PLAINS, YOAKUM COUNTY, TEXAS, THURSDAY, JULY 18, 1957

NUMBER 27

Final Rites for Odis Lusk, 48, Held Thursday

Funeral services for Odis L. Lusk, 48, were conducted Thursday at 4:00 p.m. in the First Baptist Church at Plains. The Rev. C. J. Coffman, pastor, officiated at the rites assisted by the Rev. James Todd, pastor of the First Christian Church.

Lusk, a resident of Plains since 1929, died about 6 p.m. Monday, July 15, in Treadway-Daniel Hospital in Brownfield, shortly after suffering a heart attack on a construction job site near Loop. Monday was Mr. Lusk's birthday.

Burial was in Plains Cemetery under direction of Brownfield Funeral Home.

Survivors include his wife, the former Juanita Fay Hague; three sons, Harvey H. in the U.S. Air Force in England; Anthony L., in the U.S. Air Force in Biloxi, Miss.; David D., Plains; two daughters, Mrs. D. C. Newsom, Jr., Plains; Mrs. Bobby Bryant, Lubbock; three sisters, and a brother.

Pallbearers were C. H. Ragsdale, H. D. Owen, Cecil Courtney, Ralph McClellan, Dwain Lusk, and Clayton Lovelace.

Girl Scouts Plan Overnight Hike

The Plains Girl Scouts met on Tuesday, July 16, at the Tsa Ma Ga Clubhouse in a regular meeting. The girls who went to camp last week returned Saturday and reported a very nice time. While there they went swimming, hiking, worked on badges, and participated in several other activities.

The group planned an overnight hike for next Tuesday night. They will camp on Murphy Luna's ranch. Approximately 18 girls are expected to attend, along with the sponsors, Mrs. Luna and Mrs. P. W. St. Roman. They will cook supper and they decided to wait until fall before completing their badges, so they could spend all their time selling peanuts and getting their concession stand ready for the rodeo. In addition to the regular members present, there was one new member, Linda Robertson, and one visitor, Nancy Humphries.

Is Injured Tuesday In Oil Field Accident

Judge Ed Young, of Midland, son-in-law of Mr. and Mrs. W. M. Overton of Plains, was seriously injured in an oil field accident late Tuesday afternoon. He received head injuries when a thirty pound weight fell, striking him on the head. The impact was so hard it knocked his shoes off and part of his teeth out.

At last reports, he had regained consciousness.

YOUNGSTERS attending the Bible School at the Assembly of God are shown above, together with their teachers. The Bible School closes this Friday.

Abercrombie Well Is Potentiated in New Reeves Field

J. S. Abercrombie No. 1 W. F. McCracken, new well in the recently opened Reeves (San Andres) field of Southeast Yoakum County, has been potentiated.

The well rated a daily pumping potential of 124 barrels of 32-gravity oil, plus 10 per cent water, through perforations from 5,580 to 5,603 feet, after 750 gallons of acid.

Location is 660 feet from north and 330 feet from west lines of section 751, block D, J. H. Gibson survey, which is Southeast of Plains.

Leland Fikes of Dallas, announced locations for a pair of Devonian tests in the recently opened West (Devonian) field of Southwest Yoakum County.

One location southwest of the field discovery, Fikes will re-enter Skelly Oil Company and Sun Oil Company No. 1 Kiser and deepen from 5,300 to 13,600 feet. It will be deepened as No. 1-A E. S. Smith Heirs, 660 feet from north and east lines of section 640, block D, J. H. Gibson survey.

One-half mile south of No. 1-A Smith, Fikes will drill No. 1-B Ed S. Smith Heirs. It is 1,980 feet from south and 606 feet from east lines of the same section, and 12 miles northwest of Denver City.

El Cinco Oil Company, Ltd., of Midland No. 1-A E. H. Jones is a 7,900-foot wildcat operation 12 miles southwest of Denver City, in Northwest Gaines County.

Drill site is 660 feet from south and 1,980 feet from east lines of section 18, block A-7, psi survey.

Shell Oil Company will plug back from the Russell (Clear Fork) pay for completion attempt in a section equivalent to the pay in the Wasson 66 field of North Gaines County, in No.

See OIL on Page 8.

Bible School to Close

Vacation Bible School in the Assembly of God Church is being supervised by the Rev. and Mrs. D. Minor, Jr., of Shreveport, La. It began July 8 and continues through Friday, July 19. The theme stressed throughout the school has been "The Happy Christian Way".

The school terminates Friday night at 8:00 p.m. with a short program rendered by the children. As a part of their closing exercise, the children will present a pantomime of "The Ten Virgins". Parents and friends are invited to view the work done by the children in various classes. Attendance at the school ran 103 for the two weeks.

Workers in the school included: Beginners, Mrs. G. L. Huffman and Mrs. Fred Lowery; Primary, Mrs. C. C. Massey and Mrs. D. Minor, Junior, Mrs. R. C. Watson and the Rev. D. Minor; Intermediate, Mrs. C. A. Witte and Mrs. A. B. Huddleston.

SHEILA SMITH, daughter of Mr. and Mrs. L. O. Smith of Plains, is the fifth candidate for Miss Golden Jubilee of Yoakum County. Sheila, sponsored by the Plains Motor Company, is a junior in Plains High School where she is a majorette in the band and is active in F.H.A. She is active in church and community affairs also. Her maternal grandparents, the late Mr. and Mrs. A. J. Davis, came to Yoakum County in May, 1906, a year before the county was formed.

Two New Businesses Add To Town's Steady Growth

Legion Post to Sponsor Beauty Contest August 9

The American Legion will again this year sponsor a beauty contest at the Plains High School football field on Friday, August 9, 1957 at 8:00 p.m.

This will be the fourth annual contest for the Legion Post and will be conducted somewhat differently than in the past.

Legion spokesmen announced this week that there would be four divisions in the contest. The age divisions are to be as follows: 2-6 years; 7-11 years; 12-16 years; and 17 and up.

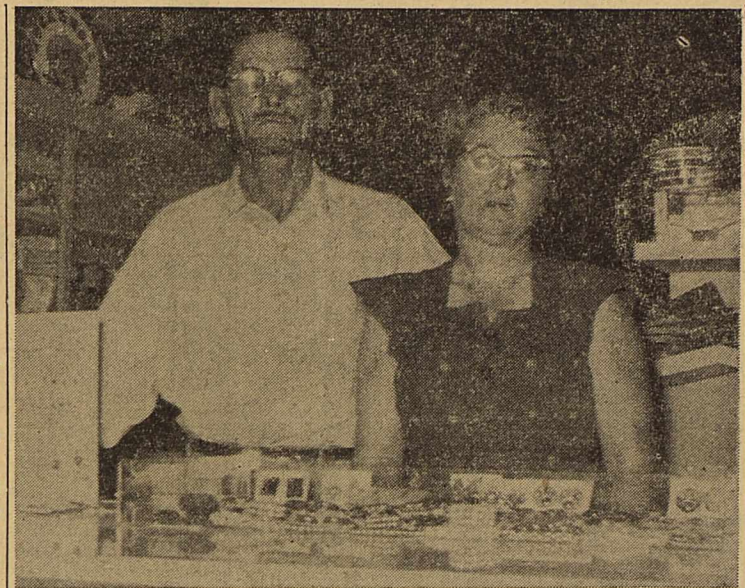

Merchants wishing to sponsor a girl may do so by contacting Legion members or by going by the Plains Frozen Foods in Plains or by contacting Glen Morehouse at Hunt's Grocery in Denver City. Sponsoring fees will be \$5 for one girl; \$8 for two girls; \$10 for three girls, and \$12 for four girls. Merchants wishing ribbons for their entries must furnish them at their expense. Entries will close Thursday, August 8, at 8:00 p.m. and any girl in Yoakum County is eligible for competition. Single as well as married girls will be eligible.

Winners for first and second places will be announced this year in each of the four divisions. Prizes will be \$15 and \$10 respectively in the form of gift certificates redeemable in merchandise at any business in Yoakum County.

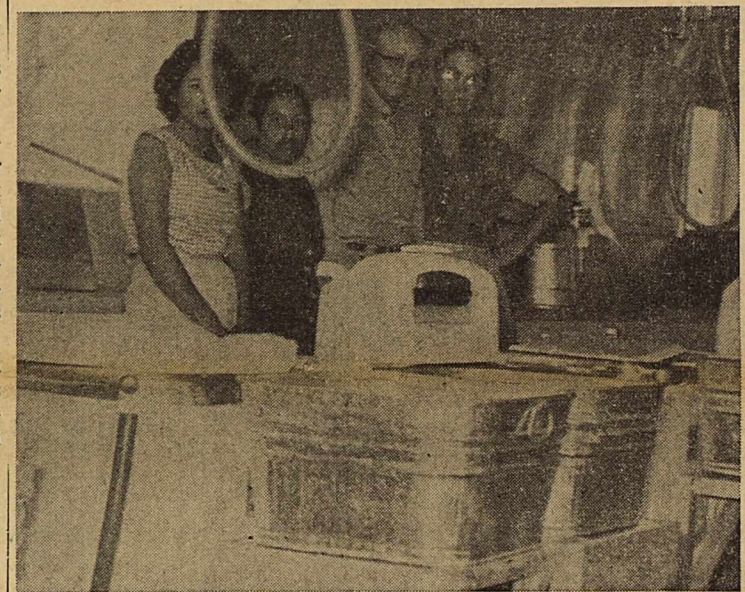

Legionaries hope this to be the biggest and best beauty See CONTEST on Page 8

Enters Contest For 'Miss Jubilee'

Miss Frances Payne, the daughter of Mr. and Mrs. Gene Payne, of Plains, is a candidate for Miss Golden Jubilee of Yoakum County. Frances, sponsored by the Plains Oil Co., will enroll as a freshman at Texas Tech in Lubbock this fall. A graduate of Plains High school, Frances was active in F.H.A. and received a State Home-making Degree during her senior year. She is also very active in church and youth activities. A picture of Frances was not available for this issue.

MR. AND MRS. JOE CURRY are announcing a Grand Opening for their new Curry Drug and Variety Store, located just east from the courthouse. The event will be held this Saturday, and the general public is cordially invited to stop by.

MR. AND MRS. RALPH BONE, owners of the new Bone Laundry which opened here this week, are shown above with two of their customers. The laundry is located at 17th Street and Avenue H.

Legion Elects Officers

The American Legion met on Thursday, July 11, at 8 o'clock in the Legion Hall for election of officers.

New officers for the ensuing year are: Commander, Roland M. Johnson; First Vice Commander, Tom Warren; Second Vice Commander, Travis Been; Adjutant, Roger Curry; Finance Officer, Dick McGinty; Sergeant at Arms, James Wauson; Historian, James Story; Child Welfare Officer, Bob Alberding; Chaplain, D. H. Kerby.

Plans were completed for the beauty contest, which is sponsored by the Legion. The contest will be held at the football field, Saturday night, August 9.

An interesting and informative report was given by Ross Stotts on his trip to Boys' State at Austin. Ross was selected by the Legion for his leadership and character and given the opportunity to visit the Capital for a week and study the state government.

Two new business are being opened here this week, adding to the ever-increasing number of enterprises and testifying to the steady growth of Plains.

They are Curry's Drug and Variety store, located just east of the courthouse in a brand new building, and Bone's Laundry, situated at the corner of 17th Street and Avenue H.

A Grand Opening of the drug and variety store has been planned for Saturday, July 20, according to Mr. and Mrs. Joe Curry, owners. Free coffee, cakes and doughnuts will be served during the day, and prizes given to the kiddies. The store includes a complete fountain service, patent medicines and drug sundries, as well as a variety department featuring gift items and children's and ladies' wear. Curry's also will handle a complete line of school supplies.

Mr. and Mrs. Curry have been residents of Yoakum County for the past 12 years. Prior to entering the business field, Mr. Curry farmed west of Plains. They are parents of two sons, Rev. Billie Joe Curry of Lazbuddie and Shirley Curry of Seminole.

Operators of Bone's Laundry are Mr. and Mrs. Ralph Bone. Both are native Texans, and have lived in the county for 10 years. Mr. Bone previously has been a pumper on an oil lease and has also been employed by James Warren at the Cosden Station.

All new equipment has been installed, the owners report, including seven machines, a boiler, and a 400-gallon quick recovery hot water heater.

Mr. Bone states the Laundry will be open from 7 a.m. to 5 p.m. Monday through Friday, and Saturday morning.

Scouts Swim

The Boy Scouts held a swimming party at the Stanford Park Swimming Pool Tuesday night, July 16. The purpose of the meeting was to work on their swimming ranks. Fathers of the Scouts were special guests at this meeting. All Scout members except two were present.

Is Transferred

Pfc. James H. Ellis, son of Mrs. Thelma Ellis of Plains, was recently transferred from Camp Chaffee, Arkansas, to Fort Carson, Colorado. His address is Pfc James H. Ellis, U.S. 54182304 B Battery, 26 FA Bn., 2nd Plt., 9th Infantry Div., Fort Carson, Colorado. He would appreciate hearing from all his friends in Plains.

Weeping Lovegrass Continues to Gain in Popularity with Yoakum County Ranchers

LEON SIMPSON and Leon Clananan are shown above cutting grass with header made from a rebuilt combine. The seed will be dried, then threshed.

BY DON POWELL

One of the most popular dryland grasses in this part of the country is weeping lovegrass. Weeping lovegrass is a perennial, deep-rooted, bunchgrass. Although there are about 25 or 30 different kinds of lovegrass native to Texas, weeping lovegrass originally came from South Africa. It was introduced into Arizona several years ago and since then has been used in many other states.

Weeping lovegrass first gained prominence as a soil builder on badly eroded, low fertility soils. Since that time its use has been expanded greatly.

HARVESTED FOR SEED LOCALLY

Several acres of weeping lovegrass are being harvested for seed this year in the Yoakum Soil Conservation District. There are two good methods of harvesting seed which are generally used. Seed may be combined in the field or cut with a binder and allowed to cure before they are threshed. Lovegrass will usually yield from 25 to 150 pounds of seed per acre dryland, and may make up to 600 pounds when irrigated. The highest yield on record is 1100 pounds per acre.

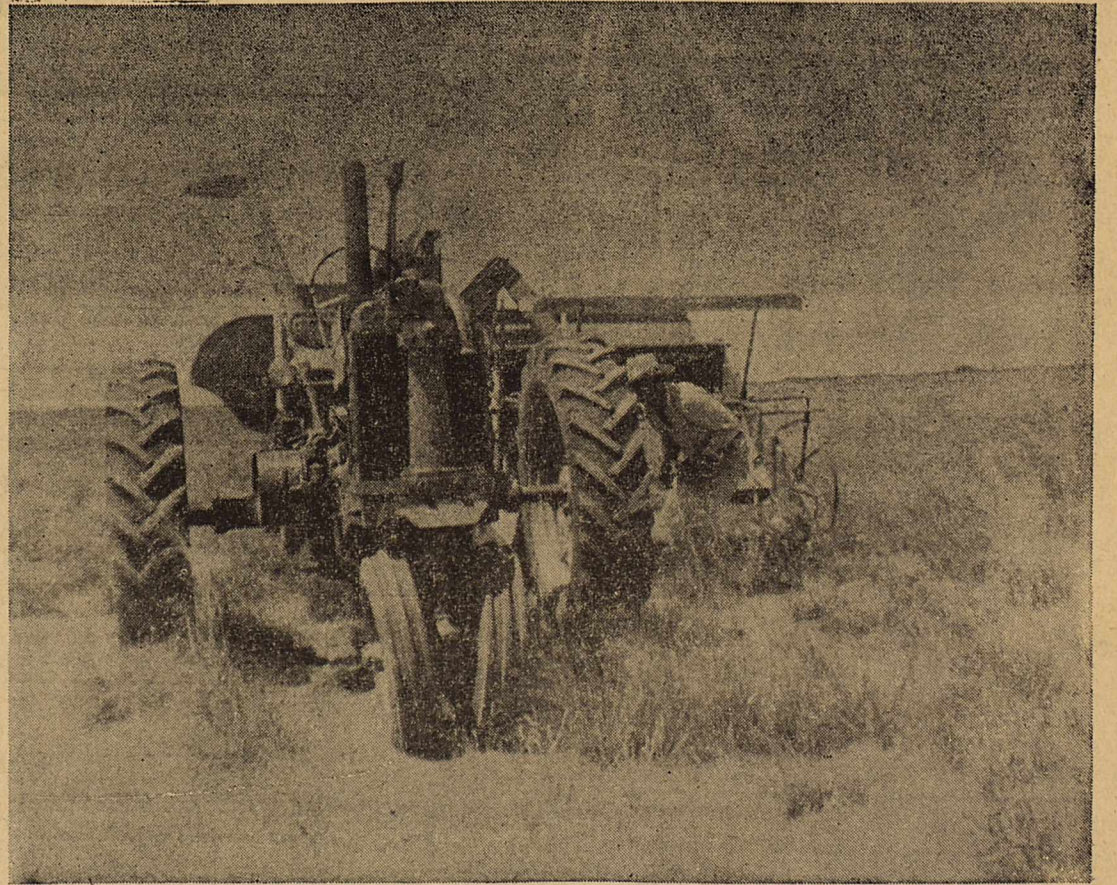

Seed which are combined

should be allowed to dry to prevent heating. After the seed are harvested, they should be cleaned and tested for germination and purity. Like most agricultural products, grass seed are cheapest at harvest time and highest at planting time. For this reason it is usually profitable for the seed producer to hold the seed until spring before selling them.

LOCAL USES

Weeping lovegrass has many uses in this area. For seed production this grass is hard to beat. The seed are relatively easy to harvest and the price of seed has consistently remained good over a period of years. Weeping lovegrass is very good for soil improvement. Its tremendous root system produces a large amount of organic matter. Many farmers are finding that a few acres of this grass make a good pasture for cattle and also keep the sand from blowing around the house. Leon Clananan, who lives east of Plains, was one of the first in this area to use grass in this manner. Leon has had his grass for several years and is still well pleased with it.

Ranchers are using this grass as a supplement to native range. See LOVEGRASS on Page 8

JESUS PRIESTO combining grass seed on the H. W. Taunton farm southwest of Plains. This is one of two good methods of harvesting the seed.

TRACKS

Here they are... our tracks. And there he is following in them. Daddy, every step you take leaves its mark. And eager young minds see them so clearly, and follow them so well. Why not take some steps toward church! Your son and your daughter will follow. His first impulse is to do just what you do... to walk in daddy's tracks. Notice how many farmers' boys farm, how many bankers' boys go into banking and how many preachers' sons enter the ministry. They are following you, daddy, even to the tone of your voice. If you want them to help build a good society, to know God... then take them to church and sit with them in the place of worship.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.

Ice Cream Supper Held by Iota Pi

Members of the Iota Pi Sorority entertained their families with an ice cream supper in the park Tuesday night, July 16. Ice cream, cake, cookies, and pie were enjoyed by all those present.

Those attending the affair were Mr. and Mrs. Pete St. Roman, Mr. and Mrs. Alf Carpenter, Mr. and Mrs. Ford Hawkins and Jackie, Mr. and Mrs. Morris Lowe, Mr. and Mrs. J. W. Moore, Mr. and Mrs. Bob Myers, Doc McCargo, Mr. and Mrs. Dick McGinty and family, Mr. and Mrs. T. R. Nordyke, Mr. and Mrs. Pete Sampson, Mr. and Mrs. Garland Swann and girls, Mr. and Mrs. Neil Taylor and boys, Mr. and Mrs. Royce Trout, Mr. and Mrs. Tom Warren and family, Mr. and Mrs. Charles Williams and Shelley, Mr. and Mrs. Marvin Elliot, and Mrs. Ann Green.

JAN COPELAND, who attended twirling school at Texas Tech recently, was one of the top students in the class of 92 participants. Jan plans to conduct a school for twirling aspirants here.

ACROSS THE Cattle Guard

By LEO W. WHITE
County Agent

Purdue University has developed a new gadget for the purpose of determining the amounts of plant food that are in a plant. It is called a tissue testing kit. By mixing some chemicals with a small amount of chopped up leaves from a cotton plant a chemical reaction will take place and the chemicals will change color. The intensity of the color will indicate if the plant is high or low in that particular plant food element. A separate test is made for nitrogen, phosphorous, and potash.

Tissue tests have been made on cotton in the South Plains area, and it will definitely work. Where fertilizer was added before planting the test will show that the plant has a higher content of those elements that the plants from a non-fertilized field nearby. This kit will come in handy for determining how long the fertilizer would remain in the soil and be available to the plants. By making tests at regular intervals, a farmer could tell when his soil was getting low in certain plant foods and it would aid him in determining which fertilizer mixture to use for his next application. The tissue test will reveal the condition of the plant before there are any outward signs of a deficiency.

We do not recommend that cotton farmers who use fertilizer should get one of these tissue testing kits. After the experiment stations use them for a while and prove their worth, then they may be recommended for farmers. They are fairly inexpensive in comparison to the cost of fertilizer, and it is likely that many farmers will be using them within the next two years. Since nitrogen is probably used up faster than the other plant food elements, a farmer could run a tissue test for that element and find that his soil was very low in nitrogen. If an application of nitrogen was applied it would take several days for it to become available to the plant and by that time it would be so late that the damage would already have been done.

It has been found that certain defoliants will do a better job under low nitrogen conditions.

The tissue test has been helpful in determining which defoliant to use or when to apply the defoliant. It could prove to be helpful for fertilizers but more work needs to be done with the kit in order to be sure. Where applications of fertilizer are made only once a year and then it is applied before planting, the tissue test could be helpful in determining which mixture to use for the next year.

It is my opinion that the tissue test will be used extensively during the years to come and that the soils test will also be more important than it has been. The soils test will give some information on organic matter content of the soil, and the tissue test does not. I feel that the organic matter content of the soil is more important than the amounts of nitrogen, phosphorous, or potash that is being used by the plant. When we learn how to keep the organic matter build up in the soil, then we can make better use of the soils test and also the tissue test.

A tissue testing kit can be ordered from Purdue University at a cost of less than twenty dollars. Some of the kits that are now in use have had some additions made to them and the color charts are more elaborate and easier to use. It only takes a few minutes to make the test and when they get in use, a farmer could easily save the cost of a kit in an application of fertilizer on a forty acre patch of cotton.

Mr. and Mrs. Shirley Curry of Seminole visited in the home of Mr. and Mrs. Joe Curry this week.

Guests in the home of Mr. and Mrs. Jack Lowe last week were Mrs. Bill Voorshies of Baton Rouge, La., Mr. Wallace Voorshies of Baton Rouge, La., and Mrs. C. J. Duet of Golden Meadow, La.

Earth Satellite Model to be Shown At State Fair

A full-size replica of the "man-made moon" which will be launched into space to circle the earth will be exhibited at the 1957 State Fair of Texas, Oct. 5-20.

The Dallas Health Museum will display the earth satellite model, along with much of the IBM calculating equipment which will gauge its flight and record its reports. A model of the three stage launching rocket which will carry the "moon" into space also will be on exhibit.

The exhibits will be furnished by the U.S. Naval Research Laboratory in Washington, D. C., where the technical program is being carried out for Project Vanguard.

"Vanguard" represents man's first real attempt to conquer space. The earths satellite, a sphere 20 inches in diameter packed with intricate instruments, will be fired into outer space where it will circle the earth in an orbit some 300 miles out. Its instruments will send back data by radio which will assist scientists in their studies of space.

The launching of the "man-made moon" is one of the experiments to be carried out in the United States' scientific program for the current International Geophysical Year which began July 1.

It is estimated that the "Vanguard" project has already cost \$37,000,000, with hundreds of the nation's scientists involved in work to perfect the satellite sphere, design the equipment to track it and build the giant rocket to take it up.

The Rev. and Mrs. C. J. Coffman returned Saturday from a week's vacation in Arizona.

Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex.—It's quiet around the Statehouse now, especially compared to two months ago when Legislative issues came to a tense climax. Groups of sauntering sight-seers have replaced the bustling business like crowds that choked the Capitol corridors. They carry cameras instead of brief cases.

But people who are still on

the job, like Comptroller Robert S. Calvert, have plenty to ponder. Calvert gave money-worriers a jolt by announcing the state is going to have to ante up \$6,000,000 more for the teacher retirement system in the coming two years. Increase is due to the teacher pay raise which ups the amount both the state and the teachers must pay in.

Since the Legislature spent to within \$80,000 of the state's expected revenue for the next biennium, this new drain means, according to Calvert, that "the poor old revenue fund will hit the deficit column sooner than expected."

"If I had to make a new estimate of expected revenue right now," he said, "I'd have to say we'd end up almost \$6,000,000 in the hole." But he hoped the out-look would improve before he's called for another official forecast.

JURY TAKES BREAK—Travis County's grand jury room is quiet too. Jurors are taking a two-weeks "breather," but will resume investigation of the ICT collapse and Legislative bribery charges July 23.

Spokesman gave no hint when the jury might give its report and end the general suspense. Another grand jury in Dallas is still at work. It subpoenaed former Insurance Commissioners J. Byron Saunders and Garland Smith and Smith's son-in-law, Max Wayne Rychlik.

INSURANCE FORMS APPROVED—Texas Insurance Commission has granted "temporary approval" to all life, health and accident policy forms filed before Aug. 22. It's a stop-gap measure to conform with a new law and yet allow Texas

insurance companies to continue business.

A law passed last session requires that all life insurance policy forms receive Commission approval before being offered to the public. Previously, only filing of forms with the Commission was needed.

But thousands and thousands of forms are involved, more than the Commission could possibly get through before the effective date of the bill. Hence: temporary approval for all during the checking period.

ADVISORS NAMED—A committee of four has been named to help small Texas cities that want to participate in the state's new urban redevelopment law.

They are Dr. D. R. Reilly of the Nolan-Scurry County Health Dept., Joe Driskell of Fort Worth, Marvin R. Springer of Dallas and Jack Shelly of Garland. State Health Commissioner Henry A. Holle announced the group, to be known as the State Urban Renewal Advisory Committee.

Its function will be to help cities under 25,000 population develop city plans to qualify for federal aid in slum-removal programs.

BIGGER CROPS SEEN—Texas' 1957 grain harvest is expected to be significantly increased over that of drought-pinched 1956.

But citrus production will be down, according to the U. S. Dept. of Agriculture, and cotton is still a question mark.

U S D A forecasts Texas' wheat crop at 33,885,000 bushels, compared to 26,385,000 bushels last year. But it's still below the 1946-55 average of 47,339,000 bushels.

Corn production is estimated at 39,169,000 bushels compared to 27,465,000 for last year. Oats are expected to hit a whopping 37,148,000 bushels compared to only 19,170,000 bushels for '56.

Only rice is expected to be down—10,440,000 bags of 100 pounds each this year compared to 11 million last year.

Oranges also will be fewer—1,700,000 crates for '57, 2 million in '56. Grapefruit: 2,800,000 boxes for '57, 3 million for '56.

No official forecast has been made on cotton. Acreage planted is down, however, to 88 per cent of what it was last year.

15 SCHOOLS FLUNK—State Commission on School Accreditation says it will recommend that 15 Texas schools be dropped from accredited status.

Final decision will be made after the commission reports at the Sept. 2 meeting of the State Board of Education. Commission also suggested that 7 schools seeking accreditation not be approved and that 79 more schools be warned they must improve. Inadequacy of personnel, facilities and curriculum were cited.

Recommended for loss of accreditation were Asherton, Antonio, Bardewill, Barry, Ben Hur, Concord, Gordon, Kirkland, Kosse, Minden, Mount Calm, Norwood, Purdon, Sand Hill and Winfield.

VOTING RIGHTS DEFINED—Military personnel who are discharged, wait a bit, then re-enlist are entitled to establish voting residence in the Texas county where they re-enlist.

So ruled the attorney general's department. But it doesn't apply, said the opinion, if the discharge and re-enlistment are continuous.

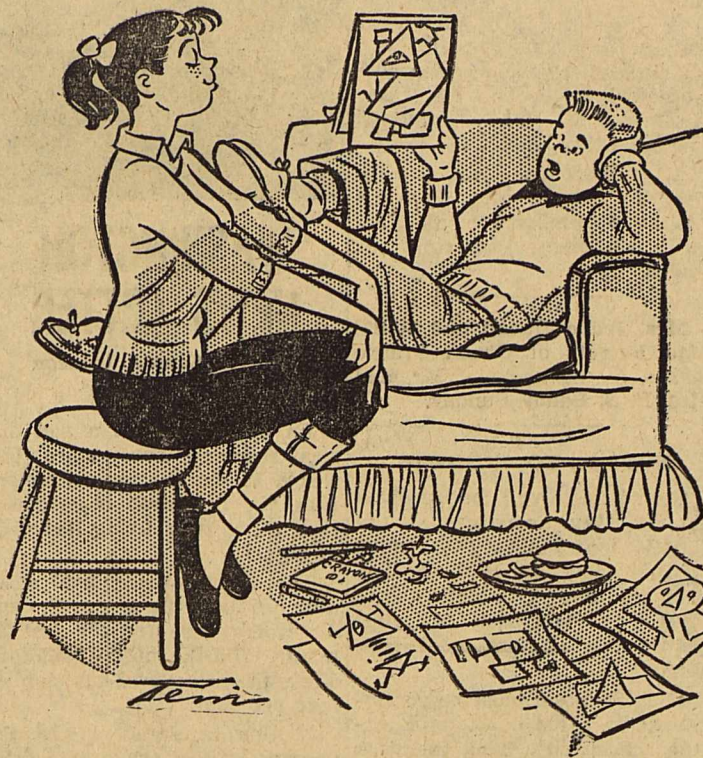

Texas constitution allows military personnel to vote in the county where they resided at the time of entering service.

SHORT SNORTS—Rio Grande Valley citrus growers are hopeful Florida officials will decide this month to remove a 20-year ban on shipment of Texas fruit to Florida. Texas, Agriculture Commissioner John White pointed out, has not barred Florida fruit during that time.

Lieutenant General Ernest O. Thompson concluded a 40-year military career by retirement as commander of the Texas National Guard. Gen. Thompson, who was "The youngest lieutenant colonel in World War I," commanded Texas' 36th Division in the between-wars interval and served again in World War II. He is a member of the Texas Railroad Commission. . . . Texans tested their atom bomb defenses in Operation Alert, a practice exercise that assumed seven Texas cities had been struck. State Civil Defense and Disaster Relief Headquarters sent out surprise notices to officials in the target cities. State agencies, as well as local groups, participated in the game of "what we'd do if. . . ." . . . Some 9,000 acres of cotton in West Texas have been damaged by improper use of chemical weed killers, according to the State Agriculture Department. It urged caution in use of hormone-type herbicides, principally 2-4-D and 2-4-5-T. Contact with county agents was suggested. . . . Mrs. Lem Scarborough of Austin has been appointed by Gov. Price Daniel to the State Board of Mansion Supervisors. Made up of three women, the board plans repair, decoration and beautification of the Governor's Mansion and grounds.

Guests in the home of Mr. and Mrs. W. J. Hale last Sunday were her sister and husband, Mr. and Mrs. Ed Ransom, and her brother, John Wilson and wife, all of Dallas.

THELMA

"I Can't seem To Get The Expression Of Your Eyes —"

Mrs. Joe Curry and Mike Cullen were business visitors in Lubbock Tuesday.

Mr. and Mrs. Joe Wilson and family visited relatives in Denver City Sunday.

Mr. and Mrs. Foy Cogburn were in Dallas last week from Sunday to Wednesday attending the Southwest Furniture Show and the Christmas in July Gift Show.

Mr. and Mrs. Dick McGinty met her mother, Mrs. O. B. Simpson of Channing, in Hereford Sunday and picked up their children, who had been visiting with her for the past week.

Mrs. Johnny R. Robertson and children visited in the home of Mr. and Mrs. C. E. Berry at Denver City Tuesday. Mrs. Robertson also got to visit with her sister, Mrs. Oliva Kindell and children of Dallas, who were visiting in the Berry home.

Week-end guests of the Bess and Mrs. C. J. Coffman were Mr. and Mrs. Carl Coffman and daughter, Pat, of Lamesa.

WASHINGTON NEWS LETTER

By Sen. Lyndon Johnson

Dear Friend:

An old story and a sad one was repeated once more last week. It was the announcement that, for the ninth month in a row, the cost of living had gone up again.

The general price level actually has been in a steady—and disturbing—rise for the last 18 months. In the past 12 months alone, the price level has climbed four per cent.

If this continues to be the average rise in prices, our price level will double in 18 years. This means that by 1975 the value of the dollar we earn and save today would be cut in half.

People have already been hurt by the steady increase in the cost of living. The monetary policy of the present Administration lowers the value of the dollar for those who spend and raises the value of the dollar for those who lend.

High interest rates are part of the increased cost of living. If you borrow money to buy a house, a car, a major household appliance, rising interest rates must be added to the price you pay. The Government must pay higher interest rates on the national debt—and that money, too, must come from the people generally.

Texasans are concerned, and they have a right to be, about the sliding value of the dollar. Widespread interest is being shown in the investigation of national economic policy now being conducted by the Senate Finance Committee. Look for this issue to loom constantly larger. It affects everybody.

Recurrent floods are an economic drain that we cannot afford in Texas. This year's floods have provided convincing proof that, despite the benefits accruing from the highly successful operation of flood control projects, the extent of our controls has been limited.

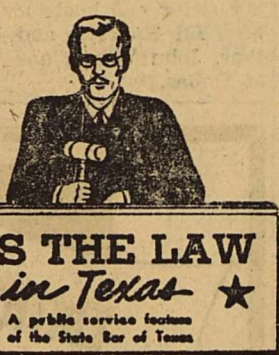

One fundamental reason is that a basin-wide plan improvement has not been completed on any Texas river.

A river basin is a natural unit. Water resource development within each basin must be unified, integrated and progressive. That is why I am asking insistently for surveys of all the Texas river basins. I am working every day to get congressional authority for the needed surveys and to spur the Corps of Engineers into effective action. I know of nothing more basically important to Texas.

Congressional News Notes: Senate unanimously approved a seven months' extension of its Special Committee to Study the Foreign Aid Program. . . Congress sent to the President a bill providing an emergency 45-day extension of the voluntary home mortgage credit program pending approval of a three-year extension in the omnibus housing bill. . . Senate passed and sent to the White House a bill releasing from Government stockpiles for commercial sale 50,000 bales of extra long-staple cotton. . . Senate Public Works Committee approved a measure to extend the lend-purchase program for three years and to make it easier for building contractors to attract private loans.

MISS JUDY WYATT, daughter of Mr. and Mrs. L. O. Wyatt of Denver City, is another entrant in the contest to select "Miss Golden Jubilee of Yoakum County." Sponsored by the Texas Study Club, of Denver City, Judy will be a senior this fall at DCHS. Last year, she was selected as Football Queen.

HERE'S HOW STATE DIVIDES ESTATES WHEN THERE IS NO WILL

The death of an interstate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death. If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property—cash, stocks, bonds, furniture, or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the

personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

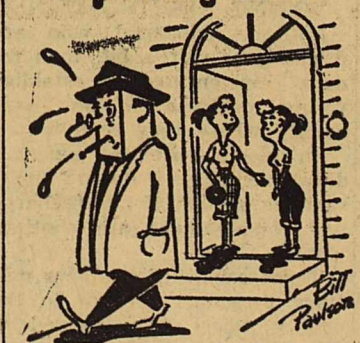

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mr. and Mrs. Ben R. Schramm of Dallas visited in the home of Mr. and Mrs. W. H. Diltmore last week.

Mr. and Mrs. L. W. Ward and Beth of De Leon were guests in the home of Mr. and Mrs. Ronne Ward over the weekend.

Sunday School Class Is Treated to Party

Mrs. James Warren was hostess at a skating and swimming party last Friday night in Hobbs, N. M. honoring the Intermediate Sunday School of the First Methodist Church. They enjoyed eating supper out.

Those attending were Neta Joe Miexner, Marsha White, D'Lynn McGinty, Billy Stockstill, Ronny Stockstill, Butch Hawkins, Tommy Payne, and Jerry Bob Warren.

Returns from Austin...

Mrs. Bert Bartlett, County Librarian, spent the early part of the last week in Austin. While there, she met the State Librarian and the members of the State Board. They expressed their approval of the steps which have been taken so far in the construction of the libraries in Yoakum County. Mrs. Bartlett was accompanied to Austin by her husband. She is maintaining an office in the new courthouse at the present time.

WE CONGRATULATE...

VISITING WITH OUR NEIGHBORS

Beginning Monday, the Texas Employment Commission—by order of the Secretary of Labor, will begin an area survey to determine the prevailing wage scale.

THE MORTON TRIBUNE

Work is expected to begin auditorium and cafeteria for the within the near future on a new Pettit Schools, it was announced last week by C. M. Sanders, superintendent. Pettit voters recently approved a \$100,000 bond election, 39 to 18 in finance construction of the new building. The school at present has no auditorium.

THE MORTON TRIBUNE

From information we have been able to gather we learn that Bobby John Whitlock, member of the Air Force and son of Mr. and Mrs. Bob Whitlock, was critically injured in a car wreck near Lincoln, Nebraska on Sunday afternoon of last week. Our information was that Bobby John and three companions had been returning from bowling on a slick road when they met a car pulling another car. The car being pulled was whipping from one side of the road to the other. It struck the car in which Bobby was riding, knocking it from the road and wrecking it.

THE ROPES PLAINSMAN

A bathing beauty contest will be staged at the Seagraves Swimming Pool Thursday, July 4, Tracy H. Taylor, pool manager has announced. Fourteen local girls will compete in the contest, which will start at 3 p.m. The list announced by Taylor includes Carolyn Smith, Wanda Wyatt, Jeanette Faulkenberry, Jo Ann Howell, Nadine Faulkenberry, Helen Wood, Billie King, Sue Sanders, Judy Mills, Lydia Wohl, Sheila Danley, and Elvora Riggs. A cash prize of \$10 will be awarded to the winner, Taylor said. Out of town judges are to select the winner.

GAINES COUNTY NEWS

A native Abernathian last week was named to head the Olton Public School System as superintendent. In a session that lasted into the early morning hours, Olton School board of education selected Arthur

Noel Johnson, Jr., 34, of Abernathy from a wide field of applicants.

THE ABERNATHY WEEKLY

Harold S. Roberts, long time Andrews resident was sworn in as acting postmaster of the post office here yesterday afternoon. He fills the post left vacant by Mrs. Edger Burkett, who retired Saturday to end 26 years of service in the Andrews post office. A. A. Slingerland, postal inspector of the Lubbock district, administered the oath of office to Roberts shortly after the windows closed and the post office officially ended its fiscal year. The appointment of Roberts to the post office was submitted by the local Republican chairman, Dr. Neil Hayes for Senate confirmation.

THE ANDREWS COUNTY NEWS

More than 100 planes from throughout the area are expected at the annual Fly-In Breakfast Sunday morning sponsored by the Mustang Flying Club at the local airport. Attendance at the breakfast is not restricted to those arriving in planes, club officials announce, but the public is invited. Tickets are on sale at Corner Drug for \$1.00 each or they may be obtained at the breakfast Sunday morning.

THE ANDREWS COUNTY NEWS

Harold "Hal" Goodson, son of Mr. and Mrs. Bill Goodson of Muleshoe, and The Raiders, rising young musical group of recording stars, will appear in person Friday night at Cox Junior student at Texas Tech, Drive-In Theatre. Hal is a majoring in industrial engineering. They are scheduled to appear in Las Vegas, Nevada, and Hollywood during the summer. The group has two hit records going for them at present.

THE MULESHOE JOURNAL

Mr. and Mrs. R. L. Garrett and family of South San Francisco, Calif., who have been visiting in the home of Mr. and Mrs. E. S. Bandy, spent the weekend in Odessa visiting in the home of Mr. Garrett's sister, Mrs. Walt Whitmore. They plan to visit in the Bandy home until July 22 at which time they will return home.

Safety Association Poses Quiz on Driving Habits

Almost every motorist has, at one time or another, been reasonably well exposed to the good rules of traffic safety. But, unless we constantly "check up" on good-driving habits, they become tarnished with the grime of hazardous carelessness. This 10-question quiz from the Texas Safety Association may help you brighten the best safety device ever put in your car—YOU!

1. You are stopped for a red light. When the signal changes, you should: (A) honk your horn to warn pedestrians, then start at once; (B) pull slowly into the crosswalk to nudge pedestrians out of the way; (C) wait until the pedestrians who have started across reach the curb safely before moving your car.

2. Since there is no sidewalk near your house, you should: (A) walk with traffic, on the right shoulder of the road; (B) walk facing traffic, on the left shoulder of the road; (C) walk anywhere you please, after all you pay taxes, too.

3. When driving around a curve, you should: (A) slow down, depress clutch and coast around it; (B) speed up at the beginning of curve and be ready to use brakes if necessary; (C) slow your car with the engine before reaching curve, start around and then accelerate just before reaching straightaway.

4. When you come to a railroad crossing, you should: (A) stop, then proceed with caution; (B) hurry across; (C) slow down and look in both directions.

5. When you meet cars at night, you should use: (A) bright lights, so you can see other cars clearly; (B) parking lights so other cars can see you clearly; (C) dim lights to avoid blinding other drivers and still be able to see the road ahead.

6. "Riding the clutch" will result in (A) better control of car, because you can shift gears quicker; (B) excessive clutch wear; (C) a saving on gasoline, thus driving costs.

7. Night driving is more hazardous, because: (A) of poor visibility; (B) there are more drunk drivers on the road; (C) you get sleepier at night.

8. When planning to turn right, you should: (A) give a signal with your stoplight; (B) drive in extreme right hand lane and give hand or turn-light signal; (C) slow down and toot horn.

9. When parking parallel to curb, on a down-hill grade, it is safer to: (A) keep wheels parallel to curb, thus preventing tire wear; (B) turn wheel into curb and set handbrake; (C) put car in gear and hope nothing happens.

10. When you have a flat tire, while driving, you should: (A) put brakes on quickly so to avoid ruining the tire; (B) depress clutch and coast to a stop; (C) take foot off gas and apply brakes cautiously.

Denver City

Mrs. Ruth Ragsdale has returned home following a stay in Methodist Hospital in Lubbock. Roland Johnson was a Lubbock visitor Monday.

Don Ham of Amarillo visited friends in Plains over the weekend. He was returning to Amarillo after bringing his wife to Denver City to visit in the home of her parents, Mr. and Mrs. John Wise, for a while.

Mr. and Mrs. A. J. Hale and family of Lamesa visited in the home of Mr. and Mrs. Kenneth Hale Friday night.

Mrs. Cleva Lusk of Midland visited relatives and friends in Plains recently.

Mrs. James Earl Sherrin of Topeka, Kansas has been visiting friends and relatives in Plains and Tokio for the past few weeks.

ROBERT HENARD, Yoakum County rancher, and Don Powell, range conservationist with the Yoakum SCD, look at a pasture of weeping lovegrass on the Henard ranch which has been used as supplemental grazing and for seed production.

LEON SIMPSON looks at his seed crop to determine when the seed is ready for harvest.

Roping to be Held Saturday at Arena

The Plains Roping Club Arena will be the scene of a three-calf Jack-Pot Roping Saturday night, July 20, at 8:00 p.m. Each roper who enters must pay an entrance fee of \$23. The prize money will be split three ways.

All amateur ropers are invited to participate in this roping, according to the Roping Club secretary, Newlon Rowland.

There will be an admission charge of 75c with children under 10 being admitted free.

Oil

(Continued from Page One)

2 E. H. Jones.

The project is 1,980 feet from north and east lines of section 490, block G, CCSD&RGNG survey. It is to test above 6,900 feet.

One and one-half miles west of the North Russell (multipay) field of Northwest Gaines County, Magnolia Petroleum Company completed No. 1-B Jones as a Clear Fork producer.

The well finished for a 24-hour pumping potential of 138 barrels of 31.1 gravity oil, through five sets of perforations from 7,438 to 7,700 feet. No water was made with the oil.

Location is 660 feet from north and east lines of section 29, block AX, psl survey, 11 miles southwest of Denver City.

Continental Oil Company No. 3-D-46 W. M. Moore is to be drilled as a 7,900-foot project in the Wasson (72 and 66) field of North Gaines County, 1 1/2 miles south of Denver City.

Drill site is 1,980 feet from north and 660 feet from west lines of section 46, block AX, psl survey.

Conoco and Shell Oil Company No. 11-D-48 Wasson is a new well two miles south of Denver City in the Wasson (72) field.

On 24-hour potential test, it flowed 560 barrels of 37.4 gravity oil, through a 40/64-nch choke and perforations from 7,322 to 7,418 feet.

Location is 1,980 feet from south and east lines of section 48, block AX, psl survey.

F. T. Brahaney of Midland On 1-368 Sherm, new 5,400-foot project in the Brahaney field of Central Yoakum County, will be drilled 660 feet from east and 1,980 feet from south lines of section 368, block D, J. H. Gibson survey.

Lovegrass

(Continued from Page One)

lands and for pasture during shinnery time. Supplemental pasture such as weeping lovegrass can greatly increase the carrying capacity of a ranch.

Robert Henard, a local rancher who was one of the first in this area to plant lovegrass, believes that weeping lovegrass pasture will carry a cow per 10 acres year around under dryland conditions.

There have been many arguments and much controversy over the merits of weeping lovegrass. Some say cattle won't eat it. Others say no one can afford to be without it. Regardless of the opinions (both favorable and unfavorable) more and more of this grass is being planted each year.

Contest

(continued from page one)

contest they have sponsored to date. Roy Stockstill will be master of ceremonies for the contest. The Legion has not yet named judges of the contest, but spokesmen say they will be out-of-county people.

The Legion has engaged The Two Tones to provide entertainment during intermission. Admission for the contest will be as follows: 50 cents for adults and 25 cents for children.

BAPTIST W.M.U. MEETS ON TUESDAY

Members of the Women's First Baptist Church Tuesday Missionary Union met at the morning for a mission study on prayer.

Mrs. S. L. Tingle taught the class to the 10 ladies who were present.

CONGRATULATIONS

Dr. and Mrs. George Moreland of El Paso are announcing the arrival of a son, born June 23 in El Paso. He weighed 8 pounds 3 ounces and has been named Mark Wilford. The proud grandparents are Mrs. Dovie Moreland of Plains and Mr. and Mrs. A. G. Mabry of Hartshorn, Okla. Mrs. Moreland is planning to visit with her new grandson some time in the near future. Mark is welcomed by one brother, George Robert, and two sisters, Marcylyn and Judy Beth.

Group Picnic Held at Park on Friday

The employees at the courthouse and the Elliott and Waldron Abstract Co. and their families enjoyed a picnic in the Stanford Park Friday, July 12. Those attending were Mr. and Mrs. J. W. O. Aldredge, Mr. and Mrs. Charles Dyer and daughter, Mr. and Mrs. Tom Barron and boys, Mr. and Mrs. Bill Moorhead, Miss Yvonne Overton, Mr. Paul New, Mr. Vernon Townes, Mr. and Mrs. Buford Dulin and boys, Mrs. Leland Ellison, Mr. and Mrs. Perry Anthony, Mr. and Mrs. Robert Chambliss and Jerry Wayne, Mr. and Mrs. Clyde Trout and boys, Gene Payne and Frances, Mrs. Bob Myers, Mr. and Mrs. Bert Bartlett, Mrs. Gene Phillips, Miss Nell Randall, Mrs. Sue Townes, and Mr. and Mrs. W. M. Overton.

HD Club Completes Work on Project

The Sanford Valley Home Demonstration Club met Wednesday, July 10, at the club room. It was a special meeting for the purpose of completing leather work and to work on aluminum pictures. This work had been started at a previous meeting. Refreshments of cake, iced tea, and coffee were served to all those present.

Supporting Your Town

Merchants who do not advertise are invited to read the following from the American Bankers Magazine as it might give you a new slant on business, your own business as well as the matter of building your town.

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half, or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising man.
