

# MOORE Or Less

by Johnnie Moore

Bobby Field told me a good one last week. Seems there were a group of cannibals in Africa talking over the different people they had eaten for lunch during the past few years.

First C: "Did you ever eat an Englishman?"

Second C: "Yes, I have, they're pretty tasty, but they might be just a little bit stringy."

First C: "I think Americans are the best to eat. They're nice and fat and well-fed."

Second C: "You're right; they are the best. What state in the U. S. do you think they're best from?"

First C: "Well they're pretty good from Texas, but they really aren't as big as some say they are."

Second C: "You know Okies are pretty good."

First C: "Yeah, but man, did you ever try to clean one of those things?"

I read, just this week, one of the biggest pieces of pure unadulterated drivel that I have ever been my misfortune to see.

The article in question is one of the Kennedy Administration's attempts at brain-washing the American public, trying to get a favorable reaction on the administration-backed health insurance plan, which has been dubbed Medicare.

The particular piece of propaganda that passed over my desk was written by Dr. Benjamin Spock, the recognized authority in the medical field for the rearing of small children.

Here is some of what Spock had to say and I quote:

"Recently a group of Physicians met with President Kennedy to express their support of his health insurance plan for the aged through Social Security."

"I was one of those physicians, and I have joined with the others to form the Physicians Committee for Health Care for the Aged Through Social Security. I hope that this organization will help to inform you about the President's measure. "While many doctors who know the facts about this plan favor it, many others oppose it. Why?"

"I think many of them are uninformed. They have not read the bill. They simply assume they would disapprove of it because it has been labeled "Socialized Medicine." Now listen to what Spock has to say about socialized medicine. Evidently he's been dealing with children so long, he's beginning to think like one.

Spock continues, "Socialized medicine is a system under which the government pays for and manages all the health care (Continued on page 6.)

## Court Minutes

The Honorable Commissioners Court convened in Special Session, with the following members present to-wit:

Honorable Don Hancock, County Judge, presiding.

Vance W. Brown, Commissioner of Precinct No. 1.

H. C. Cotton, Commissioner of Precinct No. 2.

Raymond Bookout, Commissioner of Precinct No. 3.

Mrs. Paul Loe, Commissioner of Precinct No. 4.

JWO Alldredge, County Clerk and Ex-Officio clerk of the Commissioner court.

Motion by Commissioner Bookout and seconded by Commissioner Cotton that the bills as presented by the County Auditor be approved and ordered paid. Vote Aye: 4 No 0

Motion by Commissioner Cotton and seconded by Commissioner Brown that Hospital Bonds be offered for bids on May 24th at 9:00 a.m. Vote Aye: 4 No 0.

Insert Order Canvassing Returns of Hospital Bond Election. Vote Aye: 4 No 0.

Motion by Commissioner Cotton and seconded by Commissioner Brown that Stiles, Roberts, and Messersmith be employed as architects for the Hospital addition and repairs to the Yoakum County Hospital at Denver City, Texas at the regular architect fee of 6%. Vote Aye: 4 No 0.

Motion by Commissioner Brown and seconded by Commissioner Bookout that K. D. Rhodes be granted title of the following described plot of a portion of Section 742, John H. Gibson Survey, Yoakum County, Texas.

Fri. July 13, 6:30 Giants vs. Yankees; 8:00 - Cubs vs. Indians.

ALL TEAMS MUST BE READY AND START EACH GAME ON TIME: A 15 MINUTE GRACE PERIOD WILL BE ALLOWED BEFORE A GAME IS FORFEITED.

## Schedule Set For Swimming Pool Hours

Jack Pierce, who is managing the swimming pool in Plains this year announced this week the schedule of hours that the local pool will be open from now through the summer season.

On Mondays, the pool will be open from 1:30 p.m. to 5 p.m.

Tuesday through Saturday hours are from 1:30 to 6:00 p.m.

On Sundays, the pool will open at 2 p.m. and close at 6 p.m.

Pierce went on to announce that several different kinds of events are being planned at the local pool and that several special activities would be announced in the near future.

He mentioned plans for one such activity, which is to be swimming contests for both boys and girls who will be divided up according to age. Also, he said, some diving contests were planned for both boys and girls.

Pierce pointed out that the swimming pool can be rented for private swimming parties by any group wishing to do so. This service is available at the pool every week-night besides Monday, when the pool is drained and serviced for the following week's sessions. Charge for renting the pool for a private party is \$10.00 for the night.

One further announcement regarding the pool was made by Pierce. He said that swimming lessons would be given this summer as they were last year, and that the dates for lessons will be announced in the very near future.

Pierce pointed out that the local pool is very adequately equipped and that a life-guard is on duty at all times. Also there is a wading pool for the small children in addition to the regular pool.

## CANINE VACCINATIONS SET--

# Special Session By City Council

Patsy Tipton, this year's eighth grade valedictorian, and daughter of Mr. and Mrs. Buford Tipton of the Bronco community was seriously injured by a freak auto mishap here last Monday evening around 8 p.m.

Patsy, who was riding on the front fender of a car driven by another teenage companion fell in front of the car and as a result the front and rear wheels of the car ran over her.

She received lacerations which caused quite a bit of bleeding and more seriously she suffered fractures of both collar bones, four broken ribs and her pelvis bone was broken in three places.

Jimmy Kerby, son of Mr. and

Mrs. D. H. Kerby, happened on the accident immediately after it had happened. He stopped and brought Patsy to Dr. Goldberg in Plains, who rendered emergency treatment, stopped the bleeding and gave a sedative to stop her pain. Thereafter she was rushed to the Yoakum County Hospital in Denver City by Huffman-Barrett ambulance where she was admitted for treatment.

Mrs. Tipton advises that according to the doctors in Denver City that Patsy will be kept in the hospital for at least three to four weeks and upon returning home will be confined to bed for another three weeks.

## Patsy Tipton Receives Severe Injuries

Bob Loe, City Secretary, announced this week that there will be a session Saturday morning, just until noon, in which local residents may bring their dogs in and have them vaccinated. A registered veterinarian will be on hand to give the anti-rabies shots.

All area citizens are urged by city officials to take advantage of this service as the season when rabies is most prevalent is at hand.

Meeting in special session, Plains City Council, Monday night, announced that Mr. E. B. Teague, who has recently been laid up in the hospital, was re-awarded a year's contract for picking up and disposing of the refuse for the City

of Plains. Decision was also reached to supply free electrical power for the Plains Little League, Pony League and for the local Scout Troop's Miniature Golf Course.

It was brought to light by Loe that a request by him had been made to the Yoakum County Commissioner's Court to buy the transformers to be placed on the Pony League field, a none are presently there because of the fact that power was supplied by Lea County Electric last year through their transformers. Loe explained that the council felt it in order to make request in light of the fact that the City of Plains is furnishing the Electricity free of any charges whatsoever.

## Construction Begins on Mini. Golf Course

"Duffer's Delite", the miniature golf course now under construction by the Plains Boy Scouts, aided by several men of the community who have volunteered their services will, in all probability be open for business in approximately two weeks.

Plans for the course include 18 holes of golf with each fairway being at least 25 feet in length. On each hole there are various obstacles which must be overcome for the player to successfully sink his golf ball in the cup on the green at the end of each hole.

Planned construction for the course is of concrete. The entire course, that is fairways and greens will be covered with green, grass colored mats of about the same consistency as grass.

Twenty-five putting irons and a larger number of balls are on order and are expected in within the next very few days.

Also, nine 1500 watt floodlights are on order to be placed on the telephone poles already secured by the scouts.

A full list of contributors of money, services and goods will be published following the completion of the course, and local scout leaders point out that there are many in each category as most items needed for the course have been either outright donated to the troop or have been sold at cost.

All proceeds from the operation of the 18-hole course will go to the local scout troop to be used in their program, along with the possibility that some of the profits might be used and applied toward the construction of a new scout hut in Plains for the Explorers and Cubs as well as the Boy Scouts.

## Giants Down Cubs Yanks Beat Indians

In Friday night's double-header schedule in the Plains Little League, the first game matched the Giants, managed by Bill Green against the Cubs, managed by Al Nugent. The Cubs started in town with the following batting order:

Left fielder, Rejos; second baseman, Nabors; catcher, Nugent; pitcher, Liles; first baseman, Benigno; third baseman, Taylor; short stop, McClellan; right fielder, Ray and center fielder, Barnett.

Opposing Giants lined up this way:

Wilkins, pitcher; Reg Trout, center fielder; McDonnell, third base; Seals, short stop; Wauson, first base; Rushing, catcher; Garcia, second base; Smith, left fielder; and Boyce Trout, right fielder.

Cub substitutions in a later inning switched positions between Nugent and Liles.

Giants substitutions switched positions between Wauson and Wilkins, and brought in Hanna for Boyce Trout.

Scores by innings are as follows:

For the Giants one run in the second and three runs in the fifth. The Giants got five hits, one in the second, one in the fourth and three in the fifth.

For the Cubs, the first inning brought two hits but no runs; the second, one hit and one run and the fourth, one hit and one run.

Final score was Giants 4, Cubs 2.

Game number two, between the Yankees and Indians brought a rather lop-sided score of 13 to 0 in favor of the Yankees.

Yankee line-up was Pierce, short stop; Lowe, catcher; Kelley, first base; Smith, pitcher; Loe, third base; Duke, center fielder; Haynes, second base;

Harbour, left field; and Burt, right field.

Indians lined up with Massey, as short stop; Franks, third base; Kennedy, first base; Joe Beal, pitcher; Lee, catcher; Spencer, second base; McGinty, center field; Cooper, right field; and Livesay, left field.

There were no substitutions for the Yankees, but the Indians substituted McGinty for Beal and replaced Joe with Tommy Beal. Another substitution switched places with McGinty and Wauson. Duff went in also to replace Livesay in left field.

Final score 13 for the Yankees to 0 for the Indians.

## Funeral Services Held For Father Of Local Resident

Funeral services for C. C. Sewell, 67, a resident of Level-land for 14 years, were held at the Fifth Street Church of Christ at 3 p.m., with Preston Oden officiating.

Sewell was dead on arrival at the Levelland Clinic early Monday morning, apparently following a heart attack.

Burial was in the Resthaven Memorial Park, Lubbock under direction of George Price Funeral Home here.

Survivors include his wife, two sons, three daughters, and two step children.

Sewell was the father of Plains High School basketball coach Rip Sewell.

## Here's How We Voted

Voting per box in the special-called hospital bond election was as follows in last Friday's balloting:

Box No. 1, 10 for and 85 against; No. 2, 15 for and 54 against; No. 3, 24 for and 80 against; No. 4, 12 for and 43 against; No. 5, 2 for and 25 against; No. 6, 8 for and 7 against; No. 7, 292 for and 50 against; No. 8, 119 for and 22 against; No. 9, 278 for and 36 against; and absentee voters voted 6 for and 7 against.

Ballot totals were 766 for and 409 against the \$325,000 issue designed to add 18 rooms and to completely modernize the existing Yoakum County Hospital in Denver City.

In another upcoming election, the Second Democratic Primary, voters are reminded that as the election is scheduled for June 2, absentee voting will end on Tuesday, May 29.

## Bible is Theme In Methodist Bible School -- Monday

"The Bible" will be the theme of Vacation Church School which begins Monday, May 28, 1962 at Plains Methodist Church at 8:30 a.m. The school will continue through Friday with a sharing program Sunday night. All children between the ages of 4-12 are invited to attend.

Teaching the Kindergarten group will be Mrs. Bob Blundell, Mrs. Billy Kennedy, Mrs. Clyde Waldrop and Sarah K. Field. Their study will be "We have a Bible."

Mrs. L. D. Hamm and Mrs. W. O. Spencer will conduct the Primary group of study of "Our Bible."

"The Men Who Dared in Bible Times" is the theme of the Juniors Study. Mrs. J. M. Tippet and Mrs. R. B. Jones are teachers for this group.

Mrs. Charles Williams is director of Vacation Church School. The hours for the school will be 8:30 - 11:00 a.m. May 28 - June 1st.

## Baptist Bible School Opens Monday

Vacation Bible School will open Monday morning May 28th at 8:30 a.m. The school will continue through June 6th. The school will close with a program for the parents June 6th at 7:30 p.m. All of the work that the children have done will be on display at that time.

There will be classes for each age group, three through sixteen years. All children are invited to enroll in our school.

The First Baptist Church voted May 6th to adopt a goal

for \$16,759 as their part in the Christian Education Crusade of Texas Baptist to raise 28 million dollars over a four year period for our Baptist schools.

The Rev. G. R. Callmer has been holding services each evening at 7:30 p.m. for the Spanish speaking people at the First Baptist Church.

Mrs. Callmer plays the piano and Alfred Castro leads the singing. Tonight is the last service and everyone is cordially invited to attend this service.

COME ON IN - THE WATER'S FINE --- PLAINS swimming pool is now open for the summer. The pool opens each day of

the week at 1:30 p.m. except Sundays when it doesn't open until 2 p.m.

### An Editorial "Citizen In Name Only?"

Plains Chamber of Commerce is actively sponsoring a program to see what can be done to get more and more Plains citizens to trade with the home-town merchants.

We all know that a great amount of local trade and thereby, local money is going out of town to neighboring cities such as Brownfield, Denver City and Lubbock, even over across the state-line to Lovington and Hobbs.

Many people have a very foolish notion that they can save money by buying Specials and by trading with larger concerns which have their establishments in these larger towns.

There is a great deal of fallacy in this kind of thinking. By the time you figure the amount of car expense involved, adding in also the wear and tear on the car and the trouble of having to get all gussied up and then take the time to drive to another town, we rather doubt that you are saving any money, in fact, in all probability, you are paying a premium to spend your dollars in other towns where the money, as far as Plains is concerned is gone forever.

All of us, if we deserve the name citizens, want a better and better Plains Community, and we should stop and realize that when we spend our money out of town it can't possibly benefit Plains in the least. But, that money spent at home, with our friends and neighbors, at least a large portion of it, stays here to help us build a better community.

You know, it's the home-town businesses that pay taxes here to give us schools, parks, swimming pools, hospitals, and the thousand and one other things that are provided through our local and county government. It is also the local businessman that gives donations to such things as Scouts, Little League, our Clubs and Churches, not out of town businesses.

It's pretty hard for us to fathom how an individual can expect Plains, or any town for that matter, to furnish it with a livelihood, a place where he can earn a decent living for himself and his family, furnish such things as protection under the law, Fire Departments, Libraries, Schools, Parks, swimming pools, paved streets, and all the other things that are provided, and then take the livelihood that Plains, the good land around the area, the bountiful resources which nature has bestowed upon our area, how it is we can take all this and then feel perfectly free to cart all that Plains gives to us to another city to spend it.

Anything that can be bought in Plains, for anything near a reasonable price, which just about covers the field, should be bought here by all of us, or else we are nothing but hitch-hikers, hanging onto the coat-tails of the citizens and businessmen who are actively trying to do something about improving our city and area.

We heartily endorse trading at home and any campaign that would foster more and more of it on the part of Plains area citizens.

### Letters To The Editor

#### Pat on the Back

May 18, 1962  
Plains Record  
Plains, Texas  
Dear Editor:  
Please accept our sincere thanks and appreciation for the excellent coverage given Yoakum County Unit of the American Cancer Society for this year.

Sincerely,  
Yoakum County Unit  
By: Mrs. C. A. Bickley,  
Secretary

Trade At Home  
May 19, 1962  
Chamber of Commerce  
% The Plains Record  
Plains, Texas  
Dear Sir:

You have asked for the "trade-at-home" in Plains. First of all, I love Plains, and the people here are wonderful. But, some places of business here are not appreciative or show any courtesy to those that do trade with them. They need to realize that friendly service goes a long way. Out of town stores show their appreciation and meet the needs of the people.

My suggestion is to the business men and their employees to wake up and meet what is expected. I have heard too many complaints on this line.

Yours truly,  
One that would like to stay home and trade.

(Editor's note: We normally don't run letters to the editor in the paper when they come to us unsigned. We believe that if a person or a group of people feel strongly enough about a particular matter to send in such a letter that they ought to have the fortitude to sign their name to it. But, the foregoing letter and the one that follows each take such a completely different tack on this matter, we thought we would just publish them anyway.)

May 20, 1962  
PLAINS RECORD  
Dear Editor:

One little idea for bringing a few additional dollars to Plains on the "trade-at-home" deal that I think needs to be any-way.

Seems to me, and I've heard others say so too, that our city dads ought to insist that their employees, paid out of funds that are furnished by the citizens of our fair city, businessmen mostly, be obliged to spend their salaries at home for the goods that can be bought here.

"A trouble-maker"

Plains Record  
Dear Editor:

We think the best idea yet for trading at home is for all the people in and around Plains to come by and play on our miniature golf course when we get it finished in two or three weeks and then go buy whatever they need while they're in town.  
Plains Boy Scout Troop 778

THE FAMOUS AUTHOR was telling his story.

"Well, what finally happened was that, after ten years, I discovered I had absolutely no talent whatever for writing."

"And so you gave it up," his friend completed.

"Good Lord, no," the author said, "By that time I was much too famous."

### P-A-G HYBRID SORGHUMS

stand up in the field...  
stand out in yield!

The combination of standability and yields rates high with sorghum producers. Strong stalks, healthy roots, and bred-in resistance to lodging have earned P-A-G sorghums the reputation for being "up" when harvest time arrives. The large semi-compact heads dry quickly in the field for easy combining. High yields of plump grain will bring you top sorghum profits. I have a good supply of adapted seed and would appreciate the opportunity to serve you. Plant P-A-G hybrid sorghum.

We can supply P-A-G corn, alfalfa and clover, too!

# Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you.

"Oh that my ways were directed to keep thy statutes!"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Iota Pi Installs Officers

Iota Pi met at Alma's Restaurant May 15th to install officers for the new club year.

Mary Lee Swann, program chairman, introduced the program for the evening. She called forward the officers to be installed, and gave each a resume of her duties. Assuming their new offices were Jean Craft, president; Wanda Ashburn, vice-president; Juanita Cooke, recording secretary; Virginia Lindt, corresponding secretary; and Jeanne Stroup, treasurer.

After being installed Jean Craft spoke briefly to club members, and announced appointive officers.

Velma Warren, out going

president, was presented the club scrapbook in honor of her administration. Emma Lewis was chairman of the scrapbook committee who prepared the lovely scrapbook.

During the social hour pie alomode and coffee was served to Dorothy Lowe, Wanda Ashburn, Archie Glover, Juanita Cooke, Dortha Gray, Velma Warren, Melba Duke, Alma Bean, Emma Lewis, Ann Green, Billie Blundell, Mary Lee Swann, Melba Duke, Barbara Smith, Idell Murphy, and Jean Craft.

### Card of Thanks

It is, of course, impossible, to express in any real way our heartfelt gratitude to each of our friends for the many many wonderful things you did for us following our loss.

To our many friends for the many acts of kindness, the words and expressions of sympathy and understanding, for your prayers and for the beautiful flowers, we say thank you from the bottom of our hearts.

May God bless each of you.  
The L. T. Sewell's

## Of Interest To THE WOMEN

### May 27 Starts Stewardship Week

Soil and Water Stewardship Week is being observed this year across the United States from May 27 to June 3.

Local ministers of the various churches of the area have already taken one tour of part of the county to see the many conservation practices that are being used across the county, said C. M. Thompson, of the Yoakum County Soil Conservation District.

Theme of this year's observance is "The Stream of Life," and deals in large part with the proper use and conservation of water.

In a release given by the National Association of Soil Conservation Districts, the following was stated:

In a world of many choices, you have no choice about water; You must have it, Water is the necessity of the hour and of the

ages. It is among the supreme gifts of the Lord and He has provided no substitute for it.

Across the landscape of thousands of watersheds, there is opportunity and even obligation for the good soil steward to manage water for his crops without damage to the land, while capturing billions of raindrops in the giant reservoir of the soil. By his control of the land and all the water falling on it as rain and snow, the steward has a unique and vital responsibility to God and man to serve as first-custodian of the stream of life.

### Osteopaths and Chiropractors Not the Same

By Dr. Marvin Goldberg

Even among their millions of regular patients, there are many misconceptions about these practitioners, because, in treating patients, both use manipulations, that is, adjustment -- usually by hand -- of joints and muscles. But there is a vast difference between them in training, theory, licensing requirements, practice, and what they may legally do in treating ailments and diseases.

### WHAT'S AN OSTEOPATH?

In general, the doctor of osteopathy (D.O.) is an unlimited practitioner in same sense as a doctor of medicine (M.D.). Most of the nation's 14,100 osteopaths enjoy the same legal status as a M.D. They may diagnose and treat any ailment, using drugs and leaders point out it is not a medical specialty but a separate school of medicine, not because of its use of manipulation, but because of its philosophical approach (known as the "osteopathic concept") toward caring for and treating the ill. Osteopaths believe that a sick person is ill all over and must be treated as a whole individual and not just for one ailment.

An osteopath's special skill is giving manipulative treatment. However, osteopaths now generally use manipulation far less than when the profession was in its formative years (about 1890 to 1915). Today many osteopaths use manipulation as often as they feel necessary and so far as the public may discern -- are the same as M.D.'s.

In time and, is concern, in curricula, the training to become an osteopath is considered comparable to that for M.D.'s. At least three years of pre-professional college education are necessary to qualify for admission to one of six four year osteopathic colleges that have been approved by the American Osteopathic Association. Most osteopathic students have a B. A. degree before starting study for their D.O. In addition, osteopaths serve a one-year internship in an osteopathic hospital before beginning private practice. If an osteopath wants to become a specialist -- there are Osteopathic specialists in surgery, obstetrics and gynecology, pediatrics, psychiatry, internal medicine, and radiology, among others -- three to five more years of study are required, besides at least two years of practice of the specialty.

### WHAT'S A CHIROPRACTOR?

Unlike an osteopath, he's a limited practitioner, who is not required to have nearly so extensive a training as a D.O.'s. A doctor of chiropractic (D.C.) may not legally prescribe drugs or operate. Chiropractic (which means "efficient hands") is a method of healing based on the theory that disease is caused by or contributes to the abnormal functioning of the nervous system. To eliminate the abnormal functioning, chiropractors rely mainly on manipulation by hand, usually of the spinal column.

### Forty-Two Party Set

Plains Odd Fellows and Rebekahs have announced that a forty-two party has been scheduled to which the public is invited. Night set for the fete is May 31 in the local lodge hall. Refreshments will be served and all Plains area citizens are invited for forty-two, dominos and other games.

COOPERATION URGED --- Plains Mayor, Buddy Hanna is urging the cooperation of local citizens in the successful completion of the Plains clean up week which is set for June 4 - 8.

### Tsa Mo Ga Club Officers To Be Installed

Tsa Mo Ga Club will close the fiscal year with "ZERO FEDERATION LIFT OFF" program, Monday evening, May 28th at 8:00 p.m. in the Club House.

Guest speaker will be Mrs. Robert N. Tipps, Denver City, First Vice-President of Caprock District, TFWC. Mrs. Tipps will speak on "Federation . . . From Concept to Countdown." Mrs. R. B. Jones, program director will present Mrs. Tipps.

Installation of 1962-63 officers of the Tsa Mo Ga Club will be installed by Mrs. Ty M. Field.

Mary Stewart's "Collect," will be sung by the Tsa Mo Ga Quartet, Mrs. Johnny Moore, Mrs. Dorman Scott, Mrs. J.W. Moore, and Mrs. Kenneth Hale. The Social Committee is planning a Hawaiian "Luau", a feast, so come in your muumuu, dressed for the Hawaiian treat.

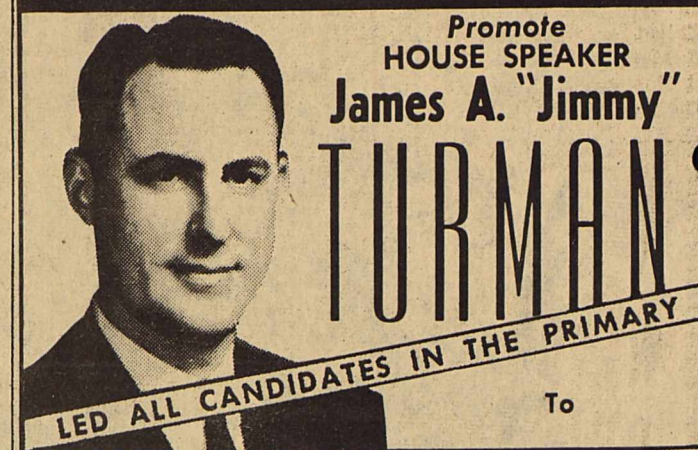

### Bridal Shower

A bridal shower honoring Mrs. Johnny James, nee, Jan Sims, will be given in the club room of the old court house, May 29, from 2:30 - 5:00 p.m. Everyone is invited to attend.

... SOME CHICKENS in Hamilton, Tex., recently came to an untimely but logical end. Twenty-five-hundred birds were roasted in their cages by a lightning bolt.

SOUTH SAN GABRIEL, CALIF., INDEPENDENT: "I wonder what's the matter with an economy where a businessman has to borrow money to pay income taxes."

### Receive Degree Bob Gross To

Texas Tech has 1,052 candidates for degrees at spring commencement which is scheduled for May 28.

Fred H. Moore, Mobil Oil Company president and Texas Tech graduate, will give the principal address during the exercises at 8 p.m. in Lubbock Municipal Coliseum.

The Rev. John William Lan-

caster, pastor of First Presbyterian Church in Houston, will deliver the baccalaureate sermon at 8 p.m. May 27 in the Coliseum.

Candidates for undergraduate degrees include one Plains citizen. Mr. Bob Deryl Gross, is scheduled to receive a Bachelor of Science in education, with a physical education major.

**CURRY EDWARDS**

*Working for Texas*

Meet a fellow Texan: Preston Smith.

Preston Smith's story is in the best Texas and American tradition—a farm boy who worked his own way to an education and a place of honor in his business and community life.

Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader.

A steward at St. John's Methodist Church—member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau—these are some of the activities close to the heart of Preston Smith, citizen.

He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system—and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.

Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.

Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.

Voters in 102 counties gave Preston the lead over four opponents in the First Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.

Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.

Elect your independent candidate for Lieutenant Governor—

**PRESTON SMITH**

JUST BEGINNING --- that's the story on the calves shown in these pictures. These are the animals that will be, by the hours and hours of hard work on the part of local 4-H'ers and FFA'ers, the prize winning club calves in next year's county fat stock show.

RUNT OF THE BUNCH --- that was the fate of "Chubby" the 174 pound calf weighed in by Mike Loe, son of Mr. and Mrs. Bob Loe, as his entry to be made into a club calf for the February showing.

### S.D.C. News Yoakum

C. Murrell Thompson Soil Stewardship week begins May 27th and ends June 23rd. There are many good signs of a better job of Soil Stewardship being done. Much progress has been made in the last few years.

The caring for our soil and water is now big business and it is everybody's business.

Two new Great Plain contracts were mailed to the Area Office this week for typing. They were the J. D. Jones farm west of Denver City operated by A. L. McGhee and the J. W. McCan farm south of Plains, owned and operated by McCan.

Regular conservation plans were completed on the two farms owned by J. A. Pebsworth Jr., and operated by Russell Faulkenberry. The Alsie Carlton plan was revised and brought up to date. Maps were ordered for the Helen McClure and Virginia Moore farms operated by Leon Huff east of Plains.

Grass planting of all kinds is going in a big way just now.

V. R. Jones, L. R. Henson, Otho Clendenen, Bruce White are a few who are planting. Midland Bermuda is also being planted by several operators.

Olen Cox, Johnnie Sims, James King, Gene Smith are a few who completed planting this last week.

New conservation plans approved by the board last Thursday night were H. L. Romans, Tokio, Royce Kelley, Tokio, A. N. Norman, West of Denver City, James B. King, Tokio, Leo Holmes N. E. of Plains, and R. M. Jones, S. W. of Plains.

Vaughn Side Oats Grama looks real good on the Helen McClure place operated by Leon Huff. Leon has 22 head on 35

acres dry land planted in 40 inch rows. Looks like he may need a few more cows.

C. A. Stewart says he sure thinks his Switch Grass is going to be alright. This is the first year for him to graze any, but looks like it will be a good forage producer under irrigation and with some fertilizer. Stop by on the Lovington Highway and see it.

### Farmers Union Met on 18th

The Farmers Union met in regular session Thursday night, Carl Lawrey president presiding.

There were 16 members present.

The following news release was read.

President Jay Naman, in an address at the first annual meeting of the Farmers Union Cooperative Gin at Roby, congratulated the leadership and the members of the cooperative for the outstanding job which they have done in "overcoming adversity and showing their willingness to make personal sacrifices to build for the future." President Naman pointed out that the "heritage in farmers union is interwoven with the cooperative effort from the very beginning of Farmers Union" and that the cooperatives are still one of our very best tools through which we may gain parity through bargaining power.

Naman told gin membership that Farmers Union provides the protection which we in the cooperative movement must have against the legislation of discriminatory cooperative taxes, and works toward farm programs which enable farmers to gain price goals which result in more vigorous and independent cooperatives.

"We must ever be watchful," Naman said, "that we do not align ourselves as cooperative people with those who foster the principles that are contrary to the historic aims of the cooperative movement. We must constantly assure ourselves that the purpose and direction of our cooperative establishment is in the best interests of the individual shareholder and not for the privileged few who might dominate the hierarchy of the cooperative structure."

### Yoakum Accident Report For April

The Highway Patrol investigated 1 rural accident in Yoakum County during the month of April according to Sergeant E. A. Roberts, Patrol Supervisor of this area.

These wrecks accounted for 1 injury.

The rural traffic accident summary for Yoakum County from January through April of 1962 shows a total of 2 crashes. As a result of these crashes there were no persons killed and 1 person injured. The estimated property damage amounted to \$200.00.

Memorial Day weekend during this month of May will mark the beginning of the vacation season. Also, many schools will be out for summer prior to Memorial Day weekend or shortly thereafter. Residential neighborhoods which were quiet between 9:00 a.m. and 3:30 p.m. will now be alive with children, streets and highways which lead to and from recreation areas and parks will have children and vacationers going to and fro. The patrol supervisor pointed out that with the beginning of the vacation season it presents all of us with a stern challenge to be more alert and take special precautions to watch out for children afoot and motoring vacationers.

There are two kinds of colleges in America--those that wish they had fired the coach last fall, and those that wish they hadn't.

And then there was the married man who came home late, took off his shoes, pulled out his key and wondered what he was letting himself in for.

## "TRADE AT HOME"

"Are you getting the most out of the dollars you spend?" In the opinion of the members of the Plains Chamber of Commerce the answer to this question depends on WHERE you do your spending. Money spent out of town is gone forever, as far as you are concerned. On the other hand, they say, much of the money that you spend at home STAYS at home, where it can help build a better community for you and your family.

### Mutual Problems Including The Estes Case

This year we are not exactly short of space even though the takeover of 1961 crop milo in Texas is a record amount—68,808,684 hundredweight compared with 48,095,145 last year and 31,323,629 the year before.

Not only in this area has storage space become more abundant. In the nation as a whole, during the last six months of 1961 there was an increase of approved commercial warehouse space of 300 million bushels. For the entire year, the increase was more than 400 million bushels.

This increase came in the face of emergency feed grain program which is proving quite successful in cutting production and which has resulted in sales of a great deal of CCC-owned grain. Nationwide, these sales through April 20 amounted to more than 76 million hundredweight of grain sorghums, more than 586 million bushels of corn, and 8 million bushels of barley and oats. These sales made a dollar total of \$726,632,466.

Incidentally, we are proud of the record we have made in selling all this grain without disrupting markets and without causing prices to go down to a level below that of the previous marketing year. When we started, many people in the grain trade had serious doubts and reservations. We did not suffer from over-optimism ourselves.

Now, as you know, we are going into the second year of the temporary feed grain program with a continuance of payments-in-kind for diversion of land out of feed grain production, advance payments, and pool sales of grain by CCC on behalf of producers.

The signup is bigger for 1962 than for 1961. Farmers have signed up to divert 29,590,700 acres compared with 26,687,700 signed up last year.

The grain sorghum figures are: 6,709,400 acres signed for diversions—these being 43 per cent of the 15,506,900 base acres on signed farms and 32 per cent of the total U. S. grain sorghum base of 20,920,800 acres. The 6,709,400 acres signed up compare with 6,597,200 acres last year.

Here in Texas, 84,692 farms are signed up and intend to divert 3,376,500 acres. That is for both corn and grain sorghums.

Here in Texas the grain sorghum signup is 2,956,800 acres out of a base of 8,772,400 for all farms and 6,908,200 on signed farms.

As you know, the President and the Secretary of Agriculture have recommended to the Congress that the feed grain program should be replaced by long-range legislation which recognizes the problem of over-production.

The temporary legislation would eventually become self-defeating because larger and larger payments would become necessary to induce production adjustments as prices respond to production cuts. The proposed legislation would provide mandatory features which would

that from our local business concerns comes a large part of the taxes and contributions that maintain our schools, streets, playgrounds, hospitals and other important community facilities and services.

Part of every dollar you spend at home goes into these constructive channels, where it keeps on working for you. This is the part that makes a big difference in your favor!

You get an "extra bonus" when you SHOP AT HOME. The local Chamber of Com-

merce is now sponsoring a contest for the most original trade-at-home idea. Such things as a cash drawing day once a week ect. are being considered.

The idea submitted and judged by the Chamber Committee as most usable will be put into operation and the person submitting the idea will be awarded a \$10 gift certificate.

Entries of ideas should be made by sending your idea to the Plains Record, Box 1006, Plains, Texas.

### Moore or Less-

for all the people, doctors' salaries as well as hospital costs. The president's program applies only to those who are 65 and over." end of quote.

Evidently Spock is saying, or at least rather badly attempting to say, that if you don't social all of medicine then it's okay.

I can't see how any patriotic, right-thinking person could agree with this definitely-socialistic step that Kennedy is pulling out all stops to put across. He's had rallies in Madison Square Garden in New York. He's pulled no bones about it, he intends to see the bill carried, if not this year, then next.

We need to speak up about this matter. Let our congressmen know we are tired of the extreme leftist trend which our government has taken under the new Administration. Let's all be Democrats and Republicans, whichever is our choice but let's not any of us allow this trend that is so apparent in so many areas continue any longer.

Your Congressman wants to know how you stand on the Kennedy Program for Health Insurance through Social Security. Write to him. Also, for further information about the proposal write to the National Council of Senior Citizens, 200' C' St., S. E., Washington 3, D. C.

The bill is slated to come up to be voted on by our representative next month. Let them know your feelings in the matter.

The Washington Post quotes former Director of the Budget Maurice H. Stans as saying: "The greatest threat to our Nation today is not Berlin, Nor is it Viet Nam or the Congo or Laos. It is the precarious situation of our balance of international payments and with it the potential erosion of world confidence in the dollar."
