FARMERS' COTTON OPTION MAY BE TAKEN ANY TIME, WASHINGTON NOTE STATES

Secretary Wallace Not To Dictate As Previously Believed Here

New instructions received Friday showed that farmers who take option on Government cotton under the acreage reduction plan may exercise their option at any time. Previous information indicated that the Secretary of Agriculture would have the authority to say when such option should be sold.

The option cotton will be taken by farmers who choose to accept part payment on their land at the time it is plowed under in the campaign to raise the market. The amount so taken will be based on the number of bales the plowed under land would have produced, under the five-year average production.

Specimen contracts for the farmers to sign in taking options on Government cotton were received by the committee here. The contract is non-transferable and expires May 1, 1934, unless exercised before then. The option must be exercised in full. The contract carries a form for giving notice to the agricultural adjustment administration designating the date on which the option is to be exercised.

If the farmer designates a date prior to Dec. 1, the Secretary of Agriculture may postpone compliance with the notice until a price of not less than 95c a pound can be obtained for cotton covered by all like options.

After the option is exercised, the Secretary will pay to the producer the difference between 6c a pound and the price at which the cotton is sold. Special provisions are made for farmers who buy spot cotton and those who buy future contracts, the margin available being generally similar in both. In neither case will the Secretary make any deduction for carrying charges, brokerage fees or other expenses.

WULFJEN HEADS MITCHELL DRY IN ORGANIZATION TO COMBAT LIQUOR CAMPAIGN

Sweetwater Minister Speaker At Meeting Held Sunday At Tabernacle

Electing U. D. Wulfjen, pioneer cattleman and banker, as their chief and formulating plans to carry fight "in the interest of humanity" into every home of the county, Mitchell county dries perfected organization here Sunday afternoon in county-wide mass meeting convened at Union Tabernacle. The Rev. P. E. Yarbrough, Sweetwater Methodist pastor, delivered the key note address.

The meeting was called to order by W. H. Garrett, local attorney, recently designated as temporary county chairman by Judge Otis Miller of Anson, dry organization leader for the 24th Texas senatorial district. After reading the Biblical account of Moses sending the twelve spies into the promised land, Garrett called on the Rev. W. M. Elliott, pastor of First Presbyterian church, for the invocation. In his prayer the minister described announced policy of the administration to balance the budget by beer as paganism.

There are three elements entering into attack on the 18th amendment and the Volstead law, enforcement clause of the Amendment, Rev. Yarbrough declared. He catalogued those elements as the extremely wealthy, interests engaged in the manufacture and traffic of liquor and those who consume alcoholic drink. Carter Glass and Andrew Mellon, secretaries of the treasurer charged with responsibility of enforcing the National liquor laws were vigorously assailed. Glass was described as a dripping wet who had attempted to ruin Bishop Cannon, dry leader credited with driving the open saloon out of Virginia, home of the Democratic leader, and Mellon was paraded as a man owning and operating breweries, distilleries and liquor warehouses, yet accepting responsibility as a high government official to enforce this country's liquor laws.

"The Ten Commandments, drafted as constitution for the Law of Moses 3,500 years ago, is being violated on every hand and just as openly as our State and National liquor laws, but we do not hear the

She had a doll dressed as a Mexican senorita, pictures of Mexican houses and other things that appealed to the group. At the close of her story Yvonne Ward sang a Mexican song.

Mrs. Garrett told about the Boy and Girls World Clubs. The mite boxes were opened and \$1.65 offering received.

Punch and cookies were served.

Refreshment was not present. The lesson was on Abram, his call and faith. The leader gave a brief review of the patriarchs. Mrs. Van King told the story of Abram as given in chapters 12, 13, 14, 15 of Genesis. The questions on the lesson were discussed and New Testament references read.

MOVIES

The Palace Theatre has an exceptionally good month of pictures booked for July. The week is started off in a big way by "Air Hostess" featuring Evelyn Knapp. The supporting cast is headed by James Murray and Thelma Todd. These are stars in their own rights. The remainder of the cast is of well known actors. The story is a drama of modern life, fast moving, with plenty of thrills and a goodly amount of the love element, set against a background of commercial aviation. The Palace Theatre is glad to offer this picture to all its patrons Thursday and Friday.

Next Bell comes to the Palace Theatre Saturday in his latest picture, "Diamond Trail," an action epic starting in the speeding taxis and speakies of the East and achieving a rousing climax in the wild and woolly West. Supporting Rex Bell is Francis Rich, Lloyd Whitlock, Bud Osborne, Billy West, and many others.

George Arliss comes to the Palace Sunday and Monday in "The King's Vacation." After thirty years on the same throne the king got sore and again became the man he once was. A new life, in a new world, with an old love. Maybe a king can do no wrong, but see what the ex-king is up to. See "The King's Vacation" and you will see what happens to second hand Kings, you will see the love-life of an unemployed king! A role as whole some and human as an emperor in his underclothes! Rollback comedy of jolles monarchs! Grand manner entertainment, fit for a King! Be-ally on the bargain counter! The

crowning achievement of Arliss' distinguished career. Arliss is supported by his wife, Patricia Ellis, Dick Powell and Marjorie Gatenson.

The famous old story "Eisen-jenny" at last finds its way to the screen, in a picture by the same name, featuring Ruth Chatterton, and billed to show at the Palace Theatre Tuesday and Wednesday. The story is heavy drama. A story with a strong plot. The San Francisco earthquake, of a quarter century ago, destroys her last home, her lover whom her father had forbidden her to marry, tossing her into a shaded career. Her child is brought up in ignorance of his identity. They both become quite famous, but their careers are quite the reverse. His record was perfect as an uprising righteous young prosecuting attorney. Her record was also perfect; only Tom Comandments and she had broken all of them. Miss Chatterton has outdone even herself in this picture, all of her previous successes fading into the background before the dramatic forcefulness of this her latest and greatest picture. Let those who have had the pleasure of seeing this picture, tell you their opinion of it. They liked it—so will you.

The Palace Theatre is more than glad to announce the opening of "The Sign of the Cross" to its patrons Thursday and Friday July 11 and 12. This picture features Freddie March and Claudette Colbert with Elissa Landi heading the supporting cast. Watch this column in next week's paper for more particulars about this picture.

Enthusiasm of farmers for pneumatic tired tractors is making tractor manufacturers seek higher speeds to make the tractor more valuable for hauling or travel, and for use as an all-purpose farm machine. The most interesting speed performance is the recent official American Automobile Association (AAA) record of 35.4 m.p.h. for five miles made by a tractor at the Wisconsin State Fair Grounds A.A.A. race.

Thousand of people watched Albert Schroeder, a prominent Waukesha County, Wisconsin farmer, using a new Allis-Chalmers standard farm tractor equipped with the new Firestone Low Pressure Tractor Tire, plow several rows of the hard uneven ground inside the race track oval. Mr. Schroeder then unhitched the plow and turned the tractor over to Frank Brisko, famous race driver who was one of the two leaders in the first 100 miles of the Indianapolis race this year. The crowds were amazed to see the tractor streak down the straight stretches—at times travelling 40 miles an hour.

A new four-speed transmission development combined with the pneumatic low pressure tire development made possible this unheard of speed. At the end of the run, Frank Brisko, asked how he liked the ride said "It was just like driving a passenger automobile."

The new highway speed and comfort now available in farm tractors shows how completely the tractor with these big tires, serves as an all-purpose machine. Demonstrations in all parts of the country have proved to farmers that tractors using these tires give greater fuel economy in farm operations, greater traction, do not pack seed beds, make the farmer's work easier, and save time as well as money.

taxpayer large sums of money. The facts are that since the 18 amendment became operative on January 1, 1920, the government has appropriated \$500,000,000 for enforcement and has received in return more than a billion dollars in fines."

After election of Wulfjen as county dry leader the meeting voted to name Mrs. J. Riordan as executive secretary. Each of the directing officials were authorized to name such assistants as they deemed advisable. Wulfjen was also directed to appoint precinct and community chairmen. All ministers of the county were named members of the executive committee.

Side Quit Hurting, Got Stronger, Well! CARDUI Helped Her

Mrs. R. L. West, of Huntville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was again feeling strong and well. Cardui is sold at drug stores here."

METHODIST CHURCH NOTES

Sunday school was well attended having 200 present. Out of the 15 teachers only 2 were absent.

Church services at morning and evening hours was well attended.

Subject for the morning hour was found in Genesis 22nd chapter and 1st to 14th verses, where God was testing Abraham's faith in offering his only son Isaac as a sacrifice.

Just how would we feel if God called our only child for life service, and we should hear him say Father and Mother everything is ready for the offering but where is the offering? Would we like Abraham be willing to make our sacrifice for the one who gave His all for us?

The orchestra composed of Lester Jarratt, Bill Martin, Harold Martin and Ottis Muns rendered a special, "Carry Your Cross With a Smile," with Mr. K. L. Taylor playing accompaniment. We wonder as we sit and listen to this sweet music just how sweet the music will be in Heaven.

League was well attended Monday night. It was time for election of new officers.

BAPTIST W.M.S.

Seventeen women met in the home of Mrs. Henry Fry Monday afternoon for a Missionary program. Mrs. B. F. Trott and Mrs. Edwin Hallmark were joint hostesses. Devotional was led by Mrs. B. F. Trott and prayer offered by Mrs. J. A. Martin. "Africa—Waiting for the Word" was discussed by Mesdames Reeder, Jarrett, Fain, Ray, Wilson, Ferguson, Norman and Hardin in an interesting way. A short business session was held after the program and an offering for foreign student fund was taken.

The hostesses served ice cream and devil's food cake at the close of the meeting.

Westside Circle will meet with Mrs. R. B. Cope next Monday and Eastside Circle with Mrs. Ferguson.

BAPTIST CHURCH NOTES

More than usual were present for Sunday school Sunday morning but there is still room for improvement both in attendance and class spirit. We welcomed some back who had been absent for some time.

Our pastor brought a soul stirring message from a part of the fourth chapter of John Sunday morning taking for his text, "A Model Soul Winner." Sunday evening he spoke from Acts 1:8 setting forth the power and work of the Holy Spirit. May this church pray that God will use our pastor to lead them to be every day soul winners in life and in deed.

There was an increase in attendance in B.T.S. Sunday from about 25 to 51. There were 10 primaries, 15 juniors and 26 Seniors and adults. One of the best programs of the year was rendered in the Senior Union. There is plenty of pep in any B.Y.P.U. You may want to join here and more talent than any Baptist church in West Texas. The Juniors won the banner with a grade of 91. "Join us each evening, be loyal and true and reap the returns of the B.Y.P.U."

We will study Caleb in Sunday school next Sunday. Scripture is found in Joshua.

PICNIC-REUNION

Gathering at the home of Miss Mildred Coffee they motored to Jual's swimming pool for a swim and picnic supper.

Fast Time Is Made By Goat Ropers At Robert Lee Rodeo

ROBERT LEE, July 1—With the best attendance in history at the big rodeo and free barbecue here Thursday, citizens are already looking forward next year's events. Especially some of the riders are looking to another chance to ride "Strichnine" an outlaw horse, unriden this time. There were 1,000 paid admissions and more than that number took part in the barbecue—but there was plenty to go around and some left over.

Of the 23 entries in goat roping D. P. Walling won first in 10 seconds flat, Wayne Burroughs was second in 17 seconds. Walling also was first in calf roping—in 32 seconds. There were 26 entries in the event.

S. Copeland and Gene Johnson were first in cow milking in 22 seconds. Thirty took part. Wayne McCabe and James Counts tied for first place with 22 seconds each in the contest for those 15 years old and younger.

LOCAL SCHOOL TEACHER MAY CANCEL PLANS FOR ATTENDING WORLDS FAIR

Announcement made at the Lions Club a few weeks ago that Superintendent John E. Watson of the Colorado schools planned visiting the Century of Progress Exposition at Chicago may not materialize. At any rate, it is reported that the local school man is pondering seriously the advisability of visiting the exposition.

Watson began to meditate with concern his plans for visiting the fair after reading in the papers Wednesday that Edward P. Lohmann, professor in the Oklahoma A. & M. College at Stillwater, had been picked up on suspicion by two detectives in Chicago and locked up. The enraged professor was locked up fifteen hours.

"I was merely looking in a downtown show window when the two cops swooped down upon me and carted me off to jail," the Oklahoma man charged. "I was not allowed to establish my identity nor telephone my friends."

Misses Mildred Coleman, Elizabeth Pidgeon and Florence McCloud and Mrs. Pearle Shannon were in Snyder recently as guests in the home of Mr. and Mrs. H. G. Towle. Subscribe to The Record.

Keeping Up With Progress Of Club Work With Rural Women And Girls In Mitchell

The rural clubs are busy making plans and providing means to send delegates to the Short Course at A. & M. College July 24-29. One delegate is to go from each club.

The Plainview Home Demonstration Club met at the home of Mrs. J. L. Henson's for their regular meeting. The ways and means committee planned for an ice cream supper at the home of Mrs. J. C. Franklin. Over 100 people attended. The women asked them to bring eggs, canned foods or money as entrance fee. The women estimated after paying for the salt and ice and using the eggs for making the cream that they have \$3.00 to add to their fund.

The next meeting is to be with Mrs. W. D. Howell, July 5th. The Spade Home Demonstration Club met at the home of Mrs. R. C. Sublett with 8 members and 3 visitors present. They plan to have a lemon squeezer at the schoolhouse July 12th, with Mrs. E. S. White as hostess, to make money for their delegate to go to A. & M.

The home visits to 50 club girls the past two weeks by the county home demonstration agent to see what provision the girls had for taking care of their clothing revealed

and some new closets will be built and on achievement days in October visits will be made to these homes to check over what they have done since the first visit.

The 4-H Club girls of Mitchell County are to meet Tuesday, July 11th at the County Tabernacle for their annual Rally. Every girl is invited to come even if she does not have her print dress made. Come and enjoy the good times with the rest of the girls.

The girls will register at 10 A. M. in the tabernacle.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills To Arouse a Sluggish Liver.

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile.

Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs. When your liver becomes sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not get its full ferment and decay in the bowels. The blood absorbs the poisons and you suffer from constipation, gas, sick headache, indigestion, nervousness and sour stomach. Sargon Soft Mass Pills remove the cause of this condition in any way. They are not like other laxatives you have ever taken. They act so gently, thorough and safely.

In their action that there is nothing about them to remind you that you have ever taken a medicine, and make remarkable of all you gradually reduce the dose until you no longer require a laxative at all. Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself. Beware! Don't be misled. Sargon Soft Mass Pills are generally recognized substitutes which will actually stimulate a sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances. For a full 30-day treatment, at \$2.00 a box, or write G. F. Willis, Inc., 230 So. 2nd St., St. Louis, Mo.

WILL RIO GRANDE VALLEY HAVE DIRECT HIGHWAY?

The moot question of a direct highway from Houston and Corpus Christi to the Rio Grande Valley has caused newspaper publishers in this section of Texas to consider another route besides that through Kenedy county. Citizens of "Walled Kingdom of Kenedy" do not want a highway through their county. Paved highways now run to its borders, but none go through. Lower right shows the end of the road north of Brownsville, at the Kenedy county line. The other route now being considered is the Gulf coast drive along Padre Island. This is now passable, and agitation is for a paved highway the length of this island, in lieu of the Kenedy route. Highway officials consider this road practicable. Upper right shows the beach on Padre island, while the map at the left shows the long circuitous route by which traffic now goes from Corpus Christi to the Valley.

Extensive Plans For Big Treasure Hunt

TEMPLE, Tex. (UP)—More than a century ago, so legends say, Indian Chief San Savas stood near a fork of Salado creek and looked at the swarming backs of Indian braves who toiled with heavy rocks. For six months the Indians had swarmed over a hillside, digging, moving boulders, and even transplanting a tree. They were weary. Chief Savas raised a hand in signal, his men gathered about him, and with a backward glance the entire party silently disappeared in the underbrush. Behind them, so traditions say they left 500 jack loads of gold buried in a sealed, water-filled cavern. This week a farm two and a half miles west of Prairie Dell teemed with suppressed excitement. Machinery, spades, picks and other equipment jolted across ploughed fields to the site of a large tree. Beside it was a hole that led to an unknown cavernous depth. A few persons believe it leads to the fabled \$14,000,000 worth of lost gold bullion. At least, G. C. Pope, Williamson county farmer, and his associates intend to find out the truth of the tradition. W. F. Cullen, former

telegraph dispatcher at Temple, Harry Allen of Belton, T. J. Nelson, Temple and S. C. Robertson of Salado, have joined in the expensive task of seeking the treasure cave. They propose to pump dry the water-filled cavern, and explore it. An Indian laborer, who worked on the Pope farm, told the story of the San Savas treasure, claiming the Indian chief was his great grandfather. Many points in the Indian's tale have been verified, it was claimed. 1. The Indian declared two air holes leading from the top of the hill into the cavern were marked by elm trees on the north side of each. Pope said these were located. 2. A glacial ice one of the air holes would reveal a stalactite formation resembling a man's leg, the Indian claimed. Pope said this, too, was found true. 3. Equipment of the old San Savas mine included a smelter and a rock crusher, according to the tale. Pope found a crusher bearing the date 1841 stamped into the metal. 4. The Indian said the treasure cavern was flooded with water from Salado creek. Pope declared that muddying water in the cave also muddied Salado creek. 5. The Indian claimed the cavern runs beneath the creek. Pope said that smoke from a fire built in the mouth of the cave escaped from crevices in a pasture two miles on the other side of the creek. The Indian also claimed his grandfather, Red Eagle, entered the cavern through a secret entry in 1884 and carried away \$40,000 worth of gold. The entire cache of gold may have been removed. Silver and gold from the old San Savas mine, and a 250 pound solid gold bull's head the Indians worshipped, are said to be hidden in the cavern. Mineralogists and historians, asked to comment on the tale, acknowledged an interest in the story, but denied any conviction that the vast wealth actually lies buried in the cavern.

He was also a track star at varsity and is a fine rodeo performer. His home was in Waco.

COLORADO PIONEER HAS REMINISCENCES OF THE 4TH OF 53 YEARS AGO

W. L. Doss, pioneer Colorado druggist states that he has spent about as many Fourth of July as the average "old timer," and reflection on his experiences attending celebrations on the National anniversary of other years always bring reminiscences, some pleasant and some unpleasant. "I shall never forget how I spent July 4th, 1880, fifty three years ago," Mr. Doss mused Monday. "I was employed with a grade crew on Texas & Pacific railway between Eastland and Cisco. Saturday night, July 3, one of my mules broke out of the corral and left camp. I rode another mule over those mountains in Eastland county all day on the fourth in quest of the missing mule. No, I never found him then, but he showed up later." Soon after losing his mule Mr. Doss came to Colorado to live. He has been here every since.

"It saved his life,"
the doctor said

A Texas farmer was chopping wood one morning. The ax glanced off a hickory log and deeply gashed his foot.

His wife telephoned the doctor—"Come as fast you can!"

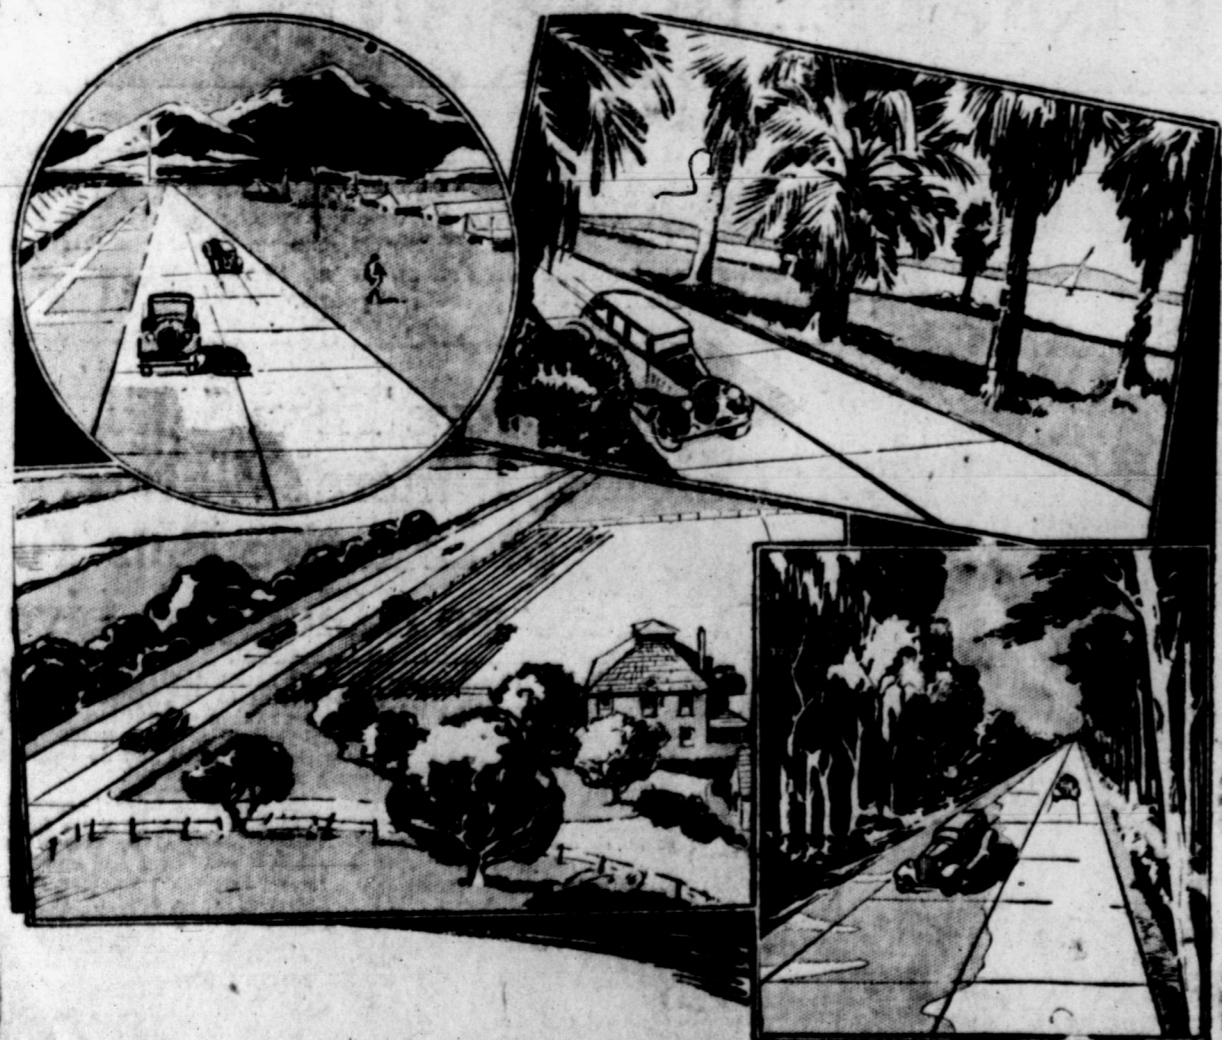

"Tie a cord tightly around his leg below the knee. Be there at once," a voice flashed back along the wire. Later, the doctor said: "Those brief directions telephoned saved that man's life. Even then, he was weak when I arrived."

TEXAS SCENIC BEAUTIES SKETCHED ON TRAVELAX ROUTE

Take the word of a widely known Texas artist, Guy F. Cahoon, the highways of the Lone Star State afford a variety of scenic beauties not excelled by any other section of these United States. Mr. Cahoon has made travel sketches illustrating many parts of the world, but finds sufficient subjects at home to make him especially enthusiastic regarding the natural beauties of his own state. In Western Texas the motoring

vacationist and his family can revel in the inspiring grandeur of rugged mountains," says Mr. Cahoon. "In Northern Texas they find long stretches of straight, smooth highway to intrigue them onward, mile after mile, over level, picturesque plains. In East Texas the traveler thrills to the peace and beauty of the wooded country as he motors through stately pines. To the south he enjoys a wealth of luxuriant, sub-tropical plant life as he travels through the palm-bordered roads

of South Texas and the Gulf Coast country. Truly a variety of scenery as wide as the range of sports and interests to which they appeal. The above illustrations were sketched by Mr. Cahoon for the Portland Cement Association and show typical scenes along the Travelax Route. Maps showing concrete highways in Texas (The Travelax Route) are now being distributed by the Association and may be obtained by writing their offices at Dallas.

to join with you in this most commendable work.

By discussing this matter of lawlessness in your beloved country with others, thus arousing not only interest but action in setting about to help peace officers and patriotic citizens in such ways as may suggest themselves to you and them.

It is unmistakably evident that no government can remain permanent so long as crime is rampant within its borders and increasing as time passes. To the extent that there is crime, just to that extent is it a failure as a government. Help to do away with crime.

You have your organizations, most of which are for social and cultural purposes. Why not convert these organizations into patriotic societies as well and do your bit both as organizations and as individual students, in extirpating lawlessness and exterminating outlaws.

Have the courage, moral courage, to frown upon every suggestion, by whomsoever offered, to either directly or indirectly violate the law.

This writer knows, as do others, that down deep in the heart of every one of you is the desire to see right and justice rampant everywhere. Then set your best impulses, your knowledge, skill and influence to work in the noblest, most patriotic, most practical and necessary enterprise it can be your privilege to aid in accomplishing. Here is where you can do your best work—in using your example and influence in discouraging every suggestion of crime among those with whom you come in contact and by persuading them to assist in seeing to it as far as possible that the law is obeyed.

It was stated recently by a Judge of a criminal court that so far as he had been able to ascertain there was not a criminal in the penal institutions of his state who had been a member of the Boy Scouts, and it is a well known fact that very few of those called criminals have been regular attendants at Sunday schools. The polling of penitentiary inmates prove this.

The same is said of other organizations where boys and girls receive the right sort of instructions. Not only do these organizations give good instruction, but they are wholesome places where young people can go and be benefitted while enjoying association with those to be met there.

Every person of middle age or older is interested in the welfare of the young people.

He knows they cannot live a tranquil, serene and happy life unless they are impelled by motives and ambitions which conduce to the common good. Neither are such motives and ambitions possessed by those who do not have ideals.

It should be realized by every boy that he cannot defy the conventions of society, ignore social customs, nor violate the law and attain to a goal that is worth while. One who does this is as sure to some to grief as he undertakes it.

So that when you assist in bringing about obedience to the law you are not only aiding in the protection of your loved ones and the maintenance of the government, but also and necessarily in promoting the happiness of some who would otherwise violate the law.

The joy and happiness of life depends upon the use you make of it.

You Can Do Much. It is within your power to be of invaluable assistance in overcoming the menace now threatening your state and nation.

Make up your mind to do what you can for yourself, then talk with your best friend and persuade him to do likewise, continue this plan and soon you will have accomplished more than you think you could.

If you are a member of a college

fraternity or other organization, do your best to induce its members to join with you in devoting some of its time to the discussion of the present situation and how they and the society as a body may be of inestimable service in bringing about regard for law and order. You cannot apply your talents, time and energies to a more commendable cause.

It is readily conceded that some of you haven't the home surroundings you should have. That makes it only the more necessary that you devote your mental and physical powers to improving them.

Some of who are not yet grown have a more comprehensive grasp upon the realities and philosophy of life than your parents. You know better than they why laws exist, and therefore you have greater cause to uphold the law and aid in its enforcement than they have. This is not said to compliment you. It is said because it is true. Many young men and women nowadays, because of their advantages, the improved and more adequate methods of instruction, and the acquisition of knowledge, possesses information which it was impossible for your fathers and mothers to have had at your age and since that time they have not acquired it. Many of you know more about the essence of ethics and equity, economics and morals, than your parents do, and since you do, yours is the greater responsibility.

Many of us who have attained to an age that has started us down the other side of the mountain see about us young men and boys who know more than we did when we had attained the age of thirty years. Instead of this giving you greater privileges; it places upon you greater responsibilities which you must not decline to accept.

Do not delay your activities in this most important matter. Begin now and it will not only be a fulfillment of your duty, but it will be a stimulus to a life of wonderful achievement, and a source of satisfaction after you have passed the meridian of life.

Goodness is greatness. Goodness is success.

You must take a blow or give one. You must risk and you must lose. And expect that in the struggle you will suffer from the bruise. But you mustn't wince or falter if a fight you once begin. Be a man and face the battle. That's the only way to win.

Twenty One Years Ago Colorado Public Schools Boasted Faculty of 10 Teachers

The Colorado schools boasted a faculty of ten teachers twenty-one years ago. The Record for Friday, July 5, 1912, recalls. Election of faculty members for the school year of 1912-13 had recently been announced by the school board.

W. W. Hart, had been re-elected superintendent. Other teachers were Miss Nannie L. Ellis, A. T. Stewart, Miss Alice Shuford, Miss Annie May Wallis, Miss Jessie Holder, Miss Johnnie Collins, Miss Juanita Shroenshire, and Miss Sallie Hutton. G. B. Sanders was teacher in the negro school.

Marriage of James Bodine to Miss Eva Terry on Thursday evening of that week was reported as among the interesting social news for the week. The nuptials were solemnized at home of bride's parents with Rev. J. E. Lyons, Methodist pastor, officiating.

The Record for that issue gave considerable space to announce that Governor Woodrow Wilson of New Jersey had been nominated as the democratic candidate for president. His election in coming contest at the polls was predicted.

Colorado was shocked over loss a few days before of the St. James Hotel, imposing structure that through many years had stood at site now occupied by the old City National Bank building.

The weather man was doling out sizzling temperatures in those days as now. It was 100 in the shade as The Record went to press. Thursday afternoon of last week as the big press was started in this office, the mercury stood lightly above the 100 marker.

HOLIDAY CROWDS WERE ORDERLY, POLICE CHIEF DICK HICKMAN STATES

Visitors attending annual Fourth of July celebration here Tuesday were orderly and with few exceptions gave the authorities no trouble, Police Chief Dick Hickman stated Wednesday morning. The few arrests made were based on drunkenness. Hickman, in making one arrest, confiscated a suit case filled with contraband liquor.

"One of the best behaved crowds Colorado has entertained in some time," Hickman reported. "The sheriffs, constable and my own department were on duty in town and at the rodeo park constantly but we had little to do."

Acres Reduction Drive Set To Close Saturday This Week

Campaign of the government to reduce American cotton acreage by ten million acres is scheduled to close Saturday night, it is reiterated in instructions received here from C. A. Cobb, cotton production chief at Washington. There are 22,000 workers conducting the cotton acreage reduction drive.

While July 8 is the last day on which offers may be made by farmers to cut the 1933 cotton acreage, Cobb explains that it is not his intention to close the campaign at that time if it is shown a substantial number of growers have not had opportunity to sign contracts.

Col-Tex Retaining Lead In Tri-County Base Ball League

After struggling through nine innings of play, featured by brilliant fielding in spots and a great many "boots," Col-Tex Oilers finally defeated Forsan Sunday afternoon 8 and 9.

Henderson of the Col-Texers, after tiring and being nipped for three home runs with men on, gave way to Leroy Gressett about the middle of the game who held Forsan scoreless for the remaining innings. Forsan with the above lead was supposed to win, but through ineffectiveness of their receiver, before he was replaced, and by some timely hitting allowed the locals to score one or two runs to the inning until finally the count reached nine. The Forsan slab artist deserved a better fate, because he pitched a heady game and made a few of the Oiler heavy hitters look bad on his nice curve and splendid control.

With this win the Oilers retain their lead in the Tri-County League and have an excellent chance to hold it until the end.

"They changed their date in order to assist us," Mr. Ward recalled. "We should not forget this courtesy."
