Three Presented Medals As Winners In Essay Contest

Three girls from the Plains School received medals as regional winners in the Fort Worth Press Essay contest in presentation ceremonies held at Littlefield Thursday night. Medals were presented to Judy Lowe, Marsha White and Jeannine St. Romain by Walter R. Humphrey, Editor of the Fort Worth Press. In making the presentation to the essay winners, Humphrey emphasized that the competition was strong and that being selected as winners in either the state or regional contests was an honor for which they could justly be proud. Humphrey pointed out that more than 32,000 entries were submitted to the state contest and that more than 8,000 entries were submitted from the 51 counties in this region. Marsha White and Judy Lowe were selected as first place winners in the junior high and senior high division of the local essay contest sponsored by the Yoakum Soil Conservation District. Attending the presentation ceremonies in Littlefield in addition to the winners being honored were: Mr. and Mrs. Leo White, Pete St. Romain, Mrs. Jack Lowe, Rusty McGinty, Loren Gayle and Mr. and Mrs. Wyatt Lipscomb.

Appreciation Banquet Held on Monday Night

The Plains School appreciation banquet was held Monday night, May 12th at the school cafeteria with approximately 135 present. The invocation was given by Rev. C. J. Coffman. Miss Jo Ann Bailey rendered a vocal solo, "Beautiful Colorado," by DiLuca, accompanied by Miss Jeannine St. Romain at the piano. The dinner was prepared and served by the Plains FHA girls. G. D. MEMORIAL DAY SERVICE TO BE HELD MAY 28

There will be an old fashioned cemetery work day and memorial day services at the cemetery early Wednesday morning, May 28. Everyone is urged to come. The men are asked to bring hoes and shovels. The women will bring basket lunches which will be served in the park if the weather permits if not it will be served at the Esa Mo Ga Club house.

Dog Vaccinations Day Is Set For Saturday, May 24

A vaccination day has been set for dogs on Saturday, May 24, and dog owners are urged to remember that date and bring their dogs to the city hall for their rabies shots. The Plains Boy Scouts will again participate in the vaccination and will receive 25 cent of the \$2.50 fee which will be charged. Dr. A. J. Mabry, who has been coming to Plains for the last few years will be here to do the vaccinating. He has set the hours for vaccinating from 8 a.m. to noon.

The Plains city council has voted to construct a dog pound and enforce an ordinance passed several years ago, whereby all dogs not vaccinated and wearing a tag will be impounded. Such a dog will be kept impounded for three days and if not claimed during that time, will be destroyed. A dog owner who claims an impounded dog will be required to pay a fee of \$2.00 for its release and have the dog vaccinated.

The action of the city council has been necessitated by the great number of stray dogs roaming the city, and the fact that four school children have recently been bitten by a stray dog on the school play ground.

Over 60 Boys Report Saturday For L.L. Try-Outs

Activity at Plains Little League field took on added importance Saturday, May 10th, as the Little Leaguers reported for "try-outs" for the 1958 Little League season. Playing under its first year franchise some sixty odd boys reported the opening day for try-out. The selection of teams will take place, Thursday, May 15th. See LITTLE LEAGUE on Page 8.

4-Year-Old Boy Killed By Bullet In Tragic Accident

The life of little Ruben Diaz, Jr., four-year-old son of Mr. and Mrs. Ruben Diaz of near Plains, was snuffed out by a .22 calibre bullet in a tragic accident last Thursday morning shortly after 10 a.m.

The parents are employed on the Smyer farm five miles west of Plains.

According to officials of the county sheriff's department, who investigated the accident, the little boy and his five-year-old sister were playing in the Diaz home while their folks were working in the field a mile from the house.

The two apparently found the rifle which had been put away in a closet, and some bullets, and managed to load the gun. The rifle was accidentally discharged with the bullet striking the boy on the left side of the nose and traveling through the head.

The foreman at the farm rushed the boy to the Yoakum County Hospital, but he was dead on arrival. A verdict of accidental death was returned.

Final rites were held on Friday at Meadow under direction of the Denver City Funeral Home.

ACP Payments Total \$48,185

Under 1957 ACP Program Yoakum County Farmers earned \$48,185.00, for caring out approved ACP Practices. According to W. M. Overton, ASC Office Manager payments have been made to 144 farmers on 136 farms. The Practices paid for included deep plowing, 10,974.0 acres of cropland, planting summer legumes, planting winter legumes, application of cotton burr, drilling water wells on range land, and stubble mulching. Payments have been made under the 1958 Program for Deep Plowing 2447.0 acres cropland. Funds are still available and approvals may be issued for any of the approved practices but to be eligible for payment requests must be made before any practices are started. A list of the 1958 Practices may be obtained at the ASC Office.

Soil Stewardship Week Is Observed Locally

This week is being observed as Soil Stewardship Week by Soil Conservation Districts and Churches throughout the country. Soil Stewardship week is sponsored by the National Association of Soil Conservation District Supervisors and National Church organizations. The purpose of Soil Stewardship week is to emphasize the importance of good soil management and the importance of soil to us, the citizens of this country. Soil as a natural resource is our most abundant and valuable asset. However, if we do not care for the soil it may be wasted and eroded beyond repair, never to be enjoyed and used again. Soil is many things to many different people, to some it is the source of bread, vegetables and meat, to others it is grass for wool, mutton, and beef, to still others it is cotton and other fiber crops and to many of us it is beautiful and many colored flowers surrounding a deep, green lawn to be enjoyed by all who see it.

The Soil Conservation Service at the request of the Soil Conservation District Board of Supervisors furnish technical assistance to the farmers and ranchers to help them keep their soil in a high state of production and to control erosion.

A part of this technical assistance is an inventory of the soils or a Soil Survey. There is a survey in progress in many of the Soil Conservation Districts on the High Plains and throughout Texas.

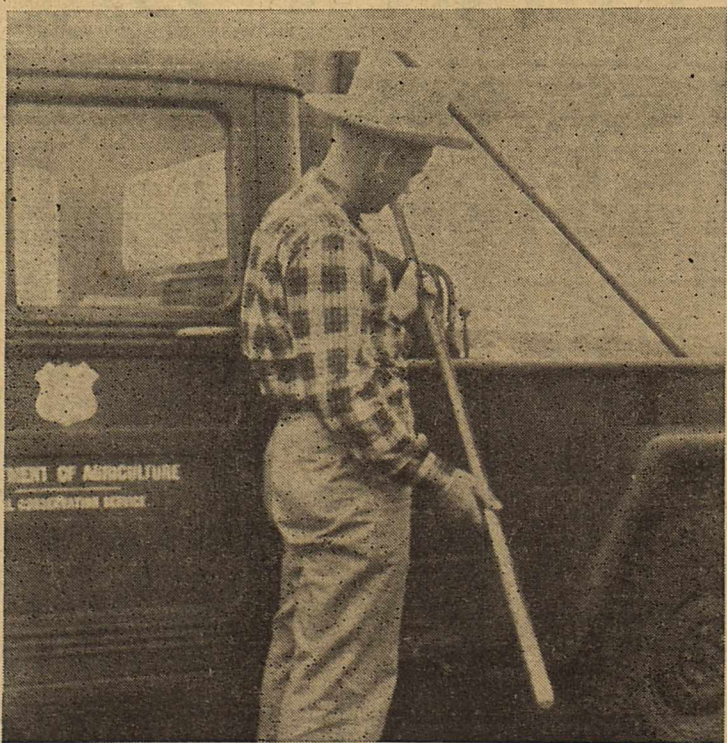

If you see a man coming across your place in a government pickup digging holes he is the man making the soil survey, a Soil Scientist working for the Soil Conservation Service. Since 1952 the Soil Conservation Service has had the responsibility of making the soil surveys throughout the United States.

When a soil survey is made on a farm or ranch, the soil scientist digs holes in the land,

Lea County Co-Op Sets June 10th For Annual Meet

The Board of Trustees of the Lea County Electric Cooperative, Inc., has set June 10 1958 for the date of the Annual Membership Meeting of the Cooperative. The meeting will begin at 5:30 p.m., Tuesday, the 10th of June, with registration of members, followed by a barbecue dinner for the members to be served by the Odessa Chuck Wagon Gang.

The Annual Meeting of the Cooperative is the time when the Board of Trustees and Management report to the membership on the year's activities and progress of the Cooperative's operations. Each membership or joint-membership of the Cooperative has one vote in the selection of trustees or any item of business which may come before the meeting.

The Committee on nominations will meet in the very near future and make nominations to the vacancies on the board and in accordance with the Cooperative By laws.

As in past years, the Cooperative material suppliers and businessmen within the area will furnish door prizes. The Cooperative will give a grand prize which will be a major appliance. These prizes will be given away at the end of the meeting.

Mr. R. B. Moore, General Manager of the Cooperative, sincerely hopes to have a good representation from the membership so that the people served by the Lea County Electric Cooperative may understand and further appreciate the success of their Cooperative over the past years.

Peggy Peeler Weds Lanny Cooke

One of the season's loveliest weddings was held Tuesday evening May 6, at the First Baptist Church, when Miss Peggy Marie Peeler, daughter of Mrs. Susye Peeler, became the bride of Lanny Ross Cooke, son of Mr. and Mrs. W. P. Cooke of Lovington, New Mexico.

The Rev. F. C. Bradley, Jr., read the double ring ceremony in the soft glow of candlelight, as the young couple stood before an archway decorated with lemon leaves and white spirea, centered with silver bells and white ribbon. On either side were candleabra holding white tapers with lemon leaves and spirea and wicker pedestal basket arrangements of yellow glads and yellow dutch iris with lemon leaves.

The bride given in marriage by her brother Ralph Peeler, wore an original model of Chantilly lace and tulle over net and taffeta designed with Sabrina neckline outlined with scalloped lace. The fitted bodice had tiny sleeves complemented by gauntlets, and terminated with long torso waistline accented with cord. From this stemmed a voluminous floor length skirt made of tulle over net and taffeta, and highlighted with peplum of scalloped lace holding a full length panel of lace down center front and back.

Her veil of illusion lace was caught to a half hat of Chantilly lace and she carried a cascade of white butterfly roses, centered with detachable glabella corsage on a white Bible.

Miss Bettye Peeler attended her sister as maid of honor, with Miss Janette Peeler, also a sister and Mrs. Kenneth Good of Lubbock as bridesmaids and Miss June Cooke, sister of the groom, as junior bridesmaid. Carolyn Roberts was flower girl carrying a basket of yellow satin and net filled with white rose petals, and candlelighters were Miss Pat Cooke sister of the groom and Madeline Greaves of Lovington.

Attendants of the bride all wore white polished cotton dresses, complemented with taffeta cummerbunds and white lace picture hats. The maid of honor's bouquet was a cascade of feathered yellow mums while the bridesmaids carried colonial bouquets of yellow pom-pom mums and yellow leaves.

Serving as best man was Mr. Bobby Cooke brother of the benedict with Tommy Humphreys of

Lovington and James Towns of Plains as groomsmen. Douglas Greaves of Lovington served as junior groomsman and ushers were Charles Martin and Buddy Wade.

Nuptial music was furnished by Mrs. Carl Nance, who also accompanied Joel Graves of Colorado City Texas, as he sang "Because," "I Love You Truly" and "The Lord's Prayer."

Mrs. Peeler selected for her daughter's wedding a rose beige lace dress with black patent shoes and bag, and sky blue accessories. Her corsage was of white dutch iris. Mrs. Cooke, mother of the groom wore pink lace with black patent shoes and bag, and white accessories. Her corsage was also of white dutch iris.

The bride chose for her going away dress a gray pima cotton chemise with white Peter Pan collar and three-quarter sleeves.

Following the wedding, a reception was held in Fellowship Hall. The table was overlaid with a beige cutwork cloth, and was decorated with the bride's and attendants' bouquets. The four-tier wedding cake, trimmed with yellow roses, was topped with a miniature bride and groom. White napkins with golden bells were imprinted with the names "Peggy and Lanny."

Mixed fruit punch and cake was served by Mrs. Bob Conger, Mrs. Jo Underwood and Mrs. Bill Gray. Acting as hostesses were Mesdames Sid Wade, Bill Landes, Ray Bowley, Ray Baker, Ed Creech, Irby Ward, W. I. Martin and H. B. Graves.

Her accessories were of white, and she wore black patent shoes and carried a matching purse. Her corsage was taken from the bridal bouquet.

Following a wedding trip to various points of western New Mexico, the bride is continuing with her work with Shell Oil Company here until she can join her husband when he completes his advanced training at Camp Gordon, Ga. He has just completed eight weeks of basic training at Fort Carson, Colo.

Out of town guests for the wedding included Mrs. T. B. Graves and Jerel of Colorado City, Mrs. Rufus Key, Jackie and La Dene and Mr. and Mrs. Roy Clark, all of Fort Worth, LeRoy Hicks of Wink, Mr. and Mrs. Elton Cooke and Sue of Loveland, Mrs. Lloyd Badgett and

Dennis of Tatum, Mr. and Mrs. E. L. Lumpkin and Joan of Loop, Miss Ethel Cooke and Miss Lillian McElroy of Odessa, Mrs. Bill Best, Lubbock, and Mr. and Mrs. Edwin Cooke of Loving, New Mexico.

Band Awards To Be Instituted

J. D. Campbell, director of the Plains school bands, announced this week the institution of two awards in band. They are the John Philip Sousa Memorial Award to the outstanding graduating senior in band, and the Plains band medal to outstanding boy and girl graduates of the Junior High school in band.

The John Philip Sousa award is sponsored by the Instrumentalist magazine as a memorial to Sousa, the great American bandmaster and composer. Sousa directed the U. S. Marine Band for many years, and is known as the "March King," because of his many famous marches. He was the composer of "King Cotton," "Daughters of Texas," "Washington Post," "The Stars and Stripes Forever," and hundreds of other famous marches.

Given in schools throughout the nation, the Sousa award consist of a trophy, a certificate, and a lapel pin. A memorial plaque will be kept at the school and the name of each year's winner will be engraved on the plaque. The award is limited to one graduating senior each year who has made an outstanding contribution to the band by his or her efforts.

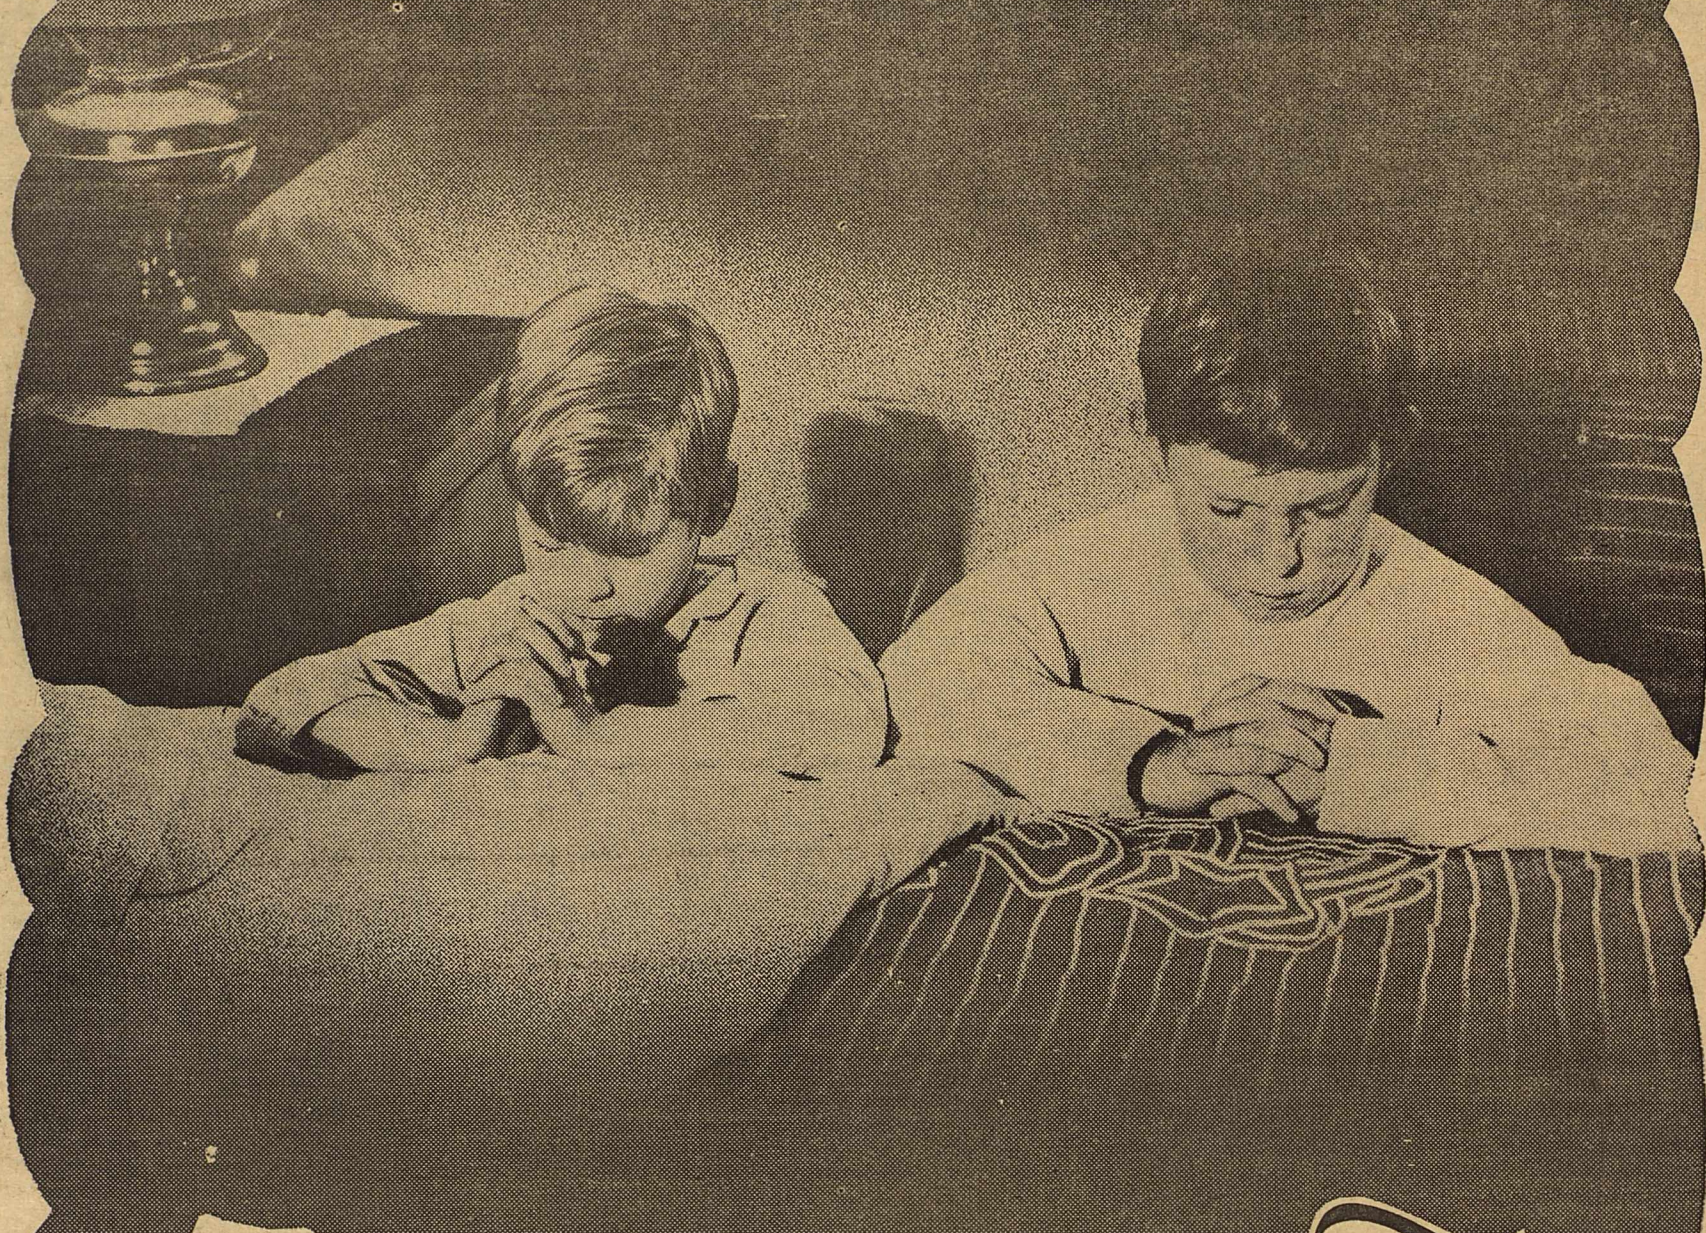

Medals will be awarded to the outstanding boy in band graduating from the Junior high school, as well as to the outstanding girl. The awards will be made during the commencement exercises of the schools.

Mr. and Mrs. Robert Chambliss were in Brownfield Sunday visiting in the homes of their mothers, Mrs. Elco Evans and Mrs. L. D. Chambliss.

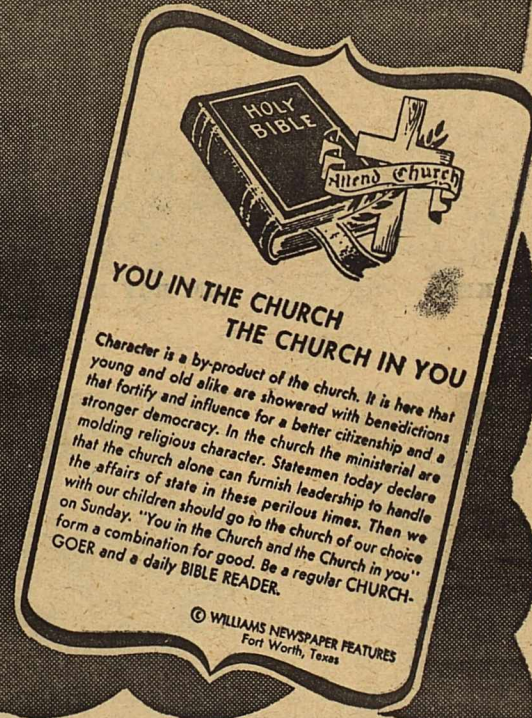

Mr. and Mrs. A. T. Bandy of Lubbock and Mr. and Mrs. D. L. Bandy of Meadow were visitors in the home of Mr. and Mrs. E. S. Bandy Sunday.

OUR DUTY

Every child has a right to go to bed with a clear sense of the care and love of the God in whose world he has come to live. We impoverish little folk if we fail to surround them with a sense of divine concern. Oh, for the faith of that child. A child can pray. They believe the whole round world is bound by chains about the feet of God. It is our duty to teach them, to lead them, to take them to church regularly. When they say, "Our Father," the affirmation of trust and affection for God can be felt. This is religion at its best. May every child know the blessings of good teaching at home and at church. It is our duty to teach them to revere God and to ask His blessings on them. May they at each bedtime say, "Now I lay me down to sleep. I pray the Lord my soul to keep."

**Political
Announcement**

Harold C. Watson, well known Denver City businessman, and candidate for the office of county clerk of Yoakum County, issued the following statement this week in connection with his candidacy for that office:

"I asking for your support in my candidacy for County Clerk, I am sure you would like to know something of my background.

"On July 15, 1944, while employed by a major pipeline company, I was transferred to the Wesson field office and moved with my family to Denver City from Colorado City, where we had resided for almost 14 years.

"In 1949, the company I worked for transferred me, but since

we had established our home in Yoakum County, I resigned and accepted a position in the local school business office. After five years in that job, a business opportunity presented itself, and I engaged in the trucking business until January 1st of this year.

"Prior to coming to Denver City, I spent several years as bookkeeper in my hometown bank.

"My wife and I have three children—the oldest daughter, Mary, graduated from college. Bettye, daughter of Eli Casey and is employed in the Yoakum County State Bank here, and Sam is a sophomore in high school.

"I feel that my varied business experience will enable me to fulfill the duties of the office I am seeking, and, if elected, I assure you that I will do my utmost to merit the confidence placed in me."

TO EXHIBIT BREEDING CATTLE IN '59 YOAKUM COUNTY STOCK SHOW

A committee composed of Bob Loe, Pete Bryson and Pat Hendard was appointed by the board of directors of the Yoakum County Livestock and Agriculture Improvement Association to work out the details of a division for breeding cattle in the 1959 show. The committee met last Friday night in the county agents office and put together the following rules and regulations which will be submitted to the directors for their approval.

RULES AND REGULATIONS

1. Livestock in the 1959 show of breeding beef cattle may be entered by any youth or adult who is a resident of Yoakum County, any youth who attends school in Yoakum County or any adult whose children would normally attend school in the county and be eligible to enter animals in the Junior Fat Stock Show.

2. For the 1959 show, entries in this division will be limited to registered beef cattle including the following breeds: Herefords, Aberdeen Angus and Santa Gertrudis. Each breed will have the same age classifications but there will be no competition between the breeds. A grand champion male, a grand champion female, a reserve champion male and a reserve champion female will be selected from each breed where enough animals are entered to make the above selections.

3. Each breed will be divided into the following classes:

- Yearling Bulls: Calved between January 1, 1957 and August 31, 1957.
- Bull Calves: Calved between September 1, 1957 and March 31, 1958.
- Grand Champion Bull—Re-

- serve Champion Bull Yearling Heifers: Calved between January 1, 1957 and August 31, 1957.
- Heifer Calves: Calved between September 1, 1957 and March 31, 1958.
- Grand Champion Female—Reserve Champion Female

4. Each animal must be owned by the exhibitor for at least six months prior to the show and the registration certificate will be used as verification. The exhibitor shall be required to show to the superintendent of the breeding beef cattle division, a registration certificate showing the date the animal was born and the date that transfer of ownership was made if the animal was purchased.

5. All cattle in the breeding show must be halter broken, fitted and trained for show. No animal will be allowed in barns that is not going to be led into the show ring for judging. The superintendent of this division or the general superintendent can request any animal to be removed from the barns in case he feels the animal is dangerous.

6. An entry fee of \$2.00 per animal will be charged which will be used to purchase ribbons, banners, trophies, etc. Any excess entry fees not used during one year may be kept by the Association and used during later years for the above stated purpose. All entry fees will eventually be used for awards in the breeding animal division. All bedding for breeding animals can be purchased on the grounds and no bedding will be furnished by the Association.

7. Each exhibitor is encouraged to hang easy-to-read signs

Soil

(continued from page one)

If you see him making a map of your farm he will be glad to tell you about your soils and show you how the various soils are different on your farm.

Under the National Cooperative Soil Survey, a "natural" classification is used. Soils are classified on the basis of their natural characteristics and their obvious differences. For example, if two soils are alike except for depth they are placed in different types because depth can influence many things, such as water holding capacity, amount of fertility and ability to produce crops along with many other things. The soil survey is just one of the various types of technical assistance offered to the Soil Conservation District cooperators by the Soil Conservation Service.

Each of us has a responsibility in the caring for our soil and maintaining its fertility and productive power through the years—your Soil Conservation District and the technicians assisting the District are tools you can use in helping you in this effort.

Mr. and Mrs. L. H. McBee of San Antonio were recent guests in the home of Mr. and Mrs. Walter McClellan. Mr. McBee is Mrs. McClellan's uncle.

or posters over his herd or over individual animals showing pedigree, bloodlines, etc.

8. All animals in this division should arrive at the show barns before 12:00 noon, Thursday, and the show for these animals will be held Friday morning. All breeding animals will be required to remain on display until the completion of the sale on Saturday, February 28th.

Little League

(continued from page one)

When managers Newland Rowland, Glenn Middleton Bob McDonnell and Bob Long, "pit their wits" and points on their players. Some twelve boys who participated last year, will be the nucleus for the managers to build their teams around.

The season will open Tuesday, June 3rd, for official League play.

Much work is being done on the playing field, north of the high school. This project is under the direction of the Plains Lion Club. According to Lions Boss, D. N. Taylor, the field will be ready for play, the first week in June.

All boys of Little League age are urged to come out for Little League baseball.

Thoughts by Jerry

Noticed in a recent magazine where all the candidates for Governor of a neighboring State had hired themselves a hillbilly band to help them get the votes.

Now I figure, if the candidates for Governor think it wise to hire a band to help them, a man running for Judge of Yoakum County should hire Lawrence Welk's Orchestra to help him as the Yoakum County Judges race is sure more important than a Governor's race.

However, I am a little short of funds right now so don't be surprised if I come around your way playing my mouth organ. JERRY PAQUIN FOR COUNTY JUDGE.

Thank You. Jerry Paquin (Pol. Adv.)

Mr. and Mrs. Don Turner and daughters of Lovington N. M. were visitors Saturday in the home of Rev. and Mrs. R. H. Meixner and family.

ACROSS THE CATTLE GUARD

by LEO W. WHITE
County Agent

Several things that needed to be done during the past two weeks got pushed aside because of some 4-H club members entering the district contests at Lubbock. The contests entered were: public speaking, share-the-fun and rifle shooting. These things may seem a little far fetched from 4-H club work in Yoakum County but they actually connect directly with it. 4-H club work cannot be tied down to producing crops and livestock and leave everything else off even in a strictly livestock and crops producing area.

4-H Club Work is a program designed to develop boys and girls and teach them to know better how to live and how to make a living. Too many times, County Agents have been guilty of paying too much attention to the calf or the pig and not enough attention to the boy and girl. When a youngster learns to do a job by actually doing it, they learn it well. They learn it well enough that they can pass some good information on to someone else. That should be the ultimate goal of each 4-H club member. By helping someone else with their project because of something they learned through a project program is what makes them a projector. It is very easy to think only of the project and forget the projector.

While I was in Lubbock last Saturday it fell my job to be in charge of the livestock judging contest. There is where I realized my guilt and I vowed to come back home and start working to have a team in that contest. One of the requirements of a member of a 4-H livestock judging team is that he must have completed a meat animal project during the current year. He must also be at

least 14 years old. We would have a hard time finding three eligible boys and enter the 1958 contests in livestock judging but we have some younger boys who will be ready before long. In order to have a good livestock judging team you have to start training on them early in life. By teaching them some livestock judging along with livestock feeding and showing will remove at least part of that guilty feeling.

In a livestock judging contest each team member has to place several classes of livestock and then give his reason orally for placing them as he did. This business of giving reasons really will teach a youngster to make a talk. He has only a few minutes to prepare each set of reasons so he really has to think fast. It is good training for any boy and you seldom see a boy who has had some experience in livestock judging that does not enjoy the work and would like to keep it up. They learn confidence in themselves and they gain knowledge that can be applied in later life.

There is one thing that has been lacking but that situation has been improving rapidly. Until recently we have not had any sheep to practice on but now I believe there are enough sheep in this county so we can train a pretty good team. Some counties have a local judging contest in connection with their county livestock show. In this county we could have some practice sessions at the same time we have our monthly weigh days. I hope that within a few years it cannot be said of the agent in Yoakum County that he thinks only of the project and forgets the projector.

TO OBSERVE ARMED FORCES DAY AT REESE AFB SATURDAY, MAY 17

Additional displays, demonstrations and events slated for Reese's "open house" during Armed Forces Day, May 17, have been announced by Lt. Col. Raymond R. Ray, Project Officer.

Prior confirmed events include a fly over by 19 Navy and Air Force aircraft, a static display of 28 Air Force, Navy, and Aero Club planes, pilotless aircraft flights artillery firing demonstrations a cutaway "Nike" guided missile display, helicopter maneuvers, and display of a satellite radio model. The aircraft displays and flyovers range from Piper Cubs to the latest model jet fighters and bombers.

Other displays consist of ground powered motor pool equipment such as a 20-ton crane, electric line construction truck, a 6,000 pound capacity

fork lift truck, drivers school mock-ups, a five-ton all-purpose wrecker, and a tug used for towing aircraft and trailers.

Also, visitors may see a Marine field maneuver, a 3500th Pilot Training Wing parade, special music by Texas Tech's Army-Air Force ROTC band, and precision drill by Tech's AFROTC "Sabre" and "Angle" flights.

One of the day's highlights will be a sonic boom pass over Reese by an F-100 jet fighter. The plane, which will be flying 10 minutes in the area, will make the pass at 3:50 p.m. from 45,000 feet at transonic speeds. The boom will be aimed at the unpopulated area of the base, and the aircraft will pull out to the northwest away from towns and villages. Reese officials emphasized that no possible damage could result from the boom.

Meanwhile many other activities for the open house are being planned to make Armed Forces Day one of the most interesting and informative ever held at Reese, Colonel Ray stated.

These include additional exhibits of military equipment and an information program portraying characteristics of aircraft, both on and off the ground, and other items on display.

Open house activities will begin at 8:30 a.m. and run until 5 p.m. Visitors will be able to walk through and around aircraft. The flyovers sonic boom, artillery firing, music, and drills will be scheduled closely throughout the day.

Congratulations GRADS of '58!

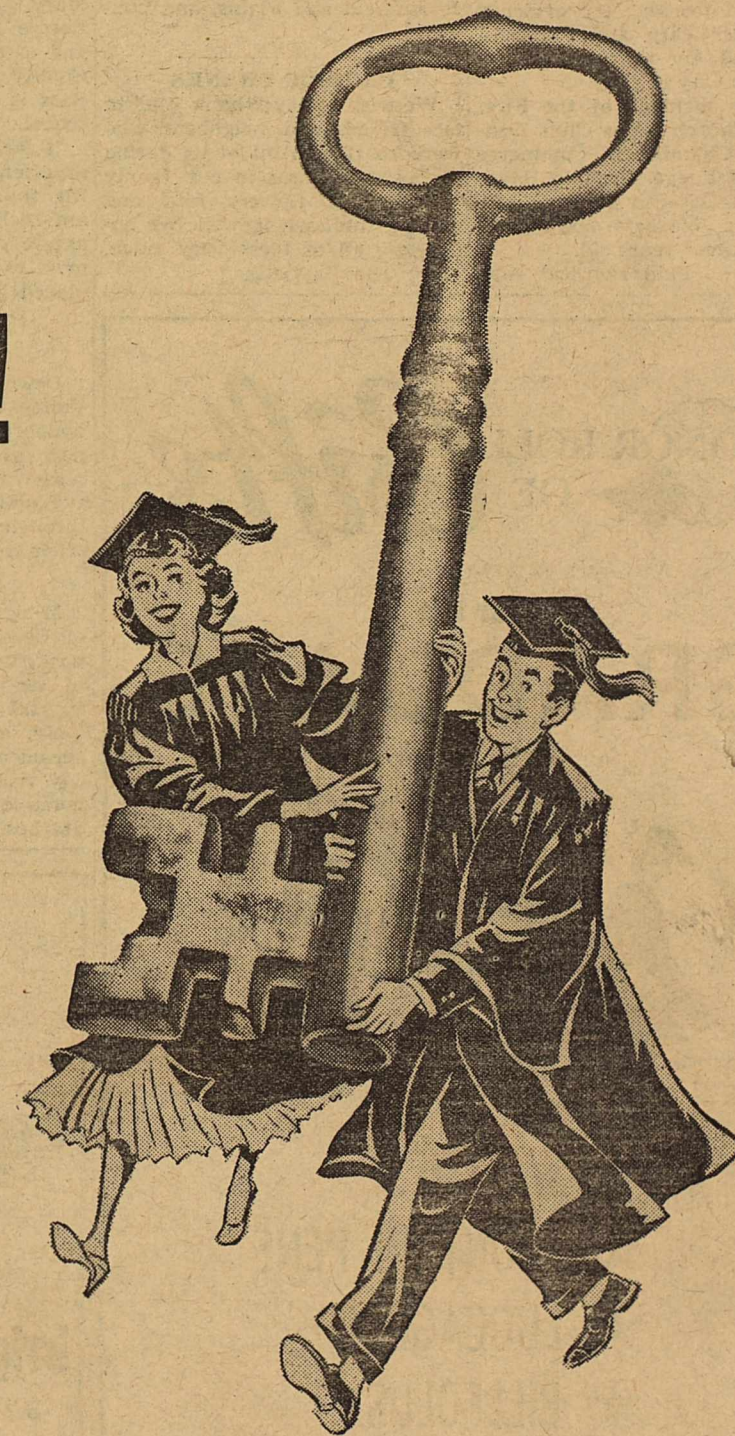

You hold the Key to the future of this great nation of ours . . .

OPPORTUNITY IS KNOCKING . . . Opportunity for a long and happy life, the opportunity to go out into the world and make it a better place in which to live.

Are you going to answer it? . . . You've got the key to open the door right there in your hand. It's that diploma, and all that goes with it, all the freedoms of this nation . . . the right to choose your own job, your own religion, your own wife or husband.

So use that key, Graduates. Make the most of your God-given talents. But use them wisely. Use them to add something real and permanent to your life and that of others. Use them with discretion and with respect.

And don't wait too long. Opportunity doesn't go on knocking forever. Answer the door, welcome her in, and may she bring you a happy and successful life . . . one that your loved ones and all the world may well be proud of.
