THE FIRST Appreciation Banquet held by the Booster Club in honor of the football boys, coaching staff and their guests was rated an excellent success. Shown above are L. T. Sewell, Sammy Baugh, who was guest speaker, Jack Pierce and Ralph Dahl.

Efforts to locate doctor for clinic are continuing

D. N. Taylor, president of the Plains Chamber of Commerce, announced this week that the C. of C. is still busy trying to locate a Doctor for the new clinic. He stated that one doctor was interviewed last Thursday. He seemed to be interested in moving here; however no decision has been made as of yet. Another doctor from north Texas is planning to be in Plains this week end to look Plains over and talk with officials concerning the clinic. He stated over the telephone that he is definitely interested in moving to West Texas.

Mr. Taylor pointed out that the membership committee will start to work next week contacting all new business places and soliciting new members. Several of the members are behind with their dues and they'll also be contacted. There is a great need for members who are willing to give a little of their time and efforts in order to help make Plains a better community, he said.

Plains and its surrounding area is growing and it looks as though it will continue to grow and maybe at an even faster pace. He urges every member to join in and help make Plains one of the best little towns in West Texas.

Cowboys cinch district in victory over O'Donnell

The Plains Cowboys became the kingpin of District 5-A for the second straight year Tuesday night with a 76-64 win over the O'Donnell Eagles.

Although the Cowboys have one more district game to play, the title is theirs because they have a 7-0 record and second place O'Donnell has a record of 4-2.

Tuesday night's duel lived up to all advance billing. After a saw battle during the opening minutes, the Cowboys moved ahead and stayed in the lead thereafter. However, Plains' margin never drew to comfortable portions. The Cowboys' widest margin was 10 points with three minutes to play.

The Cowboys hit 25 of 63 shots from the field and held quarter leads of 24-16, 38-32 and 53-46.

Each club had four players to score in the double figures. Cowboy Jim Williams hit 24 points and grabbed 17 rebounds for Plains. He was backed up by Harmon Meixner with 17 points, Walter Coffman with 14 and Cordell Huddleston with 10.

For O'Donnell, Kenneth White pumped in 21 points, Larry Brewer hit 12, David Bessire 11 and Tommy Garderhire 10.

The triumph left Plains with a 20-2 season record.

The Plains B team posted a 74-42 victory. Jack Meixner sparked the winning team 25 and Robert McMillian scored 15 points for the losers.

The Cowboys travel to Sunday next Tuesday night for their last District game.

An Exhibition game will be played with Dimmitt Friday night, February 20, at Levelland at the South Plains Junior College gymnasium. The B game will begin at 6:30 p. m. The varsity game will be played at 8:00 p. m.

HIGH WINDS which brought in the season's worst dust storm Monday partially blew down the Wagley Construction Co. building shown above. Other damage reported included a glass window blown out at Robertson Motor Co., shingles off the roofs of several houses, and numerous antennas flattened.

Appreciation dinner held

The Plains Booster Club held their first annual Appreciation Banquet for the Cowboy football teams, their coaches, sweethearts and wives Thursday evening, February 5 in the school cafeteria.

Approximately 250 people enjoyed the delicious meal and deemed the affair a grand success.

Club president, Dave Levens, master of ceremonies for the evening, presented Coaches Pierce, Sewell and Dahl checks of appreciation, in behalf of the club, for the outstanding work done with and for the boys.

Head Coach Jack Pierce introduced Coach Sammy Baugh of Hardin - Simmons University who was the guest speaker for the occasion.

Coach Baugh held the interest of all as he proved to be not only witty and entertaining, but a serious speaker. He pointed out that it was not the winning team from score standpoint, but a team who puts 100 per cent effort into every play and that same effort by each individual player, who was actually the best.

He impressed the boys when he told them, by their training and physical fitness habits between football seasons they improved, not during the actual game season in the fall. The man, who though not the most flashy player, puts his best into the game whether winning or losing in points should be the most respected player on the team, he told the boys.

The lovely trophies won by teams of the Plains schools were displayed on the tables. A beautiful centerpiece by Mollie's Flowerland was placed on the head table.

Junior High girls served the meal prepared by Mrs. Cross and her staff.

WILMA POWELL, school tax assessor, points to where vandals tried the lock from the safe in her office at the school building, making off with some \$400 in bills and a small amount of silver. The theft occurred during the night Wednesday.

\$400 taken from safe at school by vandals

Vandals broke into the safe at the tax-assessor's office in the Plains School sometime during the night Wednesday, stealing approximately \$400 in bills and a small amount of silver, Sheriff Robert Chambliss reported.

Chambliss said the vandals evidently had a key which fit the doors to gain entrance to the school building, as well as to the office itself, since no windows were broken or no damage was done to the doors.

Officers are continuing to investigate the break-in. They reported that a screw driver or some similar tool probably was used to pry the lock out of the safe, and gain access to the money.

Discovery of the burglary was made by Slim Randall, school custodian, when he arrived at work about seven o'clock Thursday morning.

Baptist official is guest speaker at local church

Dr. E. L. Clark, Building Consultant for the Southern Baptist Convention of Texas, spoke at the regular worship hour in the First Baptist Church Sunday morning.

He helped with the G. A. Y. Association in the organization of Bethel Baptist Church in Denver City at 2:30 in the afternoon and spoke at the regular preaching hour for the evening service in the First Church there.

On Monday morning Dr. Clark visited the Friona Baptist Church which is contemplating remodeling their present building, and Sudan in the afternoon to help plan a new building due to the loss of their church by fire recently.

He visited churches in Odessa and Wink on Tuesday, according to Reverend C. J. Coffman, pastor of First Baptist Church here and moderator for the organizational services of Bethel Church Sunday afternoon.

Give stock show rules

All the general rules and regulations for the 1959 Fat Stock scheduled for February 27 and 28, are the same as they were last year, it was reported today and very few changes have been made during the past 3 years. Some changes have been made in the time of arrival of some of the livestock in order to take care of the increase in entries and to prevent interference with the Beef Cattle Breeders' Show which is a new event this year.

To be eligible to participate in the Yoakum County Junior Fat Stock Show, a boy or girl must be a member of a Yoakum County 4-H Club or a member of an FFA Chapter in the county. All entries must be fed under the supervision of the County Agent or Vocational Agriculture Teacher. Each exhibitor is entitled to enter two beef calves, three and three lambs. Only steers calves, barrow pigs and weather lambs may be entered. Calves must weigh at least 700 pounds and not more than 1,250 pounds. Pigs must weigh 180 pounds and not more than 280 pounds. The weight limit for lambs is 70 to 125 pounds.

The beef calves will be divided into milk fed and dry lot classes. Any calf that has nursed a cow after September 30, 1958 must compete in the milk fed class. When more than 20 entries are in either or both of these classes, the class will be divided into light and heavy classes. All calves must be trained and groomed for showing. They must have been owned by the exhibitor since October 1, 1958. There is no maximum age limit on the calves; however, animals with permanent teeth showing will not be allowed to enter. A group class will be provided for boys and girls who have two calves entered in the show.

Seminole won the 7th grade division by defeating Seagraves 32-16 in the finals. In the first round, Seminole defeated Plains 40-18 and Seagraves Sundown 37-12. Plains walloped Sundown 35-13 to wrap up 3rd and 4th places.

The 8th grade division was won by Plains as they slipped past Seagraves 21-20 in the finals. In the first round, Plains defeated Seminole 31-25 and Seagraves topped Ropes 28-18 for the 3rd and 4th places.

The plow has 50 inch diameter blades and will plow from 20 to 36 inches deep and deeper.

The plow is now in operation and Mr. Wagley invited anyone who is interested in seeing just what the plow will do to contact him.

Adult ticket sales managers in Lubbock will meet at 7:30 p.m. Tuesday in the Public Library to pick up their tickets. Managers in other towns over the area will receive their tickets through the mails.

Plans for the circus call for eight big acts to be unraveled in the arena at the coliseum. Admission will be 50 cents per person.

Lesson on Mexico given by WSCS

The Women's Society of Christian Service met with Dr. May Gainer in the Methodist Church Parlor at 7:30 Wednesday evening, February 4.

Mrs. H. F. Barnes opened with a lovely devotional from James 2: 1 - 15 in connection with the lesson on Mexico.

The worship song was "Help Someone Today. Purpose: Help to take Christianity to all individuals in Mexico. Mrs. R. H. Meixner offered a special prayer for missionaries in that field.

Mrs. Glen Cleveland gave the lesson on Mexico with statistics on the beginning, the hindrances and progress of the Protestant churches in the past seventy years. Missionaries must teach a native and they, in turn, will lead the throng of gospel-starved people, she said. They are in urgent need of Agricultural Missionaries, she pointed out.

Mrs. L. O. Smith, president, concluded with a business session and a prayer.

Refreshments were served to ten members: Mesdames L. O. Smith, Wayne Chadwick, H. F. Barnes, Foye Flood, Leo White, Donald Lackey, Joe Cheek, Glen Cleveland, R. H. Meixner and Dr. Gainer.

ACROSS THE Cattle Guard

by LEO W. WHITE
County Agent

The County ASC Office is going to be a busy place during the next four weeks. The time is drawing near when each cotton farmer will come into the office and declare by filling out a written form whether he will choose the A Plan or the B Plan. The deadline date is March 16. Any farmer who fails to report on or before March 16 will be a Choice A farmer in 1959. This failure to report does not mean that farmers who have decided to use the A Plan need not report to the local ASC Office. Mr. Overton tells me that they have a form for each farmer to sign. A form for those who choose B and another form for those who choose the A Plan.

There is a real advantage to signing these forms even though it seems useless for those who choose the A Plan. The County ASC Committee and the County ASC Office needs to have a complete report. They need to know that 100 per cent of the cotton farmers are interested

enough in their cotton crop to make a report. Some County Committeeman is likely to hear a report that one of his neighbors is planning to select Choice B. In the meantime, this particular neighbor might charge his mind decide he would rather have Choice A which does not require him to report to the County Office. When the Committee goes over the signed forms soon after March 16 they find that he has not signed either form and their only alternative is to make him a Choice A farmer. This was all very satisfactory with the farmer because that was what he wanted but the County Committeeman was not aware of that fact. Little things like that are what causes stomach ulcers and sleepless nights on the part of a Committeeman.

Farmers who have definitely decided which plan they will select should come by the ASC Office as soon as possible and sign the form. This early signing will avoid the rush during the last few days just prior to March 16. No farmer should sign one of the forms; however, until his mind is definitely made up.

A farmer who selects either plan should be prepared to answer one question at the time he signs the form. He will be asked if he is the operator of any other farm. If the answer is yes then he must be sure to sign up the other farms on the same plan. These other farms may be in the same county, in another county or even in another state.

There are many argues to consider in making the choice of A or B. Each farmer should thoroughly understand each plan in detail before he makes his selection. The newspapers and farm magazines have carried numerous articles on these two plans. Interested business firms and organization have sent out letters explaining both plans. One meeting has been held in Yoakum County for this purpose. Another can be held if the farmers feel that it is necessary. I suggest that farmers leave word at the county agents office if they would like to have another meeting. If another meeting is in order, it should be scheduled at least by March 9th. It would be necessary for me to know of the need well before that date

in order to give it the proper publicity.

Willie Beggs, six year old son of Mr. and Mrs. George Beggs, returned to school Tuesday afternoon, but must be quiet as ordered by his physician. Willie received bruises and cuts when struck by an automobile during the lurch period on Wednesday of last week.

Space nearly sold out for petroleum show

Space for the fourteenth International Petroleum Exposition to be held in Tulsa, Oklahoma, May 14-23, 1959, is now 99 per cent sold out according to W. K. Warren, IPE President. Warren said in making the announcement, "All indications are that the 1959 show will far surpass all of our earlier predictions."

With show time nearly five months away the grounds have the appearance of a new housing development with construction workers swarming everywhere. Wm. B. Way, general manager of the show, reports that more new construction is going on at this date than he can remember in any of his 30 years as head of the show.

As in previous shows, one of the major highlights will be the Hall of Science where the technological and scientific progress of the industry since the last show will be displayed for the layman as well as the oil man.

Mr. and Mrs. Robert Chambliss, Mr. and Mrs. W. M. Overton and Mr. and Mrs. T. J. Miller and girls attended the house warming for Mr. and Mrs. W. O. Spencer at their new home near the C. G. & S. gln last Saturday night.

Jo Ann Bailey is FHA delegate

The Plains FHA Chapter met Monday night in the Study Hall. The group elected Jo Ann Bailey to be delegate to the area FHA meeting to be held in Odessa, March 21. The delegates to the state meeting were discussed and will be elected at the next meeting. The group will have the concession stand again this year and the girls each voted to bring a pie. The duties for the cooking of the eighth grade banquet were read.

Mrs. Helen Hunter was the guest speaker for the evening. Her topic was "Why Choose

Homemaking as a Career." Approximately twenty-five members answered roll call. Several of the girls were unable to attend because of the sand storm.

Excellent program heard Monday night by Tsa Mo Ga club members

The Tsa Mo Ga Club met in regular session February 9, 1959 in the clubroom.

Club collect and pledge of allegiance was given with Mrs. Ty Field presiding.

Reports from various committees were heard. The program was turned to the director for the evening, Mrs. A. J. Hayes.

Mrs. Norelle Sloan gave a very interesting paper on "Your Clothing Dollar." Mrs. Sloan quoted an English woman, Bea Darville. It seems to me that the most striking aspects of the American scene is the inherent good taste, freshness and fashion consciousness of American women. She seems to carry the freshness of girlhood far beyond its normal years. She regards it an obligation to acquire a charming personality and dress well. To help this important work, American manufacturers place at her disposal every year four billion dollars worth of fashion merchandise." Mrs. Sloan stressed long range planning to achieve the well-dressed look.

Mrs. T. R. Nordyke spoke on, "What's New in Cottons". Most interesting was the fact that special processes have made cotton so much more wearable. Some of these finishes are wrinkle-resistant, water-repellent, shrinkage - controlled, flame-resistant and glazed-finished. It is the most widely used fiber for clothing and is being constantly improved.

Mrs. R. K. Field gave a most informative talk on, "Physical Fitness." She pointed out that

exercise and diet are two of the most important factors in keeping fit. In her talk she frequently quoted Bonnie Prudden, who is a member of the President's Citizens Advisory Committee on the Fitness of American Youth, also director of the Institute for Physical Fitness in White Plains, N. Y., the author of two books on physical activities and mother of two daughters.

Mrs. J. W. Moore announced that the time had been extended on the Vogue pattern, contest. The local final date is March 9 and everyone is asked to have their dress ready by this time.

Mrs. Pat Henard and Mrs. Robert Henard were co-hostesses for the social hour. Spiced tea, angel food cake and salad was served from a table decorated in a beautiful Valentine motif.

Volleyball team drops two games to Seminole Feb. 5

Last Thursday the volleyball girls played their fourth games at Seminole and unfortunately lost both games. Jeanine St. Romain scored the highest number of points for the A team with Lela Parks following close behind. Marsha White led the B team and Jo Basz scored for the second position.

Between games the Seminole team had a formal crowning of their "Volleyball Beau." The decorations were in red and white and their High School Combo furnished the music. All of the girls enjoyed this very much.

The next game is scheduled for Monday February 16, at 4:00 p. m. in the Plains gym. Let's all go out and back to the "Cow-girls."

Mr. and Mrs. Roy Wauson and baby of Aspermont visited his parents, Mr. and Mrs. R. E. Wauson last weekend. "Teeter," as he is known by his friends here, is on the school faculty at Aspermont.

costs—for extra fuel . . . extra work . . . longer hours in the field.

Our skilled mechanics can put your tractor back in top condition for fuel- and work-saving performance next season. Trained in John Deere servicing methods, our mechanics know what to do and how to do it . . . quickly, efficiently. This means quality service at the lowest possible cost.

Right now . . . while we're not rushed, is an excellent time to have your tractor tuned up . . . reconditioned, if necessary. Stop by the next time you're in town and let's talk over your service needs!

Full use of cotton allotment is asked

Official figures recently released by the U. S. Department of Agriculture, and brought to the attention of the Denver City Chamber of Commerce by the West Texas Chamber of Commerce, show that Yoakum County cotton farmers failed to plant or utilize 1,598 acres of their 1958 cotton allotments.

Through the work of the Agricultural staff of the WTCC for the past five years, an effort has been made to protect the cotton acreage for West Texas farmers by making certain they received their rightful share of the state allotment.

"We have always maintained that the acreage received was planted, however, the records now indicate this is not true, at least in '58," said Loyal Walker of WTCC this week. "We have been asked by statewide cotton groups to join them in an all-out effort to see that every acre allotted in 1959 is planted, or, if not, is returned to the county ASC office for re-distribution in the county."

This week, after considerable checking of facts with W. M. Overton, ASC manager at Plains, the Denver City Chamber of Commerce came up with these facts: of the 36,256 allotted cotton acreage in Yoakum County in 1958, a total of 741 acres were put into the Soil Bank program (these can not be released and re-distributed,) an additional 60 acres were not planted (53.4 acres of this belonging to an out of county owner,) and the balance of loss of the 1958 acreage, 797 acres, was due to indefinite allotment boundaries were two, three or more acres, were lost. Also contributing to the total were those acres planted, but not harvested due to

Therefore, the picture does not look as bad after the full facts are known. Actually, only 60

acres were attributed to the failure to use the allotment.

However, each cotton farmer is urged to use his allotment as closely as possible to insure maximum use of his allotment, and, if he does not intend to use his allotment, to release it through his ASC office so that it can be re-assigned to someone who wants it. This would in no way affect his al-

lotted acreage the following year.

Mrs. J. W. Beal spent Friday and Saturday nights with her sister, Mrs. Jim Brown in the Yoakum County Hospital where she received major surgery on Friday. Mrs. Brown is recuperating satisfactorily, we are glad to report.

GOD said, "Let there be light: and there was light."

How much is shining on you? Are you just sitting there —

oblivious to the needs of your fellow-man — and inactive in your church?

Then a cloud is hiding you! Want to be a reflector?

Then get out in the open — out where the light can beam upon you.

Absorb aplenty of it...enough to purify and light up the

dark corners of your soul. Lead your family and

others to church. That is being a reflector of real light...true light.

For, "God is light and in Him is no darkness." 1 John 1-5.
