COLORADO EXPECTED ADD ZEST TO PASO ROAD CONCLAVE

ANNUAL JAMBOREE MEET OF AREA SCOUTS BEGINS AT BIG SPRING MAY 5TH

Colorado Troops Expected To Have Important Part In 2-Day Program

Plans for the fourth annual Boy Scout Jamboree of the Buffalo Trail Council, which will be held in Big Spring May 5 and 6, are practically complete, according to Area Scout Executive A. C. Williamson, and judging from reports received from troops, a record number of scouts and leaders will be in attendance. The past two years more than 500 scouts and leaders have parti cipated in the Jamboree which is one of the outstanding Council events of the year.

Plans for the Jamboree this year call for troops moving into camp after 4 P. M. Friday afternoon, May 5, setting up individual troop camps, cooking two meals supper Friday evening and breakfast Saturday morning-participating in a big campfire program Friday night, and competing in various scout contests all day Saturday. Saturday noon Scouters and other citizens of Big Spring will furnish a barbecue dinner to all scouts and visitors.

JUNIOR-SENIOR BANQUET

At 7:30 o'clock on the evening of April 21st the Junior class entertained the Senior class with a most delightful banquet.

A unique program as well as tasteful decorations and a delicious menu added to the enjoyment of the affair. The Juniors, with the Seniors as guests, high school faculty and members of the school board found their places at the table by means of small Texas shap ed place cards which carried out the Senior colors of lavender and gold as well as the San Jacinto Day idea. Baskets of vellow tulips and miniature tulip plants bearing mints carried out the color scheme.

The centerpiece was a miniature Alamo, bordered by Texas flags.

The clever program consisted of the following: Song by the group, mineral water—nothing for Stewardship; one for Recruiting "The Eyes of Texas," Welcome (new pupils). NEW COLTEX OIL-O-GAS MEETING PUBLIC FAVOR

Col-Tex Oil-O-Gas was placed on the market in Colorado, April 15th, and has been accepted by the public as a superior motor fuel.

This gasoline is produced by the addition of a special lubricant fluid; free from carbon, gum, sulphur, and alkali, but it lubricates the upper cylinder parts and meanwhile retains the quick-starting and antiknock virtues of Col-Tex gasoline.

Col-Tex gasolines have always had high anti-knock rating and the new and improved Oil-O-Gas is better than ever. Oil-O-Gas has been developed to eliminate or remedy uch conditions as leaky, sticky or defective valves.

There has been a noticeable inrease in Oil-O-Gas sales and this is attributed to the fact that those who have already tried Oil-O-Gas were so pleased with this gasoline that they have recommended it to

their friends. Col-Tex Service stations invite those who have not already tried Oil-O-Gas to drive into any of their stations at the earliest convenient time and fill up with Oil-O-Gas. They state that if the gasoline doesquieter and smoother operation, they will gladly refund your money.

YOUR FAMILY TREE People who undertake to build a family tree engage in a dangerous pastime. Give all attention possible to progeny but let ancestors alone. Criminal records of the nations have been fairly well kept and preserved, and light thrown on history may show that some of our early kinfolks got tangled up with the jails, the penitentiaries and the gallows. And then, our tracing of the family might take us back to Adam, and we can never forgive him for the trouble he has caused us. Adam had a fine opportunity to make something of himself and leave his descendants in splendid condition, but he played the dickens and we are daily reaping the awful consequences. Had Adam stood hitched, man would never have had to work. neither would there have been any bills for him to pay.
