

CITY WILL MAKE STRONG BID FOR SERVICE CLUB MEETING

EASTER TRADITIONS DOMINATE RELIGIOUS THOUGHT

'THE GIFT OF GOD' THEME STRESSED DURING REVIVAL AT PRESBYTERIAN CHURCH

Impressive Rites For Good Friday And Easter Dawn Planned

The traditions of Easter dominate religious thought in Colorado just now as pastors of the several churches launch special effort to interest their parishioners in importance of the annual sacred festival. A pre-Easter revival is in progress at First Presbyterian church and two distinct community programs commencing "the gift of God" and Christ's victory over death are to be given.

Rev. W. M. Elliott, pastor of the Presbyterian church, is doing strong gospel preaching in evangelistic services being conducted this week. The minister is centering his sermon addresses about the travail of Christ and His ultimate triumphant victory on the first Easter morning. Wednesday evening he preached from the text, "The wages of sin is death but the gift of God is life eternal, through our Lord Jesus Christ."

Friday at high noon a Good Friday service is to be given at All Saint's church with the pastor, Rev. Alex. B. Hanson, in charge. Addresses are to be delivered by Rev. Mr. Hanson, Rev. Mr. Elliott, Rev. P. D. O'Brien, and Dr. C. C. Klingman. The solemn rites are to continue until 3 o'clock P. M., commemorating the three hours in which Christ hung upon the cross. The general public is invited.

Sunday morning beginning at 5:15 o'clock an Easter sunrise service is to be given on lawn at First Presbyterian church with Dr. Klingman, pastor in charge. All Protestant churches of the city are cooperating in this program to commemorate hour in which Christ came from the tomb. Addresses and special musical numbers are to be featured.

"There are too many people drifting through life for the sake of having a good time, blinded to the sin they are indulging," Rev. Mr. Elliott stated in his sermon Wednesday evening. "They are playing with those things that can only mean death to their souls. There is no alternative at the end of life. One will receive the wages of sin or the gift of God as his reward."

Special features of the Wednesday evening services were singing by the Grubbs Trio, small sons of Mr. and Mrs. Edd Grubb, and a duet by Dr. T. J. Raliff and Tommy Dawes. Three converts offered for church membership and were given the rites of baptism.

The revival opened Sunday morning and is to close with the service next Sunday evening. Only one service is being held daily, at 8 o'clock P. M. Mr. Elliott stated Wednesday night that he had not determined whether services would be held Saturday. Announcement as to this will be made from the pulpit.

Says Her Husband Lost 16 Pounds In 4 Weeks

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D.C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks cost but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar. w-1

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women: "I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain annoyed me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day. My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time. Cardui is sold by local druggists."

MITCHELL COUNTY FARM NOTES

Chester Jones is building a number of creep feeders around his windmills and tanks. Creep feeders are similar to the hog self feeders but are with opening quite a bit larger. Fences are built around the feeders so that the calves may enter and eat but their dams cannot. Tests of this method of feeding in south Texas show that "creep fed" calves will average approximately 100 lbs. heavier at weaning time.

Glen Coon of Loraine, W. K. Miles of Looney, J. D. Roberts and T. T. Smith of Buford are trying the "A. & M. way" of killing hogs this week.

"I never expect to plant any more grain sorghums without treating the seed for smut," says J. L. Bowen. "I used the copper carbonate treatment last year and there wasn't a smutty head of grain on the place." About 3 ounces of copper carbonate is mixed with each bushel of seed using any kind of a barrel container that can be closed tightly. The container is rolled on the ground until the seed is thoroughly coated. Mr. Bowen is treating his planting seed this week.

Among those budding English walnuts on black walnut trees the past week are H. L. Baker, Spade ranch, Joe Johnson, J. E. Riordan, H. E. Grantland.

Bert Haggerton and R. Y. Haggerton of Lowe are topworking a number of pecan trees budding them with improved varieties. The trees which are 30 or 40 years old were cut back last winter and the buds are placed on the sprouts that came out last summer.

It will pay you to read the advertising columns of The Record.

The Importance of Seventh Grade History

By a Seventh Grade Student
In the fifth grade most students start their knowledge of history by studying Beginner's History. In the sixth grade we take up the History of Texas, but the really important history is the seventh grade history. This is a study of the History of the United States.

The people of England, France and Spain were the first explorers of the new world. We all know the story of Columbus, the Portuguese sailor in the service of Spain, who was the discoverer of America. Many other famous discoveries followed this until, after many years, thirteen colonies were finally established under the harsh rule of England. We all know the story of the Revolutionary war, during which George Washington, "the greatest American" was made Commander-in-chief of the American army. Then when at last these thirteen colonies had established their independence, they assumed a new name, the United States of America. Washington was then made president.

Those same thirteen colonies who started their constitution under the government of George Washington, the greatest American of all time, have forged ahead, little by little, until they have covered the territory from ocean to ocean, and now have forty-eight states, the largest of them being Texas, and the smallest Rhode Island. From these forty-eight states have come many important inventions and discoveries that have enlightened the entire world. Every citizen and every person living in the United States should have a fair knowledge of the history of our country. We should know how our great nation and government had its beginning, who helped in its development, and what it has contributed to the world. Seventh grade pupils should be glad that they have an opportunity to study such a history and should be proud of the fact that they live in this "land of the free and home of the brave."

The Senior Play

The Seniors and Juniors are now working on the play "Gir! Shy." This is a lively play and is scheduled for April 28th. Every one save your pennies, the admission will be 10 and 20 cents.

Volley Ball

The Westbrook volleyball team which won county championship, are

making preparations to attend the district meet at Abilene Saturday.

The members of the team are as follows: Florence Neal, Evelyn Smith; Marie Gressel, Louise Skelton, Nell Owens, Ruthie Miller and Reba Skelton.

Guess Who?

The answer to last week's guess who, was Reba Skelton. I wonder if you can guess who this Sophomore is. She is 5 feet 4 inches tall, weight about 100 pounds, has blond hair and blue eyes. Her activity is volleyball, and she is always making "wise cracks."

Humorous Remarks

Mrs. Patterson: Goodness F. H. where did you get that red lantern?
Mr. Patterson: I picked it up. Some careless person left it there by that hole in the road.

Coach Lauderdale: When water becomes ice what is the greatest change that takes place?
Keet: The greatest change is in the price.

METHODIST NOTES

We were glad to see a better attendance at Sunday school last Sunday. We hope to see more next Sunday. If you are not going to Sunday school any place come and be with us. Everyone welcome.

Mr. Garrett made a very interesting talk at the eleven o'clock hour on our Mission study book, "Christ and the Coming Kingdom." He closed this interesting and instructive discussion with an earnest appeal to all church members to observe self denial week and bring their self denial offering next Sunday in order that our great Missionary cause may go forward.

The Missionary Society met at the parsonage Monday at 3 P. M. opened with prayer by Mother Rowland. After this Mrs. Gressett taught our second lesson from our Bible Study of the book of Exodus which was interesting and instructive.

The Society voted to change the hour of meeting from 3 to 3:30 P. M. Mrs. Hague will give her report next Monday of the Missionary Conference held at Vernon the past week. All are invited to come.

Those attending the district Missionary meeting held at Colorado last Saturday were: Mrs. J. E. Skelton, Mrs. J. R. Lindsey, Mrs. W. T. Hague, Mrs. Frank Oglesby, Mrs. Van Boston, Mrs. L. E. Gressett, Mother Rowland.

We were well paid for going. We had a splendid meeting and interesting talks from Miss McKinnon, a former missionary to China and now Foreign Secretary of the Woman's Board of Missions. We enjoyed every minute.

BAPTIST CHURCH NOTES

Services were well attended in spite of the fact that our was pastor was away. Teachers reported an awakening in the S. S. classes.

Rev. Less McCarly preached Sunday morning and Rev. Ray Horner Sunday night.

Singing was also well enjoyed. B. T. S. rendered a very interesting lesson on love using the story of Ruth. B. T. S. will come to the parsonage for Easter social Thursday night.

W. M. S. met at parsonage Monday afternoon. Mrs. Donaldson taught such interesting lesson on our study class, stewardship in the lines of women. We had eleven women present.

Conaway circle will have bake sale at Westbrook Saturday.

Convention Plans

(Continued From Page One)

been on the job through several weeks and now when it comes time for us to be concluding plans for going to Amarillo and landing the convention, we want to impress you that it is just as much your duty as it is the officer's. We are going to insist that this club go to Amarillo and that every individual member bring up his share of responsibility in attaining the goal to which we have been working.

Max Berman, chairman of the transportation committee, states that he will continue insistence that additional motor cars be pledged for the trip. It is believed that not less than twelve automobiles will be included in the Lions motorcade to Amarillo. The delegation will leave Colorado Sunday morning, driving through to Amarillo that night. All of the delegation may not remain over for the second day, but Pond and other officials are insistent that every Lion be at the convention Monday and attend Colorado's model luncheon program, to be staged at noon.

Reservations for forty men from the Colorado club have been made at the Herring Hotel, convention headquarters in Amarillo. Members of the club determined Friday that the Colorado delegation should be domiciled at headquarters as another feature on making contact with those attending the sessions.

That the Big Spring Lions Club plans supporting Colorado for 1934

was indicated in a communication received last week from District Governor Walker of Pampa. He wrote President Pond that while on a recent visit to Big Spring he received suggestion that the club there would take its junior band to the convention as an aid to boosting Colorado's invitation for the next district meeting.

Pond is anxious to have his club well represented at the model luncheon in Amarillo. "It is there that many of the delegations will receive an impression of us and our devotion to the ideals of Lionism," he stated, "and certainly not one member who possibly can make the trip should attempt to build an alibi for his absence. I am going to expect meeting you in Amarillo at that luncheon program."

There will be no meeting of the club in Colorado next Friday. So definite are officials in plans to take a large delegation to the convention that motion prevailed calling off the meeting for April 14.

Following is list of Lions delegation definitely pledged to leave Sunday for the convention:

Mr. and Mrs. Max Berman and daughter, Miss Phillis Berman; Mr. and Mrs. M. L. Kirschbaum, C. D. Hornberger, Henry Vaught, C. C. Thompson, W. W. Whipkey, J. Ralph Lee, E. R. Bibby, Dr. R. D. Bridgford, Mr. and Mrs. L. B. Elliott, Joe B. Mills, J. H. Greene, R. E. Gregory, A. L. McSpadden, T. B. Russell, Robert Hubbard, B. L. Templeton, J. B. Pritchett, Joe Fond, Mrs. E. L. Latham, Huron Dorn, Dell Barber, Judge C. H. Earnest, L. C. McCloud, Joe H. Smoot, Minister J. D. Harvey, Chas. Kyle, Emmett Grantland, Ross Q. Dixon, Rev. Alex B. Hanson and Miss Virginia Price.

COL-TEX TO OPEN DOWNTOWN RETAIL GAS STATION

COL-TEX OPENS ANOTHER RETAIL SERVICE STATION AT COLORADO THIS WEEK

New Place at Oak and West Third To Begin Business Saturday Morning

Formal opening of Col-Tex Station No. 2 at corner Oak and West Third streets is set for Saturday morning, with Jake Richardson in charge. The new brick and tile building just completed there by the

refining corporation will add to civic attractiveness of that section of the business district and mark another advanced stride by the corporation in catering to patronage of the motoring public.

Col-Tex opened its first retail service station in Colorado a few weeks ago and so popular did gasoline and motor oils offered the motorist become that the company decided to open the second. A long lease was obtained on property across the street south from the municipal building and a modern station building erected.

The large plant west of town where Col-Tex gasoline is manufactured is the largest industrial enterprise in Mitchell county, employ-

ing large numbers of men both in the plant proper and in the fields where crude is assembled for pipeline run to the refinery. Most of the corporation's officials and employees make their home in Colorado and there are several home owners among them.

Col-Tex gas manufactured by the corporation, is expected to merit a strong demand among motorists of this city and section. Jake Richardson, manager of the retail station, stated Thursday. Richardson stated that every courtesy would be extended the motorist, in addition to selling him a product not to be excelled in realm of the refining industry.

"We are offering the public high quality products from an industry that has and is doing much to build Colorado," Mr. Richardson stated. "Our Oilogas, perfected after months of research, is a lubricated motor fuel with power and anti-knock features not surpassed anywhere. We feel that Col-Tex merging into the retail trade will receive liberal response from the citizenship of this city and section."

Richardson extends cordial invitation to the public to visit the new station Saturday.

WELL KNOWN COLORADO YOUTHS TO BE FOUND AT COL-TEX STATION

Three well known Colorado young men are to be employed at Col-Tex Station No. 2, opening Saturday morning at Oak and West Third. They are Chas. Klingman, Mike Smith and J. B. Holt.

Jake Richardson, manager, in announcing that these men had been employed to work at the new downtown station, stated that each was seasoned in dealing with the public and would welcome their friends at any time.

New Body Type Car Added To Passenger Line By Chevrolet

A new body type known as the "Master Six Town Sedan" has been added to the passenger car line of the Chevrolet Motor Company for the Spring and Summer motoring season.

Listing at \$545 f.o.b. Flint, Mich., the new model is said to be the lowest priced of its type now on the market. It features a built-in trunk and combines the comfort of a five-passenger body model with the intimacy and individuality of a close-coupled sedan.

The model has new colors and is designed primarily for the tourist market, the built-in trunk affording sufficient luggage space for an extensive journey.

Addition of the town sedan, which is now displayed by the national dealer organization, brings the number of models in the Master series to eight, while three additional types are built on the Standard series wheelbase.

MUNICIPAL RECORDS TO BE AUDITED IN JUNE

Records of city officials are to be audited during the month of June by an accountant yet to be named by the city council. Motion offered Monday night that annual audit be ordered passed unanimously. Fiscal year of the city will close May 31.

'OILOGAS' IS TRADEMARK NAME OF MOTOR FUEL AT COL-TEX RETAIL STATION

New Lubricated Gasoline Is Perfected After Months Of Research Work

Col-Tex "Oilogas," a new golden lubricated motor fuel, has made its debut at Colorado. The new gasoline, a product of Col-Tex refinery at Colorado, was perfected after months of research and the installation of new refining equipment by Anderson-Prichard and Col-Tex. It scientifically combines volatility high anti-knock and lubrication.

Col-Tex Oilogas is produced by a special lubricant fluid, free from carbon, gum, acid, sulphur and alkali, and which lubricates the upper cylinder parts, meanwhile retaining the quick starting and anti-knock virtues of Col-Tex Special gasoline.

No ordinary blending of lubricating oil will do. Improper compounding or improper blending may lead to serious motor trouble. A scientifically refined and blended composite, heat-resisting motor fuel is essential. Col-Tex Oilogas, the result of extensive research and testing, meets this requirement.

Only Col-Tex special is lubricated. Col-Tex Ethyl gasoline is already high test and a premium fuel of the highest quality. Col-Tex regular, or third grade gasoline is a big value and an absolute leader in its class. This completes the family of modern, outstanding gasolines under the Col-Tex trade name.

Modern, high compression, high speed motors demand something more than "just" gasoline. Upper cylinder lubrication now offered you in the new Col-Tex Oilogas is the newest thing in gasoline. It makes old motors run better and adds new thrills to new motors.

These gasolines, along with high quality lubricating oils, are on sale at retail at the Col-Tex Stations Nos. 1 and 2.

Santa Fe And Taos Program Wednesday By Conoco Artist

In Santa Fe the young men still go courting with a guitar and a bunch of flowers, and some of them can trace their ancestry back more than 400 years, says Carveth Wells, Continental Oil Company radio entertainer, who plans to devote his regular Wednesday night broadcast on April 19 to Santa Fe and Taos, New Mexico, two of the most historic cities in the United States.

One dramatic portion of this program, which will be heard over 29 N.B.C. stations, is the characterization of Kit Carson, pioneer trapper and Indian fighter, whose old home is now one of the show places of Taos. Taos, by the way, says Wells, is a Chinese name as well as an Indian one.

The Conoco program may be heard by local listeners who tune in on station WFAA, Wednesday night at 9:30 o'clock.

'Reception Committee' Shot His Topper Full Of Holes Upon Arrival At Colorado

Allen J. Payne, for many years a resident citizen of Colorado, has recently been registered on the "Old Timers" roster being compiled by the Fort Worth Star-Telegram. In an article published in that newspaper, Payne recalls his reception here in 1881 when he arrived to become a citizen of the booming West Texas metropolis. The article follows:

An incident that Allan J. Payne of Slaton never will forget when reviewing his early experiences in West Texas was the "reception committee" of cowboys that greeted him and his derby hat in Colorado City, Texas, back in 1881.

The "committee" shot the derby full of holes and handed it back to its grateful owner—grateful because the cowboys were considerate enough to remove the hat before they gave the exhibition of marksmanship to express their impression of such hearer. Payne's name is among the latest added to The Star-Telegram's roll of West Texas pioneers. Payne also recalls the street car "system" the live Western town

boasted. The car was pulled by mules. It was operated to the east part of town where a zoo had been established. The passengers had to work about as hard as the mules, for going out they would get out and push to help the mules up a steep hill. Returning, the mules were hitched on the back of the car to hold it back. Often it would jump the track and the passengers would have to get out and help put it back.

Payne also remembers the long ox-wagon trains that moved into Colorado City from the Plains with loads of buffalo bones and hides. The first weekly paper, published by Alf H. H. Tolar, active promoter of West Texas interests, also is a vivid memory. Payne was there throughout the big boom and also when "the bubble burst" in 1885 and a number of cattlemen as well as merchants went broke. Payne had been working for one store a year and finally got \$20 for his year's work. He married in 1891 at Sweetwater. He and his bride moved to a home in Colorado and resided there until 1917 when they moved to Slaton.

Early Passage Of Farm Program Now Seen By Leaders

WASHINGTON—Confident that Republican opposition could be blasted aside with comparative ease, Democratic leaders in the Senate Sunday prepared to press ahead for early passage of the administration's far-flung farm relief program.

Leaders were wary, nevertheless, of the possibility that some Democrats, disliking the Roosevelt bill's provisions for giving Secretary Wallace broad powers to deal with farm problems, may join hands with the Republicans in voting for their substitute.

Such a move viewed as the first possible serious opposition raised in either branch of Congress against the administration program, but it was expected that any materialization would be bowled out of the way without major difficulty by the top-heavy Democratic strength.

A number of amendments must yet be tackled by the Senate, but leaders were hopeful Sunday that a final vote could be had by Thursday or Friday. Senator Robinson of Arkansas, Democratic leader, was optimistic over the outlook for a decision by the middle of the week.

The Republican substitute, drawn up by a special committee headed by Carey of Wyoming, strips away the powers sought in the Democratic bill for Secretary Wallace, but retains the administration mortgage relief and cotton pool plans.

It provides for leasing up to 50,000,000 acres of cotton and cereal grain lands to cut production, holding that this decrease would lift agricultural prices.

The substitute will be offered Monday, but a vote will wait over a day or so in order that the Senate may run through amendments suggested by its agriculture committee in the House-approved bill.

MOVIES

Against the background of revolution-torn China—"The Bitter Tea Of General Yen" showing at the Palace Theatre, Thursday and Friday, April 13 and 14, tells the story of what happens when the conflicting philosophies of the modern world run smack up against the age-old traditions of the unflinching Orient. Well mounted and marked by the performances of Nils Asther, Barbara Stanwyck, and Walter Connaly, the pictures reaches a high-point of picture entertainment. While the picture includes battles, bandits, bomb dropping planes, part destruction of the town by fire and explosions, and the sensational capture of a treasure train, the main trend is the drama of conflicting creeds.

Once again we will see that daring western hero, Tim McCoy. Tim comes to the Palace Theatre Saturday in "Cornered." The name of the picture speaks for itself. The picture has its share of thrills, fights and good wholesome entertainment. Don't miss this picture as Tim has something new and interesting to show you, when he uncorks his new bag of tricks.

SPECIAL MIDNIGHT MATINEE

The Palace Theatre is running a special midnight matinee Saturday at 11:30 P. M. It is "Girl Missing," featuring Mary Brian, Ben Lyon, and Peggy Shannon. The picture is new and what's more, it has a plot. Yes, it is a mystery picture, but not what one would call a horror thriller. See how two girls solve the mystery that has the police "stopped." You will be "stumped," and you will be amazed when the mystery unfolds before your eyes.

With poignant sincerity Sally Eilers portrays the heroine of Kathleen Norris' absorbing romance "Second Hand Wife," which shows at the Palace Theatre, Sunday and Monday. In this story Sally Eilers plays the role of a secretary and stenographer to Ralph Belmont, a successful business man but an unsuccessfully married man. She knew his wife neglected him, knew he was starved for affection. As his secretary had she the right to give him the love his wife denied him? Is it wrong? Does she forfeit respect for happiness, or can

she retain both? It is a timely theme and a fascinating romance. You will find the answer to these problems in "Second Hand Wife." You will see all that happens when a stenographer plays with her married boss. Sally Eilers and Ralph Belmont are assisted in this picture by Helen Vinson and Victor Jory. Keep your eye on young Jory.

"Central Park" showing at the Palace Theatre, Tuesday and Wednesday, is this year's thrill a minute picture. Anything can happen in Central Park and nearly everything does. In love at nine... indiscreet at twelve... in bad at three... in jail at six, what a day in Central Park! Spend the most exciting 24 hours of your life in sixty thrills crammed minutes of movie entertainment. The picture is filled with human interest, drama, thrill, chills, romance, and all those other qualities necessary in the make-up of a really good picture. Joan Blondell and Wallace Ford are the featured players.

Ernst Lubitsch's "Trouble In Paradise" hailed by critics as a new milestone in motion picture history shows at the Palace Theatre, Thursday and Friday, April 20 and 21. The film adapted from a farce written by a Viennese playwright, is enacted by a cast headed by Miriam Hopkins, Kay Francis, Herbert Marshall, Charlie Ruggles, and Edward Everett Horton. Miss Francis plays the role of a wealthy French widow, singled out by Marsh and Miss Hopkins, two suave super crooks who prey with impunity upon European society, as a victim. The two start to work and success appears secure until Miss Hopkins discovers that her partner in crime has developed more than professional interest in the prospective victim. The dramatic but highly amusing climax straightens things up in surprising manner. Charlie Ruggles and Edward Everett Horton furnish comedy aplenty.

Mrs. J. W. Randle and little daughter, Doris, left Thursday for Childress to spend a visit with relatives.

AGED MINISTER GETS RAIL PASS 52 YEARS AFTER DATE OF ISSUE

A railroad pass which should have been received in 1881 by Dr. W. D. Powell, field secretary now of the Baptist church, reached him last week through Judge R. C. Crane of Sweetwater, president of the West Texas Historical Society.

The only man who has ever received passes on all railroads in Mexico and Texas, Dr. Powell was sent the card through Dr. W. C. Crane, president of the Baptist general convention and Baylor University in the eighties. Dr. Crane misplaced it and decades later found it, turning it over to his son.

The pass was from Texas and St. Louis Railway Company.

New Administration Inducted Into Office Monday

SADLER PLEADS ECONOMY IN CITY ADMINISTRATION AS NEW REGIME COMES IN

Price Named Mayor Pro-Tem Salaries City Employees Remain Unchanged

The well entrenched program of strict economy dominating municipal administration here during the recent past must be continued under authority of the new regime, J. A. Sadler, sworn in Monday night as Mayor, announced immediately after taking his chair at the council table in executive chamber at the city hall.

The new mayor was insistent that Colorado should take steps without delay in meeting such legal requirements as may be proper to obtain remittance of the State tax of four cents on gasoline. "This city is entitled to this refund on the trucks and tractors it is using and there should be no time lost in placing this money back into the municipal treasury," he said.

Sadler, Councilmen O. B. Price, R. O. Pearson and G. W. Whitaker, and Secretary J. Lee Jones were administered the oath of office by City Attorney M. Carter. Mayor Hutchinson who called the council to order and presided during opening business session, retired from the chamber after his successor had been sworn in. Price, Pearson and Jones were re-elected to succeed themselves in office. Whitaker is a new member, taking place formerly held by Sadler. Other members of the council are Lay Powell and E. M. Majors. All members were present.

Mayor Sadler announced appointment of Price as mayor pro-tem during the ensuing two years. The council re-elected M. Carter city attorney. Other appointments announced by the mayor follow:

Street and alley department—O. B. Price, chairman; R. O. Pearson and Lay Powell.

Water and sewer department—Lay Powell, chairman; G. W. Whitaker and R. O. Pearson.

Fire and police department—E. M. Majors, chairman; G. W. Whitaker and O. B. Price.

Health and sanitary department—G. W. Whitaker, chairman; R. O. Pearson and E. M. Majors.

Parks department—O. B. Price, chairman; Lay Powell and R. O. Pearson.

No change in personnel nor salaries being paid city employees were proposed, excepting that the council voted unanimously to discontinue contract with Roy Hester, band director. Schedule of salaries being paid these employees follow:

Mayor, \$90; city secretary, \$200; H. S. Hickman, police chief, \$125; T. A. Hickman, night watchman, \$75; Porter Mosley, night patrolman, \$85; Harry Loving, water department, \$90; H. F. McCordie, water department, \$90; N. T. Conrath, street department, \$90; A. B. Blanks, general utilities, \$100; C. W. Hagler, park department, \$50; Paul Snively, street department, \$90; Jim White, fire department, \$100; John Curry, sanitary department, \$100; Miss Louise Hardison, water department, \$60; J. O. Shurtliff, sewage plant, \$100; Alderman, \$5 for each meeting held. Jones and Blanks were designated as purchasing agents for the city.

Man Who Came Up From Bake Shop Cook To Banker Arrived Here 50 Years Ago

April 10, 1883, just after a west-bound Texas & Pacific passenger train pulled into the station at "Colorado City," a young man was seen to be walking slowly up through the business district. He had come out from his home in Fort Worth to obtain employment as a baker.

And it was not long before the new arrival had found the job he wanted and started working over the bake ovens. He hired out to A. J. Dobbs on a salary of \$10 a week. Within six months time this youth had saved \$100 out of his wages and forming partnership with another whose total capital was \$125, bought out the Dobbs bakery. Another six months passed and entire ownership of the business passed to the young man who had moved here from Fort Worth.

C. H. Lasky stood on a downtown corner Tuesday morning and related those experiences as his own. "I was green and among strangers but I came to Colorado fifty years ago with the determination to do something for myself," the man who fought his way up through many hard knocks in the financial world to become one of West Texas' outstanding bankers said.

Lasky recalled that soon after acquiring the bake shop he called at a grocery store with request that \$10 in supplies be sold him on account. He pledged the manager the amount would be paid in a few days. But he was turned away. R. N. Gary, an employee in the store, stood for the purchase and Lasky went back to his shop with flour and other materials for making a batch of bread.

After baking his bread the ambitious youth would get out on the street and calling from place offer his wares for sale. Business with him began to expand, and it was not long until the shop was made larger. While struggling to pay out his business the youth sent funds regularly to his mother who remained in their home at Fort Worth.

A few years of baking and Lasky opened a grocery store. Success continued to attend his efforts. Then he branched into banking and investments. Here, too, he was successful. Today this pioneer Colorado man is Mitchell county's largest individual tax payer and holds the position of president of both the City National bank at Colorado and the First State bank at Lovaine.

POSTAL SLASH WILL TAKE SUM OF \$2700 ANNUALLY FROM EMPLOYEES INCOME

Eight Are Effected By New Schedule Announced By President Roosevelt

Employees at the Colorado post office, including the three rural carriers, will contribute \$2,700 annually to the drastic economy program recently announced by President Roosevelt. The fifteen percent salary cut going into effect April 1 will represent that amount.

Order placing the salary cut into effect specifies a term of ninety days from April 1 but postal employees are of the opinion it will be made permanent. This cut marked the second reduction for postal employees during the past few months. Last year a cut of eight percent was demanded by President Hoover.

There are a total of eight employees at the Colorado postoffice whose salaries were effected by the slash.

GLOVER RE-ELECTED HEAD MITCHELL TEACHERS ASSN AT ANNUAL BANQUET FETE

Howard Payne President Was Principal Speaker On Program Given

J. V. Glover, principal of Buford school, Friday night was re-elected president of the Mitchell County Teachers' association for another year. The Buford man has been head of the association for two years. Chas. Brazil, principal of Lone Star school, was re-elected vice president; Mrs. J. V. Glover secretary-treasurer and Mrs. Mack Fisher of Iatan reporter, Mrs. Fisher is the only new executive named.

Eighty teachers and their guests attended the banquet program, given at the Colorado hotel. Mr. Glover presided. Invocation was offered by John E. Watson, superintendent of the Colorado schools.

Dr. C. L. Root of Colorado and Miss Virginia James of Lone Star each gave two well received vocal solos. Dr. Root sang "Bird Song at Eventide," and "I Don't Have To Die To Go To Heaven," with Tommy Dawes at the piano. Miss James sang "The Bells of Saint Mary," and "Somewhere a Voice is Calling," with Mrs. B. L. Tompkins playing the accompaniment.

Principal address was delivered by Dr. Thomas Taylor, president of Howard Payne College, Brownwood. He stressed the value of confidence in self, in others and in the government as requisite to the teacher in making proper use of her leadership with the young life of America. Too much of the evil in life and too less of the good are being paraded before plastic minds of the boys and girls, he said.

The guest speaker discounted theory that young men and young women of this age were worse than those of one or two decades ago. "We have some that are bad and some that are good, but there are 40,000,000 of them attending the Sunday schools of the United States and Canada, more than ever before in our history," he said. "There is more scholarship and more spirituality among our young people today than ever before."

Illustrating his charge that the public elaborated upon the evils of man, but failed to give due credit to the more desired characteristics of life, he said that Texas have much to say about the 4,000 men confined in her penal institutions, but little commendation for the 5,800,000 who are free men outside of prison walls.

The world is entering into a new era of industrial development, Dr. Taylor declared after making brief reference to the depression and its attendant ill effects, "and the school teacher must play an important part in this readjustment in our national life if progress is directed along proper channels."

OFFICIALS URGE LOCAL LIONS ATTEND DISTRICT MEETING AT AMARILLO

Colorado Lions should attend annual District 2-T convention at Amarillo Monday and Tuesday one hundred percent, Sam Braswell of Clarendon, director of the International board, and J. Herbert Walker of Pampa, district governor, each of whom were in Colorado Saturday, stated.

The visitors were guests of President Joe Pond and other local Lions at luncheon at the Colorado hotel at noon. Plans for attending the Amarillo convention were discussed at length.

The Colorado club is recognized as one of the outstanding in West Texas as Lionism, the officials stated, and will be expected to take prominent part in sessions of the annual convention.

Abilene Mayor Crowns Successor With Metal Wastebasket In Heated Flare-Up

A new departure in "crowning" incoming municipal executives came into vogue over at Abilene Friday. The mayor crowned his successor-elect with a metal waste basket.

Bitter political enmity between Lee R. York, defeated mayor, and C. L. Johnson, police and fire commissioner and now mayor-elect, flaring intermittently during the two years they have been colleagues, climaxed in startling fashion at meeting of the city commission Friday.

After a brief but warm exchange of words between the pair over fix-

ing date for the change in administration, York, angered by Johnson's reference to "getting more respect from a big, black nigger," suddenly stooped, picked up a metal wastebasket, walked around the commission table and gave Johnson a couple of resounding whacks.

The confusion soon over, Mayor York and members of the commission proceeded with the business before them. The mayor was later made defendant in an assault complaint filed in court of an Abilene justice of the peace.

Hester Contract Is Annulled By Order Of City Commission

Contract between the city and Roy Hester, band director, will not be renewed at expiration on May 31, under edict unanimously passed by the city commission Monday night. Hester came to Colorado four years ago from Fort Worth and has since been in charge of band developed among students in the schools.

Motion that services of the band director be discontinued with expiration of present contract was made by Lay Powell. Seconded by R. O. Pearson, the proposal was passed without further discussion.

COLONEL ADAMS RETAINS BERTH AS COMMISSIONER COLORADO MOUND LEAGUE

Four Teams Entered As Club Organized; Opening Game Set For April 24

Col. C. M. Adams, the Judge Landis in Colorado base ball during last season, will continue to hold that berth during 1933. He was re-elected commissioner of the Colorado City League at organization meeting held Thursday night at the city hall. John R. Baze, secretary-treasurer last year, was also re-elected.

Thirty fans and players attended the organization meeting, presided over by Sid Burrows. Four teams are to be entered for competition again this season and with exception of one new entry the roster remains unchanged. The Col-Tex Oilers, among the strong teams playing in this territory last year, comes in as a new unit of the city league.

Both the Masonic fraternity and fire department, maintaining strong clubs last season, are back in the league. The Methodist and Baptist clubs, playing last year, are to be merged.

Managers and team captains of the four teams are to meet with Commissioner Adams April 17 to formulate rules and elect official umpires.

The schedule is set to open Monday, April 24, at Westside ball park and continue until each member club has played a total of thirty games. Playing days are set for Monday, Tuesday, Thursday and Friday of each week during the season. All games are to be of seven innings.

Editorial—
 The play is the thing in high school at the present and everyone is very interested in his respective class because of the tournament which is to begin on Friday, April 21st. Practice on these plays started about two weeks ago and the class spirit which was gradually dying away is again revived.

A new plan of admission is going to be tried this year. Everyone is to be admitted for depression prices, 10c. This is much cheaper than the price in former years, but the school is offering everyone the privilege of seeing these plays, and is again depending on the cooperation of the people of the town to aid in making these affairs successful.

District Meet—
 Colorado will be well represented in the district meeting of the Inter-scholastic League Friday and Saturday.

The debating team, composed of Cecil Byrd and Geo. Otis Witten will be there to enter a series of debates with other schools of the district.

J. B. Sorrells, winner of the extemporaneous speech contest, will take part in the meet.

Band Trip to El Paso

The Colorado High School Band, unanimously elected last year as the official Broadway of America Band, has begun making arrangements to go to El Paso for May 1st and 2nd. The band attended the Broadway of America convention at San Diego, California last year. There were many wonderful entertainments given to the band. One was a banquet in Juarez, Mexico. Another was a banquet of buffalo meat in Douglas, Arizona. In Yuma, Arizona, the cars in the motorcade lined-up in the middle of Main street. There were four or five grapefruits, at least nine inches in diameter placed in each car. At El Centro, California, a crate of oranges was placed in each car.

On the El Paso trip there are three entertainments already known. One is an excursion through the Mexican Fair, which will be in progress during the convention. Another is a banquet, and one of the most important is a bull fight.

Members of Colorado Broadway Club met Monday night to discuss the ways and means of obtaining money to send the band to El Paso. There were many parents of the band members present also.

The band will be gone four days. It will leave on April 30, and be back May 3.

Chapel Speaker

Dr. Thomas Taylor, president of Howard Payne College, spoke to the high school, Friday at the chapel period. Dr. Taylor's talk, while very clever and amusing, stressed an important fact, namely, that human beings quarreled and became bad friends over the unimportant, superficial things of life rather than the fundamental principles.

Tennis

Last week-end Colorado entered and made a good showing in the tennis tournament which was held in Abilene. They went over on Friday.

Bill Hicks and Lowell Burleson played doubles for the boys, and Gladys Jones and Sarah Melton for the girls.

The boys in their first round defeated Coahoma and in the second round defeated Roby. In the semi-finals they lost to Cross Plains who later lost to Big Spring, the champions of 1933 in boys doubles.

The girls drew a bye in the first round and defeated Rochester in the second round. They lost in the semi-finals to Putnam, who was later defeated by Roby for the championship.

Harold Hester played singles for the boys, but lost his first match to Cross Plains. Abilene won the championship in boys singles.

Lions Club Essay Contest

Lovena Wren, Colorado High School Junior, won first place in the county essay contest conducted by the Lions club. There were more than 60 entrants. The essay which will next be entered in the district contest is as follows:

If I Were A Lion, What Would I Want My Lions Club To Do For The Community

The Lions Club is an organization of the business men in various communities organized for the purpose of promoting the civic, social and political welfare of the community. The local club has as its main duty, the provision of glasses to those who need them and are unable to purchase them. It also has other duties, such as, improving the general appearance of the town, providing for the destitute, and performing various other similar functions.

If I were a Lion, I should want my Lions Club to sponsor some sort of social entertainment for the young people. I think it would be the best improvement imaginable to have some kind of social function for the young people every week on either Friday or Saturday night. That is, it would be appropriate if we could have the right kind of entertainments. By the right kind, I mean just a jolly play party with jolly sponsors who know how to have a good time and entertain others in a refined jovial way. Furthermore, it should not be a dress-up occasion. I think one can have a better time when he is dressed simply. These social entertainments would bring about the result of raising standards of recreation which is essential to people, old and young. This would result in better citizenship which would be noticed in future years.

Another thing I would do if I were a Lion would be to persuade my Lions Club to send one student through four years of college, or four students through one year, preferably the latter. Many ambitious students are forced to remain in the background merely because they lack the funds to go through school. If a student who is willing to try is given one year in college, he will probably be able to work his way through the remaining years. If the student pays back all the money that the Lions Club has spent for his education, the interest from the Students' Loan Fund will soon pay for itself.

There are many improvements or aids that could be made by the Lions Club, but I think that the two that I have named would be the most profitable for they would tend to improve the future citizenship of the future generation.

District 14 Typing Contest

Colorado won second place in the district typing contest held here last Saturday. Lovena Wren won second individual place, being defeated by a Big Spring contestant by .57 of a word. There were five schools. The individual represented places were: Mona Jean Turner—Big Spring—146.70.
 Lovena Wren—Colorado—146.13.

Jane Tinsley—Big Spring—142.97
 Margaret McDonald—Big Spring—127.53.
 Frances Humphreys—Colorado—124.87.

Future Farmers

Three Future Farmer teams from the local high school made a trip to John Tarleton College to enter the 8th annual Future Farmers judging contest. J. M. Kirby, Don Blassingame and Arlene Morris composed the livestock team which won 9th in a field of 23 teams.

Jewel Daughtrey, Bill Galey and Homer Bodine composed the Dairy team. W. T. Berry (R. C. Snively) and Frank Blassingame won fifth in Soil Conservation in field of 15 teams. N. T. was 6th high individual and Frank Blassingame was 9th high in Soil Contest.

Chapel Program

On Tuesday morning the Colorado High School found the danger in allowing small children to play with china dishes, teddy bears and the dangers of cuts from toys with sharp points and edges. This knowledge came through the presentation of a chapel program by the first year Home Economics Class.

Jane Axtell and Arabelle Sorrells, first gave a short dialogue on dangerous toys. Then Melba Slaton showed us the toys a child from four months to a year should have. Eleanor Hagler, from one year to two years; Frances Jones, from two to four years; Devada Barber, from four to six years and Sarah Melton from six to nine years.

News Notes

Mrs. Ruth French from Brownwood has joined the vocational commercial class to get bookkeeping. Mrs. French is employed in the Renfro Drug store of that city.

Nona Haines and Zilpha Thomas, graduates of Colorado High school, were visitors Tuesday morning.

Porter Richardson, a student in the vocational department, suffered a severe cut, which severed the leaders across the back of his hand.

Senior Play

If in your conversation with Harold Hester, he should suddenly begin to speak in a feminine, falsetto voice, do not be alarmed. It is simply the result of long and ardent practice of his part in the Senior play, "Bead On a String," in which for a part of the time he becomes his uncle's favorite niece.

The Senior play is progressing smoothly, work now centering on the third act.

Junior Play

Each day the Junior play "Girl Shy," progresses more and more. The actors are working harder than ever this year to win the loving cup again and to help their director, Mrs. Cantrill make this play a success. They have just begun work on the second act but are sure this play will be well in hand on the night of April 25th.

Sophomore Play

Work on the Sophomore play is progressing in an enthusiastic manner. The cast is working hard under the challenge of taunting remarks from the Juniors and Seniors.

The cast is made up of Joe Cooper, Maxine Dorn, Brady Warren, Ruth Smith, George Kiker, Mertice Foster, Betsy Ann Page, Mumpsy Wallace and Hazel Reynolds.

Freshman Play

"Spooky Tavern," the Freshman play is progressing rapidly. Miss Octavine Cooper is sponsoring it. From the third floor study hall each second period one can hear shouts, screams and other noises that indicate that a dramatic scene is being enacted by a group of enthusiastic freshmen.

Box Supper

Eleanor Hagler, freshman, was chosen as the most popular girl in a cake selling contest which was part of the entertainment and box supper sponsored by the Home Economic department at the high school auditorium Tuesday night. The box supper was a financial success as the girls cleared about \$20.00 which will be used for work in the department.

Beginning at seven forty-five the band under the direction of Mr. Hester, gave a thirty minute concert. This concert was especially adapted to the occasion, including "Medley of College Airs," "Trombone Blues," and the old favorite "Eyes of Texas."

Elverie Sorrells gave a few minutes of popular music at the piano, and was followed by the one-act play, "Bread," under the direction of Mr. Crosslin. This was enthusiastically received.

Mr. Jim Green was the auctioneer for about 30 boxes in the purchase of which a good deal of rivalry was shown. Competition was still keen in the popularity contest and the sale was a success.

Jokes

Bill Viles finally got up his nerve and took a ride in an airplane. As he climbed out he said: "Sir, I sure

Majors Elected President Of Colorado Commercial Club Launched 21 Years Ago

J. P. Majors, Colorado jeweler, was elected president of the "Colorado Commercial Club," an organization was perfected twenty one years ago in mass meeting held at the court house. Robert M. Webb, utilities operator, was named secretary.

Meeting called for organization of the club was not attended by a large number of Coloradans, The Record for Friday, April 12, 1912, stated. Member dues were set at fifty cents per month and a committee appointed and charged with responsibility of enlisting the business and professional interests.

Colorado was to soon claim one of the most attractive high school buildings in West Texas, The Record for that week boasted. "If you don't think so, go up and look the building over," was offered to sustain the claim.

Daddy Clark, operator of a dray,

was seriously injured the Saturday afternoon before when his team frightened and ran away. Clark was thrown to cement paving near entrance to the Lasky grocery when the wagon collided with a telephone pole.

Brooks Bell, J. A. Buchanan, J. M. Thomas, Earl Morrison and A. J. Coe were in Sweetwater on Thursday of that week to assist in organization of a financial corporation to be known as the "Great Western Loan & Trust Company."

Reminiscences of those days when T. A. Hickman, present night watchman, was selling ice in Colorado by statement in that issue of The Record. "The familiar sight of Hickman on the tail end of an ice wagon and his cheerful but stentorian 'I-I-C-E' reminds that Spring will soon merge into Summer," to quote from the statement.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseous calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.
One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger.
Calotabs are sold in 10c and 30c packages at drug stores. (Adv)

Chevrolet Factory Production Running Ahead Of Totals For Same Time In 1932

During the first quarter this year the Chevrolet Motor Company manufactured 148,336 new cars and trucks as compared with 133,363 units in the first three months of 1932. W. S. Knudsen, president and general manager announced today.

In March, despite the unsettled banking situation, total production came within 300 units of equalling March of last year. Comparative figures as announced by Mr. Knudsen are 38,665 units this March and 38,890 last March. Both January and February production ran well ahead of the corresponding months of 1932.

In the month just ended, restricted banking facilities for clearing cars to dealers seriously interfered with production schedules, especially during the first half. "We had to operate on a 'hand to mouth' basis," Mr. Knudsen said. "We didn't know one week or one day what we would do the next. In the second week we were able to run our plants only one day. But at no time were we closed as long as one full week."

"Emergency measures to get cars to dealers kept field stocks up, although there was some reduction in new cars in dealer's hands during the second ten days. We were especially taxed to get enough display cars of the new 'Standard' line in the field to make our public announcement on March 11. But in the full month we built 10,743 'Standard' cars and 27,922 'Master' models.

"We went into April operating at a nearly normal basis. The banking uncertainty has been ironed out. It is still too early to estimate exact production for this month, but generally April is our best production month of the year. Last April we built 55,000 cars, the largest month in 1932. This year we have already exceeded that figure. In January we built 64,000 cars as a result of the gratifying public acceptance of our products."

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.
