New County Budget Calls For \$430,850 During Coming Year

A budget calling for disbursements of approximately \$430,850.00 during the 1963-64 fiscal year, which begins Oct. 1, has been given tentative approval by the Eastland County Commissioners' Court, according to a report Friday.

The new budget anticipates receipts of about \$400,000.00. For comparison, the county had \$414,709.00 in expenses during the fiscal year that ends this month and receipts were expected to total about \$385,375.00.

The county will continue to be among the 5 counties of the state with lowest tax rates as the '63-64 budget is based on collecting 30 cents per \$100 valuation, the report said. The 30 cent rate provides 5 cents for the jury fund, 10 cents for the sinking fund, 60 cents for the general fund, and 5 cents for the road and bridge fund.

During the last five-year period, total collections were 92 per cent, the lowest being 91.9 in 1959.

Assessed valuations for next year are \$81,871,540 and were approximately the same last year.

County-wide indebtedness as of January 1, 1964 will be \$41,000, \$15,000 of which will be paid this year.

County Auditor Earl O'Brien reported that last of the road bonds will be retired in 1966 and that bonds have already been paid for 1969, '68, '67, part of '66.

Estimated receipts and disbursements for the various county funds include the following:

JURY FUND — \$8,176.02 receipts and \$8,938.44 disbursements with an estimated 85 per cent collection.

ROAD AND BRIDGE FUND — \$160,576.02 receipts and disbursements of \$58,420 county-wide and \$140,000 for the four precincts, a total of \$198,420. The estimated collection of \$145,000 is expected mainly from automobile licenses with the balance from taxes and fines.

PERMANENT IMPROVEMENT FUND — \$3,253. A total of \$1,000 is expected to be spent on courthouse maintenance during the ensuing year.

ROAD BOND INTEREST AND SINKING FUND — This bond has been retired and will be inactive this year.

ROAD AND BRIDGE SINKING FUND — \$16,152 receipts and \$16,146.25 disbursements (payment of bonds and interest).

COUNTY FARM — \$1,000 receipts added to a balance of \$2.80 and \$2,900 disbursements.

OFFICERS SALARIES FUND — \$104,487 in receipts with the same amount of disbursements.

GENERAL FUND — \$116,252 receipts and \$99,911 disbursements.

Taxes become due and payable on October 1 through January. If paid during October, a 3 per cent discount will be given, with 2 per cent in November and 1 per cent in December.

January requires payment of the assessed amount with interest of 6 per cent per annum.

All county taxes become delinquent on July 1, 1964.

Many principles of good management can be taught to boys and girls early in life.

Some of these principles are a cooperative attitude, sharing responsibility in the family, developing respect for resources, setting goals, time management, money management, buying skillfully, storage, equipment, lighting and laundry.

A cooperative attitude may be taught to youngsters through learning to share one's room, responsibility in

sharing for it, in planning for their share of the family clothing dollars and through the respect of privacy of other members of the family.

Sharing responsibility comes naturally when a youngster has certain jobs as setting the table, making the bed, dusting, washing dishes and preparing certain foods.

Developing respect for resources comes from seeing that the boy or girls take good care of personal property. When it comes to setting goals, an important practice, young people must understand that to set a goal means to need or want something important to them, and make plans for getting it at the least cost of all resources required.
