PROMINENT RAIL OFFICIAL WILL ADDRESS SENIORS IN CLOSING SCHOOL PROGRAM

Ollie Webb Of New Orleans Scheduled To Speak At Auditorium Tonight

Ollie B. Webb of New Orleans, assistant to the president, Texas & Pacific railway, will deliver annual commencement address to members of the senior class as another successful school year is brought to a close Friday evening. Mr. Webb is recognized among the outstanding religious and school leaders of the South.

Commencement this Spring is being accepted by school authorities as the milestone marking a new high record in history of the high school. Overcoming handicap of testing economic disorder the school board and members of the faculty have brought the year's work down to commencement with the largest number of graduates in history and material strides of advancement in several major departments never before realized.

Staging of the impressive program at which seventy three seniors are to receive diplomas of graduation, is set for opening at 8:15 o'clock in the school auditorium. In many respects the program will be similar to the one given Sunday evening. Again the school orchestra will offer the professional as faculty members, the clergy, guest speaker and others on the stage and the seniors march to reserved section in the auditorium.

George Otis Witten, class salutatorian, and Miss Mattie Beth Payne, class valedictorian, are to deliver their addresses in behalf of the seniors. Following the address of Mr. Webb presentation of diplomas will be made by John E. Watson, superintendent of schools. Special honors will be awarded by C. A. Wilkins, principal of high school, to be followed with presentation of prizes by representatives of local civic clubs.

The seniors and faculty members cordially invite the public to attend the program. A section in the auditorium will be reserved for parents and other family members of the graduates.

Harvey Concludes Revival Meeting At Westbrook Church

Minister J. D. Harvey of the Church of Christ Thursday concluded a series of revival meetings at Westbrook. The minister stated Monday that he had held five consecutive revivals there but none had proven as successful as the one closing last week. A total of fourteen additions to the Westbrook Church of Christ mission resulted.

The congregation there now have their own building and it is paid for, Harvey said. The church, organized as a mission by the Colorado church, has not grown large enough to employ a full time minister. The Sunday school there is being directed by J. A. Thompson of Colorado.

GOVERNOR APPROVES BILL CHANGING CONGRESSIONAL DISTRICTS IN THE STATE

Mahon Or Thompson Expect Enter Campaign; Lubbock Judge Announces

Governor Ferguson Tuesday signed the bill redistricting Texas to 32 congressional districts. Mitchell is during the past, continues to be tacked onto extremity of the district in which the county was made a part. We are now in Congressional District 19, with Lubbock conceded as the hub.

At the same time Governor Ferguson signed the bill, making it a law, District Judge Mulligan of Lubbock announced that he would be a candidate for congress from the new district.

Judge C. C. Thompson stated Wednesday afternoon that in the event District Attorney Mahon entered the race he (Thompson) would not oppose him. "It would be improper for both of us to run for congress," he said. Both of the Colorado men are being prominently mentioned as candidates.

COURT RESCINDS ACTION ENDORSING HUGE BOND, COUNTY JUDGE REPORTS

Action of the county commissioner's court in officially endorsing proposed \$20,000,000 State bond issue as a means of cooperating with the federal government in providing additional R.F.C. emergency employment, was rescinded on the next day after its passage.

County Judge A. F. King announced Monday that members of his court evidently acted in haste when they went on record as favoring the proposed bond and telegraphed Will H. Scott at Austin urging his support of the measure.

"We came back the next day and rescinded the resolution and informed Mr. Scott that we stood with him in opposing the proposed bond issue," King stated.

Annual Graduation Program For Seventh Grade Students Set For Thursday Night

Thursday evening was to have been the occasion for a gala event among members of the seventh grade, with their annual commencement program plans all complete and a class of sixty five boys and girls slated to receive diplomas. The commencement program is to be given in high school auditorium.

The Rev. Dick O'Brien, pastor of First Baptist church, will deliver the commencement address. Presentation of diplomas will be made by Hays Holman, principal of junior high school. Special awards are to be made by J. E. Watson, superintendent.

JUDICIAL DISTRICTS ARE CHANGED IN BILL PASSED BY THE HOUSE THURSDAY

Relief From Congested 32nd And Other Dockets Seen By Court Attaches

The Collie Bill, authorizing radical changes in both the boundary lines and court dates for the 32nd and other judicial districts in this part of Texas, was passed by the House at Austin Thursday afternoon and has been sent to the governor. The measure had previously passed the Senate by an overwhelming vote.

Enactment of the law is accepted here as a material step toward relief from the congestion that during recent years has prevailed in district courts of this and other counties of the 32nd judicial district. Howard, largest county in the old thirty-second, is placed in the seventeenth district with Midland county. This district will, after the law becomes operative, contain Mitchell, Nolan, Fisher and Borden counties.

Radical change is made in terms for holding court sessions in this and other counties of the district. Mitchell county will now be given three regular court terms annually, one of five weeks term and two of four weeks.

District Attorney George Mahon was in the House Thursday as the bill was finally passed. The official has expressed entire satisfaction of the revamping law.

The bill provides that the new law shall become effective August 1, 1933. On and after that date the Special district court, created two years ago by the legislature as an emergency relief act, will be dispensed with.

LOCAL DOG FANCIER IS IN TROUBLE; HIS SHOW PUP COMES UP MISSING

M. O. Chapman, resident manager for the Community Natural Gas Company and an avowed dog fancier, is in trouble. "Pup," his prize winning kennel dog, has taken an A.W.O.L.

Mr. Chapman reports that he had his prized hound in Big Spring Friday for entry in kennel show at the West Texas chamber of commerce convention. He and Pup returned home that night. Saturday morning the hound after looking his master in the face with an air of keen disappointment, due no doubt to his failure to win a creditable string of ribbons at Big Spring, departed for parts unknown.

Colorado Steps Up Twenty Two Points In Lamesa Contest

Colorado golfers stepped ahead twenty two points in their standing in Sand Belt tournament here Sunday after the local club had routed Lamesa that figure to eighteen. Defeat of the Lamesa club was accepted with keen satisfaction among members of the Colorado linkmen, due to fact the former is reckoned as among the formidable pennant contestants in the district.

Midland, leading in scoring over the seven other member clubs, was held to a "fifty-fifty" accounting by Sweetwater on the latter's course Sunday afternoon. Playing in a driving rain the two clubs emerged from the contest with twenty points each.

Colorado is scheduled to play Big Spring next Sunday on the Big Spring course.

GRADUATE COLORADO HIGH LAUDED BY PRESIDENT OF OKLAHOMA STATE SCHOOL

Joel W. Halbert Given The Award of 'Distinguished Student' At A-M

Joel W. Halbert, a graduate of Colorado high school and who is now attending the Oklahoma Agricultural and Mechanical College at Stillwater, is described as one of the most outstanding students to ever matriculate at the institution in a letter received Wednesday by Jno. E. Watson, superintendent of the local schools, from Henry G. Bennett, president of the Oklahoma school.

For the semester just closed Halbert made an average grade of not less than B (85-92) in all subjects and met all other requirements for recognition of meritorious achievement. President Bennett states in the communication, "His name has been placed on the dean's list of Distinguished Students."

"This is an honor attained by only one out of seven students in the entire institution," the college head wrote. "You may feel highly gratified, therefore, in the distinction brought to your school by the performance of your graduate. May I extend to you my heartiest felicitations as well as those of the faculty of the college upon this signal achievement."

DIPHTHERIA ATTACK WAS FATAL TO DUNN CHILD; RELATIVE COLORADOAN

Hugh Gene Billingsley, aged 2 years and 5 months, died Saturday morning at 4:30 o'clock at the home of his parents, Mr. and Mrs. Hugh Billingsley of near Dunn following an attack of diphtheria. The child had been ill but a short time.

Funeral services were conducted at the graveside Saturday afternoon at 4 o'clock with the Rev. Mr. Anderson, pastor of the Dunn Methodist church, officiating. Burial was in the Dunn cemetery.

Father of the boy is a brother of J. J. Billingsley of Colorado. The latter was in Dunn to attend the funeral rites.

COLORADO GIRL TIED WITH ABILENE ENTRY FOR FIRST IN 4-STATE PIANO AWARDS

Over 1,200 Pupils In Texas, New Mex., Oklahoma And Louisiana Competing

Not alone did Mary Price of Colorado register a perfect score at the All-Southwestern piano tournament for this district held last week at Abilene to tie with an Abilene entry for first place, but the Colorado girl has shared honors with Abilene for first place in four states—Texas, Oklahoma, Louisiana and New Mexico. Contests were held May 11, 12 and 13 in eleven cities in the four States.

Each contestant was required to play fifteen selections in the contest. The Colorado girl was awarded "perfect" in each of her numbers. Announcement that she and Wanda Mae Clements of Abilene were found to share equally for first place in the four States was made Wednesday by Dr. John Thompson of Kansas City, supreme judge of the tournament.

Other Colorado music students shared honors with the Price child in awards for the Four States district. Nancy Price of Colorado was tied with Bobbie Lee Clinton of Putnam for ten blue ribbons each in the grade school division.

In the junior division Leann Bodine of Colorado shared with Evelyn Grace Barton of Clyde, Virginia Hale of San Antonio and Lillian Curran of Waco for second honors. Mary Ann Latham of Colorado won second average in this division.

In the senior division Mary Pidgeon of Colorado tied with Ann Puck of San Antonio for average honors.

The tournament is held annually on the last three days of National Music Week, with cooperation of the National Bureau for the Advancement of Music, New York City.

FIFTEEN BOYS CALLED TO BE IN BIG SPRING BY 12 O'CLOCK FRIDAY

In a telegram received by the chamber of commerce Thursday afternoon from Lawrence Westbrook of Austin, director of emergency relief employment for Texas, it was ordered that fifteen Mitchell county youths chosen for reforestation work report at Big Spring not later than 12 o'clock noon Friday.

The county committee began immediately to notify the 115 boys who have applied for this work of the change. Originally it had been planned to select the boys Friday in a drawing at the chamber of commerce.

Colorado Man Holds Onto His Fish Even After Boat Sinks And He Almost Drowns

Charlie Landau came near drowning in waters of Lake Trammell near Sweetwater Wednesday morning, after a boat in which he and Clarence Grunsfeld of Dallas were fishing filled with water and capsized. The two men held onto the upturned craft for some time and after they had about worn themselves out managed to reach the shore.

During all the exciting experience Landau held a crappie, caught just before the boat overturned, in one hand. Another fish was carried ashore in his pants' pocket. "I cannot realize just how near I came drowning," Charlie stated Thursday morning. "Had it not been for the fact the small boat had airtight compartment built into one end, it would have gone down and I would have been with it. We were a long distance from shore and in water several feet deep."

MAHON TO ANNOUNCE AS ASPIRANT FOR CONGRESS AT 'THE PROPER TIME'

George H. Mahon, State's attorney for the 32nd judicial district, stated to The Record Thursday morning that he would be a candidate for congressman from the new 19th district and would announce his candidacy at "the proper time."

"There is no occasion to be hasty in the matter," the district attorney said. "My announcement will come at the proper time and I am pleased to know that I do not anticipate opposition in either this, Howard or Scurry counties, three larger counties of my judicial district."

SAN ANGELO WINS ANNUAL WTCC CONVENTION—CLINE BECOMES NEW PRESIDENT

Colorado Supplied 2 Bands And Large Delegation At Big Spring

Naming San Angelo as host city for the Sixteenth Annual convention in 1934 and stepping Walter D. Cline, Wichita Falls oil man and banker up to the presidency, formed highlights in closing events of the West Texas chamber of commerce convention in Big Spring Saturday. Colorado sent two bands and a large citizens delegation to the annual regional conclave.

Spencer Wells of Lubbock was elected first vice president and Ray Nichols, Vernon publisher, second vice president. Frank Morrow, Stamford banker, was elected treasurer, succeeding W. G. Swenson, cattleman and capitalist of that city. D. A. Bantzen was reelected manager for another year.

Race for the next convention city was a close one. San Angelo received 671 votes to 603 for Plainview. Breckenridge received 22 votes, placing that city in line as a strong contender for the 1935 meeting. D. A. Clark of Sweetwater was chairman of the elections committee.

GRADUAL CLIMB IN EVERY PHASE OF BUYING HAVING EFFECT ON LOCAL PRICES

Merchants Forced To Meet Fluctuating Markets In Retail Selling

The most dependable barometer for measuring condition of the country's economic aspect, every Colorado merchant will agree, is pulse of the wholesale market. When quotations are moving upward and orders at times difficult to be filled, it is to be accepted that conditions are improving. When they are maneuvering in the opposite direction it is safe to assume that business is verging upon questionable footing.

During the past few days a number of Colorado merchants have been interviewed on this aspect of business. Every one of them have spoken without hesitation to say that practically every commodity retailed by them is gradually climbing to higher and higher quotations on the market. Some informed that orders for the more common staples were being held up or that prices were being given them subject to change.

One of these merchants offered in evidence a telegram that he had recently received from one of the larger American jobbing concerns. A few days before he had booked shipment of a quantity of duck. At the time a given price was tentatively accepted. The house wired that the duck had advanced two and one-half cents per yard.

Grocery merchants report that flour and many other staples are catalogued in a most perplexing aspect just now. One of the larger retail grocers said one day recently that his order for a car of flour had been held up, at least for the time, and that the mill had wired no definite quotation would be extended.

This is a condition that is gradually working its way into every phase of business in Colorado and throughout the entire country. Patrons of the stores are finding themselves being called upon to pay a small advance in price over what a given commodity sold for one or two weeks before. But the merchant is not to blame. He must follow the upward trend of prices or go out of business.

Along with the revival of business conditions has come better play for the cattleman, farmer, dairyman and other producers and marketers of rural commodities. Cotton, hogs, cattle and the other leading industries from which this section obtains its wealth has climbed along with manufactured goods coming from the mills and factories.

MAHON TO ADDRESS 7TH GRADE STUDENTS TODAY IN HOWARD CO. MEETING

Mission Institute To Meet On June 29th

The members of the Mitchell-Scurry association are preparing for a Mission institute June 29th to be held with the First church at Snyder.

Instructions will be given to those who wish to be leaders in any organizations of the W.M.U. work. This will not only prepare leaders for the W.M.U. work but will be beneficial to Sunday school and B. Y. P. U. workers.

District and associational leaders will give of their time to this work and are asking for volunteers to prepare for leadership.

At a committee meeting held with the Mission study chairman, Mrs. C. B. Reeder, at Lorraine Tuesday afternoon, a tentative program was prepared. Mrs. J. G. Smith, Mrs. P. D. O'Brien and Mrs. A. L. Whipkey attended from Colorado.

Bill Wade of Sweetwater was in Colorado Saturday.

Notice To Children

Parents are notified that children are shooting out street lights, window glass and doing other damage with "nigger" shooters, sling shots, targets, etc., within the city limits of Colorado. This has become a nuisance as well as damaging valuable property. All children caught hereafter will be dealt with to fullest extent of the law. Please warn your boys to this effect as patience has ceased to exist and we will surely prosecute them if detected.

BEER VENDERS WILL BE FIRED FROM METHODIST CHURCH, BISHOP EDICTS

Member of the Methodist church in Colorado who might look with favor upon prospects of entering a lucrative business through the sale of 3.2 beer, if, and when the beverage is legalized in Texas, had better stop and think. They might find themselves outside pines of the church.

In an edict issued at Houston Wednesday Bishop H. A. Boaz of the Southern Methodist church outlined that Methodists persisting in selling beer, if the same became legalized, will be excluded from membership.

Dates for the 1933 Exposition of Texas have been set October 7 to 22, and the opening Saturday has again been chosen as Press Day when the newspaper fraternity gathers for one of its annual holidays. Sam P. Harben, secretary of the Texas Press Association, Otto Herold of the State Fair, Dallas and newspaper men from all parts of the state are planning one of the big days in the history of Texas newspapers, it has been announced.

A capon show, one of the first ever held in Texas, will be one of the features of the poultry department of the 1933 State Fair of Texas, it has been announced here by W. I. Yopp, director in charge of this department. The capons will be shown for two days as features of the show and will be dressed and exhibited on the third day. Awards will be made on the dressed capons. A capon dinner is also planned as one of the features of the show.

ABILENE PAPER HONORED - Abilene, Texas.—The Abilene high school Battery has received notice from the National Scholastic Press association, University of Minnesota, that it was awarded the All-American rating among high school publications in the United States for 1932-1933.

It is the fourth consecutive year the paper has received the honor. The Battery also was given the "pace-maker" rating, an honor given only 18 of 739 high school papers entered in the N.S.P.A. contest. The rating is for the papers making most progress during the year.

CONCERNING RABIES - AUSTIN, Texas.—Filming a live rabbit with ten of its victims is expected to reveal important facts regarding the actions of mad dogs and their human victims.

The film was taken by the Pasteur Institute of the Texas State Department of Health, where each month an average of 25 persons receive treatment for rabies.

Contrary to common belief that rabies is a warm weather disease, rabies are more prevalent during the winter months because exposure to cold lowers the resistance of the animal, according to staff members.

In the 30 years of existence of the Pasteur Institute over 14,000 persons have been treated and only nine have died while being treated, these principally by alcoholism, the institute reports. Since 1925 there has not been a death of a patient while taking treatment.

Chick time is your time to get a new start in making money. Keep in mind a full egg pail for next fall and winter. That means purchasing chicks of known ancestry from a reliable hatchery and feeding these chicks on feeds of proved value. The mash must have in it everything necessary to grow big frames and to get the pullets ready for the job of laying big eggs at the season of best prices. Profitable "poultry raising" means that pullets must begin to lay within five to six months after hatching. Only the best feed can put the necessary growth and development into your flock. Don't save on feed.

WORLD WAR BY YARNS LIEUT. FRANK E. HAGAN

Camouflage - Langres is that picturesque French town where infantry officers were manufactured wholesale at the Army Candidates school.

The greatest hazard Americans faced at dear old A. C. S. was the food. Carrots for breakfast, carrots for dinner, and carrots for supper. A new type of officer came to Langres one day. He was a mess sergeant turned gentleman by act of congress. His duties were to lecture troops on the succulent qualities of the American ration.

More than two thousand soldiers, most of whom would gladly have swapped their chances of commissions for a hot meat loaf, heard foodstuffs described in enthusiastic terms. It didn't help their peace of mind, either, that the lecturer's thin neck twitched; that his adam's apple did flipflops, his anemic body drooped and his weak eyes moistened as he spoke feelingly of calorie values, savory stews, fragrant, crisp beans—all a part of the generous, but absent, American ration.

The candidates were famished when he ended. Sadly they washed faces and hands, slowly repaired to the mess shack. Yes, Carrots again! "A h—l of a note," grumbled Candidate No. 1. "But here's something new! Pie! By all that's holy, yum-yum. Great! Pumpkin! Or sweet potato, maybe!" "Ask the mess sergeant," suggested Candidate No. 2. "Gee! but this pie is swell!" "The pie?" repeated the mess sergeant. "Oh, yeah! The officer who lectured to you guys showed me how to make it. Pumpkin? H—! naw! It's made out of carrots."

WORLD WAR BY YARNS LIEUT. FRANK E. HAGAN

War Always Dodged Him - Lieut. Morrell Tomlin of the One Hundred and Twenty-fourth field artillery of the Thirty-third division was a veteran of the regular army. But it seems that until the World War came along he "just couldn't catch up with a war" and even when he found himself up near the front in France he was still pessimistic. Hence this plaintive statement to his friend, Capt. "Bob" Casey, now of the Chicago Daily News but in 1918 executive officer of Battery A of that artillery regiment.

"I've been trying to get into a war since the Wounded Knee massacre. I was just a kid then, but I ran away from home and tried to enlist. But by the time I found a recruiting sergeant who would take me all the Indians had decided to behave themselves.

"It's always like that. The excitement just naturally dies out when I come around. And you watch and see. It will be the same here. I never have any luck. I was in the guard when the Spanish-American war came along. I got as far as Chickamauga Park. I didn't even get typhoid. I wanted to go to the Philippines and got as far as Omaha. I was down on the border with the cavalry when Pershing went into Mexico and the closest I got to a battle was the Austin hike.

"I have a hunch I can stop this war any time I want to just by walking up to the front lines. The Heinies will say, 'Oh, lookie! Here comes Tomlin.' And they'll call it a day and go home!"

WORLD WAR BY YARNS LIEUT. FRANK E. HAGAN

"The Fast Mountain Mail" - Persons as distinguished as the late Mrs. Potter Palmer of Chicago rode in the cab of Philip Goldstein before the war. They should have seen him later, in the Vosges, as he piloted "Goldstein's Fast Mountain Mail."

Goldstein emerged from the war as a sergeant with a sterling record of service. Not the least of his accomplishments was delivering the mail on time to his regimental headquarters during one of its early visits on the line.

Goldstein was a corporal and mail orderly, in the mountains. He made a single, toiling passage with heavy mail sacks to an advanced p. c. Then he decided his duties must be lightened.

On his second delivery, the mail bags were strapped on the backs of two burros. They were tiny animals but one of them could have handled all the sacks. It became the custom for burros along the steep mountain trail to tempt the little burros as they straggled past, with kitchen delicacies from the army stores.

"Hey! You're delaying the Goldstein Mountain Mail," Corporal Goldstein would shout indignantly to the cooks. And he'd urge one burro, then the other, into action up the narrow trail. "I gotta use two of 'em," he explained confidentially to the regimental adjutant one day. "So's I can leave spots on 'em to reach with a spur." Saying which he swung the limb of a tree against the nearest burro with a resounding whack! And the "Fast Mountain Mail of Goldstein" was on its way again.

A CALENDAR OF CHICK MANAGEMENT

First Seven Days Are the Most Important.

What to do with the young flock day by day aside from feeding and watering is the subject of a calendar of chick management prepared by the Educational Division of Purina Mills. Combined with the use of properly blended rations, the following will be of greatest help toward keeping chicks alive and healthy and making them grow rapidly.

These steps in management as outlined by the staff experts cover the

most critical period—the first seven days. Two weeks before chicks come—Scrub brooder house thoroughly with soap and water; disinfect floor and sidewalks with Creso-fo; move to new or clean ground. Three days before chicks come—Start brooder stoves to see that they are working properly; regulate thermostats.

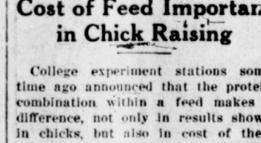

First three days—Leave chicks in boxes in a warm darkened room for a short time until thoroughly quieted down. Use high-grade straw or peat litter one inch deep; cover with pink building paper or burlap sacking to keep chicks from picking up litter. Keep brooder temperature at 90 to 95 degrees with thermometer bulb 3 inches above floor just outside edge of cover; keep out drafts, but supply fresh air. Make guard to hold chicks near the heat. Can use one inch mesh wire one foot high encircling the brooder about 15 inches from the edge of the brooder. Cover wire mesh with muslin or drapery burlap sacks to shut off floor drafts. Provide one inch of feeding space for each chick, or one pound two feet long for each 50 chicks. Provide one drinking vessel 10 inches in diameter for each 50 chicks, using type that will prevent chicks getting wet. Set them on low platform. Disinfect daily. Clean out the nest of droppings under the brooder every morning and add fresh litter or rake remaining litter over cleared area.

4th day—Remove paper or burlap covering litter. 5th to 7th day—Maintain temperature at 90 degrees; gradually lower to 85 degrees by the 14th day. What to do to bring your chicks through the next important weeks will be the subject of our next article.

Cost of Feed Important in Chick Raising - College experiment stations some time ago announced that the protein combination within a feed makes a difference, not only in results shown in chicks, but also in cost of their raising. Chicks of the same breeding, when fed mash of the same analysis, but containing various blends of proteins on which the mash is built, may show a difference of as much as 44% in their feed cost for the first six weeks.

"In feed, as in everything else, it is a matter of efficiency," says Mr. E. B. Powell, Manager of Purina Mills Experimental Farm. "Everything has to be taken into consideration in constructing a really good chick mash. The effect of the feed on the livability of the chicks, on the rapidity of growth, on their feathering, pigmentation, bone and flesh development, are all important. Yet, unless we take into consideration the egg laying ability of the pullet grown by the mash the feeder will lose money."

One set of experiments, continued for several years on twenty different feeds, involved the checking of over 300,000 separate weightings of baby chicks and hens. The worthwhile results in terms of money that might be saved per chick is set forth by the accompanying chart.

Foundation Herd of State Penitentiary

This sow and her litter of 12 pigs formed the foundation hog herd of the Texas Prison System, Huntsville, Texas. A great improvement has been made in the ham, bacon, sausage and chitterling department in the last several years. This "thoroughbred" sow is none other than "Stiles Laura 2nd No. 707526." That is her registration number and not her prison number.

comparing chart. Differences in cost of as much as 3.16c per pound in producing baby chicks means many dollars for a poultry owner who is figuring his success for the year in terms of hundreds or thousands of chickens. The first six weeks are only the beginning of his poultry flock. From that time on special growing feeds must supply energy, bone and muscle building materials which will bring the pullets into laying with full body development, and at five months of age; and at the same time put broilers on the market at the earliest possible date. Neither a high price nor the tag on the bag point out which is the best feed. The answer to that question lies within the feed itself. Poultry feeds above all others need the expert attention that only experience with full knowledge as to source of nutrients, The proportioning of these nutrients is a question of careful manufacture. Only thus is built a feed that, while getting results, sells at a price sufficiently reasonable to be profitable to the poultryman.

BY VOTE OF 80 TO 41 HORSE RACING BILL IS PASSED BY THE HOUSE

By a vote of 80 to 41 the Texas House Wednesday afternoon passed the race horse "rider" bill. Attempt to take the measure direct to the senate was lost when adjournment motion prevailed. The Upper House is expected to consider the bill Friday.

This is the first time since 1909 that the Texas legislature has looked with favor on betting on horse racing. Attempt to have the law passed during last legislature failed.

A bill legalizing boxing is pending at Austin. Prize fighting has been barred in Texas since 1895 when Governor Culbertson convened the legislature in special session to prevent a prize fight between Corbett and Fitzsimmons.

The county agent has a small amount of bagged Red Top and Red Kaffir seed that he would like to give to some Mitchell county farmer who would be interested in taking care of the seed to keep it pure and furnish other farmers of the county with a dependable supply of pure seed. Other farmers of the county are producing pure line maize, begari and blackhull kaffir but no one as yet is specializing in growing these two varieties of pure line seed.

FARM FACTS

Lester Jarratt of Loraine has recently finished feeding about 25 head of calves on a contract basis. He says this plan works out very well when the feeding market is as treacherous as it has been the past few years.

H. L. Baker of Longfellow will have cold water to drink this Summer without having to buy ice due to a new system of piping he has installed. Mr. Baker dug a 10 foot hole underneath his back porch, set a tank in concrete in the bottom of the "well" and piped his water into this tank. He reports that the water coming from tank is several degrees cooler than the water direct from the well and much cooler than the water from his overhead tank.

R. F. Redman of Buford probably has the earliest cotton in the county. It is now four or five inches high. Read the Classified Ads.

WEST TEXAS DRY GOODS COMPANY STOCKS TO GO ON SALE FRIDAY MORNING

Wolf Sales System Of Dallas Directing Disposal Of Bankrupt Mdse.

One of the largest bankrupt sales Colorado has known in several years will be opened Friday morning when stocks of the West Texas Dry Goods Company is placed on sale under direction of the Wolf Sales System of Dallas. Max Berman, purchaser of the stocks, sold under order of the bankrupt court last week, has turned the merchandise over to the Dallas concern with instructions that every item be moved.

Maurice Wolf, manager of the bankrupt sales organization, has been in Colorado several days personally directing plans for placing the stock on sale. He stated Tuesday morning that invoices showed that Berman had purchased the merchandise at less than thirty cents on the dollar. This huge saving, he stated, would be passed on to the public.

Wolf stated that customers would be permitted to make their own selections along the idea of "help yourself." The stocks have been placed on display on tables throughout the building. The customer may select the articles wanted and take them direct to the wrapping counter. By this method it is pointed out that everyone will have equal opportunity to obtain the particular merchandise desired.

A large force of trained and courteous salespeople will be employed during the sale. Mr. Wolf has announced that this unusual bargain carnival will be continued until every article has been sold.

"I wish to assure the public of Colorado and this territory that the sale will offer an unusual opportunity for saving money," Mr. Berman stated Tuesday. "Included in the bankrupt stocks are lines of seasonable merchandise of the highest quality and styles. The saving I realized in purchase from the bankrupt court will be passed on to the public. Not one item of merchandise in stock there will be moved either to my store here or elsewhere. It will all be sold from its present location."

Would You Like a Romp Before Breakfast?

Here is Adrian R. Hines, famous explorer and curator of San Antonio, with his pet mountain lion, Oscar, enjoying a little romp in Hines' back yard before breakfast. Oscar is very tractable with Hines, but is pretty unfriendly with strangers. Hines takes great interest in animals, being a taxidermist by trade and having one of the most valuable taxidermy collections in the Southwest. Note the friendly paw in his face in the photo.

WANTED HERE SUNDAY

Sunday morning rain was preceded by hail which was not considered of any special damage. It was followed by a heavy downpour of rain which was badly needed. The weather continues cool and mostly cloudy.

VISITED HERE

Lorraine was visited by W. Lee O'Daniels and his Doughboys. Members of the Mosiah Temple in a motorcade of 4 buses passed through Lorraine Friday enroute to the W. T. C. C. convention in Big Spring. They were accompanied by a number of other cars and their band of about 70 pieces.

ROBBERY OF WILSON TOGGERY

The Clyde Wilson Toggery Shop was broken into last Thursday night May 11. Men and women wearing apparel valued at approximately \$100.00 were taken. Entrance was effected through a back window. No arrests have been reported.

EXPLANATION

In last week's paper part of the explanation concerning valedictory and salutatory honors was omitted. It was stated that for a three year average Ruby Martin was valedictorian and Josephine Palmer salutatorian. Had a four year period been counted Josephine Palmer would

have been the honor student. These statements were correct, but it was omitted that, had only the last year grades been counted, Princess Martin, who has attended school at Lorraine only one year would have had an approximate tie in grades with Josephine Palmer, their grades being slightly higher than those of Ruby Martin for the senior year.

However, due to rules already made concerning a three-year period, Ruby Martin is the winner of valedictory and Josephine Palmer salutatory honors.

CLYDE BENNETT.

METHODIST CHURCH NOTES

We had a splendid Mother's Day program and service Sunday morning. Mrs. W. R. Martin had her juniors to sing a beautiful lullaby. Winnie Dell Rowland sang a song which was beautiful and very fitting. Rev. Harrell preached on "Mothers of Men." His text was 1 Samuel 1:27-28. Sunday night Bro. Harrell's subject was "Decapitated Temptations." His text was 1 Samuel 17:51. The bad weather cut our crowds short Sunday but those present enjoyed two very fine services. It truly was a good day and the Lord blessed us. How we need to make the Lord's day count for more. Are you doing your part to make it so? If not, why not?

Come on you reds, whites and blues. Get busy and do your very

best to build up our Sunday school. Who will be the winners Sunday morning? Let each group do its best to make the best showing possible.

Visitors will find a hearty welcome all the time at our services.

PRIMITIVE BAPTIST SERVICES

The Primitive Baptist meeting will begin next Friday at 2:30 p. m. with services Saturday at 11 o'clock and Saturday afternoon at 2:30 and on Sunday at 11 o'clock.

Foot washing and the Lord's supper as taught by the Savior will be observed at this meeting.

All are invited to attend.

BAPTIST CHURCH NOTES

Due to inclement weather only a small percentage of our S. S. was present Sunday morning. The contest between the Dorcas and Clyde Bennetts classes closed Sunday morning with the men winning by a large percentage.

The W.M.S. and B.T.S. were to give a program Sunday morning in the absence of the pastor but the hail and rain sent the small crowd home.

Rev. A. C. Hardin brought an enjoyable as well as an inspirational message Sunday evening from John 15:1-14 setting forth our relationship to God, to each other and to the world.

B.T.S. members made the lowest grade they have for some time Sunday evening. The Seniors studied "The Fighting Musician." Only two ten year old Juniors were present but they had prayer and discussed their topic. Older church members should get a lesson from these Juniors and never give up. S. S. and B.T.S. and church services go on without you but they would go better with you. Many Lorraine church members are losing the blessing and gifts that might be theirs if God could lead them.

Study Mark 12:1-44 for next Sunday morning.

BAPTIST W.M.S.

The local W.M.S. met at the church Monday studying the second lesson in "Things We Should Know."

Devotional was led by Mrs. Reeder and prayer offered by Mrs. Hardin. The lesson was taught by Mrs. Richburg and the meeting dismissed by Mrs. Fain. Next Monday is business day and another lesson will probably be studied in "Things We Should Know."

Mrs. Ulman Parker and daughter Billie Louise were visiting relatives here last week.

Mr. Boshere and wife of Dunn were guests in the Cecil Dennis home Monday.

Miss Armenta Foster of Colorado visited S. A. Martin's family Sunday evening.

Miss Armetta Dean has returned from Abilene where she spent the week as the guest of friends.

The C. H. Thomas children, accompanied by a number of friends met at the home of their parents Sunday evening in honor of Mothers Day. Each had prepared a choice dish and contributed to the surprise supper and Mrs. Thomas, guest of honor, was recipient of several nice gifts.

INGRAM.—Johnny McGrew and James Maxwell caught a 82-pound catfish, believed one of the largest ever pulled from the Guadalupe river near the streams' headwaters. Ingram is about 25 miles from the head of the river.

Local Publisher Is To Address Meeting Of Editorial Ass'n

Walter W. Whipkey, publisher of The Record, has been assigned a place on program of the Texas Press association convention, meeting in Houston, June 5th, 9th and 10th. His subject will be "Keeping my subscription list up to standard against depression and other odds." "Knowing your peculiar fitness to handle this question in an intelligent and interesting manner, we await with pleasure your place on the program," Sam P. Harbin of Richardson, secretary of the association, states in letter received by Whipkey Monday.

The Colorado man was assigned this subject by R. F. Higgs of Stephenville, vice president of the association.

PECAN TREE BUDS ONE MONTH AFTER BUDDING

A pecan tree at the J. C. Hooker home budded to an improved variety less than a month ago now has several pecans on it. Mr. Hooker had two trees budded during April by the county farm agent to the Burkett variety, a large pecan native found near Clyde, Texas. Last week he noticed that one of the buds had several pecans on it.

Hyman Happenings

By Mrs. Lyman
Mr. Green of San Angelo, brother-in-law of Mrs. Bob Jones, came out to Hyman last Tuesday and spent the night with the Jones family. He returned Wednesday taking with him Mrs. Jones and children, who visited there until Sunday when Mr. Jones went to San Angelo and brought them home.

Mr. and Mrs. Hood Parker and little son, Hood Jr., left Saturday night for Eola, to spend Mother's Day with Mrs. J. M. Carles. Mrs. Parker's mother and her family. They returned Sunday afternoon and reported a heavy rain at Eola and on past San Angelo but little from there on.

Miss Marjorie Roach entertained Sunday with dinner for Mr. Jim Durden and Misses Alice Durden and Marjorie Cochran.

Rev. A. D. Leach preached at Hyman Saturday night and Sunday afternoon. His regular service on Sunday was in the morning but on account of the rain no service was held; or was there any Sunday school it being most unusual not to have Sunday school here every Sunday.

Mr. and Mrs. Jim Boyd and family went to Colorado Monday morning on a business trip. Mr. H. K. VanZandt and his brother-in-law, Mr. Hammond and Messrs. Lee Atkins and Mr. Caraway all went into town on Monday.

Mr. J. D. McCullough and Mrs. Alice Durden attended a party at Spade last Thursday night.

Mr. and Mrs. Roy Cole and Roy Jr., went to town Saturday returning that afternoon and Mr. Edward Duke accompanied them.

Mrs. Hood Parker and Mrs. Hyman were visitors in Colorado last Tuesday afternoon.

Mr. and Mrs. Carl Patterson of Chalk and Mr. and Mrs. Fuglar and young son of Big Spring were visitors in the Hyman home Sunday.

Quite a crowd of the Hyman young people went over to Signal Peak last Sunday for a picnic and picnic and reported a most enjoyable time.

Messrs. Joe Wood and Lee Minor attended the Singing Convention in Colorado Sunday May 14th.

Mr. Finley of Midland, with the Continental Oil Co., was in Hyman Sunday to see Mr. Hyman.

Mr. and Mrs. Frank Andrews and Mrs. Emmie Minor and the Minor boys all attended the services in Colorado Sunday when the baccalaureate sermon for the Colorado High school was preached. Mrs. Lorene Andrews the daughter of Mr. and Mrs. Andrews is one of the graduates. Miss Dorothea Dawson, a former Hyman girl and the daughter of Mr. and Mrs. Jim Dawson is another graduate. Hyman congratulates these young women and wishes them all the good luck in the world.

The Hyman baseball club split their games last week. They beat the Shell Pipe Line crew 6-0, but lost to Spade by a larger score. Poor fielding and failure to hit in the pinches were largely responsible for their loss to Spade. The best game of the week was between Hyman's second team and Spade's second team. The score was 4-2 in favor of Hyman.

The Hyman club has several new recruits out this week and one who seems especially promising. Hood Parker, veteran right hand curve ball pitcher, formerly of the oil field teams of Electra.

The Hyman club plays the Shell Pipe Line here Tuesday and manager Bill Fowler is looking for improved fielding and hitting in the regular line up Tuesday.

Scattered rains have fallen in the Hyman settlement during the past few days but much more is needed. Pastures were failing, stock water getting scarce and the precious planting days getting fewer. Slightly over an inch of rain fell on Friday and Sunday together over about a section of land in the center of the settlement. At other points the fall was lighter being less than a half inch in some places. As this is written the skies are heavily overcast and there appears to be a splendid prospect for the kind of rain we need.

The oil well test, four miles west of Hyman, being drilled by Messrs. Patterson and Pfeifer was drilled into the pay sand Sunday. Look like a disappointment. Plenty of sand there, fourteen feet, but not much saturation. An effort will be made to shoot it into a producer and falling this another test on a different trend will be started.

THREE LEAGUE TEAMS IN SCRAMBLE FOR TOP RUNG AS B.M. DROP CONTESTS

Business Men, Col-Tex And Masons Tied; Fire Boys Go To The Cellar

About the biggest scramble Colorado ball fans have witnessed since the series opened a few weeks ago is on just now with three of the four clubs tied for first place. Just which one is to emerge victorious in the melee remains to be seen.

Dick Pearson and his business men dropped a couple of games during the week while the Mason and Col-Tex swatters were annexing a couple of victories each. The Fire Boys tied last week for second place in league standing, are now meditating in the cellar.

The Business Men, Fire Boys and Col-Tex, out of a total of seven games played, have won four and lost three. The fire department has played seven games, losing four and winning three.

Thursday the Business Men lost to Col-Tex, 9-10. Friday afternoon the Masons won over the fire department aggregation 7-4. The Masons took another consecutive victory Monday by drubbing the Business Men 4-2.

Col-Tex outplayed the Fire Boys in most every department Tuesday afternoon, taking the big end of a top heavy scoring melee, 11-4. Wednesday afternoon the Fire Boys and Col-Tex played game called a few weeks ago due to sandstorm. This was one of the best mound battles played since the series opened. The fire department took victory, 3-1.

Selected as Site of Observatory

This is Mount Locke, in the Davis Mountains of West Texas, which has been selected as the site of the McDonald Observatory, a new department of the University of Texas. It is on the land of the famous F. Up and Down Ranch, and was donated for observatory purposes by the heirs of the famous Locke family. The state highway department will build a road to its summit. Later observatory construction begins.

REFORESTATION ROSTER TO BE DRAFTED FRIDAY BY COUNTY COMMITTEE

Roster of the men who will be sent from Mitchell county for employment in Uncle Sam's reforestation projects will be drafted Friday at the chamber of commerce between the hours of 8 o'clock a. m. and 4 o'clock p. m. Selection will be made by drawing under direction of the county committee.

In statement mailed Tuesday to applicants for this employment the committee suggested that those having special claims as to why they should be given employment attend the drawing and either present written statement supporting such claim or have friend appear in person.

LOWE LOCALS

We received rain on Sunday, the occasion for bringing smiles to the faces of farmers of this community. They are now busy with getting their crops planted.

The Lowe school was closed Friday. The occasion was celebrated in a community program attended by most everybody here. Mr. and Mrs. Shelton have been employed to teach here another year.

Services at the church Sunday were very impressive. Rev. M. Naylor delivered a great message

on "Mother." Another inspiring address was made by Fred White. Mr. and Mrs. O. D. Welch and Mr. Har-din came into the church by letter. Grandmother Borvne continues to be seriously ill.

Mr. and Mrs. John Adams and two children spent Saturday and Sunday visiting in the home of their parents, Mr. and Mrs. E. Enyart.

Mr. and Mrs. Clarence Welch visited their parents one day this week.

Mr. and Mrs. L. L. Welch, Mrs. Hallmark and Mrs. Clyde Adams visited Grandmother Browne Saturday.

Mrs. E. Enyart and Mrs. Harris sat up with her Sunday night. Mrs. J. B. Hartfield sat up Monday night.

Mrs. Ira Harding is at her mother's this week with her baby. The child is quite sick.

Mrs. Ross Hargrove is staying with Mrs. L. L. Welch this week to assist in taking care of Grandmother.

Mrs. J. B. Hartfield is on the sick list this week.

Mr. and Mrs. O. D. Welch and Mr. and Mrs. John Adams and family were dinner guests of Mr. and Mrs. Enyart Sunday.

MOVIES

To start a good week off right, the Palace Theatre will show "Under Cover Man." Thursday and Friday as a forerunner. George Raft takes the leading role, and it is no wonder that he does real well with Nancy Carroll in the leading feminine role. He plays a game that he can't quit. Once in, he must stay. Together the two of them choose a dangerous game, with all odds against them. How can they win? Do they win? See for yourself in this hit of extraordinary screen entertainment at the Palace Thursday and Friday.

Action in the land of the Great Northwest Mounted Police is the theme of "McKenna of the Mounted" featuring Buck Jones and Greta Grandstedt. Greta Grandstedt has more than the average of importance in her role. Buck Jones, our old favorite, has not failed us in this picture. Plenty of action, plenty of thrills, fights, spills, and romance, comprise this picture.

The Palace Theatre is more than glad to announce the coming of "42nd Street" to its screen on Sunday and Monday. We will not attempt to tell you what the story is like or what we think of the picture, we only take this opportunity to re-peat for you some of the praise the show-world's greatest critics have heaped upon it. "Strictly speaking, the long heralded '42nd Street' is not a musical comedy, but a musical revue transplanted to the screen, or a general extravaganza in the full sense of that very far-reaching term. The picture is rather a dramatic, highly entertaining story of backstage, but a story of backstage as it has never been done before. Nothing has been spared to impart to this comedy-drama, and elaborateness far surpassing expectation, and most precedent. The story penetrates the drama which is behind the show. The heart-break, the slavery of rehearsing day and night, the strain, and often enough the humor, the comedy of the moment. The show is put on in splendid style, the chorus more than attractive, the routines good, the camera's angled shots unusual, and the musical numbers exceptional; being highly entertaining and possessed of melody." Space is too

scarce to repeat more of the praise we did for this picture. We wish to say, however, that praise is all we find for this picture. Absolutely no fault-finding. Be sure to see this the GREATEST picture of the year.

The long famous "Madame Butterfly" comes to the screen as the first of the great pictures produced by B. P. Schulberg for Paramount. Originally a story by John Luther Long and later a play by the late David Belasco, the dramatic story of a Japanese girl who loves an American officer not wisely, but too well, has been transferred to the screen with painstaking effort and attention to details. Sylvia Sydney has the role of Madame Butterfly, Cary Grant in the role of the American officer and Charlie Ruggles as the comedy element. Supporting these three are many well known actors, including Irving Pichel, Edmund Breese, and Louise Carter. This picture is not a Chinese picture, it merely contains a touch of the Japanese in the role played by Miss Sydney. The picture is highly dramatic, entertaining, and it carries its share of the comedy in the role played by Charlie Ruggles. It comes to the Palace on Tuesday and Wednesday. Regular Bargain Nights:

"Cynaro" is class entertainment that the masses should appreciate. It is the kind of entertainment that any theatre is glad to offer its patrons. It effectively combines great acting, expert direction, and unusual mounting to tell a story that is far from new in distinctly new fashion. It centers around fine romance and drama. It is both a man's and a woman's picture. However it should appeal more to the women patrons. The leading roles are held by Ronald Colman and Kay Francis. It tops off an exceptionally good week of screen entertainment at the Palace Theatre, Thursday and Friday, May 25 and 26. Watch this space for more about it next week. We want everyone to see it.

Modernize YOUR KITCHEN WITH THE NEW HAMILTON BEACH FOOD MIXER

NEW LOW PRICE \$19.25 \$2.25 DOWN \$2.00 A MONTH

Old-fashioned kitchens with tiresome, slow hand-operated mixers and beaters are out of the picture where modern homemakers are concerned. The new Hamilton Beach Electric Mixer has speeded up meal-preparation until whatever you do—mix, beat, grind, stir, whip or slice—only requires a fraction of the time and effort it formerly did. Add the power unit that is now available and potato peeling, shredding or chopping can be done just as easily.

Ask to see the new model Hamilton Beach—you'll take one home with you.

Mixes Cake Batter

Most people like cakes, but they are lots of work—unless you use the Hamilton Beach. That way mixing the batter is very simple and easy.

Juices Fruits

The sanitary juice extractor has a removable strainer for seeds and a spout to guide the juice to its receiver without spilling.

Portable Can be used anywhere

One of the mixer's big points—it is easily portable. You can carry the mixing part around and use it anywhere there is a convenience outlet. You'll find it mighty handy.

SCHOOL NEWS

Seniors Entertain

The Senior class of 1933 sponsored by Miss Cora Ott, entertained the junior class Monday evening, May 5, with a picnic and theater party.

The group left the school bus Monday evening at 6:30 o'clock and went to Riddick Park where the party amused themselves until lunch was served.

The lunch consisted of sandwiches, potato chips, pickles, cookies and soda pop. The class colors of red and white were carried out in the favor.

After everyone had finished lunch they were taken to the Palace Theater where they saw "Hello Everybody."

Those accompanying the group were: Mr. and Mrs. F. H. Patterson, Mr. and Mrs. Lauderdale, Miss Cook, Miss Juanita Hart and Mrs. Currie. Everyone reported a very good time.

Spanish Dinner

On May 13, 1933, Miss Cook entertained her Spanish class with a Spanish dinner at Joe's Cafe in Colorado Mexican town.

Enchiladas, Spanish chicken, fri-

joles, whipped cream and peaches and lead tea were served.

After the dinner the group went to a Mexican dance north of Colorado.

Those who enjoyed the entertainment were: Mr. and Mrs. F. H. Patterson, Miss Cook, the Spanish class consisting of Ozelle Berry, Rebecca Skelton, Jim Ann Taylor, James Berry and Weldon Moore.

Jokes

Woodrow: Where did you get those cigars?

John: A friend of mine sent them direct from Cuba.

Woodrow: He certainly knows the ropes down there.

Herb: Does a fish diet strengthen the brain?

Garth: Perhaps not; but going fishing seems to invigorate the brain.

Cowboy (to stranger): Are you Sam Smith?

Strafer: No.

Cowboy: Well I am and that's his horse you are getting on.

"Guess Who"

Answer to last week's "Guess Who" was Wayne Gilliam.

As there will only be one more week of school and everyone is busy getting ready for their final examinations, there will be no "Guess Who" printed.

4-H Club

The 4-H club met Thursday evening, May 11th at 8:15. The meeting was called to order by the president and the secretary called the roll and read the minutes.

After the business was taken care of, the meeting was turned over to Miss Gunter.

Miss Gunter gave us an interesting talk on being well groomed and also on the different colors for different people. She told us the dif-

ferent kinds of colors for Summer and Winter.

The club voted to postpone the next meeting because it would come on final examination week. The next meeting will be the second Thursday in June. The girls will meet at Wilma Jean Berry's home.

METHODIST CHURCH NOTES

There were 40 at Sunday school last Sunday. Quite a good attendance considering the rain.

Brother Lee took for a Scripture lesson--the 14th chapter of Romans and brought us a good message paying tribute to Mother.

The Missionary society met at the church Monday at 8:30 p. m. They opened with song and prayer by Mother Rowland after which we had our fifth lesson of our Bible study of the book of Exodus led by Mrs. Gressett which was very interesting and helpful. Wish more would attend.

THRONGS OF SHOPPERS IN LINE AS THE MODEL SHOP AUCTION SALE IS OPENED

Unique Merchandising Event Is Launched At Colorado Thursday Afternoon

No, it was not a three-ring circus nor even a dog fight that attracted such a big crowd of Mitchell county folk about the corner of East Second and Walnut streets Thursday afternoon. The attraction was auction sale scheduled to open at The Model Shop at 2:30 o'clock. Evidently eager to get first chance at the prizes advertised or choice selections from the stocks, people began to assemble in front of the store several minutes before time for the sale to open.

John Summers, manager of the store, stated just before opening doors to let the shoppers inside that every item in the building would be offered for sale at auction. H. J. Walker and C. S. Krane have been employed by the management to direct the unique merchandise selling event. Each are experienced auctioneers.

Three sales are to be held daily. The first auction will open at 10:30 in the morning, the second at 2:30 in the afternoon and the third at 7:30. "This fine stock consists only of standard and nationally known ladies' and gent's apparel and will be sold positively to the highest bidder with no limit or reserve," Summers stated.

Prizes were to be given to first 25 ladies entering the store Thursday after opening of the sale. Additional prizes are to be awarded following each successive sale.

"Utility" will be expressed more in exhibits at the 1933 State Fair of Texas than ever before, it has been announced here by Otto Herold, president of the exposition. The superintendents of every department connected with the State exposition are at work to make their particular shows of especial usefulness to the people of the State.

The first railroad line ever constructed in Texas was built in 1854. It was twenty miles long and ran from Harrisburg to Stafford, Texas.

CITY TO BE MECCA SATURDAY FOR RURAL STUDENTS

TOTAL FIFTY TWO PUPILS BE GRADUATED FROM 7TH GRADE IN PROGRAM HERE

Commencement Exercises Set For 10 O'Clock At High School Auditorium

Fifty two rural seventh grade students, representing seventeen of these schools in Mitchell county are to receive diplomas of graduation during annual commencement program to be given at high school auditorium in Colorado Saturday morning. The program, to be under direction of Miss Ruby McGill, county superintendent, is set to open at 10 o'clock.

"One of the most outstanding years our rural seventh grade students have ever had," was comment of J. V. Glover, principal of the Buford school and president of the Mitchell County Teachers association Monday afternoon. Mr. Glover outlined that a high ratio of seventh grade students in the rural schools had passed the required examinations.

"There were a total of sixty three boys and girls to qualify for the final seventh grade examinations at Colorado recently and fifty two of the number passed," Glover went on to say. The examinations this year were somewhat different from those of former years, making the task harder for the student to master.

After the assembly is called to order invocation is to be offered by Rev. Dick O'Brien of First Baptist church. Miss Virginia James, member of the Lone Star faculty, will sing. Miss McGill will award the diplomas and special awards are to be made by Glover.

Vocal numbers will also be rendered by a male quartet arranged by C. O. McCright, president of the Mitchell County Singing association. "America" and "The Eyes of Texas" are numbers to be sung by the entire assembly.

Billie Jean Barron of Lone Star school is announced as the class salutatorian; Hiram Duffer of Payne making the highest grades among the 52 students, is the class valedictorian. Second among girl students went to Wilda Rogers of Iatan and second for boys to Glenn McWhirter of North Champion.

Following is roster of the graduates, together with the school attended by them during the year:

Hiram Duffer, Billy Henderson, Estelle Dunlap, and Lorene Grissom of Payne; Glenn McWhirter and Irene Jackson of North Cham-

COLORADO LAUNDRY
Call 255

Let the LAUNDRY do it

And There Was One Of Them Who Calmly Admitted He Believed Every Word Said

Dr. C. L. Root, in his address of welcome delivered Friday morning shortly after members of Mosiah Temple Shrine Corps had arrived in town, spoke in typical vernacular, so the physician explained. One of the visiting Nobles said he believed every statement advanced by Dr. Root.

Mounting a truck in Walnut street opposite the Colorado Hotel, the speaker said:

"Fellow Comrades: In behalf of the Mystic Shrine members of this little city I wish to extend you a big, hearty welcome into our midst, and to express our appreciation for your having scheduled a stop with us. Be assured that while you remain in Colorado we claim you as honored guests.

"We regret very much that your stay with us is very brief. We would enjoy your stopping over several days. We crave the opportunity of taking you out just west of town in that you might see the phenomenal play of 500 spurting, gushing oil wells. We would like to escort you just north of our city limits and carry you down into the richest,

iron, copper and silver mines in the United States. We would take great pleasure in slipping you into some of our sight-seeing limousines and driving you out just a few miles south of our little city and show you the large, irrigated plantation called the "Kingdom of Spade," where all manner of tropical fruits and vegetables grow wild. There the lemon, the orange, the coconut, the banana and the tangerines grow in profusion.

"Last but not among the least interesting, we would take delight in taking you for a steam boat joy ride up the clear, crystal waters of the Colorado River, on either side of which you would catch a vision of nature so beautifully robed in her verdancy as to remind you of a moonlight yacht ride on the Hudson.

"Again, we welcome you to our land of peace and plenty—where depression has never shown his face; where the 18th Amendment was never heard of; where the chilly breezes of Autumn, the bitter frosts of Winter, the sandstorms of Spring and the drought of Summer are all unknown."

COLORADO PAIR ARRESTED ON CHARGE OF CAR THEFT FROM SWEETWATER MAN

Letcher and Brookshire In Nolan County Jail; Bonds Set at \$1,000 Each

SWEETWATER. — Charges of automobile theft have been filed here against Harold Letcher and J. M. Brookshire, both of Colorado, who are held in the Nolan county jail pending the making of \$1,000 bonds set Thursday by Justice Brashear.

The two were arrested in Colorado by officers of that town and are charged here in connection with the theft of the Lowell Taylor car a week ago.

Officers said the wheels of the car were recovered with the arrest of the two men.

The car was found stripped of wheels, parts and equipment a short distance from Snyder the day after it was stolen. It was one of four cars stolen here within a month, to later be found stripped.

Officers said Brookshire had served 17 months in the penitentiary after being convicted of auto theft at Georgetown in 1929, and a nine-month federal sentence for conviction in Illinois of violation of the Dyer act.

BUILD CHARACTER AS THE MASTER EXEMPLIFIED, DR. KLINGMAN TELLS SENIORS

Impressive Program Given At High School Auditorium Sunday Evening

The only pathway leading across the rugged way of life at the end of which one may have assurance of finding success is that road along which the Master walked and would have every individual to follow, Dr. C. C. Klingman, pastor of First Christian church, portrayed in sermon delivered to members of the senior class Sunday evening. "The Crown of Life," was announced by the minister as his sermon text.

"This annual Spring time educational festival when all the denominational fences are broken down and we come together in this impressive service is one of the most pleasing occasions of the entire year," the minister stated. "The entire community, centering about its church life, comes here tonight to offer sincere congratulations to you seniors and extend the hope that you shall go out from your class room associations to assume the task of building strong character during the years of your life that are to lot you."

Dr. Klingman read the Biblical admonition, a quotation from Christ, "Be Thou Faithful Unto Death and I will Give You a Crown of Life," as his text. The Scripture lesson, a few verses from the First Psalm and quotations from the Sermon on the Mount, was read by the Rev. Dick O'Brien, pastor of First Baptist church. Minister J. D. Harvey of the Church of Christ offered the invocation and the Rev. L. A. Webb of First Methodist church pronounced the benediction.

That character builded on foundations other than those specified by the Christ would never stand the vicissitudes of life was strongly asserted by the speaker. He gave an interesting mental picture of ancient Greece, Persia, Rome and other great nations which for a time soared high in the realm of power and prestige, only to fall into oblivion as the reward of their own folly.

"They were superstitious and maintained no regard for morals and the proper ethics of life," he stated. "Their gods were wicked and cruel like unto themselves. They built no character that would stand because they placed nothing in the way of foundation material underneath. Like the house builded on the sand they were carried away when the storms prevailed."

The impressive program was opened by the high school orchestra playing professionally. As the music began John E. Watson, school superintendent; C. A. Wilkins, high school principal, members of the clergy and of the Colorado Music Club, marched to places on the stage. The seventy three young men and young women of the senior class filed down each of the auditorium aisles to reserved section immediately in front of the stage. The stage was profusely decorated with the class colors of white and yellow.

With Miss Virginia Peden directing, the honor class and members of the congregation sang "Holy, Holy, Holy." Two highly appreciative selections were rendered by members of the Music Club, one a duet by Mrs. Wilkins and Miss Peden and the other by the entire group. As the Rev. Mr. Webb concluded the benediction, visitors resumed their seats while the seniors, marching to strains of the recessional, filed from the building.

The auditorium was filled to capacity, with practically every available seat taken before the program began. Faculty members and the cooperating ministers are agreed the service was among the most impressive ever held in history of the school.

MACKAY RETURNS WITH MOTORS FROM DETROIT

L. G. Mackey, Frank Mackey and Ray Richardson returned Saturday night from Detroit with a string of fifteen used motor cars for the Colorado Motor Company. The machines were brought here for sale. This was the second time within recent weeks that the company has brought cars from the Michigan city. Twenty four were obtained on the first trip.

'Hoss' Swapping And Varied Other Old Time Features Of Trading Are Included

Monday was another "Third Monday" in Colorado and this occasion, like those of the recent past, attracted scores of farmers and other rural citizens to town. "Hoss" swapping and varied other old time features of the trades day were in vogue again during the day.

The Third Monday trades day was inaugurated three months ago by the Trades Extension department of the chamber of commerce. The first days program was staged largely as an experiment—the sponsors not definitely sure whether or not the venture would prove successful. But it was. Rural citizens from practically every community of the county came into town bringing some animal, plow tool, poultry, grain and a long list of farm commodities for sale or exchange. It is assured now that the monthly event is here to stay.

Colorado merchants report trading registering upward trend during the day. Many of the trades day visitors came to town on a dual mission—to attend the swapping arena show and purchase supplies.

An entertainment program filled with amusement and the more serious aspect of problems confronting newspaper men of West Texas has been arranged. John Hendrix, manager of the Sweetwater Board of Development, has promised to entertain the visiting editors in royal fashion.

Among the attractions will be a chuck wagon feed at Lake Sweetwater Saturday afternoon and a dance at the Country Club that evening.

Monday was another "Third Monday" in Colorado and this occasion, like those of the recent past, attracted scores of farmers and other rural citizens to town. "Hoss" swapping and varied other old time features of the trades day were in vogue again during the day.

August 18-19 Date For Annual Meeting West Texas Editors

The West Texas Press association will hold annual convention in Sweetwater on Friday and Saturday, August 18-19, Ralph Sheffield of Odessa, president, announced at Big Spring Friday afternoon following conference with members of his executive board.

An entertainment program filled with amusement and the more serious aspect of problems confronting newspaper men of West Texas has been arranged. John Hendrix, manager of the Sweetwater Board of Development, has promised to entertain the visiting editors in royal fashion.

Among the attractions will be a chuck wagon feed at Lake Sweetwater Saturday afternoon and a dance at the Country Club that evening.

BUSINESS CONDITIONS ON SOUNDER FOOTING, CLAIM OF PENNEY CO. MANAGER

Colorado Store Advancing In Trade Volume Every Succeeding Month

The J. C. Penney Company, knows that business conditions are already here and that the entire country has passed low ebb of the depression, R. Bibby, manager of the Colorado store, stated Wednesday afternoon. Last month was the first time since October, 1929, that the corporation through its entire connection had experienced material improvement in trade demands.

"When asked as to why the J. C. Penney Company never advertised a special sale, Bibby replied, "We do not have to. We mark our merchandise as low as it can be sold to begin with and never allow itself worn or obsolete stocks to accumulate."

Bibby has been manager of the local Penney store several years and business has gradually climbed to higher figures through each succeeding month. April of this year was the best month Penney has ever experienced in Colorado.

"That the Penney Corporation is viewing the future with a deal of enthusiasm was supported by Bibby. "Things are rounding out into better economic rating in all parts of the country and certainly Colorado and this trade territory is not lagging in that respect," he said.

Mr. and Mrs. Jack Cox left last week for Dallas where she entered clinic for examination. During her absence Charlie Wright is temporarily in charge of the market department at Pritchett's grocery.

Fourth Person May Die of Crash Hurts At Angelo Sunday

Three persons were dead and three injured, one possibly fatally, Monday as the result of a collision between a Santa Fe motor train from Alpine and an automobile at a street crossing in San Angelo.

The dead: Theodore O. Pierce, 30, engineer for the West Texas Utilities Company and driver of the coupe.

Mrs. Clarice Pierce, 25, wife of Theodore Pierce. Miss Gladys Clark, 28, sister of Mrs. Pierce.

The injured: Miss Nellie Clark, sister of Mrs. Pierce, skull fractured and condition critical.

Miss Gussie Ruth Hayden, 23, and the year-old infant daughter of Mr. and Mrs. Pierce, apparently were not seriously hurt.

The accident happened late Sunday within one block of the depot and the automobile was dragged 114 feet before the train was stopped. Pierce was dead when taken from the wreckage. Mrs. Pierce died three hours later and Miss Gladys Clark died early Monday.

Rain had been falling and the

windows of the coupe were raised, the empty frames indicated. There were no cars on sidings paralleling the main line west of the crossing.

Two new buildings are being planned for the State Fair of Texas, a boys and girls encampment building and an agriculture building. The State Fair helps to entertain more than 3,000 4-H Club Boys and Girls and Future Farmers each year, and the encampment building is now badly needed. Both buildings will be financed from funds raised in the sale of sustaining membership certificates.

Capon Time Has Arrived, And The New Poultry Industry Is Well Worth While

A comparatively new poultry industry for Texas, at least new as far as large-scale production is concerned, is being developed successfully in parts of the State under guidance of county farm agents. This is the production of capons. Capon raising proved profitable in a number of instances last year. San Angelo and Tom Green County poultrymen recently sold 800 capons, weighing an average of eight pounds each at 12c a pound, when the market price of other poultry was 10c to 10c a pound.

Capons make choice meat, and what is more important to the producer, they bring a better price than cockerels. Capons also grow faster and usually weigh slightly more than cockerels, although the difference in growth and weight is not as great as some think. The greatest advantage is the difference in price, and as the procedure necessary to convert a cockerel into a capon is not difficult, with some practice, most poultrymen will find them profitable.

The best time to caponize cockerels is early summers. Cockerels weighing one and a half to two pounds, and 2 to 3 months old, should be used. Breeds best suited for caponizing are Plymouth, Rocks, Jersey Giants, Rhode Island Reds, Light Brahmas, Wyandottes, Langshans and various crosses of these breeds. Brahmas, Jersey Giants and Langshans make the largest capons, but they take longer to develop than other breeds commonly used. Directions for caponizing can be obtained from most county farm agents, State or Federal Department of Agriculture. Farmers' Bulletin No. 849 of the United States Department of Agriculture gives complete instructions for caponizing.

Capons are fed the usual poultry rations until they are 8 or 10 months old, when they are marketed. Light, portable shelters, such as used for growing pullets, make good quarters for capons. As they are of a quiet disposition, they require only two or three square feet of floor space each, even when nearly full grown.

Since capons are fed nine months or longer before marketing, it is essential that they have a good range on which to develop. Such a range is available on most farms, and if the birds are allowed to roam, they will pick up part of their feed.

Those interested in caponizing young poultry may obtain detailed information upon application to either the county farm agent or director of vocational agriculture at high school. The latter and two of his students recently gave a caponizing demonstration at the Lions Club.

Dunn Doings

The many friends of the Dunn school will be glad to hear that the school campus is now practically level and is fenced in by a beautiful rock wall. There is also a rock wall on each side of the gravel walk, from the front steps to the edge of the grounds, thus insuring the safety of the students as they pass in and out of the building.

This much needed work was financed by the R.F.C. fund and provided work for about 40 of the Dunn citizens. The work was directed by the following committee: J. C. Beakley, W. C. Hooks, W. A. Johnston and G. N. Richardson.

The school ground improvements are only a part of the project of the R.F.C. work as the cemetery has also been worked and a new and better fence put around it.

The sixth and seventh grades were entertained by Margaret Lynn Coker Friday night. The time was spent with contests and games. Refreshments consisting of ice cream and cake were served to 23 guests. All report an enjoyable time.

The Grammar School commencement program will be Friday morning, May 26. Frances Bowers is the

First Criminal Verdict of Conviction Entered By Sterling County Court Jury

Sterling county last week established a precedent in district court history when a jury of twelve men found that a man charged with murder should be found guilty and given a penitentiary sentence. Along with convicting a defendant in criminal court for the first time since organization, the small town of Sterling City attained the distinction of hearing one of the most gruesome murder cases ever written into the court records of West Texas.

The defendant was Roger Thompson, charged by grand jury indictment with killing H. M. Polan, whose body was found in waters of the Pecos river several months ago. Mystery surrounding the killing baffled West Texas peace officials for months. Brief history of the case, as unfolded during trial of Thompson last week, and published in the Sterling City News, follows:

In the latter part of March, 1930, some fishermen found the dead body of a man in the Pecos river near Imperial, Pecos County, at a point about 120 miles southwest of Sterling City. Officers went to work on the case and succeeded in identifying the body as that of H. M. Polan, gambler, Plentywood, Montana.

It was known that Polan had a lot of money, and was seen in company with one Ruby Taggard at San Angelo during the Cattlemen's Convention which closed about March 22, 1930. Polan and the woman were seen to leave San Angelo on the morning of March 22, 1930. This was the last time he was seen alive by any San Angelo person. Doris Findt and W. B. Allen say Polan and the woman when they had lunch at the Findt Cafe, and at Allen's Confectionery after the noon hour near one o'clock.

Fred Moutray, Thompson's accomplice, told a straight-forward tale of the horrible murder when he testified as a witness for the state on Monday. His written confession read in connection with his testimony, was almost like fiction in its hideous details.

Moutray related that he had gotten acquainted with Thompson and Ruby at McCamey for two three years when Thompson came to see him and they both went from there to San Angelo where they met Ruby Taggard. Ruby told them that she knew a Jew who had a roll of money. They planned to rob him. Ruby was to decoy the Jew on the road toward Lubbock. Thompson was to follow them in Moutray's car and rob the Jew, while Moutray was to wait in San Angelo until Ruby and Thompson came back. Thompson and Ruby returned to San Angelo about 3 o'clock in the afternoon. He driving the Jew's car and sh. Moutray's car. Thompson parked the Jew's car with the dead body in its rear compartment several blocks west of the court house.

Moutray said that Thompson told him that he had made a bad job of it. That Polan made a move as if to get a six-shooter, and he shot him twice, once through the body and once through the head. That he

stuffed the dead body in the rear of the coupe, and that it was still in the car on the street.

He said they decided to take the body to the Pecos river and dispose of it by throwing it in the water. That they drove through Big Lake, Rankin and on to McCamey where they got some whiskey, and proceeded to the Pecos where they cut the clothing from the body and burned them. Then they pitched Polan's body into the river and went back to McCamey where they went to bed and slept late in the day.

After staying at McCamey a day or two, they left in Poland's car for San Antonio, Del Rio, Wichita Falls, and on to Oklahoma, Kansas and separated soon after reaching Chicago.

HOW SHE LOST 29 POUNDS IN 3 MONTHS

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and dieted some and lost 29 pounds in 3 months. I feel so much better and intend to keep on taking the Salts as I was almost 50 pounds overweight." Mrs. Thelma Gravely, Roseville, Calif. (Jan. 11, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

Wells Will Picture Interesting Canyon Wonders Wednesday

Down in South Central Utah, not many miles north of Arizona's picturesque painted desert country, the summer tourist will find two canyons, Zion and Bryce, which have been so strangely carved by nature that it seems almost possible that some gigantic prehistoric human sculptor was responsible for them.

In fact, many of the stone or earthen figures do look like men at a distance, says Carveth Wells, famed explorer; who will devote his regular Wednesday night Continental Oil Company radio program on May 24 to a description of these two Utah wonderlands.

As a result of the adoption of daylight saving time in eastern broadcasting centers, the Conoco program is now being heard one hour earlier than usual in all but one of the 20 N.E.C. cities from which the program is put on the air. The exception is Chicago, which is continuing at the usual time.

The Conoco program may be heard by local listeners who tune in on station WFAA, Wednesday night at 8:30 o'clock.

operation shall prevail during next term and make it the most successful year in the history of Rogers school.

A program will be given Thursday night and ball games with Fairview for Friday. The parents are invited to be present for the last day and all have a good time.

The Rogers girls baseball team defeated Horn's Chapel again Monday afternoon by a decisive score. The Rogers boys played Horn's Chapel Monday and the score was 2 and 2 when an injury to one of the Horn's Chapel boys stopped the game during the 5th inning. The accident was very unfortunate and it is very much regretted.

Singing and Sunday school were not very well attended due to the rain. A large crowd attended church Saturday night. Rev. Dick O'Brien will preach Sunday afternoon and everybody is invited to attend.

Rev. J. D. Harvey will conduct a revival at Rogers beginning Monday night, May 22. Tell your friends about it and you be present—it will help you.

SWAT THE ROOSTER

No small part of the lessened demand for eggs in summer arises from the fact that housewives learn anew each season to be suspicious of warm-weather eggs. It dulls a woman's taste for eggs when she opens a spoiled one into a skillet or cake batter or onto a saucer.

There is but one way that a farmer can guarantee that the eggs his hens produce will be fresh and palatable when they reach market, and that is to produce only infertile eggs in summer and to make frequent deliveries. For eggs to be infertile, the roosters must be removed from the flock.

To spare the buyers of eggs such unpleasant sights, and to insure a ready sale for our eggs in summer, we must "swat" the roosters at the beginning of summer. Ordinarily this means we will kill him. But if he is too valuable for this, we may pen him up alone during the summer, or we may pen him with a half dozen hens and raise fryers to eat or sell.

WHY NOT COLORADO?

This immediate section of Texas should furnish the timber out of which a congressman for the newly created 19th district is to be fashioned. Not that Lubbock and other counties of the district may not advance candidacies of capable and worthy aspirants, but for the more acceptable reason that it has been many years since a congressman went to Washington from these parts.

Colorado has two men who might be available for the honor and either of them is qualified to fill with distinction the high official post. Judge C. C. Thompson or George H. Mahon, either would do honor to West Texas and the republic if sent to Washington as our representative. It is definite that Judge Thompson and the district attorney will not both enter the race. It is most probable that one of them might be influenced to do so. Why not a Colorado man as the Congressman from this district?

All of the sulphur mined in the United States comes from Texas. This Texas product happens to be a total of 85 per cent of the world's output of sulphur.

MOTHER'S DAY

G. A. L. in the Georgetown Sun writing on Mother's Day says:

Marching under the banner of the red and white, myriads of feet will break the serene silence of a holy Sabbath morn, as the mightiest army the world has ever known surges forth to do homage to a power that easily transcends kingdoms, principalities and nations, a power that is the very root and fibre of everything noble known to man.

To the above beautiful words and paternal sentiment we add: For those of the red flower so emblematic of life itself, there waits up a deep feeling of pride and thanksgiving for the opportunity of basking in the sunlight of the one absolutely unselfish illustration and guarantee that there is a God who loves to the utmost, for how could He create a Mother-heart and instill into it so much mother-love, were it not thus?

For those of the white flower, emblematic of the purity of motherhood, there surges the sweeping streams of memories, memories gloriously aflame as thought runs riot—thought of home, fireside, her favorite hymn, her soothing hand, the goodnight kiss, the last farewell at the flowered mound, just memories now, but the music of millions harp of gold in the hands of angels cannot compare with the enchantment of these memories.

"Mother come back from your echoes shore Take me again to your head—of yore Over my slumbers your loving watch keep Rock me to sleep mother, rock me to sleep."

The greatest word known to mankind is God; the deepest word is soul; the longest, eternity; the swiftest, time; the nearest, now; the meanest, hypocrisy; the darkest, sin; the strongest, right; the broadest, truth; the sweetest, home; the tenderest, love; and the dearest is mother. No human name is so enshrined in humanity's affections as the name of mother. For many, everything that is dear and lovely, beautiful and holy clusters around it.

When mother is thought of, home is remembered, when home is remembered, the Bible is thought of, when the Bible is thought of, divinity follows in thought in natural sequence. She is the glory of a country, the strongest defense of a nation, and the fixed standard of the land. No people ever rise above the motherhood of that people. Mankind's place and space in the world is fixed by his mother. Mans best and truest friend is his mother. She will wade the deepest slough of miry despair to bring back her child and never falters in uttering, "This is my child." The cruelest thorns of life are to her a cross of pure gold.

Sacrifice of life with all it holds for her, is her watchword. She gladly enters the valley of the shadows that a life may come into her care and under her influence. She sits at the head of the roundtable of infancy and childhood and directs the minds of the coming generations, realizing full well that the most sensitive thing in the world is the soul of a child. She writes well her biography on the living pages of child life, and yields from her modest throne a sceptre mightier than ever a king dared hope to attain. Her seemingly uncanny intuition which in reality is a simple childlike

trust in her Maker controls the swiftest thing known to mankind, that of a mothers prayer which when uttered blots out all sense of distance. Great indeed are her joys as she pours out her life for her children. In her days as a young mother, she finds extreme happiness in her ability to play with her children, leading them from one happy game to another, always guiding and developing their little minds along the path of purity and unselfishness, ever mindful of her duty in moulding these tender years into the kind of citizens she would have them to be. Many times she grows weary of body and becomes discouraged with her lot; but when she remembers her pledge to duty she smiles through her tired eyes and presses on, bearing up under the seemingly crushing load. But her unbreakable will drives her on. Her sun of life reaches its zenith and her children pass from childhood into adolescence, and with this change comes new responsibilities. Thoughts along unholly lines, must be dispelled from these fertile young minds, her admonitions are tested and found true beyond the traces of doubt, and her happiness exceeds that of her past experience.

Her life nears its close, her children are now men and women, strong of character, yet very tender, in their love for mother, reassuring her of their deep gratitude for her sacrificial love, and as she sees her sun sinking and heeds the call to the path that leads her through the pearly gates, a radiant smile breaks over her furrowed face and as she steps forth alone on her final journey, holding in her wrinkled hands the sheaves for her Master, she brings heaven very close to her own and waits their sure coming.

If living let mankind sit at the feet of motherhood in deep reverence and thanksgiving that she is still able to give advice and accept tokens of love no matter how insignificant if they are accompanied and prompted by love.

If dead, then why not select some mother and write a letter or send to her a token of remembrance on Mother's Day, making her heart happier and that of the donors holier. By paying this worthy tribute to mother, whether on earth or in heaven, the beautiful and beneficent spirit of Mother's Day, will be what it is really set aside for.

These are songs about mothers. And their loving ways, There are songs about sweet hearts so true, But the songs we hear about father these days, It seems indeed are but few.

SUBLIME TO RIDICULOUS

The depression has turned the hands of the dial of Time backward and called many relics from their hiding places to the stage of action. While in Mineral Wells last week we saw upon the streets an ancient buggy of the H.M.T. pattern (Hug Me Tight). The obsolete vehicle was still in running order, though it had enjoyed a Rip Van Winkle sleep in the barn where it was well protected from the elements. Possibly it was given care and shelter by a grateful fellow who was unwilling to turn his back upon an "high-hat" friend of his youth that had yielded so much money in his life cup in the halcyon days of yore.

And what a flood of hallowed memories are associated with the old H.M.T. buggies. Before their advent the gallant swains of the land were as unsophisticated regarding lovely woman's physique as the average Texas legislator is to economy. They knew that the lovely creatures had faces and hands, but there their knowledge ceased and surmise was enthroned. Woman was something to be looked at but never to be touched. The H.M.T. buggy gave modestly its first shove toward the dump and flung wide open the golden age of romance.

But what a scandal the H.M.T. was when it first came. Why the young man actually had to touch his fair lady as she sat side by side in the narrow confines of the seat. It was unavoidable, for the makers of the shameless vehicle made the seat so narrow that two persons had to be crowded into a space that was little larger than was required for one. And how tongues did wag, the brave young lad who accepted rides in the shameless vehicles took their reputations in their hands. At first both swain and dame moved cautiously, the former held the lines with his left hand and grasped the side of the buggy with the other in an effort to prevent close con-

Use This Laxative made from plants

Theodor's BLACK-DRAUGHT is made from plants that grow in the ground, like the green vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—Just as Nature put it in materials that sustain your body, into the vegetable foods you eat. In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily. Now you can get Black-Draught in the form of a PILL, for Children.

Each zone in the company's field set-up has been allotted a definite number of free awards, and the ranking members of the selling organization in that zone will win the Chicago trips. The company has a dual motive in offering the awards, Mr. Klingler said: First, to give the field men a worth-while incentive to reach their quotas by offering as prizes the world's premier attraction of the summer, and second, to give the winners an opportunity, while at Chicago, to see the assembly plant which Chevrolet will operate in the special General Motors building on the exposition grounds.

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

H. J. R. NO. 43 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section (a), of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows: (a) The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession, for sale or otherwise, of malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self-enacting.

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed Amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight." Those voters opposing said proposed Amendment shall write or have printed on their ballot the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto. W. W. HEATH, Secretary of State. (A CORRECT COPY)

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 30 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed Four and one-half (4 1/2%) per centum per annum; and payable semi-annually or otherwise not more than Ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be evenly distributed over the State and upon such terms and conditions as the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms of this authorization, it is required

that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any, incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within a favoring majority of the votes cast within such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any Charter may inconspicuously affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, of any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto. (3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed six (6) years, but shall not exceed two (2) years, in any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided. b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and/or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees. c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinafter authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter

hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State. Section 2. The foregoing Constitutional amendment shall be submitted to the qualified voters of the State on the Twenty-sixth day of August, A. D. 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds"; Those voters opposing said amendment shall write or have printed on their ballots the words, "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto. W. W. HEATH, Secretary of State. (A CORRECT COPY)

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 32 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Article VIII, Section 1-a: Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before the expiration of such period the board or governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall be come applicable to each county or political subdivision as and when it shall become within the provisions hereof."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes." Those voters opposing said proposed Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 3 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide: "Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It is further provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for any bonds issued under the terms of this authorization, it is required

that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter

ger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were possessed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinafter provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years. (b) In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control. (c) When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof of the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town. d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions of this State to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same. (7) No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions

hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the following words: "For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Section 3. The Governor of this State is hereby directed to issue the

ter so providing, and there shall be no liability by reason thereof. (4) Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by the Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon. (5) In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties. (6) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits. (7) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State. (8) Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified voters cast within the yielding defined governmental entity, and a majority of the qualified voters cast in the remainder of the county, favor the proposed mer-

necessary proclamation ordering an election in conformity with the provisions of the proposed Constitutional Amendment, and forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State. Solving the Mysteries of Chick Growth

Solving the Mysteries of Chick Growth RATIONS A, B AND C HAD SAME ANALYSIS... CHICKS HAD SAME PARENTAGE DIFFERENCE DUE TO AMOUNT OF EACH INGREDIENT USED

Source: Purina Mills Research Report 1452

Greater Knowledge Brings Improvement in Feeding Chemists can analyze any food product and tell you exactly how much protein, carbohydrate, fat, fibre, and minerals are contained in the various feeds for livestock and poultry. Thus for many years livestock and poultry feeds were judged according to their chemical analysis. Even today state inspections of feed are on that basis. Lately, however, more advanced research has proved that chemical analysis is not sufficient to be a true index of feed value. For years scientists have known that proteins from different sources, such as linseed meal, soy bean meal, meat scrap, fish meal, and dried buttermilk vary widely in their effectiveness on chick growth and development," states Dr. H. J. Smith, Director of the Research Work of Purina Mills. "In our Laboratory and on our Farms, we have devoted much of our research efforts for several years toward discovering the protein combinations which best supply the needs of baby chicks and growing poultry. To the best of my knowledge, not any one previously and very few have investigated in as comprehensive a manner as we have the problem of the exact proportions to be used for best results." Poultry raisers now have available a mash that is as far advanced in its way as modern transportation. Any poultry breeder can see by the accompanying chart how chicks from the same parents, hatched on the same day compare under the old and new method. The results shown in the chart are typical of a score of "repeats" of the original. Each test was conducted under the careful direction of qualified research men, who observed in every detail the rigid rules of scientific procedure. The practical application of this newer knowledge of feeds in chick raising comes in having broilers ready to sell at earlier ages, and produced at a lower cost per pound. Two pullets mature earlier under the new methods, having 19.84 eggs to their credit before pullets fed under ordinary methods start to lay. Research of this kind means much to a poultry flock owner because he can translate the results obtained into the kind of action that means profits to him.

Timely Chat With Rural Folk About the Pertinent Matters They Should Consider

Miss Emma Gunter, Mitchell county home demonstration agent, offers in this article, a timely chat with the farmer, his wife and daughter, as they come to consider plans for the Spring garden and other projects about the rural home.

Since the rains have fallen we now may plant some of the most needed vegetables for the table and for the pantry.

Tomatoes should head the list, due to fact Mitchell county will produce but little fruit this year. Tomatoes take the place of citrus fruits in winter diet. A surplus should be canned by every family.

Beans should be considered for their place as a leafy vegetable. Since it is late in the season other varieties than the common pinto should be designated. The golden wax or stringless green pod are better.

Okra is a hardy vegetable and may be grown easily. The white velvet variety is more desirable than the dwarf. Be sure to soak the planting seed in luke warm water several hours before planting.

Beets for canning should be of the scarlet globe variety. Before planting it is advisable to gently crush the seed pods by passing a rolling pin over them in order to loosen the many tiny seeds. This insures a more perfect stand.

Green pepper plants sufficient to meet the family need should be secured and replanted. This will be better than planting now and transplanting later.

Radishes are of rapid growth and if planted now will take the place of turnips, if sufficient moisture is available. They may be cooked with turnips when tender.

Tendergreens or New Zealand spinach should be planted by every farm gardener for the fresh greens they usually provide throughout the Summer months. Either will withstand the heat and dry atmosphere prevailing here during the garden season. A combination of the two greens may be canned. Due to fact both are leafy vegetables and aid in counteracting acid foods that are always eaten, they are all the more important as a health food.

The annual farmers short course at College Station is to be held this Summer on July 24-29. Each club will be expected to have representation at this most important meeting. How the trips may be made possible will be outlined at the June meeting of the Mitchell County council.

Mrs. Carl Lowery, bedroom demonstrator for the Hyman club, has

begun in real earnest to do big things. She has paper on hand for her walls, plans drawn for her clothes closet, dye for a tufted rug and is making good progress on her tufted bed spread. Her floors are to be newly finished in oil and new window shades and curtains added. She hopes to complete the entire project with an expenditure of less than \$10.00.

Tentative date for annual county girl's rally is July 6th, but this may be changed. This event is looked forward to with a deal of interest by every club member of the county. We are hoping the 1933 meeting will be the best of all. Detailed program and other information will be announced later.

MARY PRICE TAKES TOTAL OF FIFTEEN UNIT HONORS IN ANNUAL PIANO EVENTS

Colorado Girl Was Tied With Abilene Entry For First In Annual Tourney

Mary Price, second daughter of Mr. and Mrs. Q. B. Price of Colorado captured a total of fifteen blue ribbons, tying for first place with Mae Clements of Abilene for unit honors in the All-Southwestern Piano tournament, closing at Abilene Saturday night. The two girls also held first place as participants in the grade division.

Musical critics attending the tournament, opening Thursday morning of last week for three days, were profuse in their praise of the Colorado child. Mary was accepted as an artist of unusual attainment among the youthful pianists attending. The child won a creditable string of first prize ribbons at the tournament last year.

Other Colorado students to win creditable awards at the tournament included Alred Edgar Maddin who won nine blue ribbons, three white ribbons and a grade of 97.25. Phyllis Berman won three blue ribbons, three white ribbons and a grade of 96.5. These were entered in the sophomore class.

In the freshman class Harold Berman won two blue ribbons, two white ribbons and a grade of 96.5. These were pupils of Mrs. E. L. Latham and none of them made a grade lower than 96.5.

Two Colorado pupils were entered in the high school division and each were awarded creditable prizes. Lenn Bodine won second blue ribbons, class honors and second average honors with a score of 97.5. Frances Jones won 5 blue ribbons, 2 white ribbons and made an average of 97.14. They are pupils of Mrs. Cecile Meskimen.

Other pupils of Mrs. Meskimen winning at the tournament were Harriet Ann Pritchett, 2 blues, 1 white, grade 97; Evelyn Moore, 2 blues, 1 white, grade 97; Marie O'Brien, 2 blues, 1 white, grade 97; Alene Bodine, 2 blues, 1 white, grade 97; Doris Montgomery 3 blues, 1 white, 97.25; Willie Grace Doss, 3 blues, 1 white, 97.25; Betty Hodge, 3 blues, 1 white, 97.25; Frances Jones, 5 blues, 2 white, 97.14; Jane Clare Meskimen, 5 blues 2 whites, 97.14; Lenn Bodine Jr., 6 blues, 1 white, 97.5.

Five players tied for average tournament honors with grade of 98 per cent. They were Ruth Gallamore,

San Angelo, collegiate student; Thurman Morrison, Abilene high school; Mary Ruth Jobson, Sarah Ruth Baucum, Anson, and Jean Marie Keips, San Angelo, grade students.

Second average tournament honors were shared by four pupils—Sarah Bernice Honea, Anson, Wanda Mae Clements, Elizabeth Junell, Abilene, and Peggy Glenn Hagens, Anson. Their grades were 97.81 each.

Evelyn Grace Barton, Clyde, was declared second unit winner, with 13 blue ribbons, and Evelyn Edmunds, Anson, and Tommy Lou Yoakum, Sweetwater, were awarded 12 each in a tie for third place.

Blue ribbon honors in the collegiate division went to Celestia Brannen, Aspermont, first place, six ribbons; Ruth Gallamore, San Angelo, and Mildred Dutton, Knox City, second place, five ribbons each. Miss Gallamore won first average honors and Miss Brannen second.

Falling three ribbons behind Mary Price and Wanda Mae Clements, Tommy Lou Yoakum, Sweetwater, won second place in the grade school division with 12 trophies.

In high school contests Friday, Evelyn Grace Barton, Clyde, led the division with 13 blue ribbons, and Evelyn Edmunds, Anson, came second with 12 ribbons. Highest division average, 98, was made by Thurman Morrison, Sarah Honea, Anson, and Elizabeth Junell, Abilene, tied for second with 97.8.

Final awards were announced Saturday night by Cecile C. Meskimen of Colorado, contest chairman, and ribbons were presented by Irl Allison, director of the 11 tournament units held at points in the Southwest.

Freshmen: Ribbons: Celestia Brannen, Aspermont, first with six; Mildred Dutton, Knox City, second, with five; average honors, Melba Thurston, Barstow.

Sophomore: Ruth Gallamore, San Angelo, first in ribbons and average honors; Ruth Enoch, Floydada, second in ribbons and averages honors.

Junior: Shirley Atwood, Roswell, N. M., first in ribbons and average honors.

Senior: Lillian Gambill, Abilene, first, in ribbons and averages.

Other collegiate honors were won by the following pupils: Vernie Derrick, Merkel, 4 blues, 2 whites, 3 reds; Howard Albertson, Munday, 2 blues, 2 whites; James Rodden, Valera, 3 blues, 2 whites, 1 red; Charles Sheffield, Mingus, 3 blues, 3 whites

3 reds; Mary Catherine Cummings, Abilene, 3 whites, 2 reds; Gladys Wyle, Mineral Wells, 1 blue, 3 whites, 1 red.

Freshmen: First blue ribbons and average honors shared by Sarah Ruth Baucum, Anson, and Jean Marie Keips, San Angelo; second ribbon honors, Mary Ann Latham and Frances Rose Ratliff, Colorado; second average, Mary Ann Latham.

Sophomores: First ribbon winner, Mary Price, Colorado, 15 blues; second, Bobby Lee Clinton, Putnam, 10 blues. First average honors, Mary Lou Jobson, Anson; second, Mary Price Colorado.

Junior: First blue ribbon and average winner, Wanda Mae Clements, Abilene; second ribbon honors, Nancy Price, Colorado; second average, Minnie Fae McQuary, Abilene, and Virginia Sue Wyatt, Olden.

Senior: First blue ribbon, Tommy

Lou Yoakum, Sweetwater; second, Nell Smith, Abilene. First average honors, Mary Elizabeth Pidgeon, and Francis Merle Cooper, Colorado; second, shared by Mary Leone Hoge, Knox City, Hazel Grubbs, Colorado, Mary Hicks, Floydada, and Delores Carter, San Angelo.

LETTERS FROM THE PEOPLE

Colorado Record: I am only an ignorant individual and the only way I know to learn facts of several existing circumstances is to appeal to the intelligence of our good citizens. I hope someone will be kind enough to enlighten me on the following questions:

1st. Is it practicable for merchants and other citizens to spend money and energy to get tourist

and other traffic on Highway No. 80 through our city of Colorado to have them held up here and hijacked on technical points of law. Laws that are not being executed in the urban centers of the State, not even in villages.

2nd. Are our local officers the only ones in this district or section of Texas that will cooperate with the State coppers in these State affairs. Is it they are all trying to get Colorado off the map?

Where is the chamber of commerce. Have they gone fishing. Are they sleeping or haven't heard of what is going on.

I shall be very grateful to someone or anyone of our good citizens who will deliberate and give me some light as to the practice and justice of this existing circumstance.

Yours truly,
W. M. GODBE.

May 9, 1933

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years---1929 to 1932---we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward---through it.

Thanks for that belong to President Roosevelt. Inauguration Day he turned the Shlp of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method---new political and financial machinery---to pull us out the way we are going---forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only---the welfare of the American people. That is a big achievement for two months in office.

And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.

The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.

Soldier and Sailor Dead Remembered by Boy Scouts

This scene will be re-enacted in Arlington on Memorial Day

BOY SCOUTS of Washington and vicinity are planning their annual pilgrimage to Arlington National Cemetery to place an American flag on each of the thousands of graves so that none will be forgotten on Memorial Day. From the beautiful marble sarcophagus of the Unknown Soldier to the simple marble headstone which the Government provides for each man who saw military or naval service, none will be overlooked. Memorial Day, designated in 1868 in a general order of John A. Logan, commander-in-chief of the Grand Army of the Republic, was originally set aside for the decoration of graves of Union Soldiers of the Civil War, but it has been extended to include the dead of other wars. May 30 is observed as Memorial Day and is a legal holiday in all States except Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, and North Carolina and South Carolina. Several dates are observed as Confederate Memorial Day in the Southern States.
