

Mr. and Mrs. J. I. Dooley of Hobbs, New Mexico visited in the home of his brother Mr. and Mrs. E. V. Dooley.

Mr. and Mrs. L. B. Hobbs and Mr. and Mrs. Dave Blevins are visiting relatives in Eagle Pass and Del Rio this week.

Mrs. Tom Lineberry and Miss Leta Scarborough of Midland spent Friday night in the home of Mr. and Mrs. Doc McCargo.

Mr. and Mrs. Pete St. Romain left Thursday for Chicago to attend the Telephone Convention

4,161 county vehicles still need inspection

On September 1, 1958, Texans began having their vehicles safety inspected for the 1959 inspection period. Captain Alan Johnson, of the Motor Vehicle Inspection Service, Texas Department of Public Safety, reminded motorists that there are over 4 million vehicles registered in Texas, and 4,161 vehicles registered in this county which must be inspected, approved and bear the new inspection sticker prior to midnight, April 15, 1959.

Passenger cars are inspected for brakes, light, reflectors, horn and windshield wipers; while commercial vehicles are inspected for the above plus additional items as required by law. Due to the fact that in 1957, 5 out of every 100 accidents were caused by a mechanical defect, motor vehicle owners are urged to have their vehicles inspected as soon as possible, to be sure their vehicles are as safe as possible. There are 6 inspection stations in this county at which owners can get their vehicles inspected now, without having to wait in line as thousands of motorists did as the deadline neared at the close of the last inspection period. Motorists arrested for not displaying a current inspection sticker on their motor vehicle are subject to a fine up to \$200.00

Tony Lusk home on 30-day leave

Tony Lusk is home on a thirty-day leave. He was met in Lubbock by his wife Mrs. Pat Lusk and son Anthony Leo, his mother Mrs. Faye Lusk, and Mrs. W. H. Hague.

After his leave is terminated he will report to Lake Charles, La.

Mrs. E. F. McCargo is shown at the serving table with Artist Peter Hurd during the art show held Monday at the Club House under sponsorship of the Tsu Mo Ga Study Club. REVIEW Photo

Mr. and Mrs. H. B. Lloyd and Dickie of Seminole and Mr. and Mrs. Jack Cleveland of Brownfield spent Sunday with their mother, Mrs. George Cleveland.

Mr. and Mrs. Buddy Uselton and children visited in Littlefield over the weekend with their parents Mr. and Mrs. C. H. Uselton and Mr. and Mrs. Fred Harris.

Recent visitors in the K. O. Hendricks home were Mr. and Mrs. A. L. Craig of Seminole.

Methodists plan Laymen's Day

Laymen's day will be observed in the Plains Methodist Church Sunday, October 19th. Special music will be rendered by Mrs. Pat Henard and Mrs. Jesse Hale. The Lay Day Message will be brought by Mr. Roy Stockstill, Junior High School Principal and Church Lay Speaker or the Brownfield District.

The ladies of the WSCS will be selling rummage on the Old Court House Lawn Saturday the 18th. Contributions for the sale may be brought to the Methodist Church or delivered to the Old Court House Lawn. Proceeds from the sale will go toward fixing up the local parsonage.

CONGRATULATIONS

Congratulations to Mr. and Mrs. Elvis Ray Wauson, Hobart, Okla. on birth of a daughter, Patricia Ann. She was born Oct. 7, and weighed seven pounds and two ounces.

Grandparents are Mr. and Mrs. R. B. Wauson, Plains and Mr. and Mrs. Gordon Carter of Brownfield.

POWERFUL JOHN DEERE ENGINES

SAVE TIME AND MONEY ON EVERY JOB

John Deere "520," "620," and "720" Tractors offer you powerful engines that will greatly increase your daily work output. Here's the power you need to handle large tools and short-cut every job; increased power for drawbar, belt, powershaft, and hydraulic applications; power combined with the outstanding fuel economy and exclusive main-

tenance economy of the John Deere two-cylinder engine design. A new-type combustion chamber in gasoline and LP-Gas engines (inset) squeezes more power out of your fuel; makes your fuel dollars go much further. Stop in today and learn how these powerful tractors can bring you bigger profits in your operations.

All The Way...

THE churches of this community seek to help you. They will go All The Way in assisting your living a Christian life. The Church offers God's Word to guide you and the sole purpose of its existence is to help all people find true happiness which comes only through faith in God. If you are one who does not go to church, then you become a very great problem. You are a bad example for others... your influence for good cannot be felt. The Church serves All The Way... from the nursery department to ripe old age. "Now abides faith, hope, love; these three; and the greatest of these is love." Surely that must be what the Bible teaching of the Church means... All The Way Through.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger democracy. In the church the ministers are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Master painter exhibits work

Good comes out of the good "Think On These Things" was treasures of a man's heart.

MYP Class has social Saturday

The Married Young people Training Union class of the First Baptist Church had their social in Fellowship Hall Saturday, October 11, at 7:30 p.m. Jim Barnett and Odus Waiser directed the games.

Refreshments of cake and ice cream were served to Mr. and Mrs. John Nabors; Mr. and Mrs. Leroy McCravy, and Jan; Mr. and Mrs. Odus Waiser, Rip and Becky; Mr. and Mrs. Mutt Ryan, Mike and Debby; Mr. and Mrs. Jim Barnett, Penny and David; Mrs. Bill Hennington and daughter; Mr. and Mrs. Emery Longbrake and Bro. Coffman.

the theme used when Peter Hurd, nationally acclaimed American Master of both tempera and water color displayed some of his work for the Tsa Mo Ga Study Club Art Show October 13 at the Club House.

Mr. Hurd was born in Roswell, New Mexico. He attended the New Mexico Military Institute, the United States Military Academy, West Point and is represented in the Metropolitan Museum of Art, and has been a member of the National Academy since 1942. He was a war correspondent for Life Magazine and was with the Army Air Force in England in 1942; with the U. S. Air Command in South Africa, India, Arabia and Italy in 1944.

Miss Glenda King directed the program. The music was of a Mexican tempo. Dan Field and Suzannan St. Romain were presented in the Bull Fight waltz, accompanied by Miss

Jeanine St. Romain at the piano.

Miss Peggy Hartman played a Rock and Roll waltz on the accordion.

Open-faced sandwiches, cinnamon crisps, coffee and mints were from the aqua linen covered table. The table was beautifully decorated with a centerpiece of a large tree stump studded with candles and bright autumn flowers. Pumpkins farmed bowls for other fall flowers for additional decoration.

Eighty guests were registered. Out town guests were from Lubbock Bronco, Denver City, Ralls, Lovington, New Mexico and Hart, Okla.

Harvey

(continued from page one)

proved to be a bit fragile and was completely demolished by Santa on his arrival.

In 1942 Mr. Harvey completed requirements for his Bachelor of Arts Degree and was offered a position teaching Industrial Arts in the Whiteface schools. Mrs. Harvey taught the fifth grade. This offer included a salary that almost doubled the one at Neely-Ward school.

After teaching six years in the Whiteface schools Mr. Harvey taught one semester at Springlake and the second semester at Seminole. He also taught one year at Abernathy.

In 1951 shortly after completing requirements for a Master Degree he came to Plains and was principal of the first eight grades, his office being located in the Junior High building. In 1953 the present elementary building was erected and he says that he took a job with children his own age.

Mr. Harvey has two daughters, Mrs. Eual Dean Strickland (Norma) a student at West Texas State, and Roganna Sue. Two grandsons Ricky Dean and Randy Chris Strickland.

The paths of Mr. Harvey and the Rev. C. J. Coffman seem to cross about every so often. Aside from the fact that they grew up in the same community Bro. Coffman has been pastor of the Baileyboro Baptist church, the Whiteface Baptist church and

An art show, displaying some of the works of the talented Peter Hurd, nationally acclaimed American master of both tempera and water color, was held Monday at the Club House un-

der sponsorship of Tsa Mo Ga Study Club. A short program was presented and refreshments served.

REVIEW Photo

of the local First Baptist Church at the times that Mr. Harvey has been a member in these churches.

Mr. Harvey has been a member of the Baptist church for more than thirty-five years, and a deacon for twenty-one years. He has previously served as Sunday School Superintendent and is presently serving as church treasurer and vice president in charge of programs in the Brotherhood organization.

In civic and school activities he has served as president of the Graduate Council Group of West Texas State Teachers College and president of the Tri-County Teachers Association. He is a member of local Lions Club and is past program director of that organization.

When asked what one of his most embarrassing moments was he relates that it must have been the time when he was parked in front of cleaning establish-

ment and left his family in the car while he took the cleaning inside. On his return he by mistake got into a car almost like his own, that parked there while he was in the cleaning shop. After considerable difficulty in making the key fit the ignition he glanced over at the woman opposite him and decided that it was definitely not Mrs. Harvey and the car he was in was certainly not his.

He lists woodworking as his favorite hobby and baseball as his favorite sport. He also states that his greatest thrill is see-

ing one of his former pupil grow up to be a good citizen and be successful in his or her chosen profession.

Mr. and Mrs. A. C. Wauson of Fence Lake, New Mexico and Mr. and Mrs. Rufus Rush and family of Seminole were recent visitors in the home of Mr. and Mrs. R. B. Wauson.

Mrs. Dorothy Chevrolet and Mrs. Charlene Roberts of Texarkana were weekend guests in the home of their brother and family, Mr. and Mrs. Kirk Graham and Cecelia.

Now... all America sees the one that's truly new!

Like all '59 Chevs, the Impala Sport Sedan has Safety Plate Glass all around.

'59 CHEVROLET

It's shaped to the new American taste. It brings you more spaciousness and comfort with a new Body by Fisher. It has a new kind of finish. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. It's new right down to the tires!

Chevy's all new for the second straight year! Here with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—windows are bigger, too.

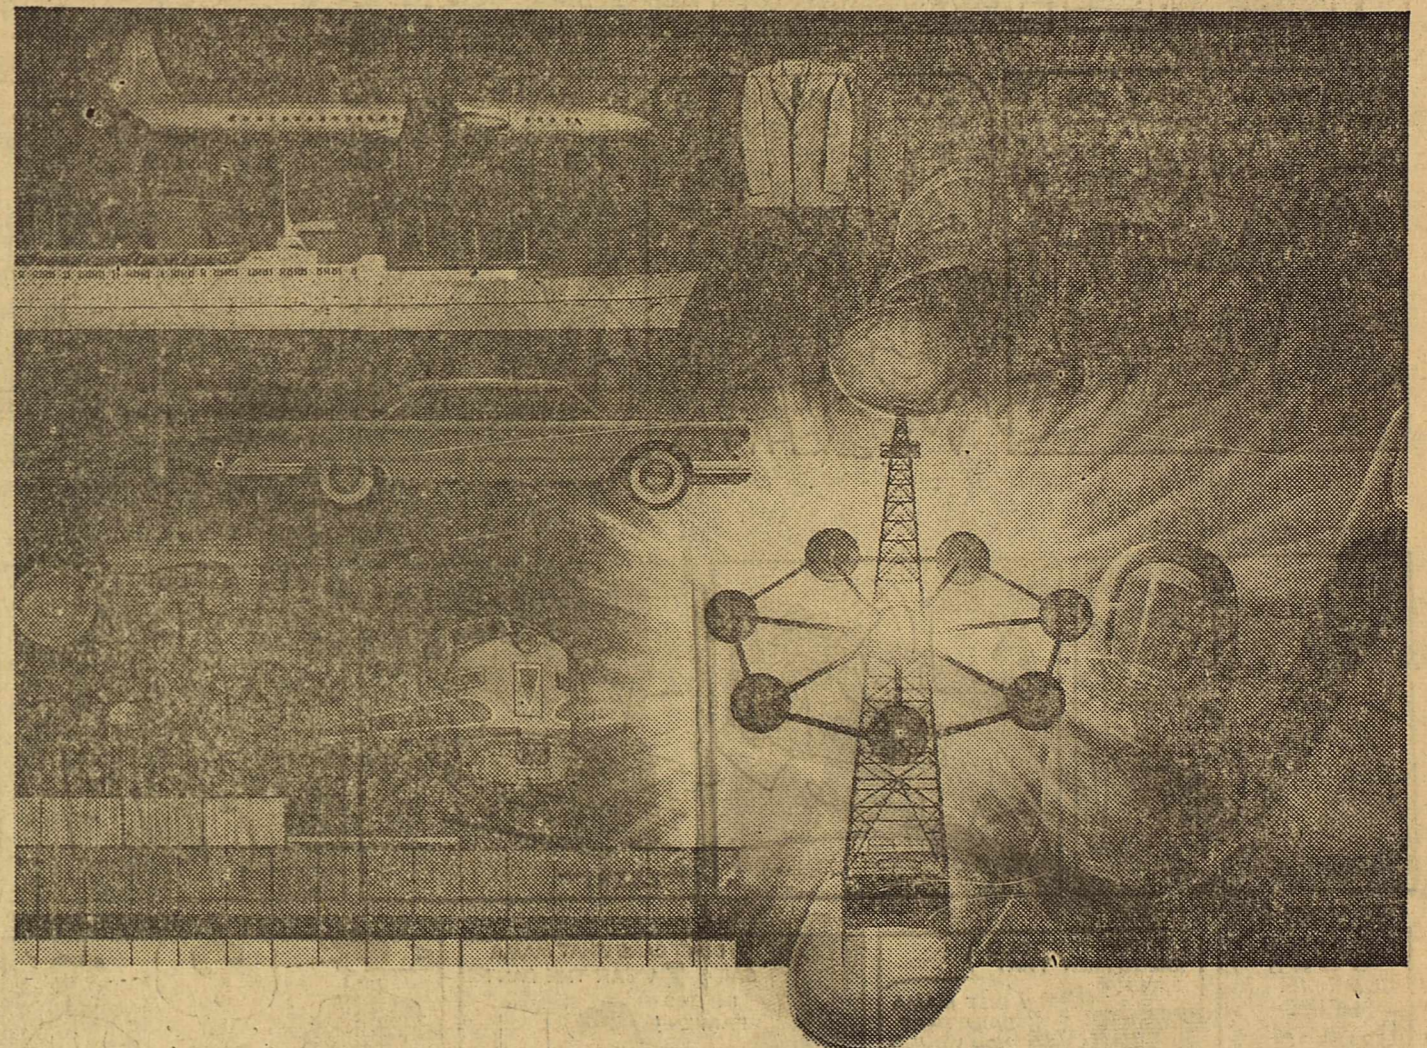

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier than ever. New suspension engineering gives you a smoother, more stable ride. There's a new Hi-Thrift 6 that goes and goes on a gallon of gas. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. Impressive new Impala models. Wonderful new wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

ALL NEW ALL OVER AGAIN!

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers . . . Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only part of the story. In the past two decades, the petrochemicals have supplied the country with a vigorous new industry: already most of our rubber is made from petrochemicals . . . the ubiquitous plastics derive from petroleum products . . . paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry . . . Petroleum is the American resource that is

basic to the needs of our time . . . that is essential to our national security.

The Humble Company, established in 1917, has developed with the industry.

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska . . . The Company is a leader in the production of oil and gas in the United States . . . Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals . . . Baytown refinery is one of the nation's great manufacturing plants . . . And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity . . . Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.
