CONGRATULATIONS

Congratulations are in order to our neighboring newspapers to the east and south. At the West Texas Press Association meeting held in Pecos last weekend the Brownfield News and the Denver City Press received top awards. The News received a first place in advertising and the Press received a first place in photography. Both papers also placed in several other categories.

An interesting side light at the meeting was the poll taken on the upcoming presidential race. The 140 publishers and editors were asked if their county would support the Kennedy and Johnson ticket, would religion play a part in the election, and would their paper support Kennedy or Nixon. Surprisingly the answers showed that Kennedy and Johnson would have a hard pull in the majority of the towns and that religion would play a part in the race. Only 12 papers said they would support Nixon, 8 for Kennedy with the majority again saying they would not support either party.

The question left in my mind was who or what were the majority of papers going to support.

Other interesting notes at the convention were several informative talks made on Americanism and Communism. One of the most forceful speakers was C. L. Kay of Lubbock Christian College. It is hoped that Mr. Kay will be able to give a talk in Plains soon.

Equalization board to meet Monday

Two important meetings of interest to residents of Plains and Yoakum county are slated to open next week. On Monday morning at 10, August 15 the Board of Equalization for the county will convene at the court house to determine final valua-

tions upon which taxes will be levied for the next year.

On Monday afternoon at 2 o'clock the Plains Independent School District's budget hearing will be held. All interested persons are invited to attend the meeting.

Cowboy grid squad begins fall practice on Monday

Getting ready for the first football game of the season, on September 2, the local football candidate will meet Sunday afternoon at 1:30 to weigh in and fit uniforms. Football practice will start Monday morning at 8 and again at 5:30 p.m.

According to Coach Jack Pierce all candidates for high school football are to meet at the old field house. He added that this included the freshmen players.

Approximately 47 boys are expected out for fall training. Pierce said that this year's schedule would be one of the toughest that Plains had ever played. The first game on September 2 will be here at the local stadium when the Cowboys will clash with Crane. Rated among

the best teams in the 4-AA circuit, Crane will be a rough opponent to pen with Pierce said.

The second game will be September 9 with Wilson there. Besides Crane three other new opponents have been added to the local schedule. They include Portales, a 3-A school; Sudan and Wirk, both class A schools. Coach Pierce said that though the Cowboys face a tough schedule he felt that the local team would make a good showing. He added that the non-district games would be good preparation for our district games.

Local coaches will hold two workouts a day until school starts. Pierce said that the boys would be in good shape in time for the first game.

This year's Cowboy team will

lean heavily on the returning seniors. The 14 candidates are Ray Faught, Vernon Ethridge, Jack Meixner, Joe Don Morrow, Eldridge Tidwell, James Alberding, Doug Todd, Tommy Warren, Dick Cooke, Jerry Bob Warren, Mike Culwell, Ronny Stockstill, Mike Sink, Roy Lowery. Ray Faught and Vernon Ethridge will be co-captains.

Returning juniors include Walt Hawkins, Steve McGinty, David Johnson, Jerry Jones, Clark Sims, Melvin Lowary, Sam St. Romair, Milton Watson, Kent Welch, Ronny Hendricks, Glenn Boyd, Johnny Robertson, Billy Stockstill, Dennis Hickman, Norman Huddleston, Clarence Todd, James Hooper, Kenneth McGinty, Ty Powell, Ernie Anderson, Jimmy O'Neal, Johnny Pippen, J. B. Wilson, Clyde Lynn, and Billy Hampton.

Freshman candidates include Roland Faires, Olan Smith, Larry Williams, James Hampton, Donald Davis, Bob Parker, Mike Sield, and Robert Tauton.

The varsity squad will sport new white uniforms this year for the home games and will wear black on the road. Coaches include Jack Pierce, Rip Sewell and Sam Mosley. Mosley will also coach the junior high squad.

Local merchants busy putting up fall goods

Fall is in the air and Wednesday's temperature brought to mind the cool days ahead. And local merchants have been busy the last few weeks receiving their fall and winter merchandise.

With school day right around the corner, Curry - Edwards Pharmacy has been putting out back-to-school material. A large center shelf has been turned over to papers, pens, notebooks, binders, inks, and other school needs. Among the unusual items to be found there are the "Zary" book covers. The covers are coated with plastic for protection and have printed on them such unusual titles as "Brain Surgery Self-Taught". Also Mrs. Curry has been kept busy putting out gift selections that was recently bought at the market in Lubbock.

Over at Moore and Oders during the hot weather last week the sales ladies were busy marking in their new line of Field & Stream wool, leather and corduroy coats. This is one of the new lines picked up by the Moores for this season.

Another new line at Moore's is their Hallmark cards. Mrs. Moore said that they would carry all forms of cards and would

stock complete lines of Hallmark wrapping paper and ribbon.

Strictly for the ladies is the new dress line, Carole King Jrs. This line is nationally advertised and is styled for the junior set.

Wednesday afternoons are one of the busiest times of the week for the The Elsorta Shop's staff. Since their move into their new building they have been holding informal style shows every Wednesday afternoon and giving away free merchandise.

Among the new lines received at the Elsorta is Nardis of Dallas, one of the best known brands in the Southwest, Loftis knit suits, and Prissy Missy for the younger set.

Mrs. Giles and Mrs. Nordyke said that they would soon have a complete line of clothes for the toddlers and beginners.

Rogers Department Store is now holding their summer and fall sale. Roger Hyman, manager of the store, has been kept busy with the rush of shoppers. The staff at the Dortha's Style Shop have been resting after their style shop held last week. The show was put on by the FHA girls with dress and sports

Local postmaster resigns position

Postmaster Robert C. Watson tendered his resignation to the U. S. Postoffice Department last week after serving as permanent postmaster the past 11 months.

Watson, with his family, came to Yoakum County in 1946 and farmer until he was named acting postmaster of the Plains office on March 22, 1957. He is a veteran of World War II and served in the European theater prior to his discharge in 1945. They have a son, Milton, and two daughters, Barbara of the home and Mrs. Ray Huffman, also of Plains.

When asked about his future plans, he stated that he will finish a crop on his farm and then go into the automotive electric business in Odessa. The entire community will miss them in church, school and other community affairs and wish them God-speed in whatever they do.

Three producers are added

There were three new producing oil wells added to Yoakum County during the week, with a potential of 501.45 barrels of oil daily between them.

Oil Development Company of Texas added No. 2-813 ODC Fee to the Reeves (San Andres) pool of Yoakum County, 12 mil-

es northeast of Denver City.

It was completed for a daily potential of 109 barrels of 33 gravity oil, plus 12 per cent water, pumped from perforations at 5,615-5,621 feet, after acidizing with 3,500 gallons. The gas-oil ratio was 274-1.

The project was drilled to 5,736 feet and 5 1/2-inch casing set on bottom.

It is 1,980 feet from south and west lines of section 813, block D, Gibson survey.

Cherry Brothers completed No. 1 Argo Oil Corporation as another producer in the Branney field, 17 miles northwest of Denver City.

It finished for a daily potential of 86.45 barrels of 32.2-gravity oil, no water, flowing through a 20-64-inch choke and perforations at 5,266-5,294 feet, after fracturing with 10,000 gallons. The gas-oil ratio was 653-1 and the tubing pressure was 215 pounds, while the casing pressure was 235 pounds.

It was drilled to 5,329 feet and 4 1/2-inch casing set at 5,

328 feet.

The venture is 660 feet from north and east lines of section 516, block D, Gibson survey.

Skelly Oil Company finished a prolific pumper in the Wasong (6,600-foot) field of Yoakum County, No. 7 T. R. Rhodes.

It finished for a daily potential of 326 barrels of 33.8-gravity oil, no water, pumped from perforations at 6,272-6,774 feet, after fracturing with 30,000 gallons. The gas-oil ratio was 183-1.

The project was drilled to 7,457 feet and seven-inch casing set at 7,456 feet.

It is 467 feet from south and 1,426 feet from west lines of section 37, block AX, PSL survey.

Texaco Inc. swabbed out 46 barrels of 40.4 gravity oil, plus nine per cent basic sediment and water, and 34 barrels of load oil in 19 hours from the Wichita-Albany in No. 17-B Mrs. Annie Miller, Yoakum County wildcat. The recovery was from perforations at 8,474-8,480 feet and

Services held for two ex-residents

MRS. MYRTLE EARNEST
Funeral services for Mrs. Myrtle Earnest, 72, early resident of Yoakum County who moved to Lubbock in 1925, were held at 11:30 a.m. Tuesday in Rix Funeral Home Chapel. Dr. J. Chess Lovern, pastor of First Methodist Church, Lubbock, of which she was a longtime member, officiated. Burial was in City of Lubbock Cemetery.

Survivors are a son, Dob of Lubbock; a daughter, Mrs. Otis Isom, Idalou, a brother, Bill Nicks, Encino, New Mexico; a sister, Mrs. Cuma Wilkinson, Midland; and a host of friends, many of whom still reside here.

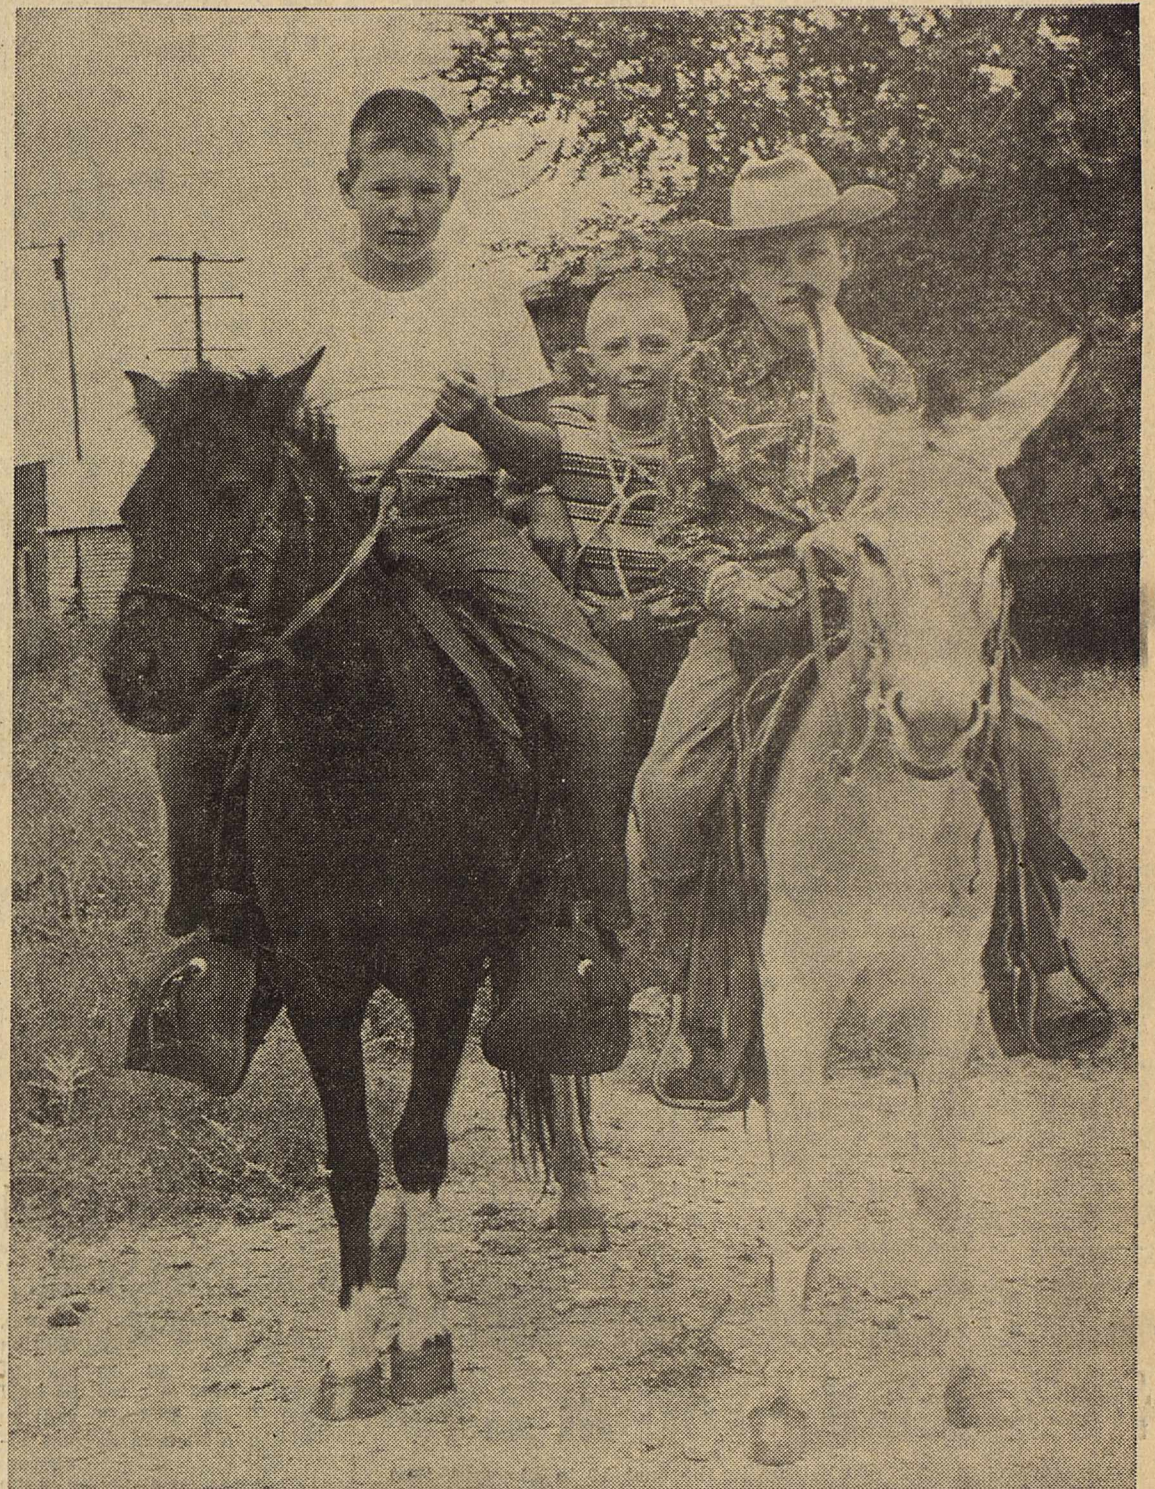

Pallbearers were H. G. Lawson, Woodrow Rampey, Grady Harrist, Gler Wilkerson, Roy McCravey and Munroe Williams.

BOBBY PROVENCE

Mr. and Mrs. Dois Provence attended last rites for his brother, Bobby Gene Provence, 20, of Hereford, who with another youth, Harley Earl Davis Jr., also of Hereford, was killed in a one-car accident near Bovina early Saturday morning.

Joint services were held at 4:00 p.m. Monday in Rose Chapel of Gililand Funeral Home, Hereford.

Young Provence with his parents and brothers lived in the Tokio community and attended Plains schools prior to moving to Hereford about nine years ago. He is survived by the parents, Mr. and Mrs. Sam Provence, Hereford, and four brothers, Tommy and Sammy Jr. of the home, Billy of Oklahoma and Dos of Plains.

WHOA PARTNERS get ready for the 4-H "Kids and Kayuses" Roundup planned by the Yoakum County 4-H club to be held at the local roping arena August 26 and 27. Shown are three members of the local club on their way to practice.

4-H events are announced

The "Kids and Kayuses Roundup" has been set for August 26 and 27 local 4-H officials announced this week. The roundup is sponsored by the local 4-H club and contestants will be 4-H members.

The events of the roundup include stunts for boys and girls. Events strictly for the girls include clover-leaf barrel race and the girls goat tying. Scheduled strictly for the boys is the boys flag race and the boys goat tying. Either group may enter the pole bending, the bell goat roping, and the cutting horse contest. Teams for the team tying

will be made up of a boy and a girl.

Teams for the goat sacking will have one member under 14 years of age and one over 14.

Ribbons will be awarded in each event and points will be given for each first, second, and third place. There will be no entrance or admittance fees. Those wishing to enter may contact Pat Henard or Leo White before August 26. The events will be staged in the local roping arena.

RALLY DAY

Rally Day plans for the 4-H members were also announced

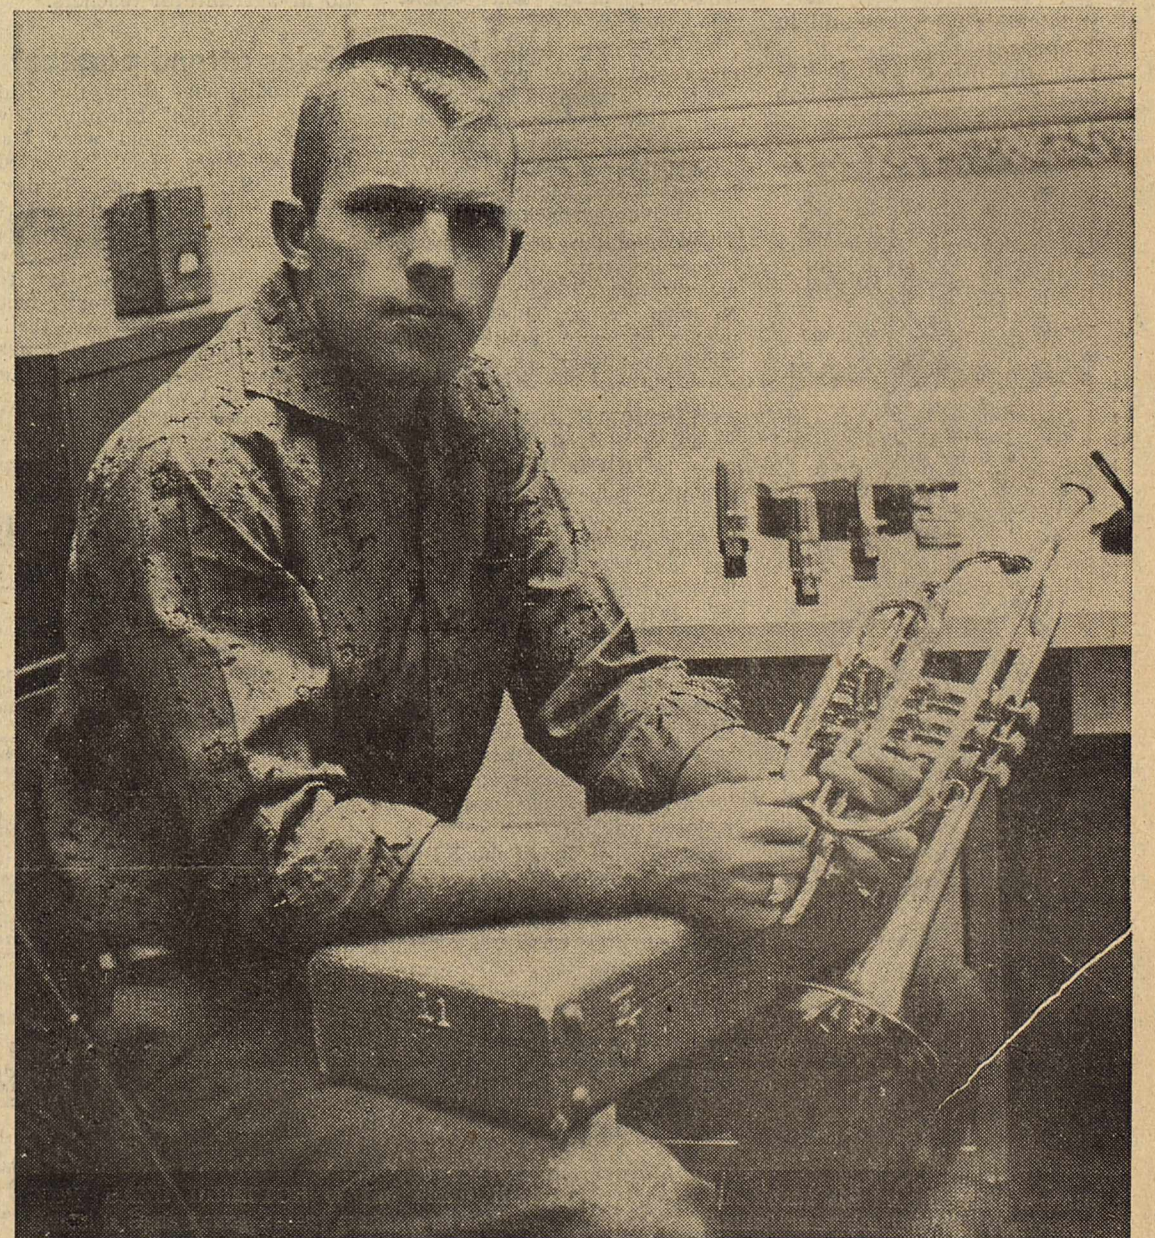

this week. D'Lois McGinty and Jay Bryson have been named as co-captain for the 1960 Yoakum County 4-H Rally Day which will be held on August 19.

Registration will begin at 9 a.m. in Stanford Park. Activities planned include a morning swim, lunch, and craft sessions. Serving as leaders for the craft sessions and the recreation will be members of the Yoakum County General 4-H Council. The craft session will consist of weaving reed baskets.

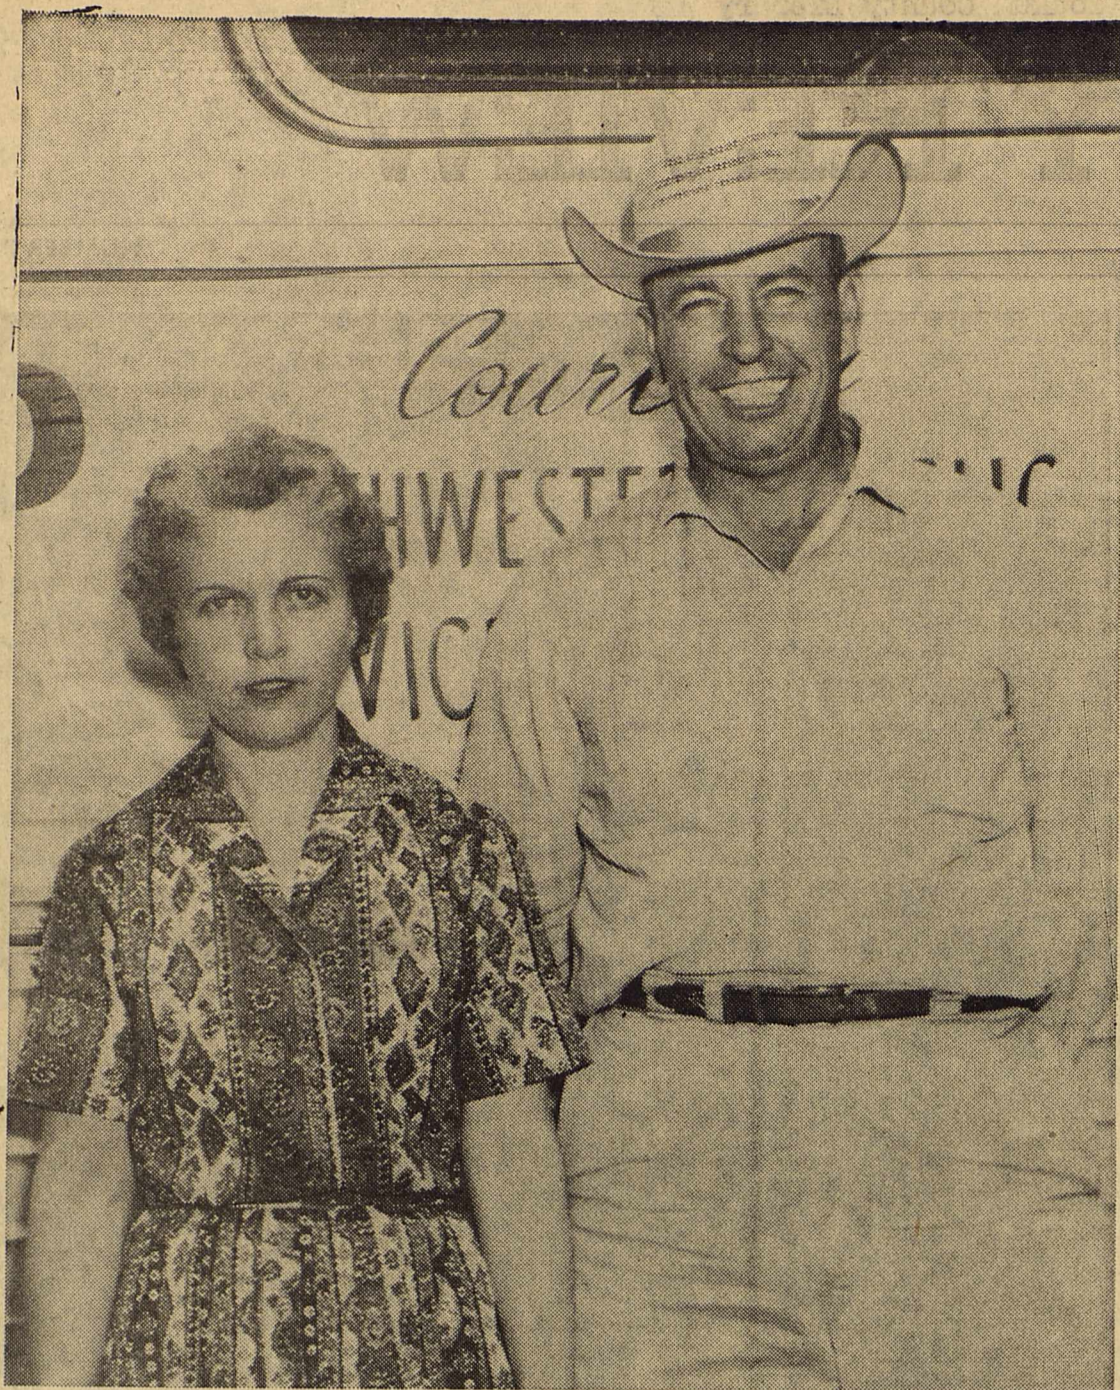

The awarding of pins will end the annual 4-H Rally Day activities.

AND AWAY WE GO off for a fast boat ride on Lake Thomas says Mrs. Morris Lowe as she and Mrs. Chester St. Romain and Joe St. Romain enjoy the day's outing at the Swann lake house. The day was enjoyed by members of the Iota Pi sorority and guest.

NEW BAND DIRECTOR of the Plains High School is Gene Young, recent graduate of McMurry college. Mr. Young and his wife have recently moved to Plains. Band practice will start Monday morning at 9 a.m. Young said.

MR. AND MRS. LEO WHITE are shown returning from the 5-day camp held at Cloudercroft, New Mexico. The Whites were accompanied by Kall-em Ahmed, visitor from Pakistan.

THE YOAKUM COUNTY REVIEW

25,000 bales predicted from county cotton crop

A cotton yield of 25,000 bales has been predicted for Yoakum County in the first estimated production total of the Texas High Plains, made by Plains Cotton Growers, Inc.

The Lubbock organization, which is comprised of 23 member counties, predicts a total yield of 1,899,000 bales for 1960-61 in the area.

If produced, such a crop would be the second largest crop in history ever harvested off the High Plains. More than two million bales were harvested in 1958. Last year's production was 1,869,353 bales.

The estimated production total is expected from allotments totaling 2,263,395 acres. Standing acreage as of August 1 totaled approximately 2,175,000 acres.

Condition of the cotton crop on August 1 was reported to be good to excellent. Hot, dry summer weather during July enabled the crop to do some "catching up" and most agricultural observers see the crop as somewhat late this year, but still in good shape.

Some dryland cotton is reported to be in the best condition

in the past 10 to 20 years. One more shower or rain in late August will insure a good production. Irrigated cotton is again being watered in some areas.

According to the PCG report, Yoakum County produced a total of 32,030 bales last year. Total 1960 allotment for the county is 33,816 acres.

Gaines County is expected to produce 70,000 bales from an acreage allotment of 77,930 acres. Gaines production in 1959 was 48,691 bales.

Food dangers told by health officials

State health departments officials warned of inherent dangers of food poisoning in picnic foods. Heading the top of the list as potentially dangerous foods, if not properly handled, are potato salad, barbecue, tuna and chicken salad.

The danger from barbecue meat and sauces results when they are reheated only to a warm stage before eating. Both commercially and at home barbecued meat once cooked should be heated long enough to kill the germs before serving.

The addition of salt to the barbecue stops other bacteria usually but allows staph germs to keep going. This poison is usually harder on adults than on youngest authorities say.

Youth to hold Baptist revival

The public is cordially invited and urged to attend the annual Youth-led Revival at First Baptist Church, Plains, next week August 14-21 by Pastor C. J. Coffman and Miss Janelle Parks, publicity committee member. Services are scheduled for 10:00 a.m. and 8:00 p.m. each day.

Mickey McGuire, youthful pastor of First Baptist Church, Eula, Texas, will be the evangelist. Lloyd Priddy will lead the singing with his rich baritone voice. Both young men are students at Hardin-Simmons University, Abilene. Organist will be Miss Lela Parks and Mrs. Jack Pierce will be pianist.

Results of the revival depend on the prayers, attendance and work of each Christian in this area. God so loved the world that he gave his only begotten son — Could we not give a few hours for his sake and the souls of our friends and loved ones?

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVII of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 11, Article XVII of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of in-

terest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, and fix maximum rates of interest."

Pakistan visitor talks to TsaMoGa members

Club members, husbands and visitors hear Kalim Uddin Ahmed of Pakistan talk Monday night on the history of Pakistan. Mr. Ahmed is a guest of Yoakum County Agent, Leo White for three weeks. Mr. Ahmed and one other exchange student are from East Pakistan, and seven from West Pakistan in Texas to study extension work. Mr. Ahmed's work is similar to Mr. White's work here in the states.

Ahmed said that Pakistan is a very new country, consisting of East and West Pakistan. It was created in August 1947, when the subcontinent of India was divided along religious lines. Moslem-controlled parts of India became Pakistan. Pakistan is the largest Moslem Country in the world and the country's official name is The Islamic Republic of Pakistan. Its capital is Karachi. Hindu-controlled areas became the Union of India. There is no Communism in Pakistan or an ism's in the Moslem Religion, Ahmed said.

Where Mr. Ahmed lives the country is very much the same as our country is here in West Texas, but they have much more rain fall and many streams he added. The rain fall will amount to as much as 105 inches a year. The chief products raised in East Pakistan is rice, wheat, cotton, jute, sugar cane, tea and a variety of tropical fruits, as the country is semi-tropical. Hot or cold tea is offered guest as we would serve coffee here. Mr. Ahmed had never beer, served coffee until coming to the states.

Most people of Pakistan are farmers, 15 percent live in the cities, while 85 percent are rural people. The family is bound closely together, there maybe as many as five or ten houses under one home. They are built 5 to 15 feet off the ground, because of the abundance of rain fall. During the rainy season in the summer months, boats are used for transportation. Electricity, coal and timber is the source of fuel.

Because of the abundance of rain-fall, Ahmed said, there is a lot of malaria that kills many East Pakistanis. There is also cholera and smallpox epidemics and tuberculosis is widespread. A shortage of doctors, nurses and hospitals make it difficult to control disease.

The dress there is somewhat different to our dress here he pointed out. The ladies wear a sari, a straight length of material about 5 yards long and 45 inches wide and is draped over the shoulders and head when praying or entering their

lem to make this sacred journey at least once during his lifetime Ahmed said.

Mr. Ahmed stated that Pakistan is an independent republic and has a Parliamentary Government, which is a member of the British Commonwealth. All Pakistan citizens over the age of 21 may vote, a girl being 18 years of age.

He stated Pakistan has a federal government, some-what like the United States, but laughingly said they are not taxed heavily as we American are by our "Uncle Sam."

Mr. Ahmed expressed his appreciation to the club ladies for giving him the opportunity to tell of his country and customs. He said that this had been the

churches. The men wear a dhoti draped around the body and legs to form a sort of loose trousers.

The Moslem religion consist of very devout people with 95 percent of the people attending church. Mr. Ahmed is looking forward to a visit to Mecca the Moslem's religious shrine, on his return trip home. This will be his first visit to the shrine as his home is over 3000 miles from Mecca. It is a goal of every Mos-

lem to make this sacred journey at least once during his lifetime Ahmed said.

If you've noticed a jovial energetic couple visiting in and out of businesses in town this week, we are proud to tell you they are our bosses, Mr. and Mrs. H. C. Snyder who are here from their home in Lodi, California.

Mrs. Glen Cleveland received word Wednesday that her mother, Mrs. Newsom of Brownfield, was seriously ill of double pneumonia in Terry County Hospital. Mrs. Newsom has been confined in Brownfield and Lubbock hospitals much of the time since suffering a broken hip in a fall several months ago.

Mrs. Norelle Sloan, assistant librarian of Yoakum County, received her librarian's certificate recently. Congratulations to her.

Businesses remodel

by DORIS SMITH
Plains' Clean-up, Fix-up and Paint-up Campaign, is still bursting into flame occasionally. D. H. Kerby and son Jimmy were seen busily repairing the roof of their business building recently. Don't know whether Kerby was doing much but Jimmy had tar to his elbows. Then Ann Green, operator of a beauty shop in the building, repainted the interior of her shop. A lovely shade of sand-tone replaces the green, and new curtains add a delightful feminine touch.
Alma's Restaurant and Sunshine Inn were both redecorated recently. Tumbleweed Inn was closed last week and reopened Monday with their personnel much rested and happy in fresh clean quarters.
Woody Wilmeth has been busy in the west end of town painting the Phillips 66 station, the Cowboy Grill, and the new tractor building. The buildings now sport red and white paint.
The campaign, actually extended to the country for the Rusty McGintys are installing new insulated aluminium-siding on the exterior of their ranch home west of town.
A warning note comes with this worthwhile endeavor, however. Due to the fine rains weeds are growing to immense density and heights which already is causing fire-hazards and snake dangers in towns and over the entire country side. Too, it is impossible for spraying and dusting efforts, by our city and individuals, to be successful in eradicating mosquitoes, flies and other insects unless everyone keeps the weeds cut on their property as well as adjoining vacant lots.
To be complimented are owners of trailer-parks in our town which are the cleanest and neatest of any town in the area.
Several citizens have reported seeing or killing snakes recently, one of whom is Mrs. J. M. Cheek who killed a small rattler (about 3 feet long) in her backyard last week.
Sunday afternoon callers in the Rusty McGinty home were Mr. and Mrs. Pat Henard and Oscar, Hugh Snodgrass, Raymond Anderson, Bob Alberding and Amos Smith.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — How much income does an older person need to live decently during the retirement years?

Governor's Statewide Advisory Committee on Aging sought to discover this and other information in a survey on the needs and problems of Texas' older citizens.

For a couple, 43 per cent of Texas counties estimated the minimum need at \$1,500 to \$2,000 a year. Thirty-five per cent set the minimum at \$2,000 to \$2,500.

For a single elderly person, 58 per cent of the counties suggested \$1,000 to \$1,500 as a minimum annual income. Twenty-four per cent named a higher figure, \$1,500 to \$2,000.

Some 4,000 persons took part in the grass-roots, county-by-county survey. Recommendations growing out of their findings will be discussed at a conference in Austin on September 7 and 8. Out of this will come the Texas contribution to the White House Conference on Aging next January.

SURPRISE! — Amid all the upped budget requests they have received lately, state officials were happily stunned when University of Texas officials asked approval to spend a comparatively picaresque sum for a president's home.

UT asked to spend \$40,000 to build a home for its president Harry H. Ransom.

Last year legislative tempers blew over the \$100,000-plus president's homes built by two smaller state colleges. Officials responsible for the expenditures were called on the carpet.

This time the scene was played in reverse. "Do you really think this will be enough?" worried the Legislature Budget Board. Plenty, said UT officials. They said they'll use a site the University already owns, clear it with University equipment and cut material costs by using "historic" bricks from UT buildings that have been torn down.

DRIVER CURBS STUDIED — Ways to clip the wings of irresponsible drivers who carry no insurance are being studied by a committee of the Texas Legislative Council.

Spokesmen for the casualty insurance industry told the panel they were opposed to a compulsory insurance law. They suggested that pressure could be exerted by such measures as requiring uninsured drivers involved in accidents to put up a money deposit, revoking licenses, impounding cars, etc.

Committee also heard Department of Public Safety Director Homer Garrison Jr. urge a system of traffic courts for Texas. County courts are completely bogged down by the appeals from traffic cases, said Garrison.

HIGHWAY LEASE PROSPECTS DIM — Chances of the state's earning money by leasing mineral rights along state roadways are not encouraging, a legislative committee found.

Committee learned from a national survey that only two oil and gas producing states get income from leasing along highway rights of way. One reported earnings of less than \$100; one of \$5,763.

An Attorney General's opinion recently held that the state owned mineral rights along the roadways.

But State Highway Engineer D. C. Greer reported there's not much demand for highway leases.

SCHOOL "HOSPITALITY" FIT — Texas School for the Deaf has been serving free meals under circumstances not authorized by law, reported State

Auditor C. H. Cavness.

During the past two years, said Cavness, the school has served 3,325 free meals. Most were for pre-school-age deaf and blind children and their parents here for special summer courses for parents.

School is authorized by the State Board of Education to hold the summer courses, Cavness observed, but it is not directed either by law or the board to serve free meals to participants.

Cavness' audit showed the school has an average of 503 pupils at a cost of \$192 a month per pupil.

CREDIT CARD LIQUOR SALES — Diners Club, Inc., won a court order allowing it to continue — at least temporarily — collecting for package liquor store purchases made with a credit card.

An Austin district court granted a temporary injunction halting enforcement of the Texas Liquor Board order prohibiting such sales.

Liquor Board contends that by becoming the collection agent for liquor store purchases, the Diners Club is, in effect, selling Diners Club says it simply buys up the accounts of its card holders from the liquor dealers and takes responsibility for collecting. Club has contracts with package stores in nine Texas cities.

SHORT SNOOTS — Texas Highway Commission has announced a policy of using only materials manufactured in the United States for construction of roads and bridges in the state's highway system. Policy is to be re-considered if shortages or sharp price increases develop in U. S.-made materials.

... Texas ranks well below most states in the percentage of personal income paid in state taxes. Governor's State Finance Advisory Commission found that Texas pays 3.9 per cent of their per capita income in taxes, compared to a national average of 4.2 per cent. ... Employment in Texas hit an all-time high during June, with wage earners totaling 3,522,800. This was an increase of 45,700 from May, according to the Texas Employment Commission.

Comptroller Robert S. Calvert has requested that his office be given a two-year appropriation of \$7,915,386. Present appropriation is for \$5,739,683. Calvert also said his department was operating in inadequate quarters scattered over three buildings and asked that the Legislature consider a state building for the department. ... Texas farmers received \$2,300,000,000 for their products last year, reports the U. S. Department of Agriculture. This was a four per cent drop from 1958. Top money-maker was cotton, with sales totaling \$738,000,000. ... Forty-two tracts of land forfeited under the Veterans' Land Program will be offered for sale to other veterans September 29. Land Commissioner Bill Alcorn said the tract total 2,957 acres in 11 counties. Veterans wanting to file sealed bids can get descriptions of the tracts by writing the Land Office.

outfits furnished by the shop. Mrs. Dortha Grey and Mrs. Bob Loe have been busy putting up their new fall stock which include such brands as Tolbott, College Town and Teena Paige. Dortha's is one of the newest shops in Plains.

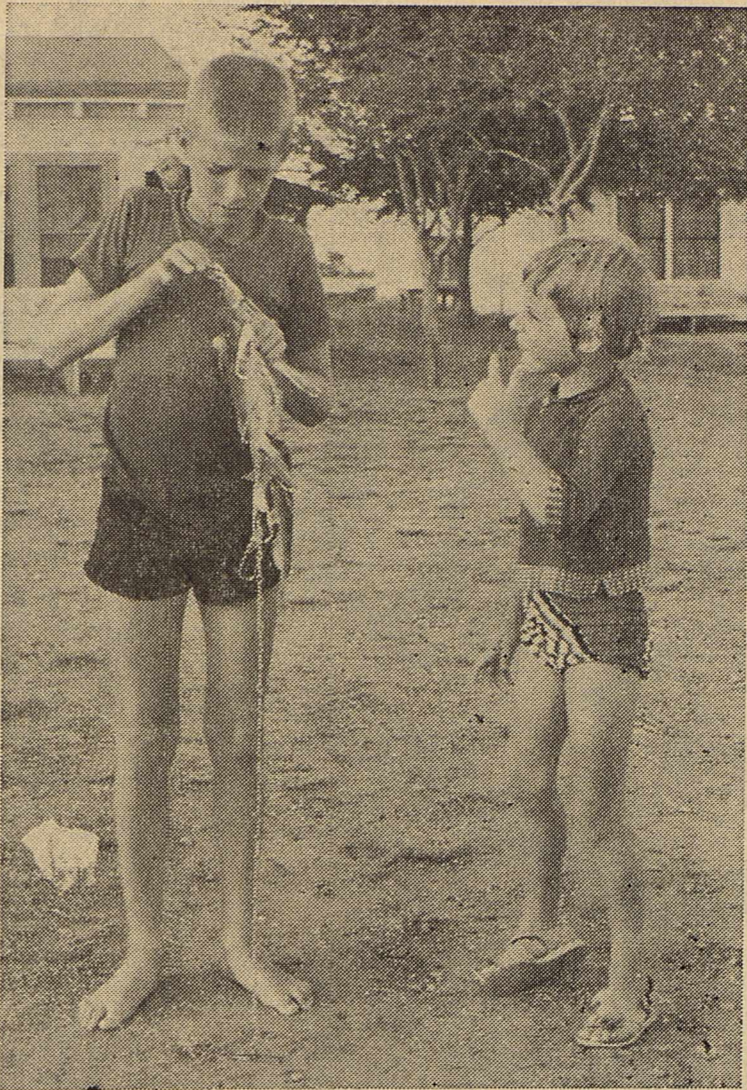

Cogburn - Youngs are busy putting up their new stock recently bought at market. Mrs. Cogburn said that they would go soon to Dallas and the Amarillo market to buy additional stock for Christmas and winter.

Among the items recently arrived at their store is a large shipment of toys. Also they have a complete line of back to school goods.

Cogburn - Youngs carries one of the largest inventories in Plains in the hardware, furniture, and gifts lines, so it would be hard to name all the new stock that arrives.

In the fine china department they recently received several items of the reproduced "coin glass." This glass ware originally was made in America and Canadian and used coins as decorations. The governments of the two countries soon put a stop to this and the glass ware soon became collector's items. The reproduced glass is a fine example of today's artistic workmanship.

A total of more than \$200,000 in racing purses are planned for the 1960 New Mexico State Fair Sept. 17-25 in Albuquerque.

A GOOD DAY'S CATCH is shown off by the children of Mr. and Mrs. Garland Swann. The two catfish were caught Sunday at Lake Thomas.

Oil news

8,486-8,494 feet.

A bridge plug had been set between the Wichita-Albany and the Wolfcamp, where seven hours of swabbing perforations at 8,680-8,694 feet produced 51 barrels of oil and 33 barrels of water.

The project is in the Wasson (San Andres) pool, six miles south of Wolfcamp production in the Wasson (Mullipay) area, two miles northwest of Denver City and 760 feet from south and 660 feet from east lines of section 862, block D, John H. Gibson survey.

Argo Oil Corporation re-completed a Gaines County Clear Fork discovery, No. 1-N E. H. Jones, 10 miles southwest of Denver City.

It finished for a daily potential of 120.24 barrels of oil pumped through perforations

5,902-6,096 feet, after acidizing with 5,750 gallons.

The old total depth was 11,260 feet. It was plugged back to 6,700 feet.

It is 660 feet from north and 1,980 feet from west lines of section 496, block G, CCSD&R-GING survey, 1 1/4 miles northwest of Clear Fork production in the North Russell field.

TEA, SHOWER PLANNED

Mrs. Bob Brown, nee Kay Smith, will be complimented at a "come and go" tea and bridal shower Wednesday, August 17 from 3 to 5 p.m. in the home of Mrs. H. W. Culwell at 113 E. 2nd St.

The hostesses invite all her friends to call.

Visiting in the home of Mr. and Mrs. Calvin Prestridge and family the past two weeks has been Mr. and Mrs. W. G. Dunbar, Steve and Ginger, of Phoenix, Arizona.

Yearbook planned by Iota Pi Club Members

Yearbooks were planned by the program committee of Iota Pi Chapter of Epsilon Sigma Alpha Friday afternoon, August 5 when the group met with Mrs. P. W. St. Romain.

Committee members participating were Mrs. Leon Lewis, Mrs. Jack Hayes, Mrs. Bill H. Power, Mrs. St. Romain and Iota Pi president, Mrs. Vance Glover.

McMinn infant better

Loraine Dee, infant daughter of Mr. and Mrs. James McMinn, is making steady progress in a Lubbock nursery for pre-mature infants. The tiny miss, who weighed 3 lbs. 5 ozs. when she arrived on July 20 in Yoakum County Hospital, was in a critical condition when transferred to Lubbock on July 29. She had gained from 2 lbs. 11 ozs. to 3 lbs. 2 1/2 ozs. when visited by her parents Sunday. The McMinn's have two other small daughters.

Addisons attend funeral services

Mr. and Mrs. A. N. Addison and Mr. and Mrs. Claude Addison and Debbie attended funeral services at 2:30 p.m. Wednesday in Northside Baptist Church, Snyder, for their niece and cousin, Mrs. Aubrey Wilson, who was found slain on a farm near Snyder late Monday. Burial was in Snyder Cemetery under direction of Bolger Funeral Home.

Mrs. Wilson, with her husband and twin daughters, Jenelda and Othelda, lived in Plains about 8 or 10 years ago.

Survivors, other than the husband and daughters, are her parents, Mr. and Mrs. S. A. Bence, Seminole; two sisters, Mrs. J. C. Merrett, Hereford, and Mrs. J. E. Springer, Seminole; two sisters, Mrs. J. C. Disnole; and a brother, Elmer Bence, California. Her parents-in-law, Mr. and Mrs. J. C. Wilson, also reside at Snyder.

Misses Darlene Snodgrass and Beth Allison of Lubbock were Saturday night and Sunday guests of Mr. and Mrs. Jesse Snodgrass and family.
