VOLUME 28

PLAINS, YOAKUM COUNTY, TEXAS, THURSDAY, JULY 31, 1958

NUMBER 31

Present for the open house held at the library Saturday were, left to right, Garland Swann, Mrs. J. W. Beal, Mrs. Norelle Sloan and Mrs. Bert Bartlett. Mrs. Bartlett is county librarian.

Open house at library

Open House was held at the Yoakum County Library, Saturday July 26th, from 1:30 to 5:00 p.m.

The Tsu Mo Ga Study Club sponsored the occasion. Mesdames Garland Swann, C. F.

McCargo, Alf Carpenter, Ty Field, Bobbie Field and M. W. Luna composed the committee in charge of refreshments and registration.

County librarian, Mrs. Bert Bartlett and her assistants, Mrs. Norelle Sloan, Mrs. J. W. Beal, Mrs. Randall Morton and Mrs. Susie Heath greeted the guests and showed the nice display of books already on hand.

Several eye-catching posters were arranged and should prove helpful in selecting books in their field.

One poster depicted the notable books of 1957, another poster in keeping with "old settler's day" which was celebrated Saturday, displayed books suitable to the area.

"It's always book time" illustrated by a large clock face displayed children's books in the library.

One hundred eighteen guests registered. Out of town guests registering were; Mrs. Ara Earnest and A. R. Anderson from Odessa, Ben Hurst, Wellington, Mrs. Bob Wright and children, Mr. and Mrs. Harold Watson, Don Hancock, Denver City; Mrs. Jack Stegal and Jane Stegal, Bronco; Mr. and Mrs. Preston Murphy, Mrs. W. P. Murphy, Mrs. Clyde Trout, B. F. Lowery and Mrs. Jesse Murphy Tokio; J. M. Lewelling and Johnny Copeer, Lubbock; Mrs. B. M. Chambers, Lovington, N. M.

Also attending were commissioners Clyde Trout and Gene Payne and county judge, Paul New.

The pot plants and floral arrangements and accompanying "good wishes" were appreciated by the library staff.

4-H dress revue to be held Friday

The Yoakum County 4-H dress revue will be held Friday August 1st, at 8:00 o'clock p.m. in the Plains school cafeteria.

There will be a division of blouses and a division of dresses. Blouses will be modeled by young 4-H members and dresses will be exhibited by the high school 4-H girls.

The theme for the revue will be "The Money Tree." Judges for the dress revue will include, Mrs. Raye Hartfield, Lamesa, Mrs. Harriet Jackson, Muleshoe and Betty Hills, Brownfield.

The public is cordially invited to attend.

Les Short to be new manager at Plains Motor

Change of managers of Plains Motor Co. was announced this week by former manager, Virgil Short. Virgil and his family have moved to Denver City where he is employed as general manager at the Lloyd Allsup Chevrolet Co.

Taking over the management of Plains Motor is Virgil's father, Les Short, who was formerly associated with Harding Motors in Brownfield.

Mr. and Mrs. Short plan to move to Plains in the very near future and will be at home 701 East 8th.

Mr. Short stated that he will operate the Plains Motors in the same manner as it has been operated in the past, with friendly courteous service. He invites everyone to stop by and get acquainted.

Final swimming class to start

Foye Flood announced that he will conduct the second and last swimming class for children this summer beginning Monday, August 4, and continuing through 8.

This class is for children and Mr. Flood invites you to be at the swimming pool at 10:00 if you are interested in enrolling.

The classes will be held from 10:00 to 11:00 a.m. each morning.

Mr. Flood will be assisted by Jack Meixner, life guard.

Mr. Flood stated that in the class taught earlier this summer eighteen children learned to swim.

Over 1900 vote as county backs Yarborough, Daniel

Yoakum County voters, turning out in surprising numbers for Saturday's democratic primary election, gave Attorney Don Hancock a substantial margin over his other two opponents for the office of county judge, and went along with the rest of the state to send Senator Ralph Yarborough back to Washington and return Price Daniel to the governor's office.

Unofficial returns placed the total vote at 1935, somewhat over the expected turnout.

Residents gave Hancock a total of 1,113 votes to win the nomination for judge without a run-off. John Derryberry received a total of 637 votes, and Jerry Paquin, 171.

Only run-off in the county is slated for the commissioner's post in Precinct 4, where Clyde Trout will be opposed by Paul Loe. Trout received 102 votes, with Loe garnering 72. Third man in the race, Johnnie Fitzgerald, polled 52 votes.

In the closest race on the county level, H. C. Cotton edged Olan Cox by narrow 56 vote margin for commissioner of Precinct 2. Cotton carried Boxes 7 and 8, but lost to Cox in Box 2. Those three precincts were the only one eligible to vote in the contest.

J. W. O. Alldredge was returned to office as county and district clerk for another term by a margin of 122 votes over his opponent, Harold Watson. The Denver Citizen compiled more votes in Boxes 7, 8, and 9 than did Alldredge, but not in sufficient amounts to overcome the majority given Alldredge in the other precincts.

Mrs. Susan (Vicie) Hinkle was given a decided vote by the residents of the county for another term as county treasurer, compiling 1449 votes for the largest number received in the county races by any candidate Saturday. Maurine Wehrend, making her first bid for political office, was able to garner only 463 votes.

B. J. Smith succeeded in his bid for another term as justice of the peace of precinct 2, receiving 274 votes compared to 549 for his opponent, Oscar Wynn. Smith carried every precinct eligible to vote in the race, with the exception of 6, where the vote stood at an identical 44 for each.

In the race for justice of the peace of precinct 1, S. L. Tingle lost out in his desire for another term, bowing to E. S. Bandy. The final tabulation was 422 for Bandy and 170 for Tingle, with the winner carrying every one of the voting precincts.

R. W. Woodward will again serve the county as democratic committee chairman, receiving 1074 votes to 696 for W. B. Boyd. The vote was nip and tuck until the returns were in from Precincts 7, 8 and 9, where Woodward picked up substantial margins.

In the race for the county judge's spot, Hancock carried by good margins every precinct except Precinct 6, where Derryberry received 59 votes to Hancock's 41.

Voters in the county left no doubt they were strongly for Ralph Yarborough, as the senator or decisively carried each precinct. Price Daniel also was voted in on the county level by a good margin except in Precincts 5 and 6 where only a few votes separated him from W. Lee O'Daniel.

Alton Billings hurt in explosion

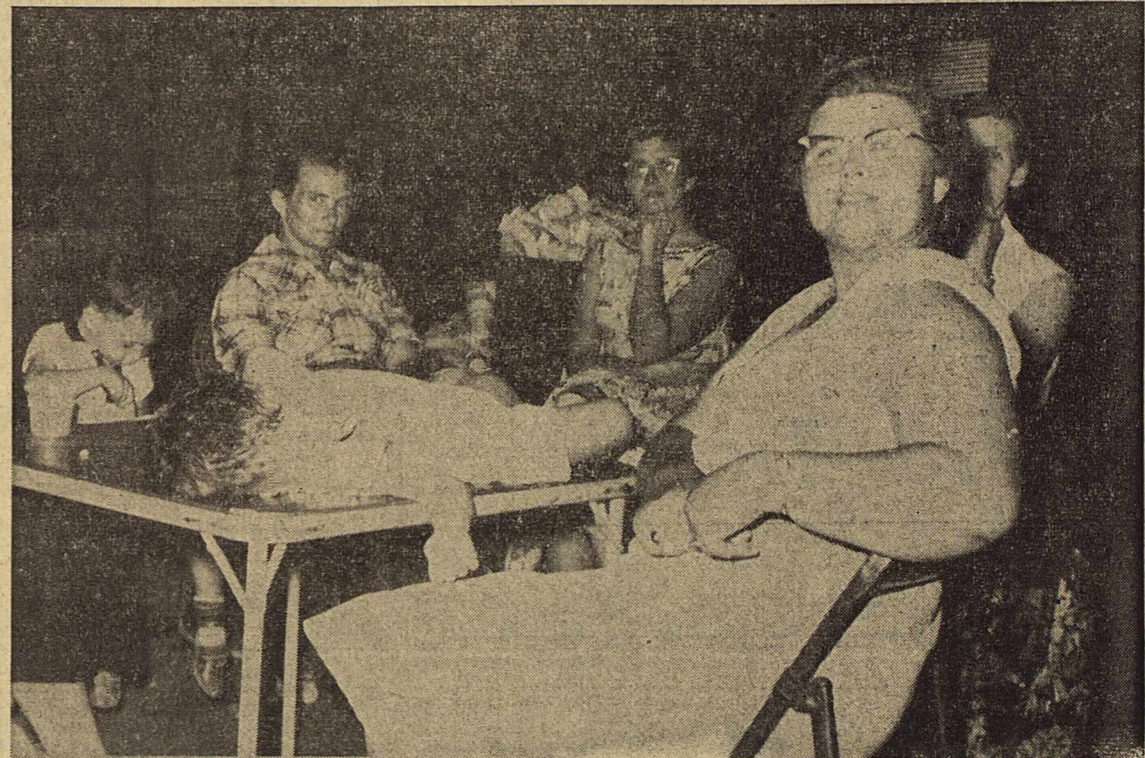

Alton Billings of Bronco suffered second degree burns on his hands and arms up to his elbows last Saturday when the gasoline he was using to clean an air compressor exploded.

He was working in the vulcanizing room when the accident occurred.

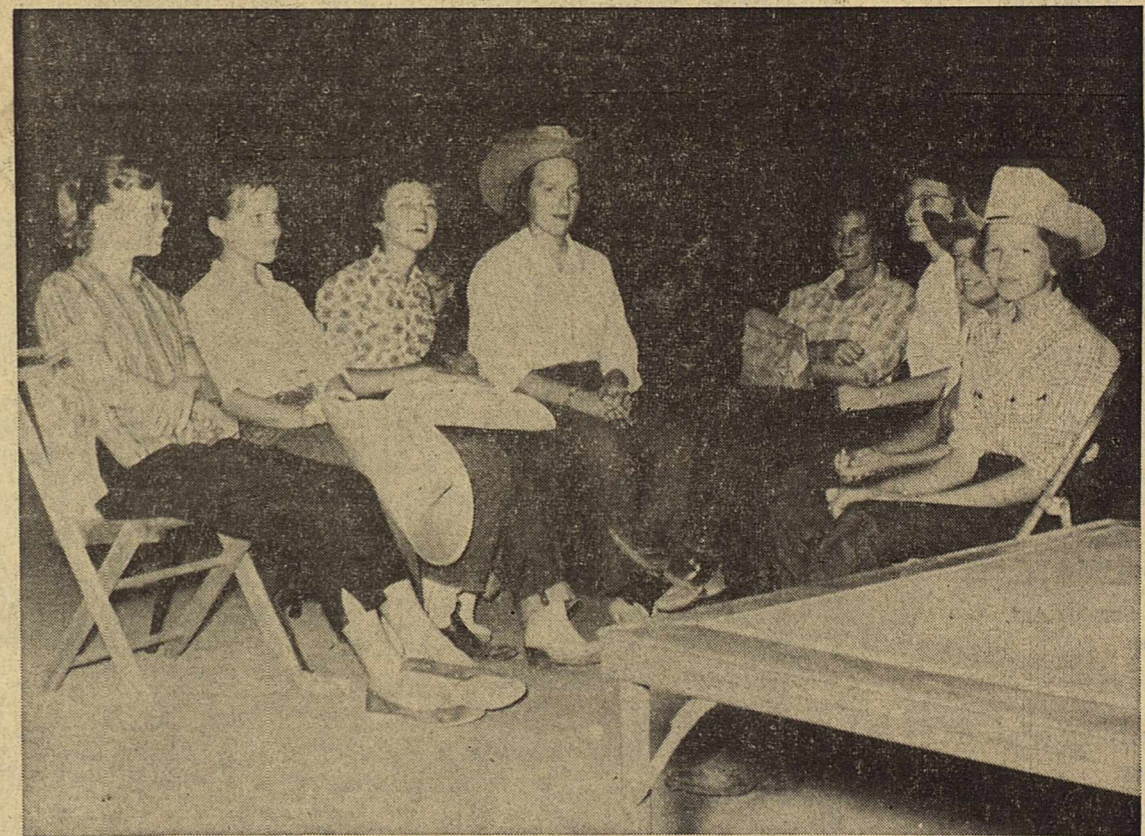

The Plains Fire Department was called but the blaze had been extinguished before they arrived. The only damage resulting to the building was from smoke.

Mr. Billings was rushed to the Yoakum County Hospital where he received treatment and remained overnight.

Over 1,400 attend final activities of big Rodeo

Due to the first year of official play no "All Star" team was chosen. Next year Plains Little League will be allowed to participate in the Little League play-off.

Week day services will begin at 8:00 p.m.

Sunday services will be at 11:00 a.m. and 7:00 p.m.

The public is cordially invited to attend.

Miss Diane Montgomery of Brownfield is visiting this week in the homes of Mr. and Mrs. Delbert Burt and Mr. and Mrs. Frank Sudduth.

The Yoakum County Roping Club's rodeo and old settler's reunion was a wonderful success, according to statements from residents and roping club members.

Well over 1400 were estimated to be on hand for the final performance of the rodeo Saturday night, with about 750 being served for the barbecue at noon. An excellent turnout was also on hand for the Thursday and Friday nights rodeo performance.

E. J. Tilger of Brownfield was winner of the saddle given away by the Roping Club.

Bill Winkle of Plains was recipient of the shetland pony given away by the Lion's club.

Officers of the Roping Club are: President, Rusty McGinty, vice president, Pat Henard, Secretary, Gene Bennett. Directors include, Jack Lowe, C. C. Copeland, Dick McGinty.

Rodeo bookkeepers were Robert Henard, Wyatt Lipscomb and Bob Loe.

Donators of the beef for the barbecue included Sherm Henard and sons, Rusty McGinty, Gene Bennett, Ty Field and Murphy Luna. Special donations were received from Glen Cleveland and Paul Loe.

A total of \$2,277.50 was paid in prize money according to Gene Bennett, secretary.

Rodeo results were announced as follows: Bareback riding, 1st go-round; 1st, Junior Rushing; 2nd, Red Rogers, Odessa; 3rd, Royce Rogers, Odessa; Second go-round: Tying for 1st and 2nd place Red Rogers, Bob Lovin-good, Sweetwater; 3rd Eddie Steward, Sweetwater. Average: Red Roger 1st, Steward 2nd; Charles Hoyt Odessa 3rd.

Buil Riding: 1st, Don Weathers, Odessa; 2nd, Red Rogers, Gatesville; 3rd Jim Crosby, Roswell; 4th, John Treadwell, Lubbock 5th; Polly Hollar, Lubbock; and tying for 6th place were, Harvey Miller, Littlefield, H. L. Mash Littlefield.

An exhibition barrel race was performed each night by local girls. Girls riding included D'Lois McGinty, D'Lynn McGinty, Marsha White, Margaret Henard, Frances Hayes and Marcene Phillips.

Rains beneficial to county crops

Scattered rains that varied from one inch to three inches fell over the county from Saturday night through Monday giving the crops a new lease on life. The rain fell slowly and will be very beneficial, with prospects for a good crop looking much better than they did 10 days ago.

The rainfall measured by local weather observer, John Hague in Plains amounted to 1.32; however one mile north two inches were reported.

Rusty McGinty west of Plains reported three inches, and Roy Guetersloh reported the same amount northwest of Plains.

J. L. Taylor, 10 miles northeast of Plains reported almost two inches of rain was received.

Mrs. Lajana George and children of Lubbock were guests of Mr. and Mrs. Bob McDowell over the weekend.

Commemorative stamp to be issued by post office

The Post Office department will issue a 4-cent stamp commemorating the sesquicentennial of the birth of Abraham Lincoln (1809), on the 100th anniversary of the Lincoln-Douglas debates. This stamp will be first placed on sale at Freeport, Ill., on August 27, the local postmaster reports.

The central design of the stamp is a reproduction of an old print showing Lincoln addressing an outdoor crowd with Douglas standing behind him.

Collectors desiring first-day cancellations of the 4-cent Lincoln-Douglas debates commemorative stamp may send addressed envelopes together with money order remittance to cover the cost of the stamps to be affixed, to the Postmaster at Freeport, Ill. An enclosure of medium weight should be placed in each envelope and the flap either turned in or sealed. Envelopes submitted should be of ordinary letter size and each must be properly addressed.

An envelope must not be sent for return of first day covers.

Mr. and Mrs. J. W. Shaw and children of Midkiff visited in the home of Mr. and Mrs. Bill Loyd over the weekend.

Open house held by IOOF; hear UN delegate speak

Open House was held at Plains IOOF Hall Tuesday night, July 29th.

The meeting opened with group singing of "America," followed by the opening prayer, led by J. W. O. Allredge.

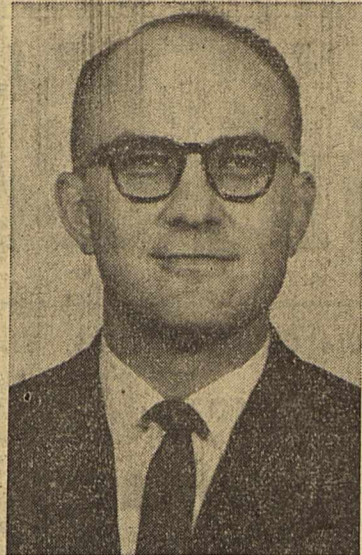

Mrs. Dave Blevins District Deputy of Rebekahs introduced Miss Brenda Sudderth, the delegate who was sent on United Nations tour, sponsored by Denver City Encampment No. 82, Plains IOOF No. 61, Plains Rebekahs No. 158 and Seagraves Canton No. 3.

Brenda gave a very interesting report on the tour, describing visits made to points of interest in several states prior to reaching New York, which included Hot Springs National Park in Arkansas, Memphis and Nashville and Oak Ridge, Tennessee, Charlottesville, Chancelorville and Fredericksburg, Virginia. They made stops in Washington, D. C., Maryland, Pennsylvania and New Jersey. Brenda described the United Nations buildings and told of the organization of the different councils in the UN. On the return trip several points of interest were visited including West Point, Niagara Falls, Ford museum in Dearborn, Michigan, Will Roger's Memorial in Claremore, Oklahoma.

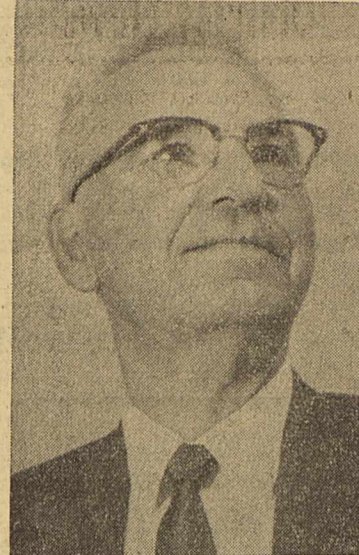

A drawing was held for a quilt and Mrs. Bertha Spencer, California, was the lucky winner. Mrs. Spencer is Mr. Frank Spencer's mother.

Mr. and Mrs. Bill Adams of Lorenzo and Mrs. S. F. Pride were Sunday guests in the home of Mr. and Mrs. Bob Wright of Denver City.

Win nominations in Saturday's Primary

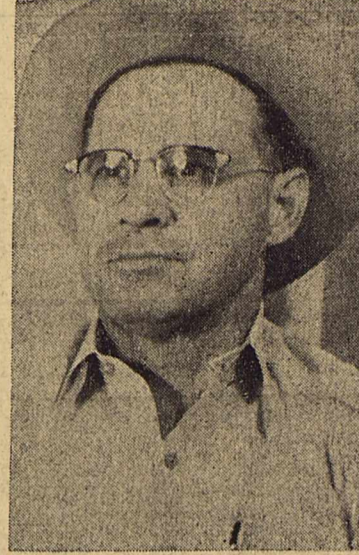

Don Hancock — Judge

J. W. O. Allredge — Clerk

Vicie Hinkle — Treasurer

H. C. Cotton — Comm. Pct. 2

To the CITIZENS of PRECINCT 4 and YOAKUM COUNTY:

I am very grateful for the wonderful vote you gave me in last Saturday's election, and for all the nice things you said and did during my campaign.

I would appreciate your vote and influence in the next primary to elect me for a second term as your commissioner from Precinct No. 4.

Sincerely,
Clyde Trout

Postmaster tells new 'educational materials' rate

Beginning August 1st, 1958, fourth-class mail that formerly went under the heading, "Book-Rate," will go as "Educational Materials." The rates for this service will be 9 cents for the first pound and 5 cents for each additional pound according to the local postmaster.

In order that all of the articles mailed at the special rate for educational materials may be properly identified, the regulations have been changed to specify that the cover on each package will be marked "Educational Materials." Mailers who have envelopes, wrappers, and labels already printed with the endorsement, "Book", or "Book Rate", may use them after August 1st, 1958, until current

stocks are exhausted.

A new endorsement, "Library Material", will be required for the following non-profit organizations who exchange materials: schools colleges, universities, public libraries, non-profit religious, educational, scientific, philanthropic, agricultural, labor, veterans, or fraternal organizations. Postal rates for this service is 4 cents for the first pound and 1 cent for each additional pound, and includes the following items: library books, 16-millimeter films, film-strips, transparencies and slides, microfilms, sound recordings, and catalogs of such materials, printed music, bound volumes of academic thesis or periodicals, phonograph recordings, and other library materials. This service is strictly for a loan or exchange basis between the afore mentioned organizations.

Mr. and Mrs. Bill Adams of Lorenzo were weekend guests of Mrs. S. F. Pride.

in Judea

This is he of whom it is written, the voice of one crying in the wilderness and saying, *Repent ye: for the kingdom is at hand.* Here John, a great preacher, warned the throng to prepare the way of the Lord, to make His paths straight. Great preachers today plead with us to be ready, for we know not the hour when the son of man cometh. Here, as in Judea where John spoke, men openly defy God, attack His church and its program of service and display contempt for His cause on the earth. *Woe be it to those who take Him lightly, or to those who never take Him at all.* Worldly gain at the expense of Heavenly loss, isn't much gain. You may be sure, Brother, at the opportune hour, His chosen moment, — *He, whose fan is in His hand, will thoroughly purge His floor.*

HOLY BIBLE

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

State Line HD club plans party for August 22

The State Line Home Demonstration Club met in regular session Thursday afternoon in the home of Mrs. Lee Roy Box. The meeting was called to order by the president, Mrs. Tom Box. Roll call was answered by "The first club meeting I attended."

Plans were completed for the county picnic in the park in August 8. Each family will take a basket lunch and each club furnish ice cream and cake for its families.

Plans were also made for the State Line Club party to be held in the yard of Mr. and Mrs. Tom Box. Sandwiches, punch, coffee, homemade ice cream and cake will be the menu for the occasion. It is to be Friday night, August 22 at 8:30. We hope all

the club members and their families will be present.

Miss D'Lois McGinty gave a demonstration on cleaning a sewing machine and pointers on cleaning and oiling a mixer. She learned this in the 4-H Club camp that was sponsored by the Southwestern Public Service this summer in Lubbock.

A surprise birthday party was given Mrs. Tom Box at the end of the meeting. An angel food cake decorated and with candles was served with delicious peach ice cream to: Mrs. Hayden Box, Mrs. Alton Billings, Mrs. C. A. Stewart, Mrs. R. G. Hartmann, Mrs. Ira Tidwell, Mrs. Frank Spencer, Mrs. Tom Box, Miss D'Lois McGinty, and the hostess, Mrs. Lee Roy Box.

Mr. and Mrs. Hugh Snodgrass of Tokio visited Saturday in the home of Mr. and Mrs. Amos Smith.

Mr. and Mrs. Earl Robertson and daughter Susan were in Ruidoso over the weekend.

Soil Conservation District News

By E. Earl Willard
Student Trainee, SCS

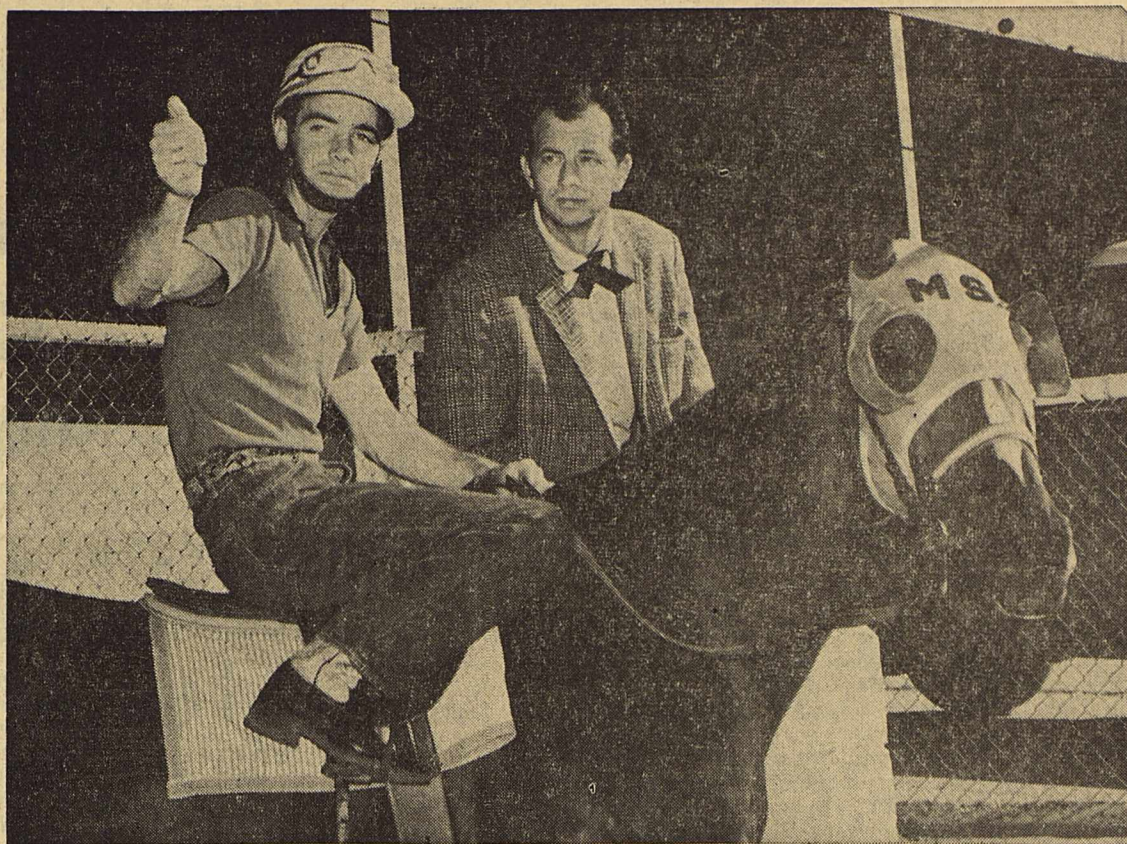

Following the rains over the District last weekend, technicians from the Soil Conservation Service in Plains made a study to determine the depth of penetration of the rainfall on rangeland. A range site was selected that received about 2 inches of slow rainfall. This area contains grassland varying from an excellent to a poor condition. The soil here is a clay loam high in free lime and is as much as 24 inches in depth, overlying soft caliche. This type of soil is subject to crusting over during a rain so this study was conducted to determine how different amounts of ground cover aids in penetration.

The first step was to measure the pounds of forage per acre. To do this, small areas were marked off containing 9.6 square feet of surface area. From each of these all the plants were clipped off at the ground level and weighed. The weight in grams multiplied by 10 gave the average pounds for each acre. In each of the clipped areas they dug down to obtain the depth of penetration of the moisture. This gave some figures to compare.

In an area averaging 600 pounds of forage per acre, the water went down to 16 inches. The vegetation here was mostly Sideoats grama and Blue Grama. There was no sign of surface runoff. For another area containing about 275 pounds per acre, the penetration was down to 12 inches. On this was found Sideoats Grama, Blue Grama, Ring Muhly, and a few weeds. Here a few signs of runoff and surface crusting were seen. On another area checked that contained an average of 125 pounds an acre, moisture was down to 9 inches below the surface of the ground. The vegetation here was a scattering of Grama and Muhly grasses, some Dove-weed and quite a few bunches of Groundsel. The runoff here was very plain to see. In finishing the study penetration on a bare slope was checked. On this some moisture was noted down to 4 inches. Below this soil was very dry.

In drawing conclusions from this study, it can easily be seen that in order to conserve our rainfall we will have to retain a certain amount of vegetation on our pastures and rangeland. All the rainfall we can save will give us more forage to utilize in years to come. We must remember that "It takes grass to grow grass."

Recent visitors in the home of Mr. and Mrs. Joe Cheek were Mr. and Mrs. J. H. Snodgrass, Darlene, Roberta and Rita Jo of Tokio, Mr. and Mrs. Arvel Snodgrass and daughter Vada, of Lehman, Mr. and Mrs. Reg Martin and children of Tokio, Mr. and Mrs. W. B. Snodgrass of Lehman and Mr. and Mrs. Hank Goehry and children.

Reminiscent moments

are discussed by Jockey Joe Sherman at Ruidoso Downs, as he pauses in the midst of an early morning work out to talk to Dr. Sherman Coleman of Corpus Christi, over his near fatal accident and the vagrant whims of Lady Luck.

Ruidoso Downs honors doctor who saved life of popular jockey

Ruidoso Downs, a few days ago, honored Dr. Sherman Coleman, Corpus Christi, Texas who two years ago was a visitor at the 'Downs' and, consequently, saved the life of one of the popular leading jockeys, Joe Sherman, with a dramatic medical operation.

It all started two years ago

R. B. Jones' home after extended trip

Mr. and Mrs. R. B. Jones recently from a trip through several states, including Colorado, Montana, and South Dakota. In Canon City, Colorado, they visited Mr. and Mrs. R. L. Morse and children. They visited Mr. and Mrs. Dick Jones in their ranch home near Miles City, Montana.

A point of interest enroute home was the Black Hills of South Dakota, and in Platoro, Colorado, they joined Mr. and Mrs. Bobby Field and children who were vacationing there. The two families made the return trip home together.

Mrs. J. H. Morris, Jimmy Lee Camp, Zelda Smith, Mrs. John Camp and Donnie Morris visited in Odessa Monday with Mr. and Mrs. D. B. Lamance.

Dr. and Mrs. E. W. Jones of Lubbock were guests in the home of Mr. and Mrs. Sherm Henard over the weekend.

Darlene Snodgrass, student at Howard County Junior College in Big Springs, was home over the weekend visiting her parents, Mr. and Mrs. J. H. Snodgrass and other relatives.

when Jockey Sherman was coming out of the Club House turn, got into trouble, was tossed into a field of horses and wound up with a crushed chest. Dame fortune was smiling that day as the local physician, Dr. Bram Vanderstok, knew that Dr. Sherman Coleman, a surgeon who had just completed six years of intensive study including one year of research on blood vessels, was a spectator at the Ruidoso Jockey Club.

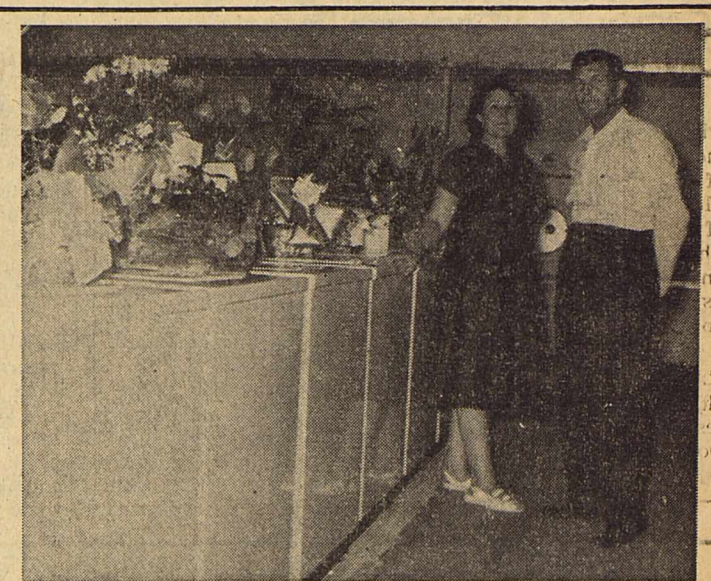

When the Doctors met at the Hospital they found that Sherman's ribs had punctured the main artery leading from the heart to the left lung. While proper instruments were coming 100 miles per hour by State Police escort from El Paso, and blood was being flown from Roswell, Dr. Coleman decided that the only way to save Sherman's life was a lenique auto-transfusion. This was a complicated by removing Sherman's own blood from his collapsed left lung, feeding it through blood donor bottles

and back into veins in each of his extremities.

Actually Joe Sherman died three times that afternoon. He was brought back to life twice by heart injections. The third time Dr. Coleman opened the chest and massaged the heart back to action. After the operation Sherman's recovery was almost fantastic. He even attended the Jockey's Ball ten days later.

The above picture and Sherman's record since then, as a Thoroughbred Jockey is ample proof that luck and skill are nice things to have, at a race track or any other place.

Mr. and Mrs. W. H. Dittmore Jr. and daughter Martha returned home recently from a visit in Dallas with their parents, Mr. Mrs. W. H. Dittmore Sr. and Mr. and Mrs. Ben R. Schramm. Mrs. Dittmore remained in Dallas during the time Mr Dittmore was in National Guard summer camp at Fort Hood.

We take this opportunity to express our sincere appreciation to each and everyone who had a part in making our Formal opening day an outstanding success. Your flowers and presence were greatly appreciated. We invite you to come back again and again.

Mr. and Mrs. Resident Citizen Yoakum County, Texas

Dear Folks,

Having taken this means to ask for your support in my race for County Judge, I now would like to thank you for your help, but I find that I must ask your help once again for a much bigger job—building a sounder, more unified and progressive County.

Once again, I pledge to be fair, courteous, understanding, and honest so that I might deserve the cooperation of every person in our County.

Further, I pledge my ACTIVE LEADERSHIP for or against any proposition within the scope of my powers and duties. In this connection, I humbly solicit the cooperation of the four commissioners and other County Officers.

Finally, I am determined to shore up the confidence of the people in their county government by scrupulous fairness and honesty in myself and various other means which I shall later propose.

Again, I thank you for the faith and trust that you have placed in me; I shall not betray your confidence nor my future.

Your Faithful Servant,

Don Hancock

Expanded program for National Foundation

The Terry-Yoakum County Chapter of the National Foundation, looks forward with keen anticipation to participation in its broad new health program, Leonard Ellington, Chairman, said today.

Returning from Dallas where volunteer leaders of the National Foundation in this area attended a closed circuit telecast at which Basil O'Connor president outlined the new objectives

of the organization supported by the March of Dimes, Chairman Ellington called the widened purpose of the National Foundation "an exciting new concept in the health field."

The National Foundation, while continuing its winning fight against polio, plans to expand its activities to include a wide range of health problems. Initial new goals will be arthritis and birth defects (congenital

malformations). Virus research and investigations of disorders of the central nervous system will be expanded.

"Our chapter will continue to meet its obligations to polio patients in Terry-Yoakum County for as long as they need assistance," Ellington said. "Mr. O'Connor made it very clear that this is our primary responsibility. But the idea of a voluntary association dedicated to improvement of man's health, ready and able to move in whatever direction scientific discoveries lead it, not confined to a single disease, is a tremendous challenge.

"The flexible force the National Foundation now will become is the result of 20 years of pioneering and achievement by scientists and laymen throughout the nation. It will be a privilege to help launch this new program."

Financial support for the new program will be sought through the traditional March of Dimes in January, Ellington emphasized, adding that additional responsibilities undoubtedly will mean additional need for funds in Terry-Yoakum County, as elsewhere.

"We must prepare this January to meet new financial commitments," he declared. "We shall not attempt to move into the new areas of patient aid overnight. A great deal of hard study and work is ahead for those of us in the Chapter, preparing to deal with the new problems of arthritis and birth defects. Mr. O'Connor indicated that precise information about those two areas is not yet available; one of the first things our Chapter must do is learn how many such patients there are, what facilities we have for giving them care and the availability of qualified professional workers

to do the job. Plans are being made at national headquarters to help us gather this information.

"Our patient aid program for children through 18 who have arthritis and certain birth defects will be developed as we go along," Ellington said. "We are beginning to pursue new leads, and our professional education program is expanding."

"Medical care in arthritis and birth defects is much like that for post-polio," Ellington pointed out.

"There are no epidemics," he said, "but the patients are with us all the time and new ones occur at a more or less predictable rate. In polio the threat of epidemics hunk over community every summer and no one could predict the number of cases. New cases of arthritis and birth defects occur all year round, year in and year out. We must do something for these patients continuously, just as we now do for post-polios. This is a real challenge to volunteers. I feel certain the people of this county will respond to it enthusiastically."

General Campaign Chairman Jimmy Billings also attended.

Savings bond sales hit \$33,279

"Savings Bond sales for the first half of 1958 totaled \$33,279.00," Mr. D. P. Moorhead, Chairman of Yoakum County's Bond committee reported today. "Our county has now reached 42.1% of its 1958 goal of \$79,000.

Sales in Texas for the first six months of 1958 were \$88,580,546 which was 3.4% greater than the same period in 1957.

"Every American who buys Savings bonds is providing for his own future, adding to the strength of his country, both militarily and economically," stated Mr. Moorhead, County Chairman.

Mr. and Mrs. W. R. McDaniel of Littlefield visited in the home of Mr. and Mrs. Joe Ancinec over the weekend and enjoyed activities of the barbeque and rodeo on Saturday.

AUSTIN, Tex.—During much of the last century Texas was called the great land frontier. Word got around. From older regions came the restless, the ambitious, the hopeful who'd heard there was plenty of room in Texas.

Today, the sod huts and free land are gone from Texas. But the frontier is regarded by economists as greater than ever—rich and promising beyond Moses Austin's boldest dreams. A recent survey by a national magazine (U. S. News & World Report) described Texas as destined to become "the new power-house of the United States—an industrial empire—built on a storehouse of priceless natural resources."

Sound wonderful. But Texas leaders, in both governments and industry, have taken the position that favorable circumstances alone will not convert frontier to empire. Other states are angling, too, for energetic men with capital and know-how to start new factories humming.

And most states are not hampered, as Texas is, by a constitutional provision prohibiting use of tax money to advertise the state's advantages.

Despite this hindrance the last Legislature at Gov. Price Daniel's request, reactivated the

Texas Industrial Commission to start the ball rolling. E. B. Germany of Dallas is Commission chairman.

In operation only four months, with a piggy bank budget of voluntary donations, the Commission is, nevertheless, making itself felt.

Its showpiece is a 6-page, two-color brochure called "A Plan of Action to Win New Industry for Your Community." This do-it-yourself manual was mailed to every Chamber of Commerce, mayor, county judge, industrial foundation and legislator in Texas.

Letters of commendation and requests for extra copies have "poured in," according to Bob Bray, member of the governor's

staff assigned to the Commission. Said a letter from the Huntsville and Walker County C of C, "Never have I seen any publication so full of excellent guidance material for communities."

With the letter came a contribution to carry on the Commission's work.

Next big goal is passage in November of a constitutional amendment to remove the legal shackles on financing. "Failure of the amendment," said Bray, "will handcuff the Commission. Our big job now is selling Texans on the need to sell Texas, both industry-wise and tourist-wise."

With funds and staff, the Commission will be ready to go ahead on an extensive effort—already mapped out—for research, information, advertisements, films, aid to local organizations, etc.

Says Germany, "Disastrous droughts, the alarming loss of rural population and the stark realization that the state no longer can depend on its oil revenue, all emphasize the need for developing our industrial resources."

SCHOOL "BUST OUT"—Some seam-splitting from Texas, expanding population was reflected in the reports of Texas Education Agency survey teams on conditions in the state's public schools.

As a result of the reports to the State Commission on Accreditation, nine schools were removed from the accredited list, and accreditation was withheld from six others. Fifty-one were warned they face loss of accreditation unless they improve standards.

Most of the schools' troubles seemed to stem from pupil populations and needs that outran community leadership and financing. Samples from the unfavorable reports: not enough textbooks, few or no library books, no laboratory facilities for science courses, unsanitary or outmoded facilities, use of condemned or "miserably overcrowded" buildings, teachers instructing courses in which they had no college study.

Actually, the number of schools having trouble meeting standards was only about 3.5 per cent of the total—or 66 out of Texas' approximately 1,800 school districts.

NEW ROADS AHEAD—Better driving days are seen ahead as the State Highway Department unveiled its plan for 1959-60 interstate highway building.

A \$260,000,000 program has been authorized to add 567 miles of controlled-access highways to

Texas' portion of the national network.

Or this, \$210,495,300 is earmarked for construction, \$16,272,100 for right-of-way buying and an additional \$33,322,500 for advance right-of-way buying.

Eventually, Texas is to have 3,033 miles of the interstate system within its borders.

FRESH Start—National Bankers Life Ins. Co. of Dallas may continue in business, but without the control of its founder and majority stockholder, Pierce Brooks.

This was the effect of a ruling by State Insurance Commissioner William A. Harrison after a three-day hearing on NABLCO's affairs. State officials conceded the solvency of the company, but object to certain investments and management practices.

Result: Brooks' controlling interest has been signed over to a trustee. Brooks has said he will see the stock as soon as the transaction can be arranged.

STILL NEED A JURY—Before going into summer recess until Oct. 1, Texas Supreme Court knocked down a portion of the state's new mental health code.

It declared unconstitutional the part which denies a jury trial to a mental patient seeking to have a court declare he is sane again.

High court also closed the door to any further consideration as to whether price advertising of eyeglasses is legal. In a ruling last month the court held that

Sign damaged

The newly erected neon sign at the Stop and Wash Laundry was extensively damaged sometime during the night Saturday, when vandals threw a large rock at the sign. The rock was left on the scene and found by George Burke, owner of the laundry, the next day. Investigation is being currently carried on, and it is hoped those responsible will be located.

CARD OF THANKS

As chairman of the club food committee, I wish to say thank you to each of you who brought food and helped serve at the barbeque Saturday. I sincerely appreciate everyone's willingness to cooperate.

Mrs. Sherm Henard.

Mr. and Mrs. O. W. Harbour and children spent the weekend in the home of Mr. and Mrs. O. K. Harbour of Medicine Mound.

A new state law does not bar optometrists from advertising price as long as the ads are not fraudulent or misleading. It's definite now that optometrists can advertise and quote prices in their ads.

SHORT SNORTS—Any truck operating for hire between two cities, even if it never gets outside the cities, needs a permit from the Railroad Commission, according to an Attorney General's ruling.

Dear Friends,

"Thank you" hardly seems adequate to express my appreciation for the wonderful vote you gave me. Even though time did not permit me to visit all of you, I thank you very much for your courtesy and support. I want to say "thank you" to Mrs. Wehrend for conducting a very clean campaign. There is always a little sadness in an election, but we candidates all knew that some of us had to lose.

As I said four years ago, I hope that none of you will ever regret voting for me, and I shall continue to serve you to the best of my ability.

I thank you again so very much for the honor and privilege of serving as your County Treasurer for another term.

SINCERELY,

MRS. SUSAN V. HINKLE

ACROSS THE Cattle Guard

by LEO W. WHITE
County Agent

The Plains Cotton Growers, Inc. with headquarters in Lubbock have recently mailed out an information sheet called Tips On Irrigating. Of course, it pertained to irrigating cotton and it has a picture showing the water use of cotton plants from the time of planting until harvest.

The peak water use begins about the 76th day after planting and continues until the 120th day. Cotton planted on the 5th day of May would go into this peak use season on July 20th and continue until September 2nd. During this time the cotton crop will use between .25 and .4 of an inch per day.

The Plains Cotton Growers have a motive for putting out this information. They are striving for improved quality in the cotton of the High Plains. Their method of getting more quality is to encourage more farmers to observe the cut off date on irrigation. The cut off date on cotton planted on May 5th would be September 2nd. Cotton watered after September 2nd would put on excessive vegetative growth at the expense of boll set and fiber maturity. The period from September 2nd to October 2nd, or from the 120th day to the 180th day, is called the period of boll maturity. It is also called the hardening off period. High moisture content in the soil at that time is not desirable.

In Yoakum County, we may not be able to observe the August 20th cut off date that is advocated for Lubbock and Hale counties.

Our soil will not hold as much water as the soil in these counties and we can put on less water with each application than they can. They usually apply 4 to 6 inches of water with each application and their soil will hold 8 to 9 inches of water. We put on 2 to 3 inches with each application, our soil will hold about 5 inches. If we stop our water on September 2nd and we are getting over our cotton field every two weeks, that means that some of our cotton crop got it's last watering on August 19th.

In Yoakum County, we want high quality cotton and we also want high yields. In order to get the yield it will be necessary to keep the crop from being in a stress for water during the season of peak water use. Our early cotton has been in this period for the past 20 days and the later cotton is just now going into the period. Our wells are running full blast and the water is going on as fast as possible. A ten day period from August 5th to August 15th will be the peak of the blooming season. High moisture content and high plant food content during that time is essential for top yields.

By observing the cut off date of about the first of September, the August blooms will make a mature boll of cotton that has enough fiber strength to demand a good price. Our chances of having another wet Fall like last year are not too good but in case we do, we are much better prepared for it than we were at this time last year. Our cotton is earlier this year and if we can get some good weather during the harvesting season, we will have the kind of cotton that the Plains Cotton Growers, Inc. would like for us to have

New support given to Senate bill

THE YOAKUM COUNTY REVIEW
Plains, Texas Thursday, July 31, 1958 Page 7

Cotton Industry representatives throughout the Belt have been in Washington, D. C. recently and the persistent struggle for corrective farm legislation may have taken a new turn with the support thrown behind a bill of the Senate Agriculture Committee.

The Plains Cotton Growers, Inc. has had several representatives in Washington in behalf of this bill during the past month. Latest development in this fight is the support of the National Cotton Council and the American Cotton Manufacturers Institute. Council President Harry S. Baker has said that the Senate Bill (S. 4071) represents cotton's best hope for legislation that will take effect in 1959.

One of the urgent reasons for such action is the virtual certainty that Agriculture Secretary Benson has said that under present law, he will be forced to slash cotton acreage allotments approximately 25 percent for 1959.

Senate consideration of S. 4071 is now in progress. While cotton authorities across the nation have agreed that the bill should become law, the Senate bill would establish 16 million acres as the minimum national acreage allotment, compared with the prospect of only about 14.5 millions acres if the present law remains unchanged. Although 16 million acres would be the minimum, the total cotton acreage planted could be increased substantially if a larger

number of farmers took advantage of their option under choice "B".

The bill, in addition, sets up a reserve of 310,000 acres to insure that no farmer with 10 acres or less in cotton this year will have future allotments reduced below its present level.

Beginning with the 1961 crop, price support for all farmers would be 90 percent of the average market price for the preceding three years, but not less than 30 cents per pound for Middling 1 inch cotton. Minimum government sales price in 1961 and after would be 115 percent of the current support level.

The national acreage allotment would be based on estimated supply and disappearance of cotton but with provision for any adjustments needed to assure adequate supplies of all qualities of cotton needed. State allotments would continue at the same percentage of national allotment as in 1958.

The Department of Agriculture has indicated that it would be willing to accept a program for cotton along the lines of the proposed bill. As yet the PCG has no official stand on this bill, except officers are directed to work toward the best cotton legislation possible.

Alma Anderson becomes bride of Travis Been in ceremony Monday

Mrs. Alma Anderson and Travis Been exchanged wedding vows in a double ring ceremony Monday evening at the Anderson home.

The couple were united in marriage by Rev. C. J. Coffman, before a background of greenery.

Mrs. Martin Welch of Lamesa was matron of honor and R. N. McGinty served as best man.

Mrs. Been wore a white linen dress with white accessories. Her corsage was red rosebuds.

A reception was held following the ceremony.

The serving table was laid

with a turquoise cloth and was centered with a caladium plant.

Cake and punch were served by Mrs. G. W. Cleveland and Carol Anderson to Rev. and Mrs. C. J. Coffman, Mrs. J. V. Beep, Mr. and Mrs. R. N. McGinty and daughters, D'Lois and D'Lynn, Mr. and Mrs. G. W. Cleveland, Carol, Ernie and Kathy Anderson, and Mr. and Mrs. Martin Welch and son Kent, of Lamesa.

Mr. and Mrs. Been will be at home in Plains after a short wedding trip to points in New Mexico.

Thank You!

I wish to express my thanks and appreciation to those of you who supported me for the office of Commissioner of Precinct 2.

I am indeed grateful for the confidence you placed in me.

OLAN COX

Thank You!

We wish to express our sincere appreciation to everyone who was kind enough to give the club assistance either in money or materials or time in putting on the Rodeo and Old Settlers' Reunion.

The Yoakum County ROPING CLUB

To the People of PRECINCT 4:

Thanks—Thank you for the hospitality and friendship extended me by each of you during my campaign for commissioner, prior to the first primary.

I greatly appreciate the votes which I received July 26th and sincerely desire your continued support in the second primary.

I earnestly solicit the support and vote in the second primary of all of you that felt, for various reasons, that you could not vote for me the first time.

Let me, at this time, urge you to be certain to vote Aug. 23rd. The government, federal or county, can function as YOUR government, only if YOU vote.

Again, thanks for your hospitality and support, and I shall contact each of you before election time.

Paul Loe

Friends and Voters of Precinct 2:

I wish to express my sincere thanks to each of you for your part in re-electing me as your County Commissioner.

No public official will ever be able to please everybody, however, I believe a majority vote for my re-election indicates that a majority of the voters are satisfied with the way the Commissioner's duties have been performed.

I shall continue, as in the past, to perform my duties, and to cast my vote in Commissioner's Court, to the best interest of all the citizens of Precinct 2 and Yoakum County.

Again, I say, THANK YOU!

H. C. (Doc) Cotton

Methodist youth conduct service on Sunday night

The young people of the Methodist Church had charge of the program Sunday night, July 27th.

The program was opened by congregational singing and the opening prayer was led by Mrs. L. O. Smith.

A solo, "My Cathedral" was sung by Don Cook, followed by special music by Marsha White, "I Love to Tell the Story." A duet was sung by Claude Lee and Sheila Smith, "How Long Must I Wait?"

"Stars and Stripes Forever" was played by Oneta Jo Meixner before the introduction of the speaker, Miss Brenda Sudderth, who spoke on her trip to the United Nations in New York.

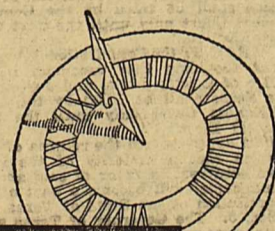

Brenda gave a very interesting view of her trip, including insights into the structure and proceedings of the UN. Everyone was interested in hearing about the colossal work of the United Nations. One little boy commented that he learned as much from Brenda's talk as he had in school the past year.

The program was closed by congregational singing and a prayer led by Jim Warren.

Billy Taylor, who has been home on leave from San Diego, California, where he finished boot training, will report to the Naval base in Norman, Oklahoma next week. Billy's parents are Mr. and Mrs. J. L. Taylor.
