LeRoyce Brantley injured in mishap Wednesday night

LeRoyce Brantley received minor injuries Wednesday night when the car he was driving overturned about six miles south of Bronco on the State Line Road.

The accident occurred about 4 a. m. According to investigating officers Brantley evidently lost control of the car when it ran off the pavement on the left side of the road and then across to the right side where it overturned two or three times. The 1956 Chevrolet was completely demolished.

Brantley was carried to the Yoakum County Hospital where he remained overnight for observations.

Band to compete on Saturday at Plainview contest

The cowboy Band of Plains High School will take part this Saturday, December 6, in the Region I Marching Contest at Plainview. This is the regular annual marching contest of the Interscholastic League, and it will be attended by about 35 competing bands. Region I of the UIL extends from Plains on the south to Kress on the north, and from Plains on the west to Spur on the east. The contest consists of both required drills, which all bands must do alike for comparison, and special maneuvers in which each band displays its skill. Bands are judged not only the way they look but also on the way they sound.

The following have been listed as the official objectives for school marching bands, although not necessarily in the order of importance: to teach self-discipline and personal responsibility, to develop leadership and citizenship, to represent the school to the community and to other towns, to develop school and group loyalty, to provide entertainment for students and patrons, and to provide an activity which will assist the student in his physical development.

The Plains band will march at 11:28 a. m. Prior to marching, the band will stand for inspection, which includes inspection of uniforms, equipment, and instruments, as well as execution of stationary commands.

The band contest will be concluded at 4:30 in the Plainview School Stadium. It will be followed at 7:00 p. m. by the Plains-White Deer football game, which the Plains band will attend for its second appearance of the day. The band will leave Plains at 7:00 a. m. Saturday morning and is expected to return about 12:00 p. m. Saturday night.

Meet White Deer Saturday night at Plainview

The Plains Cowboys meet their toughest test of the year this Saturday night, when they face the rough and ready White Deer Bucks in the quarter final game of the state playoffs at 7:00 p. m. in Plainview.

Plains advanced into the quarter finals by sneaking by the Ozona Lions, 20-18, while the White Deer eleven earned the right to advance a round by stopping the Farwell Steers, 26-16. Both games were played last Friday night.

The White Deer team is undefeated during the 1958 grid season, having won eleven contests and been tied once. Stinett, a perennial Class A power, held the Bucks to a 6-6 deadlock early in the year. White Deer's leading ball carrier is Hershall Powell, 180 lb. tailback, who is another candidate for all-state honors. The Bucks' forward wall averages 174 pounds, and their backfield had good size coupled with better than average speed.

The only common foe Plains and White Deer have played is Farwell. Farwell handed the Cowboys their only loss early in the season, taking a 24-22 verdict, while the White Deer team defeated Farwell by ten points in the regional meet last week.

According to comparative scores, the White Deer team is two touchdowns better than the Cowboys. The Bucks will probably be favored by at least one touchdown in the tilt, but being the underdogs will be no new role to the Plains team. Many people did not pick the Cowboys to get out of the district, but they came through when it counted and topped Sundown for the title.

Plains was a slight favorite to knock off Rotan in bi-district play, but the Cowboys turned the game into a rout, winning 36-14. The local eleven was not given too much chance of beating Ozona for the regional crown, but once again they came through when the chips were down, and there's no reason why the Cowboys can not do it again this week.

Lady Luck was dressed in a Plains uniform Friday night, as the Cowboys slipped past the tough Ozona team, 20-18, for regional title in Big Spring. It was all the Cowboys could do to stop the Ozona team, and if the Plains boys had not been alert enough to capitalize on breaks, it would be the Lions from Ozona representing this region in the playoffs instead of

Bond election Saturday

Qualified voters in the Plains Independent School district will go to the polls Saturday to vote for or against a proposed \$990,000 bond election, funds to be used for school construction and expansion.

The election site will be the Plains school, with the polls to

be open the regular hours from 8 a. m. to 7 p. m.

The school construction to be financed by the bond issue is badly needed, Supt. G. D. Kennedy said this week. Expected continued growth will make the need even greater, the superintendent declared.

Present enrollment in the system is approximately two and a half times that of 1949-50, Kennedy reported, and many predict that the growth during the next ten years will be as great.

Proposed construction includes: (1) a high school library, (2) conversion of the present library into two or more classrooms, (3) laboratory for biology and general science, (4) new auditorium with administrative offices attached, (5) conversion of existing auditorium into four classrooms and an improved band department, (6) new gymnasium and (7) moving and improving the school stadium.

Based upon the present valuation of the Plains School District, the retirement of this proposed bond issue would require an average annual rate increase of 37 cents per one hundred dollars assessed valuation. As an

example, the increase on a total rendition of \$2,000 would amount to \$7.40.

Supt. Kennedy said it was felt that his increase will lessen due to anticipated increase in the district's valuation. During the past eight years, the valuation of the Plains School District has increased from about \$18,000,000 to over \$28,000,000. "It is believed that it will continue to increase," he stated.

Allotments for '59 cotton acreage are announced

The 1959 Upland Cotton Allotment has been released and Yoakum County's share of the allotment is 33,083.1 acres. This less the reserve is the Choice A Allotment. This compares with 6,257.0 acres under the 1958 program. The County Cotton Allotments are issued to the Counties based on the County History Acres for a five (5) year period 1953 through 1957.

According to W. M. Overton, ASC Office Manager, the Yoakum County ASC committee retained 175.0 acres of the allotment for New Growers, Correction of Errors, etc. The balance of the Council Allotment has been issued to old cotton farms based on the farms 1958 history acreage allotment. Notices are being mailed this week to all farm operators.

The Choice B Allotment will be 140 percent Choice A Allotment and both allotments will be shown on the allotment notices. If marketing quotas are approved in the December 15 Referendum, farmers will have a choice between the two allotments, if marketing quotas do not carry the Choice B allotment will not be in effect.

All boys having completed their requirements for their Bobcat pins will receive them and their identification cards so they can buy their uniforms. Cubbing is a project for the whole family and it is imperative that their parents attend the pack meetings.

Each den will have a part in the pack meeting, he said.

Girl Scouts to begin peanut sale

The Plains Girls Scout Troop announced this week that they would be selling their special peanuts from now until Christmas to raise funds for the 25 girls to attend camp next spring. Everyone knows the quality of the nuts usually sold by the Girl Scouts. You are urged to get your supply of nuts from these ambitious young ladies.

Mrs. James Warren and Mrs. Wallace Randolph are leaders and will be glad to take your order.

Introducing J. W. Moore—

Plains personalities on parade

Our personality of the week is a prominent business man who inherited his grandfather's knack for operating a business.

J. W. Moore, born in Terry County near Gomez in 1909, has spent most of his life in Terry and Yoakum County. He is the son of Mrs. J. W. Moore, Sr. of Brownfield and the late Mr. Moore.

When J. W. was about three years old, the family moved from Terry County to Hamilton County near Pottsville. This is where J. W. began his schooling. At the end of the first semester the family moved back to Terry County, settling near Gomez where his father farmed and ranched.

J. W.'s grandfather, A. P. Moore, owned and operated a General Merchandise store at Gomez. J. W.'s boyhood days were spent helping out with the farming and assisting his grandfather in the store. Mr. Moore's merchandise was brought by rail to Tahoka, then by wagon to Gomez. The Tahoka rail center served western Texas and eastern New Mexico. Most of his lumber was hauled from Plainview.

J. W. was one of eight children. The family consisted of four boys and four girls. One brother, Weldon, was killed in service in the European Theater

Trout files petition reply

A reply to the notice of intention to contest election, made last week by Paul Loe, defeated candidate for the post of commissioner of Precinct 4, was filed Friday on behalf of Clyde Trout, who gained the position through a write-in in the November general election.

The defendant, Trout, takes exception to several specific allegations, and in general asserts that the petition does not in most instances state any cause of action.

The reply takes exception to allegations of Paragraph 3 of the petition in which it is stated that 26 votes were cast for the defendant who were not duly and legally qualified to vote, the basis being that the plaintiff (Loe) did not give the names of the voters not so qualified. He asks that the paragraph to be struck from the pleadings, or that the plaintiff be caused to give the names of the voters that he alleges to be unqualified.

Exception is also taken to paragraph 5 of the notice wherein it is alleged that 16 voters were deprived of the right to vote, and it is asked that this be also struck from the record or the plaintiff give the names of such persons.

The reply states that a legal cause of action has not been given by the plaintiff in para-

graph 6 of the petition, wherein it was alleged that the returns of Box 5 were void; in paragraph 7 where it was alleged that all of defendant's supporters voted late in the day; in paragraph 10 where it was alleged plaintiff's vote for himself should not be counted since he was pledged to support the Democratic nominee; and in paragraph 11 where it was alleged all voters for Trout should not have their ballots counted since they also were pledged to support the Democratic nominee.

The reply specially took exception to the allegations of paragraph 12 wherein the plaintiff asserted that the will of the electorate of said precinct was thwarted, for reason that the statement does not point out by what means and manner this was done.

The defendant, in the reply, alleged that all votes cast for him and counted for him in the election were valid votes and that he received the majority of all votes cast and therefore is entitled to a certificate of election; furthermore, that such certificate has been already made and delivered.

The reply further states:

"Defendant specially denies the allegations of paragraph 5 of petition and notice, and on the contrary, would respectfully show to the court that the commissioners court of Yoakum County more than two years before election in question, had duly considered and passed an order that the election place of Box 5 would be Tennessee Camp, that the general election immediately preceding the election in question was held at Tennessee Camp and the defendant denies that any voters of said box were deprived of their right to vote.

The defendant would further show to the court that in the election, including both boxes, there were six electors who marked out the name of Loe and

did not write in the name of any other person and that contrary to proper counting of said ballots the six ballots so marked were counted as six votes for Loe which count was erroneous and should not have been credited to him.

"Defendant would further show that in Box 4 of said precinct that the ballots of four duly qualified voters were improperly discarded in that in each of said ballots the voters marked out the name of Loe and wrote in the name of Trout and that said ballots should not have been discarded and should have been counted in favor of Trout.

"Contestee further represents

and would show to the court that in said general election there were four votes cast for Loe in Box 5 and six cast for Loe in Box 4 on ballots that were mutilated and illegal, and contestee says that all of said votes so cast were illegal and were not entitled to be counted and should not be counted and credited to the contestant.

"Contestee further alleges and shows to court that in the election there were 7 votes cast for Loe by voters who were not duly and legally qualified to vote in the election in that they had not duly and legally paid their poll taxes in accordance with the laws of the state of Texas, and that said persons had not resided in Yoakum County for a period of six months immediately preceding the election and were not bona fide inhabitants and residents of said precinct and that all of said votes so cast were illegal and were not entitled to be counted and credited to said contestant.

"Contestee would represent and show that in the election there were 12 votes cast for Loe by voters who were not duly and legally qualified to vote in said election in that they had not duly and legally paid their poll taxes in accordance with the laws of the state, said 12 voters not having been residents of Yoakum County on January 1, 1957, and said voters having paid their poll taxes in Yoakum rather than in the county where they resided on January 1, 1957, all of which said votes as cast were illegal votes and not entitled to be counted and said votes should be discarded."

The reply concludes: "The de-

fendant prays that the plaintiff's petition and notice of contest filed herein be held for naught; that the exceptions herein stated be sustained by the court, that the certificate of election heretofore issued to the defendant be held by this court to be a proper certification of the true result of said election, that the illegal votes counted for Loe be discarded, that the legal votes cast for Trout and not counted be now counted by the court, and for such other and further relief to which contestee may be entitled, including the cost of this proceeding, which he prays be adjudged against the contestant."

during World War II. Three of his sisters, Mrs. W. H. Key, Mrs. Howard Blake and Miss Creola Moore live at Brownfield. One sister, Mrs. Jarvis Nowell lives at Plainview. His brothers Don and Loyd both live at Brownfield.

J. W. spent most of his school years at Gomez but graduated from Brownfield High School. At the time the Moore family lived near Gomez, it was a thriving ranch town with several business places including two hotels, post office, blacksmith shop, bank, general merchantile and several churches.

It was in 1931 that J. W. married Miss Eunice Elmore. They are the parents of four children including Betty Ann, now Mrs. Polly Rushing who lives in Terry County, James and Luther both of Plainview and Bobby of

Littlefield. There are three grandchildren in the family.

Prior to moving to Yoakum County, Mr. and Mrs. Moore lived in Brownfield where he worked in a grocery store. They own a farm northeast of Plains where they farmed about five years. But J. W. yearned to get back into the business world and moved to Plains where he was employed at a grocery store. He has also done some carpentry work and was caretaker at the local school and drove a school bus about three years. Prior to the time he began working at the school he served on the school board about two years. He resigned from his job at the school to devote his full time to the Dry Goods business.

Mrs. Moore worked at Hagues Dry Goods store about two years before they bought the store from Hagues; however Mrs. Louise Oden retained her interest in the store therefore the name of Moore & Oden was decided upon. Recently the Moore's bought the McCargo building just south of their store thus doubling the space of their store. Mr. Moore is in charge of the men's department and helps out with the buying for the store.

J. W., a member of the Plains Lions Club received his 10 year pin about two years ago. One year he received a pin for perfect attendance. He is a member of the Plains Cowboy Booster Club and was a charter member of the Plains Chamber of Commerce.

Mr. and Mrs. Moore occasionally take off from their busy schedule for a weekend of fishing and relaxing.

New withdraws as candidate for district attorney

Paul New, attorney and also county judge, who had been contacted earlier this fall in regard to his acceptance of the appointment of district attorney for the 106th district, announced Monday that he had notified Governor Price Daniel of his withdrawal as a candidate.

The office became vacant December 1, when the resignation of Mitchell Williams of Tahoka, previously announced, took effect.

In commenting on his decision to withdraw as a candidate for the office, New said:

"At the time I was originally contacted this fall, I understood that if I wanted the office and was acceptable to the Governor, I would be appointed. From this point, the situation became confused and I felt constrained to withdraw, since it was not thought desirable to receive the appointment under these conditions.

"I am very grateful for the confidence and efforts of all the people who assisted me."

Notification of his decision was made in a telegram sent Monday to Governor Daniel at Austin by Judge New.

"My application for District Attorney of the 106th Judicial district is with your office. Resignation of our District Attorney is effective today. It's originally hoped an early decision of

prospective appointee from your office would eliminate burden and confusion on you and better enable prospective successor to shoulder duties of these six counties. Expressing my thanks to you and affirming the sincerity of my intentions, for the good of the district, I respectfully withdraw my name as applicant from consideration."

No appointment of a district attorney has as yet been forthcoming from the governor's office, leaving the office vacant at the present time.

An Inspired Life

Oh, the power of an inspired life. Joan of Arc opened the eyes of the world and established for all time a place in world affairs for consecrated womanhood. Her conviction, courage, enthusiasm and determination won for her battles that could hardly be won. She fixed her eyes on God and found her answer. Young churchmen today are leading a wicked world to God. As Joan looked up and got her answer, may we in the same measure of consecration and faith look to God and get our answers. May the Christian dignity exemplified in her behavior be ours.

Tsa Mo Ga Club enters national sew contest; local judging February 2

The needles and thread of local clubwomen were flying today as plans to enter a nationwide Fashion-Sewing Contest were announced by the Tsa Mo Ga Club. Designed to select the "Ideal Costume for the Club-woman's Wardrobe," the National Contest is being sponsored for the second consecutive year by the General Federation of Women's Clubs, Washington, D. C., with the cooperation of Vogue Pattern Service and the Woman's Club Service Bureau, New York City. All entries must be made and modeled by club members.

Local contestants will be judged first at a special meeting of the club on February 2, 1959. Selection of the winning outfit will be on the basis of versatility and appropriateness for club occasions, over-all fashion effect, becomingness to wearer, and workmanship. In addition to being awarded a one-year subscription to Vogue Pattern Book, the winner will become eligible for participation in the second round of the Contest when judgments at the District level of the Federation are held later this year.

Third round of the Contest will take place in the form of State Federation judgments, where cash awards of \$100 and \$25 will be given the first and second place winners. A bronze plaque will be awarded the club represented by the first-prize winner of each State Contest.

A three-week trip to Paris and London for two people, provided by the international travel service, Thos. Cook & Son, is the grand prize in the final, National

judging, with cash awards of \$500 and \$250 going to the second and third place winners. First and second place winners will also receive trips to the 1959 GFWC Convention in Los Angeles as part of their awards. Other special awards will be made to the clubs represented by the winners and to the State Federations with the highest percentage and the highest number of member-clubs participating in the nation-wide Contest.

After the meeting the girls adjourned to the kitchen where the foreign dishes were served with Wassel Punch, prepared by Mrs. Jo Brown, Plains High School Home Economics instructor.

Cowboys

(continued from page one)

the Cowboys.

In Bobby Sutton, Ozona's all-state candidate, the Plains boys saw one of the outstanding backfield men in the state. All of the second half and about half of the first, Sutton ran from tailback in a spread formation, and he continually gave the Cowboys trouble. Whether he was running or passing, Sutton posed a threat at all times.

Joe Don Marrow gave Sutton a good run for backfield honors in the game, as time after time he carried the ball when Plains needed yardage, and he usually came up with the amount needed. Don Todd and Ray Faught were outstanding on defense for the Cowboys, although the entire team shared in defense honors. Faught was almost the "goat" of the contest, as Ozona scored their first touchdown after he fumbled a Lion punt. However, he more than made up for it with his defensive play later in the game.

Ozona scored with 8:40 left in the first period, after Faught's fumble was recovered by Jim Doran on the Plains 19 yard stripe. Sutton crossed over for the TD from the two, five plays later. A bad pass from center ruined the try for the conversion.

Plains took the ensuing kickoff and marched the length of the field in five plays. Marrow thrilled the crowd on 57 yard touchdown jaunt, circling his own right end and rambling down the sidelines to pay dirt. The try for conversion was no good, leaving the score knotted at 6-6 with six minutes left in the first quarter.

The Cowboys stopped an Ozona drive on the Plains 22 yard line and began to march once again themselves. A big play in this drive was a 36-yard pass from Cordell Huddleston to Faught, giving the Cowboys a first down on the Ozona 32 just before the first period ended.

On the seventh play in the second stanza, Vernon Ethridge recovered a fumble in the Ozona end zone to receive credit for a touchdown. Faught was carrying over from the five yard stripe when he was knocked loose from the ball. A Huddleston pass for the conversion was intercepted.

On the next series of plays, the Lions were just not living right. A beautiful 42-yard pass play, good for a touchdown, Sutton to Billy Bob Holden, was called back because of a backfield in motion penalty. Three plays later, Holden got behind the Plains secondary, but dropped a pass laid right in his hands by Sutton. A 15-yard personal foul penalty against Plains gave the Lions the ball on the one yard stripe, but as Sutton crossed the goal line he fumbled and Plains

recovered in the end zone for touchback.

The Cowboys took the second half kickoff and marched yards for their final touchdown. The drive ate up most of the third period, and when they finally scored from the 20 yard line, there was only 3:50 left in the quarter. Marrow ran a two-point conversion which eventually the difference in the game.

Only seconds later, Jim Williams intercepted a Sutton aerial and the Cowboys took over the Ozona 40. Don Williams sprinted 24 yards to score a short while later, but Plains was penalized for illegal use of hands, and the run was nullified. Ozona had a pass interference penalty called against them, but Plains was in business on the yard line. However, Williams fumbled on the next play and the Lions recovered to save another possible score.

From the 12, Sutton rammed for 15 to the 27 yard line, and then on the last play of the third quarter, he dashed 73 yards to score in a beautiful run. The try for conversion was fumbled and not good.

The final twelve minutes were frantic with Ozona trying to get another score, and the Cowboys putting forth their best defensive efforts. Midway in the period, Ozona took possession after a Plains punt, and from midfield, Sutton hit Holden on again with a touchdown pass but the Lions had backfield motion and the play brought back. The Ozona eleven rolled on down the field, with Sutton doing all the work. In this series of plays, Sutton either passed or carried the ball himself thirteen straight times. He took the Lions to the one yard line, where, some reason or other, he passed into the endzone right into the hands of Plains' Jim Williams who downed the ball for a touchback.

The Cowboys tried to run the clock out, and they made a first down, but were faced with a fourth down and four yards go situation with about 15 seconds left to play. Rather than punting and taking the chance for Sutton to run back the kick the Cowboys gambled and went for the yardage.

Plains was short of the field by inches, and Ozona took possession with ten seconds left. Sutton faced back and hit Holden streaking down the sideline with a pass, good for 39 yards and a touchdown, and pandemonium broke loose in the Ozona stands.

The Lions were ahead of the Plains team in penetrations, a two-point conversion would have given the Lions the lead in the game and give the decision to Ozona. However, the Plains defense rose to the occasion and stopped Sutton on the conversion attempt and the victory belonged to the Cowboys.
