

MOORE Or Less

by Johnnie Moore

you hear the one about the drunk driver who was proceeding down a one-way street in the wrong direction?

As he sped along he was stopped by this policeman who was really outraged at the inebriated driver and asked him, "What's the matter bud, didn't you see the arrows?"

The tipsy driver answered, "Arrows?" "Heck no, I didn't even see the Indians."

Then there's the one they tell on Dick McGinty, I don't really believe it, but anyhow here 'tis.

Seems this customer came in and asked for a really good and fat fryer, Dick looked under the counter into the cooler and to his chagrin, this being one of his better customers, found that he had only one fryer left.

He brought it up to the scales and reported that it weighed about one and three quarter pounds.

The lady customer then asked, "Don't you have one that weighs just a little more?"

And Dick, so the story goes, not to be outdone, put the chicken back into the cooler and then proceeded to take and back out and with the fryer this time, put in addition that often weighed thumb. This time the scales registered a mighty healthy 3 and 1/4 pounds.

Delightedly, but to no avail the woman said, "Well good, give me both of them."

Raymond Bookout reports that the new, smaller version slide, for the Plains park was received today and will be put up and into use right away.

I think it's real fine to provide this for the smaller children of the area who enjoy our really fine park so much.

If you want to see some real fine Little League baseball, be sure to be down to the ball park on Friday, it's the last night and the League is all tied up in a dead heat between the Yankees and Indians.

Sure has been a fine acceptance of the miniature golf course, Duffer's Delite. I believe the community is responding wonderfully, and I think one good reason probably is that we all crave recreation that we can participate in with our entire families.

It seems like so many things in our day to day lives are dead set on making us strangers to the other members of our families.

It seems real important to me that we, as families, get to do things together once in awhile.

You sure do have to admire the Canadian Doctors' spunk standing right up to the government up there and saying that they just don't want socialized medicine shoved down their and their patients' throats.

In quite a few areas if we Americans had enough spunk to stand up and say that we don't want government guarantee of income, security or the other things that our forefathers fought for with no guarantees of any kind, we'd be a whole bunch better off and quite a lot further from government control than we are.

Boy just think back to the early colonies of our nation's historic past. Talk about depressed areas. Boy, that's about as depressed as you can get. Not enough to eat, hostile natives many times harassing and plundering and killing, and the thousand other things such as sickness, famine and all the rest that they had to put up with.

They came to this country to get away from control by a governmental power and all the injustices that come along with it. They were willing to die for the ideal of individual and collective freedom.

And yet, we too many times, seem eager to give away the very things, they thought worth dying for so we can be assured of the standard of living we want and have a guaranteed poverty free old age etc.

I really wonder if we have to have a government controlled farm program before a man can work the good earth and make his family a decent living. I wonder if the many other businesses that thrive because of government subsidies and thereby have to be at least partially controlled by the gov-

Plan New Directory for County

R. B. (Dick) Goldreyer of the Goldreyer Publishing Company, Brownfield, started work this week on a new edition of the Yoakum County - Denver City and Plains city directory.

In a letter to local businessmen, Mr. Goldreyer listed four new features to be included in the directory, which will be ready for distribution about November. The new features are:

1. In the alphabetical sections the names and ages of minor children will be carried in the family listing, together with home ownership, telephone and box numbers.

2. A criss-cross telephone section will list all numbers in numerical order and show to whom assigned.

3. The street and avenue guide will carry all streets in numerical order listing each address together with the occupants name, telephone and home ownership.

4. The county section will list in alphabetical order each farm and ranch owner or operator in both Yoakum and Gaines counties showing acreage, mailing address and crops planted.

After getting the preliminary work out of the way early in the week, Goldreyer expected to begin contacting people about the new directory later this week.

Water Assn. Meeting Set

The officials of Gaines County Water Association announced today two meetings that are to be held within the next week to inform the farmers and ranchers of the pollution problem facing Gaines County. The first meeting will be Friday, July 13th at 8 p.m., at the Seagraves Community Building; the second meeting will be held Thursday, July 19th, at 8 p.m., at the Seminole Community Building.

Paul Rettman, Engineer with U. S. Geological Survey will attend both meetings. He will conduct the water survey that is to be done with the co-operation of Texas Water Commission and Gaines County. Rettman announced he will have a machine with him that can tell almost at a glance the amount of salt in water. He urged area farmers to bring pint samples if they want their water tested.

W. L. Broadhurst, water hydrologist from the High Plains Water District will speak at both meetings. He will explain the functions of a water district and how to go about forming one.

John Shepherd, president of the association, urged every farmer and rancher in Gaines County to attend one of the two meetings. Other area farmers are also invited.

Lions Plan Scout Hut

Following installation ceremonies four weeks ago, Plains Lions Club met for its first time last week with the newly installed officers in charge of the meeting.

Rod Duff, the club's new president presided at the business meeting, after which he turned the meeting over to Bob Loe, program chairman, who presented Coach Rip Sewell to the gathered Lions, who entertained them with a color, sound movie of the Sugar Bowl football classic.

During the business meeting, various things, including finalizing of plans for the up-coming 9th Annual Plains Rodeo were discussed.

Pointed out too was the fact that the Lions have taken as

A real one -- Drug store cowboy, that is, Roy Edwards, local pharmacist is getting in the mood for the up-coming rodeo set for July 26-27-28.

Yoakum Oil News

Oil Development Company of Texas completed No. 5-812 ODC Fee, a new producer in Yoakum County's Reeves (San Andres) field. Well site is 1,980 feet from south and 660 feet from east lines of section 812, block D, John H. Gibson survey.

From perforations at 5,648-62 feet, it pumped 12 barrels of 33-gravity oil, plus 87 per cent water, daily after being acidized with 400 gallons.

Total depth is 5,670 feet, with 4 1/2-inch casing set at total depth.

Pan American Petroleum Corporation will drill No. 1E.K. Jones a 6,000-foot Glorialeta venture one mile southwest of Plains in Yoakum County.

Drill site is 1/2-mile south of the Branahney (San Andres) field and 660 feet from north and 1,980 feet from east lines of section 443, block D, John H. Gibson survey.

David Fasken of Midland will drill a 13,000-foot Gaines County Devonian wildcat, No. 2-D Jones Estate 15 miles northwest of Seminole.

No. 2-Jones Estate is 550 feet from north and 330 feet from west lines of section 376, block G, CCSD&RGNG survey.

Fasken also announced plans to re-enter No. 1-Jones Estate and plug back to 3,500 feet for test of the Yates sand.

It was drilling at 3,398 feet in the Yates when it blew out, caught fire and damaged a Park-

er Drilling Company rig heavily. The venture was still making gas when it was temporarily abandoned at 4,090 feet.

Site is 660 feet from north and west lines of section 376, block G, CCSD&RGNG survey.

In the Brown (Wichita Albany) field of northwestern Gaines County, Union Oil Company of California patented its No.

5-2-A Jones Estate, 854 feet from north and 2,184 feet from east lines of section 2, block A-8, PSL survey.

The well potential flowing 190 barrels of 37-gravity oil daily from open hole at 8,015-87 feet on a 20/64-inch choke, Gas-oil ratio was 310-1. Section has been acidized with 1,000 gallons.

C. Court Minutes

The Honorable Commissioners Court of Yoakum County, Texas convened in Regular Session with the following members present to wit: Honorable Don Hancock, County

Judge, presiding; Vance Brown, Commissioner Precinct No. 1; H. C. Cotton Commissioner Precinct No. 2; Raymond Bookout, Commissioner Precinct No. 3; Mrs. Paul Loe,

Commissioner of Precinct No. 4; J. W. O. Allredge, County Clerk and Ex-Officio Clerk Commissioner Court.

Motion by Commissioner Bookout and seconded by Commissioner Loe that Leo White be authorized to hire temporary assistance, and Mrs. Burve Overton be paid \$25.00 per month for caring for Club Room.

Vote, Aye 4; No 0.

National Farm Safety Week Is July 22-28

The theme for the 19th annual National Farm Safety Week, July 22-28, is "Family at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accidents account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 per cent of all accidents involve some human failure -- improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-60, nearly a

million persons died in accidents, 95 million suffered disabling injuries, and 3.5 million were permanently handicapped. America's cost, \$100 billion. But no dollar total can hope to appraise the priceless value of human life, nor can it comprehend grief, loneliness and pain. No purpose is served by accident losses. And most can be prevented, emphasizes the Council.

Safety is no accident and the accomplishments of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 per cent decrease in the farm resident death rate has resulted from this cooperative effort.

But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries. Until every rural resident makes safety his business, our cooperative efforts must be continued, they add.

Rodeo Officers To Be On TV

As dates for the 9th Annual Plains Rodeo are only about two weeks away, a great amount of activity concerning the annual affair can be seen around Plains.

It has been especially pointed out that businesses and organizations interested in entering floats in this year's edition of the Rodeo Parade, scheduled for Thursday at 5 p.m., should contact the Chamber of Commerce in Plains. Prizes totalling \$25 are again being offered this year for the first three place floats in the parade.

A television interview on the Lubbock television station KLBK, Channel 13, is being arranged for. The program is being requested for July 24, which would be on a Tuesday before the Rodeo is scheduled to begin on the 26th.

Appearing on the interview type program will most probably be the presidents of the three clubs which comprise the Yoakum County Rodeo Association, Plains Lions Club, Plains Chamber of Commerce and Yoakum County Roping Club.

Further details concerning the proposed TV appearance will be published in the Record as soon as they are available.

Willie Ellison Undergoes Nine Hour Heart Surgery

Fifteen volunteer blood donors traveled from Plains Tuesday night to Dallas to give blood to be used in the famed heart-lung machine in Dallas. Willie Ellison, well-known Plains citizen had to undergo a very major type operation in Dallas with the use of the life saving machine, and twenty pints of blood are required to fill the machine and put it in readiness for operation.

Ellison, at last report, late Wednesday evening, when his sister-in-law, Sandra Ellison, called from Dallas, was reported to have made it, according to the doctors' words, "fairly well" through the operation.

Sandra went on to say that he would, however be on the critical list for at least five days while recovering from the very dangerous and very strenuous operation.

It was necessary to actually replace the main artery in Ellison's heart with a plastic artery.

To accomplish this, Ellison was on the operating table from

L.L. Teams to Play for First Place Friday

Having lost only three games each, the Indians and Yankees of the Plains Little League will meet for the "sugar game" in Little League Park in Plains this Friday evening. This, the last game of this official season, before all-star selections are made, and all-star play begins, promises to be most probably the best game of the 1962 season.

The Yankees have lost once by forfeit, by virtue of not having enough players to field a team, and have been beaten once by the Cubs and once by the Indians.

The Indians have forfeited none but have dropped two to the Yankees and one to the Giants.

Both teams are quite evidently pulling out all stops in a last minute effort to win the League next Friday and a really fine game can be anticipated by interested spectators.

Little League officials have asked that local patrons and spectators be again reminded about some of the rules that govern the operation of a nationally sanctioned Little League

that according to Little League rules, no player should be yelled at, harangued, or bickered at by spectators, especially should spectators not call players on the field by their names, only by their position.

Little League ball, it has been pointed out, is designed to be a team effort, and it was not intended that individuals be pointed out too much. Of course, playing winning baseball is a big part of the Little League program, but it is not supposed to be stressed as much as is teamwork, sportsmanship and various other qualities that can be learned very well from participation in such a program.

The second game of the double-header set for Friday night will be the Cubs versus the Giants, who are both going to be in a last-ditch effort to stay out of the cellar.

Participation in the program this year has been very good, and for the most part very sportsmanlike on the part of the players especially and usually from the spectators as well. An unusually large number of spectators, fans and parents, has been on hand each night of the season.

within any community in the country.

One very important item is

Jury Duty

Jury duty is an experience everybody ought to have.

In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education, and their experience in the world, and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends--the life or liberty of others, and the public good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fairness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind, readiness to give and over the facts to find some-

thing to bring agreement. In short, jury duty demands a "decent respect to the opinions" of others.

More and more women share civic duties, especially as jurors.

Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law--the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt"--not imaginary or far-fetched--acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

(This newsfeature, prepared by the State Bar of Texas, is written to inform--not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Republicans Elect Officers

Republican county committee chairman, Jack Dailey, announced this week that a vice chairman, secretary and treasurer were named for the Republican Party of Yoakum County at the recent meeting held at the county library in Denver City.

The party is still actively seeking four precinct chairmen and poll-watchers for the nine voting boxes in the county, and Dailey announced that anyone interested in helping can contact him.

Named vice chairman was Mrs. Fred Gipson; Mrs. Leon Moore, secretary; and T. J. Miller of Plains was named to serve as treasurer for the county group.

4-H Dress Revue Held

The 1962 4-H Dress Revue was held last Friday evening in the clubroom at Plains. Nineteen well dressed young ladies of Yoakum County modeled before parents and friends in the clubroom. Seventeen of these girls were juniors. Juniors could enter skirts, blouses, or a skirt and blouse set, and a dress. All of the garments for the juniors were to be accessorized for school. Seniors competing could wear school dresses, suits, or a two piece dress.

Leaders working with the girls are Mames, Earl Krieg, Charles Spencer, Carol Fore, Virgie Foulline in Unit I Clothing. Mrs. Fore and Foulline instructed ten girls in beginning clothing which is making a elastic band skirt. Mrs. Barron Blair, Mrs. Carl Lowrey and Mrs. L. L. Jefferson, worked with girls in Unit I, II and III. Unit II and III are lessons on making blouses and dresses. Each member participating must enroll in one of the units.

Mrs. Opal Jefferson, Denver City, and 4-H members of her unit presented to the audience of forty good posture habits in walking, standing, and sitting. This is a part of the program as well as the construction of the garment. Girls working with her were Karen Jefferson, Kathy McPherson, and Jana Shoults.

After grooming and posture demonstration, Marsha Kay White narrated while the girls modeled for an audience of forty. Ribbons of red, white, and blue were presented upon the basis of the girls grooming, the costume, the construction, and her 4-H Record Books counted for one-half of the total 200 points.

Selected as county Senior winner was Brenda Blair, alternate was Diane Holbert. Both of these girls modeled dresses; Brenda's a school dress and Diane's a party dress.

County Junior winner was Linda Blair, sister of Brenda. Linda's alternate is Karen Jefferson of Denver City Shammrock Club. Linda modeled a dress while Karen chose a skirt and blouse.

Linda and Brenda are the daughters of Barron and Minnie Blair who farm west of Plains. Mrs. Blair was their leader. All of the family is involved in the Lucky Clover 4-H Club of Plains.

Marsha White presented white

We all thrill to a... FAMILIAR TUNE

It is so soothing, comforting, and pleasing to listen to our favorite tunes when played by capable artists. These tunes can make our minds wander back to pleasant memories of days gone by, and also awake us to new joys. Each Sunday we have the opportunity to be thrilled by the preaching of God's word, and the story of God's great love for us. Attend church Sunday and enjoy worshipping God with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This church feature is published each week with the aim of fostering that which is good in family and community spirit. This page is a public service of these sponsors . . . contributed to the religious life of Yoakum County

Library Reading Roundup Progressing

The Library had 112 readers sign up for the reading roundup during the month of June. There were 16 readers finished reading the required amount of 12 books for their certificate

Hostess" by Hill, "Summer Madness" by Lamber, "Meggy McIntosh" by Gray, "Mountain Melody" by Craig and 5 new Science Fiction novels. A few of our new adult books

are "Tomorrow's Miracle" and "Curse of Jezebel" by Slaughter, "The Big Laugh" by O'Hara, "Helen Keller Biography", "Kirkland Revels" by Holt, "Burma Rifles" by Bon-

ham, "Cla: The Inside Story" by Tully, "Dag Hammarskjold and Crisis Diplomacy" by Miller, and the book everyone is discussing lately, "Calories Don't Count" by Taller.

during June. The certificate has the readers name written in and signed by the State Librarian. This program will continue through August 31st. The Library has purchased several new books to encourage the readers. Some Jr. books are "Inside Big League Baseball" by Kahn, "Jed, Story of a Yankee Soldier" by Burchard, "Adopted Jane" by Daringer, "Johnny Up and Johnny Down" by Hunt, "Belinda's Medal" by Faulkner. Also some of the Teenage books are "Burma Rifles" by Bonham, "Seashore Summer" and "Rita Rings a Bell" by Hall, "Senior

County winners of 1962 Dress Revue from one family. Receiving awards from Marsha Kay White are Linda and Brenda Blair. Linda is Jr. winner while Brenda is Sr. winner. Both will compete in Lubbock July 31st.

Serving punch to the girls are Mrs. Charles Spencer, and Mrs. Barron Blair. Marsha White narrator is being served.

Displaying their garments and ribbons are Diane Holbert, White, Beverly, red ribbon and Rita Jo Snodgrass a white ribbon.

Opening lead: Jack of diamonds.

West took the first trick with the queen and led a low spade. North played the queen and West took the trick with ace in the dummy. West returned a small spade. South played low and West won the trick with the ten. West leads last spade from hand and covers with jack which South takes with the king. South returns North's diamond lead which West wins with the heart. West returns the ten of hearts and lets it ride to South's jack. South thinking that north held the good diamonds, cashes the nine of spades and returns a diamond. West wins with the ace, cashes the ace and king of clubs, leads to the ace of hearts on the board and uses the good eight of spades for the ninth trick.

This hand was played by a bridge group that has been meeting regularly for 12 years. Although not professionals, all of the players are above average. How would you have bid and played this hand?

REASON ENOUGH? -- Little Johnnie had to be punished for putting mud in a little girl's mouth. "Why in the world," his mother wanted to know, "did you put mud in Margaret's mouth?" "Well," said Johnnie, shrugging his shoulders, "it was open." -- Link

Towering Space Needle symbolizes future.

Visitors are whisked from downtown Seattle by monorail.

Graceful arches mark U.S. Science Exhibit.

It's Fair In Seattle

The 600-foot Space Needle topped by a 40-foot natural gas flame. The Coliseum with its preview of the next century. The United States Science Exhibit featuring a simulated trip through space. A monorail to speed visitors to and from the Fairgrounds. Displays from all around the world.

These are a few of the exciting features of the World's Fair in Seattle to last through October 21. When you are at the Fair, take a few days to see the majestic mountains, beautiful lakes, magnificent

rivers, and unexcelled coastline as well as the vast interior of the Pacific Northwest — Washington, Oregon, and Idaho.

El Paso Natural Gas Company is proud to serve this prosperous, growing area and is proud of the key role that gas is playing in supplying energy to the industries and homes of the Pacific Northwest. Natural gas' prominent place in the Pacific Northwest is dramatized by its part in the Fair: here gas is used to heat and cool the buildings, to cook the more than 20 million meals that will be served, and serves as a symbol of progress in the huge flare atop the Space Needle.

For literature on the World's Fair write El Paso Natural Gas Company, 2107 Northern Life Tower, Seattle, Washington.

Mrs. Jack Cobb

Janelle Parks Wed to Jack Cobb

Miss Mary Janelle Parks became the bride of Jack Cobb on Saturday, July 7, at seven o'clock in the evening in the First Baptist Church, Plains.

The double ring ceremony was performed by Rev. Don Cates before an altar decorated with jade trees, eight branch candelabra and a large basket of white gladioli under a white archway, topped with wedding bells and a bow.

Mrs. Norma Floyd, Lubbock, accompanied Mrs. Harold Armstrong, sister of the bride, as she sang "Whither Thou Goest", "Because", and "O Perfect Love".

Given in marriage by her father, the bride wore a gown of lace and tulle over bridal satin. The lace bodice was designed with a scalloped neckline and long petal-point sleeves. The satin floor-length skirt was over-laid with front drapes of scalloped lace joining a back panel of tulle and lace ruffles flowing into a chapel train. The bride's gown was styled by her mother. A braid crown with Aurora Borealis crystal-like beads in front caught her finger-tip veil of silk illusion. The bride wore a pearl necklace and earrings and a blue garter. The bride carried a bouquet of white orchids and stephanotes atop a white pearl Bible. She carried a lace handkerchief.

Mesdames Lela Warren of Abilene and Kattie Armstrong of San Angelo served their sister as honor attendants. Jane Perkins of Houston, Willie Mae Engle of Amarillo, and Sandra Cobb of Plains, sister-in-law of the bridegroom, served as

bridesmaids. The attendants wore street length dresses of satin designed with sabrina necklines, short sleeves, bouffant skirts and pleated cummerbunds. The honor attendants and flower girl wore dresses of pale pink and the remaining female attendants wore a deeper shade of pink. Their headpieces were circlets of matching pink satin and flowers over-laid with tulle.

Ringbearers were Lola Bearden of Plains and Weston Powell of Farmington, both cousins of the bridegroom, and lighters were Paula Kennedy of Lovington and Bobby Powell of Farmington, cousins of the bridegroom. Flowergirl was Stephanie Ann Parks, cousin of the bride.

Joe Cobb, twin brother of the bridegroom, was best man, and the groomsmen were Weldon Parks of Houston, brother of

the bride, and Don Ward of Denver City. Ushers were Donnie Kissinger of Canyon and Tommy Strickland of Denver City.

The mother of the bride wore a pink silk dress with pink and white accessories. The bridegroom's mother wore a mauve lace dress with mauve and white accessories.

A three tiered wedding cake was the focal point on the bride's table which was covered with a white lace cloth. Comprising the house party were Mesdames Ita Young, Doris Powell, Evelyn Bozeman, Cornelia Peters, and Francis Spadafora, Glenda Hobbs registered the guests.

The bride and groom graduated from Plains High School and received their Bachelor or Science degrees from Howard Payne College

AFFIDAVIT OF COMMISSIONER'S COURT AS TO COUNTY FINANCES

IN THE MATTER OF COUNTY FINANCES
IN THE HANDS OF
SUSAN V. HINKLE
Treasurer of Yoakum County, Texas.

COMMISSIONERS' COURT
YOAKUM COUNTY, TEXAS
In Regular Session
January Term, 1962

WE, THE UNDERSIGNED, as County Commissioners within and for said Yoakum County, and the Hon. Don Hancock, County Judge of said Yoakum County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this, the 9th day of July A. D. 1962, at a regular term of our said Court, we have compared and examined the report of Susan V. Hinkle Treasurer of said County, for the period beginning on the 1st day of April A. D. 1962 and ending on the 30th day of June A. D. 1962, and finding

the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since his last report to this Court, and for and during the time covered by his present report, and the balance of each fund remaining in said Treasurer's hands on the said 30th day of June A. D. 1962, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Articles 1636-1637, Chapter 1, Title 34 of the Revised Statutes of Texas, 1925.

And, we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in the hands of the said Treasurer belonging to Yoakum County and the close of the examination of said Treasurer's Report, on this the 9th day of July A. D. 1962, and find the same to be as follows, to-wit:

ernment just have to have that to get by.

I wonder if we're not paying more back in income tax than the government guarantees to us just to get such programs policed and maintained.

I wonder if it wouldn't just be better to get government out of free enterprises and return the right to the American people for self determination, before their ceases to be such a thing as free enterprise.

Yoakum SCD News

Grass planting, installing underground pipe, writing of new plans and revising old plans continues.

Those planting or who have completed planting grass are Mrs. Paul Loe, 60 acres of Weeping Love and Blue-panic, Leo Holmes 30 acres, Bob Jones 20 acres, H. M. Edwards 80 acres, Paul Cobb 20 acres, W. B. Tudor 30 acres all Midland Bermuda grass. At the present there is planted 1040 acres of Bermuda grass in the Yoakum Soil Conservation District. A large part of which was planted under the Great Plains Program. If this grass will graze three cows per acre for five months out of the year then you can see 3000 head of livestock can be grazed through the summer leaving a lot of acres of native grass to rest and there by produce a better cover as well as more grass. Much of this acreage will be in small plots 20 acres or so and will mean that forage for the remaining 7 to 8 months of the year must be provided by native grass, winter grazing on small grain or feeding of silage.

Under-ground high pressure irrigation pipe lines are still much in demand. The latest to install or reorganize his old irrigation system is C. C. Copeland, C. C. has installed 2500 ft. or 8 in. cement asbestos high pressure pipe.

New irrigation wells continue to be drilled. J. Presley White has a new well on his farm west of Plains. Presley plans to irrigate some row crops as well as a 20 acre planting of Bermuda grass.

J. M. Tippit says he plans to put a small grain cover crop on all his fallow land so it will be protected next spring. We agree with J. M. that it is not too early to begin now to making plans to plant cover crops in late August or early September. More cover crops fail from late planting or lack of planting than all other causes put together.

With necklines getting lower and skirts higher it sure is a good think that so many of the gals go in for wide belts.

Calories Don't Count

By JUDY POOL
I was not aware until recently that the use of safflower oil and the book "Calories Don't Count" were being used locally. Those using these two items will be interested in this report prepared by New Jersey Nutrition Council. This is a good example of food fadisms that are taking the county and your money.

Judy Dee Pool
H. D. Agent

Extension Service, College of Agriculture and Experiment Station Rutgers - The State University, New Brunswick, N.J.

"CALORIES DON'T COUNT" REVIEWED FOR N.J. NUTRITION COUNCIL

NEW BRUNSWICK . . . The following review of the book, "Calories Don't Count," by Herman Taller, M.D., has been prepared by Elmer L. Severinghaus, M. D., at the request of the New Jersey Nutrition Council.

This review will be added to others sent by the Council to all public and school libraries in the State as a guide to readers who seek reliable nutrition information.

Dr. Severinghaus is Associate Director of the Institute of Nutrition Sciences at Columbia University, New York City. He is a member of the New Jersey Nutrition Council.
CALORIES DON'T COUNT
By Herman Taller, M.D.
Simon & Schuster, N.Y.
\$3.95 1961

By Elmer L. Severinghaus, M.D.
This book is nominally written by a Roumanian-born physician who studied medicine in Italy during the Fascist regime, served as a contract doctor in Chile and then as a ship's doctor, and subsequently came to New York where he was certified as competent to specialize in obstetrics and gynecology in 1956. There is no evidence of any special study or published research in nutrition, animal or human.

The volume contains a great deal of material derived from the usual sources on nutrition and metabolism, rewritten in popular language. At times this involves demonstrable inaccuracies. Unfortunately, there are numerous places throughout the volume where the reader is asked to accept the author's dictum that he is right, and almost everyone else wrong, on such matters as what causes

capacity to burn fat (demonstrably untrue).

Whereas the claim is made boldly that calories do not matter, the type menu suggested, almost required, is sure to effect reduction for most obese persons. It eliminates sweets, starches, ice cream, cream, all breads except gluten bread, fruit juices, fruits and vegetables above the familiar 5 percent class, and alcoholic drinks. It should not require reading a

\$3.95 book to learn that this diet would lead to reduction. In spite of the title, the caloric values for the foods are presented in tables for ready use.

The attempt to incorporate the virtues of the polyunsaturated fatty acids in weight control are hard to understand. There is more than a suspicion to cooperate in the promotion of sale of safflower oil as the most important positive ingredient in the regimen stressed. This is being challenged as truly fraudulent.

"Practice makes perfect."

We Did Our Practicing A Long Time Ago. Now We Know How To Serve You Better.
