Combined with The Yoakum County Review March 1, 1961

VOLUME 31

PLAINS, TEXAS, THURSDAY, AUGUST 24, 1961

NUMBER 34

## School Bells Ring Monday Morning

For the first time in years, there is no construction work going on at the beginning of school.

### Complete Faculty Is Announced By Supt. G. D. Kennedy

Plains Public Schools will begin its 1961-1962 school year with a general assembly in the school auditorium at 8:45 a.m. on Monday, Aug. 28. Students will be dismissed at 12 noon on the opening day. Then full-day sessions will begin on Tuesday, Aug. 29.

Bus schedules for rural students on the opening day will be as they were at the close of the last school year.

Meetings for the entire faculty of the school will be held on Saturday, August 26.

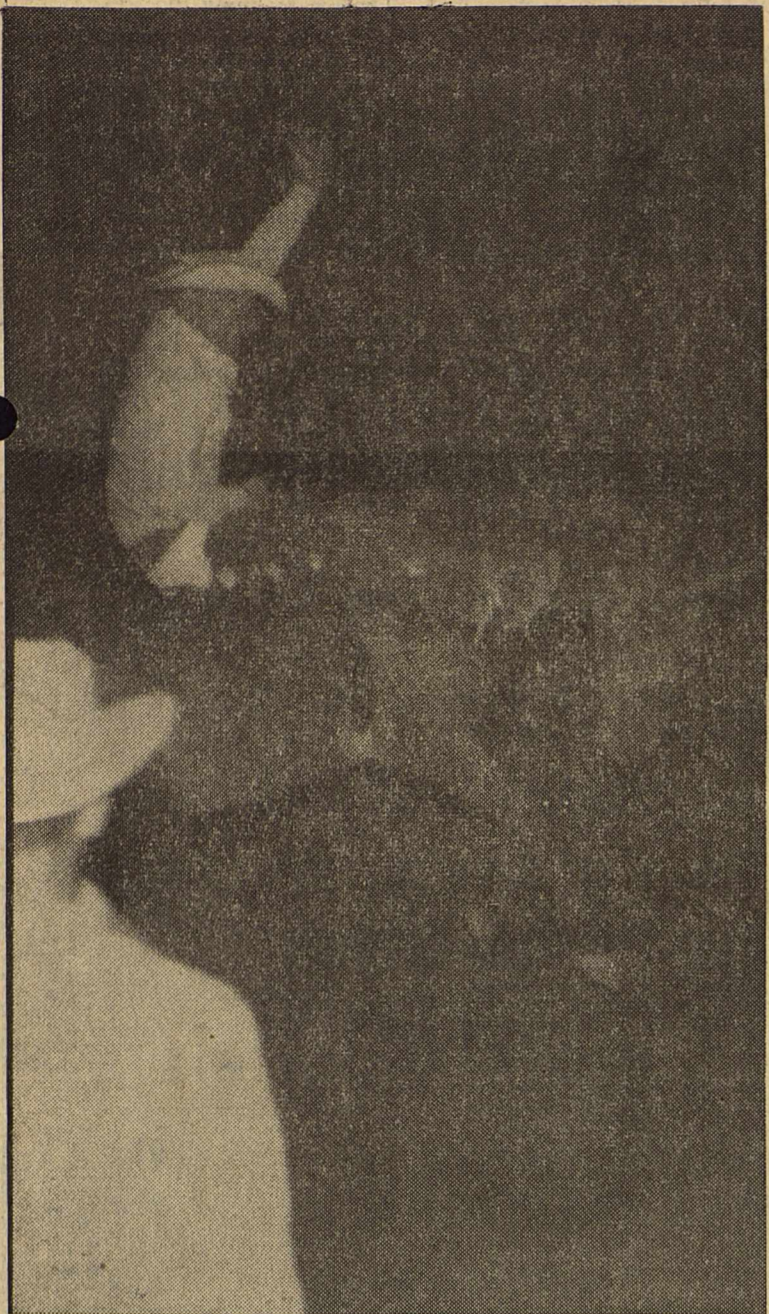

A very fine year is anticipated, according to G. D. Kennedy, Superintendent of Schools. It will be the first time in eight years for school to begin without being handicapped by some type of school construction.

A complete list of the faculty for the 1961-1962 school year follows:

1st Grade — Mrs. L. O. Smith, Mrs. Roger Harvey, Mrs. Beverly Roach; 2nd Grade — Mrs. Thelma Ellis, Mrs. A. H. Bacon, Mrs. Earl Hunt; 3rd Grade — Mrs. Myrtle Patterson, Mrs. Harvey Stotts, Janelle Parks; 4th Grade — Mrs. Odus Waiser, Mrs. G. D. Kennedy; Primary Principal, Riger Harvey.

5th Grade — Mrs. J. E. Cooke, Mrs. Eugene Young; 6th Grade — Miss Ella Zinn, Leon Lewis, Mrs. Robert Gentry; 7th and 8th Language Arts — Mrs. Roy Stockstill; 7th and 8th Mathematics — Earl D. Hunt; 7th and 8th Science — Larry Lockett; 7th and 8th Social Studies — Foye Flood; Junior High Principal — Roy Stockstill.

High School: Vocational Homemaking — Carolyn Nelson; Vocational Agriculture — Jerry Stockton; Librarian — Mrs. Margaret Lattimore; English — Laura Lamb; English and Speech — Robert Gentry; Mathematics — Mrs. J. H. See No. 1 Page 6

**BAREBACK** — Typical of the rodeo sights during the rodeo held here Aug. 10-12 is this bareback bronc effort by an unidentified cowboy. The rider hit the dirt seconds after the picture was taken.

## Kids and Kayuses 4-H Roundup Begins Friday

Twenty one boys and girls have entered the 1961 Kids and Kayuses 4-H Roundup. The second annual round-up begins Friday night at 8 p.m. in the Plains Rodeo Arena with the second performance

on the following night. Fans will see the 4-H boys and girls competing in such events as the Key Hole Race, Girls barrel Race, Boys Flag race, Pole Bending and Ring spearing. Juniors and seniors will be

competing separately in each of these events and ribbons will be awarded to first, second and third place winners after the final performance on Saturday.

Those who have entered the various riding events are: Diane Fitzgerald, Ann Kerrick, Peggy Jo Rushing, Marsha White, Sylvia McGinty, D'Lynn McGinty, Alton Earl McGinty, Jimmy Gray, Russell Richmond, Morris Jay Rushing, Bruce Bennet, Mike Loe, Oscar Henard, Robert Jones, Reg Trout, Pharon Pharr, Weymon Boyd, Kenneth McGinty, Jeff Smith, Kress Jones

and Corky Coke. A few of the boys will be entered in a ribbon roping event which will not add to their score for a champion. The champion junior and the champion senior will be selected on Saturday night by use of a point system. Points will be given for placing in the top five and they must be entered in at least three events.

## Cowboys Near The 1961 Opening

The Sept. 1 opener with Crane keeps inching closer as the Plains Cowboys continue two-a-day workouts this week in preparation for the 1961 football season. Come Monday, and the starting of school, the gridders cut down to single daily workouts and then climax next week with the game at Crane on Friday.

Despite the loss of 13 front-line performers from last year's powerhouse which won 12 straight before losing in the state quarterfinals, optimism in the Cowboy camp is at a high pitch. Several boys have shown up surprisingly well and the feeling is getting stronger that the Cowboys will field another formidable eleven.

Riding with the Cowboys this season will be the valuable asset of tradition. One of the state's most successful outfits over the past three years, younger members of the team have cultivated the extra desire of holding up the record maintained by their predecessors.

For the first time in three years, the Cowboys are not picked to win district 5-A. But that's all right by them. They weren't picked in 1958, but they won. They were picked in 1959, but they lost. Seagraves wears the favorite's tag in the pre-season guessing game, but the Cowboys have eight tough games to play before they meet the Eagles on Oct. 27.

## Parents Reminded Of Registration Here For First Graders

Elementary Principal Roger Harvey has announced that pre-registration for students who will be first graders this year is set for 2 p.m. in the school cafeteria, Friday, August 25.

Harvey explained that this is an effort to avoid the confusion which usually accompanies the first day of school.

He went on to say that the

children themselves need not come today, but requested that their parents come and register them for the school term. He also emphasized that the parents should accompany

their first graders to school on Monday, the first day of school.

It also requested that a valid birth certificate be brought to the pre-registration today.

## Pancake Supper Sept. 8

Tickets will go on sale soon for the Pancake Supper to be held at the Plains School cafeteria on September 8. The occasion is the first home football game of the season for the Plains Cowboys. The game will be against the Friona Indians.

First Christian Church is sponsoring the pancake supper in an effort to raise money for their building fund. The menu will include all the

pancake and bacon you can eat, plus milk or coffee. Admission will be 75 cents for adults and 50 cents for students and children.

James Anderson, chairman of the committee, has announced that serving will begin about 5 p.m. and will continue until almost 8 p.m., game time.

Pillsbury is donating the pancake mix for the supper; Bell Dairies the milk and Texas Meat Co. the Bacon.

## More Guests Attend Fitzgerald Reunion

Accidentally omitted from the list of those attending the Fitzgerald family reunion on Saturday, August 12 were the following:

Mr. and Mrs. Clyde Fitzgerald and Gauden Fitzgerald of Phoenix Arizona; Mrs. Olive Pollard of Carlsbad, N.M.; Mr. and Mrs. J. W. Fitzgerald, Miss Olga Fitzgerald, Mrs. Harry Luper, Alton and Maryann, Mrs. Catherine Fitzgerald and Mrs. Clifton Fitzgerald all of Brownfield; Mrs. Charles Ward, Toya and Charles of Lubbock; Mrs. Tom Rives, Brenda and Sharol of Crane; Mr. and Mrs. J. T. See No. 2 Page 6

## Young Entertains Lions Members

Plains Lions Club, meeting in regular session on Thursday, August 17, were entertained with a program of magic presented by Gene Young, band director of Plains High School and Johnnie Moore, Christian Church.

It was revealed that the annual broom sale of products made by the industries for the blind will be held early in the month of October. Exact dates will be announced as soon as they are available. Mr. Leo White, Yoakum County Agent, is the chairman for the 1961 sale. See No. 1 Page 6

These pictures show part of the crowd which attended the Old Settlers Barbeque held in the Park Aug. 12.

## Bonard Stice To Head Tokio Farmers Co-op

By WILMA ANDERSON  
Monte Ray Bell of El Paso is visiting in the home of his brother, W. C. Bell, and family.

Visiting in the home of Mr. and Mrs. Hugh Snodgrass were their son, B. J. Snodgrass, of Corpus Christi and Mr. and Mrs. James A. Hayes and children of Dallas.

The Tokio Farmers Co-op members gave a barbecue Saturday. Several visitors from New Mexico, Lubbock and the surrounding area attended. There were about 350 plates served. Bonard Stice and Paul Buchanan were re-elected to the Board of Directors.

Mr. and Mrs. Lavon Smith and son visited his parents, Mr. and Mrs. Amos Smith, Sunday.

Visitors in the I. L. Smith home over the weekend were Mrs. L. W. Saunders of Stanton, Mrs. Wayne Biggs and children of Slaton and Mrs. Harold Henley and children of Stanton.

Grandma Wesley of Novis is visiting in the home of her daughter and family, Mr. and Mrs. Clyde Trout.

Mr. and Mrs. Bob Mullins and children have returned from a 10-day visit in East Texas.

Visiting in the Leon Clana-han home were Mr. and Mrs. C. W. Battey of Hobbs, N. M. and Lonzo Nix of Megorgel. Mrs. L. A. Tuttle is at the

bedside of her father, ill in the Sherman Hospital at Sherman.

Michal Wayne and Sandy Bridge, children of Mr. and Mrs. Ervin Bridge, have returned home from a week's visit with their grandparents in Big Spring.

Mr. and Mrs. Bobby Lester and children visited relatives in Welch Sunday.

Mrs. M. V. Anderson has returned from Dallas where she attended a reunion of the Andersons.

The crops are looking good around Tokio, but some are needing rain.

## Local Friends Honor Bedfords

Several friends of the Chesley Bedford's drove to Tatum last Wednesday evening for a house-warming. The Bedfords moved to Tatum about a month ago where they are engaged in ranching.

Those attending were Dick, Lois, Sylvia, Kathleen and Mrs. Marion McGinty; Marie and Wanda Anderson; Bill, Jessie and Billie Robertson; Johnnie and Amrina Moore and children, Cheryl, John David and Melody.

The Bedfords were presented a gift for their new home by their friends from First Christian Church.

## Scouts to Resume Regular Meets

Boy Scout Troop 778 of Plains will begin with its winter schedule by going back to its regular meeting night of Thursday. Time for the meetings is 7:00 to 9:00.

Although the troop has been on limited operation during the summer months because of vacations and boys having to work, the accomplishments have been quite noticeable. Twelve boys were able to attend the week-long camp at Camp Post earlier in the sum-

mer, where they took top honors in practically every category in addition to being selected outstanding troop of the week. This in itself is quite an accomplishment as the troop was just reorganized two months before the end of school last spring. Also, the troop's float won first prize in the rodeo parade.

These things coupled with the fact that a great many of the boys have been working very hard in the attempt to pass their requirements for

## Letter To The Editor

EDITOR: Plains Record:  
My little boy, not quite two, lost his puppy a little over a week ago. The puppy, George, is a Wire Hair Terrier, white with black markings. He is only two months old and ordi-

nary enough except for his poor tail. If you picked up a little white pup, please see if he has a crook in his tail. Our George does. If you would call my mother Mrs. Carnahan, in Plains at GL6-4434, we will be happy to reward you for the return of George and the care

you have given him. However, should you choose to stay silent and keep him, just remember that there is a heart-broken little boy standing at the back door calling for a "Puppy? Puppy?" that isn't coming. It would also make me feel

better to know that he is okay instead of lying dead somewhere. Please send me an anonymous card saying you found him. Thank You, Mrs. L. M. Scroggins Route A Lamesa, Texas

## Youth Center Stages Dance Saturday Night

Officers and members of the Yoakum County Youth Center met at 8 p.m. Friday, August 18, for their regular monthly meeting.

It was decided to have a dance Saturday night, August 26, at 8 p.m. The Regals from Odessa will provide the music. Admission is set at \$1. Everyone is invited.

Plans were also made to have business meetings every two months on the first Monday of the month. These meetings will be held in the Denver City Library at 7:30 p.m. All members of the Youth Center, as well as officers are urged to attend.

\*Capital improvements and line extensions paid out of general funds instead of asking for additional bonds etc. accounts for the \$15,320.81 deficit in general funds which exists despite the \$50,390.70 gross operating receipts and are as follows:

Gas extensions	\$11,390.52
Water extensions	4,903.59
Sewer extensions	6,820.87
Electric extensions	15,713.47
<b>Total</b>	<b>\$34,418.45</b>

ch Hitter ...  
 case anyone is wonder-  
 what in the world happen-  
 to the quality of the Record  
 week, here are the facts.  
 endell Faught, the editor,

has taken ill with pneumonia  
 and has been confined to his  
 bed for a few days. In the  
 meantime, the paper is being  
 put out by Johnnie Moore. We  
 certainly hope you will bear  
 with us in this, probably very  
 bad effort to fill in.

## She Tunes In The Universe ...

By JOHN B. KNOX  
 BEDFORD, Mass. (AP) —  
 Dr. Nannelou H. Dieter is liv-  
 ing proof that a woman can  
 be a housewife, a mother —  
 and an astronomer, too.  
 Furthermore, she is one of  
 the world's relatively few ra-  
 dio astronomers.  
 A research assistant at Har-  
 vard University, she is now a  
 full-time member of the staff  
 of the Electronics Research Di-  
 rectorate, Air Force Cam-  
 bridge Research Laboratories  
 at Hanscom Field here.  
 Besides her No. 1 project,  
 bringing up daughters Amy 9  
 and Nan 3, she has kept busy

determining positions of trans-  
 mitting satellites both optical-  
 ly and by radio, and negotiat-  
 ing Air Force contracts in Eu-  
 rope and Chile for setting up  
 tracking cameras.  
 How does attractive Dr. Die-  
 ter, just turned 35, manage to  
 combine her multiple roles?  
 She says it's no, very easy,  
 and yet it's worth it and she

loves it. "I'm fortunate that  
 I'm in a line of work that pays  
 well enough so I can afford a  
 housekeeper five days a week.  
 I'm afraid some other women  
 in an artistic or other less well-  
 paying occupation might not  
 be able to do it."  
 For the five business days of  
 the week, the housekeeper  
 looks after the Dieter family  
 home in nearby Lexington and

cares for the 3-year-old daugh-  
 ter. She remains on the job  
 until Mrs. Dieter comes home  
 at 5 p.m., "Of course, all this  
 wouldn't be possible," she adds  
 "if it weren't for the cooper-  
 ation of my husband; he has  
 been a big help. So I have  
 every evening and weekend  
 with my family."  
 Actually, she says, the ar-  
 rangement is ideal. "We are

The Plains Record, Thursday, August 24, 1961 PAGE THREE  
 both happy to be home at the  
 end of the day. It is such a  
 complete change from what we  
 have been doing all day. And  
 since he is an electronics engi-  
 neer, our interests are very  
 similar."  
 Her husband, Charlisle L.  
 Dieter, works with the Air  
 Forces' Geophysics Research  
 Directorate at Hanscom Field.  
 An astronomer's lecture dur-  
 ing her undergraduate days at  
 Goucher College in Baltimore,  
 her hometown, stirred her in-  
 terest. From a major in math-  
 ematics, she ranged into such  
 abstract fields as solar physics  
 and quantum mechanics. Her  
 Ph. D. came from Radcliffe.

### SOIL Conservation NEWS

By C. MURRELL THOMPSON

Cover crops to protect the  
 land next Feb. and March  
 from wind erosion and add  
 organic matter are being plan-  
 ted now. Broadcasting with Cy-  
 clone seeder, drilling and the  
 use of inter row seeders are  
 all being used. Rye is used  
 more than all other small  
 grain.

Rollin McCord who farms  
 about 8 miles West of town has  
 planted 85 acres of rye in cot-  
 ton and has a good stand. Rol-  
 lin says his cotton is a lot  
 better this year where he had  
 cover crops and he got a lot  
 of grazing from the small  
 grain. J. C. Stegal, Charles  
 Raseberry, S. L. Tingle and  
 several others are planting  
 rye on their newly sodded Ber-  
 muda to insure a cover next

spring. Robert Chambliss, R.  
 C. Trout and Ray Bearden  
 have also planted rye.

Any clean tilled, fallowed or  
 low producing residue crops  
 like cotton, guar, or peas  
 should have a cover crop plan-  
 ted now. Past failures of cover  
 crops are very often traced to  
 late planting. Small grain  
 planted on sandy land needs  
 an early start to beat the cold  
 weather.

There have been some fail-  
 ures in cover crops but so  
 have there been failures in cot-  
 ton, maize and people. We  
 don't quit planting these crops  
 so why should we cover crops.  
 "A stitch in time saves nine."  
 and "a cover crop planted in  
 time saves land."

Weekend guests in the home  
 of Mr. and Mrs. Archie Whita-  
 ker were their daughter and  
 son-in-law, Mr. and Mrs. Al-  
 ton Hinson of Odessa.

The first sugar beet factory  
 was built by Franz Karl Ach-  
 hard in Silesia in 1802, with  
 the aid of the King of Prus-  
 sia.

# 7 logical reasons for an emotional decision

**1. Drive with loving care—and rely on seat belts! If every American Family that owns a car installed seat belts—and used them—we could reduce severe injuries from auto accidents by one-third and reduce deaths by at least 5,000 a year!**

These estimates are not theoretical. If anything, they are conservative, according to the responsible authorities who have been studying auto accidents for years. The U.S. Public Health Service, the American Medical Association, Cornell University Medical College, The National Safety Council, insurance companies and many others agree that simply using seat belts can accomplish results like these. What's more, America's automobile manufacturers this year will equip all their new models with seat belt anchorage points, so equipping a new car with seat belts is a simple matter. And some states are now considering legislation making installation of seat belts mandatory.

One thing you can be sure of: all these organizations and authorities would not be going to this effort to promote the use of seat belts if they were not convinced by overwhelming evidence that seat belts *will* save lives. Can you, as a parent, continue to ignore the one step that can protect your children when they are in the deepest danger?

## LOVE AND SEAT BELTS

**2. How seat belts protect children in cars**

Most injuries to children—and to adults, too—occur when the car comes to a sudden stop due to impact, or simply because the driver has to slam on the brakes to avoid an accident. Because of the suddenness, the child is hurled out of his seat and against the dashboard, windshield or back of the driver's seat.

A seat belt will hold a child—or an adult—in his seat and eliminate or minimize the effect of his body's forward motion when the car comes to a sudden halt. Most people do not realize that a high percentage of all vehicular deaths and injuries occur when a car is going slowly. The records show that *more than half* of the accidents causing injury or death involve speeds of less than 40 miles per hour!

The force of impact, even at very slow speeds, can be terrific. If a 200 lb. man traveling in a car at 20 mph hits an immovable object, the forward thrust of his body is equivalent to his falling out of a one-and-one-half story window! But a seat belt will hold that man in his seat at many times that speed. And it will do the same for your children, too.

What's more, when your child is protected by a seat belt, you'll be able to keep both hands on the wheel during a panic stop, instead of reaching over with one hand to try and hold the child in place. This extra control could mean the difference between a safe stop and an accident.

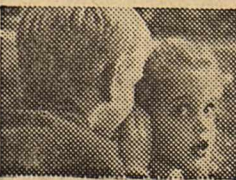

**3. Aren't seat belts confining?**

Certainly. So are shoes and socks! Would you rather have a healthy confined child or a maimed unconfined one?

Seat belts are confining only in the sense that they hold you in your seat. Your child will be perfectly free to move his arms, legs, head and upper body—in short he'll be free to fidget as much as he normally does—but he *won't* be free to be thrown from his seat.

And any child, except the very smallest who normally would not be sitting on a car seat by himself, can quickly learn to fasten and unfasten his seat belt. Most seat belts fasten in two or three seconds and unfasten practically instantly with just one hand.

Parents go to considerable effort teaching their children to walk to school safely, to swim, to ride a bicycle. Teaching them to use their seat belts is only a matter of minutes, but it is also a matter of life and death. It is one thing every parent should insist on his child's doing unquestioningly, every time he rides in a car. Because a car is the most dangerous place your child can be!

Each year in the United States, drivers kill and cripple more children than any disease, or any other cause.

Yes, automobile accidents destroy more children's lives and bodies than polio, pneumonia, cancer or heart disease.

As parents we do our utmost to protect our precious children from illness and disease. We vaccinate our youngsters against smallpox. We give them shots to prevent diphtheria and polio. And if illness does strike, modern medicine has an arsenal of weapons which usually conquers microbes and viruses before serious damage can occur.

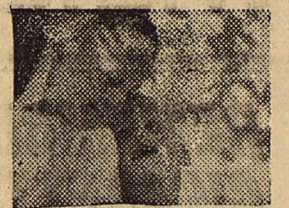

But what are we doing to protect our children when they are in the most danger of all—when they ride in our automobiles? The answer is nothing! Surely, this is a shocking indictment, but being shocked doesn't alter the truth of it, or lessen our responsibility as parents.

The simple fact of the matter is that we continue to expose our children to death or disability every day, when there is a simple, positive step each of us can take that can protect them—and us—from disaster! Why haven't we taken this step? It is because so few of us know the facts.

**4. I drive at safe and sensible speeds. Why do I need seat belts?**

Most people believe they are good drivers. And most of them are. They always feel that it's "the other fellow" that has accidents. Maybe so, but how can you tell when "the other fellow" is going to ram into you? How can you guard against it? You can't, other than to drive with loving care—and rely on seat belts.

Figures show that more than half of all deaths and injuries occur at speeds below 40, but even more telling is the fact that *three out of four traffic deaths* occur within 25 miles from home! Not on long trips at turnpike speeds, but on your daily trips to and from school, shopping, and work—at town speeds! The conclusion is obvious. An accident or a sudden stop can occur at any time. A seat belt will protect you or your child at any time—if you only use it!

**5. Won't a seat belt keep me in the car in an accident? And isn't it better to be thrown clear?**

Yes, a seat belt will keep you in the car—and it will probably keep you conscious, too, so you can open it with one hand and get out of the car safely!

No, it is not better to be thrown clear! Ask any highway patrolman, or call the emergency ward of your hospital if you want the truth about this superstition! Here are the facts based on years of study of accidents by safety, police and medical authorities. Your chances of being killed are *five times greater* if you are thrown from the car than if you remain inside. Your seat belt will keep you in the car. It will probably keep you conscious so you can get out safely. Many fire and police departments have made the use of seat belts mandatory for their personnel because they save lives.

**6. What if the car should burst into flame, or plunge into water?**

Though less than one percent of all accidents involve fire or submersion, a seat belt greatly improves your chances of survival. It can help keep you conscious, so that you can unfasten the belt and get clear of the car.

**7. This "critical distance" can mean life or death for your child.**

The distance between your child's head and the windshield or dash, (if he rides up front) or the rear of the front seat, is *critical*.

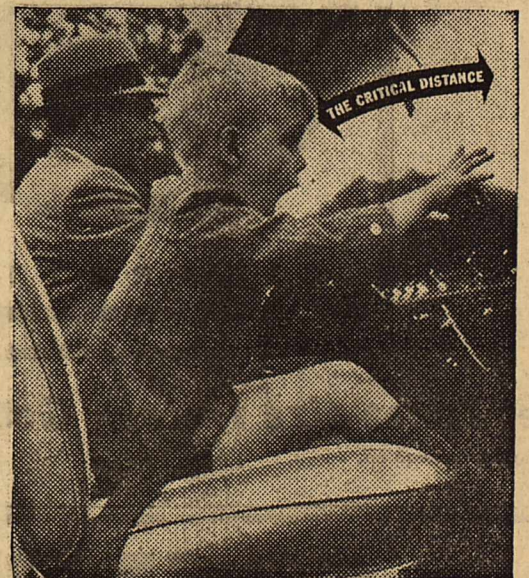

For if the car comes to a sudden stop, his head will strike the windshield or dash, or back of the seat with crushing force—unless he is restrained by a seat belt!

Look at that critical distance again. See how short it is. The critical distance for you, the driver, is even shorter!

Only a seat belt can help you *keep* that distance in an emergency.

Shouldn't you have seat belts in your car? The cost of protecting your child with a properly installed seat belt need not be more than the cost of two home visits by your doctor for measles. This is insurance you must provide for your child, for no matter how good a driver you are, he's never in greater danger than when he's riding in the car. Give him all the love and protection you can.

Drive with loving care—and protect your child and yourself with seat belts!

Published to save lives, in cooperation with The Advertising Council and The National Safety Council

### Personality Shoppe Sets DC Opening

Formal opening of the new Personality Shoppe in the Broadway shopping center has been announced by its owners Mrs. T. J. Murphy and Mr. and Mrs. Howard Gillum. Mrs. Murphy reports that the shop is very attractively decorated in beige, tangerine and turquoise. It is located next door to Cathy's Steak House in the shopping center on the southwest side of Denver City.

Back to school items are a speciality at the shop which features matched sets of coordinates, skirts, blouses and sweaters.

Mrs. Murphy and Mrs. Gillum have just returned from the Market in Dallas where, they report, they are buying some very attractive lines of ladies ready to wear and shoes. A partial list of the lines they will stock are: dresses — Nat Turoff, Alexandrian — Lipton; Suits — Marce; Lilli — Ann Youth Craft; Shoes, Mr. Gillum's department — Andrew Geller, Custom Craft and Urbanite.

The formal opening will be

held on Friday and Saturday, Sept. 1 and 2, although the store is now open for business. All the Plains folks are cordially invited to come by and browse around and register for the numerous door prizes to be given away at 5 p.m. on Saturday, Sept. 2.

### Joe Curry Visits With Son's Family

Joe Curry traveled to Muleshoe, Lazzbuddie and Clovis Wednesday to visit his son and daughter-in-law, Rev. and Mrs. Bill Curry and to bring his grandchildren back to Plains with him for a few days visit.

Joe also reported that he intended to check on prices and the possibility of an agency in Plains for the sale of the solid steel fall-out shelters which are being made in Clovis and distributed there and in Muleshoe.

The largest city of Spitsbergen, the Arctic island group 400 miles north of Norway, is called Longyearbyen, which means Longyear City.

**SMALL GRAIN** — Small grain sown in cotton can form a protective cover as is shown on T. J. Murphy farm 10 miles northeast of Plains. Cotton does not take so much from the land but leaves the land where the wind can remove fertility, organic matter and soil organisms from the soil which are needed for good crops.

### Bobby Nelms Is At Army Camp

Bobby Nelms of Plains began a two-week refresher course August 13 at Fort Chaffee, Arkansas.

He is one of 2,000 non-unit reservists being trained by the 95th Division. The 95th is the largest of 13 multi-branch training divisions set up by the Department of the Army in 1959.

In event of emergency, the 95th, dubbed the Victory division after World War II, would mobilize and train 14,000 men at one time in advanced individual training, common specialties and basic combat training. During their two-week tour each summer, the men of the 95th brush up on instruction and training methods by offering a refresher course to non-unit reservists.

The citizen soldiers will break camp and head for home August 27.

The population center of the United States in 1790, the first year of the census, was 23 miles east of Baltimore. The population of the nation that year was 3,929,412.

An estimated one million animals roam over the 8,000-square-mile Kruger National Park in the Union of South Africa.

Less than half of the European settlers in Algeria are of French descent. Many have Spanish, Italian, Swiss-German and Maltese origins.

### PLAINS

By **Wendell Fought** **Talk**

It has been pointed out that when US 82 becomes a reality, every businessman in Plains will reap much more benefit than he has ever contributed to the Chamber of Commerce.

With final approval within grasp, the highway project must be considered one of the most significant accomplishments ever by the local C.C. Several area cities were bidding for the highway, but Plains won out, primarily because the C-C delegation had a better story to tell.

We're often prone to think that such things just happen. But they don't.

A deep debt of gratitude to Johnnie Moore for his voluntary efforts in getting out this issue of The Record. I've called on Johnnie so many times for so many things that it's getting embarrassing, but he's always eager.

At this writing I have no idea how progress of this issue stands. But one thing I want to explain—for Johnnie's benefit—he had but two days to do what normally takes me a week.

The last federal census, with all its questions, has brought some interesting figures to light. The government now knows how many people make how much money, how many have plumbing in their house and a whole lot of vital information.

The government knows, as it has known all along, that there are more women than there are men, more unmarried females than unmarried males.

But here's one Uncle didn't know before. There are more married women than there are married men. Ever since someone coined the phrase that "half the married people are women" the public has taken that to be a highly accurate statement.

In the city of Fort Worth, for instance, census figures show that there are 1,361 more married women than there are married men. The Census Bureau explains that the differ-

The Continental Congress adopted the Articles of Confederation while meeting in the courthouse in York, Pa., between September, 1777 and

Mr. and Mrs. Don Cooke are the proud parents of an eight pound baby boy. Charles Emmett Cooke was born in the Seagraves Clinic and Hospital at 2 a.m. August 17.

Gomez Revival Closes With Services Sunday

BY ERA SEARS

Revival Services closed at Gomez Baptist Church Sunday night with baptismal services for the two additions to the church. The Rev. O. N. Reed of Abernathy did the preaching.

The Rev. S. F. Miller of Brownfield will be guest speaker Sunday at the church in the absence of the Rev. L. B. Edwards, who with his family, will attend Homecoming at happy Union Baptist Church near Plainview, where he was formerly pastor.

Mr. and Mrs. Virgil Gaurvain of Socorro, N. M., were weekend guests in the home of Mr. and Mrs. Garvin Smyrl. Mrs. Gaurvain is aunt of Mrs. Smyrl. Also spending the week in the Smyrl home, was their son, William, who is working this summer at Los Alamos, N. M.

Mr. and Mrs. E. H. Venson and children, Gene and Deann, visited last week at Roswell, N. M., with their son and brother and his family, Mr. and Mrs. George Venson. They spent some time in Colorado where the Vensons have recently purchased a farm at Alamosa.

Floyd E. Lee of San Antonio, a former resident of the community, stopped at Gomez store last week asking about old time residents.

Weekend guests in the home of Mr. and Mrs. Homer Britton were her brothers and families, Mr. and Mrs. G. W. Gunter and children, Gary and Beverly, of Houston, and Mr. and Mrs. Foy Gunter and children of Union community.

Mr. and Mrs. Howard McQueen and son, Doyle, accompanied by her brother and family, Mr. and Mrs. Theo Brinson and son, Lanny, of Brownfield, visited last week with their brother, Walter Brinson, who is with the armed forces stationed at Fort Sill, Okla.

Mrs. Noble Rutledge and son, Don, visited Thursday at Lamesa with her sister and family, Mr. and Mrs. Tom

Glenn and children.

Mrs. Ethel M. Hill of Tahoka is visiting here in the home of her daughter and son-in-law, Mr. and Mrs. J. L. Hyde. Mrs. Hyde has been ill for several weeks.

Sandra Roberts, 10-year-old daughter of Mr. and Mrs. T. D. Roberts, was treated Wednesday for injuries received when she fell off her bicycle at their home. Ten stitches were required to close the wound.

Mrs. Marie Berryhill and daughters, Ruth and Kay, of Big Springs, are visiting in the home of her sister and family, Mr. and Mrs. J. C. Wooley, this week. They also will visit her parents, Mr. and Mrs. Gordon Carter, at Mrs. Ray Wasson, and children of Plains visited first in the Wooley home.

Mr. and Mrs. Troy Franklin of Albuquerque, N.M., are announcing the birth of a son, born August 12. Mr. and Mrs. R. H. Franklin of 803 South 7th are grandparents. The Franklins are former residents of the community.

Mr. and Mrs. H. W. (Pete) Simmons and children of Chowchilla, Calif., former residents of Gomez, were inquiring about their former neighbors and friends last week as they visited the Loy Lewises, owners of the Gomez Store. The Simmons moved from the community in 1937 and this was the first time to visit since then. They had attended a family reunion at Whitney.

Mr. and Mrs. Oliver Jennings and children, Lynda, David, and Rickey, of El Cajon, Calif., left Thursday after spending the past ten days visiting in the home of his sister and family, Mr. and Mrs. Jeff McQueen. Jennings, owner of a barber shop in El Cajon, and family were on a two month's vacation. They had been to Canada, New York, through a number of states, spent some time in Georgia and Tennessee visiting and sight seeing old historical places of interest. Visiting during the weekend in the McQueen home were her sister and family, Mr. and Mrs. Edgar Nealy, of Valera.

Mrs. Melvin Carroll, who recently underwent major surgery in Methodist Hospital, at Lubbock is home. She will return Saturday for a check-up.

Judy and Becky Martin of Lubbock are visiting this week in the home of their grandparents, Mr. and Mrs. Tyler Martin.

Mrs. Alton Loe has spent most of the last two weeks at Spur with her father, Dan Pritchett, who suffered a heart attack two weeks ago. Mrs. Loe reports her father's condition improved. Weekend visitors in the Loe home were his brother and family, Mr. and Mrs. Jess L. Loe and children of El Paso.

Guests Sunday in the home of the Rev. and Mrs. L. B. Edwards were brothers and a sister and their families, Mr. and Mrs. R. W. Prather and Mr. and Mrs. A. L. Floyd all of Snyder, and Mr. and Mrs. Bob Prather and children, Bobby and Stanley, of Hobbs, N. M. Sherry Edwards went home with the Floyd's to spend the week.

Mr. and Mrs. Ernest Broughton of Odessa visited last week in the home of Mr. and Mrs. James Heartsill. Mrs. Broughton is a sister of Heartsill.

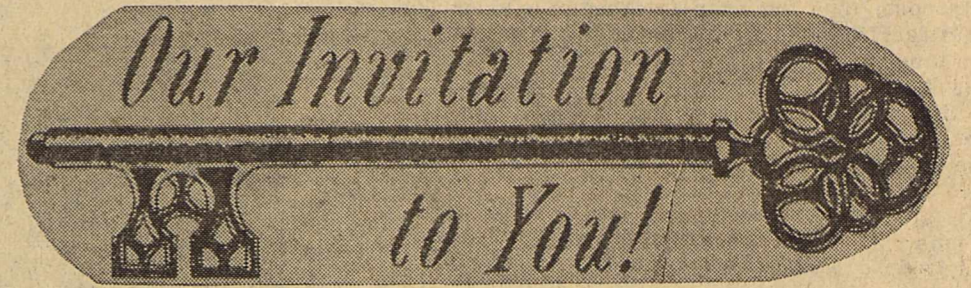

Visitors last week in the home of Mr. and Mrs. Blackstock were his uncle, Loyd Blackstock, and sons, Cicel and Byron, and a grandson, Gerry Blackstock, all from Talmo, Ga. Other guests were Mr. and Mrs. Charles Broughton and children, David and Sophia, of Odessa. Mrs. Broughton is Blackstock's sister. Jane and Billie returned home with the Broughtons to visit for a few days.

Mrs. Bill Apperson of Lub-

bock recently had major surgery in Terry County Hospital, she is recuperating at the home of her grandparents, Mr. and Mrs. A. L. Tittle, at 302 East Tate, while her two sons,

Mike and Mark, are staying at their grandparents, Mr. and Mrs. Alfred Tittle.

South Plains Associational Youth Rally held in First Baptist Church in Levelland Monday night were Pat and Ronnie Smyrl, Faye McKee, Barbara and Annetta Britton.

You are cordially invited to attend the formal opening of our new shoppe at Broadway Shopping Center, Denver City, Texas, on Friday and Saturday, Sept. 1 & 2. Come by and register now for door prizes to be given away at 5 p.m. on Saturday, Sept. 2.
