

"Lea county business men testified at an I. C. C. hearing that they want both railroads because they believe competitive rail service will speed up development of their country, which is rich in mineral and agricultural possibilities."

"They said they prefer the Texas & Pacific if they can have only one line. One of their reasons for this preference is that the Santa Fe, which has dominated the great South Plains country for years, let Lea county go without a railroad until the Texas & Pacific announced plans to build into that area. They also prefer the Texas & Pacific because it will give them direct connection with markets in El Paso, Fort Worth and Los Angeles."

"El Paso, naturally, wants a railroad which will give it access to this district. Without the T. & P., El Paso would be shut out."

"Examiner Davis' plan to let the T. & P. build north from the New Mexico-Texas State line to Lovington and the Santa Fe to build west from Seagraves to Lovington is a logical recommendation."

"The proposed Texas & Pacific line will pass through a highly mineralized area which New Mexico State officials desire to develop. It also will provide an outlet for cattle and farm products by going on to Lovington."

"The proposed Santa Fe extension will open up additional agricultural territory. It also will give Lea county additional market facilities in Lubbock, Amarillo and Kansas City."

"With both railroads running into Lovington, Lea county will get service which will be similar to a through line, which it would not have if only one railroad is given permission to build into the county."

"The railroads have been given 20 days in which to file objections to the examiner's recommendation."

"The Post hopes that the I. C. C. will approve the examiner's report."

**FARMER NOW FEELING FIT FROM HEAD TO TOE**

The Sargon treatment built up my whole system and I feel better and stronger than I've felt in years. "My health had been going back on me for three years, mainly from a bad case of stomach trouble. I couldn't eat a meal that didn't make me suffer from dyspepsia and indigestion pains and even the lightest foods soured on my stomach and brought sharp pains that almost stole my breath. I was bothered all the time by constipation and biliousness and was always having headaches."

"I have used two bottles of Sargon now and am keeping up the treatment. Almost as soon as I started it the pains in my stomach disappeared and I never have indigestion. I can eat anything I want and never have those headaches any more. The Sargon Soft Mass Pills completely rid me of constipation and biliousness without the slightest upsetting. I'm in such fine health now in every way that I want to tell everybody about this wonderful treatment."

**LAND COMMISSIONER ROBISON BURIED AT AUSTIN TUESDAY**

Texas' Oldest Official Succumbs at Home of Son in Connecticut

AUSTIN, Sept. 9.—Land Commissioner J. T. Robison, the oldest State official in Texas, who died at New London, Conn., early Saturday morning, was laid to rest in Austin in the family plot in Oakwood cemetery, where his daughter and son are buried. The funeral services were held Tuesday from the Charles B. Cook funeral home. The body arrived in Austin Monday night.

The flags of Texas were flown at halfmast Saturday, Sunday, Monday and Tuesday on both the Land Office building and the Capitol in respect to the memory of Commissioner Robison, who held the distinction of being the oldest official, both in years and point of service, in the State.

Mr. Robison was stricken with severe gastric disorders upon his arrival in New London six weeks ago for a visit with his son, Dr. J. T. Robison, Jr., and later pneumonia developed. He had planned a month's stay with his son to recuperate from a chronic illness and the strain of proposed impeachment charges in the Legislature, of which he was fully exonerated.

For eleven continuous terms he was re-elected to the office. His present term would have expired in January, 1931.

AUSTIN, Sept. 10.—Governor Moody is vested with authority under the constitution to appoint a commissioner of the general land office to fill the vacancy caused by the death of Commissioner J. T. Robison.

**HEAVY RAIN AT SWEETWATER**

The third rain in three days gave Sweetwater a real drenching Saturday night when in the space of 30 minutes 2.19 inches of rain was registered.

It was accompanied by a light hail which caused no damage and brought the total precipitation to 3.44 inches for the three days.

For ten years Texas has led all the States in total crop values with an average annual production of \$800,000,000.

There is a "Death Chamber" in the FLY-TOX factory. This chamber is about the room size. It is used to test the quality of FLY-TOX as a spray to kill flies, mosquitoes, bedbugs, roaches, etc. During a test a large number of young, healthy insects are placed inside the cabinet. These insects are raised in incubators for testing purposes. While the insects are flying and crawling around in the "Chamber of Death," FLY-TOX is sprayed inside. Less than a teaspoonful is used. Instantly there is a change. Within five minutes not a buzz is heard. All insects are dead. To make sure they are really dead, the insects are carefully removed from the "Chamber of Death" and placed in incubators in an effort to revive them. If a wing flutters, the FLY-TOX tested never leaves the factory. This test is your guarantee of FLY-TOX quality. It does what you want it to do—kill insects in and about your home. Yet FLY-TOX is positively harmless to people. FLY-TOX was developed at

### FEEDING OF STOCK FOR MARKET URGED BY LUNCHEON CLUB

Speakers Say Farmers Can Reap Extra Profit In This Manner

The feeding of baby heaves and hogs for market, putting more productivity in farm lands and increasing the poultry and dairy production in Mitchell county were the principal topics discussed at the Colorado Luncheon club meeting Tuesday at noon.

W. S. Foster, county agent, who is assisting in the breeder-feeder movement in Texas, gave an interesting talk on the livestock situation in Mitchell county. He gave some pertinent facts showing that if each farmer in Mitchell county would feed out four baby heaves or 12 pigs annually, the average net profit would equal a fourth of the county's average cotton crop.

J. H. Greene, who attended the breeder-feeder organization meeting in Midland Saturday, told of a plan to prevent soil erosion and put fertility in the soil. He emphasized the necessity of returning something to the soil and advocated the feeding of live stock for market as a remedy. He urged Mitchell county farmers to consider this matter and assured the business men they could do nothing better than to cooperate in this movement.

Miss Abbie Sevier, home agent, covered the subject of poultry as a side line. She produced figures to show that one hundred hens—Texas gold—should be on every farm. With proper care these would prove profitable, she said.

Doyle Williams, instructor in vocational agriculture, discussed the subject of dairying. Mr. Williams said that feeding baby heaves and pigs would bring a nice profit in the springtime and should be taken up, but that dairying would bring the farmer pay days all the time. He urged farmers to pay more attention to dairy cows, especially as a side line to their general farming. Diversification is the salvation of any agricultural country and this county is no exception.

The Tuesday meeting of the club had an exceptionally fine program. Doyle Williams presided. Rev. W. C. Ashford gave the invocation. W. W.

Porter, Chester Jones, Ma. L. Erwin, Miss Abbie Sevier, W. S. Foster, and Marion New, representing Ed Womack, were guests.

Bob Stubblefield, manager of the Acorn Store, Inc., gave a three-minute service talk on that firm. He stated that C. B. Rouse about 60 years ago started in business in the basement of a side street building in New York City. The business has grown today until the parent institution occupies three buildings, each covering a city block, and totaling 15 stories in height. The firm owns 88 retail department stores, including the Colorado store. Stubblefield named Ralph Ler to give a service talk next Tuesday and assigned him the subject: "Why it is cheaper to send it to the laundry than it is to do it at home."

Ben S. Peek announced the opening of the down-town division of the commercial department of the Colorado high school, stating there are yet some openings and urging merchants and business men to send those who are eligible to take one of these courses.

A card of thanks for flowers from the Baze family was read.

Chester Thomas was appointed to preside next Tuesday, and Louis B. Collier appointed to preside Sept. 24.

### ORGATONE IS ENDORSED BY A STUDENT MINISTER

Another Abilene, Texas, Man Says Orgatone Restored His Health

One of the most noteworthy features in connection with the introduction of Orgatone throughout the South has been the large number of ministers of the gospel who have unhesitatingly and voluntarily given this wonderful medicine their unqualified endorsement.

Mr. L. C. Burns, living at the A. C. Dormitory, Abilene, Texas, who is just finishing a ministry course in the Abilene Christian College, adds his testimony to the thousands of others who have been restored to health by its use.

After saying that Orgatone has been recommended to him by several of his friends he made the remarkable statement that Orgatone had entirely relieved him of a severe case of chronic indigestion of a year's standing. His statement follows:

"For the last year I have suffered from chronic indigestion and constipation. I seemed as though I lost all my appetite and I was going down hill rapidly as well as losing weight. I tried a lot of medicines and treatments but nothing seemed to have the proper effect on me.

I became interested in Orgatone through my friends who had tried it. The benefits I have derived from the use of this medicine is nothing short of wonderful. For I really feel as well now as I ever felt in my life. I sleep well and eat anything I want and indigestion never troubles me now. In fact I have gained six pounds in two weeks time and I feel splendid in every way. In short, Orgatone has simply restored my health and I feel it my duty to recommend it as a medicine of exceptional merit, especially to those who may be suffering as I once did."

Genuine Orgatone may be obtained in Colorado, Texas, at the Colorado Drug and the City Drug stores.—Adv.

### CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or Any Constable of Mitchell County—Greeting:

You are hereby commanded that you summon, by making Publication of this Citation in some newspaper published in the County of Mitchell if there be a newspaper published therein, but if not, in a newspaper published in nearest county to said Mitchell county, for four consecutive weeks previous to the return day hereof, M. E. DeMoss, Mrs. M. E. DeMoss, Mrs. Mollie E. DeMoss, Evelyn DeMoss, Jennie T. Rains, E. D. Rains, and unknown heirs and legal representatives of M. E. DeMoss, deceased, or Mrs. M. E. DeMoss, deceased, or Mrs. Mollie E. DeMoss, deceased, of Jennie T. Rains, deceased, and of E. D. Rains, deceased, whose names are unknown, and the residence of the parties named being unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Mitchell, Texas, at the Court House thereof, in the City of Colorado, Texas, on the Third Monday in October, 1929, same being the 21st day of October, 1929, then and there to answer a Petition filed in said Court, on the 30th day of August, A. D. 1929, in a suit numbered on the Docket of said Court No. 5137, wherein Howard R. Rogers and T. E. Burrus are plaintiffs, and M. E. DeMoss, Mrs. M. E. DeMoss, Mrs. Mollie E. DeMoss, Evelyn DeMoss, Jennie T. Rains, E. D. Rains, and unknown heirs and legal representatives of M. E. DeMoss, deceased, of Mrs. M. E. DeMoss, deceased, of Mrs. Mollie E. DeMoss, deceased, of Jennie T. Rains, deceased, of E. D. Rains, deceased, and of Evelyn DeMoss, deceased, are defendants.

The nature of plaintiff's demand being as follows, to-wit:

1. On the 1st day of August, 1929, plaintiffs were, and still are, the owners in fee simple of the following described land and premises, situated in the County of Mitchell and State of Texas, to-wit:

All of lots Numbers Five and Six (5 and 6) in Block Number One (1) in the Durn, Snyder and Moorar Addition to the City of Colorado, Texas.

On such day, also, they were in possession of such premises; and afterward on the 2nd day of August, 1929, the defendants unlawfully entered upon and dispossessed them of such premises and withhold from plaintiffs the possession thereof.

2. By way of further plea herein, plaintiffs say that they, and those under and through whom the deaignt title, have had and held peaceable, continuous and adverse possession, under title from and under the State of Texas, of the lands and tenements above described, for more than three years before the said 2nd day of August, 1929.

3. And as an addition plea herein, that plaintiffs and those under and through whom they deraign title, have claimed the same under deeds duly registered, had peaceable, continuous and adverse possession of the lands and tenements claimed in this petition, cultivating, using and enjoying the same, and paying all taxes thereon as same became due, for a period of more than five years before said August 2, 1929, and before the commencement of this suit.

4. Plaintiffs further say that they, and those whose title they hold, have had peaceable and adverse possession of the lands and tenements above described, cultivating, using and enjoying the same for more than ten years prior to the said 2nd day of August, 1929, and before the commencement of this suit, during which period they have had such lands and tenements actually inclosed and have been claiming the same under deeds duly registered actually and accurately defining and fixing the boundaries thereof and their claim thereon.

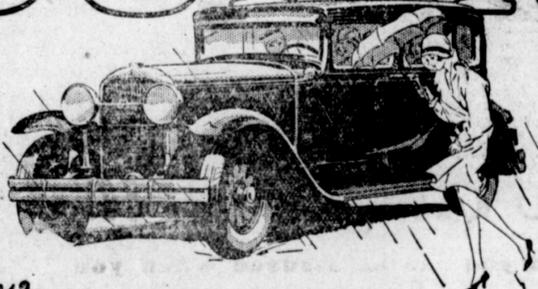

Wherefore, plaintiffs pray that the defendants be cited to answer this petition, and that plaintiffs have judgment for the title and possession of the above described land and premises, for costs of suit and for such other and further relief as they may be entitled to either at law or in equity.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, Texas, this 30th day of August, A. D. 1929.

J. LEE JONES, Clerk,  
District Court, Mitchell Co., Texas.

# THE New BUICK

## New Controlled Servo Enclosed brakes

unrivalled for smooth, sure, silent operation in any weather . . .

To Buick, pioneer of four-wheel brakes, now falls the distinction of another major achievement in this same vital field: the development and introduction of Buick Controlled Servo Enclosed Brakes—the most effective four-wheel braking system ever devised for any automobile!

Buick's new brakes are of the highly efficient internal-expanding type. They are fully enclosed—fully protected against dust, dirt and water—and thus assure maximum braking effectiveness under all weather conditions.

They represent the highest development of the self-energizing principle, which makes the car's own motion provide part of the

braking effort. They reveal unmatched responsiveness to the slightest pedal pressure. And they are so perfectly controlled that "grabbing" is entirely unknown! When you apply these brakes, you obtain the most positive, as well as the smoothest and most silent action you have ever experienced in any automobile!

Drive the new Buick! Test not only its matchless new brakes but its brilliant all-round performance, riding comfort and driving ease—all of which combine to establish the new Buick as the greatest value ever offered in the fine car field!

PROMINENT IATAN  
WOMAN BURIED HERE  
SATURDAY AFTERNOON

Mrs. Robert Harlow Dies Friday After Operation Sunday Before

Mrs. Mackie Ophelia Harlow of Iatan died at the Root hospital Friday afternoon, Sept. 6, following an operation for appendicitis Sunday before and from which she never rallied.

After the body had been prepared for interment it was carried Friday evening to the home of Mr. and Mrs. J. A. Sadler, who had been life-long friends of the Harlows, Mrs. Sadler and Mrs. Harlow having gone to school together when girls. She and her mother, Mrs. Lindley, cared for in their homes the large group of

relatives who came from various points for the funeral.

Services were held at 1:30 Saturday at the Methodist church in Colorado, with Rev. J. E. McDermott, Baptist pastor at Iatan and Westbrook, and Rev. W. C. Hinds, pastor of the deceased, speaking.

The house was filled with friends and neighbors from Iatan and Westbrook while many Colorado friends of Mrs. Harlow were present.

The Rebekah lodge of which she was a member had charge of the beautiful floral offering. They marched into the church and formed an aisle with their beautiful flowers through which the casket was borne.

Rev. McDermott spoke very touchingly of Mrs. Harlow as a wife and mother; of her Christian character, she having been a member of the Methodist church since a child; of the happy home she had made for her son and daughter, and of her good works as a friend and neighbor.

Rev. W. C. Hinds spoke from the text, "Strive to show thyself approved unto God a workman that needeth not to be ashamed." Not having known the deceased personally, his remarks were addressed to the audience on right living.

Mrs. Harlow was the daughter of Mrs. W. C. Beard who has lived for many years in Colorado. Her body was placed beside that of her father and brothers in the I. O. O. F. cemetery.

Among the out-of-town relatives were Mrs. Harlow, mother-in-law of the deceased; Festus Harlow, Mrs. Robert Ford, Mr. and Mrs. Joe Brown and daughter and Miss Brown all of Brownwood; Mr. and Mrs. Archie Harlow of Burk Burnett, and Mr. and Mrs. Robert Floyd of Takoha; Mr. and Mrs. Wilhoit of Hamilton county, and Mr. and Mrs. Eckner of Burk Burnett.

PAINS  
Went Away

"I WAS very much run-down in health. I had a dreadful ache across the middle of my back. I had a dull, tired feeling, and I dreaded the thought of having to do my household tasks. I was tired when I got up in the morning. I got no rest from my sleep, and I was sleepy all day long.

"My husband got a bottle of Cardui for me. It was not long before I began to show a decided improvement. My strength began to return and I felt much more like myself. The sleepless spells gradually quit and the pains in my back and sides disappeared.

"Cardui is a splendid tonic for women. I proved it for myself."—Mrs. J. E. Shelley, Box 22, R. F. D. 1, Electra, Texas.

SIX RURAL SCHOOLS  
OF MITCHELL COUNTY  
OPEN DOORS MONDAY

Prospects for Most Successful Term Results From \$17.50 State Apportionment

Six rural schools of Mitchell county, along with the three independent schools in the county, opened Monday morning for the fall and winter term. These were Rogers, Iatan, Cuthbert, Dorn, Seven Wells and Spade.

All of these schools are facing bright prospects on account of the high apportionment of \$17.50 per capita from the State, according to Miss Ruby McGill, county superintendent.

Rural schools of the county have an exceptionally proficient corps of teachers this year. A majority of these taught in the county last year. The complete list of rural teachers follows:

- Longfellow—Lesseme Hearne and Miss Gladys Womack, Colorado.
- Lone Star—H. B. Barrier, Miss Ethry Dean and Mrs. Samuel Harris.
- Iatan—Mr. and Mrs. Mack Fisher, Miss Velma Cherry, Miss Myrtle Gregson.
- Carr—Mr. and Mrs. H. F. Railsback, Clara Conaway, Alma Morgan, Payne—R. L. Bellows, Mrs. Edd Cambren.
- Cuthbert—Lynn Halbert.
- Rogers—E. T. Powers, Miss Wilma Manley, Eula Carter, Cleo Farrar.
- Dorn—T. H. Halbert, Ruby Green, Mrs. J. H. Finley.
- Buford—J. V. Glover, Miss Johnny Chesney, Burnice Ramsey.
- Seven Wells—Mrs. R. A. Clements and Mrs. J. V. Robinson.
- Looney—Mr. and Mrs. C. M. Darrell, Miss Charlie Ritchie.
- Fairview—Mr. and Mrs. Winfred Halbert.
- Valley View—Mr. and Mrs. B. L. Templeton, Miss Opal Palmer.
- Shepherd—Mrs. Reese Jones, Miss Arlene Tunnell.
- North Champion—Mrs. Cora Johnson, Mary Miller.
- Lowe—Mr. and Mrs. J. DeWitt Wilkes.
- Horn's Chapel—Miss Ruth Clements, Annie Mae Cochran.
- McKenzie—Miss Mabel Walker.
- Conaway—Mr. and Mrs. H. P. Powers, Misses Mattie and Reba Franklin.
- Little Sulphur—W. L. Russell, and Mrs. Clara Cook.
- Bauman—Claud Willis, Edith Wilkerson.
- Landers—J. D. Latham, Miss Nina Ranne.
- Silver—Mrs. Hall Hooker, Miss Hazel Carpenter.
- Hyman—Roy Davis Coles, Fay McDonald, Virgilia Welch.
- Spade—Mr. and Mrs. L. H. Welch, Ardath Byrd, Holys Hodges.

Important Meet  
Of Council Of  
Women's Clubs

An important meeting of the council of Women's Home Demonstration clubs will be held Saturday afternoon at 2:45 in the county court room, according to Miss Abbie M. Sevier, county home demonstration agent.

Miss Sevier urges that at least two members from each club be present at this meeting. Mrs. Maggie Barry of A. & M. and Miss Helen Swift, district agent, will both be present for the meeting.

CHANGES MADE IN CHEVROLET FORCES

Several executive changes in Chevrolet Motor Company, which became effective Sept. 1, were announced yesterday by H. J. Klinger, vice president and general manager.

M. D. Douglas, formerly assistant general sales manager, has been appointed general parts and service manager, a position heretofore held by J. P. Little, who goes to General Motors.

R. K. White, who formerly was general sales promotion manager and recently Atlanta zone sales manager, has been appointed advertising manager, succeeding J. E. Grimm, Jr. who, after occupying the position for five years, has been summoned to General Motors.

J. C. Chick, who has been regional sales manager at Flint, has been brought into the central office to assume Mr. Douglas' place as assistant general sales manager.

1,200 EXPECTED TO ENROLL AT SIMMONS

ABILENE, Sept. 10.—The 38th annual opening of Simmons University will be observed here September 17, when registration for freshmen and other new students begins. A program will be held at the university auditorium in the morning beginning at 10 o'clock.

Authorities expect an enrollment of 1200 for the fall quarter.

ATTEND SCHOOL OPENING

W. L. Doss, Sr., and J. H. Greene attended opening of the Rogers school Monday morning upon invitation of E. T. Powers, principal. Each made a talk and Mr. Doss promised a suitable prize for the pupil of this school making the best grades in department and studies during the school term.

Mr. Doss told of the "school days" when he was a boy and how he sat upon split-log benches. Greene used the same kind of benches, but according to Doss did not learn anything. Anyway, these two visitors drew a big laugh from the "kids" at Rogers and they were invited back.

**Passing Years Have Seen Many Changes in Persons Whose Names Appeared in Old Colorado Times**

The years have wrought their changes, and Coloradans whose names appeared in a column of announcements in the Colorado Times for May 8, 1896, have been touched in various ways by the years.

Some of the names are now but hazy memories to Colorado's older citizens and mean nothing at all to the "rising generation." Some of them have become known all over the State. Many have been carved for years on tombstones. At least one of those named is still a familiar figure on the streets of Colorado.

J. W. Nunn and S. H. Weatherly were candidates for tax assessor. H. C. Beal, Y. D. McMurtry, and T. E. Powers were candidates for the office of sheriff. A. J. Coe was a candidate for the office of commissioner of Precinct No. 1. J. E. Hooper ran for reelection to the office of county clerk. James L. Shepherd announced his candidacy for the office of district attorney.

A "sensational sermon" had been preached by Rev. B. Harvey Carroll, the brilliant, rising young pastor of the First Baptist church on the preceding Sunday, according to an article appearing in this issue of The Times.

The Times had the following to say of the sermon: "Referring to some criticism which resulted from things he wrote to have been uttered in reference to the scheme of Catholicism as a system of church government, he grew eloquent in his preface and spoke with a boldness never heard here before. Touching on the subject of church purity, he dropped a bomb when he openly declared that, known to church members, parties, and in our midst, who were guilty of forbidden purposes, an open violation of law and without license." Going further, he declared that the virtue of girls was being debauched by the vile seducers, and that the villainous wretches were known to all men, yet admitted to the best homes in Colorado. The Times wondered and wondered as the scathing rebukes flew thick and fast. How the minister came into possession of the facts which he proposed to substantiate is not known. The Times had no idea that such violations existed here, nor that it was necessary for the church pastor to guard the citadel of virtue in a town

noted for its civilization, culture, and refinement. It is to be regretted that such things really exist, and it would be well enough for this information to be conveyed to the next grand jury. As these utterances of Mr. Carroll were bold, inviting as to investigation on their merits, we take special pleasure in heartily endorsing the sermon and we trust that diligent official inquiry may unearth and duly expose the corruption that exists."

It is interesting to note that even in 1896 Colorado had a Park association. "Speaking to the Times this week," the newspaper stated, "now under the course of improvement in the able hands of Colorado's fair ones, C. C. Blandford remarked that a first class brass band and string band will be organized for the purpose of giving public musical entertainments, and that, with the encouragement the Park Association is already meeting, there is good assurance that success will be the result of the efforts now being put forth to establish a feature of leisure time-spending."

"A pleasant outing" had been had by several Colorado families at the time of this issue of the Times. A party composed of T. R. Cheatham and family, Baily Lester and family, V. W. Allen and family, Mr. and Mrs. George Johnson, Mr. E. H. Perry and mother, Mr. Crandal and Miss Bertha Crandal, Mrs. Miles Hanchett, Harry Townsend and family, Captain Finks, Charley Earnest and L. E. Seamon and family had spent the preceding Tuesday at the Ben Van Tuyl ranch, eight miles south of Colorado, on Champion creek.

Among other local items appearing in The Times were:

"The Three-Up Club, composed of Messrs. Mullin, Moeller, and Smith—"pa-ma-and-me!" combination of vocal and instrumental talent—went up to Snyder last Saturday and bulled the town for an entertainment. Knowing that Colorado has a fame for success in every undertaking, The Times took the pains to inquire into the success of the affair and ascertained that the club played to a house of nine persons, five of whom went in on complimentary tickets, and that the aggregate receipts were \$1. The troop gave 10 per cent of the gross receipts for a house, paid two bits to have an organ carted to the hall, and after deducting expenses, the net proceeds amounted to 65 cents. But those boys are not puffed up at their success. The account for the outcome of their effort on the ground of an epidemic in town, but they failed to state whether the measles or the club was the epidemic that afflicted poor Snyder.

"A small residence belonging to Harvey Means, colored, was burned down a few days ago, and its occupants, a colored family, lost all their household goods.

"Messrs. Scott Green and Jerry Williams, accompanied by their families, left Monday overland for the plains, where at Amarillo they are having several hundred cattle delivered from this point to market.

"Miss Brookie Burns, the amiable and accomplished daughter of Mr. and Mrs. F. M. Burns, after ending a term at school in Sherman, returned home last Sunday.

"Mr. W. G. Polsgrove of the wool scouring mills, states that Mrs. Polsgrove will arrive from Houston the latter part of this week to join him here and will remain throughout the summer.

"Dr. George Lee of Galveston, a son of our estimable fellow citizen, Mr. C. H. Lee, spent several days here visiting his father last week.

"Mesdames J. E. Hooper and Geo. Major, accompanied by their children, left Saturday evening for Midland to visit the family of Charley Taylor.

"Billy Barnett, who came in last Saturday from the Plains, reports plenty of rain in that section.

"Deputy U. S. Marshal George Major, who was recently appointed to fill the place of George Scarborough (resigned) at El Paso, made a flying trip down here to his old home last Sunday, but on reaching here found Mrs. Major and the children absent in Midland.

"J. D. Mitchell, manager of the Nave-McCord cattle ranch, spent several days here this week.

"District Attorney M. Carter, who has been absent at Austin for several weeks, came up last Sunday night and went to Odessa.

"A local camp of the Woodmen of the World is about to be organized by Deputy Sovereign Head Consul Alf J. Binks, who is in town for that purpose.

"Sig Simon's window is ready for the gazers to go around and inspect the prettiest store front in Texas.

"Mr. Dave Earnest, brother of our fellow citizens, Reems and Charley Earnest, who came in last week accompanied by his charming wife, returned to Dallas Sunday night.

Rev. Dr. Zivley has resigned his pastorate of the Presbyterian church of this city.

"Mr. John Miller, who has been connected as superintendent with the

Lone Star Salt Works for nine years, leaves in a few days for New York City, where he accepted a lucrative position with the American Motor Co. Mr. Newt Miller is promoted to the superintendency here.

"M. P. Smith, J. R. Holloway, and P. Van Holveke, prominent cattlemen of Sterling county, were in the city Wednesday on business.

"J. S. Johnston returned Tuesday from a business trip to Sterling City.

"Master Harry Hayes is here from Sterling City on a visit to his aunt, Mrs. Gus O'Keefe.

"Dan Phillips of the 172 Ranch was in town Wednesday.

"Captain J. L. Sheppard returned from a trip out about Midland and Odessa this week.

"Some fellow who wants to discourage rising genius suggests that the best thing Colorado can do at present is to keep her brass band, her baseball team, and her trinity fake shows at home.

"The smiling, pleasant face of our young friend, Harry Morrison, is conspicuously missing of late, and his friends are looking this week for him to return from a visit to relatives in Oklahoma.

"Mr. Ed Neblet of Sweetwater is here this week.

"Rev. J. T. Jones, formerly of this place, now resident of Roby, spent a couple of days here preaching to the Christian brethren.

"Mrs. E. Hooper returned from Midland yesterday, and Mrs. Majors remained there for an extended visit.

"The brisk south wind blew the scaffold from under Painter Stafford Saturday and he was painfully but not seriously hurt.

"The North Colorado school term expires next week, and Professor Marshall will leave for his home in Nacogdoches.

"Judge Jennings went to Fort Worth last Thursday and returned Sunday evening, accompanied by his accomplished daughters, Misses Cora and Bessie, who have spent the winter there taking music.

"Miss Mary Mullin, who has been absent for several months visiting relatives in Pennsylvania and other states, arrived home Sunday.

"Dr. P. C. Coleman, president of

the State Medical association, returned from the annual meeting at Fort Worth last Sunday.

"A. J. Payne has purchased the cigar and tobacco business formerly run by Will Stoneham, and now handles the Dallas News.

"E. H. Humphries of Dallas, who held a position as bookkeeper here last year with the firm of Caldwell & Fletcher, came in last week to accept similar position with Arnett & Son."

All services are being held at the Baptist tabernacle and will continue through Sunday.

Mrs. R. E. Basham and Mrs. C. C. Currie visited in Forsan last week.

James Hines, traveling from Van Buren, Mo., to Yuma, Ariz., with his wife and small child, were delayed in Westbrook Tuesday afternoon on account of the wife's illness. At the

present time she is doing fairly well.

Baptist Notes

Sunday school was well attended Sunday. Mr. Herring has resigned as superintendent, as he expects to be moved away at any time. We regret to lose this good family from our church and Sunday school, but we are sure wherever they go they will be a blessing to their church. Mr. Powers was elected to fill the vacancy. He is well known as a moral and upright Christian gentleman and we trust the Sunday school will grow under his leadership.

With the Adult, Senior, Intermediate and Junior B. Y. P. U.'s and a Sunbeam Band this church expects great things this year in every way.

Circle One of the W. M. S. met with Mrs. Boatler Monday afternoon with 12 present. Mrs. Holder led the opening prayer; Mrs. Donelson gave the devotional, reading Mark 14. The circle selected Blanch Rose Walker as their name. Blanch Rose Walker surrendered as a missionary one afternoon as Bro. A. J. Leach was pastor at a little church at Newsum. She says "Never can I forget how God called me to China on that May day long ago (1904) as Bro. Leach talked to us from Isa. 53:5, 'All we like sheep have gone astray.' We have turned everyone to his own way and the Lord hath laid on him the iniquity of us all." One young man was called to preach that same day from hearing that same sermon. Bro. Leach later said he realized that she was called before he was told of it. Blessed friend of Jesus that he was. Our dear Mrs. Leach lives today to bless the lives of younger women who are carrying on in a small way. She has been adopted as our adoptive mother. May she live long to enjoy the blessings of God's goodness.

Circle Two met Monday for regular lesson study with Mrs. Frank Neal. The devotional subject was taken from 8th chapter of Romans, and was led by Mrs. J. E. McDermitt, who was visiting from Circle 1. This meeting was a great service, with the interest and attendance increasing, having 11 present. The next meeting will be held Monday with Mrs. M. Mills.

The Young Woman's Auxiliary meets every Thursday afternoon at 4 o'clock at the home of Rev. J. E. McDermitt. Every young lady of the Westbrook community is cordially invited and urged to attend. The program for this week is "Y. W. A. the Open Window to the World." Come get acquainted with the young ladies of this organization.

Shipping Assn. Sends Another Car to Market

The County Livestock Shipping Association shipped its second car of stock Monday afternoon, according to U. G. Hardison, manager. There were 33 head of cattle in the shipment and 13 head had stock in the car.

Most of the animals were of dairy stock, but ten head were good beef cows and calves. Every animal listed was delivered at the stock pens by 11 o'clock. Each man's stock was marked by clipping roman numerals on the side of the animal.

The men who shipped stock in the car are: Emmett Blasingame, I. K. Galey, A. R. Northcutt, A. K. McCarty, Blaine Morgan, J. L. Colson, E. B. Hale, Chas. Jarnigan, L. R. Shoemaker, Douglas Barber, M. A. Webb and G. P. Stewart.

TOOK SODA FOR STOMACH FOR 20 YEARS

"For 20 years I took soda for indigestion and stomach gas. Then I tried Adlerika. One bottle brought complete relief."—Jno. B. Hardy.  
Adlerika relieves GAS and sour stomach in TEN minutes. Acts on BOTH upper and lower bowel, removing poisons you never knew were there. Don't fool with medicine which cleans only PART of the bowels, but let Adlerika give stomach and bowels a REAL cleaning and see how good you feel. W. L. Doss, Druggist, Adv.

LORAINI TO AGAIN HAVE TRADES DAY

At a meeting of a majority of the business men of Loraine at the First State Bank building, on Wednesday night, it was decided to again inaugurate the regular fall trades day that has been the rule here for the past two years.

The plan is to give away \$25.00 in gold each Saturday, beginning Saturday, September 14th, and continuing throughout the fall. A committee was appointed at the Wednesday night meeting and assurance has been given that practically every business man in town will give the tickets or participate in the program by regular contributions if his business is such that he could not give the tickets.

The business men of Loraine are of course doing this to stimulate their business, and feel that his plan of distribution of the prizes will aid more of the citizens of their trade territory.

Broken Bodies Taken From Wreck Of Giant Airship

GRANT, N. M., Sept. 9.—Funeral preparations today marked the final chapter in a story of eight lives snuffed out in the crash of a giant air liner against a mountainside as a pilot battled blindly for a haven of safety against a raging storm.

With five passengers, one a woman, and a crew of three dead, cause of the crash of the City of San Francisco, Transcontinental Air Transport, Inc., plane on Mount Taylor, 20 miles from here, may never be known. A searching party of 50 men, including an Associated Press correspondent, was led by Sheriff Bob Roberts up precipitous sides of Mount Taylor, which thrusts its jagged peak nearly 12,000 feet into a sky once the one of the "mistress of the air."

In a little canyon, heavily wooded with giant pine trees, the party of 50 chattered wreckage marked the final resting place of the huge ship. Over a space of 150 yards the plane was strewn in bits, the largest piece a wing section about ten feet long. Three motors that roared their challenge to the elements when the City of San Francisco left Albuquerque, N. M., last Tuesday at 10:22 a. m., were shattered and strung along a path cut by the plane.

On one arm of a pilot, a wristwatch loomed as a single telling remnant of the wreckage. Its hands were stopped at 11:01. Sheriff Roberts examined a watch of one of the passengers. It showed 11:04. It was grim, but certain, proof the big plane was winging its way westward on time on its correct course to the next stop, when tragedy intervened.

A CARD OF THANKS

We jointly wish to express our greatest thanks and our appreciation to the people of Colorado for their untiring help and assistance during the illness and death of our wife, mother and daughter, whom God in His great wisdom saw fit to carry away September 4. Especially do we wish to thank Mr. and Mrs. Pen Smith and Mrs. Rhodes, and Mrs. Anderson for their faithfulness to us in this sad hour. May God's great mercy be with you all. (Signed) DEWIE DEAREN

Drive America's finest medium-priced automobile

and learn what a difference there is

Nowhere is the impressive superiority of today's Oakland All-American Six more clearly revealed than in its remarkable performance.

Oakland's engine has, among other features, the large piston displacement necessary in developing high power at the moderate engine speed essential to long life—the Harmonic Balancer to neutralize torsional vibration in the crankshaft—rubber "biscuit" mountings to insulate it from the frame and make it incomparably smooth and free from vibration.

Drive this car—and learn what a difference these features make. We will prove to your complete satisfaction that today's Oakland is America's finest medium-priced automobile.

Why Oakland is unrivaled in performance at its price

The following facts were obtained from a comparison of the Oakland All-American Six with 29 other medium-priced automobiles. All told, 873 individual comparisons were made. Of these Oakland proved to be distinctly superior in 431 or 51.7 per cent. The 29 cars combined were at best equal to Oakland on 322 or 43.50 per cent. And 13 of the 29 were higher-priced than Oakland!

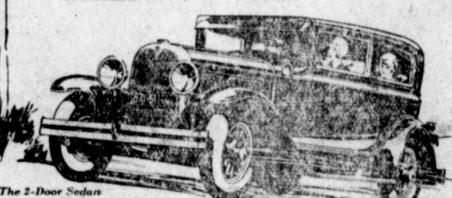

**PISTON DISPLACEMENT**  
Oakland's 222-cubic-inch piston displacement is greater than 12 of the 29 cars in its price field. Of the 17 remaining cars, 7 are much higher-priced than Oakland!

**G-M-B CYLINDER HEAD**  
Only Oakland and one other car in the field use the G-M-B cylinder head. Sixteen have no type of non-detonating cylinder head whatsoever, although 11 of the 16 are more expensive to buy than Oakland!

**CRANKCASE VENTILATION**  
While most cars in the field have crankcase ventilation, only Oakland and one other, according to available information, have any method for cleaning the air. Six have not, although three of the six are higher-priced than Oakland!

**HARMONIC BALANCER**  
Only Oakland and one other car in the field have the Harmonic Balancer. Of 18 cars using some other device, 11 are higher-priced than Oakland. Oakland's crankshaft is fully counterweighted. The crankshaft is nine higher-priced cars are not counterweighted at all!

**CRANKCASE VENTILATION**  
While most cars in the field have crankcase ventilation, only Oakland and one other, according to available information, have any method for cleaning the air. Six have not, although three of the six are higher-priced than Oakland!
